LAND ACKNOWLEDGEMENT

We acknowledge that we are on the unceded land of the Spokane people. And that these lands were once the major trading center for the Spokanes as they shared this place and welcomed other area tribes through their relations, history, trade, and ceremony. We also want to acknowledge that the land holds the spirit of the place, through its knowledge, culture, and all the original peoples Since Time Immemorial.

As we take a moment to consider the impacts of colonization may we also acknowledge the strengths and resiliency of the Spokanes and their relatives. As we work together making decisions that benefit all, may we do so as one heart, one mind, and one spirit.

We are grateful to be on the shared lands of the Spokane people and ask for the support of their ancestors and all relations. We ask that you recognize these injustices that forever changed the lives of the Spokane people and all their relatives.

We agree to work together to stop all acts of continued injustices towards Native Americans and all our relatives. It is time for reconciliation. We must act upon the truths and take actions that will create restorative justice for all people.

Adopted by Spokane City Council on the 22nd day of March, 2021
via Resolution 2021-0019

CONSENT AGENDA

The consent agenda consists of purchases and contracts for supplies and services provided to the city, as well as other agreements that arise (such as settlement or union agreements), and weekly claims and payments of previously approved obligations and biweekly payroll claims against the city. Any agreement over \$50,000 must be approved by the city council. Typically, the funding to pay for these agreements has already been approved by the city council through the annual budget ordinance, or through a separate special budget ordinance. If the contract requires a new allocation of funds, that fact usually will be indicated in the summary of the contract in the consent agenda.

Unless a council member requests that an item be considered separately, the council approves the consent agenda as a whole in a single vote. Note: The consent agenda is no longer read in full by the city clerk. The public is welcome to testify on matters listed in the consent agenda, but individual testimony is limited to three minutes for the entire consent agenda.

1. **PERFORMANCE.** The Contractor will do all work, furnish all labor, materials, tools, construction equipment, transportation, supplies, supervision, organization and other items of work and costs necessary for the proper execution and completion of the work described in the specifications entitled **BUILDING ADDITION, EQUIPMENT INSTALLATION, AND VALVE-AND-PIPING INSTALLATION**, selected via PW ITB 6298-25.

These contract documents are on file in the Solid Waste Department and are incorporated into this Contract by reference as if they were set forth at length. In the event of a conflict, or to resolve an ambiguity or dispute, federal and state requirements supersede this Contract, and this Contract supersedes the other contract documents.
3. **TIME OF PERFORMANCE.** The time of performance of the Contract shall begin on May 1, 2025, and shall run through April 30, 2026. Project time of completion and working days in accordance with contract documents.

6. **COMPENSATION.** Total compensation for Contractor's services under this Contract shall be a maximum amount not to exceed **TWO HUNDRED FOURTEEN THOUSAND FIVE HUNDRED AND NO/100 DOLLARS (\$214,500.00)**, plus applicable taxes, unless modified by a written amendment to this Contract. 7. **PAYMENT.** The Contractor will send its applications for payment to the Spokane Solid Waste Disposal, MDorgan@spokanecity.org. All invoices should include the City Clerk's File No. "OPR 2025-XXXX" and an approved L & I Intent to Pay Prevailing Wage number. The final invoice should include an approved Affidavit of Wages Paid number. Payment will not be made without this documentation included on the invoice. Five percent (5%) of the Contract price may be retained by the City, in accord with RCW 60.28 for a minimum of forty five (45) days after final acceptance, as a trust fund for the protection and payment of: the claims of any person arising under the Contract; and the State with respect to taxes imposed pursuant to Titles 50, 51 and 82 RCW which may be due from the Contractor.

8. **INDEMNIFICATION.** The Contractor shall defend, indemnify, and hold the City and its officers and employees harmless from all claims, demands, or suits at law or equity asserted by third parties for bodily injury (including death) and/or property damage which arise from the Contractor's negligence or willful misconduct under this Agreement, including attorneys' fees and litigation costs; provided that nothing herein shall require a Contractor to indemnify the City against and hold harmless the City from claims, demands or suits based solely upon the negligence of the City, its agents, officers, and employees. If a claim or suit is caused by or results from the concurrent negligence of the Contractor's agents or employees and the City, its agents, officers and employees, this indemnity provision shall be valid and enforceable to the extent of the negligence of the Contractor, its agents or employees. The Contractor specifically assumes liability and agrees to defend, indemnify, and hold the City harmless for actions brought by the Contractor's own employees against the City and, solely for the purpose of this indemnification and defense, the Contractor specifically waives any immunity under the Washington State industrial insurance law, or Title 51 RCW. The Contractor recognizes that this waiver was specifically entered into pursuant to the provisions of RCW 4.24.115 and was the subject of mutual negotiation. COMMERCIAL GENERAL LIABILITY ENHANCEMENT ENDORSEMENT

This endorsement modifies the insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE FORM

With respect to the coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by this endorsement. The SECTIONS of the Commercial General Liability Coverage Form identified in this endorsement will be amended as shown below.

SECTION I – COVERAGES AMENDMENTS

COVERAGE A – BODILY INJURY AND PROPERTY DAMAGE LIABILITY

A. Non Owned Aircraft Or Watercraft

Item 2. **Exclusions**, Paragraph g. is replaced by the following:

g. Aircraft, Auto Or Watercraft

“Bodily injury” or “property damage” arising out of the ownership, maintenance, use or entrustment to others of any aircraft, “auto” or watercraft owned or operated by or rented or loaned to any insured. Use includes operation and “loading or unloading”.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the “occurrence” which caused the “bodily injury” or “property damage” involved in the ownership, maintenance, use or entrustment to others of any aircraft, “auto” or watercraft that is owned or operated by or rented or loaned to any insured.

This exclusion does not apply to:

- (1) A watercraft while ashore on premises you own or rent;
- (2) A watercraft you do not own that is:
 - (a) Less than 50 feet long; and
 - (b) Not being used to carry persons or property for a charge;

This Subparagraph (2) applies to any person, who with your expressed or implied consent, either uses or is responsible for the use of the watercraft;

- (3) Parking an “auto” on, or on the ways next to, premises you own or rent, provided the “auto” is not owned by or rented or loaned to you or the insured;
- (4) Liability assumed under any “insured contract” for the ownership, maintenance or use of aircraft or watercraft; or
- (5) “Bodily injury” or “property damage” arising out of:
 - (a) The operation of machinery or equipment that is attached to, or part of, a land vehicle that would qualify under the definition of “mobile equipment” if it were not subject to a compulsory or financial responsibility law or other motor vehicle insurance law where it is licensed or principally garaged; or
 - (b) The operation of any of the machinery or equipment listed in Paragraph f. (2) or f. (3) of the definition of “mobile equipment”.

B. Damage To Property Coverage Extensions

Item 2. **Exclusions**, Paragraph j. is replaced by the following:

j. Damage To Property

“Property damage” to:

- (1) Property you own, rent, or occupy, including any costs or expenses incurred by you, or any other person, organization or entity, for repair, replacement, enhancement, restoration or maintenance of such property for any reason, including prevention of injury to a person or damage to another’s property;
- (2) Premises you sell, give away or abandon, if the “property damage” arises out of any part of those premises;

- (3) Property loaned to you;
- (4) Personal property in the care, custody or control of the insured;
- (5) That particular part of real property on which you or any contractors or subcontractors working directly or indirectly on your behalf are performing operations, if the "property damage" arises out of those operations; or
- (6) That particular part of any property that must be restored, repaired or replaced because "your work" was incorrectly performed on it.

Paragraphs (1), (3) and (4) of this exclusion do not apply to "property damage" (other than damage by fire, lightning, explosion or sprinkler leakage) to premises, including the contents of such premises, rented to you for a period of seven or fewer consecutive days. A separate limit of insurance applies to Damage To Premises Rented To You as described in **SECTION III – LIMITS OF INSURANCE**. However, the provisions of this paragraph do not apply if coverage for Damage To Premises Rented To You is excluded by endorsement.

Paragraph (2) of this exclusion does not apply if the premises are "your work" and were never occupied, rented or held for rental by you.

Paragraphs (3) and (4) of this exclusion do not apply to the use of elevators.

Paragraphs (3), (4), (5) and (6) of this exclusion do not apply to liability assumed under a sidetrack agreement.

Paragraph (4) of this exclusion does not apply to "property damage" to borrowed equipment while not being used to perform operations at the jobsite. Subject to Paragraph 2. of **SECTION III – LIMITS OF INSURANCE**, the rules below fix the most we will pay for "property damage" under this provision:

- (1) \$25,000 any one "occurrence", regardless of the number of persons or organizations who sustain damages because of that "occurrence";
- (2) \$50,000 annual aggregate; and
- (3) We will pay only for damages in excess of \$2,500 as a result of any one "occurrence", regardless of the number of persons or organizations who sustain damages because of that "occurrence". We may, or if required by law, pay all or any part of any deductible amount, if applicable, to effect settlement of any claim or "suit". Upon notice of our payment of a deductible amount, you shall promptly reimburse us for the part of the deductible amount we paid.

Paragraph (6) of this exclusion does not apply to "property damage" included in the "products-completed operations hazard".

The insurance provided for "property damage" from the use of elevators and for "property damage" to borrowed equipment is excess over any other valid and collectible property insurance (including any deductible portion thereof) available to the insured whether primary, excess, contingent or on any other basis.

C. Damage To Premises Rented To You

Item 2. **Exclusions**, the last paragraph is replaced by the following:

Exclusions c. through n. do not apply to damage by fire, lightning, explosion or sprinkler leakage to premises while rented to you or temporarily occupied by you with permission of the owner. A separate limit of insurance applies to this coverage as described in Paragraph 6. of **SECTION III – LIMITS OF INSURANCE**.

COVERAGE B – PERSONAL AND ADVERTISING INJURY LIABILITY

D. Personal And Advertising Injury

Item 2. **Exclusions** is amended by replacing Sub-paragraphs b. and c. with the following:

c. Material Published Prior To Policy Period

"Personal and advertising injury" arising out of oral, written, televised, videotaped or electronic publication, in any manner, of material whose first publication took place before the beginning of the policy period.

SUPPLEMENTARY PAYMENTS – COVERAGES A AND B

E. Supplementary Payments – Coverages A and B

Item 1. is amended by replacing Subparagraphs b. and d. with the following:

b. Up to \$5,000 for cost of bail bonds required because of accidents or traffic law violations arising out of the use of any vehicle to which the Bodily Injury Liability Coverage applies. We do not have to furnish these bonds.

d. All reasonable expenses incurred by the insured at our request to assist us in the investigation or defense of the claim or "suit", including actual loss of earnings up to \$500 a day because of time off from work.

SECTION II – WHO IS AN INSURED AMENDMENTS

A. Employee Bodily Injury To A Co-Employee

Paragraph 2. a. (1) is replaced by the following:

However, none of these “employees” or “volunteer workers” are insureds for “bodily injury” or “personal and advertising injury”:

- (a) To you, to your partners or members (if you are a partnership or joint venture), to your members (if you are a limited liability company), to a co-“employee” while in the course of his or her employment or performing duties related to the conduct of your business, or to your other “volunteer workers” while performing duties related to the conduct of your business;
- (b) To the spouse, child, parent, brother or sister of the co-“employee” or “volunteer worker” as a consequence of Paragraph (1)(a) above;

- (d) Arising out of his or her providing or failing to provide professional health care services.

However, if a suit seeking damages for “bodily injury” or “personal and advertising injury” to any co-“employee” or other “volunteer worker” arising out of and in the course of the co-“employee’s” or “volunteer worker’s” employment or while performing duties related to the conduct of your business, or a suit seeking damages brought by the spouse, child, parent, brother or sister of the co-“employee” or other “volunteer worker”, is brought against you or a co-“employee” or a “volunteer worker”, we will reimburse the reasonable costs that you incur in providing a defense to the co-“employee” or “volunteer worker” against such matters. Any reimbursement made pursuant to this sub-section will be in addition to the limits of liability set forth in the Declarations.

B. Newly Acquired Organizations

Paragraph 3. a. is replaced by the following:

- a. Coverage under this provision is afforded only until the 180th day after you acquire or form the organization or the end of the policy period, whichever is earlier;

The following are added:

C. Blanket Additional Insured – Vendors – As Required By Contract

- 1. **Section II – Who Is An Insured** is amended to include as an additional insured any person(s) or organization(s) (referred to throughout this endorsement as vendor) with whom you have agreed in a written contract, executed prior to loss, to name as an additional insured, but only with respect to “bodily injury” or “property damage” arising out of “your products” which are distributed or sold in the regular course of the vendor’s business.

However,

- a. The insurance afforded to such vendor only applies to the extent permitted by law; and
 - b. If coverage provided to the vendor is required by a contract or agreement, the insurance afforded to such vendor will not be broader than that which you are required by the contract or agreement to provide for such vendor.
- 2. With respect to the insurance afforded to these vendors, the following additional exclusions apply:
 - a. The insurance afforded the vendor does not apply to:
 - (1) “Bodily injury” or “property damage” for which the vendor is obligated to pay damages by reason of the assumption of liability in a contract or agreement. This exclusion does not apply to liability for damages that the vendor would have in the absence of the contract or agreement;
 - (2) Any express warranty unauthorized by you;
 - (3) Any physical or chemical change in the product made intentionally by the vendor;
 - (4) Repackaging, except when unpacked solely for the purpose of inspection, demonstration, testing, or the substitution of parts under instructions from the manufacturer, and then repackaged in the original container;

- (5) Any failure to make such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products;
- (6) Demonstration, installation, servicing or repair operations, except such operations performed at the vendor's premises in connection with the sale of the product;
- (7) Products which, after distribution or sale by you, have been labeled or relabeled or used as a container, part or ingredient of any other thing or substance by or for the vendor; or
- (8) "Bodily injury" or "property damage" arising out of the sole negligence of the vendor for its own acts or omissions or those of its employees or anyone else acting on its behalf. However, this exclusion does not apply to:
 - (i) The exceptions contained in Subparagraphs (4) or (6); or
 - (ii) Such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products.

3. This Provision C. does not apply:

- a. To any insured person or organization from whom you have acquired such products, or any ingredient, part or container, entering into, accompanying or containing such products;
- b. To any vendor for which coverage as an additional insured specifically is scheduled by endorsement; or

4. With respect to the insurance afforded to these vendors, the following is added to **Section III – Limits Of Insurance:**

If coverage provided to the vendor is required by a contract or agreement, the most we will pay on behalf of the vendor is:

- a. The minimum amount required by the contract or agreement; or
- b. The Limits of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

5. With respect to the insurance afforded to these additional insureds, the following additional exclusion applies:

- (1) The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
- (2) Supervisory, inspection, architectural or engineering activities.

D. Blanket Additional Insured – Lessor Of Leased Equipment

1. **Section II – Who Is An Insured** is amended to include as an additional insured any person(s) or organization(s) from whom you lease equipment when you and such person(s) or organization(s) have agreed in writing in a contract or agreement, executed prior to loss, that such person(s) or organization(s) be added as an additional insured on your policy. Such person(s) or organization(s) is an insured only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by your maintenance, operation or use of equipment leased to you by such person(s) or organization(s).

However, the insurance afforded to such additional insured:

- a. Only applies to the extent permitted by law; and
- b. Will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

 - (1) The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
 - (2) Supervisory, inspection, architectural or engineering activities.

The Contractor has provided its certification that it is in compliance with and shall not contract with individuals or organizations which are debarred, suspended, or otherwise excluded from or ineligible from participation in Federal Assistance Programs under Executive Order 12549 and "Debarment and Suspension", codified at 29 CFR part 98.

COMMERCIAL GENERAL LIABILITY ENHANCEMENT ENDORSEMENT

This endorsement modifies the insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE FORM

With respect to the coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by this endorsement. The SECTIONS of the Commercial General Liability Coverage Form identified in this endorsement will be amended as shown below.

SECTION I – COVERAGES AMENDMENTS

COVERAGE A – BODILY INJURY AND PROPERTY DAMAGE LIABILITY

A. Non Owned Aircraft Or Watercraft

Item **2. Exclusions**, Paragraph **g.** is replaced by the following:

g. Aircraft, Auto Or Watercraft

“Bodily injury” or “property damage” arising out of the ownership, maintenance, use or entrustment to others of any aircraft, “auto” or watercraft owned or operated by or rented or loaned to any insured. Use includes operation and “loading or unloading”.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the “occurrence” which caused the “bodily injury” or “property damage” involved in the ownership, maintenance, use or entrustment to others of any aircraft, “auto” or watercraft that is owned or operated by or rented or loaned to any insured.

This exclusion does not apply to:

(1) A watercraft while ashore on premises you own or rent;

(2) A watercraft you do not own that is:

(a) Less than 50 feet long; and

(b) Not being used to carry persons or property for a charge;

This Subparagraph (2) applies to any person, who with your expressed or implied consent, either uses or is responsible for the use of the watercraft;

(3) Parking an “auto” on, or on the ways next to, premises you own or rent, provided the “auto” is not owned by or rented or loaned to you or the insured;

(4) Liability assumed under any “insured contract” for the ownership, maintenance or use of aircraft or watercraft; or

(5) “Bodily injury” or “property damage” arising out of:

(a) The operation of machinery or equipment that is attached to, or part of, a land vehicle that would qualify under the definition of “mobile equipment” if it were not subject to a compulsory or financial responsibility law or other motor vehicle insurance law where it is licensed or principally garaged; or

(b) The operation of any of the machinery or equipment listed in Paragraph **f. (2)** or **f. (3)** of the definition of “mobile equipment”.

