Water Need

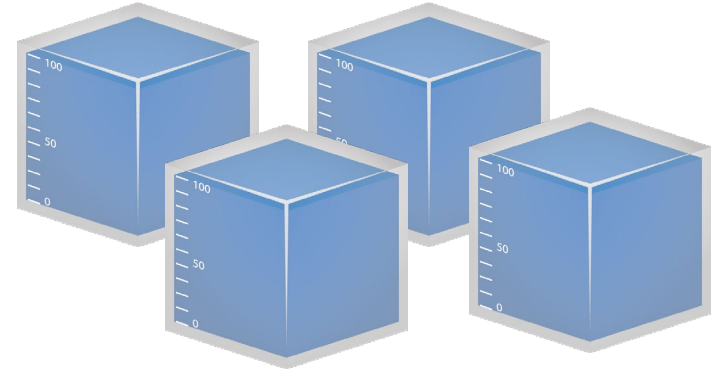

WATER NEED VS. WATER USE

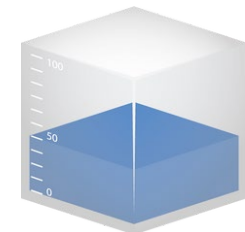

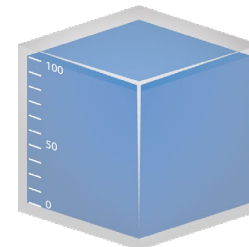

National Average: 2x

Spokane Average: 4x

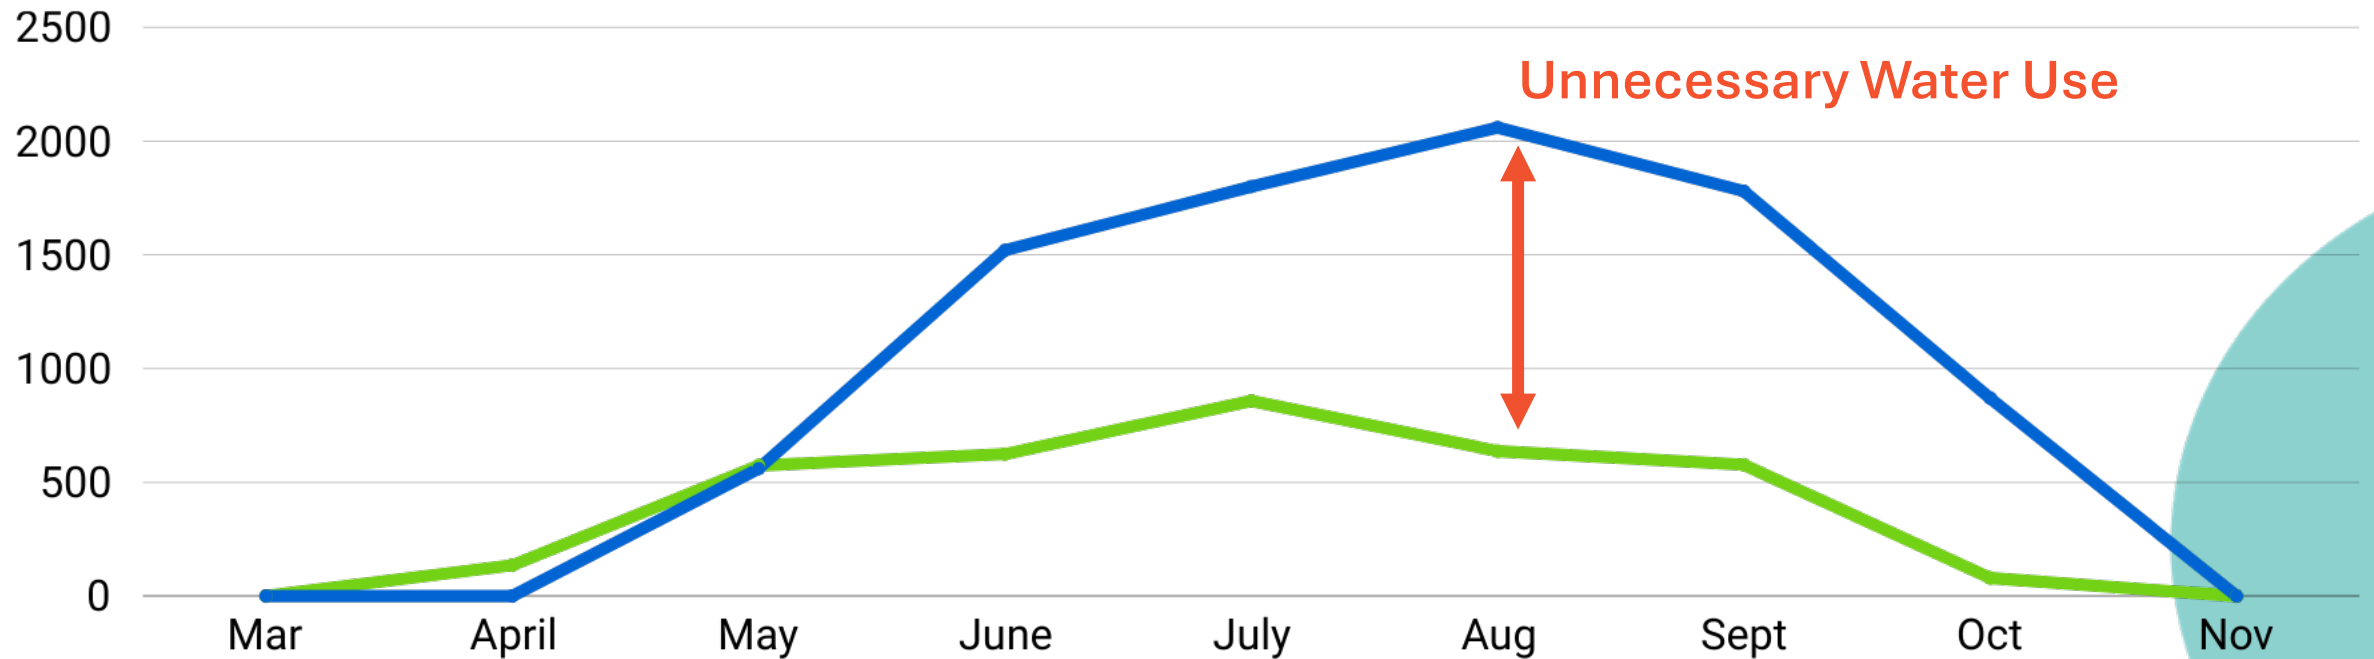

Goal: 1x + 30%

WATER NEED VS. WATER USE

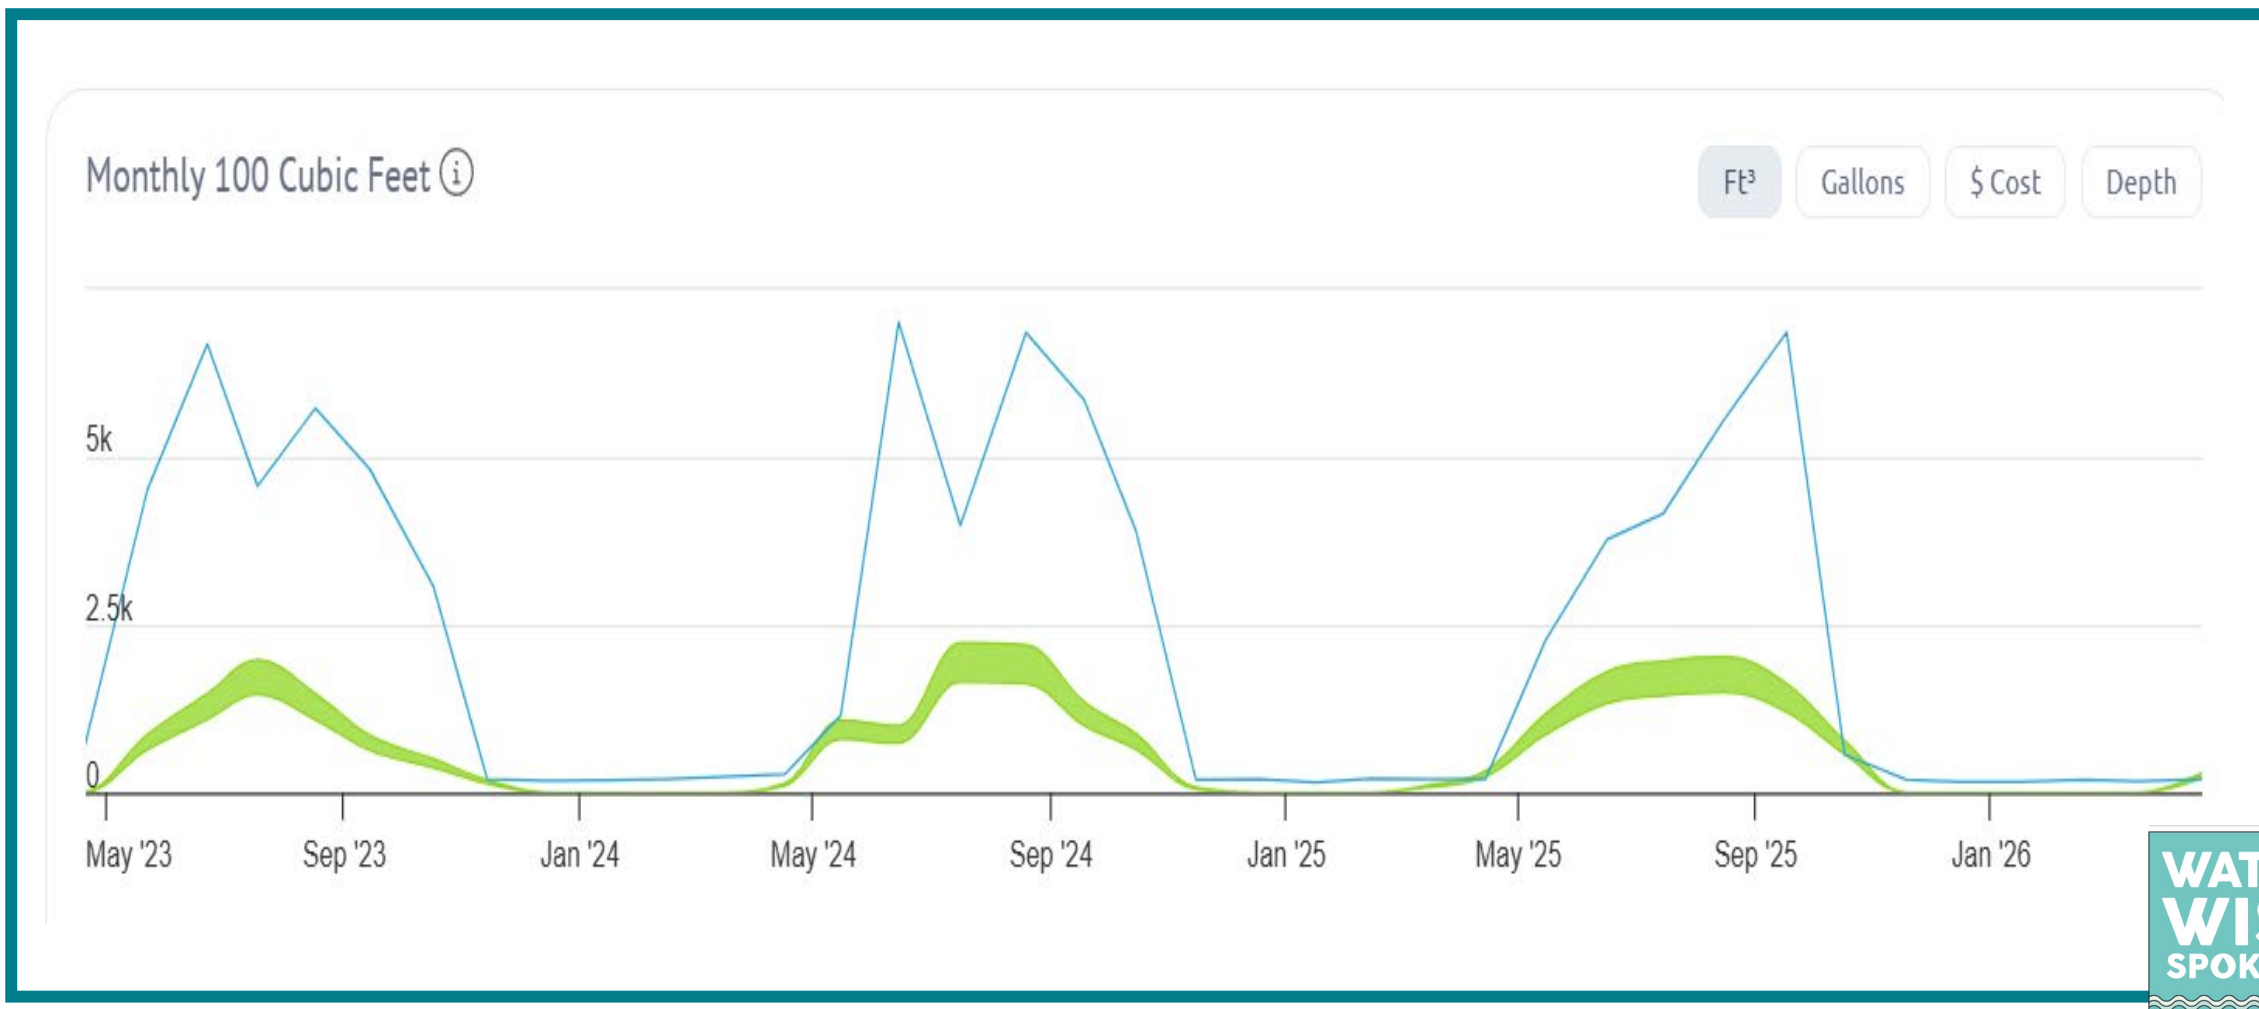

WATER NEED: The amount of water needed to replace water lost to plant and evaporation.

WATER USE: Water actually used by the property per billing records.

SUCCESS STORY

Community Leaders: Holy Family Hospital

***Thank you,
Holy Family Hospital!***

SUCCESS STORY

Community Leaders: Spokane Club

*“We have been **incredibly impressed with Water Wise Spokane**. Annikki quickly **assessed our water consumption** statistics, toured the facility with our maintenance team and **provided recommendations and supporting technology to pinpoint opportunities and deliver solutions**. Very knowledgeable. Quick to implement recommendations. Excellent follow up to evaluate results. **I highly recommend Water Wise Spokane to any business that wants to save water and save money.**”*

--Dean Feldmeier, General Manager
