Community Assembly Core Values and Purpose

CORE PURPOSE:

Provide a vehicle to empower neighborhood councils' participation in government.

BHAG (Big Hairy Audacious Goal):

Become an equal partner in local government.

(This will be further expounded upon in the Vivid Description. What does this mean to you?)

CORE VALUES:

- **Common Good:** Working towards mutual solutions based on diverse and unique perspectives.
- **Alignment:** Bringing together the independent neighborhood councils to act collectively.
- **Initiative:** Being proactive in taking timely, practical action.
- **Balance of Power:** Being a transparent, representative body giving power to citizens' voices.

VIVID DESCRIPTION:

The Community Assembly fulfils its purpose, achieves its goals, and stays true to its core values by its members engaging each other and the community with honest communication and having transparent actions in all of its dealings. Community Assembly representatives are knowledgeable and committed to serving their neighborhood and their city as liaisons and leaders.

The Community Assembly initiates and is actively involved early and often in the conception, adoption and implementation of local policy changes and projects. The administration and elected officials bring ideas to the Community Assembly in the forming stages for vetting, input and participation. The Community Assembly is a valuable partner to these officials and neighborhoods in creating quality policy & legislation for the common good.

The Community Assembly stimulates participation in civic life among our residents. Citizens that run for political office will believe in the importance of partnering with the Community Assembly and neighborhood councils. Those candidates' active participation and history with neighborhoods contributes to their success, enhancing successful partnerships between the Community Assembly and local government.

Legislative Agenda:

5. Councilmember Karen Stratton's Report:

- ARP Funds: Affordable Housing Subgroup working quickly to distribute the funding to folks who requested it to address affordable housing construction and also programs that rehabilitate/repair vacant/zombie houses.
- Council approved \$500k commitment for behavioral health support for old Hillyard Library, in partnership with MultiCare.
- Councilmembers Cathcart, Zappone and Stratton working together on Good Neighbor Agreement. It's for when an organization that plans to serve the homeless community meets with the neighborhood/businesses/residents, to agree to a set of protocols that would help everyone involved. More info coming soon.
- New Neighborhood Resource Officer was hired to be working out of C.O.P.S. North Central.
- Met with REACH-West Central folks who are working on requesting funding from West Quadrant Tax Increment Finance (TIF) District for improvements that are reflected in their neighborhood plan.
- Parks and Recreation is working with Spokane Public Schools on a dog park around 63rd (South Hill) for a new dog park. No current timeline, currently in discussion. Also discussion about a dog park in Riverfront Park.
- Last year, legislation was passed that caused frustration between public and police officers regarding probable cause/arrests. House Bill is going to the Senate for a vote this week, with amendments made to the bill passed year addressing arresting capabilities/probable cause.
- Questions about riverbank restoration and citizen access to riverbanks. Park Board approval needed, no actions currently being considered by City Council currently regarding the topic.

6. Citizens Transportation Advisory Board- CTAB (Randy McGlenn):

- Working on filling the open positions on the board, you can view the Board's page on: <https://my.spokanecity.org/bcc/boards/spokane-transportation-benefit-district-governing-board/citizens-transportation-advisory-board/>.
- If anyone is interested in joining the board, email Randy at chair@ecspokane.org.
- CTAB meets 3rd Wednesday of every month, 5:30-7:00pm, email Randy for meeting link.

7. Mighty Networks Ad Hoc Committee (Kathryn Alexander):

- [Mighty Networks](#) is an all-in-one platform that makes it easier to share information, manage and share documents, manage and update mailing lists, stream meetings/events, host trainings, maintain event calendars, engage in group chats, and more.
- All neighborhoods can maintain their own respective groups (self-managed), and all member lists are kept private.
- Kathryn would like to create an ad hoc committee, they'd have 28 days to play around and test the platform before they have to pay for it.
- Mark asked who is responsible for maintaining the account, Kathryn answered that each entity would be responsible for maintaining their portion of the account.

- Carol asked if it was possible to link their neighborhood website to a Mighty Network account.
- Daniel asked if the City could assist, but since ONS is held to laws regarding open documents, it wouldn't be in the best interest.
- Susan asked the difference between the external accounts that neighborhoods already use (social media). Kathryn clarified this is an internal platform for officers/representatives to share and maintain documents.
- Luke asked if this has been passed by City Legal to see if it is a feasible platform, because past attempts at similar platforms have proven unsuccessful. Also suggested using a platform that's more well-known for more buy-in.
- Kathryn hopes that CE Grant funds can pay for the platform.
- **Motion:** Andy Hoyer moved, Fran Papenleur seconded. Approve formation of the Mighty Networks ad hoc committee. Motion passes with 20-approve, 2-deny, and 0-abstain. Kris Neely, Jan Loux, Susan Mensching, & Andy Hoyer volunteered.
 - Ad Hoc Committee will: Research platform, create demo, address concerns, create a management plan, come back with a recommendation

8. Policies & Procedures Proposed Changes (Daniel Zapotocky):

- Explained changes made in the P&P meeting on Feb 17. Mary and Daniel discussed changes submitted, included term limit changes for Secretary for Admin Committee, removed quorum changes that concerns were voiced in previous meeting.
- Kathryn submitted a graphic to be added to P&P. Daniel and Mary discussed the inclusion of the new flow chart but decided to not include it.
- Discussion ensued about changes regarding the graphic.
- **VOTE:** Motion: "New chart or old chart." Results: 10 New, 12 Old. Old chart remains in P&P.
- ***Final draft of Policies and Procedures will go up for a vote for adoption at April CA Meeting.***

9. Building Stronger Neighborhoods Update (Fran Papenleur):

- March's CA Packet did not include the minutes from February's BSN meeting, and the 2022 Committee Goals, but they will be included in the April CA packet.
- Fran reviewed the 2022 BSN Committee Goals. She asked for anyone interested to join the effort to update the CA Handbook. The Toolkit also needs to be refreshed.
- Eleven new videos released in the Video Resource Library for neighborhoods to use as resource. The link to those videos is below under section 10 (SNLA/Gonzaga related updates bulletpoint).
- BSN meets the 4th Monday of every month, from 12:00-1:00pm, both virtually via [Zoom](#) and in-person at the Shadle Library classroom (2111 W Wellesley Ave).

10. Office of Neighborhood Services Update (Carly Cortright)

- *SNLA/Gonzaga related updates:* Video Library is posted. Link: <https://my.spokanecity.org/neighborhoods/resources/videos/>
- *Neighbors Drive 25 Kick-Off Event:* March 24th at C.O.P.S. Neva-Wood (4705 N. Addison St.), from 9:30-10:15am.

- *Neighborhood Clean-Up*: Disposal passes are now offered year-round, available for request digitally starting March 1, 2022. Solid Waste was able to commit to 8 curbside and 8 roll-offs in the spring and the same in the fall. This means neighborhoods will get at least one event, but are not promised a second event due to capacity. Submit clean-up applications by March 11 and we'll communicate any changes with neighborhoods. *Question regarding using disposal passes at country transfer stations*: Cannot use them at county locations.
- **Motion**: "Move to extend discussion 5 minutes; first extension." Daniel Zapotocky moved, Mark Davies seconded. Motion passes with 16-approve, 2-deny, and 0-abstain.

