

Electrical Permit Application

Rev.20170919

Job Site Address: _____ Date: _____

Property Owner/Business Name: _____

Owner Address: _____

Contractor: _____ Contractor License #: _____

Contractor's Address: _____ Contact Person: _____

Phone Number: _____

Building Use: *(Please check one)*

Commercial

Residential

New Building

Addition to Existing Building

Remodel, Repair, or Alteration

Job Description: _____

	Fee	Quantity	Total
Alarm, Telecomm, Theatre & Sound Systems	\$10.00	x	=
Low and/or High Voltage Circuits	\$5.00	x	=
Feeders and Subpanels	\$15.00	x	=
Temporary Services	\$20.00	x	=
Services – new, altered or added (600V or less)			
1 – 200 Amp Services	\$40.00	x	=
201 – 400 Amp Services	\$50.00	x	=
401 – 600 Amp Services	\$60.00	x	=
601 – 800 Amp Services	\$70.00	x	=
801 – 1000 Amp Services	\$80.00	x	=
> 1000 Amp Services Input Amverage:		x	=
<i>Fee is \$80 + \$5.00/100amps over 1000 amps</i>		x	=
Wiring for New Construction & Additions			
Identify Total Square Footage:		=	
<i>Fee is \$4.00 per 100 sq. ft. for the first 5000 sq. ft. \$2.00 per 100 sq. ft. for the next 15,000 sq. ft. and \$1.00 per 100 sq. ft. for square footage over 20,000 sq. ft.</i>			

Ground Work-Ground Ufers – per inspector visit	\$25.00	x	=
Light Standards	\$7.00	x	=
Generators Input Amperage:		x	=
<i>Fee is \$30.00 + \$10.00 per 200 amps or fraction thereof</i>		x	=
Transformers Input Amperage:		x	=
<i>Fee is \$30.00 + \$10.00 per 200 amps or fraction thereof</i>		x	=
	Fee	Quantity	Total
Services – new, altered, or added (over 600V)			
1 - 200 Amp Services	\$70.00	x	=
201 - 400 Amp Services	\$80.00	x	=
401 – 600 Amp Services	\$90.00	x	=
601 – 800 Amp Services	\$100.00	x	=
801 – 1000 Amp Services	\$110.00	x	=
> 1000 Amp Services Input Amperage:		x	=
<i>Fee is \$110 + \$5.00/100 amps over 1000 amps</i>		x	=
Annual Electrical Permit Fee – for large, single-site complexes			
1 -3 Plant Electricians, 12 Inspections	\$1,500.00	x	=
4 -6 Plant Electricians, 24 Inspections	\$3,000.00	x	=
7 – 12 Plant Electricians, 36 Inspections	\$4,500.00	x	=
> 12 Plant Electricians, 52 Inspections	\$6,000.00	x	=
		Subtotal:	
The MINIMUM FEE for this permit is \$40.00		<i>Processing Fee:</i>	\$25.00
		TOTAL:	

Helpful Hints for Completing this Application

The fees for Services over 1000 amps rise \$5.00 for every 100 amps (or fraction thereof) over 1000 amps. Similarly, the fee for wiring New Construction goes up only every 100 sq. ft. So, round up to the nearest 100 amps to calculate.

The Square Footage Calculation method for wiring should only be used for new buildings or additions and NOT existing structures. Please identify the number of circuits for all remodels to include finishing basements and wiring buildings that were just a shell.

Use the Alarm/Telecomm/Theatre/Sound Systems for HVAC Control Systems and Voice & Data Cabling, too. Single Family Residences are considered 1 zone, otherwise the fee is \$10 per zone, which can be factored as every 2500 sq. ft. or fraction thereof.

Please enter the amperage of each generator and transformer individually in the Fee column. The fees work out to be similar to those for 600V or less services with it equaling the \$40 for the first 200 amps and going up \$10.00 for each additional 200 amps (or fraction thereof).

Generators of 50 KW or less will be considered equivalent to a 200 amp service.

The Annual Electrical Permit fee entitles the applicant to the number of inspections identified for a one year period beginning on the day the permit is issued.

The Electrical Code of the City constitutes the 2008 National Electrical Code, and related standards as modified by Chapter 17F.050 of the Spokane Municipal Code.
