

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

Program Year 2019 was successful at meeting or exceeding most goals and outcomes. Please review the results below for a detailed summary of each goal, category, indicator and unit of measure for Program Year 2019.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected – Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected – Program Year	Actual – Program Year	Percent Complete

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The City of Spokane continues to focus on needs and goals outlined in the 2015-2020 Consolidated Plan. During the 2019 program year (7/1/19-6/30/20) CHHS invested heavily in community based programing and increasing the stock of safe affordable housing choices. Reinvestment in the Carlyle apartment complex, and funding for the construction of a new early learning center in the Perry District highlight key accomplishments during the program year.

CR-10 - Racial and Ethnic composition of families assisted

**Describe the families assisted (including the racial and ethnic status of families assisted).
91.520(a)**

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

The table above provides a summary of racial and ethnic limited clientele services offer during the 2019 program year. CDBG and HOME summary data is provided in this table, ESG is provided via HUD’s SAGE reporting system, and the City of Spokane does not receive any HOPWA funds.

DRAFT

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	5,557,993	4,202,218
HOME	public - federal	3,223,687	961,458
HOPWA	public - federal	0	0
ESG	public - federal	276,545	276,545

Table 3 - Resources Made Available

Narrative

During program year 2019, the City of Spokane receipted \$2,126,318.20 in program income. These funds allowed the City of Spokane to leverage additional investments in safe and affordable housing choices. Between program income and unspent prior year funds, the City was able to activate an amount greater than forecasted, while still meeting HUD's timely expenditure of funds requirement (24 CFR Part 570.902). Unspent funds from program year 2019 will roll forward into program year 2020. These funds will be utilized for the benefit of low/moderate income households. Particular focus will be given to activities that address safe affordable housing choices and response to the COVID-19 pandemic.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description

Table 4 – Identify the geographic distribution and location of investments

Narrative

The City of Spokane has identified six separate targeted investment areas as part of an overall economic development strategy. CHHS supports these targeted investment areas with CDBG, HOME and ESG funds when services are provided to low-and-moderate income individuals.

Target Investment Areas within the City of Spokane

- Downtown
- East Sprague
- North Bank/Kendall Yards
- The YARD
- University District
- West Plains/International Airport

For more information on these target investment areas, please visit the City of Spokane Business and Development Services website. <https://my.spokanecity.org/business/incentives/>

DRAFT

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

Matching Contribution Requirements

Requirement: Reduction of Matching Contributions

Citation: 24 CFR 92.218 and 92.222(b)

Explanation: The provisions of 24 CFR 92.218 and 24 CFR 92.222(b) require all HOME PJs to contribute throughout the fiscal year to housing that qualifies as affordable housing under the HOME program. The contributions must total no less than 25 percent of the HOME funds drawn from the PJ's HOME Investment Trust Fund Treasury account. The COVID-19 pandemic has drastically reduced economic activity, reducing state and local tax revenues and placing financial strain on PJs as they deliver urgently needed public health, emergency housing, education, community and social services. Reducing the matching requirement for PJs in areas covered by a major disaster declaration by 100 percent for FY 2020 and FY 2021 will ease the economic burden on PJs and eliminate the need for them to identify other sources of match for HOME activities.

Justification: Given the urgent housing and economic needs created by COVID-19, and the substantial financial impact the PJ will face in addressing those needs, waiver of these regulations will relieve the PJ from the need to identify and provide matching contributions to HOME projects.

Applicability: This match reduction applies to funds expended by a PJ located in Presidentially declared-disaster area between October 1, 2019 and September 30, 2021.

Fiscal Year Summary – HOME Match	
1. Excess match from prior Federal fiscal year	13,228,695
2. Match contributed during current Federal fiscal year	0
3. Total match available for current Federal fiscal year (Line 1 plus Line 2)	13,228,695
4. Match liability for current Federal fiscal year	92,264
5. Excess match carried over to next Federal fiscal year (Line 3 minus Line 4)	13,136,431

DRAFT

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	25	238
Number of Non-Homeless households to be provided affordable housing units	25	388
Number of Special-Needs households to be provided affordable housing units	5	0
Total	55	626

Table 11 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	25	68
Number of households supported through The Production of New Units	25	180
Number of households supported through Rehab of Existing Units	25	616
Number of households supported through Acquisition of Existing Units	0	0
Total	75	864

Table 12 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The City of Spokane was successful in creating new affordable housing units during program year 2019. The following activities contributed to the success of meeting, or exceeding one-year goals:

- Single Family Rehab Program
- Essential Home Repair Program
- Rapid Re-housing Program

- Multi-family HOME Program
- Habitat for Humanity Derelict Housing Program
- Local investments in emergency shelter programming

Discuss how these outcomes will impact future annual action plans.