11. Administrative Committee Updates (Seth Knutson):

- *Community Assembly/City Council (CA/CC) Meeting*: Thursday, March 31 from 5:30-7pm, held virtually via Zoom. Please submit requested conversation topics to Seth by Monday, March 21 (email: spy.pawn007@gmail.com).
- *In-Person Meeting Discussion*: Straw poll taken to gauge interest in how future CA meetings will be held. Discussion ensued around the challenges of hybrid model, which included voting/polls, managing the chat and "raised hands," and staffing capacity. Admin committee and ONS will work together to figure out what options are available for future meetings. April CA meeting will remain virtual only.
- **Straw Poll**: "Future CA Meetings should be held: In-Person, Virtually, Hybrid model" Results: 5 in favor of in-person, 2 in favor of virtual, 13 in favor of hybrid model. The hybrid model is favored but will come with challenges, as discussed.

12. Roundtable Discussion

- **Kathryn**: Would like to invite Terri Anderson (Housing Alliance) to the CA meeting, regarding working with renters better. Wants to encourage CA members to think of ways we can invite outside community members who serve community groups to CA meetings, so we can identify ways in which CA as a group can work better with other groups. Sees it as an important step to repairing relationships with other entities who have had previously hurtful/negative experiences with neighborhood councils and Community Assembly.
- **Daniel Zapotocky**: Boards and Commission openings still available, highlighted the Salary Review Commission openings (<https://my.spokanecity.org/bcc/commissions/salary-review-commission/>)
- **Meeting Adjourned at 7:27pm.**
- Next Community Assembly scheduled for **Thursday, April 7, 2021**

April 7, 2022

To: CA reps and others

From: Andy Hoye at the Southgate Neighborhood Council

Re: Kris Neely and the Awards

Please welcome Kris Neely as our new alternate CA representative. Kris has been active in community affairs since his arrival in Spokane last year, now as a member of the Planning Commission and the CA Liaison to the Parks Urban Forestry Citizen Advisory Committee. He brings significant personal and professional experience to his new positions, as well as good humor and clear willingness to put in long volunteer hours. People are moving to Spokane – that's what happens in a free country. If more are like Kris, our fine City will continue to flourish.

Regarding the Awards – the recipient names have been artfully drawn on them by Annie Deasy – Thanks, Annie!! They are in their paper frames. But the frames are not strong. The distribution package for each neighborhood needs to be strengthened with stiff cardboard – that is happening. I have plenty of insulated envelopes from my business and will be arranging for distribution this week. For those CA reps who know they will be receiving awards for their neighborhood, please email me with your physical address at ahoye@comcast.net.

And think seriously about the Mighty Networks opportunity – I'm in favor.

Thanks,

Andy Hoye

1	TASK MISSION STATEMENT: Review the usage characteristics, pricing, security, user access, high availability and other features, benefits, and capabilities of the MIGHTY NETWORKS Software as a Service (SaaS) package for utilization by the Spokane, WA Community Assembly (CA). /*

Assumption
Assumes CA will be using the version of the Mighty Networks software known as "THE BUSINESS PLAN" /*
Assumes the financial cost of this application is \$99 per month when paid annually. Equaling \$1,188.00 total. This fee allows unlimited Member access privileges. HOWEVER, there is a Monthly Plan which lowers the cost and permits a "trial" type of format. /*
Assumes that CA's use of this application and all documents, chats, polls and other capabilities of this software <u>ARE NOT</u> subject to Washington State Law regarding "Open Meetings" and/or "Open Document Access". /*
Assumes all data and all documents placed in this application are backed-up for disaster recovery purposes 24x7x365. /*
Assumes training will be created by a CA committee. Not by vendor. That said, it is possible that simple common issues which may be documented by the vendor or by You Tube may possibly be employed. /*
Assumes the CA will receive regular Analytics reports on usage and participation./*
Assumes this application will ask Members who join to agree to written Community Guidelines & Terms and Conditions. /*
Assumes this application will NOT be open to Public access. This network will be LIMITED to those members invited by the CA, only. /*
Assumes that Members of the CA will *NOT* be held legally responsible for posting or comments made on this application without their knowledge or permission. /*
Assumes that City of Spokane, in some form, will provide logistical and manpower support for Neighborhoods to scan and upload documents into this application -- and a copy into cloud storage. /*
Assumes that the CA wishes to have a backup-copy on a SaaS app (such as Dropbox or Box, etc) of all documents uploaded into this application for data security/recovery purposes /*
OPEN QUESTIONS
Question: Can Polls be limited to a neighborhood within the single instantiation of the software? /*
Question: Can we get neighborhood analytics in addition to instantiation analytics? /*

Committee Recommendation to the Community Assembly Concerning the Software Application 'Mighty Networks'

01 April 2022

Background

Committee Members:

- Kathryn Alexander, Andy Hoyer, Susan Mensching, Kris Neely, and Janice Loux
- **Please see the Excel PDF report by Kris Neeley attached.**

Purpose:

This software-as-a-service application is being considered for use by the CA for its functional capabilities which include:

1. Ability to store documents while providing convenient and continuous access
2. Ability to host meetings
3. Ability to manage neighborhood council member email lists
4. Capacity to facilitate cross-neighborhood meetings, conversations, and relationships

Process:

1. Committee member Kris Neely created an analysis of both our requirements for this software as well as its capabilities and limitations.
2. This led to multiple in-depth committee discussions.
3. In general, the Committee came away from the analysis feeling comfortable with what this software offers and our ability to use the software effectively.
4. The report Kris produced is available to all in the attached spreadsheet.

Result(s): *The committee recommends the purchase/use of this software application*

Issues to be Addressed

Set up and Training:

1. Kathryn Alexander and Andy Hoyer are willing to perform the initial set up and training
2. Kris Neely can assist in the initial setup of the application
3. A template would be created for CA neighborhoods
4. Training would be based-on the template

Usage:

1. The Committee suggests a pilot approach, in order to fully exercise this software and further qualify its applicability to proposed CA activities
2. The Committee suggests neighborhoods would be on-boarded a few-at-a-time
3. The Committee recommends at least two (2) people in each neighborhood be trained to use/administrate this software
4. The Committee suggests that the neighborhood Chair and Secretary be trained initially, as these individuals would be, in most cases, the most consistent users of the software
5. Uploading documents is a crucial capability of this software and a key requirement in its selection. The Committee recommends beginning with a neighborhood's recent past year
6. Neighborhoods with extensive numbers/amounts of records will require some sort of support for document scanning to digitize said documents for loading into this software
7. The Committee has checked with both city legal and an independent lawyer to ascertain risk to both the city and the Community Assembly for bad actions by neighborhood members. Risk is greatest when direct action has supported the issue at hand. Removing offending material and not sharing or responding to it provides the greatest amount of protection.

