

Special Loading Zone Guidelines

Rev.20220722

Spokane Municipal Code:

[SMC 16A.61.5703](#) provides for the creation of a Special Loading Zone (SLZ) in a regular parking space by temporary sign(s), barricade(s), or other approved devices.

Usage:

Special Loading Zones are reservations for specific parking spaces. The reservation creates a no parking tow away zone when signed 24 hours in advance. The permits are for use by official vehicles, clearly identifiable news media vehicles and clearly identified vehicles of charitable nonprofit service organizations and vehicles qualifying as Entertainment Parking District Privilege as provided in [SMC 16A.04.100\(G\)](#). Taxis, and mobile vendors are NOT eligible.

These are strictly enforced by the City of Spokane. Failure to follow the usage guidelines may result in cancellation of the permit and issuance of a parking ticket.

If someone has parked in the space you have reserved or the placard is not present, please call Parking Services Permit Line for enforcement at 509-625-6830 and follow the prompts. If you know your permit number and the license plate of the vehicle parked in the space you reserved that will speed up enforcement efforts.

How to Purchase:

Please use the [On-Street Paid Parking Map](#) to identify the space(s) you would like to reserve. Each space is identified by a diamond, please write down the Zone, Space Number, and Space Name for the parking space you would like to reserve.

Daily Special Loading Zone permits may be obtained in person at the 3rd floor of City Hall during regular business hours. Permits may also be purchased online at www.spokanepermits.org.

NOTE: An account must be registered, and the applicant needs to be logged into an account in order to apply for a Special Loading Zone permit. When logged in, choose the "Parking" tab, and then choose "Apply for a Permit" in the upper left corner of the permit account page.

Please call the Parking Services Permit line at (509) 625-6830 or email parkingpermits@spokanecity.org with any questions.

Fees:

\$15/parking space per day; 72-hour advance notice to reserve online.

Commercial Loading Zone Permits:

Commercial Loading Zone permits are also available for designated loading zone locations. For details and pricing please refer to the Commercial Loading Zone Guidelines.
