### **Parks and Recreation 2023 Budget Priorities**

### 2023 Budget Assumptions:

- Approximate General Fund growth of <1% (\$150K)</li>
- Salaries and wages, benefits, services and charges will increase (2%-5%)
- Review fund balance for one-time investments and gap funding.
- Continue the core service budgeting model.
- Continued investments in capital improvements that add efficiencies, access, and value across our community.
- Continued investments in partnerships and collaborations with local businesses, organizations, volunteers, sponsors, and donors.

### **Administration:**

- Review all vacancies. Prioritize those we desire to fill and eliminate from the budget, any vacant position that no longer aligns with strategic goals.
- No new creation of new positions in the Park Fund unless the creation has a net zero impact on the budget.
- Evaluate any underperforming programs and services and realign to current trends.
- Implement strategy (timing and funding options) for the master plan priorities.
- Identify critical funding options for infrastructure capital (South Suspension Bridge)
- Continue Fleet Pilot program, replacing expensive to maintain fleet with lease vehicles.
- Continue to fund computer replacement, as many staff computers are over 5 years old.
- Budget emphasis on park facility safety initiatives.
- Creation of a program level account to manage restricted monies, that do not fall under the principles of annual capital.
- Establish a budget process for year end funds transfer from the Park Fund to the Capital Fund.
- Preparation for Expo's 50<sup>th</sup> anniversary community partnership initiative, and the coordination of the Spokane Urban River Experience

#### Golf:

- Budget for the creation of 4 new 10/month permanent course maintenance positions. This is a pilot program for the City towards creating 9-month and 10-month FTE positions.
- Annual fee increase to keep pace with cost escalation.
- Annual verification the Facility Improvement Fund is adequately funded for debt service payments

#### **Operations:**

- To be more inclusive of responsibilities, consider change in title of the overall "Park Ops or Operations" to another title to better include Natural Resources and Horticulture.
- Work the Planning Department to correct permit funding deficiencies in Urban Forestry.
- Create a trails category for the budget and assign staff to consistent maintenance in these areas
- Prepare to receive the responsibility of the city-wide Right-of-way Greenscapes and the opportunities/challenges presented.
- Prioritize vacancies and review classifications and jobs specs with current job force climate.

### **Riverfront:**

- Improve cost recovery by renewing 2022 programming sponsorships, seeking additional community partners to support park programming, establishing multi-year event agreements, completing Pavilion naming rights sponsorship, adjusting fees and charges for inflation and prioritizing expenditures.
- Align park activities to deter vandalism and negative activity by creating a vandalism
  maintenance task force, documenting and tracking hot spots, making minor infrastructure
  improvements and strategically program spaces.
- Improve existing programs and services by documenting procedures and policies and establishing continuity in operation through defined training programs. implement event management software and activate City Works workorder software.
- Collaborate with Friends of Riverfront Park to mutually advance goals, support event booths, promote and communicate volunteerism, and assist Spokane Humane Society and Parks Foundation to fundraise for the future Paw Park.
- Improve the appearance of the park specifically targeting areas not addressed by the redevelopment project by enhancing landscape beds with plants and mulch, controlling bed erosion, and cleaning clocktower siding.
- Improve continuity of operations of the SkyRide through reduction of overtime, establishing a long-term maintenance plan, training, emergency response, consistent operating schedules and ensuring appropriate technical support during operating hours.
- Design and implement a cohesive marketing and media plan with promotional strategies that
  drive sales and attendance to in-house and partner events, attractions and provide value to
  programming sponsors.

### Recreation:

- Evaluate programming coming out of the pandemic. Discontinuing programs that are under performing, enhancing programs that consistently are meeting or exceeding capacity and exploring areas where we are seeing Gaps in service, based on Master Plan findings.
- Continue developing a succession strategy where users do not experience level of service
  impacts when a Recreation Supervisor retires or resigns. Creating a chain of upward mobility
  opportunities increases morale and productivity and it also creates entry level opportunity's
  creating equity for young graduates with fresh ideas that are more likely to stay with us if there
  is a potential for future growth.
- Addressing deferred maintenance needs
  - Aquatic facilities attention to decks, tanks, etc.
  - Corbin Art Center veranda, painting, rain gutter replacement, and refinishing of the interior hard wood floors

### **2022 Budget Calendar Presentation**

- August Committee Meetings Staff will present the first run of the 2022
   Budget to the Park Board Committees. This will include only salary and benefit changes and initial 2022 central service charges.
- The Committee members will have the month of August to review the budget, ask questions or request any additional clarifications or information. Parks staff will develop the 2022 Requested Budget during the month of August in the budget system.
- The individual Committees will forward their recommendations to the Finance Committee by no later than September 7th. Because of the timing of the City budget process, there will be continued budget refinements and discussion through the month of September.
- September 7th the Finance Committee forwards the Recommended 2022 budget to the Park Board; and the Park Board is scheduled to hear any public comment on the Parks and Recreation budget at the September 9<sup>th</sup> Park Board meeting.
- The Finance Committee then recommends a final 2022 Budget proposal to the Park Board on October 12th; and the Park Board is scheduled to adopt the final Requested 2022 Budget at the October 14th Park Board Meeting. There is typically central budget changes to salaries, benefits, and central charges during this time.
- After that, the Parks budget will be included in the City Budget and transmitted to the City Council in early November and in the past the City Budget was adopted in mid-December.
