September 15, 2020	7:10 PM	from Mike Bjordahl to everyone:	Jessica mentioned the future so if the North Spokane Corridor draws trips off Division upon completion, as expected, the asphalt should be repurposed for other modes as soon as possible--thinking of induced trips.

*Note: Minutes are summarized by staff. A recording of the meeting is on file with Planning Services.*

September 15, 2020 7:12 PM from Jessica Engelman to everyone: Atlantic is a great greenway route; the biggest issue with it is what to do to continue south of Cataldo or north of Cora

<https://www.spokat.org>

September 15, 2020 7:24 PM from Shrinerdude to everyone: A Spokat Greenway ride in the next few days would be excellent!

September 15, 2020 7:24 PM from Pablo Monsivais to everyone: I'd go.

September 15, 2020 7:29 PM from Charlie to everyone: I went to check out the Cincinnati Greenway and because of the construction I had to head up Dakota. Crossing Indiana wasn't that bad at the S curve but I tried Standard and the sightlines were excellent. Then when I checked out Cincinnati and Foothills it looked narrow and constricted but at Dakota it was wide and open.
