MEETING TIMETABLE PROTOCOL

In response to a growing concern for time constraints the Administrative Committee has agreed upon the following meeting guidelines as a means of adhering to the Agenda Timetable:

- 1. When a presenter has one minute left in the time allotted the facilitator will raise a yellow pennant and indicate a verbal notice.
 - a. Should <u>any</u> Neighborhood Representative wish to extend the time of the presentation or comment/question period they may <u>immediately</u> "Move to extend the time by (1) to (5) minutes".
 - b. An immediate call will be made for a show of hands in support of the extension of time. If a majority of 50% plus 1 is presented the time will be reset by the amount of time requested.
 - c. Extensions will be limited to (2) two or until a request fails to show a majority approval. After (2) two extensions, 1) if a motion is on the table, the facilitator will call for a vote on the open motion to either a) approve or not approve, or b) to table the discussion; 2) if there is no motion on the table, a request may be made to either (1) reschedule presenter to a later meeting, or (2) ask presenter to stay and finish at the end of the agenda.
- 2. When the allotted time has expired, a red pennant and verbal notice will be issued.

Community Assembly Core Values and Purpose

CORE PURPOSE:

Provide a vehicle to empower neighborhood councils' participation in government.

BHAG:

Become an equal partner in local government.

(This will be further expounded upon in the Vivid Description. What does this mean to you?)

CORE VALUES:

<u>Common Good</u>: Working towards mutual solutions based on diverse and unique perspectives.

<u>Alignment</u>: Bringing together the independent neighborhood councils to act collectively.

<u>Initiative</u>: Being proactive in taking timely, practical action.

Balance of Power: Being a transparent, representative body giving power to citizens' voices.

VIVID DESCRIPTION:

The Community Assembly fulfils its purpose, achieves its goals, and stays true to its core values by its members engaging each other and the community with honest communication and having transparent actions in all of its dealings. Community Assembly representatives are knowledgeable and committed to serving their neighborhood and their city as liaisons and leaders.

The Community Assembly initiates and is actively involved early and often in the conception, adoption and implementation of local policy changes and projects. The administration and elected officials bring ideas to the Community Assembly in the forming stages for vetting, input and participation. The Community Assembly is a valuable partner to these officials and neighborhoods in creating quality policy & legislation for the common good.

The Community Assembly stimulates participation in civic life among our residents. Citizens that run for political office will believe in the importance of partnering with the Community Assembly and neighborhood councils. Those candidates' active participation and history with neighborhoods contributes to their success, enhancing successful partnerships between the Community Assembly and local government.

Community Assembly 2015 Survey Report

The purpose of this survey was to better understand the health of the relationship between the CA and the Neighborhood councils. The survey was emailed to all 28 NC Chairs, a link was put in the Friday Update sent out by ONS, and all the chairs received a link to put on their website, FaceBook page and to send out to members and NC attendees.

We received 58 responses. The following 12 neighborhoods responded: Bemiss, Down River, Riverside, Whitman, East Central, Logan, Northwest, Lincoln Heights, Brown's Addition, Southgate, North Indian Trail, Hillyard.

Responded by weblink: 46, by invite 12

Claimed at NC connection: 48 – (84%), Claimed a Sub-committee connection: 2 – (4%)

Other = 3 claimed both of the above and 4 were residents

*By the number of comments it seems that people really care and by the amount of bitterness expressed for being shut out of the process, these are a very caring and dedicated group of folks. The feelings of exclusion point out how the structures of the NCs can foster inclusion or exclusion.

Question #2 – What does the CA do and how well does it do it?

Don't know with a range of 14-5

Ranking was mostly at 3

Question #3 – Is the CA an Effective Partner?

26% ranked us at 3, 42% didn't know, but only 2% ranked us at 1

Question #4 – Are the NCs Well Informed?

45% ranked us at 5, 4% at 1, and 16% didn't know, 80% are marginally satisfied.

Question #5 – If There Was a Need Would They Participate?

90% yes, 33% maybe, 12% no

Question #6 – What Need Would Prompt Participation?

