Angela Pashon – staff assistant to the Mayor for 1y. Reported to Brandy Cote.

Had general administrative duties; included processing mail. Everything passed through Brandy.

Also worked with Rebekka HOllendal and Katie Ross.

Helped respond to PRRs - joint effort with Katie.

No specific recollection of Dunn letters but she likely date stamped and gave to Brandy. Legal letters go to her with copy to Law.

RE 11/11/15 email to TP with Dunn letters. Didn't recall specifically how she got involved. Maybe TP asked for copies directly. Maybe because AP was available at the time. We had to have a copy of those letters. Witness maybe scanned and sent.

Brandy was on maternity leave at the time.

No recollection that Sanders asked her to search for the letters. Usually sends things to whomever requests (which is why she thinks TP asked for docs).

AP and Katie were working together to search for responsive records. Look through files and electronic files using various search terms. Doing what they could to locate; no discussions in AP presence about withholding docs or being concerned about media inquiries.

** Before 11/11/15 – no one asked her to look for Dunn Correspondence. (most likely TP contacted Mayor's office after she received copies from CAO)
