Remarks by Council President Stuckart Regarding Council Rules
Council President Stuckart noted that City Council has approved Council Rules and agreed to follow them, and that these (City Council) meetings are City Council business meetings. Council President Stuckart noted that some cities the size of Spokane do not have public forums. The Spokane City Council chooses to have open public forums because it wants to hear from people, but the rules must apply to everyone. Council President Stuckart advised that in the past six years, the City Council has heard testimony 4,000 different times from 3,000 different people. He noted if he breaks the three-minute limit for only those he feels are important he must apply and break the rule for everyone. He stated two months ago, a woman shared her story of her daughter being murdered, and she was afraid she wasn’t getting justice, but she stuck to three minutes. Two weeks ago, a homeless woman shared her story of being raped on the streets of Spokane and she stuck to three minutes. Council President Stuckart stated that last week he had to cut a woman off after she went over three minutes telling her story and she refused to follow the rules. He stated that does not mean that he did not want to hear her story, nor does it mean that he is trying to silence anybody’s perspective. Everyone’s story is important and everyone deserves to be heard, but during Council meetings that story must be told in three minutes. If anyone wishes to tell Council Members more than three minutes’ worth, citizens are free to call or meet with any of the Council Members or send a letter. Council President Stuckart advised that Council Member Stratton is working on a forum on sexual harassment similar to what the City Council did for homelessness this fall, and he looks forward to working with Council Member Stratton on this in the New Year.

OPEN FORUM
Bethany Heath stated she is a registered nurse and doctoral student at Washington State University. She noted she had a class today in the Administration Building and noted that on the way to class she passed a very large mural that had been constructed by students outlining statistics on American poverty of the average American person. If the average American person saw the statistics like she did, they would likely be shocked but not surprised, and they would not let it stand that there is as many homeless children in the United States – two and a half million – as there are people living in the City of Chicago. Ms. Heath provided other remarks on the matter.
Mercy Aguilar referred the City Council to a YouTube video called “Elections Matter 2017” regarding a gathering of libertarians and republicans. She stated she wished to address the Spokane city council member who chose to mudsling derogatory comments about his fellow council members, the election winners of the Democratic Party, and the democratic candidates who ran.

Gene Frazier remarked on the Vets Garage. He stated he volunteered there for a year and a half and now has his own business. He stated he wants to bring what is done at the Vets Garage to the street because there are a lot of people who are hard up out there that need help. He also mentioned Odd Billie’s Treasurers at 3302 Sprague and noted everyone is welcome.

The City Council continued its Hearing on the 2018 Proposed Budget. No staff presentations were provided. There was an opportunity for public testimony, with no individuals requesting to speak.

Council President Stuckart referenced the Council study session held last week pertaining to the budget and noted there were a lot of questions raised. He stated there was an excellent process on identifying where the City was at financially and what priorities need to get funded; however, he stated he was a bit concerned by some of the answers he got. He stated he would like more time for Council Members to identify their concerns (with the budget) and how those concerns can be fixed moving forward. He noted the budget hearing will need to be closed by December 5, and he requested a motion to defer Ordinance C35565 from November 20 to December 11, so the City Council can continue its dialogue as it digs into the budget. Council President Stuckart addressed budget staff and noted the requested deferral is no reflection of the work they have done, but it is concerns the Council has as a result of questions from staff as it digs into the budget. The following action was taken:

Motion by Council Member Stratton, seconded by Council Member Kinnear, to defer Ordinance C35565—adopting the Annual Budget of the City of Spokane for 2018—to December 11 (from November 20); carried unanimously (Council Member Waldref absent).

Ashley Torres stated that some are here tonight to bring recognition to a discussion that is often had but often disregarded as it pertains to sexual harassment and assault. She further stated it is not a bipartisan issue and it’s not just a women’s issue and it’s not just a political issue; it’s a global issue and a human issue. She remarked a few weeks ago social media news feeds were flooded with stories of “Me Too.” She referenced a story in The Inlander through a political candidate that ignited this discussion in the community.

George McGrath stated he would really appreciate it if the City Council would pass a resolution opposing the sale of Avista to the Canadian organization which either has or is in the process of attempting to buy Avista. He stated there are a number of good reasons to be opposed to it; number one is money.

John Lemus stated he too is disappointed in the news this week around sexual harassment and how it was found out that Council members had responded and how Council members were responding online. He stated the City itself has done a lot of hard work with the 21st Century Workforce Task Force and the behavior of certain council members are not conducive of that work.

