

# Removal of Public Sign

Affidavit

State of Washington  
County of Spokane

I, \_\_\_\_\_, the applicant for a wireless communication facility permit, declare upon oath that:

1. I have reviewed the requirements of SMC 17C.355.010 and understand the City's policy regarding its efforts to minimize the number of wireless communication support towers and the encouragement to co-locate antenna arrays of more than one wireless communication service provider on a single support tower;
2. I have undertaken a good faith effort to locate other wireless communication support towers within one mile of the location proposed in my application;
3. To my knowledge and based upon the documentation submitted in my application, there is no existing support tower available within one mile of the proposed location in my application for co-location of an additional wireless communication facility that the specific location of other wireless communication facilities does not satisfy the operational requirements of my applicant.

\_\_\_\_\_  
Signature of Applicant or Agent

\_\_\_\_\_  
Date

Signed and sworn to before me this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_\_.

\_\_\_\_\_  
Notary Public in and for the State of Washington

\_\_\_\_\_  
Appointment expiration date
