A. [City Climate Planning Overview presentation](#) – Maren Murphy

Maren Murphy, from the City's Community and Economic Development Department, shared a presentation on the City's climate planning, which is part of their Comprehensive Plan update.

The Comprehensive Plan is part of state planning framework under the Growth Management Act (GMA) which requires jurisdictions to have long-term plan to look at growth and development over a 20-year period. The plan is a set of visions, goals, policies, and strategies for how the city should grow physically, socially, and economically. The plan is updated every 10 years and Spokane is due in June of 2026. Climate planning was added to the GMA in 2023 under House Bill 1181 which is to ensure that comprehensive plans and development regulations adapt to the effects of a changing climate. This work was funded by the Climate Commitment Act and a planning grant from the WA Department of Commerce which the City Council accepted in February 2024.

Climate planning must address environmental justice, which refers to the fair treatment and meaningful involvement of people in environmental laws, regulations, and policies. Also addressed is climate justice, which recognizes the compounding and disproportionate environmental and health impacts by prioritizing vulnerable populations and overburdened communities. One of the focus areas is on greenhouse gas emissions reduction, with the goal of achieving a target of net-zero emissions by 2050. Another focus is climate resilience, which is anticipating, preparing for, and adapting to changes in climate.

Phase 1 of the planning (2024-2025) entails:

- Project start-up, coordination, and engagement
- Exploring climate impacts and climate justice
- Auditing plans and policies
- Assessing climate vulnerability and risk

Climate engagement began in May with staff interviews to understand how climate affects the different city departments. There has also been work with leadership on a Climate Resiliency and Sustainability Board which will be community and partner focused. Tribal engagement will take place with work groups and a Tribal engagement consultant to identify the ways that climate impacts affect tribal communities. Other community engagement may consist of public surveys, public meetings, and workshops, focus groups, and online engagement.

6. [Financial report and budget update](#) – Rich Lentz presented the June financial report and budget update.

- A. Park Fund: The June year-to-date operating expenditures for the Park Fund are approximately \$189,000 less than the two-year budget average. Year-to-date revenues are about \$333,000 above the two-year budget average. Revenues are exceeding expenditures nearly \$1.64 million year-to-date.
- B. Golf Fund: The June year-to-date operating expenditures for the Golf Fund are about \$280,000 less than the two-year budget average. Year-to-date revenues are below the two-year budget average approximately \$58,000. Revenues are exceeding expenditures about \$1.2 million year-to-date.

- Pride had its biggest year ever at the Pavilion.
- Riverfront Moves kicked off events in June and will have 23 activations between June and September.
- Hoopfest 24 was a huge success and the Hoopfest Store moved into the Pavilion Lobby this year providing a central hub for the event.

Finance Committee: July 9, 2024 – Bob Anderson

- A. Action items: Two of three action items were presented on the consent agenda.

Prior to Garrett's presentation, Bob talked about the difficulties of coming up with budget priorities. Parks budget development and implementation are two different things, and simply reducing a percentage on a spreadsheet does not reflect a true outline. By the City Charter, Parks receives a fixed percentage of the City's general fund. This gives Parks the means to provide a park system the community expects and enjoys, including low-cost recreation programs and free swimming. Any change in the percentage Parks receives from the general fund would need to be approved by voters.

Parks and the Park Board have been asked to prepare a budget to include a general fund reduction of 5%, which amounts to approximately \$950,000 for 2025. This will affect the community through programming reductions and/or fee increases, reduced staff, attraction fee increases, and less capital dollars to invest in new park construction or enhancement. The Master Plan and the budget survey guided this budget preparation.

Garrett preceded his presentation by providing context to the requested budget exercise for 2025 and what it looks like in a three-year timespan.

- 1) [A RESOLUTION outlining the Park Board's budget priorities for 2025-2027 amidst possible City-wide budget impacts](#) – Garrett Jones

Garrett shared a presentation which consisted of three parts.

