RE: Changing Spokane Municipal Code §04.32.140(B)

Dear City Council Members,

We, the Office of the Police Ombudsman Commission (OPOC), request you consider changing the Office of the Police Ombudsman’s (OPO) governing ordinance so that OPO may, rather than shall, notify complainants that they can be charged with a misdemeanor when filing a citizen complaint. This would update the ordinance to be consistent with the OPO’s current complaint intake process. The OPO has changed their process to make it easier for citizens to bring complaints forward by no longer providing advisements that citizens may be charged with a crime for making false statements in their complaints.

On September 18, 2018, the OPO sent policy recommendation 18-5 to Chief Meidl (see attached). In it the OPO recommended the Spokane Police Department (SPD) remove the requirement that citizens must sign complaints after acknowledging that making false or misleading statements to a public servant is guilty of a gross misdemeanor. Citizens are provided the same warning again verbally at the beginning of a citizen interview. This practice has led to arrests of complainants in the past. To minimize this type of intimidation, the Ombudsman has requested to be involved with interviews of complainants, if possible. On October 30, 2018, Chief Meidl responded to the OPO’s recommendation (see attached). Chief Meidl made the point, among other things, that not only will they not remove the warning, but emphasized that the OPO must also reinstitute providing the warning based on the section of the ordinance mentioned above.

Historically, it has been the practice of both SPD and the OPO to provide the advisements to citizens on the complaint form. Spokane Municipal Code §04.32.140(B) provides, “The employees of the OPO are considered public servants for the purposes of SMC 10.07.020 [Making a False or Misleading Statement to a Public Servant (Revised Code of Washington 9A.76.175)]. Any person who knowingly makes a false or misleading material statement to the OPO is subject to criminal sanctions in SMC 10.07.020. The OPO shall notify complainants that they be charged with a criminal gross misdemeanor for making a false or misleading material statement pursuant to SMC 10.07.020”(emphasis added). It is important to note that this section makes providing false statements to a public servant a crime, but does not require that a complainant must be provided such advisement.
However, after attending training on how to reduce police liability and how to manage difficult complainants, both course instructors believed progressive policing and best practices do not support warning citizens they may be charged with a crime for false statements. It creates a chilling effect on complainants coming forward, when we as a city should strive to cast the widest net to hear the concerns in the community. The OPO researched best practices and found that DOJ’s reports on Ferguson and Chicago, the DOJ’s COPS program, and the International Association of Chiefs of Police (IACP) all support the view that citizens do not need to be advised of this, nor does the advisement need to be given beforehand under the RCW. Ultimately, the police have the authority to arrest a person, regardless of whether a warning was given. As such, the OPO has stopped the practice of requiring citizens to sign their written complaints in order to acknowledge the SMC advisement. The OPO has removed the advisement completely from their complaint form.

We believe the ordinance should be consistent with the OPO’s practice of not providing the advisements. This is in keeping with best practices, DOJ recommendations, and the IACP. Therefore, we recommend City Council change SMC 04.32.140(B) to make the advisements optional rather than prescriptive.

Sincerely,

Ladd Smith, Chair

James Wilburn, Jr., Commissioner

ORDINANCE NO. C - __________

An ordinance relating to the Office of Police Ombudsman’s procedures for complaint intake.

WHEREAS, the Office of Police Ombudsman (OPO) is currently required to tell complainants that making false or misleading statements may be subject to criminal sanctions in SMC 10.07.020, a practice that may lead to intimidation of some potential credible complainants and violates current national best practices; and

WHEREAS, both the OPO and the Spokane Police Department have historically provided information regarding SMC 10.07.020 to complainants on the complaint form; and

WHEREAS, trainings attended by the OPO regarding reducing police liability and managing difficult complainants have shown that best practices do not support warning complainants regarding SMC 10.07.020; and

WHEREAS, the OPO ended their practice of requiring complainants to sign written complaints in acknowledgment of SMC 10.07.020; and

WHEREAS, the OPO requested the below change to SMC to be consistent with their operating procedures in a letter to City Council Members dated November 13, 2018.

NOW, THEREFORE, the City of Spokane does ordain:

Section 1: That SMC Section 04.32.140 is amended to read as follows:

Section 04.32.140 False Reporting

A. The OPO shall have the discretion to decline further action on a complaint filed with the OPO if it is found that there is a reasonable belief that the alleged acts of misconduct in the complaint are false and that the person(s) filing the complaint knew them to be false at the time the complaint was filed.

B. The employees of the OPO are considered public servants for the purposes of SMC 10.07.020, and may notify complainants that SMC 10.07.020 makes it a gross misdemeanor to knowingly make a false or misleading material statement to a public servant. ((Any person who knowingly makes a false or misleading material statement to the OPO is subject to criminal sanctions in SMC 10.07.020. The OPO shall notify complainants that they can be charged with a criminal gross misdemeanor for making a false or misleading material statement pursuant to SMC 10.07.020.))

**Background/History:**
- 25<sup>th</sup> Ave. LID paved 25<sup>th</sup> Ave. between Freya St. and just west of Myrtle St. in 2013.

