Photo Red (SPD) – Briefing Paper Only
Sit and Lie Redacted Arrest Update (SPD) – Briefing Paper Only
OPO July Monthly Report – Briefing Paper Only *Ombudsman Logue was in attendance to answer questions

Council Requests:
Fire Benefit Charge Update (CM Stratton)
CM Stratton wanted to know if there was any progress made on this. Chief Schaeffer directed her to James Caddy and clarified that updates on this would come from the Mayor’s office as available.

“Reality-Based” Police Shows (CM Kinnear)
Chairperson CM Kinnear raised concerns about the image of Spokane portrayed in “reality-based” police television programs and wanted to know how SPD leadership felt about SPD working with such programs. Assistant Chief Lundgren explained that SPD does not work with “Live PD”, but is currently filming with “COPS” for future shows. AC Lundgren thinks that “COPS” portrays the SPD in a very positive and professional light, which boosts morale for officers. He also pointed to “COPS” credentials as a credible policing program, citing its sponsorship of national law enforcement conferences, and he felt that SPD is gratified by the program’s decision to feature the SPD. “COPS” scenes have been shown nationally as law enforcement training videos, and SPD still has some degree of editing control over what scenes go into the final cut of the show aired on television. CM Mumm asked if SPD receives compensation from “COPS” in exchange for filming. “COPS” film crews ride along with SPD patrols to film and do not require any staff time. CM Kinnear and CM Mumm then discussed potential advertising revenue being accrued by “COPS” from their programming, but did not go into deeper discussion. CM Beggs wondered when the footage being filmed this summer will air, and Major King said he expects it to air in January and promised to update Council before footage with SPD airs. Major King assured the committee that portraying a positive of both SPD and the City of Spokane are primary goals for SPD in working with “COPS.”
Spokane Police Department
Resolution of Intent – 911 Emergency Communication (Ariane Schmidt)
Ariane Schmidt presented Council with the updated Resolution of Intent briefing paper (attached) and briefed Council
about the efforts by the City and the County. Council was in support but wanted a change; the text added was an
acknowledgement of employment that current employees would have opportunities to stay and that service delivery
would remain the same or better as a result of this integration.

Questions/discussion followed. CM Mumm is looking for an escape clause in it to make sure that it is going to give better
service. Regional Governance Committee is a temporary committee and consists of Gerry Gemmill, a County
Commissioner, Theresa Sanders, Gavin Cooley, and an At-Large member. CM Beggs would like to add a resolution to add
one City Council member to this temporary committee; will need to modify the original resolution with an amendment.

School Speed Zone Cameras Analysis (Sgt. John Griffin)
Sgt. Griffin presented Council with an ATS Speed Study paper (attached). He stated that he received four spreadsheets
on Friday and would like some time to review that data before giving recommendations. Questions/Discussion followed.
Sgt. Griffin will come back after reviewing the data.

Amendment to Imprest Funds Ordinance (Major Olsen)
Major Olsen presented Council with the Imprest Funds Ordinance amendment briefing paper (attached). He stated that
they have two active PACT teams working off the same $1,500 and they would like to increase that amount to $10,000.
Questions/Discussion followed.

EBO Police Radio Supervisor (Major Olsen)
Major Olsen presented Council with the EBO briefing paper for Police Radio Supervisor (attached). No questions/
Discussion followed.

DUI Grant Contract EBO (Major King)
Major King presented Council members with the DUI Grant Contract EBO briefing paper (attached) which will be used to
fund a Full Time Employee (FTE). Questions/Discussion followed including discussion about the DUI Court.

Mr. Delaney applied for a DUI Grant and is the apparent recipient. They will focus on the more problematic of the DUI
offenders. WSP was picking up City DUls and taking them to District Court – these are Muni Ct. Discussion followed
about how WSP was called in to help with DUls – this grant will add FTEs which should help in not having to call WSP.
Some of the money will be used for DUI campaign and education.