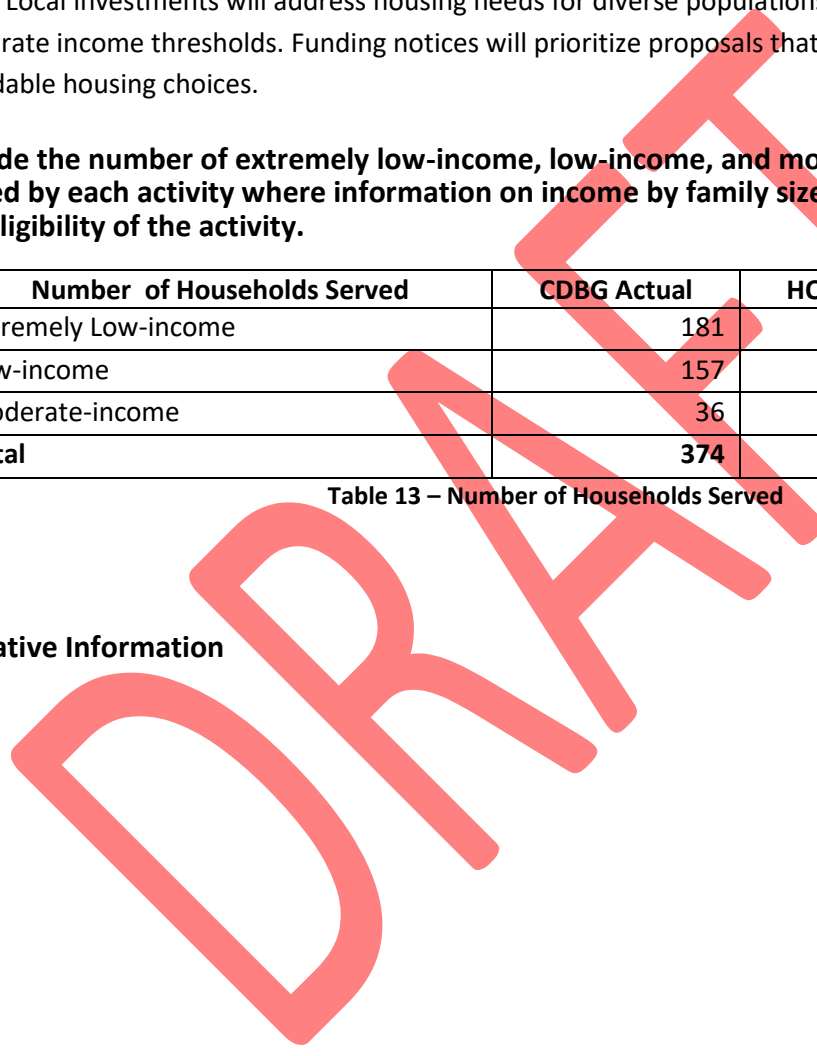

The City of Spokane is responding to a limited supply of safe affordable housing choice. The City will continue making investments in safe affordable housing choices and accessibility during program year 2020. Local investments will address housing needs for diverse populations meeting the low and moderate income thresholds. Funding notices will prioritize proposals that address/expand safe affordable housing choices.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	181	2
Low-income	157	2
Moderate-income	36	0
Total	374	4

Table 13 – Number of Households Served

Narrative Information

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Spokane City/County Continuum of Care continues to support local outreach efforts to provide full coverage to CoC's geographic area, offer opportunities for engagement on evenings and weekends, and to provide the full level of service necessary to least likely to engage in services. The jurisdiction sponsored a strategic realignment local outreach efforts in order to improve better coordination of services between City-funded team street outreach efforts funded through PATH, STR Opioid Crisis, RHY, and SSVF as well as outreach teams that are focused on workforce connections and meeting the physical health needs of the homeless population. The increased coordination is improving access to population-specific resources, reducing duplication of efforts, and ensuring unsheltered persons have the greatest degree of access to the homeless crisis response system possible. These outreach teams also participate in regular case conferencing meetings to address the needs chronically homeless individuals and homeless youth.