Administration:

1. Once the application is fully available to the CA, the Committee recommends a standing committee be formed to provide oversight and operational training on this application, as needed
2. The standing committee could be a stand-alone, under Admin or under BSN
3. The standing committee would also be responsible for writing guidelines, monitoring posts, and enforcing the CA-and-software application's community agreement and values

Cost:

There are two (2) options:

1. **\$119 monthly.** As previously mentioned, the CA could utilize this option should it desire to do a 90-day pilot. If this option is selected, this cost would be in addition to the annual fee (see below), should the CA choose to move beyond the 90-day pilot and employ the software on a long-term basis
2. **\$1,118 per year.** Should the CA choose this option, a "pilot" could still be employed by only utilizing a few CA neighborhoods at the beginning of the software's use

Community Assembly Policies and Procedures

Amended: 2/17/2022

Approved by CA: 4/7/2022

I. Purpose

According to Article VIII, Section 75 of the City of Spokane City Charter, “the community assembly [herein referenced as the “CA”] is a coalition of independent neighborhood councils and serves as a forum for discussion of issues of broad interest” to the neighborhoods and City.

II. Duties and Responsibilities

According to Article VIII, Section 75 of the City Charter, the CA shall:

- A. Review and recommend an action, policy or plan to the city council, neighborhood committee, the city council, the mayor, the city, and any city agency, commission, or board on any matter affecting the City;
- B. Support and promote citizen participation and neighborhood enhancement;
- C. Promote and facilitate open communication between the City and neighborhood councils and provide the primary means of communication between individual neighborhood councils;
- D. Support and assist, as requested, individual neighborhood councils in becoming recognized and in performing their functions and responsibilities; and
- E. Serve as an information resource to neighborhood councils.

III. Membership

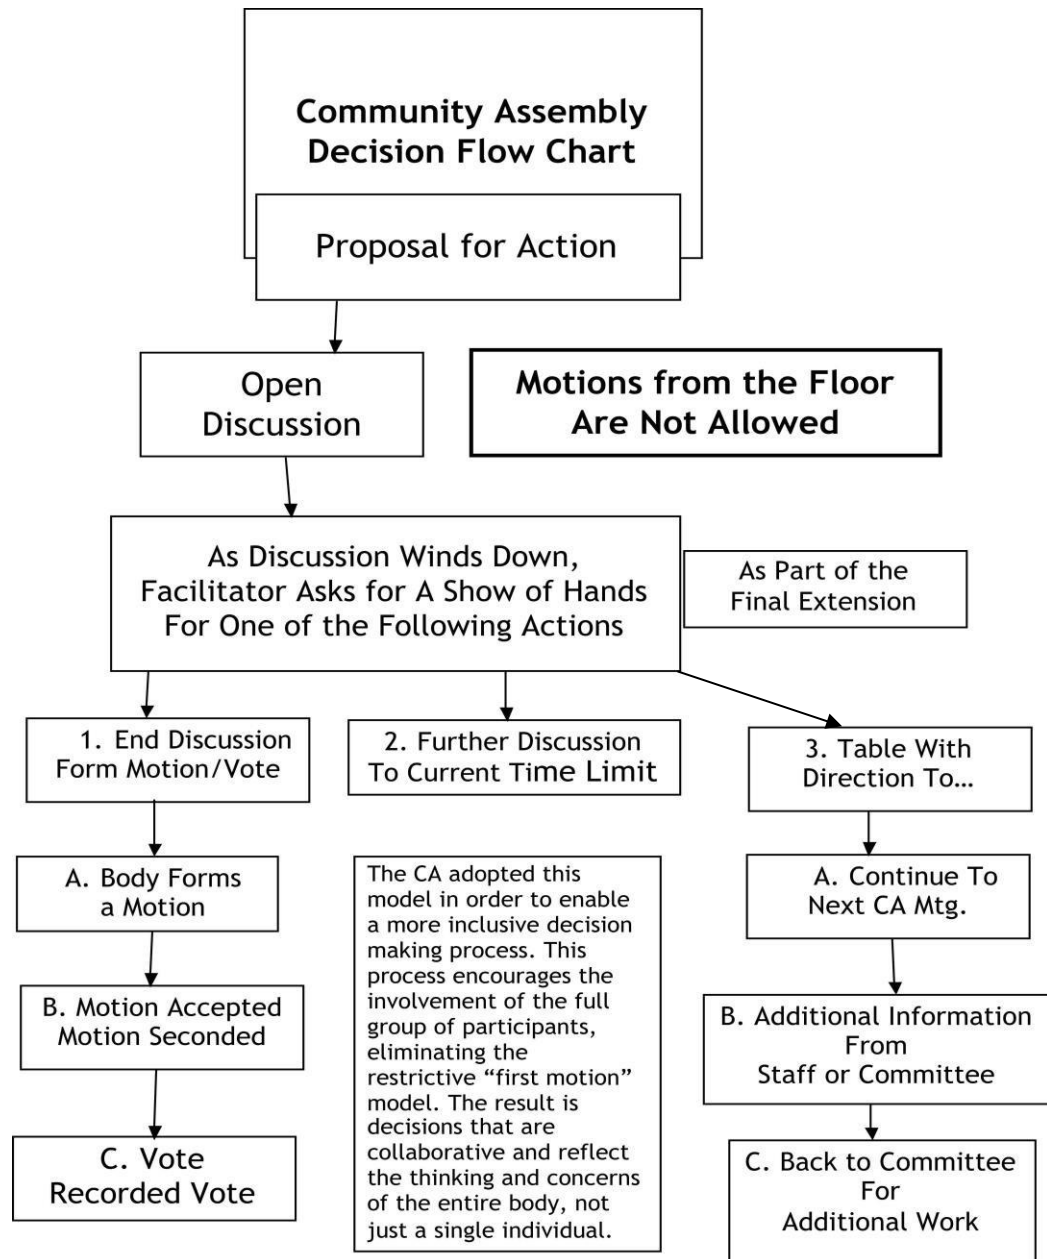

- A. Membership in the CA is available to neighborhood councils, as recognized in Article VIII, Section 75 of the City Charter.
- B. Each neighborhood council selects one representative and a designated alternate [hereinafter referred to as representatives] to serve on the community assembly.
- C. Representatives are expected to represent the interests of their respective neighborhood councils.
- D. Each neighborhood council shall submit, in writing or by email, the names of their representative and designated alternate to the Office of Neighborhood Services as changes occur.
- E. Each neighborhood council representative has one vote.
- F. A representative may only vote on behalf of the neighborhood they represent at CA meetings.
- G. The Office of Neighborhood Services shall maintain an email distribution list for communicating to representatives of the CA. The distribution list shall include, at minimum, the current email addresses for each neighborhood council’s CA

representative and designated alternate, chair, vice-chair, and all CA committee chairs.

