INTRODUCTION

PURPOSE AND BACKGROUND

The City of Spokane, (hereinafter “City”) is initiating this Request for Proposals (RFP) to solicit applications from agencies and organizations to administer components of an economic support funding program to address COVID-19 impacts in Spokane. The Spokane City Council has set out several categories for distribution of COVID-19 economic support funding in Resolution 2020-0041. Applications will be judged on the proposer’s ability to deliver the economic support according to the stated criteria below, equitably and in a timely manner.

Applicants may apply to administer and distribute funds within one or more of the categories or sub-categories listed below, and may propose collaboration with other organizations as long as the applicant will retain all responsibility for performing the contract awarded. The City currently intends to distribute at least \$3 million and up to \$6 million in funds in response to proposals received.

These funds are intended for the following areas of recovery and resiliency support:

- **Rental and homeowner assistance targeted at households with income below 80% of post-COVID AMI (“area median income”).**
The most competitive applications will contain the following provisions, although different methods and areas of focus will also receive consideration:
 - Rental assistance payments are to be made directly to landlords in exchange for the landlord’s release of tenant obligation for unpaid rent for the corresponding rental unit. Mortgage payments are to be made directly to the mortgage servicer.
 - Up to 4 months of assistance to pay missed housing payments between April 1 – October 1, 2020, payable to the landlord or the mortgage servicer in the amount of 80% of the unpaid amount due.
 - Eligibility for receipt of economic support in this category must be connected to financial hardship or loss of income (including self-employment) due to COVID-19, with self-certification accepted.
 - Each housing unit to which economic support payments under this category must be located in the City of Spokane, and any landlord receiving direct payments must be a resident of the City of Spokane.
 - Lease agreement, rental agreement or mortgage payment documentation required.
 - Landlords must:
 - Complete the agreement form with required residency and location certifications;
 - Waive tenant late fees and other penalties;
 - Not pursue eviction for 6 months after receiving assistance except for specified causes such as failure to pay rent which becomes due after October 1, 2020;
 - Provide tenants with additional time to pay any missed rent payments between April 1, 2020 – October 1, 2020 not covered by the program at a rate of two months to pay each month of unpaid rent;
 - Release, in writing, any tenant rent obligation for months covered by the program; and

- Certify that landlord’s participation in the program is voluntary.
 - Applications should also give consideration to designing and implementing an outreach plan to reach vulnerable and underserved populations, with program information shared over multiple platforms (online, radio, TV, social media) and in the languages commonly spoken by members of vulnerable and underserved populations in Spokane.
- **Childcare re-opening and assistance focused on households at or below 80% of AMI.**
The most competitive applications will contain the following provisions, although different methods and areas of focus will also receive consideration:
 - Grants to support and stabilize child care providers impacted by COVID to meet costs such as facility or space rent costs, utilities, health and safety or cleaning supplies, staff payroll (compensation or benefits) and food.
 - Funding to support expansion of existing childcare program to accept additional children
 - Assistance to families with household income at or below 80% AMI for up to 3 months of graduated childcare assistance payments (100% of the cost for the first month, 50% of the cost for the second month, and 25% of the cost for the third month)
 - Applications should give consideration to designing and implementing an outreach plan to reach vulnerable and underserved populations, with program information shared over multiple platforms (online, radio, TV, social media) and in those languages most likely to be commonly spoken by members of vulnerable and underserved populations in Spokane.
- **Small (based on annual revenues), locally-owned, neighborhood businesses, including artists and performance venues.**
The most competitive applications will contain at least the following provisions, although different methods and areas of focus will also receive consideration:
 - Grants for payroll and/or operational support for businesses meeting the following criteria:
 - 10 or fewer employees,
 - \$500,000 or less in annual gross revenues,
 - Certification that the business has not received any COVID-19-related grant or loan from or guaranteed by a federal or state government agency,
 - Has its principal place of business within the exterior boundaries of the City of Spokane and is located within a designated center, corridor, neighborhood center, or recognized business district, and
 - 51% or more of the business is owned by residents of the City of Spokane.
 - Managerial or strategic consulting for businesses meeting the above criteria to assist in the transition of their business plan or model.
 - Local marketing materials or campaign to promote businesses which meet the criteria described above.
 - Applications should give consideration to designing and implementing an outreach plan to reach vulnerable and underserved populations, with program information shared over multiple platforms (online, radio, TV, social media) and in those languages most likely to be commonly spoken by members of vulnerable and underserved populations in Spokane.

- Other community response programs responding to COVID-19 economic impacts.

The most competitive applicants in this category will administer funds for distribution to non-profits and non-governmental organizations to address needs related to the economic effects of COVID-19 and which are not covered by categories listed above.