2017 JAG Grant (Asst. Chief Lundgren)
Asst. Chief Lundgren presented Council members with the 2017 JAG Grant briefing paper (attached) which they would
like to use to pay for the majority of a 3D scanner – The Prosecutors Office is encouraging the purchase of this scanner.
No questions/Discussion followed.

Rifle Suppressors Contract (Dir. MacConnell)
Dir. MacConnell presented Council members with the Rifle Suppressors Contract briefing paper (attached). Questions/
Discussion followed including that hearing damage is from the actual deployment, during an incident, because ear
protection is not in place when officers are on the street.

Strategic Initiatives Update (Dir. MacConnell)
Dir. Jacqui MacConnell provided Council members with the Strategic Initiatives monthly update (attached). Dir.
MacConnell highlighted several items from the report, including but not limited to: Precincts are working with other
partners to help find solutions to issues; Hiring workshops have been going very well – had 39 attendees at the last
workshop; PAL was very successful with 470 kids and great results from surveys. SPD has collaborated with the Library
and they are now having an “after PAL” at the Library to give the kids something to do. Questions/discussion followed:

It was mentioned that Capt. Dan Torok has been exceptional to work with regarding the mail delivery issue on Wabash
and has been keeping Council updated – the neighborhood really appreciated his help. Dir. MacConnell will contact
CM Beggs regarding CPTED on I90 data. CM Kinnear will forward emails to CM Beggs regarding enforcement at
Couer d’Alene Park. Major King said the park has been a primary “hotspot” for the past few weeks.

DOJ Collaborative Reform Update (Kathy Armstrong)
Kathy Armstrong presented Council members with the DOJ Collaborative Reform briefing paper (attached). Because
DOJ has not released a final report, SPD wanted to provide an update to Council members. Kathy highlighted several
highlights including but not limited to: SPD is very proud of its robust CIT training – gone above what DOJ
recommended; now going through Procedural Justice training. They are continuing to strive for excellence, beyond
DOJ’s recommendations. Questions/Discussion followed.
CM Waldref appreciated the update and all the stories and asked if there would be some objective performance measures so that we can know that we are performing better. There is a project underway of reviewing body camera footage; also, Dr. Steve James came up with some CIT metrics but it’s hard to know because we have so many people in crisis. It’s also hard to know what particular training has had the impact. CM Beggs commended SPD’s buy-in and said it was fabulous to watch the department remake itself.

**Spokane Fire Department**

**UAV Program Update (Chief Schaeffer)**

Chief Schaeffer gave a presentation on the drone program and noted situations when SFD would utilize drones including structure fires (including thermal imaging), hazmat incidents, water rescues, wildland fires, investigation, and preplanning. He showed a video of drone footage of an actual accident involving a tractor-trailer transporting hazardous materials.

In order to deploy a drone, there must be a pilot, an observer and someone to sit with the incident commander to manage the video portion.

Three incidents when SFD used a drone were: the Painted Rocks arson fire, a commercial structure fire on Trent and a fatal auto-pedestrian accident on Division.

During the accident on Division, the drone was used in place of detectives, who previously would go up on the ladder trucks and lock into the ladder in order to gather photos of the incident. This practice had been done for years, yet can be very dangerous in areas where there are power lines and other dangers. The drone is able to get much closer pictures, as far down as 6 feet, to get pictures of such things as tire tracks or damage. In addition, repositioning for different camera angles is much more efficient because firefighters do not have to take detectives down, reposition the ladder truck, and then take the detective back up. Major Olsen stated the detail is good and there has been positive feedback from PD.

SFD has 10 pilots who are FAA licensed, dusk to dawn, with a waiver to fly in Spokane’s air space and a waiver to fly at night. SFD is requesting a modification to the ordinance to allow Fire to use drones in specific situations, like the one on Division, for crime scene investigation.

