Passcode: FtbeZa

#### I. Welcome and Introductions

#### II. Approve Agenda and Minutes

##### A. Minutes from March and May

Grant and Cliff okay with March and May Minutes; waiting on Chair re: technical difficulties; Chair arrived and Minutes approved; Agenda approved

#### III. Reports

##### A. Council Liaison

Transportation Commission to be relayed later on; Abbey shared about Post Street Bridge opening and a fine example of Adaptive Design; Safe Street Now! RES from CM Zappone coming forward- shares policy direction of the Council for Administration to formally adopt and implement Adaptive Design via the Traffic Calming program from Public Works and Planning;

##### B. BAB

BAB met mobile (!) this past month; Children of the Sun Trail path update; Great tied in with NSC infrastructure and feels good biking according to Grant; Governor Inslee coming for Children of the Sun ribbon cutting at Wildhorse Park- June 21, 1pm.

##### C. PeTT

Abbey went presented on Trans Comm; Adaptive Design; CMs searching for sidewalk; SRTC presentation on Federal and Regional responsibilities of that organization

##### D. PCTS

Climate presentation from Maren Murphy, Planning; How Climate will fold into our Comprehensive Plan update process- Climate will have a shorter chapter, but will be sprinkled in each of the existing chapters; Colin presented on safety data and shared relevance of Safe Streets for All grant; WSDOT having a presentation at Whitworth on the Wye-395 Complete Streets work; North Hamilton from Trent to Spokane Falls has come up- concerns all the way up to North Foothills Drive; Council approved LIME contract and they have to be more responsive to safety concerns or Council can cancel;

##### E. HRC

Vacant

#### **IV. Continued Business**

##### **A. Transportation Commission update**

Transportation Commission- continue to get feedback, headed to Community Assembly 6/6/2024; June 24<sup>th</sup> Council vote;

##### **B. 2025 updates**

2025 current project list is TBD, dependent on Budget changes; want this body to be aware; example is the Unpaved Streets bid that came in so much higher than we thought; Concern about ongoing cost increases past 2025; Could need to come back to this board/others regarding reprioritization if funding cuts are happening; Probably need to build a buffer into project selection due to expanding cuts; No reserve funding for example; Next TBD sidewalk project in NE Hillyard, might need to slow down actual construction; Some of Street dept. funding might cut back from this program as well, and so might need to account for those cuts too;

#### **V. New Business**

##### **A. 2025 budget**

Blended with above...

#### **VI. Open Forum**

Cliff- not renewed for Plan Commission; Serving from Plan Commission on PCTS; Positions are changing and wants to make body aware of changes in composition; Grant- terms out of BAB in December; Kevin shared about ongoing work for Commission and timeline between Boards & Commissions consolidating and Commission standing up will take time- need to have provisions in standing up the Transportation Commission to allow work to continue;

Reported bad street from Clint: Crestline from 37<sup>th</sup> North from the new development/developer; Needs to be put into the matrix and list to look at;

Cincinnati between Bridgeport and Empire- from Lindsay- part of the Greenway; don't think anything;

Group and staff will continue looking into and relaying feedback;

CM Klitzke investigating a sidewalk utility;

#### **VII. Adjourn**

Time: 6:39pm
