• Make a personally significant gift
Staffing and Systems

- Executive role: oversee the planning, implementation, and evaluation of the fund drive
- Participate in prospect cultivation and solicitation meetings
- Manage the “moves” in each cultivation plan
- Identify and research potential donors
- Support fundraising volunteers
- Track gifts and develop progress reports
- Manage the gift acknowledgment process and maintain accurate records
- Organize special donor events ranging from small house parties to larger hosted events
- Manage stewardship of donors
Your turn!
Collins Group will evaluate the City of Spokane (the City) Riverfront Park Redevelopment Project’s readiness for a capital fund drive. The study’s research phase will gather input from donor prospects and organization and community leaders to address the following critical issues.

**Context**

No capital fund drive exists within a vacuum. *Internal factors and the external climate set the context for philanthropic investment in the City’s Riverfront Park Redevelopment Project and must be considered when determining strategy.*

- Is the City’s strategic plan and vision in place, providing the context for its capital fund drive?
- What do donors and community members perceive as the City’s key strengths and areas for improvement?
- What external factors will impact the City’s ability to launch a capital fund drive?
- Do donors understand why philanthropic dollars are needed to support the project in addition to the bond that passed?
- How do supporters perceive Riverfront Park?
- Are there any local capital fund drives underway or being planned that would directly compete with this capital fund drive?
- Is now a good time for this capital fund drive? What impact do donors think the economic climate will have on a capital fund drive?

**Fund Drive Strategy**

*To be successful, a capital fund drive needs an overarching strategy that details feasible goals, benchmarks, and a specific timeline. It should also articulate the necessary investment in staff and systems.*

- What is a feasible capital fund drive goal?
- Under what timeline should the capital fund drive unfold?
- What is the best overall structure for the capital fund drive?

**Case for Support**

*The City’s and project’s vision and impact must be clearly and compellingly articulated, with a strong rationale for the funding priorities. The philanthropic case must be made for investing in the project and its vision for the community.*

- How will the City position its overall reputation for the capital fund drive?
- What elements of the capital fund drive vision will inspire the greatest philanthropic investment?
- How will the capital fund drive vision be communicated most effectively to different constituencies?
• Is the proposed project perceived by donors, funders, and community members as responsive to urgent and compelling community needs and integral to the City furthering its mission?

Leadership
A capital fund drive requires visible leaders willing to champion the effort, make connections, solicit gifts, and advise on strategy. Leadership comes from passionate volunteer ambassadors and the effort is supported by professional staff.

• What is the most effective way to engage elected, appointed, and professional leaders in the capital fund drive?
• Do the Park Board, Parks Foundation, and Fund Drive Advisory Committee members and senior staff have the skills, experience, connections, and commitment to lead a successful capital fund drive?
• Who do potential donors want to see in fundraising leadership roles for the capital fund drive?
• Are supporters interested in getting involved with the capital fund drive and at what levels?

Donor Engagement
At all stages of the capital fund drive, a commitment to relationship-based, donor-centered fundraising will be essential. A strong base of donors must be ready to engage in and support the effort with leadership and major gifts.

• What are the most effective ways to engage top capital fund drive prospects?
• What activities will tap into capacity and motivate “stretch” gifts from donors at all levels?
• How can the City leverage the capital fund drive to deepen relationships for the future?
• How many current and prospective donors regard the Riverfront Park Redevelopment Project as a high philanthropic priority?

Staffing and Systems
Few projects require as much of an organization’s internal capacity as do capital fund drives. Staffing and systems must be in place to support and partner with volunteer leaders, manage donor relationships, and track and report on a much higher level of development activity.

• What additional staffing and systems at the City of Spokane Parks and Recreation and/or the Parks Foundation will be necessary to support increased donor activity and prepare it to be the fiscal sponsor of the project?
• What outside resources will the capital fund drive need?
• Will the City require ongoing outside counsel for fundraising, donor communications, prospect research, grant writing, or other needs to support the capital fund drive?

PRELIMINARY - For the purpose of the Capital Fund Drive Study - Spring 2016
Rebuilding the Heart of Spokane

Recognition Opportunities in Riverfront Park Redevelopment
Preliminary List for Review

In 2014, Spokane voters overwhelmingly approved a $64 million bond to update and improve Riverfront Park. These funds are already at work turning Riverfront Park into a timeless community asset. The bond funds will go a long way, but are not sufficient to complete the community’s inspired vision for the park. The Park Board is preparing for a capital fund drive and accepting contributions from individuals, businesses, and foundations to enhance the overall master plan. Donors will have the option to be recognized through time-limited and permanent space naming opportunities.

The levels below are suggested for permanent naming opportunities.
Levels for time-limited sponsorships can be discussed.

$1,000,000+ Opportunities

Ice Rink and Gondola Meadows ($5.5M projected cost)
Looff Carrousel Building ($4.6M projected cost)
Pavilion ($2-3M; approx.)
Maintenance Fund (?) (Does this belong here?)

$500,000 Opportunities

Looff Carrousel Building Event Center
Howard St. Bridge South Promenade ($6M w/amenities)
Central Plaza
North Bank Playground (could be up to $7M)
Interactive Lighting/Displays

$250,000 Opportunities

Conservation Area (Old YM area) (leave alone?)
Shelters (2 or 3)
Gallery/Queuing Area @ Looff Carrousel Building
Play Bowl Area
Theme Stream—(Move to $50K)
North Bank Wheel Park

$100,000 Opportunities
Gallery/Queuing Area within the Looff Carrousel Building—(Move to $250K)
Gallery in the Clock Tower—(If approved by Park Board)
Train Car in the Clock Tower—(If approved by Park Board)
Walkways and Promenades (May move to $250K)
Overlooks
Sculpture Garden (if included in final plan)

$50,000 Opportunities
Art Installations (many opportunities)
Theme Stream Water Feature
Party Room at ice Rink and Gondola Meadows

$25,000 Opportunities
Restoration of Animals on Looff Carrousel (59 opportunities)
Benchs
Mobile Landscaping Units

$2,500 - $10,000 Opportunities
Tile or Brick of Various Sizes on Walkways, in Central Plaza, or other areas— to be determined