**Staff Requests**

**Municipal Court DUI Grant**

The Spokane Municipal Court received a DUI grant and needs funding to send Court staff to Duluth, MN for a week of special training. This goes hand-in-hand with the DUI grant that the SPD initially received. CM Waldref asked how DUIs were previously handled, to which Mr. Delaney answered that DUIs are municipal cases that stay in municipal court, as opposed to being litigated in other courts due to staffing shortages. The grants received by Municipal Court and the SPD will address this. CM Fagan asked if future additional staff will be DRE trained, and was assured that new staff would be DRE certified to deal with alcohol abuse. CM Kinneair wondered who will handle the educational outreach portion for DUI court; Major Olsen answered that SPD will be responsible for this. Mr. Delaney expressed his support for the Affordable Care Act remaining in effect as a lot of treatment funding for alcohol abuse are allocated under ACA provisions. In the long term, Mr. Delaney hopes to hire an exclusive treatment evaluator for the Municipal Court so that treatment providers are not allowed to decided treatment options motivated by profit, without the Court’s input. CM Kinneair asked how much funding a position like that would require, and Mr. Delaney estimated about $60,000 - $70,000 per year.

This grant expressly does not include permission to use the Public right-of-way for cable service or cable television service. The grant is by way of general permission to occupy the right-of-way, and not in place of specific location permits. In accepting this Franchise,
Grantee stipulates and agrees to the City’s authority to issue and require the Franchise and stipulates and agrees to the other terms and conditions hereof.

Section 3. Limits on Permission

A. Should the City determine Grantee is using the Franchise beyond its purpose set forth in Section 2B above, or functioning as a cable operator or performing other business functions beyond the scope of permission extended in the Public right-of-way, the City reserves the right to cancel this Franchise and require Grantee to follow any applicable requirements to obtain a cable franchise or other franchise from the City.

B. Permission granted is in the nature of a quitclaim of any interest or authority the City has to make the grant, without warranty of authority by the City to the Grantee. It does not extend beyond the right-of-way, to areas such as buildings or private areas not reserved for general utility access. C. The grant of permission from the City does not extend to municipal buildings or other municipally owned or leased structures or premises held in a proprietary or ownership capacity. For such locations, Grantee should make specific written lease arrangements directly with the municipal department controlling such building or other structure or area, all arrangements to be approved in accord with applicable requirements.

Section 4. Effective Date, Term

This Franchise is effective as of the effective date of the Ordinance (“Effective Date”); PROVIDED, that it shall not be effective unless and until the written acceptance of this ordinance by the Grantee, signed by its proper officers, shall be filed with the City Clerk within thirty (30) days of enactment. Section 5. General Provisions

A. Grantee is and will remain in good standing as a limited liability company registered to do business in the State of Washington, and pay all taxes or fees applicable thereto. Grantee will maintain a public telephone number 24 hours a day, seven days a week for the City’s access, personally staffed at least during normal business hours. The Grantee will notify the City within five business days if Grantee’s contact information changes.

B. Grantee will coordinate its activities with other utilities and users of permitted areas to avoid unnecessary cutting, damage or disturbance to the Public right-of-way and other permitted areas, and to conduct its planning, design, installation, construction and repair operations to maximize the life and usefulness of the paving and Municipal infrastructure. Grantee agrees that its uses in Franchised areas are fully subordinate to Municipal infrastructure needs and uses, the general public travel and access uses and the public convenience, except as may be otherwise required by law. Grantee promises to minimize or avoid any hazard, danger or inconvenience to Municipal infrastructure needs and uses, public travel, and the public convenience.

C. Grantee will maintain membership with the Inland Empire Utility Coordinating Council (IEUCC) or other similar or successor organization designated to coordinate underground fixture locations and installations. Grantee is familiar with Ch. 19.122 RCW, Washington State’s “Underground Utilities” statute. Grantee will familiarize itself with local procedures, custom and practice relating to the one-call locator service program, and will see to it that its contractors or others working in the right-of-way on Grantee’s behalf are similarly well informed.

