Incident Being Investigated

15-353095 – UOF Taser (Probes)

Incident Summary

On October 7, 2015 at 1047 hours, Officers responded to a disorderly male at Sprague and Browne. The male, Willard Sisco, had removed all of his clothing and was attempting to assault citizens in the area. At one point, Willard had a knife and was stabbing some railroad ties. Officer Prim and Officer D. Storch arrived on scene and saw Willard grab a citizen at the bus stop. Willard was hitting the citizen, grabbing him and was thrusting his hips in what appeared to be, a sexual act. The male was completely naked and was sweating heavily. Officer Prim used his taser probes to stop the assault and to gain compliance. The male was given verbal commands and he complied and got on the ground. The male was taken into custody and treated by medics at the scene. He was transported to the hospital for excited delirium due to meth use. He was cited and released for disorderly conduct.

There were multiple people calling in to report that Willard was trying to assault people. Willard took his clothing off and at one point, pulled out a knife and was stabbing railroad ties. Willard was heavily sweating and was exhibiting signs of excited delirium. As Officer Prim and Officer D. Storch arrived on scene, Willard grabbed a male that was standing at the bus stop. Willard was holding the male and was hitting him. One witness said that Willard was trying to head butt the male. Multiple witnesses reported that Willard was dry humping and thrusting his pelvic area against the male. Willard Sisco was much larger in height and weight, than Officer Prim and Officer Storch. Officer Prim decided to deploy his taser in probe mode to stop the assault. He did not give a warning due to the assault in progress. Officer Prim also had a good target zone since Willard Sisco was facing away from him. Officer Prim used one cycle on his taser and then gave Willard verbal commands. Willard complied as was taken into custody without incident. Medics were immediately requested to treat Willard for excited delirium.

Given Willard's size, his assaultive behavior, his access to a knife nearby and the fact that he was completely naked and showing signs of excited delirium, Officer Prim's use of the taser was within policy. When dealing with a subject that is experiencing excited delirium, you want to

take them into custody and get them treated as quickly as possible. A prolonged fight or struggle will only put the subject at more risk of death or serious injury. Officer Prim's quick decision to use the taser stopped the assault and they were able to quickly take Willard into custody without further injury to himself or other officers. Willard was quickly treated by medics and he was taken to the hospital to be treated for his medical emergency. Due to Willard's medical condition, I was not able to interview him regarding this incident.

NARRATIVE

On 10/07/2015 at 1056, I was dispatched to a disorderly person call at 1 N. Browne. I was working in a two-officer patrol with Officer Storch. Radio dispatch advised that a male was going business to business, trying to assault people and had a knife. The male began to take his clothes off. Upon arrival in the area, I saw a completely naked male on the corner of Sprague/Browne at the bus stop. The male was later identified as Willard Sisco.

I saw that Sisco approached a male, who was waiting at the bus stop. Officer Heuett interviewed Adam Bryans, refer to his additional report.

Sisco, while completed naked, was yelling at Bryans. Bryans seemed to be very shocked by Sisco's behavior and was standing perfectly still. Bryans exuded a "deer in the headlights" look and didn't seem to know what to do. I saw Sisco swinging his arms at Bryan and then grasp him violently with both arms. Sisco then punched Bryans around his body while holding him. At this point, I was exiting the patrol car and determined that Sisco was assaulting Bryans. It was painfully apparent that Bryans did not want Sisco to touch/punch/grasp him, but he didn't know what to do or say. Sisco had his back to me and I determined that a taser deployment to his lower back would prevent injury/stop Sisco from further assaulting Bryans/take him into custody. I also determined that based upon Sisco's behavior/lack of clothing that he would be very difficult to use a take-down technique. Sisco was sweating profusely. Sisco was also much larger than me and gained a lot of weight since I last contacted him. A knife was located, in close proximity to where Sisco was contacted.

I did not have enough time to use a verbal warning, due to Sisco actively assaulting Bryans and he was

completely naked. Sisco exhibited signs of Excited Delerium, taking Sisco into custody as fast as possible without a prolonged fight was a also a factor with this. I have experienced suspects with extraordinary strength due to the excited delerium and drug use. I deployed the taser to Sisco's lower back/left side. Sisco stopped assaulting/grasping/punching Bryans. Sisco remained in a standing position. Officer Storch used verbal commands, which Sisco then lowered himself into a prone-cuffing position. Refer to Officer Storch's report.

