

CITY OF SPOKANE

NOTICE

REGARDING CITY COUNCIL MEETINGS

Notice is hereby given that City Council has resumed in-person meetings. City Council's standing committee meetings, Briefing Sessions, Legislative Sessions and study sessions are held in City Council Chambers – Lower Level of City Hall, 808 W. Spokane Falls Blvd.

City Council Members, City staff, presenters and members of the public will still have the option to participate virtually via WebEx during all meetings, with the exception of Executive Sessions which are closed to the public. Call in information for the October 10, 2022, meetings is below. All meetings will continue to be streamed live on Channel 5 and online at <https://my.spokanecity.org/citycable5/live> and <https://www.facebook.com/spokanecitycouncil>.

WebEx call in information for the week of October 10, 2022:

1:15 p.m. Committee Meeting: 1-408-418-9388; access code: 2491 952 4023; password: 0320

3:30 p.m. Briefing Session: 1-408-418-9388; access code: 2485 018 9050; password: 0320

6:00 p.m. Legislative Session: 1-408-418-9388; access code: 2482 502 7177; password: 0320

Thursday Study Session: 1-408-418-9388; access code: 2480 676 7327; password: 0320

To participate in public comment (including Open Forum):

Testimony sign up is open from 5:00-6:00 p.m. on Monday, October 10, 2022. You must sign up by 6:00 p.m. to be called on to testify. Sign up forms will be available outside of Council Chambers for in-person attendees.

Those wishing to give testimony virtually can sign up between 5:00-6:00 p.m. at <https://forms.gle/Vd7n381x3seaL1NW6>. (If you are unable to access the form by clicking the hyperlink, please copy and paste the link address into your browser window.) Instructions for participation are provided on the form when you sign up.

The Open Forum is a limited public forum; all matters discussed in the open forum shall relate to the affairs of the City and items of interest not relating to the Current or Advance Agendas, pending hearing items, or initiatives or referenda in a pending election. Individuals speaking during the open forum shall address their comments to the Council President and shall not use profanity, engage in obscene speech, or make personal comment or verbal insults about any individual.

**CITY COUNCIL MEETINGS
RULES – PUBLIC DECORUM**

Strict adherence to the following rules of decorum by the public will be observed and adhered to during City Council meetings, including open forum, public comment period on legislative items, and Council deliberations:

- 1. No Clapping!**
- 2. No Cheering!**
- 3. No Booing!**
- 4. No public outbursts!**
- 5. Three-minute time limit for comments made during open forum and public testimony on legislative items!**

In addition, please silence your cell phones when entering the Council Chambers!

Further, keep the following City Council Rules in mind:

Rule 2.2 OPEN FORUM

- A. At the 6:00 p.m. legislative session, after the conclusion of the legislative agenda, the Council shall hold an open forum unless a majority of Council Members vote otherwise. The open forum will not extend past 9:30 p.m. unless extended by a supermajority of the Council.
- B. Members of the public can sign up for open forum in the hour preceding the legislative session via the virtual testimony form linked in the meeting packet or in person outside Council Chambers. The order of the speakers be determined at the discretion of the chair. Each speaker shall be limited to no more than three minutes unless a majority of the Council Members in attendance vote on an alternate time limit.
- C. No action, other than a statement of Council Members' intent to address the matter in the future, points of order, or points of information will be taken by Council Members during an open forum.
- D. The open forum is a limited public forum and all matters discussed in the open forum shall relate to the affairs of the City. No person shall be permitted to speak in open forum regarding items on that week's current agenda or the next week's advanced agenda, pending hearing items, or initiatives or referenda in a pending election. Individuals speaking during open forum shall address their comments to the Council President and shall not use profanity, engage in obscene speech, or make personal comment or verbal insults about any individual.

Rule 2.7 SERVICE ANIMALS AT CITY COUNCIL MEETINGS

- A. For purposes of these Rules, only dogs that are individually trained to do work or perform tasks for a person with a disability are recognized as service animals. Dogs or other animals whose sole function is to provide comfort or emotional support do not qualify as service animals under these Rules. Service animals are permitted to accompany people with disabilities in City Council meetings, as well as all areas where members of the public are allowed to go.
- B. Service animals must, at all times while present in a City Council meeting, be harnessed, leashed, or tethered, unless these devices interfere with the service animal's work or the individual's disability prevents using these devices, in which case, the individual must maintain control of the animal through voice, signal, or other effective controls.

Rule 2.15 PARTICIPATION OF MEMBERS OF THE PUBLIC IN COUNCIL MEETINGS

- A. Members of the public may address the Council regarding the following items during the Council's legislative session: the consent agenda as a whole, first and final readings of regular and special budget ordinances, emergency ordinances, special consideration items, hearing items, and other items before the City Council requiring Council action, except those that are adjudicatory or solely administrative in nature. This rule shall not limit the public's right to speak on issues that are not part of the current or advanced agendas during open forum.
- B. No member of the public may speak without first being recognized for that purpose by the chair. Except for named parties to an adjudicative hearing, a person may be required to sign a sign-up sheet and provide their city of residence as a condition of recognition. Council Members must be recognized by the chair for the purpose of obtaining the floor.
- C. Each person speaking in a public Council meeting shall verbally identify themselves by name, city of residence, and, if appropriate, representative capacity.
- D. Each speaker shall follow all written and verbal instructions so that verbal remarks are electronically recorded, and documents submitted for the record are identified and marked by the Clerk.

- E. In order that evidence and expressions of opinion be included in the record and that decorum befitting a deliberative process be maintained, no modes of expression not provided by these rules, including but not limited to demonstrations, banners, signs, applause, profanity, vulgar language, or personal insults will be permitted.
- F. A speaker asserting a statement of fact may be asked to document and identify the sources of the factual datum being asserted.
- G. When addressing the Council, members of the public shall direct all remarks to the Council President, shall refrain from remarks directed personally to any Council Member or any other individual, and shall confine remarks to the matters that are specifically before the Council at that time.
- H. Members of City Council staff may participate in public comment, including open forum, providing they are in compliance with the City of Spokane Code of Ethics and they do the following:
 - 1. Announce at the beginning of their testimony that they are there in their personal capacity or their capacity as a member of a relevant board, commission, committee or community group;
 - 2. Protect confidential information, including, but not limited to, confidential financial information and attorney-client communications;
 - 3. Do not use, or be perceived to use, City funds, including giving testimony during paid work time, or City property, including using a City-issued computer or cell phone, in giving testimony.
- I. When any person, including members of the public, City staff, and others, are addressing the Council, Council Members shall observe the same decorum and process, as the rules require among the members *inter se*. That is, a Council Member shall not engage the person addressing the Council in colloquy but shall speak only when granted the floor by the Council President. All persons and/or Council Members shall not interrupt one another. The duty of mutual respect set forth in Rule 1.2 and the rules governing debate set forth in *Robert's Rules of Order, newly revised*, shall extend to all speakers before the City Council. The City Council's Director of Policy and Government Relations and/or City Attorney shall, with the assistance of Council staff, assist the Council President to ensure that all individuals desiring to speak shall be identified, appropriately recognized, and provided the opportunity to speak.

Rule 2.16 PUBLIC TESTIMONY REGARDING LEGISLATIVE AGENDA ITEMS – TIME LIMITS

- A. The City Council shall take public testimony on all matters included on its legislative agenda as described at Rule 2.15(A), with those exceptions stated in Rule 2.16(B). Public testimony shall be limited to the final Council action, except that public testimony shall be allowed at the first reading of ordinances. Public testimony shall be limited to three (3) minutes per speaker unless the time limit is adjusted by a majority vote of the Council. The chair may allow additional time if the speaker is asked to respond to questions from the Council. Public testimony and consideration of an item may be extended to a subsequent meeting by a majority vote of the Council.
- B. No public testimony shall be taken on amendments to consent or legislative agenda items, or solely procedural, parliamentary, or administrative matters of the Council.
- C. Public testimony will be taken on consent and legislative items that are moved to Council's regular briefing session or study session unless a majority of Council votes otherwise during the meeting in which the items are moved.
- D. For legislative or hearing items that may affect an identifiable individual, association, or group, the following procedure may be implemented at the discretion of the Council President:
 - 1. Following an assessment by the chair of factors such as complexity of the issue(s), the apparent number of people indicating a desire to testify, representation by designated spokespersons, etc., the chair shall, in the absence of objection by the majority of the Council present, impose the following procedural time limitations for taking public testimony regarding legislative matters:
 - a. There shall be up to fifteen (15) minutes for staff, board, or commission presentation of background information, if any.
 - b. The designated representative of the proponents of the issue shall speak first and may include within their presentation the testimony of expert witnesses, visual displays, and any other reasonable methods of presenting the case. Up to thirty (30) minutes may be granted for the proponent's presentation. If there be more than one designated representative, they shall allocate the allotted time between or among themselves.
 - c. Following the presentation of the proponents of the issue, three (3) minutes shall be granted for any other person not associated with the designated representative of the proponents who wishes to speak on behalf of the proponent's position.
 - d. The designated representative, if any, of the opponents of the issue shall speak following the

presentation of the testimony of expert witnesses, visual displays, and any other reasonable methods of presenting the case. The designated representative(s) of the opponents shall have the same amount of time which was allotted to the proponents.

- e. Following the presentation by the opponents of the issue, three (3) minutes shall be granted for any other person not associated with the designated representative of the opponents who wishes to speak on behalf of the opponents' position.
 - f. Up to ten (10) minutes of rebuttal time may be granted to the designated representative for each side, the proponents speaking first, the opponents speaking second.
- 2. In the event the party or parties representing one side of an issue has a designated representative and the other side does not, the chair shall publicly ask the unrepresented side if they wish to designate one or more persons to utilize the time allotted for the designated representative. If no such designation is made, each person wishing to speak on behalf of the unrepresented side shall be granted three (3) minutes to present their position, and no additional compensating time shall be allowed due to the fact that the side has no designated representative.
 - 3. In the event there appears to be more than two groups wishing to advocate their distinct positions on a specific issue, the chair may grant the same procedural and time allowances to each group or groups, as stated previously.
 - 4. In the event that the side for which individuals wish to speak is not identified, those wishing to give testimony shall be granted three (3) minutes to present their position after all sides have made their initial presentations and before each side's rebuttal period.
- E. The time taken for staff or Council Member questions and responses thereto shall be in addition to the time allotted for any individual or designated representative's testimony.
 - F. Testimony may also be submitted by mail to City Council Office, Spokane City Hall, 808 W. Spokane Falls Blvd., Spokane, WA, 99201, by email to all Council Members, or via the Contact form on the Council's website.¹

THE CITY OF SPOKANE

ADVANCE COUNCIL AGENDA

MEETING OF MONDAY, OCTOBER 10, 2022

MISSION STATEMENT

**TO DELIVER EFFICIENT AND EFFECTIVE SERVICES
THAT FACILITATE ECONOMIC OPPORTUNITY
AND ENHANCE QUALITY OF LIFE.**

MAYOR NADINE WOODWARD

COUNCIL PRESIDENT BREEAN BEGGS

COUNCIL MEMBER JONATHAN BINGLE

COUNCIL MEMBER LORI KINNEAR

COUNCIL MEMBER BETSY WILKERSON

COUNCIL MEMBER MICHAEL CATHCART

COUNCIL MEMBER KAREN STRATTON

COUNCIL MEMBER ZACK ZAPPONE

**CITY COUNCIL CHAMBERS
CITY HALL**

**808 W. SPOKANE FALLS BLVD.
SPOKANE, WA 99201**

LAND ACKNOWLEDGEMENT

We acknowledge that we are on the unceded land of the Spokane people. And that these lands were once the major trading center for the Spokanes as they shared this place and welcomed other area tribes through their relations, history, trade, and ceremony. We also want to acknowledge that the land holds the spirit of the place, through its knowledge, culture, and all the original peoples Since Time Immemorial.

As we take a moment to consider the impacts of colonization may we also acknowledge the strengths and resiliency of the Spokanes and their relatives. As we work together making decisions that benefit all, may we do so as one heart, one mind, and one spirit.

We are grateful to be on the shared lands of the Spokane people and ask for the support of their ancestors and all relations. We ask that you recognize these injustices that forever changed the lives of the Spokane people and all their relatives.

We agree to work together to stop all acts of continued injustices towards Native Americans and all our relatives. It is time for reconciliation. We must act upon the truths and take actions that will create restorative justice for all people.

Adopted by Spokane City Council on the 22nd day of March, 2021
via Resolution 2021-0019

BRIEFING AND LEGISLATIVE SESSIONS

The Briefing Session is open to the public, but will be a workshop meeting. Discussion will be limited to Council Members and appropriate Staff and Counsel. Pursuant to Council Rule 2.16.C, public testimony will be taken on consent and legislative items that are moved to Council's regular Briefing Session unless a majority of Council votes otherwise during the meeting in which the items are moved. The Legislative Session is also open to the public and public comment will be taken on Legislative Session items, except those that are adjudicatory or solely administrative in nature. Following the conclusion of the Legislative Agenda, an Open Forum will be held unless a majority of Council Members vote otherwise. Please see additional Open Forum information that appears at the end of the City Council agenda.

SPOKANE CITY COUNCIL BRIEFING SESSIONS (BEGINNING AT 3:30 P.M. EACH MONDAY) AND LEGISLATIVE SESSIONS (BEGINNING AT 6:00 P.M. EACH MONDAY) ARE BROADCAST LIVE ON CITY CABLE CHANNEL FIVE AND STREAMED LIVE ON THE CHANNEL FIVE WEBSITE. THE SESSIONS ARE REPLAYED ON CHANNEL FIVE ON THURSDAYS AT 6:00 P.M. AND FRIDAYS AT 10:00 A.M.

ADDRESSING THE COUNCIL

- No member of the public may speak without first being recognized for that purpose by the Chair. Except for named parties to an adjudicative hearing, a person may be required to sign a sign-up sheet and provide their city of residence as a condition of recognition. Council Members must be recognized by the chair for the purpose of obtaining the floor.
- Each person speaking at the public microphone shall verbally identify themselves by name, city of residency and, if appropriate, representative capacity.
- Each speaker shall follow all written and verbal instructions so that verbal remarks are electronically recorded, and documents submitted for the record are identified and marked by the Clerk. (If you are submitting letters or documents to the Council Members, please provide a minimum of ten copies via the City Clerk. The City Clerk is responsible for officially filing and distributing your submittal.)
- In order that evidence and expressions of opinion be included in the record and that decorum befitting a deliberative process be maintained, no modes of expression including but not limited to demonstrations, banners, signs, applause, profanity, vulgar language, or personal insults will be permitted.
- A speaker asserting a statement of fact may be asked to document and identify the source of the factual datum being asserted.
- When addressing the Council, members of the public shall direct all remarks to the Council President, shall refrain from remarks directed personally to any Council Member or any other individual, and shall continue to the matters that are specifically before the Council at that time.
- Members of the City Council staff may participate in public comment, including open forum, providing they are in compliance with the City of Spokane Code of Ethics and they follow the steps outlined in the City Council Rules of Procedure.

SPEAKING TIME LIMITS: Unless the time limit is adjusted by a majority vote of the Council, each person addressing the Council shall be limited to a three-minute speaking time. The chair may allow additional time if the speaker is asked to respond to questions from the Council. Public testimony and consideration of an item may be extended to a subsequent meeting by a majority vote of the Council. Note: No public testimony shall be taken on amendments to consent or legislative agenda items, or solely procedural, parliamentary, or administrative matters of the Council.

CITY COUNCIL AGENDA: The City Council Advance and Current Agendas may be obtained prior to Council Meetings by accessing the City website at <https://my.spokanecity.org>.

LEGISLATIVE AGENDA

SPECIAL BUDGET ORDINANCES

(Require Five Affirmative, Recorded Roll Call Votes)

Ordinances amending Ordinance No. C36161 passed by the City Council December 13, 2021, and entitled, "An Ordinance adopting the Annual Budget of the City of Spokane for 2022, making appropriations to the various funds of the City of Spokane government for the fiscal year ending December 31, 2022, and providing it shall take effect immediately upon passage," and declaring an emergency and appropriating funds in:

ORD C36277

General Fund

1) Add one classified Clerk II position (from 2 to 3) and increase the associated appropriation for salary and benefits in the Police department by \$14,909.

2) Decrease the appropriation for a Program Professional position in the Police department by \$14,909.

A) There is no change to the overall appropriation level in the General Fund.

1) Add one classified Business Analyst II position (from 0 to 1) and increase the associated appropriation for salary and benefits in the Police department by \$21,924.

B) This is an increase to the overall appropriation level in the General Fund.

(This action arises from the need to increase staffing at the downtown precinct and in Police IT.) (Deferred from September 26, 2022, Agenda)
(Council Sponsors: Council Members Cathcart and Bingle)

Eric Olsen

ORD C36290

Solid Waste Fund

1) Increase appropriation by \$172,300.

2) The increase in appropriation is provided solely for the purchase and installation of a new air dryer which shall be funded from unappropriated fund balance.

(A) This is an increase to the overall appropriation level in the Solid Waste Fund.

(This action arises from the need to mitigate months-long lead times.)
(Council Sponsors: Council Members Kinnear and Wilkerson)

Chris Averyt

ORD C36291

Solid Waste Fund

1) Increase appropriation by \$827,310.

2) The increase in appropriation is provided solely for repairs to the tipping floor which shall be funded from unappropriated fund balance.

(A) This is an increase to the overall appropriation level in the Solid Waste Fund.

(This action arises from the need to repair substantial damage to the WTE tipping floor.) (Relates to Consent Agenda Item No. 6)(Council Sponsors: Council Members Kinnear and Wilkerson)

Chris Averyt

ORD C36292

Solid Waste Fund

1) Increase appropriation by \$1,100,000.

2) The increase in appropriation is provided solely for the purchase of parts and supplies which shall be funded from unappropriated fund balance.

(A) This is an increase to the overall appropriation level in the Solid Waste Fund.

(This action arises from the need to mitigate months-long lead times.)
(Council Sponsors: Council Members Kinnear and Wilkerson)

Chris Averyt

ORD C36293

Solid Waste Fund

1) Increase appropriation by \$500,000.

2) The increase in appropriation is provided solely for transportation and disposal services which shall be funded from unappropriated fund balance.

(A) This is an increase to the overall appropriation level in the Solid Waste Fund.

(This action arises from the need to meet tonnage estimates through the end of the year.) (Council Sponsors: Council Members Kinnear and Wilkerson)

Chris Averyt

OPEN FORUM

At each meeting after the conclusion of the legislative agenda, the Council shall hold an open public comment period until 9:30 p.m., which may be extended by motion. Each speaker is limited to no more than three minutes. In order to participate in Open Forum, you must sign up by 6:00 p.m. A sign-up form will be available on the day of the meeting from 5:00-6:00 p.m. outside of Council Chambers for in-person attendees. Those wishing to comment virtually can sign up between 5:00-6:00 p.m. at <https://forms.gle/Vd7n381x3seaL1NW6>. (If you are unable to access the form by clicking the hyperlink, please copy and paste the link address into your browser window.) Instructions for virtual participation are provided on the form when you sign up. The Open Forum is a limited public forum; all matters discussed in the open forum shall relate to the affairs of the City and items of interest not relating to the Current or Advance Agendas, pending hearing items, or initiatives or referenda in a pending election. Individuals speaking during the open forum shall address their comments to the Council President and shall not use profanity, engage in obscene speech, or make personal comment or verbal insults about any individual.

ADJOURNMENT

The October 10, 2022, Regular Legislative Session of the City Council is adjourned to October 17, 2022.

Agenda Item Type	Purchase w/o Contract	Requisition #	VALUE BLANKET
Agenda Item Name	4490 VALUE BLANKET FOR THE PURCHASE OF BOILER TUBES AT THE WTE		

Agenda Wording

Value blanket renewal #2 of 4 with Helfrich Brothers Boiler Works, Inc. (Lawrence, MA) for the purchase of boiler tubes for use at the WTE from Nov. 1, 2022 through Oct. 31, 2023 with a total cost not to exceed \$900,000.00 including tax.

Summary (Background)

Prefabricated boiler tubes are a necessary item to have available on-site so that worn tubes can be replaced quickly in the event of a failure or during scheduled outages. On July 30, 2020, based on their response to ITB 5313-20, Helfrich Brothers Boiler Works, Inc. was awarded the initial one-year value blanket with the option of four (4) additional one-year renewals. This will be the second renewal.

Summary (Background)	<p>Prefabricated boiler tubes are a necessary item to have available on-site at the Waste to Energy Facility so that worn tubes can be replaced quickly in the event of a failure or during scheduled maintenance outages.</p> <p>On July 30, 2020 bidding closed on ITB 5313-20 for an annual supply of these boiler tubes, including the fabrication of u-bends, as-needed for the WTE Facility. Helfrich Brothers Boiler Works, Inc., of Lawrence, MA, was the lowest cost, responsible bidder. Other responses were received from The Babcock & Wilcox Company, Boiler Tube Company of America and Technology International, Inc.</p> <p>The initial value blanket with Helfrich Brothers was from Nov. 1, 2020 through Oct. 31, 2021 with a cost not to exceed \$650,000.00, including taxes and had the option of four (4) additional one-year renewals. This will be the second of those renewals from Nov. 1, 2022 through Oct. 31, 2023 for an additional cost not to exceed \$1.9 million including taxes. The additional cost is due to price increases as well as the needed purchase of extra tubing required for a changeout of the boiler superheater pendants that is in the 2023 capital plan.</p>
Proposed Council Action & Date:	Consent to proceed on 9/26/22.

Agenda Item Name	4490 CONTRACT RENEWAL FOR ONSITE VALVE REPAIRS AT THE WTE		

Agenda Wording

Contract renewal #3 of 4 with Bay Valve Service, LLC (Longview, WA) for onsite valve repair services at the WTE from Jan. 1, 2023 through Dec. 31, 2023 with a cost not to exceed 325,000.00 including tax.

Summary (Background)

The WTE has many valves that are critical to the operation of the plant. On-site maintenance is required for safe and efficient operation. A valve failure could result in a plant shutdown. In 2019, Bay Valve Service, LLC. was the only response received to PW ITB 5133-19 for these services and was awarded a one year contract with the option of four (4) additional one-year renewals. This will be the third renewal and rates will remain unchanged.

City of Spokane
CONTRACT RENEWAL
3 OF 4
Title: ON-SITE VALVE REPAIR SERVICES

This Contract Renewal is made and entered into by and between the **CITY OF SPOKANE** as ("City"), a Washington municipal corporation, and **BAY VALVE SERVICE, LLC**, whose address is 213 Douglas Street, Longview, Washington 98632 as ("Contractor"), individually hereafter referenced as a "party", and together as the "parties".

WHEREAS, the parties entered into a Contract wherein the Contractor agreed to perform On-Site Valve Repair Services for the City; and

WHEREAS, the original Contract provided for 4 additional one-year renewals with this being the third of those renewals, being formally renewed by this written Contract Renewal document; and

NOW, THEREFORE, in consideration of these terms, the parties mutually agree as follows:

1. CONTRACT DOCUMENTS.

The original Contract, dated November 7, 2019 and November 20, 2019, any previous amendments, renewals and / or extensions / thereto, are incorporated by reference into this document as though written in full and shall remain in full force and effect except as provided herein.

2. EFFECTIVE DATE.

This Contract Renewal shall become effective on January 1, 2023 and shall end December 31, 2023.

3. COMPENSATION.

The City shall pay an estimated maximum annual cost not to exceed **THREE HUNDRED TWENTY-FIVE THOUSAND AND 00/100 (\$325,000.00)**, in accordance with Contractors 2023 Rates attached hereto, for everything furnished and done under this Contract Renewal. This is the maximum amount to be paid under this Renewal, and shall not be exceeded without the prior written authorization of the City, memorialized with the same formality as the original Contract and this Renewal document.

4. DEBARMENT AND SUSPENSION.

The Contractor has provided its certification that it is in compliance with and shall not contract with individuals or organizations which are debarred, suspended, or otherwise excluded from or

ineligible from participation in Federal Assistance Programs under Executive Order 12549 and “Debarment and Suspension”, codified at 29 CFR part 98.

IN WITNESS WHEREOF, in consideration of the terms, conditions and covenants contained, or attached and incorporated and made a part, the parties have executed this Contract Renewal by having legally-binding representatives affix their signatures below.

ATTACHMENT A

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION,
INELIGIBILITY AND VOLUNTARY EXCLUSION**

1. The undersigned (i.e., signatory for the Subrecipient / Contractor / Consultant) certifies, to the best of its knowledge and belief, that it and its principals:
 - a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency;
 - b. Have not within a three-year period preceding this contract been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, receiving stolen property, making false claims, or obstruction of justice;
 - c. Are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and,
 - d. Have not within a three-year period preceding this contract had one or more public transactions (federal, state, or local) terminated for cause or default.
2. The undersigned agrees by signing this contract that it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction.
3. The undersigned further agrees by signing this contract that it will include the following clause, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions:

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions

1. The lower tier contractor certified, by signing this contract that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
 2. Where the lower tier contractor is unable to certify to any of the statements in this contract, such contractor shall attach an explanation to this contract.
4. I understand that a false statement of this certification may be grounds for termination of the contract.

Agenda Wording

Contract with Deeco Inc. (Raleigh, NC) for air emissions compliance testing at the Waste to Energy Facility from Jan. 1, 2023 through Dec. 31, 2023 with a cost not to exceed \$135,278.00 excluding tax.

Summary (Background)

Annual emissions testing, including the annual Relative Accuracy Test Audit (RATA) of the continuous emission monitoring system, is required by the WTE's operating permits. On July 29, 2022, bidding closed on IRFP #5616-22 for these services. Two responses were received; DEECO, Inc. (Raleigh, NC) and Alliance Tech Group (Salt Lake City, UT). DEECO, Inc. was determined to be the most qualified respondent. The contract award would be for one year with the option of four (4) one-year renewals.

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

As part of its efforts to support current City Policies, the Comprehensive Plan and the Sustainable Action Plan the COS WTE conducts Annual Emissions Testing by a 3rd and independent party. This testing provides our City Leadership and the Citizens with the most up to date and accurate data supporting compliance with all Local, State and Federal Operating Guidelines and Regulations.

City of Spokane
CONSULTANT AGREEMENT
Title: AIR EMISSIONS
COMPLIANCE TEST PROGRAM

This Consultant Agreement is made and entered into by and between the **CITY OF SPOKANE** as ("City"), a Washington municipal corporation, and **DEECO, INC.**, whose address is 3404 Lake Woodard Road, Raleigh, North Carolina 27604 as ("Consultant"), individually hereafter referenced as a "party", and together as the "parties".

WHEREAS, the purpose of this Agreement is to conduct the Air Emissions Compliance Test Program at the Spokane Waste-to-Energy Facility, and

WHEREAS, the Consultant was selected from IRFP 5616-22.

NOW, THEREFORE, in consideration of the terms, conditions, covenants and performance of the Scope of Work contained herein, the City and Consultant mutually agree as follows:

1. TERM OF AGREEMENT.

The term of this Agreement begins on January 1, 2023, and ends on December 31, 2023, unless amended by written agreement or terminated earlier under the provisions. This Agreement may be renewed on an annual basis by written agreement of the parties not to exceed four (4) additional one year renewals.

2. TIME OF BEGINNING AND COMPLETION.

The Consultant shall begin the work outlined in the "Scope of Work" ("Work") on the beginning date, above. The City will acknowledge in writing when the Work is complete. Time limits established under this Agreement shall not be extended because of delays for which the Consultant is responsible, but may be extended by the City, in writing, for the City's convenience or conditions beyond the Consultant's control.

3. SCOPE OF WORK.

The General Scope of Work for this Agreement is described in the City's Informal Request for Proposal, and in Consultant's Response dated July 25, 2022 which is attached as Exhibit B and made a part of this Agreement. In the event of a conflict or discrepancy in the contract documents, this City Agreement controls.

The Work is subject to City review and approval. The Consultant shall confer with the City periodically, and prepare and present information and materials (e.g. detailed outline of completed Work) requested by the City to determine the adequacy of the Work or Consultant's progress.

4. COMPENSATION.

Total annual compensation for Consultant's services under this Agreement shall not exceed **ONE HUNDRED THIRTY-FIVE THOUSAND TWO HUNDRED SEVENTY-EIGHT AND NO/100 DOLLARS (\$135,278.00)**, excluding tax, if applicable, unless modified by a written amendment to this Agreement. This is the maximum amount to be paid under this Agreement for the work described in Section 3 above, and shall not be exceeded without the prior written authorization of the City in the form of an executed amendment to this Agreement.

5. PAYMENT.

The Consultant shall submit its applications for payment to Spokane Solid Waste Disposal, Administration Office, 2900 South Geiger Blvd., Spokane, Washington 99224. **Payment will be made via direct deposit/ACH** within thirty (30) days after receipt of the Consultant's application except as provided by state law. If the City objects to all or any portion of the invoice, it shall notify the Consultant and pay that portion of the invoice not in dispute. In that event, the parties shall immediately make every effort to settle the disputed amount.

6. REIMBURSABLES

The reimbursables under this Agreement are to be included, and considered part of the maximum amount not to exceed (above), and require the Consultant's submittal of appropriate documentation and actual itemized receipts, the following limitations apply.

- A. City will reimburse the Consultant at actual cost for expenditures that are pre-approved by the City in writing and are necessary and directly applicable to the work required by this Contract provided that similar direct project costs related to the contracts of other clients are consistently accounted for in a like manner. Such direct project costs may not be charged as part of overhead expenses or include a markup. Other direct charges may include, but are not limited to the following types of items: travel, printing, cell phone, supplies, materials, computer charges, and fees of subconsultants.
- B. The billing for third party direct expenses specifically identifiable with this project shall be an itemized listing of the charges supported by copies of the original bills, invoices, expense accounts, subconsultant paid invoices, and other supporting documents used by the Consultant to generate invoice(s) to the City. The original supporting documents shall be available to the City for inspection upon request. All charges must be necessary for the services provided under this Contract.
- C. The City will reimburse the actual cost for travel expenses incurred as evidenced by copies of receipts (excluding meals) supporting such travel expenses, and in accordance with the City of Spokane Travel Policy, details of which can be provided upon request.
- D. **Airfare:** Airfare will be reimbursed at the actual cost of the airline ticket. The City will reimburse for Economy or Coach Fare only. Receipts detailing each airfare are required.
- E. **Meals:** Meals will be reimbursed at the Federal Per Diem daily meal rate for the city in which the work is performed. *Receipts are not required as documentation.* The invoice shall state "the meals are being billed at the Federal Per Diem daily meal rate", and shall detail how many of each meal is being billed (e.g. the number of breakfasts, lunches, and dinners). The City will not reimburse for alcohol at any time.
- F. **Lodging:** Lodging will be reimbursed at actual cost incurred up to a maximum of the published General Services Administration (GSA) Index for the city in which the work is performed (*the current maximum allowed reimbursement amount can be provided upon request*). Receipts detailing each day / night lodging are required. The City will not reimburse for ancillary expenses charged to the room (e.g. movies, laundry, mini bar, refreshment center, fitness center, sundry items, etc.)
- G. **Vehicle mileage:** Vehicle mileage will be reimbursed at the Federal Internal Revenue Service Standard Business Mileage Rate in affect at the time the mileage expense is

incurred. Please note: payment for mileage for long distances traveled will not be more than an equivalent trip round-trip airfare of a common carrier for a coach or economy class ticket.

- H. **Rental Car:** Rental car expenses will be reimbursed at the actual cost of the rental. Rental car receipts are required for all rental car expenses. The City will reimburse for a standard car of a mid-size class or less. The City will not reimburse for ancillary expenses charged to the car rental (e.g. GPS unit).
- I. **Miscellaneous Travel** (e.g. parking, rental car gas, taxi, shuttle, toll fees, ferry fees, etc.): Miscellaneous travel expenses will be reimbursed at the actual cost incurred. Receipts are required for each expense of \$10.00 or more.
- J. **Miscellaneous other business expenses** (e.g. printing, photo development, binding): Other miscellaneous business expenses will be reimbursed at the actual cost incurred and may not include a markup. Receipts are required for all miscellaneous expenses that are billed.

Subconsultant: Subconsultant expenses will be reimbursed at the actual cost incurred and a four percent (4%) markup. Copies of all Subconsultant invoices that are rebilled to the City are required.

7. TAXES, FEES AND LICENSES.

- A. Consultant shall pay and maintain in current status, all necessary licenses, fees, assessments, permit charges, etc. necessary to conduct the work included under this Agreement. It is the Consultant's sole responsibility to monitor and determine changes or the enactment of any subsequent requirements for said fees, assessments, or changes and to immediately comply.
- B. Where required by state statute, ordinance or regulation, Consultant shall pay and maintain in current status all taxes necessary for performance. Consultant shall not charge the City for federal excise taxes. The City will furnish Consultant an exemption certificate where appropriate.
- C. The Director of Finance and Administrative Services may withhold payment pending satisfactory resolution of unpaid taxes and fees due the City.
- D. The cost of any permits, licenses, fees, etc. arising as a result of the projects included in this Agreement shall be included in the project budgets.