Section 6. Plans; Locate, Relocate

A. Grantee’s plans for construction or installation shall be submitted to the Administering officer as requested under such advance notification as the Administering officer may reasonably require, with a copy of such plans to the City’s ITSD Director, Developer Service Director, City Engineer, and any other information requested by the City. Grantee promises that all its fiber cable installations shall be placed in the standard location for buried telecommunications fiber cable not to be less than (30) thirty inches below the paved surface and as determined by local regulation, custom and practice in effect on the date that permits or authorizations are issued for the applicable Facilities, or as designated by the Administering officer. In the event that cable is needed to be installed above ground, all above ground pedestals or other above ground structures besides poles and related guy wire supports are subject to separate review and approval by the Administering
officer, which approval shall not be unreasonably withheld, in addition to other Franchise requirements. If the proposed location of the Grantee's Facilities is already occupied by City utilities, Grantee will be required to submit new plans showing the new proposed location that the Grantee will be occupying. Grantee will not be considered to have breached the Franchise or acted in such a way as to terminate the Franchise if it reduces the amount of right-of-way occupied.

B. The City reserves the right to change, regrade, relocate, or vacate the Public right-of-way and/or skywalk over the right-of-way. If Grantee is required to relocate its cable, relocation costs incurred by Grantee will be reimbursed by the City and/or any other entity requiring the relocation or funding the project that is requiring the relocation, subject to the conditions set forth in Section 6. The City agrees to give Grantee preliminary notice of any such request ("initial notice date"). Grantee must submit design plans within sixty (60) days of an initial notice date, with relocation to be accomplished within one hundred and eighty (180) days of the initial notice date or thirty days of the City's final approval of Grantee's design plan, whichever is later. In addition, the City agrees to work with Grantee to give additional advance notice as may be reasonable under the circumstances or to extend additional time, considering the nature and size of the project and other factors. Upon expiration of the time limits specified, Grantee will relocate, remove, or reroute its Facilities, as ordered by the Administering officer. This provision prevails over others in the event of conflict or ambiguity.

In case of emergency, the City will provide notice as soon as reasonably practicable, giving reasonable consideration also for Grantee's needs.

C. Under the provisions of RCW 35.99.060, the Administering officer may require Grantee to relocate it Facilities within the right-of-way, when reasonably necessary for construction, alteration, repair, or improvement of the right-of-way for purposes of public welfare, health, or safety. The same terms and timelines as exists in Section 6(B) shall apply for the relocation contemplated in this Section 6(C).

D. Grantee shall complete the relocation by the date specified by the Administering officer, unless extended by said official after a showing by Grantee that the relocation cannot be completed by the date specified using best efforts and meeting safety and service requirements. As provided in RCW 35.99.60, Grantee may not seek reimbursement for its relocation expenses from the City except for City requested relocations:

1. Where Grantee has paid for the relocation cost of the same Facilities in the right-of-way at the request of the City within the past five years, Grantee's share of the cost of relocation will be paid by the City when the City is requesting the relocation;

2. Where aerial to underground relocation of authorized Facilities in the right-of-way is required by the City, where Grantee has any ownership share of the aerial supporting structures, the additional incremental cost of underground compared to aerial relocation, or as provided for in the approved tariff if less, will be paid by the City requiring relocation; and

3. Where the City requests relocation in the right-of-way solely for aesthetic purposes, unless otherwise agreed to by the parties.

4. The parties agree that “relocation” refers to a permanent movement of Facilities required of Grantee by the City, and not a temporary or incidental movement of Facilities, such as a raising of lines to accommodate house moving and the like, or other revisions Grantee would accomplish without regard to Municipal request.

