Briefing Session:

- **Chair Report - Lauren Pangborn**
 - Lauren mentioned that the Transportation Commission voted for the three-lane layout on Grand Blvd at their meeting last month.
- **Staff Liaison Update - Tyler Kimbrell**
 - On March 23rd the Plan Commission will have a Chapter Review Subcommittee meeting on the Transportation Element of the Comprehensive Plan.
 - The Transportation Commission tomorrow has four things on the agenda. The first item is on Market/Haven consolidation. The second item is arterial street maintenance program for the summer. The third is the traffic calming projects network list that DOWL will be developing. The last item will be an update from Kevin Picanco about the 6-year streets program.
 - The commercial parking tax passed. That's a 12% fee on commercial parking lots to go toward street maintenance, operations, and projects.
 - A vacation of 13th and Chestnut is at first reading at City Council next week.
 - Tyler will likely come to the Bicycle Advisory Board with information on the bikeway design standards in June. We have our second technical advisory committee meeting in April.
 - A reminder to submit bike parking applications. If you look up "Spokane bike parking program", there is an application you can fill out to put bike racks within the public right of way near places of employment or other places you frequent such as grocery stores, food venues, etc.
 - May will be our bike ride. June is Summer Parkways; we typically cancel our June meeting and encourage people to volunteer for that. The City will be hosting a booth there.
