ADMINISTRATIVE REPORTS**West Central Community Prevention and Wellness Initiative**

Kelly Cruz advised that the West Central Community learned a couple of weeks ago that its' current fiscal agent Spokane County is getting out of the prevention business after 22 plus years. This leaves West Central Community without a fiscal agent and potentially East Valley, which also has a coalition. Come July 1, if they are unable to get a fiscal agent and work with them to get a coordinator, both coalitions will go away. If this happens, that will leave the State's second largest community without any governmental support in the prevention effort. He noted it's important because there is another potential coalition coming on board – Rogers has been nominated for one of five grants across the State which is coming down from the Feds for opiate addiction. Mr. Cruz stated this is not the time to be backing away from prevention. He stated he hopes to sit down with the City in the next day or two, and he hopes the City provides a letter of interest and wants to take on being the fiscal agent for the West Central Coalition. Jill Royston, student teaching specialist with North Central, and two students with the Washington Drug Free Youth Program, then remarked on Washington Drug Free Youth Programs.

He noted 2018 is around the corner and he implored the City Council to budget the Office of Police Ombudsman wisely and to realize this is an overworked office doing incredible things and pay careful attention to overworking this poorly funded and ill-staffed Ombudsman Office. There is an unprecedented number of refugees today, at over 21 million people, who are ordinary men, women, and children from all over the globe forced to flee their homes and countries because of wars, human rights abuses, and fear of persecution because of their race, religion, nationality, political opinion, or membership in a social group. More than 4,500 refugees have made Spokane their new home over the past decade, many of whom have become U.S. citizens and thriving members of our community supported by Spokane residents, nonprofit organizations, schools, churches, government, and businesses. The United Nations General Assembly unanimously adopted on December 24, 2000, a resolution for World Refugee Day (to occur every year) to honor the contributions, courage, and resiliency of refugees throughout the world.

ADMINISTRATIVE REPORTS

Anna Bondarenko of Refugee Connections provided an update on Refugee Connections and provided an overview of the organization and what they do. Refugee Connections is a local organization that was started by Dr. Susan Hales. The organization focuses on three things: education, advocacy, and connecting. Refugees are those who escaped their countries because of war, fear, and persecution and they come here to the United States after being seriously vetted and oftentimes people spend many years in a refugee camp before they can be resettled to the United States. The organization is project based and the projects focus on connecting both our community and different refugee and immigrant communities with each other. Additional commentary on Refugee Connections programs was provided and it was announced the World Refugee Day celebration will be held on June 17 from 11:00 a.m. to 3:00 p.m. at Nevada Park and Garry Middle School.

Community Assembly Report

Paul Kropp, Chair of the Community Assembly's Transportation Committee or sometimes referred to as the PETT (Pedestrian, Transportation, and Traffic) Committee, highlighted a potential issue with the upcoming Comprehensive Plan Update. He noted there is a provision in the draft – Roadways of Significance – which may be too weak to actually get an arterial to a full complete street. He noted he asked the Community Assembly for its permission to bring this to the City Council's attention. He suggested the Council look up "Roadways of Significance" in the draft on page 46 and 47 and see if there is some strengthening that needs to be added. He noted the problem is that a partial street can be proposed into the six-year transportation program, but there is no provision for it to be completed and finished. Council President Stuckart inquired if Mr. Kropp had seen the comments by Futurewise and Kitty Klitzke made to the Planning Department (last) Friday afternoon and inquired if the comments and suggested edits strengthen it. Mr. Kropp indicated they could. Council President Stuckart indicated he would be in touch with Mr. Kropp over the next two weeks because he knows many on the Council have seen those and like Ms. Klitzke's changes and support them.

Update on Riverfront Park Redevelopment Progress (CPR 2016-0037)

Parks and Recreation Director Leroy Eadie introduced Garrett Jones, Parks Planning Manager, who provided an update on the Riverfront Park Redevelopment project. Mr. Jones noted the redevelopment is being built off the master plan and the vision that the citizens voted on in November of 2014 for a \$64 million bond. He provided an overview of how Parks has separated out its projects: the South Bank recreational rink facility, the promenades that go north-south and east-west, Loeff Carrousel building, the Southeast Bank, the Pavilion and grounds, and the North Bank, and the newly named Canada Island. He noted one of the first smaller projects that was implemented earlier this spring was the improved trail access and ADA route from the southeast corner of what is called the Red Wagon Meadow and this followed some thirty percent designs that Parks was able to implement before Bloomsday. Even though this was a small project, in the grand scheme of things, this was a huge success to really tie in the South Bank east to the Convention Center and to the Grand Hotel and to allow for a nice safe route into Riverfront Park. Mr. Jones provided highlights of other various projects and responded to Council inquiries.

Mr. Jones also remarked that public outreach is still one of the top priorities for the redevelopment project. He noted in April there were 60-70 participants who came to the last open house that was held. Each design team was there and able to give feedback and answer questions. Mr. Jones noted staff is continuing to establish public outreach forums as the project goes on. He further advised that one of the most successful pieces is what is called a media tour. He stated staff was able to earlier this spring get every media outlet on to the site and provide a behind the scenes hard hat tour to give media an update on the project. He further noted staff is in process of scheduling another media tour update later this June, and provided additional commentary about communicating with the public on Park project updates and detours during the construction.