1. Budget Exercise

- All City divisions funded by the general fund have been asked to look at a 5-10% budget reduction, beginning in 2025.
- Parks' projected reduction in 2025 is \$1.6 million.
- To meet exercise timelines, Parks opted for equal cuts across all Parks departments. (Budget priorities in the Master Plan and Park Board survey are not necessarily reflected in this exercise.)
- With broad 5-10% cuts, funds like Recreation and Riverfront can raise rates/increase revenue projections to assist with expense reductions. Funds like Operations cannot, so we see deep community/level of service impacts in those areas (this differs from Board survey priorities).
- If this exercise is implemented, Parks could see an additional deficit of \$4 million in 2027, due to the two-year calculation (a 15% budget reduction from 2024).

2. Resolution

- The resolution identifies budget priorities and possible forced reduction areas.
- The resolution is based on feedback from the Master Plan (5,000+ responders), the Park Board budget survey, and a small Park Board work group.
- The resolution focuses on a core service model of maintain & care, repair & replace, and safety & neighborhood health initiatives.
- When asked how to spend \$100, the Park Board responded:

- Maintain & Care - \$27.75
- Repair & Replace - \$25.50
- Safety Initiatives - \$22.75
- Programming - \$16.00
- Acquire & Develop - \$8.00

3. Next Steps

- If the resolution is adopted, staff will apply those priorities to a revised 2025/2026 budget for a Park Board vote. (Looking toward a possible 'budget cliff' in 2027, Park Board may wish to look at building the reserve.)
- If the general fund contributions are adjusted by City Council, Parks would need to return to Park Board in early 2025 with an adjusted budget.

Doug Kelley asked the purpose of the resolution since budget development is an ongoing process. Bob's understanding is that the resolution serves to inform those making the cuts of the impacts these cuts will have on the community.

Sally Lodato asked for clarification on the 'cliff' Parks is facing by 2027, stating that the proposed cuts as outlined in the resolution seem drastic without specific information, and she doesn't like what the cuts could look like for parks. She also asked why the levy seems to have been dropped since it would be able to fix some of the budget shortage. Garrett explained that if the City Council decided to take a 5% cut of Parks' transfer in 2025, *and* a 10% cut to the general fund as a whole, that cut is then realized in Parks' transfer amount in 2027 since our transfer is based on general fund expenditures from two years ago. Sally feels the drastic cuts would be extremely detrimental to our parks and that recovering from something so drastic would be nearly impossible. Regarding the levy, Garrett explained that there have been discussions on next steps and the discussions will continue in August to evaluate scenarios. If we have a levy in 2025, and we have budget cuts, the levy programming will need to be altered and December is the deadline for a February ballot measure. Sally also feels that the community should be aware of the consequences of such cuts. Bob stated that the resolution will help the community learn more quickly as it becomes a public document, assumed to be covered in the media. The community then has an opportunity to ask questions and learn what the cuts will affect. The resolution does not commit the Board to specific cuts; rather, it illustrates what will need to be considered if such cuts happen. Jennifer reminded the Board that Parks was already looking at a \$4 million deficit before these additional cuts were proposed. She stated the resolution is a reaction to the reality that Parks has been presented with. Gerry stated that the Finance Committee looks at the budget every month, with consideration of any new information they receive.

Kevin Brownlee expressed that the resolution was written because of all the unknowns, and he feels that it is a way to voice their frustration about them. He sees the resolution as a starting point, and he does not have any objections to it.

Councilmember Bingle feels it is good to give these examples of what could be cut to the community. Since they support the government, they should be informed of how programs and service levels would be affected.

Motion No. 2: Bob Anderson moved to approve the resolution outlining the Park Board's budget priorities for 2025-2027 amidst possible City-wide budget impacts.

Doug Kelley seconded.

Motion passed with unanimous consent (9-0)

B. The next scheduled meeting is 3:00 p.m. August 6, 2024, in The Hive events room 'B', and

virtually via WebEx.

