5. **Special guests**

A. None

6. **Financial report and budget update** – Rich Lentz presented the March financial report and budget update.

A. Park Fund: The March year-to-date operating expenditures for the Park Fund are approximately \$85,000 less than the two-year budget average. Year-to-date revenues are about \$102,000 below the two-year budget average. Year-to-date revenues are exceeding expenditures nearly \$1.67 million.

B. Golf Fund: The March year-to-date operating expenditures for the Golf Fund are about \$257,000 less than the two-year budget average. Year-to-date revenues are above the two-year budget average approximately \$80,000. Year-to-date revenues are exceeding expenditures about \$254,000.

7. **Special discussion/action items:**

A. **A resolution requesting City Council retain the citywide park improvement and safety levy on the August 2024 ballot** – Bob Anderson

Bob read the resolution aloud and each board member provided input. All members support the resolution. Gerry Sperling believes the Parks Department and the Board have shown their commitment to keeping up Spokane parks and believes we need to move forward. Nick Sumner believes we need to invest in neighborhood parks. He feels the levy will be the best way to address budget shortfalls though he is concerned about how the economy will affect the support of the voters. Greta Gilman feels that every season we are delayed is that much time without enhanced security, and open and renovated restrooms and playgrounds. Sally Lodato is sensitive to the competing priorities that face the community, but she is concerned about the decline of neighborhood parks and feels that the sooner we can begin work on them, the sooner we can see the benefits of that work. She views parks as a happy place and believes they contribute to mental and physical well-being and socialization. Sally stated, “We cannot afford to lose momentum.” Jennifer Ogden gave the example of Dutch Jake Park and the direct correlation between park renovations and public safety. She feels that fixing playground equipment and restrooms brings people back to the parks which then drives negative activity away. Barb Richey wishes to call positive attention to retaining the citywide park improvement and safety levy. She recognizes the work that has been done by the Board and Park staff and wishes to move forward to City Council. Kevin Brownlee stated that park properties and facilities are essential public infrastructure that are on par with streets, schools, and libraries. He feels it’s time to acknowledge the importance of parks to community wellbeing and should be funded as such. Hannah Kitz agrees with all that has been contributed by the others. She added that there was a discussion at a recent Land Committee meeting about the unprecedented amount of vandalism and number of unhoused people in the parks and she feels people should have the opportunity to vote and have a voice in what they spend their resources on. She also feels that Expo+50 may motivate people to continue to invest in the parks. Council member Jonathan Bingle thanked everyone for their thoughts and stated City Council will be making its decision by May 3<sup>rd</sup>. He is supportive of moving forward and feels that this levy proposal is the most well thought out plan he’s seen, and shows the community, in detail, what they will get should they approve the measure. He feels that parks contribute to the mental and physical health of the community and getting back outside and into nature will have a significant impact. Jonathan also stated that parks have seen a lot of disinvestments in recent years, and he feels the majority of City Council is as well. Doug Kelley is absent but expressed his support to Bob via email. Bob Anderson agrees with what has been said and

feels the levy should remain on the August ballot and the voters should be allowed to vote.

**Motion No. 2:** Bob Anderson moved to approve the resolution requesting City Council retain the citywide park improvement and safety levy, as read, on the August 2024 ballot.

Gerry Sperlberg seconded.

Motion passed with unanimous consent (11-0)

8. **Committee reports:**

**Urban Forestry Tree Committee:** April 2, 2024 – Kevin Brownlee

A. Action items: None

The committee discussed the updated design and planting details, which are very detailed specifications on tree location and planting requirements within Urban Forestry's domain. Engineering services will review and approve the updates, and then it will be brought to the Park Board for approval.

B. The next scheduled meeting is 4:15 p.m. April 30, 2024, in the Shadle Park Library events room, and virtually via WebEx.

**Land Committee:** April 3, 2024 – Greta Gilman

A. Action items: Two of three action items were presented on the consent agenda.

- 1) [Approval of the Green Area Maintenance Pilot Project Agreement with City of Spokane Public Works](#) – Al Vorderbrueggen (*Pulled from consent agenda for additional discussion/clarification*)

Greta pointed out that the language in paragraph 4.1 did not reflect how Land Committee wanted it to read. Garrett read aloud the revised language agreed upon by the committee. Parks will be invoicing Public Works for work done; however, once those dollars are diminished, Parks and Public Works will work together to review whether to reallocate, reprioritize, etc.

**Motion No. 3:** Greta Gilman moved to approve the Green Area Maintenance Pilot Project Agreement with City of Spokane Public Works subject to the addition of revised language read aloud by Garrett Jones for the record.

Kevin Brownlee seconded.

Motion passed with unanimous consent (10-0)

Land Committee discussed the DNR Thorpe Road property in the Latah Valley which will be transferred to Parks if legislature approves. Several emails in support of the transfer were received.

The committee also had an extensive discussion about a memory garden in Manito Park. This was the second time a group has come to the committee to present their ideas and there were many members of the public in attendance in favor of the memory garden. The last time the group presented to the committee, the committee asked that they research a location within the park and answer questions about parking and access. The group is making progress, but the item is still not ready to approve. The group is working hard, and Greta expects to hear more from them. Greta also asked that the group also coordinate with Friends of Manito.

B. The next scheduled meeting is 3:30 p.m. May 1, 2024, in the Shadle Park Library events room, and virtually via WebEx.

**Recreation Committee:** April 3, 2024 – Sally Lodato

A. Action items: None

Prior to COVID, Recreation Committee was meeting at the various community centers with a goal of learning the unique differences of each. Jennifer Papich recently reached out to the centers to invite them to committee meetings. Sheila Geraghty from Northeast Youth Center attended the April 3<sup>rd</sup> meeting and presented an update and background on the center. The Northeast Youth Center was created in 1971 and undergone a long history of changes. They now have over 200 children, aged three to twelve, from six area schools, and will soon have 60 ECEAP students. Sally encouraged the Board to read the Recreation Committee minutes for details. On April 27<sup>th</sup>, the center will be holding a fundraising auction; details are online.

Dave Willman shared a presentation with the committee, on the history of disc golf. Disc golf goes back 100 years and is one of the fastest growing sports in the world. Downriver disc golf course, one of Spokane's four courses, has been undergoing renovations and is close to opening. Both the disc golf community and Parks staff have requested the name be changed for a number of reasons, including the confusion with Downriver Golf Course and a fresh name for the fresh renovation. A survey was sent out with possible name choices including Ponderosa Pines, Whitewater, Soaring Eagle, Hawks Ridge, and Ponds. Of the 728 respondents, Whitewater Disc Golf Course was the clear favorite. The neighborhood council has approved the name change. The name "Downriver Park corridor" will not change. Sally gave kudos to Ryan Griffith for his long hours of hard work with Dave Willman on this. This will be coming in front of the Park Board, likely in May.

B. [April recreation update](#) – Jennifer Papich

March had 231 sessions/programs, 171 athletic teams and 3,618 participants signed up. Volleyball continues to be a favorite with 11 more teams this year over last. Adult flag football decreased slightly. Outdoor recreation also decreased slightly, largely due to the lack of snow, whereas Corbin Arts Center saw an increase of 122 participants and \$10,000 more in revenue than Q1 2023. The wellness programs appear to have less participation; however, some numbers were not in. When these numbers are incorporated, the participation is higher than last year. TRS exploded over the winter with 258 more participants over 2023, and field allocations are down from 2023, which is most likely due to the timing.

Spring/Summer highlights include an increase of 16 volleyball teams; the outdoor program has rejuvenated their activity guide descriptions to be more attractive; 100 people have already accepted summer job offers through aquatics; most of the new ArtSci Summer Camp at Finch Arboretum are already full.

C. The next scheduled meeting is 5:15 p.m. May 1, 2024, in the Shadle Park Library events room, and virtually via WebEx.

**Riverfront Park Committee:** April 8, 2024 – Gerry Sperling

A. Action items: The action item was presented on the consent agenda.

The committee discussed the background for setting up licensing for use of Riverfront Park.

Post Street improvements will be ready in time for Expo.

The group discussed the Stepwell and the intent of Riverfront Park which is to display art

pieces so that they are pleasant to observe. Jon Moog has been working with his team and the Stepwell will represent us well for the upcoming Expo+50 celebration.

Jon gave the March operations report.

- B. The next scheduled meeting is 4:00 p.m. May 6, 2024, Pavilion conference room, Riverfront Park, and virtually via WebEx.

**Golf Committee:** The April 9, 2024, meeting was canceled. – Nick Sumner

A. Action items: None

- B. The next scheduled meeting is 8:00 a.m. May 7, 2024, in the Shadle Park Library events room, and virtually via WebEx.

**Finance Committee:** April 9, 2024 – Bob Anderson

A. Action items: None

Rich Lentz presented a five-year Parks and Recreation financial forecast which displayed the continuing trend of expenditures exceeding revenues. The forecast reveals a \$4 million deficit in 2028 if the revenue-to-expense trajectory continues downward. Garrett has suggested that the Board discuss priorities, whether at Finance Committee or a special committee, and determine where cuts should be made if needed.

Rich also presented the March financials. Bob stated that the monthly financials often don't depict an accurate picture for the year, giving the example of operating transfers from the general fund, which are given in 12 equal increments, vs. temp seasonal salaries which increase later in the summer as activities increase. Golf, however, had an excellent March with \$300,000 increase in revenue compared to last year, and capital expenses down almost \$250,000.

- B. The next scheduled meeting is 3:00 p.m. May 7, 2024, in the Sister City conference room, first floor, City Hall, and virtually via WebEx.

**Development & Volunteer Committee:** March 20, 2024 – Jennifer Ogden

A. Action items: None

Jennifer thanked Bob for chairing the March 20 meeting in her absence.

There was a discussion about insurance requirements and options for the Friends groups when hosting events at parks. There are ongoing discussions with Neighborhood Services on this topic.

The group also discussed safety in parks, and there was a suggestion about possibly working with C.O.P.S. and Paws on Patrol for additional security. There is hope for funding for additional park rangers.

