INTRODUCTION

PURPOSE AND BACKGROUND

The City of Spokane, (hereinafter “City”) is initiating this Request for Proposals (RFP) to solicit applications from agencies and organizations to administer emergency housing (mortgage & rental) and utility assistance for households (City of Spokane address) impacted by COVID-19. Applications will be judged on the proposer’s ability to deliver services according to the stated criteria below, equitably and in a timely manner.

Applicants may apply to administer and distribute funds, and may propose collaboration with other organizations as long as the applicant will retain all responsibility for performing the contract awarded. The City intends to distribute approximately \$2 million through this NOFA. Future awards to the City in response to COVID-19 may be included in addition to the amount currently available.

The intent of this NOFA is to support housing stability for homeowners & renters directly impacted by the COVID -19 pandemic. Eligible households may receive mortgage, rental, & utility assistance for past due, current, & future costs associated with housing stability. Households must meet the three federally required initial screening criteria:

1. Families that qualify for unemployment, have had a reduction in income, incurred significant costs, or experienced financial hardship due to COVID-19;
2. Demonstrates a risk of experiencing homelessness or housing instability; and
3. Has a median household income at or below 80% of the Area Median Income (AMI).

Prioritization for households who:

Applicants should demonstrate how they will include Black, Indigenous, and People of Color (BIPOC) communities in determining priorities, funding, and outreach strategies. Priority will be given to organizations that provide signed memorandums of understanding (MOU) between partner service providers as part of their complete application packet. The City will evaluate these MOU’s as part of the final funding recommendation to City Council.

Fair Housing Choice

Applicants must also demonstrate how their proposal will address the following (applicable) impediments to fair housing choice in Spokane:

1. **Impediment 1:** Fair housing complaints based on disability discrimination are filed with administrative enforcement agencies at a significantly greater rate than any other protected class.
2. **Impediment 2:** People with disabilities have need for assistance requesting and advocating for reasonable accommodations.
3. **Impediment 3:** People of color and people with disabilities are more likely to be tenants than home owners, and therefore at greater risk of housing instability and homelessness due to market forces (e.g., low vacancy rates, rising rents, and high cost of application and screening fees), and 20 day no cause tenancy termination.
4. **Impediment 4:** Source of income discrimination and housing provider refusal to accept housing subsidies limits housing choice for people with disabilities who rely on non-employment income such as SSI and SSDI , people with disabilities and people of color who are disproportionately represented in the section 8 voucher program, and veterans with disabilities who receive VASH vouchers.
5. **Impediment 5:** Overly broad criminal history screening policies limit access to housing for many

rental applicants, and have a disparate impact on people color, who are statistically overrepresented among those who are criminal justice system involved.

6. **Impediment 6:** People of color are overly represented in the homelessness population compared to their percentages in the overall Spokane population.
7. **Impediment 7:** Multi-family housing continues to be built out of compliance with the Fair Housing Act's design and construction accessibility requirements
8. **Impediment 8:** Single-family and low-density zoning limits the building of multi-family rental housing to areas of the city where people of color and those with disabilities, most often renters, are already concentrated, and limits opportunity to move to neighborhoods with the highest percentages of white residents, thereby serving to reinforce historic patterns of segregation.
9. **Impediment 9:** There are insufficient vacant affordable rental units in multi-family housing communities, which limits housing choice for renters, including people with disabilities and people of color who are more often renters than homeowners.
10. **Impediment 10:** People with limited English proficiency need fair housing information provided in Spanish, Russian, Marshallese, Vietnamese and Arabic.

ELIGIBLE APPLICANTS

Eligible applicants include:

- Governmental entities serving within the City of Spokane
- Public and private nonprofit or charitable organizations – typically 501(c)(3), although a range of organizational forms are eligible
