Once a testing session has begun, you are not allowed to leave the test area to pay for additional parking time. Testing times can range from 1-1/2 to over 2-1/2 hours. Dress comfortably; business casual attire is recommended. The exam room may be too hot or too cold for you, thus it may be helpful to wear layers.

C. During the Test

All required testing materials will be provided. You may bring a bottle of water or other lidded beverage to the exam. All personal belongings—such as bags, jackets, and study materials—must be placed under your seat during the test. Civil Service is not responsible for personal belongings left in the testing room.

If you bring a cell phone or other communication device, you will be asked to turn the device off once the testing room doors are closed and leave it off until after exiting the testing room. Use of a cell phone during the test will result in immediate disqualification.

You may, however, request an escort to the restroom. Only one person will be allowed out of the test room at one time. The time you spend in the restroom cannot be made up. For example, if you spend 10 minutes in the restroom, you will not get an extra 10 minutes to take the test. You will still be subject to the pre-determined time limit to take the examination.

D. Test Details

All candidates will receive the same standardized test instructions and procedures (e.g., answer sheet, time, pencils, etc.). Please listen carefully to the test administrator’s instructions. Any
candidate who has questions about the testing process should ask the test administrator before the test begins.

All exams have a preset time limit. All personal items must be placed under your seat, and no reference materials brought into the room.

All candidates will receive the following for the written exam:

- One Test Booklet
- One Answer Sheet
- Note Paper
- Two Pencils
- Calculator, if needed

All candidates will receive information on how to complete the answer sheet identification boxes. The test administrator will then give candidates important information regarding the next steps in the testing process.

Candidates are not permitted to write on the exam booklet, so you must mark all of your answers on the answer sheet. Test booklets will not be scored. Only answer sheets will be scored.

Darken the answer sheet bubbles you choose as your answers to questions. If you change your answer to a question, completely erase your original answer and darken the bubble corresponding to your new answer.

While marking your answers on the answer sheet, be sure to double-check that your answers on the answer sheet correspond to the correct question in the test booklet. For example, if you mark B on question 8 on the answer sheet, make sure you intended to choose B by looking at question 8 in the test booklet. Mark only your answers; do not make any extraneous or additional marks on your answer sheet.

All candidates will receive note paper. Candidates may use the note paper at their discretion. Note paper can be used to solve test items, take notes on test items, write down test items skipped, etc. The test proctor will collect your note paper, used or unused, when you complete the test.

When you finish the test, or when the time limit is called, take your instruction booklet, answer sheet, note paper, and two pencils to the test proctor. The test proctor will ensure that all materials have been collected and then candidates will be dismissed.

2. Keep Track of Time

   Test proctor(s) will give warnings of the remaining time left to complete the test, but it is your responsibility to keep track of the time. If you have extra time left over, it is advisable that you review your responses and ensure that you have correctly selected your responses.

3. Read Carefully
Read each test item carefully and determine exactly what the test question is asking. Pay particular attention to absolutes, such as “always,” “never,” “must,” “all,” “none,” “and,” and “or” in the test item, they mean exactly what they say 100% of the time. Read and consider all the answer options before selecting your response.

4. Double-check your Answer Sheet

Verify that an answer has been marked for each question on your answer sheet. Blank responses will be marked as incorrect.