B. Damage To Property Coverage Extensions

Item **2. Exclusions**, Paragraph **j.** is replaced by the following:

j. Damage To Property

"Property damage" to:

- (1) Property you own, rent, or occupy, including any costs or expenses incurred by you, or any other person, organization or entity, for repair, replacement, enhancement, restoration or maintenance of such property for any reason, including prevention of injury to a person or damage to another's property;
- (2) Premises you sell, give away or abandon, if the "property damage" arises out of any part of those premises;
- (3) Property loaned to you;
- (4) Personal property in the care, custody or control of the insured;
- (5) That particular part of real property on which you or any contractors or subcontractors working directly or indirectly on your behalf are performing operations, if the "property damage" arises out of those operations; or
- (6) That particular part of any property that must be restored, repaired or replaced because "your work" was incorrectly performed on it.

Paragraphs (1), (3) and (4) of this exclusion do not apply to "property damage" (other than damage by fire, lightning, explosion or sprinkler leakage) to premises, including the contents of such premises, rented to you for a period of seven or fewer consecutive days. A separate limit of insurance applies to Damage To Premises Rented To You as described in **SECTION III – LIMITS OF INSURANCE**. However, the provisions of this paragraph do not apply if coverage for Damage To Premises Rented To You is excluded by endorsement.

Paragraph (2) of this exclusion does not apply if the premises are "your work" and were never occupied, rented or held for rental by you.

Paragraphs (3) and (4) of this exclusion do not apply to the use of elevators.

Paragraphs (3), (4), (5) and (6) of this exclusion do not apply to liability assumed under a sidetrack agreement.

Paragraph (4) of this exclusion does not apply to "property damage" to borrowed equipment while not being used to perform operations at the jobsite. Subject to Paragraph 2. of **SECTION III – LIMITS OF INSURANCE**, the rules below fix the most we will pay for "property damage" under this provision:

- (1) \$25,000 any one "occurrence", regardless of the number of persons or organizations who sustain damages because of that "occurrence";
- (2) \$50,000 annual aggregate; and
- (3) We will pay only for damages in excess of \$2,500 as a result of any one "occurrence", regardless of the number of persons or organizations who sustain damages because of that "occurrence". We may, or if required by law, pay all or any part of any deductible amount, if applicable, to effect settlement of any claim or "suit". For the purposes of this Rental Reimbursement coverage, light truck is defined as a truck with a gross vehicle weight of 10,000 lbs. or less as defined by the manufacturer as the maximum loaded weight the auto is designed to carry.

DESIGNATED CONSTRUCTION PROJECT(S) GENERAL AGGREGATE LIMIT

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Designated Construction Project(s):

PER WRITTEN CONTRACT OR AGREEMENT WHERE YOU AGREED TO PROVIDE A SEPARATE GENERAL AGGREGATE LIMIT FOR EACH PROJECT

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

- A.** For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under Section **I** – Coverage **A**, and for all medical expenses caused by accidents under Section **I** – Coverage **C**, which can be attributed only to ongoing operations at a single designated construction project shown in the Schedule above:
1. A separate Designated Construction Project General Aggregate Limit applies to each designated construction project, and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.
 2. The Designated Construction Project General Aggregate Limit is the most we will pay for the sum of all damages under Coverage **A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard", and for medical expenses under Coverage **C** regardless of the number of:
 - a. Insureds;
 - b. Claims made or "suits" brought; or
 - c. Persons or organizations making claims or bringing "suits".
 3. Any payments made under Coverage **A** for damages or under Coverage **C** for medical expenses shall reduce the Designated Construction Project General Aggregate Limit for that designated construction project. Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Designated Construction Project General Aggregate Limit for any other designated construction project shown in the Schedule above.
 4. The limits shown in the Declarations for Each Occurrence, Damage To Premises Rented To You and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Designated Construction Project General Aggregate Limit.
- B.** For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under Section **I** – Coverage **A**, and for all medical expenses caused by accidents under Section **I** – Coverage **C**, which cannot be attributed only to ongoing operations at a single designated construction project shown in the Schedule above:
1. Any payments made under Coverage **A** for damages or under Coverage **C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-completed Operations Aggregate Limit, whichever is applicable; and

- 2. Such payments shall not reduce any Designated Construction Project General Aggregate Limit.
- C. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payments for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Designated Construction Project General Aggregate Limit.
- D. If the applicable designated construction project has been abandoned, delayed, or abandoned and then restarted, or if the authorized contracting parties deviate from plans, blueprints, designs, specifications or timetables, the project will still be deemed to be the same construction project.
- E. The provisions of Section III – Limits Of Insurance not otherwise modified by this endorsement shall continue to apply as stipulated.

0370 - ADMINISTRATIVE RESERVE INCREASE INLAND ASPHALT MARKET

Agenda Wording

Administrative reserve increase for the contract with Inland Asphalt Company for Market-Monroe-29th Grind and Overlay project for a total increase of \$70,000.00

Summary (Background)

In 2024, Engineering Services oversaw two very large fed funded arterial grind & overlay projects addressing portions of 29th Ave., Washington St, Monroe St., Market St. and Lincoln Rd. One of those projects ended up about \$525,000 under budget but the other one ended up \$440,000 over budget. Council typically approves a 10% administrative reserve. On this project (specifically, Market-Monroe-29th, 2022064), various change orders added to 12% of the original contract cost of \$3,690,000 meaning that we are requesting an additional 2% or \$70,000 in spending authorization. This cost overrun was due primarily to greater than anticipated pavement repair required before installation of the overlay and complicated traffic control on 29th Ave.

0370 - EYE CLINIC SIDEWALK VAULT INFILL

Agenda Wording

Contract with Bacon Concrete Inc., (Spokane, WA) for Eye Clinic Sidewalk Vault Infill in the amount of \$57,800.00. An administrative reserve of \$11,560.00 plus tax, which is 20% of the contract amount, will be set aside.

Summary (Background)

In downtown Spokane, sidewalks adjacent to older building frequently are the roof of the building basement - see attached exhibit. These are sometimes referred to as sidewalk vaults. When constructing ADA curb ramps near sidewalk vaults, special care must be taken because, as shown in the exhibit, the sidewalk is the basement roof. On the Washington-Stevens grind & overlay project, the extent of the sidewalk vault was inaccurately shown on the plans. As a result, when a portion of the sidewalk was removed for curb ramp construction in front of the Eye Clinic (Washington & Main), the sidewalk vault roof in that area was cut and rendered unusable and therefore must be replaced. The most effective long-term solution is to fill the portion of the sidewalk vault below the accidental cut with concrete. See attached exhibit. This fix would normally be rolled into the Washington-Steven grind & overlay project but, because the pricing for this change order was so high, we solicited quotes from the small works roster and by doing so, saved the city over \$100,000. Because of the high probability for changes, we request a 20% admin reserve on top of the \$57,800 bid amount.

The Contractor will repair or restore to the City's satisfaction, in accordance with the contract documents and at its expense, all property damaged by his performance under this Agreement. This warranty is in addition to any manufacturers' or other warranty in the Agreement documents.

23. REMEDIES.

In the event of a breach by either party, of any of their obligations under this Agreement, each party, in addition to being entitled to exercise all rights granted by law and under this Agreement, including recovery of damages, will be entitled to seek specific performance of its rights under this Agreement. The parties agree that monetary damages would not provide adequate compensation for any losses incurred by reason of a breach of any of the provisions of this Agreement and hereby further agree that, in the event of any action for specific performance in respect of such breach, it shall waive the defense that a remedy at law would be adequate.

24. MISCELLANEOUS PROVISIONS.

- A. **Amendments/Modifications:** The City may modify this Agreement and order changes in the work whenever necessary or advisable. The Contractor may accept modifications when ordered in writing by the City, and the Agreement time and compensation will be adjusted accordingly.
- B. The Contractor, at no expense to the City, shall comply with all laws of the United States and Washington, the Charter and ordinances of the City of Spokane; and rules, regulations, orders and directives of their administrative agencies and officers.
- C. This Agreement shall be construed and interpreted under the laws of Washington. The venue of any action brought shall be in a court of competent jurisdiction, located in Spokane County, Washington.
- D. **Captions:** The titles of sections or subsections are for convenience only and do not define or limit the contents.
- E. **Severability:** If any term or provision is determined by a court of competent jurisdiction to be invalid or unenforceable, the remainder of this Agreement shall not be affected, and each term and provision shall be valid and enforceable to the fullest extent permitted by law.
- F. **Waiver:** No covenant, term or condition or the breach shall be deemed waived, except by written consent of the party against whom the waiver is claimed, and any waiver of the breach of any covenant, term or condition shall not be deemed a waiver of any preceding or succeeding breach of the same or any other covenant, term or condition. Neither the acceptance by the City of any performance by the Contractor after the time the same shall have become due nor payment to the Contractor for any portion of the Work shall constitute a waiver by the City of the breach or default of any covenant, term or condition unless otherwise expressly agreed to by the City in writing.
- G. **Entire Agreement:** This document along with any exhibits and all attachments, and subsequently issued addenda, comprises the entire agreement between the City and the Contractor. If conflict occurs between Agreement documents and applicable laws, codes, ordinances or regulations, the most stringent or legally binding requirement shall govern and be considered a part of this Agreement to afford the City the maximum benefits.
- H. **No personal liability:** No officer, agent or authorized employee of the City shall be personally responsible for any liability arising under this Agreement, whether expressed

or implied, nor for any statement or representation made or in any connection with this Agreement.

- I. Under Washington State Law (reference RCW Chapter 42.56, the *Public Records Act* [PRA]) all materials received or created by the City of Spokane are **public records** and are available to the public for viewing via the City Clerk's Records (online) or a valid Public Records Request (PRR).

**ADDITIONAL INSURED - OWNERS, LESSEES OR
CONTRACTORS - AUTOMATIC STATUS WHEN
REQUIRED IN A WRITTEN CONSTRUCTION
AGREEMENT WITH YOU**

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

A. Section II - Who Is An Insured is amended to include as an additional insured any person or organization for whom you are performing operations when you and such person or organization have agreed in writing in a contract or agreement that such person or organization be added as an additional insured on your policy. Such person or organization is an additional insured only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured.

However, the insurance afforded to such additional insured:

1. Only applies to the extent permitted by law; and
2. Will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

A person's or organization's status as an additional insured under this endorsement ends when your operations for that additional insured are completed.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to:

1. "Bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or the failure to render, any professional architectural, engineering or surveying services, including:

- a. The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
- b. Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of or the failure to render any professional architectural, engineering or surveying services.

2. "Bodily injury" or "property damage" occurring after:

- a. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
- b. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

0370 - LOW BID AWARD - CSO TANK REHABILITATION PROJECT

Agenda Wording

Low Bid of DW Excavating, Inc., Davenport, WA, for the Rehabilitation of CSO Facilities (34-3, 34-2, 10) - \$1,246,679.00. An administrative reserve of \$124,667.90, which is 10% of the contract, will be set aside. (Various Neighborhood Councils)

Summary (Background)

The CSO remediation program lasted approximately 15 years over which time various discoveries were made on the best design features. The design discoveries were incorporated into CSO tanks constructed at a later date. This project revises three of the tanks constructed early in the program to incorporate better design features as well as address several defects that showed up after the warranty period and, in the process, reduce maintenance costs. Those tanks are located at Ray St/20th Ave (outside of the roadway), at Fiske St/Hartson (within and on the south side of Underhill Park) and at Nettleton St/Buckeye Ave (S of TJ Meenach Dr/Northwest Blvd outside the roadway). This project is locally funded. Estimated Cost is \$1,500,000.00.

On April 28, 2025, bids were opened for the above project. The low bid from DW Excavating, Inc., in the amount of \$1,246,679.00, which is \$73,102.00 or 5.5% below the Engineer's Estimate of \$1,319,781.00. Three other bids were received as follows: Halme Construction, Inc – \$1,354,035.00, Inland Infrastructure, LLC – \$1, 499,000.00, and Award Construction, Inc – \$1, 543,348.50

7. **TAXES.** Bid items in Schedule A-1 shall not include sales tax.

ADDITIONAL INSURED - CONTRACTORS - OPERATIONS AND COMPLETED OPERATIONS - WITH ADDITIONAL INSURED REQUIREMENT IN CONSTRUCTION CONTRACT

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

1. Additional Insured - Operations

A. Section II - Who Is An Insured is amended to include as an additional insured:

- (1) Any person or organization for whom you are performing operations when you and such person or organization have agreed in writing in a contract or agreement that such person or organization be added as an additional insured on your policy; and
- (2) Any other person or organization you are required to add as an additional insured under the contract or agreement described in Paragraph 1. above.

Such person(s) or organization(s) is an additional insured only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

- a. Your acts or omissions; or
- b. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured.

B. With respect to Additional Insured - Operations, coverage is limited as follows:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

- (1) All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or

- (2) That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

2. Additional Insured - Completed Operations

A. Section II - Who Is An Insured is amended to include as an additional insured:

- (1) Any person or organization for whom you are performing operations when you and such person or organization have agreed in writing in a contract or agreement that such person or organization be added as an additional insured on your policy; and
- (2) Any other person or organization you are required to add as an additional insured under the contract or agreement described in Paragraph 1. above.

Such person(s) or organization(s) is an additional insured only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

- a. Your acts or omissions; or
- b. The acts or omissions of those acting on your behalf;

and included in the "products-completed operations hazard".

B. With respect to **Additional Insured - Completed Operations**, coverage is limited as follows:

- (1) A person or organization's status as an insured under Additional Insured - Completed Operations continues only for the period of time required by any written contract or agreement.
- (2) The insurance provided to the additional insured does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of "your work" for which a consolidated (wrap-up) insurance program has been provided by the prime contractor-project manager or owner of the construction project in which you are involved.

3. Primary and Noncontributory

The following is added to the **Other Insurance Condition** and supersedes any provision to the contrary:

Primary And Noncontributory Insurance

This insurance is primary to and will not seek contribution from any other insurance available to an additional insured under your policy provided that:

- (1) The additional insured is a Named Insured under such other insurance; and
- (2) You have agreed in writing in a contract or agreement that this insurance would be primary and would not seek contribution from any other insurance available to the additional insured.

4. Other Provisions Applicable to Additional Insured - Operations and Additional Insured - Completed Operations

- A.** The Amendment of Insured Contract Definition (Endorsement CG 24 26) does not apply to an additional insured.
- B.** The coverage provided under Paragraph **f.** of the definition of "insured contract" under **Section V - Definitions** does not apply to an additional insured under this endorsement unless required by a written contract or agreement.
- C.** The insurance afforded to such additional insured only applies to the extent permitted by law; and

If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

D. With respect to the insurance afforded to these additional insureds, the following is added to **Section III - Limits Of Insurance**:

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is:

- (1) The minimum amount required by the contract or agreement; or
- (2) The Limits of Insurance shown in the Declarations;

whichever is less.

COMMERCIAL GENERAL LIABILITY ENHANCEMENT ENDORSEMENT

This endorsement modifies the insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE FORM

With respect to the coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by this endorsement. The SECTIONS of the Commercial General Liability Coverage Form identified in this endorsement will be amended as shown below.

SECTION I - COVERAGES AMENDMENTS

COVERAGE A - BODILY INJURY AND PROPERTY DAMAGE LIABILITY

A. Non Owned Aircraft Or Watercraft

Item **2. Exclusions**, Paragraph **g.** is replaced by the following:

g. Aircraft, Auto Or Watercraft

"Bodily injury" or "property damage" arising out of the ownership, maintenance, use or entrustment to others of any aircraft, "auto" or watercraft owned or operated by or rented or loaned to any insured. Use includes operation and "loading or unloading".

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage" involved in the ownership, maintenance, use or entrustment to others of any aircraft, "auto" or watercraft that is owned or operated by or rented or loaned to any insured.

This exclusion does not apply to:

(1) A watercraft while ashore on premises you own or rent;

(2) A watercraft you do not own that is:

(a) Less than 50 feet long; and

(b) Not being used to carry persons or property for a charge;

This Subparagraph (2) applies to any person, who with your expressed or implied consent, either uses or is responsible for the use of the watercraft;

(3) Parking an "auto" on, or on the ways next to, premises you own or rent, provided the "auto" is not owned by or rented or loaned to you or the insured;

(4) Liability assumed under any "insured contract" for the ownership, maintenance or use of aircraft or watercraft; or

(5) "Bodily injury" or "property damage" arising out of:

(a) The operation of machinery or equipment that is attached to, or part of, a land vehicle that would qualify under the definition of "mobile equipment" if it were not subject to a compulsory or financial responsibility law or other motor vehicle insurance law where it is licensed or principally garaged; or

(b) The operation of any of the machinery or equipment listed in Paragraph **f. (2)** or **f. (3)** of the definition of "mobile equipment".

