Community Assembly Core Values and Purpose

CORE PURPOSE:

Provide a vehicle to empower neighborhood councils' participation in government.

BHAG (Big Hairy Audacious Goal):

Become an equal partner in local government.

(This will be further expounded upon in the Vivid Description. What does this mean to you?)

CORE VALUES:

- **Common Good:** Working towards mutual solutions based on diverse and unique perspectives.
- **Alignment:** Bringing together the independent neighborhood councils to act collectively.
- **Initiative:** Being proactive in taking timely, practical action.
- **Balance of Power:** Being a transparent, representative body giving power to citizens' voices.

VIVID DESCRIPTION:

The Community Assembly fulfils its purpose, achieves its goals, and stays true to its core values by its members engaging each other and the community with honest communication and having transparent actions in all of its dealings. Community Assembly representatives are knowledgeable and committed to serving their neighborhood and their city as liaisons and leaders.

The Community Assembly initiates and is actively involved early and often in the conception, adoption and implementation of local policy changes and projects. The administration and elected officials bring ideas to the Community Assembly in the forming stages for vetting, input and participation. The Community Assembly is a valuable partner to these officials and neighborhoods in creating quality policy & legislation for the common good.

The Community Assembly stimulates participation in civic life among our residents. Citizens that run for political office will believe in the importance of partnering with the Community Assembly and neighborhood councils. Those candidates' active participation and history with neighborhoods contributes to their success, enhancing successful partnerships between the Community Assembly and local government.

Presentation and decision-making process:

1. To speak at a meeting, a person must be recognized by the facilitator. Only one person can be recognized at a time. Each speaker has two minutes. When all who wish to speak have been allowed their time, the rotation may begin again.
2. When a proposal for action is made, open discussion shall occur before a motion is formed by the group.
3. Presentation timetable protocol
 - a) When a presenter has one minute left in the time allotted, the facilitator shall raise a yellow card and give a verbal notice.
 - b) Should any representative wish to extend the time of the presentation or comment/question period, they may make a motion to extend the time by five (5) minutes.
 - c) An immediate call shall be made for a show of hands in support of the extension of time. With a simple majority (50% plus 1) concurring, the time shall be reset by the amount of time requested.
 - d) Extensions shall be limited to two (2) or until a request fails to show a simple majority approval.
 - e) When the allotted time has expired, a red card and verbal notice shall be given.
 - f) As part of a final time extension request, the facilitator shall request a show of hands by the representatives to indicate which of the following actions the group wants to take:
 - o End discussion and move into forming the motion and voting,
 - o Further discussion,
 - o Table discussion with direction,
 - o Request time to continue discussion at next CA meeting,
 - o Request additional information from staff or CA committee, or

Parking in Spokane: More or Less

Date: December 5, 2024

Statement to the Community Assembly (CA) Spokane from Land Use Committee members and concerned neighbors.

We are in a new period, to examine effects of deregulation and favoring incremental changes to any reduced parking requirements. The revision of parking minimums outlined in the revised table 17C.230.130 occurred August 12, 2024, and Ordinance C36405. This has caught the attention of Land Use Committee and other public members. We are concerned about straining access to street parking, driveway access, walking distances to businesses and homes. Additional concerns are shared by those who are physically limited or lack reasonable access to public transit.

We respect the resources of the Spokane Transit Authority, especially recent improvements to routes, Low-and No Emission buses and how City Council members and associates encourage ridership. We acknowledge objectives of parking reforms in the US.

There are city officials and citizens concerned that such a measure relies on enforcing of Spokane City street parking time limits, and the current perception that those limits are not enforced.

There are concerns that increasing housing intensity does not lead to an adequate supply of affordable housing, and imposing this in established neighborhoods disrupts homeowners' access to parking.

Increased parking density limits access by emergency vehicles, local residents and snow removers.

RESOLVED:

We respect City Official goals to expand housing and access to housing.

We acknowledge City Official goals to encourage public transport for concern for the environment and roadway congestion.

We are aware of organizations dedicated to parking reform in urban environments.

It is plausible that property insurers may not cover financed multifamily housing without adequate parking.

THEREFORE:

We propose a graded implementation of such reform, to allow an assessment of the impact of reduced parking minimums. Start with smaller complexes (e.g. 8 or less units), or commercial entities. We can develop criteria to determine if public transit is sufficient and residents are safe. Allow minimum one year to gather data and a second year to assess impacts, for any given building.

Grateful.

