Background/history:	<p>Riverfront Park entered into three separate 60-month lease agreements with Big Belly Solar, LLC to provide 59 units (28 double stations, 3 single stations) solar waste compactors and recycling units in May 2018, April 2019 and March 2021. The annual service charge of this lease is \$61,380 or \$306,903 for the 5-year term. The Park has not realized the offsetting labor saving initially envisioned for these units and desires to end the lease before it renews for an additional 5-years. The attached letter is notification of non-renewal for all three lease agreements which will be phased out over the next three years. New waste recycles will be procured through a separate procurement process and paid with the savings from ending this lease.</p>

Re: Spokane Riverfront Park Waste Receptacle Agreements
Notice of Non-Renewal

To Whom it May Concern:

Pursuant to Section 2.2 (Non-Renewal) of the Connect Service Terms and Condition, which is located in Attachment A to that certain Public Works contract, dated February 5, 2018, by and between the City of Spokane and Big Belly Solar, LLC (the "Contract"), you are hereby notified that the City of Spokane, by and through the Spokane Parks and Recreation Department, has elected not to renew the Contract as it relates to placement of Big Belly Solar waste receptacles in Riverfront Park. Specifically, this notice of non-renewal applies to the following addendums to the Contract:

1. Contract Addendum titled Downtown Sidewalk and Riverfront Park Waste Receptacle Replacement, signed by the City on May 4, 2018 and signed by Big Belly on April 30, 2018, together with associated Additional Equipment Addendum, reference Service Schedule No. 00001 to Big Belly Connect Services Agreement No. 10117 between the City of Spokane and Big Belly Solar, LLC. This addendum includes 22 double stations and 3 single stations.
2. Contract Addendum titled Riverfront Park Waste Receptacles, signed by the City on April 17, 2019 and signed by Big Belly on April 16, 2019, together with associated Additional Equipment Addendum, reference Service Schedule No. 00002 to Big Belly Connect Services Agreement No. 10117 between the City of Spokane and Big Belly Solar, LLC. This addendum includes 9 double stations.
3. Contract Addendum titled Riverfront Park Waste Receptacles, signed by the City on March 23, 2021 and signed by Big Belly on March 17, 2021, together with associated Third Addendum to Connect Services Agreement, reference Big Belly Connect Services Agreement No. 10152 by and between the City of Spokane and Big Belly Solar, LLC. This addendum includes 5 double stations.

Per the terms of the Contract, each of the foregoing contract addendums shall expire upon expiration of the initial term and shall not be renewed. Upon expiration of these contact

Background/history:					
<p>The historic Theme Stream developed a significant void/crack that resulted in water loss and adjacent landscape damage. The flow of water also eroded away soil under the Theme Stream concrete basin. Without repair, a portion of the theme stream would eventually collapse into the sinkhole created by the erosion. Parks investigated and found the location of the crack, created designs to repair the concrete basin and subsurface, and issued a request for bids. The successful bidder is a local, reputable company that is familiar with the Theme Stream.</p> <p>Budget authority is within the Parks Directors contract authority. Garrett will approve, and the work will be performed in the Spring 2023.</p>
