Updated March 2024 (RES 2024-0023)
B. Service animals must, at all times while present in a City Council meeting, be harnessed, leashed, or tethered, unless these devices interfere with the service animal’s work or the individual’s disability prevents using these devices, in which case, the individual must maintain control of the animal through voice, signal, or other effective controls.

Rule 2.15 PARTICIPATION OF MEMBERS OF THE PUBLIC IN COUNCIL MEETINGS

The council encourages public participation in the legislative process. Council meetings shall be conducted in a manner that provides the opportunity for all attendees to hear, see and participate in the proceedings to the extent provided in these Rules and applicable city, state, and federal law. Speech or conduct that disrupts, disturbs, or otherwise impedes the orderly conduct of any council meeting is prohibited. In addition to these general principles governing public participation, the following specific rules apply:

A. Members of the public may address the council regarding the following items during the council’s legislative session: the consent agenda as a whole, all first reading ordinances together (with the exception of first reading ordinances associated with hearings, which shall be taken separately), final readings of regular and special budget ordinances, emergency ordinances, hearing items, special considerations, and other items before the city council requiring council action, except those that are adjudicatory or solely administrative in nature. This rule shall not limit the public’s right to speak on issues that are not part of the current or advanced agendas during open forum.

B. No member of the public may speak without first being recognized for that purpose by the chair. Except for named parties to an adjudicatory hearing, a person may be required to sign a sign-up sheet and provide their city of residence as a condition of recognition. Council members must be recognized by the chair for the purpose of obtaining the floor.

C. Each person speaking in a public council meeting shall verbally identify themselves by name, city of residence, and, if appropriate, representative capacity.

D. Each speaker shall follow all written and verbal instructions so that verbal remarks are electronically recorded, and documents submitted for the record are identified and marked by the clerk.

E. Those who wish to provide commentary but do not wish to give verbal comments at the podium may provide written comments to the council via letter or electronic mail.

F. No person shall be permitted to conduct demonstrations, display banners, hold signs, applaud or boo speakers, use profanity, vulgar language or obscene speech, yell or make comments that attack or verbally insult any individual, or engage in other such disorderly conduct that disrupts, disturbs, or otherwise impedes the orderly conduct of the proceedings.

G. Standing is permitted so long as doing so maintains compliance with applicable fire codes and the Americans with Disability Act (ADA), does not interfere with reserved seating areas, and does not impede access to entrances and exits to the Council Chambers, aisles, or pathways inside the Council Chambers. Attendees shall be mindful not to obstruct the views of others in Council Chambers when standing.

H. A speaker asserting a statement of fact may be asked by a council member to document and identify the sources of the factual datum being asserted.

I. When addressing the council, members of the public shall direct all remarks to the council president, shall refrain from remarks directed personally to any council member or any other individual, and shall confine remarks to the matters that are specifically before the council at that time.

J. City employees or city officials (including members of city boards and commissions) may participate in public comment, including open forum, providing they are in compliance with the City of Spokane Code of Ethics and they do the following:

1. Announce at the beginning of their testimony that they are there in their personal capacity or their capacity as a member of a relevant board, commission, committee or community group;
2. Protect confidential information, including, but not limited to, confidential financial information and attorney-client communications;
3. Do not use, or be perceived to use, city funds, including giving testimony during paid work time or while in uniform; or city property, including using a city-issued computer or cell phone, in giving testimony.

K. When any person, including members of the public, city staff, and others, are addressing the council, council members shall observe the same decorum and process as the rules require among the members inter se. That is, a council member shall not engage the person addressing the council in colloquy but shall speak only when granted the floor by the council president. All persons and/or council members shall not interrupt one another. The duty of mutual respect and avoiding unlawful harassment set forth in Rule 1.2 and the rules governing debate set forth in Robert’s Rules of Order, Newly Revised, shall extend to all speakers before the city council. The city council’s policy advisor and/or a city attorney shall, with the assistance of council staff, assist the council president to ensure that all individuals desiring to speak shall be identified, Updated March 2024 (RES 2024-0023)
appropriately recognized, and provided the opportunity to speak. All persons attending city council meetings or city council sponsored meetings shall refrain from harassing other attendees or risk being removed and/or prohibited from attending future meetings.

L. The city council intends to fully comply with chapter 18.11 SMC, Language Access in Municipal Proceedings. Rules regarding participation of individuals in council proceedings, including legislative sessions and open forum, shall be deemed amended to conform to any Language Access Plan adopted by the council pursuant to SMC 18.11.030. Except as otherwise provided in an adopted Language Access Plan, individuals with limited English language proficiency are encouraged to contact the council office director at least five (5) days prior to a scheduled legislative session for assistance with the signing up to testify or to arrange translation or interpretation assistance.

M. City council legislative sessions are regularly video and audio recorded and available online (https://vimeo.com/spokanecitycouncil). Members of the public may also photograph or film council proceedings so long as doing so maintains compliance with applicable fire codes and the Americans with Disability Act (ADA), does not interfere with reserved seating areas, and does not impede access to entrances and exits to the Council Chambers, aisles, or pathways inside the Council Chambers. Attendees shall be mindful not to obstruct the views of others in Council Chambers when photographing or recording. No flash photography or other lighting is permitted.

N. RCW 42.17A.555 generally prohibits the use of city facilities for electioneering. Therefore, no person may use the council meeting or facilities for the purpose of assisting a campaign for election of any person to any office, or for the promotion of or opposition to any ballot proposition. In this context, the term “facilities” includes council chambers, the council gallery and the speaking opportunities available through the public comment and open forum procedures set forth in these rules.

Rule 2.16  PUBLIC TESTIMONY REGARDING LEGISLATIVE AGENDA ITEMS – TIME LIMITS

A. Members of the public can sign up to give testimony beginning no later than 5:00 p.m. on the Friday immediately preceding the legislative session and ending at 6:00 p.m. on the date of the meeting via the online testimony sign-up form linked in the meeting packet or in person outside council chambers beginning at 8:00 a.m. on the day of the legislative session. Speakers must sign in using a name. Members of the public who are unable to sign up during the sign-up period or who attempt to sign up late will not be added to the list of speakers. The order of the speakers shall be determined at the discretion of the chair.

B. The city council shall take public testimony on all matters included on its legislative agenda as described at Rule 2.15(A), with those exceptions stated in Rule 2.16(B). Public testimony shall be limited to the final council action, except that public testimony shall be allowed at the first reading of ordinances. Public testimony shall be limited to three (3) minutes per speaker. The chair, absent a majority vote of the council, has the authority to lower the three (3) minutes per speaker time limit by announcing the new, lower time limit at the legislative session. The chair may allow additional time if the speaker is asked to respond to questions from the council. Public testimony and consideration of an item may be extended to a subsequent meeting by a majority vote of the council. Testimony on a legislative item deferred to a future date certain shall be taken on the future date, unless testimony on the date of deferral is allowed by the Council President.

