

# Development Fee Schedule 2025

## Automatic Annual Adjustment

Effective January 1, 2026, and the first January of each year thereafter, the development fees shall be adjusted by the City of Spokane Building Official for an amount equal to the Consumer Price Index for West Urban Consumers (CPI) adjustment for the previous July-to-July U.S. All City Average (CPI-U and CPI-W). The adjusted fees shall include an upper limit based on the average CPI rate over the past three years. The newly determined amount shall be rounded up to the nearest dollar and shall not exceed the calculated upper limit “average percentage”. In addition, the adjusted fees shall be presented to the city council for approval and a copy of the approved fees filed with the city clerk and city building official before becoming effective. No other fee schedules shall be affected by such automatic adjustments unless expressly noted.

Building permit fees shall not be included in the annual automatic adjustment because updates occur semi-annually through the International Code Council (ICC) published updates.