69% a big project, 63% a neighborhood crisis, 44% a resident concern, and 41% an action by City Hall.

Question #7 – Respondents have Participated In....

24% CA/CD, 22% Building Stronger Neighborhoods, 19% Pett, 18% Land Use, but a range from 63-90% had never participated in any sub-committee. Many respondents wondered what the sub-committees were and felt that better information might increase participation.

Question #8 – Need to b a Member of the CA to be on a Committee?

92% false

Question #9 – Have the Ncs gotten Useful Info from the CA?

42% ranked us at 5, 2% at 1 and 16% didn't know so at least 72% are marginally happy.

Question #10 – What could the CA do to improve.

Communicate, communicate by internet, email and visits.

Increase the opportunities for participation: Ask for and give feedback, make time for discussion, visit the NCs.

If they stopped allowing presentations at the CA meeting that should be delivered directly to NCs. And stopped having businesses use them for advertising under the guise of "Community Benefit" of the business. If the CA would add "OF NEIGHBORHOOD COUNCILS" to the logo and every other place the words Community Assembly appear.

I suggest that the order of CA meetings INCLUDE up coming hearings (plan commission) and ordinances) rather than a report on all the things the City is doing for the neighborhoods.

Official Report

Nov, 2015

53 responses, 41 by Web link, 10 by Invite: 18 NCs may not have responded

45 (86.5%) had a NC connection. 2 (3.9%) had a sub committee connection

2 were both and 3 were residents

2. The Community Assembly has stated that our Purpose is "To provide a vehicle to empower Neighborhood Councils' participation in government". Following are a list of ways in which the CA works to fulfill its' purpose. Please rate, on a scale of 1 (very poorly/not at all) to 5 (very well), how well you believe the CA is currently working. Because I have not attended six or more meetings you will not allow me to speak or vote even though I have been a homeowner AND taxpayer in this area for more than 16 years! Really??? Then you are stupid enough to wonder why the people in this neighborhood don't show up to your hypocritical and eletist monthly meetings. Working for the common good??? Really??? Just feeding your ego!

I can't think of any policies the CA has drafted to bring to the council. I have had our CA rep bring city ordinances and policies they want input on to our meetings.

Mixed feelings on this issue. I wouldn't say the CA is wholly self-regarding, but I don't have a strong sense of its NC advocacy.

11/5/2015 11:57 AM View respondent's answers

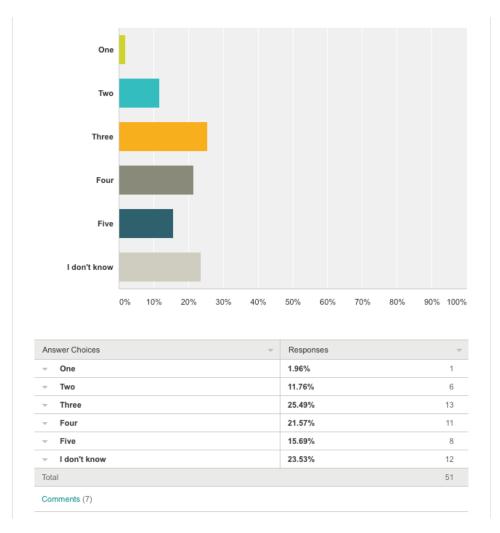

CA must consider the best interest for the whole city sometimes at the expense of the neighborhood for example richer neighborhoods donated CDBG funds to poorer neighborhoods

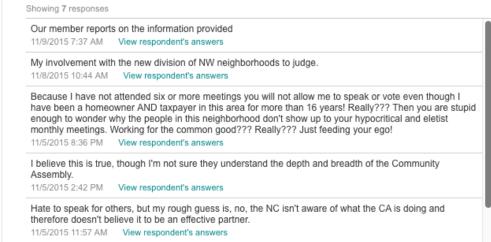

11/5/2015 1:08 AM View respondent's answers

This is a hard one to do well on because sometimes the best interests of one neighborhood can be a bad idea for another.