E. As provided by RCW 35.99.060, where a project is primarily for private benefit, the private party or parties shall reimburse the cost of relocation in the same proportion to their contribution to the costs of the project. Grantee understands however that the City has no obligation to collect such reimbursement and enforcement of any such rights shall be solely by Grantee. Upon stipulation of all parties, the Administering officer may arbitrate any dispute referenced in this subsection E or refer the matter to the Hearings Examiner, provided, costs of the same as may be assessed by the City shall be borne by the participants. Grantee is not otherwise precluded from recovering costs associated with relocation, consistent with applicable state or federal law, where it does not directly or indirectly create additional liability or expense to the City.

F. The Administering officer may require the relocation, adjustment or securing of Facilities at Grantee's expense at any location in the event of an unforeseen emergency that creates an immediate threat to the public safety, health, or welfare. Where the City determines to abandon or vacate any right-of-way or other permitted area, it is the Grantee's responsibility to resolve any question of Grantee's continued occupancy or use of such areas directly with the owner of such areas.

G. Grantee may be subject to SMC 17C.355A Wireless Communication Facilities. The Grantee is subject to all applicable zoning laws and requirements in effect on the date that the permits or authorizations are issued for the applicable Facilities, as permitted by law when installing Facilities in the Public right of way.

H. Grantee may be required to obtain a master lease agreement for attachment of telecommunications equipment or other facilities in the Public right of way.
Section 7. Grantee to Restore Affected Areas

Subject to Section 6 as it may apply, whenever Grantee damages or disturbs any location in or near the right-of-way or other permitted area, Grantee will promptly restore the same to its original or better condition at its expense, as reasonably required by the Administering officer. Grantee will restore and patch all surfaces cut in accord with the City’s generally applicable Pavement Cut Policy, on file with the Administering officer to maintain and preserve the useful life thereof. Any damage or disturbance to facilities, fixtures or equipment of the City or others shall be promptly repaired. Pavement restorations shall be maintained in good condition and repair by Grantee until such time as the area is resurfaced or reconstructed. If Grantee fails or delays for more than thirty (30) days after receipt of written notice from the City or the Administering officer in performing any obligation here or elsewhere in the Franchise following receipt of written notice of such failure or delay, the City may proceed to correct the problem and bill Grantee for the expense, upon such reasonable notice as determined by the Administering officer under the circumstances. Grantee will reimburse City within thirty (30) days following receipt of an invoice together with reasonably supporting documentation evidencing such expense.

Section 8. Information, Good engineering, Inspections

A. Grantee will supply information reasonably requested by the Administering officer such as installation inventory, location of existing or planned Facilities, maps, plans, operational data, and as-built drawings of Grantee's installations or other information reasonably related to Grantee’s Facilities, unless the information is confidential and/or proprietary. The information shall be in format compatible with City operations. Grantee is responsible for defending any public record requests as it may desire.

B. Grantee property and Facilities shall be constructed, operated and maintained according to good engineering practice. In connection with the civil works of Grantee's system, such as trenching, paving, compaction and locations, Grantee promises to comply with the American Public Works Association Standard Specifications, the edition being that in current use by the City, together with City Standard Plans and City's Supplemental Specifications thereto, all as now or hereafter amended, excluding existing non-conforming uses and other changes to the Specifications which do not apply to previously-constructed improvements and/or wireless communications facilities. Grantee promises its system shall comply with the applicable federal, state and local laws, and the National Electric Safety Code and Washington Electrical Construction Code, where applicable. Grantee will familiarize itself with the City of Spokane’s Specifications and other right-of-way installation and location requirements, on file with the Administering officer and make reasonable effort to be familiar with updates or changes thereto.

Section 9. Limited Access, No Obstruction, Accommodation

A. The City reserves the right to limit or exclude Grantee's access to a specific route, Public right-of-way or other location when, in the reasonable judgment of the Administering officer, there is inadequate space, a pavement cutting moratorium, subject to the requirements of applicable law, unnecessary damage to public property, public expense, inconvenience, interference with City utilities, or for any other reasonable cause determined by the Administering officer, provided, it shall do so consistent with the Federal Telecommunications Act of 1996 and RCW 35.99.050 as applicable.

