17E.010.010 F 3		renamed	now 1 because 1 and 2 removed
17E.010.010 F 4		renamed	now 2 because 1 and 2 removed
17E.010.040 C	Scope and Application	removed grandfather clause	
17E.010.050 A	Critical Review - Requirements	added sentence	more flexibility for the critical review officer
17E.010.060	New Storage Systems -Tanks-Associated Piping	removed clause	removed grandfathering language
17E.010.080 B	Prohibition - Nuisance	removed public	
17E.010.080		removed public	
17E.010.090	Nuisance - Procedures	renamed section	renamed enforcement action
17E.010.090 A		removed public	
17E.010.090 C		removed public	
17E.010.090 D		removed public, spelling correction	
17E.010.095 A	Standards for Uses	added statement	clarify applicable areas and projects
17E.010.095 A 1		added a word	clarified applicable projects
17E.010.095 A 1 b		added a statement	clarified applicable projects
17E.010.095 A 1 b ii		added a statement	refine design criteria
17E.010.095 A 1 b iii		added a statement	refine design criteria, includes allowing use of floor drains

17E.010.095 A 1 b iv		new section	refine design criteria to account precipitation
17E.010.095 A 2 a		new statement	define approval process for use of sanitary or storm sewer system, refine definition
17E.010.095 A 3 b		removed statements	streamlined language, updated division name
17E.010.120 C	Other Activity Subject to Critical Review - Compliance with Chapter	word change	changed to as required, consistency of wording

17E.010.140 C		reworded	job position title change, same as A
17E.010.150 A	Regulations	removed statements and reworded	streamlined language, updated division name, clarified authorization
17E.010.150 B		removed section	streamlined language
17E.010.190 A	Purpose and Application	added statement	added SMC reference
17E.010.190 B		removed statements	removed exclusions
17E.010.190 C		added statement	added SMC reference
17E.010.200	Definitions	added statement	clarified reference
17E.010.210 A	Permit Required	added statement	clarified registration requirements
17E.010.210 B		removed section	unnecessary requirement
17E.010.220	Permit Issuance - Duration	removed statements	clarified requirements
17E.010.230 A 2	Permit conditions - Fees - Testing	consolidated language	streamlined language
17E.010.230 A 2 a		removed section	streamlined language
17E.010.230 A 2 b		consolidated language	streamlined language
17E.010.230 B		removed statements	streamlined language
17E.010.230 C		reworded	streamlined language
17E.010.230 D		removed statements	streamlined language
17E.010.250	Revocation of Permit	removed section	covered by International Fire Code (IFC) 105.3
17E.010.270	Reporting Failures, Leaks, and Leak Risks	added statement	Clarified responsible agency to match current practice
17E.010.290	Single-wall USTs Maximum Useful Life	removed statements	streamlined language

17E.010.290 A		removed statements	streamlined language, clarified UST installation
17E.010.290 B		removed statements, added statements	streamlined language, clarified UST requirements
17E.010.290 C		combined with B	streamlined language
17E.010.290 D		removed section	streamlined language, clarified UST requirements
17E.010.300 B	Categories of Use	changed reference	clarified reference to IFC, Removed SMC reference
17E.010.300 C		changed reference	clarified reference to IFC, Removed SMC reference
17E.010.300 D		changed reference	clarified reference to IFC, Removed SMC reference
17E.010.300 D		added statement	clarified requirements
17E.010.310	Safeguarding	removed section	covered in IFC
17E.010.320 C	Change in Use Category - Approval - Exemptions	removed statements	deleted reference to deleted section
17E.010.320 D		removed statements	deleted reference to deleted section
17E.010.330	Unused Tanks - Requirements	removed section	covered in IFC
17E.010.340 B	Authority of Fire Official	added a word	readability