8. CITY OF SPOKANE BUSINESS LICENSE.

Section 8.01.070 of the Spokane Municipal Code states that no person may engage in business with the City without first having obtained a valid annual business registration. The Consultant shall be responsible for contacting the State of Washington Business License Services at www.dor.wa.gov or 360-705-6741 to obtain a business registration. If the Contractor does not believe it is required to obtain a business registration, it may contact the City's Taxes and Licenses Division at (509) 625-6070 to request an exemption status determination.

9. SOCIAL EQUITY REQUIREMENTS.

No individual shall be excluded from participation in, denied the benefit of, subjected to discrimination under, or denied employment in the administration of or in connection with this Agreement because of age, sex, race, color, religion, creed, marital status, familial status, sexual orientation including gender expression or gender identity, national origin, honorably discharged veteran or military status, the presence of any sensory, mental or physical disability, or use of a service animal by a person with disabilities. Consultant agrees to comply with, and to require that all subcontractors comply with, Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act, as applicable to the Consultant. Consultant shall seek inclusion of woman and minority business for subcontracting. A woman or minority business is

one that self-identifies to be at least 51% owned by a woman and/or minority. Such firms do not have to be certified by the State of Washington.

10. INDEMNIFICATION.

The Consultant shall indemnify, and hold the City and its officers and employees harmless from all claims, demands, or suits at law or equity asserted by third parties for bodily injury (including death) and/or property damage to the extent caused by the Consultant's negligence or willful misconduct under this Agreement, including attorneys' fees and litigation costs; provided that nothing herein shall require a Consultant to indemnify the City against and hold harmless the City from claims, demands or suits based solely upon the negligence of the City, its agents, officers, and employees. If a claim or suit is caused by or results from the concurrent negligence of the Consultant's agents or employees and the City, its agents, officers and employees, this indemnity provision shall be valid and enforceable to the extent of the negligence of the Consultant, its agents or employees. The Consultant specifically assumes liability and agrees to defend, indemnify, and hold the City harmless for actions brought by the Consultant's own employees against the City and, solely for the purpose of this indemnification and defense, the Consultant specifically waives any immunity under the Washington State industrial insurance law, or Title 51 RCW. The Consultant recognizes that this waiver was specifically entered into pursuant to the provisions of RCW 4.24.115 and was the subject of mutual negotiation. The indemnity and agreement to defend and hold the City harmless provided for in this section shall survive any termination or expiration of this agreement.

11. INSURANCE.

During the period of the Agreement, the Consultant shall maintain in force at its own expense, each insurance noted below with companies or through sources approved by the State Insurance Commissioner pursuant to RCW Title 48;

A. Worker's Compensation Insurance in compliance with RCW 51.12.020, which requires subject employers to provide workers' compensation coverage for all their subject workers and Employer's Liability Insurance in the amount of \$1,000,000;

B. General Liability Insurance on an occurrence basis, with a combined single limit of not less than \$1,000,000 each occurrence for bodily injury and property damage. It shall include contractual liability coverage for the indemnity provided under this agreement. It shall provide that the City, its officers and employees are additional insureds but only with respect to the Consultant's services to be provided under this Agreement; and

C. Automobile Liability Insurance with a combined single limit, or the equivalent of not less than \$1,000,000 each accident for bodily injury and property damage, including coverage for owned, hired and non-owned vehicles.

There shall be no cancellation, material change, reduction of limits or intent not to renew the insurance coverage(s) without forty-five (45) days written notice from the Consultant or its insurer(s) to the City. As evidence of the insurance coverage(s) required by this Agreement, the Consultant shall furnish acceptable Certificates Of Insurance (COI) to the City at the time it returns this signed Agreement. The certificate shall specify the City of Spokane as "Additional Insured" specifically for Consultant's services under this Agreement, as well as all of the parties who are additional insureds, and include applicable policy endorsements, the -forty-five (45) day cancellation clause, and the deduction or retention level. The Consultant shall be financially responsible for all pertinent deductibles, self-insured retentions, and/or self-insurance.

12. DEBARMENT AND SUSPENSION.

The Consultant has provided its certification that it is in compliance with and shall not contract with individuals or organizations which are debarred, suspended, or otherwise excluded from or ineligible from participation in Federal Assistance Programs under Executive Order 12549 and "Debarment and Suspension", codified at 29 CFR part 98.

13. AUDIT.

Upon request, the Consultant shall permit the City and any other governmental agency ("Agency") involved in the funding of the Work to inspect and audit all pertinent books and records. This includes work of the Consultant, any subconsultant, or any other person or entity that performed connected or related Work. Such books and records shall be made available upon reasonable notice of a request by the City, including up to three (3) years after final payment or release of withheld amounts. Such inspection and audit shall occur in Spokane County, Washington, or other reasonable locations mutually agreed to by the parties. The Consultant shall permit the City to copy such books and records at its own expense. The Consultant shall ensure that inspection, audit and copying rights of the City is a condition of any subcontract, agreement or other arrangement under which any other persons or entity may perform Work under this Agreement.

14. INDEPENDENT CONSULTANT.

- A. The Consultant is an independent Consultant. This Agreement does not intend the Consultant to act as a City employee. The City has neither direct nor immediate control over the Consultant nor the right to control the manner or means by which the Consultant works. Neither the Consultant nor any Consultant employee shall be an employee of the City. This Agreement prohibits the Consultant to act as an agent or legal representative of the City. The Consultant is not granted express or implied rights or authority to assume or create any obligation or responsibility for or in the name of the City, or to bind the City. The City is not liable for or obligated to pay sick leave, vacation pay, or any other benefit of employment, nor to pay social security or other tax that may arise from employment. The Consultant shall pay all income and other taxes as due. The Consultant may perform work for other parties; the City is not the exclusive user of the services that the Consultant provides.
- B. If the City needs the Consultant to Work on City premises and/or with City equipment, the City may provide the necessary premises and equipment. Such premises and equipment are exclusively for the Work and not to be used for any other purpose.
- C. If the Consultant works on the City premises using City equipment, the Consultant remains an independent Consultant and not a City employee. The Consultant will notify the City Project Manager if s/he or any other Workers are within ninety (90) days of a consecutive 36-month placement on City property. If the City determines using City premises or equipment is unnecessary to complete the Work, the Consultant will be required to work from its own office space or in the field. The City may negotiate a reduction in Consultant fees or charge a rental fee based on the actual costs to the City, for City premises or equipment.

15. KEY PERSONS.

The Consultant shall not transfer or reassign any individual designated in this Agreement as essential to the Work, nor shall those key persons, or employees of Consultant identified as to be involved in the Project Work be replaced, removed or withdrawn from the Work without the express written consent of the City, which shall not be unreasonably withheld. If any such individual leaves the Consultant's employment, the Consultant shall present to the City one or more individuals with greater or equal qualifications as a replacement, subject to the City's approval, which shall not be unreasonably withheld. The City's approval does not release the Consultant from its obligations under this Agreement.

16. ASSIGNMENT AND SUBCONTRACTING.

The Consultant shall not assign or subcontract its obligations under this Agreement without the City's written consent, which may be granted or withheld in the City's sole discretion. Any subcontract made by the Consultant shall incorporate by reference this Agreement, except as otherwise provided. The Consultant shall require that all subconsultants comply with the obligations and requirements of the subcontract. The City's consent to any assignment or subcontract does not release the consultant from liability or any obligation within this Agreement, whether before or after City consent, assignment or subcontract.

17. CITY ETHICS CODE.

- A. Consultant shall promptly notify the City in writing of any person expected to be a Consultant Worker (including any Consultant employee, subconsultant, principal, or owner) and was a former City officer or employee within the past twelve (12) months.
- B. Consultant shall ensure compliance with the City Ethics Code by any Consultant Worker when the Work or matter related to the Work is performed by a Consultant Worker who has been a City officer or employee within the past two (2) years.
- C. Consultant shall not directly or indirectly offer anything of value (such as retainers, loans, entertainment, favors, gifts, tickets, trips, favors, bonuses, donations, special discounts, work or meals) to any City employee, volunteer or official that is intended, or may appear to a reasonable person to be intended, to obtain or give special consideration to the Consultant. Promotional items worth less than \$25 may be distributed by the Consultant to a City employee if the Consultant uses the items as routine and standard promotional materials. Any violation of this provision may cause termination of this Agreement. Nothing in this Agreement prohibits donations to campaigns for election to City office, so long as the donation is disclosed as required by the election campaign disclosure laws of the City and of the State.

18. NO CONFLICT OF INTEREST.

Consultant confirms that the Consultant or workers have no business interest or a close family relationship with any City officer or employee who was or will be involved in the consultant selection, negotiation, drafting, signing, administration or evaluation of the Consultant's work. As used in this Section, the term Consultant includes any worker of the Consultant who was, is, or will be, involved in negotiation, drafting, signing, administration or performance of the Agreement. The term "close family relationship" refers to: spouse or domestic partner, any dependent parent, parent-in-law, child, son-in-law, daughter-in-law; or any parent, parent in-law, sibling, uncle, aunt, cousin, niece or nephew residing in the household of a City officer or employee described above.

19. ERRORS AND OMISSIONS, CORRECTIONS.

Consultant is responsible for professional quality, technical accuracy, and the coordination of all designs, drawings, specifications, and other services furnished by or on the behalf of the Consultant under this Agreement in the delivery of a final work product. The standard of care applicable to Consultant's services will be the degree of skill and diligence normally employed by professional engineers or Consultants performing the same or similar services at the time said services are performed. The Final Work Product is defined as a stamped, signed work product. Consultant, without additional compensation, shall correct or revise errors or mistakes in designs, drawings, specifications, and/or other consultant services immediately upon notification by the City. The obligation provided for in this Section regarding acts or omissions resulting from this Agreement survives Agreement termination or expiration.

20. INTELLECTUAL PROPERTY RIGHTS.

- A. Copyrights. The Consultant shall retain the copyright (including the right of reuse) to all materials and documents prepared by the Consultant for the Work, whether or not the Work is completed. The Consultant grants to the City a non-exclusive, irrevocable, unlimited, royalty-free license to use copy and distribute every document and all the materials prepared by the Consultant for the City under this Agreement. If requested by the City, a copy of all drawings, prints, plans, field notes, reports, documents, files, input materials, output materials, the media upon which they are located (including cards, tapes, discs, and other storage facilities), software program or packages (including source code or codes, object codes, upgrades, revisions, modifications, and any related materials) and/or any other related documents or materials developed solely for and paid for by the City to perform the Work, shall be promptly delivered to the City.
- B. Patents: The Consultant assigns to the City all rights in any invention, improvement, or discovery, with all related information, including but not limited to designs, specifications, data, patent rights and findings developed with the performance of the Agreement or any subcontract. Notwithstanding the above, the Consultant does not convey to the City, nor does the City obtain, any right to any document or material utilized by the Consultant created or produced separate from the Agreement or was pre-existing material (not already owned by the City), provided that the Consultant has identified in writing such material as pre-existing prior to commencement of the Work. If pre-existing materials are incorporated in the work, the Consultant grants the City an irrevocable, non-exclusive right and/or license to use, execute, reproduce, display and transfer the pre-existing material, but only as an inseparable part of the work.
- C. The City may make and retain copies of such documents for its information and reference with their use on the project. The Consultant does not represent or warrant that such documents are suitable for reuse by the City or others, on extensions of the project or on any other project, and the City releases the Consultant from liability for any unauthorized reuse of such documents.

21. CONFIDENTIALITY.

Notwithstanding anything to the contrary, City will maintain the confidentiality of Consultant's materials and information only to the extent that is legally allowed in the State of Washington. City is bound by the State Public Records Act, RCW Ch. 42.56. That law presumptively makes all records in the possession of the City public records which are freely available upon request by anyone. In the event that City gets a valid public records request for Consultant's materials or information and the City determines there are exemptions only the Consultant can assert, City will endeavor to give Consultant notice. Consultant will be required to go to Court to get an injunction preventing the release of the requested records. In the event that Consultant does not get a timely injunction preventing the release of the records, the City will comply with the Public Records Act and release the records.

22. DISPUTES.

Any dispute or misunderstanding that may arise under this Agreement, concerning the Consultant's performance, shall first be through negotiations, if possible, between the Consultant's Project Manager and the City's Project Manager. It shall be referred to the Director and the Consultant's senior executive(s). If such officials do not agree upon a decision within a reasonable period of time, either party may decline or discontinue such discussions and may then pursue the legal means to resolve such disputes, including but not limited to mediation, arbitration and/or alternative dispute resolution processes. Nothing in this dispute process shall mitigate the rights of the City to terminate the Agreement. Notwithstanding all of the above, if the City believes in good faith that some portion of the Work has not been completed satisfactorily, the City may require the Consultant to correct such work prior to the City payment.

The City will provide to the Consultant an explanation of the concern and the remedy that the City expects. The City may withhold from any payment otherwise due, an amount that the City in good faith finds to be under dispute, or if the Consultant provides no sufficient remedy, the City may retain the amount equal to the cost to the City for otherwise correcting or remedying the work not properly completed. Waiver of any of these rights is not deemed a future waiver of any such right or remedy available at law, contract or equity.

23. TERMINATION.

- A. For Cause: The City or Consultant may terminate the Agreement if the other party is in material breach of this Agreement, and such breach has not been corrected to the other party's reasonable satisfaction in a timely manner. Notice of termination under this Section shall be given by the party terminating this Agreement to the other, not fewer than thirty (30) business days prior to the effective date of termination.
- B. For Reasons Beyond Control of Parties: Either party may terminate this Agreement without recourse by the other where performance is rendered impossible or impracticable for reasons beyond such party's reasonable control, such as, but not limited to, an act of nature, war or warlike operation, civil commotion, riot, labor dispute including strike, walkout or lockout, except labor disputes involving the Consultant's own employees, sabotage, or superior governmental regulation or control. Notice of termination under this Section shall be given by the party terminating this Agreement to the other, not fewer than thirty (30) business days prior to the effective date of termination.
- C. For Convenience: Either party may terminate this Agreement without cause, upon thirty (30) days written notice to the other party.
- D. Actions upon Termination: if termination occurs not the fault of the Consultant, the Consultant shall be paid for the services properly performed prior to the actual termination date, with any reimbursable expenses then due, but such compensation shall not exceed the maximum compensation to be paid under the Agreement. The Consultant agrees this payment shall fully and adequately compensate the Consultant and all subconsultants for all profits, costs, expenses, losses, liabilities, damages, taxes and charges of any kind (whether foreseen or unforeseen) attributable to the termination of this Agreement.
- E. Upon termination, the Consultant shall provide the City with the most current design documents, contract documents, writings and other products the Consultant has produced to termination, along with copies of all project-related correspondence and similar items. The City shall have the same rights to use these materials as if termination had not occurred; provided however, that the City shall indemnify and hold the Consultant harmless from any claims, losses, or damages to the extent caused by modifications made by the City to the Consultant's work product.

24. EXPANSION FOR NEW WORK.

This Agreement scope may be expanded for new work. Any expansion for New Work (work not specified within the original Scope of Work Section of this Agreement, and/or not specified in the original RFP as intended work for the Agreement) must comply with all the following limitations and requirements: (a) the New Work is not reasonable to solicit separately; (b) the New Work is for reasonable purpose; (c) the New Work was not reasonably known either the City or Consultant at time of contract or else was mentioned as a possibility in the solicitation (such as future phases of work, or a change in law); (d) the New Work is not significant enough to be reasonably regarded as an independent body of work; (e) the New Work would not have attracted a different field of competition; and (f) the change does not vary the essential identified or main purposes of the Agreement. The City may make exceptions for immaterial changes, emergency or sole source conditions, or other situations required in City opinion. Certain changes are not New Work subject to these limitations, such as additional phases of Work anticipated at the time of solicitation, time extensions, Work Orders issued on an On-Call

contract, and similar. New Work must be mutually agreed and issued by the City through written Addenda. New Work performed before an authorizing Amendment may not be eligible for payment.

25. MISCELLANEOUS PROVISIONS.

- A. Amendments: No modification of this Agreement shall be effective unless in writing and signed by an authorized representative of each of the parties hereto.
- B. Binding Agreement: This Agreement shall not be binding until signed by both parties. The provisions, covenants and conditions in this Agreement shall bind the parties, their legal heirs, representatives, successors and assigns.
- C. Americans with Disabilities Act (ADA): Specific attention by the designer is required in association with the Americans with Disabilities Act (ADA) 42 U.S.C. 12101-12213 and 47 U.S.C. 225 and 611, its requirements, regulations, standards and guidelines, which were updated in 2010 and are effective and mandatory for all State and local government facilities and places of public accommodation for construction projects including alteration of existing facilities, as of March 15, 2012. The City advises that the requirements for accessibility under the ADA, may contain provisions that differ substantively from accessibility provisions in applicable State and City codes, and if the provisions of the ADA impose a greater or equal protection for the rights of individuals with disabilities or individuals associated with them than the adopted local codes, the ADA prevail unless approval for an exception is obtained by a formal documented process. Where local codes provide exceptions from accessibility requirements that differ from the ADA Standards; such exceptions may not be permitted for publicly owned facilities subject to Title II requirements unless the same exception exists in the Title II regulations. It is the responsibility of the designer to determine the code provisions.
- D. The Consultant, at no expense to the City, shall comply with all laws of the United States and Washington, the Charter and ordinances of the City of Spokane; and rules, regulations, orders and directives of their administrative agencies and officers. Without limiting the generality of this paragraph, the Consultant shall comply with the requirements of this Section.
- E. This Agreement shall be construed and interpreted under the laws of Washington. The venue of any action brought shall be in the Superior Court of Spokane County.
- F. Remedies Cumulative: Rights under this Agreement are cumulative and nonexclusive of any other remedy of law or in equity.
- G. Captions: The titles of sections or subsections are for convenience only and do not define or limit the contents.
- H. Severability: If any term or provision is determined by a court of competent jurisdiction to be invalid or unenforceable, the remainder of this Agreement shall not be affected, and each term and provision shall be valid and enforceable to the fullest extent permitted by law.
- I. Waiver: No covenant, term or condition or the breach shall be deemed waived, except by written consent of the party against whom the waiver is claimed, and any waiver of the breach of any covenant, term or condition shall not be deemed a waiver of any preceding or succeeding breach of the same or any other covenant, term of condition. Neither the acceptance by the City of any performance by the Consultant after the time the same shall have become due nor payment to the Consultant for any portion of the Work shall constitute a waiver by the City of the breach or default of any covenant, term or condition unless otherwise expressly agreed to by the City in writing.
- J. Additional Provisions: This Agreement may be modified by additional terms and conditions ("Special Conditions") which shall be attached to this Agreement as an Exhibit. The parties agree that the Special Conditions shall supplement the terms and conditions of the Agreement, and in the event of ambiguity or conflict with the terms and conditions of the Agreement, these Special Conditions shall govern.

- K. Entire Agreement: This document along with any exhibits and all attachments, and subsequently issued addenda, comprises the entire agreement between the City and the Consultant. If conflict occurs between contract documents and applicable laws, codes, ordinances or regulations, the most stringent or legally binding requirement shall govern and be considered a part of this contract to afford the City the maximum benefits.
- L. Negotiated Agreement: The parties acknowledge this is a negotiated agreement, that they have had this Agreement reviewed by their respective legal counsel, and that the terms and conditions of this Agreement are not to be construed against any party on the basis of such party's draftsmanship.
- M. No personal liability: No officer, agent or authorized employee of the City shall be personally responsible for any liability arising under this Agreement, whether expressed or implied, nor for any statement or representation made or in any connection with this Agreement.

IN WITNESS WHEREOF, in consideration of the terms, conditions and covenants contained, or attached and incorporated and made a part, the parties have executed this Agreement by having legally-binding representatives affix their signatures below.

EXHIBIT A

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION,
INELIGIBILITY AND VOLUNTARY EXCLUSION**

1. The undersigned (i.e., signatory for the Subrecipient / Contractor / Consultant) certifies, to the best of its knowledge and belief, that it and its principals:
 - a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency;
 - b. Have not within a three-year period preceding this contract been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, receiving stolen property, making false claims, or obstruction of justice;
 - c. Are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and,
 - d. Have not within a three-year period preceding this contract had one or more public transactions (federal, state, or local) terminated for cause or default.
2. The undersigned agrees by signing this contract that it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction.
3. The undersigned further agrees by signing this contract that it will include the following clause, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions:

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions

1. The lower tier contractor certified, by signing this contract that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
 2. Where the lower tier contractor is unable to certify to any of the statements in this contract, such contractor shall attach an explanation to this contract.
4. I understand that a false statement of this certification may be grounds for termination of the contract.

Agenda Wording

Contract renewal #1 of 4 with Knight Const. & Supply, Inc. (Deer Park, WA) for mechanical repairs at the WTE from Nov. 1, 2022 through Oct. 31, 2023 with a cost not to exceed \$2,200,000.00 including tax.

Summary (Background)

The necessary scheduled and emergency maintenance work at the WTE requires specialized millwright skills. On Sept. 20, 2021, bidding closed on PW ITB 5506-21 for these services and Knight Const. & Supply, Inc. was the only response received and awarded a one-year contract with the possibility of four (4) additional one-year renewals. This will be the first of those renewals and pricing has been increased to reflect current prevailing wage rates.

Operations Impacts	

What impacts would the proposal have on historically excluded communities?

N/A

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

N/A

How will data be collected regarding the effectiveness of this program, policy or product to ensure it is the right solution?

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

This contract extension supports the COS WTE's ability to maintain and operate the facility in the most effective, efficient, and compliant manner. This contract supports efforts outline in the COS WTE Capital Improvement Plan, the Comprehensive Plan and the Sustainable Action Plan.

City of Spokane

**CONTRACT RENEWAL
1 of 4**

**Title: WASTE TO ENERGY
MECHANICAL REPAIRS**

This Contract Amendment is made and entered into by and between the **CITY OF SPOKANE** as ("City"), a Washington municipal corporation, and **KNIGHT CONST. & SUPPLY, INC.**, whose address is 28308 North Cedar Road, Deer Park, Washington 99006 as ("Contractor"), individually hereafter referenced as a "party", and together as the "parties".

WHEREAS, the parties entered into a Contract wherein the Contractor agreed to do perform Mechanical Repairs at the Waste to Energy Facility; and

WHEREAS, the initial contract provided for four (4) additional one (1) year renewals, with this being the first of those renewals.

NOW, THEREFORE, in consideration of these terms, the parties mutually agree as follows:

1. CONTRACT DOCUMENTS.

The original Contract, dated November 11, 2021, any previous amendments, renewals and / or extensions / thereto, are incorporated by reference into this document as though written in full and shall remain in full force and effect except as provided herein.

2. EFFECTIVE DATE.

This Contract Renewal shall become effective on November 1, 2022 and shall run through October 31, 2023.

3. COMPENSATION.

The City shall pay an additional amount not to exceed **TWO MILLION TWO HUNDRED THOUSAND AND 00/100 DOLLARS (\$2,200,000.00)**, and applicable sales tax, in accordance with Contractor's 2023 Billing Rates dated August 12, 2022, attached hereto, for everything furnished and done under this Contract Renewal. This is the maximum amount to be paid under this Renewal, and shall not be exceeded without the prior written authorization of the City, memorialized with the same formality as the original Contract and this Renewal document.

4. DEBARMENT AND SUSPENSION.

The Contractor has provided its certification that it is in compliance with and shall not contract with individuals or organizations which are debarred, suspended, or otherwise excluded from or

ineligible from participation in Federal Assistance Programs under Executive Order 12549 and "Debarment and Suspension", codified at 29 CFR part 98.

IN WITNESS WHEREOF, in consideration of the terms, conditions and covenants contained, or attached and incorporated and made a part, the parties have executed this Contract Renewal by having legally-binding representatives affix their signatures below.

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION,
INELIGIBILITY AND VOLUNTARY EXCLUSION**

1. The undersigned (i.e., signatory for the Subrecipient / Contractor / Consultant) certifies, to the best of its knowledge and belief, that it and its principals:
 - a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency;
 - b. Have not within a three-year period preceding this contract been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, receiving stolen property, making false claims, or obstruction of justice;
 - c. Are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and,
 - d. Have not within a three-year period preceding this contract had one or more public transactions (federal, state, or local) terminated for cause or default.
2. The undersigned agrees by signing this contract that it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction.
3. The undersigned further agrees by signing this contract that it will include the following clause, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions:

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions

1. The lower tier contractor certified, by signing this contract that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
 2. Where the lower tier contractor is unable to certify to any of the statements in this contract, such contractor shall attach an explanation to this contract.
4. I understand that a false statement of this certification may be grounds for termination of the contract.

Re: **WTEF Mechanical Repairs**, Contract Extension 1 of 4 with Cost Rate Adjustment

Mr. Rinderle,

Knight Const. & Supply (KCS) is pleased to provide the 2023 Billing Rates for the WTEF Mechanical Repair Contract Extension, effective November 1, 2022. The attached table below contains the 2023 Billing Rates, which have been updated to include the current prevailing wage rates as required by RCW 35.22.620 and Section 5 and Section 6 of the above referenced contract extension.

Please advise if any additional information is required for compliance with Section 5 and 6 of the contract extension. Feel free to contact KCS Project Manager Jesse Ingraham to discuss this pricing in more detail.

Respectfully,

A handwritten signature in black ink, appearing to read "Jesse Ingraham", is written over a light gray rectangular background.

Agenda Wording

Contract with Knight Const. & Supply, Inc. (Deer Park, WA) for emergency repair of the tipping floor at the WTE with a cost not to exceed \$827,310.00 plus tax.

Summary (Background)

On August 24, 2022, substantial damage to the structural components of the tipping floor in bay 6 were discovered. Due to safety reasons and an inability to perform essential functions, a timely repair was needed. On Aug 26, an emergency justification was approved to bypass the competitive procedures called out in the Purchasing Policy. Knight Const. & Supply Inc. is currently completing the work as they had the available resources and knowledge of the facility to complete these repairs quickly.

Agenda Item Name	Emergency tipping floor repairs at the WTE
Summary (Background)	<p>On August 24, 2022, we discovered substantial damage to the structural components of the tipping floor in bay 6, resulting in a visible failure, rendering the bay inaccessible. This section of floor is also the roof of our warehouse. The damage to the floor is visible in the warehouse with an 8" depression in the ceiling and has rendered bay 6 and the warehouse inaccessible. Bay 6, frequently accessed by refuse cranes, large wheel loaders, staff on foot and customers, is no longer safe and poses potential for further catastrophic damage to the structure, equipment, and loss of life. This creates a life safety issue with imminent failure and needs to be addressed immediately. The inability to use bay 6 has a direct impact on the safety of our citizens, staff, contractors, and our ability to support the publics special handling needs.</p> <p>The WTE Team with WTE's Mechanical Engineer, Foster Newberg as the lead, worked with a local contractor to develop an expedited repair plan, duration for the repair, and cost estimates. The Engineering estimate is \$660,000.00. We are asking for \$660,000.00 plus a 15% contingency and taxes (\$827,310.00 total). The anticipated project duration is 6-8 weeks working round the clock but not on weekends.</p>
Proposed Council Action & Date:	Consent on 9/26/22.

Operations Impacts

What impacts would the proposal have on historically excluded communities?

N/A

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

N/A

How will data be collected regarding the effectiveness of this program, policy or product to ensure it is the right solution?

N/A

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

As an emergency repair this expenditure is outside the Capital Improvement Plan but does support the efforts of the Comprehensive and Sustainable Action Plan, providing a continued outlet to our citizens and the community for disposal of MSW. This repair will allow the COS WTE to continue to provide assured destruction of materials as requested by numerous local, state, and federal agencies.

City of Spokane

PUBLIC WORKS CONTRACT

Title: **EMERGENCY TIPPING FLOOR REPAIRS**

This Contract is made and entered into by and between the **CITY OF SPOKANE** as ("City"), a Washington municipal corporation, and **KNIGHT CONST. & SUPPLY, INC.**, whose address is 2601 East 6th Street, Deer Park, Washington 99006 as ("Contractor"), individually hereafter referenced as a "party", and together as the "parties".

The parties agree as follows:

1. **PERFORMANCE/SCOPE OF WORK.** The Contractor will do all work, furnish all labor, materials, tools, construction equipment, transportation, supplies, supervision, organization and other items of work and costs necessary for the proper execution and completion of the work described in the specifications for **Emergency Tipping Floor Repairs in Bay 6 at the Waste to Energy Facility**, in accordance with the Emergency Justification Form attached as Exhibit B.
- 2.
3. **CONTRACT DOCUMENTS.** The Contract Documents are this Contract, the Contractor's completed bid proposal form, the contract provisions, contract plans, standard specifications, standard plans, addenda, various certifications and affidavits, supplemental agreements, change orders and subsurface boring logs (if any). These contract documents are on file in the Solid Waste Department and are incorporated into this Contract by reference as if they were set forth at length. In the event of a conflict, or to resolve an ambiguity or dispute, federal and state requirements supersede this Contract, and this Contract supersedes the other contract documents.
3. **TERM.** The term of this Contract begins on August 26, 2022, and ends on December 31, 2022, unless amended by written agreement or terminated earlier under the provisions.
4. **TERMINATION.** Either party may terminate this Contract by ten (10) days written notice to the other party. In the event of such termination, the City shall pay the Contractor for all work previously authorized and performed prior to the termination date.
5. **COMPENSATION/PAYMENT.**
 - A. **COMPENSATION.** Total compensation for Contractor's services under this Contract shall be a maximum amount not to exceed **SEVEN HUNDRED FIFTY-NINE THOUSAND AND NO/100 DOLLARS (\$759,000.00)**, excluding sales tax, unless modified by a written amendment to this Contract. This is the maximum amount to be paid under this Contract for the work described in Section 1 above,

and shall not be exceeded without the prior written authorization of the City in the form of an executed amendment to this Contract.

- B. PAYMENT. The Contractor will send its applications for payment to the Spokane Solid Waste Disposal, Administration Office, 2900 South Geiger Blvd., Spokane, Washington 99224. All invoices should include the Department Contract No. "OPR 2022-0710" and an approved L & I Intent to Pay Prevailing Wage number. The final invoice should include an approved Affidavit of Wages Paid number. Payment will not be made without this documentation included on the invoice. **Payment will be made via direct deposit/ACH** within thirty (30) days after receipt of the Company's application except as provided by state law. Five percent (5%) of the Contract price may be retained by the City, in accord with RCW 60.28 for a minimum of forty five (45) days after final acceptance, as a trust fund for the protection and payment of: the claims of any person arising under the Contract; and the State with respect to taxes imposed pursuant to Titles 50, 51 and 82 RCW which may be due from the Contractor. Contractor may provide a Retainage Bond in lieu of having Retainage held.

6. WAGES. The Contractor and all subcontractors will submit a "Statement of Intent to Pay Prevailing Wages" certified by the industrial statistician of the Department of Labor and Industries, prior to any payments. The "Statement of Intent to Pay Prevailing Wages" shall include: (1) the Contractor's registration number; and (2) the prevailing wages under RCW 39.12.020 and the number of workers in each classification. Each voucher claim submitted by the Contractor for payment on a project estimate shall state that the prevailing wages have been paid in accordance with the "Statement(s) of Intent to Pay Prevailing Wages" on file with the City. Prior to the payment of funds held under RCW 60.28, the Contractor and subcontractors must submit an "Affidavit of Wages Paid" certified by the industrial statistician.

7. STATEMENT OF INTENT TO PAY PREVAILING WAGES TO BE POSTED. The Contractor and each subcontractor required to pay the prevailing rate of wages shall post in a location readily visible at the job site: (1) a copy of a "Statement of Intent to Pay Prevailing Wages" approved by the industrial statistician of the State Department of Labor and Industries; and (2) the address and telephone number of the industrial statistician of the Department of Labor and Industries where a complaint or inquiry concerning prevailing wages may be made.

8. BONDS. The Contractor may not commence work until it obtains all insurance, permits and bonds required by the contract documents and applicable law. This includes the execution of a performance bond and a payment bond on the forms attached, each equal to one hundred percent (100%) of the contract price, and written by a corporate surety company licensed to do business in Washington State.

9. PUBLIC WORKS REQUIREMENTS. The Contractor and each subcontractor are required to fulfill the Department of Labor and Industries Public Works and Prevailing Wage Training Requirement under RCW 39.04.350. The contractor must verify responsibility criteria for each first tier subcontractor, and a subcontractor of any tier that hires other subcontractors must verify the responsibility criteria listed in RCW 39.04.350(1) for each of its subcontractors. Verification shall include that each subcontractor, at the time of subcontract execution, meets the responsibility criteria. This verification requirement, as well as responsibility criteria, must be included in every public works contract and subcontract of every tier.