C. No public testimony shall be taken on oral amendments to consent or legislative agenda items, votes to override a mayoral veto, or solely procedural, parliamentary, or administrative matters of the council.

D. Public testimony will be taken on consent and legislative items that are moved to council’s regular briefing session or study session unless a majority of council votes otherwise during the meeting in which the items are moved.

E. For legislative or hearing items that may affect an identifiable individual, association, or group, the following procedure may be implemented at the discretion of the council president:

1. Following an assessment by the chair of factors such as complexity of the issue(s), the apparent number of people indicating a desire to testify, representation by designated spokespersons, etc., the chair shall, in the absence of objection by the majority of the council present, impose the following procedural time limitations for taking public testimony regarding legislative matters:

   a. There shall be up to fifteen (15) minutes for staff, board, or commission presentation of background information, if any.

   b. The designated representative of the proponents of the issue shall speak first and may include within their presentation the testimony of expert witnesses, visual displays, and any other reasonable methods of presenting the case. Up to thirty (30) minutes may be granted for the proponent’s presentation. If there be more than one designated representative, they shall allocate the allotted time between or among themselves.

   c. Following the presentation of the proponents of the issue, three (3) minutes shall be granted for any other person not associated with the designated representative of the proponents who wishes to
speak on behalf of the proponent’s position.

d. The designated representative, if any, of the opponents of the issue shall speak following the
presentation of the testimony of expert witnesses, visual displays, and any other reasonable
methods of presenting the case. The designated representative(s) of the opponents shall have the
same amount of time which was allotted to the proponents.

e. Following the presentation by the opponents of the issue, three (3) minutes shall be granted for any
other person not associated with the designated representative of the opponents who wishes to
speak on behalf of the opponents’ position.

f. Up to ten (10) minutes of rebuttal time may be granted to the designated representative for each
side, the proponents speaking first, the opponents speaking second.

2. In the event the party or parties representing one side of an issue has a designated representative and
the other side does not, the chair shall publicly ask the unrepresented side if they wish to designate one
or more persons to utilize the time allotted for the designated representative. If no such designation is
made, each person wishing to speak on behalf of the unrepresented side shall be granted three (3)
minutes to present their position, and no additional compensating time shall be allowed due to the fact
that the side has no designated representative.

3. In the event there appears to be more than two groups wishing to advocate their distinct positions on a
specific issue, the chair may grant the same procedural and time allowances to each group or groups,
as stated previously.

4. In the event that the side for which individuals wish to speak is not identified, those wishing to give
testimony shall be granted three (3) minutes to present their position after all sides have made their
initial presentations and before each side’s rebuttal period.

F. The time taken for staff or council member questions and responses thereto shall be in addition to the time
allotted for any individual or designated representative’s testimony.

G. No person shall be permitted to display visual information during their testimony, including but not limited to
presentations, videos, or other media; however, members of the public may share this information with the
council by emailing them at citycouncil2spokanecity.org.

H. In addition to in-person or remote verbal testimony, testimony may also be submitted by mail to City
Council Office, Spokane City Hall, 808 W. Spokane Falls Blvd., Spokane, WA, 99201, by email to all
council members, or via the contact form on the council’s website.1

LAND ACKNOWLEDGEMENT

We acknowledge that we are on the unceded land of the Spokane people. And that these lands were once the major trading center for the Spokanes as they shared this place and welcomed other area tribes through their relations, history, trade, and ceremony. We also want to acknowledge that the land holds the spirit of the place, through its knowledge, culture, and all the original peoples Since Time Immemorial.

As we take a moment to consider the impacts of colonization may we also acknowledge the strengths and resiliency of the Spokanes and their relatives. As we work together making decisions that benefit all, may we do so as one heart, one mind, and one spirit.

We are grateful to be on the shared lands of the Spokane people and ask for the support of their ancestors and all relations. We ask that you recognize these injustices that forever changed the lives of the Spokane people and all their relatives.

We agree to work together to stop all acts of continued injustices towards Native Americans and all our relatives. It is time for reconciliation. We must act upon the truths and take actions that will create restorative justice for all people.

Adopted by Spokane City Council on the 22nd day of March, 2021
via Resolution 2021-0019

### Summary (Background)

*use the Fiscal Impact box below for relevant financial information

Mayor Brown has appointed Rowena Pineda to the Lodging Tax Advisory Committee for a term of March 11, 2024 – March 11, 2025. Rowena Pineda will serve as one of three representatives of organizations involved in activities authorized to be funded by the revenue from the hotel/motel tax per RCW 67.28.1817.

The objective of the City of Spokane Lodging Tax Advisory Committee (LTAC) is to support projects that encourage eligible tourist-attracting special events, festivals, and cultural activities; and to support tourism facilities in Spokane. The Lodging Tax Advisory Committee is an advisory body to the City Council. The Council makes the final decision on project approval and funding levels from the list of funding recipients and recommended amounts provided by the Lodging Tax Advisory Committee.

The source of the funds is the Hotel-Motel (Lodging) Tax authorized in Chapter 67.28 RCW. This tax consists of a two percent special excise tax on all charges for furnishing lodging at hotels, motels and similar establishments and is a credit against the state sales tax. The statute allows the use of lodging tax revenues in any of three broad categories: tourism marketing, the marketing and operations of special events, and festivals, or tourism-related facilities.

Patrol phones are utilized in many ways, including (but not limited to):  
- Providing victims of domestic violence a way to call for support services during a DV call for service  
- Providing officers a way to assist citizens in accessing support services including treatment facilities, shelter, and mental health support  
- Serving as a multi-factor authentication key for accessing the City’s network resources  
- Enabling officers to capture Citizen-provided evidence via Axon Capture/Axon Citizen  
- Providing a back-up communication method if radios are unavailable  
- Future: Via our Axon Records project, officers will be able to fill out police reports and associated forms from their phone. Forms that are citizen-facing (like the domestic violence evaluation forms) can be done while talking with the citizen to improve the speed of entry and ensure accuracy. |

## Summary (Background)

*use the Fiscal Impact box below for relevant financial information

One-year contract amendment and extension with C & C Yard Care, Inc. to provide weed control and lawn/landscape maintenance services at the Spokane Central Service Center, Street Department Administration Building and Warehouse, the Broadway Fuel and Wash Stations, and the Waste to Energy Facility. The original contract included the properties at the Nelson Complex which Solid Waste Collection is responsible for; the contract was amended in 2022 to add the Waste to Energy Facility.

This is the second and final one-year extension as provided for in the original contract. The contractor requested a 3.5% increase based on current economic conditions. Both Solid Waste Departments agreed to this request. The landscape at the Nelson Complex has become more established over the last several years so additional hours were deemed necessary and added to the contract for pruning, trimming and weeding the tree and shrub beds. Two extra visits for cleaning the inside and outside of the exterior fences on Nelson and Desmet were also included to make that a monthly service.

