Eric noted there are some carry over priority items from the 2021 agenda and the agenda is broken down by tiers and capital budget items. Councilmembers engaged in discussion on several items including affordable housing, traffic safety and transportation funding as well as the capital budget particulars.
3. S3R3 PDA Update - None
4. STA Fare Policy Update
 Brandon Rapez-Betty shared information and public outreach materials regarding a policy relating to the "Modern Fares, Modern Systems" tool. This tool creates more access and better value for transit customers by allowing more payments options and easier ways to pay – such as a smart card and contactless payment based on feedback from those accessing public transit during the pandemic. The benefits to accessibility and maximizing ride times are also positively benefitted. Brandon further discussed implementation of the policy which will likely take place in October 2022.
5. Ordinance Updates
 Council President Beggs shared three ordinance updates relating to the Downtown BID, SPD exempt positions and updates to the City's apprenticeship ordinance.

Downtown BID – slightly amended contract based on language that needed to be made more clear including reauthorization of the BID ordinance. This ensures the contract and the ordinance are in line. SPD Exempt Positions - once a year when the budget is completed, the Council does an annual update for ordinances and it was determined that four sub departments exist within SPD that should be updated to be in line with the departmental ordinance. Apprenticeship – hitting goal for apprentices working on public works projects but not hitting the goals for individual crafts even though we have approved programs in Spokane. This is an important component for training a new workforce. Updating this ordinance to allow more flexibility under the current law.

6. Beacon Hill Vista Development Agreement

This item was referred back from the November 15 City Council meeting for further Council discussion. Council President explained the deferment and asked for Councilmembers' questions regarding building to current public street guidelines and the length of the extension. City of Spokane
60-Day Agency and Public Comment Period
Notice of SEPA Categorical Exemption Amendment
April 4 to June 6, 2022, 5:00 PM

The City of Spokane is seeking comments on proposed amendments to Section 17E.050.070, Flexible Thresholds for Categorical Exemptions. The 60-day public comment period will run 60 days from April 4, 2022 through June 6, 2022, ending at 5:00 PM.

This amendment proposes to increase the flexible thresholds for categorical exemptions for minor new construction up to the maximum permitted in WAC 197-11-800(1)(d), except that the current draft proposal states that fill and excavation threshold will remain at 500 cubic yards. The City proposes to increase the flexible thresholds for categorical exemptions to minor new construction to align with the recommendation in RCW 36.70A.600(1)(r). This proposal has been developed by the City to comply with WAC 197-11-800(1)(c), which requires all local governments to comply with the process outlined in subsection (c)(i-iv) when raising the exemption level. This non-project action is procedurally exempt per WAC 197-11-800(19). This amendment is not subject to administrative or judicial appeal under chapter 43.21C RCW as outlined in RCW 36.70A.600(3).

At the conclusion of the 60-day public comment period the City will prepare a response to comments and determine whether changes are needed. Public comments and City responses will be shared with Plan Commission and Spokane City Council.