B. Damage To Property Coverage Extensions

Item **2. Exclusions**, Paragraph **j.** is replaced by the following:

j. Damage To Property

"Property damage" to:

- (1) Property you own, rent, or occupy, including any costs or expenses incurred by you, or any other person, organization or entity, for repair, replacement, enhancement, restoration or maintenance of such property for any reason, including prevention of injury to a person or damage to another's property;
- (2) Premises you sell, give away or abandon, if the "property damage" arises out of any part of those premises;
- (3) Property loaned to you;
- (4) Personal property in the care, custody or control of the insured;
- (5) That particular part of real property on which you or any contractors or subcontractors working directly or indirectly on your behalf are performing operations, if the "property damage" arises out of those operations; or
- (6) That particular part of any property that must be restored, repaired or replaced because "your work" was incorrectly performed on it.

Paragraphs (1), (3) and (4) of this exclusion do not apply to "property damage" (other than damage by fire, lightning, explosion or sprinkler leakage) to premises, including the contents of such premises, rented to you for a period of seven or fewer consecutive days. A separate limit of insurance applies to Damage To Premises Rented To You as described in **SECTION III - LIMITS OF INSURANCE**. However, the provisions of this paragraph do not apply if coverage for Damage To Premises Rented To You is excluded by endorsement.

Paragraph (2) of this exclusion does not apply if the premises are "your work" and were never occupied, rented or held for rental by you.

Paragraphs (3) and (4) of this exclusion do not apply to the use of elevators.

Paragraphs (3), (4), (5) and (6) of this exclusion do not apply to liability assumed under a sidetrack agreement.

Paragraph (4) of this exclusion does not apply to "property damage" to borrowed equipment while not being used to perform operations at the jobsite. Subject to Paragraph 2. of **SECTION III - LIMITS OF INSURANCE**, the rules below fix the most we will pay for "property damage" under this provision:

- (1) \$25,000 any one "occurrence", regardless of the number of persons or organizations who sustain damages because of that "occurrence";
- (2) \$50,000 annual aggregate; and
- (3) We will pay only for damages in excess of \$2,500 as a result of any one "occurrence", regardless of the number of persons or organizations who sustain damages because of that "occurrence". We may, or if required by law, pay all or any part of any deductible amount, if applicable, to effect settlement of any claim or "suit". Upon notice of our payment of a deductible amount, you shall promptly reimburse us for the part of the deductible amount we paid.

Paragraph (6) of this exclusion does not apply to "property damage" included in the "products-completed operations hazard".

The insurance provided for "property damage" from the use of elevators and for "property damage" to borrowed equipment is excess over any other valid and collectible property insurance (including any deductible portion thereof) available to the insured whether primary, excess, contingent or on any other basis.

C. Damage To Premises Rented To You

Item **2. Exclusions**, the last paragraph is replaced by the following:

Exclusions **c.** through **n.** do not apply to damage by fire, lightning, explosion or sprinkler leakage to premises while rented to you or temporarily occupied by you with permission of the owner. A separate limit of insurance applies to this coverage as described in Paragraph 6. of **SECTION III - LIMITS OF INSURANCE**.

Item **1.** is amended by replacing Subparagraphs **b.** and **d.** with the following:

(a) To you, to your partners or members (if you are a partnership or joint venture), to your members (if you are a limited liability company), to a co-"employee" while in the course of his or her employment or performing duties related to the conduct of your business, or to your other "volunteer workers" while performing duties related to the conduct of your business;

 - (6) Demonstration, installation, servicing or repair operations, except such operations performed at the vendor's premises in connection with the sale of the product;
 - (7) Products which, after distribution or sale by you, have been labeled or relabeled or used as a container, part or ingredient of any other thing or substance by or for the vendor; or

DESIGNATED CONSTRUCTION PROJECT(S) GENERAL AGGREGATE LIMIT

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Designated Construction Project(s):

PER WRITTEN CONTRACT OR AGREEMENT WHERE YOU AGREED
TO PROVIDE A SEPARATE GENERAL AGGREGATE LIMIT FOR
EACH PROJECT

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

- A. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under Section I - Coverage A, and for all medical expenses caused by accidents under Section I - Coverage C, which can be attributed only to ongoing operations at a single designated construction project shown in the Schedule above:
1. A separate Designated Construction Project General Aggregate Limit applies to each designated construction project, and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.
 2. The Designated Construction Project General Aggregate Limit is the most we will pay for the sum of all damages under Coverage A, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard", and for medical expenses under Coverage C regardless of the number of:
 - a. Insureds;
 - b. Claims made or "suits" brought; or
 - c. Persons or organizations making claims or bringing "suits".
 3. Any payments made under Coverage A for damages or under Coverage C for medical expenses shall reduce the Designated Construction Project General Aggregate Limit for that designated construction project. Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Designated Construction Project General Aggregate Limit for any other designated construction project shown in the Schedule above.
 4. The limits shown in the Declarations for Each Occurrence, Damage To Premises Rented To You and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Designated Construction Project General Aggregate Limit.
- B. 4250 – AMENDMENT TO UTILITY PIPE REHABILITATION PROGRAM

Agenda Wording

Amending the contract with SNAP for administration of the Water Sewer Rehab program.

Summary (Background)

This program, previously named the Water and Sewer Rehabilitation Program Administration, will now be called Utility Pipe Rehabilitation Program for this and any future amendments. Council approved the Utility Repair program in November 2023. The program provides low interest loans to qualifying ratepayers with utility related issues (e.g., broken side sewer). Staff intended to return one year later with program revisions. Based on the experience of the first year, staff recommends 3 revisions to the program and amendment to the contract with SNAP. 1.Increase eligibility for the program. The program currently limits eligibility to 80% AMI. We recommend using 150% AMI which reflects more closely the need in the community. 2.Increase eligibility for low AMI and provide for options for repayment. Currently less than 50% AMI can defer payment until sale of the property. We recommend increasing the limit to 80% AMI and allowing optional repayment at 0% interest. 3.Change the contract renewal with SNAP to 12/31/2026 to align with the City's fiscal year. The current contract expires on 5/28/2025, which is in the middle of the construction season.

What impacts would the proposal have on historically excluded communities?

Public works services and projects are designed to serve all citizens and businesses. We strive to offer a consistent level of service to all, distribute public investment throughout the community, and respond to gaps in services identified in various City plans.

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

N/A

How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

Public Works follows the City's established procurement and public works bidding regulations and policies to bring items forward and then uses contract management best practices to ensure desired outcomes and regulatory compliance.

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

This work is consistent with annual budget strategies to limit costs and approved projects in the 6-year CIP.

Attachment B

Utility Pipe Rehabilitation Program~~Water and Sewer Rehabilitation Program~~

1. Background

Resident-owned sewer and water connections and systems are a part of the aging infrastructure within the City of Spokane's (The City) Designated Service Areas. Residential water and sewer connections and systems are not maintained by the City of Spokane or its Wastewater or Water Departments. These sewer connections and systems include on-site septic disposal systems, residential sewer pipes and systems, and side sewer laterals, which conveys wastewater from a residence to the public sewer. Residential water service lines are those that connect the meter to the public water supply system. Property owners are responsible for the maintenance and replacement costs of these connections and systems. Costs associated with replacing these systems often are more than a low-income property owner can afford, and many require the property owner to borrow or secure a loan to cover the expense. Often, maintenance or repair of these non-publicly maintained utility connections do not qualify for financial assistance from governmental entities, such as through the City's Housing Repair Programs. The Washington State Constitution (Article 8 Sec. 10) allows for municipal corporations engaged in the sale or distribution of water, energy, stormwater, or sewer services to provide financial assistance to those who utilize those services for the conservation or more efficient use of water, energy, or stormwater or sewer services.

2. Current Policy

The City has no maintenance or repair obligations for residential connections or systems. City Code requires sewer facilities to be connected to public sewer for all premises (SMC 13.03.0306); to be discharged to the Public Owned Treatment Works (POTW) or authorized on-site sewage disposal system (SMC 13.03.0302A); and to be repaired if not working properly (SMC 13.03.0312). A violation of this section requires the property owner to repair the issue and be compliant within 30 days of notification. The property owner is responsible to maintain the water service pipe connections in good repair and condition. The City has limited authority to make repairs when necessary and will charge the property owner any incurred costs (SMC 13.04.1002). There are few options for financial assistance to property owners for repairs to septic systems, side sewer connections, or water service lines.

SMC 13.03.0304 provides that no new septic systems will be installed within the City limits without a written permit from the Spokane Regional Health District and written authorization by the Director of Wastewater Management. A septic system must be connected to public sewer within the Spokane City limits on the earlier of failure, requires pumping, or within one year of new public sewer availability. Existing septic systems within 200 feet of a public sewer will be required to connect to the City's sewer system and will have a maximum of one (1) year to connect. Abandonment may only be deferred if a septic system is farther than 200 feet from a public sewer line to the property line, with written authorization from the Director of Wastewater Management.

3. Reasons to Connect to the Public System

3.1 City Municipal Code Requires Connection to Public Sewer

The Spokane Municipal Code (SMC) requires all properties to be properly connected to the public sewer, in accordance with City requirements (SMC 13.03.0306). SMC 13.03.0304 prohibits any on-site sewage

disposal system if (1) public sewer is available, (2) premises are occupied by a significant industrial user, or (3) public health or safety would be adversely affected.

3.2 Public Health and Environmental Concerns

Failed septic systems, side sewer, and residential sewer systems leach human waste into groundwater, backyards, the Spokane-Valley Rathdrum-Prairie Sole Source Aquifer, and the Spokane River, which endangers the public and environment. The Spokane-Valley Rathdrum-Prairie Sole Source Aquifer is located under much of the City of Spokane and leaching sewage could be a possible source of contamination to our drinking water. Converting septic systems and repairing or replacing the other systems located within the City's service area will help alleviate a possible source of contamination to the drinking water and health hazards that may exist.

3.3 Benefits Property Owners

Septic systems or failing sewer connections can be expensive to maintain or repair. Converting or rehabilitating residential utility systems provides effective long-term cost savings, reduces maintenance costs, and improves property values for property owners. It ensures a properly functioning utility into the future.

3.4 Benefits City of Spokane

Property owners served by non-municipal utilities Rate payers and customers currently look to the City of Spokane for solutions when their sewer does not work or when their water service is inadequate. Often these property owners cannot afford to finance the maintenance or replacement of the system. This program is intended to minimize city resources needed to investigate, educate residents about, and remediate the potential failures of septic and side sewer systems, protect our drinking water source, and comply with environmental regulations. Additionally, rehabilitating aging or broken infrastructure has a conservation benefit to the City, leading to more efficient and reliable utility systems which is beneficial to all the city residents and its utility customers and rate payers.

4. Programs in Other Communities

Cities and counties across the nation continue to have challenges with on-site septic systems and residential sewer connections and systems. Several communities or utilities have established policies and programs for the rehabilitation of sewer extensions, elimination of septic systems, and repair of water lines. The motivation for these programs varies from environmental compliance to growth moratoriums.

Financial assistance programs are financed by the jurisdiction in several ways:

- Costs are paid in part or full either for construction or deferring payment.
- Low-interest loans or grants.
- Costs are reimbursed through utility bills.
- Special programs provide financial assistance for low-income property owners.

Example programs:

Jurisdiction	Program	Details
Clark Regional Wastewater District (Clark County, WA)	SEP	Cost to connect to sewer 30% deferred if connected within one year; Loan for all new connections: 60 (prime +1.5%) or 120 (prime +3.0%) monthly installments.
Columbus, OH	STEP Loan Program	No-interest loans to cover the two potential costs to the homeowner. The first: the city will defer payment on fees (capacity and frontage) that are normally due at the time of connection; the second: private plumbing costs up to \$10,000. Must hire a licensed sewer contractor.
Fort Wayne, IN	SEP	Connection fee waived; City contributes \$3,200 toward the cost to a contractor; Income-based assistance: the city reduces the assessment on the property.
Martin County, FL	Connect to Protect	Depends on the type of system (Grinder or Vacuum). Grinder – new connection pays \$10,000; reduced to \$8,000 if the homeowner connects within 365 days of the new force main being available. Vacuum – The owner pays a special assessment on the annual property tax bill amortized over 20 years. Local non-profit lending organization helps reduce loan costs by up to \$1,000.
Tacoma, WA	Septic Amnesty Program	50% reduction in sewer fee up to \$10,000 – property owner must connect within 2 years of sewer becoming available.
	Sewer Conservation Loan Program	Low-interest loan program for repair or replacement of existing (not new) side sewers up to 90%. 2% below prime (min. 4%); \$1k to \$10k. Secured by property lien.
Helena, MT	Service Line Replacement Loan Program	0% interest up to \$15k for SF residential repair or replacement. Term up to 10 years. Water or sewer service lines within 2 ft. of the foundation. (Low income can pay off with the sale or transfer of property). No early payoff penalty. Example Resolution available.
Seattle, WA	Home Repair Loan Program	Low Income; 0% interest. Start at \$3k and a low-income deferred loan.

Pierce County, WA	Residential Side Sewer Conservation Loan Program	Loans may be made for up to 90% of the estimated project cost. The maximum loan amount is \$10,000. The current interest rate on this loan is 2.42%. Loans must be secured by a lien on the project property. Loan repayments are made monthly and are not part of the regular sewer bill.
Philadelphia, PA	Homeowner Emergency Loan Program	0% interest, installment payment loan for the water service line, water supply line, curb trap, main drain and/or sewer lateral, also basement backup prevention program. For emergency or lead service. Repayment added to water bill for 60 months. 0% interest for good standing on payments years. 5% penalty and missed payment penalty.

5. City of Spokane's Proposed Program

To assist property owners who need to replace residential utilities, the City of Spokane is proposing a five (5)-year program that will provide financial assistance to property owners [who are City utility customers](#) residing within the City of Spokane. The goal of this program is to provide an affordable option for rehabilitating or replacing water and/or sewer connections and systems in need of repair, either by deferral or, in some cases, offset of repair costs. The cost of replacing one of these systems can range from less than \$5,000 to greater than \$35,000. This is a new program for the City of Spokane and as such the number of property owners and the associated costs are undetermined. Most water and sewer disruptions occur with little forewarning and limited time to repair. The program will operate on a first-come, first-served, based on approved applications; applications will be approved as received until funds are exhausted. Both the need and success of the program will drive future funding discussions and options. The program is expected to be a five (5)-year project, subject to available funding, but may be terminated at any time.

The proposed program contains these elements:

Program Management: This program is recommended to be managed by a qualified third-party [administrator](#).

Program Evaluation: The program will be reviewed and evaluated on an annual basis. The review will evaluate the number of projects completed, future needs, the amount of funds spent on projects, the amount of funding available for next year, and other criteria, as determined. This evaluation will be compiled into a report and submitted to the Director of Public Works.

Financial policies: The goal of the program will be to provide interim or short-term financial assistance to the property owner that is simple to administer and simple to understand. For this reason, a low-interest loan program is recommended. Loan payments will return to the program. As repayments under the program continue, the investment from utility funds may be able to decrease over time.

Eligibility criteria: Objective eligibility criteria will be established and administered through an Administrative Policy. [Property owner must be connected to City municipal water, sewer and/or storm utility.](#) ~~C~~Criteria elements may include, without limitation, the requirement of the property owner to

sign a contract for repayment/terms; use of a licensed contractor; written estimates and invoices to be submitted to the City before any reimbursements; compliance with any applicable City standards, rules, and regulations; execute lien against the property, etc. A certain amount of evaluation will be needed to determine if a project meets the criteria for this program.

5.1 Financial Policies

The City of Spokane Integrated Capital Management has budgeted up to \$500,000 per year, starting in 2024 and ending in 2028, to finance this program. The amount of funds available for the program will be reviewed each year in consideration of the overall utility budgets, the expected interest in the program, and the amount of loan payments received back to the program. This amount may be adjusted as necessary, during future reviews, depending on overall utility finances. Any amounts remaining at the end of a given year will roll over into the next year.

Low-interest loans

Property owners may apply for a low-interest loan from this program with an interest rate of 3% with a repayment term of up to 120 months. A repayment schedule will be created for each loan based on the cost and the financial ability for repayment by the property owner. A property owner must enter into a written agreement and agree to a lien to be placed on the property until the loan is paid in full. Payments will be made as part of, but separate from, the monthly utility bill.

Income Based Assistance

Property owners who reside in their homes and whose income and resources are below 50% of the AMI may be eligible for a payment deferral upon the future sale of the property after the project is completed who are at or below the U.S. Department of Housing and Urban Development income threshold for "low income" (80%AMI) are eligible to receive a loan with zero percent interest and/or elect to defer repayment of the loan until a future sale of the property.

Commented [NS1]: HUD AMI calcs: [Income Limits | HUD USER](#). Their methodology is explained therein.

5.2 Eligibility Criteria

A set of criteria will be needed to determine if the project is eligible. A priority system may be needed depending on applications received and the availability of annual funds. Priority criteria should be in accordance with public health concerns, public health and environmental protection, ~~and~~ the location of property to available city infrastructure, project complexity, and financial need.

Qualifications

The program will be available for property owners who own and live in the home, with an Area Median Income (AMI) of ~~80~~150% or less. And receive City utility services. Additionally, the property must be within the City of Spokane wastewater service area for a sewer related project and within the water service area for a water related project.