Addressing the emergency shelter and transitional housing needs of homeless persons

The CoC seeks to provide emergency response to families and individuals who are homeless and recognizes the continued need for shelter beds that are available when a person is unsheltered. The jurisdiction's goal is to operate a comprehensive shelter system that meets the needs of all households regardless of composition and quickly transitions households from homelessness back into permanent housing. Currently the shelter system includes programs to serve the specific needs of homeless adult men, adult women, unaccompanied youth, and households with children, however the CoC has identified the need for additional shelters for adult men and women. Additionally, couples without children and youth who are in transition (18-24) do not have a dedicated shelter program that meets their unique service needs. The City, the CoC, and other community stakeholders are currently working to identify one or more sites for acquisition and ongoing funding for operations to meet the above needs.

With regards to meeting the transitional housing needs of homeless persons in our community, the CoC is moving towards providing permanent, rather than temporary, housing options, however the CoC is committed to continuing to support transitional housing programs for certain populations for which this intervention is considered best practice, such as youth, households fleeing domestic violence, clients exiting institutions, and veterans either through direct funding or supporting acquisition of subpopulation tailored resources such as OVW, RHY, and GPD funding.

Helping low-income individuals and families avoid becoming homeless, especially extremely

low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The jurisdiction works with the following housing and health care partners on the implementation of an integrated care program to ensure eligible homeless clients are not discharged from in-patient hospital care or emergency room visit into homelessness: Empire Health Foundation, Providence Health Care, Community Health Association of Spokane, and Volunteers of America. The Roads to Community Living Program coordinates with group homes, assisted living program and private landlords to ensure that long term Medicare eligible clients discharging from hospitals, nursing homes and mental health facilities are not being discharged into homelessness.

The Spokane County Regional Behavioral Health (SCRBH) is responsible for community-based mental health services for inpatient and outpatient care services. Eastern State Hospital works in conjunction with Frontier Behavioral Health Outreach and Spokane County Supportive Living Program. These programs work with the clients and the outpatient mental health provider to create a plan for housing and continued services.

The CoC has ensured that its members have written procedures to address discharge planning of youth exiting foster care. The Department of Children, Youth, and Families procedures provide for Independent Living Services and require an Independent Living Plan (ILP) to assist the youth toward a successful transition to adulthood. Local DCYF Social Workers and Volunteers of America, as the contracted ILP provider, work with youth as they near 18 to establish an ILP to guide the services and housing assistance until they are 21. Eligible young adults exiting care are assisted in accessing housing through the Independent Youth Housing Program or Family Unification Program vouchers.

Spokane County has taken the lead in housing individuals as they exit from correctional institutions through the Re-Entry Initiative (REI) Program, a community re-entry program dedicated to transitioning formerly homeless exiting institutional settings into adjusted citizens, engaging, working and living in stable housing with limited to no subsidy. Through their partnership with Goodwill Industries of the Inland Northwest, they provide permanent housing through a short term rental assistance program to persons exiting correctional institutions. Airway Heights Corrections facility and the local jail works with Pioneer Human Services who operates separate work release facilities for women and men. A formalized discharge plan, in which housing is a requirement, is created for each client as they discharge from these facilities. Volunteers of America and Youth, Family, and Adult Connections work with Spokane County Juvenile Court Services and the WA State Office of Juvenile Rehabilitation to prevent youth and young adults from exiting juvenile justice facilities to homelessness.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals

and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The jurisdiction's coordinated entry process operates on a diversion-first model to prevent individuals and families with children from entering the crisis response system by helping households better utilize their existing support networks and assisting with their access to community resources. ESG is funding rapid re-housing and emergency shelter operations. An intentional shift to focus on permanent housing exits when households enter the homeless system has been transforming the City's homeless system over the past few years. As a result, much of the CoC efforts to serve homeless households are focused on rapid re-housing. Households who present as chronically homeless with very high barriers are placed directly into available PSH units or available bridge housing. These efforts shorten the time families are homeless and increase stability.