10. INSURANCE. During the period of the Contract, the Contractor shall maintain in force at its own expense, each insurance noted below with companies or through sources approved by the State Insurance Commissioner pursuant to RCW 48:

- A. Worker's Compensation Insurance in compliance with RCW 51.12.020, which requires subject employers to provide workers' compensation coverage for all their subject workers and Employer's Liability Insurance in the amount of \$1,000,000;
- B. General Liability Insurance on an occurrence basis, with a combined single limit of not less than \$1,000,000 each occurrence for bodily injury and property damage. It shall include contractual liability coverage for the indemnity provided under this Contract. It shall provide that the City, its officers and employees are additional insureds but only with respect to the Contractor's services to be provided under this Contract;
 - i. Acceptable supplementary Umbrella insurance coverage combined with Company's General Liability insurance policy must be a minimum of \$1,000,000, in order to meet the insurance coverage limits required in this Contract; and
- C. Automobile Liability Insurance with a combined single limit, or the equivalent of not less than \$1,000,000 each accident for bodily injury and property damage, including coverage for owned, hired and non-owned vehicles; and
- D. Property Insurance if materials and supplies are furnished by the Contractor. The amount of the insurance coverage shall be the value of the materials and supplies of the completed value of improvement. Hazard or XCU (explosion, collapse, underground) insurance should be provided if any hazard exists.

There shall be no cancellation, material change, reduction of limits or intent not to renew the insurance coverage(s) without thirty (30) days written notice from the Consultant or its insurer(s) to the City. As evidence of the insurance coverage(s) required by this Agreement, the Consultant shall furnish acceptable Certificates of Insurance (COI) to the City at the time it returns this signed Agreement. **The certificate shall specify the City of Spokane as "Additional Insured"** specifically for Contractor's services under this Agreement, as well as all of the parties who are additional insureds, and include applicable policy endorsements, the thirty (30) day cancellation clause, and the deduction or retention level. The Consultant shall be financially responsible for all pertinent deductibles, self-insured retentions, and/or self-insurance.

11. INDEMNIFICATION. The Contractor shall defend, indemnify, and hold the City and its officers and employees harmless from all claims, demands, or suits at law or equity asserted by third parties for bodily injury (including death) and/or property damage which arise from the Contractor's negligence or willful misconduct under this Agreement, including attorneys' fees and litigation costs; provided that nothing herein shall require a Contractor to indemnify the City against and hold harmless the City from claims, demands or suits based solely upon the negligence of the City, its agents, officers, and employees. If a claim or suit is caused by or results from the concurrent negligence of the Contractor's agents or employees and the City, its agents, officers and employees, this indemnity provision shall be valid and enforceable to the extent of the negligence of the Contractor, its agents or employees. The Contractor specifically assumes liability and agrees to defend, indemnify, and hold the City harmless for actions brought by the Contractor's own employees against the City and, solely for the purpose of this indemnification

and defense, the Contractor specifically waives any immunity under the Washington State industrial insurance law, or Title 51 RCW. The Contractor recognizes that this waiver was specifically entered into pursuant to the provisions of RCW 4.24.115 and was the subject of mutual negotiation. The indemnity and agreement to defend and hold the City harmless provided for in this section shall survive any termination or expiration of this agreement.

12. CONTRACTOR'S WARRANTY. The Contractor's warranty for all work, labor and materials shall be in accordance with the contract documents.

13. SUBCONTRACTOR RESPONSIBILITY.

A. The Contractor shall include the language of this section in each of its first tier subcontracts, and shall require each of its subcontractors to include the same language of this section in each of their subcontracts, adjusting only as necessary the terms used for the contracting parties. Upon request of the City, the Contractor shall promptly provide documentation to the City demonstrating that the subcontractor meets the subcontractor responsibility criteria below. The requirements of this section apply to all subcontractors regardless of tier.

B. At the time of subcontract execution, the Contractor shall verify that each of its first tier subcontractors meets the following bidder responsibility criteria:

1. Have a current certificate of registration in compliance with chapter 18.27 RCW, which must have been in effect at the time of subcontract bid submittal;
2. Have a current Washington Unified Business Identifier (UBI) number;
3. If applicable, have:
 - a. Industrial Insurance (workers' compensation) coverage for the subcontractor's employees working in Washington, as required in Title 51 RCW;
 - b. A Washington Employment Security Department number, as required in Title 50 RCW;
 - c. A Washington Department of Revenue state excise tax registration number, as required in Title 82 RCW;
 - d. An electrical contractor license, if required by Chapter 19.28 RCW;
 - e. An elevator contractor license, if required by Chapter 70.87 RCW.
4. Not be disqualified from bidding on any public works contract under RCW 39.06.010 or 39.12.065 (3).

C. On Public Works construction projects, as defined in RCW 39.04.010, with an estimated cost of six hundred thousand dollars (\$600,000) or more, at least fifteen (15) percent of the labor hours on each project shall be performed by apprentices enrolled in a State-approved apprenticeship program; and for each contract in the project fifteen (15) percent of the labor hours for each craft that has an available state-approved apprenticeship program for Spokane County and utilizes more than one hundred sixty (160) hours in each contract; shall be performed by apprentices enrolled in a state-approved apprenticeship program.

1. Subcontracting Requirements. The utilization percentages for apprenticeship labor for Public Works construction contracts shall also apply to all subcontracts of one hundred thousand dollars (\$100,000) or more within those contracts, and at least fifteen percent (15%) of the labor hours for each such subcontract shall be performed by apprentices in a state-approved apprenticeship program. For each craft that has an available apprenticeship program for Spokane County and performs more than one hundred sixty (160) hours on each project, fifteen (15) percent of the labor hours shall be performed by apprentices enrolled in a State-approved apprenticeship program
2. Each subcontractor which this chapter applies to is required to execute a form, provided by the city, acknowledging that the requirements of Article X 07.06 SMC are applicable to the labor hours for the project.

14. NONDISCRIMINATION. No individual shall be excluded from participation in, denied the benefit of, subjected to discrimination under, or denied employment in the administration of or in connection with this Contract because of age, sex, race, color, religion, creed, marital status, familial status, sexual orientation including gender expression or gender identity, national origin, honorably discharged veteran or military status, the presence of any sensory, mental or physical disability, or use of a service animal by a person with disabilities. The Contractor agrees to comply with, and to require that all subcontractors comply with, Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act, as applicable to the Contractor.

15. EXECUTIVE ORDER 11246.

- A. The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex or national origin. The Contractor will take affirmative action to insure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex or national origin. Such action shall include but not be limited to the following: employment upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.
- B. The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex or national origin.
- C. The Contractor will send each labor union, or representative of workers with which it has a collective bargaining contract or other contract or understanding, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the Contractor's commitments under Section 202 of Executive Order No. 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- D. The Contractor will comply with all provisions of Executive Order No. 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- E. The Contractor will furnish all information and reports required by Executive Order No. 11246 of September 24, 1965, and by the rules, regulations and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to

- ascertain compliance with such rules, regulations and orders.
- F. In the event of the Contractor's noncompliance with the nondiscrimination clauses of this Contract or with any of such rules, regulations or orders, this Contract may be canceled, terminated or suspended in whole or in part, and the Contractor may be declared ineligible for further government contracts in accordance with procedures authorized in Executive Order No. 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order No. 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- G. The Contractor will include the provisions of paragraphs A through G in every subcontract or purchase order unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance: PROVIDED, HOWEVER, that in the event the Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as the result of such direction, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.
16. DEBARMENT AND SUSPENSION. The Contractor has provided its certification that it is in compliance with and shall not contract with individuals or organizations which are debarred, suspended, or otherwise excluded from or ineligible from participation in Federal Assistance Programs under Executive Order 12549 and "Debarment and Suspension", codified at 29 CFR part 98.
17. LIQUIDATED DAMAGES. Liquidated damages shall be in accordance with the contract documents.
18. ASSIGNMENTS. The Contractor may not assign, transfer or sublet any part of the work under this Contract, or assign any monies due, without the written approval of the City, except as may be required by law. In the event of assignment of accounts or monies due under this Contract, the Contractor specifically agrees to give immediate written notice to the City Administrator, no later than five (5) business days after the assignment.
19. ANTI-KICKBACK. No officer or employee of the City of Spokane, having the power or duty to perform an official act or action related to this Contract shall have or acquire any interest in the Contract, or have solicited, accepted or granted a present or future gift, favor, service or other thing of value from or to any person involved in the Contract.
20. COMPLIANCE WITH LAWS. Each party shall comply with all applicable federal, state, and local laws and regulations that are incorporated herein by reference.
21. DISPUTES. This Contract shall be performed under the laws of the State of Washington. Any litigation to enforce this Contract or any of its provisions shall be brought in Spokane County, Washington.
22. SEVERABILITY. In the event any provision of this Contract should become invalid, the rest of the Contract shall remain in full force and effect.

23. AUDIT / RECORDS. The Contractor and its subcontractors shall maintain for a minimum of three (3) years following final payment all records related to its performance of the Contract. The Contractor and its subcontractors shall provide access to authorized City representatives, at reasonable times and in a reasonable manner to inspect and copy any such record. In the event of conflict between this provision and related auditing provisions required under federal law applicable to the Contract, the federal law shall prevail.

24. BUSINESS REGISTRATION REQUIREMENT. Section 8.01.070 of the Spokane Municipal Code states that no person may engage in business with the City without first having obtained a valid annual business registration. The Contractor shall be responsible for contacting the State of Washington Business License Services at www.dor.wa.gov or 360-705-6741 to obtain a business registration. If the Contractor does not believe it is required to obtain a business registration, it may contact the City's Taxes and Licenses Division at (509) 625-6070 to request an exemption status determination.

25. CONSTRUAL. The Contractor acknowledges receipt of a copy of the contract documents and agrees to comply with them. The silence or omission in the contract documents concerning any detail required for the proper execution and completion of the work means that only the best general practice is to prevail and that only material and workmanship of the best quality are to be used. This Contract shall be construed neither in favor of nor against either party.

26. MODIFICATIONS. The City may modify this Contract and order changes in the work whenever necessary or advisable. The Contractor will accept modifications when ordered in writing by the Director of Engineering Services, and the Contract time and compensation will be adjusted accordingly.

27. INTEGRATION. This Contract, including any and all exhibits and schedules referred to herein or therein set forth the entire Agreement and understanding between the parties pertaining to the subject matter and merges all prior agreements, negotiations and discussions between them on the same subject matter.

28. FORCE MAJEURE. Neither party shall be liable to the other for any failure or delay in performing its obligations hereunder, or for any loss or damage resulting therefrom, due to: (1) acts of God or public enemy, acts of government, riots, terrorism, fires, floods, strikes, lock outs, epidemics, act or failure to act by the other party, or unusually severe weather affecting City, Contractor or its subcontractors, or (2) causes beyond their reasonable control and which are not foreseeable (each a "Force Majeure Event"). In the event of any such Force Majeure Event, the date of delivery or performance shall be extended for a period equal to the time lost by reason of the delay.

29. KEY PERSONS. The Contractor shall not transfer or reassign any individual designated in this Contract as essential to the Work, nor shall those key persons, or employees of Contractor identified as to be involved in the Project Work be replaced, removed or withdrawn from the Work without the express written consent of the City, which shall not be unreasonably withheld. If any such individual leaves the Contractor's employment, the Contractor shall present to the City one or more individuals with greater or equal qualifications as a replacement, subject to the City's approval, which shall not be unreasonably withheld. The City's approval does not release the Contractor from its obligations under this Contract.

EXHIBIT A

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION,
INELIGIBILITY AND VOLUNTARY EXCLUSION**

1. The undersigned (i.e., signatory for the Subrecipient / Contractor / Consultant) certifies, to the best of its knowledge and belief, that it and its principals:
 - a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency;
 - b. Have not within a three-year period preceding this contract been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, receiving stolen property, making false claims, or obstruction of justice;
 - c. Are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and,
 - d. Have not within a three-year period preceding this contract had one or more public transactions (federal, state, or local) terminated for cause or default.
2. The undersigned agrees by signing this contract that it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction.
3. The undersigned further agrees by signing this contract that it will include the following clause, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions:

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions

1. The lower tier contractor certifies, by signing this contract that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
 2. Where the lower tier contractor is unable to certify to any of the statements in this contract, such contractor shall attach an explanation to this contract.
4. I understand that a false statement of this certification may be grounds for termination of the contract.

PAYMENT BOND

We, **KNIGHT CONST. & SUPPLY, INC.**, as principal, and _____, as surety, are held and firmly bound to the City of Spokane, Washington, in the sum of **SEVEN HUNDRED FIFTY-NINE THOUSAND AND NO/100 DOLLARS (\$759,000.00)**, excluding sales tax, for the payment of which, we bind ourselves and our legal representatives and successors, jointly and severally by this document.

The principal has entered into a contract with the City of Spokane, Washington, to do all work and furnish all materials for the **Emergency Tipping Floor Repairs in Bay 6 at the Waste to Energy Facility**. If the principal shall:

- A. pay all laborers, mechanics, subcontractors, material suppliers and all person(s) who shall supply such person or subcontractors; and pay all taxes and contributions, increases and penalties as authorized by law; and
- B. comply with all applicable federal, state and local laws and regulations;

then this obligation shall be null and void; otherwise it shall remain in full force and effect.

The Surety for value received agrees that no change, extension of time, alteration or addition to the terms of the Contract, the specifications accompanying the Contract, or to the work to be performed under the Contract shall in any way affect its obligation on this bond, except as provided herein, and waives notice of any change, extension of time, alteration or addition to the terms of the Contract or the work performed. The Surety agrees that modifications and changes to the terms and conditions of the Contract that increase the total amount to be paid the Principal shall automatically increase the obligation of the Surety on this bond and notice to Surety is not required for such increased obligation. Any judgment obtained against the City, which relates to or is covered by the contract or this bond, shall be conclusive against the principal and the surety, as to the amount of damages, and their liability, if reasonable notice of the suit has been given.

PERFORMANCE BOND

We, **KNIGHT CONST. & SUPPLY, INC.**, as principal, and _____, as Surety, are held and firmly bound to the City of Spokane, Washington, in the sum of **SEVEN HUNDRED FIFTY-NINE THOUSAND AND NO/100 DOLLARS (\$759,000.00)**, excluding sales tax, for the payment of which, we bind ourselves and our legal representatives and successors, jointly and severally by this document.

The principal has entered into a Contract with the City of Spokane, Washington, to do all the work and furnish all materials for the **Emergency Tipping Floor Repairs in Bay 6 at the Waste to Energy Facility**. If the principal shall:

- A. promptly and faithfully perform the Contract, and any contractual guaranty and indemnify and hold harmless the City from all loss, damage or claim which may result from any act or omission of the principal, its agents, employees, or subcontractors; and
- B. comply with all applicable federal, state and local laws and regulations;

then this obligation shall be null and void; otherwise it shall remain in full force and effect.

The Surety for value received agrees that no change, extension of time, alteration or addition to the terms of the Contract, the specifications accompanying the Contract, or to the work to be performed under the Contract shall in any way affect its obligation on this bond, except as provided herein, and waives notice of any change, extension of time, alteration or addition to the terms of the Contract or the work performed. The Surety agrees that modifications and changes to the terms and conditions of the Contract that increase the total amount to be paid the Principal shall automatically increase the obligation of the Surety on this bond and notice to Surety is not required for such increased obligation. Any judgment obtained against the City, which relates to or is covered by the Contract or this bond, shall be conclusive against the principal and the Surety, not only as to the amount of damages, but also as to their liability, if reasonable notice of the suit has been given.

City of Spokane Emergency Justification

Pursuant to the City of Spokane Municipal Code Section 07.06.180 an "Emergency" means unforeseen circumstances beyond the control of the City that either (indicate that at least one of the following conditions applies to your purchase by initialing in the appropriate space):

- a) X Present a real immediate threat to the proper performance of essential functions; or
- b) X will likely result in material loss or damage to property, bodily injury, or loss of life if immediate action is not taken.

The following items have been purchased as emergencies as indicated above: (Attach another sheet of paper if needed)

Description	Qty	Unit	Unit Price	Total Cost

Description of Emergency/Circumstances Requiring Emergency Purchase :

In the last four (4) days we have discovered substantial damage to the structural components of our tipping floor in bay 6 that has resulted in a visible failure rendering the bay inaccessible. This bay 6 floor is also the roof of our warehouse. The damage to the floor is visible in the warehouse with an 8" depression in the ceiling and has rendered bay 6 and the warehouse inaccessible. Bay 6, frequently accessed by refuse cranes, large wheel loaders, staff on foot and customers, is no longer safe and poses potential for further catastrophic damage to the structure, equipment and loss of life. This creates a life safety issue with imminent failure and needs to be addressed immediately. The inability to use bay 6 has a direct impact on the safety of our citizens, staff, contractors and our ability to support the public's special handling needs. The cost is estimated to be in the \$500,000+ range and time is of the essence.

Agenda Wording

Amendment to Consultant Agreement with Parametrix, Inc., (Spokane, WA) for On-Call Civil Engineering Services for 2021-2023 non-federal projects. Amendment for additional \$600,000.00 (total \$1,200,000.00) (Various Neighborhood Councils)

Summary (Background)

This amendment will add \$600,000 to the On-call Civil Engineering master contract, original contract began August 16, 2021 for a period of two years with an option to extend for one year. Task Assignments shall be prepared under this Agreement and scoped for individual project needs. Funding shall be from the individual projects.

Agenda Item Name	Civil engineering on-call contract amount increase
Summary (Background)	<ul style="list-style-type: none"> The city has various on-call contracts for specialized engineering consultants, including a civil engineering contract for general design assistance. The on-call contract with Parametrix is for two years ending 7-31-23, with an option to extend to a third year. The funds available within the original contract amount of \$600,000 will be depleted this fall since more work has been directed to Parametrix than originally anticipated. Funds expended under this contract are reimbursed by various City public works projects.
Proposed Council Action & Date:	Engineering Services requests adding \$600,000 to this contract.
Fiscal Impact: Total Cost: Approved in current year budget? <input type="checkbox"/> Yes X No <input type="checkbox"/> N/A Funding Source X One-time <input type="checkbox"/> Recurring Specify funding source: project funds (generally street or utility funds) Expense Occurrence X One-time <input type="checkbox"/> Recurring Other budget impacts: (revenue generating, match requirements, etc.)	
Operations Impacts	
What impacts would the proposal have on historically excluded communities? Public Works services and projects are designed to serve all citizens and businesses. We strive to offer a consistent level of service to all, to distribute public investment throughout the community, and to respond to gaps in services identified in various City plans. We recognize the need to maintain affordability and predictability for utility customers. And we are committed to delivering work that is both financially and environmentally responsible. This item supports the operations of Public Works.	
How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities? N/A – This contract supports multiple public works projects and should not impact racial, gender identity, national origin, income level, disability, sexual orientation or other existing disparity factors.	

How will data be collected regarding the effectiveness of this program, policy or product to ensure it is the right solution?

Public Works follows the City's established procurement and public works bidding regulations and policies to bring items forward, and then uses contract management best practices to ensure desired outcomes and regulatory compliance.

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

The projects which will use this on-call contract are consistent with our adopted six year programs as well as the annual budget and strategic initiative to advance street maintenance activities.

City of Spokane

**CONTRACT AMENDMENT
WITH COSTS**

**ON-CALL GENERAL CIVIL ENGINEERING FOR
2021-2023 NON-FEDERAL AID PROJECTS**

THIS CONTRACT AMENDMENT is between the **CITY OF SPOKANE**, a Washington State municipal corporation, as ("City"), and **PARAMETRIX, INC.** whose address is 835 North Post Street, Suite 201, Spokane, Washington 99201, as ("*Consultant*"), individually hereafter referenced as a "party", and together as the "parties".

WHEREAS, the parties entered into a Contract wherein the Consultant agreed to Provide ON-CALL GENERAL CIVIL ENGINEERING FOR 2021-2023 NON-FEDERAL AID PROJECTS for the City; and

WHEREAS, additional funds have been requested, thus, the original contract needs to be formally amended by this written document; and

Now, Therefore, the parties agree as follows:

1. **DOCUMENTS.** The original Contract dated August 17, 2021, any previous amendments and/or extensions/renewals thereto are incorporated by reference into this document as though written in full and shall remain in full force and effect except as provided herein.
2. **EFFECTIVE DATE.** This Contract Amendment shall become effective August 16, 2021 and shall end on July 31, 2023.
3. **COMPENSATION.** The City shall pay Consultant a maximum amount not to exceed **SIX HUNDRED THOUSAND AND NO/100 DOLLARS, (\$600,000.00)** for everything furnished and done under this Contract Amendment.

IN WITNESS WHEREOF, in consideration of the terms, conditions and covenants contained, or attached and incorporated and made a part, the parties have executed this Contract Amendment by having legally-binding representatives affix their signatures below.

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY)

2/18/2022

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an **ADDITIONAL INSURED**, the policy(ies) must have **ADDITIONAL INSURED** provisions or be endorsed. If **SUBROGATION IS WAIVED**, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

**Blanket Additional Insured - Owners, Lessees or
Contractors - with Products-Completed
Operations Coverage Endorsement**

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

It is understood and agreed as follows:

- I.** The **WHO IS AN INSURED** section is amended to add as an **Insured** any person or organization whom the **Named Insured** is required by **written contract** to add as an additional insured on this **coverage part**, including any such person or organization, if any, specifically set forth on the Schedule attachment to this endorsement. However, such person or organization is an **Insured** only with respect to such person or organization's liability for:
- A.** unless paragraph **B.** below applies,
- 1.** **bodily injury, property damage, or personal and advertising injury** caused in whole or in part by the acts or omissions by or on behalf of the **Named Insured** and in the performance of such **Named Insured's** ongoing operations as specified in such **written contract**; or
 - 2.** **bodily injury or property damage** caused in whole or in part by **your work** and included in the **products-completed operations hazard**, and only if
 - a.** the **written contract** requires the **Named Insured** to provide the additional insured such coverage; and
 - b.** this **coverage part** provides such coverage.
- B.** **bodily injury, property damage, or personal and advertising injury** arising out of **your work** described in such **written contract**, but only if:
- 1.** this **coverage part** provides coverage for **bodily injury or property damage** included within the **products completed operations hazard**; and
 - 2.** the **written contract** specifically requires the **Named Insured** to provide additional insured coverage under the 11-85 or 10-01 edition of CG2010 or the 10-01 edition of CG2037.
- II.** Subject always to the terms and conditions of this policy, including the limits of insurance, the Insurer will not provide such additional insured with:
- A.** coverage broader than required by the **written contract**; or
- B.** a higher limit of insurance than required by the **written contract**.
- III.** The insurance granted by this endorsement to the additional insured does not apply to **bodily injury, property damage, or personal and advertising injury** arising out of:
- A.** the rendering of, or the failure to render, any professional architectural, engineering, or surveying services, including:
- 1.** the preparing, approving, or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; and
 - 2.** supervisory, inspection, architectural or engineering activities; or
- B.** any premises or work for which the additional insured is specifically listed as an additional insured on another endorsement attached to this **coverage part**.
- IV.** Notwithstanding anything to the contrary in the section entitled **COMMERCIAL GENERAL LIABILITY CONDITIONS**, the Condition entitled **Other Insurance**, this insurance is excess of all other insurance available to the additional insured whether on a primary, excess, contingent or any other basis. However, if this insurance is required by **written**

1002000666050313665476

**Blanket Additional Insured - Owners, Lessees or
Contractors - with Products-Completed
Operations Coverage Endorsement**

contract to be primary and non-contributory, this insurance will be primary and non-contributory relative solely to insurance on which the additional insured is a named insured.

V. Solely with respect to the insurance granted by this endorsement, the section entitled **COMMERCIAL GENERAL LIABILITY CONDITIONS is amended as follows:**

The Condition entitled **Duties In The Event of Occurrence, Offense, Claim or Suit** is amended with the addition of the following:

Any additional insured pursuant to this endorsement will as soon as practicable:

1. give the Insurer written notice of any **claim**, or any **occurrence** or offense which may result in a **claim**;
2. except as provided in Paragraph IV. of this endorsement, agree to make available any other insurance the additional insured has for any loss covered under this **coverage part**;
3. send the Insurer copies of all legal papers received, and otherwise cooperate with the Insurer in the investigation, defense, or settlement of the **claim**; and
4. tender the defense and indemnity of any **claim** to any other insurer or self insurer whose policy or program applies to a loss that the Insurer covers under this **coverage part**. However, if the **written contract** requires this insurance to be primary and non-contributory, this paragraph (4) does not apply to insurance on which the additional insured is a named insured.

The Insurer has no duty to defend or indemnify an additional insured under this endorsement until the Insurer receives written notice of a **claim** from the additional insured.

VI. Solely with respect to the insurance granted by this endorsement, the section entitled **DEFINITIONS is amended to add the following definition:**

Written contract means a written contract or written agreement that requires the **Named Insured** to make a person or organization an additional insured on this **coverage part**, provided the contract or agreement:

- A. is currently in effect or becomes effective during the term of this policy; and
- B. was executed prior to:
 1. the **bodily injury** or **property damage**; or
 2. the offense that caused the **personal and advertising injury**for which the additional insured seeks coverage.

Any coverage granted by this endorsement shall apply solely to the extent permissible by law.

All other terms and conditions of the Policy remain unchanged.

This endorsement, which forms a part of and is for attachment to the Policy issued by the designated Insurers, takes effect on the effective date of said Policy at the hour stated in said Policy, unless another effective date is shown below, and expires concurrently with said Policy.

CNA PARAMOUNT

**Waiver of Transfer of Rights of Recovery Against
Others to the Insurer Endorsement**

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

SCHEDULE
Name Of Person Or Organization:
ANY PERSON OR ORGANIZATION WHOM THE NAMED INSURED HAS AGREED IN WRITING IN A CONTRACT OR AGREEMENT TO WAIVE SUCH RIGHTS OF RECOVERY, BUT ONLY IF SUCH CONTRACT OR AGREEMENT:
1. IS IN EFFECT OR BECOMES EFFECTIVE DURING THE TERM OF THIS COVERAGE PART; AND 2. WAS EXECUTED PRIOR TO THE BODILY INJURY, PROPERTY DAMAGE OR PERSONAL AND ADVERTISING INJURY GIVING RISE TO THE CLAIM.

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

It is understood and agreed that the condition entitled **Transfer Of Rights Of Recovery Against Others To The Insurer** is amended by the addition of the following:

Solely with respect to the person or organization shown in the Schedule above, the Insurer waives any right of recovery the Insurer may have against such person or organization because of payments the Insurer makes for injury or damage arising out of the **Named Insured's** ongoing operations or **your work** done under a contract with that person or organization and included in the **products-completed operations hazard**.

All other terms and conditions of the Policy remain unchanged.

This endorsement, which forms a part of and is for attachment to the Policy issued by the designated Insurers, takes effect on the effective date of said Policy at the hour stated in said Policy, unless another effective date is shown below, and expires concurrently with said Policy.

CONTRACTORS EXTENDED COVERAGE ENDORSEMENT - BUSINESS AUTO PLUS

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

I. LIABILITY COVERAGE

A. Who Is An Insured

The following is added to **Section II, Paragraph A.1., Who Is An Insured**:

1.
 - a. Any incorporated entity of which the Named Insured owns a majority of the voting stock on the date of inception of this Coverage Form; provided that,
 - b. The insurance afforded by this provision **A.1.** does not apply to any such entity that is an **insured** under any other liability "policy" providing **auto** coverage.
2. Any organization you newly acquire or form, other than a limited liability company, partnership or joint venture, and over which you maintain majority ownership interest.

The insurance afforded by this provision **A.2.**:

- a. Is effective on the acquisition or formation date, and is afforded only until the end of the policy period of this Coverage Form, or the next anniversary of its inception date, whichever is earlier.
 - b. Does not apply to:
 - (1) **Bodily injury or property damage** caused by an **accident** that occurred before you acquired or formed the organization; or
 - (2) Any such organization that is an **insured** under any other liability "policy" providing **auto** coverage.
3. Any person or organization that you are required by a written contract to name as an additional insured is an **insured** but only with respect to their legal liability for acts or omissions of a person, who qualifies as an **insured** under **SECTION II – WHO IS AN INSURED** and for whom Liability Coverage is afforded under this policy. If required by written contract, this insurance will be primary and non-contributory to insurance on which the additional insured is a Named Insured.
4. An **employee** of yours is an **insured** while operating an **auto** hired or rented under a contract or agreement in that **employee's** name, with your permission, while performing duties related to the conduct of your business.

"Policy", as used in this provision **A. Who Is An Insured**, includes those policies that were in force on the inception date of this Coverage Form but:

1. Which are no longer in force; or
2. Whose limits have been exhausted.

B. Bail Bonds and Loss of Earnings

Section II, Paragraphs A.2. (2) and A.2. (4) are revised as follows:

1. In **a.(2)**, the limit for the cost of bail bonds is changed from \$2,000 to \$5,000; and
2. In **a.(4)**, the limit for the loss of earnings is changed from \$250 to \$500 a day.

C. Fellow Employee

Section II, Paragraph B.5 does not apply.

Such coverage as is afforded by this provision C. is excess over any other collectible insurance.

II. PHYSICAL DAMAGE COVERAGE

A. Glass Breakage – Hitting A Bird Or Animal – Falling Objects Or Missiles

The following is added to **Section III, Paragraph A.3.:**

With respect to any covered **auto**, any deductible shown in the Declarations will not apply to glass breakage if such glass is repaired, in a manner acceptable to us, rather than replaced.

B. Transportation Expenses

Section III, Paragraph A.4.a. is revised, with respect to transportation expense incurred by you, to provide:

- a. \$60 per day, in lieu of \$20; subject to
- b. \$1,800 maximum, in lieu of \$600.

C. Loss of Use Expenses

Section III, Paragraph A.4.b. is revised, with respect to loss of use expenses incurred by you, to provide:

- a. \$1,000 maximum, in lieu of \$600.

D. Hired "Autos"

The following is added to **Section III. Paragraph A.:**

5. Hired "Autos"

If Physical Damage coverage is provided under this policy, and such coverage does not extend to Hired Autos, then Physical Damage coverage is extended to:

- a. Any covered **auto** you lease, hire, rent or borrow without a driver; and
- b. Any covered **auto** hired or rented by your **employee** without a driver, under a contract in that individual **employee's** name, with your permission, while performing duties related to the conduct of your business.
- c. The most we will pay for any one **accident** or **loss** is the actual cash value, cost of repair, cost of replacement or \$75,000, whichever is less, minus a \$500 deductible for each covered auto. No deductible applies to **loss** caused by fire or lightning.
- d. The physical damage coverage as is provided by this provision is equal to the physical damage coverage(s) provided on your owned **autos**.
- e. Such physical damage coverage for hired **autos** will:
 - (1) Include loss of use, provided it is the consequence of an **accident** for which the Named Insured is legally liable, and as a result of which a monetary loss is sustained by the leasing or rental concern.
 - (2) Such coverage as is provided by this provision will be subject to a limit of \$750 per **accident**.

E. Airbag Coverage

The following is added to **Section III, Paragraph B.3.:**

The accidental discharge of an airbag shall not be considered mechanical breakdown.

F. Electronic Equipment

Section III, Paragraphs B.4.c and B.4.d. are deleted and replaced by the following:

- c. Physical Damage Coverage on a covered **auto** also applies to **loss** to any permanently installed electronic equipment including its antennas and other accessories
- d. A \$100 per occurrence deductible applies to the coverage provided by this provision.

G. Diminution In Value

The following is added to **Section III, Paragraph B.6.:**

Subject to the following, the **diminution in value** exclusion does not apply to:

- a. Any covered **auto** of the private passenger type you lease, hire, rent or borrow, without a driver for a period of 30 days or less, while performing duties related to the conduct of your business; and
- b. Any covered **auto** of the private passenger type hired or rented by your **employee** without a driver for a period of 30 days or less, under a contract in that individual **employee's** name, with your permission, while performing duties related to the conduct of your business.
- c. Such coverage as is provided by this provision is limited to a **diminution in value** loss arising directly out of accidental damage and not as a result of the failure to make repairs; faulty or incomplete maintenance or repairs; or the installation of substandard parts.
- d. The most we will pay for **loss** to a covered **auto** in any one accident is the lesser of:
 - (1) \$5,000; or
 - (2) 20% of the **auto's** actual cash value (ACV).