IV. Meetings

- A. A minimum of ten CA regular meetings shall be held annually.
- B. Meetings of the CA and City Council shall be held a minimum of three times annually.
- C. Electronic recording of regular meetings of the CA and CA committee meetings shall only be allowed if approved by a majority of voting members present at the meeting. If a recording is to take place, it shall be disclosed by the recorder, including members of the media, and announced by the CA facilitator or committee chair prior to the beginning of that meeting's business.
- D. An independent facilitator shall preside at CA regular meetings. In the absence of an independent facilitator, an Office of Neighborhood Services representative may facilitate the meeting. The facilitator shall act in accordance with the procedures outlined herein.
- E. Presentation and decision-making process (figure on page 3)
 - 1. To speak at a meeting, a person must be recognized by the facilitator. Only one person can be recognized at a time. Each speaker has two minutes. When all who wish to speak have been allowed their time, the rotation may begin again.
 - 2. When a proposal for action is made, open discussion shall occur before a motion is formed by the group.
 - 3. Presentation timetable protocol
 - a. When a presenter has one minute left in the time allotted, the facilitator shall raise a yellow card and give a verbal notice.
 - b. Should any representative wish to extend the time of the presentation or comment/question period, they may make a motion to extend the time by five (5) minutes.
 - c. An immediate call shall be made for a show of hands in support of the extension of time. With a simple majority (50% plus 1) concurring, the time shall be reset by the amount of time requested.
 - d. Extensions shall be limited to two (2) or until a request fails to show a simple majority approval.
 - e. When the allotted time has expired, a red card and verbal notice shall be given.
 - f. As part of a final time extension request, the facilitator shall request a show of hands by the representatives to indicate which of the following actions the group wants to take:
 - 1) End discussion and move into forming the motion and voting,
 - 2) Further discussion,
 - 3) Table discussion with direction,
 - 4) Request time to continue discussion at next CA meeting,

- 5) Request additional information from staff or CA committee, or
- 6) Send back to the appropriate CA committee for additional work.

4. Other questions regarding the conduct of the meeting shall be decided by the facilitator. If someone speaks out of turn or disrupts the meeting, the facilitator shall rule that person out of order. If anyone objects to any decision by the facilitator, that person may challenge the ruling of the facilitator. When this occurs, each representative and the facilitator may speak to the challenge once

and for only one minute. Debate is then ended and a vote is taken immediately to either uphold or reject the decision of the facilitator.

F. Quorum and attendance:

1. A quorum is defined as a simple majority (50 percent + 1) of CA representatives that have attended regularly. If the neighborhood representative has been absent for two or more consecutive meetings, they are not counted in the quorum. Once the representative attends again, he/she is added to the number on which a quorum is established.
2. Absent neighborhood council representatives shall be noted in the CA minutes.
3. If a neighborhood council is not represented for two consecutive meetings, the Administrative Committee shall notify that neighborhood council's executive committee of the absences. (See Section VI.A.3.)

G. Minutes:

1. Minutes of CA meetings, which are the official record of the CA proceedings, shall be prepared by the Office of Neighborhood Services.
2. All discussions and actions by the CA shall be documented in the minutes, with all motions and votes documented verbatim.
3. As soon as practical, allowing time for adjustment, a draft of the minutes shall be distributed to the CA email distribution list as information to the neighborhood councils and for review and comment by attendees. A final draft shall be included in the next CA packet for approval at the next regular meeting.
4. The approved minutes shall be published on the Office of Neighborhood Services website.

6:20-6:50 Community Assembly: Parks/School/Hospitals Radar Funding Update. CA Placeholder with City Council

6:50-7:00 Wrap up

Discussion:

Seth brought up City Council Placeholder. CA hasn't used this much, but it could be good engagement to have regular updates at City Council. What does CC want to hear from us?

No specific topics requested by City Council. Gabby mentioned that this could be a good opportunity to hear from new Councilmembers about what committees they're on and what they're working on.

School radar zones to include Park zones, and possibly hospitals?

***DRAFT* Meeting Notes for the Community Assembly Administrative Committee.**

March 29th, 2022. 12pm via Zoom web conference

Attendees: Committee members: Seth Knutson (Chair), Tina Luerssen (Secretary), Mark Davies, Christopher Savage, Cliff Winger. **City Staff:** Carly Cortright, Gabby Ryan. **Guests:** Kathryn Alexander (Bemiss), Paul Kropp (Liaison Committee), Fran Papenleur (Audubon-Downriver).

Proposed Agenda for CA 4/7/22. Approved by consensus.

Roundtable. 10 minutes. Kathryn will call out Guests and ask for introductions.

Discussion:

In-person meeting options: Kathryn reported that you can use a computer to project on the screen for a hybrid option at NECC. Fran stated that Shadle library might be available after hours because rooms have their own exit doors, Audubon-Downriver meets there until 8:30pm without issue. Also check The Hive. City Hall has a proven setup with microphones and ability to do hybrid, but parking would have to be paid at meters or in RPS garage. Kathryn asked whether it would be worthwhile for CA to purchase equipment so that we could have the necessary technology to meet hybrid at WCCC. Gabby suggested that we ask the CA for a clear vote on how many people would *not* attend if we met in-person. Tina pointed out that right now, anybody with a phone or computer can access CA meetings. If we go back to 100% in-person, that drastically cuts our accessibility. If we can't do hybrid, we should stick to 100% virtual.

Seth spoke about the Plan Commission Agenda Materials link that's been included on the agenda under Other Written Reports. This was put in place at Patricia Hansen's request when she was PC liaison. Now that Mary Winkes is the liaison and her report is included, this link can be removed.

Additional suggestion to simplify the agenda, removing the Administrative and Legislative breakouts. Tina believes this was included due to former CA P&P stating "attendance for the duration of the Legislative Agenda". Now this verbiage is not included in the P&P, so we could simplify to just Administrative/Open Forum/Agenda/Other Written Reports headers.

Gabby received feedback from a NC rep about the amount of emails that come out, and the individual committee meeting emails that go out (sometimes multiple in one day). Suggestion to create a 1-page "attend this meeting if..." document. This varies by NC: who attends what committee meeting. It can be overwhelming for new officers to get so many emails/meeting notices.

Topics for next Admin Committee meeting. Tuesday, April 26th, 2022: Discussion of hybrid meetings. June 30th next CA/CC meeting. Mayor Woodward has requested 20 minutes at May CA. DVC and CAC liaison presentations. Mighty Networks? Shauna Harshman traffic calming process update in May?

Proposed Liaison Schedule: February: CHHS (Kathryn Alexander). March: CTAB (Randy McGlenn). April: PCTS (Charles Hansen). May: DVC (Julie Biggerstaff)/CAC (Lindsey Shaw). June: HAS (Kathryn Alexander). September: PC (Mary Winkes). October: DRB (Kathy Lang). November: UF-CAC (Toni Sharkey, Kris Neely).

DRAFT Community Assembly Committee Meeting Notes: Budget Committee
3/28/22 7:00pm, virtual via Zoom

Members virtually present: Ken Cruz (Chair: West Central), Tina Luerssen (Secretary: Grandview-Thorpe), Gail Cropper (Vice Chair: Northwest), Kelly Lotze (Browne's Addition), Scot Webb (North Hill). City staff: Gabby Ryan. Guest: Kathryn Alexander (Bemiss).

