LAND ACKNOWLEDGEMENT

We acknowledge that we are on the unceded land of the Spokane people. And that these lands were once the major trading center for the Spokanes as they shared this place and welcomed other area tribes through their relations, history, trade, and ceremony. We also want to acknowledge that the land holds the spirit of the place, through its knowledge, culture, and all the original peoples Since Time Immemorial.

As we take a moment to consider the impacts of colonization may we also acknowledge the strengths and resiliency of the Spokanes and their relatives. As we work together making decisions that benefit all, may we do so as one heart, one mind, and one spirit.

We are grateful to be on the shared lands of the Spokane people and ask for the support of their ancestors and all relations. We ask that you recognize these injustices that forever changed the lives of the Spokane people and all their relatives.

We agree to work together to stop all acts of continued injustices towards Native Americans and all our relatives. It is time for reconciliation. We must act upon the truths and take actions that will create restorative justice for all people.

Attached to this agenda sheet is the Human Services Committee Recommendations for the inclement weather RFP as well as a draft copy of the resolution authorizing HHS to contract with Catholic Charities and Jewels Helping Hands for inclement weather beds from 1/1/27-12/31/27. The inclement weather beds will be funded by 1590 funds with \$1 million available for inclement weather services. The attached resolution outlines \$978,000 of the available funds will be awarded to support the following inclement weather projects: Catholic Charities - \$678,000 House of Charity Shelter - Up to 35 beds for single men at approximately \$69 per bed per night St. Margaret's Shelter - Up to 13 beds for families with children (based on availability) at approximately \$75 per bed per night Jewels Helping Hands - \$300,000 Morning Star Shelter - Up to 20 beds for adult women at \$75 per bed per night The Inclement weather beds are activated in accordance with SMC 02.04.045, which dictates that inclement weather beds should be activated when the Wind Chill is predicted to be 32 degrees Fahrenheit or lower according to the National Weather Service or when the AQI reaches 201 or higher.

What impacts would the proposal have on historically excluded communities?

These funds will be used to support households experiencing homeless seeking safe, dry, warm shelter beds during inclement weather events in accordance with SMC 02.04.045.

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

All data will be entered into HMIS and reports will be given to Council and the community on program utilization. In addition to this, providers are required to update bed availability/inventory in ShelterMe Spokane on a daily basis for community members seeking shelter availability.

How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

Subrecipients are required to log inclement weather bed utilization in HMIS which allows us to better understand the supply and demand relationship for shelter beds in our community during inclement weather events as well as how funds may be shifted to support more beds for specific sub populations.

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

These projects align with SMC 02.04.045 as well as the CoC's Five Year Strategic Plan to End Homelessness.

RESOLUTION OF INTENTION TO MODIFY THE BOUNDARIES OF THE EAST

Agenda Wording

A resolution declaring the intention of the City Council to expand the boundary of the East Sprague Parking and Business Improvement Area to include additional properties westward along Sprague Avenue to Hatch Street, as authorized by RCW 35.87A.075.

Summary (Background)

Once annually, City Council is authorized by RCW 35.87A to modify the boundaries of a Parking and Business Improvement Area (PBIA) so long as the expansion area doesn't have a projected assessment greater than ten percent of the most recent assessment for the existing area. Modification of the PBIA must be adopted by ordinance after a public hearing and notification to effected properties. This Resolution establishes the intent to modify the boundary of the East Sprague PBIA. The existing PBIA ends at Erie Street and would be expanded westward to Hatch Street, near the University District Pedestrian Bridge. The East Sprague Ratepayer Advisory Board has conducted outreach to the property owners within the expansion area to introduce the support services to be offered by the PBIA. All effected property owners will be provided notice of the proposed expansion and will be given an opportunity to make comments and/or objections at the public meeting on October 21, 2026.

What impacts would the proposal have on historically excluded communities?

Administration and management of the East Sprague PBIA is conducted by the BID Manager, the East Spokane Business Association (ESBA). ESBA is tasked with assisting existing and potential businesses that want to be located with the PBIA, and this can include women and minority owned businesses that benefit from an entity that can manage district-wide marketing and events to attract customers that support local Spokane businesses.

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

The BID Manager completes an annual management plan as part of the annual special assessment process, which includes information on how the BID serves ratepayers. No specific information is broken down by racial, gender identity, or other metrics at this time. Feedback from ratepayers to the East Sprague Ratepayer Advisory Board is one avenue through which both the City and ESBA know if ratepayers believe they are receiving services commensurate with the collected special assessment.

How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

Expansion of the East Sprague Parking and Business Improvement Area has been in discussion with the property owners and businesses in the larger East Central neighborhood adjacent to the PBIA-area since early 2025. Businesses and property owners located within the University District Public Development Area have indicated an interest in having the PBIA expand to offer coordinated services such as area promotion, event planning, sidewalk snow removal, and more.

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

The creation and continuation of the East Sprague PBIA achieves a large goal from the 2014 East Sprague Targeted Investment Pilot (TIP) Advisory Board's Implementation Plan, in alignment with the recommendations from the Smart Growth America technical assistance grant report on how to achieve an economically vibrant neighborhood through targeted public and private investments. This resolution of intent to expand the PBIA boundaries is in response to community input to expand the existing boundary westward. Adding more assessment generating properties without, with minimal increases to service demands, supports economic development focused specifically on the East Sprague area. This is in alignment with the vision and

DIVISION STREET TRANSIT ORIENTED DEVELOPMENT (TOD) PLAN

Agenda Wording

Resolution recognizing the Division Street Transit Oriented Development (TOD) Plan, jointly developed by the City of Spokane, Spokane County, and the Spokane Transit Authority through a community-supported planning process, as guidance for strategic updates to the City's development code, zoning map, and infrastructure programming in coordination with construction of the Division Street Bus Rapid Transit route.

Summary (Background)

This cooperative plan resulted from a joint grant application between the City of Spokane, Spokane County, and the Spokane Transit Authority for funding from the Federal Transit Administration through the federal Pilot Program for Transit Oriented Development, supporting communities with planned light rail or bus rapid transit investments. This plan results from land use policy, zoning code, infrastructure and station area analysis for select station areas along the Division Street corridor to leverage upcoming bus rapid transit investments for adjacent development value.

What impacts would the proposal have on historically excluded communities?

No immediate operational impacts. Impacts occur as new development and infrastructure is programmed and budgeted consistent with this plan. This plan outlines long-term land use policies and updates to the development code.

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

This project assessed baseline conditions at focus areas, addressed transportation patterns, land use patterns, and demographic conditions. The project included multiple rounds of public engagement consisting of questionnaires, surveys, and online mapping activities, as well as public meetings and presentations. A Steering Committee made up of elected and non-elected City, County, and agency representatives from the project area provided guidance and feedback throughout the study.

How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

Ongoing engagement will continue using these assessment strategies to adjust land use policies and development codes and to consider implementation strategies for proposed solutions and policy recommendations. Subsequent investments, plans, policy changes and studies will be measured using these same methods to determine changes as compared to baseline conditions. Future planning and infrastructure projects will continue seeking public input using these methods and will continue using market analysis methods to assess changes in conditions.

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

This proposal aligns with key land use policies in the City's Comprehensive Plan, as well as neighborhood and subarea plans and studies, including: Chapter 3, Land Use: • LU 2: Public Realm Enhancement • LU 3: Efficient Land Use • LU 4: Transportation o LU 4.6: Transit-Supported Development Chapter 4, Transportation: • TR 2: Transportation Supporting Land Use • TR 5: Active Transportation • TR 6: Commercial Center Access • TR 7: Neighborhood Access • TR 9: Promote Economic Opportunity Chapter 7, Economic Development: • ED 2: Land Available for Economic Activities • ED 3: Strong, Diverse, and Sustainable Economy This project also aligns with previous studies and plans conducted by the Spokane Transit Authority

AN ORDINANCE EXPANDING THE BOUNDARIES OF THE EAST SPRAGUE

Agenda Wording

An ordinance expanding the boundary of the East Sprague Parking and Business Improvement Area to include additional properties westward along Sprague Avenue to Hatch Street, as authorized by RCW 35.87A.075.

Summary (Background)

Once annually, City Council is authorized by RCW 35.87A to modify the boundaries of a Parking and Business Improvement Area (PBIA) so long as the expansion area doesn't have a projected assessment greater than ten percent of the most recent assessment for the existing area. Following a Resolution of Intent, modification of the PBIA must be adopted by ordinance after a public hearing and notification to effected properties. This Ordinance will modify the boundary of the East Sprague PBIA to add new parcels. The existing PBIA ends at Erie Street and would be expanded westward to Hatch Street, near the University District Pedestrian Bridge. A concurrent amendment of Spokane Municipal Code Section 04.31C.020 is also required to update the codified boundaries of the PBIA. The East Sprague Ratepayer Advisory Board has conducted outreach to the property owners within the expansion area to introduce the support services to be offered by the PBIA. All effected property owners will be provided notice of the proposed expansion and will be given an opportunity to make comments and/or objections at the public meeting on October 21, 2026.

What impacts would the proposal have on historically excluded communities?

Administration and management of the East Sprague PBIA is conducted by the BID Manager, the East Spokane Business Association (ESBA). ESBA is tasked with assisting existing and potential businesses that want to be located with the PBIA, and this can include women and minority owned businesses that benefit from an entity that can manage district-wide marketing and events to attract customers that support local Spokane businesses.

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

The BID Manager completes an annual management plan as part of the annual special assessment process, which includes information on how the BID serves ratepayers. No specific information is broken down by racial, gender identity, or other metrics at this time. Feedback from ratepayers to the East Sprague Ratepayer Advisory Board is one avenue through which both the City and ESBA know if ratepayers believe they are receiving services commensurate with the collected special assessment.

How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

Expansion of the East Sprague Parking and Business Improvement Area has been in discussion with the property owners and businesses in the larger East Central neighborhood adjacent to the PBIA-area since early 2025. Businesses and property owners located within the University District Public Development Area have indicated an interest in having the PBIA expand to offer coordinated services such as area promotion, event planning, sidewalk snow removal, and more.

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

The creation and continuation of the East Sprague PBIA achieves a large goal from the 2014 East Sprague Targeted Investment Pilot (TIP) Advisory Board's Implementation Plan, in alignment with the recommendations from the Smart Growth America technical assistance grant report on how to achieve an economically vibrant neighborhood through targeted public and private investments. This resolution of intent to expand the PBIA boundaries is in response to community input to expand the existing boundary westward. Adding more assessment generating properties without, with minimal increases to service demands, supports economic development focused specifically on the East Sprague area. This is in alignment with the vision and

CONTRACT AMENDMENT TO OPR 2025-0785: HOUSING NAVIGATION CENTER

Agenda Wording

Contract amendment to OPR 2024-0785 with Jewel's Helping Hands for operation of the Housing Navigation Center to: (1) extend operating hours, (2) add funding for to-go meal service, and (3) extend the contract term by three months.

Summary (Background)

The Housing Navigation Center (HNC), operated by Jewel's Helping Hands under OPR 2025-0785, is a physical location for providing connections to longer term housing and service options. The HNC currently operates from 8am to 6pm, 7 days a week. In response to community need to expand guest access, this amendment extends operating hours to 7am to 8pm and adds funding for to-go dinner services, since guests will now be present through the dinner hour under the new schedule, and extends the contract term to the end of the state fiscal year (6/30/27). Amendment terms: 1. Expand hours of operation from 8:00am to 6:00pm (10 hours) to 7:00am to 8:00pm (13 hours) 2. Add funding for to-go dinner services provided during evening operating hours now that the Center remains open through dinner, at an estimated \$2.50 per meal for 125 guests per day (\$312.50/day) 3. Extend the contract term by three (3) months from April 1, 2027 to June 30, 2027, aligning with the SFY27 fiscal year end

What impacts would the proposal have on historically excluded communities?

This project reduces housing and service disparities for people disproportionately impacted by homelessness – particularly BIPOC, disabled, and other historically excluded residents – by directly connecting individuals to emergency housing, Coordinated Entry access, documentation gathering, and connection to basic health care, food and income benefits, employment opportunities, transportation, and providers that deliver culturally responsive, trauma-informed care.

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

All data will be entered into HMIS and quarterly reports will be given by HMIS to Council on program outcomes.

How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

This project follows the Spokane Regional Five-Year Plan to Prevent and End Homelessness, including performance measures as defined in the Five-Year Performance Management Plan.

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

This project aligns with the H.O.M.E. Starts Here Initiative and the Spokane Regional Five-Year Plan to Prevent and End Homelessness.

CONTRACT AMENDMENT TO OPR 2026-0190: SCATTERED SITE SHELTERS

Agenda Wording

Contract amendment to OPR 2026-0190: amending the scope of work to add the Aurora Center as a shelter location under the Scattered Site Shelters contract starting 11/1/26 for 16 beds through 6/30/27, and increasing funds to cover operating expenses.

Summary (Background)

Jewel's Helping Hands currently operates four (4) scattered-site emergency shelters under a single contract (OPR 2026-0190). In November 2025 under Executive Order 2025-0003, they opened the Aurora Center shelter for LGBTQ+ adults, under contract OPR 2025-0159. The Aurora Center's current shelter contract concludes October 31, 2026. Effective November 1, 2026, the Aurora Center will be added as a shelter location under Jewel's Helping Hands Scattered Site Shelters contract (OPR 2026-0190), to maintain 16 shelter beds for LGBTQIA+ adults through the SFY2027 fiscal year end. This amendment modifies the scope of work and increases contract funding to cover the operating expenses associated with the shelter.

What impacts would the proposal have on historically excluded communities?

This project reduces housing and service disparities for people disproportionately impacted by homelessness – particularly BIPOC, disabled, LGBTQIA+, and other historically excluded residents – by directly connecting individuals to emergency housing and providers that deliver culturally responsive, trauma-informed care.

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

All data will be entered into HMIS and quarterly reports will be given by HMIS to Council on program outcomes.

How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

This project follows the Spokane Regional Five-Year Plan to Prevent and End Homelessness, including performance measures as defined in the Five-Year Performance Management Plan.

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

This project aligns with the H.O.M.E. Starts Here Initiative and the Spokane Regional Five-Year Plan to Prevent and End Homelessness.

1. DESCRIPTION

Program Overview:

Jewels Helping Hands (JHH) currently operates a 16-bed emergency shelter specifically designed to serve LGBTQ+ adults ages 18 and older experiencing homelessness under OPR 2026-0159. Starting November 1, 2026, this shelter will come under the umbrella of scattered site emergency shelters operated by Jewels Helping Hands.

The shelter will provide a low-barrier, trauma-informed, and affirming environment that prioritizes safety, dignity, and pathways to permanent housing. The project will be located within a scattered-site model and the location offers privacy, accessibility, and a calm environment conducive to stabilization.

Objectives:

- Provide safe, affirming shelter for LGBTQ+ individuals who face barriers in traditional shelter systems.
- Deliver culturally competent, trauma-informed care through trained staff.
- Connect guests to community resources for housing, employment, and wellness resources.
- Reduce harm and promote stability by offering individualized plans and low-barrier access.

Access and Intake:

- Referral-Only Model: All guests must be referred through the 24/7 intake line.
- Low-Barrier Entry: Guests are not screened out based on sobriety, documentation, or behavioral history.
- Structured Environment: Upon arrival, guests review and sign a Good Neighbor Agreement outlining expectations and community standards.
- Curfew enforcement (8:00 PM)

Target Population:

- Primary Population: LGBTQ+ adults ages 18 and older experiencing homelessness in Spokane. Individuals who identify as lesbian, gay, bisexual, transgender, queer/questioning, or other sexual and gender minorities (2SLGBTQ+).
- Priority Groups: Individuals facing discrimination or unsafe conditions in traditional shelter settings. Individuals with co-occurring behavioral health or substance-use challenges. People with chronic health conditions or disabilities require a low barrier, affirming environment. Individuals who have experienced trauma, violence, or exploitation related to their identity.

Why This Population?

LGBTQ+ individuals experience homelessness at disproportionately high rates and often face barriers to accessing safe, culturally competent shelter services. This program addresses those gaps by providing an affirming, traumatically informed space that prioritizes dignity, safety, and pathways to housing.

NORMAN-JEFFERSON BUILDING (WINDSOR HOTEL & ANNEX) NOMINATION

Agenda Wording

The Spokane Historic Landmarks Commission reviews properties for listing on the Spokane Register of Historic Places to ensure that they meet the criteria set out in SMC 17D.100. The Norman-Jefferson Building was constructed in 1908 and 1910 and has been found to meet the criteria set forth for such designation, and a management agreement has been signed by the owner.

Summary (Background)

The Spokane Historic Landmarks Commission reviews properties for listing on the Spokane Register of Historic Places to ensure that they meet the criteria set out in SMC 17D.100. The Norman-Jefferson Building (originally the Windsor Hotel and Windsor Annex) at 1121 and 1129 W 1st Avenue were constructed as separate buildings in 1908 (Jefferson) and 1910 (Norman) and were internally combined in the early 1950s. The building has been found to meet the criteria set forth for such designation, and a management agreement has been signed by the owner.

What impacts would the proposal have on historically excluded communities?

This contract would have no meaningful impact on historically excluded communities.

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

That specific data is not something that is collected by the Historic Preservation Department.

How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

The Historic Preservation Office's primary responsibility is to protect historic properties and neighborhoods in Spokane. The more properties that are listed on the Spokane Register, the more ability we have to offer incentives that help keep those properties viable and in use. As we list additional properties, we increase our ability to protect Spokane's historic resources.

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

Findings of Fact and Decision for Council Review

Nomination to the Spokane Register of Historic Places

Windsor Hotel and Windsor Annex (Norman-Jefferson Building)– 1121-29 W 1st Avenue

FINDINGS OF FACT

1. **SMC 17D.100.090: "Generally a building, structure, object, site, or district which is more than fifty years old may be designated an historic landmark or historic district if it has significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, county, state, or nation."**
 - Originally built in 1908 (Windsor Hotel - Jefferson) and 1910 (Windsor Annex – Norman); the Norman-Jefferson Building meets the age criteria for listing on the Spokane Register of Historic Places.
2. **SMC 17D.100.090: The property must qualify under one or more categories for the Spokane Register (A, B, C, D, E).**
 - The Norman-Jefferson Building The 1908-1910 Norman-Jefferson Building is listed as a contributing structure in Spokane's West Downtown Historic Transportation Corridor National Register Historic District. Constructed during downtown Spokane's most significant growth period, 1900 to 1910, when the city's population surged from 36,848 in 1900 to 104,402 by 1910, the building is eligible under Category A "Broad Patterns of Spokane History" as a fine example of a Single Room Occupancy Hotel (SRO). SROs are a distinct type of working-class housing with 3-4 stories of housing above commercial spaces meant to service the upstairs residents.
 - While SROs appeared throughout the downtown Spokane area, the greatest surviving concentration is found in the National Register Historic District known as the West Downtown Historic Transportation Corridor, primarily along West 1st Avenue where an extant row of them remains in use. (The block face along the south side of 1st Avenue between Madison and Jefferson streets is that extant row, although the buildings are no longer SROs).
 - The Norman-Jefferson consists of two red brick buildings that were "knitted" together to share a single common wall and yet function as two separate buildings (constructed by separate owners). The Jefferson was completed in 1908 and originally named the Windsor Hotel. The Norman was constructed in 1910 as the Windsor Annex and during its construction was joined to the Windsor Hotel by lacing each course of bricks to create a "seamless" juncture. The two buildings are now considered as a single entity, the Norman-Jefferson.
 - Also eligible for the Spokane Register of Historic Places under Category C, Architecture, the three-story red brick building is a good example in the downtown of a mid-block, and a corner vernacular commercial building. With commercial use on the ground floor and hotel rooms on the second and third floors, the building function is consistent with its neighboring single room occupancy hotels to the east. It's basalt rubble and brick foundation, symmetrical brick façade, voussoired flat-arched and round-arched window bays, decorative brick belt courses, keystones and cornice, are characteristic commercial building features of the first decade of the 20th century.
 - The design teams for both buildings included architect Arthur Cowley and either his partner (Rigg) or collaborators (Keith and Whitehouse). This continuity of designer facilitated the duplication in design of the Windsor Annex to meet that of the Jefferson.
3. **SMC17D.100.090: "The property must also possess integrity of location, design, materials, workmanship, and association." From NPS Bulletin 15: "Integrity is the ability of a property to convey its significance...it is not necessary for a property to retain all its historic physical features...the property must retain, however, the essential physical features that enable it to convey its historic identity."**
 - The Norman-Jefferson Building has retained its location, design, setting and association, and still retains most of its materials and workmanship on the exterior. The Jefferson portion of the building, however,

has been altered by the replacement of the original double-hung wood sash windows. Both buildings, as is typical for downtown buildings, have had alterations to the original storefronts. As a result of its overall integrity, it is eligible for listing on the Spokane Register of Historic Places.

4. Once listed, this property will be eligible to apply for incentives, including:

Special Valuation (property tax abatement), Façade Improvement Grants, Spokane Register historic property plaque, and special code considerations.

RECOMMENDATION

The Windsor Hotel and Annex (Norman-Jefferson Building) is eligible for listing on the Spokane Register under Category A due to its history as an SRO in downtown Spokane built during the decade of our greatest growth **and under Category C** in the area of architecture for its design by Arthur Cowley (and partners) and as a good example of the commercial vernacular type in downtown Spokane.

The Spokane Historic Landmarks Commission reviewed the nomination on 8/19/2026 and recommended its listing.

Secretary of The Interior's Standards

- 1.** A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.
- 2.** The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
- 3.** Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.
- 4.** Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.
- 5.** Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a historic property shall be preserved.
- 6.** Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.
- 7.** Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.
- 8.** Significant archeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.
- 9.** New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.
- 10.** New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

SUMMARY STATEMENT

The Norman-Jefferson consists of two red brick buildings that were “knitted” together to share a single common wall and yet function as two separate buildings (constructed by separate owners). The Jefferson was completed in 1908 and originally named the Windsor Hotel. The Norman was

Figure 1: Norman-Jefferson - Northwest corner, looking southeast

constructed in 1910 as the Windsor Annex and during its construction was joined to the Windsor Hotel by lacing each course of bricks to create a “seamless” juncture. The two buildings are now considered as a single entity, the Norman-Jefferson.

The three-story unreinforced brick buildings are symmetrically arranged and share common elements

including a projecting pressed tin cornice with dentils that spans the facades of both buildings. Additionally, both front facades are detailed with white terra cotta outside corner quoins, windowsills and flat window arches with terra cotta keystones and springers. Finally, the centered main entrances of each building are identical with a slightly projecting classical entablature, entry landing and recessed entry door. Flat recessed-panel pilasters mark the corners and the juncture of the two buildings.

DESCRIPTION OF PROPERTY – CURRENT CONDITION AND APPEARANCE

Context

The Norman-Jefferson is in the West End of downtown Spokane at 1121-1129 West 1st Avenue, at the southeast corner of 1st Avenue and Jefferson Street. Railroad Alley forms the southern boundary of the site. The Commercial Building forms the eastern boundary at the east wall of the Norman. Across 1st Avenue to the north is the former Greyhound Bus Depot, now vacant. KHQ Television is kiddy-corner to the northwest and the Parsons Hotel is to the west at the southwest corner of the intersection. The block in which the Norman-Jefferson is located and the bracketing corners at 1st Avenue and Madison Street and 1st Avenue and Jefferson Street is the best intact row of former SROs in the city. Six buildings comprise this assemblage, with three listed in the Spokane Register of Historic Places: the Madison (1910), the Willard (1911, now Indigo Hotel), and the Commercial Block (1906); and the yet to be listed, Norman-Jefferson (1910, 1908), and Parsons (1910).

North Façade

Facing north on the south side of 1st Avenue at the southeast corner of 1st Avenue and Jefferson Street, the three-story unreinforced brick buildings are laid in running bond, symmetrically arranged, and share common elements including a projecting pressed tin cornice with dentils that spans the facades of both buildings. Additionally, both front facades are detailed with white terra cotta outside corner quoins, window sills and flat window arches with terra cotta keystones and

springers. Finally, the centered main entrances of each building are identical with a slightly projecting classical entablature, entry landing and recessed entry door. Flat recessed-panel pilasters mark the corners and the juncture of the two buildings. A white glazed terra cotta header cornice terminating the tops of the storefront windows runs between the entry entablatures and outside corners. The cornice wraps the northwest corner and extends over the storefront window on the west façade. The storefronts are mostly boarded up and have been altered over the years. Only the westerly bay of the Norman retains original leaded glass transom that spans between the entry entablature and the pilaster at the building juncture.

The Jefferson has a slightly darker brick tone than the Norman. This is most evident at the juncture of the two

Figure 2: Norman-Jefferson - Front facade, looking south

buildings at the seam of the overlapping bricks. The Jefferson is divided into three paired and equally-spaced window bays. The original one-over-one wood sash was replaced by a previous owner several years ago. The current sash is white vinyl and divided into four lights. As mentioned previously, each window opening is framed by projecting white glazed terra cotta sills, plain brick jambs, and flat arches with pronounced voussoired glazed white terra cotta keystones and springers. Painted wood brick moldings are set within the openings. Above the projecting cornice the parapet wall is accentuated by projecting brick piers at the corners and a slightly ascending slope to a low stepped pediment. Within the pediment is a recessed panel with a faded "The Jefferson" sign. A painted flat metal coping caps the wall.

The Norman is also divided into three major bays with a centered single window opening flanked by paired double-hung one-over-one wood sash windows. The sill and arch details are identical to the Jefferson. Above the cornice, is a flat parapet wall capped by a painted sheet metal coping.

The Jefferson's west façade fronts along the east side of Jefferson Street. The Jefferson is a composition of two or three building additions melded into one building. In 1905 the owner had constructed a one (or two) story brick building on this 50' by 156' lot. At the time of construction, he indicated that he could add two more floors. It cannot be determined either from building records or the structure itself how the additional stories meshed with the original structure; but based on advertising signs on the interior brick walls and the brick color tones on the south half it appears that walls and framing from the original buildings are extant. The building is topped with an EPDM fabric roof.

The three-story front façade faces north along 1st Avenue. A contributing building within the West Downtown Historic Transportation Corridor National Historic District, the building is at the west end block adjacent to the three-story brick Commercial Building. The Norman and

Jefferson are both single-room-occupancy (SRO) hotels as was the adjacent Commercial Building. The block is fully intact with the Indigo (former Willard Hotel) anchoring the east quadrant, the Commercial Building in the middle and the Norman-Jefferson anchoring the west end.

East and West Elevations

The west elevation of the Jefferson Hotel fronts along Jefferson Street, while its east wall is shared with the Norman Hotel which abuts it to the east. The east elevation of the Norman abuts the adjacent three-story brick Commercial Building which is not as deep as the Norman-Jefferson. Thus, the southern fifty feet of the Norman's east elevation is exposed. Four boarded-up window bays are on the first floor. Brick header sills and segmental arches frame the openings. The red brick wall above is flat and featureless without openings (there are internal lightwells).

Figure 3: Norman - East facade, looking west

The west elevation reveals the phased construction of the Jefferson Hotel with two distinct segments-north to south and second to third floor. The owner and builder, H. E. Oechsli, operated a meat and poultry business on the lot and originally built a one-story brick building in 1905. He added two more stories and completed the building as the Windsor Hotel in 1908. The colors of the interlocking brick fields at the second-floor level and the detailing of the ground floor façade indicate at least two stages of construction. The third story with pressed tin cornice and pedimented parapet wall ties the elevation into a single entity. The brick patterns and ground floor indicate that construction was phased, but does not reveal the sequence.

The major difference of the phasing is shown on the ground floor and the juncture of the brick walls on the second floor. The southern segment, defined by the lighter color brick and steel beam header at the juncture of the first and second floors occupies slightly more than half the façade. The building's interior includes an east-west brick wall with bricked-in doors and windows that separate the northern and southern segments. The north end of the south segment is highlighted by a classical entry fabricated of pressed tin in the form of two flat columns supporting a broken swan's neck pediment. Flanking sidelights with recessed panel bulkheads walls and a tripartite transom with three separated lights topped by a slightly projecting cornice are included within the entry assembly. The door is blocked

Figure 4: Jefferson - Southwest corner and west facade, looking northeast

Figure 5: Jefferson - West Facade, main entrance

and the sidelights are covered over with plywood panels. A second entry with a projecting concrete step is adjacent to the south. This door opening and transom band are also covered over with plywood panels. A storefront occupies the bulk of the ground floor façade. The storefront consists of a centered and recessed entry bay. Fronting the bay is a Union Iron square column that supports the mid-point of the steel I-beam supporting the span between the southwest corner and the pressed tin cornice of the Classical door opening. A single door is within the entry and the angled side panels are clad with plywood panels. The storefronts are not original and each side consists of four large fixed vertical glass panels with a horizontal plywood panel separating the horizontal row of glass transom windows.

The northern segment of the building's first floor, north of the classical entry, is flat with two groups of openings and a boarded-up shopfront window on the northwest corner. Within the flat wall between the classical entry at mid-building and the corner storefront window are two door openings, each flanked by single window openings (boarded-up). The openings are topped with segmental arches composed of voussoired brick arches formed by four rows of headers. The tops of the window arches are at the same level, while the tops of the larger centered openings are a brick course higher. Slightly projecting header sills frame the bottoms of the window openings. The northerly composition consists of a window with a low sill, the centered and wider door opening, and the window on the south side with a high sill. (The larger centered opening may have been a display window rather than door opening since it currently has a low glass panel bulkhead). The southerly door and window openings are configured similarly, with the north opening, a narrow door, and the south opening, a low sill window. As with the center opening in the north openings, the larger opening may have been a display window rather than door.

Figure 6: Jefferson - west facade, north section

The second and third floors are identical with eleven full-sized window bays and two quarter-sized bays; the third-floor windows aligned over those of the second floor. The bays of the northerly segment are arranged from north to south with a pattern of a full-size bay, quarter size bay and full-size bay creating a symmetrical composition. This pattern is repeated in the next group of two large bays flanking the quarter-size bay. A single bay finishes the northerly segment as it meshes into the windows of the south segment. The six window openings of the south segment are identical in height and arch and sill configuration, but they are about eight inches narrower. With the exception of bays 2 and 3 (from north), the bays are equally-spaced in the façade. Other than the slight difference in widths, the window openings are identical with

slightly projecting brick header sills and segmental voussoired brick arches in which flat-arch window sash is set. The arches are composed of four slightly projecting brick header rows.

The original one-over-one light wood sash was replaced in ca. 2009 with a four-part vinyl sash in the northern segment and one-over-one sash in the southern segment. The original wood brick moldings have been retained.

The elevation is further unified by a projecting pressed tin cornice with dentils that spans the field above the windows from corner to corner. The corners project slightly above the parapet wall which inclines slightly to a low stepped pediment centered in the façade. Within the pediment (similar to the north façade) is a recessed panel which is currently blank.

Rear Elevation

The rear elevation is flat with the juncture of the two buildings on the same plane. As with the front, the two buildings are stitched together, but rather than an overlapping of each course, the locking seam consists of a block of five brick courses from the Norman inset about 4 inches into the Jefferson wall every seven or so courses. The parapet walls are the same height and both are capped with a sheet metal coping which overlap at the juncture seam. Four window bays are within the second and third floors of the Jefferson elevation and five bays within the Norman elevation. The windows are framed by slightly projecting brick header sills, plain brick jambs,

Figure 7: Jefferson-Norman - Rear (south) facade, looking northeast

and segmental arches formed by a triple row of voussoired brick headers. The brick forming the arches in the Jefferson project slightly, while those in the Norman are flush. The Jefferson sash has been replaced by vinyl sash while the Norman retains its original one-over-one double-hung wood sash but it is badly weathered with missing elements. The original fire escapes with ladders to the roof and centered in the Jefferson and Norman elevations at the second and third floor levels.

window openings (boarded up) with slightly projecting brick header sills and segmental-arches formed by a triple row of voussoired brick headers. In the east corner is a single pedestrian door set within a boarded loading bay. A metal louver vent is above the door. The door itself is recessed about three feet.

The ground floor of the Norman is a more active façade with bays that at one time opened shop fronts to the alley. It appears that two bays opened to the south, framed by brick walls and a steel I-beam header. The façade is a patchwork of plywood panels. The westerly bay includes a row of transom windows (about 10 lights), while the easterly bay has plywood panels covering the upper portion of the bay where transoms would typically be located.

The rear ground floor of the Jefferson is painted brick in which are set four high

Interior

The two buildings are joined near their midsection by a common stairwell and elevator lobby. The Jefferson is comprised of two segments with a brick wall that runs east-west next to the Classical entry of the south segment. This wall extends from the basement through the third floor. The Norman is a single structure extending from 1st Avenue to Railroad Alley.

A basement divided into a variety of spaces is beneath both buildings. The floors are concrete, walls are basalt rubble, concrete and brick. The ceilings are exposed floor joists. Other than mechanical equipment and storage, the basement rooms were not in public use.

The first floor of the Jefferson includes the Spokane Boxing workout room in the southern segment of the building with an entrance on Jefferson Street, and the abandoned retail spaces accessed from the front façade on First Avenue in the northern segment. The Spokane Boxing space consists of the workout floor and small utility room and restrooms on the north end. The floor is plywood and hardwood strip, the walls are exposed brick and the ceiling consists of the exposed joists of the second floor.

Figure 8: Jefferson - Spokane Boxing first floor, looking south along west wall

Figure 9: Jefferson - First floor, looking north along east wall

The front spaces of the ground floor have been gutted, but originally were divided into two spaces, with street entries flanking the central main entrance. This entrance provides access to the central stairwell, the main access to the second and third floors. Within this center stairway structure are ground floor stairways that provide access to the two sections of the basement. The interior materials consist of exposed brick, exposed floor joists and wooden subfloor. The southern brick wall, with bricked in door and window openings suggests that it was an exterior wall of the original

building. An opening in the wall provides access to a hallway which reaches west to the original Jefferson Street entry. This door opening is near the juncture with the Norman building to which another door opening has been cut providing access to a common elevator/stair lobby. Note that the construction stairs and elevator are recent additions; the elevator is currently not functioning.

The construction stairs (open and unfinished) provide access to the second and third floors, each with an elevator/stair lobby between the two buildings. A new door opening has been cut into the wall of the Jefferson building that opens to the south segment. This floor has been gutted down to a plywood/board subfloor, brick walls and exposed floor joist ceilings. In about the midsection of the east wall (shared with the Norman) is a bump window well that provides an interior natural light source. The interior window trim is all that remains of the original interior of the Jefferson. An opening has been cut into the brick wall dividing the north and south segment that opens to the north segment which is essentially the same as the south. Subfloor, plywood and wood strip floor, brick walls, exposed floor joist ceiling and lightwells on the east wall. The stairwells down to the ground floor (and main entry) and up to the third floor are in the center of the north segment. In both cases, portions of the original stairs are extant and missing elements are stored in the basement. It is not known if all of the original railings and balusters are available.

Figure 10: Jefferson 3rd floor north section, looking south from north wall

The main stairs between the second and third floors are walkable and at the third level the floor opens to a single room (walls of original apartments removed) with a view of the wall dividing the north and south segments. An opening cut into the wall removes a portion of a painted wall sign "The SA....Stables" (ca. 1905-1908). The floor consists of subfloor, strip flooring, and vinyl tiles. Walls are exposed brick with original window trim extant. The ceiling

rafters are exposed through which the roof framing can be seen. Window lightwells are along the east wall. The southerly segment is essentially the same: original wood strip flooring which shows the pattern of the walls of the former apartments, bare brick walls, and exposed ceiling rafters.

Norman Hotel

A door opening cut into the northeast corner of the southerly segment opens to the third floor elevator lobby and Norman Hotel. The Norman is a single space defined by the perimeter walls of the building. Room divisions are created by 2x4 to 2x6-inch wood studs. As with the Jefferson, the walls have been stripped to bare brick and the ceiling rafters/floor joist ceilings are exposed. Most of the original framing of the central corridor, which runs through the entire building from the main central stairwell in the front (north) portion to the fire escape window on the south exterior wall, is extant. Most of the cross framing which formed the individual apartment units has been removed leaving pattern of the rooms in the wood strip and vinyl tile flooring. Lightwells are along both the west (shared with the Jefferson) and east walls. Four sets of lightwells are in the perimeter walls. The northern portion of the east wall is adjacent to an

existing building while the southern lightwell, although internal, is against an exterior wall above a parking lot.

The stairwell on the third floor is open and framed by the original balusters. The stairs down to the second floor are largely intact with spindles, railings, newel posts and original steps extant. The second floor is essentially the same as the third floor. The stairwell from the second floor to the ground floor and main entrance are in poor condition and not safely passable.

Access to the ground floor was available on the construction stairs accessed from the stair/elevator lobby. The space is open with the walls stripped to wood studs and bare brick, exposed floor joist ceiling and wood strip and plywood panel floor. A difference in grade results in a four-foot platform for the southern portion of the floor.

Figure 11: Norman 3rd floor, looking north at central stairwell

The front portion of the room was historically divided into two store bays with doors opening to 1st Avenue on either side of the central main entry. The southern portion of the room is somewhat a mishmash of spaces with two to three shop fronts opening to the alley. It appears that there were active shop fronts along the alley paralleling the Northern Pacific railroad tracks.

ORIGINAL APPEARANCE & SUBSEQUENT MODIFICATIONS

The Norman-Jefferson is largely intact with no major exterior modifications beyond the evolution of the storefronts along 1st Avenue and Jefferson Street, and the replacement of the second and third floor windows of the Jefferson. Currently ground floor windows and door openings on the ground floor are boarded, but these will be reopened, refurbished and reconstructed in the pending renovation of the building pursuant to the National Park Service's Federal Investment Tax Credit for Historic Preservation approval process.

Three previous owners of the building have proposed a renovation of the buildings, but other than removing the historic interior walls, lath and plaster ceilings and wall covering, little substantive work has been completed.

SUMMARY STATEMENT

Significant under Category A – Broad Patterns of Spokane History

The 1908-1910 Norman-Jefferson Building is listed as a contributing structure in Spokane's West Downtown Historic Transportation Corridor National Register Historic District. Constructed during downtown Spokane's most significant growth period, 1900 to 1910, when the city's population surged from 36,848 in 1900 to 104,402 by 1910. The building(s) retains good integrity of design, materials, workmanship, feeling and association.

The Norman-Jefferson is considered to be a single building, although the Jefferson was completed in two or three phases between 1905 and 1908 as the Windsor Hotel. The Windsor was followed in 1910 by a separate building, the Windsor Annex. The design teams for both buildings included architect Arthur Cowley and either his partner (Rigg) or collaborators (Keith and Whitehouse). This continuity of designer facilitated the duplication in design of the Windsor Annex to meet that of the Jefferson.

As stated in the West Downtown nomination, "This two-part, three-story brick SRO [single room occupancy] contains the Jefferson and Norman Hotels. Classical entries are centrally located in each segment of the 1st Avenue façade. The Jefferson entry features a keystone volute. A metal and neon sign covers a similar decoration on the Norman entry. Upper story fenestration on the west elevation is irregular segmentally arched one-over-one double-hung windows, first floor openings vary in shape and size. An original central entry on this elevation is surrounded by a broken swan's neck pediment and classical columns. A sign plaque set in the parapet, a cornice with dentils, radiating voussoirs above flat-ached windows, and terra cotta corner quoins.

The nomination also features the SROs as a distinctive type of working-class housing, the single room occupancy hotel. As described in the nomination, the SRO characteristically stood three to four stories in height, with the ground floor given over to commercial space for businesses catering to the needs of both the occupant housed within, and to the pedestrian traffic present in many burgeoning cities. ...While SROs appeared throughout the downtown Spokane area, the greatest surviving concentration is found in the West Downtown Historic Transportation Corridor, primarily along West 1st Avenue where an extant row of them remains in use. (The block face along the south side of 1st Avenue between Madison and Jefferson streets is that extant row, although no longer used as such.) The district nomination listed the Norman and Jefferson as contributing structures within the class of Spokane SRO buildings.

The three-story brick structure (now the Jefferson) was built by H. E. Oechsli, of Spokane Meat and Poultry. The building was originally built as a one-story building and was subsequently enlarged in two to three steps.

The building retains significant exterior integrity as an SRO hotel building anchoring the west end of an intact block of commercial buildings of the same era. According to the West Downtown Historic Transportation Corridor District Nomination, general characteristics of these buildings include unreinforced masonry construction, stepped parapets, patterned brickwork and corbeled parapets and courses. Exhibiting similar construction as its neighbors and included as a contributing resource within the West Downtown Historic Transportation Corridor District boundary, the Norman-Jefferson Building meets the characteristics of the building types and uses included and described within that district.

Significant under Category C – Architecture

The three-story red brick building is a good example in the downtown of a mid-block, and a corner vernacular commercial building. With commercial use on the ground floor and hotel rooms on the second and third floors, the building function is consistent with its neighboring single room occupancy hotels to the east. It's basalt rubble and brick foundation, symmetrical brick façade, voussoired flat-arched and round-arched window bays, decorative brick belt courses, keystones and cornice, are characteristic commercial building features of the first decade of the 20th century. The Jefferson portion of the building, however, has been altered by the replacement of the original double-hung wood sash windows. Both buildings, as is typical for downtown buildings, have had alterations to the original storefronts.

Historical Context

The historical context for Spokane has been included in several National and Spokane Register nominations, including the East Downtown National Historic District (Woo, 2003) and National Historic Register multiple-property listings: Single Room Occupancy Hotels in the Central Business District of Spokane, WA 1900-1910 (Holstine, 1993); thus the Spokane historic context discussion is abbreviated.

The Spokane River and its falls had long been a gathering place for Native American tribes. It also attracted white settlers, J.J. Downing and family, and S.R. Scranton who established a claim at Spokane Falls in 1871. James N. Glover and Jasper Matheney would follow and purchase the claims of 160 acres and the sawmill from Downing and Scranton. Early industry would use the water power for milling and sawing lumber and to generate electrical power. The settlement would grow slowly until the coming of the railroad.

The Northern Pacific Railroad arrived in Spokane Falls in 1881, the year of Spokane's incorporation, and with the connection of the eastern and western branches in 1883, transcontinental service through Spokane Falls was established. Spokane continued to grow as a regional shipping and distribution center through the 1880s. Between 1886 and 1889 the population increased from 3,500 to 20,000 people. Although suffering a set back by the fire of August 4, 1889, which destroyed approximately thirty-two blocks of the business district from the railroad tracks to the river and from Lincoln to Washington Streets, the city quickly rebounded as new brick buildings rose from the ashes. The devastation wrought by the fire resulted in a city ordinance to reduce fire hazard, leading to brick and terra cotta becoming the dominant building materials of the rebuilt downtown.

When Spokane rebuilt the downtown after the fire, the business district would spread east to Division Street and follow Monroe Street across the river. Sanborn Fire Insurance maps from 1891, 1902, and 1910 show a marked increase in the building of commercial buildings in the east downtown. Frame dwellings gave way to brick commercial buildings and street frontages began to solidify. Among the property types and businesses that were prevalent were hotels, lodging houses, saloons, banks, drug stores, and restaurants. They were built to meet the needs of a rapidly growing population.

Generally, warehouses cropped up along the Northern Pacific rail corridor, between the two alleys bracketing the tracks. In the blocks north of that warehouse district and the Northern Pacific railroad depot were shops and two-to-three-story residential hotels, or SROs. These hotel blocks ran along Riverside and Sprague avenues, and the cross streets between Washington and Browne streets as they melded with the office and retail district.

According to historian Woo (2003), Spokane's population exploded from 36,848 to 104,402 between 1900 and 1910.

This growth mirrored the population expansion of the state that saw its greatest increase in the same decade. Many people moving to Washington settled in the state's three largest cities: Seattle, Tacoma, and Spokane. Various industries rapidly developed and with it a demand for more buildings. Most of the city's urban downtown skyline was created from about the late 1890s to 1912 with the construction of office buildings, banks, hotels, department stores and other commercial buildings. As author John Fahey describes, Spokane, which had put up 675 new structures in 1900 as migration accelerated, built 1,500 to 1,900 buildings a year from 1904 through 1909.

The economic boom and population expansion of approximately the first fifteen years of the 20th century was short-lived. Growth in both areas in the next decade slowed considerably. By 1920, the population of Spokane was only 104,437, an increase of only 35 people from 1910. Investors soon realized the city was overbuilt. The region it served (the Inland Northwest) was not able to sustain the city and keep pace with the speculative growth. By 1950, the population had increased by only 50,000.

The West Downtown Historic Transportation Corridor National Register Nomination discusses the characteristic buildings within the district: railroad-dependent warehouses and businesses, single room occupancy hotels and lodgings, and automobile-related businesses. In describing the SROs:

On the streets that run parallel to the railroad, lodgings for transient workers emerged in the form of single room occupancy hotels (SROs) and other lodging houses. Ten commercial style brick lodging houses stand extant along West 1st Avenue (old Highway 10). Two brick commercial style apartment buildings remain on West 2nd. A majority of the twelve are framed, brick blocks with terra cotta or metal trim. Most have brick, basalt, or poured concrete foundations. Roofs are typically flat. Eight of the hotels were constructed in the first decade of the twentieth century. The earliest, the Montvale Block, dates from 1899, part of the rebuilding boom that followed the 1889 fire.

Characteristics of Single Room Occupancy Hotels (SROs)

Craig Holstine in his National Register Thematic nomination for Single Room Occupancy Hotels in Spokane, described the characteristics of the SRO:

Single room occupancy hotels were typically of unreinforced masonry construction, usually red or buff bricks. Architectural detailing was rarely elaborate, and normally sparse. Although sizes varied, they were normally more than two and less than five stories high, ...Most SROs had basements, usually used to house coal-burning furnaces and for storage. ...

In most SROs, a stairway entering from the front of the building provides direct access to the second level, where a small lobby or waiting area with a built-in bench is situated adjacent to a manager's office or nook with registration desk. Interior stairways are often included in SROs, usually positioned near the rears of the two side wings, or in the building's midsection. Fire escapes provide emergency exits from rear hall windows.

Fenestration patterns on the upper levels normally reflected the regular, consistent arrangement of the guest rooms. Windows were almost always double hung wood sash. Plate glass display windows were common features of the street level commercial bays that existed in most SROs.

Perhaps the most character-defining feature of single room occupancy hotels is their floor plans on the upper, residential floors. Normally hallways cross the width of the buildings paralleling the street behind the bank of rooms facing onto the street; hallways, often wide in dimension, run at ninety-degree angles off the front hall into side wings of the buildings, with rooms facing into the hallways. Rear hallways paralleling alleyways behind the buildings may exist to complete a square configuration surrounding a light well providing sunlight to interior rooms. In the typical modified "U" shaped buildings, the light well opened out into the alleyway behind the structures. Some upper-level hallways received both artificial and sunlight from ceiling skylights. ... Hinged transoms above the doors provided ventilation to the rooms, all of which had additional ventilation from exterior windows. The few interior rooms without exterior windows were apparently connected via single doors with another room having an exterior window.

While some rooms were originally equipped with private baths, the overwhelming majority of rooms in SROs did not have baths or toilets. These features were found on each floor and shared in common by residents of as many as 19 rooms. Some rooms had sinks with hot and cold running water, but most appear to not have had sinks originally. Some SROs had built-in closets; most had wardrobes or armoires.

Figure 12: Norman 2nd floor central stairwell, looking north

The Norman-Jefferson, built near the end of the period designated by Holstine exhibits many of the characteristics described above. Main center corridors ran the length of the buildings to access open central stairways and alley fire escapes, shared lightwells, restrooms down the halls, and minimal amenities, defined the hotel as a classic SRO.

Rooms each had a window, either on the outside wall, or predominantly, along the inside lightwells. Rooms also had a transom window that opened into the hallway, which along with the windows provided ventilation. Rooms also had sinks and a closet, but the toilets and tubs were down the hall. The 1920 census suggested that permanent residents resided in numbered apartments, and “roomers,” perhaps more transitory, lived in more basic rooms.

The characteristic features of the SRO have been removed and the building is essentially a brick shell. The ninety or so rooms that lined the halls have been demolished. Some evidence is extant that maps the pattern of interior rooms, restroom locations, circulation pattern,

and materials. The main stairs of the Jefferson have been altered, but the central stairs of the Norman are intact. News accounts list the number of units in each of the buildings: 46 in the Jefferson, and 55 in the Norman.

Development of the Norman-Jefferson block

The first map depicting the site of the Norman-Jefferson Hotels was the 1889 Sanborn Fire Insurance Map, which showed by lot as undeveloped. 1st Avenue bounds the north side, Jefferson Street the west side, and the Northern Pacific Railroad, the south side.

The 1889 Sanborn showed a small print shop on the eastern portion of the future Jefferson lot and a feed and hay warehouse and the Starr Feed Sale on the future Norman lot. Dwellings occupied the four lots to the east. Washington Stone occupied the southeast corner of the block. South of the half-block was the Northern Pacific Railroad main line and spurs.

New buildings were depicted a year later in the 1890 Sanborn. The frontage along 1st Avenue was filled in with new buildings. The lots at the east end of the block, named the Gandy lots, contained three buildings with lodgings facing 1st Avenue, a dwelling facing Madison Street, and the Washington Stone Co. at the southeast corner facing the Northern Pacific railroad tracks. Eight dwellings occupied the middle of the block, facing both 1st Avenue and the NP

tracks. “Star Feed and Sale” with lodgings, and a feed and hay warehouse, another dwelling, a print shop, and a vacant lot completed the block.

The 1891 Sanborn showed about the same structures, but two had transitioned to brick, and three dwellings had been removed. The frontage of the Gandy lots had been filled in, with one of the buildings constructed of brick.

In 1902, the Gandy lots were fully developed with two-story lodgings along 1st Avenue, the dwelling along Madison Street, but Washington Stone had vacated and the building it had occupied was now a livery stable. Livery stables occupied the west end of the block, and “White Front Livery Feed Stable and Corral” ran the entire frontage of Jefferson Street between 1st Avenue and Railroad Alley. Klondike Livery, a wagon and carriage house with stables to the rear were also 1st Avenue neighbors. Across Railroad Alley to the south was the Diamond Ice and Fuel Company that featured a rail spur and accessory buildings with “coal in sacks” and coal sheds. Across 1st Avenue to the north, the brick Felix Block, along with the Montvale Block (1899) on the block to the east, began the march of single room occupancy hotels along 1st Avenue. All Saints Cathedral anchored the west end of that block.

Dramatic changes were depicted on 1910 Sanborn. The Gandy lots were shown as a blank captioned with “FOUNDATION FOR 5 STORY BRICK BUILDING.” The Commercial Hotel, built by Gandy and his wife in 1906-07, occupied the middle of the block and fronted along 1st Avenue. Two frame dwellings remained in a void to its south. The lot abutting the west, was captioned “EXCAVATION FOR 3 STORY BRICK BUILDING.” The end of the block occupying the entire Jefferson Street frontage (Jefferson Hotel, 1908), and with its front door on 1st Avenue was a new three-story brick building. [Note: the 1910 Sanborn shows the Jefferson Hotel (Windsor) in place. Assessor shows 1909 as construction date, with a couple of journals (and SR-7/2/1908) announcing in 1908 that it would be built by Harry Oechsli with Keith & Whitehouse and Arthur Cowley as architects. According to the Assessor’s files, the Norman hotel was built in 1908, but the 1910 Sanborn shows the lot as being excavated, and *The Spokesman-Review* in an October 1910 article mentions the building, along with the Willard, as filling in the block front along 1st Avenue: “The material is brick and terra cotta, matched with the Windsor hotel building on the southeast corner of Jefferson street and 1st avenue.” Also note that the Parsons Hotel, completed in 1909 is on the west side of Jefferson Street.]

By 1911, and depicted on the 1926 and the 1952 Sanborn maps, the entire block was filled with brick buildings. The five-story Willard (Otis) was completed in 1911 (and renamed the Atlantic by 1926), the three-story Commercial Block in 1906-07, the three-story Windsor Annex (now Norman) 1910, and anchoring the west end of the block, the three-story Jefferson (Windsor) in 1908. The Jefferson (Windsor) was designed by Keith and Whitehouse and Arthur Cowley. Further, the Norman, originally called the Windsor Annex was built in 1910. An SR 1910 article with a photo of the block reports the construction of the building next to the Jefferson (Windsor) Hotel and attributed its design to Cowley and Rigg.

The 1952 Sanborn shows the same buildings as 1910 with the removal of the brick house behind the northeast corner building.

Development of the Norman Jefferson Hotel

Harry Oechsli, the owner of Spokane Meat and Poultry, was originally from Windsor, Missouri via Butte, MT. He had set out for the “fields of Montana” from Windsor in 1890. An article in the Windsor Review of January 1897 announced the marriage of Mr. Oechsli, of the firm of Oechsli & Co. produce dealers in Butte, Montana. Oechsli had established a meat market in Butte in 1893 and moved to Spokane in 1898 to found Spokane Meat and Poultry which he operated at 1st and Jefferson.

The Spokesman-Review reported in its October 19, 1905 edition that “H. Oechsli Buys Building.” According to the article, H. E. Oechsli, a produce commission merchant doing business at the southeast corner of 1st Avenue and Jefferson Street, has purchased from his former partner, John Carstens, the latter’s one-half interest in the building where the business is conducted.” The one-story brick structure, 50 x 80 feet, with walls to carry two more stories and was erected a year ago at a cost of \$3500. The lot is 50 x 142 feet. The price paid was \$6,000.

Two years later, June 12, 1907, The Spokesman-Review reported “Meat Company to Expand.” H.E. Oeschli of Spokane Meat and Poultry company has taken out a permit to erect a two-story brick building at the southeast corner of 1st avenue and Jefferson street to be occupied by his company. The building will cost about \$10,000. It will occupy the full depth and width of the lots which is 50x156, having a frontage of the Northern Pacific right of way which affords good shipping facilities. In the same edition under building permits application had been made by H.E. Oechsli for a \$10,000; two-story brick on lot 1, block 19, 1st Addition to Railroad Addition. Oechsli had also applied for a permit to connect with city water main on June 8th, for the address South 109 Jefferson Street.

A year later, Oechsli’s building would again be expanded: **\$30,000 Building on First Avenue**” announced the July 3, 1908 edition of The Spokesman-Review. “H.E. Oechsli to Erect Three-Story Brick at Corner of Jefferson.” “First Floor will be Occupied by Spokane Meat and Poultry Company – Living Rooms Above.” “H.E. Oechsli, proprietor of the Spokane Meat and Poultry Company, will construct a 50x156 feet building that will cost about \$30,000. Keith & Whitehouse and Arthur Cowley are the architects.”

Mr. Oechsli now has a one-story building 25X50 feet on the site, occupied by the Spokane Meat and Poultry Company. This will be carried up two more stories and a three-story building will be put on the east 25 feet of the lot.

Two storerooms will face First avenue, with stairs between leading to the second floor. All the first floor, except the inside storeroom will be occupied by the Spokane Meat and Poultry Company. The basement will also be used as a freezing room by the company. The building will extend back to the railroad right of way.

On the second floor there will be living rooms, arranged partly in suites and partly independent. The rooms are large and well lighted and ventilated. Work has already started on tearing down the old frame building on the east side of the lot.

The American Architect and Building News also reported the building in its July 22, 1908 edition, again naming Keith & Whitehouse and Arthur Cowley as the architects.