Two members termed out, one of which has indicated desire to remain on the CAC, and the other to be contacted.

Friends of Coeur d'Alene Park have found a way to complete the electrical work at the gazebo. They are looking forward to their summer concert series which starts in June, and also looking forward to the farmers' market this summer.

Music Under the Oak is happening at Hays Park this year.

District 1 is considering combining all their parks into one Friends group since there are few neighborhood parks in the district.

Spokane Disc Golf has an MOU with Spokane Parks for their junior disc courses. They are looking at having junior disc golf camps and hosting PDGA sanctioned events, one of which will be at Downriver and two will be at High Bridge. More of these activities and dates can be found at [www.spokanedgc.com](http://www.spokanedgc.com). The club is also looking at having disc golf clinics at Expo.

Fianna shared an Expo+50 update. Find information about the event at [www.expo50spokane.com](http://www.expo50spokane.com).

B. The next scheduled Development & Volunteer Committee meeting is 4:15 p.m. April 17, 2024, in the Sister City conference room, first floor, City Hall, and virtually via WebEx.

## 9. **Reports**

A. President: Bob Anderson

Bob thanked all who participated in and contributed to the March 29 Park Board retreat. Board members provided thoughtful and honest contributions during the first hour, which provided structural and communications goals for the Board. Park staff provided informational presentations. City Attorney, Mike Piccolo, provided an overview of the City of Spokane Charter and the Spokane Municipal Code in relation to Parks and the Park Board. Matt Santangelo, Kelly Brown, and Jon Moog provided an update of Expo+50 events which will take place from May 4 to July 7. Fianna distributed a sign-up sheet for Board members interested in participating in Levy informational outreach.

B. Liaisons

1) Conservation Futures – Nick Sumner – No update

2) Parks Foundation – Barb Richey – No update

3) City Council – Jonathan Bingle – No update

City Council held a budget meeting to discuss the future of the City and the public safety levy. Council still has roughly \$6 million in ARPA funds. Jonathan has spoken with Park staff to relay that there may be funds available to Parks, should we need it to finish up projects. Bob asked if the funding could be used to acquire land. Both Jonathan and Garrett believe that is possible. Money would need to be contracted by the end of this year and spent by 2026.

C. Director (Interim): Jason Conley

During Spring Break week, Parks and Rec did its annual partnership with the Juvenile Probation cohort which provides an employment and education cohort experience to juvenile probationers throughout the week. Seven students participated this year.

Park is busy preparing for Spring and Summer by upgrading security systems and performing minor pool repair. Urban Forestry has been very busy planting.

Arbor Day celebration is April 27 at Finch Arboretum.

An open house regarding the High Bridge dog park will be held tonight at 6:15 in the Central Library Events Room A. A separate meeting to discuss the South Hill dog park will be held on April 25.

Spokane Public School District has asked Spokane Parks to be the featured premier webinar topic for the month of April because of our water conservation efforts at golf courses. Board member Nick Sumner was one of the featured speakers, along with staff members Nick Hamad, Mark Poirier, and Ben Nelson. Jason gave a shout out to Channel 5's Tim Ott and Jeff Bollinger for their work.

We are still hiring seasonal temporary workers for the summer season. Applicants must be 16 years of age or older to apply. Find out more at [www.spokaneparks.org/jobs](http://www.spokaneparks.org/jobs).

10. **Executive session**

<b>Background/history:</b>			
Corbin Sport Court Renovation was halted in late October 2023 due to weather conditions. The remaining work will start in April and continue through June in time for public use by the Independence Day holiday.			
Some poor existing conditions on site were found to require additional excavation and re-engineering of post footings and reinforced concrete flatwork. Park Staff was successful in negotiating a revised scope of work at the lowest possible price and within the 10% contingency allotted to the project.			
Park Staff believe the proposed improvement modifications are necessary and will result in value added to the project.

**Title: CORBIN PARK SPORT COURT RENOVATION**

This Contract Amendment / Extension is made and entered into by and between the **CITY OF SPOKANE PARKS AND RECREATION** as ("City"), a Washington municipal corporation, and **DITCHES UNLIMITED, INC.**, whose address is 18089 South Watson Road, Coeur d'Alene, Idaho 83814, as ("Contractor"), individually hereafter referenced as a "Party", and together as the "Parties".

WHEREAS, the parties entered into an agreement wherein the Contractor agreed to provide all work, labor, materials, tools, construction equipment, transportation, supplies, supervision, organization and other items of work and costs necessary for the proper execution and completion of the work described in the specifications entitled **CORBIN PARK SPORT COURT RENOVATION**; and

WHEREAS, additional work is needed, thus, and the Contract needs to be formally Amended by this written document; and

WHEREAS, additional time is required and, thus, the Contract time for performance needs to be formally extended by this written document.

NOW, THEREFORE, in consideration of these terms, the parties mutually agree as follows:

**1. CONTRACT DOCUMENTS.**

The Contract, dated September 7, 2023, any previous amendments, addendums and / or extensions / renewals thereto, are incorporated by reference into this document as though written in full and shall remain in full force and effect except as provided herein.

**2. CONTRACT TERM.**

This Contract Amendment / Extension shall become effective April 11, 2024, and shall run through July 31, 2024.

**3. ADDITIONAL WORK.**

The Scope of Work in the original Contract is expanded to include the following additional Work:

**Change Order No. 1**  
**Item #1 Modifications to the South Curb and Footings**

**Item #2 Additional Site Protection**

**4. COMPENSATION.**

The City shall pay an additional amount not to exceed **TWENTY-TWO THOUSAND FOUR AND 38/100 DOLLARS (\$22,004.38) plus tax**, in accordance with Change Order 1, for everything furnished and done under this Contract Amendment / Extension. This is the maximum amount to be paid under this Amendment / Extension, and shall not be exceeded without the prior written authorization of the City, memorialized with the same formality as the original Contract and this document.

IN WITNESS WHEREOF, in consideration of the terms, conditions and covenants contained, or attached and incorporated and made a part, the parties have executed this Contract Amendment / Extension by having legally-binding representatives affix their signatures below.

CITY OF SPOKANE PARK BOARD

RESOLUTION

A RESOLUTION supporting the Thorpe Road Property Application to the Washington State Trust Land Transfer Program

WHEREAS, under the City Charter, the Spokane Park Board has exclusive jurisdiction and control over city park land and facilities located within and outside the City of Spokane, and

WHEREAS, the Park Board is empowered by the City Charter to lay out, establish, purchase, procure, accept, and have the care, management control and improvement of, all parks and grounds used for park purposes, all boulevards, connecting parks and structures thereon, and all parkways; and

WHEREAS, there is an identified geographic 'gap' in park land and service within the Southwest portion of the City of Spokane, particularly within the Grandview/Thorpe neighborhood South of W. Thorpe Rd. and West of Highway 195; and

WHEREAS, substantial residential development is proposed within the Grandview/Thorpe neighborhood, and no mandatory impact fees or park land dedication is required for new residential developments, further necessitating the addition of public park lands within the area; and

WHEREAS, Parks is not sufficiently funded to be able to acquire and or develop new park lands in this area; and

WHEREAS, the Washington State Department of Natural Resources (DNR) owns approximately 192 acres of natural land (Thorpe Property) within the Grandview/Thorpe neighborhood which it intends to surplus; and

WHEREAS, the Thorpe Property is identified as 'potential open space' in the City of Spokane Land Use Plan; and

WHEREAS, DNR manages a special program, titled the Trust Land Transfer (TLT) program, intended to 'keep special places in public ownership' using funding appropriated by the Washington State Legislature, which may enable the DNR property to be maintained as public open space at no up-front cost to Parks; and

WHEREAS, Parks received support letters from several non-profit and neighborhood groups interested in Parks acquiring the Thorpe Property through the TLT program; and

WHEREAS, Parks submitted an initial letter of intent and application to the 2025-2027 TLT program for the Thorpe Property in September of 2023; and

WHEREAS, Parks desires submit a resolution to DNR further supporting the acquisition of the Thorpe Property via the TLT program; and

WHEREAS, Parks anticipates accepting the Thorpe Property if acquired through the TLT program, as acquiring additional park land in District 2 is identified as a third-tier priority goal in the adopted park and natural lands master plan; and

NOW, THEREFORE,

BE IT RESOLVED by the City of Spokane Park Board to support the 'Thorpe Road Property' application to the Washington State Department of Natural Resources Trust Land Transfer Program in the 2025-2027 biennium.

## Applicant Resolution/Authorization

Organization Name (sponsor) City of Spokane Parks and Recreation Division

Resolution No. or Document Name N/A

Project(s) Number(s), and Name(s) Meadowglen Park Neighborhood Park Construction

This resolution/authorization authorizes the person(s) identified below (in Section 2) to act as the authorized representative/agent on behalf of our organization and to legally bind our organization with respect to the above Project(s) for which we seek grant funding assistance managed through the Recreation and Conservation Office (Office).

WHEREAS, grant assistance is requested by our organization to aid in financing the cost of the Project(s) referenced above;

NOW, THEREFORE, BE IT RESOLVED that:

1. Our organization has applied for or intends to apply for funding assistance managed by the Office for the above "Project(s)."
2. Our organization authorizes the following persons or persons holding specified titles/positions (and subsequent holders of those titles/positions) to execute the following documents binding our organization on the above projects:

Grant Document	Name of Signatory or Title of Person Authorized to Sign
Grant application (submission thereof)	Jason Conley, Interim Director, Spokane Parks & Recreation
Project contact (day-to-day administering of the grant and communicating with the RCO)	Nicholas Hamad, Park planning and Development Manager Spokane Parks and Recreation
RCO Grant Agreement (Agreement)	Jason Conley, Interim Director, Spokane Parks and Recreation
Agreement amendments	Jason Conley, Interim Director, Spokane Parks and Recreation
Authorizing property and real estate documents (Notice of Grant, Deed of Right or Assignment of Rights if applicable). These are items that are typical recorded on the property with the county.	Jason Conley, Interim Director, Spokane Parks and Recreation

The above persons are considered an "authorized representative(s)/agent(s)" for purposes of the documents indicated. Our organization shall comply with a request from the RCO to provide documentation of persons who may be authorized to execute documents related to the grant.

