Spokane Safe Streets for All

Traffic Calming Project Selection Timeline

Cycle 15 | 2027 Quick-Build | 2028-2029 Construction

FEBRUARY and **MARCH** – open public comment period - 311 Traffic Calming survey
City staff to review submissions before packaging up to 30 projects to send to Dowl,
the project consultant for scoping and design.

Transportation Commission - initial workshop on potential network priority projects
and DOWL projects presented by staff

APRIL –

Transportation Commission:

Staff to present 30 projects that are being scoped by Dowl
311 project submissions shared with commissioners

Resolution from City Council regarding funding structure for next cycle - what
percentage allocated should be quick builds, construction, or network priorities

311 Safe Streets Traffic Calming Survey Submissions*

- 226 submissions
 - District 1: 60
 - District 2: 102
 - District 3: 64
- At least 128 unique locations

*as of 3/17/26

Project Selection Considerations

In performing its duties under SMC 4.40.080, the Transportation Commission shall consider the effect of its policy and funding recommendations on community members with disabilities and shall consider the effect on historically underrepresented geographic areas or marginalized communities, including communities of color and areas of the City of Spokane that have been subject to a disproportionate lack of investment in transportation infrastructure and programs.

Next Steps

- Continue processing 311 submissions and project selection
- Ongoing engagement with Transportation Commission and community
- April Transportation Commission meeting will have a list of 30+ projects for scoping for fall
- \$3.2M in funding is available for this cycle. Final list in November is expected to have less than 10 projects.
- Looking for continued feedback on what sort of projects are most valuable.