The Supportive Services for Veteran Families (SSVF) program provides an essential resource for Veterans and their families who are homeless or at risk. SSVF provides intensive outreach, housing search and placement and continued case management for this population. For Veterans who need more intensive housing services The Spokane Housing Authority, (SHA), has a successful partnership with the Veterans Administration to provide VASH vouchers to homeless veterans. All referrals are made through the VA, who also provides complete wrap-around supportive services. Veterans that are not eligible for these programs are prioritized for placement in PSH dedicated to chronically homeless veterans.

The Young Adult Housing Program (YAHP) from the Washington State Department of Commerce's Office of Homeless Youth has provided the jurisdiction with a crucial new resource for the provision of rent assistance, transitional housing, and case management for young adults ages 18 through 24. YAHP provides young adults with housing search assistance, temporary rental assistance, and case management as well as access to transitional or interim housing during the housing search process for youth with the highest barriers.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

Phase II of the RAD Conversion completed in October 2019 with the conversion of our remaining scattered site public housing units to simple affordable rental units. Relocation of the existing households occupying these units began in December 2019 and currently continues. We are expecting to complete relocation of affected households by summer of 2021. As households have been relocated with assistance from the Authority, and their former units become vacant, we then begin marketing the units for sale to the general public.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

As mentioned previously, as a requirement of the RAD program we are selling these units at Fair Market Value. All households occupying a unit at conversion were provided the right of first refusal and could pursue the homeownership alternative if they had the interest and the capacity. To date we have divested of 25 properties with another five (5) units currently pending. Our goal is to be completed the relocation and sale of all properties by summer of 2021. So far two (2) of our households were able to purchase their units, while another two (2) are expected to close this month (November 2020). The remaining households have not been interested in homeownership and instead have preferred to relocate to a comparable unit, with relocation assistance provided by the Authority.

Actions taken to provide assistance to troubled PHAs

NA

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The City of Spokane has expanded their targeted investment strategies to include 6 geographic areas within the city. The goal of Target Investment Areas is to leverage public resources for housing, street and utility infrastructure, public safety and other efforts can lead to increased private investment and measurable, long-term economic vitality within the City of Spokane. Priority is given to projects that increase development and/or services in these areas. In addition to targeted investments of other City dollars, issues such as zoning ordinances, building codes, fees and charges, etc. are being reviewed to facilitate faster and more effective growth and increased housing options.

Additionally, the Continuum of Care's implementation of Coordinated Assessment makes shelter, transitional and permanent affordable housing and services more accessible to individuals experiencing homelessness.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The City places special emphasis on funding multi-family rental projects serving extremely low income (below 30% of median income) households, 3+ bedroom units for large families, and "Centers & Corridors" development that places affordable housing adjacent to jobs and public transportation.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The City of Spokane actively addresses lead-based paint hazards by integrating HUD Title X and EPA Renovator (RRP) requirements into HUD-grant-assisted housing rehabilitation programs for homebuyers, homeowners, and renters. Note that homes are not declared "lead free" due to HUD's lack of a lead-free defining criteria. This may be due to extensive and nationwide environmental lead that can contaminate any home at any time, including those built after 1978. Rather, the City requires Clearance testing to verify lead-safe rehabilitation, as applicable. The City also offers visual assessment trained HQS inspection, "Renovate Right" pre-renovation pamphlet, and "Protect Your Family" pre-housing-contract pamphlet as well as referral to the Washington State Lead Based Paint program for certified renovation, XRF, and Clearance services.

