Staff,

As Chair of the Tourism and Cultural Investment Committee, and after discussing with the Committee, I am writing to recommend for an Event Rescheduling Policy as follows:

If a funded event cannot take place as planned, the event may be rescheduled or postponed within three (3) months of the original event date with **prior written approval** from the City.

If the awarded event is rescheduled for more than three (3) months in the future, the awardee must reapply for TACI funding.

For all other types of awards (non-event projects or activities), **grant funds must be spent within the same calendar year** as the award, unless otherwise approved in writing by the City.

Sincerely,

Zack Zappone