B. Grantee must raise any concerns under the aforementioned laws or other applicable laws which it believes limit the City's authority or Grantee’s obligations to the City pertaining to this Franchise at the time such issue is first known or should have been reasonably known by Grantee.

C. Grantee will not interfere with Municipal infrastructure uses of the right-of-way or other permitted areas. Grantee shall maintain a minimum underground horizontal separation of five (5) feet from City water facilities and ten (10) feet from above-ground City water facilities including sewer and storm water facilities unless modified in writing; PROVIDED, that for development in new areas, the City, together with Grantee and other utility purveyors or authorized users of the right-of-way, will develop and follow the Administering officer's reasonable determination of a consensus for guidelines and procedures for determining specific utility locations, subject additionally to this Franchise. Subject to Section 6, the City may require Grantee to make reasonable accommodation for public or third party needs in the construction of Grantee Facilities in the right-of-way as, in the reasonable judgment of the Administering officer, are necessary to preserve the condition of, or reduce the interference with, such right-of-way, and a reasonable apportionment of any expenses of any such accommodation; PROVIDED, that this Franchise creates no third party beneficial interests. Notwithstanding the foregoing, it remains the responsibility of the Grantee to anticipate and avoid conflicts with other right-of-way occupants or users, other utilities, franchisees, or permittees existing within the right-of-way as of the date of this Ordinance. The City assumes no responsibility for such conflicts.
Section 10. Undergrounding

The City reserves the right to develop a general policy on undergrounding and to require Grantee's participation therein, in coordination the City's underground program for other utility service providers. The purpose of this section is to recognize and preserve the City's control over uses of the Public right-of-way, consistent with the Municipal policy favoring undergrounding of overhead lines for aesthetic reasons and applicable law.

Section 11. Facilities for City Use

A. Except as covered by mutual agreement, whenever Grantee constructs, relocates or places ducts or conduits in the Public right-of-way as part of the Facilities, Grantee will provide the City where technically feasible, judged by objective engineering standards, with additional duct or conduit and related structures necessary to access the conduit at its actual incremental out-of-pocket costs plus 10% to cover all internal costs. The parties agree to execute any documents needed to satisfy RCW 35.99.070 as it may apply. The City may review supporting third party billings to support incremental cost claims. Unless otherwise agreed, the City further agrees not to resell, lease, sublease, or grant an IRU or other right to use in any Grantee Facilities provided under this paragraph, or use such Facilities to provide communications services for hire, sale or resale, to the public or any third party which is not a governmental entity. All Facilities supplied shall be maintained to technical specifications.

B. The City is permitted to attach to aerial poles for aerial fiber cabling and required mounting hardware in situations where the existing pole agreements between Grantee and the other party would not be violated by the City's attachment use of the aerial pole and where the City's use will not interfere with Grantee's use of the pole.

C. Grantee agrees to notify the City ITSD Director, Developer Service Director, and City Engineer at least sixty (60) days prior to opening a trench or placing overhead lines at any location to allow the parties to implement paragraph B herein as those provisions may apply. As to all matters encompassed in this Section, the parties further agree to do anything required by law to maintain the effectiveness of such arrangements and to negotiate in good faith any matters not otherwise fully resolved. Each party acknowledges receipt of good and adequate consideration for all matters encompassed in this Section.

Section 12. Liability; No duty

A. Grantee waives all claims, direct or indirect, for loss or liability, whether for property damage, bodily injury or otherwise, against the City arising out of Grantee's enjoyment of Franchise or permit privileges. This waiver does not apply to negligent or intentional acts of the City. Except to the extent arising from the negligent or intentional acts of the City, Grantee will indemnify and hold the City, its boards, officers, agents and employees (“City”) harmless from any and all claims, accidents, losses, or liabilities arising from or by reason of any intentional or negligent act, occurrence or omission of the Grantee, whether singularly or jointly with others, its representatives, permittees, employees or contractors, in the construction, operation, use, or maintenance of any of the Grantee's property or Facilities, and/or enjoyment of any privileges granted by this Franchise, or because of Grantee's performance or failure to perform any Franchise obligations.