III. Drive Other Car Coverage – Executive Officers

The following is added to **Sections II and III:**

- 1. Any **auto** you don't own, hire or borrow is a covered **auto** for Liability Coverage while being used by, and for Physical Damage Coverage while in the care, custody or control of, any of your "executive officers", except:
 - a. An **auto** owned by that "executive officer" or a member of that person's household; or
 - b. An **auto** used by that "executive officer" while working in a business of selling, servicing, repairing or parking **autos**.

Such Liability and/or Physical Damage Coverage as is afforded by this provision.

- (1) Equal to the greatest of those coverages afforded any covered **auto**; and
- (2) Excess over any other collectible insurance.

- 2. For purposes of this provision, "executive officer" means a person holding any of the officer positions created by your charter, constitution, by-laws or any other similar governing document, and, while a resident of the same household, includes that person's spouse.

Such "executive officers" are **insureds** while using a covered **auto** described in this provision.

IV. BUSINESS AUTO CONDITIONS

A. Duties In The Event Of Accident, Claim, Suit Or Loss

The following is added to **Section IV, Paragraph A.2.a.:**

- (4) Your **employees** may know of an **accident** or **loss**. This will not mean that you have such knowledge, unless such **accident** or **loss** is known to you or if you are not an individual, to any of your executive officers or partners or your insurance manager.

The following is added to **Section IV, Paragraph A.2.b.:**

- (6) Your **employees** may know of documents received concerning a claim or **suit**. This will not mean that you have such knowledge, unless receipt of such documents is known to you or if you are not an individual, to any of your executive officers or partners or your insurance manager.

B. Transfer Of Rights Of Recovery Against Others To Us

The following is added to **Section IV, Paragraph A.5. Transfer Of Rights Of Recovery Against Others To Us:**

We waive any right of recovery we may have, because of payments we make for injury or damage, against any person or organization for whom or which you are required by written contract or agreement to obtain this waiver from us.

This injury or damage must arise out of your activities under a contract with that person or organization.

You must agree to that requirement prior to an **accident** or **loss**.

C. Concealment, Misrepresentation or Fraud

The following is added to **Section IV, Paragraph B.2.:**

Your failure to disclose all hazards existing on the date of inception of this Coverage Form shall not prejudice you with respect to the coverage afforded provided such failure or omission is not intentional.

D. Other Insurance

The following is added to **Section IV, Paragraph B.5.:**

Regardless of the provisions of Paragraphs **5.a.** and **5.d.** above, the coverage provided by this policy shall be on a primary non-contributory basis. This provision is applicable only when required by a written contract.

That written contract must have been entered into prior to **Accident** or **Loss**.

E. Policy Period, Coverage Territory

Section IV, Paragraph B. 7.(5).(a). is revised to provide:

- a. 45 days of coverage in lieu of 30 days.

V. DEFINITIONS

Section V. paragraph C. is deleted and replaced by the following:

Bodily injury means bodily injury, sickness or disease sustained by a person, including mental anguish, mental injury or death resulting from any of these.

**Workers Compensation And Employers Liability Insurance
Policy Endorsement**

WAIVER OF OUR RIGHT TO RECOVER FROM OTHERS ENDORSEMENT

We have the right to recover our payments from anyone liable for an injury covered by this policy. We will not enforce our right against the person or organization named in the Schedule.

This agreement shall not operate directly or indirectly to benefit anyone not named in the Schedule.

Schedule

Any Person or Organization on whose behalf you are required to obtain this waiver of our right to recover from under a written contract or agreement.

The premium charge for the endorsement is reflected in the Schedule of Operations.

All other terms and conditions of the policy remain unchanged.

This endorsement, which forms a part of and is for attachment to the policy issued by the designated Insurers, takes effect on the Policy Effective Date of said policy at the hour stated in said policy, unless another effective date (the Endorsement Effective Date) is shown below, and expires concurrently with said policy unless another expiration date is shown below.

Workers Compensation And Employers Liability Insurance Policy Endorsement

BLANKET WAIVER OF OUR RIGHT TO RECOVER FROM OTHERS

This endorsement changes the policy to which it is attached.

It is agreed that **Part One - Workers' Compensation Insurance G. Recovery From Others** and **Part Two - Employers' Liability Insurance H. Recovery From Others** are amended by adding the following:

We will not enforce our right to recover against persons or organizations. (This agreement applies only to the extent that you perform work under a written contract that requires you to obtain this agreement from us.)

PREMIUM CHARGE - Refer to the Schedule of Operations

The charge will be an amount to which you and we agree that is a percentage of the total standard premium for California exposure. The amount is 2%.

All other terms and conditions of the policy remain unchanged.

This endorsement, which forms a part of and is for attachment to the policy issued by the designated Insurers, takes effect on the Policy Effective Date of said policy at the hour stated in said policy, unless another effective date (the Endorsement Effective Date) is shown below, and expires concurrently with said policy unless another expiration date is shown below.

Agenda Wording

Agreement with Airway Heights to provide for additional short-term supplemental emergency water supply and water modeling/analysis.

Summary (Background)

On April 12, 2018, the City approved an agreement to provide the City of Airway Heights with additional short-term supplemental emergency water. This amendment extends this agreement to June 15, 2026, and provides for increased collaboration as well as reimbursement to the city for water modeling and analysis in relation to Airway Heights water infrastructure analysis.

Agenda Item Name	2022 Amendment to Airway Heights Emergency Water Agreement
Summary (Background)	<p>City of Spokane has been providing emergency water service to Airway Heights due to contamination in Airway Heights groundwater source for drinking water since the contamination was discovered in 2017.</p> <p>On April 12, 2018, the City approved an agreement to provide the City of Airway Heights (AH) with additional short-term supplemental emergency water in the amount of 1,400 gpm. The agreement included a two-year initial term with 3 one-year extensions.</p> <p>Water overall is limited in the two water pressure zones (SIA & West Plains) that serve AH at this time. Delivery of additional water is possible in the future with the completion of infrastructure improvements. Airway Heights has interest in additional water from Spokane, at least until they are able to develop a long-term or permanent solution for water supply.</p> <p>The City and Airway Heights have reached consensus on an update to our agreement. The update would:</p> <ul style="list-style-type: none"> Extend the current emergency provisions previously negotiated. Include the last year of the 3 one-year extensions of the original agreement and an additional 3-year term. Provide for close collaboration and cooperation for the life of the agreement. Provide for Airway Heights' support for efforts to gain grants or loans for the West Plains booster station. Provides for Airway Heights to contribute \$87,884.72 for flow modeling, concept designs and cost estimates associated with Spokane's ability to provide continued and increased water supply to Airway Heights. Commits Spokane to evaluate future funding, capacity and water rates.
Proposed Council Action & Date:	Approve an amendment & extension of the Spokane-Airway Heights water supply agreement in October 2022.

Operations Impacts

What impacts would the proposal have on historically excluded communities?

Public Works services and projects are designed to serve all citizens and businesses. We strive to offer a consistent level of service to all, to distribute public investment throughout the community, and to respond to gaps in services identified in various City plans. We recognize the need to maintain affordability and predictability for utility customers. And we are committed to delivering work that is both financially and environmentally responsible. This item supports the operations of Public Works.

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

N/A – This work is designed to manage costs and continue service delivery in support of all citizens and taxpayers. It will not impact racial, gender identity, national origin, income level, disability, sexual orientation or other existing disparity factors.

How will data be collected regarding the effectiveness of this program, policy or product to ensure it is the right solution?

Public Works follows the City's established procurement and public works bidding regulations and policies to bring items forward, and then uses contract management best practices to ensure desired outcomes and regulatory compliance.

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

This work is consistent with annual budget strategies to limit costs and approved projects in the 6-year CIP.

City of Spokane

**#3 of 3 Extension of the Amended Water Supply Agreement between City of Spokane and City of Airway Heights &
1st Amendment to the Amended Water Supply Agreement between City of Spokane and City of Airway Heights**

This Extension of the Amended Water Supply Agreement between Spokane and Airway Heights and Emergency Water Service Agreement ("Extension") and 1st Amendment of the Amended Water Supply Agreement between Spokane and Airway Heights and Emergency Water Service Agreement ("1st Amendment") is made and entered into by and between the **City of Spokane** ("City" or "Spokane"), a Washington municipal corporation, and **City of Airway Heights**, whose address is 1208 South Lundstrom, Airway Heights, Washington 99001 ("Airway Heights") (collectively referred to as the "Parties").

WHEREAS, the parties entered into an Amended Water Supply Agreement and Emergency Water Service Agreement ("Agreement") on April 12, 2018, wherein the City agreed to provide to Airway Heights additional short term supplemental emergency water in the amount of approximately 1,400 gpm for a period of two (2) years from the initial date of emergency water service; and

WHEREAS, paragraph 5.2.1 of the Agreement provides for the Parties to agree and execute an extension extending the term for emergency supplemental water in additional one-year increments, not to exceed three (3) one-year extensions, effective June 15th; and

WHEREAS, Airway Heights has requested extension of the Agreement and said Extension is the final third of 3 one-year extensions as provided for in the Agreement; and

WHEREAS, Airway Heights has requested an amendment of the Agreement to include an additional three-year extension to allow for progress towards a long-term or permanent solution for water supply ("1st Amendment"); and

WHEREAS, Airway Heights has additionally requested an increase in the additional water supplies and volume from Spokane to support its continued water usage and is willing to contribute towards the costs associated with the flow modeling needed to evaluate the impacts of the additional water requested by Airway Heights and possible timing of available water; and

WHEREAS, Airway Heights has filed an application with Washington State Department of Ecology for new water in the Spokane Rathdrum Prairie Aquifer, which remains pending, but also intends to continue to purchase a portion of water from Spokane to supplement water needs; and

WHEREAS, the U.S. Congress has authorized the Infrastructure Investment and Jobs Act to fund drinking water projects in communities with water contaminated by PFAS. Airway Heights is committed to partnering with and supporting Spokane to obtain funding for the additional water infrastructure needed to help Spokane supplement Airway Heights water needs; and

WHEREAS, Spokane is willing to extend the term of the emergency water service an additional four (4) years, through June 15, 2026, on condition that Airway Heights and Spokane are able to cooperate in good faith in short-term and long-term planning efforts related to the availability and projected need for additional supplemental supply and future supply needs beyond the term of this extension.

NOW, THEREFORE, in consideration of these terms, the parties mutually agree as follows:

1. AGREEMENT DOCUMENTS.

The Agreement, dated April 12, 2018, any previous amendments, addendums and / or extensions / renewals thereto, are incorporated by reference into this document as though written in full and shall remain in full force and effect except as provided herein.

2. EFFECTIVE DATE.

This Extension and 1st Amendment shall become effective immediately upon signature of all Parties.

3. AMENDMENT AND ADDITIONAL TERMS.

Paragraph **5.2.1** of the Agreement shall be replaced and superseded to read as follows:

Term. Unless earlier terminated pursuant to the terms of the Agreement, as amended, Spokane shall supply water in the amount not to exceed 1,400 GPM through the Emergency Supplemental Connection through June 15, 2026. on terms and conditions agreed herein.

Paragraph **5.2.2** of the Agreement shall be replaced and superseded to read as follows:

This delivery of up to 1,400 GPM through the Emergency Supplemental Connection shall terminate and be discontinued on or before, but no later than June 15, 2026, unless extended by separate written agreement, executed by both Parties as provided in Paragraph 5.2.4.

Paragraph **5.2.3** of the Agreement shall be deleted and superseded as set forth in the Additional Agreed Terms Section B, set forth below.

Paragraph **5.2.4** of the Agreement shall be replaced and superseded to read as follows:

Notwithstanding the above, any future delivery of water through the Emergency Supplemental Connection beyond the eight (8) years provided for herein will require a separate written agreement, executed by both Parties.

Additional Agreed Terms (Capacity Cooperation Efforts) shall be as follows:

- A. Cooperation.** To address current and longer-term water supply and service requests, Airway Heights and Spokane agree to and will work together in good faith regarding long-term planning related to Airway Heights' water supply and its requests for increased water supply in both the near and long term. Airway Heights agrees to and will proactively communicate and inform the City of Spokane as to any material changes in their planning related to use of water from Spokane, requested increased or future water demand, or other changes that would impact the use of, amount, and/or delivery of water from Spokane's water system. Spokane agrees to and will proactively communicate and inform Airway Heights as to any material changes in their planning, the status of any capital improvements in the West Plains area, the availability of additional capacity, or other changes that would impact Spokane's ability to deliver water to Airway Heights.
- B. Meetings and Status Updates.** To facilitate the cooperative efforts between Spokane and Airway Heights and ensure efficient planning, the Parties agree to keep each other reasonably

informed regarding the water system planning material to this Agreement and current and potential future supply and demand from Spokane to Airway Heights, including:

1. Airway Heights and Spokane agree to meet, at least bi-annually, in or around February and August of each calendar year during the term of this extension, or as reasonably soon thereafter as is possible, to discuss planning updates, the status of planned or projected capital improvements, status of water supply needs, and anticipated growth and demand projections, if any. On or about February 1 and August 1 of each calendar year during the term of this extension, Airway Heights agrees to provide Spokane a written status update on its efforts to secure alternative water supply and its projected short-term and long-term supply needs from Spokane, to the extent reasonably feasible.
2. Airway Heights and Spokane engineering and operational staff agree to consult with and keep each other informed regarding planning efforts related to water use, system capacity and functionality, projected demand, and associated capital improvements and to engage in quarterly status communications regarding the same.
3. Upon failure of either Airway Heights or Spokane, without reasonable just cause, to comply with the communication protocols set forth above, either party may provide written notice of such alleged failure, and the Parties, acting by and through their administrator or director level staff, shall meet and confer within thirty (30) days of receipt of such notice. Failure to meaningfully communicate may result in Spokane's inability to supply any additional water to Airway Heights.
4. The Parties further agree to meet and confer to develop a future agreement and/or any amendments to this Agreement at least one year in advance of expiration, or no later than June 15, 2025.

C. Analysis/Modeling. Airway Heights agrees to fund the cost of developing the flow modelling and associated concept designs and cost estimates associated with Spokane's ability to provide continued and increased water supply to Airway Heights consistent with the proposal provided by GHD, Inc. (the "Contractor") described as "Task 6: City of Airway Heights Water Infrastructure Analysis" (the "Analysis/Modeling Study"), a copy of which is attached as Exhibit A. Airway Heights agrees to pay and contribute an amount not to exceed Eighty-Seven Thousand, Eight Hundred and Eighty-Four Dollars and Seventy-Two Cents (\$87,884.72) to complete the work identified in Task 6 shown in Exhibit A only as provided herein. Any additional analysis to evaluate Airway Heights' additional requests for water service will be funded by Airway Heights.

1. Spokane agrees to request the Contractor invoice all matters pertaining to the Analysis/Modeling Study separate from other tasks being performed by the Contractor for Spokane. Airway Heights agrees to reimburse Spokane for all invoiced amounts pertaining to the Analysis/Modeling Study within thirty (30) days of forwarded receipt of invoice from GHD, Inc. to Spokane, in an amount not to exceed \$87,884.72 in total. Failure to pay may result in Spokane's inability to supply additional water to Airway Heights.
2. Within 30 days of the Effective Date of this Extension and 1st Amendment, Spokane agrees to authorize the commencement of work associated with the above-identified "Task 6" and diligently proceed with the work.
3. Spokane shall provide Airway Heights with copies of all status reports associated with the work upon receipt from the Contractor and shall provide advance notice of and invite Airway Heights to participate in any project meetings with the Contractor pertaining to the work that relates to Airway Heights. Spokane will keep

Airway Heights reasonably informed regarding the status of schedule and completion of the work and anticipated and scheduled deliverables and submittal targets.

4. Spokane shall provide Airway Heights advance notice of and a reasonable opportunity to review and comment on drafts of any reports, memoranda, summaries, evaluations, conclusions, or recommendations, including without limitation the proposed technical memorandum, prior to finalizing. Airway Heights agrees and shall respond and provide any comments within fourteen (14) calendar days. Spokane agrees to consider comments provided by Airway Heights in good faith. Notwithstanding the above, Spokane has complete autonomy over any decisions affecting Spokane's water system.

D. Funding Applications for West Plains Booster Station: To address current and longer-term water supply and service requests, Airway Heights agrees to partner with Spokane on efforts pertaining to the design and construction of the West Plains Booster Station and necessary appurtenances as provided herein.

1. Airway Heights agrees to provide support for Spokane's applications for grant and/or loan funds, including formal letters of support.
2. If successful, the Parties further agree to work together in good faith regarding negotiating commitments and potential contributions of proportional match funding, and/or proportional loan repayment, as needed. Spokane shall meet and confer in good faith with Airway Heights regarding the scope of the Plains Booster Station project. For the avoidance of doubt, nothing in this paragraph requires financial commitment by Airway Heights, which commitment, if necessary, shall be addressed through a separate written agreement between Airway Heights and Spokane. Furthermore, should Airway Heights decide not to participate in the West Plains Booster Station, Spokane has sole discretion regarding the availability of providing long-term or additional water beyond the agreed supplemental amount.
3. In the event obtaining sufficient grant funds are unsuccessful, Airway Heights reserves the right to determine, in its sole discretion, whether to provide proportional amount of funding towards the design and construction of the West Plains Booster Station, understanding that lack of participation may impact Spokane's ability and decision to provide additional water to Airway Heights.

E. Future Funding and Capacity: Based on outcome results of Flow Modeling Study and Funding Applications, the Parties agree to meet and confer in good faith about the evaluation of the modelled impacts, availability of additional and continued supply, proportional costs, potential available future capacity, and rates.

1. **Cost of Service:** Spokane Municipal Code sets the wholesale rates for delivery of water to other purveyors (the "Outside City Rate to Other Purveyors") under SMC 13.04.2014 and further provides that such rate may be modified by separate agreement, in Spokane's sole discretion. The Parties acknowledge that Spokane is currently undergoing a cost-of-service analysis for water service rates. Spokane agrees to review with its rate study consultants information pertaining to overall water service to Airway Heights. This may include any proportionate funding or grant funds as applicable. Spokane agrees to share with Airway Heights the results of the cost-of-service analysis within 60 days of finalization by Spokane.
2. Based on the results of the cost-of-service analysis, and with due consideration given to the factors outlined above and other material issues, the Parties may evaluate the possibility of any amendments to the rates charged by Spokane to Airway Heights in any future amendments or agreements. Notwithstanding the above, rate setting is a legislative function of the Spokane City Council.

All other terms and conditions contained in Paragraph 1 shall remain in full force and effect, excepted as provided herein, by this Amendment.

IN WITNESS WHEREOF, in consideration of the terms, conditions, and covenants contained, or attached and incorporated and made a part hereof, the Parties have executed this Contract Amendment / Extension by having legally binding representatives affix their signatures below.

Council approval to award a three year contract with ALS Environmental to provide specialized testing of wastewater and stormwater, at a yearly cost of \$73,840 plus applicable taxes. Council Consent Agenda 10/10/22.

Summary (Background)

The City of Spokane, through its Riverside Park Water Reclamation Facility is required to seek analytical services for the High-Resolution Gas Chromatographic/Mass Spectrometric (HRGC/HRMS) analysis of stormwater and wastewater samples. This testing includes monitoring of polychlorinated biphenyls (PCBs), brominated flame retardants, and dioxin. These samples are collected to comply with Department of Ecology required testing of toxic pollutants of concern to the Spokane area.

PERSONAL SERVICES AGREEMENT

Title: HRGC/HRMS ANALYSIS OF ENVIRONMENTAL SAMPLES

This Agreement is made and entered into by and between the **CITY OF SPOKANE** as ("City"), a Washington municipal corporation, and **ALS GROUP USA CORP.**, whose 10450 Stancliff Road, Houston, Texas 77099 as ("Company"), individually hereafter referenced as a "party", and together as the "parties".

The parties agree as follows:

1. PERFORMANCE.

The Company shall perform HRGC/HRMS Analysis of Environmental Samples in accordance with IRFP 5715-22 and Company's Proposal dated August 18, 2022, which is attached as Exhibit B. In the event of a conflict between the Scope of Work and this City Contract, the terms of this contract will control.

2. TERM OF AGREEMENT.

The term of this Agreement begins on October 17, 2022, and shall run through October 18, 2025, unless amended by written agreement or terminated earlier under the provisions. This Contract may be renewed on an annual basis by written agreement of the parties not to exceed 2 (two) additional one year renewals.

3. COMPENSATION / PAYMENT.

Total compensation for Company's services under this Contract shall not exceed **TWO HUNDRED TWENTY-ONE THOUSAND FIVE HUNDRED TWENTY AND NO/100 DOLLARS (\$221,520.00)**, excluding tax, if applicable, unless modified by a written amendment to this Agreement. This is the maximum amount to be paid under this Agreement for the work described in Section 3 above, and shall not be exceeded without the prior written authorization of the City in the form of an executed amendment to this Agreement.

The Company shall submit its applications for payment to Riverside Park Water Reclamation Facility, 4401 North Aubrey L. White Parkway, Spokane, Washington 99205-3939. **Payment will be made via direct deposit/ACH** within thirty (30) days after receipt of the Company's application except as provided by state law. If the City objects to all or any portion of the invoice, it shall notify the Company and reserves the right to only pay that portion of the invoice not in dispute. In that event, the parties shall immediately make every effort to settle the disputed amount.

4. TAXES, FEES AND LICENSES.

A. Company shall pay and maintain in current status, all necessary licenses, fees, assessments, permit charges, etc. necessary to conduct the work included under this Agreement. It is the Company's sole responsibility to monitor and determine changes or

the enactment of any subsequent requirements for said fees, assessments, or changes and to immediately comply.

B. The cost of any permits, licenses, fees, etc. arising as a result of the projects included in this Agreement shall be included in the project budgets.

5. CITY OF SPOKANE BUSINESS LICENSE.

Section 8.01.070 of the Spokane Municipal Code states that no person may engage in business with the City without first having obtained a valid annual business registration. The Company shall be responsible for contacting the State of Washington Business License Services at www.dor.wa.gov or 360-705-6741 to obtain a business registration. If the Company does not believe it is required to obtain a business registration, it may contact the City's Taxes and Licenses Division at (509) 625-6070 to request an exemption status determination.

6. SOCIAL EQUITY REQUIREMENTS / NON-DISCRIMINATION.

No individual shall be excluded from participation in, denied the benefit of, subjected to discrimination under, or denied employment in the administration of or in connection with this Agreement because of age, sex, race, color, religion, creed, marital status, familial status, sexual orientation including gender expression or gender identity, national origin, honorably discharged veteran or military status, the presence of any sensory, mental or physical disability, or use of a service animal by a person with disabilities. The Company agrees to comply with, and to require that all subcontractors comply with, federal, state and local nondiscrimination laws, including but not limited to: the Civil Rights Act of 1964, the Rehabilitation Act of 1973, the Age Discrimination in Employment Act, and the American's With Disabilities Act, to the extent those laws are applicable.

7. INDEMNIFICATION/LIMIT OF COMPANY'S LIABILITY.

The Company shall defend, indemnify, and hold the City and its officers and employees harmless from all claims, demands, or suits at law or equity asserted by third parties for bodily injury (including death) and/or property damage which arise from the Company's negligence or willful misconduct under this Agreement, including attorneys' fees and litigation costs; provided that nothing herein shall require a Company to indemnify the City against and hold harmless the City from claims, demands or suits based solely upon the negligence of the City, its agents, officers, and employees. If a claim or suit is caused by or results from the concurrent negligence of the Company's agents or employees and the City, its agents, officers and employees, this indemnity provision shall be valid and enforceable to the extent of the negligence of the Company, its agents or employees. The Company specifically assumes liability and agrees to defend, indemnify, and hold the City harmless for actions brought by the Company's own employees against the City and, solely for the purpose of this indemnification and defense, the Company specifically waives any immunity under the Washington State industrial insurance law, or Title 51 RCW. The Company recognizes that this waiver was specifically entered into pursuant to the provisions of RCW 4.24.115 and was the subject of mutual negotiation. The indemnity and agreement to defend and hold the City harmless provided for in this section shall survive any termination or expiration of this agreement.

- 7.1 Nothing in this agreement limits or excludes the Company's liability:
- (i) for death or personal injury caused by its negligence or willful misconduct or that of its employees, agents or subcontractors as applicable;
 - (ii) for fraud or fraudulent misrepresentation by it or its employees, agents or subcontractors as applicable; or
 - (iii) where liability cannot be limited or excluded by Applicable Laws.

7.2 The Company's aggregate liability in respect of claims based on events arising out of or in connection with this agreement or any collateral contract (excluding loss or damage to real or personal property), whether in contract or tort (including negligence) or otherwise, will in no circumstances exceed an amount equal to five (5) x the total fees payable by the City to the Company under this Agreement or \$250,000 (whichever is greater).

7.3 The Company's aggregate liability to the City for any loss or damage to real or personal property whatsoever which arises under or in connection with this agreement or any collateral contract, and whether by way of an indemnity or statute, in tort (for negligence or otherwise), or on any other basis in law or equity, is limited to \$5,000,000 in aggregate.

8. **INSURANCE.**

During the period of the Agreement, the Company shall maintain in force at its own expense, each insurance noted below with companies or through sources approved by the State Insurance Commissioner pursuant to Title 48 RCW:

- A. **Worker's Compensation Insurance** in compliance with RCW 51.12.020, which requires subject employers to provide workers' compensation coverage for all their subject workers and Employer's Liability Insurance in the amount of \$1,000,000;
- B. **General Liability Insurance** on an occurrence basis, with a combined single limit of not less than \$1,000,000 each occurrence for bodily injury and property damage. It shall include contractual liability coverage for the indemnity provided under this Agreement. It shall provide that the City, its officers and employees are additional insureds but only with respect to the Company's services to be provided under this Agreement;
 - i. Acceptable **supplementary Umbrella insurance** coverage combined with Company's General Liability insurance policy must be a minimum of \$1,000,000, in order to meet the insurance coverage limits required in this Agreement; and
- C. **Automobile Liability Insurance** with a combined single limit, or the equivalent of not less than \$1,000,000 each accident for bodily injury and property damage, including coverage for owned, hired and non-owned vehicles.

There shall be no cancellation, material change, reduction of limits or intent not to renew the insurance coverage(s) without thirty (30) days written notice from the Company or its insurer(s) to the City. As evidence of the insurance coverage(s) required by this Agreement, the Company shall furnish acceptable Certificates of Insurance (COI) to the City at the time it returns this signed Agreement. The certificate shall specify the City of Spokane as "Additional Insured" specifically for Company's services under this Agreement, as well as all of the parties who are additional insureds,. The Company shall be financially responsible for all pertinent deductibles, self-insured retentions, and/or self-insurance.

9. **DEBARMENT AND SUSPENSION.**

The Company has provided its certification that it is in compliance with and shall not contract with individuals or organizations which are debarred, suspended, or otherwise excluded from or ineligible from participation in Federal Assistance Programs under Executive Order 12549 and "Debarment and Suspension", codified at 29 CFR part 98.

10. AUDIT.

The Company and its sub-contractor shall maintain for a minimum of three (3) years following final payment all records related to its performance of the Agreement. The Company and its sub-contractors shall provide access to authorized City representatives, at reasonable times and in a reasonable manner to inspect and copy any such record. In the event of conflict between this provision and related auditing provisions required under federal law applicable to the Agreement, the federal law shall prevail.

11. ASSIGNMENT AND SUBCONTRACTING.

The Company shall not assign or subcontract its obligations under this Agreement without the City's written consent, which may be granted or withheld in the City's sole discretion. Any subcontract made by the Company shall incorporate by reference this Agreement, except as otherwise provided. The Company shall ensure that all subcontractors comply with the obligations and requirements of the subcontract. The City's consent to any assignment or subcontract does not release the Company from liability or any obligation within this Agreement, whether before or after City consent, assignment or subcontract.

12. TERMINATION.

Either party may terminate this Agreement, with or without cause, by ten (10) days written notice to the other party. In the event of such termination, the City shall pay the Company for all work previously authorized and performed prior to the termination date.

13. STANDARD OF PERFORMANCE.

The standard of performance applicable to Company's services will be the degree of skill and diligence normally employed by professional Company performing the same or similar services at the time the services under this Agreement are performed.

14. OWNERSHIP AND USE OF RECORDS AND DOCUMENTS.

Original documents, drawings, designs, reports, or any other records developed or created under this Agreement shall belong to and become the property of the City. All records submitted by the City to the Company shall be safeguarded by the Company. The Company shall make such data, documents and files available to the City upon the City's request. If the City's use of the Company's records or data is not related to this project, it shall be without liability or legal exposure to the Company.

Under Washington State Law (reference RCW Chapter 42.56, the *Public Records Act* [PRA]) all materials received or created by the City of Spokane, including this contract and attachments, are **public records** and are available to the public for viewing via the City Clerk's Records (online) or a valid Public Records Request (PRR).

Notwithstanding anything to the contrary, City will maintain the confidentiality of Company's materials and information only to the extent that is legally allowed in the State of Washington. City is bound by the State Public Records Act, RCW Ch. 42.56. That law presumptively makes all records in the possession of the City public records which are freely available upon request by anyone. In the event that City gets a valid public records request for Company's materials or information and the City determines there are exemptions only the Company can assert, City will endeavor to give Company notice. Company will be required to go to Court to get an injunction preventing the release of the requested records. In the event that Company does not get a timely injunction preventing the release of the records, the City will comply with the Public Records Act

and release the records.

15. ANTI KICK-BACK.

No officer or employee of the City of Spokane, having the power or duty to perform an official act or action related to this Agreement shall have or acquire any interest in the Agreement, or have solicited, accepted or granted a present or future gift, favor, service or other thing of value from or to any person involved in this Agreement.

16. MISCELLANEOUS PROVISIONS.

A. **Amendments/Modifications:** This Agreement may be modified by the City in writing when necessary, and no modification or Amendment of this Agreement shall be effective unless signed by an authorized representative of each of the parties hereto.

B. The Company, at no expense to the City, shall comply with all laws of the United States and Washington, the Charter and ordinances of the City of Spokane; and rules, regulations, orders and directives of their administrative agencies and officers. Without limiting the generality of this paragraph, the Company shall comply with the requirements of this Section.

C. This Agreement shall be construed and interpreted under the laws of Washington. The venue of any action brought shall be in a court of competent jurisdiction, located in Spokane County, Washington.

D. **Captions:** The titles of sections or subsections are for convenience only and do not define or limit the contents.

E. **Severability:** If any term or provision is determined by a court of competent jurisdiction to be invalid or unenforceable, the remainder of this Agreement shall not be affected, and each term and provision shall be valid and enforceable to the fullest extent permitted by law.

F. **Waiver:** No covenant, term or condition or the breach shall be deemed waived, except by written consent of the party against whom the waiver is claimed, and any waiver of the breach of any covenant, term or condition shall not be deemed a waiver of any preceding or succeeding breach of the same or any other covenant, term or condition. Neither the acceptance by the City of any performance by the Company after the time the same shall have become due nor payment to the Company for any portion of the Work shall constitute a waiver by the City of the breach or default of any covenant, term or condition unless otherwise expressly agreed to by the City in writing.

G. **Entire Agreement:** This document along with any exhibits and all attachments, and subsequently issued addenda, comprises the entire agreement between the City and the Company. If conflict occurs between Agreement documents and applicable laws, codes, ordinances or regulations, the most stringent or legally binding requirement shall govern and be considered a part of this Agreement to afford the City the maximum benefits.

H. **No personal liability:** No officer, agent or authorized employee of the City shall be personally responsible for any liability arising under this Agreement, whether expressed or implied, nor for any statement or representation made or in any connection with this Agreement.

IN WITNESS WHEREOF, in consideration of the terms, conditions and covenants contained, or attached and incorporated and made a part, the parties have executed this Agreement by having legally-binding representatives affix their signatures below.

22-160a-

EXHIBIT A

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION

1. The undersigned (i.e., signatory for the Subrecipient / Contractor / Consultant) certifies, to the best of its knowledge and belief, that it and its principals:
 - a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency;
 - b. Have not within a three-year period preceding this contract been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, receiving stolen property, making false claims, or obstruction of justice;
 - c. Are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and,
 - d. Have not within a three-year period preceding this contract had one or more public transactions (federal, state, or local) terminated for cause or default.
2. The undersigned agrees by signing this contract that it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction.
3. The undersigned further agrees by signing this contract that it will include the following clause, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions:

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions

1. The lower tier contractor certified, by signing this contract that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
 2. Where the lower tier contractor is unable to certify to any of the statements in this contract, such contractor shall attach an explanation to this contract.
4. I understand that a false statement of this certification may be grounds for termination of the contract.