Rick, Michelle -

Our invoice for Saturday’s work will be $3000. I’ll send that out shortly.

Regular cuttings will be $1000 per visit. If we mow roughly every other week (assuming you will not be fertilizing the areas) then we should figure about 10 more cuttings to finish out the season. This would be $10,000 to finish out the year.

While on site I did notice several areas with noxious weeds. Does your staff treat these areas? We could provide one visit to scout and treat up to 10 acres at the plant for $2000.00.

Let me know your approval to proceed with the regular cutting of the irrigated areas for $1000 per visit and I’ll get that work set up.

Hello Rachel! Hope all is well with you.

After careful consideration C&C Yard Care is asking for a 3.5% cost increase for 2024 at the Spokane Central Service Center and WTE Facility. Our costs have increased for labor, auto and general liability insurance as well as herbicides and fertilizers. Please let me know if you have any questions about this cost increase.

Thank you! Hope your "winter" has been great.

Hi Rachel -

You are awesome! Thank you for the spreadsheet.

I think somehow we didn't include enough time to prune all of the shrubs/bushes at the main building parking lot, inside/outside the North fence along Desmet, around the signal building, and the car wash area. Some of these bushes are getting pretty big and the leafy ones need to be sheared twice per season or they get out of control. Also, cutting back the perennials and grasses in the fall is time consuming as they too are getting bigger! So, here is what I recommend, if you can:

- **PRUNING TREES** - We didn't actually do any tree pruning last season. We got things cleaned up pretty well in 2022, so we just left the budget for other items. In 2024 I'd say keep the 20 hours. I only foresee using about half of that amount in 2024, but perhaps we keep the hours just in case.
- **TRIMMING AND SHAPES BUSHES** - I'd say 60 hours here should be sufficient, up from 40. If we need more we could always use the tree budget hours.
- **HAND WEEDING ROCK BEDS** - Here I would say 20 instead of 14 should be good.
- **SHRUB/ROCK BEDS (inside & outside of Desmet)** - We have five visits here at $125.24 (new rate). If you could increase that to seven visits then we would have one per month between April and October.

I think that is it. Let me know if you need anything else!

Hi Chris,

I hope you had a great weekend.

I added the 3.5% increase to last year’s rates. When you get a chance to look this over, let me know if everything looks good to you. I have the pruning, trimming, etc hours in yellow so I make sure I update those once we have an idea on that. First two pages are Nelson, third page is WTE costs and last page is the total for both locations. Once I update the hours for the Nelson complex, it will update the contract totals, too.

Thank you!

2. If shown in the Schedule, the Policy Maximum Each Construction Project General Aggregate Limit is the most we will pay for the sum of all damages paid under all Each Construction Project General Aggregate Limits included in this policy.

3. CONSUMER DISCLOSURE

From time to time, SHI International Corp OBO City of Spokane (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign, Inc. (DocuSign) electronic signing system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to these terms and conditions, please confirm your agreement by clicking the ‘I agree’ button at the bottom of this document.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after signing session and, if you elect to create a DocuSign signer account, you may access them for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. To indicate to us that you are changing your mind, you must withdraw your consent using the DocuSign ‘Withdraw Consent’ form on the signing page of a DocuSign envelope instead of signing it. This will indicate to us that you have withdrawn your consent to receive required notices and disclosures electronically from us and you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described above. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures.

<td>Summary (Background)</td>
<td>The Spokane Municipal Court and Community Justice Services Department has provided electronic monitoring solutions to the municipal criminal justice system since 2012. On August 22, 2018 CJS entered into an agreement with Alcohol Monitoring Systems, Inc. for EM technologies in alcohol monitoring, GPS, and breath testing. CJS is currently in a Contract Extension ending February 29, 2024 and is seeking to switch EM vendors to BI Incorporated. The proposed contract would align with the State OMNIA Contract (Contract Number: 2022118) and would provide alcohol monitoring, GPS, victim notification, breath testing, and a more secure jail alternative option than received with AMS. EM is heavily utilized by the Court as a sentencing alternative and costs the City as low as $3.67 per day per defendant versus the associated costs with jail incarceration (estimated costs per day exceed $135). In 2023 the City provided additional funds to expand the EM Unit with current trends of reaching 150 average daily population, same day installations, shorter wait times for sentences, and higher response times on violations. In 2024, CJS proposes to expand opportunities of EM to other jurisdictions for a potential revenue on programming to recoup some costs from the jail alternative fund.</td>

**Fiscal Impact**

- Approved in current year budget? ☒ Yes  ☐ No  ☐ N/A  
  - Total Cost: $275,000  
    - Current year cost: $15,304.33 (January, 2024) with anticipated $275,000 in costs.  
    - Subsequent year(s) cost: 2023 - $176,000 – 1910-18100-23200-54101-99999; 2022 - $264,000 – 1910-18100-23200-54101-99999, 2021 - $88,000 – 1910-18100-23200-54101-99999

**Narrative:** Costs occurred for Electronic Monitoring include rental of EM equipment and application and services for victim notification. Costs include device rental on GPS, Alcohol Detection and Testing equipment, and victim notification software.

**Funding Source**

- ☐ One-time  ☒ Recurring  ☐ N/A  
  - Specify funding source: Select Funding Source*  
  - Is this funding source sustainable for future years, months, etc? The Electronic Monitoring probation has been funded through Jail Alternative Funds since 2012 providing costs savings to the City.

**Expense Occurrence**

- ☐ One-time  ☒ Recurring  ☐ N/A
Other budget impacts: Expansion of Electronic Monitoring Unit allows for MOU/Contract with other court jurisdictions. This may provide revenue to offset City expense on Municipal Court defendants who have a current 88% indigency rate.

### Operations Impacts (If N/A, please give a brief description as to why)
- The 2023 average daily population of the CJS EM Unit was 100.
- The program is provided to all eligible defendants in a pretrial or post-disposition case status regardless of socio-economic or demographic circumstances.
- EM is a cost saving approach in both pre-and post-trial detention and helps improve community safety and lower jail costs incurred by the City.
- New contract under BI Incorporated improves GPS tracking/monitoring and provides new technologies in victim notification and safety.
- BI Incorporated is within the State OMNIA contract service and will provide more cost savings for the City than received with AMS aligning with the City’s 2024 budget needs.

### Council Subcommittee Review
- To be discussed through PSCHC with request for advancement to legislative agenda and approval.