The August 23, 1908 edition of The Spokesman-Review headlined its Sunday Real Estate section with “**These Nine Buildings Cost Nearly \$4,000,000.**” “Spokane’s Remarkable

Building Record for 1908 Proves This City the Most Prosperous in the Entire United States.” Among the buildings highlighted with photographs were the Paulson, Peyton, Spokane Drygoods, Kemp & Herbert store, Wilson Apartment house, and the Federal Building. Architect Albert Held, having just completed a trip around the country “declares that Spokane is doing more building than all of them together” (Duluth, Minneapolis, St. Paul, Seattle, Tacoma, Portland, and Vancouver).

The article included photos of some 34 buildings under construction in Spokane at a total cost of at least \$4,750,000. In addition to these business buildings there are easily \$1,500,000 worth of residences and apartment houses. (Banner headline on pp28 and 29 “Business Buildings and Residences Now Under Construction Will Cost Approximately \$5,600,000; Total for Year Will Exceed \$7,000,000. A list of some 36 “Big Buildings Now Under Construction in Spokane” included the Spokane Meat and Poultry Building at a cost of \$30,000.

The lot between the just completed Windsor Hotel (named after Oechsli’s hometown of Windsor, Missouri) and Commercial Block to the east, having been owned by Mrs. Rachel Newman since 1904 would join the brick parade along 1st Avenue. “Mrs. R. Newman To Build On First,” reported *The Spokesman-Review* on December 12, 1908.

Mrs. Rachel Newman will build a three-story building next spring on the south side of First avenue, just east of Jefferson Street. The building will occupy the full lot and probably cost \$40,000.

In architectural design Mrs. Newman’s building will conform to that just completed by the Spokane Meat and Poultry company, which will adjoin it on the west. A party wall agreement has been made by the different owners of the two properties. The Spokane Meat and Poultry building is one of the best built structures of its class in the city, and the new block is to be similar to it in both design and construction. Mrs. Newman has owned this site for five years, lot 2, Block 19, Railroad addition, purchased in 1904.

Meanwhile, Harry Oechsli was taking another big step in west downtown real estate as reported by the *Spokane Daily Chronicle* on October 26, 1908. Having just finished building a new block on the southeast corner of 1st Avenue and Jefferson Street, he had purchased the property on the immediate block to the west with \$33,000 cash. It was reported he bought the site for a five-story brick block with an estimated cost of \$75,000. He stated: “This is going to be a corner of some account. I am going to put up a five-story white pressed brick building, built for a hotel, with rooms upstairs.” Oechsli commented that the proposed white brick building would contrast well with the red brick building he had just finished at the southeast corner. That building had been built on a lot he had purchased five years before and with the lot, was an investment of about \$85,000.

“Bought Fine Lot and Let it Go In a Hurry,” reported the *Spokane Daily Chronicle* on October 27, 1908. Indeed, Oechsli owned the lot for just over a day before he resold it to Mr. William E. Parsons of Winters, Parsons & Boomer, railway contractors. The price of the lot was the same as paid by Oechsli in his purchase, \$33,000. Mr. Parsons stated that he intended to improve the property in much the same line as proposed by Oechsli in the article mentioned above.

W. E. Parsons completed the five-story brick and terra cotta hotel in 1909 at a cost of \$100,000. Keith and Whitehouse were the architects (who also designed the Windsor with Arthur Cowley). *The Spokesman-Review* displayed a photo of and reported the completion of the Parsons Building on November 21, 1909.

Both the *The Spokane Press* and *The Spokesman-Review* reported the progress of Mrs. Rachel Newman and her building on January 8, 1910. According to the Review, "Building, \$35,000, On First Avenue," the work would start in April.

"One more imposing structure is to be added to the improvements planned on the south side of First avenue between Madison and Jefferson streets.

The new structure is the \$35,000 three-story brick and terra cotta building now being planned by Mrs. Rachael [sic] Newman and her son, Jesse Newman. Work on which will start in the spring, probably early in April. The structure, with the \$130,000 structures planned by Dr. J.E. Gandy, will change the entire block on First avenue and will give that avenue one block of all modern effective buildings, the Windsor hotel now gracing the corner of Jefferson Street.

The plans for the building are being completed by Architect A. W. Cowley, and contracts are being let so that work may begin as soon as the existing leases can be amicably settled or expire. If the leases are settled before the expiration construction work will be started immediately.

The lot is 50x142 feet in dimension and at present is occupied by a livery stable. The property has a valuation of about \$45,000. (Mrs. Newman had purchased Lot 2, Block 19, Railroad addition from R.S. Irish on December 14, 1904.)

In the plans for the building Mrs. Newman has arranged for two storerooms running the full length of the structure on the first floor. The basement will be constructed the entire length and will be finished off to provide storage rooms for the stores as well as being equipped with hot water heating plants.

There will be 55 rooms in the two upper floors, which will be finished throughout in birch. Each room will have hot and cold running water, clothes closets and adequate lighting facilities.

According to the plans the building will be ready for occupancy early in the fall.

The *Spokane Daily Chronicle* wrote in September 19, 1910 of the progress on the Newman building. "Would Extend Windsor Hotel to Newman Building on First Avenue," captioned the photo of the Windsor Annex still under construction.

Negotiations have been under way for some time between the management of the Windsor hotel, 1129 First avenue and agents of Mrs. R. Newman, in an effort to incorporate the new Newman building into the popular hostelry. The Newman building is now nearing completion by the Pettifer Construction company and will be ready for occupancy within a few more weeks. Under the superintendence of Cowley & Rigg, the architectural firm which planned the building, the same style of architecture as was used in the construction of the Windsor hotel has been adhered to in the exterior finish of the Newman building. The later adjoins the Windsor hotel on the east. [Cowley, in collaboration with Keith and Whitehead, had also designed the Windsor.]

The Newman building covers an area of 50x153 feet and consists of three stories and a full basement. On the lower floor arrangement has been made for two stores, while the second and third floors are being finished for hotel or apartment purposes.

Figure 13: Spokane Chronicle September 19, 1910

On October 30, 1910 *The Spokesman-Review* reported progress along 1st Avenue which featured a photo of the block between Madison and Jefferson streets. The photo and article showed the newly constructed hotel building built by J.E. Gandy at a cost of \$130,000 with Cowley and Rigg as architects. According to the article Rachael Newman was planning to invest \$45,000 in a new three-story brick building with two storerooms on the ground floor, full basement, and 52 hotel rooms, on a lot of 50 feet by 155 feet. The design would match the Windsor Hotel building on the corner. Cowley and Rigg also designed the Windsor Annex (Newman) and C.W. Pettifer was the contractor.

The Windsor and the Windsor Annex were finished and occupied, but the names Windsor and Windsor Annex were short-lived. In the year 1913, the Windsor made its debut in *The Spokesman-Review* as the Jefferson; and by 1914, the Windsor Annex was the Wayne Hotel.

In October 1914, *The Spokesman-Review* reported: **“Junge Takes Over Wayne Hotel.”**

The furniture and business of the Wayne Hotel, W1123 First avenue, was purchased yesterday from A. McLaughlin, who recently took over the establishment, by August Junge, engineer at the Parsons hotel. The change in management will be made today. The consideration was \$4000. [Note that the sale of the hotel was for the hotel business only. The building itself and the ground floor businesses were not be included.]

Ads for the Wayne Hotel would run in the classified section through September 1919 when they overlapped with the Irby Hotel at 1123 1st Avenue which began its ads in April 1919. The Wayne had been listed for sale in 1918 and was advertised as the New Wayne Hotel under new management. “For Sale – Hotel of 50 rooms, well furnished; private bath, attractive entrance; good location. 1123 1st. ave.” The Irby Hotel was listed in the classified ads through 1920, but not thereafter.

On the ground floor, Spokane Meat & Poultry would move out of the building around 1918-1919. Harry Oechsli turned to automobiles as his business in 1916. Harry Oechsli joined the automobile businesses of Auto Row along with the Cowles Publishing Company who built a brick salesroom building at W1210 1st Avenue. *The Spokesman-Review* reported in the September 24, 1916 edition: “**New Building For Auto Firms**” “Harry Oechsli of the Traders Tire & Motor Supply Company, First avenue and Jefferson street will occupy the First Avenue section. In addition to a large business in automobile accessories Mr. Oechsli has an agency for the Ford automobiles and has a big sales list to his credit.” Located in Spokane’s auto row, the building would house businesses such as Firestone Tire & Rubber Co., Sanders Auto Parts, Motor Supply Company, Todd Sales, Hayes Car Agency, National Finance & Investment Co., and Bearing & Rim Supply. Other businesses included Northern School Furniture, Inc., Essig Drug Company, and Seidenbach’s Fixture Market.

Oechsli had relocated to Montana around 1917 with dealerships in implements and tractors with headquarters at Billings, Great Falls, and Lewistown. He returned to Spokane in November 1922 to sell Ford automobiles as president of the National Motor company. It was reported by the Review that his 6-month old Ford dealership has set new records for sales. *Motor Age*, in a December 28, 1922 article reported Oechsli’s return to Spokane.

Back to Spokane, from which he absented himself for several years, and back to the Ford products which he spread over the Inland Empire is Harry E. Oechsli. As a setting for his renewed activities, he, Oechsli, has leased space at 1212-14 First avenue and W1213-15 Sprague avenue, a structure built for his purpose several years ago, and that he may begin without limitations, he is expending \$15,000 on machinery and its installation, shop and service equipment, illumination and other improvements.

Figure 14: *The Spokesman-Review*, June 26, 1927

In July 1924, he was replaced as president of the National Motor Company, local Ford dealers. Motor West in April 15, 1924 reported that a Spokane Financing Company had been established. “Incorporated last October for financing automobile contracts and chattel, National Finance and Investment Co., Spokane, has been organized, with Harry E. Oechsli as president, Mrs. H.E. Oechsli, vice president.”

In 1927, Oechsli changed his automobile business to the Hupmobile. An article in the *Spokane Press*: “Four Cogs in the HUD-SEX Machine” reported that Harry E. Oechsli had announced organization of his sales staff. “Further realignment of HUD-Sex Motors was announced yesterday by Harry E. Oechsli, president, who recently took over the distribution of Hupmobiles for the Inland Empire.” *The Spokesman-Review* in its June 26, 1927 edition carried a half page ad that his newly formed Western Motor Company would be a change only; they would continue to sell the Hupmobile.

On September 4th, in preparation for the auto show at the Interstate Fair in Spokane, he was representing Hupmobile under the Western Motor Co. In 1932 Oechsli transitioned from only selling automobiles to financing them as well, with the founding of National Finance Investment Company in his main office at S107 Jefferson.

An advertisement in *The Spokesman-Review* for the Jefferson Hotel on March 16, 1928 stated: "It contains 98 unusually large rooms with private phones. The rooms are finished in highly polished cherry wood and are all carpeted, which makes them very attractive. A number of the rooms are equipped with private bath." This ad reveals the joining of the rooms in the Norman and those of the Jefferson as a single entity.

"Jefferson Hotel Changes." Reported *The Spokesman-Review* on July 31, 1929. Again, the business, not the building was sold. Mrs. Mable Fox had sold the lease and furnishings to Mrs. Louise Burchett and Mrs. Margaret Ryan for \$15,000 cash. Mrs. Fox had operated the hotel for the past 10 years.

The Annex was also mentioned in an article in *The Spokesman-Review*, October 18, 1929 edition in reporting the visit to Spokane of Jesse Newman, **"Lauds Spokane Growth."** "Jesse Newman, a wholesale tobacco dealer and one of the leading citizens of Butte, Mont., a Spokane visitor, is impressed with the prosperity of the city and predicted increased building activity. ... Mr. Newman is the owner of the Jefferson hotel annex on West First, where improvements were completed recently at a cost of approximately \$5,000." Jesse Newman, who with his mother built the Windsor Annex, was in the tobacco business and resided in Spokane through 1912 when he and a partner, Lee Marx purchased the wholesale and retail cigar and tobacco business of the Louis S. Cohn company of Montana. They left Spokane in 1912 and relocated to Butte, Montana.

For the first time, classified ads for the Norman Hotel were published in *The Spokesman-Review* in November 1932. "Norman Hotel, W1123 1st. Cozy, warm rms: use of community kitchen; share baths; \$2.50 wk, up."

The *Spokane Daily Chronicle* reported on September 24, 1933: **"Death Claims Harry Oechsli."**

Harry E. Oechsli, 54, Opportunity, president of the National Finance and Investment company, died suddenly Sunday morning at the Davenport hotel following a stroke. He had been feeling ill for several days, and did not go to his home over the weekend. He was formerly a well-known automobile dealer.

Mr. Oechsli had resided in Spokane and vicinity for 25 years. He first entered the automobile business in 1916 in Montana and in 1923 organized the National Motor company here. Three years later he headed the Hud-Sex Motor company. He owned the Jefferson hotel and other properties. His home in Opportunity is one of the show places in the valley.

He is survived by two brothers, George of Butte and Frank of Windsor Mo. Mrs. Oechsli died in December 1929. Mr. Oechsli was a member of the Elks. The body is at the Smith funeral home.

Oechsli left an estate of \$75,000. The largest single item in his estate was the Jefferson Hotel which was valued at \$40,000. He also had one of the finest homes in the Spokane Valley at Appleway and University, valued at \$17,000.

In April 1934, the Oechsli Estate announced a three-year lease and sale of furnishings of the Jefferson Hotel to Mrs. Rose M. Bevan. "The hotel embraces the second and third floors and includes 40 rooms."

"**Halterman Gets Jefferson Hotel,**" reported the *Spokane Daily Chronicle* on July 4, 1946. "Furnishings and the lease of the Jefferson Hotel, at 1129 First have been purchased by Paul D. Halterman from Mrs. Ala Thurston for \$16,000."

The *Spokane Daily Chronicle* reported in April 1948 that Steve Hinos had purchased the fixtures and taken a lease on the Norman Hotel from J.D. Fowler. The Hinos interest in the Norman was short-lived; in October of 1948, Hinos sold the furnishings and lease to E.J. and Florence Kessinger for \$23,100.

In March 1949, the Spokane Daily Chronicle reported "**Operators Change at Jefferson Hotel.**" William J. Knorre Jr purchased furnishings and fixtures and took a lease on the two-story for around \$24,000 from Mr. and Mrs. Fred Samm.

Tenants of the ground floor of the Norman-Jefferson listed in the 1950 Polk Directory included Morrie's Tavern, Frank's Cleaning and Pressing, and Donart's Coffee Shop.

Mr. Knorre consolidated his downtown real estate holdings in 1951 by merging the Jefferson Hotel which he had leased in 1929 via purchase of the lease of the Norman Hotel. According to The Spokesman-Review of April 14, 1951: "**Two City Hotels Will be Merged.**"

William J. Knorre Jr., proprietor of the Jefferson hotel, Jefferson and First, has purchased the adjacent Norman hotel from Sam Sellinas, and will merge the two buildings, he announced this week.

Both buildings are three-story brick structures, with the Norman located just east of the Jefferson. ...The merger will give Knorre a 91-room hotel which will be known as the Jefferson.

Sales price listed in the country records was \$18,000.

Knorre has been engaged in the resort and hotel business in eastern Washington for the last 10 years. He bought the Jefferson in 1949.

Tenants listed in the 1960 Polk included Miller-Devert Costume Rentals, Turner Les Auto Parts, Fone D'Las Tavern, Jefferson Barber Shop, and Chuck's Panite Clns, with two vacancies.

In 1962, a new music venue and art gallery opened in the west First neighborhood with the conversion of a tavern to Opus 1, at 1121 West First. "**Opus 1, New Spokane Spot, Offers Live Classical Music.**"

The chips are down.

"Opus 1, a new Spokane nightery, where live classical music is the principal product, has assigned itself the task of determining whether the long-hairs are as

dedicated to their kind of music, as are the jazz fans, who support two swinging establishments...

The sign has changed for only a couple of weeks at the First Ave., location that formerly was merely a tavern across from the bus depot, the word has been getting around.

It is against this backdrop that two of the operators are making musical history, for no place just like Opus 1 is known to exist, at least in the West. ...Nightly (except Sundays), violinist Ron Kilde and pianist Dick Totusek, provide a five-hour concert that would maim the average artist."

Look for big things on West First—and for similar establishments around the country. But remember, you saw it first in Spokane."

Opus 1 was also a home to the visual arts in that it staged regular exhibitions of Spokane artists. In July 1963, and exhibit of drawings and paintings by artist Clyde Butts graced the walls. Opal Fleckenstein, Butts' art mentor at Eastern Washington State College displayed her work in September. "**Exhibit Show by Fleckenstein,**" in September 1963.

The Opus provided entertainment on West First until February 1966 with an ad in *The Spokane Daily Chronicle*: "This Week Only" "Napua" "Hawaiian Go-Go, Authentic Tahitian Dances."

The Opus 1 continued its run until early 1966, and the space transitioned to the new home of the Boot Hill Tavern in May 1967. The Opus experiment had reverted back to a traditional tavern. *The Spokesman-Review* carried ads in the May 3-8, 1967 classified: "All new Boot Hill Tavern is opening, we need girls. Must have Washington State Liquor I.D." *The Spokesman-Review* carried an ad on May 19, 1967 for the Boot Hill Tavern, 1121 W. 1st across from Bus Station.

With that the tone of the neighborhood shifted from classical music and Tahitian dances to a

Figure 15: *Spokesman-Review* May 12, 1967

rough and ready tavern, aptly named the Boot Hill. And with the Boot Hill, "Spokane's Newest Western Tavern," came guns. The May 12, 1967 edition of *The Review* featured an advertisement for Boot Hill which depicted a cowboy with two guns blazing and the question "Want Action?" and the action soon followed.

"**Man Is Booked in Gun Incident.**" Reported the *Review* on August 5, 1967. The man was "allegedly waving a .22 caliber revolver in the Boot Hill Tavern, W1121 First.

"**Seattle Motorcyclists Face Assorted Charges.**" In November 1968, four persons were arrested at the Boot Hill Tavern, W1121 First, for concealed

weapon and accused of kidnapping, assault and armed robbery.

“Penalty Levied.” In March 1971, the liquor license for the Boot Hill Tavern was suspended for service of alcohol to minors.

“Man Is Knifed; 2 Are Arrested,” reported *The Spokesman-Review* on October 23, 1972 for a fight at Boot Hill Tavern. Several men were standing outside the tavern with one bleeding. As officers went inside to investigate another fight broke out. **“Stabbing Case Arrest is Made,”** replied the *Spokane Daily Chronicle* in the evening news.

“Suspect is Nabbed in Tavern Holdup.” In December 1973, the *Chronicle* reported a robbery at the Boot Hill Tavern; about \$200 had been taken.

“The *Spokane Daily Chronicle* ran daily classified ads in its March 1974 editions. “Tavern for sale. Want to sell immediately, lots of room for expansion, good potential. Fine clientele and good keggage. Across from Greyhound Bus Terminal. Good Expo spot, W1121 First, Boot Hill Tavern.”

“Woman Held in Larceny Case.” According to the April 25, 1974 *Spokane Daily Chronicle*, a young woman employed at Boot Hill Tavern, took \$300 from the tavern and was booked at the County-City jail for grand larceny.

“Business Burglaries Under Investigation,” reported the *Chronicle* in April 1976. According to police officers, about \$200 plus some checks were stolen in a break-in at the Boot Hill Tavern, W1121 First.

In spite of the growing neighborhood crime issues and deterioration of the buildings along west 1st Avenue, the City of Spokane took its first step in providing public housing; and it was perhaps because of that deterioration that the city was able to buy the five-story Parsons Hotel which had been recently vacated. The Parsons was the western bookend of the row of SROs along West 1st that included the New Madison apartments at the east end, the Otis Hotel, Commercial Block, and the Norman-Jefferson hotels.

“City buys Parsons Hotel for public housing.” 10/2/1979.

The city, through the Spokane Housing Authority (an autonomous governmental agency with directors appointed by City Council) was purchasing the vacant building for \$360,000 for the city’s first public housing project. In April of 1979, the city had been seeking a loan of \$400,000 in federal Community Development Funds to convert the unoccupied Parsons Hotel into a 64-unit apartment complex. Although there were a dozen proposals for the project, the city completed the renovation itself and retained the ownership through the Spokane Housing Authority. The controversial project was completed and began filling the 50 available units in October 1982. Along with the firing of the director of the Spokane Housing Authority and objections over the “excessive” cost of the units, the project was completed and occupied by low income and disabled residents.

“Skid Road is vanishing – but the bums aren’t.” In a June 29, 1980, opinion column, Chris Peck, for *The Spokesman-Review* described the post Expo-74 changes to the east downtown and the demise of the flop houses and bars that had sustained the bums that had littered the sidewalks and slept in the doorways. They had been driven from Trent and Main and were now infesting Riverside. According to a local business owner, “All your Skid Road

hotels are torn down. They have to move somewhere.” He also observed that “You are not going to get rid of them.”

The gentrification of this vanishing skid row district exacerbated the shift of the flop houses and bars to the stretch of 1st Avenue west of Monroe Street, the area including the Montvale, Madison, Otis, Commercial, and Norman-Jefferson hotels, and the degradation of the West 1100 block of West 1st.

One of those businesses that catered to the skid row clientele was the Dead End Tavern, at 315 Riverside Avenue, which had drawn complaints from its neighbors and was involved in several incidents with the law. The tavern had its own troubles in the shooting of its bartender on April 20, 1981. Several men had been fighting and one pulled a pistol, shot into the floor, with a ricochet hitting the bartender in the leg.

“The other Spokane’s Christmas.” **“A priest found the real Christmas with the ‘nobodies’ in a hotel.”** On Christmas day, 1982, The *Spokane Daily Chronicle* told the story of the have-nots living in downtown Spokane’s low rent apartments. The article told of the sabbatical adventure of Father Hal Dressel, S.J., usually ministering to the Rose Bud Sioux in South Dakota, who wanted to live in a downtown Spokane hotel and experience the life of the people there.

Does Christmas exist in the “other” downtown Spokane?

...

But what about those hundreds of dark, little rooms in downtown hotels and the people living there – the lonely, the elderly, the handicapped, the unemployed, the mentally and physically ill, the reformed and unreformed criminals, the practicing and recovering alcoholics. What about that wide assortment of people going through some pretty rough times?

What is Christmas like in that “other” downtown? Does it even exist?

As the site of his adventure, he chose the Norman Hotel, an ancient building on First Avenue near Jefferson, wedged between the Dead End Tavern and an adult bookstore across from the Greyhound Bus Depot.

Father Hal Dressel, S.J. looked for Christmas in downtown Spokane and did he ever find it – the pain of it as well as the unexpended beauties.

The 52 rooms at the Norman are reached by ascending a long, narrow staircase, covered with linoleum worn spotty with the passage of thousands of footsteps.

The article continued to paint a picture of Father Hal’s experience and the West 1st residents to which he ministered.

The notorious Dead End Tavern had moved to the 1100 block of West 1st from 315 West Riverside in 1983. The move had not freed the Dead End Tavern from the scrutiny of law enforcement. In July 1983 it had been subject of a Spokane Police sting operation and the owners were charged with serving a drunk transient. In that July police operation officers took a transient from tavern to tavern in an attempt to get the man served while drunk. The Boot Hill, historically the ending for the dead, became aptly named as the Dead End.

The Spokesman-Review reported on September 9, 1983 that the **“Charge against tavern dropped.”** The complaint charged that wine was served to an intoxicated transient. “But

Gerald Wiley, owner of the Dead End Tavern, W1121 1st, said officers were harassing his tavern because he complained about a confrontation with two policemen in February.

In the following week's report, September 15: "**Tavern gets notice to suspend license.**" The Washington Liquor Control Board is seeking a 3-day license suspension of a downtown tavern in connection with a charge, now dropped, that a barmaid served a drunken transient. Gerald Wiley, owner of the Dead End Tavern, said Tuesday he received a notice from the liquor board that his license would be suspended in October as a result of the alleged incident. But, on December 10th an Administrative law judge backed the tavern in recommending against suspension of the license.

One of the downtown neighbors, at South 109 Jefferson, was Crosswalk, a haven for street kids that had opened on November 4, 1985.... Supported by the Spokane chapter of the Volunteers of America and area churches, it opened on November 4th with the mission of providing a place for street kids to get a meal, relax and go to school. Crosswalk both attracted and supported the youth already engaged in the street life of the 1100 block of West 1st.

The Spokesman-Review in the first of many articles that would be written about the neighborhood described the activity in a June 14, 1987 article. "**West First blend of young and old: It's on the rocks.**"

A solitary figure walked out of the Otis Hotel, into the Sunburst Tavern and settled into the fifth bar stool. The old man ordered a beer and fixed his attention on the Tom and Jerry cartoon coming from the color TV.

More customers followed, and by 6:10 on this Wednesday morning, life of West 1100 First was in full swing.

As the sun burned the morning haze off this beleaguered block, the cooks at the Coach House were making breakfast for a restaurant full of early risers. At the other end of the street, Pat Francis, the clerk at the porno video arcade, was making change for customers already crowding into his small back room.

In between, the winos and the panhandlers emerged from nighttime roosts in nearby alleys to work the stretch of sidewalk that has become a Spokane eyesore.

...

The block is now the target of a combined attack by police and business owners to deal with the growing problems of prostitution, robbery, burglary, drug dealing, rape and assault.

Young street-hardened runaways find themselves at odds with elderly fixed-income tenement dwellers. The old-timers blame the kids for the crime on the street. The kids feel the resentment and return it.

Both factions have hours when they call the street their own. During late afternoon and evening, the kids appear dominant. The morning and early afternoons have an elderly touch.

"It's almost like they trade shifts," Francis observed.

...

"This block is going to hell," said Ferry. "When I first moved in, this block was still decent. I mean we had our winos but now we have all these young upstarts. They ought to have their butts spanked and sent home."

Dead End bartender Mary Ellen Gerner has a soft spot for the seniors who live upstairs. The Otis, Norman and Jefferson hotels and the New Madison Apartments, 1029 First, together have more than 300 residents.

"They are good people," Gerner said, "But they are lonely people and no one cares about them. They stick to this block because this is all they have."

Gerner doesn't like the way West 1100 First has changed. "It used to be people would try and bum a dime or a nickel or just a penny off you, and that's all right," she said. "But these young kids, they ask you for a dollar and if you don't give it to them, they'll knock you down."

In the same edition both *The Spokesman-Review* and the *Spokane Daily Chronicle* continued the story. "**It's survival of the fittest down here.**" "Block of West First broils with sex, crime, violence."

If Spokane has its dark underbelly, this is it.

At the western edge of the downtown core, it has become a magnet for derelicts, drug abusers, prostitutes and runaways. The 1100 block of West First, between the Otis Hotel and the Greyhound bus depot, arguably is the city's worst Skid Road.

Police say robbery, assault, theft and harassment are common. Male and female prostitutes walk the street. Drugs are peddled.

"It's kind of survival of the fittest down there," Sgt. Mike Yates said.

...

The neighborhood long has been a melting pot. Scores of pensioners, the handicapped and unemployed occupy the cheap rooms in aging hotels. Racially, the neighborhood is diverse as any in the city.

Street-level businesses include two taverns, a restaurant-cocktail lounge, porno shop, convenience market, barber college and a ministry devoted to the down-and-out. A senior citizen center is a few steps away.

Around the corner is the Crosswalk volunteer program. It's working to get juvenile runaways off the streets.

But some on the block say problems took a turn for the worse when Crosswalk opened 19 months ago. ...

We are concerned about the number of young people down there and the potential for sexual abuse," Allen said. "The difficulty is getting the street kids to come forward and really detail what's going on."

On September 24, 1987 the *Spokane Daily Chronicle* reported: "**Police set up outpost in high-crime area.**"

It's not necessarily Fort Apache –The Bronx, but it's the closest thing to it in Spokane." The Spokane Police Department opened its first substation Wednesday in the middle of West 1100 First – a block known for its street people, prostitution, muggings, rapes, assaults and burglaries. ... It's arguably the worst street in the downtown area, and police recently began to admit they were losing the battle.

Murder was added to the list of W. 1100 First woes as reported in *The Spokesman-Review* on October 4, 1988. "**Police seek motive after disabled pensioner slain.**"

Resident of Parsons Hotel stabbed with butcher knife in front of Dead End Tavern. He was a regular patron of the adjacent Sunburst Tavern. Assailant found at counter of Coach House Café.

“Bartender serves hope at the Dead End.”

David Hirschman of *The Spokesman-Review*, in the December 27, 1988 edition wrote of one of the anchors of the neighborhood.

The gruff, gray-haired bartender surveys the sullen faces that surround her at the Dead End Tavern each day –and she sees hope.

...

Stale cigarette smoke hangs heavy in the tavern, which sells cheap wine “to go” to people who are going nowhere.

...

Some of the down and out residents of Spokane receive charity during the holidays – but they have another advocate whom they can count on all year. They call her Mary Ellen, a woman who has been looking out for them for more than two decades. She runs the Dead End Tavern, W1121 First in a rough neighborhood downtown near the bus station.

...

“I sort of look out for them, I know they are people –not bums, not tramps, not winos—but people.”

Mary Ellen Gerner has been a bartender since she came to Spokane in 1966 as a single mother with two infants. She needed money, and a job tending bar was available.

Mary Ellen and the Dead End Tavern are well known to police. Radio dispatches don’t have to give the address when they send officers there to investigate complaints.

...

She calls the police with problems ranging from disorderly customers to knife fights. “I usually stop a brawl before it starts. They almost always start arguing before the start swinging, and if I can get to them while they are still arguing, I can at least get them out of the bar before a fight starts.”

And although there are people who call the Dead End Tavern a dangerous place, Mary Ellen disagrees. “This place isn’t tough,” she said. “What’s tough is the lives these people are forced to live on the streets each day.”

As an aside: Pat Sullivan, retired social worker for the Spokane Veteran’s Hospital, commended Gerner on her shepherding of the veterans who lived in the neighborhood. Gerner would collect their pension checks, cash them, take their monthly rent payment out of the cash, the rest of which she would hold and ration out to them. [making sure they had enough for beer money].

Another downtown neighbor was introduced in February 1990: Kevin Ch’en, a Chinese American and Minister of City Gate Fellowship was “nourishing the hungry souls,” of which there were plenty in the neighborhood. City Gate, at 1113 W. 1st between the Otis Hotel and Dead End Tavern, was formed in 1986 to minister to the homeless.

The west end of downtown had escaped the tear down of the SROs that had been experienced in the Expo and post-Expo period in the demise of Skid Row as reported in the 1980 column by Chris Peck. But, the next decade would bring the closure of hotels, reduction of rooms through

renovation, and conversion to alternative uses. In February 1990, *The Spokesman-Review* reported the closure of the run-down Jefferson in the context of hotel closure and demolition.

“Downtown poor run out of room.” Reported *The Spokesman-Review* edition of February 25, 1990. A full page was devoted to the crisis in downtown housing.

Maybelle Green learned to live among prostitutes, drug dealers and bums. What she couldn't stand was toilet water dripping from the ceiling onto her head.

That's what finally convinced the 85-year-old widow to move out of the Jefferson Hotel in downtown Spokane.

For 17 years she watched the Jefferson transform from a clean hotel completed with maid service to an eyesore boarded up in October for health and fire code violations.

“It got so there was a lot of dope being pushed there ... There were always all kinds of needles in the restrooms. There was lots of prostitutes who lived there, too.”

...

The Jefferson, W1129 First, was one of the 36 apartment buildings closed to housing in downtown Spokane during the past 10 years. That amounts to a loss of more than a third of all low-income housing downtown. The buildings either were converted to commercial uses, demolished or boarded up.

While 1220 rooms and apartments have been removed from the downtown area in the last decade, just 190 units have been added through renovations. ... [Article continues on downtown housing crisis.]

On May 9, 1988, *The Spokesman-Review* reported that the man accused of the stabbing death of a Parsons Hotel resident in front of the Dead End Tavern in October 1988 had pleaded guilty to manslaughter.

New life was on the horizon for the Jefferson Hotel: **“Low-income housing in hotel plans,”** reported the March 22, 1990 of *The Spokesman-Review*.

The Jefferson Hotel, closed last fall by health and fire inspectors, was sold Wednesday to a Spokane man who plans to reopen the building for low-income housing. Rick Warriner, a former housing rehabilitation specialist, bought the property at W1129 First from California owner Gary Rice, said property manager Jim McClenahan. The sale price was \$125,000.

Warriner said he wants to begin rehabilitating the 39-unit building in April and could reopen it as early as next fall. For city officials, the purchase could help relieve the tightening low-income housing market downtown. But nearby property owners, angry at the drug traffic and prostitution in their neighborhood say it will take more than one property owner to save First Avenue.” ... [continued on A4.]

The proposed resurrection of the Jefferson did nothing to slow the parade of prostitution, muggings, rapes, drugs, assaults and burglaries, in 1st Avenue's West 1100 block. According to the April 5, 1990 edition of *The Spokesman-Review*. **“Transient arrested after woman stabbed at Dead End Tavern.”** “A Spokane woman was hospitalized Wednesday evening after a transient walked into the bar where she was drinking, stabbed her three times with a

knife, then fled.” ... “I just saw him walk in and the next thing, I knew, someone was shouting ‘Hey, that man has a butcher knife,’ said bartender Donna Wiley.

An attempt to reduce the fights and brawls along their street, and to avoid being shut down by the liquor board, an initiative was taken by the local taverns. *The Spokesman-Review* reported **“Taverns Launching Cleanup**, and the *Spokane Daily Chronicle* reported **“Coping with the wild crowd,” West First Avenue businesses try to clean up their act.**” in their April 10, 1990 editions.

Jerry Wiley closes the Dead End doors at 7 pm. Jason Knott won’t serve anyone he suspects of dealing drugs or engaging in prostitution.

Faced with the loss of their liquor licenses, West First Avenue tavern and lounge owners are trying to clean up their neighborhood before liquor control authorities do it for them. ...

In a three-pronged approach neighborhood leaders are calling for a police foot patrol, a ban on the sale of fortified wine, and sentencing restrictions to stop habitual criminals from returning...”. A group of businessmen request police patrols, and banning the sale of fortified wine – three businesses still sell it. Four out of five crimes in neighborhood are related to alcohol. The Coach House lost more than 60 percent of its business when refused service to suspected criminals. “The Dead End Tavern began closing its doors at 7 p.m. to discourage the “wild crowd” that comes in at night.”

The police side of the story was reported by *The Spokesman-Review*: **“Walking a beat keeps the block ‘cool,’ not clean.** (7/18/1990)

... “But for Spokane police, walking the beat means dealing with prostitutes – both male and female—who act as if their profession were legal. It means pimps who think they own the slabs of concrete where their “girls” work.

And it means drugs, fights, rapes and other crimes that make up the illegal trade that flourishes in the 1100 and 1200 blocks of West First Avenue –the only neighborhood in town where foot patrols are regularly scheduled. ... The two-block stretch is home to a bus station, an adult book shop, two taverns and several residential hotels that house mostly low-income senior citizens. ...

“Jefferson Hotel refurbished as Crosswalk moves.” The Spokane Daily Chronicle reported on August 21, 1990 that the Jefferson was back to accepting new tenants. “The 36-room downtown hotel, which closed last year as a bug-infested health hazard, reopened last week as the Jefferson Center, providing shelter for drug- and alcohol-free tenants and those in need of transitional housing.”

On August 22nd, *The Spokesman-Review* highlighted the importance of the reopening on its editorial page: **“Hotel Gone Bad Gets Chance to go Straight.”** (Editorial)

A year ago, the Jefferson Hotel had hit rock bottom.

Garbage spilled from rooms into hallways. Bugs, used syringes, broken windows, non-working bathrooms, human excrement on walls and floors and a host of fire code violations rendered the transient hotel all but uninhabitable. It was full all right, but only six of the 30 who inhabited it were paying tenants. Many of the rest used the vacant rooms and halls for prostitution and drug dealings”

...

Fortunately, today the Jefferson at W1129 First, has a new lease on life. It reopened last week as the Jefferson Center, with eight of its 36 rooms ready for rent to recovering drug addicts and alcoholics and for elderly or homeless people in need of transitional housing.

...

West First, if it is to be saved, may have to be rescued one property at a time until the city develops a plan and a strategy for major restoration. The old Jefferson Hotel is a good place to begin efforts anew.

But the Jefferson going straight seemed to be short-lived and the tone of 1100 West 1st did not change and may have gotten darker. The prostitutes and the onslaught of crack cocaine illuminated that darkness as reported by *The Spokesman-Review*.

“Man’s bad day just gets worse.” (July 30, 1992) A retired carpenter living in Browne’s Addition was walking home from the Hide Out Tavern in the 1100 block of West First and hired a prostitute who approached him on the street. He took her home and shot her when she took some money from his wallet at his apartment.

“Suspect in farmer’s death arrested in Pasco.” (October 29, 1992.) Deceased picked up his killer, a prostitute along West 1100 1st and hired her for sex. The farmer took her to rimrock, got out of his pickup. The prostitute then stole the pickup and ran over him.

“Crack Cocaine seizes West First Avenue.” (February 22, 1993).

West First Avenue is a neighborhood under siege, a place where 3-year-old boys ask strangers if they are cops, where drug deals are made every few seconds on some nights.

For years, the downtown Spokane neighborhood earned an unsavory reputation for prostitution and drugs.

For even longer hundreds of poor, elderly and disabled people lived in the area’s low-income hotels, resigned to coexisting with crime.

But last summer when crack cocaine invaded Spokane, the rope squeezing the life out of West First drew tighter, police and residents say.

Last month, the amount of crack being sold on West First increased seven-fold, police and residents say. Where hundreds of deals were once made in a week, now there may be more than a thousand,

Together, well-armed crack dealers from Southern California, Tacoma and Portland drove the small Spokane drug dealers from the West First turf.

Prostitutes who haven’t been pushed out are now addicted to crack and work for new dealers, many of whom earned their stripes with California gangs such as the Compton Crips.

During the day, regular residents of West First drink beer at the Dead End Tavern, socialize and get free meals at the Mid-City Senior Center, watch television in the lobby of the Otis Hotel and eat at the Coach House restaurant.

By sunset, the old people are in their rooms, their doors bolted.

From the street they hear the noise, the yelling and screaming, the echoes of fights.

On the sidewalks roam buyers and sellers of drugs or sex. ...

Within the same article and highlighting a consequence of the crack onslaught: **“Hotel Owner Gives up in Despair.”** (“A Losing Battle.”) Rick Warriner renovated the Jefferson as a drug-free haven for recovering addicts. But, “I can’t save humanity.” “The people here were supposed to be seeking treatment, now look at it.” He will give the keys to Jerry Wiley, who owns the neighboring Norman Hotel and Dead End Tavern. (continues on pA4)

“Police seize more than a pound of crack.” (2/23/1993).

... On Sunday, Spokane police arrested two men at the Jefferson Hotel, at 1129 First, seizing two ounces of crack and several thousand dollars.

The manager of the old hotel thought someone had broken into a couple of vacant rooms. However, when police searched the Jefferson, they found the two men.

“Police draw battle lines on West First.” (3/5/1993)

Spokane police have begun a crackdown on drug-infested West First Avenue that includes full-time patrols and the mailing of letters of owners of cars seen near drug dealers or prostitutes.

Police Chief Terry Mangan announced his “battle plan” Thursday during the monthly meeting in the Parsons, a low-income apartment building in the middle of the mayhem ...

“Police drug unit understaffed.” (3/26/1993)

While the Spokane community is organizing to fight an invasion of crack dealers the Police Departments unit that investigates gangs and drugs is operating with half a staff.

Donna Wiley owns the Jefferson and Norman hotels and Dead End Tavern stated: “We organized, the police came down and said they would do foot patrols and we were going to have a block party and everything. “And here we are, six years later, and are back to square one.”

“We can’t rely on the Police Department,” said Bill Hall, manager of the Coach House. “We have to be the ones to demand that our Police Department provide us with the services we need. We can’t give in this time.”

“Tracking crack’s deadly trail.” (5/23/1993)

Violent crime is no stranger to the 1100 block of West 1st Avenue. Patrolman Rick Albin, who works the area, can’t say crack cocaine caused someone to hit this woman in the face with a beer bottle, But, he has seen a noticeable increase in violence since crack came to the neighborhood.

“Needle, condom clinic moves to new home.” (6/14/1999)

Determined to keep the center in the area, owners of the Jefferson Hotel offered to remodel space for the needle exchange.” “We feel it’s necessary for the area for the boys and girls on the street,” said Donna Wiley.

“Healthy renovations come one step at a time.” (8/10/1993)

Editorial about work Wells are doing with the old Grand Coulee Hotel.

One building at a time, one block at a time, one sector at a time, Spokane’s downtown has got to keep moving toward a healthier more diverse future.

...

Nobody, save perhaps the young street thugs who make life miserable in the vicinity of the Wells' latest project, likes to grind underfoot the poor, the elderly, the lonely, the mentally ill, the struggling alcoholics and the unlucky who live in downtown's old low-rent apartments and hotels. ...

In order to reclaim a neighborhood from street thugs, it takes more than police officers. It takes private investors who are willing to take a chance on buying a hellhole, booting out tenants such as trouble-plagued taverns, and turning it into something good.

...

Just a few blocks from the intersection of First and Cedar, where the Wells' and others have been restoring a series of gorgeous old buildings, is the social disaster of area of West 1100 First, a center for crack cocaine dealing and other crime.

"Geraghty gets close look at West First." (7/19/1994)

Mayor Jack Geraghty peered out the barred windows of a West First Avenue apartment Monday and listened to a roomful of residents describe life as they see it on the streets of Spokane.

Each day, they witness drug sales and assaults from their Parsons Apartment unit. Walk to the bus stop and expect to be harassed by a dealer of a prostitute, they said. Step outside and hold on to your purse.

...

Norman and Jefferson owner Donna Wiley defended the quality of life at the hotels, saying most of her tenants live here by choice.

...

"It's a shame that places like this still exist in this day and age," Geraghty said. "You come down here and see for yourself and it really wakes you up again."

The usual assortment of dealers, buyers and street kids who generally bustle down the sidewalks and alleyways disappeared. "They're like cockroaches," said Larry Herman, the area's neighborhood police officer. "They can just disappear into the woodwork."

In spite of the war blighting the West 1100 block of 1st, investors and developers had stabilized the west end of the 1st Avenue downtown corridor. Ron and Julie Wells were making significant investments in renovating and revitalizing Spokane's historic building stock.

The Spokesman-Review reported this progress in the February 17, 1995 edition:

"A fresh start."

Rejuvenating a dilapidated district on the western edge of downtown took more than money and real estate savvy.

At the corner of West First and Cedar, it took a precise mix of bagels, bicycles and antiques to turn the intersection into a vibrant hang-out of yuppies, tourists and mall-hating shoppers.

The Grand Coulee Building, the old Carnegie Library, now home to Integrus Architecture, the Eldridge Building. Ron and Julie Wells reclaimed the Grand Coulee, the Eldridge Building, Buena Vista, and San Marcos, over the past two years.

"Gang war behind shooting on West First." (7/30/1996)

Gang members warring over turf on West First Avenue are to blame for two recent shootings there, Spokane police said Monday.

The shootings, which occurred 48 hours apart and left six people wounded, involved two gangs fights for control of the intersection's drug traffic.

...

The most recent assault came at 3 a.m. Sunday, when a man leaned out of a passing car's window and fired several shots at a crowd of people near The Coach House Restaurant. The weapon was a .45-caliber handgun, police said.

...

Two men were arrested. "... both men are members of Hispanic gang that originated in California, where they are from.

On Friday, a 22-year old man was found just after 3 a.m. on the sidewalk by the Coach House. He had been shot several times. The man was recovering Monday at a hospital.

For years, Spokane police struggled to keep downtown's West First Avenue from turning into a war zone.

They've periodically stepped up patrols. They've targeted cars shopping for drugs and prostitutes. They've tried to move out gangs and dealers by doing undercover surveillance.

But two shootings that wounded six people in the last eight days are pushing city officials into a new anti-gang battle on the notorious block. [article continues]

"West First residents get break from crime." (8/25/1996)

...The prostitutes, homeless and pushers who usually overrun the intersection were gone this morning.

In their place were residents of the Otis Hotel and Alberta Apartments, chatting in the sun or shuffling to the Handy Market for breakfast ingredients or their chance at a million dollars.

The Spokane Police Department's latest crackdown along the 1100 block of West First appears to be getting results say area residents.

...

Those problems exploded in violence the weekend of July 27 when six people were wounded in drive-by shootings.

...

It all seems to be making a dent, residents said.

Finally, a glimmer of hope surfaced. The police had finally cracked down on the criminal element and they were rounded up and taken off the streets. Public works and traffic strategies had reduced the places and opportunities to commit crimes. Local residents felt safer and that it was okay to return to their sidewalks. *The Spokesman-Review* in January 1997, noted the discernable change. **"Along West First, a neighborhood emerges."**

Drug dealers and buyers used to stand around in Spokane's West First neighborhood like trees in a park.

Pimps and prostitutes hustled, and residents were afraid to leave their homes for fear of physical and verbal attacks.

"Men would approach elderly and disabled women as ask them to be prostitutes," said Julia Rahmaam who lives in the Parsons apartment building.

But since police cracked down after a series of gang-related shootings last July, crime has decreased significantly. Resident and shopkeepers aren't looking over their shoulders as much. [article includes a chart detailing crime statistics.]

Even the Jefferson was turning around, returning to a positive place in the West 1st neighborhood. **"Hotel renaissance"** as described in the March 31, 1997 edition of *The Spokesman-Review* the neighborhood was making a comeback.

It was a bug-infested health hazard. For years, Spokane's Jefferson Hotel was the dumpiest of dives; used syringes littered hallways, prostitutes and pimps moved in. A man killed a woman there in 1987.

Downstairs, wooden boards covered the windows of the three-story brick building at West First and Jefferson.

Drug dealers used to stand outside, waiting for customers. Passers-by held their bags and purses tightly.

Today, the Jefferson has undergone a renaissance: the planks are gone and football-sized angels—plaster dumplings with wings—can be seen through the windows.

The corner has become a magnet for Spokane residents in search of art, attracting families, grunge teens, blue-haired eccentrics.

The evolution started two months ago with the relocation of 2MT.

Nearby residents not only gave the Spokane Marketplace a warm reception when it moved into its new home at First and Jefferson, some even pitched in to help spruce up the building.

A year ago that wouldn't have happened. Residents in and around the 1100 block of West First were too terrified of street crime to venture outside their locked doors.

In July 1996, “the block,” as the area was known, accounted for 165 times its share of the Spokane Police Department's attention.

Unsavory elements ruled the streets while the law-abiding people who occupy the neighborhood's low-income housing stayed inside.

Then, when two gang-related drive-by shootings in 48 hours wounded six people, the neighborhood's tolerance for crime and disorder finally hit overload.

Police, residents and businesses cooperated on a response.

“Bump in the road won't end journey.” (8/30/1997.)

The revival of West First Avenue in downtown Spokane suffered a setback when the Children's Museum of Spokane abandoned plans to move there. It didn't suffer a defeat, however.

Landing the museum and the Spokane Marketplace as wholesome, vibrant, family-friendly tenants in the once crime-plagued district was considered a key part of reversing the decay on which drug dealers and prostitutes had feasted for too long. The Marketplace remains. [article continues]

“West First cleanup earns police honors.” (11/17/1997.)

“The Spokane Police Department's efforts to clean up West First Avenue earned an honorable mention for a national award on Sunday.” The department was given an honorable mention for the recognition from the Herman Goldstein Award given annually to departments successfully using community policing in their city. “Your ‘West First’ project was a thoughtful, thorough example of problem solving at its best,” the panel said. The area around the 1100 block of West First was notorious for its crime....

The police beefed up their presence in the area. With the help of businesses and residents in the area, things turned around.”

"Once-mean street freshens up." (6/20/1998)

West First Avenue just isn't what it used to be.

The prostitution and drugs once notorious in the area have given way to fresh basil, blooming flowers, and art.

On Friday, neighbors and residents from around Spokane turned out to celebrate the ongoing transformation as the first Spokane Marketplace Summer Festival got under way.

"Rock Concert at Met will benefit gallery." (9/18/1998)

Three Spokane bands will rock and roll at The Met Tuesday in a concert to benefit a local art gallery. 2MT Gallery, has been in operation for three years focusing primarily on alternative art and young artists. "We've never really made any money," said 28-year-old Michael Mercer, the gallery owner.

All the money raised will go toward paying the gallery's rent. ...

In January of 2000 the Washington State Department of Archaeology and Historic Preservation announced that the West Downtown Historic Transportation Corridor National Register District had been designated by the National Park Service. The district spans from Walnut to Post streets and West First to Second avenues. The National Register designation would become an important tool in the renovation and adaptive reuse of tarnished and worn-down historic buildings in the neighborhood. Over a half dozen buildings have taken advantage of investment incentives made available by the designation through the National Park Service to bolster and solidify the neighborhood.

The Spokesman-Review reported in two articles in April and September about the resurrection of the West 1st neighborhood. First in April: **"West First Renovation projects preserve part of city's history."** (4/14/2000)

The articles noted that Rob Brewster, Spokane developer, having just completed the renovation of the Holley Mason building was restoring the Montvale building into a 36-room boutique hotel. The building's two upper two floors had been vacant for years. At the same time a group of investors, the Odd Girls LLC, were working on the former Odd Fellows Hall at 1015-17 West 1st Avenue.

In August of 2000, Gerald Wiley, owner of the Norman-Jefferson and Dead End Tavern, sold the properties to Joseph P. and Kristi A. Harwood, and Cory S. and Elisabeth Colvin for \$900,000. No plans for the future of the Norman-Jefferson were announced at that time.

Across the street from the Norman-Jefferson on the northwest corner of 1st and Jefferson, KHQ was building a \$5 million building expected to be fully occupied by March 1, 2001.

In a *Spokesman* article from July 18, 2000, Jill Smith co-owner of Earthgoods, also a new business in the neighborhood said: "I'm encouraged there is going to be a good group of creative people in the area. The more things that happen in that area, the more we're going to encourage people to feel safe there and walk around."

And in September: **“West First’s revival.** Once troubled downtown neighborhood is getting a face lift.” (9/6/2000)

“A group hoping to further upgrade a once-troubled downtown area is close to signing a deal to buy the Madison Apartments building at 1029 W. First Avenue.” Local developer Rob Brewster and entrepreneur Jill Smith would completely control of the block of buildings bounded by Monroe, Madison, First Avenue and the railroad viaduct. The renovation of the Madison “is one component of a bigger plan to create a one-block arts and entertainment district filled with small shops, theaters, restaurants, artist’s studios and urban dwellings.

The renovation and activation of the east end of the West 1st neighborhood would complement the improvements accomplished in the west end at the Carnegie Square building cluster including the Eldridge Building, Grand Coulee Building (Hotel Upton, and the Carnegie Library).

After 90 years of providing housing to Spokane’s working class and retired community, *the Spokesman-Review* reported **“Low income apartments to close,”** on November 18, 2002. One tenant noted that rent was \$235 per month and was paid out of his \$545 Social Security check.

“...The 41 tenants in the Jefferson Apartments must move by the end of November, their landlord told them Wednesday. He’s offering to find new homes for those who qualify for government subsidies.”

Joe Harwood, who owns both the Saranac and the Jefferson, said he doesn’t yet know what will become of the buildings. He couldn’t afford to continue offering low-rent apartments, Harwood said.

Harwood and Colvin had purchased the building in 2000 for \$900,000 which is four times its selling price in 1993. The price increase was indicative of investments in the neighborhood such as the recently constructed KHQ television station across the street to the north. According to Harwood, these improvements were boosting the real estate values along West 1st.

After the removal of tenants of the Jefferson, little activity took place within or around the building. On March 13, 2006, Harwood and Colvin transferred, by sale, the Jefferson building to EBJ Holdings, LLC (Jeffrey B. Smith) for \$720,000. This sale was only for Lot 1, Block 19, Railroad Addition on which the Jefferson resided (the Norman, Lot 2, was not part of this transaction). But on that same date, Harwood and Colvin transferred both Lots 1 and 2 to Old Norman Building, LLC. The transfer did not include the cost of the purchase.

While there was no mention of either the Jefferson or the Norman in 2007, conversion of neighboring buildings and displacement of low-income residents were the issues that moved to the forefront and eventually jumped into the mayor’s race. The area once notorious for prostitution, drug dealing and skid row housing was now dealing with loss of that accessible housing for the elderly and the poor.

On May 3, 2007, *The Spokesman-Review* posted dual captions, with a photo: **“BlueRay Technologies worries that its plans for the Commercial Building downtown may harm the 51 low-income residents who call it home,”** and **“DVD maker may add jobs, but displace poor.”**

BlueRay Technologies, a California manufacturer, was proposing to invest \$12 million in a plant to manufacture next-generation DVDs at the Commercial Building at 1115 W. 1st. The article noted that the company was deciding on whether to close on the deal while pondering if the manufacturing plant could co-exist with residential use upstairs. The reality was that BlueRay owner, Erick Hansen, did purchase the building and displaced all the residents. By 2009, his BlueStar Technologies company had yet to produce a single disc and the company was plagued by multiple lawsuits. Hansen was indicted on a 16-federal fraud indictment in 2015. Hansen was also subject to a federal lawsuit that stemmed from the ouster of low-income resident from the Commercial Building. He was sentenced to 5 years in prison and died while detained in 2020.

“Low-income housing splits field,” reported July 12, 2007 edition of *The Spokesman-Review* in an article about the Spokane Mayoral race.

The city of Spokane was caught “flatfooted” by plans to turn downtown hotels used as low-income housing into new residential developments, Mayor Dennis Hession conceded Wednesday. “... plans to remodel properties like the Otis and Madison hotels are “good news, bad news” situation for Spokane.

The third building to face evictions of the low-income tenants was reported in the September 9, 2007 edition of *The Spokesman-Review*: **“Otis evictions stretch services to limit;”**

“The emptying of another downtown building is putting extra stress on Spokane’s social service agencies.” This summer, several nonprofits provided staff to help dozens of residents for the New Madison and Commercial Building who were forced to vacate their apartments. Now, with eviction notices being sent to an estimated 86 residents of the Otis Hotel, those same agencies are being asked to help again. Approximately, 200 people had been displaced as a result of the closure of those three buildings.

Figure 16: *Spokesman-Review* January 18, 2008

In 2008 opened with the Jefferson being sold by EBJ Holdings, LLC to Windows on Jefferson LLC for \$1,300,000 for Lot 1 only. (Jefferson building - 35192.1201, legal address 115 S. Jefferson.) Soon thereafter, on January 18th, under *The Spokesman*’s **“Here’s the Dirt,”** column a project for the Jefferson was revealed. **“Retail, office condos planned for adjacent historic buildings.”**

After sitting vacant, two historic downtown buildings are slated to receive face lifts. Developers intend to transform the three-story, 23,400 square-foot former Jefferson Hotel, 115 S. Jefferson St. into street-level retail condominiums and

upper-level office suites, said Mark McLees, a sales and leasing agent for NAI Black. Undisclosed developers hope to buy and revamp the Norman Hotel, McLees said.

Developer Jeff Smith, of EBJ Holdings LLC, and Spokane chiropractor Darcy Kelly are renovating the 99-year old Jefferson. They purchased it as Windows on Jefferson LLC from EBJ Holdings on Jan. 4 for \$1.3 million, public records show.

Renovations are expected to cost about \$500,000, and the owners hope the "Jefferson Centre" will be occupied by April, Smith said. It will be marketed toward boutique retailers.

"We really see that neighborhood as attracting your artistic-type of businesses," he said.

Smith said Jefferson Hotel owners considered making residential condos. But, he said, "with the downturn in the market and some other projects coming online, we thought it would be better if we went the off-condo route." ...

The Norman, 1121 W. First Ave., will become a retail and live-work condos, if developers can arrange necessary financing, McLees said.

The owner, Old Norman Building LLC, has a sales agreement for the 21,640 square foot structure, he said. The asking price is \$1.1 million.

The two buildings will share an elevator, and the same contractor would handle exterior work on both, McLees said. He expects Norman renovations to cost about \$700,000 to \$800,000.

...

The buildings are the latest on the block to be renovated. BlueRay Technology last summer turned the Commercial Building, 1119 Riverside Avenue [sic], into a Blu-ray disc manufacturing plant. RenCorp LLC last fall closed the Otis Hotel at First Avenue and South Madison Street.

"That entire strip down through First Avenue is really going to take off," Smith said.

West 1st Avenue would take off, but without Smith. In May 2008 he received a building permit to remodel and convert existing vacated residential/retail spaces to businesses/retail spaces. He gutted the building, updated the electrical service, pulled wire for fire alarm and installed new wiring throughout the building. In June 2009 he installed an elevator and new vinyl windows in the Jefferson portion. He also reroofed the building in April 2010. The project then stalled and Windows on Jefferson LLC turned the Jefferson over to the Bank of Fairfield, in lieu of foreclosure. The building would remain vacant and an unfinished shell through the next two owners.

In the meantime, the New Madison apartment renovation project had received a building permit in February 2008. (**New Madison renovation permitted**, 2/15/2008.) The Madison Hotel Apartments, LLC, a group of Seattle investors proposed to build 67 units of low to upper income rents. The owners had received bank financing and historic tax credits for the renovation. Value of the building permit value was \$1.33 million. The work was completed by another contractor and the with building occupancy in 2009.

Two buildings both in the notorious West 1100 block remained vacant, deteriorated, and awaiting suitors. The Otis (Willard Hotel) at the northeast corner of the block and the Norman-Jefferson at the northwest corner of the block.

Windows on Jefferson LLC was foreclosed by the Bank of Fairfield on March 23, 2010 and the building would remain a vacant neighborhood eyesore for another five years before the Bank of Fairfield sold the Jefferson on lot 1 to Yellow Door Properties, LLC, for \$675,000 on June 15, 2015. Yellow Door also purchased from the Old Norman Building, LLC, the co-joined Norman Hotel on Lot 2, for \$420,000 on June 18, 2015.

The Spokesman-Review announced on November 22, 2015: “**Developer creating uptown loft condos in two downtown Spokane buildings.**” [Doug Clark byline includes photos of interior, one with Sanchez.]

It wasn’t so long ago that First and Jefferson was a major Spokane destination—if you wanted to buy crack. Today this once seamy downtown location has become a reassuring sign that our economy is on an upswing.

Ask Daniel Sanchez, who has doubled down on the biggest gamble of his 35-year-old life.

Sanchez is busy turning two three-story 1908 [sic] buildings, the Jefferson and its next-door neighbor, the Norman Hotel into cool urban living spaces and boutique retail shops that will enhance the revitalization of West First Avenue. West End Lofts, he’s calling the project. Target date for completion: June 2016.

... [continued on pb7.]

In spite of the big dreams, the Norman-Jefferson would languish a few more years before the next suitor came forward. Sanchez was able to lease one of the spaces in the Jefferson to the Spokane Boxing Club, run by Rick Welliver in 2016.

On June 28, 2016, Sanchez received building permits for a commercial change of use for the West End Lofts shell: “Shell remodel of 2 existing mixed-use buildings into single mixed-use building with basement storage, indoor parking/business on main level, 2 floors of residential (with 9 residential units). All work is shell and core preparation for future tenant/s tenant improvements.

Other than leasing the Boxing Club in the southwest corner, little was accomplished by Sanchez’s Yellow Door Properties. The condos for sale as the “West End Lofts” remained a shell as they were when Sanchez bought the building.

While the Jefferson sat forlornly at the corner of Jefferson and 1st, the Otis on the other corner at Madison and 1st was being rescued from the wrecking ball. Portland developer, Curtis Rystadt had transformed the Otis from “...a bastion of urban decay into a luxury hotel.” “**Historic Renewal,**” graced the cover of the August 7, 2020 business section of *The Spokesman-Review*. Opened as the Willard Hotel, and operating under several names before becoming the Otis, the venerable hotel was now hosting visitors under the Indigo Hotel banner.

The Norman Jefferson continued to languish. After a couple of additional ownership transfers, and another failed attempt at bringing the building back to life, the current ownership acquired the property on January 6, 2024 in a \$1.1M purchase.

ARCHITECTS

Arthur W. Cowley (1878-1949) Architect in partnership in both the Jeffers and the Norman: Arthur W. Cowley, born in Spokane, practiced architecture in Spokane from about 1906 through his death in 1949. Cowley was recognized in the West Downtown Historic Transportation Corridor National Register Nomination (1999) as designer of four major apartment buildings in the same block: the Otis Hotel (Willard/Otis, 1911, SRHP); the Alberta Hotel (1910, Hotel Boja), Jefferson Hotel (Windsor, 1908) and Norman Hotel (Windsor Annex, 1910). He also designed the Child, Brothers and Day Auto Supply (at 1217 W 1st, 1910, altered and non-contributing). Wells Chevrolet Service Building and Showroom (115 South Adams Street and 1229 West 1st Avenue (1926, SRHP), as well as the Doran Building (1920 SRHP). Within a block radius of the Norman-Jefferson, Cowley designed eight buildings. Including the Jamieson Co Salesroom (1916, 1229 Sprague-demolished).

Cowley's early work was noted in *The Spokesman-Review* in its 25th Anniversary edition marking Spokane's economic progress on June 17, 1909, featuring Spokane's economy and prominent citizens, included a sketch of “New Apartment House of N.W. Durham” with “Arthur W. Cowley Architect.”

A little over a year ago this gentleman opened offices at 631-632 Peyton bldg. for the purpose of carrying on a general architectural business. Mr. Cowley was formerly an engineer of the Great Northern Railroad and for a time was chief draftsman for that system. Since entering the architectural field Mr. Cowley has met with flattering success. During the year he was been actively engaged here he [sic] erected the Wellington apartments Sixth and Stevens street; the Buckman

apartments, First avenue and Elm street; the Windsor store and hotel building, First avenue and Jefferson street, and several of the better class apartments in Spokane. He is now putting up the new N.W. Durham apartments at Third avenue and Lincoln street, a cut of which appears on this page. Mr. Cowley has also designed and prepared the plans for several handsome residences. Mr. Cowley is an enterprising young man, full of ambition and thoroughly conversant with this business.

N.W. Durham, in his history of Spokane (1912), wrote the following about Cowley, still early in his career in Spokane:

Spokane has grown rapidly and Mr. Cowley has had his share of the business in his line, his intelligently directed effort bringing him substantial reward while his work has been an element in the city's improvement. He has introduced many innovations in building lines and the structures which he has erected are the principal ornaments of their respective neighborhoods, pleasing to the eye and constructed with conscientious regard for real utility, and the comfort and health of their occupants. Because of his operations unsightly vacancies have become occupied by attractive edifices and real estate in all parts of the city have rapidly advanced in value.

Cowley is noted for his apartment and industrial buildings, several of which remain in use in Spokane. The Goodyear Tire and Rubber Building is one of five known industrial/commercial buildings that are extant in Spokane and retains the best integrity of those buildings. Besides the Child, Brothers and Day Auto Supply (1911, 1217 West 1st Avenue), which is totally altered, are the Consolidated Motor Freight Warehouse (1935, 126 S. Sheridan/Pacific), and Inland Auto Freight Warehouse (1929, 159 S. McClellan).

An article in *The Spokesman-Review*, at his death in 1949 included below, recaps Cowley's life in Spokane and his important contributions to the city's architectural legacy.

Arthur Cowley Taken By Death

Arthur W. Cowley, one of Spokane's first native citizens whose life and that of his family have been interwoven in the history and development of this city since its establishment died yesterday in a hospital following a short illness.

The city's growth is full of evidence of Mr. Cowley's life, as he was a prominent architect here for nearly 43 years. He drew plans for some of Spokane's most substantial business and industrial buildings and fine homes which are monuments to his skill and ability. He remained active in his profession until shortly before he died.

Mr. Cowley was born October 9, 1878 in Spokane. He was the son of Henry Thomas Cowley, an early-day missionary who was one of the first settlers in this region. The only other white families here at the time the elder Mr. Cowley arrived were those of A.M. Cannon, J.J. Browne, and James N. Glover. Arthur Cowley was one of the first white children born in Spokane.

His father answered the invitation of the Spokane Indians to settle among them and the younger Mr. Cowley grew up under frontier conditions. He began his life in the home which his father and friendly Spokane Indians built in the center of the Spokane's camp, a beautiful wooded site now the location of Cowley Park on Sixth between Browne and Division.

When the Cowleys arrived at Spokane Falls the little town had only one store. The Spokanes welcomed them, bringing them dried salmon, lean venison and a pail of milk.

After they had settled, the elder Mr. Cowley was able to build his first church at the site which is now Bernard and Sprague.

Archibald Grant Rigg (1878 -1959 Architect for the Norman Hotel with Cowley)
Michael Houser, State Architectural Historian, and Durham in his history of Spokane.

Archibald Grant Rigg was born in Stratford, Ontario, Canada on April 5, 1878 and received his formal education from Trinity College in Toronto, and Columbia University in New York. Upon graduation Rigg took a job in Danville, Illinois and formed the partnership of Lewis & Rigg, through which "several notable buildings" were designed.

Because of health concerns, Rigg moved west, landing in Spokane where some reports indicate he became the head draftsman for the architectural firm of Cutter & Malmgren (1904-1905). His time in the west however was short-lived and around 1906, he was called back to east to Indianapolis to take care of his ill father.

While in Indianapolis he worked for architects Herbert Foltz and Wilson Parker. At the time, the firm was busy conducting a large amount for the State of Indiana, which gave Rigg additional experience and insight on how to handle large government projects. Projects by Foltz & Parker during his time in Indianapolis included several structures at the Indiana State Insane Asylum; the First Christian Church of Indianapolis; the J. A Sutherland House (1907); the Harry W. Long House (1907); the Senator Beveridge House; and the Indianapolis County Club (1910).

In 1910, he returned to Spokane and formed a partnership with Arthur W. Cowley. They made a specialty of designing apartment houses. Projects include the Wellington Apartments; the Altadena Apartments (c.1912); the Garry Apartments; the Buckman Apartments; and the Close-In Apartments. Other projects included the Gandy/Willard Hotel (1911) [Otis Hotel, and down 1st Avenue, the Norman and the Jefferson] the Spokane Taxicab Garage (c.1912); and a variety of homes for several of Spokane's most prominent citizens.

By 1914 Cowley and Rigg had parted ways and Rigg formed a private independent practice (1914-1919). His projects during this time period included the Spokane County Tuberculosis Sanitarium (1914); a School in Davenport (1915); St. Luke's Hospital and attached wings (1917-1919), the Downriver Club House (1916); the Symons Building (1917); a remodel of the Tidball

Block (1917); the Robert Grinnell House; the Dr. Cunningham House; and the Dr. Charles & Edith Rigg House (1914). [Rigg also designed the Shoshone County infirmary and Isolation Hospital in Silverton, ID and the Spokane County Infirmary and Isolation Hospital in Spangle.]

In 1919 he entered into a new partnership with Roland M. Vantyne. The new partnership may have been formed to take on the work of designing over 50 buildings at Greene Park Amusement Park in Tacoma for the U.S. Army. For the Greene Park development, Rigg & Vantyne opened an office in Tacoma to coordinate the firm's designs with local contractors, Pratt & Watson. Their most notable design at the Park was the Red Shield Inn (1919); a Swiss Chalet inspired structure which now serves at a military museum for Joint Base Lewis-McChord.

It was during this time that Rigg received his architect's license - #220, on March 17, 1920. He was part of a large group of individuals whom were grandfathered in when the State began requiring architectural licenses in 1919.

Other projects back in the Spokane area included the Salvation Army Headquarters Building (1921); Hutton Elementary School (1921); the Masonic Temple and subsequent enlargements; the Idaho State Tuberculosis Sanitarium (1922) in Payette, ID; the US Post Office (1933, with G. Albin Pherson); the Science Hall/Abelson Hall (1935) at WSU; KFPY Radio Station Building (1936); and Shriner's Hospital for Crippled Children (1938).

When Roland Vantyne passed away suddenly in 1938, Rigg continued the firm. Projects during this phase of his career included the Engineering Laboratory Building (1942) at WSU Pullman; the Edgecliff Tuberculosis Sanatorium; the Riverside Mausoleum (1954); Cheney & Harriet Cowles Library at Whitworth College, Additions to Emerson and Columbia Schools (1951); and City Light Building (1952) in Grand Coulee.

Eventually Roland Vantyne's son, Carl, was named partner in 1957 after previously serving as an associate (1950-1957). The name of the firm was then changed back to Rigg & Vantyne. Projects during this later period include the Greenwood Garden Crypts Mausoleum (1957); the Roundup Grocery Warehouse in Walla Walla (1958); and addition and alterations to St. Luke's Hospital (1959); and an addition to a Jr. High School in Libby, MT (1960).

Over the course of his 50+ year practice, Rigg designed hundreds of buildings in a wide range of architectural styles spanning from the Revival period of the teens and twenties and into the post WWII era. Rigg and his wife, Mayme Ethel Beck, were socially active and prominent members of Spokane's society. Together they had one daughter, Marian Beck. Rigg was a Mason in Oriental Lodge Number 74, and was a member of several social and professional organizations, including the Scottish Rite, El Katif Shrine, the Spokane Chamber of Commerce, the Spokane Amateur Athletic Club, the Inland Club, the Rotary Club, the Spokane Society of Architects, and the Spokane Chapter of the AIA where he served as chapter Vice President in 1931.

Rigg passed away in Spokane at the age of 80 on February 18, 1959.

George H. Keith (1878 – 1953) Architect for the Jefferson Hotel with Cowley and Whitehouse.

(Houser, DAHP, 12/12/2025)

Spokane architect George Herbert Keith was born in Minneapolis, Minnesota on November 18, 1878. His dad, George Hackett Keith, was a prominent doctor and was a member of the State's first legislature. In 1882 George Sr. passed away leaving his wife to take care of George (then age 3), his two older brothers and a sister. The family remained in Minneapolis where George and his siblings attend local schools.

George's formal architectural training, if any, is unknown and census records indicate that he only completed school through the 8th grade. However, Polk Directories indicate that by 1898, at the age of 20, he was serving as a draftsman in his older brother's Walter's architectural firm in Minneapolis. While working there, on June 20, 1900, George married Katherine O. Adams.

By the turn-of-the-century, business for the Keith's architectural practice was going well and they were looking for ways to expand. In 1902, George and his brothers Walter J. and Max L., formed a land development company, known as Keith & Co.

That same year they also formed a book publishing company. They started *Keith's Magazine*, a nationwide "authoritative magazine for home builders." Each 80-page issue featured articles on building techniques, interior design and architecture. It also included plans for homes which could be ordered directly from the company. Marketed across the United States in a variety of catalogues, books and magazines such as *Ladies Home Journal*, the magazine helped popularize the bungalow style and was published from 1901 to at least 1928.

Increasingly the young George took on the role as designer at the firm. Known projects directly attributed to him include the Linden Hills Congregational Church (1903) outside of Minneapolis; the Farmer's Creamery (1906) in Northfield; a home for G.W. Rathburn (1906) W.R. McLeod House (1906), and Clarence Brown (1906) all in Minneapolis; and the D.M. Walker House (1906) in St. Charles, Iowa.

In 1905 the Keiths formed a partnership with noted architect New York architect Leon Narcisse Gillette. Reportedly he was to provide them with most of their architectural designs. By November of 1906, Keith moved to Spokane. He soon took a job with John K. Dow, one of the most prominent architects in the city at the time.

After Dow promoted one of his long-time associates Clarence Z. Hubbell to partner, Keith left the firm and in 1908 he formed a partnership with fellow Dow employee Harold Whitehouse. Together they had a thriving practice. Notable designs include the Jefferson Hotel (1904); a house at 611 E Indiana (1908); the Ridgeway Theater (1908) in Colfax; the Daniel Morgan House (242 E Manito Pl, 1909); the Clark-Weiss House (1909); Mrs. M.J. Wiard House (2414 w 2nd Ave, 1909); a house at 1211 s Wall St. (1910); the Northwest Cold

Storage & Warehouse Co. (1910); the Parsons Hotel (1909); the Boyd and Alta Hamilton House in Coeur d'Alene; and the Stratford School (1912) in Stratford. Note that several of Keith & Whitehouse designs in Spokane were featured by his brother in Keith's Magazine.

Whitehouse left the firm in 1911 to study architecture at Cornell and Keith continued an independent practice. Projects during this phase of his career include several notable commissions including the Levi & May Arkwright Hutton House (2206 e 17th Ave, 1914); the Okanogan County Courthouse (1915); and the Grant County Courthouse (1917).

In 1918 he was called to serve the Y.M.C.A. in France during WWI and returned to Spokane in 1920, reopening his practice in the Hutton Building. While overseas, when the state began licensing architects, Keith was awarded license No. 20, on October 18, 1919. Projects during this later phase of his career projects included the Manito Masonic Temple (1923); and the Royal Riblet House (1925).

Keith continued on his own until 1929, but times were hard for him during the late 1920s, both personally and professionally. Economic fortunes forced him to take a job with his former partner Harold Whitehouse. Around 1935, George and his wife Clara moved back to New Jersey, most likely to be closer to Clara's relatives. It is unclear if he practiced architecture there. The 1940 census records indicate that his occupation was a superintendent at an undisclosed industry. Keith passed away on July 16, 1953 at the age of 74 in Essex, New Jersey.

Harold Whitehouse (1884-1974) Architect for the Jefferson Hotel with Cowley and Keith.

Harold Whitehouse was born in 1884 in Somerville, Massachusetts. He attended Cornell University where he took a study tour of Europe under H. E. Phelps. He began practice as a draftsman in 1902 for Fox, Jenney and Osle. In 1908, he became a partner in Keith and Whitehouse and is registered in Idaho, Montana, Oregon, and Washington. Mr. Whitehouse was president of the Spokane, Washington chapter of the American Institute of Architects (A.I.A.) In 1913 he partnered with Ernest Price. Some notable buildings designed by Mr. Whitehouse include the Music Building and the Fine Arts Building at the University of Washington; the Administrative Building at the University of Idaho; Anacortes Hospital in Anacortes, WA; Women's Dormitory at Gonzaga University; Lincoln Office Building in Spokane, WA; and United General Hospital in Sedro Wooley, WA. He also designed Episcopal churches in small towns throughout the Pacific Northwest.

One of the most successful and prolific architects in Spokane, Harold Whitehouse designed more than a thousand houses, buildings, and structures in the area. He was educated at the Boston Art Club and Cornell University, and studied Gothic architecture in Europe. After George Keith, Whitehouse partnered with Ernest Price from 1914 to Price's retirement in 1964. Harold Whitehouse's extensive travel and study allowed him to design some of his most celebrated achievements in Spokane, including the Hutton Settlement

(orphanage built 1919), the City Ramp Garage (built 1928), and St. John's Episcopal Cathedral (built 1925-1954). Designs attributed to Whitehouse alone and to Whitehouse & Price were extensive and include hundreds of single-family homes, multifamily apartments, college and university sorority and fraternity houses, commercial buildings, industrial warehouses, schools, and churches (for which Whitehouse was particularly fond) throughout Washington, Idaho, Montana, and Oregon. Sally B. Woodbridge wrote a book called, *Building Through Time: The Life of Harold C. Whitehouse, 1884-1974*, and gave a list of jobs completed by Whitehouse alone and by Whitehouse & Price. After entering more than 2,400 commissions, Woodbridge exclaimed "this list testifies to the breadth of practice of this long-lived firm."

Pettifer Construction Company

Pettifer Construction company, was a building contractor in Spokane active in the beginning of the 20th century. A summary of Pettifer's work was provided in an article in the May 24, 1910 edition of the *Spokane Chronicle*: "**Start Active Construction on a Big Business Building.**" The Pettifer Construction company of Spokane, which as the contract for the erection of a number of local buildings, is now laying brick on the new home of the Ideal laundry at the northwest corner of Boone avenue and Ruby street. ... The company has just completed excavation for the Newman block to be erected at the SE corner of 1st avenue and Jefferson Street. This is to be a five-story and basement hotel structure that will cost \$35,000. In addition, they are erecting the \$25,000 K. of P. building, the Ritzville high school, a \$3,500 building in Thompson, MT. They are also constructing the Lever Building at 3rd and Howard—a \$125,000 building with 169 rooms with Robert Sweatt as architect. The officers of the company are J. A. Pettifer, president, and C.W. Pettifer, secretary and manager. Other buildings constructed by Pettifer include a new school at Lind in 1908, and also in 1908 "Three Buildings to Cost \$52,000" including a 3-story brick on Main and Bernard, a 3-story brick apartment house at the northwest corner of Pacific and Spruce, a 3-story apartment house at 4th between Bernard and McClellan, and a guardhouse at Fort Wright. The \$35,000 Othello school was constructed in 1909.

ASSISTANT SECRETARY FOR
COMMUNITY PLANNING AND DEVELOPMENT

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT
WASHINGTON, DC 20410-7000

April 10, 2026

The Honorable Lisa Brown
Mayor of Spokane
808 W Spokane Falls Blvd
Spokane, WA 99201

Dear Mayor Brown,

Secretary Scott Turner is committed to improving housing opportunities, reducing regulations to lower housing cost, and expanding housing supply for hardworking Americans. The nationwide shortage of rental and owner-occupied properties and the current rate of construction have not kept pace with the demand. This lack of adequate housing supply leads to higher prices for renters and homebuyers alike, forcing some into homelessness and preventing countless Americans from becoming homeowners. Across the country, partnerships between public and private sectors are providing millions of Americans an opportunity to get ahead. HUD is determined to continue its collaboration with you so programs are responsibly utilized and can spark additional leveraging and partnerships to address the nation's housing challenges.

As authorized by the Consolidated Appropriations Act (Public Law 119-75) on February 3, 2026, I am honored and excited to announce that the Spokane jurisdiction is receiving the following Fiscal Year 2026 allocations for the identified programs:

Community Development Block Grant (CDBG) \$3,117,573.00

HOME Investment Partnerships Program (HOME) \$1,092,547.60

Emergency Solutions Grants (ESG) \$265,184.00

Housing Opportunities for Persons With AIDS (HOPWA) \$ 0.00

Recovery Housing Program (RHP) \$ 0.00

In addition, your jurisdiction's CDBG allocation for this year provides you with \$15,587,865.00 in available Section 108 loan guarantee borrowing authority. Section 108 permits you to borrow up to five times of your current CDBG allocation. This loan allows jurisdictions to maximize access to low-interest capital, and provide long-term financing to invest in Opportunity Zones, or further address gap financing for big projects that you envision for your community.

As you are finalizing your Annual Action Plans or Consolidated Plans that are due for submission to our office by August 16, 2026, please be reminded that it is important to align with

applicable laws and executive orders. If you or any member of your staff have questions, please do not hesitate to contact your local HUD Field Office or CPDGDAS@hud.gov.

Thank you for your interest in CPD programs and for ensuring that these dollars are responsibly achieving outcomes as intended by law. When people have a safe and stable place to call home, they can focus on contributing to the economy and be productive members of their respective communities.

Sincerely,

A handwritten signature in black ink, reading "Ronald J. Kurtz". The signature is written in a cursive style with a horizontal line underneath the name.

Ronald J. Kurtz
Assistant Secretary
for Community Planning and Development

CBC CONDITIONAL CONTRACT FOR 126 W SINTO AVE

Agenda Wording

Conditional Commercial Building Conversion contract with NODO SPOKANE LLC, for the property located at 126 W Sinto Ave, to create 25 dwelling units with a required 10% of affordable units.

Summary (Background)

RCW 82.59 authorizes the Conversion of Underutilized Commercial Property to Affordable Housing sales and use tax incentive, known in the City as the Commercial Building Conversion (CBC) program, to certify eligible investment projects for this affordable housing incentive. The City adopted this incentive in 2024 and SMC 08.07E outlines Spokane's CBC program and project eligibility requirements. Staff has determined that the Fleet Building Apartments conditional application meets the definition of an eligible investment project as outlined in SMC 08.07E.020 and RCW 82.59.010. The application proposes to create 25 residential units on the property at 126 W Sinto Ave, within the Emerson/Garfield neighborhood (District 3). The property is zoned Office Retail (OR-150), and the proposed use is allowed. Once the project is constructed, the property owner will be required to maintain 10% of affordable units for 10 years. This agreement authorizes the City to enter into the Commercial Building Conversion conditional contract, which will ultimately result in the issuance of a final certificate of approval and the beginning of the 10 year compliance period.

What impacts would the proposal have on historically excluded communities?

The Commercial Building Conversion program requires that 10% of constructed units be rented to low-income households, or those earning no more than 60% Area Median Income (AMI). Utilizing data from HUD, a two person household earning 60% AMI will earn \$48,400 annually. Increasing supply and access to affordable housing can have the result of decreasing supply pressure on the local housing market and increasing housing choice for historically disadvantaged or underserved communities.

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

The Department of Commerce and the Department of Revenue conduct annual audits of all jurisdictions with CBC programs. The City collects annual reports and tenant income verification for each property, to be reviewed by Commerce for the housing compliance component. The property owner must annually complete tax reporting to the Department of Revenue as well. Both compliance pieces are mandatory for the 10-year compliance period. Only income level data will be collected to ensure compliance.

How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

Excluding external factors such as raw land costs and current financing rates, staff monitor program efficiency through annual reporting compliance, the number of conditional and then finalized projects, and the need detailed by developers for such an incentive to make low-income and workforce housing projects financially feasible. Some of these metrics include the number of projects granted a final certificate, the total number of units created and the percentage of affordable units, as well as the type and size of units being constructed, and the geographic dispersion of eligible projects.

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

Comprehensive Plan Policies: LU 1.4 Higher Density Residential Uses LU 3.5 Mix of Uses in Centers LU 4.2 Land Uses That Support Travel Options and Active Transportation LU 4.6 Transit-Supported Development H 1.9 Mixed-Income Housing H 1.4 Use of Existing Infrastructure H 1.10 Lower-Income Housing Development Incentives H 1.11 Access to Transportation H 1.18 Distribution of Housing Options ED 2.4 Mixed-Use ED 7.4 Tax Incentives for Land Improvement

NOW, THEREFORE, the City and the Owner do mutually covenant and agree as follows:

1. The City agrees to issue the Owner a Conditional Certificate of Program Approval as outlined herein.

2. The Project must comply with all applicable zoning requirements, land use requirements, design review recommendations and all building, fire, and housing code requirements contained in the Spokane Municipal Code at the time a complete application for a building permit is received.

3. The Owner intends to construct approximately **25 housing units** on the Project site, as described in their application filed with and approved by the City. In no event shall such construction set aside fewer than ten (10) percent of the developed housing for very low and low -income families.

4. The Owner agrees to complete construction of the Project within three years from the date of the application or within any extension granted by the City. The Department of Planning and Economic Development, with the consent of the Spokane City Council, may extend the deadline for completion of construction or rehabilitation for an additional period not to exceed 24 consecutive months.

- (b) an estimation of construction costs;
- (c) time schedules for completion and operation; and
- (d) any other information required by the Washington State Department of Revenue.

6. Within 30 days of the issuance of the certificate of occupancy by the City for an eligible investment project, the property owner must file with the City the following:

If the transferor fails to notify the City and the Department of Revenue, all deferred sales and use taxes are immediately due and payable as provided in Chapter 82.59 RCW.

12. The City reserves the right to cancel the Conditional Certification of Program Approval should the Owner, its successors and assigns, fail to comply with any of the terms and conditions of this Agreement or of SMC Chapter 08.07E.

12. No modifications of this Conditional Certification of Program Approval shall be made unless mutually agreed upon by the Parties in writing.

13. The Owner specifically acknowledges and understands their potential tax liability involved if and when (1) Owner opts to discontinue compliance and notifies the City and Department of Revenue within 60 days of the change in use or intended discontinuance; or (2) the City finds that a portion of an investment project is changed or will be changed to disqualify the Owner for sales and use tax deferral eligibility, per Chapter 82.59 RCW. APPROVAL OF LEGISLATIVE SERVICES CONTRACT - FEDERICI GOVERNMENT

Agenda Wording

Approval of contract with Nick Federici / Government Relations (Tacoma, WA) for State Legislative Services from October 1, 2026 to September 30, 2028, renewable for one additional term of two years, in the amount of \$54,000 annually and \$108,000 over the life of the two-year contract.

Summary (Background)

The City of Spokane has historically contracted with outside firms for legislative services. The contracts with the current legislative vendors expired on March 31, 2026. Consistent with procurement requirements, the new contract was subject to competitive bidding (RFP 6584-26). Three bids were received, all bids were scored by three-person scoring committee, with two bids scoring identical scores. After further discussion with the Legislative Team, the joint proposal submitted by Luke Esser and Nick Federici was accepted. Historically, Mr. Esser and Mr. Federici receive individual contracts, with the total compensation for both contracts equal to the total proposed cost submitted. A companion contract with Luke Esser, with identical terms and costs, is being submitted separately in OnBase. Legislative services are governed by the City's legislative priorities established via council resolution, typically adopted by December 31 of each year. The Council will adopt its legislative priorities in consultation with the chosen provider(s) of legislative services.

9. DEBARMENT AND SUSPENSION.

The Lobbyist has provided its certification that it is in compliance with and shall not contract with individuals or organizations which are debarred, suspended, or otherwise excluded from or ineligible from participation in Federal Assistance Programs under Executive Order 12549 and "Debarment and Suspension", codified at 29 CFR part 98.

10. AUDIT.

The Lobbyist and its sub-contractor shall maintain for a minimum of three (3) years following final payment all records related to its performance of the Contract. The Lobbyist and its sub-contractors shall provide access to authorized City representatives, at reasonable times and in a reasonable manner to inspect and copy any such record. In the event of conflict between this provision and related auditing provisions required under federal law applicable to the Contract, the federal law shall prevail.

11. ASSIGNMENT AND SUBCONTRACTING.

The Lobbyist shall not assign or subcontract its obligations under this Contract without the City's written consent, which may be granted or withheld in the City's sole discretion. Any subcontract made by the Lobbyist shall incorporate by reference this Contract, except as otherwise provided.

The Lobbyist shall ensure that all subcontractors comply with the obligations and requirements of the subcontract. The City's consent to any assignment or subcontract does not release the Lobbyist from liability or any obligation within this Contract, whether before or after City consent, assignment or subcontract.

12. TERMINATION.

Either Party may terminate this Contract, with or without cause, by ten (10) days written notice to the other Party. In the event of such termination, the City shall pay the Lobbyist for all work previously authorized and performed prior to the termination date.

13. STANDARD OF PERFORMANCE.

The standard of performance applicable to Lobbyist's services will be the degree of skill and diligence normally employed by professional Lobbyist performing the same or similar services at the time the services under this Contract are performed.

14. OWNERSHIP AND USE OF RECORDS AND DOCUMENTS.

Original documents, drawings, designs, reports, or any other records developed or created under this Contract shall belong to and become the property of the City. All records submitted by the City to the Lobbyist shall be safeguarded by the Lobbyist. The Lobbyist shall make such data, documents and files available to the City upon the City's request. If the City's use of the Lobbyist's records or data is not related to this project, it shall be without liability or legal exposure to the Lobbyist.

Under Washington State Law (reference RCW Chapter 42.56, the *Public Records Act* [PRA]) all materials received or created by the City of Spokane, including this contract and attachments, are **public records** and are available to the public for viewing via the City Clerk's Records (online) or a valid Public Records Request (PRR).

Notwithstanding anything to the contrary, City will maintain the confidentiality of Lobbyist's materials and information only to the extent that is legally allowed in the State of Washington. City is bound by the State Public Records Act, RCW Ch. 42.56. That law presumptively makes all records in the possession of the City public records which are freely available upon request by anyone. In the event that City gets a valid public records request for Lobbyist's materials or information and the City determines there are exemptions only the Lobbyist can assert, City will endeavor to give Lobbyist notice. Lobbyist will be required to go to Court to get an injunction preventing the release of the requested records. In the event that Lobbyist does not get a timely injunction preventing the release of the records, the City will comply with the Public Records Act and release the records.

15. ANTI KICK-BACK.

No officer or employee of the City of Spokane, having the power or duty to perform an official act or action related to this Contract shall have or acquire any interest in the Contract, or have solicited, accepted or granted a present or future gift, favor, service or other thing of value from or to any person involved in this Contract.

of the City of Spokane; and rules, regulations, orders and directives of their administrative agencies and officers. Without limiting the generality of this paragraph, the Lobbyist shall comply with the requirements of this Section.

- C. **Applicable Law.** This Contract shall be construed and interpreted under the laws of Washington. The venue of any action brought shall be in a court of competent jurisdiction, located in Spokane County, Washington.
- D. **Captions:** The titles of sections or subsections are for convenience only and do not define or limit the contents.

- F. **Waiver:** No covenant, term or condition or the breach shall be deemed waived, except by written consent of the Party against whom the waiver is claimed, and any waiver of the breach of any covenant, term or condition shall not be deemed a waiver of any preceding or succeeding breach of the same or any other covenant, term of condition. Neither the acceptance by the City of any performance by the Lobbyist after the time the same shall have become due nor payment to the Lobbyist for any portion of the Work shall constitute a waiver by the City of the breach or default of any covenant, term or condition unless otherwise expressly agreed to by the City in writing.
- G. **Entire Contract:** This document along with any exhibits and all attachments, and subsequently issued addenda, comprises the entire Contract between the City and the Lobbyist. If conflict occurs between Contract documents and applicable laws, codes, ordinances or regulations, the most stringent or legally binding requirement shall govern and be considered a part of this Contract to afford the City the maximum benefits.

APPROVAL OF LEGISLATIVE SERVICES CONTRACT - LUKE ESSER

Agenda Wording

Approval of contract with Luke Esser (Bellevue, WA) for State Legislative Services from October 1, 2026 to September 30, 2028, renewable for one additional term of two years, in the amount of \$54,000 annually and \$108,000 over the life of the two-year contract.

Summary (Background)

The City of Spokane has historically contracted with outside firms for legislative services. The contracts with the current legislative vendors expired on March 31, 2026. Consistent with procurement requirements, the new contract was subject to competitive bidding (RFP 6584-26). Three bids were received, all bids were scored by three-person scoring committee, with two bids scoring identical scores. After further discussion with the Legislative Team, the joint proposal submitted by Luke Esser and Nick Federici was accepted. Historically, Mr. Esser and Mr. Federici receive individual contracts, with the total compensation for both contracts equal to the total proposed cost submitted. A companion contract with Nick Federici, with identical terms and costs, is being submitted separately in OnBase. Legislative services are governed by the City's legislative priorities established via council resolution, typically adopted by December 31 of each year. The Council will adopt its legislative priorities in consultation with the chosen provider(s) of legislative services.

What impacts would the proposal have on historically excluded communities?

Not applicable

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

Not applicable

How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

The value of service is measured by the success of the City accomplishing passage of (or defeat of) measures identified on its state legislative priorities.

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

Legislative services are governed by the City's legislative priorities established via council resolution, typically adopted by December 31 of each year. The Council will adopt its legislative priorities in consultation with the chosen provider of legislative services.

City of Spokane
PERSONAL SERVICES CONTRACT
**Title: STATE LEGISLATURE
AND LOBBYING SERVICES**

This Contract is made and entered into by and between the **CITY OF SPOKANE**, a Washington municipal corporation (the "City"), and **LUKE ESSER**, whose address is 404 158th Place SW, Bellevue, Washington 98008, (the "Lobbyist"), individually hereafter referenced as a "Party", and together as the "Parties."

The Parties agree as follows:

1. PERFORMANCE.

The Lobbyist shall perform State Legislature and Lobbying Services in accordance with RFP 6584-26 and Lobbyist's Proposal dated August 17, 2026, which is attached as Exhibit B. In the event of a conflict between the Scope of Work and this City Contract, the terms of this Contract will control.

2. TERM OF CONTRACT.

The term of this Contract begins on October 1, 2026, and shall run through September 30, 2028, unless amended by written agreement or terminated earlier under the provisions. This Contract may be renewed by written agreement of the Parties not to exceed one (1) additional two-year term.

3. COMPENSATION / PAYMENT.

Total compensation for Lobbyist's services under this Contract shall not exceed **ONE HUNDRED EIGHT THOUSAND AND NO/100 DOLLARS (\$108,000.00)**, plus tax, if applicable, unless modified by a written amendment to this Contract. This is the maximum amount to be paid under this Contract for the work described in Section 1 above, and shall not be exceeded without the prior written authorization of the City in the form of an executed amendment to this Contract.

The Lobbyist shall submit its applications for payment to City of Spokane City Council Office, 808 West Spokane Falls Blvd., 7th Floor, Spokane, Washington 99201. **Payment will be made via direct deposit/ACH** within thirty (30) days after receipt of the Lobbyist's application except as provided by state law. If the City objects to all or any portion of the invoice, it shall notify the Lobbyist and reserves the right to only pay that portion of the invoice not in dispute. In that event, the parties shall immediately make every effort to settle the disputed amount.

4. TAXES, FEES AND LICENSES.

- A. Lobbyist shall pay and maintain in current status, all necessary licenses, fees, assessments, permit charges, etc. necessary to conduct the work included under this Contract. It is the Lobbyist's sole responsibility to monitor and determine changes or the enactment of any subsequent requirements for said fees,

assessments, or changes and to immediately comply.

- B. The cost of any permits, licenses, fees, etc. arising as a result of the projects included in this Contract shall be included in the project budgets.

5. CITY OF SPOKANE BUSINESS LICENSE.

Section 8.01.070 of the Spokane Municipal Code states that no person may engage in business with the City without first having obtained a valid annual business registration. The Lobbyist shall be responsible for contacting the State of Washington Business License Services at www.dor.wa.gov or 360-705-6741 to obtain a business registration. If the Lobbyist does not believe it is required to obtain a business registration, it may contact the City's Taxes and Licenses Division at (509) 625-6070 to request an exemption status determination.

6. SOCIAL EQUITY REQUIREMENTS / NON-DISCRIMINATION.

No individual shall be excluded from participation in, denied the benefit of, subjected to discrimination under, or denied employment in the administration of or in connection with this Contract because of age, sex, race, color, religion, creed, marital status, familial status, sexual orientation including gender expression or gender identity, national origin, honorably discharged veteran or military status, the presence of any sensory, mental or physical disability, or use of a service animal by a person with disabilities. The Lobbyist agrees to comply with, and to require that all subcontractors comply with, federal, state and local nondiscrimination laws, including but not limited to: the Civil Rights Act of 1964, the Rehabilitation Act of 1973, the Age Discrimination in Employment Act, and the American's With Disabilities Act, to the extent those laws are applicable.

7. INDEMNIFICATION.

The Lobbyist shall indemnify, and hold the City and its officers and employees harmless from all claims, demands, or suits at law or equity asserted by third parties for bodily injury (including death) and/or property damage to the extent caused by the Lobbyist's negligence or willful misconduct under this Contract, including attorneys' fees and litigation costs; provided that nothing herein shall require a Lobbyist to indemnify the City against and hold harmless the City from claims, demands or suits based solely upon the negligence of the City, its agents, officers, and employees. If a claim or suit is caused by or results from the concurrent negligence of the Lobbyist's agents or employees and the City, its agents, officers and employees, this indemnity provision shall be valid and enforceable to the extent of the negligence of the Lobbyist, its agents or employees. The Lobbyist specifically assumes liability and agrees to defend, indemnify, and hold the City harmless for actions brought by the Lobbyist's own employees against the City and, solely for the purpose of this indemnification and defense, the Lobbyist specifically waives any immunity under the Washington State industrial insurance law, or Title 51 RCW. The Lobbyist recognizes that this waiver was specifically entered into pursuant to the provisions of RCW 4.24.115 and was the subject of mutual negotiation. The indemnity and agreement to defend and hold the City harmless provided for in this section shall survive any termination or expiration of this Contract.

8. INSURANCE.

During the period of the Contract, the Lobbyist shall maintain in force at its own expense, each insurance noted below with companies or through sources approved by the State Insurance Commissioner pursuant to Title 48 RCW:

- A. **Worker's Compensation Insurance** in compliance with RCW 51, which requires subject employers to provide workers' compensation coverage for all their subject workers and Employer's Liability Insurance (Stop Gap) in the amount of \$1,000,000.

- B. **General Liability Insurance** on an occurrence basis, with a combined single limit of not less than \$1,000,000 each occurrence/\$2,000,000 aggregate for bodily injury and property damage. It shall include contractual liability coverage for the indemnity provided under this Contract. It shall provide that the City, its officers and employees are additional insureds but only with respect to the Lobbyist's services to be provided under this Contract;
1. **Acceptable supplementary Umbrella insurance** coverage combined with Lobbyist's General Liability insurance policy must be a minimum of \$1,000,000, in order to meet the insurance coverage limits required in this Contract; and
- C. **Automobile Liability Insurance** with a combined single limit, or the equivalent of not less than \$1,000,000 each accident for bodily injury and property damage, including coverage for owned, hired and non-owned vehicles.
- D. **Professional Liability Insurance** (Errors and Omissions) \$1,000,000 per claim/aggregate. This is to cover damages caused by the error, omission, or negligent acts related to the professional services to be provided under this Contract. The coverage must remain in effect for at least two (2) years after the Contract is completed.

There shall be no cancellation, material change, reduction of limits or intent not to renew the insurance coverage(s) without thirty (30) days written notice from the Company or its insurer(s) to the City. Except with regard to Professional Liability (when required) and Worker's Compensation Insurance, each of the policies shall endorse the City of Spokane as an "Additional Insured" specifically for Company's services under this Contract, as well as all of the parties who are additional insureds, and include applicable policy endorsements, the thirty (30) day cancellation clause, and the deduction or retention level. The Company shall be financially responsible for all pertinent deductibles, self-insured retentions, and/or self-insurance. As evidence of the insurance coverage(s) required by this Contract, the Company shall furnish acceptable Certificates of Insurance (COI) upon request by the City.

9. DEBARMENT AND SUSPENSION.

The Lobbyist has provided its certification that it is in compliance with and shall not contract with individuals or organizations which are debarred, suspended, or otherwise excluded from or ineligible from participation in Federal Assistance Programs under Executive Order 12549 and "Debarment and Suspension", codified at 29 CFR part 98.

10. AUDIT.

The Lobbyist and its sub-contractor shall maintain for a minimum of three (3) years following final payment all records related to its performance of the Contract. The Lobbyist and its sub-contractors shall provide access to authorized City representatives, at reasonable times and in a reasonable manner to inspect and copy any such record. In the event of conflict between this provision and related auditing provisions required under federal law applicable to the Contract, the federal law shall prevail.

11. ASSIGNMENT AND SUBCONTRACTING.

The Lobbyist shall not assign or subcontract its obligations under this Contract without the City's written consent, which may be granted or withheld in the City's sole discretion. Any subcontract made by the Lobbyist shall incorporate by reference this Contract, except as otherwise provided.

The Lobbyist shall ensure that all subcontractors comply with the obligations and requirements of the subcontract. The City's consent to any assignment or subcontract does not release the Lobbyist from liability or any obligation within this Contract, whether before or after City consent, assignment or subcontract.

12. TERMINATION.

Either Party may terminate this Contract, with or without cause, by ten (10) days written notice to the other Party. In the event of such termination, the City shall pay the Lobbyist for all work previously authorized and performed prior to the termination date.

13. STANDARD OF PERFORMANCE.

The standard of performance applicable to Lobbyist's services will be the degree of skill and diligence normally employed by professional Lobbyist performing the same or similar services at the time the services under this Contract are performed.

14. OWNERSHIP AND USE OF RECORDS AND DOCUMENTS.

Original documents, drawings, designs, reports, or any other records developed or created under this Contract shall belong to and become the property of the City. All records submitted by the City to the Lobbyist shall be safeguarded by the Lobbyist. The Lobbyist shall make such data, documents and files available to the City upon the City's request. If the City's use of the Lobbyist's records or data is not related to this project, it shall be without liability or legal exposure to the Lobbyist.

Under Washington State Law (reference RCW Chapter 42.56, the *Public Records Act* [PRA]) all materials received or created by the City of Spokane, including this contract and attachments, are **public records** and are available to the public for viewing via the City Clerk's Records (online) or a valid Public Records Request (PRR).

Notwithstanding anything to the contrary, City will maintain the confidentiality of Lobbyist's materials and information only to the extent that is legally allowed in the State of Washington. City is bound by the State Public Records Act, RCW Ch. 42.56. That law presumptively makes all records in the possession of the City public records which are freely available upon request by anyone. Lobbyist will be required to go to Court to get an injunction preventing the release of the requested records. In the event that Lobbyist does not get a timely injunction preventing the release of the records, the City will comply with the Public Records Act and release the records.

15. ANTI KICK-BACK.

No officer or employee of the City of Spokane, having the power or duty to perform an official act or action related to this Contract shall have or acquire any interest in the Contract, or have solicited, accepted or granted a present or future gift, favor, service or other thing of value from or to any person involved in this Contract.

PROVIDING REGULATORY RELIEF FOR RESIDENTIAL PROPERTY OWNERS

Agenda Wording

An ordinance providing regulatory relief for residential property owners rebuilding after the Spokane Complex Fires; and declaring an emergency.

Summary (Background)

The City of Spokane intends to provide relief to property owners impacted by the Spokane Complex Fires through expedited review of permits, as well as appropriate waivers, modifications, interpretations, and administrative flexibility from zoning and development requirements to facilitate reconstruction. The reconstruction of fire-damaged property may present site conditions, regulatory conflicts, or other circumstances that cannot reasonably be anticipated in advance and that limited administrative flexibility is necessary to allow timely and practical rebuilding. This ordinance provides authority to the Planning Director by this ordinance to facilitate Like-for-Like residential rebuild projects. The ordinance also allows accessory dwelling units (ADUs) to remain and be occupied following the destruction or loss of occupancy of the principal dwelling and a new accessory dwelling unit to be permitted, constructed, and occupied before reconstruction or replacement of the principal dwelling, provided the unit otherwise complies with applicable ADU standards. Finally, the ordinance also affirms that a residential rebuild project for a residential property destroyed or damaged by the Spokane Complex Fires and legally established before August 1, 2026, that retains the same water meter service size as the previously existing legally established residential structure shall not be charged a general facilities charge authorized by SMC 13.03.0730 and SMC 13.04.2040 for the rebuild project. The authority granted by this ordinance does not authorize the Planning Director to change the zoning designation of property, authorize a use not otherwise permitted by the applicable zoning district, or waive or modify requirements imposed by applicable state or federal law.

What impacts would the proposal have on historically excluded communities?

This ordinance provides the City with code flexibility to support reconstructing or replacing a residential structure that was destroyed or damaged by the Spokane Complex Fires

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

Permit data is recorded by the Development Services Center. Demographic data is not collected.

How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

Building permit data and modifications will be recorded by the Development Services Center and Planning Services Department.

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

ORDINANCE NO. C36941

An interim ordinance adopting an interim official control providing regulatory relief for residential property owners rebuilding after the Spokane Complex Fires; adopting a new Chapter 17C.440 of the Spokane Municipal Code; setting a public hearing; and declaring an emergency.

WHEREAS, on August 1, 2026, the Old Trails Fire, Autumn Lane Fire, and Fairview Fire began in Spokane County; and

WHEREAS, Mayor Brown proclaimed an emergency for the Old Trails Fire (Executive Order 2026-0004), and expanded that order on August 4, 2026, to include the Autumn Lane Fire and Fairview Fire, collectively naming the fires as the Spokane Complex fires (Executive Order 2026-0005, which was ratified by the City Council on August 19, 2026; and

WHEREAS, the City of Spokane intends to provide relief to property owners impacted by the Spokane Complex Fires through expedited review of permits, as well as appropriate waivers, modifications, interpretations, and administrative flexibility from zoning and development requirements to facilitate reconstruction; and

WHEREAS, the City recognizes that reconstruction of fire-damaged property may present site conditions, regulatory conflicts, or other circumstances that cannot reasonably be anticipated in advance and that limited administrative flexibility is necessary to allow timely and practical rebuilding; and

WHEREAS, some affected property owners are already prepared to begin the rebuilding process and require immediate certainty about the code requirements that will apply to rebuilding; and

WHEREAS, the emergent need requires action on a timeline that is too short to allow compliance with SEPA processes and is categorically exempt from SEPA under WAC 197-11-880; and

WHEREAS, the proposed text amendments were drafted and reviewed consistent with the requirements of RCW 36.70A.370 to assure protection of private property rights; and

WHEREAS, the City Council finds that the onset of the Spokane Complex Fires and aftermath was sudden, unexpected, and requires immediate action to prevent or mitigate the continuing threat of harm to the community; and

WHEREAS, the City Council finds also that the normal course of legislative procedures of the City Council cannot timely address the harm from the aftermath of the Spokane Complex Fires without causing or exacerbating harm to the community; and

WHEREAS, the Spokane City Council finds that this ordinance is necessary for the protection of the public peace, health, and safety and for the immediate support of City government and its existing public institutions consistent with Section 19 of the City Charter.

NOW, THEREFORE, the City of Spokane does ordain:

Section 1. Findings of Fact. The recitals set forth above are hereby adopted as the City Council's initial findings of fact in support of the interim official control established by this ordinance. The City Council may, in its discretion, adopt additional findings after public hearing referenced in Section 5 below.

Section 2. Purpose. The purpose of this interim official control is to provide regulatory relief for residential property owners rebuilding after the Spokane Complex Fires.

Section 3. Duration of Interim Official Control. The interim official control imposed by this Ordinance shall be in effect for a period of up to one year, beginning on the date of the adoption of this Ordinance. During this period, the City will evaluate how to make these standards permanent pursuant to the City's public notice and participation process set forth in SMC 17G.025.

Section 4. Work Plan. Pursuant to RCW 36.70A.390, a work plan related to this ordinance shall include continued public participation and noticing pursuant to SMC Chapter 17G.025, as well as consideration of additional regulatory relief for residential property owners rebuilding after the Spokane Complex Fires in the City's development code update following the update to the City's Comprehensive Plan.

Section 5. Public Hearing. Pursuant to RCW 35.63.200 and 36.70A.390, the City Council will hold a public hearing on this interim official control on September 30, 2026. Immediately after the public hearing, the City Council will adopt findings of fact on the subject of this interim official control.

Section 6. That there is adopted a new Chapter 17C.440 of the Spokane Municipal Code to read as follows:

Chapter 17C.440 Spokane Complex Fires Regulatory Relief

17C.440.010	Definitions
17C.440.020	Like-for-Like Eligibility and Requirements
17C.440.030	Facilitating Like-for-Like Residential Property Rebuilding
17C.440.040	Accessory Dwelling Units (ADUs)
17C.440.050	General Facilities Charges
17C.440.060	Duration

Section 17C.440.010 Definitions

“Like-for-Like” is the replacement of residential structures in the same general location and of roughly the same size as a previously existing legally established residential structure.

Section 17C.440.020 Like-for-Like Eligibility and Requirements

Authority is granted to the Planning Director by this ordinance to facilitate Like-for-Like residential rebuild projects that meet the following conditions:

1. The Like-for-Like rebuild project shall be reconstructing or replacing a residential structure that was destroyed or damaged by the Spokane Complex Fires and was legally established before August 1, 2026.
2. The Like-for-Like residential structure shall not result in the creation of more housing units than the previously existing, legally established residential structure, except that one Attached Accessory Dwelling Unit may be included in rebuild projects using these Like-for-Like provisions.
3. A property owner may construct Detached Accessory Dwelling Units (DADUs) on the property separate from a primary structure without affecting the application of these Like-for-Like provisions for the primary structure. The DADU shall follow all applicable standards in Title 17 or any successor code, unless the structure it replaces was legally established before August 1, 2026, in which case the Like-for-Like DADU may also be evaluated under this ordinance.

Section 17C.440.030 Facilitating Like-for-Like Residential Property Rebuilding

- A. The Planning Director is authorized to waive, modify, interpret, or determine the applicability of dimensional standards, design requirements, and other site development standards contained in Title 17 and any successor code when the Director determines that such relief is necessary to facilitate rebuilding of

residential structures damaged or destroyed by the Spokane Complex Fires. Such authority includes, but is not limited to, requirements related to setbacks, building height, coverage, building placement, parking, landscaping, screening, design requirements, and requirements applicable to legally established nonconforming structures or site development.

- B. The Planning Director may resolve conflicts or inconsistencies between applicable regulations, development standards, and prior approvals and may address circumstances not specifically anticipated by this ordinance in a manner consistent with its purpose.
- C. The Planning Director may impose reasonable conditions on any waiver or modification and may establish standardized waivers, modifications, interpretations, procedures, or other administrative guidance necessary to implement this ordinance.
- D. The authority granted by this ordinance does not authorize the Planning Director to change the zoning designation of property, authorize a use not otherwise permitted by the applicable zoning district, or waive or modify requirements imposed by applicable state or federal law.

Section 17C.440.040 Accessory Dwelling Units (ADUs)

Notwithstanding any other standards contained in Title 17 and any successor code, the following relief is granted for the permitting and development of an ADU on lots containing a dwelling unit that was destroyed, substantially damaged, or otherwise made uninhabitable as a direct result of the Spokane Complex Fires.

- 1. A lawfully established ADU may remain and be occupied following the destruction or loss of occupancy of the principal dwelling, as long as the ADU is not determined to be uninhabitable by the Building Official.
- 2. A new accessory dwelling unit may be permitted, constructed, and occupied before reconstruction or replacement of the principal dwelling, provided the unit otherwise complies with applicable ADU standards. The absence of an existing principal dwelling shall not, by itself, disqualify the unit from treatment as an ADU.
- 3. Notwithstanding any provision of the Spokane Municipal Code requiring an ADU to utilize utility service established for the principal dwelling, an ADU

authorized pursuant to this ordinance may utilize an existing, temporary, or separate approved utility connection. A temporary or separate utility connection authorized under this ordinance shall not, by itself, affect the unit's status as an ADU.

4. Except as expressly modified by this subsection, an ADU authorized under this ordinance remains subject to otherwise applicable accessory dwelling unit standards and requirements of Title 17 and any successor code.

Section 17C.440.450 General Facilities Charges

A residential rebuild project for a residential property destroyed or damaged by the Spokane Complex Fires and legally established before August 1, 2026, that retains the same water meter service size as the previously existing legally established residential structure shall not be charged a general facilities charge authorized by SMC 13.03.0730 and SMC 13.04.2040 for the rebuild project.

Section 17C.440.460 Duration

The provisions of this ordinance shall expire on December 31, 2029, unless extended or modified by the Spokane City Council. Regulatory relief granted by the Director before this date shall remain valid until the expiration of any associated permit or application.

Section 7. Severability. If any section, subsection, sentence, clause, phrase or word of this ordinance should be held to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality thereof shall not affect the validity or constitutionality of any other section, subsection, sentence, clause, phrase or word of this ordinance.

Section 8. Clerical Errors. Upon approval by the city attorney, the city clerk is authorized to make necessary corrections to this ordinance, including scrivener's errors or clerical mistakes; references to other local, state, or federal laws, rules, or regulations; or numbering or referencing of ordinances or their sections and subsections.

Section 9. Emergency Clause. The City Council declares that an urgency and emergency exists such that this ordinance is needed for the immediate preservation of the public peace, health, or safety, and/or for the immediate support of City government and its existing public institutions, and that because of such need, this ordinance shall be

effective immediately under Section 01.01.080 SMC and Section 19 of the City Charter, upon the affirmative vote of one more than a majority of the City Council.

CITY OF SPOKANE PLAN COMMISSION
LETTER OF SUPPORT TO CITY COUNCIL REGARDING
REGULATORY RELIEF FOR PROPERTY OWNERS AFFECTED BY THE SPOKANE COMPLEX FIRES

The Spokane Complex Fires have had a devastating impact on our community, and especially for those directly impacted. The Spokane Plan Commission supports efforts to rebuild in fire-stricken areas and recognizes the importance of providing immediate and predictable guidance to property owners as they navigate the rebuilding process.

The Plan Commission supports relief on two specific items that relate to development regulations:

1. Allowing property owners to rebuild a substantially-similar structure, with flexibility on certain zoning standards such as setbacks and design standards that were not in force at the time a home was originally built.
2. Allowing property owners to build an Accessory Dwelling Unit (ADU) prior to the construction of a primary structure.

The Plan Commission has reviewed the proposed “Like for Like” ordinance and strongly recommends immediate adoption by City Council. This measure gives needed flexibility to households affected by the fires and is responsive to numerous questions received by staff as property owners navigate the reality of rebuilding.

The Plan Commission commends the City for quickly responding to these needs. The Commission also intends to consider these issues and other potential barriers to the development of housing in the City’s forthcoming code update, commonly referred to as BUILDSpokane.

DATED AS OF AUGUST 20, 2026,
BY AND BETWEEN SPOKANE AIRPORT AND NEDLOG INVESTMENTS, L.L.C.

REAL PROPERTY PURCHASE AND SALE AGREEMENT AND ESCROW INSTRUCTIONS

This REAL PROPERTY PURCHASE AND SALE AGREEMENT AND ESCROW INSTRUCTIONS ("Agreement") is made by and between NEDLOG INVESTMENTS, L.L.C., a Washington limited liability company ("Seller"), SPOKANE AIRPORT, by and through its Airport Board ("Airport Board"), created pursuant to the provisions of Section 14.08.200 of the Revised Code of Washington, a joint operation of the City of Spokane and County of Spokane, municipal corporations of the State of Washington, and/or its assigns ("Buyer"), and SPOKANE COUNTY TITLE COMPANY ("Escrow Agent" or "Title Company").

Seller is the owner of the following (collectively, the "Property"):

A. Fee simple title to real property and any and all buildings and other improvements thereon, identified as Spokane County assessor tax parcel number 24063.0104 located generally in Spokane County, Washington, as more particularly described on the attached Exhibit A ("Real Property");

B. Any and all rights and easements appurtenant to the Real Property;

C. All licenses, permits, land use designations, approvals, various waivers or consents applicable to the Real Property (collectively, the "Permits"), to the extent transferable, issued or subject to the laws of the United States, the State of Washington, Spokane County, or other authority, department, commission, board, bureau, agency, unit, or instrumentality (collectively, the "Governmental Authorities" and each, a "Governmental Authority"); and

D. All site plans, surveys, soil and substrata studies, environmental reports, engineering plans and studies, landscape plans and other plans, diagrams, or studies of any kind with respect to the Real Property.

Buyer desires to purchase and Seller desires to sell the Property, upon the terms and conditions hereinafter outlined.

NOW, THEREFORE, it is mutually agreed by and between the parties as follows:

1. Agreement. Seller agrees to sell and convey the Property to Buyer, and Buyer agrees to purchase and accept the Property from Seller, upon the terms and conditions set forth in this Agreement.

2. Earnest Money. Within three (3) Business Days following the date that is the day the last of Seller and Buyer execute this Agreement (the "Effective Date"), Buyer shall deliver to Escrow Agent the sum of Five Thousand Four Hundred Dollars (\$5,400.00) in Current Funds (as defined in Section 3, below) as earnest money ("Earnest Money") to be applied for the account of Buyer as a credit against the Purchase Price (as defined in Section 3, below). Escrow Agent hereby agrees to hold and disburse all Earnest Money as provided for in this Agreement. The Earnest Money will, at the option of Buyer, be invested in an interest-bearing account in order to accrue interest for the account of Buyer. When Escrow Agent disburses the Earnest Money as provided in this Agreement, any and all interest that has accrued thereon shall be disbursed to the party entitled to the Earnest Money. After Buyer delivers its Approval Notice (as defined in Section 4.7, below), the Earnest Money will be nonrefundable to Buyer except as otherwise provided in this Agreement. As used in this Agreement, the term "Business Day" means any day other than: (i) a Saturday, (ii) a Sunday, or (iii) days on which branches of national banks located in Spokane, Washington are closed.

3. Purchase Price. The purchase price (“Purchase Price”) for the Property will be Five Hundred Forty Thousand Dollars (\$540,000.00). At Closing (as defined in Section 6.1, below), the Earnest Money will be credited to the Purchase Price and the remainder of the Purchase Price and any fees and closing costs which Buyer is obligated to pay pursuant to this Agreement will be paid in Current Funds. As used in this Agreement, the term “Current Funds” means wire transfers, certified funds, or a cashier’s check in a form acceptable to Escrow Agent that would permit Escrow Agent to immediately disburse such funds.

4. Due Diligence Inspections and Title Review.

4.1 Investigation Period. As used in this Agreement, the term “Investigation Period” means that period of time commencing on the Effective Date and expiring at 5:00 p.m., local time in Spokane, Washington, sixty (60) days thereafter, or upon earlier termination of this Agreement.

4.2 Review of Diligence Materials. To the extent not previously provided to Buyer, Seller shall within two (2) Business Days following the Effective Date provide Buyer with (or make available for Buyer’s inspection) copies of, or electronic access to, all items that relate to the Property (to the extent the same are in Seller’s possession or control), including, without limitation, the following: environmental assessment reports; Seller’s disclosure statement in accordance with RCW 64.06.020; surveys; zoning documents; planning and/or engineering plans, studies or reports; soils investigation reports; seismic studies; any Permits; valuation notices and invoices for real property taxes, special assessments and any other fees, dues and taxes applicable to the Property for the past three (3) years; copies of any pending or threatened Claims (as defined in Section 4.3, below) or actions relating to the Property; governmental notices regarding uncured violations of laws or regulations; and any contracts and any other binding legal agreements, leases (including the files, amendments, riders, licenses and guarantees, if any) and similar agreements (collectively, the “Current Diligence Materials”). Prior to the expiration of the Investigation Period, Buyer may, in Buyer’s sole and absolute discretion and at Buyer’s sole cost and expense, obtain the following: (i) a Phase I environmental report (“Phase I”) relating to the Property (with the Phase II environmental report described below, if any, each an “Environmental Report”); (ii) a survey of the Property (“Survey”); and (iii) any home inspections, additional studies, reports or surveys that Buyer may elect, in Buyer’s sole and absolute discretion (collectively, the “Additional Studies”). If the Phase I indicates the need for a Phase II environmental report (“Phase II”), Buyer may obtain the Phase II. The Current Diligence Materials, the Environmental Reports, the Survey, and the Additional Studies are collectively referred to as the “Diligence Materials” in this Agreement. Seller shall cooperate in good faith with Buyer in connection with Buyer’s inspection, review and procurement of the Diligence Materials.

4.3 Entry on Property. Up to and through the Closing Date, if this Agreement has not been terminated, Buyer, and Buyer’s agents, employees and subcontractors, will have the right (upon twenty-four (24) hours prior verbal notice to Seller) to enter the Property to conduct such surveys, inspections, investigations and/or studies with respect to the Property as Buyer may elect, including, without limitation, intrusive, destructive or invasive testing, including soil borings, and the sampling of materials as part of any Environmental Reports. Buyer shall indemnify, defend and hold Seller and the Property free and harmless from and against any and all debts, duties, obligations, liabilities, suits, claims, demands, causes of action, damage, losses, costs and expenses (including, without limitation, reasonable legal expenses and attorneys’ fees with respect to the same or to enforce this indemnity) (collectively, “Claims”) incurred by reason of or in connection with such entry or such surveys, inspections, investigations or studies; provided, however, that Buyer’s indemnification obligation will not extend to any Claims or liabilities arising out of the discovery of any preexisting conditions of the Property or diminution of value to the Property attributable to any such discovery; and further provided that under no circumstances shall Seller be able to recover exemplary, punitive, indirect, consequential or special damages. Buyer agrees to

repair any and all damage caused to the Property due to Buyer's entry thereon and to otherwise restore the Property to substantially the condition existing prior to such entry. Seller shall cooperate in good faith with Buyer in connection with Buyer's physical inspection of the Property. The obligations of Buyer under this Section 4.3 will survive Closing or earlier termination of this Agreement.

4.4 No Liens or Interference. Buyer shall not permit, and shall indemnify, defend and hold harmless Seller for, from and against any and all Claims incurred by reason of or in connection with, any construction, mechanics or materialmen's liens or any other liens that attach to the Property or any portion thereof by reason of the performance of any work or the purchase of any materials by Buyer or any other party in connection with Buyer's inspection of the Property. The provisions of this Section 4.4 will survive Closing or earlier termination of this Agreement.

4.5 Review of Title.

(a) Title Commitment. Within two (2) Business Days of the Effective Date, Seller shall cause the Title Company to deliver a commitment for the Title Policy (as defined in Section 4.6, below) to Buyer. The commitment shall be accompanied by copies of all documents referred to in Schedule B of the commitment (the commitment and the documents are collectively referred to in this Agreement as the "Title Commitment").

(b) Objections. Buyer shall review the Title Commitment and may, on or prior to the expiration of the Investigation Period, provide Seller and Title Company with written notice of the title exceptions that are acceptable or objectionable to Buyer, in Buyer's sole and absolute discretion (each such objectionable matter or exception considered a "Disapproved Matter"). If Buyer timely notifies Seller and Title Company of any Disapproved Matters on or prior to expiration of the Investigation Period, Seller shall, within five (5) Business Days following Seller's receipt of Buyer's written notice of Disapproved Matters (the "Seller Title Response Period"), notify Buyer and Escrow Agent that: (i) Seller will remove or correct such Disapproved Matters as of or before the Closing, or (ii) Seller will not remove any or certain Disapproved Matters. If Seller does not respond within the Seller Title Response Period, Seller shall be deemed to have elected option (ii) above. If Seller elects, within its sole discretion, or is deemed to have elected not to eliminate those objections with reference to such Disapproved Matters, in form and substance acceptable to Buyer, in Buyer's sole and absolute discretion, Buyer may either (y) terminate this Agreement by delivery of written notice to Seller and Escrow Agent, or (z) give written notice to Seller and Escrow Agent, agreeing to accept title to the Property subject to such Disapproved Matters, in which case such Disapproved Matters shall be Permitted Exceptions (as defined in Section 4.5(d), below). If Buyer fails to deliver written notice in accordance with (y) or (z) above, Buyer shall be deemed to have elected option (y) above, in which case this Agreement shall terminate on the day that is five (5) Business Days after at the expiration of the Seller Title Response Period.

(c) Supplements; Amendments. If the Title Company issues a supplement or amendment to the Title Commitment showing additional title exceptions (each, an "Amended Report"), Buyer will have ten (10) days from the date of receipt of each Amended Report and a copy of each document referred to in the Amended Report in which to give notice of its acceptance of or objection to additional title exceptions. If Buyer provides Seller and Escrow Agent with notice of the basis of objection of the status of Seller's title as shown on the Amended Report, Seller will have the option to cure such Disapproved Matters within five (5) days thereafter or prior to Closing, whichever is sooner. If Seller elects, within its sole discretion, not to timely eliminate the additional

Disapproved Matters on or before Closing, in form and substance acceptable to Buyer, in its sole and absolute discretion, Buyer may either (i) terminate this Agreement by delivery of written notice to Seller and Escrow Agent, or (ii) give written notice to Seller and Escrow Agent, agreeing to accept title to the Property subject to such additional Disapproved Matters. If Buyer fails to deliver written notice in accordance with (i) or (ii) above, Buyer shall be deemed to have elected option (i) above, in which case this Agreement shall terminate on the day that is the earlier to occur of (y) five (5) days after the date of receipt of the latest Amended Report, or (z) the scheduled Closing Date.

(d) Failure to Provide Written Acceptance. Any title matter that Buyer accepts in writing will be a “Permitted Exception.” Notwithstanding the foregoing, Buyer will not be required to disapprove or object to, and Seller covenants to remove as an encumbrance against title to the Property on or prior to Closing, any deeds of trust, monetary liens or monetary encumbrances (except for real property taxes and assessments not delinquent), and any exceptions for claims of liens for labor or materials furnished or supplied to the Property or any portion of the Property. If Buyer does not provide written acceptance of an exception to title as disclosed by the Title Commitment or an Amended Report within the applicable time period, Buyer will be deemed to have objected to such matter. If this Agreement is terminated due to Seller’s failure or inability to cure any Disapproved Matters under this Section 4.5, Escrow Agent shall immediately remit the Earnest Money to Buyer, together with any other funds, documents or instruments that Buyer has deposited with Escrow Agent, and neither party will have any further obligation to the other, except those obligations that expressly survive the termination of this Agreement.

4.6 Title Policy. At the Closing, Seller shall convey to Buyer marketable and insurable fee simple title to the Real Property, subject only to the Permitted Exceptions, by the duly executed and acknowledged bargain and sale deed (“Deed”) in the form attached as Exhibit B. Evidence of delivery of marketable and insurable fee simple title will be the issuance by Title Company to Buyer of an ALTA standard owner’s policy of title insurance in the amount of the Purchase Price, insuring fee simple title to the Real Property in Buyer, subject only to Permitted Exceptions (“Title Policy”). Costs for such Title Policy will be allocated pursuant to Section 6.2(b).

4.7 Right to Terminate Prior to Expiration of Investigation Period. Notwithstanding anything contained in this Agreement to the contrary, Seller acknowledges and understands that Buyer may, prior to the expiration of the Investigation Period, notify Seller in writing that Buyer elects to terminate this Agreement as a result of any matter or no matter as determined by Buyer, in Buyer’s sole and absolute discretion. Seller acknowledges that Buyer has the right to so terminate this Agreement, regardless of whether Seller would be willing or able to cure any matter to which Buyer has objected. If Buyer elects, in its sole and absolute discretion, to proceed with this transaction, Buyer shall send a written approval notice to Seller and Escrow Agent on or before expiration of the Investigation Period (“Approval Notice”). If Buyer fails to send an Approval Notice to Seller and Escrow Agent by the expiration of the Investigation Period, Buyer will be deemed to have elected to terminate this Agreement. Buyer may also terminate this Agreement by sending written notice of termination to Seller on or before expiration of the Investigation Period. If this Agreement is terminated as provided in this Section, Escrow Agent shall immediately remit the Earnest Money to Buyer and neither party will have any further obligation to the other, except those obligations that expressly survive the termination of this Agreement. After the Approval Notice is sent by Buyer, the Earnest Money will not be refundable to Buyer unless (i) Seller defaults under the terms and conditions of this Agreement, (ii) a condition to Closing for the benefit of Buyer is not satisfied or waived in writing by Buyer, or (iii) any other event occurs which entitles Buyer to the Earnest Money pursuant to the terms of this Agreement.

5. Conditions Precedent. Notwithstanding any provision of this Agreement to the contrary, Buyer's obligation to close under this Agreement shall be subject to and conditioned upon the fulfillment of each and all of the following conditions precedent:

5.1 All of the documents required to be delivered by Seller to Buyer or Escrow Agent at Closing pursuant to the terms and conditions hereof shall have been delivered;

5.2 Each of the representations of Seller set forth in Section 7 shall be true in all respects as of the Closing Date;

5.3 At Closing, and subject only to Buyer's payment of the applicable additional premium, if any, the Title Company shall be irrevocably committed to issue the Title Policy in the form described herein;

5.4 Buyer shall have obtained written approval of this transaction from Buyer's Airport Board, and the City of Spokane and County of Spokane, acting through the City Council of the City of Spokane, and the Spokane County Board of Commissioners, respectively. Upon obtaining approval from all appropriate Governmental Authorities, Buyer shall promptly notify Seller of the same, and upon such receipt of notice of approval from Buyer to Seller, this condition shall be deemed satisfied;

5.5 Buyer has timely delivered the Approval Notice;

5.6 Neither the Property, Seller, nor Buyer shall be subject to any court or other similar action preventing, restraining, enjoining, or otherwise prohibiting the consummation of the transaction contemplated by this Agreement;

5.7 The due performance by Seller of each and every undertaking and agreement to be performed by Seller hereunder;

5.8 No Condemnation Event (as defined in Section 10, below) shall have occurred with respect to the Property following Buyer's delivery of the Approval Notice;

5.9 There has been no spill of hazardous substances on the Property that occurred after the expiration of the Investigation Period; and

5.10 Seller must have properly terminated all contracts and leases affecting the Property, if any, and the Property must be free and clear of all tenants and parties in possession.

If any condition specified in this Section 5 is not satisfied on or before Closing, Buyer may, at its option, (i) waive such condition on or before the Closing Date and proceed to Closing, (ii) terminate this Agreement by written notice thereof to Seller and receive a refund of the Earnest Money, or (iii) if the failure of the condition is due to a breach by Seller hereunder, pursue any of its remedies under Section 12 of this Agreement. By Closing the transaction contemplated hereby, Buyer shall be conclusively deemed to have waived the benefit of any remaining unfulfilled conditions set forth in this Agreement, except for any obligation of Seller which specifically survives the Closing under the terms of this Agreement.

6. Closing.

6.1 Closing Date. The purchase and sale transaction contemplated in this Agreement will close (the "Closing") on the day ("Closing Date") that is thirty (30) days following the date on which Buyer delivers the Approval Notice or upon such earlier date as the parties mutually agree.

6.2 Closing Costs and Prorations.

(a) Closing Fees. At Closing, Seller and Buyer shall each pay one-half (1/2) of the escrow fees. Any recording fees, Spokane County transfer tax, real estate excise tax, deed stamps, or similar property transfer taxes and fees will be the sole responsibility of Seller. Each party must pay its own attorneys' fees incurred with respect to this transaction.

(b) Title Policy. For the Title Policy, Seller shall pay the cost of an ALTA standard owner's title policy, and Buyer shall pay the additional cost necessary for any ALTA extended policy Buyer elects to acquire. Buyer shall also pay the cost of any and all endorsements to the Title Policy unless provided by Seller to clear a Disapproved Matter, in which case Seller shall be responsible for the cost of such endorsements.

(c) Taxes and Fees. Real estate taxes for the year of Closing shall be the sole responsibility of Seller. Seller acknowledges that Buyer does not pay real estate taxes and, as such, Seller is free to seek a refund for that portion of time in which real estate taxes were paid but not otherwise due and owing. Annual municipal or special district assessments (on the basis of the actual fiscal tax years for which such taxes are assessed), lienable water and sewer rentals, license, or permit and inspection fees, if any, will be apportioned as of the Closing Date between Buyer and Seller. If, on the day prior to the Closing Date, bills for the real estate taxes imposed upon the Property for the real estate tax year in which Closing occurs have been issued but have not been paid, such taxes shall be paid by Seller at the time of Closing.

(d) Preliminary Closing Statement. Seller and Buyer shall cooperate with Escrow Agent to prepare a preliminary closing statement ("Closing Statement"). All apportionments and prorations provided for in this Section 6.2 to be made as of the Closing Date will be made, on a per diem basis, as of 11:59 p.m. on the Closing Date. The preliminary Closing Statement and the apportionments or prorations reflected therein will be based upon actual figures to the extent available. If any of the apportionments or prorations cannot be calculated accurately based on actual figures on the Closing Date, then (other than with respect to determination of real estate taxes that will be computed as set forth in subsection 6.2(c)) they will be calculated based on Seller's and Buyer's good faith estimates thereof, subject to reconciliation as provided in the following Section.

(e) Post-Closing Reconciliation. If there is an error on the preliminary Closing Statement or, if after the actual figures are available as to any items that were estimated on the preliminary Closing Statement (including, without limitation, real estate taxes), it is determined that any actual proration or apportionment varies from the amount thereof reflected on the final Closing Statement, the proration or apportionment will be adjusted based on the actual figures as soon as feasible. Either party owing the other party a sum of money based on such subsequent proration(s) shall promptly pay said sum to the other party.

(f) Other Costs and Survival. All other costs not addressed within this Section 6.2 shall be paid in accordance with the custom in Spokane County. The provisions of this Section 6.2 shall survive Closing.

6.3 Deliveries at Closing.

(a) Deliveries by Seller. At Closing, Seller shall execute and deliver all documents reasonably necessary to effect and complete the Closing, including, but not limited to, the following:

(1) The Deed, conveying to Buyer good and marketable fee simple title to the Property, free and clear of all liens, restrictions, and encumbrances, other than Permitted Exceptions.

(2) A counterpart original duly executed and completed real estate excise tax affidavit ("REETA").

(3) All original Permits, to the extent assignable.

(4) A non-foreign affidavit for purposes of compliance with Section 1445(b)(2) of the Internal Revenue Code of 1986, as amended ("Code"), and the regulations adopted thereunder.

(5) A counterpart original of the Closing Statement.

(6) Such documentation as Escrow Agent may reasonably require, or may otherwise be required to close the escrow and consummate the purchase of the Property in accordance with the terms of this Agreement.

(b) Deliveries by Buyer. On the Closing Date, Buyer shall execute and deliver all documents reasonably necessary to effect and complete the Closing, including, but not limited to, the following:

(1) The amounts required under Sections 3 and 6.2 in Current Funds.

(2) A counterpart original duly executed and completed REETA.

(3) A counterpart original of the Closing Statement.

(4) Such documentation as Escrow Agent may reasonably require, or may otherwise be required to close the escrow and consummate the purchase of the Property in accordance with the terms of this Agreement.

(c) Actions of Escrow Agent. When the foregoing provisions of this Section have been consummated, at the Closing the Escrow Agent shall:

(1) Prepare the Closing Statement and obtain signed copies from Seller and Buyer.

(2) Record the Deed.

(3) Deliver the balance of the Purchase Price in Current Funds to Seller, net of Seller's costs, fees, and prorations.

(4) Issue and deliver the Title Policy to Buyer.

(5) Deliver the above referenced documents to the applicable party.

7. Representations and Warranties of Seller. In addition to the representations and warranties contained in other sections of this Agreement, Seller makes the representations and warranties to Buyer set forth in this Section 7. Each representation and warranty: (i) is material and relied upon by Buyer; (ii) is true in all respects as of the Effective Date; (iii) will be true in all respects on the Closing Date; and (iv) will survive Closing for a period of six (6) months. For purposes of this Section 7, the phrase “Seller’s knowledge” and similar phrases shall mean and refer to the actual knowledge of Martin Golden, Jr., Janis Northquist and Angela Mercer, collectively (the “Knowledge Representatives”), but with no duty of inquiry or investigation.

7.1 Binding Agreements/Authority/Conflicts. This Agreement and all exhibits and documents to be delivered by Seller pursuant to this Agreement have been duly executed and delivered by Seller and constitute the valid and binding obligations of Seller, enforceable in accordance with their terms. Seller has all necessary authority, and has taken all action necessary to enter into this Agreement to consummate the transactions contemplated hereby, and to perform its obligations hereunder. The execution, delivery, and performance of this Agreement will not conflict with or constitute a breach or default under (i) any material instrument, contract, or other agreement to which Seller is a party which affects the Property; or (ii) any statute or any regulation, order, judgment, or decree of any court or Governmental Authority.

7.2 Non-foreign Status. Pursuant to Section 1445 of the Code, Seller is not a foreign person or nonresident alien as defined within that Code section. Seller understands that the Buyer may disclose this warranty to the Internal Revenue Service.

7.3 Proceedings and Litigation. There are no existing suits, claims, proceedings or actions with respect to any aspect of the Property or the Seller, nor, to Seller’s knowledge, have any such actions, suits, proceedings or claims been threatened or asserted.

7.4 Organizational Status. Seller is a limited liability company, duly organized and validly existing under the laws of the state of Washington, and is the sole fee owner of the Property and has good and marketable title thereto.

7.5 No Contracts and Commitments. Except for this Agreement, with respect to the Property, Seller is not a party to any other contract or agreement providing for the sale or other conveyance of any of the Property, or any portion thereof.

7.6 Seller’s Performance. To the best of Seller’s knowledge, Seller is not in default under any contract, lease or other agreement affecting the Property to which Seller is a party, and no event, condition or occurrence exists which, after notice or lapse of time, or both, would constitute such a default by Seller of any of the foregoing.

7.7 Governmental Compliance. Seller has not received written notice of any violation of any statute, law, ordinance or regulation of any Governmental Authority that would require remedial action by Seller or would require repairs or alterations to the Property or any portion of the Property. To Seller’s knowledge, the Property is not in violation of any statute, law, ordinance or regulation of any Governmental Authority.

7.8 Environmental/Hazardous Substances. To the best of Seller’s knowledge, without the duty of investigation or inquiry, no hazardous substances have been discharged or stored on the Property. Seller has not received written notice of violation, administrative complaint, judicial complaint, or other notice (i) alleging that conditions on the Property are or have been in violation

of any Environmental Law, (ii) informing Seller that the Property is subject to investigation or inquiry regarding the presence of hazardous substances on or about the Property, or (iii) alleging the potential violation of any Environmental Law, except as otherwise disclosed to the Buyer.

As used in this Agreement, the term “Environmental Law” means any federal, state or local law, statute, ordinance, or regulation pertaining to health, industrial hygiene, or environmental conditions, including, without limitation, the Comprehensive Environmental Response, Compensation and Liability Act of 1980, 42 U.S.C. § 9601, *et seq.*; the Resource Conservation and Recovery Act of 1976, 42 U.S.C. § 6901, *et seq.*; the Toxic Substances Control Act of 1976, 15 U.S.C. § 2601, *et seq.*; the Superfund Amendments and Reauthorization Act of 1986, Title III, 42 U.S.C. § 1101, *et seq.*; the Clean Air Act, 41 U.S.C. § 7401, *et seq.*; the Federal Water Pollution Control Act, 33 U.S.C. § 1251, *et seq.*; The Safe Drinking Water Act, 41 U.S.C. § 300f, *et seq.*; the Solid Waste Disposal Act, 42 U.S.C. § 3251, *et seq.*; and any other federal, state or local law, statute, ordinance, or regulation now in effect or hereinafter enacted which pertains to health, industrial hygiene, or the regulation or protection of the environment, including without limitation, ambient air, soil, groundwater, surface water, or land use.

7.9 Bankruptcy or Insolvency. Seller is not insolvent, and Seller has not (i) made a general assignment for the benefit of creditors, (ii) filed any voluntary petition in bankruptcy or suffered the filing of any involuntary petition by Seller’s creditors, (iii) suffered the appointment of a receiver to take possession of all, or substantially all, of Seller’s assets, (iv) suffered the attachment or other judicial seizure of all, or substantially all, of Seller’s assets, (v) admitted in writing its inability to pay its debts as they become due, or (vi) made an offer of settlement, extension or composition to its creditors generally.

7.10 Anti-Terrorism Laws. Seller is not a “Prohibited Person” or “Specifically Designated National and Blocked Person” under the Anti-Terrorism Laws (hereinafter defined). As used herein, the term “Anti-Terrorism Laws” means any and all present and future judicial decisions, statutes, rulings, rules, regulations, permits, certificates, orders and ordinances of any Governmental Authority relating to terrorism or money laundering including, without limiting the generality of the foregoing, the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (Pub. L. No. 107-56); the Trading with the Enemy Act (50 U.S.C.A. App. 1 *et seq.*); the International Emergency Economic Powers Act (50 U.S.C.A. § 1701-06); Executive Order No. 13224 on Terrorist Financing, effective September 24, 2001 (relating to “Blocking Property and Prohibiting Transactions With Persons Who Commit, Threaten to Commit, or Support Terrorism”) and the United States Treasury Department’s Office of Foreign Assets Control list of “Specifically Designated National and Blocked Persons” (as published from time to time in various mediums).

7.11 Brokers. Except as set forth in Section 13, no real estate broker or any other commission agents are owed fees or commissions with respect to the transaction contemplated in this Agreement.

7.12 Knowledge Representatives. The Knowledge Representatives are the most knowledgeable persons with respect to all matters concerning the Property.

8. Covenants of Seller.

8.1 Normal Operations. From and after the Effective Date, Seller shall not: (i) execute, modify, terminate or approve any contracts, agreements, arrangements, entitlements or commitments of any kind affecting the Property or any interest therein without Buyer’s written approval, which may be granted or withheld in Buyer’s sole and absolute discretion; (ii) execute

any leases affecting the Property; or (iii) encumber the Property with any liens, encumbrances or other instruments which appear on title or which secure a monetary obligation. Until possession is delivered to Buyer, Seller agrees, at its sole cost and expense, to maintain and keep the Property in not less than the same order and condition as on the Effective Date, and to operate the Property in the same manner as prior to the Effective Date as if Seller were retaining the Property.

8.2 Insurance. Until the Closing Date, Seller shall maintain substantially the same liability, casualty, and all other insurance on the Property, if any, as is in effect as of the Effective Date.

8.3 Indemnification. Except as specifically stated herein, Seller hereby agrees to indemnify, protect, defend, save and hold Buyer and Buyer's officials, agents, employees and representatives, and the City and County of Spokane, their elected and appointed officials, agents, employees and representatives ("Buyer Indemnified Parties") harmless from and against any and all Claims (i) arising from leases, contracts or other agreements entered into during Seller's ownership of the Property and resulting from an occurrence prior to the Closing; (ii) arising from the ownership, operation, maintenance and management of the Property during Seller's ownership and resulting from an occurrence prior to the Closing; and (iii) resulting from a breach by Seller of representations and warranties expressly made by Seller in this Agreement. The provisions of this Section 8.3 will survive Closing or the earlier termination of this Agreement.

8.4 Continuing Representations and Warranties. Until the Closing Date, promptly upon the occurrence of, or upon Seller becoming aware of an impending or threatened occurrence of, any event which would cause or constitute a material breach of this Agreement, or which would have caused or constituted a breach had such event occurred prior to the date hereof, of any of the representations or warranties of Seller contained in or referred to in this Agreement or in any exhibit to this Agreement, Seller shall give detailed written notice thereof to Buyer and shall use its reasonable efforts to prevent or promptly remedy the same.

9. Buyer's Representations and Warranties. In addition to the representations and warranties contained in other sections of this Agreement, Buyer makes the representations and warranties to Seller set forth in this Section 9. Each representation and warranty: (i) is material and relied upon by Seller; (ii) is true in all respects as of the Effective Date; (iii) unless noticed by Buyer to Seller, will be true in all respects on the Closing Date; and (iv) will survive Closing for a period of six (6) months.

9.1 Authority/Binding Agreements. Subject to Section 5.4, Buyer has the legal right, power and authority to enter into this Agreement and to consummate the transactions contemplated hereby, and the execution, delivery and performance of this Agreement have been duly authorized and no other action by Buyer is requisite to the valid and binding execution, delivery and performance of this Agreement.

9.2 AS IS. Except for the representations and warranties set forth in this Agreement, the Deed and in any document executed in connection with the transactions contemplated in this Agreement, Buyer is purchasing the Property AS IS, WHERE IS, AND WITH ALL FAULTS and, except as specifically stated herein, without any representations or warranties of any kind whatsoever, express or implied, by Seller.

9.3 Anti-Terrorism Laws. Neither Buyer nor any of its shareholders, officers or directors, is a "Prohibited Person" or "Specifically Designated National and Blocked Person" under the Anti-Terrorism Laws.

10. Condemnation. Risk of loss resulting from any condemnation or eminent domain proceeding that is commenced or has been threatened before Closing, and risk of loss to the Property due to fire, flood, or any other cause before Closing, will remain with Seller. Seller shall promptly notify Buyer in writing of any condemnation proceeding commenced or threatened with respect to the Property prior to Closing (any such event being referred to as a "Condemnation Event"). If any such Condemnation Event relates to or may result in the loss of any portion of the Property, then Buyer may elect, by notice to Seller within five (5) days after receipt of Seller's notice of such Condemnation Event, to terminate this Agreement, in which event the Earnest Money shall be immediately returned to Buyer and thereafter neither party shall have any further rights or obligations hereunder. If Buyer does not terminate this Agreement, then Buyer shall close escrow and shall accept such Property in its then condition and, upon the Closing, Seller shall assign to Buyer any compensation, awards, or other payments or relief Seller has received or is entitled to receive resulting from such condemnation proceeding.

11. Default by Buyer; Liquidated Damages. SHOULD THE PURCHASE AND SALE TRANSACTION CONTEMPLATED IN THIS AGREEMENT FAIL TO BE CONSUMMATED ACCORDING TO THE TERMS OF THIS AGREEMENT SOLELY BY REASON OF ANY DEFAULT OF BUYER, SELLER WILL BE RELIEVED OF ANY OBLIGATION TO SELL THE PROPERTY TO BUYER, SELLER WILL NOT HAVE ANY RIGHT TO SEEK OR OBTAIN SPECIFIC ENFORCEMENT OF THIS AGREEMENT, AND, AS SELLER'S SOLE AND EXCLUSIVE REMEDY AT LAW OR IN EQUITY FOR SUCH DEFAULT, THE EARNEST MONEY WILL BE IMMEDIATELY DISBURSED AND RETAINED BY SELLER AS LIQUIDATED DAMAGES AND AS CONSIDERATION FOR SELLER KEEPING THE PROPERTY OFF OF THE MARKET FOR SALE TO OTHERS. BUYER AND SELLER AGREE THAT IT WOULD BE IMPRACTICAL AND EXTREMELY DIFFICULT TO FIX THE ACTUAL DAMAGES THAT SELLER MIGHT SUFFER IN THE EVENT OF BUYER'S DEFAULT HEREUNDER. BUYER AND SELLER AGREE THAT THE AMOUNT OF LIQUIDATED DAMAGES PROVIDED FOR IN THIS SECTION IS A FAIR AND REASONABLE ESTIMATE OF SUCH DAMAGES.

12. Default by Seller; Remedies. If Seller is unable to convey title, subject to and in accordance with this Agreement, Buyer may, at its election (i) obtain a prompt refund of the Earnest Money plus its actual, documented, out-of-pocket third-party costs and expenses for Diligence Materials; and/or (ii) bring an action for specific performance.

13. Brokerage. Seller is represented by Tim Kestell of Kiemle Hagood ("Seller's Broker") in connection with the transaction contemplated by this Agreement. Seller shall be solely responsible for any commissions owing to Seller's Broker at Closing. Buyer has not utilized the services of a broker. Except for Seller's Broker identified above, Seller and Buyer hereby agree to indemnify and hold each other harmless for, from and against any and all Claims incurred by reason of or in connection with any claim for fees, compensation, or other charges relating in any way to the transaction contemplated in this Agreement, or the consummation thereof, which may be made by any other person, firm, or entity as the result of any acts of Seller or Buyer or their respective representatives. The obligations of the parties under this Section 13 will survive Closing.

14. Miscellaneous.

14.1 Attorneys' Fees. Should any party hereto bring any action against any other party related in any way to this Agreement, the substantially prevailing party will be awarded its or their reasonable attorneys' fees and costs incurred for prosecution, defense, consultation, hiring of experts or advice in connection with such action, and any such attorneys' fees or costs for executing upon or appealing any judgment.

14.2 Escrow Agent. Escrow Agent hereby accepts its designation as Escrow Agent under this Agreement and agrees to hold and disburse the Earnest Money as provided in this Agreement. The provisions hereof will constitute joint instructions to the Escrow Agent to consummate the purchase in accordance with the terms and provisions hereof; provided, however, that the parties shall execute such additional escrow instructions, not inconsistent with the provisions hereof, as may be deemed reasonably necessary to carry out the intentions of the parties as expressed herein. The provisions of this Section will survive the Closing or termination of this Agreement.

14.5 Integration; Modification; Waiver. This Agreement, exhibits, and closing documents executed and delivered pursuant to this Agreement constitute the complete and final expression of the agreement of the parties relating to the Property. This Agreement cannot be modified, or any of the terms hereof waived, except by an instrument in writing (referring specifically to this Agreement) executed by the parties.

14.6 Counterpart Execution. This Agreement may be executed in any number of separate counterparts, and by any electronically transmittable means (e.g., facsimile, scanned .pdf, and/or via any electronic signature software technology, such as DocuSign), each of which counterpart signature, when so executed and delivered, will be deemed an original, and all of such counterparts shall constitute one and the same instrument.

14.7 Headings; Construction. The headings used throughout this Agreement have been inserted for convenience of reference only and do not constitute matters to be construed in interpreting this Agreement. Words of any gender used in this Agreement will be construed to include any other gender, and words in the singular number will be construed to include the plural, and vice versa, unless the context requires otherwise. The words "herein," "hereof," "hereunder," and other similar compounds of the word "here" when used in this Agreement refer to the entire Agreement and not to any particular provision or section.

14.8 Deadlines and Dates. Any deadline, unless otherwise set forth in this Agreement, will expire at 5:00 p.m., local time in Spokane, Washington. Should any deadline or date in this Agreement fall on a day other than a Business Day, such deadline or date will be extended until 5:00 p.m., local time in Spokane, Washington, on the next Business Day; *provided, however*, if the Closing would be scheduled to occur on a Saturday, Sunday or holiday or the first Business Day after a Saturday, Sunday or holiday, the Closing shall be delayed until the second Business Day

after such Saturday, Sunday or holiday. The time periods in this Agreement shall be computed by excluding the first day of such period and including the last day of such period.

14.9 Severability. If for any reason any provision of this Agreement, or the applicability of any such provision to a specific situation, is determined by a tribunal of competent jurisdiction to be legally invalid or unenforceable, the validity of the remainder of the Agreement will not be affected and such provision will be modified or deemed modified to the minimum extent necessary to make such provision valid and enforceable with applicable law and, in its modified form, such provision will then be enforceable and enforced.

14.10 Time of the Essence. Time is of the essence of this Agreement and of the obligations of the parties to purchase and sell the Property, it being acknowledged and agreed by and between the parties that any delay in effecting a closing pursuant to this Agreement may result in loss or damage to the party in full compliance with its obligations hereunder.

14.11 Binding Effect. This Agreement is binding upon and inures to the benefit of Seller and Buyer, and their respective successors and permitted assigns.

14.12 Further Acts. In addition to the acts recited in this Agreement to be performed by Seller and Buyer, Seller and Buyer agree to perform or cause to be performed at the Closing or after the Closing any and all such further acts as may be reasonably necessary to consummate the transactions contemplated in this Agreement.

14.13 Assignment. Buyer, at or before Closing, may assign its rights and obligations under this Agreement to a newly formed special purpose entity controlled by Buyer, however, the original Buyer will remain liable to Seller under this Agreement. Seller may not assign its rights or obligations under this Agreement to any entity or person.

14.14 1031 Exchange. The parties agree to cooperate with each other for the purpose of effecting a tax-deferred exchange pursuant to Code Section 1031; provided that any such exchange shall not delay Closing. Seller and Buyer will not incur any additional liability or financial obligation as a consequence of such other party's contemplated exchange, and Buyer and Seller agree to defend and hold each other harmless for, from and against any Claims that may arise from the participation therein.

14.15 Sole Discretion. Where either party hereto is given the right to exercise its sole and absolute discretion, neither the other party nor any court, arbitrator, third party, or board will have the right to challenge said exercise, whether reasonable or unreasonable, on any grounds whatsoever.

14.16 Disclaimer – Preparation of Agreement. This Agreement has been negotiated by the parties. Buyer and Seller agree that no presumption will apply in favor or against any party in respect of the interpretation or enforcement of this Agreement. Each party is advised to have this Agreement reviewed by independent legal and tax counsel prior to its execution. By executing this Agreement, each party represents that: (i) it has read and understands this Agreement; (ii) it has had the opportunity to obtain independent legal and tax advice regarding this Agreement; and (iii) it has obtained such independent advice or has freely elected not to do so.

14.17 Execution and Delivery Deadline. The offer reflected in this Agreement shall remain open until 5:00 p.m. Pacific time on August 27, 2026. If both parties do not execute and deliver this Agreement by such time, the offer shall automatically expire without further action by either party.

ADOPTING TBD BUDGET ALLOCATIONS & PROJECTS

Agenda Wording

A resolution adopting the allocations and project prioritization from the Residential Street Maintenance Program utilizing Transportation Benefit District (TBD) funding for 2027 and 2028.

Summary (Background)

The Transportation Commission was created in 2024 by Ordinance C365717 to review and make recommendations for projects under consideration for TBD funding, replacing the Citizens Transportation Advisory Board established in 2011. The Commission made its first TBD program recommendations to the TBD Governing Board in 2025. This year the Commission made recommendations for a two-year cycle for street maintenance and sidewalk infill projects for 2027 and 2028 via Resolutions 2026-005 and 2026-006.

What impacts would the proposal have on historically excluded communities?

Transportation Commission reviewed the proposed project list and funds available and considered equity and safety amongst the three council districts.

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

The local access streets are reviewed by the Street Department and Transportation Commission. Conditions and future construction are taken into consideration so that priority is afforded to ensuring safety for all communities.

How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

Discussion and some movement of projects has been done so that the City can be assured the best use of funds and right-fit the solutions proposed.

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

This proposal aligns with the functions of the Transportation Commission and City's street maintenance priorities, and benefits neighborhood safety.

Section 4: Authorization of the Bond

A. *General Terms.* A water and wastewater system revenue bond of the City, designated “City of Spokane, Washington, Water and Wastewater System Revenue Bond, Series 2027 (Taxable CWIFP Loan),” (or such other designation as the Designated Representative shall determine) is hereby authorized to be sold, issued and delivered pursuant to chapters 35.41 and 39.46 RCW, and as further provided in this Section. The Designated Representative is authorized and directed to take all actions to facilitate the sale of the Bond to the CWIFP Lender as may be deemed desirable or necessary including, but not limited to, securing a rating on the Bond from one or more of the established nationally recognized rating services.

Section 7: Registration, Exchange, and Payments

A. *Registrar.* The City hereby appoints the Treasurer as the Registrar for the Bond. Duties of the Treasurer as Registrar shall be limited to the authentication and delivery of the Bond to the CWIFP Lender and to remitting money made available by the City into the Revenue Bond Fund to the CWIFP Lender as further provided in the CWIFP Credit Agreement. The Registrar is authorized, on behalf of the City, to authenticate and deliver the Bond and carry out all of the duties and powers of the Registrar pursuant to this Ordinance.

B. *Place and Medium of Payment.* Both principal of and interest on the Bond are payable in lawful money of the United States to the Registered Owners thereof. Interest on the Bond shall be calculated on the basis of a 360-day year consisting of twelve 30-day months and as further provided in the CWIFP Credit Agreement. Payment of each installment of interest shall be made to the Registered Owner as further provided in the CWIFP Credit Agreement. Principal of the Bond shall be payable to the Registered Owner as further provided in the CWIFP Credit Agreement.

Section 8: Pledge of Net Revenue

All of the Net Revenue is pledged for the payment of the Bond, as a prior first charge and lien thereon equal to and on parity with the charge or lien of the Parity Bonds, and the Revenue of the System shall be used and applied in the order of priority provided in Section 9 of this Ordinance.

The Bond is payable solely from amounts deposited into the Revenue Bond Fund, shall not constitute a general obligation of the City, and is not payable from ad valorem taxes collected within the City. Accordingly, the full faith and credit of the City is not pledged for the payment of the principal of and interest on the Bond.

**Section 9: The Revenue Fund; Priority of Payments from Revenue Fund;
Coverage Stabilization Account**

A. *Revenue Fund.* A special fund of the City known as the “Water-Wastewater Fund” (including subaccounts therein, the “**Revenue Fund**”) has heretofore been established into which shall be deposited the Revenue of the System as collected. The Revenue Fund shall be held separate and apart from all other funds and accounts of the City.

B. *Priority of Payments from the Revenue Fund.* The Revenue of the System deposited in the Revenue Fund shall be used only for the following purposes and in the following order of priority:

First, to pay the Costs of Maintenance and Operation of the System;

Second, to make all payments required to be made into the Revenue Bond Fund to pay the interest on any Parity Bonds, including reimbursements to the issuer of a Credit Facility if the Credit Facility secures the payment of interest on Parity Bonds and the ordinance authorizing such Parity Bonds provides for such reimbursement;

Third, to make all payments required to be made into the Revenue Bond Fund to pay the principal of any Parity Bonds, including reimbursements to the issuer of a Credit Facility if the Credit Facility secures the payment of principal of Parity Bonds and the ordinance authorizing such Parity Bonds provides for such reimbursement;

Fourth, to make all payments required to be made into any sinking fund account hereafter created to provide for the payment of the principal of Term Bonds or Balloon Maturity Bonds;

Fifth, to make all payments required to be made into the Reserve Account for Covered Bonds and to any reserve account created in the future for the payment of debt service on Future Parity Bonds;

Sixth, to make all payments required to be made into any revenue debt redemption fund, debt service account, reserve account or sinking fund account created to pay and secure the payment of the principal of and interest on Government Loans and any revenue bonds, or revenue warrants or other revenue obligations of the City having a lien upon the Revenue of the System junior and inferior to the lien thereon for the payment of the principal of and interest on the Parity Bonds; and

Seventh, to retire by redemption or purchase on the open market any outstanding water and wastewater system revenue bonds or revenue warrants of the City, to make necessary additions, betterments, improvements and repairs to or extensions and replacements of the System, or for any other lawful City purposes.

The City may transfer any money from any funds or accounts of the System legally available therefor, except bond redemption funds, refunding escrow funds or defeasance funds, to meet the required payments to be made into the Revenue Bond Fund. Money in the Revenue

Fund may be invested by the City in any investment that is a legal investment for the City as authorized pursuant to State law.

C. *Coverage Stabilization Account.* A Coverage Stabilization Account shall be established within the Revenue Fund at the option of the Designated Representative. The City hereby determines that the maintenance of a Coverage Stabilization Account will moderate fluctuations in Net Revenues and help to alleviate the need for short-term rate adjustments. Money in the Coverage Stabilization Account will be transferred as determined from time to time by the City. The City may make payments into the Coverage Stabilization Account from the Revenue Fund at any time. Money in the Coverage Stabilization Account may be withdrawn at any time and used for the purpose for which the Revenue of the System may be used. Amounts withdrawn from the Coverage Stabilization Account shall increase Revenue of the System for the period in which they are withdrawn, and amounts deposited in the Coverage Stabilization Account shall reduce Revenue of the System for the period during which they are deposited for purposes of measuring compliance with the Rate Covenant. Credits to or from the Coverage Stabilization Account that occur within 90 days after the end of a fiscal year may be treated as occurring within such fiscal year. Earnings on the Coverage Stabilization Account shall be credited to the Revenue Fund.

Section 10: Payments into Revenue Bond Fund

A. *Revenue Bond Fund.* A special account of the City known as the “Water and Wastewater Fund — Bond Redemption Subaccount” (the “**Revenue Bond Fund**”) has been created for the sole purpose of paying and securing the payment of Parity Bonds.

B. *Payments into Revenue Bond Fund.* As long as the Bond remains outstanding, the City hereby irrevocably obligates and binds itself to set aside and pay from the Revenue Fund into the Revenue Bond Fund on or before the date due those amounts necessary, together with ULID Assessments deposited and such other money as is on hand and available therefor in the Revenue Bond Fund, to pay the interest or principal and interest next coming due on the Bond.

As long as the Parity Bonds remain outstanding, the City hereby irrevocably covenants and agrees to pay the ULID Assessments into the Revenue Bond Fund.

Notwithstanding anything in Section 10(E) hereof to the contrary, money in the Revenue Bond Fund may be used to pay arbitrage rebate, if any, to the extent the rebate is attributable to earnings on money in the Revenue Bond Fund.

C. *Payments into Reserve Account.* The City hereby agrees that a special account to be known as the “Water-Wastewater Bond Fund Reserve Account” (the “**Reserve Account**”) shall be maintained for the purpose of securing the payment of the principal of and interest on all Covered Bonds. The Bond shall be a Covered Bond, secured by the Reserve Account, if deemed necessary and designated as such by the Designated Representative. To the extent the Bond is designated as a Covered Bond, the City hereby covenants that the Reserve Requirement for the Bond will be fully funded as of the date of issuance of the Bond.

The City covenants and agrees that when the required deposits have been made into the Reserve Account, it will, at all times for so long as any Covered Bonds remain outstanding, maintain therein an amount at least equal to the Reserve Requirement except for withdrawals therefrom authorized hereinafter. Whenever there is a sufficient amount in the Revenue Bond Fund, including all accounts therein, to pay the principal of, premium, if any, and interest on all outstanding Parity Bonds, the money in the Reserve Account may be used to pay the principal of, premium, if any, and interest on the Parity Bonds secured thereby. Money in the Reserve Account may also be withdrawn to redeem and retire, and to pay the premium, if any, and interest due to such date of redemption, on the outstanding Parity Bonds, as long as the money remaining on deposit in the Reserve Account is at least equal to the Reserve Requirement determined with respect to the Covered Bonds then outstanding.

In the event there shall be a deficiency in the Revenue Bond Fund to meet maturing installments of either interest on or principal of and interest on any Parity Bonds, such deficiency shall be made up from the Reserve Account by the withdrawal of money therefrom. Cash and investments shall be drawn upon prior to any drawing upon a Credit Facility. Any deficiency created in the Reserve Account by reason of any such withdrawal shall then be made up out of Revenue of the System or ULID Assessments within one year after making necessary provision for the payments required to be made by subparagraphs First through Fourth, inclusive, of Section 9(B) of this Ordinance.

If a Credit Event occurs, the Reserve Requirement shall be satisfied (A) within one year after the occurrence of such Credit Event with other Qualified Insurance or another Qualified Letter of Credit, or (B) within three years (in three approximately equal annual installments) after the occurrence of such Credit Event, out of Revenue of the System or ULID Assessments after making necessary provision for the payments required to be made by subparagraphs First through Fourth, inclusive, of Section 9(B) of this Ordinance.

In the event the City issues any Future Parity Bonds that are Covered Bonds, it will provide in the ordinance authorizing the issuance of the same for payment into the Reserve Account out of proceeds of such Future Parity Bonds, Revenue of the System, or ULID Assessments (or, at the option of the City, out of any other funds on hand and legally available therefor) approximately equal additional annual installments so that by three years from the date of issuance of such Future Parity Bonds there will have been paid into the Reserve Account an amount that, together with the money already on deposit therein, will be at least equal to the Reserve Requirement. Such annual payments into the Reserve Account shall be made not later than December 20 of each year.

Notwithstanding anything in this Section to the contrary, the City may fund the Reserve Requirement, in whole or in part, through a surety bond issued by an issuer of Qualified Insurance. The amount payable by the issuer of Qualified Insurance under such surety bond shall be credited against the amounts otherwise required to be accumulated and maintained in the Reserve Account.

The Reserve Requirement may be maintained by deposits of cash. As used herein, the term "cash" shall include U.S. currency, cash equivalents and evidences thereof, including demand deposits, certified or cashier's check; and the deposit to the Reserve Account may be satisfied initially by the transfer of qualified investments to such account.

D. *Priority of Lien of Payments into the Revenue Bond Fund.* The amounts so pledged to be paid into the Revenue Bond Fund from the Revenue Fund are hereby declared to be a lien and charge upon the Revenue of the System junior in lien to the Costs of Maintenance and Operation and equal to the lien of the charges upon such Revenue of the System and ULID Assessments that may hereafter be made upon the Revenue of the System and ULID Assessments to pay and secure the payment of the principal of and interest on any Future Parity Bonds, and prior and superior to all other charges of any kind or nature whatsoever.

E. *Application and Investment of Money in the Revenue Bond Fund.* Money in the Revenue Bond Fund and the Reserve Account shall be invested in any legal investment for City funds. Investments in the Revenue Bond Fund shall mature prior to the date on which such money shall be needed for required interest or principal payments. Investments in any Reserve Account shall mature not later than the last maturity of the Parity Bonds secured thereby.

F. *Sufficiency of Revenues.* The Council hereby finds and declares that in fixing the amounts to be paid into the Revenue Bond Fund out of the Revenue of the System, it has exercised due regard for the Costs of Maintenance and Operation and has not obligated the City to set aside and pay into such fund a greater amount of Revenue of the System than in its judgment will be available over and above the Costs of Maintenance and Operation.

Section 11: Execution and Authorization of the Bond

A. *Execution of the Bond.* The Bond shall be executed on behalf of the City by the manual or facsimile signature of the Mayor, shall be attested by the manual or facsimile signature of the City Clerk and shall have the seal of the City impressed or imprinted thereon.

B. *Authentication of the Bond.* The executed Bond shall be delivered to the Registrar for authentication. The Bond shall be numbered in the manner and with any additional designation as the Registrar deems necessary for purposes of identification. Only a Bond that bears a Certificate of Authentication substantially in the form set forth in Exhibit "A" attached hereto and manually executed by the Registrar shall be valid or obligatory for any purpose or entitled to the benefits of this Ordinance. Such Certificate of Authentication shall be conclusive evidence that the Bond so authenticated has been duly executed, authenticated and delivered hereunder and is entitled to the benefits of this Ordinance.

C. *Validity of Signatures.* In case any of the officers who shall have signed or attested the Bond shall cease to be such officer or officers of the City before the Bond so signed or attested shall have been authenticated or delivered by the Registrar, or issued by the City, such Bond may nevertheless be authenticated, delivered and issued, and, upon such authentication, delivery and issue, shall be as binding upon the City as though those who signed and attested the same had continued to be such officers of the City. Any Bond may also be signed and attested on behalf of the City by such persons as at the actual date of execution of such Bond shall be the proper officers of the City although at the original date of such Bond any such person shall not have been such officer of the City.

Section 12: Transfer and Exchange of the Bond

A. *Transfer.* The Bond shall be transferable by the Registered Owner thereof in person, or by its attorney duly authorized in writing, upon due completion of the assignment form appearing thereon and upon surrender of such Bond to the Registrar for cancellation and issuance of a new Bond registered in the name of the transferee, in exchange therefor.

B. *Exchange.* The Bond shall be exchangeable by the Registered Owner thereof in person, or by its attorney duly authorized in writing, for a new Bond, upon surrender of such Bond to the Registrar for cancellation.

C. *Authentication and Delivery of a New Bond.* Whenever a Bond shall be surrendered for transfer or exchange, the Registrar shall authenticate and deliver to the transferee or exchangee, in exchange therefor, a new fully registered Bond of any authorized denomination or denominations, of the same maturity and interest rate as, and for the aggregate principal amount of, the Bond being surrendered. Notwithstanding the foregoing sentence, the Registrar is not required to transfer or exchange any Bond during the 15 days preceding any principal or interest payment date.

D. *Payment of Fees and Costs.* The Registrar shall require, if applicable, the payment by the Registered Owner requesting such transfer or exchange of any tax, fee or governmental charge required to be paid with respect to such transfer or exchange.

E. *Restriction on Transfer.* Notwithstanding any other provision of this Section 12, the Bond may not be transferred, assigned, or sold by the Registered Owner except as expressly set forth in the provisions of the CWIFP Credit Agreement. Any purported transfer in violation of this Section shall be void.

Section 13: Destroyed, Lost or Stolen Bond

In the event the Bond shall be destroyed, lost or stolen, the Registrar shall execute and deliver a new Bond of like date, number and tenor to the Registered Owner thereof upon the Registered Owner's paying the expenses and charges of the City and Registrar in connection therewith and upon filing with the Designated Representative and the Registrar evidence satisfactory to the Designated Representative and the Registrar, respectively, that the Bond was actually destroyed, lost or stolen and of the Registered Owner's ownership thereof.

Section 14: Defeasance

In the event that money and/or Government Obligations, maturing or having guaranteed redemption prices at the option of the owner at such times and bearing interest to be earned thereon, in such amounts as are sufficient (together with any resulting cash balances) to redeem and retire part or all of the Bond in accordance with its terms, are hereafter irrevocably set aside in a special account and pledged to effect such redemption and retirement, then no further payments need be made into the Revenue Bond Fund or any account therein for the payment of the principal of and interest on the certain Bond so provided for, and such Bond and interest accrued thereon shall no longer be deemed to be Outstanding hereunder.

If the principal or redemption price of any Bond becoming due, at maturity or otherwise, together with all interest accruing thereon to the due date, has been paid or provision therefor has been made in accordance with this Section, all interest on such Bond shall cease to accrue on the due date and all liability of the City with respect to such Bond shall likewise cease, except as hereinafter provided. Thereafter the Registered Owner of such Bond shall be restricted exclusively to the funds so deposited for any claim of whatsoever nature with respect to such Bond, and the Registrar shall hold such funds in trust for such Registered Owners uninvested and without interest.

Section 15: Bond Covenants

A. *Maintenance and Operation.* The City shall at all times maintain, preserve and keep the System in good repair, working order and condition and will from time to time make all necessary and proper repairs, renewals, replacements, extensions and betterments thereto, so that at all times the business carried on in connection therewith will be properly and advantageously conducted, and the City will at all times operate or cause to be operated said properties of the System and the business in connection therewith in an efficient manner and at a reasonable cost.

B. *Rate Covenant.* The City will establish, maintain and collect such rates and charges, which shall be fair and nondiscriminatory, for service of its System as will maintain the Rate Covenant for so long as any Parity Bonds are outstanding.

C. *Maintain Revenue Fund Balance.* After making or providing for the payments from the Revenue Fund as required by Section 9 hereof, there shall be maintained in the Revenue Fund sufficient money to enable the City to meet the Costs of Maintenance and Operation of the System on a current basis.

D. *Sale or Disposition of the System.* The City will not sell or otherwise dispose of the System in its entirety unless simultaneously with such sale or other disposition, provision is made for the payment into the Revenue Bond Fund of cash or Government Obligations sufficient together with interest to be earned thereon to pay the principal of and interest on the then-outstanding Parity Bonds, nor will it sell or otherwise dispose of any part of the useful operating properties of the System unless such facilities are replaced or provision is made for payment into the Revenue Bond Fund of the greatest of the following:

(1) An amount which will be in the same proportion to the net amount of Parity Bonds then outstanding (defined as the total amount of the Parity Bonds less the amount of cash and investments in the Revenue Bond Fund and accounts therein) that the Revenue from the portion of the System sold or disposed of for the preceding year bears to the total Net Revenue for such period; or

(2) An amount which will be in the same proportion to the net amount of Parity Bonds then outstanding (as defined above) that the Net Revenue from the portion of the System sold or disposed of for the preceding year bears to the total Net Revenue for such period; or

(3) An amount which will be in the same proportion to the net amount of Parity Bonds then outstanding (as defined above) that the depreciated cost value of the facilities sold or disposed of bears to the depreciated cost value of the entire System immediately prior to such sale or disposition.

The proceeds of any such sale or disposition of a portion of the properties of the System (to the extent required above) shall be paid into the Revenue Bond Fund.

Notwithstanding any other provision of this subsection D, the City may sell or otherwise dispose of any of the works, plant, properties and facilities of the System or any real or personal property comprising a part of the same which shall have become unserviceable, inadequate, obsolete or unfit to be used in the operation of the System, or no longer necessary, material to or useful in such operation, without making any deposit into the Revenue Bond Fund.

E. *Liens or Encumbrances.* The City will not at any time create or permit to accrue or to exist any lien or other encumbrance or indebtedness upon the System or the Revenue of the System, or any part thereof, prior or superior to the lien thereon for the payment of the Parity Bonds, and will pay and discharge, or cause to be paid and discharged, any and all lawful claims for labor, materials or supplies which, if unpaid, might become a lien or charge upon the Revenue of the System, or any part thereof, or upon any funds in the hands of the City, prior to or superior to the lien of the Parity Bonds, or which might impair the security of the Parity Bonds.

F. *Insurance.* The City will keep the works, plants and facilities comprising the System insured, and will carry such other insurance, with responsible insurers, with policies payable to the City, against risks, accidents or casualties, at least to the extent that insurance is usually carried by private corporations operating like properties, or will implement a self-insurance program with reserves adequate, in the judgment of the Council, to protect the City and the holders of Parity Bonds against loss. In the event of any loss or damage, the City will promptly repair or replace the damaged portion of the insured property and apply the proceeds of any insurance policy for that purpose; or in the event the City should determine not to repair or reconstruct such damaged portion of the properties of the System, the proceeds of such insurance shall be paid into any Reserve Account to the extent that such transfer shall be necessary to make up any deficiency in said Reserve Account and the balance, if any, shall, at the option of the City, be used either for repairs, renewals, replacements, or capital additions to the System, for the redemption of Parity Bonds, or for deposit into the Revenue Bond Fund.

G. *Books and Accounts.* The City shall keep proper books of account in accordance with any applicable rules and regulations prescribed by the State of Washington. The City shall prepare, and any owner or holder of Parity Bonds may, upon written request, obtain copies of, balance sheets and profit and loss statements showing in reasonable detail the financial condition of the System as of the close of each year, and the income and expenses of such year, including the amounts paid into the Revenue Fund, the Revenue Bond Fund, and into any and all special funds or accounts created pursuant to the provisions of this Ordinance, and the amounts expended for maintenance, renewals, replacements, and capital additions to the System.

H. *Additions and Improvements.* The City will not expend any of the revenues derived by it from the operation of the System or the proceeds of any indebtedness payable from the Revenue of the System for any extensions, betterments or improvements to the System that are not legally required or economically sound, and that will not properly and advantageously contribute to the conduct of the business of the System in an efficient manner.

I. *Collection and Application of ULID Assessments.* As long as the Parity Bonds remain outstanding, all ULID Assessments shall be paid into the Revenue Bond Fund and shall be used to pay and secure the payment of the principal of and interest on the Parity Bonds. Nothing in this Ordinance or this section shall be construed to prohibit the City from issuing water, wastewater or water and wastewater system revenue bonds junior in lien to the Bond and pledging as security for their payment assessments levied in any ULID which may have been specifically created to pay part of the cost of improvements to the System for which those junior lien bonds were specifically issued.

J. *Collection of Delinquent ULID Assessments.* The City will, on or before April 1 of each calendar year, determine all ULID Assessments or installments thereof that are delinquent and will take all necessary action to enforce payment of such ULID Assessments, including real property foreclosure actions pursuant to applicable law, or its successor statute, if any, against the property owners whose ULID Assessments are delinquent.

K. *No Free Service.* Unless permitted by law or City policy, the City will not furnish or supply or permit the furnishing or supplying of any commodity, service or facility furnished by or in connection with the operation of the System, free of charge to any person, firm or corporation, public or private, so long as the Bond is outstanding and unpaid.

Section 16: Issuance of Future Parity Bonds

A. *Conditions upon the Issuance of Future Parity Bonds.* The City hereby reserves the right to issue Future Parity Bonds, which shall constitute a charge and lien upon the Revenue of the System equal to the lien thereon of the Bond. Except as provided in subsection (C) below, the City shall not issue any series of Future Parity Bonds or incur any additional indebtedness with a parity lien or charge on Net Revenues (i.e., on a parity of lien with Parity Bonds at the time outstanding) unless:

(1) the City shall not have been in default of its Rate Covenant for the immediately preceding fiscal year, without regard to transfers from the Coverage Stabilization Account;

(2) the ordinance authorizing the issuance of such Future Parity Bonds shall include the covenants provided in Section 15(B) hereof; and

(3) there shall have been filed a certificate (prepared as described in subsection (C) or (D) below) demonstrating fulfillment of the Parity Requirement, commencing with the first full fiscal year following the date on which any portion of interest on the series of Future Parity Bonds then being issued no longer will be paid from the proceeds of such series of Future Parity Bonds.

B. *No Certificate Required.* The certificate described in the foregoing subsection (A)(3) shall not be required as a condition to the issuance of Future Parity Bonds:

(1) if the Future Parity Bonds being issued are for the purpose of refunding outstanding Parity Bonds; or

(2) if the Future Parity Bonds are being issued to pay costs of construction of facilities of the System for which Future Parity Bonds have been issued previously and the principal amount of such Future Parity Bonds being issued for completion purposes does not exceed an amount equal to an aggregate of 15% of the principal amount of Future Parity Bonds theretofore issued for such facilities and reasonably allocable to the facilities to be completed as shown in a written certificate of the Designated Representative, and there is delivered a Designated Representative's certificate stating that the nature and purpose of such facilities has not materially changed.

C. *Certificate of the City Without A Consultant.* If required pursuant to the foregoing subsection (A)(3), a certificate may be delivered by the City (executed by the Designated Representative) without a Consultant if Net Revenues for the Base Period conclusively demonstrate that the Parity Requirement will be fulfilled commencing with the first full fiscal year following the date on which any portion of interest on the series of Future Parity Bonds then being issued will not be paid from the proceeds of such series of Future Parity Bonds.

D. *Certificate of a Consultant.* Unless compliance with the requirements of subsection (A)(3) have been otherwise satisfied (as provided in subsection (B) or (C) above), compliance with the Parity Requirement shall be demonstrated conclusively by a certificate of a Consultant.

In making the computations of Net Revenues for the purpose of certifying compliance with the Parity Requirement, the Consultant shall use as a basis the Net Revenues (which may be based upon unaudited financial statements of the City if the audit has not yet been completed) for the Base Period. Such Net Revenues shall be determined by adding the following:

(1) The historical net revenue of the City for the Base Period being issued as determined by a Consultant.

(2) The net revenue derived from those customers of the City that have become customers during such 12-month period or thereafter and prior to the date of such certificate, adjusted to reflect a full year's net revenue from each such customer to the extent such net revenue was not included in (1) above.

(3) The estimated annual net revenue to be derived from any person, firm, association, private or municipal corporation under any executed contract for service, which net revenue was not included in any of the sources of net revenue described in this subsection (D).

(4) The estimated annual net revenue to be derived from the operation of any additions or improvements to or extensions of the City under construction but not completed at the time of such certificate and not being paid for out of the proceeds of sale of such Future Parity Bonds being issued, and which net revenue is not otherwise included in any of the sources of net revenue described in this subsection (D).

(5) The estimated annual net revenue to be derived from the operation of any additions and improvements to or extensions of the City being paid for out of the proceeds of sale of such Future Parity Bonds being issued.

In the event the City will not derive any revenue as a result of the construction of the additions, improvements or extensions being made or to be made to the System within the provisions of subparagraphs (4) and (5) immediately above, then the estimated normal Costs of Maintenance and Operation (excluding any transfer of money to other funds of the City and license fees, taxes and payments in lieu of taxes payable to the City) of such additions, improvements and extensions shall be deducted from estimated annual net revenue.

The words “historical net revenue” or “net revenue” as used in this subsection (D) shall mean the Revenue of the System or any part or parts thereof less the normal expenses of maintenance and operation of the System or any part or parts thereof, but before depreciation. Such “historical net revenue” or “net revenue” shall be adjusted to reflect the rates and charges effective on the date of such certificate if there has been any change in such rates and charges during or after such 12-consecutive-month period.

E. *Junior Liens.* Nothing herein contained shall prevent the City from issuing revenue bonds or other obligations that are a charge upon the Revenue of the System junior or inferior to the payments required by this Ordinance to be made out of such Revenue into the Revenue Bond Fund and accounts therein to pay and secure the payment of any outstanding Parity Bonds.

F. *Refunding to Avoid Default.* Nothing herein contained shall prevent the City from issuing revenue bonds to refund maturing Parity Bonds for the payment of which money is not otherwise available.

Section 17: Amendments to Ordinance

A. *Amendments Not Requiring Registered Owner Consent.* The Council may adopt at any time ordinances supplemental hereto, which ordinances thereafter shall become a part of this Ordinance, for any one or more of all of the following purposes:

(1) to add to the covenants and agreements of the City in this Ordinance, other covenants and agreements thereafter to be which do not adversely affect the interests of the holder of the Bond, or to surrender any right or power herein reserved.

(2) to make such provisions for the purpose of curing any ambiguities or of curing, correcting or supplementing any defective provision contained in this Ordinance in regard to matters or questions arising under such Ordinance as the Council

may deem necessary or desirable and not inconsistent with such Ordinance and which shall not adversely affect the interest of the holder of the Bond.

Any such supplemental ordinance may be adopted without the consent of the Registered Owners of the Outstanding Bond, notwithstanding any of the provisions of subsection B of this Section.

B. *Amendments Requiring Registered Owner Consent.* With the consent of the holder of the Bond, the Council may pass an ordinance or ordinances supplemental hereto for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of this Ordinance or of any supplemental ordinance; provided, however, that no such supplemental ordinance shall:

(1) extend the fixed maturity of the Bond, or reduce the rate of interest thereon, or extend the time of payment of interest from their due date, or reduce the amount of the principal thereof, or reduce any premium payable on the redemption thereof without the consent of the holder of the Bond so affected; or

(2) have an adverse effect on the terms of the CWIFP Credit Agreement.

It shall not be necessary for the consent of bondholders under this subsection B to approve the particular form of any proposed supplemental ordinance, but it shall be sufficient if such consent shall approve the substance thereof.

C. *Effect of Supplemental Ordinances.* Upon the passage of any supplemental ordinance pursuant to the provisions of this Section, this Ordinance shall be deemed to be modified and amended in accordance therewith, and the respective rights, duties and obligations of the City under this Ordinance and the holder of the Bond outstanding hereunder shall thereafter be determined, exercised and enforced thereunder, subject in all respects to such modification and amendments, and all terms and conditions of any such supplemental ordinance shall be deemed to be part of the terms and conditions of this Ordinance for any and all purposes.

Nothing in this Ordinance, expressed or implied, is intended or shall be construed to confer upon or give to any person other than the City, the Registrar and the Registered Owners any rights, remedies or claims under or by reason of this Ordinance or any covenant, condition or stipulation thereof; and all of the covenants, stipulations, promises and agreements in this Ordinance contained by or on behalf of the City shall be for the sole and exclusive benefit of the City, the Registrar and the Registered Owners.

Summary (Background)	The Water department requires ductile iron service saddles in a range of sizes for a variety of new and maintenance projects. At times, these saddles must be certified domestic (American-Made) to comply with WSDOT specifications. This value blanket supports the competitive procurement of both import and domestic product according to project. All items are purchased on an as-needed basis, with no minimum obligation. This procurement saves taxpayer dollars by leveraging volume discounts and reduces product lead times by satisfying competition requirements. Request for Quotes #5587-22 was issued on 1/21/22 via the City's electronic bidding portal to more than 50 contacts. Two quotes were received by closing deadline on 2/4/22. Award is recommended to Core & Main (Spokane Valley, WA) as the low responsive, responsible bidder. This value blanket will be valid for a five-year term with no renewal options. Annual spend is estimated at \$80,000 including sales tax; total compensation shall be based on the unit prices accepted and the volume purchased by the City.

CONTRACT RENEWAL FOR TRANSPORTATION OF LANDFILL TOPSOIL

Agenda Wording

Contract renewal 2 of 2 with Action Materials (Spokane, WA) for transportation of topsoil to the Northside Landfill from 11/15/2026 - 11/14/2027 and a total cost not to exceed \$65,000.00, plus tax.

Summary (Background)

The City's Northside Landfill requires topsoil for use as a cover material for the active municipal solid waste cell. American Recycling has a large amount of soil that can be used for this purpose. The soil is obtained at no cost, but Solid Waste Disposal would need to haul the soil. RFQ 6237-25 was issued for this hauling service and Action Materials was the low cost bidder. The initial contract was for one year with two additional one-year renewals allowed. This will be the final renewal.

What impacts would the proposal have on historically excluded communities?

No impacts are identified. Public works services and projects are designed to serve all citizens and businesses. We strive to offer a consistent level of service to all, to distribute public investment throughout the community and to respond to gaps in services identified in various City plans. We recognize the need to maintain affordability and predictability for all solid waste customers and are committed to being financially and environmentally responsible.

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

This routine purchase is designed to manage costs and continue to provide solid waste services in support of all ratepayers. It will not impact race, gender identity, national origin, income level, disability, sexual orientation or other existing disparities.

How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

Public Works follows the City's established procurement and public works bidding regulations and policies to bring items forward and then uses contract management best practices to ensure desired outcomes and regulatory compliance.

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

This work is consistent with annual budget strategies to limit costs and approved projects in the 6-year CIP.

To Whom It May Concern,

Action Materials is requesting a price increase on our current Dump Truck services for Transport of Topsoil for the City of Spokane. Attached are our adjusted pricing requests, along with our 2026 contractor Truck rate sheet, which reflects the price increases that have been offered to the public this year.

Based on average diesel prices in the Spokane area, fuel costs alone have increased by approximately 14.7% since November 2024 which was our first year of our agreement. Fuel represents one of the largest variable costs associated with hauling operations.

Despite these increased operating expenses, Action Materials is requesting a modest increase of only \$0.75 per ton, representing approximately 5.3% over the current contract rate. This requested adjustment is significantly less than the increase in fuel costs alone and does not fully recover the additional operating costs incurred since the contract began.

The requested adjustment will help offset increased operating expenses while allowing Action Materials to continue providing reliable equipment, experienced drivers, responsive service, and consistent support to the City of Spokane.

Thank you for your time and consideration.

DESIGNATED CONSTRUCTION PROJECT(S) GENERAL AGGREGATE LIMIT

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Designated Construction Project(s):

APPLIES TO ALL CONSTRUCTION PROJECTS OF THE INSURED UNLESS OTHERWISE EXCLUDED.

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

- A.** For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under Section I – Coverage **A**, and for all medical expenses caused by accidents under Section I – Coverage **C**, which can be attributed only to ongoing operations at a single designated construction project shown in the Schedule above:
1. A separate Designated Construction Project General Aggregate Limit applies to each designated construction project, and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.
 2. The Designated Construction Project General Aggregate Limit is the most we will pay for the sum of all damages under Coverage **A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard", and for medical expenses under Coverage **C** regardless of the number of:

What impacts would the proposal have on historically excluded communities?

No impacts are identified. Public works services and projects are designed to serve all citizens and businesses. We strive to offer a consistent level of service to all, to distribute public investment throughout the community and to respond to gaps in services identified in various City plans. We recognize the need to maintain affordability and predictability for all solid waste customers and are committed to being financially and environmentally responsible.

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

This routine purchase is designed to manage costs and continue to provide solid waste services in support of all ratepayers. It will not impact race, gender identity, national origin, income level, disability, sexual orientation or other existing disparities.

How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

Public Works follows the City's established procurement and public works bidding regulations and policies to bring items forward and then uses contract management best practices to ensure desired outcomes and regulatory compliance.

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

This work is consistent with annual budget strategies to limit costs and approved projects in the 6-year CIP.

Re: City of Spokane, Waste to Energy Mechanical Repairs As-Needed – Prevailing Wage – Unit Price, (PW ITB 6493-26)

Knight Const. & Supply, Inc. (KCS) is pleased to submit a proposal for the City of Spokane Public Works Bid, Waste to Energy Mechanical Repairs As-Needed – Prevailing Wage – Unit Price, PW ITB 6493-26. KCS acknowledges all proposal terms will comply with all the terms and conditions set forth in the RFP, unless otherwise agreed to by the City of Spokane.

1. The Ability, Capacity and Skill Required for this Mechanical Repair Contract

KCS brings more than 30 years of mechanical repair and maintenance experience in industrial plants, paper mills, and waste to energy facilities (WTEF) throughout the Inland Northwest. Over the past 20 years, many KCS project managers and skilled craftsmen have worked regularly at the Spokane WTEF providing a comprehensive understanding of the facility, its systems, and operational requirements.

KCS takes pride in delivering high-quality workmanship and completing projects on schedule. Our commitment to these principles has resulted in a long history of successful project delivery and lasting relationships with our clients. KCS offers the following capacities demonstrating its ability to provide the mechanical services required for this contract:

- KCS maintains a large, highly skilled labor pool consisting of journeymen millwrights, crane operators, and certified welders, many of whom possess extensive experience performing mechanical repairs at the Spokane WTEF and at similar industrial plants.
- KCS owns the equipment required for heavy industrial repair work and operates as a locally based contractor, enabling rapid and efficient response to repair requests.

- Our in-house fabrication shop and machining capabilities provide direct control over the project fabrication schedules, allowing compliance with short-notice and expedited schedule requirements typical of plant outage work.
- KCS routinely applies in-house design and comprehensive modeling capabilities to develop detailed computer models and generate bills of materials, including the dimensional and geometric information required by steel vendors to cut material to final shape. Our approach significantly reduces onsite preparation and fabrication time, resulting in measurable cost savings for the customer.
- Due to an established and thorough working knowledge of the Spokane WTEF, KCS is well positioned to assist plant managers in evaluating and selecting appropriate repair and maintenance strategies.
- KCS has previously provided, and continues to offer, design-build services supporting WTEF improvement and equipment rehabilitation projects.

2. The Quality of Performance of Previous Contracts and Services

Over the past 19 years, KCS has successfully completed numerous projects at the Spokane WTEF, consistently meeting or exceeding performance expectations. Past and current WTEF Managers can attest to KCS's quality, reliability, and professionalism demonstrated across prior projects and services.

3. Previous and Existing Compliance with Laws on Previous Contracts and Services

KCS is a licensed, bonded, and insured general contractor, registered under contractor license number KNIGHCS281ON.

4. Specialized Skills

KCS personnel possess specialized skills required to repair and rehabilitate the unique equipment used at Spokane WTEF and at similar plants. As an example, KCS has developed and consistently applies a specialized Von Roll Grate Removal and Installation Procedure (KCS Grate Procedure). Full development and disciplined execution of the KCS Grate Procedure have enabled compliance with, and frequent improvement upon, critical outage schedules during past plant outages.

Comprehensive inspections are performed throughout the process to verify proper installation of each intricate component of the grate system; inadequate installation increases the likelihood of premature system failure and unscheduled outages. KCS continually trains experienced millwrights to perform these critical inspections and currently employs multiple superintendents with specialized expertise in grate removal and installation in accordance with the KCS Grate Procedure. In addition, KCS has developed and implemented several other specialized inspection and repair procedures addressing additional Spokane WTEF system components.

5. Experience, Organization, and Technical Qualifications

KCS's management and supervisory personnel each possess a minimum of nine (9) years of experience with WTEF, with several individuals having more than 19 years of service, as reflected in the organizational chart (Attachment 1). Our experienced craftsmen maintain a broad range of technical skills and routinely work at Spokane WTEF, paper mills, aluminum fabrication facilities, river navigation lock outages, mines, and ore processing facilities. Such experience provides a broad skill set and a strong understanding of plant outage planning, execution, and schedule control.

KCS currently employs approximately 48 millwrights with experience at Spokane WTEF. Of those individuals, 32 are AWS D1.1 Certified Welders (Attachment 2) and 23 are NCCCO Certified Crane Operators (Attachment 3). Our crews are trained on, and familiar with, the systems specific to Spokane WTEF. KCS welders are certified and experienced using inner shield wire and are accustomed to welding while wearing respirators. The institutional knowledge within the KCS workforce allows crews to efficiently identify and repair wear items during outages. For example, we have developed Under Grate Inspection Sheets to support efficient inspection and proper documentation of required repairs. Our work procedures and tooling enable crews to remove and replace grate modules within extremely compressed schedules.

All KCS personnel listed on the organizational chart have worked on WTEF projects. Those projects included work on the following WTEF equipment and components:

- Von Roll Grate System
- Ash Expellers
- Ash Drag Chain Conveyors
- Spray Dry Absorbers (SDA)
- The Wheelabrator Fabric Filter System
- Overhead Crane Repair
- Shaker Pan Conveyor
- Grizzly Belt Conveyor Systems
- Miscellaneous Material Chutes and Hoppers

6. Comply with the City of Spokane's Performance Schedule

Our experience with emergency repair work provides a strong understanding of the compressed schedules inherent to facility outages. KCS plans for contingencies, identifies and procures long-lead items in advance, plans for spare parts, and increases manpower as necessary to meet critical timelines. Over the past 16 years of WTEF outage work, KCS has developed a clear understanding of the requirements for both scheduled and unscheduled emergency outages. KCS's familiarity with WTEF operations enables routine and emergency repair work to be integrated efficiently into existing business operations.

7. Bidder Proposed Management and Organizational Plan

The KCS organizational chart (Attachment 1) demonstrates the company's depth of experience across all levels of the organization. We organize project teams and tailor work approaches to meet project-specific requirements. KCS has the ability to increase manpower and implement double shifts, as needed, to meet compressed timelines associated with finite work windows. Direct communication among field crews, superintendents, project managers, and construction executives supports efficient issue identification and timely resolution.

8. Ability of Contractor to be able to Provide Required Equipment and Operator Availability Listed in Bid Proposal

KCS maintains an extensive inventory of equipment, including the cranes specified in the bid proposal, as well as a wide range of tools and specialty equipment that can be mobilized on short notice. In addition to our equipment resources, KCS employs experienced heavy equipment operators and NCCCO-certified crane operators, ensuring qualified personnel are readily available to support WTEF's projects. A list of certified crane operators is provided in **Attachment 3**.

Thank you for considering Knight Const. & Supply, Inc. for the proposed project. Should you have any questions or if additional information is needed, please do not hesitate to contact me.

Sincerely,

Knight Const. & Supply, Inc.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

CONTRACTORS ADDITIONAL INSURED - AUTOMATIC STATUS AND AUTOMATIC WAIVER OF SUBROGATION WHEN REQUIRED IN WRITTEN CONTRACT, AGREEMENT, PERMIT OR AUTHORIZATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

A. Additional Insured - Owners, Lessees Or Contractors - Automatic Status For Other Parties When Required In Written Contract Or Agreement With You

1. Section II - Who Is An Insured is amended to include as an additional insured any person or organization you have agreed in writing in a contract or agreement to add as an additional insured on this Coverage Part. Such person(s) or organization(s) is an additional insured only with respect to liability for:

a. "Bodily injury", "property damage" or "personal and advertising injury" *caused, in whole or in part, by* the performance of your ongoing operations by you or on your behalf, under that written contract or written agreement. Ongoing operations does not apply to "bodily injury" or "property damage" occurring after:

(1) All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or

(2) That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project; and

b. "Bodily injury" or "property damage" *caused, in whole or in part, by* "your work" performed under that written contract or written agreement and in-

cluded in the "products-completed operations hazard", but only if:

(1) The Coverage Part to which this endorsement is attached provides coverage for "bodily injury" or "property damage" included within the "products-completed operations hazard"; and

(2) The written contract or written agreement requires you to provide additional insured coverage included within the "products-completed operations hazard" for that person or organization.

If the written contract or written agreement requires you to provide additional insured coverage included within the "products-completed operations hazard" for a specified length of time for that person or organization, the "bodily injury" or "property damage" must occur prior to the expiration of that period of time in order for this insurance to apply.

If the written contract or written agreement requires you to provide additional insured coverage for a person or organization per only ISO additional insured endorsement form number **CG 20 10**, without specifying an edition date, and without specifically requiring additional insured coverage included within the "products-completed operations hazard", this Paragraph **b.** does not apply to that person or organization.

2. If the written contract or written agreement described in Paragraph **1.** above specifically requires you to provide additional insured coverage to that person or organization:

a. *Arising out of* your ongoing operations or *arising out of* "your work"; or

- b. By way of an edition of an ISO additional insured endorsement that includes *arising out of* your ongoing operations or *arising out of* "your work";

then the phrase *caused, in whole or in part, by* in Paragraph **A.1.a.** and/or Paragraph **A.1.b.** above, whichever applies, is replaced by the phrase *arising out of*.

3. With respect to the insurance afforded to the additional insureds described in Paragraph **A.1.**, the following additional exclusion applies:

This insurance does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or the failure to render, any professional architectural, engineering or surveying services, including:

- a. The preparing, approving or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
- b. Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of, or the failure to render, any professional architectural, engineering or surveying services.

4. This Paragraph **A.** does not apply to additional insureds described in Paragraph **B.**

B. Additional Insured - State Or Governmental Agency Or Subdivision Or Political Subdivision - Automatic Status When Required In Written Permits Or Authorizations

1. **Section II - Who Is An Insured** is amended to include as an additional insured any state or governmental agency or subdivision or political subdivision you have agreed in writing in a permit or authorization to add as an additional insured on this Coverage Part. Such state or governmental agency or subdivision or political subdivision is an additional insured only with respect to operations performed by you or on your behalf for which the state or governmental agency or subdivision or political subdivision has issued, in writing, a permit or authorization.

2. With respect to the insurance afforded to the additional insureds described in Paragraph **B.1.**, the following additional exclusions apply:

This insurance does not apply to:

- a. "Bodily injury", "property damage" or "personal and advertising injury" arising out of operations performed for the federal government, state or municipality; or
- b. "Bodily injury" or "property damage" included within the "products-completed operations hazard."

- C. The insurance afforded to additional insureds described in Paragraphs **A.** and **B.**:

1. Only applies to the extent permitted by law; and
2. Will not be broader than that which you are required by the written contract, written agreement, written permit or written authorization to provide for such additional insured; and
3. Does not apply to any person, organization, state, governmental agency or subdivision or political subdivision specifically named as an additional insured for the same project in the schedule of an endorsement added to this Coverage Part.

- D. With respect to the insurance afforded to the additional insureds described in Paragraphs **A.** and **B.**, the following is added to **Section III - Limits Of Insurance**:

The most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the written contract, written agreement, written permit or written authorization described in Paragraphs **A.** and **B.** For the purpose of determining the required amount of insurance only, we will include the minimum amount of any Umbrella Liability or Excess Liability coverage required for that additional insured in that written contract, written agreement, written permit or written authorization; or
2. Available under the applicable limits of insurance;

whichever is less.

This endorsement shall not increase the applicable limits of insurance.

- E. **Section IV - Commercial General Liability Conditions** is amended to add the following:

Automatic Additional Insured Provision

This insurance applies only if the "bodily injury" or "property damage" occurs, or the "personal and advertising injury" offense is committed:

1. During the policy period; and
2. Subsequent to your execution of the written contract or written agreement, or the issuance of a written permit or written authorization, described in Paragraphs **A.** and **B.**

- F.** Except when **G.** below applies, the following is added to **Section IV - Commercial General Liability Conditions, Other Insurance,** and supersedes any provision to the contrary:

When Other Additional Insured Coverage Applies On An Excess Basis

This insurance is primary to other insurance available to the additional insured described in Paragraphs **A.** and **B.** except:

1. As otherwise provided in **Section IV - Commercial General Liability Conditions, Other Insurance, b. Excess Insurance;** or
2. For any other valid and collectible insurance available to the additional insured as an additional insured on another insurance policy that is written on an excess basis. In such case, this insurance is also excess.

- G.** The following is added to **Section IV - Commercial General Liability Conditions, Other Insurance,** and supersedes any provision to the contrary:

Primary Insurance When Required By Written Contract, Agreement, Permit Or Authorization

Except when wrap-up insurance applies to the claim or "suit" on behalf of the additional insured, this insurance is primary to any other insurance available to the additional insured described in Paragraphs **A.** and **B.** provided that:

1. The additional insured is a Named Insured under such other insurance; and
2. You have agreed in writing in a contract, agreement, permit or authorization de-

scribed in Paragraph **A.** or **B.** that this insurance would be primary to any other insurance available to the additional insured.

As used in this endorsement, wrap-up insurance means a centralized insurance program under which one party has secured either insurance or self-insurance covering some or all of the contractors or subcontractors performing work on one or more specific project(s).

Primary And Noncontributory Insurance When Required By Written Contract, Agreement, Permit Or Authorization

Except when wrap-up insurance applies to the claim or "suit" on behalf of the additional insured, this insurance is primary to and will not seek contribution from any other insurance available to the additional insured described in Paragraphs **A.** and **B.** provided that:

1. The additional insured is a Named Insured under such other insurance; and
2. You have agreed in writing in a contract, agreement, permit or authorization described in Paragraph **A.** or **B.** that this insurance would be primary and would not seek contribution from any other insurance available to the additional insured.

As used in this endorsement, wrap-up insurance means a centralized insurance program under which one party has secured either insurance or self-insurance covering some or all of the contractors or subcontractors performing work on one or more specific project(s).

- H.** **Section IV - Commercial General Liability Conditions, Transfer Of Rights Of Recovery Against Others To Us** is amended by the addition of the following:

Waiver of Subrogation

We waive any right of recovery against any additional insured under this endorsement, because of any payment we make under this endorsement, to whom the insured has waived its right of recovery in a written contract, written agreement, written permit or written authorization. Such waiver by us applies only to the extent that the insured has waived its right of recovery against such additional insured prior to loss.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

DESIGNATED CONSTRUCTION PROJECT(S) GENERAL AGGREGATE LIMIT

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART SCHEDULE

Designated Construction Project(s):

ANY JOB SITE

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

- A.** For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under Section I - Coverage **A**, and for all medical expenses caused by accidents under Section I - Coverage **C**, which can be attributed only to ongoing operations at a single designated construction project shown in the Schedule above:
1. A separate Designated Construction Project General Aggregate Limit applies to each designated construction project, and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.
 2. The Designated Construction Project General Aggregate Limit is the most we will pay for the sum of all damages under Coverage **A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard", and for medical expenses under Coverage **C** regardless of the number of:
 - a. Insureds;
 - b. Claims made or "suits" brought; or
 - c. Persons or organizations making claims or bringing "suits".
 3. Any payments made under Coverage **A** for damages or under Coverage **C** for medical expenses shall reduce the Designated Construction Project General Aggregate Limit for that designated construction project. Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Designated Construction Project General Aggregate Limit for any other designated construction project shown in the Schedule above.
- 4.** The limits shown in the Declarations for Each Occurrence, Damage To Premises Rented To You and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Designated Construction Project General Aggregate Limit.
- B.** For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under Section I - Coverage **A**, and for all medical expenses caused by accidents under Section I - Coverage **C**, which cannot be attributed only to ongoing operations at a single designated construction project shown in the Schedule above:
1. Any payments made under Coverage **A** for damages or under Coverage **C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-completed Operations Aggregate Limit, whichever is applicable; and
 2. Such payments shall not reduce any Designated Construction Project General Aggregate Limit.
- C.** When coverage for liability arising out of the "products-completed operations hazard" is provided, any payments for damages because

of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Designated Construction Project General Aggregate Limit.

- D.** If the applicable designated construction project has been abandoned, delayed, or aban-

doned and then restarted, or if the authorized contracting parties deviate from plans, blueprints, designs, specifications or timetables, the project will still be deemed to be the same construction project.

- E.** The provisions of Section III - Limits Of Insurance not otherwise modified by this endorsement shall continue to apply as stipulated.

B. Noncontributory Insurance

SECTION IV - BUSINESS AUTO CONDITIONS, B. General Conditions, 5. Other Insurance c. is deleted in its entirety and replaced by the following:

However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto".

E. Audio, Visual and Data Electronic Equipment

SECTION III - PHYSICAL DAMAGE COVERAGE, C. Limits of Insurance, 1.b. is deleted in its entirety and replaced by the following:

- b.** The most we will pay for all "loss" to audio, visual or data electronic equipment and any accessories used with this equipment as a result of any one "accident" is the lesser of:
- (1)** The actual cash value of the damaged or stolen property as of the time of the "accident";

The following are "insureds":

- 1.** The most we will pay for "loss" to any hired "auto" is \$50,000 or the actual cash value or cost to repair or replace, whichever is the least, minus a deductible.
- 2.** The deductible will be equal to the largest deductible applicable to any owned "auto" for that coverage, or \$1,000, whichever is less.

3. Hired Auto - Physical Damage coverage is excess over any other collectible insurance.
4. Subject to the above limit, deductible, and excess provisions we will provide coverage equal to the broadest coverage applicable to any covered "auto" you own insured under this policy.

Coverage includes loss of use of that hired auto, provided it results from an "accident" for which you are legally liable and as a result of which a monetary loss is sustained by the leasing or rental concern. The most we will pay for any one "accident" is \$3,000.

If a limit for Hired Auto - Physical Damage is shown in the Schedule, then that limit replaces, and is not added to, the \$50,000 limit indicated above and the deductibles shown in the Schedule are applicable.

a. Contractor's Pollution Liability (Including Mold And Legionella)

We will pay on behalf of the insured those sums in excess of the Pollution Liability Self-Insured Retention shown in the Declarations that the insured becomes legally obligated to pay as "pollution loss" caused by a "pollution condition" to which this insurance applies, provided:

B. Claims And Defense

Solely with respect to Insuring Agreements **A.1.a.** Contractors Pollution Liability (Including Mold And Legionella), **A.1.b.** Transportation Pollution Liability, and **A.1.C.** Non-owned Disposal Site Liability under Section I - Coverages, coverage applies only if, prior to the policy period, no "responsible insured" knew that the "bodily injury", "property damage", or "cleanup costs" had occurred, in whole or in part. If any "responsible insured" knew, prior to the policy period, that the "bodily injury", "property damage", or "cleanup costs" occurred, then any continuation, change, or resumption of such "bodily injury", "property damage", or "cleanup costs" during or after the policy period will be deemed to have been known prior to the policy period.

"Bodily injury", "property damage", or "cleanup costs" which occur during the policy period and were not, prior to the policy period, known to have occurred by any "responsible insured", includes any continuation, change, or resumption of the "bodily injury", "property damage", or "cleanup costs" after the end of the policy period.

- b. Receives a written or verbal demand or "claim" for "loss" because of the "bodily injury", "property damage", or "cleanup costs"; or

"Loss" because of "bodily injury" includes damages claimed by any person or organization for care, loss of services, or death resulting at any time from the "bodily injury".

2. Solely with respect to the Insuring Agreement **2.a. Professional Liability**, a "claim" by a person or organization seeking "loss" directly arising out of a "wrongful act" will be deemed to have been made at the earlier of when notice of such "claim" is received by any insured or by us.

All "claims" for "loss" arising out of the same, related, or continuous "wrongful act" will be considered a single "claim", and will be deemed to have been made and reported at the time the first of those "claims" is made against any insured.

Any reported "wrongful act" that subsequently becomes a "claim" made against the insured and reported to us in writing will be deemed to have been first made on the date that the written notice of the "wrongful act" was first reported to us and will be subject to all of the terms and conditions of this policy.

3. We will:

- a. Have the right to investigate any "claim"; and
 - b. Have the right and duty to defend the insured against any "suit";
- for "loss" to which this insurance applies.

However, we will have no duty to defend the insured against any "claim" seeking "loss" to which this insurance does not apply. We may, at our discretion, investigate any "pollution condition" or "wrongful act" and settle any "claim" that may result. But:

- (1) The amount we will pay for "loss" is limited as described in Section **IV - Limits Of Insurance And Self-Insured Retention**; and
- (2) Our right and duty to defend ends when we have used up the applicable limit of insurance in the payment of judgments, settlements, or supplementary payments.

C. Supplementary Payments

We will pay, with respect to any "claim" we investigate or settle, or any "suit" against an insured we defend:

- a. All expenses we incur.
- b. All reasonable expenses incurred by the insured at our request to assist us in the investigation or defense of the "claim", including actual loss of earnings up to \$5,000 a day because of time off from work.
- c. All court costs taxed against the insured in the "suit". However, these payments do not include attorneys' fees or attorneys' expenses taxed against the insured.
- d. Pre-judgment interest awarded against the insured on that part of the judgment we pay. If we make an offer to pay the applicable limit of insurance, we will not pay any pre-judgment interest based on that period of time after the offer.
- e. All interest on the full amount of any judgment that accrues after entry of the judgment and before we have paid, offered to pay, or deposited in court the part of the judgment that is within the applicable limit of insurance.

Amounts paid under this Loss Of Earnings And Expense Reimbursement Supplementary Payment will reduce the Defense Expenses Aggregate Limit shown in the Declarations. Once that limit has been exhausted, amounts paid under this Supplementary Payment will reduce the applicable Limits Of Insurance shown in the Declarations.

2. Suit Against Indemnitee

If we defend an insured against a "suit" and an indemnitee of the insured is also named as a party to the "suit", we will defend that indemnitee if all of the following conditions are met:

- a. The "suit" against the indemnitee seeks "loss" for which the insured has assumed the liability of the indemnitee in a contract or agreement that is an "insured contract";
- b. This insurance applies to such liability assumed by the insured;
- c. The obligation to defend, or the cost of the defense of, that indemnitee has also been assumed by the insured in the same "insured contract";

- d. The allegations in the "suit" and the information we know about the "pollution condition" or "wrongful act" are such that no conflict appears to exist between the interests of the insured and the interests of the indemnitee;
- e. The indemnitee and the insured ask us to conduct and control the defense of that indemnitee against such "suit" and agree that we can assign the same counsel to defend the insured and the indemnitee; and
- f. The indemnitee:
 - (1) Agrees in writing to:
 - (a) Cooperate with us in the investigation, settlement, or defense of the "suit";
 - (b) Immediately send us copies of any demands, notices, summonses, or legal papers received in connection with the "suit";
 - (c) Notify any other insurer whose coverage is available to the indemnitee; and
 - (d) Cooperate with us with respect to coordinating other applicable insurance available to the indemnitee; and
 - (2) Provides us with written authorization to:
 - (a) Obtain records and other information related to the "suit"; and
 - (b) Conduct and control the defense of the indemnitee in such "suit".

As long as the above conditions are met, attorneys' fees incurred by us in the defense of that indemnitee, necessary litigation expenses incurred by us, and necessary litigation expenses incurred by the indemnitee at our request will be paid as supplementary payments.

We may, at our option, appoint one counsel to defend all of the insureds and indemnitees of the insureds who are or may be involved with respect to such "suit".

Our obligation to defend an insured's indemnitee and to pay for attorneys' fees and necessary litigation expenses as supplementary payments ends when we have used up the applicable limit of insurance in the payment of judgments, settlements, or supplementary payments, or the conditions or the terms of the agreement set forth above are no longer met.

Amounts paid under this Suit Against Indemnity Supplementary Payment will reduce the Defense Expenses Aggregate Limit shown in the Declarations. Once that limit has been exhausted, amounts paid under this Supplementary Payment will reduce the Limits Of Insurance shown in the Declarations.

3. Pre-Claim Investigation Expenses

- a. If, during the policy period, the insured first becomes aware of a specific "wrongful act" that is reasonably expected to result in a "claim" within the scope of this coverage, then the insured may elect to provide notice of a potential "claim" to us. Such an investigation will be at our expense and will not reduce the Limits Of Insurance or be subject to the Self-Insured Retention provisions until one of the following occurs:
 - (1) A "claim" results from the "wrongful act" under investigation; or
 - (2) We incur the Pre-Claim Investigation Expenses Limit shown in the Declarations in expenses arising from the investigation.
- c. If a "claim" is made and reported to us, or once we incur the Pre-Claim Investigation Expenses Limit shown in the Declarations, any further payment will be considered "claims expense" and will reduce the applicable Limits Of Insurance and be subject to the Self-Insured Retention provisions of this insurance.

Any "claim" subsequently made against the "insured" arising out of such "wrongful act" will be deemed to have been first made on the date on which such written notice is first received by the company.

In any event, such "disciplinary proceeding" must be reported to us no later than 60 days after the end of the policy period or the Extended Reporting Period, if applicable.

A. Limits Of Insurance

1. The Limits Of Insurance shown in the Declarations and the rules below fix the most we will pay regardless of the number of insureds, "claims" made, or persons or organizations making "claims".

Our obligation to pay "loss" or supplementary payments under this insurance and the applicable limit of insurance shown in the Declarations will apply in excess of the applicable Self-Insured Retention.

- 2. Regardless of whether or not there is any other insurance, whether or not collectible, applicable to a "claim", "pollution condition", or "wrongful act" within the Self-Insured Retention, you must make actual payment of the full Self-Insured Retention before the limits of insurance will apply. Compliance with this clause is a condition precedent for coverage under this insurance. We will make no payments of any type in the event you fail to comply with this clause.
- 3. You must not incur costs other than adjusting expenses without our written consent in the event of any "claim", "pollution condition", or "wrongful act" which appears likely to exceed the applicable Self-Insured Retention.
- 4. We have the right in all cases to assume control of the investigation, defense, and settlement of any "claim", "pollution condition", or "wrongful act" to which this insurance applies. When we exercise this right, the following apply:
 - a. You will remain responsible for the cost of all "loss" and supplementary payments within the applicable Self-Insured Retention;
 - b. At our request, you will advance to us any portion of the applicable Self-Insured Retention that we deem reasonable to pay for any "claim", "pollution condition", or "wrongful act";
 - c. If you have paid to us all or part of the applicable Self-Insured Retention and the total amount of the "loss" and supplementary payments that we pay for that "claim", "pollution condition", or "wrongful act" is less than the applicable Self-Insured Retention, then we will reimburse you the amount you paid in excess of the amount we pay; and

- d. We will have the sole and absolute right to settle the "claim" for any amount we deem reasonable, including any amount within the Self-Insured Retention. Although we agree to attempt to advise and consult with you prior to making any settlement, we will have no obligation to obtain your consent or the consent of any other insured to any settlement we make that requires payment from you of any amount within the Self-Insured Retention. You and any other insured hereby waive any claim or defense against us resulting from our entering into any such settlement without your approval.

C. Multiple Insureds, Claims, And Claimants

The inclusion herein of more than one insured in any "claim" or the making of "claims" by more than one person or organization will not operate to increase the Limits Of Insurance shown in the Declarations. More than one "claim" arising out of a single "pollution condition" or "wrongful act" will be treated as a single "claim". Such single "claim" will be deemed first made on the date on which the earliest "claim" arising out of such "pollution condition" or "wrongful act" is made or, with respect to written notice given to and accepted by us, on the date within the policy period on which such written notice of potential "claim" is first received by us.

SECTION V - EXTENDED REPORTING PERIOD

For the applicable claims-made coverages, the following applies:

A. We will provide one or more Extended Reporting Periods, as described below, if:

- 1. Claims-made coverage provided by this policy is canceled or not renewed; or
- 2. We renew or replace the claims-made coverage provided by this policy with insurance that:
 - a. Has a Retroactive Date later than the date shown in the Declarations; or
 - b. Does not apply to "professional services" coverage on a claims-made basis.

The quotation of a different premium, deductible, or limit of insurance for renewal does not constitute a cancellation or refusal to renew for the purpose of this provision.

B. The Extended Reporting Periods do not extend the policy period or change the scope of coverage provided. They apply only to injury from acts, errors, or omissions that occur before the end of the policy period but not before the applicable Retroactive Date shown in the Declarations, provided a "claim" for such injury is first made during the Extended Reporting Period.

Once in effect, the Extended Reporting Period may not be canceled.

C. A Basic Extended Reporting Period is automatically provided without additional charge. This period starts with the end of the policy period and lasts for 60 days.

The Basic Extended Reporting Period does not apply to "claims" that are covered under any subsequent insurance you purchase, or that would be covered but for exhaustion of the amount of insurance applicable to such "claims".

D. An Optional Extended Reporting Period is available, subject to Paragraph E. below, but only by an endorsement and for an extra charge. This Optional Extended Reporting Period starts when the Basic Extended Reporting Period, set forth in Paragraph C. above, ends.

You must give us a written request for the endorsement within 60 days after the end of the policy period. The Optional Extended Reporting Period will not go into effect unless you pay the additional premium promptly when due.

We will determine the additional premium in accordance with our rules and rates. In doing so, we may take into account the following:

- 1. The exposures insured;
- 2. Previous types and amounts of insurance;
- 3. Limits of insurance available under this policy for future payment of "professional loss"; and
- 4. Other related factors.

This endorsement will set forth the terms, not inconsistent with this section, applicable to the Optional Extended Reporting Period, including a provision to the effect that the insurance afforded for "claims" first received during such period is excess over any other valid and collectible insurance available under policies in force after the Optional Extended Reporting Period starts.

E. We do not have to provide an Optional Extended Reporting Period if:

1. There is any failure to pay any outstanding premiums when due;
 2. Any insured fails to repay any self-insured retention amount we have paid;
 3. Any insured has purchased any other insurance to replace the insurance provided under this endorsement; or
 4. The application for this policy, including any addenda thereto, contains any material misrepresentation of fact.
- F. The Extended Reporting Period will not reinstate or in any way increase the Limits Of Insurance shown in the Declarations.

SECTION VI - CONDITIONS

A. Assignment

This insurance may not be assigned without our prior consent, which consent will not be unreasonably withheld or delayed. Assignment of interest under this insurance will not bind us until our consent has been endorsed hereon.

B. Bankruptcy

Bankruptcy or insolvency of the insured or the insured's estate will not relieve us of our obligations or increase our liability under this policy.

C. Cancellation Or Nonrenewal

1. This policy may be canceled by you by surrender thereof to us or any of our authorized representatives or by mailing to us written notice stating when thereafter the cancellation will be effective.
2. If we decide to cancel or not to renew this policy, we will mail or deliver to the first Named Insured shown in the Declarations written notice of cancellation or nonrenewal not less than:
 - a. 10 days prior to cancellation if we cancel for non-payment of premium;
 - b. 90 days prior to cancellation if we cancel for material misrepresentation or material change in risk covered by this policy; or
 - c. 60 days prior to nonrenewal.
3. If we cancel this policy for a reason listed in Paragraph **b.(2)** above, we will provide written notice of cancellation to any person or organization who has been issued a certificate of insurance under this policy stating when, not less than 90 days from the date of such notice, cancellation will become effective, but only if:
 - a. Cancellation is for reasons other than nonpayment of premium or self-insured retention reimbursement;
 - b. You are required by written contract to provide the additional insured with such notice; and
 - c. You provide us with a list of the applicable additional insureds, including their complete mailing addresses, within 7 days of our request.
4. If notice is mailed, proof of mailing is sufficient proof of such notice.

D. Changes

This policy contains all the agreements between you and us concerning the insurance afforded. The first Named Insured shown in the Declarations will act on behalf of all insureds for the receipt and acceptance of any endorsement issued by us to form a part of this policy. This policy's terms and conditions can be amended or waived only by endorsement issued by us and made a part of this policy. Notice to any agent or knowledge possessed by any agent or by any other person will not effect a waiver or change in any part of this policy or estop us from asserting any right under the terms and conditions of this policy.

E. Choice Of Law

Unless otherwise expressly endorsed in this policy, the laws of New York, without giving effect to its conflicts of law principles, governs all matters arising out of or relating to this policy and all of the transactions it contemplates including, without limitation, its formation, validity, interpretation, construction, performance, and enforcement.

F. Currency Provision

The limits of insurance, self-insured retention amount, and premiums shown in this policy are in United States currency. Any payments by us or you will be in United States currency.

G. Duties In The Event Of A Pollution Condition, Claim, Or Wrongful Act

1. You must see to it that we are notified as soon as practicable in writing of a "pollution condition" or "wrongful act". To the extent possible, notice must contain:
 - a. How, when, and where the "pollution condition" or "wrongful act" took place;
 - b. The names and addresses of any claimants, injured persons, and witnesses;
 - c. The nature and location of any injury or damage arising out of the "pollution condition" or "wrongful act";
 - d. The date and details of "your work" that may have caused the "pollution condition" or "wrongful act";
 - e. Copies of any contracts that have been entered into by any insured that are related to "your work" performed or "professional services" rendered; and
 - f. Details explaining how the insured first became aware of the "pollution condition" or "wrongful act".
2. Any reported "wrongful act" that subsequently becomes a "claim" made against the insured and reported to us in writing will be deemed to have been first made on the date that the written notice of the "wrongful act" was first received by us and will be subject to all of the terms and conditions of this policy.
3. If a "claim" is made against any insured:
 - a. You must record and notify us as soon as practicable in writing of the specifics of the "claim" and the date received; and
 - b. You and any other involved insured must:
 - (1) Send us copies as soon as practicable of any demands, notices, summons, or legal papers received in connection with the "claim";
 - (2) Authorize us to obtain records and other information;
 - (3) Cooperate with us in the investigation, settlement, or defense of the "claim"; and
 - (4) Assist us, upon our request, in the enforcement of any right against any person or organization which may be liable to the insured because of injury or damage to which this insurance may also apply.
4. No insured will, except at that insured's own cost, voluntarily make a payment, assume any obligation, or incur any expense without our written consent. However, written consent is not required with respect to:
 - a. "Crisis management costs" that have been reported in accordance with Insuring Agreement **A.1.e.** Crisis Management Or Emergency Response Costs; or
 - b. "Emergency response costs" that have been reported and approved by us or our appointed representative by use of the emergency response hotline.
5. Notice to your insurance agent or broker does not constitute notice to us for purposes of the receipt of notice.

H. Inspections And Surveys

1. We have the right to:
 - a. Make inspections and surveys at any time;
 - b. Give you reports on the conditions we find; and
 - c. Recommend changes.
2. We are not obligated to make any inspections, surveys, reports, or recommendations, and any such actions we do undertake relate only to insurability and the premiums to be charged. We do not make safety inspections. We do not undertake to perform the duty of any person or organization to provide for the health or safety of workers or the public. And we do not warrant that conditions:
 - a. Are safe or healthful; or
 - b. Comply with laws, regulations, codes, or standards.
3. Paragraphs **a.** and **b.** of this condition apply not only to us but also to any rating, advisory, rate service, or similar organization which makes insurance inspections, surveys, reports, or recommendations.

4. Paragraph **b.** of this condition does not apply to any inspections, surveys, reports, or recommendations we may make relative to certification, under state or municipal statutes, ordinances, or regulations, of boilers, pressure vessels, or elevators.

I. Legal Action Against Us

No person or organization has a right under this policy:

1. To join us as a party or otherwise bring us into a "suit" asking for damages from an insured; or
2. To sue us on this policy unless all of its terms have been fully complied with.

A person or organization may sue us to recover on an agreed settlement or on a final judgment against an insured obtained after an actual trial; but we will not be liable for "losses" that are not payable under the terms of this policy or that are in excess of the applicable limit of insurance. An agreed settlement means a settlement and release of liability signed by us, the insured, and the claimant or the claimant's legal representative.

J. No Duplication Of Coverage

Only one Insuring Agreement will apply to the same "pollution condition". In the event that more than one Insuring Agreement can apply to the same "pollution condition", then the only Insuring Agreement that will apply will be that Insuring Agreement under which we have accepted coverage or that Insuring Agreement that has been held to apply to such "pollution condition".

However, this condition does not apply to Insuring Agreement **A.1.e.** Crisis Management And Emergency Response Costs.

K. Other Insurance

If other valid and collectible insurance is available to the insured for "loss" we cover under this policy, our obligations are limited as follows:

1. Primary Insurance

This insurance is primary except when Paragraph **b.** below applies. If this insurance is primary, our obligations are not affected unless any of the other insurance is also primary. In that case, we will share with all such other insurance by the method described in Paragraph **c.** below.

2. Excess Insurance

a. This insurance is excess over:

- (1) Any other insurance, whether primary, excess, contingent, or on any other basis, if you are an insured on an insurance policy that applies to "your work" performed at a specific job site and that insurance policy applies to a specific job site;
- (2) Any other valid and collectible insurance available to you covering liability for "loss" arising out of "your work" or "professional services", including that work or "professional services" for which you have been added as an additional insured by an endorsement, by definition in a contract or agreement, or by combination thereof; or
- (3) Any other valid and collectible insurance available to any person or entity performing functions for others on your behalf as defined in "your work" or "professional services" in this policy.

b. When this insurance is excess, we will have no duty to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

c. When this insurance is excess over other insurance, we will pay only our share of the amount of the "loss", if any, that exceeds the sum of:

- (1) The total amount that all such other insurance would pay for the damages in the absence of this insurance; and
- (2) The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining "loss", if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits Of Insurance shown in the Declarations of this policy.

3. Method Of Sharing

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the "loss" remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

4. Primary And Non-Contributory Insurance

Regardless of Paragraphs 1. through 3. above, this insurance is primary to, and will not seek contribution from:

- a. Any other insurance available to any additional insured with whom you agree in a written contract or agreement to provide insurance on a primary and non-contributory basis;
- b. Any other insurance available to any additional insured specifically named in an endorsement attached to this policy as an additional insured on a primary and non-contributory basis; or
- c. Other valid and collectible insurance available, with respect to a "claim" covered under Insuring Agreement **A.1.b. Transportation Pollution Liability.**

L. Premium Audit

1. We will compute all premiums for this policy in accordance with our rules, rates, rating plans, and minimum premium requirements.
2. Premium shown as Advance And Deposit Premium in the Declarations is a deposit premium only. At the close of each audit period, we will compute earned premium for that period. All audit premiums are due and payable on notice to the first Named Insured.
3. The first Named Insured must keep records of the information we need for premium computation and send us copies at such times as we may request.

M. Premiums

The first Named Insured shown in the Declarations is responsible for the payment of all premiums and will be the payee for any return premiums we pay.

N. Representations

By accepting this policy, you agree:

1. The statements in the applications, other materials submitted to us, and Declarations are accurate and complete;
2. Those statements are based upon representations you made to us; and
3. We have issued this policy in reliance upon your representations.

O. Separation Of Insureds

Except with respect to the limits of insurance, and any rights or duties specifically assigned to the first Named Insured shown in the Declarations, this insurance applies:

1. As if each Named Insured were the only Named Insured; and
2. Separately to each insured against whom a "claim" is made.

P. Transfer Of Rights Of Recovery Against Others To Us

If the insured has rights to recover all or part of any payment we have made under this insurance, those rights are transferred to us. The insured must do nothing after "loss" to impair our rights. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them.

However, we waive any right of recovery we may have against any person or organization with whom the insured has agreed in a written contract or agreement to provide a waiver of transfer of rights of recovery because of payments we make for injury or damage arising out of your ongoing operations or "your work" done under a written contract with that person or organization. But this waiver does not apply to any person or organization specifically named in an endorsement attached to this policy which waives our rights of subrogation and recovery.

Q. Transfer Of Your Rights And Duties Under This Policy

Your rights and duties under this policy may not be transferred without our prior written consent except in the case of death of an individual Named Insured. If you die, your rights and duties will be transferred to your legal representative, but only while acting within the scope of duties as your legal representative. Until your legal representative is appointed, anyone having proper temporary custody of your property will have your rights and duties but only with respect to that property.

R. Waiver Of Self-Insured Retention Upon Successful Mediation

The self-insured retention will be waived, up to a maximum of \$10,000, if:

1. A "claim" has not entered into litigation;
2. We and you mutually agree to "mediation" as a means to settle a "claim" made against the insured; and
3. Such "claim" is settled as a direct result of the "mediation" and within 30 days of the end of the "mediation".

When this occurs, we will not seek reimbursement from you for any qualifying self-insured retention amount we pay prior to the "mediation".

Summary (Background)

The Waste to Energy Facility utilizes fabric filter bags to remove fine particulate from the furnace air before discharge from the facility. These bags must be replaced every 4 to 5 years or as they become worn. A complete bag change out is scheduled for one boiler in the fall of 2026 and the other boiler in the spring of 2027. RFQ 6523-26 was issued for this service and Knight Const. & Supply, Inc. was the only respondent. The resulting contract award would be from 10/15/26-6/30/28 to allow for any changes in the scheduling of the changeout. The total cost for boiler 2 in 2026 is \$164,714.82 including tax. The total cost for boiler 1 in 2027 is \$158,107.72, including tax.

What impacts would the proposal have on historically excluded communities?

No impacts are identified. Public works services and projects are designed to serve all citizens and businesses. We strive to offer a consistent level of service to all, to distribute public investment throughout the community and to respond to gaps in services identified in various City plans. We recognize the need to maintain affordability and predictability for all solid waste customers and are committed to being financially and environmentally responsible.

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

This routine purchase is designed to manage costs and continue to provide solid waste services in support of all ratepayers. It will not impact race, gender identity, national origin, income level, disability, sexual orientation or other existing disparities.

How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

Public Works follows the City's established procurement and public works bidding regulations and policies to bring items forward and then uses contract management best practices to ensure desired outcomes and regulatory compliance.

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

This work is consistent with annual budget strategies to limit costs and approved projects in the 6-year CIP.

**Re: City of Spokane, Waste to Energy Facility – Fabric Filter Bag Change Out Services –
Prevailing Wages – Unit Price, RFQ Number 6532-26**

Knight Const. & Supply, Inc. (KCS) is pleased to submit its qualifications for City of Spokane Waste to Energy Facility (WTEF) Fabric Filter Bag Change Out Services project (RFQ No. 6532-26). Our extensive experience at the facility, combined with our proven performance on previous bag change-out projects, positions KCS to successfully execute the work safely, efficiently, and on schedule.

KCS previously performed these services under Contract PW ITB 5251-20, awarded by the City of Spokane in 2021. Our team successfully completed the Boiler 1 bag change out in May 2021 and the Boiler 2 bag change out in May 2022. Both projects were completed without incident, met all project requirements, and were delivered on time. Our direct experience provides our team with valuable familiarity with the facility, equipment, access requirements, and operational considerations associated with this work.

In addition to our direct WTEF experience, KCS brings more than 30 years of mechanical repair and maintenance experience in industrial plants, paper mills, and other WTEFs throughout the Inland Northwest. Many of our project managers and skilled craftsmen have worked regularly at the Spokane WTEF over the past 20 years, providing a comprehensive understanding of the facility, its systems, and operational requirements.

KCS takes pride in delivering high-quality workmanship and completing projects on time. Our commitment to these principles has resulted in a long history of successful project delivery and lasting relationships with our clients. Our performance and reliability can be readily verified by current and past WTEF management personnel.

If awarded this contract, Jesse Ingraham, who served as Project Manager for the previous Spokane WTEF bag change out projects, would once again lead the proposed project and be supported by the same experienced team of skilled craftsmen who successfully completed the prior work. The continuity of leadership and workforce provides significant value to the City of Spokane by reducing learning curves, enhancing efficiency, and ensuring the safe execution of the work.

In addition to our field leadership and craft workforce, your project would be supported by a full array of administrative staff to oversee accounting, construction management, and operational controls. The following personnel would serve as key points of contact throughout the proposed project:

David A. Knight, President Office: (509) 276-2229 dave@knightconst.com	Ryan Reed, Field Operations Manager Office: (509) 276-2229 ryan@knightconst.com	LeeAnn Easter, Contract Administrator Office: (509) 276-2229 leaster@knightconst.com	Jesse Ingraham, Project Manager Office: (509) 276-2229 jessei@knightconst.com

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

CONTRACTORS ADDITIONAL INSURED - AUTOMATIC STATUS AND AUTOMATIC WAIVER OF SUBROGATION WHEN REQUIRED IN WRITTEN CONTRACT, AGREEMENT, PERMIT OR AUTHORIZATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

A. Additional Insured - Owners, Lessees Or Contractors - Automatic Status For Other Parties When Required In Written Contract Or Agreement With You

1. Section II - Who Is An Insured is amended to include as an additional insured any person or organization you have agreed in writing in a contract or agreement to add as an additional insured on this Coverage Part. Such person(s) or organization(s) is an additional insured only with respect to liability for:

a. "Bodily injury", "property damage" or "personal and advertising injury" *caused, in whole or in part, by* the performance of your ongoing operations by you or on your behalf, under that written contract or written agreement. Ongoing operations does not apply to "bodily injury" or "property damage" occurring after:

(1) All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or

(2) That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project; and

b. "Bodily injury" or "property damage" *caused, in whole or in part, by* "your work" performed under that written contract or written agreement and in-

cluded in the "products-completed operations hazard", but only if:

(1) The Coverage Part to which this endorsement is attached provides coverage for "bodily injury" or "property damage" included within the "products-completed operations hazard"; and

(2) The written contract or written agreement requires you to provide additional insured coverage included within the "products-completed operations hazard" for that person or organization.

If the written contract or written agreement requires you to provide additional insured coverage included within the "products-completed operations hazard" for a specified length of time for that person or organization, the "bodily injury" or "property damage" must occur prior to the expiration of that period of time in order for this insurance to apply.

If the written contract or written agreement requires you to provide additional insured coverage for a person or organization per only ISO additional insured endorsement form number **CG 20 10**, without specifying an edition date, and without specifically requiring additional insured coverage included within the "products-completed operations hazard", this Paragraph **b.** does not apply to that person or organization.

2. If the written contract or written agreement described in Paragraph **1.** above specifically requires you to provide additional insured coverage to that person or organization:

a. *Arising out of* your ongoing operations or *arising out of* "your work"; or

- b. By way of an edition of an ISO additional insured endorsement that includes *arising out of* your ongoing operations or *arising out of* "your work";

then the phrase *caused, in whole or in part, by* in Paragraph **A.1.a.** and/or Paragraph **A.1.b.** above, whichever applies, is replaced by the phrase *arising out of*.

- 3. With respect to the insurance afforded to the additional insureds described in Paragraph **A.1.**, the following additional exclusion applies:

This insurance does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or the failure to render, any professional architectural, engineering or surveying services, including:

- a. The preparing, approving or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
- b. Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of, or the failure to render, any professional architectural, engineering or surveying services.

- 4. This Paragraph **A.** does not apply to additional insureds described in Paragraph **B.**

B. Additional Insured - State Or Governmental Agency Or Subdivision Or Political Subdivision - Automatic Status When Required In Written Permits Or Authorizations

- 1. **Section II - Who Is An Insured** is amended to include as an additional insured any state or governmental agency or subdivision or political subdivision you have agreed in writing in a permit or authorization to add as an additional insured on this Coverage Part. Such state or governmental agency or subdivision or political subdivision is an additional insured only with respect to operations performed by you or on your behalf for which the state or governmental agency or subdivision or political subdivision has issued, in writing, a permit or authorization.

- 2. With respect to the insurance afforded to the additional insureds described in Paragraph **B.1.**, the following additional exclusions apply:

This insurance does not apply to:

- a. "Bodily injury", "property damage" or "personal and advertising injury" arising out of operations performed for the federal government, state or municipality; or
- b. "Bodily injury" or "property damage" included within the "products-completed operations hazard."

- C. The insurance afforded to additional insureds described in Paragraphs **A.** and **B.**:

- 1. Only applies to the extent permitted by law; and
- 2. Will not be broader than that which you are required by the written contract, written agreement, written permit or written authorization to provide for such additional insured; and
- 3. Does not apply to any person, organization, state, governmental agency or subdivision or political subdivision specifically named as an additional insured for the same project in the schedule of an endorsement added to this Coverage Part.

- D. With respect to the insurance afforded to the additional insureds described in Paragraphs **A.** and **B.**, the following is added to **Section III - Limits Of Insurance**:

The most we will pay on behalf of the additional insured is the amount of insurance:

- 1. Required by the written contract, written agreement, written permit or written authorization described in Paragraphs **A.** and **B.** For the purpose of determining the required amount of insurance only, we will include the minimum amount of any Umbrella Liability or Excess Liability coverage required for that additional insured in that written contract, written agreement, written permit or written authorization; or
- 2. Available under the applicable limits of insurance;

whichever is less.

This endorsement shall not increase the applicable limits of insurance.

- E. **Section IV - Commercial General Liability Conditions** is amended to add the following:

Automatic Additional Insured Provision

This insurance applies only if the "bodily injury" or "property damage" occurs, or the "personal and advertising injury" offense is committed:

1. During the policy period; and
 2. Subsequent to your execution of the written contract or written agreement, or the issuance of a written permit or written authorization, described in Paragraphs **A.** and **B.**
- F. Except when **G.** below applies, the following is added to **Section IV - Commercial General Liability Conditions, Other Insurance,** and supersedes any provision to the contrary:

When Other Additional Insured Coverage Applies On An Excess Basis

This insurance is primary to other insurance available to the additional insured described in Paragraphs **A.** and **B.** except:

1. As otherwise provided in **Section IV - Commercial General Liability Conditions, Other Insurance, b. Excess Insurance;** or
 2. For any other valid and collectible insurance available to the additional insured as an additional insured on another insurance policy that is written on an excess basis. In such case, this insurance is also excess.
- G. The following is added to **Section IV - Commercial General Liability Conditions, Other Insurance,** and supersedes any provision to the contrary:

Primary Insurance When Required By Written Contract, Agreement, Permit Or Authorization

Except when wrap-up insurance applies to the claim or "suit" on behalf of the additional insured, this insurance is primary to any other insurance available to the additional insured described in Paragraphs **A.** and **B.** provided that:

1. The additional insured is a Named Insured under such other insurance; and
2. You have agreed in writing in a contract, agreement, permit or authorization de-

scribed in Paragraph **A.** or **B.** that this insurance would be primary to any other insurance available to the additional insured.

As used in this endorsement, wrap-up insurance means a centralized insurance program under which one party has secured either insurance or self-insurance covering some or all of the contractors or subcontractors performing work on one or more specific project(s).

Primary And Noncontributory Insurance When Required By Written Contract, Agreement, Permit Or Authorization

Except when wrap-up insurance applies to the claim or "suit" on behalf of the additional insured, this insurance is primary to and will not seek contribution from any other insurance available to the additional insured described in Paragraphs **A.** and **B.** provided that:

1. The additional insured is a Named Insured under such other insurance; and
2. You have agreed in writing in a contract, agreement, permit or authorization described in Paragraph **A.** or **B.** that this insurance would be primary and would not seek contribution from any other insurance available to the additional insured.

1. A separate Designated Construction Project General Aggregate Limit applies to each designated construction project, and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.

 - (b) Commences during the policy period; and
 - (c) First becomes known to any "responsible insured" during the policy period and is reported to us in writing as soon as practicable, but in any event during the policy period or within 30 days after the end of the policy period.

We will pay those "crisis management costs" you incur even if coverage hereunder is still to be confirmed by us, but we will stop paying such "crisis management costs" as soon as it becomes evident, to either you or us, that this insurance does not apply. "Crisis management costs" are not subject to the Self-Insured Retention.

- (2) "Emergency response costs" you incur in excess of the Pollution Liability Self-Insured Retention shown in the Declarations as a direct result of a "pollution condition" that occurs in the "coverage territory" and has resulted in a "pollution loss" covered under this policy.

2. The following Insuring Agreements apply only if the "wrongful act" takes place in the "coverage territory". The amount we will pay is limited as described in Section IV - Limits Of Insurance And Self-Insured Retention.

a. Professional Liability

- (1) We will pay on behalf of the insured those sums in excess of the Professional Liability Self-Insured Retention shown in the Declarations that the insured becomes legally obligated to pay as "professional loss".
- (2) This insurance applies to "professional loss" only if:
- (a) The "wrongful act" takes place on or after the Professional Liability Retroactive Date, if any, shown in the Declarations and before the end of the policy period; and
- (b) A "claim" is first made against any insured during the policy period and reported to us during the policy period or the Extended Reporting Period, if applicable.

b. Professional Liability Rectification Expense

Upon the Named Insured's submission to us of satisfactory written proof of payment, we will reimburse the Named Insured for "rectification expense" incurred in excess of the Professional Liability Rectification Expense Self-Insured Retention shown in the Declarations with respect to any action to rectify or mitigate an actual, negligent act, error, or omission that would otherwise lead to a "claim" covered under this policy, provided that:

- (1) The act, error, or omission giving rise to the "rectification expense" happens on or after the Professional Liability Rectification Expense Retroactive Date shown in the Declarations;
- (2) The insured must provide us notice of the act, error, or omission and any proposed corrective action in writing as soon as practicable but in any event during the policy period or the Extended Reporting Period, if applicable; and
- (3) All "rectification expenses" must be approved by us prior to being incurred by the insured.

If we and the insured do not agree that the insured's proposed rectification action is reasonable, we and the insured may agree to submit such dispute to any form of alternative dispute resolution acceptable to both parties. Should we and the insured be unable to agree on the form of alternative dispute resolution, then such dispute will be submitted to binding arbitration administered by the American Arbitration Association under its Commercial Arbitration rules, and judgment on the award rendered by the arbitrators may be entered in any court having jurisdiction.

B. Claims And Defense

1. Solely with respect to Insuring Agreements **A.1.a.** Contractors Pollution Liability (Including Mold And Legionella), **A.1.b.** Transportation Pollution Liability, and **A.1.C.** Non-owned Disposal Site Liability under Section I - Coverages, coverage applies only if, prior to the policy period, no "responsible insured" knew that the "bodily injury", "property damage", or "cleanup costs" had occurred, in whole or in part. If any "responsible insured" knew, prior to the policy period, that the "bodily injury", "property damage", or "cleanup costs" occurred, then any continuation, change, or resumption of such "bodily injury", "property damage", or "cleanup costs" during or after the policy period will be deemed to have been known prior to the policy period.

"Bodily injury", "property damage", or "cleanup costs" which occur during the policy period and were not, prior to the policy period, known to have occurred by any "responsible insured", includes any continuation, change, or resumption of the "bodily injury", "property damage", or "cleanup costs" after the end of the policy period.

"Bodily injury", "property damage", or "cleanup costs" will be deemed to have been known to have occurred at the earliest time when any "responsible insured":

- a. Reports all or any part of the "bodily injury", "property damage", or "cleanup costs" to us or any other insurer;
- b. Receives a written or verbal demand or "claim" for "loss" because of the "bodily injury", "property damage", or "cleanup costs"; or
- c. Becomes aware by any other means that the "bodily injury", "property damage", or "cleanup costs" have occurred or have begun to occur.

"Loss" because of "bodily injury" includes damages claimed by any person or organization for care, loss of services, or death resulting at any time from the "bodily injury".

2. Solely with respect to the Insuring Agreement **2.a. Professional Liability**, a "claim" by a person or organization seeking "loss" directly arising out of a "wrongful act" will be deemed to have been made at the earlier of when notice of such "claim" is received by any insured or by us.

All "claims" for "loss" arising out of the same, related, or continuous "wrongful act" will be considered a single "claim", and will be deemed to have been made and reported at the time the first of those "claims" is made against any insured.

Any reported "wrongful act" that subsequently becomes a "claim" made against the insured and reported to us in writing will be deemed to have been first made on the date that the written notice of the "wrongful act" was first reported to us and will be subject to all of the terms and conditions of this policy.

3. We will:

- a. Have the right to investigate any "claim"; and
- b. Have the right and duty to defend the insured against any "suit";

for "loss" to which this insurance applies.

However, we will have no duty to defend the insured against any "claim" seeking "loss" to which this insurance does not apply. We may, at our discretion, investigate any "pollution condition" or "wrongful act" and settle any "claim" that may result. But:

- (1) The amount we will pay for "loss" is limited as described in Section **IV - Limits Of Insurance And Self-Insured Retention**; and
- (2) Our right and duty to defend ends when we have used up the applicable limit of insurance in the payment of judgments, settlements, or supplementary payments.

C. Supplementary Payments

1. Loss Of Earnings And Expense Reimbursement

We will pay, with respect to any "claim" we investigate or settle, or any "suit" against an insured we defend:

- b. All reasonable expenses incurred by the insured at our request to assist us in the investigation or defense of the "claim", including actual loss of earnings up to \$5,000 a day because of time off from work.
- c. All court costs taxed against the insured in the "suit". However, these payments do not include attorneys' fees or attorneys' expenses taxed against the insured.
- d. Pre-judgment interest awarded against the insured on that part of the judgment we pay. If we make an offer to pay the applicable limit of insurance, we will not pay any pre-judgment interest based on that period of time after the offer.
- e. All interest on the full amount of any judgment that accrues after entry of the judgment and before we have paid, offered to pay, or deposited in court the part of the judgment that is within the applicable limit of insurance.

Amounts paid under this Loss Of Earnings And Expense Reimbursement Supplementary Payment will reduce the Defense Expenses Aggregate Limit shown in the Declarations. Once that limit has been exhausted, amounts paid under this Supplementary Payment will reduce the applicable Limits Of Insurance shown in the Declarations.

2. Suit Against Indemnitee

If we defend an insured against a "suit" and an indemnitee of the insured is also named as a party to the "suit", we will defend that indemnitee if all of the following conditions are met:

- a. The "suit" against the indemnitee seeks "loss" for which the insured has assumed the liability of the indemnitee in a contract or agreement that is an "insured contract";
- b. This insurance applies to such liability assumed by the insured;
- c. The obligation to defend, or the cost of the defense of, that indemnitee has also been assumed by the insured in the same "insured contract";

- d. The allegations in the "suit" and the information we know about the "pollution condition" or "wrongful act" are such that no conflict appears to exist between the interests of the insured and the interests of the indemnitee;
- e. The indemnitee and the insured ask us to conduct and control the defense of that indemnitee against such "suit" and agree that we can assign the same counsel to defend the insured and the indemnitee; and
- f. The indemnitee:
 - (1) Agrees in writing to:
 - (a) Cooperate with us in the investigation, settlement, or defense of the "suit";
 - (b) Immediately send us copies of any demands, notices, summonses, or legal papers received in connection with the "suit";
 - (c) Notify any other insurer whose coverage is available to the indemnitee; and
 - (d) Cooperate with us with respect to coordinating other applicable insurance available to the indemnitee; and
 - (2) Provides us with written authorization to:
 - (a) Obtain records and other information related to the "suit"; and
 - (b) Conduct and control the defense of the indemnitee in such "suit".

As long as the above conditions are met, attorneys' fees incurred by us in the defense of that indemnitee, necessary litigation expenses incurred by us, and necessary litigation expenses incurred by the indemnitee at our request will be paid as supplementary payments.

We may, at our option, appoint one counsel to defend all of the insureds and indemnitees of the insureds who are or may be involved with respect to such "suit".

Our obligation to defend an insured's indemnitee and to pay for attorneys' fees and necessary litigation expenses as supplementary payments ends when we have used up the applicable limit of insurance in the payment of judgments, settlements, or supplementary payments, or the conditions or the terms of the agreement set forth above are no longer met.

Amounts paid under this Suit Against Indemnity Supplementary Payment will reduce the Defense Expenses Aggregate Limit shown in the Declarations. Once that limit has been exhausted, amounts paid under this Supplementary Payment will reduce the Limits Of Insurance shown in the Declarations.

3. Pre-Claim Investigation Expenses

- a. If, during the policy period, the insured first becomes aware of a specific "wrongful act" that is reasonably expected to result in a "claim" within the scope of this coverage, then the insured may elect to provide notice of a potential "claim" to us. - b. If such written notice is received by us during the policy period, we may, at our sole option, choose to investigate the "wrongful act". Such an investigation will be at our expense and will not reduce the Limits Of Insurance or be subject to the Self-Insured Retention provisions until one of the following occurs:
 - (1) A "claim" results from the "wrongful act" under investigation; or
 - (2) We incur the Pre-Claim Investigation Expenses Limit shown in the Declarations in expenses arising from the investigation.
- c. If a "claim" is made and reported to us, or once we incur the Pre-Claim Investigation Expenses Limit shown in the Declarations, any further payment will be considered "claims expense" and will reduce the applicable Limits Of Insurance and be subject to the Self-Insured Retention provisions of this insurance.

Any "claim" subsequently made against the "insured" arising out of such "wrongful act" will be deemed to have been first made on the date on which such written notice is first received by the company.

No coverage for pre-claim investigation expenses is provided by this Policy except as provided by this Paragraph C.3. Pre-Claim Investigation Expenses of Section I - Coverages.

In any event, such "disciplinary proceeding" must be reported to us no later than 60 days after the end of the policy period or the Extended Reporting Period, if applicable.

3. Your "employees", other than either your "executive officers" (if you are a corporation or an organization other than a partnership, joint venture, or limited liability company) or your managers (if you are a limited liability company), but only for acts within the scope of their employment by you or while performing duties related to the conduct of "your work".

4. In the event of your bankruptcy, your trustees, and in the event of your death or incapacity, your legal representatives or executors, but only with respect to each such trustee's, representative's, or executor's vicarious liability resulting from "your work".

5. Any organization you newly form, including any partnership, joint venture, or limited liability company, and over which you maintain ownership or majority interest, will qualify as an insured, if:

- a. You have contractually agreed to provide insurance for such organization;
- b. There is no other similar primary insurance available to that organization, unless such entity has been specifically endorsed onto this policy; and

c. You report to us within 180 days after such formation that you acquired or formed the organization.

However:

- (1) Coverage is afforded only until the 180th day after you form the organization or the end of the policy period, whichever is earlier; and
- (2) Coverage does not apply to "loss" that first commences before you formed the organization.

B. Solely with respect to coverage provided under Insuring Agreements **A.1.a.** through **A.1.e.** and Supplementary Payments, each of the following is also an insured:

1. Any person or organization who has controlling interest over you, but only with respect to their liability arising out of their financial control over you or premises they own, maintain, or control while you lease or occupy those premises.
2. Any:
 - a. Person or organization with whom the insured has agreed to provide additional insured status in a written contract or agreement executed prior to the "pollution loss", but only with respect to liability for "pollution loss" arising out of "your work"; and
 - b. Other person or organization you are required to add as an additional insured under the written contract or agreement described in Paragraph **a.** above.

However, any insurance afforded to such additional insured:

- (1) Only applies to the extent permitted by law;
- (2) Will not be broader than that which you are required by the contract or agreement to provide for such insured; and
- (3) Is limited to the lesser of the applicable Limits Of Insurance shown in the Declarations or the amount required by the written contract or agreement. This Paragraph **2.** does not apply to any person or organization specifically named as an additional insured in an endorsement attached to this policy.

SECTION IV - LIMITS OF INSURANCE AND SELF-INSURED RETENTION

A. Limits Of Insurance

1. The Limits Of Insurance shown in the Declarations and the rules below fix the most we will pay regardless of the number of insureds, "claims" made, or persons or organizations making "claims".
2. The General Aggregate Limit shown in the Declarations is the most we will pay for the sum of all "loss" and supplementary payments arising out of all "pollution conditions" and "wrongful acts" under all Insuring Agreements.
3. Subject to the General Aggregate Limit shown in the Declarations:
 - a. The Each Contractor's Pollution Condition Limit shown in the Declarations is the most we will pay under Insuring Agreement **A.1.a.** Contractor's Pollution Liability (Including Mold And Legionella) for the sum of all "pollution loss" and supplementary payments arising out of any one "pollution condition".
 - b. The Each Transportation Pollution Condition Limit shown in the Declarations is the most we will pay under Insuring Agreement **A.1.b.** Transportation Pollution Liability for the sum of all "pollution loss" and supplementary payments arising out of any one "transportation pollution condition".
 - c. The Each Non-Owned Disposal Site Pollution Condition Limit shown in the Declarations is the most we will pay under Insuring Agreement **A.1.c.** Non-Owned Disposal Site Liability for the sum of all "pollution loss" and supplementary payments arising out of any one "pollution condition" at a "non-owned disposal site".
 - d. The Each Sudden And Accidental Pollution Condition Limit shown in the Declarations is the most we will pay under Insuring Agreement **A.1.d.** Sudden And Accidental Discharge, Release, Or Escape Of Pollutants Liability for the sum of all "pollution loss" and supplementary payments arising out of any one "pollution condition".
 - e. The Each Crisis Management And Emergency Response Limit shown in the Declarations is the most we will pay under Insuring Agreement **A.1.e.** Crisis Management And Emergency Response Costs for the sum of all "crisis management costs " and "emergency response costs" arising out of any one "pollution condition".

- f. The Each Wrongful Act Limit shown in the Declarations is the most we will pay under Insuring Agreement **A.2.a.** Professional Liability for the sum of all "professional loss" and supplementary payments arising out of any one "wrongful act".
- g. The Each Professional Liability Rectification Expense Limit shown in the Declarations is the most we will pay under Insuring Agreement **A.2.b.** Professional Liability Rectification Expense for the sum of all "rectification expenses" arising out of any one "wrongful act". The remaining "rectification expenses" will be the sole responsibility of the Named Insured and do not reduce the Professional Liability Rectification Expense Self-Insured Retention shown in the Declarations.

In the event a "claim" arises out of the same reported "wrongful act" for which the insured incurred "rectification expense", the limit available for payment of the "claim" will be the Each Wrongful Act Limit shown in the Declarations excess of the Professional Liability Rectification Expense Self-Insured Retention, minus the amount we reimbursed the insured for "rectification expense" under Insuring Agreement **A.2.b.** Professional Liability Rectification Expense, subject to the General Aggregate Limit shown in the Declarations.

- 4. Amounts paid under Supplementary Payments **C.1.** Loss Of Earnings And Expense Reimbursement and **C.2.** Suit Against Indemnitee will reduce the Defense Expenses Aggregate Limit shown in the Declarations. Once that limit has been exhausted, amounts paid as supplementary payments will reduce the applicable limits described in Paragraphs 2. and 3. above.

The limits of insurance of this policy apply separately to each policy period, unless the policy period is extended after issuance for an additional period. In that case, the additional period will be deemed part of the last preceding period for purposes of determining the limits of insurance.

B. Self-Insured Retention

- 1. You agree to assume the:
 - a. Pollution Liability Self-Insured Retention shown in the Declarations with respect to the Insuring Agreements under Section **A.1.**;
 - b. Professional Liability Self-Insured Retention shown in the Declarations with respect to Insuring Agreement **A.2.a.**; and
 - c. Professional Liability Rectification Expense Self-Insured Retention shown in the Declarations with respect to Insuring Agreement **A.2.b.**

Our obligation to pay "loss" or supplementary payments under this insurance and the applicable limit of insurance shown in the Declarations will apply in excess of the applicable Self-Insured Retention.

- 2. Regardless of whether or not there is any other insurance, whether or not collectible, applicable to a "claim", "pollution condition", or "wrongful act" within the Self-Insured Retention, you must make actual payment of the full Self-Insured Retention before the limits of insurance will apply. Compliance with this clause is a condition precedent for coverage under this insurance. We will make no payments of any type in the event you fail to comply with this clause.
- 3. You must not incur costs other than adjusting expenses without our written consent in the event of any "claim", "pollution condition", or "wrongful act" which appears likely to exceed the applicable Self-Insured Retention.
- 4. We have the right in all cases to assume control of the investigation, defense, and settlement of any "claim", "pollution condition", or "wrongful act" to which this insurance applies. When we exercise this right, the following apply:
 - a. You will remain responsible for the cost of all "loss" and supplementary payments within the applicable Self-Insured Retention;
 - b. At our request, you will advance to us any portion of the applicable Self-Insured Retention that we deem reasonable to pay for any "claim", "pollution condition", or "wrongful act";
 - c. If you have paid to us all or part of the applicable Self-Insured Retention and the total amount of the "loss" and supplementary payments that we pay for that "claim", "pollution condition", or "wrongful act" is less than the applicable Self-Insured Retention, then we will reimburse you the amount you paid in excess of the amount we pay; and

- d. We will have the sole and absolute right to settle the "claim" for any amount we deem reasonable, including any amount within the Self-Insured Retention. Although we agree to attempt to advise and consult with you prior to making any settlement, we will have no obligation to obtain your consent or the consent of any other insured to any settlement we make that requires payment from you of any amount within the Self-Insured Retention. You and any other insured hereby waive any claim or defense against us resulting from our entering into any such settlement without your approval.

C. Multiple Insureds, Claims, And Claimants

The inclusion herein of more than one insured in any "claim" or the making of "claims" by more than one person or organization will not operate to increase the Limits Of Insurance shown in the Declarations. More than one "claim" arising out of a single "pollution condition" or "wrongful act" will be treated as a single "claim". Such single "claim" will be deemed first made on the date on which the earliest "claim" arising out of such "pollution condition" or "wrongful act" is made or, with respect to written notice given to and accepted by us, on the date within the policy period on which such written notice of potential "claim" is first received by us.

SECTION V - EXTENDED REPORTING PERIOD

For the applicable claims-made coverages, the following applies:

A. We will provide one or more Extended Reporting Periods, as described below, if:

1. Claims-made coverage provided by this policy is canceled or not renewed; or
2. We renew or replace the claims-made coverage provided by this policy with insurance that:
 - a. Has a Retroactive Date later than the date shown in the Declarations; or
 - b. Does not apply to "professional services" coverage on a claims-made basis.

The quotation of a different premium, deductible, or limit of insurance for renewal does not constitute a cancellation or refusal to renew for the purpose of this provision.

B. The Extended Reporting Periods do not extend the policy period or change the scope of coverage provided. They apply only to injury from acts, errors, or omissions that occur before the end of the policy period but not before the applicable Retroactive Date shown in the Declarations, provided a "claim" for such injury is first made during the Extended Reporting Period.

Once in effect, the Extended Reporting Period may not be canceled.

C. A Basic Extended Reporting Period is automatically provided without additional charge. This period starts with the end of the policy period and lasts for 60 days.

The Basic Extended Reporting Period does not apply to "claims" that are covered under any subsequent insurance you purchase, or that would be covered but for exhaustion of the amount of insurance applicable to such "claims".

D. An Optional Extended Reporting Period is available, subject to Paragraph E. below, but only by an endorsement and for an extra charge. This Optional Extended Reporting Period starts when the Basic Extended Reporting Period, set forth in Paragraph C. above, ends.

You must give us a written request for the endorsement within 60 days after the end of the policy period. The Optional Extended Reporting Period will not go into effect unless you pay the additional premium promptly when due.

We will determine the additional premium in accordance with our rules and rates. In doing so, we may take into account the following:

1. The exposures insured;
2. Previous types and amounts of insurance;
3. Limits of insurance available under this policy for future payment of "professional loss"; and
4. Other related factors.

This endorsement will set forth the terms, not inconsistent with this section, applicable to the Optional Extended Reporting Period, including a provision to the effect that the insurance afforded for "claims" first received during such period is excess over any other valid and collectible insurance available under policies in force after the Optional Extended Reporting Period starts.

E. We do not have to provide an Optional Extended Reporting Period if:

1. There is any failure to pay any outstanding premiums when due;
 2. Any insured fails to repay any self-insured retention amount we have paid;
 3. Any insured has purchased any other insurance to replace the insurance provided under this endorsement; or
 4. The application for this policy, including any addenda thereto, contains any material misrepresentation of fact.
- F. The Extended Reporting Period will not reinstate or in any way increase the Limits Of Insurance shown in the Declarations.

SECTION VI - CONDITIONS

A. Assignment

This insurance may not be assigned without our prior consent, which consent will not be unreasonably withheld or delayed. Assignment of interest under this insurance will not bind us until our consent has been endorsed hereon.

B. Bankruptcy

Bankruptcy or insolvency of the insured or the insured's estate will not relieve us of our obligations or increase our liability under this policy.

C. Cancellation Or Nonrenewal

1. This policy may be canceled by you by surrender thereof to us or any of our authorized representatives or by mailing to us written notice stating when thereafter the cancellation will be effective.
2. If we decide to cancel or not to renew this policy, we will mail or deliver to the first Named Insured shown in the Declarations written notice of cancellation or nonrenewal not less than:
 - a. 10 days prior to cancellation if we cancel for non-payment of premium;
 - b. 90 days prior to cancellation if we cancel for material misrepresentation or material change in risk covered by this policy; or
 - c. 60 days prior to nonrenewal.
3. If we cancel this policy for a reason listed in Paragraph **b.(2)** above, we will provide written notice of cancellation to any person or organization who has been issued a certificate of insurance under this policy stating when, not less than 90 days from the date of such notice, cancellation will become effective, but only if:
 - a. Cancellation is for reasons other than nonpayment of premium or self-insured retention reimbursement;
 - b. You are required by written contract to provide the additional insured with such notice; and
 - c. You provide us with a list of the applicable additional insureds, including their complete mailing addresses, within 7 days of our request.
4. If notice is mailed, proof of mailing is sufficient proof of such notice.

D. Changes

This policy contains all the agreements between you and us concerning the insurance afforded. The first Named Insured shown in the Declarations will act on behalf of all insureds for the receipt and acceptance of any endorsement issued by us to form a part of this policy. This policy's terms and conditions can be amended or waived only by endorsement issued by us and made a part of this policy. Notice to any agent or knowledge possessed by any agent or by any other person will not effect a waiver or change in any part of this policy or estop us from asserting any right under the terms and conditions of this policy.

E. Choice Of Law

Unless otherwise expressly endorsed in this policy, the laws of New York, without giving effect to its conflicts of law principles, governs all matters arising out of or relating to this policy and all of the transactions it contemplates including, without limitation, its formation, validity, interpretation, construction, performance, and enforcement.

F. Currency Provision

The limits of insurance, self-insured retention amount, and premiums shown in this policy are in United States currency. Any payments by us or you will be in United States currency.

G. Duties In The Event Of A Pollution Condition, Claim, Or Wrongful Act

1. You must see to it that we are notified as soon as practicable in writing of a "pollution condition" or "wrongful act". To the extent possible, notice must contain:
 - a. How, when, and where the "pollution condition" or "wrongful act" took place;
 - b. The names and addresses of any claimants, injured persons, and witnesses;
 - c. The nature and location of any injury or damage arising out of the "pollution condition" or "wrongful act";
 - d. The date and details of "your work" that may have caused the "pollution condition" or "wrongful act";
 - e. Copies of any contracts that have been entered into by any insured that are related to "your work" performed or "professional services" rendered; and
 - f. Details explaining how the insured first became aware of the "pollution condition" or "wrongful act".
2. Any reported "wrongful act" that subsequently becomes a "claim" made against the insured and reported to us in writing will be deemed to have been first made on the date that the written notice of the "wrongful act" was first received by us and will be subject to all of the terms and conditions of this policy.
3. If a "claim" is made against any insured:
 - a. You must record and notify us as soon as practicable in writing of the specifics of the "claim" and the date received; and
 - b. You and any other involved insured must:
 - (1) Send us copies as soon as practicable of any demands, notices, summons, or legal papers received in connection with the "claim";
 - (2) Authorize us to obtain records and other information;
 - (3) Cooperate with us in the investigation, settlement, or defense of the "claim"; and
 - (4) Assist us, upon our request, in the enforcement of any right against any person or organization which may be liable to the insured because of injury or damage to which this insurance may also apply.
4. No insured will, except at that insured's own cost, voluntarily make a payment, assume any obligation, or incur any expense without our written consent. However, written consent is not required with respect to:
 - a. "Crisis management costs" that have been reported in accordance with Insuring Agreement **A.1.e.** Crisis Management Or Emergency Response Costs; or
 - b. "Emergency response costs" that have been reported and approved by us or our appointed representative by use of the emergency response hotline.
5. Notice to your insurance agent or broker does not constitute notice to us for purposes of the receipt of notice.

H. Inspections And Surveys

1. We have the right to:
 - a. Make inspections and surveys at any time;
 - b. Give you reports on the conditions we find; and
 - c. Recommend changes.
2. We are not obligated to make any inspections, surveys, reports, or recommendations, and any such actions we do undertake relate only to insurability and the premiums to be charged. We do not make safety inspections. We do not undertake to perform the duty of any person or organization to provide for the health or safety of workers or the public. And we do not warrant that conditions:
 - a. Are safe or healthful; or
 - b. Comply with laws, regulations, codes, or standards.
3. Paragraphs **a.** and **b.** of this condition apply not only to us but also to any rating, advisory, rate service, or similar organization which makes insurance inspections, surveys, reports, or recommendations.

4. Paragraph **b.** of this condition does not apply to any inspections, surveys, reports, or recommendations we may make relative to certification, under state or municipal statutes, ordinances, or regulations, of boilers, pressure vessels, or elevators.

I. Legal Action Against Us

No person or organization has a right under this policy:

1. To join us as a party or otherwise bring us into a "suit" asking for damages from an insured; or
2. To sue us on this policy unless all of its terms have been fully complied with.

A person or organization may sue us to recover on an agreed settlement or on a final judgment against an insured obtained after an actual trial; but we will not be liable for "losses" that are not payable under the terms of this policy or that are in excess of the applicable limit of insurance. An agreed settlement means a settlement and release of liability signed by us, the insured, and the claimant or the claimant's legal representative.

J. No Duplication Of Coverage

Only one Insuring Agreement will apply to the same "pollution condition". In the event that more than one Insuring Agreement can apply to the same "pollution condition", then the only Insuring Agreement that will apply will be that Insuring Agreement under which we have accepted coverage or that Insuring Agreement that has been held to apply to such "pollution condition".

However, this condition does not apply to Insuring Agreement **A.1.e.** Crisis Management And Emergency Response Costs.

K. Other Insurance

If other valid and collectible insurance is available to the insured for "loss" we cover under this policy, our obligations are limited as follows:

1. Primary Insurance

This insurance is primary except when Paragraph **b.** below applies. If this insurance is primary, our obligations are not affected unless any of the other insurance is also primary. In that case, we will share with all such other insurance by the method described in Paragraph **c.** below.

2. Excess Insurance

a. This insurance is excess over:

- (1) Any other insurance, whether primary, excess, contingent, or on any other basis, if you are an insured on an insurance policy that applies to "your work" performed at a specific job site and that insurance policy applies to a specific job site;
- (2) Any other valid and collectible insurance available to you covering liability for "loss" arising out of "your work" or "professional services", including that work or "professional services" for which you have been added as an additional insured by an endorsement, by definition in a contract or agreement, or by combination thereof; or
- (3) Any other valid and collectible insurance available to any person or entity performing functions for others on your behalf as defined in "your work" or "professional services" in this policy.

b. When this insurance is excess, we will have no duty to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

c. When this insurance is excess over other insurance, we will pay only our share of the amount of the "loss", if any, that exceeds the sum of:

- (1) The total amount that all such other insurance would pay for the damages in the absence of this insurance; and
- (2) The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining "loss", if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits Of Insurance shown in the Declarations of this policy.

3. Method Of Sharing

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the "loss" remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

4. Primary And Non-Contributory Insurance

Regardless of Paragraphs 1. through 3. above, this insurance is primary to, and will not seek contribution from:

- a. Any other insurance available to any additional insured with whom you agree in a written contract or agreement to provide insurance on a primary and non-contributory basis;
- b. Any other insurance available to any additional insured specifically named in an endorsement attached to this policy as an additional insured on a primary and non-contributory basis; or
- c. Other valid and collectible insurance available, with respect to a "claim" covered under Insuring Agreement **A.1.b. Transportation Pollution Liability.**

L. Premium Audit

1. We will compute all premiums for this policy in accordance with our rules, rates, rating plans, and minimum premium requirements.
2. Premium shown as Advance And Deposit Premium in the Declarations is a deposit premium only. At the close of each audit period, we will compute earned premium for that period. All audit premiums are due and payable on notice to the first Named Insured.
3. The first Named Insured must keep records of the information we need for premium computation and send us copies at such times as we may request.

M. Premiums

The first Named Insured shown in the Declarations is responsible for the payment of all premiums and will be the payee for any return premiums we pay.

N. Representations

By accepting this policy, you agree:

1. The statements in the applications, other materials submitted to us, and Declarations are accurate and complete;
2. Those statements are based upon representations you made to us; and
3. We have issued this policy in reliance upon your representations.

O. Separation Of Insureds

Except with respect to the limits of insurance, and any rights or duties specifically assigned to the first Named Insured shown in the Declarations, this insurance applies:

1. As if each Named Insured were the only Named Insured; and
2. Separately to each insured against whom a "claim" is made.

P. Transfer Of Rights Of Recovery Against Others To Us

If the insured has rights to recover all or part of any payment we have made under this insurance, those rights are transferred to us. The insured must do nothing after "loss" to impair our rights. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them.

However, we waive any right of recovery we may have against any person or organization with whom the insured has agreed in a written contract or agreement to provide a waiver of transfer of rights of recovery because of payments we make for injury or damage arising out of your ongoing operations or "your work" done under a written contract with that person or organization. But this waiver does not apply to any person or organization specifically named in an endorsement attached to this policy which waives our rights of subrogation and recovery.

Q. Transfer Of Your Rights And Duties Under This Policy

Your rights and duties under this policy may not be transferred without our prior written consent except in the case of death of an individual Named Insured. If you die, your rights and duties will be transferred to your legal representative, but only while acting within the scope of duties as your legal representative. Until your legal representative is appointed, anyone having proper temporary custody of your property will have your rights and duties but only with respect to that property.

R. Waiver Of Self-Insured Retention Upon Successful Mediation

The self-insured retention will be waived, up to a maximum of \$10,000, if:

1. A "claim" has not entered into litigation;
2. We and you mutually agree to "mediation" as a means to settle a "claim" made against the insured; and
3. Such "claim" is settled as a direct result of the "mediation" and within 30 days of the end of the "mediation".

When this occurs, we will not seek reimbursement from you for any qualifying self-insured retention amount we pay prior to the "mediation".

CONTRACT FOR EMERGENCY LANDFILL EROSION STABILIZATION AND

Agenda Wording

Contract award to SSEC APEX, Inc. (Hauser, ID) for emergency reseeding and erosion control due to wildfire damage at the City's Northside Landfill from 8/21/2026 - 6/30/2027 and a total cost not to exceed 1,331,000.00, plus tax.

Summary (Background)

This contract is exempt from competitive solicitation via emergency declaration EO 2026-0004. The City's Northside landfill had approximately 70-75% of the sites vegetative cover destroyed by wildfire. Emergency erosion stabilization and reseeding services are needed to ensure the landfill's cover is not further damaged or creating runoff and possible environmental concerns.

What impacts would the proposal have on historically excluded communities?

The proposal is expected to have a neutral-to-positive impact on historically excluded communities. Work will occur within the existing Northside Landfill footprint and will not displace residents, restrict access to public services, impose new customer fees, or change service eligibility. Restoring vegetation will reduce exposed soil, erosion, fugitive dust, stormwater runoff, and infiltration risks, benefiting nearby residents, landfill employees, customers, and people who may be especially vulnerable to poor air quality or environmental hazards. Temporary construction impacts, including dust, noise, and truck traffic, will be managed through

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

Because this proposal restores existing landfill infrastructure and does not provide benefits or services based on individual eligibility, the City will not collect personal demographic information solely for this project. The City will track the location and nature of complaints, dust or odor observations, stormwater concerns, service disruptions, and reported health or safety impacts. If off-site impacts are identified, the City may compare their geographic distribution with publicly available, aggregated Census or American Community Survey information to determine whether racial, ethnic, income, disability, or other historically disadvantaged

How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

The City will establish baseline conditions through photographs and preconstruction inspections. During the project, staff will document acres treated, seed and erosion-control materials applied, installation dates, weather conditions, contractor progress, and costs. Follow-up inspections will evaluate vegetation establishment, percentage of ground cover, bare areas, erosion, sediment movement, fugitive dust, stormwater conditions, and areas requiring reseeding or repair. Inspections will occur during establishment, following significant precipitation or snowmelt, and during the next growing season. If vegetation or erosion-

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

The proposal supports the City's Comprehensive Plan goals related to public health, environmental protection, reliable public services, and responsible stewardship of public facilities. It aligns with the Sustainability Action Plan by restoring protective vegetation, reducing erosion and fugitive dust, limiting stormwater infiltration, and improving the landfill's resilience to extreme weather and wildfire impacts. The work supports the City's capital and asset-management objectives by restoring an existing permitted public facility and protecting prior public investment rather than expanding landfill capacity. It is also consistent with neighborhood and Council policies that emphasize minimizing off-site environmental impacts, maintaining safe essential services, and

Contractor To Define Guarantee that would be provided through the life resulting contract, implied 6/30/2027.	SSEC Apex defines “Guarantee” as the establishment and germination of the seed applied through the hydro-mulching process, subject to suitable environmental and site conditions. SSEC Apex cannot be held responsible for seed germination, establishment, or subsequent growth that is adversely affected by irregular weather conditions, drought, insufficient moisture, extreme temperatures, or other environmental conditions beyond SSEC Apex’s control that result in seed remaining dormant, drying out, or dying. The Annual Ryegrass is expected to germinate and provide initial vegetative growth following application when adequate moisture and environmental conditions are present. However, full establishment and coverage of the seeded areas may not be evident until the April through June 2027 growing season. The native seed species may require an extended period to germinate and establish. Native species can remain dormant until appropriate environmental conditions occur and are expected to develop and demonstrate more significant growth during the 2028 growing season. The timing and extent of germination and establishment will be dependent upon precipitation, soil moisture, temperature, seasonal conditions, and other environmental factors. SSEC Apex’s guarantee is therefore limited to proper application of the specified seed mix and hydro-mulching materials in accordance with the project requirements and does not guarantee a specific level of vegetation coverage or growth by a specific date when environmental conditions are unfavorable.
Contractor To Define: Seed Mix Formula, Composition and Percentages, Coverage Requirements, Application Requirements, and Quantity to be applied per acre:	The seed will be delivered in 60-pound bags, with each bag containing the seed mix required for one acre of application. Seeding will be applied using 4,000-gallon and 5,000-gallon hydroseeding machines. These machines will spray accessible areas from the access road surrounding the site. A 4,000-gallon machine can apply approximately one acre per load, while a 5,000-gallon machine can apply approximately 1.25 acres per load. Once the perimeters and accessible areas have been established through application from the access roads, a 4,000-gallon hydroseeder will be used to transfer slurry to a 1,700-gallon wide-tracked, low-ground-pressure vehicle, referred to as a Moroka Hydroseeder. This equipment will be used to apply seed to areas that cannot be accessed directly from the surrounding access roads. The seed will be incorporated into the hydroseeding slurry consisting of mulch, fertilizer, lime, and tackifier. The seed mix will be applied at a rate of 60 pounds per acre, in accordance with the project specifications. Seed Mix – 60 lbs/acre • Creeping Red Fescue — 9 lbs/acre (15%) • Hard Fescue — 12 lbs/acre (20%) • Canada Bluegrass — 9 lbs/acre (15%) • Annual Ryegrass — 18 lbs/acre (30%) • Sheep Fescue — 12 lbs/acre (20%) Total: 60 lbs/acre (100%)

Contractor To Define: Mulch Composition and Percentages, Coverage Requirements, Application Requirements, and Quantity to be applied per acre:	The wood cellulose mulch will be delivered in 50-pound bags, packaged on pallets containing 2,250 pounds of material per pallet. The mulch will be applied using 4,000-gallon and 5,000-gallon hydroseeding machines. These machines will spray all accessible areas from the access roads surrounding the site. A 4,000-gallon machine can apply approximately 1 acre per load, while a 5,000-gallon machine can apply approximately 1.25 acres per load. Once the perimeters of the access roads and the areas accessible from the roads have been established through the initial hydroseeding application, a 4,000-gallon machine will be used to transfer slurry to a 1,700-gallon wide-tracked, low-ground-pressure vehicle known as a Moroka Hydroseeder. This equipment will be used to apply the mulch slurry to areas that cannot be accessed directly from the surrounding access roads. The wood cellulose mulch will be incorporated into a slurry mixture containing the specified seed, fertilizer, lime, and tackifier. The slurry will then be applied uniformly to the designated areas in accordance with the project specifications. Application Rates • General areas: Wood cellulose mulch applied at 2,000 pounds per acre, equivalent to 40 bags per acre. • Downslopes of drain ditches: Wood cellulose mulch applied at 2,500 pounds per acre, equivalent to 50 bags per acre. The increased application rate on drain-ditch downslopes will provide additional mulch coverage in these areas in accordance with the project specifications.
Contractor To Define: Fertilizer Mix Formula, Composition and Percentages, Coverage Requirements, Application Requirements, and Quantity to be applied per acre:	Fertilizer will arrive in 200# pallets consisting of 50lbs each Fertilizer will be applied using 4,000-gallon and 5,000-gallon hydroseeding machines. These machines will spray all accessible areas from the access roads surrounding the site. A 4,000-gallon machine can apply approximately 1 acre per load, while a 5,000-gallon machine can apply approximately 1.25 acres per load. Once the perimeters of the access roads and the areas accessible from the roads have been established through the initial application, a 4,000-gallon machine will be used to transfer slurry to a 1,700-gallon wide-tracked, low-ground-pressure vehicle known as a Moroka Hydroseeder. The Moroka Hydroseeder will be used to apply fertilizer to areas that cannot be accessed directly from the surrounding access roads. Fertilizer Application Rate Fertilizer will be applied at a total rate of 650 pounds per acre, with the specified nutrient analysis of: • 20% Nitrogen (N) • 10% Phosphoric Acid (P₂O₅) • 10% Potash (K₂O) To achieve the specified macronutrient application, fertilizer products will be mixed on site prior to incorporation into the hydroseeding slurry. The fertilizer blend will consist of: • 408.4 pounds per acre of 16-16-16 • 142 pounds per acre of 46-0-0 (Urea) The blended fertilizer will be incorporated into the hydroseeding slurry and applied uniformly to the designated areas in conjunction with the specified seed, wood cellulose mulch, lime, and tackifier. All fertilizer application rates and mixing procedures will be performed in accordance with the project specifications and the requirements for the specified nutrient application

Contractor To Define: Lime Formula, Composition and Percentages, Coverage Requirements, Application Requirements, and Quantity to be applied per acre:	Lime will be delivered in 2,000-pound tote bags and 50-pound bags packaged on 2,000-pound pallets. Each 2,000-pound tote will be loaded using an off-road forklift and emptied directly into the hydroseeder tank. Any remaining quantity required to meet the specified application rate will be added using the 50-pound bags. Lime application will be performed using 4,000-gallon and 5,000-gallon hydroseeding machines. These machines will apply the lime slurry to accessible areas from the access roads surrounding the site. A 4,000-gallon machine can apply approximately 1 acre per load, while a 5,000-gallon machine can apply approximately 1.25 acres per load. Once the perimeters and accessible areas have been established through application from the access roads, a 4,000-gallon hydroseeder will be used to transfer slurry to a 1,700-gallon wide-tracked, low-ground-pressure vehicle known as a Moroka Hydroseeder. The Moroka Hydroseeder will be used to apply lime to areas that cannot be accessed directly from the surrounding access roads. The lime will be added to slurry mix of wood cellulose, fertilizer, seed, and tackifier. Lime Application Rate Lime will be applied at the project-specified rate of: 2,150 pounds per acre Application will be measured and adjusted as necessary to achieve the specified 2,150-pound-per-acre rate across the designated treatment areas.
Contractor To Define: Tackifier Composition and Percentages, Coverage Requirements, Application Requirements, and Quantity to be applied per acre:	Triple Tac tackifier will be delivered to the site in 25-pound bags. The tackifier will be incorporated into the hydroseeding slurry mixture containing the specified seed, wood cellulose mulch, fertilizer, and lime. The tackifier functions as a bonding agent, helping bind the seed, mulch, fertilizer, and lime together and adhere the slurry to the soil surface. This helps reduce material movement and provides improved contact between the applied materials and the soil. Triple Tac tackifier will be applied in accordance with the manufacturer's recommendations, with a typical application rate of approximately: 25 pounds per acre The tackifier will be thoroughly incorporated into the slurry to provide uniform coverage throughout the designated application areas.

Contractor To Define: Erosion Control Matting specifications, and submit copy of Technical Data Sheet with bid.	Erosion control matting is a generic term used to describe various types of Rolled Erosion Control Products (RECPs). SSEC Apex is proposing the use of a Turf Reinforcement Mat (TRM) as the erosion control product for this project. The TRM will be installed within the designated swales. Two rolls of TRM will be centered within each swale and installed continuously along the swale alignment. The estimated total quantity of swale installation is approximately 18,000 linear feet +/-. The TRM will be installed in accordance with the manufacturer's recommendations, including proper anchoring, overlaps, and soil contact, to provide reinforcement of the swale and assist in controlling erosion and supporting vegetation establishment.
Contractor To Define: Bond Fiber Matrix specifications, and submit copy of Technical Data Sheet with bid.	BONDED FIBER MATRIX WILL NOT BE USED. During a site visit we concluded that BFM would not be needed due to the cost. Instead, an additional application of 500#/ac of wood cellulose mulch will be applied to those areas. This will keep costs down but will not extend the completion timeline.

Fertilizer Calculator

N-P₂O₅-K₂O

R. Hitchcock and D. E. Kissel

The University of Georgia Fertilizer Calculator was developed to assist users whose fertilizer needs require adjustment from the standard soil test recommendation due to a change in units, availability of fertilizer products, and/or a difference in land size. The calculator ranks various fertilizer combinations, with the best getting the highest [score](#).

You can use it to:

- Calculate the weight of fertilizer materials to supply the amounts of N, P₂O₅, K₂O recommended by a soil test report.
- Select recommendations in pounds per acre that are typical of agronomic crop recommendations or in pounds per 1000 square feet that are typical of homeowners reports such as for a home lawn.
- Select fertilizer grades different from those given in the recommendation. This is useful when the fertilizer grades in the test report are not available locally.
- Calculate the area of a garden or lawn given the dimensions and shape of the area to be fertilized.
- Calculate fertilizer costs.

Before blending fertilizers, check a compatibility list to ensure they can be blended safely.

[How to use the calculator](#)

Use this calculator to ...

Convert fertilizer recommendations between pounds per acre and pounds per square feet.

List alternative recommendations when fertilizer grades are not available.

Get recommendations based on the specific area to be fertilized.

VMax® C350® Turf Reinforcement Mat

DESCRIPTION

The composite turf reinforcement mat (C-TRM) shall be a machine-produced mat of 100% coconut fiber matrix incorporated into permanent three-dimensional turf reinforcement matting. The matrix shall be evenly distributed across the entire width of the matting and stitch bonded between super heavy duty UV-stabilized nettings with 0.50 x 0.50 in. (1.27 x 1.27 cm) openings, an ultra heavy duty UV-stabilized, dramatically corrugated (crimped) intermediate netting with 0.5 x 0.5 in. (1.27 x 1.27 cm) openings, and covered by a super heavy duty UV-stabilized nettings with 0.50 x 0.50 in. (1.27 x 1.27 cm) openings. The middle corrugated netting shall form prominent closely spaced ridges across the entire width of the mat. The three nettings shall be stitched together on 1.50 in. (3.81 cm) centers with UV-stabilized polypropylene thread to form permanent three-dimensional turf reinforcement matting. All mats shall be manufactured with colored thread stitched along both outer edges as an overlap guide for adjacent mats.

The C350 shall meet Type 5A, B and C specification requirements established by the Erosion Control Technology Council (ECTC) and Federal Highway Administration's (FHWA) *FP-03 Section 713.18*.

Approximately 70–75% of the site's vegetative cover was damaged or destroyed. Work may include site preparation, application of an appropriate seed mixture, mulch or hydromulch, tackifier, soil amendments, and other immediately necessary erosion-control measures. The contractor will provide all labor, equipment, materials, mobilization, and documentation required to complete the work.

2. **Explain why a noncompetitive procurement is necessary, the justification should explain the nature of the public exigency or emergency, including specific conditions and circumstances that clearly illustrate why procurement other than through noncompetitive proposals would cause unacceptable delay in addressing the public exigency or emergency.**

Noncompetitive procurement is necessary because the wildfire destroyed much of the landfill's vegetative cover, leaving the soil and landfill cover system exposed to erosion. Significant rainfall or other inclement weather could cause erosion, damage the landfill cover, create runoff and environmental concerns (potentially resulting in permit violations), and substantially increase restoration costs. The City is already into August and has a limited seasonal window to complete reseeding before fall weather arrives. A standard competitive solicitation would cause an unacceptable delay and could prevent the work from being completed in time for the seed to establish. The City therefore needs to engage a qualified contractor that can obtain the necessary materials and mobilize quickly. Pricing and all procurement records will be documented to confirm that the cost is reasonable.

3. **How long do you anticipate the exigency or emergency circumstances will continue?**

The emergency conditions are expected to continue until the exposed landfill cover has been stabilized and the reseeding and erosion-control measures have been installed, returning the landfill cap to its pre-fire condition. A contractor guarantee has been included in the bid language to ensure that the contractor is able to repair any hydroseeded areas that do not germinate as expected or that wash away due to installation error. The initial period of work is anticipated to take 30-60 days depending on contractor availability, site conditions, and weather, and the guarantee will extend through April 30, 2027 to ensure that the landfill cap has been sufficiently restored to pre-fire condition.

4. **How long will the proposed contract be used for the defined scope of work?**

If the duration is greater than the expected duration of the emergency (e.g. ongoing maintenance and monitoring after a repair) What is the impact should the additional contract duration be denied?

The proposed contract will be used only for the immediate stabilization and reseeding work and is expected to remain in effect for approximately 60–252 days. The additional time allows for mobilization, completion of the work, initial establishment, inspection, and correction of any areas where the erosion-control measures fail. The initial work must be completed within the next 30-60 days in order to establish vegetative cover and erosion control prior to the rainy season, and the contractor guarantee must extend through the following spring to ensure that stand failure or washout did not occur over the winter. If the additional contract duration is denied, the City may be unable to confirm that the emergency stabilization measures are functioning properly or require the contractor to correct failed areas, resulting in significant additional costs to the City to restore the landfill cap to its pre-fire condition. Any long-term maintenance or unrelated improvements will be procured separately.

5. **Describe any known conflicts of interest and any efforts that were made to identify possible conflicts of interest before the noncompetitive procurement occurred. If a conflict of interest is unavoidable, such as due to exigent/emergency circumstances, explain how it was unavoidable and any steps taken to address the impact of that conflict of interest.**

No known conflicts of interest have been identified. City staff will review the proposed contractor and procurement documentation for any actual or potential conflicts before authorization. No City employee involved in the selection is expected to have a financial or personal interest in the contractor. Any conflict identified during the process will be disclosed and addressed in accordance with City policy before work proceeds.

My department's recommendation for noncompetitive procurement is based upon an objective review of the good/service being required and appears to be in the best interest of the City. I know of no conflict of interest on my part or personal involvement in any way with this request. No gratuities, favor, or compromising action have taken place. Neither has my personal familiarity with particular brands, types of equipment, materials or firms been a deciding influence on my request to select the vendor for this emergency purchase.

**BROAD FORM CONTRACTORS ADDITIONAL INSURED -
AUTOMATIC STATUS AND AUTOMATIC WAIVER OF
SUBROGATION WHEN REQUIRED IN WRITTEN CONTRACT,
AGREEMENT, PERMIT OR AUTHORIZATION**

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

**A. Additional Insured - Owners, Lessees Or
Contractors - Automatic Status For Other
Parties When Required In Written Contract
Or Agreement With You**

1. Section II - Who Is An Insured is amended to include as an additional insured any person or organization you have agreed in writing in a contract or agreement to add as an additional insured on this Coverage Part. Such person(s) or organization(s) is an additional insured only with respect to liability for:

a. "Bodily injury", "property damage" or "personal and advertising injury" *caused, in whole or in part, by* the performance of your ongoing operations by you or on your behalf, under that written contract or written agreement. Ongoing operations does not apply to "bodily injury" or "property damage" occurring after:

(1) All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or

(2) That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project; and

b. "Bodily injury" or "property damage" *caused, in whole or in part, by* "your work" performed under that written contract or written agreement and included in the "products-completed operations hazard", but only if:

(1) The Coverage Part to which this endorsement is attached provides coverage for "bodily injury" or "property damage" included within the "products-completed operations hazard"; and

(2) The written contract or written agreement requires you to provide additional insured coverage included within the "products-completed operations hazard" for that person or organization.

If the written contract or written agreement requires you to provide additional insured coverage included within the "products-completed operations hazard" for a specified length of time for that person or organization, the "bodily injury" or "property damage" must occur prior to the expiration of that period of time in order for this insurance to apply.

If the written contract or written agreement requires you to provide additional insured coverage for a person or organization per only ISO additional insured endorsement form number **CG 20 10**, without specifying an edition date, and without specifically requiring additional insured coverage included within the "products-completed operations hazard", this Paragraph **b.** does not apply to that person or organization.

2. If the written contract or written agreement described in Paragraph **1.** above specifically requires you to provide additional insured coverage to that person or organization:

a. *Arising out of* your ongoing operations or *arising out of* "your work"; or

b. By way of an edition of an ISO additional insured endorsement that includes *arising out of* your ongoing

operations or *arising out of* "your work";

then the phrase *caused, in whole or in part, by* in Paragraph **A.1.a.** and/or Paragraph **A.1.b.** above, whichever applies, is replaced by the phrase *arising out of*.

3. With respect to the insurance afforded to the additional insureds described in Paragraph **A.1.**, the following additional exclusion applies:

This insurance does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or the failure to render, any professional architectural, engineering or surveying services, including:

- a. The preparing, approving or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
- b. Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of, or the failure to render, any professional architectural, engineering or surveying services.

4. This Paragraph **A.** does not apply to additional insureds described in Paragraph **B.**

B. Additional Insured - State Or Governmental Agency Or Subdivision Or Political Subdivision - Automatic Status When Required In Written Permits Or Authorizations

1. **Section II - Who Is An Insured** is amended to include as an additional insured any state or governmental agency or subdivision or political subdivision you have agreed in writing in a permit or authorization to add as an additional insured on this Coverage Part. Such state or governmental agency or subdivision or political subdivision is an additional insured only with respect to operations performed by you or on your behalf for which the state or governmental agency or subdivision or political subdivision has issued, in writing, a permit or authorization.
2. With respect to the insurance afforded to the additional insureds described in Para-

graph **B.1.**, the following additional exclusions apply:

This insurance does not apply to:

- a. "Bodily injury", "property damage" or "personal and advertising injury" arising out of operations performed for the federal government, state or municipality; or
- b. "Bodily injury" or "property damage" included within the "products-completed operations hazard."

- C. The insurance afforded to additional insureds described in Paragraphs **A.** and **B.**:

1. Only applies to the extent permitted by law; and
2. Will not be broader than that which you are required by the written contract, written agreement, written permit or written authorization to provide for such additional insured; and
3. Does not apply to any person, organization, state, governmental agency or subdivision or political subdivision specifically named as an additional insured for the same project in the schedule of an endorsement added to this Coverage Part.

However, Paragraphs **C.1.** and **C.2.** above do not apply if the applicable written contract, written agreement, written permit or written authorization requires an edition of an ISO additional insured endorsement that does not include these provisions.

- D. With respect to the insurance afforded to the additional insureds described in Paragraphs **A.** and **B.**, the following is added to **Section III - Limits Of Insurance**:

1. The most we will pay on behalf of the additional insured is the amount of insurance:
 - a. Required by the written contract, written agreement, written permit or written authorization described in Paragraphs **A.** and **B.** For the purpose of determining the required amount of insurance only, we will include the minimum amount of any Umbrella Liability or Excess Liability coverage required for that additional insured in that written contract, written agreement, written permit or written authorization; or
 - b. Available under the applicable limits of insurance;

whichever is less.

However, Paragraph **D.1.** does not apply if the applicable written contract, written agreement, written permit or written authorization requires an edition of an ISO additional insured endorsement that does not include these provisions.

2. This endorsement shall not increase the applicable limits of insurance.

E. Section IV - Commercial General Liability Conditions is amended to add the following:

Automatic Additional Insured Provision

This insurance applies only if the "bodily injury" or "property damage" occurs, or the "personal and advertising injury" offense is committed:

1. During the policy period; and
2. Subsequent to your execution of the written contract or written agreement, or the issuance of a written permit or written authorization, described in Paragraphs **A.** and **B.**

F. Except when **G.** below applies, the following is added to **Section IV - Commercial General Liability Conditions, Other Insurance**, and supersedes any provision to the contrary:

When Other Additional Insured Coverage Applies On An Excess Basis

This insurance is primary to other insurance available to the additional insured described in Paragraphs **A.** and **B.** except:

1. As otherwise provided in **Section IV - Commercial General Liability Conditions, Other Insurance, b. Excess Insurance**; or
2. For any other valid and collectible insurance available to the additional insured as an additional insured on another insurance policy that is written on an excess basis. In such case, this insurance is also excess.

G. The following is added to **Section IV - Commercial General Liability Conditions, Other Insurance**, and supersedes any provision to the contrary:

Primary Insurance When Required By Written Contract, Agreement, Permit Or Authorization

Except when wrap-up insurance applies to the claim or "suit" on behalf of the additional insured, this insurance is primary to any other insurance available to the additional insured described in Paragraphs **A.** and **B.** provided that:

1. The additional insured is a Named Insured under such other insurance; and
2. You have agreed in writing in a contract, agreement, permit or authorization described in Paragraph **A.** or **B.** that this insurance would be primary to any other insurance available to the additional insured.

As used in this endorsement, wrap-up insurance means a centralized insurance program under which one party has secured either insurance or self-insurance covering some or all of the contractors or subcontractors performing work on one or more specific project(s).

Primary And Noncontributory Insurance When Required By Written Contract, Agreement, Permit Or Authorization

Except when wrap-up insurance applies to the claim or "suit" on behalf of the additional insured, this insurance is primary to and will not seek contribution from any other insurance available to the additional insured described in Paragraphs **A.** and **B.** provided that:

1. The additional insured is a Named Insured under such other insurance; and
2. You have agreed in writing in a contract, agreement, permit or authorization described in Paragraph **A.** or **B.** that this insurance would be primary and would not seek contribution from any other insurance available to the additional insured.

As used in this endorsement, wrap-up insurance means a centralized insurance program under which one party has secured either insurance or self-insurance covering some or all of the contractors or subcontractors performing work on one or more specific project(s).

H. Section IV - Commercial General Liability Conditions, Transfer Of Rights Of Recovery Against Others To Us is amended by the addition of the following:

Waiver of Subrogation

We waive any right of recovery against any additional insured under this endorsement, because of any payment we make under this endorsement, to whom the insured has waived its right of recovery in a written contract, written agreement, written permit or written authorization. Such waiver by us applies only to the extent that the insured has waived its right of recovery against such additional insured prior to loss.

DESIGNATED CONSTRUCTION PROJECT(S) GENERAL AGGREGATE LIMIT

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Designated Construction Project(s):

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

- A.** For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under Section **I** – Coverage **A**, and for all medical expenses caused by accidents under Section **I** – Coverage **C**, which can be attributed only to ongoing operations at a single designated construction project shown in the Schedule above:
1. A separate Designated Construction Project General Aggregate Limit applies to each designated construction project, and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.
 2. The Designated Construction Project General Aggregate Limit is the most we will pay for the sum of all damages under Coverage **A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard", and for medical expenses under Coverage **C** regardless of the number of:
 - a. Insureds;
 - b. Claims made or "suits" brought; or
 - c. Persons or organizations making claims or bringing "suits".
 3. Any payments made under Coverage **A** for damages or under Coverage **C** for medical expenses shall reduce the Designated Construction Project General Aggregate Limit for that designated construction project. Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Designated Construction Project General Aggregate Limit for any other designated construction project shown in the Schedule above.
 4. The limits shown in the Declarations for Each Occurrence, Damage To Premises Rented To You and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Designated Construction Project General Aggregate Limit.

- B.** For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under Section I – Coverage **A**, and for all medical expenses caused by accidents under Section I – Coverage **C**, which cannot be attributed only to ongoing operations at a single designated construction project shown in the Schedule above:
1. Any payments made under Coverage **A** for damages or under Coverage **C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-completed Operations Aggregate Limit, whichever is applicable; and
 2. Such payments shall not reduce any Designated Construction Project General Aggregate Limit.
- C.** When coverage for liability arising out of the "products-completed operations hazard" is provided, any payments for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Designated Construction Project General Aggregate Limit.
- D.** If the applicable designated construction project has been abandoned, delayed, or abandoned and then restarted, or if the authorized contracting parties deviate from plans, blueprints, designs, specifications or timetables, the project will still be deemed to be the same construction project.
- E.** The provisions of Section III – Limits Of Insurance not otherwise modified by this endorsement shall continue to apply as stipulated.

B. Noncontributory Insurance

SECTION IV - BUSINESS AUTO CONDITIONS, B. General Conditions, 5. Other Insurance c. is deleted in its entirety and replaced by the following:

2. Is still in force at the time of the "accident" causing "bodily injury" or "property damage".

D. Employee Hired Auto

1. Changes in Liability Coverage

The following is added to the **SECTION II - COVERED AUTOS LIABILITY COVERAGE, A. Coverage, 1. Who is an Insured**:

- (2) Any covered "auto" hired or rented by your "employee" under a contract in that individual "employee's" name, with your permission, while performing duties related to the conduct of your business.

However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto".

E. Audio, Visual and Data Electronic Equipment

SECTION III - PHYSICAL DAMAGE COVERAGE, C. Limits of Insurance, 1.b. is deleted in its entirety and replaced by the following:

b. The most we will pay for all "loss" to audio, visual or data electronic equipment and any accessories used with this equipment as a result of any one "accident" is the lesser of:

- (1)** The actual cash value of the damaged or stolen property as of the time of the "accident";
- (2)** The cost of repairing or replacing the damaged or stolen property with other property of like kind and quality; or
- (3)** \$2,500.

Provided the equipment, at the time of the "loss" is:

- (1)** Permanently installed in or upon the covered "auto" in a housing, opening or other location that is not normally used by the "auto" manufacturer for the installation of such equipment;

- 2.** Any organization that is newly acquired or formed by you and over which you maintain majority ownership. The insurance provided by this provision:

- a.** Is effective on the date of acquisition or formation, and is afforded for 180 days after such date;

 - c.** Does not apply to any newly acquired or formed organization that is a joint venture or partnership; and
 - d.** Does not apply to an insured under any other automobile liability policy or would be an insured under such a policy but for the termination of such policy or the exhaustion of such policy's limits of insurance.
- 3.** Any of your "employees" while using a covered "auto" in your business or your personal affairs, provided you do not own, hire or borrow that "auto".

G. Liability Coverage Extensions - Supplementary Payments - Higher Limits

SECTION II - COVERED AUTOS LIABILITY COVERAGE, A. Coverage, 2. Coverage Extensions, a. Supplementary Payments is amended by:

SECTION II - COVERED AUTOS LIABILITY COVERAGE, B. Exclusions, 5. Fellow Employee is modified as follows:

I. Hired Auto - Physical Damage

If hired "autos" are covered "autos" for Liability Coverage, then Comprehensive and Collision Physical Damage Coverages as provided under **SECTION III - PHYSICAL DAMAGE COVERAGE** of this Coverage Part are extended to "autos" you hire, subject to the following:

- 1.** The most we will pay for "loss" to any hired "auto" is \$50,000 or the actual cash value or cost to repair or replace, whichever is the least, minus a deductible.
- 2.** The deductible will be equal to the largest deductible applicable to any owned "auto" for that coverage, or \$1,000, whichever is less.

3. Hired Auto - Physical Damage coverage is excess over any other collectible insurance.
4. Subject to the above limit, deductible, and excess provisions we will provide coverage equal to the broadest coverage applicable to any covered "auto" you own insured under this policy.

Coverage includes loss of use of that hired auto, provided it results from an "accident" for which you are legally liable and as a result of which a monetary loss is sustained by the leasing or rental concern. The most we will pay for any one "accident" is \$3,000.

If a limit for Hired Auto - Physical Damage is shown in the Schedule, then that limit replaces, and is not added to, the \$50,000 limit indicated above and the deductibles shown in the Schedule are applicable.

J. Rental Reimbursement

SECTION III - PHYSICAL DAMAGE COVERAGE is amended by adding the following:

1. We will pay for rental reimbursement expenses incurred by you for the rental of an "auto" because of a "loss" to a covered "auto". Payment applies in addition to the otherwise applicable amount of each coverage you have on a covered "auto". No deductible applies to this coverage.
2. We will pay only for those expenses incurred during the policy period beginning 24 hours after the "loss" and ending, regardless of the policy's expiration, with the lesser of the following number of days:

10. INDEMNIFICATION

- 10.1. To the fullest extent permitted by law, each Party to this Agreement will protect, defend, indemnify, and save harmless the other Party, its officers, officials, employees, and agents, while acting within the scope of their employment as such, from any and all costs, claims, judgments, and/or awards of damages (both to persons and property), arising out of, or in any way resulting from, each Party's negligent acts or omissions with respect to the provisions of this Agreement. Neither Party will be required to indemnify, defend, or save harmless the other Party if the claim, suit, or action for injuries, death, or damages (both to persons and property) is caused by the sole negligence of the other Party. Where such claims, suits, or actions result from the concurrent negligence of the Parties, their agents, officials or employees, and/or involve those actions covered by RCW 4.24.115, the indemnity provisions provided herein will be valid and enforceable only to the extent of the negligence of the indemnifying Party, its agents, officials or employees.
- 10.2. The Parties agree that their obligations under this section extend to any claim, demand, and/or cause of action brought by, or on behalf of, any of their officers, officials, employees or agents. For this purpose only, the Parties, by mutual negotiation, hereby waive, with respect to each other only, any immunity that would otherwise be available against such claims under the Industrial Insurance provisions of Title 51 RCW.
- 10.3. This indemnification and waiver will survive the termination of this Agreement.

11. DISPUTE RESOLUTION

- 11.1. The Parties shall work collaboratively to resolve disputes and issues arising out of, or related to, this Agreement. Disagreements shall be resolved promptly and at the lowest level of hierarchy. To this end, following the dispute resolution process shown below shall be a prerequisite to the filing of litigation concerning any dispute between the parties:
 - 11.1.1. The POC, as designated in this Agreement shall use their best efforts to resolve disputes and issues arising out of or related to this Agreement. The POCs shall communicate regularly to discuss the status of the tasks to be performed hereunder and to resolve any disputes or issues related to the successful performance of this Agreement. The POCs shall cooperate in providing staff support to facilitate the performance of this Agreement and the resolution of any disputes or issues arising during the term of this Agreement.

11.1.2. A Party's POC shall notify the other Party in writing of any dispute or issue that the POC believes may require formal resolution contained herein. The POCs shall meet within five (5) working days of receiving the written notice and attempt to resolve the dispute.

11.1.3. In the event the POCs cannot resolve the dispute or issue, the entity, and WSDOT's Region Administrator, or their respective designees, shall meet and engage in good faith negotiations to resolve the dispute.

11.1.4. In the event the entity and WSDOT's Region Administrator, or their respective designees, cannot resolve the dispute or issue, the entity and WSDOT shall each appoint a member to a Dispute Board. These two members shall then select a third member not affiliated with either Party. The three-member board shall conduct a dispute resolution hearing that shall be informal and unrecorded. All expenses for the third member of the Dispute Board shall be shared equally by both parties; however, each Party shall be responsible for its own costs and fees.

12. RECORDS AND AUDIT

12.1. All records related to the Work performed under this Agreement shall be held and kept available for inspection and audit for a period of six (6) years from the date of termination of this Agreement or any final payment authorized under this Agreement, whichever is later. Each Party shall have full access to and right to examine said records, during normal business hours and as often as it deems necessary. In the event of litigation or claim arising from the performance of this Agreement, the CITY and WSDOT agree to maintain the records and accounts until such litigation, appeal or claims are finally resolved. This section shall survive the termination of this Agreement.

13.2. Interpretation. This Agreement shall be interpreted in accordance with the laws of the state of Washington. The titles to paragraphs and sections of this Agreement are for convenience only and shall have no effect on the construction or interpretation of any part hereof.

13.3. Amendments. This Agreement may be amended only by the mutual written agreement of the Parties executed by personnel authorized to bind each of the parties.

13.4. Waiver. A failure by a Party to exercise its rights under this Agreement shall not preclude that Party from subsequent exercise of such rights and shall not constitute a waiver of any other rights under this Agreement unless stated to be such in writing signed by an authorized representative of the waiving Party and attached to the original Agreement.

13.5. All Writings Contained Herein. This Agreement contains all of the terms and conditions agreed upon by the Parties. No other understandings, oral or otherwise, regarding the subject matter of this Agreement shall be deemed to exist or to bind the parties.

- 13.6. Venue. In the event that either Party deems it necessary to institute legal action or proceedings to enforce any right or obligation under this Agreement, the Parties agree that any such action or proceedings shall be brought in the superior court situated in Thurston or Spokane County, Washington unless filing in another county is required under any provision of the Revised Code of Washington. Further, the Parties agree that each shall be responsible for its own attorneys' fees and costs.
- 13.7. Severability. If any term or condition of this Agreement is held invalid, such invalidity shall not affect the validity of the other terms or conditions of this Agreement.

Re: RFQ #6581-26 – Pneumatic Tube Traffic Counts (ATR) – Data Collection Services, As-Needed – Unit Price

Dear Mr. Rinderle,

It is our pleasure to submit this quote to provide Pneumatic Tube Traffic Counts (ATR) – Data Collection Services to the City of Spokane. Quality Counts (QC) is a nationwide leader in traffic data collection with more than 20 years of experience supporting state DOTs, MPOs, counties, municipalities, and engineering consultants. We are engaged in the business of providing traffic counting and vehicle classification data and have continuously performed these services for well over two decades. Our capabilities include pneumatic tube counts, video-based traffic counts, turning movement counts, pedestrian and bicycle counts, speed studies, travel time studies, vehicle classification counts, and other traffic data collection services used to support transportation planning, engineering, and operations.

QC is already a trusted partner to the City of Spokane. Since being awarded the City's Traffic Data Collection On-Call Services contract in 2025, we have successfully supported Spokane with responsive, accurate, and reliable traffic data collection services. Because our local team, equipment inventory, project management staff, and established communication processes are already in place, this contract represents a seamless extension of our existing services. Adding pneumatic tube ATR counts to our current workload requires no additional infrastructure or mobilization effort and fits naturally into the workflows we have established with City staff over the past year.

Firm Experience & Local Presence – QC has maintained a strong presence in eastern Washington since 2021 through our Athol, Idaho office, allowing us to provide rapid response throughout the Spokane region. Dan Franz, located just minutes from Spokane, will serve as Project Manager and primary point of contact for the City. Our local staff regularly perform traffic data collection throughout eastern Washington and are familiar with Spokane's roadway network, permitting processes, scheduling requirements, and seasonal conditions. This local presence enables us to respond quickly to as-needed requests while maintaining consistent communication and dependable turnaround times.

Qualifications & Capacity – QC exceeds the qualifications established in this RFQ. We have conducted traffic counting and vehicle classification services for hundreds of public agencies nationwide, including numerous Washington agencies. Our technicians are experienced in installing, maintaining, and validating pneumatic tube counters in accordance with FHWA Traffic Monitoring Guide recommendations and WSDOT guidance. Our quality assurance procedures include equipment calibration and testing, manual count validation, routine field inspections, and thorough post-processing review to consistently deliver accurate vehicle classification data and reports meeting agency requirements. Our extensive equipment inventory and experienced field staff also allow us to complete multiple simultaneous assignments while maintaining the responsiveness required for on-call services.

Reliable Delivery & Proven Performance – QC understands the City's expectations for accurate vehicle classification counts, timely communication, and dependable service throughout the annual collection season. Our established Spokane team is already accustomed to coordinating as-needed task requests, scheduling installations around weather, construction, and special events, and delivering complete electronic reports in the formats required by our clients. Because we are already supporting the City under its existing traffic data collection contract, we can immediately integrate these ATR assignments into our ongoing operations while providing the same high level of responsiveness and quality the City has come to expect.

BLANKET ADDITIONAL INSURED – PRIMARY AND NON-CONTRIBUTORY

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE PART

A. The following is added to SECTION II – LIABILITY COVERAGE, Paragraph A.1. Who Is An Insured:

Additional Insured if Required by Contract

If you agree in a written contract, written agreement or written permit that a person or organization be added as an additional “insured” under this Coverage Part, such person or organization is an “insured”; but only to the extent that such person or organization qualifies as an “insured” under paragraph **A.1.c.** of this Section.

If you agree in a written contract, written agreement or written permit that a person or organization be added as an additional “insured” under this Coverage Part, the most we will pay on behalf of such additional “insured” is the lesser of:

- (1) The Limits of Insurance for liability coverage specified in the written contract, written agreement or written permit; or
- (2) The Limits of Insurance for Liability Coverage shown in the Declarations applicable to this Coverage Part.

Such amount shall be part of and not in addition to the Limits of Insurance shown in the Declarations applicable to this Coverage Part. Regardless of the number of covered “autos”, “insureds”, premiums paid, claims made or vehicles involved in the “accident”, the most we will pay for the total of all damages and “covered pollution cost or expense” combined resulting from any one “accident” is the Limit of Insurance for Liability Coverage shown in the Declarations.

Primary and Non-Contributory

If you agree in a written contract, written agreement or written permit that the insurance provided to a person or organization who qualifies as an additional “insured” under **SECTION II – LIABILITY COVERAGE, Paragraph A.1. Who Is An Insured, subparagraph Additional Insured if Required by Contract** is primary and non-contributory, the following applies:

The liability coverage provided by this Coverage Part is primary to any other insurance available to the additional “insured” as a Named Insured. We will not seek contribution from any other insurance available to the additional “insured” except:

- (1) For the sole negligence of the additional “insured”; or
- (2) For negligence arising out of the ownership, maintenance or use of any “auto” not owned by the additional “insured” or by you, unless that “auto” is a “trailer” connected to an “auto” owned by the additional “insured” or by you; or
- (3) When the additional “insured” is also an additional “insured” under another liability policy.

C. This endorsement will apply only if the “accident” occurs:

1. During the policy period;
2. Subsequent to the execution of the written contract or written agreement or the issuance of the written permit; and
3. Prior to the expiration of the period of time that the written contract, written agreement or written permit requires such insurance to be provided to the additional “insured”.

D. Coverage provided to an additional “insured” will not be broader than coverage provided to any other “insured” under this Coverage Part.

ALL OTHER TERMS, CONDITIONS, AND EXCLUSIONS REMAIN UNCHANGED.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

(6) To "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of or the failure to render any professional services.

This exclusion applies even if the claims against any insured allege negligence or

other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage" or the offense which caused the "personal and advertising injury" involved the rendering of or failure to render any professional services by or for you.

Agenda Wording

In order to minimize the mobilization of ash and debris by stormwater runoff, the implementation of protection measures was necessary in the Northwest and Balboa/South Indian Trail neighborhoods impacted by the Old Trails fire. Post-fire aerial imagery was used to determine that there is roughly 10,000+ linear feet of paved surfaces that would serve as pathways for ash and debris to be transported by runoff from impacted properties into the right-of-way and storm sewer system. Compost wattles, compost to fill sandbags, geofabric, etc. was purchased with urgency to deploy as stormwater protection measures. The costs of materials for the response totals roughly \$300,000. An initial purchase of \$90,720.00 has been made through Aardvark Bark Blowing and Landscape Services, LLC for twenty-one (21) trailer loads of 8-inch by 16-foot Tuff Sock wattles filled with Barr-Tech green medium compost. There will be additional purchases made under the emergency non-competitive procurement justification form that was approved on August 13, 2026.

EMERGENCY NONCOMPETITIVE PROCUREMENT JUSTIFICATION FORM

Date of Emergency: 8/13/2026

Department: Wastewater Management Department Contact Person: Raylene Gennett

Location of Emergency: Spokane Complex Fire Area

Estimated amount of this purchase: \$ 300,000

Requested Vendor: Unknown at this time

Is an existing vendor? yes ☐ no ☐ if no fill out the following

Vendor's Address:

Vendor Contact (name, email, phone):

Please answer the following questions in order to document and justify the existence of public exigency or emergency that supports approving an exemption to competitive procurement requirements.

If Council approval of emergency is required then an accompanying resolution must be created and presented to City Council per City Council rules.

Approved emergency exemptions satisfy the procurement requirements, all other statutory requirements must be met (business license, insurance, contract, etc.)

Confirm the City standard terms and conditions for the defined scope of work has been submitted to the requested vendor to ensure compliance with applicable statutes and policies.

If the vendor has already provided a bid/proposal include that with your completed justification form.

1. **Scope of Work:** Provide a description of the product or service being procured.
This request is submitted under the Mayor's Emergency Declaration and Executive Order EO 2026-0004.
Compost socks for swales and catch basin inlets to keep the contaminants on-site from the burned areas. These compost socks will help to prevent contaminants from entering streets, swales, catch basins, the aquifer, and wastewater system.
2. **Explain why a noncompetitive procurement is necessary, the justification should explain the nature of the public exigency or emergency, including specific conditions and circumstances that clearly illustrate why procurement other than through noncompetitive proposals would cause unacceptable delay in addressing the public exigency or emergency.**
There are known and unknown contaminants in the burned areas. This emergency purchase is necessary for public health and safety and the environment, to reduce and/or eliminate contaminants from entering streets, swales, catch basins, aquifer, and wastewater system. These compost socks will keep burn debris on property prior to a rain event. The sooner we are able to install these socks, we will keep contaminants contained to each property and out of the right-of-way. We are requesting to forego the formal bid process. We are reaching out to various vendors to attempt to obtain the best price for purchased materials.
3. **How long do you anticipate the exigency or emergency circumstances will continue?**
It will depend on when the debris will be removed from the properties. We hope to have the initial compost socks installed within a month. This would be ideal to complete before any major storms. There could be circumstances that will require us to continue to identify more assets that need to be protected or replace them depending on how long they are deployed.
4. **How long will the proposed contract be used for the defined scope of work?**
If the duration is greater than the expected duration of the emergency (e.g. ongoing maintenance and monitoring after a repair) What is the impact should the additional contract duration be denied?
We are not proposing a contract at this time. In the future, if we require more materials than we initially purchased, we would likely utilize the formal competitive procurement process for additional supplies and materials.
5. **Describe any known conflicts of interest and any efforts that were made to identify possible conflicts of interest before the noncompetitive procurement occurred. If a conflict of interest is unavoidable, such as due to exigent/emergency circumstances, explain how it was unavoidable and any steps taken to address the impact of that conflict of interest.**
There are no known conflicts of interest with any vendors that we contacted for bids.

My department's recommendation for noncompetitive procurement is based upon an objective review of the good/service being required and appears to be in the best interest of the City. I know of no conflict of interest on my part or personal involvement in any way with this request. No gratuities, favor, or compromising action have taken place. Neither has my personal familiarity with particular brands, types of equipment, materials or firms been a deciding influence on my request to select the vendor for this emergency purchase.

The City has neither direct nor immediate control over the Contractor nor the right to control the manner or means by which the Contractor works. Neither the Contractor nor any Contractor employee shall be an employee of the City. This Agreement prohibits the Contractor to act as an agent or legal representative of the City. The Contractor is not granted

express or implied rights or authority to assume or create any obligation or responsibility for or in the name of the City, or to bind the City. The City is not liable for or obligated to pay sick leave, vacation pay, or any other benefit of employment, nor to pay social security or other tax that may arise from employment. 20. CONSTRUAL.

The Contractor acknowledges receipt of a copy of the Agreement documents and agrees to comply with them. The silence or omission in the Agreement documents concerning any detail required for the proper execution and completion of the work means that only the best general practice is to prevail and that only material and workmanship of the best quality are to be used. This Contract shall be construed neither in favor of nor against either party.

21. DEBARMENT AND SUSPENSION.

RE: Clean Building Performance Standards (CBPS) Compliance Services

Dear Jeff:

Custom Energy was founded with a unique approach to assisting building owners in navigating the Washington State Clean Buildings Performance Standards (CBPS), often without the need for large capital projects. The attached information showcases our distinctive areas of expertise, abilities, and qualifications, all specifically tailored for City of Spokane.

We have successfully delivered turnkey CBPS compliance services for dozens of clients, including school districts, counties, and privately held companies. Our ability to provide comprehensive energy solutions and our dedication to exceeding client expectations have earned us selection via the Statement of Qualifications (SOQ) process by multiple public agencies, including the City of Spokane, Franklin County, Skagit County, Okanogan County, and Klickitat County.

As a **Woman-Owned, Small Business Enterprise** (#W2F0028912), **Custom Energy is also Washington State's only qualified WBE Energy Services Company (ESCO)**. We have successfully helped our clients apply for and receive Energy Efficiency Grants (EE-024), Clean Buildings Performance Grants (CBPG-024), and other grant and incentive programs to offset the cost of energy audits and improvements required by the CBPS.

We are excited about the opportunity to bring our expertise, experience, and dedication to your organization. We look forward to collaborating with you to create a more energy-efficient and sustainable future. Please feel free to reach out if you have any additional questions for our team.

Sincerely,

FEATURED PROJECTS

NUMERICA CREDIT UNION

Custom Energy performed Retro-commissioning and retro-balancing of existing HVAC systems for energy savings and improved performance. The existing HVAC equipment and systems were found to be in good condition, even though the building was failing the CBPS. This project has reduced energy use by 24%, allowing the building to achieve compliance with the CBPS.

KHQ-TV STUDIO, SPOKANE

Custom Energy has provided complete CBPS services from Benchmarking, ASHRAE 2 Audit, and Portal submission. Custom Energy also helped secure funding through CBPG program.

ROCKWOOD RETIREMENT COMMUNITIES

Rockwood Retirement selected Custom Energy through a professional referral and recommendation. All investment pathway activities for Rockwood's South Hill campus have been completed. In addition, Custom Energy is currently completing the Meets EUIt pathway activities for Rockwood's Whitworth campus.

SPOKANE PUBLIC SCHOOLS

Spokane Public Schools selected Custom Energy through an competitive RFQ process. We have completed benchmarking and developed a comprehensive CBPS compliance strategy for all SPS-owned buildings. This project includes 32 ASHRAE Level 2 Energy Audits, and 57 total EMPs, O&Ms, Compliance Forms, and submissions through the Portal.

MEAD SCHOOL DISTRICT

Mead School District selected Custom Energy through an RFP process. We have completed an ASHRAE Level 2 Energy Audit for all seven failing Tier 1 buildings owned by the District, secured an EE-024 grant, secured Tier 1 Energy Audit incentive, and reviewed all EMP and O&M work completed in-house by District personnel.

SPOKANE COLLEGES

Custom Energy completed Energy Benchmarking and developed a multi-year Clean Building strategy for Spokane Community College and Spokane Falls Community College. Both campuses are passing, and Custom Energy will complete Path 1 "Meeting the EUIt". Available incentives through WA Commerce will cover 95% of Custom Energy's cost to perform the required work.

We interviewed multiple firms and ultimately selected Custom Energy based on their understanding of the Clean Buildings Performance Standards and their attention to details and customer service. Custom Energy gave us options on how best to proceed, as some of the buildings in our District were failing the CBPS. They identified creative approaches and gave us options to determine the most cost-effective path to achieve compliance for our facilities."

EXTENSION OF INTERIM ZONING ORDINANCE FOR HEIGHT LIMITS

Agenda Wording

Extension of interim zoning ordinance for height limits.

Summary (Background)

Council adopted ORD C36646 in March 2025 as an interim zoning ordinance. The ordinance eliminated height limits in the downtown and clarified height limits in other zones across the city. As an interim zoning ordinance, it was assigned a duration of six months, which would expire on Sept 24th. On Sept 15, 2025, City Council adopted a six-month extension, with an expiration of March 24, 2026. City Council adopted a second extension on Feb 23, 2026. The Planning and Economic Development department continues to conduct engagement and study the impacts of permanent changes to height limits as part of the City's periodic update to the Comprehensive Plan. In addition, the City has engaged a consultant, Clarion, to assess and prepare a new development code to replace SMC Title 17. It is expected that policy work regarding the height changes will be completed with the Comprehensive Plan update and that code changes will be implemented as part of the Clarion project. This ordinance proposes to extend the duration of the interim ordinance another six months to March 24, 2027. This is anticipated to be the final extension before adoption of permanent code changes.

ORDINANCE NO. C36920

An ordinance to extend the duration of interim zoning ordinance C36646 and subsequent ordinances concerning height limits, reiterating a work program, and declaring an emergency.

WHEREAS, on March 24, 2025, City Council adopted ordinance C36646, an interim zoning ordinance regarding height limits; and

WHEREAS, on September 15, 2025, City Council adopted ordinance C36749, which extended the duration of ordinance C36646 to March 24, 2026; and

WHEREAS, on February 23, 2026, City Council adopted ordinance C36834, which extended the duration of ordinance C36834 to September 24, 2026; and

WHEREAS, on November 3, 2025, City Council adopted ordinance C36773, approving a consultant contract for the project entitled "Code Assessment and Modernization of Title 17 of the Spokane Municipal Code"; and

WHEREAS, the Planning and Economic Development department continues to perform related studies and public engagement as part of the periodic update to the City's Comprehensive Plan, requiring additional time beyond the original expiration; and

WHEREAS, the Code Assessment and Modernization of Title 17 of the Spokane Municipal Code is expected to continue beyond the expiration of expiration of the current interim zoning ordinance on September 24, 2026; and

WHEREAS, in light of the foregoing efforts, the City Council wishes to extend the current interim zoning ordinance an additional six months to March 24, 2027; and

WHEREAS, following council's initial adoption of this ordinance on September 2, 2026, it was discovered that that the requirements for extension of the interim zoning ordinance had not been followed, and therefore, council needed to reconsider its action on September 2, place the ordinance back on its legislative agenda, and schedule a public hearing, all as required under state law; and

WHEREAS, pursuant to RCW 36.70A.390, the City Council held a public hearing in support of the adoption of this ordinance on September 23, 2026; and

WHEREAS, the error in adoption of this ordinance was only recently discovered, and is sudden and unexpected, and requires immediate action to prevent or mitigate the threat of a lapse in the existing interim zoning ordinance; and

WHEREAS, the normal course of legislative procedures of the City Council cannot timely prevent the lapse in the existing interim zoning ordinance and this ordinance needs to have immediate effect to prevent harm to the community or government functions;

NOW, THEREFORE, the City of Spokane does ordain:

Section 1. Findings of Fact. The recitals set forth above are hereby adopted as the City Council's findings of fact in support of the extension of the interim zoning control set forth in ordinances C36646, CC36749, and C36834. The City Council may, in its discretion, adopt additional findings after the public hearing referenced in Section 6 below

Section 2. Hearing. That the hearing held at the time of adoption of this ordinance fulfills the requirement of RCW 36.70A.390 to hold a hearing in connection with this extension.

Section 3. Work Plan. That the Planning and Economic Development Department shall continue to study, conduct additional public engagement, and evaluate height limits as part of the periodic update to the Comprehensive Plan and the Code Assessment and Modernization of Title 17 of the Spokane Municipal Code projects.

Section 4. Duration. That the duration of the interim zoning ordinance initially enacted by Ordinance C36646, and extended under ordinances C36749 and C36834, shall be extended an additional six months to March 24, 2027.

Section 5. Severability. If any section, sentence, clause or phrase of this ordinance should be held to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality shall not affect the validity or constitutionality of any other section, sentence, clause or phrase of this ordinance.

Section 6. Clerical Errors. Upon approval by the city attorney, the city clerk is authorized to make necessary corrections to this ordinance, including scrivener's errors or clerical mistakes; references to other local, state, or federal laws, rules, or regulations; or numbering or referencing of ordinances or their sections and subsections.

and its existing public institutions, and that because of such need, this ordinance shall be effective immediately under Section 19 of the City Charter and under Section 01.01.080 of the Spokane Municipal Code, upon the affirmative vote of one more than a majority of the City Council

SPECIAL BUDGET ORDINANCE - NORTHSIDE LANDFILL FIRE DAMAGE REPAIRS

Agenda Wording

Amending ordinance No. C36794, entitled in part, "An ordinance adopting a mid-biennial modification budget for the City of Spokane" and amending it to increase appropriation to restore extensive unplanned damage at the Northside Landfill due to the August 2026 wildfires, and declaring an emergency.

Summary (Background)

The August 2026 wildfire caused extensive unplanned damage at Northside Landfill (NSLF), creating immediate costs for site stabilization, environmental protection, infrastructure repair, erosion control, revegetation, debris-response equipment, and restoration of critical landfill systems. This work must begin during the current biennium to maintain regulatory compliance, protect the landfill's environmental-control systems, prevent additional damage, and support continued safe operations. The associated expenditures are being incurred now and must be separately authorized and tracked to support FEMA and insurance documentation and reimbursement. Waiting until the 2027-2028 biennium would leave current emergency-response and recovery costs without sufficient budget authority and could delay necessary work or jeopardize reimbursement eligibility.

What impacts would the proposal have on historically excluded communities?

The proposal is expected to have a neutral-to-positive impact on historically excluded communities. Work will occur within the existing Northside Landfill footprint and will not displace residents, restrict access to public services, impose new customer fees, or change service eligibility. Restoring vegetation will reduce exposed soil, erosion, fugitive dust, stormwater runoff, and infiltration risks, benefiting nearby residents, landfill employees, customers, and people who may be especially vulnerable to poor air quality or environmental hazards. Temporary construction impacts, including dust, noise, and truck traffic, will be managed through

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

Because this proposal restores existing landfill infrastructure and does not provide benefits or services based on individual eligibility, the City will not collect personal demographic information solely for this project. The City will track the location and nature of complaints, dust or odor observations, stormwater concerns, service disruptions, and reported health or safety impacts. If off-site impacts are identified, the City may compare their geographic distribution with publicly available, aggregated Census or American Community Survey information to determine whether racial, ethnic, income, disability, or other historically disadvantaged

How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

The City will establish baseline conditions through photographs and preconstruction inspections. During the project, staff will document acres treated, seed and erosion-control materials applied, installation dates, weather conditions, contractor progress, and costs. Follow-up inspections will evaluate vegetation establishment, percentage of ground cover, bare areas, erosion or rilling, sediment movement, fugitive dust, stormwater conditions, and areas requiring reseeding or repair. Inspections will occur during establishment, following significant precipitation or snowmelt, and during the next growing season. If vegetation or erosion-

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

The proposal supports the City's Comprehensive Plan goals related to public health, environmental protection, reliable public services, and responsible stewardship of public facilities. It aligns with the Sustainability Action Plan by restoring protective vegetation, reducing erosion and fugitive dust, limiting stormwater infiltration, and improving the landfill's resilience to extreme weather and wildfire impacts. The work supports the City's capital and asset-management objectives by restoring an existing permitted public facility and protecting prior public investment rather than expanding landfill capacity. It is also consistent with neighborhood and Council policies that emphasize minimizing off-site environmental impacts, maintaining safe essential services, and

RESOLUTION APPROVING COUNCIL OPERATIONS GUIDE

Agenda Wording

A resolution adopting a "Council Operations Guide pursuant to Section 9 of the Spokane City Charter and Chapter 02.005 of the Spokane Municipal Code.

Summary (Background)

The City Council requires independent city employees, reportable only to the City Council, to perform its legislative functions. Historically the Council found it necessary to employ regular, full-time administrative, budget, and policy staff to assist in its legislative functions. The Council recently engaged the Matrix Consulting Group ("Matrix") to evaluate council operations and to develop an "operations guide" for the City Council office. Matrix completed its review in June and, as contracted, prepared a draft "Council Operations Guide" for the Council's consideration and potential adoption, which draft is attached as Exhibit "A" to the resolution. As currently written, the resolution formally adopts the Council Operations Guide and provides that it will be binding on all City Council members and staff as of the effective date of the resolution, subject to any state or local laws that may be in conflict with its provisions and to the extent not otherwise expressly modified by future written council resolution(s).

What impacts would the proposal have on historically excluded communities?

None discernable. The Operations Guide is intended to ensure orderly and efficient operation of council, and, to that extent, benefits all Spokane citizens.

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

The operations guide will be reviewed periodically to ensure recommended procedures and rules function well.

How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

See answer above.

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

Resolution and guide are consistent with Section 9 of the City Charter and SMC 02.005.

Council Subcommittee Review

Extensive review of Matrix recommendations by council as a whole and the Operations Workgroup.

1. Introduction

1.1 Purpose

The Legislative Services and Council Operations Guide is the primary operational reference for all Council Office staff and newly elected Council Members. It documents roles, responsibilities, protocols, and performance expectations that govern how the City Council and its staff deliver legislative services to the residents of Spokane.

It serves four purposes:

- **Onboarding:** Orient newly elected officials and newly hired staff to office operations, expectations, and resources.
- **Consistency:** Establish shared standards for assigning, performing, and communicating work.
- **Accountability:** Define clear expectations to support performance management.
- **Continuity:** Preserve institutional knowledge through election cycles and staff transitions.

This guide supplements — and does not supersede — the City Charter, the Spokane Municipal Code (SMC), the Council Rules of Procedure, and applicable City administrative policies. Where conflicts arise, the formal legal authorities take precedence.

This is a living document. The Council is responsible for reviewing and, by resolution, adopting an updated version of this each year, ensuring that it continually reflects the Council's vision and desired legislative approach. The Council Executive Director is responsible for maintaining and distributing current versions of this Guide.

1.2 Mission & Values

The Council Office exists to support the City Council's mission as the City's legislative body.

Mission: To provide professional, nonpartisan legislative support that enables the City Council to govern effectively, transparently, and in the public interest.

The office is guided by these values:

- **Public Service:** The Council Office's primary obligation is to serve the residents of Spokane and uphold the public interest through effective, equitable, and accountable legislative support, responsive constituent services, and accessible policymaking processes.
- **Professionalism:** Council Members and staff are expected to maintain an atmosphere of professionalism grounded in respect, preparedness, accountability, and constructive communication. Staff is expected to provide accurate, timely, and solution-oriented work products that support informed decision-making and effective governance. Professionalism is demonstrated through respectful interactions, adherence to established policies and procedures, appropriate workplace conduct, and a commitment to effective legislative operations.
- **Integrity:** Council Members and staff are expected to conduct themselves with accountability, impartiality, mutual respect, and responsible stewardship of public resources. While Council Members appropriately advance policy priorities reflective of their elected roles, staff are expected to maintain objectivity, neutrality, and professional independence in performing their responsibilities.
- **Responsiveness:** Council Members and staff are expected to be responsive, accessible, and professional in their interactions with one another, constituents, partner agencies, and stakeholders. Responsiveness includes timely communication, reliable follow-up, and equitable access to staff support and organizational resources.
- **Continuity:** Institutional knowledge, operational practices, and legislative records are maintained and transferred to support organizational consistency, stability, and effective operations regardless of election outcomes or staff changes.

2. Governance Context & Organizational Overview

2.1 Form of Government

Spokane (population approximately 230,609) operates under a Council-Mayor form of government. The City Charter vests all ordinance-making and budget appropriations authority in the City Council while assigning executive and administrative authority to the Mayor. This structural separation means the Council requires independent professional capacity to effectively develop, evaluate, and implement policy.

2.2 Council Composition

The City Council is composed of seven elected members: one Council President, elected at large, who serves as presiding officer; and six Council Members, each representing one of three population-based geographic districts (two per district). All members serve four-year terms, limited to two consecutive terms. The Council President and each Council Member have equal voting rights.

2.3 Governing Authorities

Authority	Relevant Provisions
Spokane City Charter	Legislative authority of the Council (Article III); form of government (Article IV); ethics and conflicts of interest (Art. IV §36); neighborhood councils (Article VIII). Ordinances require two public title readings; the Mayor has 10 days to respond to a Council action with veto power; the Council may override a veto within 30 days by five affirmative votes.
Spokane Municipal Code (SMC)	SMC §02.005 defines Council composition, the Council President's role as department head, and the Council Legislative Assistant structure. SMC §02.01 governs Rules of Procedure. SMC §01.04 establishes the City's ethics code.
Council Rules of Procedure	Adopted by resolution (currently Resolution 2026-0009, adopted March 9, 2026). Governs meeting conduct, agenda processes, committee operations, public comment, voting, and parliamentary procedure. Reviewed and updated annually by February 28.
Washington State Law	Governs city authority and responsibilities, open public meetings (RCW 42.30), public records (RCW 42.56), the Washington Minimum Wage Act (WMWA) governing overtime, and other applicable requirements.

2.4 Staffing Model

The Council Office uses a hybrid model: centralized professional staff serving the full Council, and member-assigned Legislative Assistants supporting individual Council Members.

Position	Count	Service Type
Council President + Council Members	7 elected	Legislative Body

Council Executive/Office Director	1	Centralized
Policy Advisor	1	Centralized
Budget Director	1	Centralized
Director of Communications	1	Centralized
Manager of Intergovernmental Affairs	1	Centralized
Policy Analyst	0-1	Centralized
Budget Analyst	0-1	Centralized
Senior Executive Assistant	0-1	Centralized
Legislative Assistants	3-7	Member/District-Assigned

Centralized positions serve the Council as a whole. Member-assigned Legislative Assistants serve their individual Council Member/the Council members elected to their respective district.

Commented [AM1]: PLACEHOLDER - FOR FINAL ADDRESSING ANY ADJUSTMENTS.

2.5 Supervisory Structure

The Council President serves as department head and provides high-level oversight of the Council Office. The Council Executive Director manages day-to-day operations and has direct supervisory authority over all Central Staff. All Council Office employees serve in an at-will capacity. Each Council Member directly hires, supervises, and may discharge their assigned Legislative Assistant, with the Council Executive Director providing HR oversight. HR and administrative authority over Central Staff rests exclusively with the Council Executive Director; individual Council Members may not direct Central Staff assignments without coordinating through the Council Executive Director.

2.6 Office Budget

The Council Office budget is adopted annually as part of the City's General Fund. The Council President serves as the primary signatory for Council Office budgetary expenditures. The Council President may approve budget expenditures of \$10,000 or less without a full council vote; expenditures above \$10,000 that differ from the adopted budget require approval by four Council Members at an open public meeting.

If there is a question about whether a proposed expenditure falls within or outside the \$10,000 threshold — including disputes about whether related purchases should be treated as a single transaction — the Council Executive Director makes an initial determination in consultation with the Budget Director. If the Council President disagrees with that determination, the matter is brought to the full Council for resolution at the next available open public meeting before the expenditure is authorized.

3. Roles & Responsibilities

Role definitions below describe primary duties and scope. They supplement and should be read alongside official job classifications.

3.1 Council President

In addition to all duties shared with Council Members, the Council President:

- Presides over all City Council meetings and ensures compliance with the Rules of Procedure.
- Represents the Council on intergovernmental boards and regional bodies (Airport Board, PFG Board, Community Assembly, etc.).
- Makes annual appointments of Council Members to standing committees, external boards, and commissions, subject to full Council confirmation.
- Serves as department head of the Council Office; delegates day-to-day management to the Council Executive Director.
- Approves travel, budget expenditures, and administrative matters on behalf of the Council Office.
- Serves as Mayor Pro Tem in the Mayor's absence or incapacity, at which time legislative responsibilities are temporarily suspended.
- Participates in recurring, weekly one-on-one meetings with the Mayor.
- Receives some administrative support from the Senior Executive Assistant.

3.2 Council Members

Council Members carry out the following legislative, policy, and community responsibilities:

- Research, evaluate, deliberate, and vote on ordinances, resolutions, budgets, and policy measures.
- Develop, sponsor, and advance policy initiatives that reflect district priorities, community needs, and broader interests of the City.
- Chair or serve on standing committees: Public Safety & Community Health; Public Infrastructure, Environment & Sustainability (PIES); Urban Experience; and Finance & Administration.
- Represent the City's legislative interests on assigned regional boards, commissions, intergovernmental committees, and community partnerships.
- Maintain accessible, responsive, and professional constituent services.
- Participate in public communication efforts, including media interviews, public meetings, community outreach, and dissemination of legislative information.
- Engage regularly with Neighborhood Councils, community organizations, and partner agencies to support collaboration, transparency, and public involvement in local governance.
- Participate in recurring coordination meetings with the Mayor, Council leadership, staff, and other governmental partners to support intergovernmental communication and organizational alignment.
- Hire, supervise, direct, and may discharge assigned Legislative Assistant staff.
- Attend and actively participate in required legislative functions, including agenda review sessions, legislative meetings, standing committee meetings, study sessions, regional assignments, and district-related community meetings and events.

3.3 Council Executive Director

The Council Executive Director is the chief administrative officer of the Council Office, providing strategic leadership, operational oversight, and day-to-day management support to the City Council and Central Staff. Reporting to the Council President and Council Members, the position oversees legislative support operations, Central Staff supervision, workflow coordination, agenda management, personnel and budget administration, and the development of standardized procedures to ensure consistent, effective, and equitable support services aligned with Council priorities and legislative responsibilities. In the event of an extended absence, prolonged leave, or vacancy in the Council

Executive Director position, the Policy Advisor shall perform the duties of the position on an interim basis to ensure continuity of Council Office operations, staff coordination, and legislative support until the Council Executive Director returns, the position is filled or otherwise directed by the City Council.

To maintain clear lines of supervision and coordination, requests for administrative support from Central Staff should be coordinated through the Council Executive Director, who may then assign or prioritize work for the Senior Executive Assistant as appropriate.

3.4 Policy Advisor

The Policy Advisor serves as the lead for procedural and policy development and analysis, supporting the City Council by conducting research on initiatives and reviewing ordinances, resolutions, and legislative proposals. The position coordinates with the City Attorney's Office on Council-related legal matters, provides guidance on legislative procedures and compliance with Council Rules of Procedure, supports legislative workflow coordination and operational consistency, and assists in the supervision of the Policy Analyst. The Policy Advisor assumes the duties of the Council Executive Director in the event of a protracted absence and/or vacancy.

3.5 Budget Director

The Budget Director provides fiscal oversight, budget analysis, and financial policy support to the City Council, including reviewing the Mayor's proposed budget, preparing budget amendments, coordinating fiscal notes, and analyzing legislative and financial impacts. The position serves as the Council's primary resource for budget development, financial forecasting, labor and contract-related fiscal analysis, and oversight of the Council Office budget, while supervising budget analysts and supporting Council decision-making throughout the annual budget process.

3.6 Director of Communications

The Director of Communications provides the Council with an independent voice through communications, media relations, and public information support separate from the executive branch. The position oversees Council communications strategies, public outreach, media coordination, digital communications, and Council meeting broadcast content, while supporting consistent messaging across Council offices and maintaining a Council-approved communications strategic plan to guide communication priorities, protocols, and resource allocation.

3.7 Manager of Intergovernmental Affairs

The Manager of Intergovernmental Affairs provides the City Council with legislative advocacy, government relations, and regional coordination support, including monitoring federal, state, and regional legislative activity; coordinating lobbying and legislative agenda efforts; and facilitating partnerships with government agencies, regional organizations, and community stakeholders. The position also supports policy analysis and strategic coordination related to intergovernmental relations, nonprofit and community partnerships, grant and funding opportunities, and other regional policy initiatives affecting Council priorities and legislative interests.

3.8 Policy Analyst

The Policy Analyst(s) provide the City Council and Central Staff with dedicated legislative, policy, and analytical support within assigned subject-matter portfolios aligned with Council priorities and major areas of City operations, and coordination with the appropriate Administrative departments. Responsibilities include conducting policy research and analysis, supporting ordinance and resolution development, preparing legislative briefings and presentations, assisting with committee operations and agenda review, monitoring legislative and regional developments, and providing research and background materials to support Council decision-making. One Analyst position is assigned, in whole or in part, to fiscal analysis functions in coordination with the Budget Director. These positions are

structured to provide focused legislative and policy support aligned with the Council's core legislative mission.

3.9 Senior Executive Assistant

The Senior Executive Assistant provides centralized administrative coordination and executive-level support to the City Council and Central Staff under the direction of the Council Executive Director. This position serves as the Council Office's primary administrative support role and central administrative resource, with responsibility for procurement, clerical support, scheduling, purchasing and expense administration, public records request tracking, constituent inquiry coordination, and logistical support for Council meetings and events.

The position also provides scheduling and communications support for the Council President, maintains centralized calendars, supports standardized office procedures, and helps ensure administrative workflows are completed consistently across the Council Office. In coordination with Policy Analysts, the Senior Executive Assistant may also assist with committee agenda preparation and related meeting materials, including agenda formatting, posting, packet preparation, and follow-up documentation. By centralizing these administrative functions, the position allows policy and analytical staff to remain focused on legislative research, budget analysis, committee support, and other higher-level Council priorities.

3.10 Legislative Assistants

Legislative Assistants provide primarily administrative and constituent support to their assigned Council Member, including calendar management, scheduling, constituent communications, meeting and event coordination, correspondence preparation, district outreach coordination, and assistance with communications and community engagement activities. The position serves as the primary day-to-day administrative support resource for Council Members and facilitates coordination between Council Members, constituents, community organizations, and City departments.

Legislative Assistants are assigned to support specific Council Member offices and are expected to coordinate cross-office workload requests through the Senior Executive Assistant. Communications on legislative matters where the Council has not formally taken a position must be clearly identified as representing the views of the individual Council Member rather than the full Council.

4. Core Services & Work Products

4.1 Primary Services

Primary services most directly advance the Council's legislative mission and receive priority in workload planning. This is a coordinated effort between the Council and Administration, with roles outlined below:

- **Legislative Research & Analysis:** Objective, independent research and analysis on policy issues, ordinances, resolutions, and legislative proposals.
- **Policy & Ordinance Development:** Translating Council initiatives and ideas into enforceable policy and law through research, stakeholder engagement, drafting, and legal review.
- **Budget Review & Fiscal Oversight:** Developing Council goals and priorities, independently analyzing the Mayor's proposed budget, developing budget amendments, and evaluating fiscal impacts of legislation.
- **Agenda & Legislative Process Management:** Managing the legislative workflow from item submission through committee review, agenda placement, public hearing, and final Council action.
- **Constituent Services:** Primary contact for city residents, including navigating district-specific needs and requests, responding to inquiries, coordinating issue resolution with City departments, and managing public records requests.
- **Public Communications:** Council communications, media relations, legislative summaries, and community outreach and education.
- **Committee & Meeting Coordination:** Organizing committee work programs, agendas, and facilitating public deliberation.
- **Intergovernmental Affairs:** Advancing the City's federal and state legislative agenda and coordinating with regional bodies.
- **Stakeholder Engagement:** Facilitating community input and public participation processes.
- **Performance & Oversight Support:** Monitoring implementation and effectiveness of adopted legislation and budget allocations.

Several of these services are shared between City Administration and the Council Office. In some circumstances, the Council Office's role will be to perform analysis and/or preparation work to provide to City Administration, while some tasks will be wholly driven by Council Office staff. Ownership of specific tasks will be determined on a case-by-case basis.

4.2 Legislative Development Materials

Legislative Initiatives

- **Legislative Intake Forms:** Capture the purpose, sponsor, requested timeline, desired outcome, and known fiscal, legal, operational, or stakeholder considerations.
- **Initiative Screening Summaries:** Determine the appropriate level of staff analysis, coordination needs, work product type, and readiness for further development.
- **Policy and Analytical Memos:** Evaluate the initiative's background, policy tradeoffs, legal considerations, fiscal impacts, implementation risks, and Council options.
- **Fiscal and Implementation Summaries:** Identify budgetary impacts, staffing needs, departmental responsibilities, timeline considerations, and operational barriers.
- **Vetting and Prioritization Reviews:** Assess larger or more complex initiatives to determine organizational readiness, resource requirements, sequencing, and whether sufficient staff, fiscal, or policy support exists to advance the item.
- **Draft Legislative and Referral Materials:** Translate Council direction into draft ordinances, resolutions, amendments, policy language, budget action items, or committee/Council referral materials.

Policy & Legislative Analysis

- **Descriptive Briefings:** Summarize what a proposed action is intended to accomplish, with background and relevant considerations. Used for routine or ministerial items.
- **Analytical Memos:** Provide descriptive content plus independent analysis of policy tradeoffs, implementation risks, legal considerations, and options for Council action.
- **Policy Strategy Memos:** Frame a policy problem, map the legal and fiscal landscape, and present a range of legislative options and timelines.

Budget & Fiscal Products

- **Fiscal Notes:** Required for all significant legislation, including proposals that create or modify City programs or services, add or reduce staffing, establish new service levels, amend fees or revenues, require new appropriations or budget amendments, affect capital or operating costs, create ongoing financial obligations, or shift work responsibilities across departments. Fiscal notes evaluate the short and long-term financial impact of proposed legislation on city resources, including anticipated costs, savings, revenue impacts, funding sources, implementation needs, and staffing implications.
- **Budget Overview Papers:** Solidify the Council's annual budget priorities and provide these to the Mayor's office for consideration in budget development. Summarize the Mayor's proposed budget by area, identify issues for Council consideration, and present options for amendment.
- **Budget Amendments:** Formal legislative modifications to the proposed budget, drafted by the Budget Director.

Legislative Drafts

- **Ordinances:** Formal legal enactments. Drafted by the Policy Advisor or Policy Analysts in coordination with the City Attorney's Office.
- **Resolutions:** Formal expressions of Council policy or direction. May be drafted by Central Staff or Legislative Assistants, depending on subject matter.

Board, Commission, Committee Appointments

- **Board & Commission Appointments:** Policy Analysts coordinate the application, review, and presentation process for Board, Commission, and Committee appointments in their assigned areas, producing materials for routine appointment or reappointment actions.
- **Director Confirmation Processes:** Policy Analysts lead the confirmation process for Mayoral appointments subject to Council confirmation in their assigned areas.

Circumstances Not Requiring a Central Staff Deliverable

Not every item before the Council requires Central Staff analysis. For the following categories, Legislative Assistants lead the process. Central Staff members are available to answer process questions and review draft materials for accuracy, but do not prepare formal memos or presentations:

- **Resolutions on Matters Outside the City's Direct Authority:** For resolutions making statements related to federal or state policies (e.g., positions on national legislation), Legislative Assistants lead drafting. Central Staff ensures City Attorney review occurs so the resolution is procedurally ready for introduction and may draft amendments.
- **Routine Items:** Items that are ministerial, non-controversial, and have been reviewed by the City Attorney's Office may proceed without a Central Staff memo when the Council Executive Director determines that the Executive's transmittal materials provide sufficient information for Council decision-making.

In all cases, the Council Executive Director makes the final determination on whether a Central Staff work product is required, based on available capacity, the complexity of the item, and the Council's information needs.

4.3 Staff Assignment & Request Protocols

Request Thresholds

The following thresholds govern how requests are routed and tracked. However, staff workload must be communicated to the Council Executive Director each time a request is made directly to Central Staff.

- Requests with a completion timeline of less than four hours (half day) may be communicated directly by a Council Member to the relevant staff member. All such direct assignments must be reported to the Council Executive Director.
- Requests with a completion timeline of more than four hours (half day) are to be directed to the Council Executive Director, who coordinates the assignment.
- Requests with a completion timeline of 20 or more hours require notification to the full Council so all members are aware in advance of the staff commitment.
- Timeline adjustments and reclassification: the level of effort may be unclear at intake; as such, requests may be reclassified as work begins based on simplicity, complexity, research need, coordination requirements, or emerging staff capacity considerations. When a request is moved into a different review or routing category, the requesting Council Member is notified of this change.

Equitable Access

All Council Members have equitable access to Central Staff services. The Council Executive Director is responsible for managing competing priorities in a fair and balanced manner to ensure that no individual Council Member's requests regularly or disproportionately limit another Council Member's access to analytical, policy, or legislative support.

Prioritization

When competing requests arise, staff apply the following principles:

- Time-sensitive legislative matters (statutory deadlines, emergency ordinances, pending votes) take priority over long-range projects.
- Staff must proactively communicate timeline constraints and workload conflicts to requesting offices as soon as they are identified.

Confidentiality on Legislative Projects

- When Central Staff works confidentially with a Council Member on draft legislation prior to introduction, that work product is not shared with others until introduction, unless the legislation requires at least 20 hours of Central Staff time, in which case notification to the full Council is required. The Council Executive Director must be aware of all active projects.

Communication Standards: Transparent Review Process

Central Staff analysts must maintain clear communication with legislative sponsors and the relevant committee chair regarding issues identified through their analysis and how those issues will be presented in work products. A Council Member may not always agree with the analysis but should not be surprised by it when it is published or presented.

- When an analyst identifies a significant policy concern, legal issue, or fiscal impact in a piece of legislation, they must communicate that finding to the sponsoring office before the work product is finalized — not for approval, but so the sponsor is aware of what the analysis will say.
- Staff must proactively raise emerging workload conflicts, timeline changes, and scope adjustments to requesting offices and to the Council Executive Director as soon as they are identified.
- Central Staff may share draft analysis with the Executive branch when needed to verify factual accuracy. When this occurs, the period of shared review must be brief, and the purpose must be disclosed to the sponsoring Council Member.

Analyst Independence

The Council Executive Director retains final authority over the level of research or analysis that can be produced, the production timeline, and the assignment of staff to a project. Within those parameters, individual analysts have final authority over the content of the memos, fiscal notes, budget overview papers, presentations, and budget amendments they produce. Council Members are welcome to provide feedback and raise factual errors, but the analyst's independent judgment governs the substance of their work product.

- The Council Executive Director and direct supervisors of Policy Analysts retain the authority to guide the scope, structure, content, and analytical approach of work products, including determining what information should be included, refined, condensed, or further developed.
- No analyst may be directed by a Council Member, Legislative Assistant, or any other party to change their findings or omit material information from a work product.
- If an analyst believes they are being pressured to compromise the objectivity or completeness of their work, they must notify the Council Executive Director immediately. The Council Executive Director is responsible for resolving the situation and, if necessary, escalating to the Council President.

Escalation When the Concern Involves the Director: When the concern about improper influence involves the Council Executive Director themselves, the staff member should report directly to the Council President, bypassing the Council Executive Director entirely. If the concern involves both the Council Executive Director and the Council President, the staff member may report directly to the City's Human Resources Department, the City Attorney's Office, or through the process established under Washington State's Local Government Whistleblower Protection Act (RCW 42.41). No staff member shall face retaliation for making a good-faith report through any of these channels.

- This independence serves as a structural safeguard for the Council as a whole, rather than an individual prerogative of the analyst. It helps ensure that all seven Council Members can rely on the accuracy, completeness, and objectivity of the analysis they receive, regardless of who requested it.
- If a Council Member has concerns regarding the quality, completeness, tone, or character of an individual analyst's work product, those concerns should be raised with the Council Executive Director for review and, where appropriate, addressed as a supervisory or performance management matter.

4.4 Outside Legal Counsel

The City Attorney's Office provides legal counsel to the City Council and its staff and reviews all Council-generated legislation before introduction. All legal inquiries are coordinated through the Policy Advisor, and all legal advice remains confidential unless waived by five affirmative Council votes.

5. Legislative Processes & Workflows

5.1 Ordinance & Resolution Lifecycle

Stage	Owner	Description
1. Idea / Proposal	Council Member / Policy Advisor	Council Member identifies a policy goal. Policy Advisor or Analyst assists in scoping into a policy framework. Legislation must be sponsored by at least two Council Members.
2. Drafting	Policy Advisor / City Attorney	Legislation drafted by Central Staff or City Attorney's Office. All items must be in final or close-to-final form before committee placement.
3. Committee Introduction	Council Executive Director	Director coordinates placement on the appropriate standing committee. Items submitted to OnBase by 5:00 p.m. Wednesday; all OnBase approvals by 9:00 a.m. Thursday.
4. Committee Review	Committee Chair / Policy Analyst	Committee discusses the proposal. Public testimony accepted. Legislation must be sponsored by at least two Council Members.
5. Full Council – First Reading	Council President / City Clerk	Item placed on the full Council legislative agenda. Includes opportunity for public comment. Must have been on file with City Clerk at least three business days.
6. Full Council – Final Reading & Vote	Full Council	Typically, two or more weeks after First Reading. Council deliberates, makes final amendments, and votes. Four or more affirmative votes required for passage.
7. Mayoral Action	Mayor's Office	Non-emergency ordinances transmitted to the Mayor within five days. Mayor has 10 days to sign, veto, or take no action. Council may override a veto within 30 days by five affirmative votes.

5.2 Council Initiative Process

A Council Member may initiate new legislation or a policy change through the process below. The table shows both the Central Staff role and the Council Member role at each stage. This parallel structure is intended to make clear who is responsible for what within the varying office roles.

Legislative Change Request

Stage	Central Staff Role	Council Office Role
1. Initiation	Policy Advisor or relevant Policy Analyst meets with the sponsoring office to scope the issue: problem being addressed, desired outcome, legal and fiscal landscape, and preferred timeline. For projects likely to require more than 20 hours of staff time, Central Staff prepares a brief written scope summary (see below) before major resources are committed.	Sponsoring Council Member engages Central Staff early. Provides direction on policy intent. Legislation must be sponsored by at least one Council Member to get on Committee and two are required to move out of Committee.
2. Research	Policy Advisor leads research: reviews legal constraints, comparable city approaches, fiscal implications, and operational considerations. Presents findings to the sponsoring office.	Provides direction on how to proceed based on research presented. Leads external stakeholder engagement. Clarifies Central Staff's role to stakeholders.
3. Drafting	Policy Advisor leads drafting of legislation in coordination with the City Attorney's Office. Seeks input from executive subject-matter experts as deemed appropriate. Drafts fiscal note. Coordinates legal review prior to introduction.	Reviews drafts to ensure policy intent is reflected. Provides recitals language. Decides on policy choices presented by Central Staff.
4. Committee Introduction	Coordinates upload to OnBase and placement on committee agenda by the Senior Executive Assistant. Policy Analyst then prepares a descriptive memo for the first committee discussion.	Coordinates with the Council President's office on committee assignment and introduction timing.
5. Committee Discussion	Analyst prepares analytical memo identifying policy issues for deliberation. A second analyst may be assigned to provide independent issue identification. Drafts amendments as directed by Council Members. Director of Communication becomes engaged as this fits within the Council's strategic communications plan.	Sponsor presents the merits of the legislation and engages other Council Members, stakeholders, and media. Sets committee discussion schedule and amendment timeline in coordination with Central Staff.

6. Full Council Action	Prepares the legislation, as amended, for final consideration. Updates fiscal note as needed. Policy Analyst provides an analysis of the proposal.	Sponsor speaks to the merits at the legislative session. Manages stakeholder engagement through final vote.

Scoping Summary for Large Projects

For any Council-initiated project estimated to require more than 20 hours of Central Staff time, the Council Executive Director prepares a brief written scope summary before substantive work begins. This document is shared with the sponsoring Council Member and the full Council for awareness. It covers:

- The policy issue or goal the project is intended to address.
- The anticipated Central Staff work product and role (research, drafting, analysis, or a combination).
- An estimated timeline for key milestones.
- Any known dependencies, legal constraints, or capacity considerations.

The scope summary is not a formal agreement, rather this is a shared understanding that reduces miscommunication and helps the Council Executive Director manage workload across competing requests. The scope summary may be updated as the project develops.

5.3 Agenda Development Workflow

The Council Executive Director manages the legislative workflow, while the Senior Executive Assistant manages agenda creation, development, and finalization in OnBase.

Key standards for agenda development workflow include:

- **OnBase Submission Deadline:** Items must be uploaded to OnBase by 5:00 p.m. on the Wednesday preceding the desired committee meeting date.
- **OnBase Approvals:** All OnBase approvals must be completed by 9:00 a.m. on the Thursday preceding the desired meeting date. Items that do not clear by this deadline may be added at the committee chair's discretion.
- **Required Agenda Sheet:** Each submission must include a fully completed agenda sheet, including a plain-language summary, fiscal impact information, and identification of the Council sponsors. Items with incomplete fiscal information may be excluded by the committee chair or referred to the Finance & Administration Committee for additional review.
- **Committee Agenda Circulated:** Staff will circulate the final committee agenda by the close of business on the Friday preceding the meeting.
- **Fiscal Note Requirement:** Any ordinance or resolution that would impact the City's fiscal condition, based on fiscal note defined standards and requirements, must note that fact on the agenda sheet and include a brief fiscal impact description.
- **Legislative Agenda Distribution:** Final agendas are published and distributed in compliance with the Washington State Open Public Meetings Act (OPMA) notice requirements.
- **Amendment Deadline:** Proposed amendments must be submitted in writing to the City Clerk and all Council Members and staff in accordance with the Council's rules. Each amendment must include a purpose statement and be provided in both clean and redline format. Late amendments, if adopted at the next agenda review session, will automatically defer the item to the next legislative agenda.

5.4 Meeting Schedule

The Council holds three types of regular meetings each week:

- **Agenda Review:** Held Tuesdays at 11:00 a.m. (effective 2026). Agenda Review is used to review the final and draft agendas for the next two legislative meetings and to approve the draft agenda as the final agenda. Any Council Member may move to defer, refer, amend, or withdraw an item.
- **Committee Meetings:** Held monthly on Tuesdays at 1:00 p.m. (effective 2026). Each standing committee meets during its designated week: Public Safety & Community Health in the first week, PIES in the second week, Urban Experience in the third week, and Finance & Administration in the fourth week.
- **Legislative Sessions:** Held on Wednesdays at 6:00 p.m. (effective 2026). Legislative Sessions are the Council's formal public meetings. Open forum follows the conclusion of all legislative business.

5.5 Public Records Compliance

The Council Office operates under Washington State's Public Records Act (RCW 42.56).

- All correspondence, documents, emails, text messages, and records created in the performance of official duties are subject to public records requests, including communications on personal devices.
- Requests received by any Council Office staff member must be immediately forwarded to the Senior Executive Assistant, who coordinates responses with the City Clerk's Office.
- Records must be retained per the Washington State Records Retention Schedule. Staff may not delete any official record without the Director's authorization.

5.6 Post-Adoption Tracking and Oversight

Following the adoption of legislation or policy initiatives, designated Central Staff analysts should maintain ongoing implementation tracking and oversight to preserve institutional knowledge, monitor progress toward intended outcomes, and evaluate operational impacts, amendments, and implementation challenges over time. The Policy Advisor is responsible for coordinating with departments to collect and maintain relevant implementation data, including performance measures, financial impacts, workload indicators, service levels, compliance with legislative intent, community feedback, and milestone completion status, as applicable to the adopted initiative.

As part of this process, the Council or a designated committee should periodically conduct post-adoption reviews to evaluate program effectiveness, administrative implementation, operational efficiency, fiscal impacts, and progress toward established goals and policy objectives. Findings should be summarized through periodic written updates, briefing memoranda, dashboard reporting, or committee presentations to ensure the Council receives consistent information regarding implementation status, emerging issues, measurable outcomes, and any recommended policy, budgetary, operational, or programmatic adjustments.

5.7 Strategic Planning and Annual Priority Alignment

The Council conducts an annual strategic retreat to establish legislative, operational, and budgetary priorities for the upcoming year; evaluate emerging community and organizational issues; review the status of major initiatives; and assess the effectiveness of internal Council operations and processes. As part of this retreat, the Council will also conduct an annual self-evaluation to assess its overall effectiveness as a legislative body, including communication and collaboration among Council Members, alignment on strategic priorities, legislative productivity, committee structure and effectiveness, meeting efficiency, constituent engagement, policy implementation follow-through, intergovernmental coordination, and the effectiveness of Council support operations and staffing resources. The retreat serves as an opportunity to strengthen alignment among Council Members, establish shared expectations, and review long-term organizational and operational needs.

The Council will identify policy objectives, desired service outcomes, and funding priorities to be communicated to the Mayor's Office in advance of preparation of the proposed budget. The annual budget process is one of the Council's most significant policy-making and strategic planning tools. The budget functions not only as a financial operating plan, but also as a mechanism to communicate

organizational priorities, establish service expectations, allocate resources, and measure performance outcomes. Through the budget process, the Council aligns financial decisions with adopted strategic goals, legislative initiatives, infrastructure needs, and long-term community priorities while balancing fiscal sustainability and operational capacity.

To support medium- and long-term policy development, Central Staff will facilitate periodic planning workshops and strategy sessions for Council Members focused on one- to five-year planning horizons. These workshops assist the Council in defining measurable objectives, identifying emerging issues and opportunities, evaluating operational constraints, assessing organizational and staffing capacity, and developing potential legislative or policy approaches. Central Staff will also provide research, benchmarking, implementation considerations, and policy analysis to support informed decision-making and help ensure that adopted initiatives are achievable, sustainable, and aligned with the Council's broader strategic direction.

6. Council Office Operations

6.1 Constituent Services Standards

The following standards apply to all constituent-facing work across the office:

- **Response Time:** Staff should provide an initial acknowledgment within two business days and a full resolution or status update within five business days, where feasible.
- **Intake & Tracking:** Constituent contacts should be logged and tracked consistently. Contacts should be documented in a consistent format coordinated by the Senior Executive Assistant, using available office tools until a formal tracking system is established.
- **Professional Communication:** All constituent and interdepartmental communications must be courteous, clear, and professional. Staff should use plain language, acknowledge the constituent's concern, avoid overly technical or defensive wording, and provide helpful information or next steps when available. Communications should remain respectful and neutral, even when responding to complaints, disagreements, or emotionally charged issues, and should always reflect the professionalism of the Council Office.
- **Multi-District Inquiries:** Issues affecting multiple districts should be coordinated among the relevant Legislative Assistants and escalated to the Council Executive Director when needed.
- **Escalation:** Matters involving legal questions, safety concerns, media attention, or significant public controversy must be elevated to the Council Member and/or Council Executive Director.
- **Confidentiality:** Information gathered, received, or overheard in the Council Office may be privileged, sensitive, or incomplete. Staff must not disclose confidential or sensitive information outside the office. If there are questions about confidentiality, these should be vetted and addressed in coordination with the Council Executive Director.

6.2 Information Integrity, Confidentiality, and Protected Reporting

This standard is intended to balance the Council Office's obligation to protect sensitive, preliminary, privileged, and personnel-related information with the equally important need to preserve lawful reporting channels for concerns involving misconduct, legal violations, safety risks, misuse of public resources, or other improper governmental action.

- **Confidentiality and Discretion:** Council Members, Central Staff, and Legislative Assistants may receive, prepare, or overhear information that is privileged, sensitive, preliminary, personnel-related, legally protected, or incomplete. Such information should be handled with discretion and not disclosed outside appropriate City channels unless authorized, legally required, or made through an appropriate protected reporting process.
- **Preliminary, Legal, and Personnel-Related Information:** Draft materials, internal recommendations, legal communications, personnel matters, complaints, investigations, labor matters, and executive session information should be handled with heightened care. Washington law recognizes protections for certain preliminary drafts and intra-agency memoranda, attorney-client privileged communications, and executive session discussions within defined statutory limits.
- **Protected Reporting:** Confidentiality expectations do not prohibit good-faith reporting of improper governmental action through appropriate channels. Council Members and Council staff should use established City procedures, supervisory channels, Human Resources, the City Attorney's Office, or other legally appropriate reporting avenues when raising concerns involving misconduct, retaliation, safety risks, legal violations, or misuse of public resources.
- **Appropriate Disclosure and Review:** Informal disclosure, rumor, unauthorized distribution, or personal social media should not be used as a substitute for legally appropriate reporting or disclosure. When there is uncertainty regarding confidentiality, privilege, public disclosure, or protected reporting, the matter should be reviewed with the Council Executive Director and, where appropriate, the City Attorney's Office, Human Resources, or the City Clerk's Office before information is shared.

- **Governing Authority:** These standards are subject to and should be applied consistently with the City Charter, City Code, Council Rules, applicable City policies, and Washington State law, including requirements under the Public Records Act, Open Public Meetings Act, and Local Government Whistleblower Protection Act.

6.3 Timekeeping, Accountability, & Overtime

All Council Office staff are responsible for accurately documenting hours worked, regardless of position, assignment, work location, or schedule. Timekeeping is an essential accountability practice that supports compliance with wage-and-hour laws, provides transparency into staff workload, documents after-hours and off-site work, and helps supervisors manage capacity, overtime, and the equitable distribution of work across the office.

Time spent in the Council Office during regular business hours should be used for City-related work, with personal tasks limited to authorized breaks or meal periods. Work on behalf of outside organizations, campaigns, advocacy groups, community groups, or other third-party entities may not be conducted using City time, equipment, technology, office space, email accounts, supplies, or other City resources. Any participation in a public meeting on behalf of an outside group or third-party interest must occur outside paid staff hours, without City resources, and with clear disclosure of the individual's role, purpose, and capacity.

To promote consistent reporting, basic timecards are required for all Central Staff and Legislative Assistants. Timecards must be completed for each workweek and reviewed and signed by the employee's direct supervisor. These records are intended to supplement formal payroll entries and provide a clear record of regular hours, after-hours work, off-site work, leave usage, and overtime-eligible activity.

- **Timekeeping Requirement:** All Central Staff and Legislative Assistants must submit a weekly timecard documenting hours worked. Timecards must reflect actual hours worked, including regular work hours, leave, overtime, after-hours work, and off-site work performed during regular business hours.
- **Work Outside Regular Business Hours:** Any employee who performs work outside the standard 8:00 a.m. to 5:00 p.m. timeframe must document those hours on their timecard. This includes evening meetings, community events, legislative sessions, committee meetings, constituent work, email or voicemail responses, research, drafting, or other work performed before or after regular business hours.
- **Off-site Work:** Employees must document all off-site work on their timecard, whether performed during regular business hours or outside the standard 8:00 a.m. to 5:00 p.m. schedule. Timecards should note the applicable time and general nature of the work performed to support accurate reporting, accountability, and consistent tracking of work completed outside the Council Office.
- **Payroll System:** All payroll-related entries are recorded in PeopleSoft, including regular time, overtime, vacation, and sick leave. Submissions and timecards must reflect actual hours worked.
- **Workweek:** The workweek runs from Sunday at 12:00 a.m. through Saturday at 11:59 p.m. Hours may not be averaged across multiple workweeks for purposes of determining overtime eligibility.
- **Overtime Eligibility and Approval:** The Council Office operates under the Washington State Minimum Wage Act. Non-exempt employees must be paid at 1.5 times their regular rate of pay for all hours worked over 40 in a single workweek; paid leave and holidays do not count as hours worked for overtime purposes. All overtime must be approved in writing by the Council Executive Director or Council President, in consultation with the Council Budget Director, before the work is performed. Unauthorized overtime may result in corrective or disciplinary action. Overtime-eligible employees must report and be compensated for all hours worked.
- **Compensable After-Hours Work:** Non-exempt employees must report all compensable work performed outside scheduled hours, including attendance at evening legislative sessions, committee meetings, community events, checking or responding to email or voicemail, performing research or drafting assignments, or working through an unpaid meal period.

- **Telework Documentation:** Employees must document all telework hours on their timecard, including regularly scheduled remote work and any approved ad hoc remote work. Telework must be consistent with an approved Work from Home Agreement or advance email authorization, and staff remain subject to in-person attendance requirements for Council meetings, committee meetings, public hearings, community events, and other operational needs.
- **Supervisor Review:** Direct supervisors are responsible for reviewing and signing weekly timecards, confirming that hours are complete and reasonably documented, and identifying workload, scheduling, or overtime concerns that may require follow-up with the Council Executive Director.

6.4 Telework Policy

The Council Office supports a structured hybrid telework model that balances operational flexibility with the in-person presence required for effective legislative service. The following standards apply to all Central Staff. Legislative Assistants' schedules are determined by their assigned Council Member in consultation with the Council Executive Director.

In-Office Requirements

Minimum On-Site Requirement: Central Staff are expected to work on-site at City Hall a minimum of three (3) days per week. The remaining days may be performed remotely from an approved location, subject to a completed and approved Work from Home Agreement (Appendix C).

Mandatory In-Person Events: Staff are required to be on-site for: all Council and committee meetings; public hearings; agenda review sessions; community events and public-facing functions; and any operational situation requiring in-person staff presence as determined by the Council Executive Director.

Director Discretion: The Council Executive Director may adjust in-office requirements for individual staff members or for the full office based on legislative calendar demands, meeting load, or other operational needs. Adjustments are communicated in advance where possible.

Work from Home Agreement

Agreement Required: Any staff member requesting a regular remote schedule must complete a Work from Home Agreement specifying scheduled work hours and location for each day of the week. The agreement is signed by both the employee and the Council President and remains in effect until amended.

Ad Hoc Remote Requests: Requests to work remotely on a day not covered by an existing WFH Agreement must be submitted by email to both the Council Executive Director and the Council President in advance of the remote day.

Remote Work Expectations

Availability: Staff working remotely must remain fully available by phone, email, and Teams during all scheduled work hours. Response times should be equivalent to in-office standards.

Performance Standards Apply: Telework is a schedule accommodation, not a change in work duties. All performance expectations, timekeeping requirements, and confidentiality obligations apply regardless of work location.

Work Location: Staff may not conduct City work from locations outside Washington State without prior written authorization from the Council Executive Director, due to potential tax and employment law implications.

6.5 Ethics, Conflicts of Interest, & Conduct

The Council Office holds itself to high ethical standards and expects proactive disclosure of actual, potential, or perceived conflicts of interest. Clear ethical parameters are essential to maintaining public trust, supporting transparent governance, protecting the integrity of Council decision-making, and ensuring that public office, staff roles, and City resources are used only for appropriate public purposes.

All Council Office staff are subject to SMC Chapter 01.04A, Code of Ethics, and elected officials are also subject to ethical parameters in the City Charter and Council Rules of Procedure.

- **Core obligation:** Uphold the highest standards of responsibility, trustworthiness, integrity, truthfulness, honesty, and fairness. Never use City position, authority, or resources for personal gain.
- **Annual disclosures:** Conflict-of-interest disclosure forms must be completed annually by all Council Members and Council Office staff. The Council Executive Director administers this process.
- **Council Member Conflicts:** Council Members must promptly disclose any actual or potential conflict of interest. A Council Member with a personal interest in a matter before the Council must disclose that interest and abstain from deliberation and voting (per Spokane City Charter § 36).
- **Grievances:** Grievances and disciplinary actions are handled in coordination with the City's Human Resources Department, with the Council Executive Director serving as the HR point of contact for the Council Office.

6.6 Conduct During Elections

Council Members must maintain a clear separation between official City business and campaign or election-related activities. During an election period, Council Members may continue to perform official duties and respond to constituent concerns; however, campaign-related communications, scheduling, materials, events, and requests should be handled outside City processes and through campaign-designated channels.

To ensure this separation, the following standards apply:

- **Use of City Resources and Platforms:** City facilities, staff time, public resources, City equipment, official email accounts, Council Chambers, newsletters, or other City resources may not be used to support or oppose any candidate, campaign, or ballot proposition.
 - *Social Media & Websites:* Official Council websites and social media platforms may not be used in support of or opposition to a ballot measure or political campaign. Furthermore, official social media pages must maintain an objective stance and will not "like," share, or otherwise engage with content related to the personal campaigns of Council Members.
 - *Meeting Agendas:* Council meeting agendas and public comment opportunities shall not be used as a political platform or forum by political candidates, nor by organizations supporting or opposing political campaigns or ballot measures.
- **Separation of Official and Candidate Roles:** When representing the Council in an official capacity (e.g., serving as a spokesperson at public events or in the media) during an election period, Council Members must maintain a clear distinction between their role as an elected official and their role as a candidate.
- **Solicitation of Contributions:** No person shall solicit or receive monetary contributions or services for political purposes in any room or building occupied for the discharge of official City duties.
- **Communication Budgets and Newsletters:** To avoid the perception of taxpayer dollars funding political materials, Council Members should adhere to designated communication blackout periods, such as suspending the use of district communication funds 60 days prior to an election or withholding the mailing of official newsletters between primary and general elections. During an election year, official newsletters should avoid articles that attack or criticize other officials, address integral campaign platform issues, or discuss issues actively being debated by opposing candidates.
- **Transitioning & Fiscal Oversight:** The City should ensure appropriate fiscal policies are in place during election years, including the timely disabling of purchase and travel cards for outgoing Council Members to prevent inadvertent overspending that may impact incoming members' budgets.
- **Use of Employee Images:** Council Members should avoid using images of City employees in uniform or at work in campaign materials. During the active candidacy period, Council Members

must refrain from highlighting or adding images of on-duty city employees to personal or re-election websites and social media platforms.

Council staff must remain neutral and strictly separate from municipal election or re-election activities in their official City capacity. However, as private citizens, staff members retain their rights to engage in the political process outside of work hours. Constituent inquiries received during an election period should continue to be handled through the standard constituent service process, with care to ensure that City resources are used only for official City business.

To ensure a clear separation between official duties and personal political activities, the following standards apply:

- **Personal Political Participation (Off-Duty):** Staff members are permitted to participate in campaign activities, volunteer for candidates, and express their personal political opinions outside of their regular working hours and while off duty. Nothing shall be construed as prohibiting any staff member from exercising their First Amendment right to privately express an opinion, engage in political activities on their own time, or cast a vote.
- **Prohibition on City Resources and Time:** Staff are strictly prohibited from engaging in any political campaign activity during work hours or while on duty. Staff may not use any City resources—including office equipment, City facilities, official email accounts, or staff time—to support or oppose a candidate for public office.
- **Clear Separation of Roles:** When engaging in off-duty campaign activities, staff must do so strictly in their personal capacity. Staff must not use their official Council title or position to imply City endorsement, nor wear City-issued uniforms or badges while engaging in personal political advocacy.
- **Monetary Contributions:** Staff may make personal monetary contributions to campaigns; however, no person shall solicit or receive any contribution for political purposes in any room or building occupied for the discharge of official City duties.
- **Prohibited Official Campaign Support Tasks:** While serving in their Council Office role and during work hours, staff may not draft, type, edit, copy, print, email, post, distribute, coordinate, schedule, or otherwise support campaign-related materials, candidate statements, or campaign communications. Specific prohibitions while on duty include drafting campaign press releases, conducting opposition research, or scheduling campaign appearances.
- **Handling Campaign Inquiries & Favors:** Campaign-related calls, emails, correspondence, or requests received during work hours should be referred directly to the Council Member or their designated external campaign contact. Additionally, staff must not work outside the standard constituent complaint resolution process to secure a quick response as a "campaign favor" for an incumbent or candidate.

6.7 Travel & Purchasing

The Council office adheres to the City's administrative travel and purchasing policies. Key requirements specific to the Council office in applying these include:

- **Travel Approval:** All travel must be approved in advance by the Council President.
- **Travel Authorization Form:** This form must be submitted prior to travel, including the event agenda, estimated costs, and applicable federal GSA per diem rates ([gsa.gov/travel](https://www.gsa.gov/travel)).
- **Unallowable Expenses:** Any charges that are inconsistent with approved travel expenses and any undocumented charges are the personal financial responsibility of the Council Member or staff.
- **Office Purchasing:** General supplies are coordinated through the Senior Executive Assistant and charged to the Council Office budget. Special supply requests or items that exceed the standard budget allocation require approval from the Council Executive Director. All purchasing card transactions must be supported by valid receipts submitted for timely reconciliation.

6.8 Technology Systems

System	Primary Use	Key Notes
OnBase	Legislative document management	System of record for all formal legislative items. All agenda submissions go through OnBase. Contact IT Help Desk for access issues.
PeopleSoft	Timekeeping & HR	Submit all hours worked, including overtime and leave. Must reflect actual hours. Contact Payroll for corrections.
Microsoft Outlook	Email, calendar, room booking	Primary email and scheduling system. Book conference rooms through Outlook's room finder.
Microsoft Teams & Planner	Staff collaboration	Used for internal communication, file sharing, task tracking, and virtual meetings. Follow office-wide protocols from the Council Executive Director.
SharePoint	Document repository	Shared location for templates, letterhead, procedures, and reference documents. Use the approved file naming convention.

6.9 Document & Records Management

Consistent document management practices are essential for legal compliance, operational continuity, and efficient knowledge sharing. All Council Office staff must follow these standards:

- **Templates and Forms:** Council Office templates and standardized forms are maintained in a centralized SharePoint location to ensure staff have access to current, consistent materials. The Senior Executive Assistant conducts quarterly document maintenance, including reviewing materials for accuracy, removing outdated versions, confirming formatting consistency, and maintaining version control and an update log. At a minimum, this includes standard forms for:
 - Legislative requests.
 - Committee referrals
 - Policy analysis requests
 - Agenda templates
 - Staff memo templates
 - Staff reports and agenda sheets
 - Transmittal and request templates for Council Member or Administration-initiated legislative or budget proposals
 - Other forms needed to support Council Office operations, legislative review, agenda preparation, and internal office processes
- **File Naming:** All documents saved to shared drives or SharePoint must follow: [Date_YYYY-MM-DD]_[Type]_[Subject]_[Version]. Example: 2026-09-15_Memo_BudgetAmendment_v2.
- **Folder Structure:** Files must be saved in the designated SharePoint folder structure. Do not create personal or parallel filing systems on shared drives.
- **Retention:** Retain all records per the Washington State Records Retention Schedule. Council Members and staff must not delete any official record without Council Executive Director authorization and confirmation of the applicable retention period.
- **Letterhead & Brand:** All external communications must use the approved City of Spokane letterhead. Business cards and signature stamps are coordinated through the Council Executive Director.

6.10 Conference Rooms & Facilities

City Hall conference rooms are available for Council Office use and must be reserved through the Outlook calendar system. The Council Chambers and an adjoining conference room are the primary spaces for Council meetings and hearings. The Council Office operates in an open-plan environment within City Hall; use the available conference rooms for confidential conversations and focused work.

6.11 Interdepartmental Coordination and Communication Protocols

To support effective governance, the Council Office has formal protocols governing interactions between the legislative and executive branches, including standards for departmental coordination, information requests, and intergovernmental collaboration.

- **Legislative vs. Administrative Boundaries:** Council Members and Council staff must respect the separation of powers between the legislative and executive branches. While the Council maintains policy oversight and legislative authority, it should not interfere with the day-to-day administration of City operations, direct the work of executive staff, or issue orders to employees subordinate to the Mayor or Chief Administrative Officer.
- **Routing Requests:** When a request for information or action is minor in nature and requires minimal staff time, the Council Member or Council staff may coordinate directly with the applicable department head. Requests involving significant staff resources, operational impacts, policy considerations, or sensitive matters should be submitted in writing and routed through the Council President to the Mayor or City Administrator to ensure appropriate coordination, accountability, and workload management.
- **Intergovernmental Relations:** The Council may use a designated committee structure or dedicated intergovernmental affairs staff to coordinate with local, regional, state, and federal agencies and to advance the City's legislative, policy, and partnership priorities in a consistent, organized manner.

6.12 Media Relations and Spokesperson Guidelines

- **Official Council Communications:** The City Council President serves as the City Council's official spokesperson and is responsible for communicating adopted Council positions and actions to the media and the public. When appropriate, the Council may designate another spokesperson with subject-matter expertise or project sponsorship to communicate on its behalf regarding a specific issue or initiative.
- **Individual Council Member Communications:** Council Members may communicate independently with the media and public regarding their personal positions, district priorities, and policy views. When doing so, Council Members must clearly indicate that they are speaking as an individual elected official and not on behalf of the full Council. Council Members should avoid making statements that could be construed as representing an adopted Council position on matters where the Council has not yet taken formal action. Legislative Assistants may support individual Council Member communications, including media coordination, press releases, and social media, provided that any materials distributed through City channels or using City resources are factual, nonpartisan, and consistent with adopted Council policies. When a Council Member is unsure whether a communication falls within the official Council spokesperson territory, they should consult with the Council President or the Director of Communications before proceeding.
- **Council Staff Communications:** Central Council Staff and Legislative Assistants are responsible for providing accurate, professional, and nonpartisan communications in support of the legislative body and individual Council offices. Staff communications must align with adopted Council policies, maintain confidentiality when required, and clearly distinguish between official Council actions, administrative information, and individual Council Member positions. When expressing personal opinions or engaging in communications outside their official capacity, staff must clearly communicate that such views are their own and do not represent the position of the City Council or the Council Office.

- **Council Communications Plan:** The Director of Communications is responsible for developing, maintaining, and implementing a Council-approved communications plan establishing consistent standards for messaging, media coordination, branding, public information procedures, communication priorities, and stakeholder engagement to support transparent, accurate, and coordinated public communications.

7. Performance Expectations & Professional Standards

7.1 Core Professional Standards

Ethics Standard (SMC 1.04A): "It is the policy of the City of Spokane to uphold, promote, and demand the highest standards of ethics from all of its employees who shall maintain the utmost standards of responsibility, trustworthiness, integrity, truthfulness, honesty and fairness in carrying out their public duties, avoid any improprieties in their roles as a public servant including the appearance of impropriety, and never use their City position, authority or resources for personal gain."

The following standards apply to all Council Office staff regardless of position:

- **Quality:** All work products meet standards of accuracy and thoroughness and are professionally presented. Staff review their work before submission.
- **Responsiveness:** Staff respond to Council Members, constituents, and colleagues promptly. Delays are communicated proactively.
- **Objectivity:** Analysis and advice are provided honestly by staff, without personal or political bias.
- **Conflicts of Interest:** Disclose any personal financial interest or relationship that could create a conflict with official duties.
- **Collaboration:** Work cooperatively across the office; avoid creating information silos.
- **Professionalism in Public:** Conduct in meetings, community events, media appearances, and online must reflect positively on the institution.

Additionally, the Council Office is committed to applying established City human resources standards and procedures to its employees, including hiring, discipline, performance management, leave administration, and other personnel matters. These processes should be followed to promote consistency, fairness, and administrative accountability, while recognizing that Council Office personnel practices must also remain consistent with the Council's independent authority, separation-of-powers responsibilities, and any applicable Charter, Code, rule, or legal requirement governing the legislative branch.

7.2 Annual Performance Management Cycle

Each Central Staff and Legislative Assistant employee will participate in an annual performance evaluation conducted by their direct supervisor. These evaluations provide a structured opportunity to review job performance, clarify expectations, recognize accomplishments, identify training or professional development needs, and align individual work priorities with the Council Office's broader goals and service expectations.

Rating Scale

Rating	Label	Description
1	Unsatisfactory	Performance does not meet minimum expectations. Immediate improvement required.
2	Needs Improvement	Performance partially meets expectations. A development plan is recommended.
3	Meets Expectations	Performance consistently meets position requirements. Solid, reliable contribution.
4	Exceeds Expectations	Performance regularly exceeds position requirements. Demonstrates initiative.
5	Outstanding	Performance is exemplary. Serves as a model for others.

Evaluation Dimensions

All staff are evaluated on: Quality of Work; Prioritization; Time Management; Meeting the Needs of Multiple Council Members; Teamwork; Quantity of Work; Initiative; and Reliability.

Review Cycle

The annual cycle has three checkpoints:

- **Goal-Setting (January–February):** Each staff member establishes 3–5 performance goals with their direct supervisor. Staff hired or reassigned after February must complete a goal-setting meeting within 30 days of their start date or reassignment.
- **Mid-Year Check-In (June–July):** A documented meeting to review goal progress and adjust priorities as needed.
- **Annual Review (December):** Formal written review using the eight-dimension framework, conducted by each staff member's direct supervisor.
- **Legislative Assistant Reviews:** Conducted by the assigned Council Member with input from the Senior Executive Assistant on office-wide standards. The Director retains a copy of all completed reviews.
- **Mid-Cycle and Post-Election Reviews:** Staff who have been in their current role or under their current supervisor for fewer than six months at the time of the December review receive a structured interim check-in in place of a formal annual review; their first full annual review occurs the following December. Following a November election, Legislative Assistants assigned to an incoming Council Member must complete a goal-setting meeting with that Council Member within 30 days of them taking office. If the new working relationship began fewer than six months before the December review, the interim check-in provision above applies.

7.3 Council Self-Evaluation

The Council conducts an annual self-evaluation to review how effectively its goals, priorities, and initiatives are being supported through Council Office operations and staff resources. The Council President facilitates this brief, structured check-in with Council Members to assess legislative priorities, constituent service needs, and overall workflow. This discussion is intended to be practical and forward-looking rather than a formal or burdensome evaluation process.

The annual check-in includes discussion of:

- Council priorities and major initiatives for the coming year.
- Legislative workload, agenda flow, and staff support needs.
- Responsiveness to constituent service requests and Council Member inquiries.
- Communication practices between Council Members, Central Staff, Legislative Assistants, and the Administration.
- Opportunities to improve templates, procedures, timelines, or staff coordination.
- Training, technology, or resource needs that would improve Council Office effectiveness.

The purpose of the discussion is to identify what is working well, where minor adjustments may be needed, and whether any updates should be made to Council Office procedures or this guide.

7.4 Professional Development

The Council Office is committed to supporting the professional growth of all staff. Development is a shared responsibility between staff and their supervisors.

- **Annual Development Planning:** Each staff member identifies at least one professional development priority for the coming year as part of the performance review cycle.

- **Cross-Training:** The Council Executive Director maintains a cross-training plan ensuring at least one other staff member has working familiarity with each critical function.
- **Professional Associations:** Staff are encouraged to participate in the Association of Washington Cities (AWC), National League of Cities (NLC), and relevant subject-matter networks.
- **Council Member Training:** Council staff provide training to Council Members on various topics during study sessions, including annual ethics training and training on the Open Public Meetings Act and Public Records Act.

- Transition period (8 weeks after November elections): Council Members-elect invited to attend regular meetings and work sessions, provided agenda packets, and supported by Council staff in scheduling orientation meetings with City departments.

7.6 Succession Planning & Knowledge Continuity

The Council Office carries significant institutional knowledge in a small number of positions. The following practices manage continuity risk:

- The Council Executive Director maintains documented procedures for critical functions, updated at least annually.
- Cross-training ensures that at least one other staff member has working familiarity with each critical function.
- This guide, legislative procedures documentation, and key contact directories are maintained on SharePoint and reviewed at each annual update.
- When a key staff member transitions out, the Council Executive Director coordinates a structured knowledge transfer period.

7.7 Code of Conduct

The Spokane City Council Office Code of Conduct establishes clear, accessible behavioral expectations for all Council Members and Council Office staff. It reflects the Council's commitment to nonpartisan, equitable, and professional public service. This Code supplements the City's Ethics Code (SMC §01.04A), the City Charter, and the Council Rules of Procedure; where those authorities are more specific, they govern.

In addition, all City Council Office personnel should follow the procedures and expectations outlined in this handbook. Failure to do so may result in performance infractions for staff, and Council Members may be subject to disciplinary measures from the Council Body.

Behavioral Expectations

The following standards apply to Council Members and all Council Office staff:

- **Respectful Conduct:** Treat every colleague, constituent, partner agency representative, and member of the public with courtesy and respect, regardless of political position, district, or personal views. Personal attacks, intimidation, and demeaning conduct have no place in the Council Office.
- **Honesty and Transparency:** Maintain an atmosphere of honesty and transparency in all official actions. Do not misrepresent facts, withhold material information, or take actions designed to mislead colleagues, the public, or governing bodies.
- **Use of Public Resources:** Use City time, facilities, equipment, staff, and other resources only for official City purposes. Personal use of City resources must be incidental and must not interfere with official duties or create costs for the City.
- **Nonpartisan Standards:** Staff must maintain objectivity and professional independence in performing their duties. While Council Members appropriately advance policy priorities as elected officials, staff are expected to remain nonpartisan and neutral in the performance of their work.
- **Confidentiality:** Maintain strict confidentiality regarding privileged communications, draft work products, personnel matters, and executive session discussions. Do not share sensitive information with unauthorized parties.
- **Conflicts of Interest:** Council Members and staff must proactively disclose actual, potential, or perceived conflicts of interest before participating in any related decision or action. When in doubt, disclose.
- **No Retaliation:** No Council Member, supervisor, or colleague may retaliate against a staff member for making a good-faith disclosure of a conflict of interest, reporting a concern about misconduct, or exercising a legally protected right.

Equal Service Obligations

Central Staff serve the City Council as a whole — not individual Council Members, political factions, or campaign interests. The following obligations apply:

- **Equity of Service:** Central Staff provide equivalent quality of research, analysis, and legislative support to all seven Council Members. Workload prioritization is managed by the Council Executive Director to ensure no Council Member consistently receives less access to staff support than others.
- **Scope of Service:** Council Members may not direct Central Staff to produce work products that benefit only their individual office to the detriment of the Council as a legislative body, or that serve personal or campaign purposes.
- **Sharing of Work Products:** Work products produced by Central Staff — including research memos, fiscal notes, and legislative analyses — are shared with all Council Members upon completion or introduction, consistent with the confidentiality protocols in Section 4.3.
- **Legislative Assistants:** Legislative Assistants serve their assigned Council Member. However, they must treat all constituents equally and may not use City resources to advance the political interests of their Council Member over others.

Reporting Procedures

Council Members and staff who observe or experience conduct that may violate this Code, the City's Ethics Code, or other applicable standards have multiple reporting options depending on the nature and severity of the concern:

- **Supervisory Channels:** For most workplace conduct concerns, staff should raise the matter with their direct supervisor or the Council Executive Director. Council Members with concerns about staff conduct should raise them with the Council Executive Director.
- **Director or President Involvement:** When the concern involves the Council Executive Director, staff should report directly to the Council President. When the concern involves both the Director and the Council President, report to the City's Human Resources Department.
- **Ethics Commission:** Ethics concerns involving potential violations of SMC §01.04A or the City Charter may be reported to the City's Ethics Commission, which can investigate complaints, interpret the code, and initiate enforcement.
- **Whistleblower Protections:** Concerns about improper governmental action — including waste of public funds, gross mismanagement, abuse of authority, or violations of law — may be reported through the Local Government Whistleblower Protection Act process (RCW 42.41). Staff making good-faith reports under this Act are protected from retaliation.
- **City Attorney's Office:** Staff may also contact the City Attorney's Office for guidance on legal obligations, public records requirements, or ethical questions in the performance of their duties.

All reports made in good faith through the above channels are protected. No Council Member, supervisor, or colleague may discipline, demote, reassign, or otherwise retaliate against any person for raising a concern in good faith, even if the concern is later determined to be unfounded.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SPOKANE that:

Section 1. Acceptance of Federal Awards

The City Council hereby accepts HUD Continuum of Care Program award WA9999U0T022506 in the amount of \$5,808,164 and HUD Youth Homelessness Demonstration Program award WA9998U0T022503 in the amount of \$1,475,610, for a combined amount of \$7,283,774, together with any additional funds subsequently made available by HUD under or in connection with these awards, subject to applicable City appropriation requirements.