There are likely others who could answer this better than I, but it seems the agenda of the CA is not always made clear to the NC even with a regular report. NC's already have so much to accomplish in each of their own nghds wish there were more ability for CA to get NC's together who are or may be working on the same things to avoid repeat of mistakes in projects/programs/planning, etc. The idea of the CA is a good one, but don't know that it has met it's goal of really assisting NC's in working together better/sharing resources, etc While NC's are doing that better & more often than in the past can't say that I believe it is because of the CA, but do not want to disavow their assistance if others believe that is the body responsible for better cooperation between nghds rather than each seemingly having a need to be competitors.

GOALS OF COMMUNITY ASSEMBLY BUDGET COMMITTEE FOR FY 2016

- 1. Promote and support Capacity Building of all Neighborhood Councils.
 - i. Capacity building, in this context, simply means to increase their membership. Perhaps for one neighborhood this means to send out mailings to each household in their area; and for another, it's to attend neighborhood specific events to gain membership, which may require signage, and/or other material for outreach.
- 2. Provide Councils with a user-friendly application to access & apply for funds.
- 3. Create a follow up survey/request/report form that Neighborhoods will complete upon the use of grant funds. This will ensure that:
 - a. the money is being used as stated in the grant,
 - b. the money was used in a timely manner,
 - c. and to act as our way of learning how to improve.
- 4. The neighborhood council chair is responsible for sending a report within 2 weeks of the last day in October deadline. If this report is not submitted within that deadline, that neighborhood is prevented from applying for funds the following year.
- 5. Create a process/procedure that will allow neighborhoods that do not have a need for funding to give their money to another neighborhood of their choice. All money not used disappears.
- 6. Create a process of how the grants will be approved.
- 7. Evaluate these processes with an eye to continuous improvement.

Community Assembly Budget Committee Policy and Procedures - Final

Our Mission: To assist Neighborhood councils financially to support and develop themselves to better serve their neighborhoods.

Duties:

- 1) Establish and maintain publicly-sourced budget fund accounts for each neighborhood. This duty and these accounts shall be limited to review of proposals, receipt, management and distribution of funds received from formal public sources such as the Spokane Office of Neighborhood Services, or other public entity that have specific spending guidelines.
- 2) Encourage independent neighborhood funding of all Neighborhood Council activities. However, the Budget Committee shall not be responsible for independently funded programs wholly generated within a neighborhood.
- 3) The Committee shall research, plan and write grants for continued and future funding from any and all sources, and shall review this effort at every meeting.
- 4) Each neighborhood shall be assigned to a Committee member for direct oversight. Each Committee member shall be assigned no fewer than five neighborhoods. Oversight shall include monitoring the budget-related activities of each neighborhood. Every neighborhood shall be discussed briefly, or reported on by absent committee members, at each meeting.
- 5) The Committee can counsel neighborhoods, but final approval or rejection of all proposals for funding shall reside with the funding source or agency, not with the Committee.

Membership:

(From the CA Policies & Procedures for Standing Committees) The Committee shall maintain a minimum of three members who are members of different Neighborhood Councils with maintained voting status on the Community Assembly. Membership of committees shall be open to all interested citizens and representatives of agencies, businesses, government, institutions and property owners, in addition to Community Assembly Representatives and Alternates.

Operationally, the Committee will have five members, each representing a different neighborhood, and each of the five members shall have one vote. Proxies are not allowed -- members must be present to vote. Three members shall constitute a quorum. Consensus is not required for action in the Committee – a simple majority is sufficient for action. For actions resulting in a tie with no abstentions (if only four members are present), the vote of the fifth member shall be solicited by phone. If an abstention or other event (such as a resignation and unfilled position) results in a tie, the unresolved action shall be taken to the next CA meeting for action. Actions taken between meetings shall be avoided; however, for actions required to be taken between scheduled meetings, an effort shall be made by the Chair to contact all members and achieve a majority. Any interim actions shall be ratified at the next meeting and included in the minutes.