As evidence of the insurance coverage(s) required by this Agreement, the Company shall furnish acceptable Certificates of Insurance (COI) to the City at the time it returns this signed Agreement. The certificate shall specify the City of Spokane as “Additional Insured” specifically for Company’s services under this Agreement, as well as all of the parties who are additional insureds, and include applicable policy endorsements, the thirty (30) day cancellation clause, and the deduction or retention level. The Company shall be financially responsible for all pertinent deductibles, self-insured retentions, and/or self-insurance.

9. DEBARMENT AND SUSPENSION.
The Company has provided its certification that it is in compliance with and shall not contract with individuals or organizations which are debarred, suspended, or otherwise excluded from or ineligible from participation in Federal Assistance Programs under Executive Order 12549 and “Debarment and Suspension”, codified at 29 CFR part 98.

10. AUDIT.
The Company and its sub-contractor shall maintain for a minimum of three (3) years following final payment all records related to its performance of the Agreement. The Company and its sub-contractors shall provide access to authorized City representatives, at reasonable times and in a reasonable manner to inspect and copy any such record. In the event of conflict between this provision and related auditing provisions required under federal law applicable to the Agreement, the federal law shall prevail.

11. ASSIGNMENT AND SUBCONTRACTING.
The Company shall not assign or subcontract its obligations under this Agreement without the City’s written consent, which may be granted or withheld in the City’s sole discretion. Any subcontract made by the Company shall incorporate by reference this Agreement, except as otherwise provided. The Company shall ensure that all subcontractors comply with the obligations and requirements of the subcontract. The City’s consent to any assignment or subcontract does not release the Company from liability or any obligation within this Agreement, whether before or after City consent, assignment or subcontract.

12. TERMINATION.
Either party may terminate this Agreement, with or without cause, by ten (10) days written notice to the other party. In the event of such termination, the City shall pay the Company for all work previously authorized and performed prior to the termination date.
13. **STANDARD OF PERFORMANCE.**
The standard of performance applicable to Company’s services will be the degree of skill and
diligence normally employed by professional Company performing the same or similar services
at the time the services under this Agreement are performed.

14. **OWNERSHIP AND USE OF RECORDS AND DOCUMENTS.**
Original documents, drawings, designs, reports, or any other records developed or created under
this Agreement shall belong to and become the property of the City. All records submitted by the
City to the Company shall be safeguarded by the Company. The Company shall make such data,
documents and files available to the City upon the City’s request. If the City’s use of the
Company’s records or data is not related to this project, it shall be without liability or legal exposure
to the Company.

Under Washington State Law (reference RCW Chapter 42.56, the *Public Records Act [PRA]*) all
materials received or created by the City of Spokane, including this contract and attachments, are
*public records* and are available to the public for viewing via the City Clerk’s Records (online) or
a valid Public Records Request (PRR).

Notwithstanding anything to the contrary, City will maintain the confidentiality of Company’s
materials and information only to the extent that is legally allowed in the State of Washington.
City is bound by the State Public Records Act, RCW Ch. 42.56. That law presumptively makes
all records in the possession of the City public records which are freely available upon request by
anyone. In the event that City gets a valid public records request for Company’s materials or
information and the City determines there are exemptions only the Company can assert, City will
endeavor to give Company notice. Company will be required to go to Court to get an injunction
preventing the release of the requested records. In the event that Company does not get a timely
injunction preventing the release of the records, the City will comply with the Public Records Act
and release the records.

15. **ANTI KICK-BACK.**
No officer or employee of the City of Spokane, having the power or duty to perform an official act
or action related to this Agreement shall have or acquire any interest in the Agreement, or have
solicited, accepted or granted a present or future gift, favor, service or other thing of value from
or to any person involved in this Agreement.

16. **MISCELLANEOUS PROVISIONS.**
   A. **Amendments/Modifications:** This Agreement may be modified by the City in
      writing when necessary, and no modification or Amendment of this Agreement shall be
      effective unless signed by an authorized representative of each of the parties hereto.
   B. **The Company,** at no expense to the City, shall comply with all laws of the United
      States and Washington, the Charter and ordinances of the City of Spokane; and rules,
      regulations, orders and directives of their administrative agencies and officers. Without
      limiting the generality of this paragraph, the Company shall comply with the requirements
      of this Section.
   C. **This Agreement shall be construed and interpreted under the laws of Washington.**
      The venue of any action brought shall be in a court of competent jurisdiction, located in
      Spokane County, Washington.
   D. **Captions:** The titles of sections or subsections are for convenience only and do
      not define or limit the contents.
   E. **Severability:** If any term or provision is determined by a court of competent
      jurisdiction to be invalid or unenforceable, the remainder of this Agreement shall not be
affected, and each term and provision shall be valid and enforceable to the fullest extent permitted by law.

F. **Waiver**: No covenant, term or condition or the breach shall be deemed waived, except by written consent of the party against whom the waiver is claimed, and any waiver of the breach of any covenant, term or condition shall not be deemed a waiver of any preceding or succeeding breach of the same or any other covenant, term of condition. Neither the acceptance by the City of any performance by the Company after the time the same shall have become due nor payment to the Company for any portion of the Work shall constitute a waiver by the City of the breach or default of any covenant, term or condition unless otherwise expressly agreed to by the City in writing.

G. **Entire Agreement**: This document along with any exhibits and all attachments, and subsequently issued addenda, comprises the entire agreement between the City and the Company. If conflict occurs between Agreement documents and applicable laws, codes, ordinances or regulations, the most stringent or legally binding requirement shall govern and be considered a part of this Agreement to afford the City the maximum benefits.

H. **No personal liability**: No officer, agent or authorized employee of the City shall be personally responsible for any liability arising under this Agreement, whether expressed or implied, nor for any statement or representation made or in any connection with this Agreement.

IN WITNESS WHEREOF, in consideration of the terms, conditions and covenants contained, or attached and incorporated and made a part, the parties have executed this Agreement by having legally-binding representatives affix their signatures below.

BI Incorporated
Customer Business Services Department

Example:
Assumptions for illustration purposes:
Customer has a 5% annual lost/damaged allowance on HomeGuard units.
Customer’s contract year runs from July 2015 through June 2016.
During the contract year the customer has reported the following equipment as lost.
1 HomeGuard Receiver
  Replacement cost = $1,320.00 each
  Subtotal $1,320.00
2 HomeGuard Transmitters
  Replacement cost = $575.00 each
  Subtotal $1,150.00
During the contract year the customer has reported the following equipment as damaged.
1 HomeGuard Transmitters
  Repair cost = $350.00
  Subtotal = $350.00

Based on these assumptions, lost/damaged equipment billing is calculated as follows:
Total Active HomeGuard days for the year = 12,157
  + 12,157 active units/day x 365 days = 33.31 average active units over the year
  + Allowance = 5% so 33.31 x 0.05 = 1.67 units allowed
  + Replacement cost for one complete HomeGuard unit = $1,895.00
  + 1.67 units allowed x $1,895.00 = $3,164.65
Customer is allowed to lose HomeGuard equipment worth $3,164.65 for this contract year.
  + Actual lost/damaged equipment was $2,820.00.
  + Since the customer was within their allowance there is no lost/damaged billing for this contract year.