Agenda:

1. Meeting notes from 2/21/22 approved by consensus.
2. Gabby has not received any grant applications yet. West Hills sent their metrics from 2021 but no application. Gabby uploaded this document to Slack, and also a document listing out those NCs that have reached out with questions/requests for quotes so far. Carly is going to have a discussion with Legal regarding whether the CEG can pay for insurance for park events. Gail has looked into event insurance pricing and has found options under \$250. "Normal park activities" should be fine without additional insurance. If there are "risky" activities (i.e. driving into the park, petting zoo, beer garden) then those events would require insurance. There is a resident in Gail's neighborhood who owns an inflatable movie screen and equipment, who offered to share his equipment to allow NCs to use for movie nights at a lower cost. Tina asked about the MOUs; Gabby has looked into the documents to make sure that they're officially "filed". With the new software coming for the Parks department, this should make the event permitting process smoother. Kathryn requested that Gabby reach out to those NCs that don't have an MOU on file. Gabby recommends NCs use Canva to design event fliers or brochures; she also has resources for free stock photos.
3. Kathryn's proposal re: Mighty Networks. The ad-hoc committee has met and has a recommendation being submitted to the CA. The committee is recommending the application, and requesting a CA vote. One option is \$119/month, on a month-to-month basis. The other option is \$1189/year. The City would not be monitoring this application, it would be completely dependent on NC volunteers. Ken pointed out that with the \$850 grant amount, if all NCs request funding then there wouldn't be enough money left for this program. The amount works out to \$34/NC annually, if each NC wanted to set aside that amount for the program. Tina brought up a concern that it will take time to upload documents and utilize this program, so to only commit to 3 months could be a waste of money and time. We'll have a better idea of remaining funds after June 17th budget deadline.
4. In-person committee meetings: Gabby will check if Fire Station 4 is open for hosting meetings. If that's not an option, Ken will look into WCCC. Gail suggested the Woman's Club of Spokane, their Club Room is available on Monday nights, on 9th & Walnut. Committee agreement to hold next month's Budget meeting at the Woman's Club.
5. Special Events training video: Gabby filmed this and shared the link that was posted on the City website:
<https://www.youtube.com/watch?v=ZTK39LanME> This video covers the basics, and there is a second video planned for "what to expect next".
6. Next Budget Committee meeting is scheduled for Monday, April 25th at 7pm at the Woman's Club of Spokane. Agenda topics: Review/discuss submitted

Community Assembly Committee: Building Stronger Neighborhoods
2/28/2022 12:00PM virtually on Zoom and at Shadle Library.

Present at Shadle Library: Fran Papenleur (Chair: Audubon-Downriver), Dave Lucas (Vice Chair: Rockwood), Kelly Lotze (Browne's Addition), Steve Cox (Audubon-Downriver), Gail Cropper (Northwest), Anne Lutrell (Emerson-Garfield), Kathryn Alexander (Bemiss). Present on Zoom: Tina Luerssen (Secretary: Grandview/Thorpe), Pia Hallenberg (Riverside), Mike Gifford (West Hills), Dan Brown (North Hill), Cliff & Sarah Winger (Shiloh Hills), Charles Hansen (Whitman). ONS staff: Gabby Ryan.

1. Committee Housekeeping: January meeting notes approved by consensus.
2. Kathryn gave a presentation about the Leadership Academy. The CA requested a Leadership program, BSN and Gabby led a Clifton Strengths Finder training last year for NCs. Council President Breean Beggs wanted a Leadership program to give expertise for citizens when they joined City committees, this led to the collaboration with Gonzaga and Rachelle Strawther. The initial Leadership program has not been developed around NCs/CA, but bringing in Jeff Stevens as co-facilitator and Mentors from CA has brought in more connection to NCs and CA. There have been 2 meetings so far with the whole Leadership cohort, plus separate breakout meetings with their mentors. Participants have learned about meeting leadership, including Roberts Rules vs. CA process. The mentors are Kathryn, Carol Tomsic (Lincoln Heights) and Daniel Zapotocky (Latah/Hangman), and they meet with their students once or twice a month. Students are encouraged to attend CA and NC meetings, and are expected to be involved with their NC for at least 2 years after completing this Leadership program. Breean would like to run this training program twice a year; this cohort will finish in June 2022. Students have reported after attending NC and CA meetings; reports have been mixed and some NCs have come across as "unwelcoming" for new attendees. Kathryn would like to make this a priority, for NCs, CA and committees to actively work to be more welcoming/accepting of all attendees. This includes being more open with new people and explaining how processes work, especially around attendance requirements for voting privileges. BSN has requested a list of program attendees, but there is a concern from ONS that people may feel pulled in too many directions if they're being contacted by different groups/committees. This relationship between the City and GU has both sides being "protective" of the attendees list. Fran would like to see BSN bring more education to the CA as reminders for experienced reps and training for new reps. Dave pointed out how little understanding there is in the general population of the CA and NCs, and how we all work with the City and the resources that are available. Next month's Training topic is Working with the City, so Breean and Carly will be presenting.
3. Kathryn will be presenting to the CA this week about MightyNetwork.com. When there is transition in NC leadership, often records and access are lost in that transition. Years ago, District 1 created Google Docs to share information, but forgotten passwords have made this difficult to access. MightyNetwork is a platform for community, allowing a "house" for CA with "groups" for committee minutes, trainings, communication and virtual events. This also allows NCs to have groups with their own contact lists and documents. There

APPROVED 3/28/22

would be ability for virtual posting and communication. This is something that CA/NCs would manage themselves, not through ONS. Kathryn is asking for CA to form a committee to look into this program and see if it's something the CA would like to underwrite for all committees and NCs to utilize. The cost is about \$1000/year regardless of how many groups/people use it. Kelly mentioned that with the \$850/NC doesn't leave much money leftover in the Community Engagement Grant. Tina brought up a concern that there is still a requirement that one person per NC will be in charge of their contacts/documents, so there's still a concern of lost access with transition. Kathryn pointed out that the access wouldn't be lost, because CA could regain that access for the NC.

4. 2022 Committee Goals:

- Update the CA Handbook and Online Toolkit.
 - 1. Suggestion to have an ad-hoc committee for this update. Fran and Kathryn volunteered to serve on this committee. Tina will look into her computer for the most recent documents. Fran will ask at CA for additional ad-hoc committee volunteers.
- Coordinate with GU Leadership Training (e.g. utilize the videos that were produced for the program. Participant questions/needs from the leadership training program can give us good feedback for other Training needs).
- Continue NC outreach, helping NCs to build capacity (Possibly invite specifically to BSN meetings for a "roundtable").
- Strengths Finder training, including a second/level 2 training with the book.
 - 1. Gabby would like to offer the 1st level training again (or just offer the recorded training), and then offer a 2nd level training. We have additional books available as well.
- Increase advertising of NC's information/activities.
 - 1. The City calendar is free to update. The Spokesman has a weekly Neighborhood Calendar that's free to post in. Pia brought up the free Community Calendars through most all media outlets: Inlander, news stations, etc. There is a BSN Facebook page where NCs can share events as well.

5. ONS Update: Gabby reported that all of the NC programs are launching: Community Engagement and Clean-Up program trainings are both taking place this week.

6. Gail updated that at CA this week the Awards will be presented.

7. Topics for March 28th meeting:

- GU Leadership Training update
- 2022 Goals/work plan
- Neighborhood Services Department update
- Neighborhood outreach

Next meeting: Next regular meeting will be at 12:00 on Monday, March 28th, 2022.
Location: Virtually on Zoom, and in-person at Shadle Library as well.

