SUMMARY

- Nick Hamad presented Heritage Link Change Order #1 (\$90,063.57 including tax) for pond piping at Esmeralda Golf Course being paid by Public Works; motion carried.
- Nick Hamad also presented A1 Tree Service Change Order #1 for additional tree work necessary for green improvements at Esmeralda (\$24,373.96 including tax); motion carried.
- Jason Conley presented the personal services contract for Steve Conner to continue as the golf professional at Downriver; motion carried.
- Mark Poirier presented the 2020 Golf budget that will be presented to Park Board.
- An update was provided by Nick Hamad regarding the SIP Loan and Esmeralda Irrigation project.
- Fianna Dickson shared a slide presentation on the latest marketing campaigns involving television spots, social media, and more.
- Mark Poirier reviewed the September golf financial report, which reflected rounds were down, but pre-season golf pass sales significantly surpassed both 2017 and 2018 revenue figures.
- The Superintendents' Report was not available.
- Golf Professionals confirmed that rounds were down considerably due to inclement weather.

MINUTES

The meeting was called to order at 8:00 a.m. by Chair, Gerry Sperling.

Action Items:

1. Heritage Links Change Order #1 for Esmeralda Golf Course (\$90,063.57 including tax)

Nick presented information regarding the additional pond piping installation covered under this change order, being paid for by the Public Works Department.

Motion #1: Barb motioned to approve the change order, Rick seconded the motion, motion carried unanimously.

2. A1 Tree Service Change Order #1 for Esmeralda Golf Course (\$24,373.96 including tax)

Nick explained the needed additional tree work on greens 11 and 17 to reduce the impact of shade and frost on those greens. Work under this change order still keeps funds allowed for tree work under the original contract within budget.

Motion #2: Gerry motioned to approve the A1 Tree Service changer order #1, Rick seconded, motion carried.

3. <u>Downriver Golf Professional Contract</u>

Jason presented background information on the contracts for golf professionals and the City's personal contract process requirements. As a result from the application process, Steve Conner is being recommended as continuing in his position as Downriver's golf professional.

Motion #3: Gerry presented the motion for Steve Conner's contract renewal, Rick seconded, the motion unanimously carried.

Discussion Items:

1. 2020 Golf Budget

Mark presented the 2020 Golf Budget, which reflected no changes from the budget at September's meeting and will be presented to the Park Board.

2. <u>Esmeralda Irrigation Project Update</u>

Nick provided information regarding the SIP funding, reflecting \$2.7 million unencumbered. He also presented an update on Esmeralda's irrigation renovation, with 35% irrigation work and phase one of related tree work completed.

Standing Report Items:

1. Golf Marketing Report

Fianna presented slides on current marketing campaigns; featuring more than 200 television spots, Google Search Click-Through Rate of four times the average rate, and 23,000 followers of Parks and Recreation's social media which is more than Boise, Seattle and Tacoma.

2. Golf Financial Report

Mark presented the September financial report that reflected a significant 2019 increase over 2017 and 2018 in pre-sale golf pass revenue, and he expressed appreciation for the golf professionals' hard work in achieving this increase. In addition, commissions from Pepsi Cola have been received.

3. Superintendents' Report

The Superintendents' report was not available.

4. What's Happening at the Courses

Golf Professionals reported a decrease in rounds due to unseasonal inclement weather. Policy change concerning online tee-time reservations was suggested due to a significant number of no-shows.

Meeting adjourned at 9:20 a.m.

The next regularly scheduled meeting is November 12, 2019, at the Finch Arboretum Woodland Center's Ponderosa Room.

Hi Jo-Lynn,

Please see attached for your records. Our policies are up from renewal on June 1st - I included 2019-2020 coverage as well.

Secondly, it is confirmed that we can hold the prices of the other 5 alternates should you decide to add them at a later date.

Thanks again and please let us know if you need anything else.

Subject: Contract for Spokane Parks-Esmeralda Golf Course

Good morning Heritage Team,

My name is Jo-Lynn I will be working with Nick on your contract and to establish your company as a

vendor. Our team will seek formal Park Board approval for your scope of work on June 13th. We are asking for approval on the base bid and alternates 4, 5, and 6. Can you please confirm that you will be able to hold the pricing on the other 5 alternates in case we can add them at a later date through a change order or contract amendment?