3. Our organization has reviewed the sample RCO Grant Agreement on the Recreation and Conservation Office's WEB SITE at: <https://rco.wa.gov/wp-content/uploads/2019/06/SampleProjAgreement.pdf>. We understand and acknowledge that if offered an agreement to sign in the future, it will contain an indemnification and legal venue stipulation and other terms and conditions substantially in the form contained in the sample Agreement and that such terms and conditions of any signed Agreement shall be legally binding on the sponsor if our representative/agent enters into an Agreement on our behalf. The Office reserves the right to revise the Agreement prior to execution.
4. Our organization acknowledges and warrants, after conferring with its legal counsel, that its authorized representative(s)/agent(s) have full legal authority to act and sign on behalf of the organization for their assigned role/document.
5. Grant assistance is contingent on a signed Agreement. Entering into any Agreement with the Office is purely voluntary on our part.
6. Our organization understands that grant policies and requirements vary depending on the grant program applied to, the grant program and source of funding in the Agreement, the characteristics of the project, and the characteristics of our organization.
7. Our organization further understands that prior to our authorized representative(s)/agent(s) executing any of the documents listed above, the RCO may make revisions to its sample Agreement and that such revisions could include the indemnification and the legal venue stipulation. Our organization accepts the legal obligation that we shall, prior to execution of the Agreement(s), confer with our authorized representative(s)/agent(s) as to any revisions to the project Agreement from that of the sample Agreement. We also acknowledge and accept that if our authorized representative(s)/agent(s) executes the Agreement(s) with any such revisions, all terms and conditions of the executed Agreement shall be conclusively deemed to be executed with our authorization.
8. Any grant assistance received will be used for only direct eligible and allowable costs that are reasonable and necessary to implement the project(s) referenced above.
9. [for Recreation and Conservation Funding Board Grant Programs Only] If match is required for the grant, we understand our organization must certify the availability of match at least one month before funding approval. In addition, our organization understands it is responsible for supporting all non-cash matching share commitments to this project should they not materialize.
10. Our organization acknowledges that if it receives grant funds managed by the Office, the Office will pay us on only a reimbursement basis. We understand reimbursement basis means that we will only request payment from the Office after we incur grant eligible and allowable costs and pay them. The Office may also determine an amount of retainage and hold that amount until all project deliverables, grant reports, or other responsibilities are complete.
11. [for Acquisition Projects Only] Our organization acknowledges that any property acquired with grant assistance must be dedicated for the purposes of the grant in perpetuity unless otherwise agreed to in writing by our organization and the Office. We agree to dedicate the property in a signed "Deed of Right" for fee acquisitions, or an "Assignment of Rights" for other than fee acquisitions (which documents will be based upon the Office's standard versions of those documents), to be recorded on the title of the property with the county auditor. Our organization acknowledges that any property

acquired in fee title must be immediately made available to the public unless otherwise provided for in policy, the Agreement, or authorized in writing by the Office Director.

12. [for Development, Renovation, Enhancement, and Restoration Projects Only–If our organization owns the project property] Our organization acknowledges that any property owned by our organization that is developed, renovated, enhanced, or restored with grant assistance must be dedicated for the purpose of the grant in perpetuity unless otherwise allowed by grant program policy, or Office in writing and per the Agreement or an amendment thereto.
13. [for Development, Renovation, Enhancement, and Restoration Projects Only–If your organization DOES NOT own the property] Our organization acknowledges that any property not owned by our organization that is developed, renovated, enhanced, or restored with grant assistance must be dedicated for the purpose of the grant as required by grant program policies unless otherwise provided for per the Agreement or an amendment thereto.
14. [Only for Projects located in Water Resources Inventory Areas 1-19 that are applying for funds from the Critical Habitat, Natural Areas, State Lands Restoration and Enhancement, Riparian Protection, or Urban Wildlife Habitat grant categories; Aquatic Lands Enhancement Account; or the Puget Sound Acquisition and Restoration program, or a Salmon Recovery Funding Board approved grant] Our organization certifies the following: the Project does not conflict with the Puget Sound Action Agenda developed by the Puget Sound Partnership under RCW 90.71.310.
15. This resolution/authorization is deemed to be part of the formal grant application to the Office.
16. Our organization warrants and certifies that this resolution/authorization was properly and lawfully adopted following the requirements of our organization and applicable laws and policies and that our organization has full legal authority to commit our organization to the warranties, certifications, promises and obligations set forth herein.

This resolution/authorization is signed and approved on behalf of the resolving body of our organization by the following authorized member(s):

## Applicant Resolution/Authorization

Organization Name (sponsor) City of Spokane Parks and Recreation Division

Resolution No. or Document Name N/A

Project(s) Number(s), and Name(s) Coeur d'Alene Park playground, restroom and access reno

This resolution/authorization authorizes the person(s) identified below (in Section 2) to act as the authorized representative/agent on behalf of our organization and to legally bind our organization with respect to the above Project(s) for which we seek grant funding assistance managed through the Recreation and Conservation Office (Office).

WHEREAS, grant assistance is requested by our organization to aid in financing the cost of the Project(s) referenced above;

NOW, THEREFORE, BE IT RESOLVED that:

1. Our organization has applied for or intends to apply for funding assistance managed by the Office for the above "Project(s)."
2. Our organization authorizes the following persons or persons holding specified titles/positions (and subsequent holders of those titles/positions) to execute the following documents binding our organization on the above projects:

Grant Document	Name of Signatory or Title of Person Authorized to Sign
Grant application (submission thereof)	Jason Conley, Interim Director, Spokane Parks & Recreation
Project contact (day-to-day administering of the grant and communicating with the RCO)	Nicholas Hamad, Park planning and Development Manager Spokane Parks and Recreation
RCO Grant Agreement (Agreement)	Jason Conley, Interim Director, Spokane Parks and Recreation
Agreement amendments	Jason Conley, Interim Director, Spokane Parks and Recreation
Authorizing property and real estate documents (Notice of Grant, Deed of Right or Assignment of Rights if applicable). These are items that are typical recorded on the property with the county.	Jason Conley, Interim Director, Spokane Parks and Recreation

The above persons are considered an "authorized representative(s)/agent(s)" for purposes of the documents indicated. Our organization shall comply with a request from the RCO to provide documentation of persons who may be authorized to execute documents related to the grant.

3. Our organization has reviewed the sample RCO Grant Agreement on the Recreation and Conservation Office's WEB SITE at: <https://rco.wa.gov/wp-content/uploads/2019/06/SampleProjAgreement.pdf>. We understand and acknowledge that if offered an agreement to sign in the future, it will contain an indemnification and legal venue stipulation and other terms and conditions substantially in the form contained in the sample Agreement and that such terms and conditions of any signed Agreement shall be legally binding on the sponsor if our representative/agent enters into an Agreement on our behalf. The Office reserves the right to revise the Agreement prior to execution.
4. Our organization acknowledges and warrants, after conferring with its legal counsel, that its authorized representative(s)/agent(s) have full legal authority to act and sign on behalf of the organization for their assigned role/document.
5. Grant assistance is contingent on a signed Agreement. Entering into any Agreement with the Office is purely voluntary on our part.
6. Our organization understands that grant policies and requirements vary depending on the grant program applied to, the grant program and source of funding in the Agreement, the characteristics of the project, and the characteristics of our organization.
7. Our organization further understands that prior to our authorized representative(s)/agent(s) executing any of the documents listed above, the RCO may make revisions to its sample Agreement and that such revisions could include the indemnification and the legal venue stipulation. Our organization accepts the legal obligation that we shall, prior to execution of the Agreement(s), confer with our authorized representative(s)/agent(s) as to any revisions to the project Agreement from that of the sample Agreement. We also acknowledge and accept that if our authorized representative(s)/agent(s) executes the Agreement(s) with any such revisions, all terms and conditions of the executed Agreement shall be conclusively deemed to be executed with our authorization.
8. Any grant assistance received will be used for only direct eligible and allowable costs that are reasonable and necessary to implement the project(s) referenced above.
9. [for Recreation and Conservation Funding Board Grant Programs Only] If match is required for the grant, we understand our organization must certify the availability of match at least one month before funding approval. In addition, our organization understands it is responsible for supporting all non-cash matching share commitments to this project should they not materialize.
10. Our organization acknowledges that if it receives grant funds managed by the Office, the Office will pay us on only a reimbursement basis. We understand reimbursement basis means that we will only request payment from the Office after we incur grant eligible and allowable costs and pay them. The Office may also determine an amount of retainage and hold that amount until all project deliverables, grant reports, or other responsibilities are complete.
11. [for Acquisition Projects Only] Our organization acknowledges that any property acquired with grant assistance must be dedicated for the purposes of the grant in perpetuity unless otherwise agreed to in writing by our organization and the Office. We agree to dedicate the property in a signed "Deed of Right" for fee acquisitions, or an "Assignment of Rights" for other than fee acquisitions (which documents will be based upon the Office's standard versions of those documents), to be recorded on the title of the property with the county auditor. Our organization acknowledges that any property

acquired in fee title must be immediately made available to the public unless otherwise provided for in policy, the Agreement, or authorized in writing by the Office Director.

12. [for Development, Renovation, Enhancement, and Restoration Projects Only–If our organization owns the project property] Our organization acknowledges that any property owned by our organization that is developed, renovated, enhanced, or restored with grant assistance must be dedicated for the purpose of the grant in perpetuity unless otherwise allowed by grant program policy, or Office in writing and per the Agreement or an amendment thereto.
13. [for Development, Renovation, Enhancement, and Restoration Projects Only–If your organization DOES NOT own the property] Our organization acknowledges that any property not owned by our organization that is developed, renovated, enhanced, or restored with grant assistance must be dedicated for the purpose of the grant as required by grant program policies unless otherwise provided for per the Agreement or an amendment thereto.
14. [Only for Projects located in Water Resources Inventory Areas 1-19 that are applying for funds from the Critical Habitat, Natural Areas, State Lands Restoration and Enhancement, Riparian Protection, or Urban Wildlife Habitat grant categories; Aquatic Lands Enhancement Account; or the Puget Sound Acquisition and Restoration program, or a Salmon Recovery Funding Board approved grant] Our organization certifies the following: the Project does not conflict with the Puget Sound Action Agenda developed by the Puget Sound Partnership under RCW 90.71.310.
15. This resolution/authorization is deemed to be part of the formal grant application to the Office.
16. Our organization warrants and certifies that this resolution/authorization was properly and lawfully adopted following the requirements of our organization and applicable laws and policies and that our organization has full legal authority to commit our organization to the warranties, certifications, promises and obligations set forth herein.