B. Grantee accepts that access to any franchised area is furnished “as is”. The City has made no assessment or guarantee as to its suitability for Grantee needs or compatibility of Grantee uses with other needs. Grantee waives immunity under Title 51 RCW in any cases involving the City of Spokane relating solely to indemnity claims made by the City directly against Grantee for claims made against the City by Grantee’s employees and affirms that the City and Grantee have specifically negotiated this provision, as required by RCW 4.24.115, to the extent it may apply. This waiver has been mutually negotiated.

C. It is not the intent of this Ordinance to acknowledge, create, or expand any duty or liability of the City for any purpose. Any City duty nonetheless deemed created shall be a duty to the general public and not to any specific party, group, or entity.

Section 13. Insurance

A. Grantee shall furnish satisfactory evidence of commercial general liability insurance and maintain the same in good standing, with limits of one million dollars ($1,000,000) per occurrence and two million dollars ($2,000,000) general aggregate, with the City of Spokane included as an additional insured as their interest may appear under this Agreement.

B. Any Grantee insurance policy shall be primary and non-contributory with any insurance or program of self-insurance that may be maintained by the City. On or before June 1st of each year and at the time of granting this Franchise, as a condition of Franchise validity, Grantee shall file with the City Clerk, with copy to the City Risk Manager,
proof of continued insurance coverage, in the amounts required in this Section, through a Certificate of Insurance, including the blanket additional insured endorsement indicating City coverage required herein.

Section 14. Taxes, fees

A. No Franchise fee is assessed for telecommunications service providers in accord with the prohibition of state law (RCW 35.21.860). If the prohibition of telecommunications service provider franchise fees is removed or modified to allow a franchise fee, the parties agree to negotiate this provision as a material term on which agreement is required for continuation of this franchise, PROVIDED, the City must give one hundred eighty (180) days’ notice to invoke this provision and any franchise fee under it shall be prospective in nature. Moreover, if any federal or state laws or regulations (including, but not limited to, those issued by the Federal Communications Commission or its successor agency) and any binding judicial interpretations thereof that govern any aspect of the rights or obligations of the parties under this Franchise shall change after the Effective Date and such change makes any aspect of such rights or obligations inconsistent with the then-effective laws and regulations, then the parties agree to promptly amend this Franchise as reasonably required to accommodate and/or ensure compliance with any such legal or regulatory change.

B. Nothing in this Franchise shall otherwise limit the City’s power to tax or recover any lawful expenses in connection with this Franchise. Grantee agrees to pay all taxes as due and any lawful expenses within ninety (90) days of billing pursuant to this Franchise. Failure to pay within ninety (90) days after demand by the City and exhaustion of any applicable remedies is a material breach of this Franchise.

Section 15. Franchise Administration

Questions of application or interpretation of this Franchise are determined by the Administering officer or a court of competent jurisdiction. Said officer may issue enforcement orders, upon due notice as deemed proper, promulgate rules and procedures as deemed necessary and grant exceptions, which shall be revocable. Nothing in the Franchise limits the City’s police or regulatory power in general or over its right-of-way or other franchised areas. All City acts under this Franchise are guided by considerations of the public health, safety, esthetics and convenience.

Section 16. Additional

A. Grantee may assign this Franchise or any of its rights under this Franchise or delegate any of its duties under this Franchise, with the prior written consent of the City, which consent will not be unreasonably withheld, conditioned or delayed, provided, however, that Grantee may assign this Franchise of any of its rights under this Franchise or delegate any of its duties under this Franchise to (i) any entity that it controls, is under common control with or is controlled by or (ii) any entity that is the survivor of a merger, consolidation or other business combination or that acquires all or substantially all of the assets of Grantee. The City may not assign this Franchise or any of its rights under this Franchise or delegate any of its duties under this Franchise, without the prior written consent of Grantee. Any assignment or delegation in violation of this Section is null and void.