DRAFT Community Assembly Committee: Building Stronger Neighborhoods
3/28/2022 12:00PM virtually on Zoom and at Shadle Library.

Present at Shadle Library: Fran Papenleur (Chair: Audubon-Downriver), Dave Lucas (Vice Chair: Rockwood), Gail Cropper (Northwest), Kathryn Alexander (Bemiss), MaryLou Sproul (Browne's Addition). Present on Zoom: Tina Luerksen (Secretary: Grandview/Thorpe), Cliff & Sarah Winger (Shiloh Hills), Charles Hansen (Whitman). ONS staff: Gabby Ryan, Carly Cortright.

1. Committee Housekeeping: February meeting notes approved by consensus, with edit to correct the spelling of Council President Breean Beggs' name.
2. Carly gave an overview of the Neighborhood Leadership Academy. There are currently 9 participants; 3 had to pull out because of relocating/vaccination requirement/availability; another student has had to drop out because of her work commitments. The class has been very engaged and involved. 2nd half of the program is more focused on conflict resolution and running effective meetings. 4 hours once a month seems to not be enough time to cover all of the topics/discussion. This will be evaluated as this pilot wraps up, for future programs. Kathryn added that Carly's presentation on Working with the City was stellar. There was a draft City org chart passed around as well. Dave asked why the group didn't feel that 4 hours was enough time—did they not have a solid baseline, or enough time to study between classes? Carly clarified that it's been an issue of having time to answer questions and allow dialogue. Knowing these questions now, going forward can include that information in the presentations. Kathryn added that most of the participants have zero background in neighborhood/city involvement, so it takes time to build that baseline. There is currently only 1 participant from District 2 because 2 of the students who withdrew were from this area. There will be a comprehensive review by students, facilitators and mentors at the end of the pilot. Fran mentioned that we should have more meeting evaluations at all meetings and trainings, for feedback to make sure that we're meeting our attendees' needs.
3. Neighborhood Services update: Annica will be leaving the department as of this Friday 4/1. This Community Programs Coordinator position will be filled through the Civil Service process. This takes time, and Carly doesn't expect to have a candidate list until June at the earliest—the soonest anyone might start would be July best case scenario. Annica is getting the Spring Clean-Up events all locked up before she leaves. Community Engagement Grant application deadline is June 17th. Traffic Calming is being led by Shauna Harshman, information for workshops should be coming soon. Cycle 10 projects will be announced in a couple of weeks once City Council approves. Carly is taking on point-of-contact for Annica's NCs until a new CPC is hired. Dave stated that he's discussed the new Traffic Calming program with City Councilmembers and NC reps, and the feedback he's heard is that the system is not working well or quickly. Fran and Carly echoed this sentiment, it has been frustrating to get information and Carly has been advocating for better communication and transparency. Gail asked where to direct complaints: to Councilmembers and/or Shauna Harshman. Discussion on traffic/speeding: there is a link on SPD's webpage to request speed emphasis patrols, we should encourage neighbors to report issues to the website or 625-4150 (traffic hotline). Leave a message on this number regarding the issue, location, and

DRAFT

time of day/days of the week when the issue is happening. ONS will also share information with SPD from the MSFS program so that those areas can be targeted for enforcement as well. Fran asked about the Parks MOU and what NCs can do about insurance for events. Carly reported that a new software system is in place for special event applications, which should help alleviate some of the confusion. The MOU is valid for 3 years and will waive application fees for NC events, and will sometimes waive insurance requirements. Carly stated that if the event isn't a "high-risk" activity (i.e. beer garden, petting zoo, fireworks), the insurance should be covered. As long as the park is used "as intended", there shouldn't be an issue.

4. Committee Work Plan:

- Will CA be approving our committee goals? Tina will check with Admin, whether they will be presented for approval individually or as a package with all committee goals.
- Fran reviewed the CA Handbook and edits needed; she, Dave and Kathryn are working as an ad-hoc committee to make these updates. Tina suggested not including the CA Committee P&Ps in the handbook, just a link to the website where the updated documents can be found.
- Toolkit update: Fran is hoping to connect with Pia Hallenberg from Riverside to help with the Press Release and Media Contact List items. Carly will check with Brian Walker in City Communications to share their media contact list.
- Dave suggested reviewing our Neighborhood Outreach in next month's BSN meeting.
- Strengths Finder training could be offered in the Fall, so we have time to plan.

5. Neighborhood Updates:

- Fran and Gail are working on some things happening in Northwest Neighborhood. Gail shared on their NC FB page about a medication take-back at COPS NW, and an Indigenous Youth Coalition being formed. Also the Neighbors Drive 25 campaign is going on.
- Kathryn reported on District 1 NCs working together and starting on projects.
- Fran reminded that we can share NC events at CA during Open Forum or Roundtable. Audubon-Downriver's concert chair has resigned this year, so there will not be concerts in their park this summer.
- Tina reported about development in Grandview-Thorpe, there are multiple developments in process, and they had a large turnout for the (virtual) NC meeting this month because of residents' concerns. WSDOT and CM Kinnear were on the meeting, and the NC is hoping that CM Kinnear took to heart all of the concerns about traffic in/out of the neighborhood, which will mainly be routed to Sunset Blvd since access at 16th/195 will be restricted.
- Cliff reported that Shiloh Hills is working on a Neighborhood Plan. Minnehaha, Latah/Hangman and Balboa/South Indian Trail are also without Plans.
- MaryLou reported that their concert series will start in Browne's Addition soon.

CA Liaison Committee Draft Notes – March 8 2022 – via Zoom

Present: Paul Kropp, Southgate, Chair; Andy Hoye, Southgate, recorder; Bonnie McInnis, West Central; Susan Burns, Peaceful Valley; Randy McGlenn, East Central; Charles Hansen, Whitman; Annie Deasy, ONS. There was a brief introduction of those present.

We did an annual “check-in” interview with Charles Hansen, the PeTT representative to the Plan Commission Transportation Subcommittee (PCTS) – He discussed the general activity of the PCTS, noted that most members are “transportation-oriented,” and agency affiliated. He commented that there are 23-24 criteria that compose a “matrix” scoring system for prioritizing arterials for substantial maintenance or rebuild to be included in in city’s the 6-year plan transportation plan. The PCTS reviews proposed arterial projects for comprehensive plan compliance and recommendation to the Plan Commission for a full PC hearing before June. Bonnie noted the problcm with Gardner being a narrow (non-arterial) residential street with much demand as an access to the County campus and Kendall Yards.

We did a second “check-in” interview with Randy McGlenn, who is the PeTT Committee’s representative on the Citizen’s Transportation Advisory Board (CTAB). CTAB decides how to use the \$20 car tab license fee funds for residential street repair. They are looking for members. 2 per District. Charles had a question regarding the condition of Queen between Perry and Magnolia. Randy said he would look into it. More public outreach is planned for recruiting members. Bonnie restated her concern to Randy re Gardner. School bus streets were noted as important. Randy commented that he was also aware of the issue.

