## Background and Purpose

Spokane Tourism and Cultural Investment (TACI) grants are a funding pool for organizations working to bolster Spokane's tourist and cultural environment. The fund comes from state law RCW 67.28.1817, which creates a lodging excise tax that is paid per bed stay at a hotel. Revenue from that tax is then used to fund opportunities that increase tourism. Awarded funds should bring more tourists to the city and promote Spokane's overall cultural environment. Additionally, the TACI committee is most interested in funding projects/events that can grow into tourist and cultural opportunities and/or projects/events that have been traditionally under-resourced. These investment grants should help make Spokane a more enduring cultural and tourist hub. The maximum individual grant allowable is \$10,000 per organization.

TACI grants will be for event is held between July 1, 2026, and June 30, 2027