**CITY OF SPOKANE**  
**PARKS AND RECREATION**  
**RIVERFRONT PARK EVENT AGREEMENT**

This Agreement is made and entered into by and between the **CITY OF SPOKANE PARKS AND RECREATION** as (“City”), a Washington municipal corporation, and **SPOKANE LILAC FESTIVAL ASSOCIATION** a non-profit organization, whose address is 901 North Monroe Street, Suite 222A Spokane, Washington 99201, as (“Licensee”), individually hereafter referenced as a “party”, and together as the “parties”.

The parties agree as follows:

1. **PERFORMANCE.** The City will provide use of the Riverfront Park Pavilion Amphitheater for Licensee’s Spokane Lilac BrewFest May 18, 2024, in accordance with the Riverfront Reservation Contract attached as Exhibit B. Per the terms of Exhibit B, Licensee shall pay a total of \$5,025.00 for Pavilion, dumpster and fencing rental as more specifically itemized in Exhibit B. The Licensee will be using the grounds of the Pavilion to produce a ticketed craft beer tasting event that will feature breweries pouring samples of beer to attendees under a Washington State Special Occasion License. Event will also feature live music stage. Hours of the event will be Noon to 5pm. Load-in will begin at 10am. Load-out will conclude by 11pm.
2. **CONTRACT TERMS.** The Contract shall begin March 22, 2024, and run through May 19, 2024, unless amended by written agreement or terminated earlier under the provisions.
3. **COMPENSATION.** The City Shall pay Licensee a maximum amount not to exceed **ONE HUNDRED THOUSAND AND NO/100 DOLLARS (\$100,000.00)**, plus applicable tax, for everything furnished and done under this Contract. The Licensee shall pay all expenses and applicable tax prior to the City remitting proceeds from sale of tickets to Event. This is the maximum amount to be paid under this Contract for the work described in Section 1 above, and shall not be exceeded without the prior written authorization of the City in the form of an executed amendment to this Contract.
4. **PAYMENT.** The Licensee shall submit its applications for payment to City of Spokane Parks and Recreation Department, 808 West Spokane Falls Boulevard, 5th Floor, Spokane, Washington 99201. Payment will be made via direct deposit/ACH within forty-five (45) days after receipt of the Licensee's application except as provided by state law. If the City objects to all or any portion of the invoice, it shall notify the Licensee and pay that portion of the invoice not in dispute. In that event, the parties shall immediately make every effort to settle the disputed amount.

5. TAXES. The Licensee understands all paid admission events held at the Premises are subject to admission taxes per Spokane Municipal Code 08.03.020 unless evidence of 501(c)(3) tax-exempt status is furnished to the City thereby rendering the limited admission tax exemption set forth in SMC 08.03.020(5) applicable to this contract.
6. COMPLIANCE WITH LAWS. Each party shall comply with all applicable federal, state, and local laws and regulations.
7. ASSIGNMENTS. This Contract is binding on the parties and their heirs, successors, and assigns. Neither party may assign, transfer or subcontract its interest, in whole or in part, without the other party's prior written consent.
8. AMENDMENTS. This Contract may be amended at any time by mutual written agreement.
9. ANTI-KICKBACK. No officer or employee of the City of Spokane, having the power or duty to perform an official act or action related to this Contract shall have or acquire any interest in the Contract, or have solicited, accepted or granted a present or future gift, favor, service or other thing of value from or to any person involved in this Contract.
10. TERMINATION. Either party may terminate this Contract by thirty (30) days written notice to the other party. In the event of such termination, the City shall pay the Licensee for all work previously authorized and performed prior to the termination date.
11. INSURANCE. During the term of the Agreement, the Licensee shall maintain in force at its own expense, the following insurance coverages:
  - A. Worker's Compensation Insurance in compliance with RCW 51.12.020, which requires subject employers to provide workers' compensation coverage for all their subject workers; and
  - B. General Liability Insurance on an occurrence basis, with a combined single limit of not less than \$1,000,000 each occurrence for bodily injury and property damage. It shall include contractual liability coverage for the indemnity provided under this contract. It shall provide that the City, its officers and employees are additional insureds, but only with respect to the Contractor's services to be provided under this contract;
    - i. Acceptable supplementary Umbrella insurance coverage, combined with the Licensee's General Liability insurance policy must be a *minimum* of \$1,000,000, in order to meet the insurance coverages required under this Contract;
  - C. Automobile Liability Insurance with a combined single limit, or the equivalent of not less than \$1,000,000 each accident for bodily injury and property damage, including coverage for owned, hired and non-owned vehicles.

There shall be no cancellation, material change, reduction of limits or intent not to renew the insurance coverage(s) without sixty (60) days written notice from the Licensee or its insurer(s) to the City. As evidence of the insurance coverage(s) required by this Agreement, the Licensee shall furnish acceptable Certificates of Insurance (COI) to the City at the time it returns this signed Agreement. **The certificate shall specify the City of Spokane as "Additional Insured"** specifically for Licensee's services under this Agreement, as well as all of the parties who are additional insureds, and include applicable policy endorsements, the sixty (60) day cancellation

clause, and the deduction or retention level. The Licensee shall be financially responsible for all pertinent deductibles, self-insured retentions, and/or self-insurance.

12. INDEMNIFICATION. The Licensee shall defend, indemnify, and hold the City and its officers and employees harmless from all claims, demands, or suits at law or equity asserted by third parties for bodily injury (including death) and/or property damage which arise from the Licensee's negligence or willful misconduct under this Agreement, including attorneys' fees and litigation costs; provided that nothing herein shall require a Licensee to indemnify the City against and hold harmless the City from claims, demands or suits based solely upon the negligence of the City, its agents, officers, and employees. If a claim or suit is caused by or results from the concurrent negligence of the Licensee's agents or employees and the City, its agents, officers and employees, this indemnity provision shall be valid and enforceable to the extent of the negligence of the Licensee, its agents or employees. The Licensee specifically assumes liability and agrees to defend, indemnify, and hold the City harmless for actions brought by the Licensee's own employees against the City and, solely for the purpose of this indemnification and defense, the Licensee specifically waives any immunity under the Washington State industrial insurance law, or Title 51 RCW. The Licensee recognizes that this waiver was specifically entered into pursuant to the provisions of RCW 4.24.115 and was the subject of mutual negotiation. The indemnity and agreement to defend and hold the City harmless provided for in this section shall survive any termination or expiration of this agreement.

13. DEBARMENT AND SUSPENSION. The Licensee has provided its certification that it is in compliance with and shall not contract with individuals or organizations which are debarred, suspended, or otherwise excluded from or ineligible from participation in Federal Assistance Programs under Executive Order 12549 and "Debarment and Suspension", codified at 29 CFR part 98.

14. SEVERABILITY. In the event any provision of this Contract should become invalid, the rest of the Contract shall remain in full force and effect.

15. STANDARD OF PERFORMANCE. The silence or omission in the Contract regarding any detail required for the proper performance of the work, means that the Licensee shall perform the best general practice.

16. NONDISCRIMINATION. No individual shall be excluded from participation in, denied the benefit of, subjected to discrimination under, or denied employment in the administration of or in connection with this Contract because of age, sex, race, color, religion, creed, marital status, familial status, sexual orientation including gender expression or gender identity, national origin, honorably discharged veteran or military status, the presence of any sensory, mental or physical disability, or use of a service animal by a person with disabilities. The Licensee agrees to comply with, and to require that all subcontractors comply with, Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act, as applicable to the Licensee.

17. BUSINESS REGISTRATION REQUIREMENT. Section 8.01.070 of the Spokane Municipal Code states that no person may engage in business with the City without first having obtained a valid annual business registration. The Licensee shall be responsible for contacting the State of Washington Business License Services at [www.dor.wa.gov](http://www.dor.wa.gov) or 360-705-6741 to obtain a business registration. If the Licensee does not believe it is required to obtain a business registration, it may contact the City's Taxes and Licenses Division at (509) 625-6070 to request an exemption status determination.

18. AUDIT / RECORDS. The Licensee and its subcontractors shall maintain for a minimum of three (3) years following final payment all records related to its performance of the Contract. The Licensee and its subcontractors shall provide access to authorized City representatives, at reasonable times and in a reasonable manner to inspect and copy any such record. In the event of conflict between this provision and related auditing provisions required under federal law applicable to the Contract, the federal law shall prevail.

19. CONFIDENTIALITY/PUBLIC RECORDS. Notwithstanding anything to the contrary, City will maintain the confidentiality of Licensee's materials and information only to the extent that is legally allowed in the State of Washington. City is bound by the State Public Records Act, RCW Ch. 42.56. That law presumptively makes all records in the possession of the City public records which are freely available upon request by anyone. In the event that City gets a valid public records request for Licensee's materials or information and the City determines there are exemptions only the Licensee can assert, City will endeavor to give Licensee notice. Licensee, at its own expense, will be required to go to Court to get an injunction preventing the release of the requested records. In the event that Licensee does not get a timely injunction preventing the release of the records, the City will comply with the Public Records Act and release the records.

20 DISPUTES. This Contract shall be performed under the laws of the State of Washington. Any litigation to enforce this Contract or any of its provisions shall be brought in Spokane County, Washington.

