#### **MINUTES**

The meeting was called to order at 8:00 a.m. by committee chair Gerry Sperling.

#### Public comment - None

#### **Action items**

- 1. Fisher Construction Group, Inc., construction change order #1 / Downriver Golf Course roof renovation (\$70,472.33, plus applicable tax) Nick Hamad
  - a. Prior to roof replacement, the existing roof was tested for hazardous materials, which was found to contain asbestos in the membrane. For this reason, the entire roof must be treated as if it contains asbestos. It can be removed during open hours and is not airborne. Abatement will add roughly \$24,000 to the initial contract, which includes full removal, abatement and disposal. The option of keeping the existing roof in place and going over the top was investigated; however, the plywood underneath contains a great deal of dry rot which cannot be replaced without full removal of the roof.
  - b. The HVAC system, which is currently on the roof was contains duct work under the roof which was also found to have asbestos laden caulk. Again, the entire duct system must be treated as if it contains asbestos. It was originally planned to remove the HVAC system to access the roof, however, the duct work must now be removed as well.
  - c. Several options were researched, including framing a new roof over the existing roof which was not cost effective. There is a concern due to the age of building of additional issues. Nick expressed confidence there should not be any unexpected costly expenses. He also indicated that this type of extensive renovation should alleviate costly repairs in the future.

**Motion #1** – Gerry Sperling moved to recommend the Fisher Construction Group, Inc., construction change order #1 / Downriver Golf Course roof renovation (\$70,472.33, plus applicable tax)

Bob Anderson seconded.

The motion passed unanimously (4-0 vote).

The committee agreed to present this recommendation as a consent agenda item on the September 8 Park Board meeting agenda.

#### **Discussion item**

- 2023 budget and fee increase Mark Poirier
  - a. Mark presented the revenue versus expenditures comparing 2021 to the current year, noting the to-date 2022 revenue figure should be closer to \$3.6 million. There is a substantial increase in supplies due to increased prices as well as salaries and wages, factoring in cost-of-living and step increases. New for 2023 is the \$186,990 reserve which is for the proposed Golf I position.
  - b. The budgeted numbers do not include the proposed rate increase. There has been very little push back with the 2022 rate increases. The recommendation is to increase the rates by \$1. Apart from the unlimited pass and spouse add-on, season passes, junior, sunset and cart rates will not change. The proposed increases should cut operating expenses by half as well as provide a safety net for unforeseen costs. Mark also suggested patrons would be more receptive of a yearly \$1 increase as opposed to waiting several years with a large price surge.
- 2. Spokane city championship recap Mark Poirier The championship, sponsored by Renaissance Financial, was a huge success with 152 players. It is set up to accommodate all ages and skill levels from beginner to pro. It was a great way to showcase the upgrades to Esmeralda and Indian Canyon. In addition to great prizes, Qualchan hosted the banquet, which has been canceled the last few years. New this year was a fun band

and dancing on the deck.

#### Standing reports

1. Golf marketing report – Fianna Dickson

Social media has been a great resource with 32,000 followers. The Golf page of the city website is one of the top three pages visited during this season with nearly 55,000 unique views. Marketing is continuing to work with DH & Little Fish Productions, updating the on-air commercial with new footage. Although the KXLY "4 Course Pass" will expire soon, the ad will continue to run until the end of the year.

2. Golf financial report – Mark Poirier

Again, note the year-to-date figures are off, where the year-to-date difference is actually ahead by nearly \$100,000. Although the count is down slightly compared to last year, due in part to the wet spring, the rounds revenue has increased. Most of the expenses have increased with the exception of Services and Charges, which reflects the water usage savings after the irrigation renovations. The year-to-date available cash stands at \$1,263,282 and Facility Improvement Fee cash balance stands at \$2,063,617.

- 3. Superintendents' reports What's Happening at the Courses Mark Poirier
  - a. <u>Downriver</u> needs equipment repairs or replacement, which is essential throughout the courses. The irrigation system is at full capacity and running great. The greens were aerated and are looking good. August was very busy with a few tournaments left in September and are hosting a Halloween Open at the beginning of October.
  - b. Qualchan reports the best August ever, September is looking good and the course is in great condition.
  - c. <u>Indian Canyon</u> is also reporting the best August ever with great conditions. They are working to get the bunkers repaired and sand fluffed up.
  - d. <u>Esmerelda</u> reports the City Championship was a success and the course is in great condition. They are having to borrow a mower as they are having problems with broken equipment with a 2-3 week repair turnaround. The hot weather has taken a toll on some turf conditions. The course will be aerated this week. Steve Nittolo is continuing to trim branches throughout the course.

**Adjournment:** The meeting was adjourned at 9:00 a.m.

The next regularly scheduled meeting is 8 a.m. Tuesday, Oct. 11, 2022.