RE: Recommendation for Award of Contract for RFP #5715-22
HRGC/HRMS Analysis of Environmental Samples

Dear Mr. Rinderle:

A review committee consisting of myself (Jeff Donovan), Kyle Arrington, and Jon Eckhart convened to review and recommend proposals submitted in response to RFP #5715-22. Of the four proposals submitted, ALS Environmental has been selected as the most favorable to meet the needs of the City for this work. The selection method used for determining the recommendation was by the consensus of the majority on the review committee. Through using the scoring criteria outlined in the RFP, and after a thorough discussion and reevaluation, the three committee members ranked ALS the highest overall. Based on the maximum estimated samples, ALS had the lowest cost proposal. The estimated cost for a 3-year contracting term will be \$221,520 (\$73,840/year). Testing completed under this contract would all take place at their Burlington, Ontario, Canada facility. The ALS Burlington Lab specializes in the analyses being requested and has the experience, expertise and resources necessary to meet the needs of the City for this contract. ALS has conducted this testing for the City from 2017 to 2022.

If there is any additional information needed about how the selection process was conducted, please don't hesitate to contact me.

Sincerely,

Jeff Donovan
Environmental Analyst, RPWRF Laboratory

cc: Raylene Gennett, Director, Wastewater Management

re RFP#: 5715-22

Dear Sir/Madam,

This Letter of Submittal and accompanying proposal are in response to the RFP#: 4372-17 Titled "HRGC/HRMS ANALYSIS OF ENVIRONMENTAL SAMPLES".

ALS Group USA, Corp and ALS Canada Ltd are affiliates of a common parent ALS Limited, an Australian publically traded corporation. Analysis will be contracted through ALS Group USA Corp (HQ: 105450 Stancliff Rd of Houston TX). Analysis for this proposal will be performed as a subcontract of ALS Group USA Corp entirely to ALS Canada Ltd (dba ALS Environmental and ALS Life Sciences) at the ALS Burlington Life Science facility at 1435 Norjohn Court in Burlington, Ontario Canada L7L0E6 (Contact: Ron McLeod; Phone 905-331-3111, Fax 905-331-4567 and email ron.mcleod@alsglobal.com). There are no former City of Spokane employees employed by the ALS Canada Ltd nor the ALS Group USA, Corp governing boards as of the date of the proposal or during the previous twelve months. Unless agreed upon by the City of Spokane, ALS Canada Ltd and ALS Group USA Corp will comply with all of the terms and conditions set forth in the Request for Proposal.

Uploaded for the ALS submittal include the four requested elements (Letter of Submittal, Technical Proposal, Management Proposal & Cost Proposal).

ALS is pleased to provide this offer and looks forward to the evaluation and responses.

Sincerely,

Paul Loewy
General Manager, Environmental USA
Paul.loewy@alsglobal.com

Introduction

ALS Canada Ltd and ALS Group USA, Corp are pleased to provide this proposal to the City of Spokane for RFP# 4372-17, 'HRGC/HRMS ANALYSIS OF ENVIRONMENTAL SAMPLES'.

ALS Canada Ltd and ALS Group USA, Corp are the legal name of entities with the common parent of ALS Limited, an Australian publically traded company. ALS environmental laboratories around the world operate under the trade names ALS Life Sciences and ALS Environmental. ALS Limited is one of the largest, most geographically diverse, testing companies in the world staffed by over 11,000 persons operating from 370 sites in 65 countries across Africa, Asia, Australia, Europe and the Americas.

ALS under ALS Group USA, Corp holds a Washington State business license (UBI# 602998939) laboratories in Kelso WA and in Everett WA. The ALS Canada Ltd environmental laboratory facility in Burlington, Ontario Canada will be providing all of the analytical services if awarded the contract since this ALS facility specializes in the analyses of US EPA methods via GC/HRMS required for this contract.

ALS Group USA Corp is bidding on this contract with ALS Canada Ltd being to sole and total subcontractor for all analytical services.

The proposal herein is valid for any defined and valid timeline requirement for the RFP or for 60 days following the closing date of the bid solicitation whichever is longer. The proposal is comprised of the following:

- electronic files including the following parts:
 - a) Letter of Submittal
 - a. Including 3 Attachments
 - b) Technical Proposal
 - a. Including 9 Attachments, 5 of which are "Proprietary Information" submitted separately
 - c) Management Proposal
 - d) Cost Proposal

1. PROJECT MANAGEMENT

[The proposal includes responses to all solicitation listed items (reproduced below) in sequence in the sub-sections that follows. The solicitation requests have been reproduced in blue type of the corresponding Section for ease of reference for the reader. ALS responses are in black type.]

1. PROJECT TEAM STRUCTURE / INTERNAL CONTROLS - Provide a description of the proposed project team structure and internal controls to be used during the course of the project, including any subcontractors. Provide an organizational chart of the Firm indicating lines of authority for personnel involved in performance of this potential contract and relationships of this staff to other programs or functions of the Firm. This chart must also show lines of authority to the next senior level of management. Include who within the Firm will have prime responsibility and final authority for the proposed work.

2. STAFF QUALIFICATIONS / EXPERIENCE - Identify staff, including subcontractors, who will be assigned to the potential contract, indicating the responsibilities and qualifications of such personnel, and include the amount of time each will be assigned to the project. Provide resumes' (not to exceed two (2) pages per person) for the named staff, which include information on the individual's particular skills related to this project, education, experience, significant accomplishments and any other pertinent information. The Firm shall commit that staff identified in its Proposal will actually perform the assigned work. Any staff substitution must have the prior approval of the City.

1.1 PROJECT TEAM STRUCTURE / INTERNAL CONTROLS

All analyses will be performed at the ALS Canada facility in Burlington ON Canada. An organizational charts for ALS Burlington is are provided in Attachment M1. The final report authority for this contract lies with Dr Ron McLeod, the ALS Burlington Technical Director.

1435 Norjohn Court
Burlington ON, L7L 0E6
T: +1 905 331 3111
F: +1 905 331 4567
www.alsglobal.com

In ALS Canada, the local Quality Management staff report independently from operations through to National Quality Manager, David Gurdibaniuk. David resides in the ALS Winnipeg MB office and in turn he reports to the corporate Technical Director Mark Hugdahl in ALS Burnaby BC. This reporting line helps to ensure a consistent nation quality program that is independent of day to day operations.

Operationally within ALS Burlington and after preparation of the initial reports (primary review), there are a minimum of three levels of additional data review:

- a) Primary: Analyst's review during data assessment and report preparation
- b) Secondary: Instrumental peer analyst's secondary review
- c) Tertiary: Senior analyst's review
- d) Quaternary: Project Management review

With rare exceptions for HRMS operations, the Senior Analyst's review is limited to four extremely experienced staff members, Brad Reimer, Sabrina Jin, Steve Kennedy or Dr. Ron McLeod. **[Exceptions using other analysts are allowed for final review only in the absence of one of these four senior staff.]** Resumes of these key persons are presented in Section 1.2 below. Dr. Ron McLeod is the ALS Burlington Technical Director and provides overall oversight to the technical reviews of the data.

1.2 STAFF QUALIFICATIONS / EXPERIENCE

A copy of the ALS Burlington's Statement of Qualifications is presented in Attachment M2. A listing of key staffing along with references to direct experience in the ten List A and B relevant major projects are presented in the Table below. **[The ten referenced projects A1 through A5 (Sediments) and B1 through B5 (Waters) are summarized in the tables that follow below.]** Resumes of these staff are presented in Attachment M3.

2. EXPERIENCE OF THE FIRM

[The proposal includes responses to all solicitation listed items (reproduced below) in sequence in the sub-sections that follows. The solicitation requests have been reproduced in blue type of the corresponding Section for ease of reference for the reader. ALS responses are in black type.]

1435 Norjohn Court
Burlington ON, L7L 0E6
T: +1 905 331 3111
F: +1 905 331 4567
www.alsglobal.com

1. Indicate the experience the Firm and any subcontractors have in the following areas:

- a. General Analysis of Environmental Samples.
- b. Organic Analysis of Environmental Samples.
- c. HRGC/HRMS Analysis of Environmental Samples.

2. Indicate other relevant experience that indicates the qualifications of the Firm, and any subcontractors, for the performance of the potential contract.

3. Include a list of contracts the Firm has had during the last five (5) years that relate to the Firm's ability to perform the services needed under this RFP. List contract reference numbers, contract period of performance, contact persons, telephone numbers, and fax numbers/e-mail addresses. The Firm grants permission to the City to contact the list provided.

A presentation of some of the ALS Burlington relevant experience has been presented in Section 1.2 of this management proposal and in List B below.

ALS Burlington specializes in high end organic (e.g. HRMS analyses), air toxic analyses and specialty projects. The laboratory and staff expect and cater to projects with a greater than normal requirement for client to laboratory communication and for a high level of analytical skill (both instrumental and clean-ups).

To illustrate such skills and experience, we list a few unusual projects within the last year:

LIST B:

- a) Toxaphene via EPA method 8276 (GC/RLMS SIM using electron capture negative ionization (EC/NI) with US EPA Region 4 oversight. To help our client, this EC/NI method was implemented and validated in the ALS Burlington facility directly in support of this single project.
- b) EPA Method 1668C 209 PCB congener analysis on a plethora of commercial products for Washington State

1435 Norjohn Court
Burlington ON, L7L 0E6
T: +1 905 331 3111
F: +1 905 331 4567
www.alsglobal.com

- c) Parent and Alkyl PAH analysis on 160 fish tissues from upstream of the Alberta tar sands operations for Environment Canada via GC/LRMS SIM
- d) A study for the bioavailability of PCDD/F in anti-caking clay. A commercial clay used as a food additive with natural PCDD/F contamination was tested for acid leaching mimicking stomach activity. ALS assisted in the project design, prepared 10L acid leachates and analysed the leachates for PCDD/F content.
- e) PCB heat transfer experiments in paint samples for the US military via EPA method 1668C. The experimental design was to determine the amount of PCBs lost during heating of paint chips. The project needed the design and implementation of temperature controlled stripping of paint samples while capturing the volatile emissions. ALS successfully designed the equipment and analysed PCB congeners from the paint and effluents to determine the % volatile losses. This experiment utilized ALS Burlington's specializations in both HRMS analyses and in air toxics sampling.

For ALS Burlington, the HRMS analyses of waters and solids for PCB congeners, for BDPE and for 2,3,7,8-TCDD are routine. In the last year, ALS Burlington has analysed and reported the following numbers of samples for these HRMS analyses on samples from almost any matrix that can be imagined including wastewaters, drinking waters, soils/sediments, municipal waste sludges/biosolids, human blood serum, foods, feedstuffs, food/feed additives, animal/fish tissues, stack emissions and ambient air. This does not analyses of these same analytes by other HRMS methods.

ALS Burlington - Number of Samples for EPA HRMS Methods	
Analysis	Number of Samples in the Last 12 Months
PCDD/F via EPA Method 1613B	3431
PCB via EPA Method 1668A/C	3222
BDPE via EPA Method 1614A	738

Example projects have been documented above within this section, within Section 1.2 above. The Section 1.2 Tables 1A and 1B provides contact and contact information that the City of Spokane can discuss ALS performance at their discretion.

1435 Norjohn Court

3. REFERENCES

[The proposal includes responses to all solicitation listed items (reproduced below) in sequence in the sub-sections that follows. The solicitation requests have been reproduced in blue type of the corresponding Section for ease of reference for the reader. ALS responses are in black type.]

List names, addresses, telephone numbers, and fax numbers/e-mail addresses of three (3) business references for whom work has been accomplished and briefly describe the type of service provided. The Firm grants permission to the City to contact the references provided. Do not include current City staff as references. The City may evaluate references at the City's discretion.

All requested contacts and references have been provided in the response above in Sections 1 and 2.

4. RELATED INFORMATION

[The proposal includes responses to all solicitation listed items (reproduced below) in sequence in the sub-sections that follows. The solicitation requests have been reproduced in blue type of the corresponding Section for ease of reference for the reader. ALS responses are in black type.]

1. If the Firm has had a contract terminated for default in the last five (5) years, describe the incident. Termination for default is defined as notice to stop performance due to the Firm's non-performance or poor performance and if the

1435 Norjohn Court
Burlington ON, L7L 0E6
T: +1 905 331 3111
F: +1 905 331 4567
www.alsglobal.com

issue of performance was either (a) not litigated due to inaction on the part of the Proposer, or (b) litigated and such litigation determined that the Proposer was in default.

2. Submit full details of the terms for default including the other party's name, address, and phone number. Present the Firm's position on the matter. The City will evaluate the facts and may, at its sole discretion, reject the Proposal on the grounds of the past experience. If no such termination for default has been experienced by the Firm in the past five (5) years, so indicate.

ALS Canada Ltd has not had any contract defaults from any of its operations over the last five years. In regards to scope, ALS Canada Ltd include some 13 environmental lab operations, 3 minerals lab operations and 2 tribology lab operations.

Introduction

ALS Canada Ltd and ALS Group USA, Corp are pleased to provide this proposal to the City of Spokane for RFP# 4372-17, 'HRGC/HRMS ANALYSIS OF ENVIRONMENTAL SAMPLES'.

ALS Canada Ltd and ALS Group USA, Corp are the legal name of entities with the common parent of ALS Limited, an Australian publically traded company. ALS environmental laboratories around the world operate under the trade names ALS Life Sciences and ALS Environmental. ALS Limited is one of the largest, most geographically diverse, testing companies in the world staffed by over 11,000 persons operating from 370 sites in 65 countries across Africa, Asia, Australia, Europe and the Americas.

ALS under ALS Group USA, Corp holds a Washington State business license (UBI# 602998939) laboratories in Kelso WA and in Everett WA. The ALS Canada Ltd environmental laboratory facility in Burlington, Ontario Canada will be providing all of the analytical services if awarded the contract since this ALS facility specializes in the analyses of US EPA methods via GC/HRMS required for this contract.

ALS Group USA Corp is bidding on this contract with ALS Canada Ltd being to sole and total subcontractor for all analytical services.

The proposal herein is valid for any defined and valid timeline requirement for the RFP or for 60 days following the closing date of the bid solicitation whichever is longer.

The proposal is comprised of the following:

- electronic files including the following parts:
 - a) Letter of Submittal
 - a. Including 3 Attachments
 - b) Technical Proposal
 - a. Including 9 Attachments, 5 of which are "Proprietary Information" submitted separately
 - c) Management Proposal
 - d) Cost Proposal

1. PROJECT APPROACH / METHODOLOGY

[The proposal includes responses to all solicitation listed items (reproduced below) in sequence in the sub-sections that follows. The solicitation requests have been reproduced in blue type of the corresponding Section for ease of reference for the reader. ALS responses are in black type.]

Include a complete description of the Firm's proposed approach and methodology for the project. This section should convey Firm's understanding of the proposed project.

The scope of services is presented in Section 2.1 of the RFP and includes the HRMS analyses of 2,3,7,8-TCDD, PCB congeners (209) and selected BDPE congeners from various waters and solids.

A summary of the ALS methodology is presented in Sections 1.1 and 1.2 below. Detailed methodology is presented in the SOPs provided in Attachments T1 through T5 (uploaded as a separate combined "PROPRIETARY INFORMATION" file)

Attachment:	T1 = TM-TM-1107	PCDD/F Instrumental Method
	T2 = TM-TM-1109	BDPE Instrumental Method
	T3 = TM-TM-1105	PCB Instrumental Method
	T4 = TM-TM-1110	HRMS Prep Method
	T5 = TM-TM-2109	BDPE Prep Method

1.1 Extraction & Clean-up

Waters without visible solids are spiked with C-13 labelled extraction standards and extracted by separatory funnel technique using dichloromethane as the extracting solvent.

Waters with any visible solids are spiked with labelled extraction standards before filtering. The filtrates are extracted by separatory funnel technique using dichloromethane as the extracting solvent. The solids are extracted via Dean Stark soxhlet technique using toluene as the extracting solvent. The combined filtrate and solids extracts are cleaned and analysed as below.

1435 Norjohn Court
Burlington ON, L7L 0E6
T: +1 905 331 3111
F: +1 905 331 4567
www.alsglobal.com

Solids are spiked with C-13 labelled extraction standards are extracted via Dean Stark soxhlet technique using toluene as the extracting solvent.

ALS has a full suite of column chromatographic clean-up options including GPC, acid silica gel/multi-layered silica gel, alumina, florisil and carbon clean-ups for HRMS targets. Any or all of the techniques may be employed in order to provide quality extracts for instrumental analyses.

Typically for situations with limited sample and for extracts requiring PCDD/F, PCB and/or BDPE analyses, the common extracts are cleaned with acid silica/multi-layered silica and then alumina column chromatographies. These extracts are then analysed for PCB and BDPE congeners. Following these analyses, the extracts are cleaned by carbon column clean-up for analysis of PCDD/F and/or coplanar PCBs as required. Of course, separate extraction, clean-up and analysis for the PCDD/F, PCB and/or BDPE targets is an option for samples in generous supply.

1.2 Instrumental Analysis

Instrumental analysis on the applicable EPA methods (i.e. 1613B, 1668C and 1614A) are all via isotope dilution GC/HRMS. ALS employs the following C-13 labelled extraction internal standards as quantitative references for these analyses:

www.alsglobal.com

geographically diverse, testing companies in the world staffed by over 33,000 persons operating from 370 sites in 65 countries across Africa, Asia, Australia, Europe and the Americas.

2. WORKPLAN

[The proposal includes responses to all solicitation listed items (reproduced below) in sequence in the sub-sections that follows. The solicitation requests have been reproduced in blue type of the corresponding Section for ease of reference for the reader. ALS responses are in black type.]

Include all project requirements and the proposed tasks, services, activities, etc. necessary to accomplish the scope of the project defined in this RFP. This section of the technical Proposal shall contain sufficient detail to convey to members of the evaluation team, the Firm's knowledge of the subjects and skills necessary to successfully complete the project. Include any required involvement of City staff. The Firm may also present any creative approaches that may be appropriate and may provide any pertinent supporting documentation.

Project Initiation:

For a contract of this scope, ALS will initiate at least three 'kick-off' meetings to ensure effective project initiation. The first meeting will be between the bid preparation team (led by Dr Ron McLeod) and the Client Services staff (including Claire Kocharakkal, the acting Client Service Manager) the project manager assigned to this project (Claire Kocharakkal) and the Laboratory General Manager, Scott Preston. This meeting will ensure that all of the RFP and proposal details are discussed and passed on to the Project Management staff.

The second meeting, by conference call, will be between the ALS Client Services staff and the assigned City of Spokane contact(s). This will cover the expected scope with particular interest to (a) establish communications and (b) ensure that all sampling media and sampling/analytical scheduling has been tabled.

The third meeting is again internal to ALS. The customer service and sales staffing will meet with the production staffing to ensure all analytical details and protocols are discussed and understood.

1435 Norjohn Court
Burlington ON, L7L 0E6
T: +1 905 331 3111
F: +1 905 331 4567
www.alsglobal.com

Project Scheduling:

Coordination of project scheduling is driven by our LIMS (Laboratory Information Management System). All shipments and media preparations are logged and scheduled through this system. All analyses and reporting timelines are scheduled through this system. Our LIMS does drive all our programs (both field support and lab support) effectively ensuring that deadlines are monitored and met.

Login and Login Reviews:

The maintenance of the project and sample entries into LIMS is by the Client Services department, especially via our primary Sample Custodian and LIMS logger, Aaron Burton. All samples are logged the same day as receipt. All LIMS entries are reviewed and errors corrected by the assigned Project Manager or designate immediately. The client is immediately notified of any documentation problems or concerns on sample integrity. Confirmations of sample receipt are sent to our clients automatically the evening after login.

This process of LIMS entries and review is employed for both samples and for media prep. Therefore, shipments of supplies/media to the field as scheduled appropriately.

Labelling:

All samples are assigned a unique alpha numeric ALS sample ID#. A label is generated for each sample container that includes this lab ID number as well as the LIMS entry of the Client Sample ID. This labelling is critical in the review process in order to ensure that there is no sample mix up. A check and comparison of the label with the client labelling is done (a) by the login analyst at the time of labelling, (b) by a second client service staff member after login and (c) by the prep analyst before proceeding with the analysis.

Project Notes/Special Instructions:

For each contract or project, the assigned Project Manager maintains an electronic project entry file which details all project requirements that are outside of standard our services. These include custom project details such as (a) cooler media packaging requirements, (b) extra QC or reporting requirements (c) contact lists (d) client special instructions and (e) invoicing details. This file is available to all customer service staffing.

1435 Norjohn Court
Burlington ON, L7L 0E6
T: +1 905 331 3111
F: +1 905 331 4567
www.alsglobal.com

When some of the special instructions are needed for the prep or instrumental analyses, such instructions are entered into a LIMS field available to all analysts. In this case, there is a flag to all analysts to review the special instructions specific to this sample or a specific analysis.

Prep Sheets:

For each preparative batch of samples/analyses, a batch sheet is prepared by the Prep Manager or Prep Supervisor. This document follows the batch throughout the lab from prep to instrument and to data package preparation. It includes all of the samples IDs associated with the batch, the batch QC requirements, general and specific batch instructions, reagent traceability and any specific notes from the prep analyst on observations and issues encountered while processing the batch.

Instrumental Analysis:

After sample extraction and cleanup, the final extracts in auto-sampler vials are refrigerated and the batch sheets passed to the instrument analyst group. The prep or batch sheets are used to define the instrument run sequences appropriate for the scheduled analysis. The GC/MS analyst reviews the raw data and prepares the data report. The GC/MS analyst also provides comments on his electronic version of the report. Traceability on the analyst comments and manual integrations are automatically maintained in the electronic reporting file.

Data Review/Reporting:

The multistage review of the data processing and the reports has been documented in Section 1.1 of this Technical Proposal.

Invoicing:

Invoicing is also LIMS generated based upon the analyses logged and linked to the quoted services. The raw invoice is based upon the original login. Certainly changes can occur between the login stage and final invoicing. The raw invoice is modified by the project manager where needed after review of the final report to reflect the completed services provided to the client.

Quality Program:

ALS maintains a full and comprehensive QA/QC program that is fully compliant with the ISO 17025, the NELAC and the US DoD standards.

4. DELIVERABLES

[The proposal includes responses to all solicitation listed items (reproduced below) in sequence in the sub-sections that follows. The solicitation requests have been reproduced in blue type of the corresponding Section for ease of reference for the reader. ALS responses are in black type.]

Fully describe deliverables to be submitted under the proposed project.

Project deliverables are defined in Section 2.2 of the RFP which includes all calculated sample and QC data while reporting in .pdf and Excel spreadsheets. The electronic data and all reportables (Including the specialty EDDs) have been successfully provided to the City of Spokane for the last similar contract since 2017. All systems are currently in place. The report must include a narrative which discusses methods, analytical difficulties and results that are outside of the acceptance criteria and an explanation of data qualifiers employed. The report must also include the most recent MDL study, EDLs for all reported targets, RLs below those in the RFP Table 3.

An example of the ALS standard .pdf report is provided in Attachment T6 for review. This example report is for PCB but the format is the same for BDPE and for 2,3,7,8-TCDD. This report covers all of the RFP elements except for the most recent MDL study which will be included in each report.

RFP Section 2.2 (11) provides project specific instructions on how to calculate and flag total PCB congener results.

5. REPORTING LIMITS

[The proposal includes responses to all solicitation listed items (reproduced below) in sequence in the sub-sections that follows. The solicitation requests have been reproduced in blue type of the corresponding Section for ease of reference for the reader. ALS responses are in black type.]

Include a copy of the most recent MDL studies which will support the requested reporting limits indicated in Table 2 of the Scope of Work.

A copy of the most recent MDL studies for PCB via 1668C, for PCDD/F via 1613B and BDPE via 1614A are provided in Attachment T7

6. ACCREDITATION

[The proposal includes responses to all solicitation listed items (reproduced below) in sequence in the sub-sections that follows. The solicitation requests have been reproduced in blue type of the corresponding Section for ease of reference for the reader. ALS responses are in black type.]

Include documentation which certifies the methods and analytes listed in Table 1 of the Scope of Work are accredited with Ecology for all laboratories that will be used (including any subcontracted laboratories). If multiple labs will be utilized, indicate which laboratories will be conducting which analyses.

ALS holds Washington State DOE accreditations for all of the project targets for both solids and for waters as listed in the WA DOE accreditation scope listing in Attachment T8a (Certification) and T8b (Scope of Accreditation).

In addition, ALS holds primary accreditations for all project related targets and matrices from CALA to ISO 17025 standards and from LA DEQ to the NELAP Standard. Furthermore, ALS holds primary accreditations for the PCB (via 1668C) and

1. INTRODUCTION

ALS Canada Ltd and ALS Group USA, Corp are pleased to provide this proposal to the City of Spokane for RFP# 4372-17, 'HRGC/HRMS ANALYSIS OF ENVIRONMENTAL SAMPLES'.

ALS Canada Ltd and ALS Group USA, Corp are the legal name of entities with the common parent of ALS Limited, an Australian publically traded company. ALS environmental laboratories around the world operate under the trade names ALS Life Sciences and ALS Environmental. ALS Limited is one of the largest, most geographically diverse, testing companies in the world staffed by over 11,000 persons operating from 370 sites in 65 countries across Africa, Asia, Australia, Europe and the Americas.

ALS under ALS Group USA, Corp holds a Washington State business license (UBI# 602998939) laboratories in Kelso WA and in Everett WA. The ALS Canada Ltd environmental laboratory facility in Burlington, Ontario Canada will be providing all of the analytical services if awarded the contract since this ALS facility specializes in the analyses of US EPA methods via GC/HRMS required for this contract.

ALS is bidding on this contract in whatever manner is acceptable to the City of Spokane based upon its existing business license registered under ALS Group USA, Corp. This contract can be awarded directly to ALS Canada Ltd (as an affiliate of the business license to ALS Group USA, Corp) or to ALS Group USA, Corp (with ALS Canada Ltd as a sub-contractor) - whichever way the City of Spokane prefers to accept the existing business license,

The proposal herein is valid for any defined and valid timeline requirement for the RFP or for 60 days following the closing date of the bid solicitation whichever is longer.

The proposal is comprised of the following:

- electronic files including the following parts:
 - a) Letter of Submittal
 - Including 3 Attachments
 - b) Technical Proposal
 - Including 9 Attachments, 5 of which are "Proprietary Information" submitted separately
 - c) Management Proposal
 - d) Cost Proposal

1	All 209 PCB Congeners by EPA 1668C	\$595
2	PBDEs (only BDE-28, 47, 66, 85, 99, 100, 138, 153, 154, 183, 209) by EPA 1614	\$595
3	2,3,7,8-TCDD only (no other dioxins/furans required) by EPA 1613	\$275

Table 4 unit pricing includes (a) the shipping of empty coolers and sample bottles and (b) return shipping.

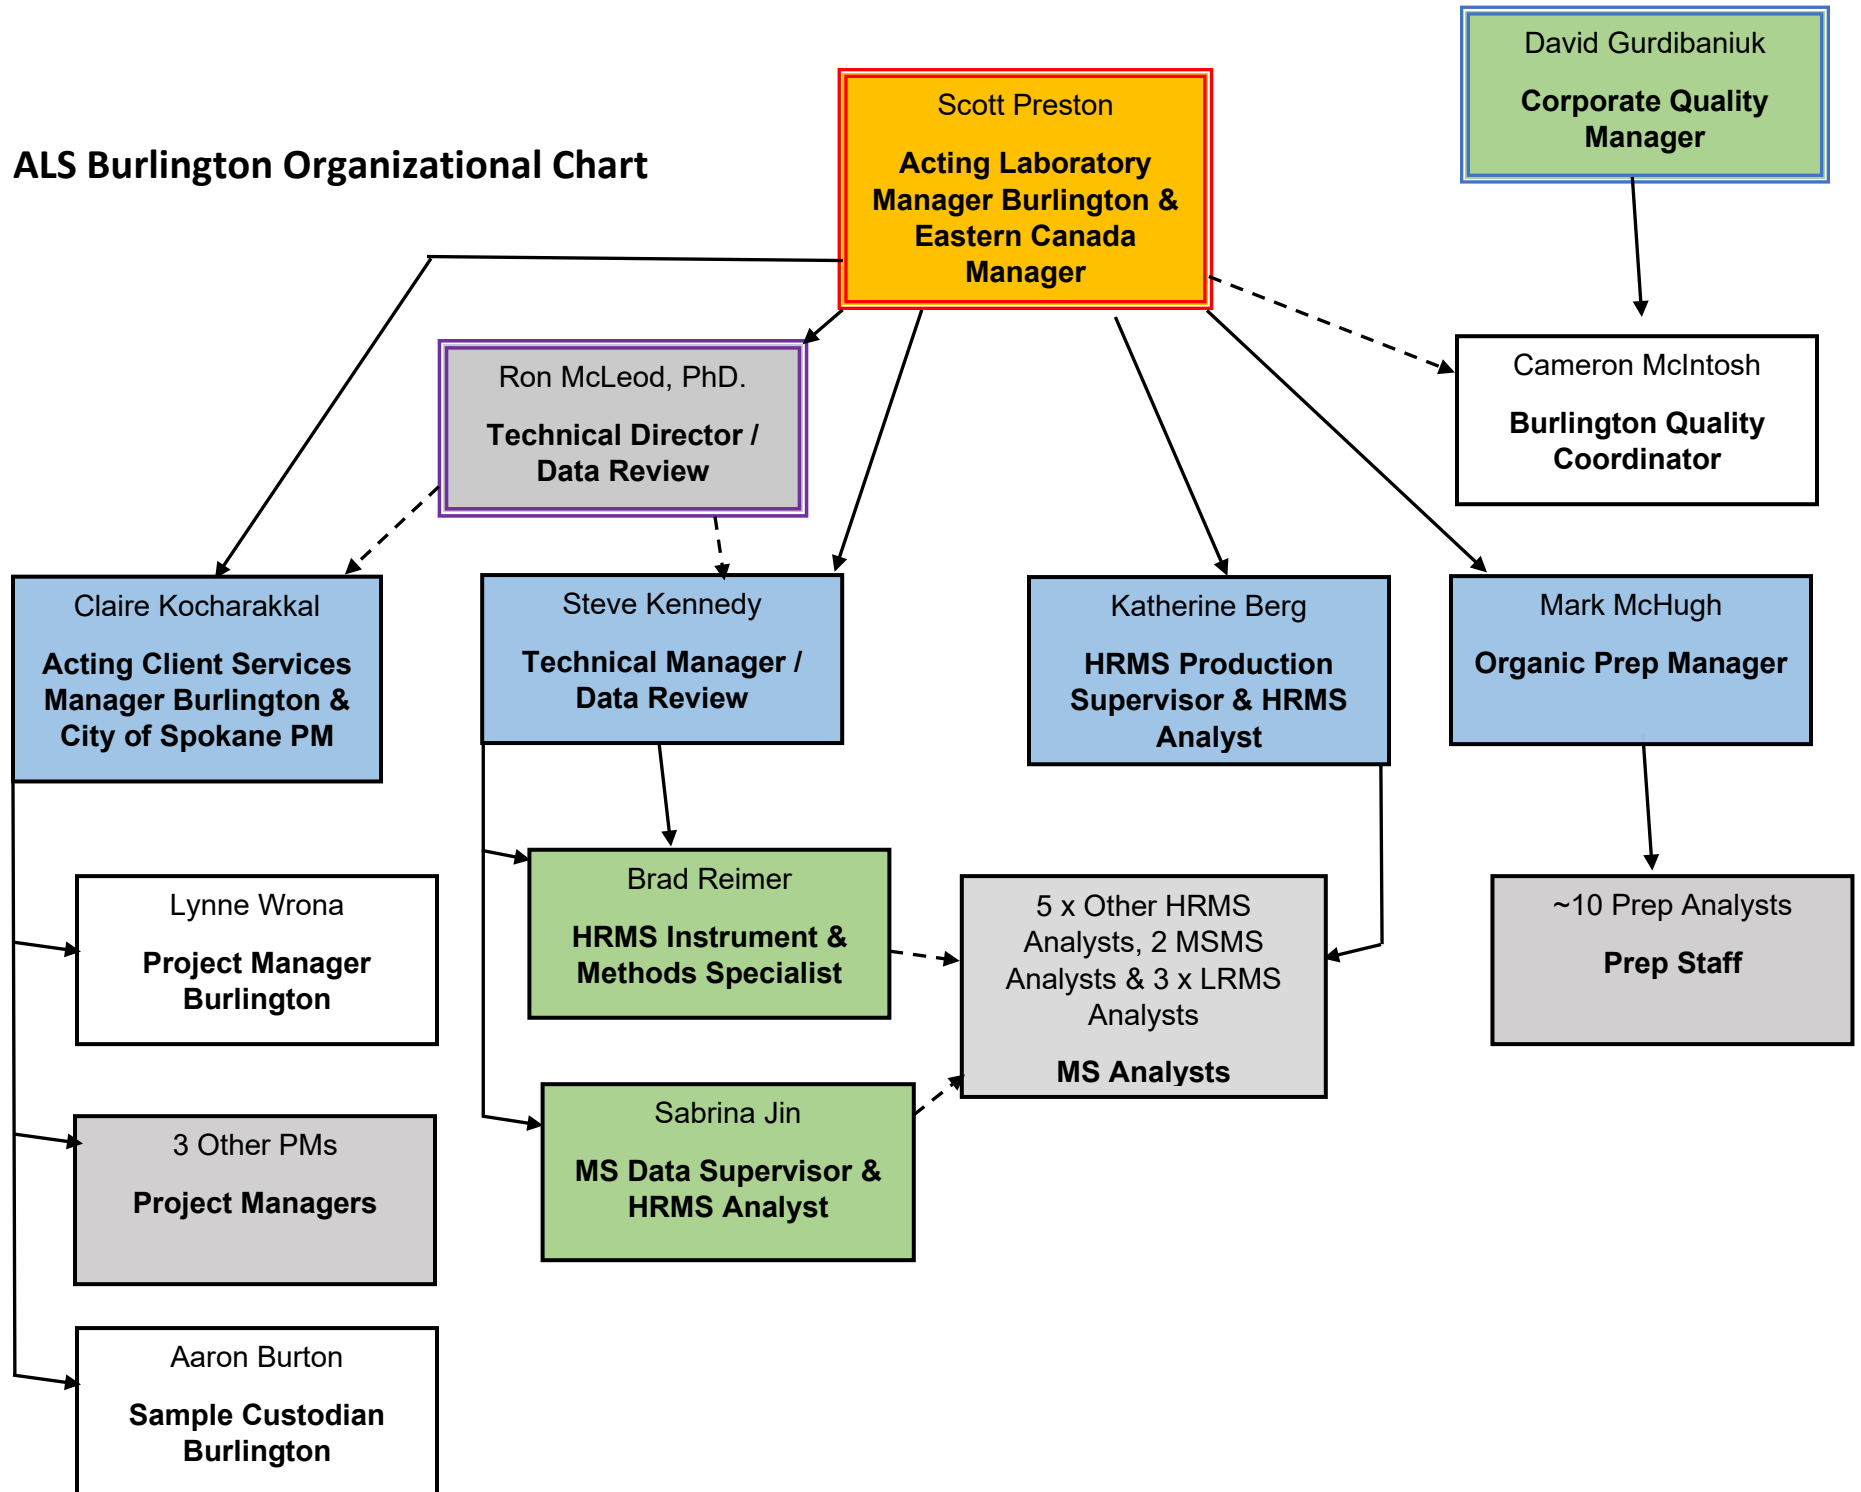

3. TERMS & CONDITIONS

ALS is unable to accept unlimited liabilities and will need to come to reasonable and acceptable terms with City of Spokane. Examples of concerns are listed below:

Limit of Firm's Liability

- (1) Nothing in this agreement limits or excludes the Firm's liability:
 - (i) for death or personal injury caused by its negligence or willful misconduct or that of its employees, agents or subcontractors as applicable;
 - (ii) for fraud or fraudulent misrepresentation by it or its employees, agents or subcontractors as applicable; or
 - (iii) where liability cannot be limited or excluded by Applicable Laws.
- (2) the Firm excludes any liability to the City, whether in contract, tort (including negligence) or otherwise, for any special, indirect or consequential loss arising under or in connection with this agreement, including any:
 - (i) loss of profits;
 - (ii) loss of sales or business;
 - (iii) loss of production;
 - (iv) loss of agreements or contracts;
 - (v) loss of business opportunity;
 - (vi) loss of anticipated savings;
 - (vii) loss of or damage to goodwill;
 - (viii) loss of reputation; or
 - (ix) loss of use or corruption of software, data or information.
- (3) The Firm's aggregate liability in respect of claims based on events arising out of or in connection with this agreement or any collateral contract (excluding loss or damage to real or personal property), whether in contract or tort (including negligence) or otherwise, will in no circumstances exceed an amount equal to the total fees payable by the City to the Firm under this Agreement or \$250,000 (whichever is greater).
- (4) The Firm's aggregate liability to the City for any loss or damage to real or personal property whatsoever which arises under or in connection with this agreement or any collateral contract, and whether by way of an indemnity or statute, in tort (for negligence or otherwise), or on any other basis in law or equity, is limited to \$5,000,000 in aggregate.