**EXHIBIT A**  
**TERMS AND CONDITIONS FOR RIVERFRONT PARK – PUBLIC AND PRIVATE EVENTS**

This statement of Terms and Conditions relates to the non-exclusive revocable license to use specific area(s) and facilities ("Premises") of Riverfront Park located at 507 North Howard Street, Spokane, Washington 99201, for the subject event between the CITY OF SPOKANE PARKS AND RECREATION DEPARTMENT, as "The City," and the party identified on the associated Riverfront Park Use Agreement or Group Reservation Contract, hereinafter referred to as "Licensee." To the extent terms vary or are in conflict between this document and the Riverfront Park Use Agreement or contract, if applicable, the terms of the Riverfront Park Use Agreement or contract shall govern.

**EVENTS IN RIVERFRONT PARK**

These Terms and Conditions apply to all special uses which are staged within the boundaries of Riverfront Park, or have impact upon its property and/or facilities. It is the sole responsibility of Licensee to ensure participants have knowledge of and are in compliance with the following Terms and Conditions.

**LAWS, RULES, & REGULATIONS**

Licensee may use the Premises during such times and for the purposes set forth in the associated Use Agreement or Group Reservation Contract and at no other time and for no other purpose without the City's prior written consent. Licensee shall comply with all Laws applicable to Licensee, the Premises, this License Agreement and Licensee's activities and obligations hereunder, and shall have the sole responsibility for costs, fees, or expenses associated with such compliance. As used herein, the term "Laws" shall mean any and all statutes, laws, ordinances, codes, rules or regulations or any order, decision, injunction, judgment, award or decree of any public body or authority having jurisdiction over Licensee, the Premises, this License Agreement, and/or Licensee's obligations under this License Agreement. If any governmental license or permit is required or

desirable for the proper and lawful conduct of Licensee's activities in or on the Premises, or if the failure to secure such a license or permit might in any way affect the City, then Licensee, at Licensee's sole cost and expense, shall procure and thereafter maintain such license or permit and submit the same to inspection by the City. Licensee, at Licensee's sole cost and expense, shall at all times comply with the requirements of each such license or permit.

**CONDITION OF PREMISES**

Licensee has inspected the Premises, accepts its condition and agrees that there are no repairs, changes, or modifications to be made to the Premises by the City to accommodate Licensee's intended use of the Premises. Licensee accepts the Premises "as is," subject to all existing liens, encumbrances and other matters of record and all zoning and building regulations which affect the Premises. Licensee acknowledges that the City, its agents, officers or employees have not made any representations or warranty with respect to the Premises or the suitability for Licensee's intended use and that no representations or warranty have been made as to the state of construction or repair of the Premises.

**SITE PLAN**

Depending on the nature of the event, a site plan may be required. If an activity interferes with normal park operations or requires special arrangements, including, but not limited to additional power, potable water, fencing, vendor information booths, tents, canopies, stages, air inflated balloon or characters, first-aid stations, lost & found areas, portable restrooms, vehicles on site, temporary concession booths, beverage gardens and/or temporary reduction of irrigation park grounds, or additional on-site signs or banners, a site plan will be required. All canopies, tents, inflatables and other similar structures MUST be secured by weights. NO STAKES ALLOWED. A site plan must show the

Updated March 2023

locations of all elements of the activity. This plan may need the approval of other city and county departments and/or agencies. The City always retains the right to alter site plans if, in the opinion of park management, certain grounds/facility conditions cannot support the special use as planned or if the set up interferes with normal park operations.

**RUNS, WALK, & RACES**

The City reserves the right to change the routes of runs/walks/races if, at the discretion of the City, the route interferes with normal park operations, raises public safety concerns or the turf conditions cannot support the event. Participants must stay on pathways in the park. The City encourages the use of cones, free standing signage, and volunteers to make sure participants stay on course. Signs are not allowed to be nailed, stapled, or bungee corded to trees, buildings, light poles, or road signs, and/or stakes driven into the ground, and/or the marking of any pavement or hard surface. Any marking used to designate the route must be removed at the conclusion of the event.

**VEHICLES IN THE PARK**

Private vehicles are not allowed in Riverfront Park without a valid vehicle permit. Vehicle permits may be obtained by contacting your event manager. All vehicles related to an event must have a vehicle permit displayed in the front window when on park property. Proof of insurance may be requested before vehicle permits are issued. Vehicles may not remain on Riverfront Park grounds during an event unless stated on an approved facility use agreement and vehicle permit. To remain on site a vehicle must: 1) have a vehicle permit in front window; 2) be shown on the site plan; and 3) must not interfere with normal park operations. A \$25.00 fee will be issued to vehicles found on park grounds without proper vehicle permits or if the vehicle is located in an unauthorized location. Vehicles may also be impounded at the owner's expense. All damages to park grounds or facilities that have been caused by vehicles will be billed directly to Licensee.

**INSURANCE REQUIREMENTS**

For public and private events with over 200 attendees, a Certificate of Insurance (COI) will be required before a final permit is approved. The Licensee is required to provide a COI which shows \$1 million in worker's compensation, general liability insurance, and automobile insurance and a policy endorsement which names the City of Spokane (808 W. Spokane Falls Blvd., Spokane, WA 99201) as additional insured.

A. Worker's Compensation Insurance in compliance with RCW 51.12.020, which requires subject employers to provide workers' compensation coverage for all their subject workers;

B. General Liability Insurance on an occurrence basis with a combined single limit of not less than \$1,000,000 each occurrence for Bodily Injury and Property Damage. It shall provide that the City, its agents, officers and employees are Additional Insureds but only with respect to the Consultant's services to be provided under this Agreement; and C. Automobile Liability Insurance with a combined single limit, or the equivalent of not less than \$1,000,000 each accident for Bodily Injury and Property Damage, including coverage for owned, hired or non-owned vehicles.

There shall be no cancellation, material change, reduction of limits or intent not to renew the insurance coverage(s) without thirty (30) days written notice from the Consultant or its insurer(s) to the City. As evidence of the insurance coverages required by this Agreement, the Consultant shall furnish an acceptable Certificate of Insurance (COI) to the City at the time the Consultant returns the signed Agreement.

**FOOD & BEVERAGE EXCLUSIVITY**

Riverfront Park has an exclusive service provider for select concession food and beverage operations, alcohol sales and service and catering at the U.S. Pavilion, Loeff Carrousel and Numerica Skate Ribbon and SkyRide.

Updated March 2023

**BEVERAGE SALES**

Riverfront Spokane is the exclusive provider of all non-alcoholic beverages in Riverfront Park. Non-alcoholic beverage sales and/or sampling may not occur without written approval by Park management.

**ALCOHOL POLICY**

The procurement and distribution of alcoholic beverages within Riverfront Spokane outdoor venues is subject to review and approval of Riverfront management and the Washington State Liquor and Cannabis Board (WSLCB). Licensees must be granted a permit through the WSLCB that must be displayed on premise throughout the duration of the special event. Additionally, licensee must obtain a special event permit through the Spokane Fire Department and work collaboratively with park management and rangers on security plans to ensure proper public safety protocols are implemented.

**TOBACCO-FREE PARK ZONES POLICY**

In September 2009, the Spokane Parks and Recreation Board established a Tobacco-Free Zones policy for Spokane Parks and Recreation Areas and Facilities. This policy requires that tobacco-free zones be established at large public events conducted in Parks and Recreation areas and/or facilities. Rules of procedure include, but are not limited to the following: 1) tobacco-free zones areas are established where children recreate such as playgrounds, swimming pools, splash pads, picnic shelters, park restrooms, skate parks, formal gardens, etc.; 2) a current list of community events where tobacco use will be restricted is available through the Riverfront Park Special Events coordinator (other events may be added as appropriate); 3) the Spokane Parks and Recreation Department will provide and install standardized tobacco-free one signs when required; 4) temporary event signage will be the responsibility of the event licensee; 5) the promotion of tobacco based products is prohibited at all park properties and events conducted on park property; 6) each and every request for an event permit will require a review

of the Tobacco policy with the user group; and 7) enforcement of this policy will be self-directed and by peer pressure influence. Voluntary compliance will be encouraged through signage, educational material and public information releases. The entire Tobacco-Free Zone Policy is available through the Riverfront Park events office.

**GARBAGE, WASTE WATER, & GARABGE DISPOSAL**

Site plans must include plans for the disposal of excess garbage or other waste directly related to the event. Storm drains, man holes, restrooms, grass/shrubbery or the river are not to be used for this disposal. Proper disposal methods will be strictly enforced. Licensee will be charged for disposal of waste or any damage which occurs as a result of improper disposal.

**PERSONNEL & EQUIPMENT**

Depending on the nature of the event, extra services, including security personnel or additional equipment may be required. The cost will be paid by the licensee. All extra services must be requested no later than 21 working days prior to the event. If available, extra services/equipment requested less than 10 days prior to the event will be charged at twice the regular rate.

**RESTROOMS**

While many areas of Riverfront Park are equipped with restroom facilities, these may not be adequate for large events. The County Health Department advises to have one (1) portable restroom for every 250 people. The number and location of portable restrooms will be determined by the Park’s Event Manager. Five percent (5%) of all portable rest rooms must be ADA approved. Licensee is solely responsible for the expense of portable restroom(s).

**MUSIC/PUBLIC ADDRESS SYSTEMS/NOISE ORDINANCE**

P.A. systems cannot be used after 10:00 p.m. unless a variance has been granted by the City of Spokane Code Enforcement office and Riverfront

Updated March 2023

LB

Park management. The City retains the right to control the P.A. volume. When music or a public address system is necessary for a special use activity, manager approval is necessary and the licensee is responsible to: 1) get proper approval from the Park and City of Spokane Code Enforcement office; 2) use professional audio / stage technicians; 3) adhere to "start/end" times; 4) ensure the use of approved staging; 5) provide all extra services and equipment as necessary; and 6) inappropriate language or actions may result in the privilege being revoked.

**PUBLIC ACCESS/GREEN SPACE**

It is the desire of the City to maintain free public access to Riverfront Park facilities and grounds. However, under certain circumstances, restricting public access to park facilities and areas may be allowed. It is the licensee's responsibility to provide appropriate signs directing the public to alternate pathways away from any limited access areas. Spokane Parks and Recreation Department desires to maintain all city parks as open green spaces. To accomplish this, Riverfront Park may have limited scheduling to allow time for re-seeding, watering and growing time. Scheduling shall reflect a policy to minimize impact and maximize renovation and growing time.