BI LOST & DAMAGED EQUIPMENT BILLING

When a customer has an annual allowance for lost and damaged equipment it means they are allowed to lose or damage equipment up to that annual allowance without incurring any charges. A lost/damaged allowance may either be a fixed quantity of units (i.e. the customer is allowed to lose one unit per year without charge) or a percentage of the average active units for the customer over a year’s time. A lost/damaged allowance is specific to one type of equipment, but customers may have allowances for several different equipment types.

Since the allowance is an annual one, lost and damaged billing is calculated at the end of the customer’s contract year. (This may or may not coincide with the calendar year). Any equipment reported lost by the customer during the year is logged into a spreadsheet which will be available for review at billing time. Any equipment received back at BI in damaged condition is also logged in this spreadsheet, along with the repair cost. This information is accumulated until the end of the contract year, when billing occurs.

Billing is calculated as follows:
Let’s say that a customer has a 5% annual allowance on BI HomeGuard units. This means the customer is allowed to lose up to 5% of their average active HomeGuard units over a year’s time without being billed.

In order to determine the average active HomeGuard units, we will look back at the customer’s HomeGuard usage for the 12-month period covered. We add up all Active HomeGuard days for those twelve months and divide by 365. This gives the average HomeGuard units over the year.
This number is multiplied by 5% which tells us how many units the customer is allowed to lose at no charge. We multiply this allowed number by the replacement cost for one complete HomeGuard to determine the dollar value of the allowance. (If the allowance is one fixed unit then the calculation is simpler since we can take the replacement cost for one unit.)
CBS staff will look at all of the lost and damaged equipment for the year in question. CBS will verify that each unit reported lost has not since been returned to BI. (If it has been returned to BI in good condition, it is removed from the lost spreadsheet without penalty to the customer. If it has been returned as damaged, it will no longer be logged with the full replacement cost, but rather the repair cost.). The total repair/replacement cost will be summed and this number compared to the dollar value of the allowance calculated above. The customer will be billed for any lost or damaged charges that exceed the allowance.

The Provider specifically assumes liability and agrees to defend, indemnify, and hold the City harmless for actions brought by the Provider’s own employees against the City and, solely for the purpose of this indemnification and defense, the Provider specifically waives any immunity under the Washington State industrial insurance law, or Title 51 RCW. The Provider recognizes that this waiver was specifically entered into pursuant to the provisions of RCW 4.24.115 and was the subject of mutual negotiation. CITY CMIS staff will post the most current versions of all applicable documents, reports, and operational guidelines to www.spokanecmis.org. Communications regarding updates to the website will be distributed via e-mail to current CMIS users or those that opt-in to the CMIS listserv (those wishing to opt-in to the CMIS listserv should submit a request to CMIS@spokanecity.org).

GRANTEE will submit questions regarding participation in the CMIS, including data collection responsibilities, via the support request tool in the CMIS. Those without access to the CMIS should submit their question(s) to CMIS@spokanecity.org.

B. VIOLENCE AGAINST WOMEN ACT (VAWA)/VICTIMS OF CRIME ACT (VACA)

If the GRANTEE is a designated Victim Service Provider, as defined under the Violence Against Women Act “VAWA” or the Victims of Crime Act “VOCA”, the GRANTEE must establish a comparable database that follows all HUD requirements. Upon request, the GRANTEE must provide aggregated data to fulfil contractual performance measures and validation of overall data quality within the comparable database. The CMIS Program Manager is responsible for certifying a database as “comparable”.

C. DATA QUALITY
The GRANTEE shall enter data into the CITY Community Management Information System for every client served under this Agreement in accordance with current HUD/CMIS Data Standards, the Data Quality Plan, and other quality/completeness standards as established by the local Continuum of Care. Client records shall be submitted and updated, as required, no less frequently than monthly on or before the 5th day of each month. CMIS required data elements are determined by the funder and the CMIS Committee of the Continuum of Care Board. GRANTEE shall submit a notice in the form of an email communication to City of Spokane CMIS, CMIS@spokanecity.org, on or before the 5th of the month. The email must contain the names of the projects for which data has been entered and must include a statement verifying that the data is both complete and accurate and a list of all projects reviewed for the month. All issues preventing accurate and complete data submissions in the CMIS shall be communicated through the CMIS support ticket system.

D. CMIS TRAINING

The GRANTEE shall ensure that all applicable staff are fully trained to operate in the CMIS within ninety (90) days of providing services under this Agreement.

Visit the City of Spokane CMIS Training website to register for training and for more information.

E. PROJECT BED/UNIT INVENTORY

GRANTEE shall utilize the CMIS housing inventory tool to manage the occupancy of units and update unit information as occupancy, or housing inventory, changes. All unit information shall be updated within forty-eight (48) hours of an occupancy change, or at whatever frequency is determined by mutual agreement between the GRANTEE and CITY. GRANTEE staff that are responsible for maintaining and/or updating the housing inventory shall attend offered training on the use and operation of the CMIS-based housing tool and will respond promptly to questions regarding housing inventory posed by the CITY. General Terms & Conditions

1. CONTRACTING WITH CURRENT OR FORMER CITY EMPLOYEES

Specific restrictions apply to contracting with current or former City officers and employees pursuant to the Code of Ethics in chapter 1.04A of the Spokane Municipal Code. Proposers shall familiarize themselves with the requirements prior to submitting a Proposal that includes current or former City officers or employees.

2. PROPRIETARY INFORMATION / PUBLIC DISCLOSURE

All materials submitted to the City in responses to this competitive procurement shall become the property of the City.

All materials received by the City are public records and are subject to being released pursuant to a valid public records request. Washington state law mandates that all documents used, received or produced by a governmental entity are presumptively public records, and there are few exemptions. Chapter 41.56 RCW.

When responding to this competitive procurement, please consider that what you submit will be a public record. If you believe that some part of your response constitutes legally protected proprietary information, you MUST submit those portions of your response as a separate part of your response, and you MUST label it as “PROPRIETARY INFORMATION.” If a valid public records request is then received by the City for this information, you will be given notice and a 10-day opportunity to go to court to obtain an injunction to prevent the City from releasing this part of your response. If no injunction is obtained, the City is legally required to release the records.

The City will neither look for nor honor any claims of “proprietary information” that are not within the separate part of your response.