Ordinances

If an ordinance is vetoed by the Mayor, the Mayoral veto will be published in a subsequent issue of the *Official Gazette*.

ORDINANCE NO. C35503

An ordinance establishing the elements of the crime of assault in the fourth degree; amending section 10.11.010 of the Spokane Municipal Code.

WHEREAS, RCW 9A.36.041 defines the elements of the crime of assault in the fourth degree, a gross misdemeanor; and

WHEREAS, the City of Spokane defines “assault” (known a “city assault”) as a crime in the Spokane Municipal Code and, like the state charge, city assault is a gross misdemeanor; and

WHEREAS, so-called city assault has different elements than the state law crime of assault in the fourth degree; and

WHEREAS, because the elements of the crime of assault in Spokane's local municipal code do not match comparable state law, prosecutors and defense attorneys cannot necessarily count on state appellate court rulings on a variety of evidentiary issues related to the crime of assault in the fourth degree, which complicates the prosecution of that crime; and

WHEREAS, the city intends that by revising the local definition of the crime of assault in the Spokane Municipal Code by incorporating RCW 9A.36.041 by reference, the same criminal behavior can be prosecuted in Spokane exactly as it would be in other jurisdictions throughout the state.

NOW, THEREFORE, the City of Spokane does ordain:

Section 1. That section 10.11.010 of the Spokane Municipal Code is amended to read as follows:

Section 10.11.10 Assault in the Fourth Degree

- A. ~~((No person may willfully use or threaten to use by purposeful words or acts unlawful physical force against the person of another.))~~ RCW 9A.36.041, as now enacted or hereinafter amended, is hereby adopted by reference as if fully set forth herein, including penalties.
- B. The penalty for violation of this section is a fine not to exceed five thousand dollars, or imprisonment for not more than three hundred sixty-four days, or both such fine and imprisonment.

Passed by City Council June 12, 2017

Delivered to Mayor June 16, 2017

ORDINANCE NO. C35504

An Ordinance requiring the filing of a special allegation of sexual motivation in the prosecution of certain offenses; enacting a new section 10.11.015 of the Spokane Municipal Code.

WHEREAS, under RCW 9.94A.835, prosecuting attorneys are required to file a special allegation known as a "sexual motivation enhancement" if one of the purposes for which the defendant committed the crime was for the purpose of his or her sexual gratification; and

WHEREAS, sexual motivation enhancement special allegations can only be added to non-sex offenses and must be proven beyond a reasonable doubt; and

WHEREAS, a court finding of sexual motivation in the commission of a crime makes that crime, by definition, a "sex offense", which requires the offender to submit to a DNA sample; and

WHEREAS, the Special Victims Unit of the Spokane Police Department, jointly with the City Prosecutor, seeks an update to the Spokane Municipal Code so that it conforms with state law requirements for this type of sentence enhancement; and

WHEREAS, individuals who commit crimes with sexual motivation engage in dangerous behavior and victimize citizens in a way that places them properly under the provisions of state law with respect to identification through a biological sample; and

WHEREAS, amendment of the SMC to add the ability to seek sexual motivation sentence enhancements would put the city in line with state law and give criminal investigators an important tool to identify sex offenders, thereby making our community safer.

NOW, THEREFORE, the City of Spokane does ordain:

Section 1. That there is adopted a new section 10.11.015 of the Spokane Municipal Code to read as follows:

Section 10.11.015 Special allegation—Sexual motivation—Procedures

- A. For purposes of this section, "sexual motivation" means that one of the purposes for which the defendant committed the crime was for the purpose of his or her sexual gratification.

- B. The city prosecutor shall file a special allegation of sexual motivation in every gross misdemeanor or misdemeanor case, other than sex offenses as defined in RCW 9.94A.030, when sufficient admissible evidence exists which, when considered with the most plausible, reasonably foreseeable defense that could be raised under the evidence, would justify a finding of sexual motivation by a reasonable and objective fact finder.
- C. In a criminal case wherein there has been a special allegation, the city prosecutor shall prove beyond a reasonable doubt that the accused committed the crime with a sexual motivation. The court shall make a finding of fact of whether or not a sexual motivation was present at the time of the commission of the crime, or if a jury trial is had, the jury shall, if it finds the defendant guilty, also find a special verdict as to whether or not the defendant committed the crime with a sexual motivation.
- D. A decision on the special verdict must be unanimous. The jury must be unanimous in order to answer either "yes" or "no" to a special verdict question about the grounds for a sentence enhancement. Jurors must leave the question unanswered if they were unable to agree on a verdict.
- E. This finding shall not be applied to sex offenses as defined in RCW 9.94A.030.
- F. The city prosecutor shall not withdraw the special allegation of sexual motivation without approval of the court through an order of dismissal of the special allegation. The court shall not dismiss this special allegation unless it finds that such an order is necessary to correct an error in the initial charging decision or unless there are evidentiary problems which make proving the special allegation doubtful.