**NONDISCRIMINATION**

No individual shall be excluded from participation in, denied the benefit of, subjected to discrimination under, or denied employment in the administration of or in connection with this Agreement because of age, sex, race, color, religion, creed, marital status, familial status, sexual orientation including gender expression or gender identity, national origin, honorably discharged veteran or military status, the presence of any sensory, mental or physical disability, or use of a service animal by a person with disabilities. The Licensee agrees to comply with, and to require that all subcontractors comply with, Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act, as applicable to the Licensee.

**DAMAGES**

Licensee shall not cause or permit anything to be done to injure, mark, or in any manner deface the Premises or any equipment located on the Premises. Licensee shall keep the Premises and facilities clean and safe from damage. In the event of damage to the Premises or equipment, the Licensee shall pay to the City, on demand, the sums needed to fully restore the Premises or equipment, or repair the damage. The damage shall include crowd damage as a result of failure to maintain order, and / or failure to have a sufficient security force in place necessary to maintain order.

**AGREEMENT SUSPENDED**

In the event of impossibility or impracticality of the event/activity because the Premises or any part is destroyed or damaged or rendered unfit for occupancy or in case of emergency or strike, this Agreement shall at the option of the City be suspended and the City shall return to the Licensee any advance payment without further liability or obligation. The Licensee waives all rights of actions against the City for loss of use of the Premises, including consequential losses, due to fire or other hazards, however caused.

**APPEALS**

All restrictions, conditions and fees, or the denial of a permit may be appealed to the Riverfront Park Director or designee. Appeals must be at least thirty (30) days in advance of the activity and must be in writing. The name, address and phone number of the applicant; name of the activity, a description of the proposed activity, date of the requested usage and the nature of the appeal must all be on the appeal request. Your park representative will make every attempt to be in contact with you within 10 working days with the results of the appeals process.

**INDEMNIFICATION**

Licensee shall defend, indemnify, and hold the City and its officers and employees harmless from all claims, demands, or suits at law or equity asserted by third parties for bodily injury

