

Electric Fence Letter of Compliance

Rev.20160629

Part 1 – Site Information

Name of property owner where fence will be installed: _____

Site address: _____

Assessor’s Parcel Number: _____

Part 2 – Property Owner Certification

I certify compliance with the following standards for electric fences mandated by the Spokane Municipal Code Section 17C.130.310, Table 4 (initial each line that applies):

_____ No electric fence shall be installed or used unless it is completely surrounded by a non-electrical fence or wall that is not less than six feet tall. There shall be a space of four (4) to twelve (12) inches between the electric fence and the perimeter fence or wall.

_____ Electric fences shall have a minimum height of eight feet and a maximum of ten feet.

_____ Electric fences shall be clearly identified with warning signs that read: “Warning - Electric Fence” at intervals of not less than 30 feet.

_____ Electric fences shall not be activated between the hours of 8:00 AM and 5:00 PM, except:

a. On days when the business is closed, such as weekends or holidays; or

b. When security personnel is available on-site to deactivate the electric fence.

_____ Electric fences shall have installed a key box system in accordance with the Spokane Fire Department standards. The controller and emergency key safe for the fence must be located in a single, accessible location for the entire fence.

_____ Prior to the installation or use of any electrified fence, the property owner, or tenant of property shall submit a completed registration for such fencing to the Fire Department using forms provided by the Fire Chief.

_____ The energizer for electric fences must be driven by a commercial storage battery not to exceed 12 volts DC.

Part 3 – Property Owner Information

I understand that violations of these provisions are civil infractions subject to the penalties of Spokane Municipal Code 1.05.160.

Property owner (signature): _____ Date: _____