Amanda Braley also spoke how sexual harassment has been handled recently amongst City employees. She indicated that in looking at a number of different reports its come to her attention that on average 50-70 percent of women report

He stated there are people on the streets that are constantly picked up by the Police because they have nowhere else to go and are charged with trespassing and are scared to even go to Community Court and then get warrants out for their arrest. He stated all the homeless shelters are over capacity and people can barely get into them.

Alfredo Llemendo presented remarks on his disappointment in the behavior of four elected men in our community and two women who chose to support one of the men. ORDINANCE NO. C35563

An ordinance updating the annual City of Spokane property tax levy for 2018.

WHEREAS, the Spokane City Council, the governing body of the City of Spokane, a taxing district (“District” or “City”) of the State of Washington, has met and considered its budget for the calendar year 2018, holding public hearings thereon; and

WHEREAS, the District’s actual regular levy amount from the previous year (2017) was $56,209,432.02 exclusive of administrative refunds and the 2014 Library Levy Lid Lift which expires at the end of 2017; and

WHEREAS, the City Council, after hearing and after duly considering all relevant evidence and testimony presented, has determined that the City of Spokane requires a regular levy as provided hereafter, as well as an EMS levy as provided hereafter, both of which include an increase in property tax revenue from the previous year, and amounts resulting from the addition of new construction and improvements to property and any increase in the value of state assessed property, and amounts authorized by law as a result of any annexations that have occurred and refunds made, and authorized refunds, in order to discharge the expected expenses and obligations of the City and in its best interest; and

WHEREAS, the District population is more than 10,000; Now, Therefore,

The City of Spokane does ordain:

Section 1. Regular Levy.

A. An increase in the regular annual property tax levy is hereby authorized for the levy to be collected in the 2018 tax year, said increase to be in the amount of $562,094.32, which is a percentage increase of 1% from the previous year’s actual levy, prior to the inclusion of administrative refunds and the 2014 library lift in the 2017 levy.

B. This increase is exclusive of additional revenue in 2018 resulting from new construction, improvements to property, newly constructed wind turbines, increases in the value of state assessed property, and any annexations that have occurred and refunds made or amounts as required or permitted by law.

C. Resolution No. 2016-0093 concerning a levy for library services, passed by the Spokane City Council on November 14, 2016 and approved by the voters in the election of April 25, 2017, provides for an increase in the regular property tax levy in excess of state law beginning in 2018. The voter approved Measure authorizes an increase in the regular property tax levy of $0.07 per $1,000 of assessed valuation. Based on preliminary assessed value figures, voter approval of Measure 1 allows for an estimated $1,253,891.80 to be collected and used specifically for library services. This voter approved levy will remain in effect for a period of seven years and is in addition to the Regular Levy amounts listed in Sections 1A and 1B above.
D. The total regular property tax levy for 2018, including amounts estimated for new construction, annexations, refunds, any other add-ons, and the voter approved levy for library services, is estimated at $59,030,000 and is a percentage increase of 5.02% from the previous year's actual levy prior to the inclusion of 2017 administrative refunds and the 2014 library levy. Inclusive of 2017 administrative refunds and the expiring library levy, the 2018 levy represents a 2.21% increase.

Section 2. Existing GO Bonds.

In the case of the tax levied to raise $5,509,450 for Principal and Interest on the City of Spokane's outstanding General Obligation Bonds, the County Assessor, in spreading the tax upon the rolls shall determine the dollar rate required.

Section 3. EMS Levy.

Ordinance C-35366 concerning a levy for emergency medical services (EMS), passed by the Spokane City Council on February 22, 2016 and approved by the voters in the election of April 26, 2016, provides for a levy for six consecutive years beginning in 2017, with the rate in the first year being 50 cents per $1,000 of assessed valuation.

A. As required by RCW 84.55.120, this ordinance must specifically state the dollar increase requested, as well as the percent change from the previous year. For 2018, the City is requesting an increase of $83,355.83 which is a 1% increase over the 2017 EMS Levy.

B. This increase is exclusive of additional revenue in 2018 resulting from new construction, improvements to property, newly constructed wind turbines, increase in the value of state assessed property, and any annexations that have occurred and refunds made or amounts as required or permitted by law. The total EMS levy for 2018, including amounts we have estimated for new construction, annexations, refunds, and other add-ons, is estimated at $8,575,000 and is a percentage increase of 2.87% from the previous year levy of $8,335,583.24.

Section 4. Certification; Filing.

The City Council certifies all information as stated herein. Appropriate City staff is directed to transmit all required information required to the Clerk of Spokane County Board of County Commissioners and County Assessor, including budget estimates of amounts to be raised by taxation on assessed value of property (RCW 84.55.020), estimated beginning and ending cash balances (RCW 84.52.025), and the amount of taxes levied on assessed value within the City (RCW 84.52.070).