Please fill out the attached form, return to me, or send direct to accounting, their e-mail is on the form.

I will require an insurance certificate (the contract has the requirements) and once you receive the contract, return the wet signed document to me along with your Bonds.

Please let me know if I may be of any assistance.

Thank you,

Jo-Lynn

Occupation of Pro Shop

Inasmuch as I have been the Downriver head professional since 1993, I am familiar with the Pro Shop layout, facilities, strengths and deficiencies. In addition, I reevaluate the facility annually with the intention of assessing functional upgrades. I have worked and continue to work with an architect to assess its needs and capabilities, evaluate functional changes, and to estimate improvement costs.

I intend to occupy the Pro Shop on the effective date of the award of the contract (February 15, 2020), if not sooner. Because as stated above, I am the current head professional at Downriver, I am familiar with the Pro Shop layout, and its capabilities.

Proposed Pro Shop Renovations

Please see list of improvements funded in large measure by RiverLinks, Inc. since 1993 listed below.

In addition, please evaluate the architectural rendering contained in **Addendums B and C** attached to the end of this proposal that detail possible renovations to the Clubhouse roof line, Pro Shop interior, existing outdoor deck, and driving range

TECHNICAL PROPOSAL Detailed Business Plan/ Schedule

RiverLinks Golf, Inc. is Washington State corporation in good standing. My business license number is 601 432 842.

RiverLinks Golf, Inc. has operated Downriver G.C. with a valid Washington State liquor license since 1993. My Washington State liquor license number is 355835. I have also applied for and am awaiting approval of a state spirits license.

My primary hiring criteria are personality and competence. We emphasize customer service above everything else, and our staff and course have received numerous awards over the years from both the Inlander newspaper and Spokane/Coeur d'Alene Living Magazine. Organizational chart is below.

RiverLinks Golf, Inc. has an existing lease agreement with Yamaha Golf-Car Co., 1270 Chastain Road Kennesaw, Georgia 30144. Please note that financing for golf carts is dependent on having an existing contract with the City.

During my tenure as head golf professional at Downriver G.C. since 1993, the Pro/Golf Shop has undergone a number of significant upgrades to address deficiencies related to its small footprint and to better serve patrons. The upgrades are detailed in this proposal. Further renovations have been implemented this year including new bead board backdrops, new paint, new bulletin boards for men's and women's groups, and a new speaker amplification system for control of the first tee.

RiverLinks Golf Inc. has accounts in good standing with leading golf equipment and merchandise companies throughout the United States since 1993. The companies include Nike, Footjoy, Titleist, Callaway, TaylorMade, Ben Hogan, Ping, Cutter Buck, Antigua, Sun Mountain, Under Armour and many others. I plan to fully stock the Pro Shop with quality merchandise from brand name golf companies as well with high volume, bargain brands. We will use an "Open to Buy Plan."

continued

Operation of Driving Range

The Downriver range and hitting stations are limited by available space. Upgraded hitting stations with quality golf mats and concrete bases were installed years ago. An architect has been retained to address the range's limited space, and to recommend changes to maximize its potential for improved use. This may include tiered hitting stations depending on a cost/reward analysis.

We are also evaluating plans to attenuate the concrete expanse of the range by installing discrete planting areas. If implemented, these areas will be consistent with golf cart traffic to the range, and normal maintenance of the area.

Demonstrated ability to build relationships with city golf personnel, including golf course superintendent and maintenance staff

We communicate daily with the golf course superintendent on the status of course, and any emergencies that may arise. Course conditions, need for maintenance, upcoming events, and other issues related to course operations are discussed.

For the last 27 years, I have communicated daily with City of Spokane golf personnel, accountants, directors, and staff to facilitate the professional operation of Downriver G.C. I regularly attend monthly golf committee meetings and many Park Board meetings. I have communicated, shared information and collaborated on ideas directed to the success of golf in the Spokane region with other current and past golf professionals at City courses since 1993.

The City is urged to document all long term maintenance projects, and course conditions daily to the City of Spokane Golf website, including any scheduled maintenance for that week.