ALS Burlington Organizational Chart

ALS Burlington Statement of Qualifications

Laboratory Services Covering:

- Food & Agricultural
- Air Toxics
- Environmental

Revision 35: Nov 2021

ADDRESS 1435 Norjohn Court, Unit 1, Burlington, Ontario L7L 0E6 Canada | PHONE +1 905 331 3111 | FAX +1 905 331 4567
ALS CANADA LTD a subsidiary of ALS Limited (ASX: ALQ)

1.0 Introduction and Background

The ALS Life Sciences Burlington facility is a laboratory established in 2005 while focused upon the HRMS and Air Toxic analytical markets. Our HRMS workload is based upon a broad base of sources but generally environmental samples (air, soil, sediment and water) and agriculture/food products. Our air toxics sample workload is derived primarily from stack and ambient air monitoring. The entire laboratory management and supervisory staff are persons with extensive experience specific to our niche market operations.

ALS Life Science and ALS Environmental are trade names under the registered company ALS Canada Ltd. ALS Canada Ltd is a solely owned subsidiary of ALS Limited, a publicly traded Australian company.

ALS is one of the largest, most geographically-diverse, testing companies in the world processing over 20 million samples per year. With over 300 laboratories and 15000 staff in more than 65 countries, we have the expertise and the resources to provide our clients with analytical and technical support for local and international environmental monitoring projects. Specific to HRMS services, ALS has 5 labs worldwide including Houston (USA), Brisbane (Australia), Istanbul (Turkey), Prague (Czech Republic) and this one in Burlington ON (Canada). ALS Environmental laboratories have been operating in Australia since 1975 and in Canada since 1982.

2.0 Scope of Analytical Services

Table 1: ALS Burlington's Primary Analytical Services

Analyte	Primary Method ID	Agency Reference
<i>Life Sciences: Agriculture, Food & Feed Products and Blood Serum Testing</i>		
PCDD/F	1613B	US EPA OW
PCB	1668A&C	US EPA OW
PAH	Isotope Dilution GC/HRMS	mod. California ARB

OCP	mod. 1699	US EPA OW
Metals	6020A (icpms)	US EPA SW846
Mercury	7471B (cvaa)	US EPA SW846

Key:

PCDD/F = Polychlorinated dibenzo(p)dioxins and polychlorinated dibenzofurans

PAH = Polyaromatic Hydrocarbons

PCB = Polychlorinated Biphenyls

BDPE = Polybrominated Diphenyl Ethers

PCN = Polychlorinated Naphthalenes

OCP = Organochlorine Pesticides

SVOC = Semi-Volatile Organic Compounds

VOST = Volatile Organic Sampling Train

For air toxic methods that include both sampling and analytical portions, ALS offers only the analytical portion of the methods.

3.0 Scope of Accreditations & Licenses

ALS maintains ISO 17025 based accreditations, US Department of Defense environmental accreditations and NELAP accreditations. ALS Burlington is accredited by four separate primary accrediting authorities:

- 1) Canadian Association for Laboratory Accreditation (CALA) to ISO 17025:2017 standards
- 2) NELAP through Louisiana DEQ to the NELAC TNI:2009 standard
- 3) Perry Johnson Laboratory Accreditation, Inc. (PJLA) to both the ISO 17025:2017 standards and to the US Department of Defense (DoD) enhanced version of the TNI:2009 standard.
- 4) CEAQ (Centre d'expertise en analyse environnementale du Québec) to the ISO 17025:2005 standard.

In addition, ALS Burlington holds (a) secondary NELAP accreditation through the US states of Alaska, California, Florida, Georgia, Hawaii, Michigan, New Jersey, New York, Pennsylvania, Texas and Virginia & (b) state accreditation with Washington and West Virginia.

Details definitions of accredited analyses are presented in Tables 2 and 3 that follow below. The CALA and PJLA accreditations cover both environmental and agriculture/food specialties while accreditations from the other bodies are for environmental testing only. The accreditation process includes document and on-site reviews to demonstrate compliance with ISO 17025 defined standards with respect to laboratory quality systems and the analyses/parameters as listed in the laboratory's application.

4.0 Facilities and Instrumentation

ALS Burlington occupies approximately 27,000 square feet of laboratory and office space in state-of-the-art facility in Burlington Ontario Canada. Administrative support (including purchasing, invoicing, financial, HR and IT) are provided from our corporate locations in North Vancouver BC and Edmonton AB. The laboratory has approximately 650 linear feet of benching workspace, 220 linear feet of which is hooded & ventilated to remove toxic and noxious materials.

Major Analytical Instrumentation:

LC & GC/MSMS#1	Waters XEVO-TQ-XS With Agilent 8890 GC With Atmospheric Pressure Ionization (API) & With CTC PAL 3 Autosampler With Acquity UPLC Software: MassLynx 4.2
GC/MSMS #8	Agilent 7010 Triple Quad With Agilent 7890B GC With PAL RSI Autosampler Software: Masshunter B.07.03
GC/HRMS #5, 6, 7, 9, 10	Waters AutoSpec Premier With Agilent 7890B With CTC PAL GC-xt Autosampler Software: Masslynx 4.1
GC/LRMS #1, 2, 3 & 4	Agilent 5977B (x1) & 5975 (x3) MSDs 2 with 6890N GC, 2 with 7890 GC 3 with Agilent 7683B Series Autosampler Software: Masshunter 10.2
VOST Trap Conc. ICPMS#1	1 x Perkin Elmer 650 ATD Agilent 7800 With SPS4 Autosampler Software: Masshunter 4.4
CVAA	CETAC With Autosampler Software: Quicktrace 3.0.0
IC	Dionex 2100 Dionex 1100 With AS Autosampler Software: Chromeleon 7.3

GPC	Gilson GX-271 GPC with UV detector and liquid handler
Metals Microwaves	CEM MARS6 Digestion System CEM MARS5 Digestion System

LIMS Resources:

Local Server	HP Proliant DL360e GEN8
LIMS Hard/Softwares	ALS Canada network customized EvoLIMS software with Servers Centralized in Edmonton and Vancouver

5.0 Key Staff Qualifications & Experience

ALS Life Sciences, Burlington operations, is comprised of approximately 40 staff dedicated to provide quality analytical services. Staff members holding key positions are listed below but absent from this table is the core of the skilled bench prep analysts. In addition, ALS Burlington is supported and strengthened by ALS Canada corporate both technically and administratively with Accounts Payables, Accounts Receivables, Purchasing, Health & Safety, Compliance, Corporate Quality Control, Technical Analytical, Information Technology and Human Resources teams coordinated throughout the extensive ALS Canada network.

Key Staff Member	Position	Years of Analytical Lab Experience	Education Primary - Deg/Dipl	Institution/Specialty
Ron McLeod	Business Dev. & Tech. Director	35	Ph.D., B.Sc.	McMaster/ Chem.
Farhad Khalili	General Manager	13	MASc&Eng, B.Sc	Regina/Science & Eng
Stephen Kennedy	Technical Manager	31	B.Sc.	Victoria/Chem
Phil Elder	Inorganics Manager	7.9	Ph.D., B.Sc.	McMaster/ Chem.
Alastair Blythe	Client Service Manager	27	Dipl.	Lambton/Env.Tech.
David Gurdibaniuk	Quality Manager (National)	10	B.Sc.	Manitoba/Biochem.
Cameron McIntosh	Quality Systems Coord.(Local)	7.3	B.Sc.	Guelph/Physical Sci.
Ancy Sebastian	Sales Representative	32	Dipl.	Sheridan/Chem.Tech.
Brad Reimer	Technical Lead GC/HRMS	34	B.Sc. (partial)	McMaster/ Chem.
Mark McHugh	Supervisor Organic Prep	11	Dipl.	Mohawk/Env.Tech.
Marco Michetti	Team Lead Organic Prep	6.7	B.Sc.	Laurier/Chem
Ella Gdyczynski	Senior Analyst	38	Dipl.	Mohawk/Chem Eng
Todd Patterson	GC/HRMS Operator	11	B.Sc.	McMaster/Life Sci
Edwin Sabjic	GC/HRMS Operator	8.6	B.Sc.	Waterloo/Science
Nilmini Vithanage	GC/MSMS Operator	9.8	Ph.D., B.Sc.	Maine/Chem.
Niloufar Ashtari	GC/HRMS Operator	6.9	M.Sc.,B.Sc.	Manitoba/Bio
Katherine Berg	GC/HRMS Operator	5.3	Dipl.	Mohawk/Biotech.
Sabrina Jin	GC/MS/MS Operator	29	Dipl.	Mohawk/Chem. Eng.
Andrew Reid	GC/MS Operator	12	Dipl	Centennial/Bio. Tech.
Gamini Nadu Kankar	IC Operator	6.5	M.Sc, B.Sc	Gujarat/Chem.
Amish Bhavsar	CVAA Operator	9.7	M.Sc, B.Sc	Maine/Chem.
Sabir Ahmed	ICPMS Operator	13	Dipl.	Mohawk/Env.Tech.
Aaron Burton	Sample Receiving	8.5	Dipl.	Mohawk/Env. Tech.
Claire Kocharakkal	Client Service Rep	3.6	B.Sc.	Queens/Biology
Breanne Dusureault	Client Service Rep	2.9	B.Sc.	McMaster/Env. Sci.
Lynne Wrona	Client Service Rep	12	M.Sc, B.Sc	McMaster/ Biochem.

The individual Quality Control staff members in each ALS Canada laboratory reports independent of the local laboratory management and directly through to David Gurdibaniuk (in Winnipeg MB) with over 4 years of experience in Laboratory and Quality Management.

Technically ALS Burlington is led by Dr. Ron McLeod and Stephen Kennedy with a combined >65 years of lab management experience within the analytical services industry.

Ron McLeod; Director, Air Toxics & Special Chemistries, Eastern Canada Division.
Ph.D. in Organic Chemistry

With over thirty years of experience in the environmental laboratory business all in senior positions with Zenon Environmental Laboratories, PSC Analytical, Axys Analytical and now with ALS. Prior positions have included Chief Operations Officer (Axys Analytical), General Manager (PSC Analytical), Client Services Manager and Principal Scientist (PSC Analytical/Zenon Environmental Laboratories). Ron is a recognized expert in Air Toxics and HRMS methods.

Stephen Kennedy: Technical Manager (Burlington)
B.Sc. in Chemistry

Steve has been a key member ALS-Burlington since its inception in 2005. First as the Organic Laboratory Manager, and currently as the Technical Manager, he currently oversees the daily operation of the laboratory ensuring that quality data are reported on-time, and that performance targets are met, through supervision and guidance. Steve has over twenty-five years of experience in environmental laboratory operations predominantly in managerial positions. He is an expert on HRMS methodologies and instrumentation and lends his knowledge to method development/improvement. Steve's experience and positions have placed him in the forefront in the development of emerging HRMS methods such as: 1668 (209 congener analysis of PCB), draft method 1614 (brominated diphenyl ethers), organochlorine pesticides, bromochlorodioxins/furans and chlorinated naphthalenes.

6.0 Selected Project Histories

6.1 Agricultural Products, Supplements and Tissues Testing:

6.1.1 National Chemical Residue Monitoring Program (NCRMP) and Food Action Safety Plan (FSAP)

For the Canadian Food Inspection Agency (CFIA); the analysis of approximately 50 food samples per month for PCDD/PCDF, PCB congeners, BDPE and/or PAH via HRMS. Initially contracted 2007 to 2010, now re-newed through March of 2021.

6.1.2 QC Monitoring Programs- Feeds, Foods and Supplements:

For many clients, ALS Burlington monitors products and/or raw materials for routine QC programs to ensure compliance with control or regulatory limits for contaminants of concern such as PCDD/PCDF, PCB congeners, total PCB, PAH, trace metals and/or pesticides. These monitoring programs cover products such as feeds, feed additives, foods, food additives, edible oils and nutritional supplements etc. Currently ALS Burlington handles some 50 samples per week on such monitoring programs.

6.2 Air Toxics - Stack:

6.2.1 Ontario Electrical Utilities Testing:

For 2006 through 2016, in association with ORTECH Environmental as samplers/consultants; the analysis of the Ontario Power Generation's utilities stack source emissions at Lambton, Thunder Bay, Nanticoke and Bruce (Western Waste Management Facility), for PCDD/PCDF/PAH/PCB (M23 combined with other semi-volatiles), metals/particulates (M5/M29), VOC (VOST) and acid gases.

6.2.2 Covanta Waste Management:

Since 2017 and in partnership with testing firms such as TRC and Ortech, ALS has been providing analytical services for scheduled monitoring of SVOCs (e.g. PCDD/PCDF & PCB) metals/particulates (M5/M29), VOC (VOST), acid gases and aldehydes for Covanta operated northeastern plants such as Niagara, Springfield, Pittsfield, Camden, Seconn, Del Valley, Pasco, Bristol, Haverhill and Durham/York (ON).

6.2.3 US EPA Information Collection Retrieval (ICR) Programs:

- **Utilities Industry:**

ALS Burlington analyzed samples from 15 sources for three major stack testing firms in the spring of 2010. Stack sample analyses included PCDD/PCDF/PCB congeners via M23, SVOC via 0010/8270D, multi-metals via M29 and VOC via 0031/5041A/8260B.

- **Tile Industry:**

ALS Burlington analyzed samples from 15 sources in the summer of 2010. Stack sample analyses included PCDD/PCDF via M23 and multi-metals via M29.

- **Petroleum Sector:**

ALS Burlington analyzed samples from 8 sources for three major stack testing firms in the summer of 2011. Stack sample analyses included PCDD/PCDF/PCB congeners via M23, SVOC via 0010/8270D, multi-metals via M29 and VOC via modified method 18.

6.2.4 Jacobs/Velsicol Superfund Site:

Since March of 2018 and during thermal soil treatment, ALS Burlington has been monitoring weekly the thermal treatment gaseous influents and effluents for PCB and OC Pesticide emissions using GC/MS and via an ALS custom project designed solid sorbent sampling system.

6.3 Air Toxics - Ambient:

6.3.1 Woods Buffalo Environmental Association (WBEA):

WBEA is collaboration of communities, environmental groups, industry, government and Aboriginal stakeholders that runs a major ambient air monitoring program in the Alberta Athabasca Oil Sands (i.e. Woods Buffalo area in north eastern Alberta). From January 2009 through December of 2014 WBEA contracted ALS for the monitoring of PM_{2.5}/PM₁₀ particulates (gravimetric), anions/cations (IC) and metals (ICPMS) captured on 47mm Teflon filters from 8 ambient air monitoring stations.

6.3.2 Xstrata Copper:

For Xstrata's routine ambient air monitoring program at the Kidd Metallurgical Site, ALS has been contracted to analyze HiVol quartz filters for PM and metals on HiVol filters. [since 2006, renewed annually through 2021]

6.4 General Environmental Testing:

6.4.1 Dow Chemical Company/Ann Arbor Technical Services:

For the 2007 and 2008 seasons, the characterization of the PCDD/F contamination within the Tittabawassee River floodplains downstream of Dow's Midland operations - the rush analysis of approximately 4400 soils/sediments for PCDD/F contamination.

6.4.2 Conservation Ontario/Ontario Ministry of the Environment:

Characterization of trace environmental contaminants in background Ontario river sediments. HRMS analysis of 339 sediments for PCDD/PCDF. PCB congeners, BDPE, PCN, & OC Pesticides [initial contract from 2009-2010; renewed inclusive through 2016].

6.4.3 Da Nang (Viet Nam) Airport Remediation Phase 1 and 2:

The project involved the International remediation effort of the Agent Orange contaminated Da Nang airport site through support from USAID. Terratherm (now Cascade Thermal) was the source of the remediation technology and required rush analysis of process waters, ambient and stack emissions for PCDD/F quantification. Weekly and for approximately 3½ years ending late 2017, approximately 10 samples were shipped for analysis. For Phase 1, data was reported within 1 week of sample receipt in ALS Burlington. For the second half of the project, Phase 2, data was reported to the client within 4-5 working days from the shipment date in Viet Nam.

6.5 Blood & Blood Product Testing:

6.5.1 University of Alberta:

Development of HRMS analyses of a broad range of common pesticides (organophosphorus pesticides, triazines, phenoxy acid herbicides, phenolic metabolites, pyrethroids and carbamates) from human blood serum. Analysis of 31 pooled blood samples for the same broad list of pesticides [April 2007].

6.5.2 Alberta Centre for Toxicology:

ALS Burlington has been contracted for analytical services for a Canadian Health Measurements Survey a comprehensive bio-monitoring study on Canadian population. In the current 2014 to 2016 program, blood serum is being analyzed by ALS for PCDD/PCDF, PCB congeners, BDPE congeners and organochlorine pesticides all via GC/HRMS.

SCOTT PRESTON

Director, Eastern Canada Operations, <1 Year
ALS Waterloo

With over two decades of industry experience in multi-national consulting and analytical testing spaces, Mr. Preston brings a significant level of market knowledge gained through the pursuit and execution of solutions for major clients in multiple sectors. With a focus on strategic business development, Mr. Preston is responsible for business growth, diversification, and expansion within Eastern Canada. As the Director of Eastern Canada Operations, he has accountability for the overall performance of the business, including safety, quality, and service.

PREVIOUS EXPERIENCE

Vice President, National 2018 -2021
AGAT Laboratories, Halifax, NS

Member of executive team responsible for managing services across Canada, including direct responsibility for development of national initiatives to enhance success in the pursuit and execution of client programs.

General Manager, Atlantic Canada 2013 - 2018
AGAT Laboratories, Halifax, NS

Direct accountability for the overall performance of the business including safety, quality, and service, resulting in significant growth and expansion of laboratories and services. Maintained responsibility for a selection of major projects.

Head of Business Operations, Nova Scotia 2010-2013
AMEC Earth and Environmental, Halifax, NS

Managed the day the day operations of the consulting business in Nova Scotia, including services in Geotechnical and Materials Engineering, as well as Environmental Engineering and Sciences.

Site Assessment Lead, 2004-2010
AMEC Earth and Environmental, Goose Bay Labrador

Project Manager, Client Liaison, and Site Assessment Lead for the \$300M Goose Bay Remediation Project.

National Quality Manager

2021 – Present

This position supervises the ALS Canada Environmental Quality Department, and is responsible for leading the development and implementation of a national Quality System compliant with the requirements of ISO/IEC 17025, ALS policies, applicable regulations and recognitions, and meeting specific program requirements of CALA, TNI, U.S. DOD and various U.S. State accreditation agencies.

A primary focus of the department is ensuring the quality of microbiology, biology, chemistry, microscopy, and toxicology test results through method validation, evaluating on-going test method performance, establishing authorized protocols, and auditing for implementation and compliance.

David is also an assessor for the Canadian Association for Laboratory Accreditation (CALA) to assess the conformance of laboratories to ISO/IEC 17025.

Previous Experience

ALS Environmental
Winnipeg, Manitoba

Biology Manager, '20 – '21

Responsibilities: Managed the overall operation of the Biology area which encompasses Limnology, Industrial Hygiene and Microbiology analyses and responsible for the staff compliance to quality and safety.

ALS Environmental
Winnipeg, Manitoba

Quality System Coordinator, '18 – '20

Responsibilities: Responsible for organizing and maintaining the Proficiency Testing program, updating and maintaining documents under the document control and distribution systems, ensuring quality control acceptance criteria was in place for all local tests, and creating and maintaining control charts. Also in charge of maintaining and performing internal audits of test methods as well as tracking, reviewing, and approving method validations and revalidations, and reviewing and monitoring the non-conformances and corrective actions to issues found in the lab. This position also scheduled and organized reports for Management Reviews and maintained records of subcontract lab test qualifications.

ALS Environmental
Winnipeg, Manitoba

Biology Analyst, '13 – '18

Responsibilities: Completed data review and approval, ordering supplies and training new analysts and lab assistants. In the Microbiology area, David was responsible for performing and analyzing *Cryptosporidium* and *Giardia*, *Legionella*, and other bacteriological tests including HPC, Membrane Filtration, and Colilert methods. In the Limnology area, David was responsible for Air and Bulk Asbestos testing, Toxicity tests and Mold sample preparation.

Comments and Notes:

a) Sample Integrity:

The samples were received in good condition at 23.8 degrees C.

b) Sample Preparation

The samples were mixed with sand and spiked with 13C12-labelled extraction standard before toluene extraction via Soxhlet/Dean-Stark. The extract was spiked with 13C12-labelled cleanup standard and prepared for analysis by column chromatography using acidified silica and alumina. The extracts were reduced in volume, and spiked with 13C12-labelled injection standard prior to analysis by GC/HRMS

The method blank (WG2539476-1) consists of sodium sulphate (ALS Lot# 1551) in sand, and was processed in the same manner as the samples, described above.

c) Instrumental Analysis:

All results have been reported on an as-received (wet weight) basis.

Sample calculation of Estimated Maximum Possible Concentration (EMPC) in the case of failure of the ion abundance ratio criterion: When the ion abundance ratio criterion is not met, the situation is described as "Not Detected due to Ratio" (NDR). Such results are flagged on a report as "NJ". NDR results are a calculated EMPC, which is a worst-case concentration calculated by supposing that the ion which is too high is affected by an interference. The NDR calculation adjusts this ion's peak area to a lower extrapolated value based on the theoretical ion abundance ratio and the area of the other ion, and then calculates the EMPC from the extrapolated area added to the "correct" ion's area by performing the calculation for a positive result. See the entry in this data package entitled "Sample Calculation Report - EMPC" for an example of this correction.

For the dichlorobiphenyls, the ion abundance ratios have been compared to the continuing calibration verification (CCV) standard [EPA 1668C-16.3]

There were low levels of selected targets detected in the blank that were within the reference method control limits. Low level sample data may be elevated, as identified on the reports.

The method blank and selected samples received additional laboratory processing and re-analysis in order to fully recover all of the targets.

The recoveries of some or all of the extraction standards are below the method control limit for the laboratory control sample (LCS) and matrix spike duplicate. However, all of the native target recoveries are within limits for the LCS.

For the matrix spike and matrix spike duplicate, the recoveries of the native targets PCB-118 and PCB-105 were above the method control limit. However, the native target levels in the sample exceed the native fortification level. The recovery of PCB-209 is above the method control limit. Reported sample results may be elevated.

The extraction standard recoveries are all within limits for the samples.

The cleanup standard was inadvertently added after the acid silica column instead of prior to the column. This standard is used for diagnostic purposes. Sample data are not expected to be biased as a result.

The results for selected targets have been reported from the analysis of dilute solutions for some samples due to interferences.

For the sample XX, there were some peaks observed at the retention times of PCB congeners where the ion abundance ratio was not within the method control limit for positive identification. However, due to the retention time, peak shape and pattern of targets, it has been treated as due to the PCB congener. [EPA 1668C-16.5]

I certify that this data package is in compliance with the terms and condition of the contract, both technically and for completeness, for other than the conditions detailed above. Release of the data contained in this data package (hardcopy and/or electronic version) has been authorized by the Laboratory Manager or his designee, as verified by the following signature.

COMMENTS: PCB Congeners by EPA 1668C

PCB Congener Group Totals and Total PCB are a sum of detected values, including EMPC values, consistent with USEPA CLP SOW CBC1.2

All results have been reported on an as-received (wet weight) basis.

The recoveries of some or all of the extraction standards are below the method control limit for the laboratory control sample (LCS) and matrix spike duplicate. However, all of the native target recoveries are within limits for the LCS.

For the matrix spike and matrix spike duplicate, the recoveries of the native targets PCB-118 and PCB-105 were above the method control limit. However, the native target levels in the sample exceed the native fortification level. The recovery of PCB-209 is above the method control limit. Reported sample results may be elevated.

The extraction standard recoveries are all within limits for the samples.

The cleanup standard was inadvertently added after the acid silica column instead of prior to the column. This standard is used for diagnostic purpose. Sample data are not expected to be biased as a result.

The method blank and selected samples received additional laboratory processing and re-analysis in order to fully recover all of the targets.

The results for selected targets have been reported from the analysis of dilute solutions for some samples due to interferences.

Steve Kennedy
Technical Supervisor

Results in this certificate relate only to the samples as submitted to the laboratory.

Sample Analysis Report

Sample Name		Sampling Date	27-Apr-17		
ALS Sample ID	L1931034-1	Extraction Date	19-Jun-17		
Analysis Method	EPA 1668C	Sample Size	4.8	g	Approved: E. Sabljic
Analysis Type	Sample	Percent Moisture	5.6%		--e-signature--
Sample Matrix		Split Ratio	1		28-Jun-2017

Run Information	Run 1	Run 2
Filename	5-170626A12	5-170627A05
Run Date	26-Jun-17 20:25	27-Jun-17 15:03
Final Volume	25 ul	25 uL
Dilution Factor	1	10
Analysis Units	pg/g	pg/g
Instrument - Column	HRMS5 SPBOCTYL60164-03B	HRMS5 SPBOCTYL60164-03B

[illegible]

EDL	Indicates the Estimated Detection Limit, based on the measured background noise for this target in this sample.
TEF	Indicates the Toxic Equivalency Factor
TEQ	Indicates the Toxic Equivalency
LQL	Lower Quantification Limit, based on the lowest calibration level corrected for sample size, splits and dilutions.
M	Indicates that a peak has been manually integrated.
UJ	Indicates that this compound was not detected above the EDL.
J	Indicates that the analyte was positively identified. The associated numerical result is an estimate.
NJ	Indicates that the ion abundance ratio for this analyte did not meet the control limit. The reported value represents an estimated concentration.
B	Indicates that this target was detected in the blank at greater than 10% of the sample concentration.
EMPC	Estimated Maximum Possible Concentration – elevated detection limit due to interference or positive id criterion failure

Toxic Equivalency - (WHO 2005)														
Lower Bound PCB TEQ				0.184										
Mid Point PCB TEQ				0.241										
Upper Bound PCB TEQ				0.241										
EDL		Indicates the Estimated Detection Limit, based on the measured background noise for this target in this sample.												
TEF		Indicates the Toxic Equivalency Factor				TEQ		Indicates the Toxic Equivalency						
LQL		Lower Quantification Limit, based on the lowest calibration level corrected for sample size, splits and dilutions.												
M		Indicates that a peak has been manually integrated.												
UJ		Indicates that this compound was not detected above the EDL.												
J		indicates that the analyte was positively identified. The associated numerical result is an estimate.												
NJ		Indicates that the ion abundance ratio for this analyte did not meet the control limit. The reported value represents an estimated concentration.												
B		Indicates that this target was detected in the blank at greater than 10% of the sample concentration.												
EMPC		Estimated Maximum Possible Concentration – elevated detection limit due to interference or positive id criterion failure

Toxic Equivalency - (WHO 2005)

Lower Bound PCB TEQ	0.0305
Mid Point PCB TEQ	0.258
Upper Bound PCB TEQ	0.283

EDL	Indicates the Estimated Detection Limit, based on the measured background noise for this target in this sample.
TEF	Indicates the Toxic Equivalency Factor
TEQ	Indicates the Toxic Equivalency
LQL	Lower Quantification Limit, based on the lowest calibration level corrected for sample size, splits and dilutions.
M	Indicates that a peak has been manually integrated.
UJ	Indicates that this compound was not detected above the EDL.
J	Indicates that the analyte was positively identified. The associated numerical result is an estimate.
NJ	Indicates that the ion abundance ratio for this analyte did not meet the control limit. The reported value represents an estimated concentration.
B	Indicates that this target was detected in the blank at greater than 10% of the sample concentration.
EMPC	Estimated Maximum Possible Concentration – elevated detection limit due to interference or positive id criterion failure

Toxic Equivalency - (WHO 2005)														
Lower Bound PCB TEQ				0.0322										
Mid Point PCB TEQ				0.436										
Upper Bound PCB TEQ				0.436										
EDL		Indicates the Estimated Detection Limit, based on the measured background noise for this target in this sample.												
TEF		Indicates the Toxic Equivalency Factor												
LQL		Lower Quantification Limit, based on the lowest calibration level corrected for sample size, splits and dilutions.												
M		Indicates that a peak has been manually integrated.												
UJ		Indicates that this compound was not detected above the EDL.												
J		indicates that the analyte was positively identified. The associated numerical result is an estimate.												
NJ		Indicates that the ion abundance ratio for this analyte did not meet the control limit. The reported value represents an estimated concentration.												
B		Indicates that this target was detected in the blank at greater than 10% of the sample concentration.												
EMPC		Estimated Maximum Possible Concentration – elevated detection limit due to interference or positive id criterion failure

Run Information	Run 1	Run 2
Filename	5-170622B11	5-170624A06
Run Date	23-Jun-17 01:03	24-Jun-17 05:52
Final Volume	25 uL	25 uL
Dilution Factor	1	10
Analysis Units	pg/g	pg/g
Instrument - Column	HRMS5 SPBIOCTYL60164-03B	HRMS5 SPBIOCTYL60164-03B

[illegible]

EDL	Indicates the Estimated Detection Limit, based on the measured background noise for this target in this sample.
TEF	Indicates the Toxic Equivalency Factor
TEQ	Indicates the Toxic Equivalency
LQL	Lower Quantification Limit, based on the lowest calibration level corrected for sample size, splits and dilutions.
M	Indicates that a peak has been manually integrated.
UJ	Indicates that this compound was not detected above the EDL.
J	Indicates that the analyte was positively identified. The associated numerical result is an estimate.
NJ	Indicates that the ion abundance ratio for this analyte did not meet the control limit. The reported value represents an estimated concentration.
B	Indicates that this target was detected in the blank at greater than 10% of the sample concentration.
EMPC	Estimated Maximum Possible Concentration – elevated detection limit due to interference or positive id criterion failure

Upper Bound PCB TEQ			0.146									
EDL		Indicates the Estimated Detection Limit, based on the measured background noise for this target in this sample.										
TEF		Indicates the Toxic Equivalency Factor										
LQL		Lower Quantification Limit, based on the lowest calibration level corrected for sample size, splits and dilutions.										
M		Indicates that a peak has been manually integrated.										
UJ		Indicates that this compound was not detected above the EDL.										
J		indicates that the analyte was positively identified. The associated numerical result is an estimate.										
NJ		Indicates that the ion abundance ratio for this analyte did not meet the control limit. The reported value represents an estimated concentration.										
B		Indicates that this target was detected in the blank at greater than 10% of the sample concentration.										
EMPC		Estimated Maximum Possible Concentration – elevated detection limit due to interference or positive id criterion failure										

SVOC DATA PACKAGE

SECTION 3: METHOD SUMMARY

PCB METHOD SUMMARY
Method 1668

Introduction:

This summary is to provide ALSE Burlington PCB method details in order to provide persons reviewing or validating this data package sufficient information to re-construct the sample calculation, data verification and review. It incorporates the analysis of PCBs via the following reference methods

US EPA Office of Water, Method 1668A
US EPA Office of Water, Method 1668C

Any deviations to what is listed herein would be listed in the project narrative

To avoid the confusion and conflicting nomenclature within the methods, we have defined the labeled standards in terms relating to the time of addition to the sample or extract. Therefore;

The Field or Sampling Standards are added prior to field sampling
The Extraction Standards are added prior to extraction
The Clean-up Standards are added prior to extract clean-up
The Injection Standards are added prior to extract injection.