The Single-Family Rehabilitation and Multifamily Housing programs incorporate HUD and EPA lead-based paint requirements into housing renovation activities. Lead Inspections and Risk Assessments are required for all units constructed prior to 1978. All for-hire contractors performing renovation must use EPA-certified Renovators when disturbing known or suspected lead-based paint in homes and child-occupied facilities constructed before 1978. These renovation projects must provide a Clearance examination performed by a licensed and third-party Risk Assessor that verifies no latent lead-based paint chips or dust.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

CHHS continues to invest into land acquisition for the development of affordable housing for poverty-level families. CHHS has and will continue partnering with local housing providers to ensure CDBG and HOME funds are used to expand our affordable housing portfolio in Spokane. Examples of projects funded during this program year to address affordable housing and services for poverty-level households include:

- Partnership with Habitat for Humanity, Spokane for the acquisition and rehabilitation of derelict homes. New homeowner housing units for qualifying homebuyers.
- Rental Repair Pilot Program to improve safe affordable housing choices for low/moderate income renters
- Single-family Rehab Program to assist low and moderate income homeowners with financial assistance (loans) to make necessary physical improvements
- Essential Home Repair Program to assist low and moderate income homeowners with financial assistance (grants) to make emergency physical repairs

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

There were several actions taken as part of the Consolidated Planning process to improve institutional structure. The most significant was establishing Strategic Plan goals with a better understanding of the relationship between Goal Outcome Indicators (GOIs) and other program accomplishments. These changes were extended to contracting to ensure sub-recipient reporting matches the City's reporting obligations.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

Public and non-profit housing providers, private and governmental health, mental health, and service agencies participated in the network of activities described in this CAPER report. They are also the organizations with which the City of Spokane worked to develop each Annual Action Plan. A strong network of community partnerships exists among public, private, nonprofit and for-profit sectors of the City, which work effectively to meet the needs of Spokane's low- and moderate-income residents. CoC members and community partners worked to update Spokane's Strategic Plan to End Homelessness. Finally, the City strongly encourages collaborations among its subrecipients. These collaborations enhanced the coordination of services among agencies and reduced inefficiencies and duplication of services.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

As a result of the COVID-19 pandemic the Northwest Fair Housing Alliance (NFHA) pivoted away from

the traditional in-person training. Rather, NFHA hosted multiple online trainings during the month of August 2020. The following is a listing of online courses provided to assist landlords & tenants in the Inland Northwest:

Fair Housing Basics: Core Series:

- Fair Housing Basics
- Reasonable Accommodations
- Assistance Animals
- Implicit Bias Workshop

Hot Topic Series:

- Washington State Landlord Tenant Law Update
- Washington State's Source of Income Protections & Landlord Mitigation Program
- Strategies for Preventing, Identifying, and Treating Pests
- Resources for Supporting People with Disabilities in Tenancies in Spokane County
- Housing Search and Landlord Outreach in Spokane, Washington

Community, Equity, & Inclusion Series:

- Overcoming the Obstacles to Home Ownership
- Fair Housing Basics En Español
- Approaching Justice: The Fair Housing Act & Community Organizing

Fair Housing for Real Estate Brokers:

- Part 1: HUD's Proposed Fair Housing Rules
- Part 2: Sales & Lending Discrimination Update

For more information regarding the 2020 Inland Northwest Fair Housing Virtual Conference, please visit: <http://nwfairhouse.org/training>

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The City of Spokane monitors all activities awarded funds for furtherance of both the Strategic Plan to End Homelessness and the Consolidated Plan for Community Development, in accordance with the City's Grants Management and Financial Assistance Guide (Admin Policy 0430-16-01). City staff perform annual risk assessments on all grantees which inform planned monitoring methods and schedules. In implementing these plans, City staff monitor for:

- Budget Control: comparison of actual expenditures with budgeted amounts
- Expenditure Verification: Ensuring expenditures are supported by source documentation such as receipts, invoices, and time and effort records
- Cost allowability: ensuring that expenditures are billed in accordance with applicable program regulations
- Performance: ensuring grantees meet all contract requirements including benchmarks and performance measures, timeliness standards, data collection and reporting.

In association with monitoring activities, City staff frequently provide technical assistance to community partners to maximize the benefit of funded activities and to advance understanding of applicable laws and regulations.