While in the prone-cuffing position, Sisco then began to yell non-sense and bang his head on the sidewalk. I had to restrain his head/neck to prevent him from further injury. He did have a minor abrasion on his forehead. I requested a medical response for Sisco and determined that he was most-likely using Methamphetamine. Sisco is a known Meth-user and has been arrested for possession of Methamphetamine. While in the prone-cuffing position, Sisco admitted to being on Methamphetamine and said he used yesterday.

Medics arrived on scene and removed the taser probes. Officer Heuett advised that Bryans did not want to press charges for assault. I determined that probable cause existed to charge Sisco with disorderly conduct. Sisco was transported by ambulance to Sacred Heart Hospital. While at the hospital, Sisco was restrained and continued to be violent.

I interviewed Monica Frost. She told me the following;

She was across the street at 210 W. Sprague. She saw a naked male "dry-hump" the "poor-civilian". She was surprised that the civilian "just stood there." She saw the naked male punch the civilian and throw his arms around him.

I interviewed Alex Hendrikson. She told me the following;

She was across the street at 210 W. Sprague. She was looking out the window upstairs and saw the male in only his boxers. The male then took off the remainder of his clothing. He was fully naked and walking into traffic on Sprague. The naked male walked up to the male at the bus stop and yelled at him. The naked male then "crawled" on him and "thrust" onto him. She said the victim male said, "get off me!" The police officers then arrived and used a taser. She believed the naked male was sexually assaulting the male at the bus stop.

I interviewed Erin Carden and she told me the following:

She was across the street at 210 W. Sprague. She heard shouting and looked out the window. She saw a male digging through his box, yelling at people. She saw him "chest-bump" a random passer-by. The male then took his pants off and later become fully naked. The naked male approached the male at the bus stop and was screaming at him. The male at the bus stop just stood there. The naked male then went "on" the other male and put his arms around him. The naked male then began "thrusting" his penis on him. It seemed that the naked male was "gyrating". The police then arrived and used verbals and a taser to take the naked male into custody. She believed that the police response was "very appropriate" for the situation.

I issued a citation to Sisco and explained the mandatory court date. I briefed a supervisor and a download of the taser history was completed. The probes were placed on property as evidence.

I certify that under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct. (9A.72.085)

NARRATIVE

On 100715 at approximately 1100 hours, I responded to Sprague / Browne to assist Officer's with a naked male armed with a knife.

Upon arrival I could see that Officer's had a male, who was later identified as Willard D. Sisco in handcuffs lying on the ground. Willard was yelling and struggling with Officers. Officer's asked if I could find some identification for the male and pointed to a back pack and clothing. I located a wallet in a pair of pants that identified the male as Willard Sisco.

Willard continued to struggle and I could see Ofc. O'Brien struggling to hold Willards legs down. I placed my foot on Willards right leg to assist in holding him down.

Willard continued to struggle. As medic's moved a gurney near us, I took a hold of Willards right leg with both hands and held it in place. I could feel Willard attempting to kick or pull his leg free. As Willard struggled, he broke his left foot free of Ofc. O'Briens grasp and kicked my right wist with his left foot, causing me to loose my grip on his right foot. This caused me momentary pain.

We re-gained control of Willards feet and lifted him onto the gurney. Medic's restrained Willard.

NARRATIVE

On 10-07-15 at about 1056 hrs, I responded with Officers Prim and D. Storch to a report of a naked man assaulting people at Sprague Ave. and Browne St.

I arrived on scene just after Willard Sisco had had a Taser deployed on him. I saw Sisco on his stomach and Officer D. Storch was attempting to handcuff him.

As soon as the handcuffs had been applied, Sisco began thrashing his body and kicking with his legs.

While I was trying to grab Sisco's legs to control them, he kicked me aggressively on the shin.

I pinned Sisco's legs to the ground to prevent him from kicking anyone else.

Sisco had an incredible amount of strength and was nearly able to lift my body weight up while applying pressure to area of his ankles while his legs were crossed.

I requested medics start for an excited delirium protocol.

I stayed on scene while medics tried to calm him down with medications. I followed AMR to SHMC and transferred custody of Sisco to their Security Officers.

I was not injured and don't believe Sisco was intentionally trying to assault me.

See Officer Prim's arrest report for more information.

NARRATIVE

On 100715, I responded with other Officer's to the area of Sprague and Browne, reference a person bothering. Dispatch advised that a white male was outside the business at 1 north Browne, trying to assault people. He was possible high or intoxicated and was about 60 years old. He was wearing a beige sweatshirt, blue jeans, brown boots and a chain wallet. They then advised that he was across the street on the southwest corner of Sprague and Browne and was using a knife to cut his shoe laces. The male then began taking off his clothes on the same corner.