The LC approved by consensus the minutes for January 11, January 21, and February 8 with a small change to add an excused absence for Bonnie from one meeting.

We reviewed the CA check-in interview and CA meeting rotation sequences proposed by the chair, including a start date and tenure table. All approved of the table layout.

We expect that Mary Winkes will remain on the PC, as her first term on the Plan Commission expired at the end of this year. It was noticed that the Housing Action Subcommittee (HAS) is difficult to keep rack of because no minutes are posted.

The LC Goals for 2022 that the committee adopted in January were posted to the neighborhoods website.

We discussed the LC records retention plans that were part of the MOU with ONS – there will be two “storage areas” One will be public facing and available on the City website – it will have minutes and agendas. The other will be “committee storage” and contain interview reports and application records for people who hold the liaison and membership positions. Although a specific “Public Records Request” could release these, the method and location will be determined by Paul, Carly and Annie, soon. The intention is to provide unrestricted access for Liaison Committee members only, absent a formal Public Records Request.

We discussed the next meeting format and decided that it would probably be a hybrid of “in-person” and online – Paul and Randy were going to review sites and available technology at the new Liberty Park Library, and the Hive. Randy was planning to develop training materials for those neighborhoods and committees wishing to hold hybrid meetings.

Paul is working on updating our comprehensive liaison position document with historical and current data.

Draft Minutes
March 22, 2022, 6 pm, Zoom

Attendance

John Schram (Comstock), Carlie Hoffman (Emerson/Garfield), Charles Hansen (Whitman), George Frisbie (Downtown) Cathy Gunderson (Chief Garry Park), Pam Schermerhorn (Cliff/Cannon) Annie Deasy (Office of Neighborhood Services), Randy McGlenn (East Central) Carol Tomsic (Lincoln Heights), Marilyn Lloyd (Lincoln Heights), Rita Conner (Southgate), Mike Gifford (West Hills)

Welcome/Introductions

Meeting was called to order at 6:01 by Chair, Randy McGlenn.

Attendees introduced themselves and their neighborhood connections.

Randy said that he will be present at the ‘Neighbors Drive 25’ yard sign launch and pickup event on Thursday, March 24 at 9:30 am at Neva-Woods COPS shop. He hopes to encourage folks at the event to participate in the committee.

Reports

Plan Commission Transportation Subcommittee (PCTS) – Charles Hansen

He said the PCTS discussed the 6-year street program, 2023-2028 improvements. He said it was interesting to note that traffic calming projects are on the list, including streetlights. Charles said working together with traffic calming will hopefully keep the bids lower and save money. He expects a vote at the April meeting.

Citizen Transportation Advisory Board (CTAB) – Randy McGlenn

CTAB is undergoing structural changes. City Council changed from seven to eleven members. The board is still looking to fill vacancies. Reach out to Randy if interested. He presented on the 2022 Residential Project List. The list is subject to change/adjusted for cost. He discussed the current projects in the hopper for 2022. He said a matrix number is essentially the road condition. The higher the number the worst condition the road is in. Typically see roads between 3-10. He tries to focus on roads with higher scores but sometimes roads in better condition need work to save money on street maintenance. Other factors include bus routes, schools, a bicycle greenway, and major pedestrian areas. Takes all factors into account prioritizing projects. He defined chip and grind, crack, and micro-overlay (pilot program) work/types. He said their city-wide infill-sidewalk program includes other budgets and grant funding matches. CTAB dedicates at least ten percent of budget towards infill-sidewalks. The ‘paved unpaved roadway program’ and the ‘new

sidewalk program' are new to CTAB. There is a Covid shortfall in funding pool. CTAB collects funds through \$24 vehicle tab fee. CTAB traditionally looked at residential streets but covers all local access, including commercial, and industrial, just not arterials. Randy answered questions. Neighborhoods can petition CTAB for a project to be considered. There are 60 miles of unpaved roads in the city. He hopes to recruit more people to the committee.

Bicycle Advisory Board (BAB) - not present

Others – not present

Randy's Vision for the PeTT Committee Going Forward

Randy presented on his theme of Collaboration and Engagement. He wants to plug into other transportation groups in the city. He gave an overview on operation goals, suggested process, and continuous improvement. He wants the committee to function smoothly and effectively. He wants to improve engagement of neighborhoods and increase interaction with city entities with increased feedback on transportation projects and regular recommendations to the Community Assembly (CA) and city agencies on transportation priorities and projects. He wants to increase communication and positively impact transportation projects so the projects can be complete, including sidewalks. His operational focus is education, project reviews, advisory/reporting, and neighborhood input. He plans a presentation on quality of life in transportation next month. He plans 15-minute presentations at meetings and will facilitate any topic suggestions. He wants neighborhood input. His project workflow includes a transportation project report that will be included in the agenda and to prioritize and review at least two projects from each district at each meeting. He wants to review projects that are coming up soon and at very least give heads-up to neighborhoods. Then look at projects with ample time to discuss before things get locked in. He said Shauna could not present because things are in flux with traffic calming program. He wants her to provide a good, strong presentation. He presented a meeting workflow chart. He said the process will be repetitive so it will be familiar, and everyone will know how to participate. He created and presented a mock-up report. Randy answered questions. He said he would follow-up on an 1800 N Post project where street parking was eliminated for next meeting.

Annie will email a copy of his presentation slides to everyone present.

Transportation Project Review

He used the 1800 N Post Project as example stating there may be a dedicated parking lane or part of the bicycle plan which may have influence what happened on the street. He gave a tutorial on how to access the city's website for information on streets, construction projects and maps. He answered questions. Bicycles and sidewalks are part of the committee, even though bicycles are not in the PeTT name. He said a name change could be brought up again.

Randy specifically asked if there were any questions on the CTAB residential project list. He answered questions. He said neighborhoods can petition for projects if they do not see a project in their neighborhood. He said every year has different projects in each district. He said the projects are not on the CTAB website. Randy can share the report if requested. He gave a tutorial

on how to find out what district you lived in and neighborhood council you reside in. Charles said redistricting will be done this summer. Randy said he will assist anyone on how to volunteer for a CTAB board position. Napa between Second and Sprague was discussed.

RoundTable

Randy asked each attendee for any transportation issues they would like to see discussed at next month's meeting

Charles – Market and Wellesley freeway underpass. The city must lower Market under railroad tracks and move water pipes for the freeway, tore up for four months. Market and Haven will be two-way street for four months so can still get to business.

George – Stevens is rough. First, getting across town is so rough.

Cathy – Possibility of speed bumps on street. Blinking speed light to let you know what speed you are going on Mission. Even a Hawk light near Stevens Elementary.

John – Asked for clarification. Randy clarified dialog process. John commented on the Bicycle Advisory Board (BAB) and asked the committee to ask BAB to be more transparent. He cited an unwanted project on High Drive and an unwanted greenway project in his neighborhood.

Randy said finding out about projects afterwards is also an issue with other transportation committees and assured John that PeTT will be a hub for communication.

BAB was discussed more. Charles noted BAB will bring their projects to the Plan Commission.