Property

The project must be currently connected to the City of Spokane's water or sewer systems, or in the case of septic systems, be within the City's sewer service area. The application may only be from the current property owner. Applicants are limited to currently existing, owner-occupied, single-family residences. In the future, commercial properties and multi-family housing may be considered if the need is identified and the funding is available. New construction is not eligible.

Projects

Eligible projects may include, but are not limited to:

- Crushed, broken, leaking side sewer lines
- Corroded, leaking, misaligned water service lines
- Long water service lines
- Residential sewers
- Elimination of septic systems

Eligible Costs may include, but are not limited to:

- Excavation
- Necessary on-site reroute of plumbing and associated repair
- New pipe, fitting, valves, and appurtenances
- Landscape repair
- Connection to existing sewer pipes or manholes
- Curb and sidewalk repair
- Street repair
- Permits
- Tap/Meter fees

Ineligible Costs may include, but are not limited to:

- Property enhancements or renovations unless required by Spokane Municipal Code (e.g., required to connect to newly available sewer)
- ~~New service connections~~ Connections for homes in new development(s)
- New sidewalk outside of the construction area

5.3 Process

The proposed process will follow current City rules, regulations, and practices.

1. Property owner will contact the City of Spokane to report a water or sewer problem on their property.
2. City staff confirms it is not a city system problem, but a problem on the private property. Staff will provide information about next steps for the property owner, including details about this program.
3. The property owner applies for the City's program through the qualified third-party vendor.
4. The qualified third-party vendor reviews the application for income and project eligibility.
5. When the application is approved, the qualified third-party vendor will manage the selection of the contractor from the approved list and initiation of the contract.
6. The contractor pulls the required permits.

7. The contractor completes construction work.
8. The final work is inspected by City staff.
9. Loan is turned over to Utility Billing Dept.
10. Lien recorded by Legal/Administrator.
11. Loan repayment begins through utility bill.

5.4 Qualified contractor required to perform work

The construction work must be performed by a licensed and bonded contractor qualified for this type of work. The qualified third-party vendor will ensure contractors on the list meet the necessary qualifications.

5.5 Funding

Residential utility repairs or replacements generally do not have a preventative maintenance schedule. Repairs or replacement is necessary soon after the problem is identified. The need for this program will vary year by year. The program will be funded annually with any unused funds carried forward to the next year. The funding amount and funds carried forward will be reviewed annually to determine the appropriate amount needed for this program.

5.6 Engagement

The City will provide information to inform those community members that are most likely to be eligible. The City will produce an educational flyer that provides an overview of the types of repairs that may be necessary, details of the program, and steps of the process. The flyer will be used for community engagement, available on the City's Utility Billing webpage, and translated into different languages as appropriate/needed. In addition, the flyer will be shared with the following:

- Neighborhood community centers
- Martin Luther King, Jr Community Center
- Neighborhood Councils
- Resettlement programs such as World Relief and Refuge Connections Spokane
- Non-profit organizations such as Asian Pacific Islander Coalition and Latinos en Spokane
- Qualified contractors on the approved list

4250 - SIDEWALK CONDITION ASSESSMENT DATA COLLECTION

Agenda Wording

Contract with DeepWalk Research, Inc., to assess sidewalk data with the use of their ADA prioritization software.

Summary (Background)

Preliminary program development was reviewed at a Council Study Session on October 17, 2024 (prior to the establishment of the Transportation Commission Subcommittee sessions). At this session, it was recommended to Council to invest the \$500,000 allocation for a sidewalk repair program in tasks related to program/policy design and sidewalk condition assessment data collection. No construction will be conducted with these preliminary funds. Following this recommendation, RFQu 6349-25 was issued to solicit services for sidewalk condition assessment. The RFQu was opened on April 8, 2025, and received three submissions. The firm "Deepwalk" was selected. Deepwalk offers a LiDAR-based software platform that analyzes sidewalk conditions through a smartphone app. A pilot using this technology will be conducted in May 2025, assessing 15 miles of sidewalks (5 miles in each council district). If the pilot proves successful, the remaining sidewalk network will be assessed by intern staff during Summer 2025. Each phase of work (i.e., pilot and full-scale implementation) will be issued as a separate contract.

What impacts would the proposal have on historically excluded communities?

Public works services and projects are designed to serve all citizens and businesses. We strive to offer a consistent level of service to all, distribute public investment throughout the community, and respond to gaps in services identified in various City plans.

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

n/a

How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

Public Works follows the City's established procurement and public works bidding regulations and policies to bring items forward and then uses contract management best practices to ensure desired outcomes and regulatory compliance.

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

This work is consistent with annual budget strategies to limit costs and approved projects in the 6-year CIP.

Customer hereby agrees to indemnify and hold harmless Company against any damages, losses, liabilities, settlements and expenses (including without limitation costs and reasonable attorneys' fees) in connection with any claim or action that arises from an alleged violation of the foregoing or otherwise from Customer's use of Services. Although Company has no obligation to monitor Customer's use of the Services, Company may do so and may prohibit any use of the Services it believes may be (or alleged to be) in violation of the foregoing.

3. CONFIDENTIALITY; PROPRIETARY RIGHTS

3.1 Each party (the "Receiving Party") understands that the other party (the "Disclosing Party") has disclosed or may disclose business, technical or financial information relating to the Disclosing Party's business (hereinafter referred to as "Proprietary Information" of the Disclosing Party). Proprietary Information of Company includes non-public information regarding features, functionality and performance of the Service. Proprietary Information of Customer includes non-public data provided by Customer to Company to enable the provision of the Services ("Customer Data"). The Receiving Party agrees: (i) to take reasonable precautions to protect such Proprietary Information, and (ii) not to use (except in performance of the Services or as otherwise permitted herein) or divulge to any third person any such Proprietary Information. The Disclosing Party agrees that the foregoing shall not apply with respect to any information after five (5) years following the disclosure thereof or any information that the Receiving Party can document (a) is or becomes generally available to the public, or (b) was in its possession or known by it prior to receipt from the Disclosing Party, or (c) was rightfully disclosed to it without restriction by a third party, or (d) was independently developed without use of any Proprietary Information of the Disclosing Party or (e) is required to be disclosed by law.

3.2 Customer shall own all right, title and interest in and to the Deliverables listed in the Statement of Work in Exhibit A. Company shall own and retain all right, title and interest in and to (a) all raw data not listed in the Statement of Work in Exhibit A (b)

the Services and Software, all improvements, enhancements or modifications thereto, (c) any software, applications, inventions or other technology developed in connection with Implementation Services or support, and (d) all intellectual property rights related to any of the foregoing.

3.3 Notwithstanding anything to the contrary, Company shall have the right collect and analyze data and other information relating to the provision, use and performance of various aspects of the Services and related systems and technologies (including, without limitation, information concerning Customer Data and data derived therefrom), and Company will be free (during and after the term hereof) to (i) use such information and data to improve and enhance the Services and for other development, diagnostic and corrective purposes in connection with the Services and other Company offerings, and (ii) disclose such data solely in aggregate or other de-identified form in connection with its business. No rights or licenses are granted except as expressly set forth herein.

4. PAYMENT OF FEES

4.1 Customer will pay Company the then applicable fees described in the Order Form for the Services and Implementation Services in accordance with the terms therein (the "Fees"). If Customer's use of the Services exceeds the Service Capacity set forth on the Order Form or otherwise requires the payment of additional fees (per the terms of this Agreement), Customer shall be billed for such usage and Customer agrees to pay the additional fees in the manner provided herein. Company reserves the right to institute new charges and Fees at the end of the Initial Service Term or then current renewal term, upon thirty (30) days prior notice to Customer (which may be sent by email). If Customer believes that Company has billed Customer incorrectly, Customer must contact Company no later than 60 days after the closing date on the first billing statement in which the error or problem appeared, in order to receive an adjustment or credit. Inquiries should be directed to Company's customer support department.

4.2 Company shall bill through an invoice, in which case, full payment for invoices issued in any given month must be received by Company thirty (30) days after the mailing date of the invoice. Unpaid amounts are subject to a finance charge of 1.5% per month on any outstanding balance, or the maximum permitted by law, whichever is lower, plus all expenses of collection and may result in immediate termination of Service. Customer shall be responsible for all taxes associated with Services other than U.S. taxes based on Company's net income.

5. TERM AND TERMINATION

5.1 In addition to any other remedies it may have, either party may also terminate this Agreement upon thirty (30) days' notice (or without notice in the case of nonpayment). Customer will pay in full for the Services up to and including the last day on which the Services are provided. Upon any termination, Company will make all purchased deliverables available to Customer for electronic retrieval for a period of thirty (30) days, but thereafter Company may, but is not obligated to, delete stored Customer Data. All sections of this Agreement which by their nature should survive termination will survive termination, including, without limitation, accrued rights to payment, confidentiality obligations, warranty disclaimers, and limitations of liability.

6. WARRANTY AND DISCLAIMER

Company shall use reasonable efforts consistent with prevailing industry standards to maintain the Services in a manner which minimizes errors and interruptions in the Services and shall perform the Implementation Services in a professional and workmanlike manner. Services may be temporarily unavailable for scheduled maintenance or for unscheduled emergency maintenance, either by Company or by third-party providers, or because of other causes beyond Company's reasonable control, but Company shall use reasonable efforts to provide advance notice in writing or by e-mail of any scheduled service disruption. HOWEVER, COMPANY DOES NOT WARRANT THAT THE SERVICES WILL BE UNINTERRUPTED OR ERROR FREE; NOR DOES IT MAKE ANY WARRANTY AS TO THE RESULTS THAT MAY BE OBTAINED FROM USE OF THE SERVICES. EXCEPT AS EXPRESSLY SET FORTH IN THIS SECTION, THE SERVICES AND IMPLEMENTATION SERVICES ARE PROVIDED "AS IS" AND COMPANY DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT.

7. INDEMNITY

Company shall hold Customer harmless from liability to third parties resulting from infringement by the Service of any United States patent or any copyright or misappropriation of any trade secret, provided Company is promptly notified of any and all threats, claims and proceedings related thereto and given reasonable assistance and the opportunity to assume sole control over defense and settlement; Company will not be responsible for any settlement it does not approve in writing. The foregoing obligations do not apply with respect to portions or components of the Service (i) not supplied by Company, (ii) made in whole or in part in accordance with Customer specifications, (iii) that are modified after delivery by Company, (iv) combined with other products, processes or materials where the alleged infringement relates to such combination, (v) where Customer continues allegedly infringing

activity after being notified thereof or after being informed of modifications that would have avoided the alleged infringement, or (vi) where Customer's use of the Service is not strictly in accordance with this Agreement. If, due to a claim of infringement, the Services are held by a court of competent jurisdiction to be or are believed by Company to be infringing, Company may, at its option and expense (a) replace or modify the Service to be non-infringing provided that such modification or replacement contains substantially similar features and functionality, (b) obtain for Customer a license to continue using the Service, or (c) if neither of the foregoing is commercially practicable, terminate this Agreement and Customer's rights hereunder and provide Customer a refund of any prepaid, unused fees for the Service.

8. LIMITATION OF LIABILITY

NOTWITHSTANDING ANYTHING TO THE CONTRARY, EXCEPT FOR BODILY INJURY OF A PERSON, COMPANY AND ITS SUPPLIERS (INCLUDING BUT NOT LIMITED TO ALL EQUIPMENT AND TECHNOLOGY SUPPLIERS), OFFICERS, AFFILIATES, REPRESENTATIVES, CONTRACTORS AND EMPLOYEES SHALL NOT BE RESPONSIBLE OR LIABLE WITH RESPECT TO ANY SUBJECT MATTER OF THIS AGREEMENT OR TERMS AND CONDITIONS RELATED THERETO UNDER ANY CONTRACT, NEGLIGENCE, STRICT LIABILITY OR OTHER THEORY: (A) FOR ERROR OR INTERRUPTION OF USE OR FOR LOSS OR INACCURACY OR CORRUPTION OF DATA OR COST OF PROCUREMENT OF SUBSTITUTE GOODS, SERVICES OR TECHNOLOGY OR LOSS OF BUSINESS; (B) FOR ANY INDIRECT, EXEMPLARY, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES; (C) FOR ANY MATTER BEYOND COMPANY'S REASONABLE CONTROL; OR (D) FOR ANY AMOUNTS THAT, TOGETHER WITH AMOUNTS ASSOCIATED WITH ALL OTHER CLAIMS, EXCEED THE FEES PAID BY CUSTOMER TO COMPANY FOR THE SERVICES UNDER THIS AGREEMENT IN THE 12 MONTHS PRIOR TO THE ACT THAT GAVE RISE TO THE LIABILITY, IN EACH CASE, WHETHER OR NOT COMPANY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

9. MISCELLANEOUS

0520 CONTRACT WITH WASHINGTON DOL REGARDING TRANSPORTATION

Agenda Wording

Amendment of 2011 interlocal agreement between Spokane Transportation Benefit District and Washington Department of Licensing for collection and processing of Transportation Benefit District Fees

Summary (Background)

State law authorizes cities to establish transportation benefit districts (TBD) for the purpose of providing and funding transportation improvements within the TBD's jurisdiction. Spokane established its TBD in 2011. The purpose of the Agreement is to provide terms and conditions under which Department of Licensing administers and collect fees on behalf of the TBD as provided by Agreement, according to RCW 36.73.065, RCW 46.12, RCW 82.80.140 and other applicable laws. Since its initial execution, the ILA was amended to confirm the separate a separate federal tax ID number for the TBD. This second amendment is to update the respective contacts for the DOL and the City and to amend the fee collection language. The City's contact information will now list Jon Snyder, the City's Director of Transportation and Sustainability.

What impacts would the proposal have on historically excluded communities?

The TBD ensures city registered drivers are paying into the residential street repair program.

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

Roads are analyzed based on the Pavement Condition Index and slated for timely treatment. People verify the PCI number and the number is updated within a two year period. This informs the effectiveness of the program and a continuous improvement methodology.

How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

See response above

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

The TBD is aligned with broader City policies such as our Comprehensive Plan (Complete Streets), City Council initiatives, Neighborhood Plans, and stated Administrative priorities.

PURPOSE

Engrossed Substitute House Bill 1858, Chapter 329 Laws 2007, authorizes cities to establish transportation benefit districts (TBD) for the purpose of providing and funding transportation improvements within the TBD's jurisdiction.

The purpose of this Agreement is to provide terms and conditions under which DOL shall administer and collect fees on behalf of the TBD as provided by Agreement, according to RCW 36.73.065, RCW 46.12, RCW 82.80.140, WAC 308-10, Chapter 18 USC Sec. 2721 -2725 Driver Privacy Protection Act (DPPA), and Executive Order 97-01, and all applicable laws, and under the authorization of RCW 39.34 as currently written or hereafter amended.

THEREFORE, IT IS MUTUALLY AGREED THAT:

DEFINITIONS

As used throughout this Agreement the following terms shall have the meanings set forth below:

1. "Administrative and Collection Expenses" means direct and indirect costs associated with the collection of the TBD fees, including but not limited to information technology services to implement and support the collection of TBD fees; accounting for and payment of fees to the TBD; Contract administration; and management analysis as well as other incidental administrative overhead, and includes the costs associated with optional access to the IVIPS by TBD (under separate IVIPS Agreement).
2. "Authorized user" means TBD officers, and employees, or any other authorized agent or official of the TBD.
3. "Billing cycle" means the annual vehicle registration renewal.
4. "Confidential Information" means information that requires protection from unauthorized physical and electronic access. Confidential Information includes, but is not limited to, social security numbers, credit card information, driver license numbers, vehicle owner information, personal information, law enforcement records, agency security data, and banking profiles.

5. "Data" means information which may be confidential contained in the vehicle and/or vessel record provided to Contractor under this Agreement
6. "Data Requests" means requests made for vehicle owner data provided by a Secure Data Transfer (SDT) process, and is provided under a separate agreement, not to include use of the optional Internet Vehicle Information Processing System (IVIPS).
7. "Direct Cost" shall include, but is not limited to, all operating, equipment and personnel costs used to furnish the information, reruns and/or additional data runs, costs materials and data integrity costs directly related to the monthly production and maintenance of these data files.
8. "District" means all the territory within the boundaries of the Transportation Benefit District's jurisdiction establishing the district.
9. "DOL File" means the data file received by DOL from DOR used by DOL as the primary GIS data source to assess TBD fees.
10. "DOR" means Department of Revenue.
11. "GIS" means the Department of Revenue/Geographical Information System.
12. "Indirect Cost" shall include, but is not limited to, auditing, answering complaints, correspondence, administrative overhead, building rents, related utilities, and other expenses identified as indirect costs by the Director of DOL.
13. "IVIPS" means Internet Vehicle Information Processing System.
14. "Jurisdiction location code" means the four digit number that corresponds to a TBD jurisdiction that is used by DOL when assessing the TBD fee. The four digit number is derived from DOR's sales and use tax location code information.
15. "Next billing cycle" means the billing cycle that occurs during the 12th month following the current billing cycle. For example, if a renewal is sent for a due date in the month of January 2011, the next billing cycle will be January 2012.
16. "Personal Information" means information identifiable to any person, including, but not limited to, information that relates to a person's name, health, finances, education, business, use or receipt of governmental services or other activities, addresses, telephone numbers, social security numbers, driver license numbers, e-mail addresses, credit card information, law enforcement records or other identifying numbers or Protected Health Information, any financial identifiers, and other information that may be exempt from disclosure to the public or other unauthorized persons under either RCW 42.56 or other state and federal statutes.
17. "Subcontractor" means a person or entity not in the employ of the TBD named in this Agreement, but who is performing all or part of those services outlined in this Contract under a separate Agreement with the TBD. The terms "subcontractor" and "subcontractors" mean subcontractor(s) in any tier.