We received another call from the Lutheran Family Services to the west of 1 North Browne. They advised that across the street on the southwest corner of Sprague and Browne, there was a male that was naked and yelling. STA dispatch also advised that there was a naked male in front of the intermodal. Enroute to the call, the original complainant advised that the male still had a knife and was pounding on something and was only wearing pants.

Upon coming on scene, one of the other Officer's requested a blunt impact munition weapon (bean bag shotgun). I came west on Riverside to the west in case he ran to the west, were STA dispatch advised he was located. As I came through the parking lot, I heard Officer's advised that the suspect was detained.

I observed the male laying on the sidewalk, naked, with several clothing items laying to the southwest of him. He was flailing his body and kicking both legs at Officer's. I heard Officer Obrien advise that male to stop kicking and that it hurt when he kicked him. He was yelling while on the ground and was not making any sense with what he was saying. He refused to calm down and other

Officer's immediately called for medical assistance. The male continued to be out of control and was sweating very hard. I double locked the handcuffs on him so that they would not become tighter. I also covered him with a sheet based on our location and that amount of foot and vehicle traffic in the area.

I contacted a witness, who was standing on the southwest corner of Sprague and Browne. He identified himself with a Washington Drivers License as Adam Bryans. Adam did not appear to have been assaulted and told me originally that he was not assaulted by the male and that the male no threats against him.

Adam told me that he was on the southeast corner of Sprague and Browne, attempting to cross the street to the west. He observed the suspect on the northwest corner, remove his jacket and start banging on the front doors of the Salon at 1 North Browne. The suspect then started across Sprague to the south and stopped in the middle of the intersection and stated to remove all of his clothes. He remove all of them two separate times and then continued to walk to the southwest corner. He stopped on the corner and again removed all of his clothes two separate times and started punching the sidewalk. He was also punching himself in the upper torso area. Adam immediately believed that the male was in a mental crisis and was concerned for his safety and the location that he was at during the crisis, being a high volume of traffic and foot traffic at the intersection.

I again asked him if he was assaulted and he advised that he was not assaulted and that no threats were made towards him.

I then contacted Quinn Toshack, from Lavish Salon at 1 North Browne. She advised that the suspect started banging on their front door and removed his jacket. They thought that he was running away from someone, but did not want him in the building so they immediately locked both front doors and called 911. The male then crossed the street and removed all of his clothes and was hitting the sidewalk. At one point the male had a pocket knife and was cutting what appeared to be his shoe laces.

They did advise that the suspect left his jacket on the northwest corner and another male came by and started going through it. They observed the male take a black beany hat, red sunglasses and a piece of cloth that was rolled up.

The male was described as a white male, 40 years old, bald with scruffy beard, wearing a gray zip up hooded sweatshirt, blue jeans, and tan boots. They did not think that the male was with him during the incident.

I re-contacted Adam, via cell phone. I asked him again about being assaulted or if the male physically touched him at all. He advised that the male did not assault him, but did tell me that he

was punched in the face and upper torso about four to five times. He advised that he did not want to press charges and believed again that the male was in crisis and did not know what he was doing. He also advised that he was not injured during the incident.

See other Officer's reports for further.

NARRATIVE

On 10-7-2015 at approximately 1055 hours Officer Prim and I were dispatched to the area of Sprague/Browne reference a disorderly subject. It was reported by several witnesses that there was a male armed with a knife who was yelling and had taken his clothing off and on several times.

Upon arrival we found a heavyset naked male, other than a sock on his left foot, standing on the southwest corner of Sprague/Browne. The male was fumbling with his belongings on the ground. As we were parking our car, the naked male lunged about 10'-15' towards a male who was standing at the bus stop. The naked male was facing the other male and proceeded to 'bear hug' him. I could see the naked male pounding his hands on the back of the other male. The victim didn't respond, just stood there, didn't say a thing and didn't try to push the male off. I hollered several times at the naked male to let go of the other male. He refused to comply and kept a tight hold on the male.

Officer Prim then deployed his Taser, deploying the probes at the back of the naked male. The naked male let go, but it seemed as if the Taser had no effect on him. I was giving him commands to get onto the ground, which he slowly did and lied on his stomach. The naked male complied and didn't fight me as I handcuffed (d/l) him.

Other Officers arrived to assist us. The naked male continued to yell, not making sense and was flailing his legs and body around. He wouldn't tell us his name when asked or what he may have taken to make him act that way.

An officer found an id, identifying the subject as Willard Sisco. We verified that was who we had.

SFD and AMR responded. Sisco was placed on the stretcher and placed into soft restraints for his safety. Sisco was transported to SHMC.