Carlie – Commented as a Citizen Advisory Board member to Spokane Regional Transportation Council (SRTC). She suggested that everyone should take the STA survey on buses to Idaho and on I-90. Spokanetransit.com/i90

Pam – Concerned with Cedar/Adams and 14th. She said speed increases on arterials when they are improved so she is working on the mobile speed sign applications. She said speeding near the hospital was a problem. She said the speed notification with the proposed speed cameras is good, but it takes speed to get up the hill.

Carol – We are waiting to see what got funded in the 2020 traffic calming. We got a crosswalk by Lincoln Park in the 2019 traffic calming.

Marilyn – Working on traffic calming in neighborhood. First crosswalk she worked on was at 29th/Rosauers. She said she believes we will finally get HAWK light there. She said there were benefits with the new traffic calming program.

Mike – Finch Arboretum chip seal was a good job. He expressed concern over a three-block section that forms a water trench when it rains and asked if property owners need to approve a paved road. Randy will follow-up. He also was concerned with the volume of thru traffic from

Amazon, FAFB, and the casinos. All the road projects need to be worked on with State, County, Airway Heights, and Spokane City involvement.

Randy said to send an email or call with any feedback.

Meeting adjourned at 7:29 pm

Next meeting is 4/26/22 at 6 pm on Zoom.

CHHS Board Liaison Report, March 2, 2022

Submitted by Kathryn Alexander

We accepted three new board members:

Barbara Lee

Karen Ssebanakitta

Lisa Diffley

George dhal requested additional funding for four projects to maintain their affordability:

Redpath

Lacy

SNAP on Jefferson

Liberty Park

Request approved

The RFP and Affordable Housing current committee membership was approved. The RFP committee will need additional members.

The Bylaws were approved as revised.

The CHHS Director Report

She provided an overview of the COC Retreat. A draft of the COC planning is being created. The intent is to have a stronger connection between CHHS and the COC. They are planning 6 evening meetings in March/April and 4-6 more in May through August. All COVID rental assistance has been spent and she is reviewing our previous performance in preparation for additional funding. She is also looking for additional funding sources.

Point in Time: the shelter is still happening. More than 800 people were counted, about a 20% increase. There are some gaps (seniors etc.) Volunteers are currently working on it. This count is used by community groups for their planning.

Mental health workers are needed. It is particularly difficult to work with non-Medicaid folks as there is less funding.

Mayor's Advisory on the Environment is meeting to create a unified face for Spokane
CHHS newsletter is delayed, hiring three more staff.

Housing Action Subcommittee Liaison Report March 17, 2022

Working Group Reports:

Increase Housing Supply: submitted a spreadsheet

Preserve Housing Affordability and Quality: Recommending establishing a rental registry, they want to re-open the rental assistance portal and re-visit its management,

they are recommending restrictions on short-term rentals, they are also recommending a tenant protection ordinance.

Equity Framework Group: Still working on the draft document and they are reaching out to CHHS and their committees.

Enhance Equitable Access: creating translations of city documents

Brian is suggesting that the working groups create a one sentence mission statement so that we can create stronger clarity on the scope of each group. It has been almost a year so there may be a need to recommit. He is also suggesting making a change in the large group meeting for better engagement.

Preserve and Improve Housing – Working Group March 24, 2022

Draft Mission - Support tenant paths to home ownership

We discussed revitalizing Zombie homes, expansion of the Historic district as a way to keep homes out of the investment pool and issues around MFT – short-term affordability.

New Design Guidelines

Project Description

This project entails crafting new design guidelines for Public Projects and Structures, Skywalks over Public Rights-of-Way, and City-Wide (or Base) Guidelines. Additionally, the City also needs to evaluate the worth of continuing with design review of Planned Unit Developments (PUDs). If it is determined that there is significant value in continuing design review for PUDs then the City will need Design Guidelines (and possible project review process improvements) for this project type.

Project Status

Urban Design Staff have completed drafts of the new design guidelines and are in the process of bringing the project through the ordinance adoption process. Project information can be found [here](#).

EMERGENCY MEDICAL SERVICE L E V Y * R E N E W A L

The current 6-year EMS levy will expire December 31, 2022

The ballot question is whether to renew the levy at the same rate as approved in 2016

FACTS

EMS is one of the primary services provided by the Spokane Fire Department

In 2021 the Spokane Fire Department responded to over 40,000 medical incidents – over 87% of all responses (including automobile crashes)

Since the current EMS Levy was renewed in 2016, the Spokane Fire Department has responded to more than 190,000 medical incidents and improved the lives of thousands of community members

In 2021, the Spokane Fire Department responded to 229 people who suffered sudden cardiac arrest and were able to successfully return a functioning pulse in 54% cases when the event was witnessed by someone

The EMS levy rate is \$.50 per \$1,000 of assessed property value – the same rate approved by the voters in 2016 and the same rate since 1993

Election Day: April 26, 2022

The EMS Levy would generate approximately \$13 million annually for the next six years and assist in paying for:

- Firefighters/Emergency Medical Technicians and Firefighter/Paramedics
- First Response Basic and Advance Life Support. (fire trucks and paramedic units responding to medical emergencies)
- Medical supplies, equipment, and paramedic vehicles.
- Maintenance for vehicles and equipment
- General operating costs such as industrial insurance and intergovernmental charges
- Initial EMS training, continuing medical education and community risk reduction programs

Short presentation by Kevin Freibot on the proposed Garden District –

City Council will be considering the docket on Monday. People can comment online or appear in person to comment on the projects. This will determine which projects move forward.

Community Assembly saw our Land Use Committee goals but did not vote on them. Hopefully the Community Assembly will vote on the goals at the April 2022 meeting.

Discussion on how to get more people involved on the Land Use Committee. Return to “in person”? More likely to get more participation with zoom. Does not take as much time. One executive member has not been able to participate because of the technological challenges. City is concerned with this and would like to provide hybrid situations where people can gather but others can participate online. Maybe reach out to community centers, libraries. Need the technology to make it happen. Shadow is new and may be able to host.

Office of Neighborhood Services, Code Enforcement – under policy and procedures is the main information supplier for happenings in the neighborhood. Staff in Neighborhood Services are providing the services to the neighborhoods. There has been an attempt to combine The Planning Commission and the Office of Neighborhood Services. Staffing has prevented that from being fully implemented. The most interesting part of Comp Plan amendments, recommended by the Planning Commission, is the end when the owners reveal what they are going to actually build. This would be a good fit with ONS.

There is currently a piece of land that was developed out of compliance. Now the city has to figure out how to bring the owner of the development under compliance.

Minutes of this committee should be sent to ONS. Annicca Eagle is leaving the city. All the other committees have been returned to ONS as the overseeing agency. Perhaps this committee should also be placed under their purview instead of remaining under the City Planning Department.

Should maybe look into the Mighty Network. Could send info out to everyone on the committees.

Discussion regarding parameters of the Land Use Committee.

Dean – All comments are passed on regarding projects. Housing is an economic development issue. Spokane has an income issue. The developers are not typically building for the middle to low income. It is a top issue for the new planning director.

Next Meeting: Thursday, April 21, 2022 5:30 -7:00 pm
