Please visit the following website [https://my.spokanecity.org/neighborhoods/councils/](https://my.spokanecity.org/neighborhoods/councils/) for more information related to your neighborhood council.

**Menu Application**

The Menu Application is a new list of proposals submitted to CHHS for neighborhood consideration and support. These proposals have been screened by CHHS for program eligibility and organizational risk assessment. Neighborhood Councils are encouraged to review the proposals, seek additional information from the applicants, and decide which proposal they would like to support, then complete the application and return it to CHHS.
The Menu Application was developed in partnership with service providers who responded to a request for proposals by CHHS during September and October 2019. CHHS will not alter the Menu Application during the application period (12/30/19 – 4/3/20). Neighborhoods may submit a New Project Application (see below) as an alternative to the Menu Application, if desired.

**New Project Application**

Neighborhood Councils wishing to pursue a project(s) not listed in the Menu Application may choose to partner with another organization to complete a New Project Application. Neighborhood Councils may not submit applications for projects carried out by the Neighborhood Council. All New Project Applications must partner with an organization or City of Spokane department (Parks, Streets, etc.) to take the lead on New Project Applications.

Not all organizations will be eligible to receive funding through this application process. CHHS reserves the right to deny applications at their discretion. Applicants are encouraged to work closely with CHHS staff to ensure the best application possible.

**Sidewalk Application**

Neighborhood Councils may allocate funds toward the repair of hazardous sidewalk repairs, placement of new sidewalks, or installation of ADA accessible ramps. Sidewalk projects are limited to census block groups where >51% of the population meets the low and moderate income minimum thresholds (<80% AMI). Neighborhood Councils wishing to allocate funds toward sidewalk projects must contact CHHS to review and determine eligibility.

**Sidewalk Selection Criteria**

CHHS has developed the following examples of Dangerous, Poor and Cosmetic sidewalk conditions. CHHS will evaluate each location submitted to determine eligibility based on condition at the time of inspection. Sidewalks that do not meet the dangerous criteria will not be considered for repair. Individuals with questions about the criteria listed below are encouraged to contact CHHS at spokanechhs@spokanecity.org for additional guidance.

**Dangerous:** Sidewalks considered dangerous will have a lift greater than half an inch, significant cracking with widths exceeding one half an inch and significant deterioration making pedestrian access difficult. Only dangerous sidewalks will be considered for this program.
**Poor**: A sidewalk in Poor condition will have minor cracking and lifting not to exceed one half inch. Pedestrian access is not limited by a sidewalk in poor condition. Sidewalks in poor condition will be considered for replacement on a case-by-case basis, please avoid selecting sidewalks in poor condition.

**Cosmetic**: A Cosmetic sidewalk will have insignificant cracking and weathering typical for outdoor concrete pours. Cosmetic sidewalk repairs will not be considered for replacement under this program.
