Action Items:

- A. [Wesslen Construction, Inc./Riverfront lilac butterfly fabrication and installation \(\\$243,884, plus tax\)](#) – *Nick Hamad* presented. Extensive planning and research was undertaken to engineer a more reliable butterfly capable of withstanding strong winds. Mr. Hamad presented the merits of the proposal by Wesslen Construction. He also highlighted that the evaluation of the proposals was intended to score by qualifications, not just price, to ensure a more quality product. The three-part scoring of the submitted bids weighed 1) Technical Proposal, 2) Management Proposal, and 3) Cost Proposal. Most of the funds for this project would be provided from the FEMA wind damage fund. The new butterfly will have a 5-year warranty following construction and designed is for a sustained wind speed of 103 mph. The anticipated timeline for construction begins spring of 2023 with a grand reopening in the summer of 2023.
- **Motion #1** – Nick Sumner moved to recommend the Wesslen Construction, Inc./Riverfront lilac butterfly fabrication and installation (\$243,884, plus tax)

Gerry Sperling seconded.

The motion passed unanimously (4-0 vote). It is proposed to place this as a regular action item on the Nov. 10 Park Board meeting agenda.

Discussion items:

- A. Spokane Proposal for replica of the Great Northern Railroad Depot – *Jerry Quinn / Jonathan Moog* presented. The proposal is for a scale replica of the Great Northern Railroad Depot to be placed in the foyer at the base of the Clock Tower in Riverfront Spokane. The purpose would be to bring awareness to the history of the Clock Tower and Burlington Northern's donation of land which made Expo '74 and Riverfront Park possible. History of the depot and the process of saving the Clock Tower were presented. The proposal included a high-quality model of the Great Northern Railroad Depot, lighting, heat lamps and glass doors for an estimated cost of \$41,300. Friends of Riverfront Spokane would assist with fundraising for the project. There was discussion about possible alternative placements of the replica in other locations within and outside of the park as well as a possibility to renovate the ground floor of the Clock Tower into an interpretive center for local railroad history. The committee encouraged a continuation of research into various aspects necessary to move the project forward. The Committee will be updated as the results of continued research on the proposal are received.

Standing report items:

- A. October 2022 operations report – *Jonathan Moog* presented. Highlights include: 1) the WSECU Fall Festival had an attendance of 15,000; 2) The Seeking Place ribbon cutting occurred on Oct 18; 3) According to Coyote, a one person show of the anthology of Coyote

was well received and attended; 4) S.A.F.E Fall Festival was held on Oct. 29 promoting fentanyl education; 5) The Stepwell installation is ongoing; 6) Ice preparation begins Nov 7 with the target of opening the Ice to the public on Nov 19; and 7) Light blade repair is ongoing.