3. OWNERSHIP OF DOCUMENTS

Any and all data, reports, analyses, documents, photographs, pamphlets, plans, specifications, surveys, films or any other material created, prepared, produced, constructed, assembled, made, performed or otherwise produced by the Firm or the Firm’s subcontractors or consultants for delivery to the City under this Agreement shall be the sole and absolute property of the City. Such property shall constitute “work made for hire” as defined by U.S. Copyright Act of 1976, 17 U.S.C. § 101, and the ownership of the copyright and any other intellectual property rights in such property shall vest in the City at the time of its creation. Ownership of the intellectual property includes the right to copyright, patent, and register, and the ability to transfer these rights. Material which the Firm uses to perform this Agreement, but is not created, prepared, constructed, assembled, made, performed or otherwise produced for, or paid for, by the City is owned by the Firm and is not “work made for hire” within the terms of this Agreement.

4. ACCEPTANCE PERIOD

Proposals shall remain in effect for ninety (90) days for acceptance by the City from the due date for receipt of Proposals.

5. COSTS TO PROPOSE

The City will not be liable for any costs incurred by the Proposer in preparation of a Proposal submitted in response to this RFP, in conduct of a presentation, or any other activities related to responding to this RFP.
6. **INTERLOCAL PURCHASE AGREEMENTS**

The City of Spokane has entered into Interlocal Purchase Agreements with other public agencies pursuant to Chapter 39.34 RCW. In submitting a response, the Proposer agrees to provide its services to other public agencies at the same contracted price, terms and conditions it is providing to the City of Spokane, contingent upon the Firm’s review and approval at the time of a requested contract. The Firm’s right to refuse to enter into a contract with another public agency at the time of request shall be absolute.

7. **DEBRIEFING OF UNSUCCESSFUL PROPOSERS**

Upon request, a debriefing conference will be scheduled with an unsuccessful Proposer. Discussion will be limited to a critique of the requesting Firm’s Proposal. Debriefing conferences may be conducted in person or on the telephone.

8. **MINORITY & WOMEN-OWNED BUSINESS PARTICIPATION**

The City encourages participation in all of its contracts by Firms certified by the Washington State Office of Minority and Women’s Business Enterprises (OMWBE). Proposers may contact OMWBE at (360)753-9693 to obtain information on certified Firms.

9. **NONDISCRIMINATION**

No individual shall be excluded from participation in, denied the benefit of, subjected to discrimination under, or denied employment in the administration of or in connection with this Contract because of age, sex, race, color, religion, creed, marital status, familial status, sexual orientation including gender expression or gender identity, national origin, honorably discharged veteran or military status, the presence of any sensory, mental or physical disability, or use of a service animal by a person with disabilities. The Firm agrees to comply with, and to require that all subcontractors comply with, Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act, as applicable to the Firm.

10. **BUSINESS REGISTRATION REQUIREMENT**

Section 8.01.070 of the Spokane Municipal Code states that no person may engage in business with the City without first having obtained and currently being the holder of a valid annual business registration or temporary business registration as provided in this chapter. The Firm shall be responsible for contacting the State of Washington Business License Services at [http://dor.wa.gov](http://dor.wa.gov) or 1-360-705-6741 to obtain a business registration. If the Firm does not believe it is required to obtain a business registration, it may contact the City’s Taxes and Licenses Division at 509-625-6070 to request an exemption status determination.

11. **PAYMENT**

Payment will be made via direct deposit/ACH except as provided by state law. A completed ACH application is required before a City Order will be issued. If the City objects to all or any portion of the invoice, it shall notify the Company and reserves the right to only pay that portion of the invoice not in dispute. In that event, the parties shall immediately make every effort to settle the disputed amount.

12. **ANTI-KICKBACK**

No officer or employee of the City of Spokane, having the power or duty to perform an official act or action related to this contract shall have or acquire any interest in the contract, or have solicited,
accepted or granted a present or future gift, favor, service or other thing of value from or to any person involved in the contract.

13. DISPUTES

This contract shall be performed under the laws of Washington State. Any litigation to enforce this contract or any of its provisions shall be brought in Spokane County, Washington.

14. TERMINATION

A. For Cause: The City or Consultant may terminate the Agreement if the other party is in material breach of this Agreement, and such breach has not been corrected to the other party’s reasonable satisfaction in a timely manner. Notice of termination under this Section shall be given by the party terminating this Agreement to the other, not fewer than thirty (30) business days prior to the effective date of termination.

B. For Reasons Beyond Control of Parties: Either party may terminate this Agreement without recourse by the other where performance is rendered impossible or impracticable for reasons beyond such party’s reasonable control, such as, but not limited to, an act of nature, war or warlike operation, civil commotion, riot, labor dispute including strike, walkout or lockout, except labor disputes involving the Consultant’s own employees, sabotage, or superior governmental regulation or control. Notice of termination under this Section shall be given by the party terminating this Agreement to the other, not fewer than thirty (30) business days prior to the effective date of termination.

C. For Convenience: Either party may terminate this Agreement without cause, upon thirty (30) days written notice to the other party.

D. Actions upon Termination: if termination occurs not the fault of the Consultant, the Consultant shall be paid for the services properly performed prior to the actual termination date, with any reimbursable expenses then due, but such compensation shall not exceed the maximum compensation to be paid under the Agreement. The Consultant agrees this payment shall fully and adequately compensate the Consultant and all subconsultants for all profits, costs, expenses, losses, liabilities, damages, taxes, and charges of any kind (whether foreseen or unforeseen) attributable to the termination of this Agreement.

E. Upon termination, the Consultant shall provide the City with the most current design documents, contract documents, writings, and other products the Consultant has produced to termination, along with copies of all project-related correspondence and similar items. The City shall have the same rights to use these materials as if termination had not occurred; provided however, that the City shall indemnify and hold the Consultant harmless from any claims, losses, or damages to the extent caused by modifications made by the City to the Consultant’s work product.

15. LIABILITY

The Firm shall indemnify, defend, and hold harmless the City, its officers, and employees from all claims, demands, or suits in law or equity arising from the Firm’s negligence or breach or its obligations under the contract. The Firm’s duty to indemnify shall not apply to liability caused by the sole negligence of the City, its officers, and employees. The Firm’s duty to indemnify for liability arising from the concurrent negligence of the City, its officers and employees and the Firm, its officers and employees shall apply only to the extent of the negligence of the Firm, its officers and employees. The Firm’s duty to indemnify shall survive
termination or expiration of the contract. The Firm waives, with respect to the City only, its immunity under RCW Title 51, Industrial Insurance.

16. INSURANCE COVERAGE
During the term of the contract, the Firm shall maintain in force at its own expense, each insurance coverage noted below:

A. Worker’s Compensation Insurance in compliance with RCW 51.12.020, which requires subject employers to provide workers’ compensation coverage for all their subject workers and Employer’s Liability Insurance in the amount of $1,000,000.

It shall include contractual liability coverage for the indemnity provided under this contract. It shall provide that the City, its officers and employees are additional insureds, but only with respect to the Firm’s services to be provided under this contract.