No capital stock may ever be issued based on any permission to use or occupy the right-of-way or other permitted areas or the value thereof. The City will provide written notice of any condemnation or annexation actions that would affect Grantee’s rights. In any condemnation proceeding brought by the City, Grantee shall not be entitled to receive any return thereon, except for its value.

B. This Franchise may be revoked by the City Council by resolution because of any material breach, after giving at least thirty (30) days’ written notice to Grantee and opportunity to cure. Similarly, Grantee may elect to terminate this Franchise because of any material breach of the City’s obligations, after giving at least thirty (30) days’ written notice to the City and opportunity to cure. Except as otherwise provided for in this Franchise, and upon written notice, the defaulting party will have thirty (30) days to cure defaults under the terms of this Franchise. Neither party is in default of this Franchise if the party provided written notice commences to cure the default within the thirty (30) day period and diligently and in good faith continues to cure the default. If any default exists after the applicable cure period, the non-defaulting party may, without prejudice to any other rights or remedies at law or in equity or under this Franchise, terminate this Franchise.

No forbearance by the City of any term or condition of this Franchise shall ever comprise a waiver or estoppel of the City’s right to enforce said term or condition. Grantee may surrender its Franchise to the City upon sixty (60) days written notice to the Administering officer, subject to acceptance by the City, by a resolution of the City Council.

C. Upon termination, surrender or expiration of the Franchise, Grantee may be required to remove all its Facilities as ordered by the Administering officer or otherwise abandon the cable in place, first removing all electronics, if any, rendering the same safe. In the event removal is required, Grantee shall remove the Facilities within one hundred twenty (120) days of receipt of written notice from City. Grantee will have no further obligations under this Franchise.
D. Grantee understands that this Franchise applies to itself as well as all third party users, assigns, successors or any other entity enjoying de facto Franchise privileges derived from permission extended to Grantee herein and Grantee shall assure that any contracts with such users, assigns, successors or entities so provide. Additionally, Grantee accepts full responsibility with said users, assigns, successors, or entities, jointly and severally, to the City for full performance of all Franchise obligations.

E. This Franchise is governed by the laws of the State of Washington, and venue for any litigation arising out of or in connection with privileges extended herein is stipulated to be in Spokane County.

F. (Force Majeure) Except as otherwise provided in this Franchise, neither party hereto will be in default under this Franchise if and to the extent that any failure or delay in a party’s performance of one or more of its obligations hereunder, is caused by any of the following conditions, and such party’s performance is excused and extended during the period of any such delay: act of God (such as, flood, back water caused by flood, tornado, earthquake, and unforeseeably severe weather); fire; government codes, ordinances, laws, rules, regulations or restrictions not in effect at the time of execution of this Franchise (collectively, “Regulations”); war or civil disorder; or vandalism, or any other events beyond the reasonable control of the party seeking relief under this Section, provided that the party claiming relief under this Section promptly notifies the other in writing of the existence of the event relied on and the cessation or termination of the event. The party claiming relief under this Section must exercise reasonable efforts to minimize the time for any such delay.

Both parties hereto acknowledge that events under this Section may occur which are incapable of being cured so as to allow the parties to enjoy the full benefit of their rights under the Franchise. If a party is unable to conduct its business due to an event of force majeure as described in this Section, and the force majeure occurs and remains uncured after sixty (60) days, the party not claiming inability to perform under force majeure may, at its option, terminate this Franchise without further obligation.

G. (Authority to Sign) Each party hereto hereby represents and warrants to the other that the person or entity signing this Franchise on behalf of such party is duly authorized to execute and deliver this Franchise and to legally bind the party on whose behalf this Franchise is signed to all of the terms, covenants and conditions contained in this Franchise.