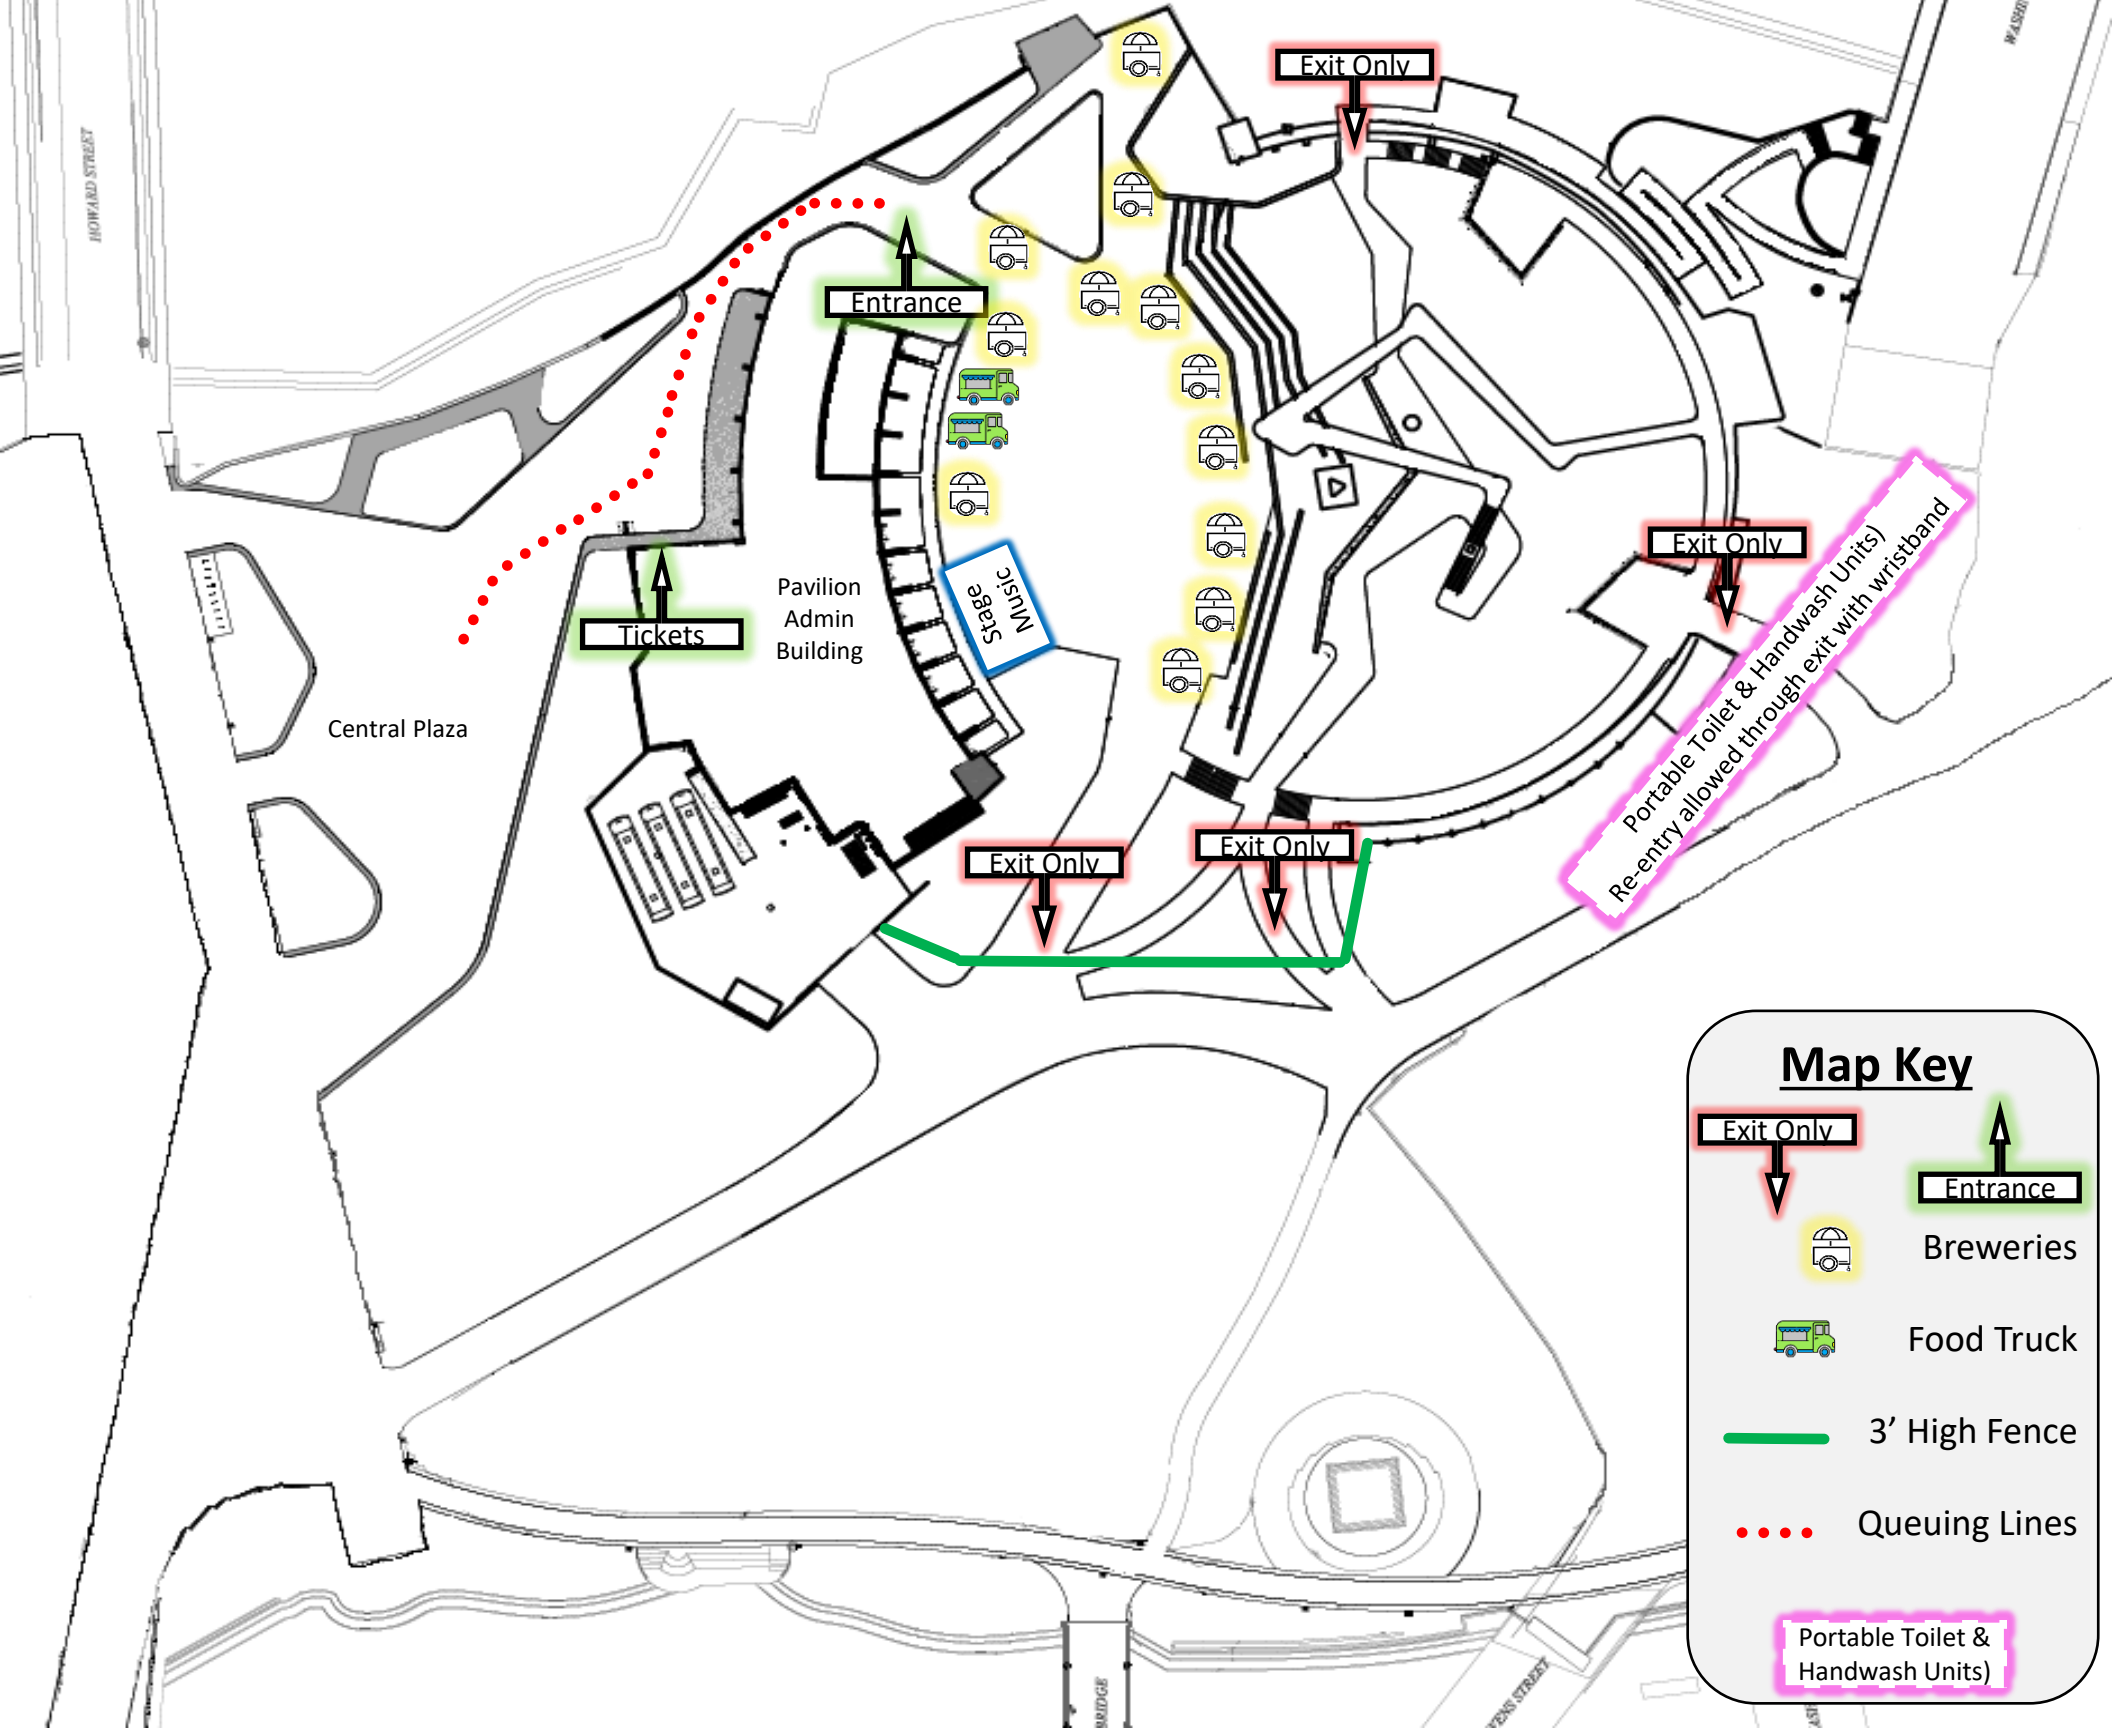

Updated March 2023

(including death) and/or property damage which arise from Licensee's negligence or willful misconduct under this Agreement, including attorneys' fees and litigation costs; provided that nothing herein shall require Licensee to indemnify the City against and hold harmless the City from claims, demands or suits based solely upon the negligence of the City, its agents, officers, and employees. If a claim or suit is caused by or results from the concurrent negligence of Licensee's agents or employees and the City, its agents, officers and employees, this indemnity provision shall be valid and enforceable to the extent of the negligence of Licensee, its agents or employees. Licensee specifically assumes liability and agrees to defend, indemnify, and hold the City harmless for actions brought by Licensee's own employees against the City and, solely for the purpose of this indemnification and defense, Licensee specifically waives any immunity under the Washington State industrial insurance law, or Title 51 RCW. Licensee recognizes that this waiver was specifically entered into pursuant to the provisions of RCW 4.24.115 and was the subject of mutual negotiation. The indemnity and agreement to defend and hold the City harmless provided for in this section shall survive any termination or expiration of this agreement.

**CONTRACT DOCUMENTS**

This statement of Terms and Conditions and the Licensee's associated Use Agreement or Group Reservation Contract comprise the complete understanding between the parties.

CITY OF SPOKANE  
PARK BOARD RESOLUTION

A RESOLUTION requesting City Council retain the Citywide Park Improvement and Safety Levy on the August 2024 ballot.

WHEREAS, the City of Spokane owns and operates 3,900+ acres of parks & natural lands within and outside of the City of Spokane; and

WHEREAS, the Park Board is empowered by the City Charter with exclusive jurisdiction and control to lay out, establish, procure, purchase, accept, and have the care, management control and improvement of, all parks and grounds used for park purposes, all boulevards and parkways, and connecting parks and structures thereon located both within and outside of the City of Spokane; and

WHEREAS, City spending on parks has significantly decreased as a portion of the City's budget since a City Charter change and removal of an automatic fixed levy of property tax for park purposes in 1983 (RES 83-72); and

WHEREAS, there has been no substantial citywide investment in the City's neighborhood parks since 1999 and neighborhood park conditions have slowly deteriorated as a result; and

WHEREAS, for example, 2/3 of all park playgrounds, 1/2 of all park restrooms, and 1/4 of all park sport courts citywide require complete replacement to restore and continue service; and

WHEREAS, without additional funding dedicated to the renovation, replacement, enhancement, and addition of neighborhood parks citywide, the level of park service within the community will be significantly reduced; and

WHEREAS, the Park Board will be required to remove deteriorating playgrounds, restrooms, sport courts, and park grounds from service without additional funding dedicated to the ongoing renovation, replacement, enhancement of these facilities, amongst others; and

WHEREAS, the five-year financial forecast for Parks and Recreation anticipates annual expense growth exceeding annual revenue growth, which would require a reduction in core services in order to achieve a balanced budget, which is a requirement of the Park Board Financial Management policy (Admin 1400-14-14); and

WHEREAS, commencing in February of 2021 and culminating in the “Healthy Parks, Healthy Neighborhoods” park investment program, the Park Board and its agents dedicated over 2.5 years of staff time and financial resources to completing park system assessments, conducting substantial award-winning public outreach regarding the city park system, and convening an ad-hoc executive committee of city leaders to develop a thoughtful and affordable method for improving the City’s neighborhood parks to better meet citizen expectations; and

WHEREAS, on October 12<sup>th</sup>, 2023 the Park Board adopted the “Healthy Parks, Healthy Neighborhoods” park investment program and recommended City Council place a single year levy lid lift measure of approximately \$0.29/\$1,000 of assessed valuation on the February 13, 2024 ballot to fund the adopted citywide park capital and operational improvements (OPR 2023-1088); and

WHEREAS, the “Healthy Parks, Healthy Neighborhoods” park investment program is an affordable investment in the health, safety, and welfare of the Citizens of Spokane, and is therefore a key component with the City’s commitment to improving community public safety.

WHEREAS, recent previous investments within Spokane’s neighborhood parks in Liberty Park and Dutch Jake’s Park have empirically shown physical investment in the renovation, replacement, and improved maintenance of public park spaces reduces criminal calls for service and improves perceived safety within and adjacent to those investments; and

WHEREAS, after over 3 years of thoughtful analysis, public engagement, and committee evaluation, it is the opinion of the Park Board the citizens of Spokane be given an opportunity to vote on a neighborhood park improvement measure promptly after the city engaged the public to determine community priorities and desires for improvements to city park service; and

WHEREAS, the proposed park levy has already been deferred from February 2024 to August 2024 previously; and

WHEREAS, on December 4<sup>th</sup>, 2023 City Council adopted a ballot resolution placing the citywide neighborhood park improvement levy on the August 06, 2024 election (RES 2023-0095); and

NOW, THEREFORE,

BE IT RESOLVED by the Park Board to strongly recommend City Council retain the Citywide Park Improvement and Safety Levy on the August 06, 2024 ballot as approved by City Council in December of 2023 to respect the thoughtful work completed and allow for citizen choice in their local government; and

BE IT FURTHER RESOLVED the Park Board supports a thoughtful and methodical future investment in public safety and views both neighborhood park investment and increased public safety a collaborative investment into the Spokane community.

INTERDEPARTMENTAL AGREEMENT BETWEEN PUBLIC WORKS AND  
PARKS & RECREATION DEPARTMENT REGARDING GREEN AREA  
MAINTENANCE PILOT PROGRAM

THIS AGREEMENT is between the City of Spokane, Public Works Division, on behalf of the Water, Wastewater Management and Streets departments, located at Second Floor City Hall, 808 W. Spokane Falls Blvd, Spokane, Washington 99201, hereafter referred to as "Public Works" and the City of Spokane, Parks and Recreation Department, whose address is Fifth Floor City Hall, 808 W. Spokane Falls Boulevard, Spokane, Washington 99201, herein after referred to as "Parks".