Officers and Terms:

Three officers shall be determined by vote or consensus or appointment by the Chair. These shall be Chair, Secretary and Treasurer. Duties of the Treasurer shall be to review and certify all distributions, working closely with the ONS and the assigned oversight committee member. Duties of the Secretary shall be to take notes at meetings and prepare the minutes so that committee members have them *before* the next meeting, in time to review. Approved minutes are to be submitted to ONS for inclusion in the Budget Committee binder. The Secretary also submits the sign in sheet and the agenda with the minutes. The duties of the Chair consist of sending out the agenda for each meeting in a timely manner. They can be submitted by email to NeighborhoodAgendas@spokanecity.org. Elections of officers shall occur annually in December for terms beginning the following year.

The term of office as a member of the Committee shall be two years, with a maximum of two consecutive terms. Terms shall be staggered which means that two of the five membership terms shall expire one year after the inception of the Committee in January, 2016, thereby assuring that at least two members from the previous year are present at the beginning of each year.

Meeting Schedule: The Committee shall meet monthly, or as needed, but no fewer than three times per year, including one January meeting to elect officers.

Reports:

Written reports: The Secretary shall provide to the ONS (as detailed above), and to the members of this Committee, the minutes from the most recent meeting within one week.

A report limited to the account status of each individual neighborhood will be sent to the Chair of that neighborhood, monthly by the committee member having oversight for that neighborhood.

A yearly summary of the budget committee activities, along with the goals for the coming year will be submitted to the Community Assembly in December.

Oral reports: The Committee shall approve presentations and presenters reporting on behalf of the Committee to the CA or other forum.

DRAFT

Plan Commission Liaison Report

December 4, 2015 Greg Francis

This month's report is brief due to the cancellation of the 11/18/15 Plan Commission meeting due to the windstorm and a light agenda at the 11/11/15 meeting.

Hearings

City Six-Year Capital Program – After a brief overview of the six-year citywide capital program, the Plan Commission recommended that this portion of the city budget move forward to the city council.

Annual Code Cleanup – With the removal of the slightly contentious proposed plat extension changes, the annual updates to the unified development codes were fairly straightforward. Most of the changes were corrections to position or department titles that had changed, removing redundant language, updates to the "clear view triangle" language, and some updates to the sidewalk café language to make them easier to maintain. All changes were recommended for approval by the Plan Commission.

Foreclosure Property Registry Ordinance – This set of revisions to the abandoned property ordinance is intended to improve the code by removing potential loopholes, start the process earlier (when a foreclosure notice is issued versus when a property is abandoned), and provide clearer language for when a property can be removed from the registry. The Plan Commission unanimously recommended the changes for approval.

Workshops

Peaceful Valley Neighborhood Plan – Jan Loux and Bill Forman from the Peaceful Valley Neighborhood Council gave a presentation on their proposed neighborhood plan. The plan was well received by the Plan Commission, which recommended that the plan move forward to the city council. A hearing is not required for neighborhood plans.

Spokane Housing Ventures Annexation – This is a proposed annexation of county land on the south hill between 53rd and 55th and Regal and the Palouse Highway, which is a mixture of apartment buildings, single residential land, a storage unit facility, and some undeveloped commercial property. There was continued discussion about how the areas should be zoned along with concerns expressed about how this proposed annexation does nothing to reduce the issue of sprawl in Spokane.

Other

Planning Director Hiring Process – On 11/19/15, I participated in the interview of six potential candidates for the position of Planning Director. After the interviews were complete, the seven interviewers discussed all of the candidates and recommended that three of the six candidates move on to the next round of interviews, which should occur sometime in December.

DRB Report Colleen Gardner

We had a 2nd review of the purposed Howard Street Bridge in Riverfront Park. This will be the 1st phase of the renovation to the Park.

We will have a 3rd meeting to review the comments made and the changes that the DRB requested that the applicant look at too enhance the project and add more visual dynamics to the project. The board suggested the purposed outlooks along the bridge be look at to add to the effect of being closer to the waters as will as enhance the views up and down the river.

A complete version of the review can be found by contacting the Planning Department as the meetings are recorded. Additionally minutes from all the meetings are posted on the planning website, go to Boards/Commissions, Design Review Board and the minutes are listed at the bottom of the page, if you still have questions please let me know