STATEMENT OF WORK

The parties to this Agreement shall furnish the necessary personnel, equipment, material and/or service(s) and otherwise do all things necessary for or incidental to the exchange of data as set forth in the *Statement of Work*, Attachment A, *Vehicles Subject to ESHB 1858*, Attachment B and *Vehicles Not Subject to ESHB 1858*, Attachment C that are attached and incorporated by reference.

PERIOD OF PERFORMANCE

Subject to its other provisions, this Agreement shall begin upon the **date of execution** by the parties and shall **extend through the life of the TBD** as defined in the ordinance establishing the TBD. This Agreement is subject to review by the parties every two years or sooner as necessary to review applicable laws changes that affect this agreement and the provision herein, or as is otherwise required herein.

FEE COLLECTION

Fee collection may not be sooner than six (6) months from the signed and dated Ordinance creating the TBD fee. However, prior to any fee collection the following must occur:

TBD shall:

1. Provide DOL with a completed Vehicle/Vessel Disclosure Agreement Application.
2. Enter into the standard IVIPS agreement in accordance with RCW 46.12.380.
3. Provide DOL with a legible copy of the TBD's signed and dated Ordinance documents and any related documents authorizing a specific fee amount.
4. Provide DOL with the DOR jurisdiction location code that will be used when determining which vehicles are subject to the fee.
5. Provide the TBD designated telephone number that will be printed in the fee notice text on renewal notices for any TBD fee inquiries.

Once Ordinance and contact information are received DOL Shall:

1. Make the necessary changes to add the fee and contact information to renewal notices. The changes may take approximately four (4) to six (6) months before the first fee notification will be printed on renewal notices.
2. Notify the TBD of the date the first renewal notice will contain TBD fees to be collected.

Collection start dates will vary depending on the necessary time required for DOL to establish the TBD fee collection setup. This is, in part, due to DOL's pre-existing billing cycles that require up to four (4) months to allow for changes to the special message in renewal notices and time to mail the notices before the vehicle's expiration date. The TBD fee collection notification may commence on the next scheduled billing cycle, after the collection setup is established and printing vendor notification has been made. The TBD fee will only be charged for vehicles that have an expiration date of the vehicle registration that is due on or after the first month DOL initiates the initial collection of the fee.

EXAMPLE OF BILLING CYCLE:

- If setup is established at least by April 1st, the first renewal notices will be mailed in June for vehicles with August expiration dates.
- If setup is established at least by April 15th, the first renewal notices will be mailed in July for vehicles with September expiration dates.

EXAMPLE OF WHEN DOL CHARGES THE FEE:

- If DOL starts to collect the fee effective with registrations that are due or become due on or after 9/1/2011, DOL will only charge customers if their vehicle registration expires on or after 9/1/2011 (renewing for 9/1/2012).

- DOL will NOT charge the fee if the customer renews late and the vehicle registration expired before the first month DOL started to collect the fee.
- DOL will charge the fee if the customer establishes a new expiration date for the vehicle registration that is after the month of the first fee collection.

PAYMENT/ REIMBURSEMENT

- DOL shall deduct a percentage amount, as provided in RCW 82.80.140, of one percent (1%) of the \$20 (twenty dollar) fee collected for administration and collection expenses incurred.
- DOL shall set up the Vehicle Field System (VFS) to automatically deduct one percent 1% at the time of each transaction.
- The one percent (1%) fee also includes the TBD's optional access to the IVIPS, once an IVIPS agreement is executed.
- DOL shall certify the release of the proceeds to the state treasurer, and the state treasurer shall distribute the proceeds to the TBD on a monthly basis.
- The one percent (1%) fee is a maximum permitted by statute and is based in part upon the costs associated with implementing the administration and collection expenses for the collections for the TBD as one of the first such entities with the state to implement a license tab fee.

RECORDS AND DOCUMENTS

The parties to this Agreement shall each maintain books, records, documents and other evidence, which sufficiently and properly reflect all direct and indirect costs expended by either party in the performance of the service(s) described herein. These records shall be subject to inspection, review or audit by authorized personnel of either party, the Office of the State Auditor, and other government officials so authorized by law for the period such records are required to be retained according to the Washington State Retention Schedule.

Each party will utilize reasonable security procedures and protections to assure that records and documents provided by the other party are not erroneously disclosed to third parties, except as required by law.

ASSURANCES

DOL and the Contractor agree all activity pursuant to this Agreement will be in accordance with all applicable current or future federal, state and local laws, rules, and regulations.

CONFIDENTIALITY

Each party agrees to maintain the security of and protect all confidential information, data, and records provided directly or indirectly to the TBD by DOL to ensure that such information is safeguarded, used, and disclosed by the TBD in compliance with laws governing such information, data and records. The TBD shall provide right of access to the Department or any of its officers or agents upon reasonable notice, to inspect the system by which the TBD maintains such information.

Should DOL have reason to believe that the TBD is not properly safeguarding, using, or disclosing DOL records, DOL shall take the following approach:

- Provide notice to the TBD that details each issue DOL has determined to be problematic along with a method DOL considers to be appropriate to remedy the issue;
- Provide the TBD at least thirty (30) days to cure such issue, provided, however, that if cure requires the discipline of any employee or subcontractor, the period of cure shall be extended to include any appeal or other process required by law or collective bargaining agreement.
- If the TBD fails to cure to DOL's satisfaction, DOL has the option to terminate dissemination of DOL records and information to the TBD until the TBD provides sufficient security for DOL records. DOL must provide twenty (20) days notice to the TBD that it will terminate dissemination of DOL records;
- If DOL terminates dissemination of records to the TBD, the TBD may seek review by the Dispute Board. Judicial review may be sought in lieu of seeking review of the Dispute Board;
- If the Dispute Board fails to remedy the issue to the TBD and/or DOL's satisfaction, either party may seek judicial review.

PUBLIC RECORDS REQUESTS

For any public records request received by the TBD for confidential information, the TBD will coordinate with DOL in an effort to mutually agree upon the information to be disseminated. If the TBD and DOL disagree, the TBD will provide DOL at least ten (10) days in order to allow DOL to seek judicial review as provided under the Public Records Act.

Indemnity

- Except as specifically provided in this section, the parties have not agreed to indemnify or hold harmless each other:
- Each party agrees to hold harmless and indemnify the other from any claim, loss or liability arising from or out of the employment or contractual relationship of each parties' employees and subcontractors;
- DOL agrees to bear all costs associated with the resolution of fee payer disputes regarding statutory exemption from license fees and agrees to hold harmless and indemnify the TBD from such costs.
- TBD agrees to bear all costs associated with the resolution of fee payer disputes relating to the formation of the TBD, the levying of any charge or fee on matters relating to the residence of the fee payer or other disputes relating to the location of the vehicle or fee payer, and agrees to hold harmless and indemnify the DOL from such costs.
- The term "cost" as used herein refers to any and all administrative costs, court costs and reasonable attorneys' fees associated with resolution of any claim, loss or liability.

INDEPENDENT CAPACITY

The employees or agents of each party who are engaged in the performance of this Agreement shall continue to be employees or agents of that party and shall not be considered for any purpose to be employees or agents of the other party.

AGREEMENT ALTERATIONS AND AMENDMENTS

This Agreement may be amended by mutual consent of the parties. Such amendments shall not be binding unless they are in writing and signed by personnel authorized to bind each of the parties.

MEMORANDUM OF UNDERSTANDING (MOU)

Any communications that either Contract Manager determines to address more than day-to-day concerns, but do not modify the terms of this Agreement, shall be documented by a written, numbered and dated MOU.

TERMINATION BY LEGISLATIVE ACTION

This Agreement is terminated upon formal action of the State Legislature by enacting statutory prohibition. If this Agreement is terminated, DOL is entitled to payments required under the terms of this Agreement for services rendered prior to termination.

REMEDIES; DISPUTE RESOLUTION

The relationship of the parties is in part defined by statute. In recognition of the parties' relationship and the lack of alternatives for the collection of fee, the parties have established these provisions regarding their respective rights and remedies.

Dispute Resolution

The parties shall attempt to resolve any dispute between the parties regarding the interpretation or performance under this agreement at a staff level. If a party believes the other to be in breach of the agreement, it shall provide written notice of breach to the party via postage paid in the U.S. mail addressed as provided in *Contract Management*, Section. The alleged party in breach shall have ten (10) business days to either cure the breach or refer any dispute to arbitration by the Dispute Board.

The Dispute Board shall attempt to resolve the dispute in the following manner prior to seeking judicial review. Due to the critical nature of the parties statutory obligations, disputes regarding public records shall not be subject to this procedure, except as provided in *Public Records Request* and *Confidentiality* Sections. Additional procedures are provided for alleged breach of confidentiality.

- Each party to this Agreement shall appoint one member to the Dispute Board.
- The members so appointed shall jointly appoint an additional member to the Dispute Board.
- The Dispute Board shall review the facts, Agreement terms, applicable statutes and rules and make a determination.

GOVERNANCE

This Agreement is entered into pursuant to and under the authority granted by the laws of the state of Washington and any other applicable law. The provisions of this Agreement shall be construed to conform to those laws.

Any inconsistency in the terms of this Agreement, or between its terms and any applicable statute or rule, shall be resolved by giving precedence in the following order:

1. Applicable state and federal statutes and rules;
2. Statement of Work; and all Attachments;
3. Any other provisions of the Agreement, including materials incorporated by reference.

ASSIGNMENT

The work to be provided under this Agreement, and any claim arising there under, is not assignable or delegable by either party in whole or in part.

WAIVER

Unless the Agreement is amended in writing by an authorized representative of DOL and the TBD, waiver of a default under this Agreement, or failure by DOL or the TBD to exercise its rights shall not:

- be considered a modification or amendment to the Agreement; or
- constitute a waiver of any subsequent default.

LIMITATION OF STATE LIABILITY

The parties agree that in no event shall the state of Washington, the Department, the Director of the Department or any Department employees, be liable to Contractor for any damages, costs, lost production, or any other loss of any kind for failure of the Department's equipment, hardware or software to perform for any reason, or for the loss of consequential damage which is the result of acts of God, strikes, lockouts, riots, acts of war, epidemics, acts of fire, failure of communications or computer equipment, facilities, or software, power failures, nuclear accidents or other disasters.

The state of Washington, the Department, the Director of the Department or any Department employee shall not be liable for any claim of any nature against Contractor by any party arising from any failure in the service furnished by the Department under this Agreement, for any errors, mistakes or acts on the part of the Department or its agents which result in the failure of the Department's equipment or software which fails to perform for any reason or for any other loss or consequential damage which is a result of acts of God, strikes, lockouts, riots, acts of war, epidemics, acts of fire, failure of communications or computer equipment, facilities, or software, power failures, nuclear accidents or other disasters.

SEVERABILITY

If any provision of this Agreement or any provision of any document incorporated by reference shall be held invalid, such invalidity shall not affect the other provisions of this Agreement which can be given effect without the invalid provision, if such remainder conforms to the requirements of applicable law and the fundamental purpose of this Agreement, and to this end the provisions of this Agreement are declared to be severable.

STATEMENT OF WORK**

The Transportation Benefit District (TBD) shall furnish the necessary personnel, equipment, material and/or services and otherwise do all things necessary for or incidental to the performance of work as set forth below:

FOR ADMINISTRATION AND COLLECTION OF THE VEHICLE FEE

RESPONSIBILITIES OF THE TBD

The TBD shall:

1. Provide DOL with a completed Vehicle/Vessel Disclosure Agreement Application.
2. Enter into the standard IVIPS agreement in order to be provided with access to the optional IVIPS.
3. Provide DOL with a legible copy of the official signed and dated Ordinance that establishes the Transportation Benefit District (TBD) fee.
4. Submit to DOL the TBD phone number to be printed in the fee notice text section on the vehicle license renewal notice.
5. Be the primary point of contact to respond to inquiries or disputes from citizens who have questions about the fee.
6. Handle all contacts and/or disputes regarding boundaries and/or questions regarding the TBD or its collection of fees.
7. Agree that any omitted or incorrect addresses that result in the fee not being charged for the current billing cycle will not be collected by DOL during the current cycle, and that DOL will charge the fee during the next billing cycle if Department of Revenue's (DOR) data is updated, DOL has a reasonable amount of time to accomplish necessary computer changes, and the address is within the TBD boundary.
8. Process and issue any refunds or shortages that may be due. It is anticipated that TBD refunds will be largely due to boundary disputes.
9. Verify boundary and sub boundary information of the TBD against the information provided in the DOR GIS system to ensure an address taxing location code is appropriately identified for fee collection. Notify DOR of any changes to initiate computer-programming updates for proper fee collection, as zip codes are added or changed within the boundary or sub area boundary assignment of the TBD.

RESPONSIBILITIES OF DOL

DOL shall:

1. Insert the imposed vehicle fee on the renewal notices for vehicles subject to the fee that are listed in *Vehicles Subject to the Vehicle Fee under RCW 82.80.140 Table*, Attachment B, and are within the TBD boundary.
2. Not impose the fee for vehicles as defined by law as "Not Subject "to the fee by statute and are listed in *Vehicles Not Subject to the Vehicle Fee under RCW 82.80.140 Table*, Attachment C.

3. Provide standard language on renewal notices to direct customers who have questions regarding the TBD fees to the designated TBD contact telephone number for questions regarding the fee.
4. Use data from the DOL file as the primary source for identification when assessing the fee for a vehicle registered within a TBD area. If the jurisdiction location code is one of the TBD areas, then DOL will apply the charge to the vehicle and notify the owner of the fee by using a paper or electronic renewal notice. If a match cannot be found within the data from the DOL file, then the customer will not be billed the TBD fee. DOL will not use any other data source to determine TBD fee liability.

Certificate Disclaimer

Alliant Insurance has recently updated their Certificate of Liability procedures to minimize unnecessary errors and to help clients and certificate holders understand the limitations and provisions outlined in their insurance policies. We will do so by adhering to the recommendations found in the recent Acord form manual and by staying compliant with state statute WAC 284-30-355 and (ORS)744.074(1)(e). Alliant aims to ensure clarity and accuracy in coverage interpretation while also protecting the interests of its clients and certificate holders.

While we can still add specific details such as job numbers, contract names, event dates, or specific locations on certificates, it's crucial to note that Alliant cannot bind our insurers to anything beyond what is specified in the endorsement. If the Additional Insured box is checked, individuals can refer to the Additional Insured endorsement attached to their certificate for detailed coverage information.

Ultimately, coverage is determined by the policy, its terms, and individual endorsements, and as established by the contract between the Named Insured and the Additional Insured. If there are any further inquiries or requests for clarification, please do not hesitate to reach out to us for further assistance.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

BLANKET ADDITIONAL INSURED

(Includes Products-Completed Operations If Required By Contract)

This endorsement modifies insurance provided under the following:
COMMERCIAL GENERAL LIABILITY COVERAGE PART

PROVISIONS

The following is added to **SECTION II – WHO IS AN INSURED**:

Any person or organization that you agree in a written contract or agreement to include as an additional insured on this Coverage Part is an insured, but only:

- a. With respect to liability for "bodily injury" or "property damage" that occurs, or for "personal injury" caused by an offense that is committed, subsequent to the signing of that contract or agreement and while that part of the contract or agreement is in effect; and
- b. If, and only to the extent that, such injury or damage is caused by acts or omissions of you or your subcontractor in the performance of "your work" to which the written contract or agreement applies. Such person or organization does not qualify as an additional insured with respect to the independent acts or omissions of such person or organization.

The insurance provided to such additional insured is subject to the following provisions:

- a. If the Limits of Insurance of this Coverage Part shown in the Declarations exceed the minimum limits required by the written contract or agreement, the insurance provided to the additional insured will be limited to such minimum required limits. For the purposes of determining whether this limitation applies, the minimum limits required by the written contract or agreement will be considered to include the minimum limits of any Umbrella or Excess liability coverage required for the additional insured by that written contract or agreement. This provision will not increase the limits of insurance described in Section III – Limits Of Insurance.
- b. The insurance provided to such additional insured does not apply to:

- (1) Any "bodily injury", "property damage" or "personal injury" arising out of the providing, or failure to provide, any professional architectural, engineering or surveying services, including:

- (a) The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders or change orders, or the preparing, approving, or failing to prepare or approve, drawings and specifications; and

- (b) Supervisory, inspection, architectural or engineering activities.

- (2) Any "bodily injury" or "property damage" caused by "your work" and included in the "products-completed operations hazard" unless the written contract or agreement specifically requires you to provide such coverage for that additional insured during the policy period.

- c. The additional insured must comply with the following duties:

- (1) Give us written notice as soon as practicable of an "occurrence" or an offense which may result in a claim. To the extent possible, such notice should include:

- (a) How, when and where the "occurrence" or offense took place;

- (b) The names and addresses of any injured persons and witnesses; and

- (c) The nature and location of any injury or damage arising out of the "occurrence" or offense.