Development & Volunteer Committee: June 26, 2024 – Jennifer Ogden

A. Action items: None

- Friends of Coeur d'Alene Park's Summer Concert Series is underway and doing well. Information can be found on their website.
- Friends of the Bluff held a cleanup project expecting 18 participants and 30 attended! They also have a summer nature walk series which will be every two weeks in the early morning. Information can be found on the Friends of the Bluff website.
- Friends of Manito held a plant sale in June with another to come on August 24th. Their free children's programming series will be starting soon.
- District 1 held a cleanup event at Minnehaha Park and cleaned up the tennis court which was unfortunately defaced again soon thereafter. There are conversations of a possible mural there, in hopes of deterring future graffiti. Music Under the Oaks will be held at Hays Park on July 12th and July 26th.

DVC meeting dates are changing to every other month on the Wednesday immediately preceding the regular Park Board meetings. An internal newsletter or private Facebook page may be developed to keep the members informed between meetings.

B. The next scheduled Development & Volunteer Committee meeting is 4:15 p.m. September 11, 2024, in the Riverfront Park Pavilion conference room, and virtually via WebEx.

9. **Reports**

A. President: Bob Anderson

The Expo 50 celebration is wrapped up and Bob thanked all who participated in the planning and implementation of the event.

B. Liaisons

- 1) Conservation Futures – Nick Sumner – No update
- 2) Parks Foundation – Barb Richey – No update was provided in Barb's absence.
- 3) City Council – Jonathan Bingle
 - There may be more discussions about budget as there is contention surrounding the fact that some enterprise funds have been siphoned from the general fund which impacts Parks' budget. Council may want to review what it would look like if they were folded back in.
 - Two resolutions are coming forth soon, one regarding the enforcement of Proposition 1. The other concerns the safety of sports officials, which the Park Board may want to comment on at the Council meeting.
 - Jonathan recognized the great job on the Minnehaha cleanup in District 1.
 - Council is exploring a potential loosening of the code on street tree repair, specifically to make it easier for arborists to be able to replace them.
 - Spokane Falls Boulevard is going to be rebuilt and there is a stakeholder meeting on July 16th at 4:00 p.m. Jonathan invited Board members to attend and give input.

C. Director (Interim): Jason Conley

- July is National Park and Recreation Month and July 19th is National Park and Recreation Professionals Day. Jason thanked the Board for their hard work.
- The Little Spokane River shuttle service and kayak rentals kicked off last weekend and is

very popular.

- SPD, SFD, and park rangers visited the Corbin Arts Center to celebrate Community Heroes Art Week.
- KXLY will highlight Outdoor Adventure Camp next Tuesday on the news, which will give a sampling of paddle boarding, kayaking, disc golf, and more.
- Rosauers Open golf tournament begins next week.
- Shout out to Jon Moog for his dedication and hard work on a very successful 9-week Expo 50th anniversary celebration.
- Friday, July 12, will see the first paid concert at the Pavilion.
- Finch Arboretum is now an accredited arboretum in Spokane, thanks to Mike Urlacher who took the initiative to apply.
- Park Ops is hard at work keeping splash pads, drinking fountains, and irrigation systems operational during the extreme heat.
- Right-of-way maintenance team has been receiving accolades from the community.

(Includes Products-Completed Operations If Required By Contract)

This endorsement modifies insurance provided under the following:
 COMMERCIAL GENERAL LIABILITY COVERAGE PART

PROVISIONS

The following is added to **SECTION II – WHO IS AN INSURED**:

Any person or organization that you agree in a written contract or agreement to include as an additional insured on this Coverage Part is an insured, but only:

- a. With respect to liability for "bodily injury" or "property damage" that occurs, or for "personal injury" caused by an offense that is committed, subsequent to the signing of that contract or agreement and while that part of the contract or agreement is in effect; and
- b. If, and only to the extent that, such injury or damage is caused by acts or omissions of you or your subcontractor in the performance of "your work" to which the written contract or agreement applies. Such person or organization does not qualify as an additional insured with respect to the independent acts or omissions of such person or organization.