This is to cover damages caused by the error, omission, or negligent acts related to the professional services to be provided under this contract. There shall be no cancellation, material change, reduction of limits or intent not to renew the insurance coverage(s) without forty-five (45) days written notice from the Firm or its insurer(s) to the City.

As evidence of the insurance coverages required by this contract, the Firm shall furnish acceptable insurance certificates to the City at the time it returns the signed contract. The certificate shall specify all of the parties who are additional insured, and include applicable policy endorsements, and the deductible or retention level, as well as policy limits. Please provide the following information in order to document justification of an emergency noncompetitive procurement.

1. Identify which of the four circumstances listed in 2 C.F.R. § 200.320(f) justify a noncompetitive procurement:

☐ The item is available only from a single source

☑ The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation

☐ The Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the non-Federal

☐ After solicitation of a number of sources, competition is determined inadequate
2. Provide a brief description of the product or service being procured, including the expected amount of the procurement.

Extension of the scattered site church based program operated by Jewels Helping Hands to ensure shelter space as we also work to ramp down TRAC. $514,200 is needed to continue this program through 8/31/2024.

3. Explain why a noncompetitive procurement is necessary. If utilizing the exigency/emergency exception, the justification should explain the nature of the public exigency or emergency, including specific conditions and circumstances that clearly illustrate why procurement other than through noncompetitive proposals would cause unacceptable delay in addressing the public exigency or emergency. (Failure to plan for transition to competitive procurement cannot be the basis for continued use of noncompetitive procurement based on public exigency or emergency).

TRAC was reduced to 250 beds effective March 1st to work toward de-congregated shelter options. Additional shelter space is needed for both weather related emergency space and on-going surge shelter options.

4. State how long the noncompetitively procured contract will be used for the defined scope of work and the impact on that scope of work should the noncompetitively procured contract not be available for that amount of time (e.g., how long do you anticipate the exigency or emergency circumstances will continue; how long will it take to identify your requirements and award a contract that complies with all procurement requirements; or how long would it take another contractor to reach the same level of competence).

This program will operate from March 2, 2024 through August 30, 2024 at which time a regional shelter audit will be completed and incorporated into final decisions on the best model going forward.

5. Describe the specific steps taken to determine that full and open competition could not have been used, or was not used, for the scope of work (e.g., research conducted to determine that there were limited qualified resources available that could meet the contract provisions).

Emergency space was implemented during extreme cold weather. Several local churches offered to provide overnight space and Jewels Helping Hands got this program up and running, invested funds to increase bathroom facilities where needed and will continue to offer this shelter space as needed on a short term basis while final

6. Describe any known conflicts of interest and any efforts that were made to identify possible conflicts of interest before the noncompetitive procurement occurred. If no efforts were made, explain why. If a conflict of interest is unavoidable, such as due to exigent/emergency circumstances, explain how it was unavoidable and any steps taken to address the impact of that conflict of interest.

If the cost of the noncompetitive procurement is greater than the appropriate procurement threshold for department action, immediately contact the Purchasing Division or City Attorney’s Office as appropriate.

My department’s recommendation for noncompetitive procurement is based upon an objective review of the good/service being required and appears to be in the best interest of the City. I know of no conflict of interest on my part or personal involvement in any way with this request. No gratuities, favor, or compromising action have taken place. Neither has my personal familiarity with particular brands, types of equipment, materials or firms been a deciding influence on my request to sole source this purchase when there are other known suppliers to exist.

The Traffic Calming fund creates project lists based on several lenses, accounting for funding/project history, safety, new developments in neighborhoods, etc.

- How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?  
Accidents and before/after data can be collected, and we are working with the Spokane Police Department and various other departments receiving Traffic Calming funds to report out data and usage quarterly.

- How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

- Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

The Traffic Calming work group includes many City departments and staff- Integrated Capital Management; Engineering Services; Streets; Planning; Neighborhood Services; City Council and Mayoral staff. This inclusion and broad group is meant to support efforts across the City.

RESOLUTION NO. 2024-0028

A resolution regarding the approval of year 2025 traffic calming applications and projects to be paid through the Traffic Calming Measures Fund.

WHEREAS, the funds generated from automated traffic safety cameras are designed for neighborhood traffic calming projects which the neighborhoods themselves applied for; and

WHEREAS, the City Council historically has adopted several resolutions regarding the allocation of funds generated from automated traffic safety cameras, with the most recent allocation set forth in Resolution 2023-0063 for the "Cycle 11" projects; and

WHEREAS, on July 10, 2023, the City Council adopted Resolution 2023-0057, which institutes a new allocation criteria and funding process for traffic calming projects that incorporates a four-year funding cycle, commencing with year 2023 and continuing through year 2026, and further which takes into account historical investment of traffic calming funds invested in each council district, the comparative costs of individual projects, and the most favorable timing for commencement of each project; and

WHEREAS, throughout the years 2022 and 2023, City staff have conducted extensive outreach among and with the 29 neighborhoods in Spokane to finalize their list of priority traffic calming projects; and

WHEREAS, consistent with Resolution 2023-0057 and the expressed preferences of neighborhoods, the City Council endorses the use of traffic calming funds for the projects identified in this resolution, with the actual continuation of projects in 2025 to be as set forth in the resolution.

NOW, THEREFORE, BE IT RESOLVED that, consistent with Resolution 2023-0057; Resolution 2023-0063, and this resolution, the total cost of all projects approved for commencement in 2025 and charged to the Traffic Calming Fund shall not exceed $2,000,000, and shall be selected from among those projects identified on the attached Exhibit “A” which is incorporated herein by reference, and

AND IT IS FURTHER RESOLVED, that additional traffic calming projects for the years 2026-2027 shall be by separate resolution; and

AND IT IS FURTHER RESOLVED that nothing in this resolution shall be deemed to alter the allocations and funding set forth in the "Cycle 11" projects in

Agenda Wording
Pretreatment Ordinance Amendments - Wastewater Management

Summary (Background)
Amendments to SMC 13.03A regarding requirements for the City's Industrial Pretreatment Program. The proposed changes address typos in the text of the code. There are two noteworthy changes. 1.) The definition of significant non-compliance in 13.03A.0801 contains an error in timeframes for reporting. The timeframe is being edited to mirror language in 40 CFR Part 403. 2.) SMC 13.03A.1201 is being updated to read "applicable" pretreatment standards, rather than categorical pretreatment standards only. This change is in line with the intent of the rest of this section.

ORDINANCE NO. C36502

An ordinance relating to Pretreatment; amending SMC section 13.03A.0301; 13.03A.0408; 13.03A.0801; and 13.03A.1201; chapter 13.03A of the Spokane Municipal Code and setting an effective date.