Calibration Standard Levels:

Six levels of standard are available for calibration as listed in Table 1. The low point (the CS0) is below method requirements and therefore is optional

Table 1. Concentration of CB congeners in calibration and calibration verification standards

Method Control Limits for 1668A

The initial and continuing calibration control limits for both methods are presented in Table 2 below. For the initial calibration CS1 and for each calibration verification CS3, the signal to noise ratio for each quantification ion for labelled and non-labelled analytes must be greater than or equal to 10:1

1. QC acceptance criteria for IPR, OPR, and samples based on a 20-µL extract final volume

2. Suffix "L" indicates labeled compound.

3. CBs 156/157 and 156L/157L are tested as the sum of the two congeners

Reporting Limits:

Unless indicated in the otherwise, the PCB results are reported down to 2.5:1 signal to noise for each isomer grouping for each extract injection. This is consistent to SW846 8290 defined protocols (i.e. EDL or Estimated Detection Limit) and is commonly applied throughout the industry to any or all the HRMS performance based methods applicable to this method summary.

Method Blank:

The Method Blank must be below the EMLs published in the required method, 1668A or 1668C.

MS/MSD:

The % relative difference between the MS and MSD spike recoveries should be less than or equal to 20%.

Instrument/Run Performance Criteria:

- 1 Elution windows must be defined by a 'Window Performance Mix' at the beginning of each 12-hour run sequence
- 2 GC performance criteria of 40% maximum valley between PCB-34/PCB-23, and PCB-187/PCB-182 (Octyl Column).
- 3 At the beginning of and just following the end of each 12 hour run sequence, the instrument must be checked to demonstrate a resolution of 10,000 within each quantification window (8,000 minimum across the window).
- 4 The relative retention times (RRT) of the compounds in the daily 209 congener mix must fall into the ranges presented in Table 4.
- 5 The RT in the daily CS3 verification standards must be within 15 seconds of the CS3 in the initial calibration run.
- 6 The maximum time between scans within a descriptor is 1 second.
- 7 Lock mass deviations to the average response must be less than or equal 20%.

Laboratory Duplicates:

The % relative difference between duplicates should be less than or equal to 25% but only where the response is greater than the low calibration standard.

Analyte Identification Criteria:

- 1 Ion ratio must be within 15% of theoretical or within 10% of the most recent CS3.
- 2 The retention time (RT) of the peak maxima for each pair of quantification ions must be no more than 2 seconds (i.e. 2 scans) difference.
- 3 The retention time (RT) of the peak maxima of all native analytes for which a labeled analogue is used must be within -1 to +3 seconds of the RT of corresponding ¹³C₁₂-labelled isomer of that injection run.
- 4 For those native analytes without a corresponding labelled isomer, the relative retention time (RRT) must be within 0.005 of the relative retention time observed in the daily 209 congener run.

DEVIATIONS AND CLARIFICATIONS FROM THE PRIMARY REFERENCES

The reference methods applicable to this document are:

US EPA Office of Water, Method 1668A

US EPA Office of Water, Method 1668C

These methods are referred-to herein as Method 1668

The following changes and clarifications apply:

1) As stated in method 1668, alternate columns and column systems are allowable changes to the method. In the context of the method, it is clear that Table 2 of this method (including retention times, relative retention times, and quantitation references) is specific to the Octyl GC column if used exactly as suggested in the method.

As a performance based method, changes in the internal standard references could be considered an improvement even when using the SPB-Octyl column. However when using an alternate column system (which may or may not include use of the Octyl column), optimization of the quantitation references can be an important part of optimizing the method. Consider that the MS acquisition method must be divided into mass descriptors or 'functions', each one defining the masses that are monitored during that time range. When monitoring for all 209 PCB congeners, there are large chromatographic regions where elution of target compounds is nearly continuous with little separation between peaks. In addition, there is a slight acquisition "gap" that occurs at each function change (for Water's instruments 1-2 seconds, for Thermo instruments 6-8 seconds), and also the likelihood of slight retention time shifts from one run to another. Consequently, choosing the exact location of each function boundary can be challenging. For a 1668 method, there are typically between 5 and 8 functions dependent upon the column, the GC conditions, the instrument and the choice of the function boundaries by the laboratory. Each function can have 1 to as many as 4 chlorination levels. When optimizing the quantification model in the case where RT and elution patterns have changed – even slightly - the best choice of internal standard references can and should change dependent upon target retention times and placement of function boundaries. For example, the best quantification is achieved using an internal standard reference that elutes at close to the same retention time. Another consideration is that it is best practice where possible (i.e. generally allows for more accurate target determinations) to have the internal standard reference within the same function rather than quantify a target relative to an internal standard from an outside function.

The quantification references used in this analysis are detailed in Table 3.

2) The absolute retention time criterion for decachlorobiphenyl of 55 minutes is not generally followed and is an unnecessary restriction since method 1668 was developed without the use of electronic pressure control on the GC injection system, and there are GC performance criteria that can be met without this restriction. As a result, the RRT criteria of 1668 may not be applicable.

3) Although not clearly stated in method 1668, we maintain that each and every individual clean-up procedure is, by definition, performance-based and optional. There is not an expectation within the industry to follow exactly the descriptions of clean-ups in reference methods. Adaptations which meet or exceed the required performance criteria are therefore acceptable within the scope of each reference method. The reference method descriptions are intended as guidelines or templates available to help the laboratory to define effective in-house clean-up methods. The objective within the laboratory is to provide quality clean extracts to the instrument for analysis. Each individual clean-up is part of the laboratory's available tools in order to achieve this objective.

4) There are differences within the individual reference methods as to the precise spiking protocols for adding extraction standards and native spikes (for LCS, MS and MSD). To ensure consistency within the laboratory between HRMS methods, the PCB preparative method requires solid samples (including stack and ambient sorbants/filters) to be spiked in the soxhlet extractor from a nonane solution and waters are spiked before filtering from an acetone solution.

5) Sub-sampling of solids and pre-extraction processing is done in a manner that minimizes potential for cross-contamination. These processes are designed around SW846 protocols rather than 1668 protocols. Solids are sub-sampled directly from the bottle as submitted to the laboratory wherever practical. If the sample is submitted such that homogenization in the bottle is impractical (eg. the bottle is too full or lumps cannot be broken down), then transferring the sample to a tray or another bottle maybe in order.

6) The concentration of labelled and native spiking solutions are not consistent with those listed in all of the reference methods. These concentrations are prepared at levels convenient and expedient for accurate laboratory processing.

7) Extraction and injection standard concentrations differ from 1668, in order to aid precise measurement and standardise volumes with other reference methods such as PCDD/F by 1613B.

8) Method 1668C recognizes the option to use the 209 congener mix as the daily calibration verification solution rather than the CS3. This document acknowledges and allows either calibration option for both 1668A and 1668C analytical approaches.

9) For method 1668C analysis, the OPR labelled recovery limits are the same as for the sample recovery limits in method 1668C. This represents a broader acceptance range for the OPR than is currently listed in method 1668C. However, the control of the native (i.e. non-labelled) recovery limits is the key item to demonstrate/monitor in the OPR. Furthermore, in the OPR performance, it is important to demonstrate these native controls are maintained within the same range of labelled recoveries as is observed in the sample data.

1. Number of chlorines on congener.

2. Suffix "L" indicates labelled compound.

3. Multiple congeners in a box indicates a group of congeners that co-elute or may not be adequately resolved on a 30-m SPBOctyl column. Congeners included in the group are listed as the last entry in the box.

4. Retention time reference that is used to locate target congener.

5. Labelled congeners that form the quantitation reference. Areas from the exact m/z's of the congeners listed in the quantitation

Data Calculations:

a) Analyte Concentrations:

The relative response factor of each target relative to the standard against which it is to be calculated is determined using the area responses of both quantification ions via equation 9.1.

In cases where a native target is calculated against an exact labelled analogue, the quantification will be considered to be by isotope dilution. In other cases, the quantification will be considered to be by internal standard.

$$\text{RRF} = \frac{(A1_t + A2_t) C_s}{(A1_s + A2_s) C_t} \quad \text{Equ. 9.1}$$

Where,

$A1_t + A2_t$ = The areas of the two quantification ions for the target analyte

$A1_s + A2_s$ = The areas of the two quantification ions for the labelled compound against which the target analyte will be calculated.

C_t = The concentration in the calibration standard of the target analyte.

C_s = The concentration in the calibration standard of the labelled compound against which the target will be calculated.

For all analytes to be quantified and from the initial calibration series of standard injections, a table of RRFs is prepared. The relative standard deviation (%RSD, or the coefficient of variance) is checked to confirm that the appropriate method criteria has been met as listed in Table 3. The average of the five or six levels of standard for each analyte, RRF_{av} is applied for quantification of samples according to Equations 9.2 and 9.3 below.

$$\text{Amount in sample (pg)} = \frac{(A1_n + A2_n) Q_i}{(A1_i + A2_i) (\text{RRF}_{av})} \quad \text{Equ. 9.2}$$

$$\text{Concentration in sample (pg/g or pg/l)} = \frac{(A1_n + A2_n) Q_i}{(A1_i + A2_i) (\text{RRF}_{av}) (W_s)} \quad \text{Equ. 9.3}$$

Where,

Q_i = The amount (pg) of labelled compound added to the sample

W_s = The weight (g) or volume (l) of sample

b) Extraction, Clean-up, and Sampling Standard Recovery Calculation:

The extraction, clean-up, and sampling standard recoveries are determined by Equation 9.4 below.

$$\% \text{ Recovery} = (\text{Amount in sample}) / (\text{Amount added to sample}) \times 100 \quad \text{Equ. 9.4}$$

c) Estimated Detection Limit

$$\text{EDL} = \frac{2.5 \times H_x \times Q_{es}}{H_{es} \times W \times \text{RRF}_{av}} \quad \text{Equ. 9.5}$$

Where,

EDL = estimated detection limit for homologous PCB

H_x = sum of the height of the noise level for each quantification ions for the unlabelled PCB.

H_{es} = Sum of the heights of responses of both quantification ions for the labelled extraction standard.

W = weight of volume of sample

RRF_{av} = average relative response factor

Q_{es} = Amount of extraction standard added

Chromatogram Annotation Codes

All manually integrated peaks are expanded and reprinted with the following annotations:

* Analyst Initials	AA
* Date	YYMMDD
* integration code	CC

The Syntax is:

Example:

AAYYMMDDCC

SK111220MB

Code	Mnemonic	Description
MB	Manual Baseline	The peak was manually integrated because the initial baseline was determined incorrectly by the software
MS	Manual Split	The peak was manually integrated because the peak was incorrectly or not split by the software
MJ/MC	Manual Join/Manual Combine	The peak was manually integrated because the peak was split by the software and the peak should be integrated as a single peak
MA	Manual Add	The peak was manually integrated because the signal:noise ratio was judged to be >2.5
MD	Manual Delete	The peak was excluded because the signal:noise ratio was judged to be <2.5
MX	Manual Exclude	The peak was excluded due to an interference
NH	Noise Height	The noise height for Estimated Detection Limit calculation was chosen by the analyst (automated noise height not appropriate)
MT	Manual Time	The peak retention time was manually chosen

The following explanatory annotation codes may appear on the chromatograms of peaks that have been reviewed:

Code	Mnemonic	Description
+	Detected Peak	A peak was detected at this mass and retention time that was above 2.5:1 signal to noise
<	Below Detection Limit	The signal at this mass and retention time was below 2.5:1 signal to noise
EMPC	Estimated Maximum Possible Concentration	The signal at this mass and retention time is an interference such that the target compound could not be confirmed
X-RT	Not Detected due to Retention Time non-conformance	The signal at this retention time could not be used to positively identify the target compound because of retention time non-conformance (apex of quantification and confirmation ions do not maximize within the same two seconds, or the retention time of the peak does not fall within the expected range with respect to its labeled analogue)
X-LOC	Not Detected due to interference from a higher level of chlorination	The signal at this retention time is attributable to a fragment from a co-eluting compound at a higher level of chlorination, and cannot be used to positively identify the target. The result is expressed as an Estimated Maximum Possible Concentration (EMPC)
X-DPE	Not Detected due to diphenyl ether interference	The signal at this retention time is attributable to interference from a chlorinated diphenyl ether, and cannot be used to positively identify the target. The result is expressed as an Estimated Maximum Possible Concentration (EMPC)
X-IF	Not Detected due to interference	The signal at this retention time is attributable to a co-eluting interference, and cannot be used to positively identify the target. The result is expressed as an Estimated Maximum Possible Concentration (EMPC)

NJ Indicates that the ion abundance ratio for this analyte did not meet the control limit. The reported value represents an estimated concentration.

SVOC DATA PACKAGE

SECTION 5: QC SAMPLE DATA

Including:

- Laboratory Method Blank Analysis Reports
- Laboratory Control Sample Analysis Reports
- Matrix Spike Analysis Reports
- Other QC Sample Analysis Reports (where applicable)

Mid Point PCB TEQ				0.00375					
Upper Bound PCB TEQ				0.00737					
EDL		Indicates the Estimated Detection Limit, based on the measured background noise for this target in this sample.							
TEF		Indicates the Toxic Equivalency Factor							
LQL		Lower Quantification Limit, based on the lowest calibration level corrected for sample size, splits and dilutions.							
M		Indicates that a peak has been manually integrated.							
UJ		Indicates that this compound was not detected above the EDL.							
J		indicates that the analyte was positively identified. The associated numerical result is an estimate.							
NJ		Indicates that the ion abundance ratio for this analyte did not meet the control limit. The reported value represents an estimated concentration.							
EMPC		Estimated Maximum Possible Concentration – elevated detection limit due to interference or positive id criterion failure

Sample Calculation Report

CS3 RRF Check

Approved:

E. Sabljic
--e-signature--
28-Jun-2017

$$\text{RRF} = \frac{\text{Response of PCB-118}}{\text{Response of 13C12-PCB-118}} \times \frac{\text{Concentration of 13C12-PCB-118}}{\text{Concentration of PCB-118}}$$

Calculated
Value

Value from
TargetLynx

$$\text{RRF} = \frac{595644.30}{857943.90} \times \frac{100}{50} = 1.39 \quad 1.39$$

Calculation of PCB-118 amount in WG2539476-4

$$\text{pg/g} = \frac{\text{Response of PCB-118}}{\text{Response of 13C12-PCB-118}} \times \frac{\text{pg of 13C12-PCB-118 spiked}}{\text{Mean RRF} \times \text{Sample Size}}$$

$$\text{pg/g} = \frac{2775405}{1429742.5} \times \frac{2000}{1.24 \times 4.78} = 653 \quad 653$$

Calculation of 13C12-PCB-118 Recovery in WG2539476-4

$$\% \text{ Recovery} = \frac{\text{Response of 13C12-PCB-118}}{\text{Response of 13C12-PCB-101}} \times \frac{\text{pg of 13C12-PCB-101 spiked} \times 100}{\text{Mean RRF} \times \text{pg 13C12-PCB-118 Spiked}}$$

$$\% \text{ Recovery} = \frac{1429742.5}{1999169.9} \times \frac{2000 \times 100}{0.93 \times 2000} = 77 \quad 77 \%$$

Sample Calculation Report - EMPC

Approved: *S. Kennedy*
--e-signature--
30-Jun-2017

Instrument Output Tab:

**CSH-1-2-1 BIOCLARK'S FRY 2.0MM FISH
FEED - PELLETS**

Target Analyte:

*** PCB-1**

Calculation of EMPC for * PCB-1 in CSH-1-2-1 BIOCLARK'S FRY 2.0MM FISH FEED - PELLETS

Raf= Ratio Found = 3.73
 Rat = Ratio Theoretical = 3.13
 N1 = Area of Native Ion 1 = 2285.1
 N2 = Area of Native Ion 2 = 612.6
 ES = Extraction Internal Std Area (sum) = 1056342.2
 ESspk = Amount of ES Spiked = 2000 pg ES level 1
 Sample Size = 4.8 4.8
 RRFav = Average RRF of Native vs. ES = 0.874

A. In the case where the ion ratio is too high:

Assume Ion 1 is elevated by an interference:

$$\frac{N1_{corr}}{N2} = Rat$$

$$N1_{corr} = Rat * N2$$

$$= 3.13 * 612.6 = 1917.438$$

Where N1corr is the area of Native Ion 1 extrapolated from Native Area 2 and the Theoretical Ion Ratio

$$EMPC (pg/4.8) = \frac{N1_{corr} + N2}{ES} \times \frac{ESspk}{RRFav} \times \frac{1}{Size (4.8)}$$

$$= \frac{1917.438 + 612.6}{1056342.2} \times \frac{2000}{0.874} \times \frac{1}{4.8}$$

$$= 1.142$$

A. In the case where the ion ratio is too low:

Assume Ion 2 is elevated by an interference:

$$\frac{N1}{N2_{corr}} = Rat$$

$$N2_{corr} = \frac{N1}{Rat}$$

$$= (2285.1/3.13) = N/A$$

Where N2corr is the area of Native Ion 2 extrapolated from Native Area 1 and the Theoretical Ion Ratio

$$EMPC (pg/4.8) = \frac{N1 + N2_{corr}}{ES} \times \frac{ESspk}{RRFav} \times \frac{1}{Size (4.8)}$$

$$= \frac{2285.1 + N/A}{1056342.2} \times \frac{2000}{0.874} \times \frac{1}{4.8}$$

$$= N/A$$

Laboratory Accreditation Inc.

CALA Directory of Laboratories

Membership Number: 3508

Laboratory Name: ALS Environmental (Burlington)

Parent Institution: ALS Canada Ltd.

Address: 1435 Norjohn Court, Unit 1 Burlington ON L7L 0E6

Contact: Cameron McIntosh

Phone: (905) 331-3111

Fax: (905) 331-4567

Email: quality.burlington@alsglobal.com; David.Gurdibaniuk@alsglobal.com

Standard: Conforms with requirements of ISO/IEC 17025:2017

Clients Served:

Revised On: September 8, 2021

Valid To: June 21, 2023

Scope of Accreditation

Air (Inorganic)

Anions and Cations - Air [Stack Emission] (016)

BU-TM-1005; modified from CTM-027 and EPA 0050 and EPA 0051 and EPA 26 and EPA 26A and EPA 6 and EPA 7A and EPA 7D and EPA 8 and EPA 9056 and EPA 9057

ION CHROMATOGRAPHY (IC)

Ammonia (NH₃)

Bromine (Br₂)

Chlorine

Hydrogen Bromide (HBr)

Hydrogen Chloride (HCl)

Hydrogen Fluoride (HF)

NO_x

SO_x

Air (Inorganic)

Mercury - Air (004)

BU-TM-1001, BU-TP-2001; modified from ASTM D6784-02 and EPA 0060 and EPA 101A and EPA 29 and EPA 7470

COLD VAPOUR ATOMIC ABSORPTION (CVAA)

Mercury

† "OSDWA" indicates the appendix is used for the analysis of Ontario drinking water samples, which is subject to the rules and related regulations under the Ontario "Safe Drinking Water Act" (2002).

The list of tests and measurement capabilities for which a laboratory is accredited can change at any time due to circumstances such as scope extensions, voluntary withdrawal of tests by the laboratory and suspension. Scopes are published by the CALA via the Internet at http://www.cala.ca/cala_directories.html

Air (Inorganic)

Metals - Air (005)

BU-TM-1010, BU-TP-2001; modified from EPA 0060 and EPA 29 and EPA 6020

9237 - 2,3',4',6-Tetrachlorobiphenyl (BZ-71)	EPA 1668C	10262109	NELAP	LA

ALS Environmental Burlington - CANADA

Effective Date: July 1, 2022

Certificate Number: 85064

AI Number: 199920

Activity No.: ACC20220002

Expiration Date: June 30, 2023

Clients and Customers are urged to verify the laboratory's current certification status with the Louisiana Environmental Laboratory Accreditation Program.

Cameron McIntosh
ALS Environmental - Burlington
1435 Norjohn Court, Unit 1
Burlington, ON L7L 0E6

Dear Cameron McIntosh:

Thank you for your submission to re-instate accreditation for the below parameters in recognition of your Canadian Association for Laboratory Accreditation. Attached is a current Scope of Accreditation reflecting the updated accreditation.

- 2,2',3,3',4,4'-Hexabromodiphenylether (BDE-128) by EPA 1614A_2010 in Non-Potable Water and Solid and Chemical Materials
- 2,3,3',4,4'-Pentabromodiphenylether (BDE-105) by EPA 1614A_2010 in Non-Potable Water and Solid and Chemical Materials
- 3,3',4,5'-Tetrabromodiphenylether (BDE-79) by EPA 1614A_2010 in Non-Potable Water and Solid and Chemical Materials
- 1,2,3,4-Tetrachlorobenzene by EPA 1699_2007 in Solid and Chemical Materials
- 1,2,4,5-Tetrachlorobenzene by EPA 1699_2007 in Solid and Chemical Materials
- Hexachlorobenzene by EPA 1699_2007 in Solid and Chemical Materials
- Octachlorostyrene by EPA 1699_2007 in Solid and Chemical Materials
- Oxychlordan by EPA 1699_2007 in Solid and Chemical Materials
- Parlar-26 by EPA 1699_2007 in Solid and Chemical Materials
- Parlar-50 by EPA 1699_2007 in Solid and Chemical Materials
- Parlar-62 by EPA 1699_2007 in Solid and Chemical Materials
- Pentachlorobenzene by EPA 1699_2007 in Solid and Chemical Materials

Renewal of accreditation is based in part on review of your lab's performance over the past year as evidenced by participation in proficiency testing (PT) studies. In general, full accreditation is awarded for those parameters for which the two most recent PT results, if applicable, were rated satisfactory. Provisional accreditation is awarded if the latest of the two most recent PT results was rated "Not Acceptable" or only one PT result was submitted during the past twelve months. Accreditation is withheld for those parameters for which the two most recent PT results were rated "Not Acceptable" or no PT results were submitted during the past twelve-months.

As a reminder, continued participation in the Ecology Lab Accreditation Program requires the lab to:

- Submit a renewal application and fees annually
- Report significant changes in facility, personnel, analytical methods, equipment, the lab's quality assurance (QA) manual or QA procedures as they occur
- **Participate in proficiency testing studies semi-annually, with the following exception: For each parameter where all PT results were satisfactory, you are required to submit only one PT result over this next year, and in subsequent years, as long as the results are satisfactory.**
- Submit copies of current third-party Scopes of Accreditation when they are available.

If you have any questions concerning the accreditation of your lab, please contact Ryan Zboralski at (360) 871-8845, fax (360) 871-8849, or by e-mail at ryan.zboralski@ecy.wa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Rebecca Wood", with a stylized flourish at the end.

Rebecca Wood
Lab Accreditation Unit Supervisor

WASHINGTON STATE DEPARTMENT OF ECOLOGY

ENVIRONMENTAL LABORATORY ACCREDITATION PROGRAM

SCOPE OF ACCREDITATION

ALS Environmental - Burlington

Burlington, ON

is accredited for the analytes listed below using the methods indicated. Full accreditation is granted unless stated otherwise in a note. EPA is the U.S. Environmental Protection Agency. SM is "Standard Methods for the Examination of Water and Wastewater." SM refers to EPA approved method versions. ASTM is the American Society for Testing and Materials. USGS is the U.S. Geological Survey. AOAC is the Association of Official Analytical Chemists. Other references are described in notes.

Canadian Association for Laboratory Accreditation Inc.

Certificate of Accreditation

ALS Environmental (Burlington)
ALS Canada Ltd.
1435 Norjohn Court, Unit 1
Burlington, Ontario

This laboratory is accredited in accordance with the recognized International Standard ISO/IEC 17025:2017.

This accreditation demonstrates technical competence for a defined scope and the operation of a laboratory quality management system (refer to joint ISO-ILAC-IAF Communiqué dated April 2017).

Accreditation No.: A3508

Issued On: December 21, 2020

Accreditation Date: April 10, 2012

Expiry Date: June 21, 2023

Stephen M. Davies
President & CEO

This certificate is the property of the Canadian Association for Laboratory Accreditation Inc. and must be returned on request. Reproduction must follow policy in place at date of issue. For the specific tests to which this accreditation applies, please refer to the laboratory's scope of accreditation at www.cala.ca

Burlington, Canada L7L 0E6

Agency Interest No. 199920

Activity No. ACC20220002

According to the Louisiana Administrative Code, Title 33, Part I, Subpart 3, LABORATORY ACCREDITATION, the State of Louisiana formally recognizes that this laboratory is technically competent to perform the environmental analyses listed on the scope of accreditation detailed in the attachment.

The laboratory agrees to perform all analyses listed on this scope of accreditation according to the Part I, Subpart 3 requirements and agrees to adapt to any changes in the requirements. It also acknowledges that continued accreditation is dependent on successful ongoing compliance with the applicable requirements of Part I and the 2009 TNI Standard by which the laboratory was assessed. Please contact the Department of Environmental Quality, Louisiana Environmental Laboratory Accreditation Program (LELAP) to verify the laboratory's scope of accreditation and accreditation status.

Accreditation by the State of Louisiana is not an endorsement or a guarantee of validity of the data generated by the laboratory. Accreditation of the environmental laboratory does not imply that a product, process, system, or person is approved by LELAP. To be accredited initially and maintain accreditation, the laboratory agrees to participate in two single-blind, single-concentration PT studies, where available, per year for each field of testing for which it seeks accreditation or maintains accreditation as required in LAC 33:1.4711.

The State of
Department

Washington
of Ecology

ALS Environmental - Burlington
Burlington, ON

has complied with provisions set forth in Chapter 173-50 WAC and is hereby recognized by the Department of Ecology as an ACCREDITED LABORATORY for the analytical parameters listed on the accompanying Scope of Accreditation.

This certificate is effective December 28, 2021 and shall expire December 27, 2022.

Witnessed under my hand on January 04, 2022.

PERRY JOHNSON LABORATORY ACCREDITATION, INC.

Certificate of Accreditation

Perry Johnson Laboratory Accreditation, Inc. has assessed the Laboratory of:

ALS Canada LTD
1435 Norjohn Court Unit 1, Burlington, Ontario L7L 0E6

(Hereinafter called the Organization) and hereby declares that Organization has met the requirements of ISO/IEC 17025:2017 General Requirements for the competence of Testing and Calibration Laboratories and U.S. Department of Energy (DOE) Consolidated Audit Program (DOECAP) requirements identified within the DoD/DOE Quality Systems Manual (DoD/DOE QSM) Version 5.3 May 2019 and is accredited in accordance with the:

United States Department of Defense Environmental Laboratory Accreditation Program (DoD-ELAP)

This accreditation demonstrates technical competence for the defined scope:
Environmental Testing
(As detailed in the supplement)

Accreditation claims for such testing and/or calibration services shall only be made from addresses referenced within this certificate. This Accreditation is granted subject to the system rules governing the Accreditation referred to above, and the Organization hereby covenants with the Accreditation body's duty to observe and comply with the said rules.

Agenda Item Name	4320-CONTRACT AWARD TO CORROSION COMPANIES FOR BATCH TANK		

Agenda Wording

Consent to award Corrosion Companies hypochloride tank repairs and modifications. Total for the two estimates is \$72,859.00. Term of agreement is October 1, 2022 and ends on December 31, 2022.

Summary (Background)

RPWRF's hypochloride tanks, used to store disinfection chemicals, were installed nearly 20 years ago and are in need of maintenance. There are three tanks. Tank #3 that was leaking has been previously repaired by Corrosion Companies in 2021. Tank #2 is now leaking and needs repair and recoating. Corrosion Companies is the lowest responsible bidder for this repair and rehabilitation work.

Continuation of Wording, Summary, Budget, and Distribution

Agenda Wording

Summary (Background)

Also, the Next Level of Treatment (NLT) batch tanks - chemical tanks used to mix, store, and recycle the cleaning chemicals used to maintain the membranes - need some interior piping to be modified to provide better functionality to that system. The contract for these modifications were bid separately, and again Corrosion Companies provided the lowest responsible bid. While they are separate projects, and the individual projects will each be under \$50,000, the materials, skills, and craftsmanship are similar enough that the two contracts will be combined into a single contract that will exceed \$50,000.

Operations Impacts

What impacts would the proposal have on historically excluded communities?

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

How will data be collected regarding the effectiveness of this program, policy or product to ensure it is the right solution?

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

City of Spokane

PUBLIC WORKS AGREEMENT

**Title: MODIFICATION AND REPAIR OF
ABOVE GROUND HYDRO (BLEACH) TANKS**

This Agreement is made and entered into by and between the **CITY OF SPOKANE** as ("City"), a Washington municipal corporation, and **CORROSION COMPANIES**, whose address is P.O. Box 1199, Washougal, Washington, 98671 as ("Contractor"), individually hereafter referenced as a "party", and together as the "parties".

WHEREAS, the purpose of this Contract is to perform a Modification and Repair of Above Ground Hydro (Bleach) Tanks; and

WHEREAS, the Contractor has been selected through the MRSC Small Works Roster.

NOW, THEREFORE, in consideration of the terms, conditions, covenants and performance of the Scope of Work contained herein, the City and Contractor mutually agree as follows:

1. TERM OF AGREEMENT.

This Contract shall begin on October 1, 2022 and shall end on December 31, 2022, unless amended by written agreement or terminated earlier under the provisions.

2. SCOPE OF WORK.

The Contractor's General Scope of Work for this Contract is described in the Company's Estimate Nos. 22-F77 and 22-F99, attached as Exhibit C, and made a part of this Agreement. In the event of a conflict or discrepancy in the Agreement documents, this City Public Works Agreement controls.

The Work is subject to City review and approval. The Contractor shall confer with the City periodically and prepare and present information and materials (e.g. detailed outline of completed Work) requested by the City to determine the adequacy of the Work or Contractor's progress.

3. COMPENSATION / PAYMENT.

Total compensation for Contractor's services under this Contract shall be a maximum amount not to exceed **SEVENTY-TWO THOUSAND EIGHT HUNDRED FIFTY-NINE AND NO/100 DOLLARS (\$72,859.00)**, not including applicable tax, unless modified by a written amendment to this Contract. This is the maximum amount to be paid under this Contract for the work described in Section 2 above, and shall not be exceeded without the prior written authorization of the City in the form of an executed amendment to this Contract. Thirty-Five Percent (35%) shall be paid up-front for Companies purchase of parts.