Minority Business Outreach:

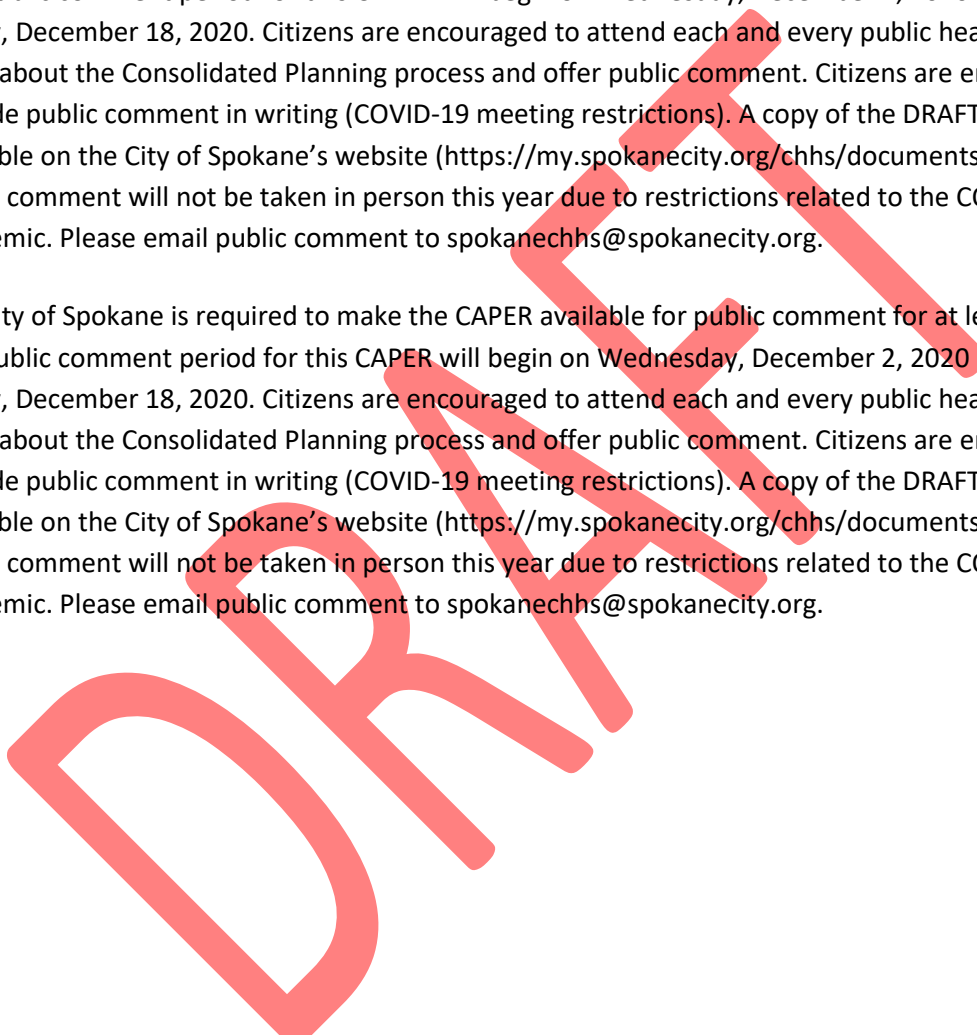

CHHS promotes HUD-funded construction contracting opportunities to women, minority, and Section 3 businesses. CHHS seeks to utilize minority and women owned-business (M/WBE) and Section 3 business opportunities to the maximum extent practicable. Sponsors of HOME and CDBG assisted construction projects identify bid outreach to minority and women owned businesses (M/WBE) and Section 3 Business Concerns. Staff provides a list of Spokane area businesses who are M/WBE and/or Section 3 Business Concerns. These contractors are either Washington State M/WBE certified or self-certified to CHHS. Staff recommends that each sponsor document at least 3 bid solicitations from this list for each HUD-funded project. Sponsors then report to CHHS if any M/WBE and/or Section 3 Business Concerns were hired and the dollar amount of contracts executed. M/WBE and Section 3 contract activity is then reported to HUD via form HUD-2516 and SPEARS online report.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The City of Spokane is required to make the CAPER available for public comment for at least (15) days. The public comment period for this CAPER will begin on Wednesday, December 2, 2020 and end on Friday, December 18, 2020. Citizens are encouraged to attend each and every public hearing to learn more about the Consolidated Planning process and offer public comment. Citizens are encouraged to provide public comment in writing (COVID-19 meeting restrictions). A copy of the DRAFT CAPER is available on the City of Spokane's website (<https://my.spokanecity.org/chhs/documents/>). Written public comment will not be taken in person this year due to restrictions related to the COVID-19 pandemic. Please email public comment to spokanechhs@spokanecity.org.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction’s program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

