

NOTICE OF SEPA APPLICATION

Optional DNS Process

Notice is hereby given that Erik Lund, Blue Architecture & Interiors has filed a State Environmental Policy Act (SEPA) application for the property located at 7609 N division St, Spokane WA 99208 / B2313111SEPA. This proposal is being reviewed under the State Environmental Policy Act (SEPA) and Spokane Municipal Code Section 17E.050. The City of Spokane has reviewed the proposed project for probable adverse environmental impacts and expects to issue a Determination of Nonsignificance (DNS). This determination is based on the following findings and conclusions:

After archive research this area has a high potential for cultural resources, however the area has been extensively developed in the surrounding area and the Spokane Tribe is not requesting a cultural survey at this time.

The optional DNS process in Washington Administrative Code 197-11-355 is being used. **This may be your only opportunity to comment on the environmental impacts of this proposal.** It is anticipated that the proposal will include mitigation measures under applicable codes, and the project review process may incorporate or require mitigation measures regardless of whether an EIS is prepared. A copy of the subsequent threshold determination may be obtained upon request.

Any person may submit comments on the proposed action or call for additional information at:

Development Services Center