I made contact with witness, Mark Kloehn. Kloehn said his office is on the upper floor of a building on the northwest corner of Sprague/Browne. He said he heard someone yelling outside and looked out his window. That is when he saw a naked male (Sisco) standing on the southwest corner of Sprague/Browne. He then saw the male (Sisco) dress in pants and two pairs of socks, but then undress again and began pounding his hands on the railroad ties next to him.

As officers arrived onscene Kloehn saw the naked male (Sisco) grab ahold of the front side of a male who was standing near him. The naked male (Sisco) appeared to be trying to climb the male and head butt him. The male just stood there.

Kloehn said he saw Officer Prim tase the naked male (Sisco), but said it had little to no effect. The naked male (Sisco) was seen getting onto the ground and being handcuffed.

Kloehn said the police arriving was "perfect timing" and he felt officers "handled him really well."

I relayed my witness information to Officer Prim.

We determined there was P.C. to charge Sisco with Disorderly Conduct.

We responded to SHMC, delivering Sisco's cite/release citation to him, along with his belongings.

NARRATIVE

On 7 October 2015 at 1100 hours, I responded to the area of Sprague and Browne on the report of a disorderly male. 911 received information that male was attempting to assault people in the area. 911 was then advised the male was taking his clothes off and that he may have a knife.

Upon arriving on scene, I observed that a naked male (Willard Cisco) had been detained on the sidewalk on the south-west corner of Browne and Sprague. Cisco was extremely agitated and was yelling random things. He appeared to be dealing with a severe mental health issue or was under the influence of some type of drug. Medics then arrived on scene and began treating Cisco.

I was then contacted by Kodi Stewart. He stated he was walking in the area when he saw the Cicso start taking his clothes off. He stated Cisco then made a throat cutting gesture and yelling out, "fuck everybody". Kodi stated he is from Seattle and has seen some strange things, but Cisco's actions really bothered him.

Medics then transported Cisco to the hospital.

Pulse Log Graph

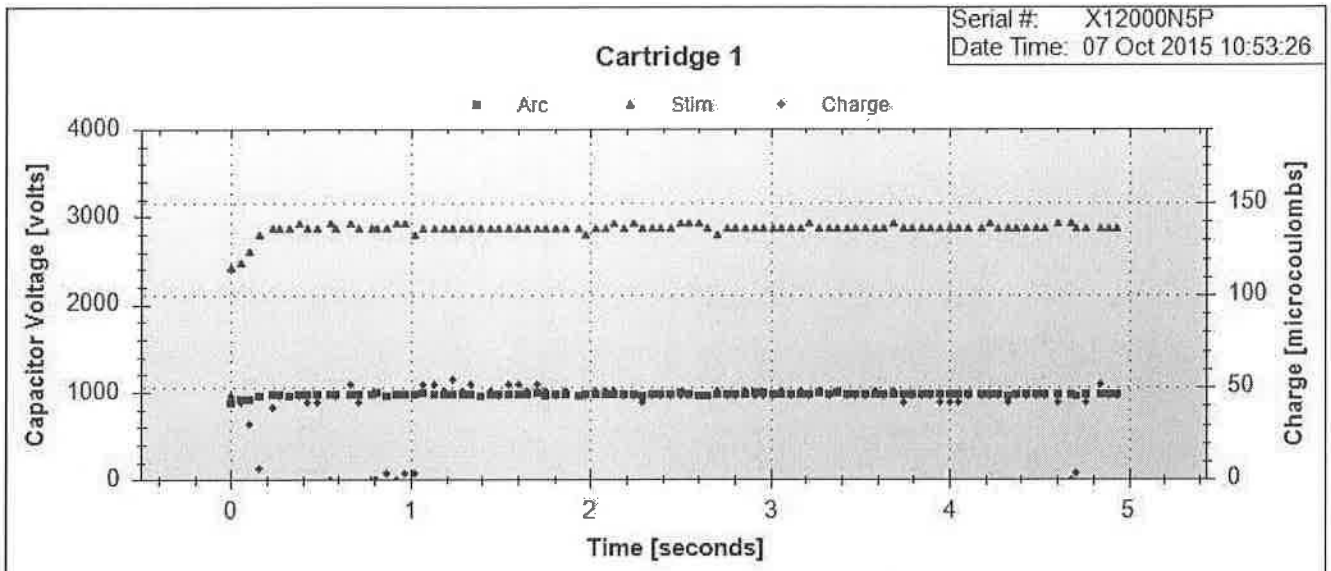

Table indicates output voltage of the capacitor(s) measured inside the Conducted Electrical Weapon. Table does not reflect actual voltage or charge delivered into target.