**Executive Summary:**
- There is a proposed reconfiguration of parcels 35274.2007 & 35274.2008.
- Both parcels, owned by the same person, currently front on 25<sup>th</sup> Ave. and therefore have identical LID assessments.
- The proposed reconfiguration joins the two parcels into a single parcel then splits them so that one parcel fronts on 24<sup>th</sup> Ave. and the other parcel fronts on 25<sup>th</sup> Ave.
- Both reconfigured parcels would be owned by the same owner.
- Because the parcel that will, following the reconfiguration, front on 24<sup>th</sup> Ave. receives no benefit from the 25<sup>th</sup> Ave. paving, the existing LID assessment for both existing parcels 35274.2007 & 35274.2008 will be assigned to the single reconfigured parcel that fronts on 25<sup>th</sup> Ave.

### Background/History:

Effective 9/1/18, the City and Catholic Charities jointly agreed to reduce the capacity at the House of Charity facility back to a level that provides for the safety of shelter clients and staff. That includes nightly shelter capacity for 109 men on the second floor of building, plus overflow sleeping capacity for women on the first floor of the facility, in addition to the availability of many ancillary shelter services available on-site to shelter clients. While shelter capacity and hours at House of Charity are reduced from 24/7 levels offered during the last 18 months, the project continues to provide essential sheltering for extremely vulnerable men and women on a nightly basis.

### Executive Summary:

To accomplish the final funding amendment supporting shelter services at House of Charity for 2018, CHHS is proposing to allocate $100,000 in CDBG public services funds to the project. This allocation would bring the total 2018 City support for House of Charity shelter services to $768,151. The final total would include $668,151 in local funds, and $100,000 in federal CDBG funds.

This CDBG allocation ensures House of Charity can continue to provide overflow sleeping capacity for women on the first floor of the facility.

The Annual Action Plan is HUD’s required document that outlines projects funded with federal CDBG, HOME, and ESG dollars. Each year, City Council approves a resolution accepting the Action Plan, after which the Action Plan is submitted to HUD. Adding projects to the Annual Action Plan requires an Amendment process conducted in accordance with our Citizen Participation Plan, and another resolution accepting the amendment.

A public hearing on this proposed amendment was advertised and held at the CHHS Board meeting on 11/7/18 and a public comment period on the Action Plan amendment was opened on 11/7/18 and closed on 12/7/18, with no comments received as of the date of this briefing paper. The CHHS Board...
approved this Amendment to the Action Plan on 12/5/18, contingent on CHHS responding to any public comment on the amendment received between 12/5/18 and 12/7/18.

CHHS Staff has verified that the addition of this $100,000 public services project to the Program Year 2018 Action Plan does not exceed the regulatory cap on annual CDBG public service commitments.

RESOLUTION 2018-

A Resolution Making Substantial Amendments to the City’s Annual Action Plan for CDBG, HOME and ESG.

WHEREAS, the Congress of the United States of America has found that the Nation's cities and urban communities face social, economic and environmental problems resulting from the growth and concentration of population in metropolitan areas; and

WHEREAS, in order to assist local governments in meeting these problems, the Housing and Community Development Act of 1974, as amended, and the National Affordable Housing Act, as amended, provide for a program of community development and housing assistance; and

WHEREAS, the City has received substantial sums of money over the years from the federal government for the Community Development Block Grant Program (CDBG), the Home Investment Partnership Program (HOME) and the Emergency Solutions Grant Program (ESG); and

WHEREAS, the City has adopted Annual Action Plans for expenditures of these funds annually, but not all funds have been expended as anticipated by the Annual Action Plan for 2018; and

WHEREAS, the City desires to amend its approved plan by making a change in the City’s allocation priorities AND by using funds from a program covered by the City’s consolidated plan not previously described in the adopted Action Plan; and

WHEREAS, 24 CFR § 91.505 describes the process for making substantial amendments to our Plan, which process has been followed and will be completed prior to the substantial amendments being finalized;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Spokane that the City’s Action Plan shall be substantially amended by using a total of $100,000 of Program Year 2018 CDBG funds to support the House of Charity Shelter.

### Executive Summary:

- Contract to provide secured destruction services to Iron Mountain Secure Shredding, Inc.
- WTE Personnel will provide unloading, incineration and a Certificate of Destruction for all materials brought in to the Facility by Iron Mountain.
- Disposal services will be billed at $200.00/ton with a $100.00 minimum.
- Forklift and operator usage will be billed at $100.00/hour with a $50.00 minimum charge.
- Anticipated revenue to Solid Waste disposal of $78,000.00 annually.

### Background/History:

Waste to Energy has provided secured destruction services to many industries in the past for special/non-typical wastes. Iron Mountain Shredding, Inc. is requesting these services for secured destruction of the various materials they collect from their customers.

It was agreed that Waste to Energy personnel will unload the Iron Mountain trucks using a forklift and then the facility’s cranes will be used to lift and drop the pallets directly into the furnace feed hoppers. They will then provide a Certificate of Destruction noting the date, time and serial number of the trailer from which the material was incinerated. Disposal services for this will be charged at $200.00 per ton with a $100.00 minimum and the forklift and operator will be charged at $100.00 per hour with a $50.00 minimum. These rates will be adjusted annually on January 1st of each year based on Consumers Price Index (CPI) increases.

Iron Mountain expects to bring approximately 390 tons each year for an approximate revenue to the City of Spokane Solid Waste Disposal Department of approximately $78,000.00.
