

Commercial Loading Zone Guidelines

Rev.20221205

Spokane Municipal Code:

[SMC 16A.06.020](#) allows use of Commercial Loading Zone (CLZ) permits in signed Commercial Loading Zones.

Permit:

The permit sticker must be prominently displayed on the inside lower left corner of the front windshield on the vehicle for which it was issued.

Usage:

A Commercial Loading Zone Permit allows the permit holder to park in any area designated as a Commercial Loading Zone while actively and expeditiously loading and unloading commodities for up to 30 minutes ([SMC16A.05.060.B](#)). Permit holders must still follow other stopping, standing, parking, and loading regulations in the Spokane Municipal Code as well as general permit guidelines ([SMC 16A.06.010](#)).

CLZ areas are strictly enforced by the City of Spokane. Failure to follow the usage guidelines may result in the issuance of a parking ticket.

How to Purchase:

Commercial Loading Zone Permits may be obtained in person at the 3rd floor of City Hall, Development Services Center during regular business hours. Permits may also be purchased online at www.spokanepermits.org.

NOTE: An account must be registered, and the applicant needs to be logged into an account in order to apply for a Commercial Loading Zone permit. When logged in, choose the "Parking" tab, and then choose "Apply for a Permit" in the upper left corner of the permit account page.

Please call the Permit Team at (509) 625-6999 or email permitteam@spokanecity.org with any questions.

Fees:

\$100/vehicle annually if purchased prior to June 30th

\$50/vehicle annually if purchased on or after July 1st

\$15/vehicle daily

No charge for state-initiated license plate changes.

Special Loading Zone Permits:

Special Loading Zone daily permits are also available for paid parking locations. For details and pricing please refer to the [Special Loading Zone Guidelines](#).
