### TO THE TEST!

- In the email you received, note the date and time you are invited to take the test, which is a 30 minute window. You must start the test during this time. Additionally, each test has a set amount of time you can spend answering the questions, such as two hours. If this time runs out before you are done answering all questions, the test will be submitted with what has been answered up to that point.
- When the scheduled time arrives, click the link you were provided to login to the test.
- Enter your test code. Then, click Login.
- After clicking the Login button, you will be presented with a page of pre-test general instructions.
- Read the pre-test screen and click Start Test to begin your examination.
- The same test code can be used to log back in, if there is a technical problem, which causes you to leave the test before submitting your answers. If this happens, contact Civil Service immediately, to give details and report the issue.
- Test Questions: You may leave a test question blank if you choose. You may also check if you have more test questions to answer. At the top of your test screen you will see the following icons:

- Blue filled boxes indicate the test section and question you are currently answering.
- Boxes with a slash through them indicate questions that have been answered.
- Yellow filled boxes indicate questions that are marked for review.