The insurance provided to such additional insured is subject to the following provisions:

- a. If the Limits of Insurance of this Coverage Part shown in the Declarations exceed the minimum limits required by the written contract or agreement, the insurance provided to the additional insured will be limited to such minimum required limits. For the purposes of determining whether this limitation applies, the minimum limits required by the written contract or agreement will be considered to include the minimum limits of any Umbrella or Excess liability coverage required for the additional insured by that written contract or agreement. This provision will not increase the limits of insurance described in Section III – Limits Of Insurance.
- b. The insurance provided to such additional insured does not apply to:

- (1) Any "bodily injury", "property damage" or "personal injury" arising out of the providing, or failure to provide, any professional architectural, engineering or surveying services, including:

- (a) The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders or change orders, or the preparing, approving, or failing to prepare or approve, drawings and specifications; and
- (b) Supervisory, inspection, architectural or engineering activities.

- (2) Any "bodily injury" or "property damage" caused by "your work" and included in the "products-completed operations hazard" unless the written contract or agreement specifically requires you to provide such coverage for that additional insured during the policy period.

- c. The additional insured must comply with the following duties:

- (1) Give us written notice as soon as practicable of an "occurrence" or an offense which may result in a claim. To the extent possible, such notice should include:
 - (a) How, when and where the "occurrence" or offense took place;
 - (b) The names and addresses of any injured persons and witnesses; and
 - (c) The nature and location of any injury or damage arising out of the "occurrence" or offense.
- (2) If a claim is made or "suit" is brought against the additional insured:

COMMERCIAL GENERAL LIABILITY

- (a) Immediately record the specifics of the claim or "suit" and the date received; and
 - (b) Notify us as soon as practicable and see to it that we receive written notice of the claim or "suit" as soon as practicable.
- (3) Immediately send us copies of all legal papers received in connection with the claim or "suit", cooperate with us in the investigation or settlement of the claim or defense against the "suit", and otherwise comply with all policy conditions.
- (4) Tender the defense and indemnity of any claim or "suit" to any provider of other insurance which would cover such additional insured for a loss we cover. However, this condition does not affect whether the insurance provided to such additional insured is primary to other insurance available to such additional insured which covers that person or organization as a named insured as described in Paragraph 4., Other Insurance, of Section IV – Commercial General Liability Conditions.

Level 1: Before entering into Level 2 or Level 3 of this Dispute Resolution Procedure (DRP), designated representatives of each party shall enter into a series of meetings for the purpose of resolving the dispute or controversy. Such notice shall identify the dispute or controversy with particularity and state that the party is commencing this Level 1 procedure to resolve the dispute. Should the dispute not be resolved within thirty (30) calendar days of the commencement of the Level 1 period, the dispute shall be advanced to Level 2.

Level 2: Only after the Parties have completed Level 1 of the DRP without resolving the dispute or controversy and before entering into Level 3 of the DRP, the Parties shall enter into a mediation process. Each party shall bear its own costs in preparing for and conducting mediation, except that the joint costs, if any, of the actual mediation proceeding shall be shared equally by the Parties. The Parties shall select a mutually agreeable mediator to aid the Parties in resolving the dispute or controversy. The mediator shall not be an employee or former employee of either Party. The mediation shall be held at a mutually agreeable date, time, and location.

Climate Planning

The City of Spokane is embarking on a transformative journey to address the pressing challenges posed by climate change. As part of this effort, we're undertaking a major update to our Comprehensive Plan, a foundational document guiding the city's growth and development. This update, mandated by the Washington State Growth Management Act and due in 2026, presents a unique opportunity to integrate climate considerations into every aspect of our city's future.

What's Happening?

The City of Spokane has hired a robust and experienced consultant team to help lead our climate planning efforts. This team is led by BERK Consulting with supporting consultants Cascadia Consulting Group, Kauffman & Associates Inc, Parametrix, and Fehr & Peers.

Coming Up

Throughout 2024 and 2025, we will be working through a process to understanding Spokane's unique climate impacts and hazards, gather data and community feedback, and conduct analysis on our climate risk and community vulnerabilities.

With climate planning, we will work to:

- Reduce greenhouse gas emissions and vehicle miles traveled
- Foster community preparedness, response and recovery efforts to climate impacts and natural hazards
- Prioritize environmental justice to avoid worsening disparities

Background/history: Parks & Recreation has historically managed a balanced budget that reflects community priorities and needs. As a normal part of the budget process, the Park Board adopts budget priorities for the year ahead; to better prepare for forecasted budget cuts, the Park Board is considering a 3-year budget priority look-ahead. The City is facing a significant deficit, primarily around the General Fund, and City-wide, there will be efforts to balance the budget by reducing expenses and increasing revenues. If the City's General Fund decreases, Parks & Recreation may see decreased contributions from the General Fund in 2025 and again in 2027 (because of the 2-year-prior calculation for our contribution). This resolution identifies budget priorities for the next 3 years, and possible reduction areas.

CITY OF SPOKANE
PARK BOARD RESOLUTION

A RESOLUTION outlining the Park Board's budget priorities for 2025-2027
amidst possible City-wide budget impacts

WHEREAS, Parks & Recreation has historically managed a balanced budget that reflects community priorities and needs; and

WHEREAS, by Park Board policy, we must adopt a balanced budget and hold ourselves accountable to it; and

WHEREAS, the City is facing a significant deficit, primarily around the General Fund, and City-wide, there will be efforts to balance the budget by reducing expenses and increasing revenues; and

WHEREAS, Parks has a unique role in the City's budget, as laid out in the City's charter: we receive 8% of the General Fund's expenditures from 2 years prior (representing about 2.3% of the City's total budget). Parks & Recreation program revenues and grants bring in additional money, bringing the annual Parks & Recreation budget to about \$24 million; and

WHEREAS, all City divisions funded by the General Fund, including Parks & Recreation, have been asked to look at a 5-10% budget reduction beginning in 2025. This is above and beyond inflationary cost adjustment in supplies and labor; and

WHEREAS, if the City's General Fund decreases, Parks & Recreation will likely see decreases in 2025 and again in 2027 because of the 2-year prior calculation. For this reason, the 2027 budget for Parks & Recreation could be 15% less than the 2024 budget; and

WHEREAS, as a normal part of the budget process, the Park Board adopts budget priorities for the year ahead. To better prepare for forecasted budget cuts, the Park Board has elected to prepare a 3-year budget priority look-ahead. These priorities are reflective of the feedback received from widespread community outreach for our Parks Master Plan, and are:

- Core service operational model:
 - Maintain and care
 - Repair and replace
 - Safety and neighborhood health initiatives

- Revenue generation priorities:
 - Ballot measure for the Neighborhood Park Improvement Project
 - Revenue adjustments for recreation programs, venue rentals, Riverfront Park attractions and amenities; and

WHEREAS, if the Parks & Recreation division sees a reduced transfer from the General Fund, the Park Board would be forced to consider reductions (not necessarily eliminations) in these service areas:

- Free programming (e.g., open swim, pool and splash pad operational models, co-sponsored holiday activations)
- Programs that serve fewer people
- Community center contributions
- Temp-seasonal workforce (related to service area reductions)
- Organizational structure and staffing model
- Urban Forestry permitting (possible restructure with other City departments)

NOW, THEREFORE,

BE IT RESOLVED by the Park Board, if the City Council adopts a budget that reduces the General Fund transfer amount to Parks & Recreation, the Parks & Recreation division will begin implementing the forced reduction area model at the direction of the Park Board.