The City of Spokane does ordain:

Section 1: That SMC section 13.03A.0301 is amended to read as follows:

**13.03A.0301 Permits as to Existing Sources, Existing Users [3.1]**

Any existing source or existing user determined by the Plant Manager to be an SIU not already permitted shall apply for a permit under this chapter. The Plant Manager may notify such persons of the requirement and allow up to sixty days for existing users and such time as required by federal law for existing sources, but this shall not exceed sixty days unless an applicant demonstrates it is entitled to additional time. This requirement also applies to existing permittees subject to new requirements under this chapter. Regardless of notification or other requirements, in no event shall an SIU subject to categorical standards fail to submit a baseline report within the one hundred eighty day deadline in 40 CFR §403.12(b). Baseline reports must be signed as provided in SMC 13.03A.0305(A) and fees will be assessed in accordance with SMC 13.03A.1401.

NOTE: Bracketed enumerations reference the numbering in the EPA Region 10 Model Ordinance of March 27, 2012.

Section 2: That SMC section 13.03A.0408 is amended to read as follows:

**13.03A.0408 Non-compliance Reporting [4.8 modified]**

If sampling performed by a user indicates a violation, the user must notify the Plant Manager within twenty-four hours of becoming aware of the violation. Within five (5) days following such discharge, the ((User)) user shall submit a detailed written report describing the cause(s) of the discharge and the measures to be taken by the ((User)) user to prevent similar future occurrences. Such notification shall not relieve the ((User)) user of any expense, loss, damage, or other liability which might be incurred as a result of damage to the POTW, natural resources, or any other damage to person or property; nor shall such notification relieve the ((User)) user of any fines, penalties, or other liability which may be imposed pursuant to this chapter. The user shall also repeat the sampling and analysis and submit the results of a repeat analysis to the Plant Manager within thirty days after becoming aware of the violation. Where the City has performed the sampling and analysis in lieu of the Industrial User, the City must perform the repeat sampling and analysis unless it notifies the ((User)) user of the violation and requires the ((User)) user to perform the repeat analysis. Resampling is not required if:

A. the City performs sampling at the user’s facility at least once a month, or
B. if the City performs sampling at the user between the time when the initial sampling was conducted and the time when the user or the City receives the results of this sampling. (See 40 CFR §403.12(g)(2)).

Any costs associated with sampling or resampling shall be borne by the user.

NOTE: Bracketed enumerations reference the numbering in the EPA Region 10 Model Ordinance of March 27, 2012.

Section 3: That SMC section 13.03A.0801 is amended to read as follows:

13.03A.0801 Annual Publication of Violators

A. Publishing.

The Plant Manager publishes within sixty days of the new year a list of the users which, at any time during the previous calendar year, were in significant non-compliance with applicable pretreatment standards and requirements. The list is published in a newspaper of general circulation in Spokane County. Costs of publication will be billed to the users listed as an additional cost of utility service.

B. The term “significant non-compliance” means:

1. Any violation of a pretreatment standard or requirement, including numerical limits, narrative standards, and prohibitions that the Plant Manager determines has caused, alone or in combination with other causes, interference or pass through, or otherwise endangered the health of POTW personnel or the general public.

2. Any discharge of a pollutant that has caused imminent endangerment to the public or to the environment, or has resulted in the Plant Manager's exercise of emergency authority to halt or prevent such a discharge.

3. Any violation(s), including of BMPs, which the Plant Manager determines will adversely affect the operation or implementation of the local pretreatment program.

4. Chronic violations of wastewater discharge limits, defined here as those in which sixty six percent or more of all of the measurements taken for the same pollutant parameter taken during a rolling six-month period exceed, by any magnitude, a numeric pretreatment standard or requirement, including instantaneous limits.

5. Technical review criteria (TRC) violations, defined here as those in which thirty three percent or more of wastewater measurements taken for each
pollutant parameter during a rolling six-month period equal or exceed the product of the numeric pretreatment standard or requirement, (including instantaneous limits, as referenced in Article II, multiplied by the applicable criteria. Applicable criteria are 1.4 for BOD, TSS, fats, oils and grease, and 1.2 for all other pollutants except pH. [“1.4” and “1.2” as used herein mean one hundred forty percent or one hundred twenty percent respectively of applicable permit limits.]

6. Failure to meet, within ninety days of the scheduled date, a compliance schedule milestone contained in a wastewater discharge permit or enforcement order for starting construction, completing construction, or attaining final compliance.

7. Failure to provide any required report within ((thirty)) forty-five calendar days after the due date. This includes initial and periodic monitoring reports and reports on initial compliance and on meeting compliance schedules.

8. Failure to accurately report non-compliance.

C. Applicability.

The criteria in subsections (B)(1) through (3) of this section are applicable to all users, whereas the criteria in subsections (B)(4) through (8) of this section are only applicable to SIUs.

Section 3: That SMC section 13.03A.1201 is amended to read as follows:

13.03A.1201 Upset [12.1]

A. For the purposes of this section, “upset” means an exceptional incident in which there is unintentional and temporary non-compliance with applicable pretreatment standards because of factors beyond the reasonable control of the user. An upset does not include non-compliance to the extent caused by operational error, improperly designed treatment facilities, inadequate treatment facilities, lack of preventive maintenance, or careless or improper operation.

B. An upset shall constitute an affirmative defense to punitive actions in response to non-compliance with applicable pretreatment standards if the requirements of subsection (C) of this section are met.

C. A user who wishes to establish the affirmative defense of upset shall demonstrate, through properly signed, contemporaneous operating logs, or other relevant evidence that:

1. an upset occurred and the user can identify the cause(s) of the upset;
2. the facility was at the time being operated in a prudent and workman like manner and in compliance with applicable operation and maintenance procedures; and

3. the user has submitted the following information to the Plant Manager within twenty four hours of becoming aware of the upset. If this information is provided orally, a written submission must be provided within five days:

   a. A description of the discharge and cause of non-compliance.

   b. The period of non-compliance, including exact dates and times or, if not corrected, the anticipated time the non-compliance is expected to continue; and

   c. Steps being taken and/or planned to reduce, eliminate, and prevent recurrence of the non-compliance.

D. In any enforcement proceeding, the user seeking to establish the occurrence of an upset shall have the burden of proof.

E. Users shall have the opportunity for a judicial determination on any claim of upset only in an enforcement action brought for non-compliance with applicable pretreatment standards unless otherwise required by law. Such opportunity may be conditioned on other requirements such as exhaustion of administrative remedies or other applicable conditions.

F. Users shall control production of all discharges to the extent necessary to maintain compliance with ((categorical)) applicable pretreatment standards upon reduction, loss, or failure of its treatment facility until the facility is restored or an alternative method of treatment is provided. This requirement applies in the situation where, among other things, the primary source of power of the treatment facility is reduced, lost, or fails.

Section 5: Effective Date. This ordinance shall take effect and be in force on __________________, 2024.