WHEREAS, the City of Spokane ("City") owns and operates a Water-Wastewater Utility pursuant to chapter 35.67 RCW and other applicable laws. Public Works operates the Water-Wastewater Utility as a separate system and enterprise; and

WHEREAS, Public Works also manages the Street Department, which generally is responsible for managing the City's street system, which encompasses much of the public right of way; and

WHEREAS, Public Works has traditionally maintained open, non-developed, green areas located within the public right of way, including traffic medians, stormwater management facilities, and related facilities ("Green Areas"); and

WHEREAS, the City, through its Park Board, operates a Park and Recreation Department ("Parks") pursuant to the Spokane City Charter and manages thousands of acres of open/green space; and

WHEREAS, the Parks Department has expertise in managing and maintaining Green Areas and is well-suited to take on responsibilities for maintenance of Green Areas located within the right of way, gaining efficiencies of scale by consolidating this work with its regular park operations and maintenance activities; and

WHEREAS, currently there are hundreds of locations city wide that are designated Green Areas and are being maintained by various Public Works departments; and

WHEREAS, the City is committed to maintaining these spaces for the benefit of the citizens in the most cost-effective and efficient manner possible; and

WHEREAS, Public Works spends an inordinate amount of time to manage and maintain these Green Areas and its resources are better spent elsewhere; and

WHEREAS, coordination and consolidation of the individual Green Areas provides for efficiencies of scale and greatly benefits all Public Works Departments, to include Water, Wastewater, Streets and Parks Departments, along with the citizens of the City of Spokane; and

WHEREAS, the Parties have negotiated terms and conditions to transfer the responsibility for caring for these facilities to Parks, outlined herein:

NOW THEREFORE, the Parties mutually agree as follows:

1. PARTIES: The Parties understand they are all part of the same municipal corporation, and, though they operate as independent departments and divisions of the City and are subject to separate budgetary and legal requirements and procedures, they desire to reflect their relationship most efficiently through this Interdepartmental Agreement. The Public Works on behalf of Water, Wastewater and Streets is represented by the Director of Public Works. Parks is represented by the Park Board acting through the Parks Director.
2. PURPOSE: The purpose of this MOU is to establish the terms and conditions for:
  - 2.1 Establishing a maintenance program to maintain the Green Areas which are generally located within the public right of way to include without limitation program plan development, project management, mowing, clean up, weed control, tree care, edging maintenance, irrigation, etc.
  - 2.2 Green Areas are defined to include without limitation those areas which are generally open, non-developed, and green areas located within the public right of way, or contemporaneous to public right of way, including traffic medians, stormwater management facilities, and other such related facilities.
3. DURATION: This Interdepartmental Agreement shall be effective upon final signature and shall remain in effect through December 31, 2025. This period is considered a pilot period. Within six (6) months prior to expiration of the pilot period, the Parties agree to review the effectiveness of this Agreement and determine if a permanent agreement should be developed.
4. TERMS:

4.1 Parks will be responsible for maintenance of Green Areas pursuant to Attachment "A", to the extent the payment and resources provided by Public Works allows for the duration of this Agreement. In the event there are insufficient resources to cover the maintenance of the items in Attachment "A", the Parties will mutually agree in writing to the maintenance prioritization of the identified spaces.

4.2 Maintenance of Green Areas pursuant to Attachment "A" shall include without limitation the following: program plan development; project management, mowing, clean up, weed control, tree care, edging maintenance, fertilizing, landscaping, irrigation system maintenance, etc.

4.3 Public Works also agrees to pay for water used at Green Areas pursuant to Attachment "A".

4.4 New Green Areas which are constructed and intended to be maintained pursuant to this Agreement will be agreed to by both Parties, at which time, the Parties will determine whether there are any additional costs for maintenance. The list of locations contained in Attachment "A" shall be updated on at least an annual basis. Public Works will identify those locations at the project conception and upon completion provide Parks with written information.

4.5 Parks with the park planning department, will establish uniform standards for landscape commensurate with the area's intended use. Parks will work with Public Works to ensure that ongoing maintenance and operations are considered prior to project start of any new Green Areas that are intended to be added to Parks responsibility under this Agreement.

5. PAYMENT: As consideration for the terms outlined herein, the Parties agree that Public Works shall fund annually the sum not to exceed ONE MILLION ONE HUNDRED THOUSAND Dollars (\$1,100,000) for Parks to maintain the Green Areas listed in Exhibit "A". Any modification of this amount shall be in writing, signed by both Parties.

Parks will provide invoices to Public Works on a monthly basis to support this payment. On an annual basis, the Parties shall review, evaluate and adjust as necessary.

6. INDEMNIFICATION:

6.1 Public Works shall indemnify and hold harmless Parks, its employees and agents for any loss, claim or action to which they may be put by reason of this Agreement, except to the extent Parks, its employees and agents are determined to have acted negligently.

6.2 Parks shall indemnify and hold harmless Public Works, its employees and agents for any loss, claim or action to which they may be put by reason of this Agreement except to the extent Public Works, its employees and agents are determined to have acted negligently.

7. ENTIRE MOU: This MOU contains the entire understanding of the Parties, and there are no other promises or conditions in any other Agreement whether oral or written concerning the subject matter of this MOU. This MOU supersedes any prior written or oral MOU or arrangement between the Parties.
8. AMENDMENT: This MOU may only be modified or amended in writing, if the writing is signed by all Parties.
9. SEVERABILITY: If any portions of this MOU will be held to be invalid or unenforceable for any reason, the remaining provisions will continue to be valid and enforceable. If a court finds that any provision of this MOU is invalid or unenforceable but that by limiting such provision it would become valid and enforceable, then such provision will be deemed to be written, construed, and enforced as so limited.

A RESOLUTION supporting the Thorpe Road Property Application to the Washington State Trust Land Transfer Program

As our residential neighborhoods expand and the City grows, it is important to keep open spaces for people to recreate and experience natural areas within our city limits. Please support this transfer.

Thank you,

Carol

I am a 24 year resident of Latah Valley. As you are aware I am sure there are continuous plans for more and more housing in an area where the infrastructure is woefully lacking. In addition, there are no parks in the area as well. More development in an area that is already critically lacking in proper road development, fire station, lack of adequate evacuation for quick exits in the event of more fires makes no sense.

I strongly support the 192 acres be allocated for parks and open space in an area where none currently exists.

Thank you for your attention,

Please add my vote for the Thorpe property to be acquired by Spokane City Parks!

One of the things that make Spokane such an attractive place to live and visit is the natural areas within and around the city. There are many available spaces within the city that could be used for more housing, but this land needs to be preserved. It would be a shame to deprive future generations of the pleasure of enjoying this area that a park with trees, trails and wildlife will provide. Please make sure we don't make a mistake that can't be reversed!

Please support the bid to acquire the Thorpe property transfer from the Department of Natural Resources. This land is perfect for use as a natural area within the city. There are a lot of empty spaces in the city that can be used for housing but it would be a terrible mistake to develop this one! We have the opportunity to make this into an urban park with trails that everyone can enjoy now and for future generations. This is what we all love about Spokane, so I urge you to support this acquisition wholeheartedly!

Hello,

As a resident of Latah Valley, I am reaching out with the hope that you will consider expanding our parks rather than selling this picturesque land to developers. What our city truly needs is more green spaces, trees, and natural areas, not more residential developments. Currently, we are facing numerous challenges due to inadequate infrastructure in Latah Valley. I urge you to prioritize the creation of new, beautiful recreational areas where families can gather and enjoy nature together.

Thank you for your attention to this matter.

Park Board, Staff, and Interested Parties,

This email is in SUPPORT of the trust land transfer of the Washington Department of Natural Resources Thorp Road Property to the City of Spokane for the purpose of park and natural area. Please pass the resolution which will be before the Land Committee today.

I am a community volunteer for the group Spokane Urban Nature which works to advocate for natural areas within and near the environs of Spokane. I am a regular, almost daily, urban walker. I have walked in almost every park and piece of undeveloped land in Spokane. This is a choice spot for walking within the city limits of Spokane. This is a has a terrific view to the west.

It's an area which is near to housing and yet to be built housing (I think this is over 3,000 lots permitted). The area is short of parks and recreational spaces and the Latah Valley needs more open space and park access for its residents. This is a perfect spot for the creation of a community park with a large area left to be a bio-diverse natural area. I have hiked this area – clearly it is used by moose, deer, a broad range of smaller mammals, birds, and it has a wide variety of native vegetation.

The Spokane Parks Master Plan demonstrates that the residents of the city place high priority on natural areas and for preservation of habitat within the urban core. The Spokane Sustainability Action Plan places emphasis on the access to natural lands. Our community is excited about protecting open space. We have strong volunteer support for this kind of place.

I know that there are many community organizations weighing in on the support of this transfer and I add my voice to this effort.

Thank you for your consideration.

Sincerely

Karen R. Mobley (she/her)

Dear Parks Department,

I support the possible transfer of the Thorpe property to the City of Spokane. I have lived in the neighborhood for almost 26 years, and I have walked the property.

I understand the challenges the neighborhood has with development (none of which are low-income apartments or housing), a lack of public transportation, narrow roads, the Thorpe Tunnels, the challenges of wildfire, fire response, highway 195 and the health of Latah Creek. I am sure you do, too.

Add on to that a lack of a park (the one in Grandview is nice, I took my kids there when they were very young, but it's not big enough for the needs of the neighborhood), seriously dwindling habitat for wildlife and more and more demands on aquifer water for dense development.

What is also really concerning is this challenging interface neighborhood I live in. I mean that politically. The Spokane County Comprehensive Plan is due June 20, 2026. We now have five county commissioners, and the city and county need to work together and allow for a better process for citizen input than has happened in the past. Natural and critical areas are a part of that process.

Build, build, build is not a plan. Natural areas are strongly supported in this county. If the Thorpe property gets developed, it's a done deal, you can't get it back. We just don't have the natural area options as we did in the past, especially with such a large parcel.

Preserving this property for a park and mostly natural area is crucial for quality of life for this area in the county, especially because of how this part of Spokane was developed decades ago. It was not well-planned. We don't need another Eagle Ridge in this part of the county, we need a natural haven for humans and non-humans alike.

Thank you for submitting a letter of intent and application to the DNR TLT program and your continuing support. It is much appreciated.

Sincerely,  
Laura Ackerman

It is vital to the near nature, near perfect character of our community that the land near SR195 and Thorpe road be preserved at this critical point in time.