- (2) If a claim is made or "suit" is brought against the additional insured:

COMMERCIAL GENERAL LIABILITY

- (a) Immediately record the specifics of the claim or "suit" and the date received; and
 - (b) Notify us as soon as practicable and see to it that we receive written notice of the claim or "suit" as soon as practicable.
- (3) Immediately send us copies of all legal papers received in connection with the claim or "suit", cooperate with us in the investigation or settlement of the claim or defense against the "suit", and otherwise comply with all policy conditions.
- (4) Tender the defense and indemnity of any claim or "suit" to any provider of other insurance which would cover such additional insured for a loss we cover. However, this condition does not affect whether the insurance provided to such additional insured is primary to other insurance available to such additional insured which covers that person or organization as a named insured as described in Paragraph 4., Other Insurance, of Section IV – Commercial General Liability Conditions.

To the fullest extent permitted by law, the Consultant shall indemnify, and hold the City and its officers and employees harmless from all claims, demands, or suits at law or equity asserted by third parties for bodily injury (including death) and/or tangible property damage to the proportionate extent caused by the Consultant's negligence or willful misconduct under this Agreement, including reasonable attorneys' fees and litigation costs; provided that nothing herein shall require a Consultant to indemnify the City against and hold harmless the City from claims, demands or suits based solely upon the negligence of the City, its agents, officers, and employees. If a claim or suit is caused by or results from the concurrent negligence of the Consultant's agents or employees and the City, its agents, officers and employees, this indemnity provision shall be valid and enforceable to the extent of the negligence of the Consultant, its agents or employees. The Consultant specifically assumes liability and agrees to indemnify and hold the City harmless for actions brought by the Consultant's own employees against the City and, solely for the purpose of this indemnification, the Consultant specifically waives any immunity under the Washington State industrial insurance law, or Title 51 RCW. The Consultant recognizes that this waiver was specifically entered into pursuant to the provisions of RCW 4.24.115 and was the subject of mutual negotiation. The indemnity and agreement to defend and hold the City harmless provided for in this section shall survive any termination or expiration of this Agreement. Notwithstanding any provision in this Agreement, in no event shall either party be liable to the other party for any indirect damages in connection with this Agreement.

This is to cover damages caused by the negligent error, omission, or negligent acts related to the professional services to be provided under this Agreement. The coverage must remain in effect for at least two (2) years after the Agreement is completed.

There shall be no cancellation, material change in coverage that would cause non-compliance with the requirements herein, reduction of limits or intent not to renew the insurance coverage(s) without thirty (30) days written notice from the Consultant or its insurer(s) to the City. As evidence of the insurance coverage(s) required by this Agreement, the Consultant shall furnish acceptable Certificates Of Insurance (COI) that meet the insurance requirements herein to the City within ten (10) days of returning the signed Agreement, providing a sample COI before agreement is scheduled for consideration on City Council agenda. The sample COI will state, "SAMPLE" on document. The certificate shall specify the City of Spokane as "Additional Insured" on the General Liability and Automobile Liability insurance policies specifically for Consultant's services under this Agreement, and include the required endorsements, the thirty (30) day cancellation clause, and the deduction or retention level. The Consultant will notify the City Project Manager if s/he or any other subconsultants are within ninety (90) days of a consecutive 36-month placement on City property. If the City determines using City premises or equipment is unnecessary to complete the Work, the Consultant will be required to work from its own office space or in the field. The City may negotiate a reduction in Consultant fees or charge a rental fee based on the actual costs to the City, for City premises or equipment.

15. KEY PERSONS.

The Consultant's Project Manager, Project Principal, and Quality Manager are considered essential to the Work. The Consultant shall not transfer or reassign any individual designated in this Agreement as essential to the Work, nor shall those key persons be replaced, removed or withdrawn from the Work without the express written consent of the City, which shall not be unreasonably withheld. If any such individual leaves the Consultant's employment, the Consultant shall present to the City one or more individuals with greater or equal qualifications as a replacement, subject to the City's approval, which shall not be unreasonably withheld. The City's approval does not release the Consultant from its obligations under this Agreement.

16. ASSIGNMENT AND SUBCONTRACTING.

The Consultant shall not assign or subcontract its obligations under this Agreement without the City's written consent, which may be granted or withheld in the City's sole discretion. Any subcontract made by the Consultant shall incorporate by reference this Agreement, except as otherwise provided. The Consultant shall require that all subconsultants comply with the obligations and requirements of the subcontract. The City's consent to any assignment or subcontract does not release the consultant from liability or any obligation within this Agreement, whether before or after City consent, assignment or subcontract. Consultant reserves the right to make any internal corporate assignments to allow Services to be performed by utilizing an affiliate, subsidiary or related company of Consultant that is appropriately licensed to perform the Services.

17. CITY ETHICS CODE.

Promotional items worth less than \$25 may be distributed by the Consultant to a City employee if the Consultant uses the items as routine and standard promotional materials. Any violation of this provision may cause termination of this Agreement. Nothing in this Agreement prohibits donations to campaigns for election to City office, so long as the donation is disclosed as required by the election campaign disclosure laws of the City and of the State.

18. NO CONFLICT OF INTEREST.

Consultant confirms that the Consultant or workers have no business interest or a close family relationship with any City officer or employee who was or will be involved in the consultant selection, negotiation, drafting, signing, administration or evaluation of the Consultant's work. As used in this Section, the term Consultant includes any worker of the Consultant who was, is, or will be, involved in negotiation, drafting, signing, administration or performance of the Agreement. The term "close family relationship" refers to: spouse or domestic partner, any dependent parent, parent-in-law, child, son-in-law, daughter-in-law; or any parent, parent in-law, sibling, uncle, aunt, cousin, niece or nephew residing in the household of a City officer or employee described above.

19. ERRORS AND OMISSIONS, CORRECTIONS.

Consultant is responsible for professional quality, technical accuracy, and the coordination of all designs, drawings, specifications, and other services furnished by or on the behalf of the Consultant under this Agreement in the delivery of a final work product. The standard of care applicable to Consultant's services will be the degree of skill and diligence normally employed by professional engineers or Consultants practicing under similar circumstances, in the same location services are performed. The Final Work Product is defined as a stamped, signed work product. Following completion of Services and for a period of twelve (12) months thereafter, if the Services provided hereunder do not conform to the foregoing standard and the same is reported to Consultant by City in writing promptly after recognition thereof, Consultant shall, without additional compensation, correct or revise errors or mistakes in designs, drawings, specifications, and/or other consultant services as soon as reasonably possible after receipt of such report from City. Consultant's guaranties shall not apply when the defect is due to: ordinary wear and tear, misoperation, corrosion or erosion, noise levels, operating conditions more severe than those contemplated in the original design, or a defect in a process or mechanical design or equipment furnished or specified by others. IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE SPECIFICALLY EXCLUDED. For any deficiencies in the Services, City shall be restricted to the remedies expressly set forth in this Section, whether asserted on the basis of contract, tort (including negligence) or otherwise. The obligation provided for in this Section regarding acts or omissions resulting from this Agreement survives Agreement termination or expiration.

20. INTELLECTUAL PROPERTY RIGHTS.

- A. Pre-Existing Materials. During the course of performing its services Consultant may provide or otherwise make available to City its proprietary data, concepts, methods, techniques, processes, protocols, ideas, inventions, know-how, trade secrets, algorithm, software, works of authorship, software and hardware architecture, databases, tools, other background technologies and standards of judgment that Consultant developed or licensed from third parties independent of the services and prior to the Effective Date ("Pre-Existing Jacobs Material"). Consultant shall retain all right, title and interest, including intellectual property rights, in the Pre-Existing Jacobs Material. Subject to the terms and conditions of this Agreement, Consultant hereby grants to City a non-exclusive, non-transferable, royalty-free license to utilize the Pre-Existing Jacobs Material solely for the purpose of City's project.
- B. Copyrights. The Consultant shall retain the copyright (including the right of reuse) to all materials and documents prepared by the Consultant for the Work, whether or not the Work is completed. The Consultant grants to the City a non-exclusive, irrevocable, unlimited, royalty-free license to use copy and distribute every document and all the materials prepared by the Consultant for the City under this Agreement. If requested by the City, a copy of all drawings, prints, plans, field notes, reports, documents, files, input materials, output materials, the media upon which they are located (including cards, tapes, discs, and other storage facilities), software program or packages (including source code or codes, object codes, upgrades, revisions, modifications, and any related materials) and/or any other related documents or materials developed solely for and paid for by the City to perform the Work, shall be promptly delivered to the City.
- C. Patents: The Consultant assigns to the City all rights in any invention, improvement, or discovery, with all related information, including but not limited to designs, specifications, data, patent rights and findings developed with the performance of the Agreement or any subcontract. Notwithstanding the above, the Consultant does not convey to the City, nor does the City obtain, any right to any document or material utilized by the Consultant created or produced separate from the Agreement or was pre-existing material (not already owned by the City), provided that the Consultant has identified in writing such material as pre-existing prior to commencement of the Work. If pre-existing materials are incorporated in the work, the Consultant grants the City an irrevocable, non-exclusive right and/or license to use, execute, reproduce, display and transfer the pre-existing material, but only as an inseparable part of the work.
- D. The City may make and retain copies of such documents for its information and reference with their use on the project. The Consultant does not represent or warrant that such documents are suitable for reuse by the City or others, on extensions of the project or on any other project, and the City releases the Consultant from liability for any unauthorized reuse of such documents. City shall indemnify and hold harmless Consultant and its officers, directors, members, partners, agents, employees, and consultants from all claims, damages, losses, and expenses, including reasonable attorneys' fees, arising out of or resulting from any use, reuse, or modification of the design documents without written verification, completion, or adaptation by Consultant;

21. CONFIDENTIALITY.

Notwithstanding anything to the contrary, City will maintain the confidentiality of Consultant's materials and information only to the extent that is legally allowed in the State of Washington. City is bound by the State Public Records Act, RCW Ch. 42.56. That law presumptively makes all records in the possession of the City public records which are freely available upon request by anyone. In the event that City gets a valid public records request for Consultant's materials or

information and the City determines there are exemptions only the Consultant can assert, City will endeavor to give Consultant notice. Consultant will be required to go to Court to get an injunction preventing the release of the requested records. In the event that Consultant does not get a timely injunction preventing the release of the records, the City will comply with the Public Records Act and release the records.

22. DISPUTES.

Any dispute or misunderstanding that may arise under this Agreement, concerning the Consultant's performance, shall first be through negotiations, if possible, between the Consultant's Project Manager and the City's Project Manager. It shall be referred to the Director and the Consultant's senior executive(s). If such officials do not agree upon a decision within a reasonable period of time, either party may decline or discontinue such discussions and may then pursue the legal means to resolve such disputes, including but not limited to mediation, arbitration and/or alternative dispute resolution processes. Nothing in this dispute process shall mitigate the rights of the City to terminate the Agreement. Notwithstanding all of the above, if the City believes in good faith that some portion of the Work has not been completed in compliance with the standard of care, the City may require the Consultant to correct such work prior to the City payment. The City will provide to the Consultant an explanation of the concern and the remedy that the City expects. The City may withhold from any payment otherwise due, an amount that the City in good faith finds to be under dispute, or if the Consultant provides no sufficient remedy, the City may retain the amount equal to the cost to the City for otherwise correcting or remedying the work not properly completed. Waiver of any of these rights is not deemed a future waiver of any such right or remedy available at law, contract or equity.

23. TERMINATION.

- A. For Cause: The City or Consultant may terminate the Agreement if the other party is in material breach of this Agreement, and such breach has not been corrected to the other party's reasonable satisfaction in a timely manner. Notice of termination under this Section shall be given by the party terminating this Agreement to the other, not fewer than thirty (30) business days prior to the effective date of termination.
- B. For Reasons Beyond Control of Parties: Either party may terminate this Agreement without recourse by the other where performance is rendered impossible or impracticable for reasons beyond such party's reasonable control, such as, but not limited to, an act of nature, war or warlike operation, civil commotion, riot, labor dispute including strike, walkout or lockout, except labor disputes involving the Consultant's own employees, sabotage, or superior governmental regulation or control. Notice of termination under this Section shall be given by the party terminating this Agreement to the other, not fewer than thirty (30) business days prior to the effective date of termination.
- C. For Convenience: Either party may terminate this Agreement without cause, upon thirty (30) days written notice to the other party.
- D. Actions upon Termination: if termination occurs not the fault of the Consultant, the Consultant shall be paid for the services properly performed prior to the actual termination date, with any reimbursable expenses then due, but such compensation shall not exceed the maximum compensation to be paid under the Agreement. The Consultant agrees this payment shall fully and adequately compensate the Consultant and all subconsultants for all profits, costs, expenses, losses, liabilities, damages, taxes and charges of any kind (whether foreseen or unforeseen) attributable to the termination of this Agreement.
- E. Upon termination, the Consultant shall provide the City with the most current design documents, contract documents, writings and other products the Consultant has produced to termination, along with copies of all project-related correspondence and similar items. The

City shall have the same rights to use these materials as if termination had not occurred; provided however, that the City shall indemnify and hold the Consultant harmless from any claims, losses, or damages to the extent caused by modifications made by the City to the Consultant's work product.

- F. If the City terminates this Agreement for cause, and it is later determined that the termination for cause was wrongful, the termination shall automatically be converted to and treated as a termination for convenience

24. EXPANSION FOR NEW WORK.

This Agreement scope may be expanded for new work. Any expansion for New Work (work not specified within the original Scope of Services, and/or not specified in the original RFP as intended work for the Agreement) must comply with all the following limitations and requirements: (a) the New Work is not reasonable to solicit separately; (b) the New Work is for reasonable purpose; (c) the New Work was not reasonably known to either the City or Consultant at time of contract or else was mentioned as a possibility in the solicitation (such as future phases of work, or a change in law); (d) the New Work is not significant enough to be reasonably regarded as an independent body of work; (e) the New Work would not have attracted a different field of competition; and (f) the change does not vary the essential identified or main purposes of the Agreement. The City may make exceptions for immaterial changes, emergency or sole source conditions, or other situations required in City opinion. Certain changes are not New Work subject to these limitations, such as additional phases of Work anticipated at the time of solicitation, time extensions, and similar. New Work must be mutually agreed and issued by the City through written Amendment. New Work performed before an authorizing Amendment may not be eligible for payment. For the avoidance of doubt, Consultant shall not begin performing any Services until documented by an executed authorizing Amendment.

Further, the process for such change management shall be as follows. City may, at any time, request changes in the scope of Services for the project. In the event City notifies Consultant of its desire to make a change in the Scope of Services, or the time of performance, Consultant shall, within ten (10) days after receiving such written notice, give City notification of any potential change in the time of performance or cost of performance for the project. Equitable adjustments to time of performance or cost of performance resulting from Scope of Services changes shall be negotiated and upon mutual agreement by the parties, the Agreement shall be modified by a written instrument, signed by both parties, to reflect the changes in such Scope of Services, time of performance and cost of performance. For the avoidance of doubt, if City elects to changes the Scope of Services, Consultant may not begin performing such extra services until such time as a written instrument has been signed by both parties.

25. MISCELLANEOUS PROVISIONS.

- A. Amendments: No modification of this Agreement shall be effective unless in writing and signed by an authorized representative of each of the parties hereto.
- B. Binding Agreement: This Agreement shall not be binding until signed by both parties. The provisions, covenants and conditions in this Agreement shall bind the parties, their legal heirs, representatives, successors and assigns.
- C. Americans with Disabilities Act (ADA): Specific attention by the designer is required in association with the Americans with Disabilities Act (ADA) 42 U.S.C. 12101-12213 and 47 U.S.C. 225 and 611, its requirements, regulations, standards and guidelines, which were updated in 2010 and are effective and mandatory for all State and local government facilities and places of public accommodation for construction projects including alteration of existing facilities, as of March 15, 2012. The City advises that the requirements for accessibility under the ADA, may contain provisions that differ substantively from accessibility provisions in

applicable State and City codes, and if the provisions of the ADA impose a greater or equal protection for the rights of individuals with disabilities or individuals associated with them than the adopted local codes, the ADA prevail unless approval for an exception is obtained by a formal documented process. Where local codes provide exceptions from accessibility requirements that differ from the ADA Standards; such exceptions may not be permitted for publicly owned facilities subject to Title II requirements unless the same exception exists in the Title II regulations. It is the responsibility of the designer to determine the code provisions.