Outline of offseason activities (if any)

Other details to have Downriver G.C. fully operational by February 15, 2020

Proposed operating and capital budget for years 2020 – 2024

Anticipated impact of irrigation project at Downriver G.C.

TECHNICAL PROPOSAL Detailed Business Plan/ Schedule continued

The restaurant is available to rent for private parties and events during the off-season. Protecting the course and grounds will be the top priority for any off-season events. Indoor golf leagues and instruction have been and are currently offered during the winter.

The current clubhouse restaurant has expanded capabilities to host non-events including wedding receptions, holiday parties, and other similar events. With the spectacular view of the mountains and Spokane River available off the deck at Downriver, patrons have a unique setting to enjoy the course.

The course will be ready to be operational by the anticipated opening date. Actual opening date is necessarily controlled by the weather.

Budgets are to be determined on a year-to-year basis due to the contingent nature of golf course related revenue in a cold weather region.

The City established templates to handle contingencies for the irrigation projects at Indian Canyon (2018-19) and at Esmeralda (2019-20). These renovations diverge due the topographical differences between the two courses. The Downriver project should be bid and implemented to attenuate the disruption of play at the course and minimize any detrimental impact to the course. A hybrid model of the Indian Canyon and Esmeralda approaches should be considered as the model for Downriver. But that depends on an assessment of Downriver's challenges, which makes it difficult to project what would be a satisfactory arrangement to address course renovation and disruptions. However, financial compensation should be provided by the City of Spokane.

MANAGEMENT PROPOSAL Experience of Professional

Degree and Golf Professional Background.

I graduated with a Business Management degree from Whitworth University in 1987, and was offered an assistant golf professional position at Spokane Country Club the same year.

I initiated my business and playing certification program with the P.G.A. and received my Class A designation from the organization in 1990. I have been a member in good standing with the P.G.A. for a quarter century.

From 1988 to 1990, I was an assistant golf professional at Indian Canyon G.C. This initial tenure enabled me to learn how the course operated, and acquainted me with the Canyon's rich history, tradition, and national reputation. I have applied the same approach to my years as head professional at Downriver G.C. This has allowed me to understand the Downriver demographic, which differs significantly from the other city courses. Understanding and being attentive to this demographic is crucial to the success of Downriver.

In 1991, I was asked to assist in the opening of the Coeur d'Alene Resort Golf Course as assistant professional by Director of Golf Mike Delong. I stayed there for a year and contributed to a successful opening. I returned to Indian Canyon for the 1992 golf season as an assistant golf professional.

Later that year, I applied for and was selected as the head professional at Downriver Golf Course, and have acted in that capacity for the last 27 years.

I have held various leadership positions with the Pacific Northwest Section, Inland Northwest Chapter of the P.G.A. over the last 29 years while raising three daughters with my wife Kari Conner.

In 2004, Kari and I were awarded a Ben and Jerry's Scoop Shop franchise. That business is located at River Park Square in downtown Spokane. Kari has successfully operated it the last 16 years. This has contributed immeasurably to my understanding on how to successfully run a business in the Spokane/Coeur d'Alene area.

During my tenure the course has won numerous "best of" awards from local newspapers and magazines.

SIGNIFICANCE OF CAPITAL IMPROVEMENTS AT DOWNRIVER

This detailed chronology of the capital improvements undertaken by RiverLinks Golf, Inc. at Downriver G.C. demonstrates my long term commitment to improving golf at City of Spokane golf courses. In addition, they provide visual support of my continuing commitment to Downriver G.C.

This Request for Proposal calls for long term plans for improving the golf experience for patrons of City of Spokane golf courses. The Park Board generally, and the Golf Committee specifically, have emphasized the hospitality aspect of golf courses in providing a good experience in the Pro Shop, Clubhouse, Restaurant, and on the course.

All of my improvements have targeted the customer's experience while at Downriver — range, significant Clubhouse, Restaurant, Pro Shop improvements — both visually and operationally. The 1,300 square foot covered deck that overlooks the 10th hole is visually appealing, adds to the customer's enjoyment of the course, and opens many opportunities for holding events in connection with course. A significant renovation of the Restaurant and Clubhouse that extended these areas to the outside, and provided rock walled ambience, archways, new restaurant service areas, walk-in coolers, and state-of-the-art ordering systems contributes to a better customer experience.

