INFORMATION ABOUT TACI

Spokane Tourist and Cultural Investment (TACI) grants are a funding pool for organizations working to bolster Spokane's tourist and cultural environment. The fund comes from state law RCW 67.28.1817, which creates a lodging excise tax that is paid per bed stay at a hotel. Revenue from that tax is then used to fund opportunities that increase tourism. The state law defines a tourist as a person who lives 50 miles away from the destination. Funding from the hotel beds tax can go to projects, programs, events, and public facilities that promote tourism and cultural investment.

The TACI committee is composed of three members from hotel organizations, three members from organizations that would use funds, and a council member. The committee makes recommendations to the City Council on how the funds should be spent. Awarded funds should bring more tourists to the city and promote Spokane's overall cultural environment. Additionally, the TACI committee is most interested in funding projects/events that can grow into tourist and cultural opportunities and/or projects/events that have been traditionally under-resourced. Organizations that apply should anticipate getting established and eventually decreasing their reliance on these funds over time. It is the hope of the TACI committee that these investment grants will help make Spokane a more enduring cultural and tourist hub.

Grant awards are generally paid on a reimbursement basis. However, grantees who meet the following criteria may be eligible for advance payments. It is important to note that your organization must be fully registered as a vendor and have a contract in place with the City before advance payments can occur.

Because of this no upfront payment is possible until 90 days after award.

Grantees who receive advance payments are required to have expenses that are already paid or substantiate use of funds for eligible expenses.

- The advance payment must be accompanied by an invoice and followed up with proof of payment within 14 days.
- Verification of fund use is required before any additional funds are provided on a reimbursement basis.

UPFRONT EXPENSE REQUEST

For liability reasons the City only pays for costs on a reimbursement basis. Once your event is complete and you provide the event evaluation form (90-day form) then the City can process your payment. **Only fill out this section if you are requesting upfront payment for expenses.**

If you need funds before, then they must be paid or the advance payment must be accompanied by an invoice and followed up with proof of payment within **14 days**.

Verification of fund use is required before additional funds are provided on a reimbursement basis. Please provide a detailed list of any funds you would like to request before the event and a date of when you are requesting these funds.

Because a contract must be in place, no funds can be paid until at least 90 days after award.
