April 3, 2024

Garret Jones
Director of Parks and Recreation
City of Spokane
808 West Spokane Falls Blvd.
Spokane, WA 99201

Dear Mr. Jones,

This letter is intended to showcase my interest in being appointed on the Urban Forestry Citizen Advisory Committee (UFCAC) as a representative from City departments.

Currently, I am an Environmental Analyst in the Environmental Programs Department at the City of Spokane. I manage the greenhouse gas reporting efforts for the City, and our City's trees are an important element in ways to reduce emissions. Prior to achieving my B.S. in Environmental Science and M.S. in Environmental Policy and Management, I attended Spokane Community College's Forestry program where I gained experience with our local tree species and forestry best practices.

In 2020, I also assisted Angel Spell in analyzing the iTree canopy coverage data that was later released in partnership with Gonzaga University. I have also attended a wide variety of tree planting events around the region since the early 2000s.

With climate adaptation and resiliency becoming a larger concern for our region, I would like to be part of the Urban Forestry Citizen Advisory Committee to help ensure our City is successful in achieving the PLANT ordinance goals.

Sincerely,

Logan Callen, MSc (he/him) | Environmental Analyst
City of Spokane | Public Works | Environmental Programs