Bill Heaton, CA Land Use Committee Chair

Administrative Committee Meeting Notes

Tuesday, 17 December 2024, 4:00 - 5:30 pm
City Hall and via Zoom

Present in person: Lorna Walsh (Riverside/Admin), Sandy Wicht (Comstock/Admin), Bill Doley (Rockwood/Admin Vice Chair), Luke Tolley (Bemiss/Admin Chair), Tina Luerssen (Grandview/Thorpe/Admin Secretary), Gabby Ryan (ONS), Fran Papenleur (Audubon/Downriver). **Virtual:** Paul Kropp (Southgate/Liaison Chair).

November 2024 minutes M/S/Passed with 1 abstention.

January CA Agenda. Jan. 9th at Shadle Library. Agenda Requests:

Bill Heaton requesting 10 minutes for Land Use Committee to discuss proposed resolution on minimum parking requirements.

CHHS: Heather & Dawn for CHHS and CDBG update, requesting 10 minutes. Fran discussed City proposal of NCs working with Parks for CDBG funds partnerships. Suggestion to increase agenda time to 20 minutes to allow for discussion.

Parks Board Development & Volunteer Committee liaison 15 minutes - Lindsey Shaw.

Committees Updates - not a lot expected, since many don't meet in December. 10 minutes.

Gabby reported that her programming allocation was cut a bit in the approved 2-year City budget. Requested \$50k for CE Grant + SNLA, was allocated \$48,900(ish?) which will cut a little from SNLA, but retain \$25k for CE Grants..

12/5/24 CA Actionable Items: Luke will fwd Kathryn's UF-CAC liaison nomination to the appropriate departments.

Admin Committee Business

Facilitation: Kelly emailed shortly before last CA that he wouldn't be at the meeting, Gabby didn't see the message until the following day. Discussion about facilitator process, no budget to pay a facilitator, too much of a drain on ONS staff time. MOU established in Code but not currently in effect, should be revisited with new ONS Director. Agenda item for Neighborhoods Workgroup - Tina and Fran will bring it forward. Discussion about Admin Chair facilitating, and difficulties with that in representing the NC. Luke will reach out to Kelly to ask whether he is interested in continuing as facilitator, possibly bring up to CA for input.

Luke will reach out to Kelly re: Facilitator.

Roundtable: Continue to include this? Structure? Was intended for discussion (vs. announcements in Open Forum), a way for neighborhoods to bring issues forward. Without structure, some issues are brought forward and then not acted on. Suggestion to open "NC issues" to the beginning of the meeting, when Council President is listening. We want to ask NCs to request agenda time to allow for discussion; send to committee and request report back. Committee decision to modify "Open Forum" to "Updates/Announcements" to encourage just brief information-only. Added "Future Considerations" to

Actionable Items Review, this will allow items to be suggested for upcoming CA agendas..

Hybrid Meetings: Hybrid Procedures was approved by CA, setup has not been determined: what platform, how to vote, who can vote - was given to Comms Committee for work. Follow up at CA February meeting.
CA Policies & Procedures: Bill - need updating for Liaison section (complete, but not posted). Paul reviewed past procedures for Oct/Nov request to committees to update their P&P. Current doc is only PDF, want to produce as an editable document, Randy and Paul have been working on this. **Bill will connect with Paul for collaboration and continued work.**

Refresher, CA 101? Luke, Tina and Fran have given this presentation/orientation over the years. Suggestion to have “smaller bites” at each meeting, pilot at January meeting. **Tina: Create a Google Form for CA meeting feedback.**

Future CA Agenda Items: February requests:

- i) Comprehensive Planning Update – Tirrell Black, Maren Murphy, Planning Department - 20 Minutes
- ii) Plan Commission Liaison Report - Mary Winkes - 15mins

Approve 1/9/25 CA Agenda M/S/P:

CC Update 10m CP Wilkerson
ONS Update 10m Erin Hut
CDBG Program Update 20m CHHS staff
Parks DVC 15m Lindsey Shaw
Admin Update 10m Luke Tolley
Parking Space Minimums 10m Land Use Committee

Date: January 2, 2025
To: CA Reps and NC Leadership
From: CA Liaison Committee
Subject: December Brought No CA Liaison Applications

. . . . either for the new Transportation Commission liaison position or the recently vacant CHHS Board liaison member position.

This is current information from your Liaison Committee AND a reminder in the new year for CA reps and those in neighborhood council leadership to make every effort to recruit candidates for the open liaison positions on the Transportation Commission and CHHS Board.

The liaison positions on Spokane’s citizen advisory boards and commissions are the strongest offer possible by the mayor and city council to the neighborhood councils for a “seat at the table” in local government.

May your recruitment efforts on behalf of the neighborhoods and the Community Assembly bear fruit in the coming month.

The application deadline is January 23 for consideration by the CA in February.

All application material is on the city’s Community Assembly web page here:
<https://my.spokanecity.org/neighborhoods/community-assembly/>

And please: Your Liaison Committee chair is the best first stop if folks interested in either of these positions and are looking for “further information.”