The Contractor will send its applications for payment to the Riverside Park Water Reclamation Facility, 4401 North Aubrey L. White Parkway, Spokane, Washington 99205-3939. All invoices should include the City Clerk's File No. "OPR XXXX-XXXX" and an approved L & I Intent to Pay

Prevailing Wage number. The final invoice should include an approved Affidavit of Wages Paid number. Payment will not be made without this documentation included on the invoice.

4. CONTRACT DOCUMENTS.

The contract documents are this Contract, the Contractor's completed bid proposal form, contract provisions, contract plans, standard specifications, standard plans, addenda, various certifications and affidavits, supplemental agreements, change orders, and subsurface boring logs (if any). Federal and state requirements and the terms of this Contract, respectively, supersede other inconsistent provisions. These contract documents are on file at the Riverside Park Water Reclamation Facility, and are incorporated into this Contract by reference, as if they were set forth at length.

5. STATEMENT OF INTENT TO PAY PREVAILING WAGES TO BE POSTED.

The Contractor and each subcontractor required to pay the prevailing rate of wages shall post in a location readily visible at the job site: (1) a copy of a "Statement of Intent to Pay Prevailing Wages" approved by the industrial statistician of the Washington State Department of Labor and Industries (L & I); and (2) the address and telephone number of the industrial statistician of the Department of Labor and Industries where a complaint or inquiry concerning prevailing wages may be made.

6. STATE PREVAILING WAGES.

The Contractor and all subcontractors will submit a "Statement of Intent to Pay Prevailing Wages" certified by the industrial statistician of the Department of Labor and Industries, prior to any payments. The "Statement of Intent to Pay Prevailing Wages" shall include: (1) the Contractor's registration number; and (2) the prevailing wages under RCW 39.12.020 and the number of workers in each classification. Each voucher claim submitted by the Contractor for payment on a project estimate shall state that the prevailing wages have been paid in accordance with the "Statement(s) of Intent to Pay Prevailing Wages" on file with the City. Prior to the payment of funds held under RCW 60.28, the Contractor and subcontractors must submit an "Affidavit of Wages Paid" certified by the industrial statistician.

7. RETAINAGE IN LIEU OF BOND.

The Contractor may not commence work until it obtains all insurance, permits and bonds required by the contract documents and applicable law. In lieu of a one hundred percent (100%) payment/performance bond, in accord with RCW 39.08.010, the City shall retain ten percent (10%) of the contract sum for thirty (30) days after date of final acceptance or until receipt of required releases and settlement of any liens filed under Chapter 60.28 RCW, whichever is later.

8. PUBLIC WORKS REQUIREMENTS.

The Contractor and each subcontractor are required to fulfill the Department of Labor and Industries Public Works and Prevailing Wage Training Requirement under RCW 39.04.350. The contractor must verify responsibility criteria for each first tier subcontractor, and a subcontractor of any tier that hires other subcontractors must verify the responsibility criteria listed in RCW 39.04.350(1) for each of its subcontractors. Verification shall include that each subcontractor, at the time of subcontract execution, meets the responsibility criteria. This verification requirement, as well as responsibility criteria, must be included in every public works contract and subcontract of every tier.

9. TAXES, FEES AND LICENSES.

- A. Contractor shall pay and maintain in current status, all necessary licenses, fees, assessments, permit charges, etc. necessary to conduct the work included under this Contract. It is the Contractor's sole responsibility to monitor and determine changes or the enactment of any subsequent requirements for said fees, assessments, or changes and to immediately comply.

- B. The cost of any permits, licenses, fees, etc. arising as a result of the projects included in this Contract shall be included in the project budgets.

10. CITY OF SPOKANE BUSINESS LICENSE.

Section 8.01.070 of the Spokane Municipal Code states that no person may engage in business with the City without first having obtained a valid annual business registration. The Contractor shall be responsible for contacting the State of Washington Business License Services at www.dor.wa.gov or 360-705-6741 to obtain a business registration. If the Contractor does not believe it is required to obtain a business registration, it may contact the City's Taxes and Licenses Division at (509) 625-6070 to request an exemption status determination.

11. SOCIAL EQUITY REQUIREMENTS / NON-DISCRIMINATION.

No individual shall be excluded from participation in, denied the benefit of, subjected to discrimination under, or denied employment in the administration of or in connection with this Contract because of age, sex, race, color, religion, creed, marital status, familial status, sexual orientation including gender expression or gender identity, national origin, honorably discharged veteran or military status, the presence of any sensory, mental or physical disability, or use of a service animal by a person with disabilities. The Contractor agrees to comply with, and to require that all subcontractors comply with, federal, state and local nondiscrimination laws, including but not limited to: the Civil Rights Act of 1964, the Rehabilitation Act of 1973, the Age Discrimination in Employment Act, and the American's With Disabilities Act, to the extent those laws are applicable.

12. DEBARMENT AND SUSPENSION.

The Contractor has provided its certification that it is in compliance with and shall not contract with individuals or organizations which are debarred, suspended, or otherwise excluded from or ineligible from participation in Federal Assistance Programs under Executive Order 12549 and "Debarment and Suspension", codified at 29 CFR part 98.

13. INDEMNIFICATION.

The Contractor agrees to defend, indemnify and hold the City harmless from any and all claims, demands, losses and liabilities to or by third parties arising from, resulting from or connected with Work performed or to be performed under this Contract by Contractor, its agents or employees to the fullest extent permitted by law. Contractor's duty to indemnify the City shall not apply to liability for damages arising out of bodily injury to persons or damage to property caused by or resulting from the sole negligence of the City, its agents or employees. Contractor's duty to indemnify the City for liability for damages arising out of bodily injury to persons or damage to property caused by or resulting from the concurrent negligence of (a) the City or its agents or employees, and (b) Contractor or agents or employees, shall apply only to the extent of negligence of the Contractor or its agents or employees. Contractor's duty to defend, indemnify and hold the City harmless shall include, as to all claims, demands, losses and liability to which it applies, the City's personnel related costs, reasonable attorneys' fees, court costs and all other claim related expenses. The Contractor specifically assumes potential liability for actions brought by the Contractor's own employees against the City and, solely for the purpose of this indemnification and defense, the Contractor specifically waives any immunity under the state industrial insurance law, or Title 51 RCW. The Contractor recognizes that this waiver was specifically entered into pursuant to the provisions of RCW 4.24.115 and was the subject of mutual negotiation. The indemnification provided for in this section shall survive any termination or expiration of this Contract.

14. INSURANCE.

During the period of the Contract, the Contractor shall maintain in force at its own expense, each insurance noted below with companies or through sources approved by the State Insurance Commissioner pursuant to Title 48 RCW:

- A. **Worker's Compensation Insurance** in compliance with RCW 51.12.020, which requires subject employers to provide workers' compensation coverage for all their subject workers and Employer's Liability Insurance in the amount of \$1,000,000;
- B. **General Liability Insurance** on an occurrence basis, with a combined single limit of not less than \$1,000,000 each occurrence for bodily injury and property damage. It shall include contractual liability coverage for the indemnity provided under this Contract. It shall provide that the City, its officers and employees are additional insureds but only with respect to the Contractor's services to be provided under this Contract;
- i. Acceptable **supplementary Umbrella insurance** coverage combined with Company's General Liability insurance policy must be a minimum of \$1,500,000, in order to meet the insurance coverage limits required in this Contract; and
- C. **Automobile Liability Insurance** with a combined single limit, or the equivalent of not less than \$1,000,000 each accident for bodily injury and property damage, including coverage for owned, hired and non-owned vehicles; and
- D. **Property Insurance** if materials and supplies are furnished by the Contractor. The amount of the insurance coverage shall be the value of the materials and supplies of the completed value of improvement. Hazard or XCU (explosion, collapse, underground) insurance should be provided if any hazard exists.

There shall be no cancellation, material change, reduction of limits or intent not to renew the insurance coverage(s) without thirty (30) days written notice from the Consultant or its insurer(s) to the City. As evidence of the insurance coverage(s) required by this Agreement, the Consultant shall furnish acceptable Certificates of Insurance (COI) to the City at the time it returns this signed Agreement. The certificate shall specify the City of Spokane as "Additional Insured" specifically for Consultant's services under this Agreement, as well as all of the parties who are additional insureds, and include applicable policy endorsements, the thirty (30) day cancellation clause, and the deduction or retention level. The Consultant shall be financially responsible for all pertinent deductibles, self-insured retentions, and/or self-insurance.

15. SUBCONTRACTOR RESPONSIBILITY.

- A. The Contractor must verify responsibility criteria for each first tier subcontractor, and a subcontractor of any tier that hires other subcontractors must verify responsibility criteria for each of its subcontractors. Verification shall include that each subcontractor, at the time of subcontract execution, meets the responsibility criteria listed in RCW 39.04.350. The responsibility criteria are listed in the request for bids document. The Contractor shall include the language of this section in each of its first tier subcontracts, and shall require each of its subcontractors to include the same language of this section in each of their subcontracts, adjusting only as necessary the terms used for the contracting parties. Upon request of the City, the Contractor shall promptly provide documentation to the City demonstrating that the subcontractor meets the subcontractor responsibility criteria below. The requirements of this section apply to all subcontractors regardless of tier.
- B. At the time of subcontract execution, the Contractor shall verify that each of its first tier subcontractors meets the following bidder responsibility criteria:
1. Have a current certificate of registration in compliance with chapter 18.27 RCW, which must have been in effect at the time of subcontract bid submittal;
 2. Have a current Washington Unified Business Identifier (UBI) number;
 3. If applicable, have:

- a. Have Industrial Insurance (workers' compensation) coverage for the subcontractor's employees working in Washington, as required in Title 51 RCW;
 - b. A Washington Employment Security Department number, as required in Title 50 RCW;
 - c. A Washington Department of Revenue state excise tax registration number, as required in Title 82 RCW;
 - d. An electrical contractor license, if required by Chapter 19.28 RCW;
 - e. An elevator contractor license, if required by Chapter 70.87 RCW.
4. Not be disqualified from bidding on any public works contract under RCW 39.06.010 or 39.12.065 (3).

16. INDEPENDENT CONTRACTOR.

The Contractor is an independent Contractor. This Contract does not intend the Contractor to act as a City employee. The City has neither direct nor immediate control over the Contractor nor the right to control the manner or means by which the Contractor works. Neither the Contractor nor any Contractor employee shall be an employee of the City. This Contract prohibits the Contractor to act as an agent or legal representative of the City. The Contractor is not granted express or implied rights or authority to assume or create any obligation or responsibility for or in the name of the City, or to bind the City. The City is not liable for or obligated to pay sick leave, vacation pay, or any other benefit of employment, nor to pay social security or other tax that may arise from employment. The Contractor shall pay all income and other taxes as due.

17. ASSIGNMENT AND SUBCONTRACTING.

The Contractor shall not assign or subcontract its obligations under this Contract without the City's written consent, which may be granted or withheld in the City's sole discretion. Any subcontract made by the Contractor shall incorporate by reference this Contract, except as otherwise provided. The Contractor shall ensure that all subcontractors comply with the obligations and requirements of the subcontract. The City's consent to any assignment or subcontract does not release the Contractor from liability or any obligation within this Contract, whether before or after City consent, assignment or subcontract.

18. TERMINATION.

Either party may terminate this Contract, with or without cause, by ten (10) days written notice to the other party. In the event of such termination, the City shall pay the Contractor for all work previously authorized and performed prior to the termination date.

19. STANDARD OF PERFORMANCE.

The standard of performance applicable to Contractor's services will be the degree of skill and diligence normally employed by professional contractors in the region performing the same or similar Contracting services at the time the work under this Contract are performed.

20. ANTI KICK-BACK.

No officer or employee of the City of Spokane, having the power or duty to perform an official act or action related to this Contract shall have or acquire any interest in the Contract, or have solicited, accepted or granted a present or future gift, favor, service or other thing of value from or to any person involved in this Contract.

21. CONSTRUAL.

The Contractor acknowledges receipt of a copy of the Contract documents and agrees to comply with them. The silence or omission in the Contract documents concerning any detail required for the proper execution and completion of the work means that only the best general practice is to prevail and that only material and workmanship of the best quality are to be used. This Contract shall be construed neither in favor of nor against either party.

22. CONTRACTOR'S ACKNOWLEDGEMENT AND WARRANTY.

The Contractor acknowledges that it has visited the site of the work, has examined it, and is qualified to perform the work required by this Contract.

The Contractor guarantees and warranties all work, labor and materials under this Contract shall be in accord with the Contract documents. If any unsatisfactory condition or defect develops within that time, the Contractor will immediately place the work in a condition satisfactory to the City and repair all damage caused by the condition or defect. The Contractor will repair or restore to the City's satisfaction, in accordance with the contract documents and at its expense, all property damaged by his performance under this Contract. This warranty is in addition to any manufacturers' or other warranty in the Contract documents.

23. MISCELLANEOUS PROVISIONS.

- A. **Amendments/Modifications:** The City may modify this Contract and order changes in the work whenever necessary or advisable. The Contractor will accept modifications when ordered in writing by the City, and the Contract time and compensation will be adjusted accordingly.
- B. The Contractor, at no expense to the City, shall comply with all laws of the United States and Washington, the Charter and ordinances of the City of Spokane; and rules, regulations, orders and directives of their administrative agencies and officers.
- C. This Contract shall be construed and interpreted under the laws of Washington. The venue of any action brought shall be in a court of competent jurisdiction, located in Spokane County, Washington.
- D. **Captions:** The titles of sections or subsections are for convenience only and do not define or limit the contents.
- E. **Severability:** If any term or provision is determined by a court of competent jurisdiction to be invalid or unenforceable, the remainder of this Contract shall not be affected, and each term and provision shall be valid and enforceable to the fullest extent permitted by law.
- F. **Waiver:** No covenant, term or condition or the breach shall be deemed waived, except by written consent of the party against whom the waiver is claimed, and any waiver of the breach of any covenant, term or condition shall not be deemed a waiver of any preceding or succeeding breach of the same or any other covenant, term of condition. Neither the acceptance by the City of any performance by the Contractor after the time the same shall have become due nor payment to the Contractor for any portion of the Work shall constitute a waiver by the City of the breach or default of any covenant, term or condition unless otherwise expressly agreed to by the City in writing.
- G. **Entire Agreement:** This document along with any exhibits and all attachments, and subsequently issued addenda, comprises the entire agreement between the City and the Contractor. If conflict occurs between Contract documents and applicable laws, codes, ordinances or regulations, the most stringent or legally binding requirement shall govern and be considered a part of this Contract to afford the City the maximum benefits.
- H. **No personal liability:** No officer, agent or authorized employee of the City shall be personally responsible for any liability arising under this Contract, whether expressed or implied, nor for any statement or representation made or in any connection with this Contract.
- I. Under Washington State Law (reference RCW Chapter 42.56, the *Public Records Act* [PRA]) all materials received or created by the City of Spokane in connection with this

Agreement are **public records** and are available to the public for viewing via the City Clerk's Records (online) or a valid Public Records Request (PRR).

IN WITNESS WHEREOF, in consideration of the terms, conditions and covenants contained, or attached and incorporated and made a part, the parties have executed this Contract by having legally-binding representatives affix their signatures below.

EXHIBIT A

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION

1. The undersigned (i.e., signatory for the Subrecipient / Contractor / Consultant) certifies, to the best of its actual knowledge and belief, that its officers and directors:
 - a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency;
 - b. Have not within a three-year period preceding this contract been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, receiving stolen property, making false claims, or obstruction of justice;
 - c. Are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and,
 - d. Have not within a three-year period preceding this contract had one or more public transactions (federal, state, or local) terminated for cause or default.
2. The undersigned agrees by signing this contract that it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction.
3. The undersigned further agrees by signing this contract that it will include the following clause, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions:

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions

1. The lower tier contractor certified, by signing this contract that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
 2. Where the lower tier contractor is unable to certify to any of the statements in this contract, such contractor shall attach an explanation to this contract.
4. I understand that a false statement of this certification may be grounds for termination of the contract.

Agenda Wording

Contract amendment with outside counsel in action brought against the City seeking damages for wrongful termination, discrimination on the basis of disability, retaliation for civil litigation.

Summary (Background)

This case was filed on March 8, 2022. While much of the legal work done in the companion case was of benefit in this matter and did not have to be done twice, there are claims and allegations related to this wrongful termination case that need to be addressed. Legal is asking for a Contract Amendment adding another \$50,000.00 to the contract, for a total of \$100,000.00.

CITY OF SPOKANE

CONTRACT AMENDMENT

Title: **OUTSIDE COUNSEL CONTRACT**

This Contract Amendment is made and entered into by and between the **CITY OF SPOKANE** as ("City"), a Washington municipal corporation, and **PACIFICA LAW GROUP**, whose address is 1191 Second Avenue, Suite 2000, Seattle, Washington 98101, as ("Firm"), individually hereafter referenced as a "party", and together as the "parties".

WHEREAS, the parties entered into a Contract wherein the firm agreed to act as OUTSIDE SPECIAL COUNSEL providing legal services and advice to the City regarding the matter of lawsuit of Lonnie Tofsrud v. City of Spokane, Spokane County Superior Court Cause No. 22-2-000714-32; and

WHEREAS, additional funds are necessary to defend this case, thus, the original Contract needs to be formally Amended by this written document; and

NOW, THEREFORE, in consideration of these terms, the parties mutually agree as follows:

1. CONTRACT DOCUMENTS.

The Contract, dated April 20, 2022 and April 21, 2022, any previous amendments, addendums and / or extensions / renewals thereto, are incorporated by reference into this document as though written in full and shall remain in full force and effect except as provided herein.

2. EFFECTIVE DATE.

This Contract Amendment shall become effective on September 1, 2022.

3. COMPENSATION.

The City shall pay an additional amount not to exceed **FIFTY THOUSAND AND NO/100 DOLLARS (\$50,000.00)**, for everything furnished and done under this Contract Amendment. The total amount under the original contract, all previous amendments and this Amendment is **ONE HUNDRED THOUSAND AND NO/100 DOLLARS (\$100,000.00)**. This is the maximum amount to be paid under this Amendment and shall not be exceeded without the prior written authorization of the City, memorialized with the same formality as the original Contract and this document.

IN WITNESS WHEREOF, in consideration of the terms, conditions and covenants contained, or attached and incorporated and made a part, the parties have executed this Contract Amendment by having legally-binding representatives affix their signatures below.

MANAGEMENT & BUDGET

	STRATTON, JESSICA

ORDINANCE NO C36277

An ordinance amending Ordinance No. C-36161, passed by the City Council December 13, 2021, and entitled, "An ordinance adopting the Annual Budget of the City of Spokane for 2022, making appropriations to the various funds of the City of Spokane government for the fiscal year ending December 31, 2022, and providing it shall take effect immediately upon passage," and declaring an emergency.

WHEREAS, subsequent to the adoption of the 2022 budget Ordinance No. C-36161, as above entitled, and which passed the City Council December 13, 2021, it is necessary to make changes in the appropriations of the General fund, which changes could not have been anticipated or known at the time of making such budget ordinance; and

WHEREAS, this ordinance has been on file in the City Clerk's Office for five days; - Now, Therefore,

The City of Spokane does ordain:

Section 1. That in the budget of the General Fund, and the budget annexed thereto with reference to the General Fund, the following changes be made:

- 1) Add one classified Clerk II position (from 2 to 3) and increase the associated appropriation for salary and benefits in the Police department by \$14,909.
- 2) Decrease the appropriation for a Program Professional position in the Police department by \$14,909.
 - A) There is no change to the overall appropriation level in the General Fund.
- 1) Add one classified Business Analyst II position (from 0 to 1) and increase the associated appropriation for salary and benefits in the Police department by \$21,924.
 - B) This is an increase to the overall appropriation level in the General Fund.

Section 2. It is, therefore, by the City Council declared that an urgency and emergency exists for making the changes set forth herein, such urgency and emergency arising from the need to increase staffing at the downtown precinct and in Police IT, and because of such need, an urgency and emergency exists for the passage of this ordinance, and also, because the same makes an appropriation, it shall take effect and be in force immediately upon its passage.

This SBO request is for \$172,300.00 to go towards the purchase of an air dryer system for the Waste to Energy Facility which is in the 2023 capital plan.

Summary (Background)

The WTE had planned to purchase and install a new air dryer system for the facility in the 2023 Capital Plan. The lead time for delivery of this type of system is estimated to be 6 months. In order to procure and install this air dryer in 2023 as planned, it will need to be ordered in 2022. This purchase provides a cost savings of approximately \$100,000 annually as the facility rents a compressor during outages due to capacity constraints. This purchase eliminates the need for a rental.

ORDINANCE NO C36290

An ordinance amending Ordinance No. C-36161, passed by the City Council December 13, 2021, and entitled, "An ordinance adopting the Annual Budget of the City of Spokane for 2022, making appropriations to the various funds of the City of Spokane government for the fiscal year ending December 31, 2022, and providing it shall take effect immediately upon passage," and declaring an emergency.

WHEREAS, subsequent to the adoption of the 2022 budget Ordinance No. C-36161, as above entitled, and which passed the City Council December 13, 2021, it is necessary to make changes in the appropriations of the Solid Waste Fund, which changes could not have been anticipated or known at the time of making such budget ordinance; and

WHEREAS, this ordinance has been on file in the City Clerk's Office for five days; - Now, Therefore,

The City of Spokane does ordain:

Section 1. That in the budget of the Solid Waste Fund, and the budget annexed thereto with reference to the Fund, the following changes be made:

- 1) Increase appropriation by \$172,300.
- 2) The increase in appropriation is provided solely for the purchase and installation of a new air dryer which shall be funded from unappropriated fund balance.
- (A) This is an increase to the overall appropriation level in the Solid Waste Fund.

Section 2. It is, therefore, by the City Council declared that an urgency and emergency exists for making the changes set forth herein, such urgency and emergency arising from the need to mitigate months-long lead times, and because of such need, an urgency and emergency exists for the passage of this ordinance, and also, because the same makes an appropriation, it shall take effect and be in force immediately upon its passage.

Agenda Item Name	4490 SBO FOR EMERGENCY TIPPING FLOOR REPAIRS

Agenda Wording

This SBO request is for \$827,310.00 for the emergency repair of the tipping floor at the Waste to Energy Facility.

Summary (Background)

The Waste to Energy Facility recently discovered substantial damage to the structural components of a section of the tipping floor in bay 6, rendering it inaccessible. This area of the floor also serves as a roof and one wall of the warehouse, which has also been rendered inaccessible now. An emergency justification has been done to get this fixed as soon as possible as it severely impacts operations.

Agenda Wording

This SBO request is for \$1,100,000.00 to go towards the purchase of the required boiler tubing and grate parts needed for outages in 2023.

Summary (Background)

Due to supply chain issues, lead times for parts and supplies needed for maintenance and repairs at the WTE have increased exponentially. In 2023, the generator bank and superheater tubes are scheduled for replacement. To have this tubing on site in time for the work to be done as scheduled, it will need to be ordered in 2022. There are also grate parts needed for the 2023 outages that also have a very long lead time. Parts that were ordered in the latter part of 2021 are only just now arriving.

Agenda Wording

This SBO request is for \$500,000.00 and is to go towards the additional costs associated with ash and non-processable waste disposal services.

Summary (Background)

The City utilizes Regional Disposal Company (RDC) for transportation and disposal services for ash, bypass and non-processable waste at RDC's landfill in Klickitat County, WA. Due to a 6.4% increase in tonnage being hauled as a result of additional municipal solid waste receipts, additional funding is needed to fund this service through the end of 2022.

Agenda Item Name	Resolution adopting the Parks Division 2022 Parks and Natural Lands Master Plan
Summary (Background)	<p>Request City Council adopt by resolution the ‘2022 Parks and Natural Lands Master Plan’, a strategic system-wide park planning document recently completed by the City Parks Division. The plan is the most recent update to the City’s parks and open space master plan (last updated in 2010), and was developed through numerous thorough technical analyses and through extensive public outreach. The plan establishes themes, goals objectives and strategies for improving the City Parks system over the next 10+ years.</p> <p>Additionally, the plan provides a framework for prioritizing city park investment decisions and established high priority capital, operations, and policy actions for immediate and near term implementation.</p> <p>The Park Board adopted this plan by resolution in June of 2022.</p>
Proposed Council Action & Date:	Approve resolution adopting the 2022 Parks and Natural Lands Master Plan
Fiscal Impact: Total Cost: <u>Budget neutral</u> Approved in current year budget? <input type="checkbox"/> Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> N/A Funding Source <input type="checkbox"/> One-time <input type="checkbox"/> Recurring Specify funding source: Expense Occurrence <input type="checkbox"/> One-time <input type="checkbox"/> Recurring Other budget impacts: (revenue generating, match requirements, etc.)	
Operations Impacts	
What impacts would the proposal have on historically excluded communities?	

Technical analyses included in this project have identified social and environmental park equity zones', 'geographically underserved park service areas', and 'park investment history' maps. These maps, combined with additional data, can be used to determine the highest priority for park investment to uplift historically excluded or underinvested communities within the City.

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

N/A

How will data be collected regarding the effectiveness of this program, policy or product to ensure it is the right solution?

N/A

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

This document provides detailed information regarding current and proposed service levels for community park service. This information provides meaningful background for future Comprehensive Plan updates. This also provides detailed information regarding the type, size and location of future park investments throughout the city.

RESOLUTION NO. 2022-_____

A resolution adopting the 2022 Parks and Natural Lands Master Plan.

WHEREAS, the City of Spokane owns and operates 3,900+ acres of parks & natural lands within and outside of the City of Spokane; and

WHEREAS, the City, through its Park Board, lays out, establishes, procures, purchases, accepts, and manages controls and improvements of all parks and grounds used for park purposes, all boulevards and parkways, and connecting parks and structures thereon located both within and outside of the City of Spokane; and

WHEREAS, the City of Spokane has an extensive history in park system planning, commissioning the City's first park plan in 1913; and

WHEREAS, the City, through its Park Board, has regularly and strategically planned this system of parks and natural lands for the benefit of the public since that time; and

WHEREAS, the last adopted park master plan was completed in 2014 for the Riverfront Park Redevelopment; and

WHEREAS, to remain eligible for State and Federal grants, the City is required to develop and/or update and adopt a long-range "parks, recreation and open space plan" a minimum of every 6 calendar years; and

WHEREAS, with the substantial completion of the Riverfront Park Bond improvements, timing is suitable to conduct a new system-wide park master plan; and

WHEREAS, the City desired that the current master plan be based primarily on Spokane City resident's park needs and desires through direct community outreach; and

WHEREAS, since the beginning of 2021, the public has provided substantial input and direction through the master planning process during over 26 individual opportunities, including a series of topical focus groups, pop-up events in parks, an open online survey, a statistically valid survey, virtual workshops, an open online mapping activity, direct outreach to under-represented groups through ambassadors, and youth outreach through Spokane Public Schools; and

WHEREAS, in addition to public input, the master planning process for the system-wide parks and natural lands master plan also included extensive deliberations among Park Board members, a Project Advisory Committee, city park, engineering, and planning staff, and numerous technical and professional consultants culminating in the 2022 Parks and Natural Lands Master Plan; and

WHEREAS, the resulting 2022 Parks and Natural Lands Master Plan, compiled by Park Department staff and project consultants, is the direct result of input and recommendations from Spokane City residents, the Project Advisory Committee, the Park Board, and city staff; and

WHEREAS, city staff, project consultants, and project advisory committee substantially concluded planning work in May 2022; and

WHEREAS, the Park Board adopted the Parks and Natural Lands Master Plan by resolution in June 2022; and

WHEREAS, to ensure the proposed plan recommendations remain sustainable and relevant, the City recognizes that the 2022 Parks and Natural Lands Master Plan is a living document, and that ongoing changes additions and edits will be made to the plan using 'prioritization matrix' framework included in the plan; and

WHEREAS, as identified, needed changes or additions will require approval by the Park Board; and

WHEREAS, adoption of the 2022 Parks and Natural Lands Master Plan does not specifically identify policy, budget or other final decisions regarding capital improvements related to a public bond proposal, all such decisions being reserved to the Park Board under the Spokane City Charter.

NOW, THEREFORE, BE IT RESOLVED that the Spokane City Council adopts the attached 2022 Parks and Natural Lands Master Plan.

BE IT ALSO RESOLVED that the City Council will coordinate with the Park Board and park staff as needed to monitor the plan for future potential updates and support implementation of plan recommendations.

Passed by the City Council this ____ day of _____, 2022.

AGENDA WORDING:

City of Spokane Parks and Natural Lands Master Plan Adoption (no cost)

BACKGROUND:

In fall 2019, Spokane Parks retained Design Workshop to update the city's parks and open spaces master plan. In Spring 2020, the project was put on hold due to Covid-19. In spring 2021, the project re-started and has been ongoing since that time. Since spring 2021, the master plan has been created using various technical analyses and assessment and including feedback from an extensive 2021 public outreach campaign which engaged over 5,300 residents through 26+ public engagement opportunities. The plan has evaluated the city parks systems and established four themes (land, water, people and legacy), 13 goals and recommended dozens of strategies to improve the City Parks system over the next 10+ years. The plan has also created a framework for prioritizing city park investment decisions and established high priority capital, operational, and policy action items for immediate and near term implementation.

RECOMMENDATION:

Motion to adopt The City of Spokane Parks and Recreation Parks and Natural Lands Master Plan

ATTACHMENTS: Include in packets. See back of Agenda Sheet for specific supporting document requirements.

CITY OF SPOKANE
PARK BOARD RESOLUTION

A RESOLUTION Adopting the 2022 Parks and Natural Lands Master Plan

WHEREAS, the City of Spokane owns and operates 3,900+ acres of parks & natural lands within and outside of the City of Spokane; and

WHEREAS, the Park Board is empowered by the City Charter with exclusive jurisdiction and control to lay out, establish, procure, purchase, accept, and have the care, management control and improvement of, all parks and grounds used for park purposes, all boulevards and parkways, and connecting parks and structures thereon located both within and outside of the City of Spokane; and

WHEREAS, the City of Spokane has an extensive history in park system planning, commissioning the City's first park plan in 1913; and

WHEREAS, the City Park Board has regularly and strategically planned this system of parks and natural lands for the benefit of the public since that time; and

WHEREAS, the last adopted park master plan was completed in 2014 for the Riverfront Park Redevelopment; and

WHEREAS, to remain eligible for State and Federal grants, the Park Board is required to develop and/or update and adopt a long-range 'parks, recreation and open space plan' a minimum of every 6 calendar years; and

WHEREAS, with the substantial completion of the Riverfront Park Bond improvements, timing is suitable to conduct a new system-wide park master plan; and

WHEREAS, the Park Board desired the current master plan be based primarily on Spokane City residents park needs and desires through direct community outreach; and

WHEREAS, since the beginning of 2021, the public has provided substantial input and direction through the master planning process during over 26 individual opportunities, including a series of topical focus groups, pop-up events in parks, an open online survey, a statistically valid survey, virtual workshops, an open online mapping activity, direct outreach to under-represented group through ambassadors, and youth outreach through Spokane Public Schools; and

WHEREAS, in addition to public input, the master planning process for the system-wide parks and natural lands master plan also included extensive deliberations among Park Board members, a Project Advisory Committee, city park, engineering, and planning staff, and numerous technical and professional consultants culminating in a "2022 Parks and Natural Lands Master Plan"; and

WHEREAS, the resulting 2022 Parks and Natural Lands Master Plan, compiled by Park Department staff and project consultants, is the direct result of input and recommendations from Spokane City residents, the Project Advisory Committee, Park Board, and city staff; and

WHEREAS, city staff, project consultants, and project advisory committee substantially concluded planning work in May 2022; and

WHEREAS, to ensure the proposed plan recommendations remain sustainable and relevant, the Park Board recognizes that the 2022 Parks and Natural Lands Master Plan is a living document, and that ongoing changes additions and edits will be made to the plan using 'prioritization matrix' framework included in the plan; and

WHEREAS, as identified, needed changes or additions will require approval by the Park Board; and

WHEREAS, adoption of the 2022 Parks and Natural Lands Master Plan does not specifically identify policy, budget or other final decisions regarding capital improvements related to a public bond proposal, all such decisions being reserved to the Park Board under the Spokane City Charter; and

NOW, THEREFORE,

BE IT RESOLVED by the Park Board to adopt the 2022 Parks and Natural Lands Master Plan; and

BE IT FURTHER RESOLVED that park staff shall monitor the plan for future potential updates and begin implementation of plan recommendations.

ADOPTED BY THE PARK BOARD ON _____

Attest:

Park Board President
Approved as to form:

City Clerk

Assistant City Attorney