The City of Spokane has not made any changes to our program objectives during Program Year 2019. The City continues the pursuit of meeting community needs (as identified in the 2015 – 2020 Consolidated Plan) by addressing the following strategies:

1. Safe affordable housing choice
2. Basic and special needs and reduce homelessness
3. Community development and economic opportunities

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

DRAFT

CR-50 - HOME 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

The City of Spokane implemented its 2019 HOME Multifamily Housing Program Monitoring Plan and Risk Assessment. That document reports results of the annual risk assessment, 3-year physical inspection cycle, annual rent review/approve, annual Suitable for Occupancy certification, annual financial review, annual HUSM utility expense calculation, and 6th-year income verification.

The following HOME-assisted projects were inspected and passed inspection: Alexandria's House; Atlantic Asbens B & C; Atlantic Homes 4110 & 4118; Birghtree; CH Properties Sharp SFR, II, & IV; Garabedian Cook Duplex & Sharp Triplex; Peterson 1st Ave; Rose Apartments; Sprague Union Terrace; Straw Bale House; Delaney; Vasilenko Hoffman SFR, Princeton Duplex, Garfield; W 315; and SACH Celesta, Celesta 2, Demonstration Housing, Solid Homes, River Ridge Duplexes. Only minor repairs were identified and corrected.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)

HOME funding applicants provide an Affirmative Fair Housing Marketing Plan for Multifamily Housing on form HUD-935.2A. Staff also reviews leases, house rules, and tenant selection procedures for any needed technical assistance. Staff notifies each HOME borrower of affirmative marketing requirements and provides marketing recommendations for vacant units. Recommendations include human service organizations, aptfinder.org website, and displaying the Equal Housing Opportunity logo onsite and in all vacancy advertisements. Staff also invited HOME borrowers to the annual Spokane Fair Housing training. Onsite HOME monitoring also includes a property manager survey which includes marketing and waitlist questions to indicate any need for technical assistance.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

During program year 2019, CHHS receipted \$450,179.00 HOME program income (PI). These funds are scheduled to be committed in the Fall 2020 HOME RFP funding round for constructing affordable housing. Also during program year 2019, CHHS disbursed \$578,008.59 of HOME PI that was earlier accrued and committed. These PI funded projects were both for-profit and nonprofit sponsored. All projects served tenants at/below 50% AMI.

Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)

The City of Spokane coordinates our affordable housing investments with Spokane County, Washington State Housing Trust Fund, and Washington State Housing Finance Commission affordable housing funders. This coordination promotes local affordable housing development and leverages local housing investments. The City applies a Period of Affordability that extends beyond the minimum HUD CDBG and/or HOME periods of Affordability to maintain longer-term housing affordability. Also, staff participates in meetings and discussions of the Spokane County and statewide funding and policy bodies. City staff also participated in Commerce' Policy Advisory Team and Affordable Housing Advisory Board regarding housing policy and programs delivery.

CR-70 – ESG 91.520(g) - Assistance Provided and Outcomes

10. Shelter Utilization

Number of New Units - Rehabbed	0
Number of New Units - Conversion	0
Total Number of bed-nights available	55,115
Total Number of bed-nights provided	48,867
Capacity Utilization	88.66%

Table 24 – Shelter Capacity

11. Project Outcomes Data measured under the performance standards developed in consultation with the CoC(s)

ESG projects support the goals and objectives of the City's 10-year plan, The Road Home and the Department of Housing and Urban Development's goals toward ending homelessness. Strategies funded through ESG include; emergency shelter to the chronic homeless population, youth, families and victims of domestic violence; outreach and engagement of the chronic homeless population and families with children; and rapid re-housing for all populations. ESG, CoC, state, and locally funded homeless service projects are all held to the set of performance outcomes including but not limited to exits to permanent housing and length of time homeless in emergency shelter.
