DRAFT

BRIEFING PAPER
Plan Commission Transportation Subcommittee
Integrated Capital Management
April 11, 2017

Subject

2018 - 2023 Six-year Comprehensive Street Program Consistency

Background

In support of the State Growth Management Act and the City of Spokane's Comprehensive Plan, the City must maintain 6-year capital financing plans for certain providers of public facilities and services. Accordingly, the City must maintain a 6-year capital financing plan for its capital street program. Pursuant to RCW 35.77.010 the capital street program must be adopted before July 1 of each year, and filed with the Secretary of Transportation not later than 30 days after adoption. To determine the plan's consistency with the Comprehensive Plan, it is scrutinized by the City Plan Commission. The Plan Commission then makes a recommendation to the City Council as to the program's consistency with the Comprehensive Plan. The City Council then accepts or modifies the plan accordingly.

Each new project to the 6-Year Program is assessed for compliance with the Comprehensive Plan by verifying fulfillment of the Transportation goals and policies (TR's). Staff have prepared an assessment, and seek PCTS recommendation to Plan Commission regarding program compliance.

Impact

Staff held a workshop with the PCTS to demonstrate the process by which consistency is assessed. Staff have completed the attached assessment of new projects being brought into the 2018 – 2023 6-Year Comprehensive Street Program.

One additional project has been added to the program since the workshop, having just this month received awarded grant funds for design of the Centennial Trail – Summit Blvd Gap, Boone Ave to Pettet Drive project.

Action

Staff seeks a recommendation from the PCTS to the Plan Commission regarding 6-Year Program compliance with the Comprehensive Plan.