Carpeting has been replaced with tile. Cash registers have been substituted with tablet-based touch technology for orders. The Downriver Clubhouse is now a comfortable, rustic, functional, modern space that combines the outdoors with the indoors on warm Summer days.

The recently installed multi-camera security system monitors critical indoor and outdoor areas. A new security fenced cart area has been added and is monitored by the cameras.

Downriver has been awarded several recent "Best of" designations by local and regional newspapers and magazines. The course has produced the highest revenue, and golf round totals for City golf courses for many years. It is noted for its friendly, receptive, knowledgable and helpful staff.

Please see list of improvements funded in large measure by RiverLinks, Inc. since 1993 listed below.

In addition, please evaluate the architectural rending contained in **Addendums B and C** attached to the end of this proposal that detail possible renovations to the Clubhouse roof line, Pro Shop interior, existing outdoor deck, and driving range

Experience leading golf lesson instructional programs

The driving range at Downriver is limited to 12 hitting stalls. This compares to the 40 +/- hitting stations at Indian Canyon G.C. and to some degree, The Creek at Qualchan. Downriver's range is this smallest of all the City courses, although it has a separate grass chipping practice area and green located adjacent to the 9th fairway.

Accordingly, golf lesson instruction at Downriver Golf Course is limited. Even with this limitation, City of Spokane lessons have been scheduled and held regularly since they were first offered.

All my professional staff members provide individual and group lessons. Off-course, interior lessons and leagues are offered in the clubhouse during the winter.

The Special Olympics golf team practiced at Downriver, and one of its graduates was a finalist at a national tournament. Years ago, the "Get Golf Ready" program was implemented at Downriver Golf Course. This program provided five lessons from a PGA Professional for a set price.

Downriver's range continues to provide opportunities to grow the game at all age and skills levels. David Fern has implemented a highly successful youth golf program that has grown dramatically over the last three years. He is assisted by Tyler Barrong. We will continue to evaluate programs that will grow the game, including Operation 36, golf leagues, group instruction, and individual lessons.

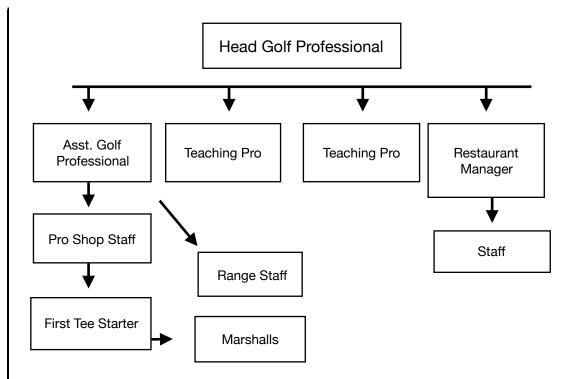

Provide evidence you are current in the PGA certification program

My PGA golf certification number is 10188577. If necessary, the City of Spokane may contact the PGA of America to further confirm my certificate of good standing,

Provide an organizational chart of your proposed team

MANAGEMENT PROPOSAL Experience of Professional

Golf Instructors: Chad Gunn and David Fern, together with Tyler Barrong will remain to teach lessons and growing the game. Ron Barker, an iconic golf professional both locally and regionally, will be asked to remain as part of our team as an Assistant Golf Professional.

Re: Steve Conner, Head Professional Downriver Golf Course

Ladies and Gentlemen,

I have been asked to provide a letter indicating Mr. Conner's financial qualifications regarding his current position as Head Professional at Downriver Golf Course. Mr. Conner has been a client of Banner Bank for over 20 years and currently has access to credit facilities in the mid six figures which on a historical basis has been more than sufficient to handle both the day to day needs as well and providing longer term financing for fleet or tenant improvement needs. He has always handled his affairs with Banner Bank in a professional manner and is considered a long term valued client.

If further detail is needed, upon Mr. Conner's approval Banner Bank would be happy to provide more detailed information.

Michael D. Beasley Senior Vice President
