ABOUT THE FUNDING

The CoC Program (24 CFR part 578) is designed to promote a community-wide commitment to the goal of ending homelessness; to provide funding for efforts by nonprofit providers, States, and local governments to quickly re-house homeless individuals, families, persons fleeing domestic violence, and youth while minimizing the trauma and dislocation caused by homelessness; to promote access to and effective

utilization of mainstream programs by homeless; and to optimize self-sufficiency among those experiencing homelessness.

Please note: As detailed in 23 CFR 578.73 All projects must match all grant funds, except leasing funds, with no less than 25 percent of funds or in-kind contributions from other sources. Cash match must be used for the costs of activities that are eligible under subpart D of this part.

ELIGIBLE PROJECT TYPES

Background:

Homelessness should be rare, brief and non-recurring. In order to achieve this for all persons experiencing homelessness our community must transform homeless services to crisis response systems that rapidly return people who experience homelessness to stable housing. All projects serving the homeless should be accessible to the population served and have low barriers to entry. Services should be informed by the value that all people experiencing homelessness are housing ready.

Rental Assistance for Homeless Households

Description:

Rapid re-housing is designed to assist homeless individuals and families, with or without disability, to move into permanent housing within twenty (20) days of being referred from Coordinated Assessment and achieve stability in that housing. Assistance provided through rapid re-housing should focus on progressive engagement methodology and be client-centered. Once clients have been housed, rapid re-housing providers should stay connected with them and provide a safety-net, if needed, that promotes long-term housing stability and reduces returns to the homeless system.

Rapid Re-Housing and Employment: [Employment and Housing Go Hand-in-Hand: Removing Barriers and Creating Employment Opportunities](#)

Core Components: [Core components of Rapid Re-Housing](#)

Performance Measures:

- The change in percentage of stay-ers with income growth, including earned income and non-employment cash.

- The change in percentage of leavers with income growth, including earned income and non-employment cash.
- The change in households who exit to permanent housing destinations.
- Percentage of households exiting to permanent housing destinations who return to homelessness. Measured at <6months, 6-12 months, 13-24 months, 2+ years.
- The number of days from Coordinated Entry referral to Housing Placement.

Eligible Costs:

Provisions at 24 CFR 578.37 through 578.63 identify the eligible costs for which funding may be requested under the CoC Program. HUD will reject any requests for ineligible costs.

Permanent Supportive Housing

Description:

Permanent Supportive Housing projects should have minimal barriers to entry, provide on-site services and prioritize the most vulnerable homeless households. Support services should be informed by harm reduction and employ flexible and creative person-centered services to ensure continued housing stabilization. Services should be available and encouraged but cannot be required as a condition of tenancy. There should be ongoing communication and coordination between supportive service providers, property owners or managers and housing subsidy programs.