- D. The Consultant, at no expense to the City, shall comply with all laws of the United States and Washington, the Charter and ordinances of the City of Spokane; and rules, regulations, orders and directives of their administrative agencies and officers. Without limiting the generality of this paragraph, the Consultant shall comply with the requirements of this Section.
- E. This Agreement shall be construed and interpreted under the laws of Washington. The venue of any action brought shall be in the Superior Court of Spokane County. Each party waives its right to jury trial.
- F. Remedies Cumulative: Rights under this Agreement are cumulative and nonexclusive of any other remedy of law or in equity.
- G. Captions: The titles of sections or subsections are for convenience only and do not define or limit the contents.
- H. Severability: If any term or provision is determined by a court of competent jurisdiction to be invalid or unenforceable, the remainder of this Agreement shall not be affected, and each term and provision shall be valid and enforceable to the fullest extent permitted by law.
- I. Waiver: No covenant, term or condition or the breach shall be deemed waived, except by written consent of the party against whom the waiver is claimed, and any waiver of the breach of any covenant, term or condition shall not be deemed a waiver of any preceding or succeeding breach of the same or any other covenant, term of condition. Neither the acceptance by the City of any performance by the Consultant after the time the same shall have become due nor payment to the Consultant for any portion of the Work shall constitute a waiver by the City of the breach or default of any covenant, term or condition unless otherwise expressly agreed to by the City in writing.
- J. Entire Agreement: This document along with any exhibits and all attachments, and subsequently issued addenda, comprises the entire agreement between the City and the Consultant. If conflict occurs between this Agreement and applicable laws, codes, ordinances or regulations, the most stringent or legally binding requirement shall govern and be considered a part of this Agreement to afford the City the maximum benefits.
- K. Negotiated Agreement: The parties acknowledge this is a negotiated agreement, that they have had this Agreement reviewed by their respective legal counsel, and that the terms and conditions of this Agreement are not to be construed against any party on the basis of such party's draftsmanship.
- L. No personal liability: No officer, agent or authorized employee of either party shall be personally responsible for any liability arising under this Agreement, whether expressed or implied, nor for any statement or representation made or in any connection with this Agreement.
- M. Notices. All notices to be given under this Agreement shall be (i) in writing, (ii) personally delivered or mailed, by prepaid, certified mail or overnight courier, (iii) addressed to the party to whom such notice or communication is directed, and at the addresses set forth in the first paragraph. A. Project Understanding and Approach

Project Understanding

The Process Building plays a unique role at the RPWRF. Not only is it critical in the treatment of wastewater by housing solids drying equipment, but it is also one of the first touchpoints that the public has with the plant, which is in a highly visible location along Aubrey L. White Parkway.

View of the Process Building from Aubrey L. White Parkway, Looking West

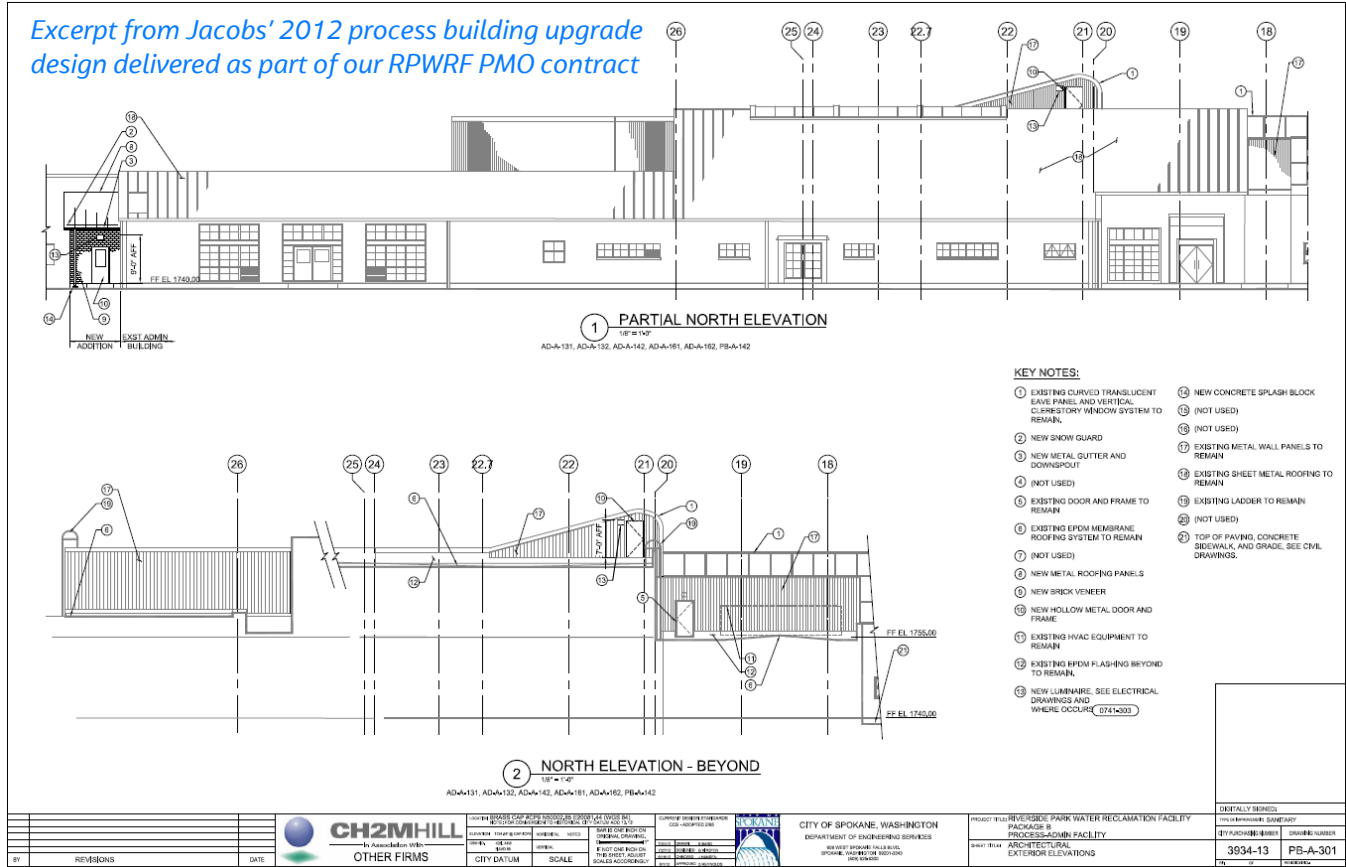

Located in the northwest corner of the RPWRF, the process building contains polymer makedown that is used to thicken the sludge, belt filter presses, and gravity belt thickeners that dry solids from the treatment process, along with solids loadout. The building, which was most recently updated in the 1970s, needs reroofing, reskinning, and updating of the exterior to match the aesthetics of the rest of the RPWRF as documented in the 2006 Aesthetic Master Plan (developed by Jacobs as CH2M).

These improvements will help ensure that treatment equipment is protected from the elements and improve the aesthetics of the facility to the public. Given the important role that the Process Building plays in the overall treatment process, **all the equipment located in the building needs to remain operational** during the construction of the improvements.

As part of the RPWRF Program Management Office (PMO) contract, we prepared a design for upgrading the Process Building in 2012 (see excerpt on the next page), which included reroofing, reskinning, and updating the exterior of the building. Our team's architectural lead Geoff Kirsten led the architectural design, which was finalized, but not advanced into construction because of other higher-priority process-related improvements that were needed at the RPWRF.

Excerpt from Jacobs' 2012 process building upgrade design delivered as part of our RPWRF PMO contract

Approach and Methodology

Our overall approach relies on three key elements:

1. Use the 2012 finalized design as the starting point to avoid reinventing the wheel. Much has changed in the world since 2012, and the prior design would need to be reviewed and updated for changed site conditions, new regulations, new innovations and approach, current needs of operations staff, and other changes that have occurred.
2. Ensure safe and successful facility operations during construction. Our team has an in-depth knowledge of the RPWRF through our 30 years of experience working on the facility with City staff, which gives us a strong understanding of how the construction of the improvements could impact operations. One of the keys to successful operations during construction is to write solid construction constraints and sequencing specifications, which will make it clear to the contractor what equipment needs to be protected and remain in operation, what can be moved, when things must happen in a specific order, and what construction needs to happen during dry weather. Jacobs navigated similar issues during the re-skinning and re-roofing of the headworks building at RPWRF.
3. Design for efficiency and cost-savings. Many of our team members, such as Project Manager Kristen Griebel, Principal-in-Charge Craig Massie, Quality Manager Greta Gilman, Architecture Lead Geoff Kirsten, Structural Lead Sterling Rose, and Visualization Lead Stuart Wagoner, have spent many years working on projects in the RPWRF, which means they understand City preferences, protocols, and how to deliver projects at this facility.

Our approach includes the following top-level tasks, which are described in greater detail in Section B:

1. **Project initiation and kick-off**, which will confirm the purpose and objectives of this project and will include the kick-off meeting and walk-through of the Process Building with the team. This step also includes confirming the guidelines in the Aesthetic Master Plan and how they will apply to the Process Building.
2. **Prepare the Basis of Design Report (BODR)**, which establishes what our team is setting out to design, gives City staff an opportunity for early input on what they like and what they don't like, involves developing draft renderings of the updated Process Building for City input, and will include the list of permits (for example, building permit and electrical trade permit) that will be needed for the project and a timeline for how they will be obtained.
3. **30/60/90/final design phases**, which will include reviews by the City at each milestone, supported by workshops to help expedite resolution of comments and issues.
- ~~4. **Bidding support**, which involves supporting the City with addressing questions from contractors and issuing addenda as needed.~~
- ~~5. **Services during construction (SDC)**, which involves responding to contractor requests for information (RFIs) and other construction phase support.~~

B. Work Plan

Our work plan is presented in the table below, and is designed to leverage prior work, ensure safe and continuous operations of the RPWRF, and reduce cost. Scope items from the City's RFQu are in **bold**.

Required Involvement by City Staff

We recognize that City staff have full schedules and plenty of other projects to complete. We also recognize that the City is the long-term owner of this project and needs to have an opportunity to provide input and guidance. Our team's approach strikes a balance between these two considerations by setting up efficient spaces for City input, which includes:

- Submittals of deliverables for City review on their own time, followed by a workshop to gather additional input and confirm the approach to incorporating input.
- Regularly scheduled coordination calls with the City Project Manager to provide updates on status, address issues, and gather input.
- Informal discussion/correspondence with City staff, based on our strong relationships with City staff built through our experience working at the RPWRF for the past three decades. Some issues are most effectively resolved through a quick phone call – our team knows who to reach out to for input on various questions.

**ADDITIONAL INSURED - OWNERS, LESSEES OR
CONTRACTORS - AUTOMATIC STATUS WHEN
REQUIRED IN A WRITTEN CONSTRUCTION
AGREEMENT WITH YOU**

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

A. Section II - Who Is An Insured is amended to include as an additional insured any person or organization for whom you are performing operations when you and such person or organization have agreed in writing in a contract or agreement that such person or organization be added as an additional insured on your policy. Such person or organization is an additional insured only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured.

However, the insurance afforded to such additional insured:

1. Only applies to the extent permitted by law; and
2. Will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

A person's or organization's status as an additional insured under this endorsement ends when your operations for that additional insured are completed.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to:

1. "Bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or the failure to render, any professional architectural, engineering or surveying services, including:

- a. The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
- b. Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of or the failure to render any professional architectural, engineering or surveying services.

2. "Bodily injury" or "property damage" occurring after:

- a. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
- b. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

C. With respect to the insurance afforded to these additional insureds, the following is added to **Section III - Limits Of Insurance:**

The most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement you have entered into with the additional insured; or
2. Available under the applicable limits of insurance;

whichever is less.

This endorsement shall not increase the applicable limits of insurance.

4490 - SBO FOR DEPARTMENT OF ECOLOGY CARBON CAPTURE STUDY GRANT

Agenda Wording

Special Budget Ordinance for the receipt and distribution of grant funds from the Department of Ecology - Climate Commitment Act grant for a carbon capture study at the Waste to Energy Facility.

Summary (Background)

The Washington State Department of Ecology has awarded the Waste to Energy Facility \$650,000 of Climate Commitment Act funding for a feasibility and engineering study on carbon emissions reduction. The contract for this study was approved by City Council on 1/23/2025 (RES 2025-0007 and OPR 2025-0073). In order to utilize these funds without impacting the facility's expense budget, a special budget ordinance is needed to increase the facility's expenses and revenues by the grant award amount of \$650,000.

What impacts would the proposal have on historically excluded communities?

Public works services and projects are designed to serve all citizens and businesses. We strive to offer a consistent level of service to all, to distribute public investment throughout the community and to respond to gaps in services identified in various City plans.

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

Not applicable.

How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

Public Works follows the City's established procurement and public works bidding regulations and policies to bring items forward, and then uses contract management best practices to ensure desired outcomes and regulatory compliance.

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

This work is consistent with annual budget strategies to limit costs and approved projects in the 6-year CIP.

4490 SOLE SOURCE RESOLUTION AND CONTRACT FOR NERC/FERC

Agenda Wording

Five year sole source resolution and contract with McCoy Power Consultants (Genoa, NV) to provide Reliability Standards Monitoring for the Waste to Energy Facility from 7/1/25-6/30/30 and a total cost of \$500,000.00.

Summary (Background)

All power producers are required to comply with National Electric Reliability Corporation (NERC) and Federal Energy Regulatory Commission (FERC) Reliability Standards. Non-compliance can lead to extensive fines, and the City does not have the internal experience to develop, implement and maintain the program. McCoy Power Consultants of Genoa, NV, developed the program currently used. It would require a significant cost to create a new program and open the City up to additional risks.

What impacts would the proposal have on historically excluded communities?

Public works services and projects are designed to serve all citizens and businesses. We strive to offer a consistent level of service to all, to distribute public investment throughout the community and to respond to gaps in services identified in various City plans.

one that self-identifies to be at least 51% owned by a woman and/or minority. Such firms do not have to be certified by the State of Washington.

10. INDEMNIFICATION.

The Consultant shall indemnify, and hold the City and its officers and employees harmless from all claims, demands, or suits at law or equity asserted by third parties for bodily injury (including death) and/or property damage to the extent caused by the Consultant's negligence or willful misconduct under this Agreement, including attorneys' fees and litigation costs; provided that nothing herein shall require a Consultant to indemnify the City against and hold harmless the City from claims, demands or suits based solely upon the negligence of the City, its agents, officers, and employees. If a claim or suit is caused by or results from the concurrent negligence of the Consultant's agents or employees and the City, its agents, officers and employees, this indemnity provision shall be valid and enforceable to the extent of the negligence of the Consultant, its agents or employees. The Consultant specifically assumes liability and agrees to defend, indemnify, and hold the City harmless for actions brought by the Consultant's own employees against the City and, solely for the purpose of this indemnification and defense, the Consultant specifically waives any immunity under the Washington State industrial insurance law, or Title 51 RCW. The Consultant recognizes that this waiver was specifically entered into pursuant to the provisions of RCW 4.24.115 and was the subject of mutual negotiation. The indemnity and agreement to defend and hold the City harmless provided for in this section shall survive any termination or expiration of this agreement.

11. INSURANCE.

During the period of the Agreement, the Consultant shall maintain in force at its own expense, each insurance noted below with companies or through sources approved by the State Insurance Commissioner pursuant to RCW Title 48;

A. General Liability on an occurrence basis, with a combined single limit of not less than \$1,000,000 each occurrence for bodily injury and property damage. It shall include contractual liability coverage for the indemnity provided under this Agreement. It shall provide that the City, its officers and employees are additional insureds but only with respect to the Consultant's services to be provided under this Agreement.

- i. Acceptable **supplementary Umbrella insurance** coverage combined with Consultant's General Liability insurance policy must be a minimum of \$2,000,000, in order to meet the insurance coverage limits required in this Agreement; and

B. Automobile Liability Insurance with a combined single limit, or the equivalent of not less than \$1,000,000 each accident for bodily injury and property damage, including coverage for owned, hired and non-owned vehicles.

C. Professional Liability Insurance with a combined single limit of not less than \$1,000,000 each claim, incident or occurrence. This is to cover damages caused by the error, omission, or negligent acts related to the professional services to be provided under this Agreement. The coverage must remain in effect for at least two (2) years after the Agreement is completed.

There shall be no cancellation, material change, reduction of limits or intent not to renew the insurance coverage(s) without thirty (30) days written notice from the Consultant or its insurer(s) to the City. As evidence of the insurance coverage(s) required by this Agreement, the Consultant shall furnish acceptable Certificates Of Insurance (COI) to the City at the time it returns this signed Agreement. The certificate shall specify the City of Spokane as "Additional

Insured” specifically for Consultant’s services under this Agreement, as well as all of the parties who are additional insureds, and include applicable policy endorsements, the thirty (30) day cancellation clause, and the deduction or retention level. The Consultant shall be financially responsible for all pertinent deductibles, self-insured retentions, and/or self-insurance.

12. DEBARMENT AND SUSPENSION.

The Consultant has provided its certification that it is in compliance with and shall not contract with individuals or organizations which are debarred, suspended, or otherwise excluded from or ineligible from participation in Federal Assistance Programs under Executive Order 12549 and “Debarment and Suspension”, codified at 29 CFR part 98.

13. AUDIT.

Upon request, the Consultant shall permit the City and any other governmental agency (“Agency”) involved in the funding of the Work to inspect and audit all pertinent books and records. This includes work of the Consultant, any subconsultant, or any other person or entity that performed connected or related Work. Such books and records shall be made available upon reasonable notice of a request by the City, including up to three (3) years after final payment or release of withheld amounts. Such inspection and audit shall occur in Spokane County, Washington, or other reasonable locations mutually agreed to by the parties. The Consultant shall permit the City to copy such books and records at its own expense. The Consultant shall ensure that inspection, audit and copying rights of the City is a condition of any subcontract, agreement or other arrangement under which any other persons or entity may perform Work under this Agreement.

14. INDEPENDENT CONSULTANT.

- A. The Consultant is an independent Consultant. This Agreement does not intend the Consultant to act as a City employee. The City has neither direct nor immediate control over the Consultant nor the right to control the manner or means by which the Consultant works. Neither the Consultant nor any Consultant employee shall be an employee of the City. This Agreement prohibits the Consultant to act as an agent or legal representative of the City. The Consultant is not granted express or implied rights or authority to assume or create any obligation or responsibility for or in the name of the City, or to bind the City. The City is not liable for or obligated to pay sick leave, vacation pay, or any other benefit of employment, nor to pay social security or other tax that may arise from employment. The Consultant shall pay all income and other taxes as due. The Consultant may perform work for other parties; the City is not the exclusive user of the services that the Consultant provides.
- B. If the City needs the Consultant to Work on City premises and/or with City equipment, the City may provide the necessary premises and equipment. Such premises and equipment are exclusively for the Work and not to be used for any other purpose.
- C. If the Consultant works on the City premises using City equipment, the Consultant remains an independent Consultant and not a City employee. The Consultant will notify the City Project Manager if s/he or any other Workers are within ninety (90) days of a consecutive 36-month placement on City property. If the City determines using City premises or equipment is unnecessary to complete the Work, the Consultant will be required to work from its own office space or in the field. The City may negotiate a reduction in Consultant fees or charge a rental fee based on the actual costs to the City, for City premises or equipment.

15. KEY PERSONS.

The Consultant shall not transfer or reassign any individual designated in this Agreement as essential to the Work, nor shall those key persons, or employees of Consultant identified as to be involved in the Project Work be replaced, removed or withdrawn from the Work without the

express written consent of the City, which shall not be unreasonably withheld. If any such individual leaves the Consultant's employment, the Consultant shall present to the City one or more individuals with greater or equal qualifications as a replacement, subject to the City's approval, which shall not be unreasonably withheld. The City's approval does not release the Consultant from its obligations under this Agreement.

16. ASSIGNMENT AND SUBCONTRACTING.

The Consultant shall not assign or subcontract its obligations under this Agreement without the City's written consent, which may be granted or withheld in the City's sole discretion. Any subcontract made by the Consultant shall incorporate by reference this Agreement, except as otherwise provided. The Consultant shall require that all subconsultants comply with the obligations and requirements of the subcontract. The City's consent to any assignment or subcontract does not release the consultant from liability or any obligation within this Agreement, whether before or after City consent, assignment or subcontract.

17. CITY ETHICS CODE.

- A. Consultant shall promptly notify the City in writing of any person expected to be a Consultant Worker (including any Consultant employee, subconsultant, principal, or owner) and was a former City officer or employee within the past twelve (12) months.
- B. Consultant shall ensure compliance with the City Ethics Code by any Consultant Worker when the Work or matter related to the Work is performed by a Consultant Worker who has been a City officer or employee within the past two (2) years.
- C. Consultant shall not directly or indirectly offer anything of value (such as retainers, loans, entertainment, favors, gifts, tickets, trips, favors, bonuses, donations, special discounts, work or meals) to any City employee, volunteer or official that is intended, or may appear to a reasonable person to be intended, to obtain or give special consideration to the Consultant. Promotional items worth less than \$25 may be distributed by the Consultant to a City employee if the Consultant uses the items as routine and standard promotional materials. Any violation of this provision may cause termination of this Agreement. Nothing in this Agreement prohibits donations to campaigns for election to City office, so long as the donation is disclosed as required by the election campaign disclosure laws of the City and of the State.

18. NO CONFLICT OF INTEREST.

Consultant confirms that the Consultant or workers have no business interest or a close family relationship with any City officer or employee who was or will be involved in the consultant selection, negotiation, drafting, signing, administration or evaluation of the Consultant's work. As used in this Section, the term Consultant includes any worker of the Consultant who was, is, or will be, involved in negotiation, drafting, signing, administration or performance of the Agreement. The term "close family relationship" refers to: spouse or domestic partner, any dependent parent, parent-in-law, child, son-in-law, daughter-in-law; or any parent, parent in-law, sibling, uncle, aunt, cousin, niece or nephew residing in the household of a City officer or employee described above.

19. ERRORS AND OMISSIONS, CORRECTIONS.

Consultant is responsible for professional quality, technical accuracy, and the coordination of all designs, drawings, specifications, and other services furnished by or on the behalf of the Consultant under this Agreement in the delivery of a final work product. The standard of care applicable to Consultant's services will be the degree of skill and diligence normally employed by professional engineers or Consultants performing the same or similar services at the time said services are performed. The Final Work Product is defined as a stamped, signed work product. Consultant, without additional compensation, shall correct or revise errors or mistakes

in designs, drawings, specifications, and/or other consultant services immediately upon notification by the City. The obligation provided for in this Section regarding acts or omissions resulting from this Agreement survives Agreement termination or expiration.

20. INTELLECTUAL PROPERTY RIGHTS.

- A. Copyrights. The Consultant shall retain the copyright (including the right of reuse) to all materials and documents prepared by the Consultant for the Work, whether or not the Work is completed. The Consultant grants to the City a non-exclusive, irrevocable, unlimited, royalty-free license to use copy and distribute every document and all the materials prepared by the Consultant for the City under this Agreement. If requested by the City, a copy of all drawings, prints, plans, field notes, reports, documents, files, input materials, output materials, the media upon which they are located (including cards, tapes, discs, and other storage facilities), software program or packages (including source code or codes, object codes, upgrades, revisions, modifications, and any related materials) and/or any other related documents or materials developed solely for and paid for by the City to perform the Work, shall be promptly delivered to the City.
- B. Patents: The Consultant assigns to the City all rights in any invention, improvement, or discovery, with all related information, including but not limited to designs, specifications, data, patent rights and findings developed with the performance of the Agreement or any subcontract. Notwithstanding the above, the Consultant does not convey to the City, nor does the City obtain, any right to any document or material utilized by the Consultant created or produced separate from the Agreement or was pre-existing material (not already owned by the City), provided that the Consultant has identified in writing such material as pre-existing prior to commencement of the Work. If pre-existing materials are incorporated in the work, the Consultant grants the City an irrevocable, non-exclusive right and/or license to use, execute, reproduce, display and transfer the pre-existing material, but only as an inseparable part of the work.
- C. The City may make and retain copies of such documents for its information and reference with their use on the project. The Consultant does not represent or warrant that such documents are suitable for reuse by the City or others, on extensions of the project or on any other project, and the City releases the Consultant from liability for any unauthorized reuse of such documents.

21. CONFIDENTIALITY.

Notwithstanding anything to the contrary, City will maintain the confidentiality of Consultant's materials and information only to the extent that is legally allowed in the State of Washington. City is bound by the State Public Records Act, RCW Ch. 42.56. That law presumptively makes all records in the possession of the City public records which are freely available upon request by anyone. In the event that City gets a valid public records request for Consultant's materials or information and the City determines there are exemptions only the Consultant can assert, City will endeavor to give Consultant notice. Consultant will be required to go to Court to get an injunction preventing the release of the requested records. In the event that Consultant does not get a timely injunction preventing the release of the records, the City will comply with the Public Records Act and release the records.

22. DISPUTES.

Any dispute or misunderstanding that may arise under this Agreement, concerning the Consultant's performance, shall first be through negotiations, if possible, between the Consultant's Project Manager and the City's Project Manager. It shall be referred to the Director and the Consultant's senior executive(s). If such officials do not agree upon a decision within a reasonable period of time, either party may decline or discontinue such discussions and may then pursue the legal means to resolve such disputes, including but not limited to mediation,

arbitration and/or alternative dispute resolution processes. Nothing in this dispute process shall mitigate the rights of the City to terminate the Agreement. Notwithstanding all of the above, if the City believes in good faith that some portion of the Work has not been completed satisfactorily, the City may require the Consultant to correct such work prior to the City payment. The City will provide to the Consultant an explanation of the concern and the remedy that the City expects. The City may withhold from any payment otherwise due, an amount that the City in good faith finds to be under dispute, or if the Consultant provides no sufficient remedy, the City may retain the amount equal to the cost to the City for otherwise correcting or remedying the work not properly completed. Waiver of any of these rights is not deemed a future waiver of any such right or remedy available at law, contract or equity.

23. TERMINATION.

- A. For Cause: The City or Consultant may terminate the Agreement if the other party is in material breach of this Agreement, and such breach has not been corrected to the other party's reasonable satisfaction in a timely manner. Notice of termination under this Section shall be given by the party terminating this Agreement to the other, not fewer than thirty (30) business days prior to the effective date of termination.
- B. For Reasons Beyond Control of Parties: Either party may terminate this Agreement without recourse by the other where performance is rendered impossible or impracticable for reasons beyond such party's reasonable control, such as, but not limited to, an act of nature, war or warlike operation, civil commotion, riot, labor dispute including strike, walkout or lockout, except labor disputes involving the Consultant's own employees, sabotage, or superior governmental regulation or control. Notice of termination under this Section shall be given by the party terminating this Agreement to the other, not fewer than thirty (30) business days prior to the effective date of termination.
- C. For Convenience: Either party may terminate this Agreement without cause, upon thirty (30) days written notice to the other party.
- D. Actions upon Termination: if termination occurs not the fault of the Consultant, the Consultant shall be paid for the services properly performed prior to the actual termination date, with any reimbursable expenses then due, but such compensation shall not exceed the maximum compensation to be paid under the Agreement. The Consultant agrees this payment shall fully and adequately compensate the Consultant and all subconsultants for all profits, costs, expenses, losses, liabilities, damages, taxes and charges of any kind (whether foreseen or unforeseen) attributable to the termination of this Agreement.
- E. Upon termination, the Consultant shall provide the City with the most current design documents, contract documents, writings and other products the Consultant has produced to termination, along with copies of all project-related correspondence and similar items. The City shall have the same rights to use these materials as if termination had not occurred; provided however, that the City shall indemnify and hold the Consultant harmless from any claims, losses, or damages to the extent caused by modifications made by the City to the Consultant's work product.

24. EXPANSION FOR NEW WORK.

This Agreement scope may be expanded for new work. Any expansion for New Work (work not specified within the original Scope of Work Section of this Agreement, and/or not specified in the original RFP as intended work for the Agreement) must comply with all the following limitations and requirements: (a) the New Work is not reasonable to solicit separately; (b) the New Work is for reasonable purpose; (c) the New Work was not reasonably known either the City or Consultant at time of contract or else was mentioned as a possibility in the solicitation (such as future phases of work, or a change in law); (d) the New Work is not significant enough to be reasonably regarded as an independent body of work; (e) the New Work would not have attracted a different field of competition; and (f) the change does not vary the essential identified

or main purposes of the Agreement. The City may make exceptions for immaterial changes, emergency or sole source conditions, or other situations required in City opinion. Certain changes are not New Work subject to these limitations, such as additional phases of Work anticipated at the time of solicitation, time extensions, Work Orders issued on an On-Call contract, and similar. New Work must be mutually agreed and issued by the City through written Addenda. New Work performed before an authorizing Amendment may not be eligible for payment.

25. MISCELLANEOUS PROVISIONS.

- A. Amendments: No modification of this Agreement shall be effective unless in writing and signed by an authorized representative of each of the parties hereto.
- B. Binding Agreement: This Agreement shall not be binding until signed by both parties. The provisions, covenants and conditions in this Agreement shall bind the parties, their legal heirs, representatives, successors and assigns.
- C. Americans with Disabilities Act (ADA): Specific attention by the designer is required in association with the Americans with Disabilities Act (ADA) 42 U.S.C. 12101-12213 and 47 U.S.C. 225 and 611, its requirements, regulations, standards and guidelines, which were updated in 2010 and are effective and mandatory for all State and local government facilities and places of public accommodation for construction projects including alteration of existing facilities, as of March 15, 2012. The City advises that the requirements for accessibility under the ADA, may contain provisions that differ substantively from accessibility provisions in applicable State and City codes, and if the provisions of the ADA impose a greater or equal protection for the rights of individuals with disabilities or individuals associated with them than the adopted local codes, the ADA prevail unless approval for an exception is obtained by a formal documented process. Where local codes provide exceptions from accessibility requirements that differ from the ADA Standards; such exceptions may not be permitted for publicly owned facilities subject to Title II requirements unless the same exception exists in the Title II regulations. It is the responsibility of the designer to determine the code provisions.
- D. The Consultant, at no expense to the City, shall comply with all laws of the United States and Washington, the Charter and ordinances of the City of Spokane; and rules, regulations, orders and directives of their administrative agencies and officers. Without limiting the generality of this paragraph, the Consultant shall comply with the requirements of this Section.
- E. This Agreement shall be construed and interpreted under the laws of Washington. The venue of any action brought shall be in the Superior Court of Spokane County.
- F. Remedies Cumulative: Rights under this Agreement are cumulative and nonexclusive of any other remedy of law or in equity.
- G. Captions: The titles of sections or subsections are for convenience only and do not define or limit the contents.
- H. Severability: If any term or provision is determined by a court of competent jurisdiction to be invalid or unenforceable, the remainder of this Agreement shall not be affected, and each term and provision shall be valid and enforceable to the fullest extent permitted by law.
- I. Waiver: No covenant, term or condition or the breach shall be deemed waived, except by written consent of the party against whom the waiver is claimed, and any waiver of the breach of any covenant, term or condition shall not be deemed a waiver of any preceding or succeeding breach of the same or any other covenant, term of condition. Neither the acceptance by the City of any performance by the Consultant after the time the same shall have become due nor payment to the Consultant for any portion of the Work shall constitute a waiver by the City of the breach or default of any covenant, term or condition unless otherwise expressly agreed to by the City in writing.

- J. Additional Provisions: This Agreement may be modified by additional terms and conditions ("Special Conditions") which shall be attached to this Agreement as an Exhibit. The parties agree that the Special Conditions shall supplement the terms and conditions of the Agreement, and in the event of ambiguity or conflict with the terms and conditions of the Agreement, these Special Conditions shall govern.
- K. Entire Agreement: This document along with any exhibits and all attachments, and subsequently issued addenda, comprises the entire agreement between the City and the Consultant. If conflict occurs between contract documents and applicable laws, codes, ordinances or regulations, the most stringent or legally binding requirement shall govern and be considered a part of this contract to afford the City the maximum benefits.
- L. Negotiated Agreement: The parties acknowledge this is a negotiated agreement, that they have had this Agreement reviewed by their respective legal counsel, and that the terms and conditions of this Agreement are not to be construed against any party on the basis of such party's draftsmanship.
- M. No personal liability: No officer, agent or authorized employee of the City shall be personally responsible for any liability arising under this Agreement, whether expressed or implied, nor for any statement or representation made or in any connection with this Agreement.

IN WITNESS WHEREOF, in consideration of the terms, conditions and covenants contained, or attached and incorporated and made a part, the parties have executed this Agreement by having legally-binding representatives affix their signatures below.

MONAGHAN STATUE RELOCATION & STREET SAFETY PROJECT

Agenda Wording

Resolution authorizing relocation of the Monaghan Monument.

Summary (Background)

The City's elected leaders have prioritized street safety enhancements, particularly in the core, to improve protection for pedestrians and bicyclists. One prioritized project involves a reconfiguration turning movements onto Riverside from Monroe to slow traffic. That project requires the relocation of the Monaghan Monument that is located within the public right of way at this location. At the same time, the City has received a variety of feedback from the public about the legacy of this monument. John R. Monaghan was a member of the first graduating class at Gonzaga University, the first person in Washington state to attend the United States Naval Academy, and was killed while serving as an officer aboard the U.S.S. Philadelphia during the Second Samoan Civil War. Nonetheless, the language used in dedicating the monument no longer reflects the values and beliefs of the present day.

What impacts would the proposal have on historically excluded communities?

The Public Works Department services and projects are designed to serve all citizens and businesses. We strive to offer a consistent level of service to all, to distribute public investment throughout the community and to respond to gaps in services identified in various City plans.

How will data be collected, analyzed, and reported concerning the effect of the program/policy by racial, ethnic, gender identity, national origin, income level, disability, sexual orientation, or other existing disparities?

N/A

How will data be collected regarding the effectiveness of this program, policy, or product to ensure it is the right solution?

The Public Works Department follows the City's established procurement and public works bidding regulations and policies to bring items forward, and then uses contract management best practices to ensure desired outcomes and regulatory compliance.

Describe how this proposal aligns with current City Policies, including the Comprehensive Plan, Sustainability Action Plan, Capital Improvement Program, Neighborhood Master Plans, Council Resolutions, and others?

The Public Works Department work plans and projects are consistent with annual budget strategies to manage costs, support approved projects in the 6-year CIP, and meet levels of service in the Water System Plan and Comprehensive Plan.

WHEREAS, the Fairmount Memorial Association has agreed to accept relocation of the Monaghan Monument;

WHEREAS, City Administrative Policy 0014-07-01, adopted in 2007, provides that any artwork in the City’s collection may be subject to deaccession and disposition to private parties with the approval of the City Council; and

WHEREAS, the installation and City investment in the Monaghan Monument predates the establishment of the City’s Public Art Inventory and administrative policy, but it is appropriate to formally recognize the relocation of the Monaghan Monument and the City Council’s role in any disposition of City artwork;

NOW, THEREFORE, be it resolved, by the City Council of the City of Spokane that the Council:
