LAW ENFORCEMENT CODE OF ETHICS

To set forth, for all members of the Spokane Police Department, an articulated code of ethics and a set of ethical canons and standards which encompass and describe expectations of behavior and conduct, both on and off duty.

As a Law Enforcement Officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all men to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities, or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession...law enforcement.

A. PREAMBLE

Whereas, the need to maintain high standards of moral character, integrity, knowledge, and trust requires the establishment of a code of professional conduct and responsibility for members of the Spokane Police Department as a matter of the highest significance to the health, welfare and safety of the citizens of this state; and

The Department reserves the right to access, audit or disclose, for any lawful reason, any message, including any attachment, that is transmitted over its e-mail system or that is stored on any department system.

The e-mail system is not a confidential system and therefore is not appropriate for confidential communications. If a communication must be confidential, an alternative method to communicate the message should be used. Employees using the department e-mail system shall have no expectation of privacy concerning communications transmitted over the system.

Employees should not use personal accounts to exchange e-mail or other information that is related to the official business of the Department.

212.3 PROHIBITED USE OF E-MAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the e-mail system is prohibited and will not be tolerated.

E-mail messages addressed to the entire department are only to be used for official business related items that are of particular interest to all. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would prevent the misuse of an individual's e-mail, name and/or password by others.

Employees are allowed limited use of equipment and facilities to access the e-mail system for purposes other than that directly or indirectly related to the activities of the city under the following, but not limited to, conditions:

- (a) The use causes no additional cost to the City of Spokane.
- (b) The equipment being utilized to access the Internet shall be that which is normally utilized by the employee, and there shall be no disruption/disturbance to another employee's work area.

- (e) Does not violate any other city policy.

212.4 MANAGEMENT OF E-MAIL

At that time, older messages will be moved to the city's email archiving system. However, a link to these messages will remain in the inbox for another 30 days. System mailboxes other than the inbox and sent items box will not be archived and no voicemail messages, regardless of location, will be archived. Once mail has been moved to the vault, messages will be retained for seven years. Users of e-mail are solely responsible for the management of their local mailboxes. All messages maintained in a local mailbox that are not public records, or are duplicates of the master record, should be deleted monthly by the e-mail recipient unless necessary for on-going business of the department.

E-mail messages are public records when they are created or received in the transaction of public business and retained as evidence of official policies, actions, decisions or transactions. E-mail messages should be managed by their category in compliance with the current [Records Management Guidelines and General Records Retention Schedules](#) (Schedule Number L08 "Electronic Mail"). The Local Government General Records Retention Schedule (LGRRS) is the controlling schedule for records retention and management ([RCW](#) Chapter 40.14).

The license shall contain a description of the major differences between state and federal law and an explanation of the fact that local laws and ordinances on firearms are preempted by state law and must be consistent with state law. The application shall contain questions about the applicant's eligibility under RCW 9.41.040 to possess a pistol, the applicant's place of birth, and whether the applicant is a United States citizen.

218.3.2 DOCUMENTATION AND FEES

Subject to 18 USC § 926 C and the Firearms and Qualification Policy, qualified retired officers of this department may be authorized to carry a concealed weapon in Washington and other states.

Qualified retired officers who are residents of Washington and wish to transport or carry a concealed weapon under this authority must obtain a dated and signed firearms certificate form once each year. The certificate must show that either a law enforcement agency or an individual or entity certified to provide firearms training acknowledges that the bearer has been found qualified or otherwise meets the standards established by the Criminal Justice Training Commission for retired officer qualification course (RCW 36.28A.090).

220.4 ISSUANCE OF RETIREE IDENTIFICATION CARD

The Office of the Chief is responsible for issuing identification cards to qualified retirees. The identification card issued to any qualified and honorably retired officer should minimally contain the following:

- (a) A photograph of the retiree.
- (b) The retiree's name and date of birth.
- (c) The date of retirement.
- (d) The name, address and phone number of the Spokane Police Department.
- (e) If applicable, a notation that: "This person qualifies as an honorably retired law enforcement officer under RCW 9.41.060(10)."

220.5 ISSUANCE OF FIREARMS CERTIFICATE

Retired law enforcement officers may at the discretion of the Chief of Police or Rangemaster, utilize department range facilities for the purpose of a yearly weapons qualification. The Rangemaster should sign and date the firearms certificate if the retiree successfully completes the required firearms qualification. The use of department range facilities by retirees may be subject to additional restrictions and fees as established by the Chief of Police, Rangemaster or authorized designee.

It is the sole responsibility of the retiree to ensure that he/she complies with 18 USC § 926C and other relevant state laws before carrying a concealed handgun in Washington or any other state under this authority.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial and reasonable manner.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated to create a substantial likelihood of causing death or very serious bodily injury.

Force - The application of physical techniques or tactics, chemical agents or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed or restrained.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE

Any officer present and observing another officer using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force. An officer who observes another employee use force that exceeds the degree of force permitted by law should promptly report these observations to a supervisor.

300.3 USE OF FORCE

Use of deadly force like any force used by an officer, must be objectively reasonable based on the totality of the fact and circumstances known to the officer at the time the force is used.

The "reasonableness" of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of

Spokane Police Department

Policy Manual

Use of Force

force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

An officer may use force which reasonably appears to be necessary to effect an arrest if, after notice of the intention to arrest the person, he/she either flees or forcibly resists (RCW 10.31.050).

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include, but are not limited to:

- (a) Immediacy and severity of the threat to officers or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The effects of drugs or alcohol.
- (e) Subject's mental state or capacity.
- (f) Proximity of weapons or dangerous improvised devices.
- (g) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (h) The availability of other options and their possible effectiveness.
- (i) Seriousness of the suspected offense or reason for contact with the individual.
- (j) Training and experience of the officer.
- (k) Potential for injury to officers, suspects and others.
- (l) Whether the person appears to be resisting, attempting to evade arrest by flight or is attacking the officer.
- (m) The risk and reasonably foreseeable consequences of escape.
- (n) The apparent need for immediate control of the subject or a prompt resolution of the situation.

Spokane Police Department

Policy Manual

Use of Force

- (o) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (p) Prior contacts with the subject or awareness of any propensity for violence.
- (q) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the person can comply with the direction or orders of the officer.
- (c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 NECK RESTRAINT CONTROL HOLD

The proper application of a level one or a level two neck restraint hold may be effective in restraining a violent or combative individual. However, due to the potential for injury, the use of the neck restraint hold is subject to the following:

- (a) The officer shall have successfully completed department-approved training in the use and application of the neck restraint.
- (b) The neck restraint may only be used when circumstances perceived by the officer at the time indicate that such application reasonably appears necessary to control a person in any of the following circumstances:
 - 1. The subject is violent or physically resisting.
 - 2. The subject, by words or actions, has demonstrated an intention to be violent and reasonably appears to have the potential to harm officers, him/herself or others.
- (c) The application of a neck restraint control hold on the following individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective, or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of applying a neck restraint control hold:
 - 1. Females who are known to be pregnant
 - 2. Elderly individuals
 - 3. Obvious juveniles
- (d) Any individual who has had the neck restraint hold applied, and was rendered unconscious, shall be promptly examined by paramedics or other qualified medical personnel and should be monitored until examined by paramedics or other appropriate medical personnel.

Spokane Police Department

Policy Manual

Use of Force

- (e) The officer shall inform any person receiving custody, or any person placed in a position of providing care, that the individual has been subjected to the neck restraint control hold and whether the subject lost consciousness as a result.
- (f) Any officer attempting or applying the neck restraint control hold shall promptly notify a supervisor of the use or attempted use of such hold.
- (g) The use or attempted use of the neck restraint control hold shall be thoroughly documented by the officer in any related reports. Such documentation shall be reviewed by a supervisor for policy compliance.

300.4 DEADLY FORCE APPLICATIONS

Use of deadly force like any force used by an officer, must be objectively reasonable based on the totality of the facts and circumstances known to the officer at the time the force is used. Use of deadly force is justified in the following circumstances:

- (a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes would be an imminent threat of death or serious bodily injury.
- (b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the person has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the subject is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes any of the following:

1. The person has a weapon or is attempting to access one and it is reasonable to believe the person intends to use it against the officer or another.
2. The person is capable of causing serious bodily injury or death without a weapon and it is reasonable to believe the person intends to do so.

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective. Officers should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure or law.

Spokane Police Department

Policy Manual

Use of Force

300.5.1 NOTIFICATION TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury (with the exception of minor marks on the wrist consistent with being handcuffed and minor marks to the face as a result of prone cuffing).
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the TASER® device or control device.
- (f) Any application of a restraint device other than handcuffs, shackles or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges any of the above has occurred.

300.6 MEDICAL CONSIDERATION

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor, or if not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called excited delirium), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

300.7 SUPERVISOR RESPONSIBILITY

When a supervisor becomes aware of an incident in which there has been a reported application of force that requires a Use of Force Report, the supervisor shall be responsible for the following:

Spokane Police Department

Policy Manual

Use of Force

- Complete a Use of Force report when a level II lateral neck restraint has been utilized or any level of force results in unconsciousness or apparent/claimed injury.
- When a Use of Force report is required, the supervisor shall:
 - Respond to the scene (if needed).
 - Interview involved officers, witnesses, and other involved persons.
 - Collect evidence (when appropriate).
 - Prepare and submit a Use of Force report through the chain-of-command.
 - Complete the recommendation section of the Use of Force report

In the event that the supervisor believes that the incident may give rise to potential civil litigation, the supervisor shall notify the DSO.

When it is apparent that the officer may have violated departmental policy or procedure, or an allegation of misconduct is made by the suspect or a third party, initiate an Allegation of Misconduct Report in addition to other reports and route the original to Internal Affairs, and a copy to the Chief of Police through the chain of command.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete a Use of Force Report.

300.7.1 SHIFT COMMANDER RESPONSIBILITY

The Shift Commander shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

Deadly Force Review

302.1 PURPOSE AND SCOPE

This policy establishes a process for the Spokane Police Department to review the use of deadly force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

302.2 POLICY

The Spokane Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

302.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment in any case.

302.4 DEADLY FORCE REVIEW BOARD

The Spokane Police Department is charged with the important responsibility of objectively evaluating the use of deadly force. It is the policy of this department to convene a Use of Deadly Force Review Board any time deadly force is used whether injury or death occurs. The Use of Deadly Force Review Board may also review the circumstances surrounding an accidental or intentional discharge of a firearm, whether the employee is on or off duty, excluding range training or recreational use.

The Chief of Police may convene the Use of Deadly Force Review Board to review the circumstances surrounding any use of force incident, including uses of force that do not rise to the level of deadly force.

302.4.1 COMPOSITION OF THE BOARD

The Use of Deadly Force Review Board shall be comprised of the following persons:

- Bureau commander serving as the chairperson.
- Command representative of each bureau.
- Training lieutenant.
- Two peer officers selected by the Chief of Police or designee.
- A member of the Public Safety Committee.
- A member of the respective collective bargaining unit.
- Departmental subject matter experts as determined by the Board Chairperson.
- Non-administrative supervisor.

Spokane Police Department

Policy Manual

Deadly Force Review

The chairperson will convene the Use of Deadly Force Review Board as necessary. It will be the responsibility of the bureau or unit commander of the involved employee(s) to notify the Chief of Police or designee of any incidents requiring board review. The bureau or unit commander will also ensure that all relevant reports, documents, and materials are available for consideration and review by the Board.

302.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Deadly Force Review Board is empowered to conduct an administrative review of an incident and make recommendations in the following areas:

- Tactical considerations
- Training considerations
- Quality of supervision
- Other relevant observations and recommendations
- Equipment considerations

The board does not have the authority to recommend discipline. After the board has concluded, the board chairman will submit written findings of the board to the Chief of Police. After review by the Chief of Police, a copy of the findings will be forwarded to the Bureau Commander for review and appropriate action.

The board chairman will contact the involved officers whose actions were examined by the DFRB and provide them the opportunity to view the information that was presented to the DFRB and review the written findings.

At the conclusion of the review process, a copy of all relevant reports and information will be filed in Internal Affairs.

Leg Restraint Device

306.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

306.2 POLICY

The Spokane Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

306.3 USE OF RESTRAINTS

Only members who have successfully completed Spokane Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

306.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

306.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety.

No person who is in labor shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary to prevent escape or injury (RCW 70.48.500).

306.3.3 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This

Spokane Police Department

Policy Manual

Leg Restraint Device

notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail.

306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

306.4.1 MEDICAL CONSIDERATIONS

Prior to booking or release, medical assistance shall be obtained for any person who has sustained visible injury, expressed a complaint of injury, or continuing pain, or who has been rendered unconscious. Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practical, should be witnessed by another officer and/or medical personnel. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

Persons who exhibit symptoms of excited delirium such as extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, unusually high tolerance to pain or who require a protracted physical encounter with multiple officers to bring under control, may be at an increased risk of sudden death and should be examined by qualified medical personnel as soon as practicable. Any individual exhibiting signs of distress after such an encounter shall be transported to a hospital and medically cleared prior to booking. Transportation by ambulance should be used when possible.

If any individual refuses medical attention, such a refusal shall be fully documented in related reports and a supervisor should be notified. Whenever practicable, the refusal should be witnessed by another officer and/or medical personnel. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

Spokane Police Department

Policy Manual

Leg Restraint Device

306.5 APPLICATION OF SPIT HOODS/MASKS/SOCKS

Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of restrained individuals due to the potential for impaired or distorted vision on the part of the individual. Officers should avoid comingling individuals wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. A spit mask should only be used in extreme circumstances when a person has been sprayed with oleoresin capsicum (OC) spray.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

306.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

306.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it reasonably appears necessary to do so during the course of detention, arrest or transportation. Only restraint devices approved by the department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

Spokane Police Department

Policy Manual

Leg Restraint Device

306.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

306.8 REQUIRED DOCUMENTATION

If an individual is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If an individual is arrested, the use of restraints other than handcuffs shall be documented in the related report. The officer should include, as appropriate:

- (a) The amount of time the suspect was restrained.
- (b) How the suspect was transported and the position of the suspect.
- (c) Observations of the suspect's behavior and any signs of physiological problems.
- (d) Any known or suspected drug use or other medical problems.

306.9 TRANSPORTING RESTRAINED SUSPECTS

When transporting a suspect(s) who has been restrained, officers shall observe the following procedures:

- (a) Restrained suspects may be transported in a patrol unit. Use a blanket insertion, placing the suspect on his/her side (left, if practical) in the rear of the patrol unit. A seat bottom from another patrol vehicle will be placed on the floor to prevent the suspect from falling to the floor. The clip and strapping may be secured in the door or left attached to the cuffs, depending on the discretion of the arresting officer.
- (b) The transporting patrol unit should consist of two patrol officers. The officers will monitor the status of the suspect while en route to jail.
- (c) When taken by ambulance/paramedic unit, the suspect shall be accompanied by an officer.
- (d) Officers shall inform the jail staff that the suspect was subjected to being restrained by use of a restraint device prior to arrival at the jail.

Control Devices and Techniques

308.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

308.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Spokane Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

308.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

308.4 RESPONSIBILITIES

308.4.1 SHIFT COMMANDER RESPONSIBILITIES

The Shift Commander may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

308.4.2 RANGEMASTER/DESIGNEE RESPONSIBILITIES

The Rangemaster or designee shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster or the designated instructor/expert for a particular control device. The inspection shall be documented.

308.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster or designee for disposition. Damage to City property forms shall also be prepared and

Spokane Police Department

Policy Manual

Control Devices and Techniques

forwarded through the chain of command, when appropriate, explaining the cause of damage.

308.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

308.6 CHEMICAL MUNITIONS GUIDELINES

Chemical munitions may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Shift Commander, Incident Commander or Crisis Response Unit Commander may authorize the delivery and use of chemical munitions, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of chemical munitions to control any fires and to assist in providing medical aid or gas evacuation if needed.

308.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

308.7.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

308.7.2 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas when it is safe for the officer to provide such treatment. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

308.8 POST-APPLICATION NOTICE

Whenever chemical munitions or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

308.8.1 TWO PERSON LOADING PROCEDURES

Absent compelling circumstances, officers who must deploy kinetic energy/blunt impact munitions will employ the two person rule for loading. The two-person rule is a safety measure achieved by having a second officer watch the loading process to ensure that the weapon is completely emptied of conventional ammunition.

308.9 KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

308.9.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

308.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely

Spokane Police Department

Policy Manual

Control Devices and Techniques

to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

308.9.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Officers will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the officer shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

308.10 TRAINING FOR CONTROL DEVICES

The Training Lieutenant shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

308.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Conducted Energy Device

309.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of TASER® devices.

309.2 POLICY

The TASER device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

309.3 ISSUANCE AND CARRYING TASER DEVICES

Only members who have successfully completed department-approved training may be issued and carry the TASER device.

TASER devices are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department's inventory.

Officers shall only use the TASER device and cartridges that have been issued by the Department. Uniformed officers who have been issued the TASER device shall wear the device in an approved holster on their person or in the designated pocket on their uniform/jumpsuit. Non-uniformed officers may secure the TASER device in the driver's compartment of their vehicle.

Members carrying the TASER device should perform a spark test on the unit prior to every shift.

When carried while in uniform officers shall carry the TASER device on the weak-side opposite their duty weapon.

- (a) All TASER devices shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
- (b) Whenever practicable, officers should carry two or more cartridges on their person when carrying the TASER device.
- (c) Officers shall be responsible for ensuring that their issued TASER device is properly maintained and in good working order.
- (d) Officers should not hold both a firearm and the TASER device at the same time.

309.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the TASER device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the TASER device may be deployed.

If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the electrical arc (provided that a cartridge has

Spokane Police Department

Policy Manual

Conducted Energy Device

not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the TASER device. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the TASER device in the related report.

309.5 USE OF THE TASER DEVICE

The TASER device has limitations and restrictions requiring consideration before its use. The TASER device should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER device is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

309.5.1 APPLICATION OF THE TASER DEVICE

The TASER device may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

- (a) The subject is violent or is physically resisting.
- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the TASER device to apprehend an individual.

309.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the TASER device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the TASER device in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The TASER device shall not be used to psychologically torment, elicit statements or to punish any individual.

Spokane Police Department

Policy Manual

Conducted Energy Device

309.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the TASER device probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

309.5.4 MULTIPLE APPLICATIONS OF THE TASER DEVICE

Officers should apply the TASER device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER device against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the TASER device appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the TASER device, including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one TASER device at a time against a single subject.

309.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers shall notify a supervisor of all TASER device discharges. Confetti tags should be collected and the expended cartridge, along with both probes and wire, should be submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

309.5.6 DANGEROUS ANIMALS

The TASER device may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

309.5.7 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department TASER devices while off-duty.

Officers shall ensure that TASER devices are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

309.6 DOCUMENTATION

Officers shall document all TASER device discharges in the related arrest/crime report and the TASER device report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, laser activation and arcing the device will also be documented on the report form.

Spokane Police Department

Policy Manual

Conducted Energy Device

309.6.1 TASER DEVICE FORM

Items that shall be included in the TASER device report form or the standard SPD report form are:

- (a) The type and brand of TASER device and cartridge and cartridge serial number.
- (b) Date, time and location of the incident.
- (c) Whether any display, laser or arc deterred a subject and gained compliance.
- (d) The number of TASER device activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
- (e) The range at which the TASER device was used.
- (f) The type of mode used (probe or drive-stun).
- (g) Location of any probe impact.
- (h) Location of contact in drive-stun mode.
- (i) Description of where missed probes went.
- (j) Whether medical care was provided to the subject.
- (k) Whether the subject sustained any injuries.
- (l) Whether any officers sustained any injuries.

The Internal Affairs Lieutenant should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Internal Affairs Lieutenant should also conduct audits of data downloads and reconcile TASER device report forms with recorded activations. TASER device information and statistics, with identifying information removed, should periodically be made available to the public.

309.6.2 REPORTS

The officer should include the following in the arrest/crime report:

- (a) Identification of all personnel firing TASER devices
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication or other medical problems

309.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove TASER device probes from a person's body. Used TASER device probes shall be treated as a sharps biohazard, similar to a used hypodermic needle and handled appropriately. Universal precautions should be taken.

All persons who have been struck by TASER device probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.

Spokane Police Department

Policy Manual

Conducted Energy Device

- (c) The person reasonably appears to be in need of medical attention.
- (d) The TASER device probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER device.

309.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER device may be used. A supervisor should respond to all incidents where the TASER device was activated.

A supervisor should review each incident where a person has been exposed to an activation of the TASER device. The device's onboard memory should be downloaded through the data port by a supervisor or Rangemaster and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

309.9 TRAINING

Personnel who are authorized to carry the TASER device shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the TASER device as a part of their assignment for a period of six months or more shall be recertified by a department-approved TASER device instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued TASER devices should occur every year. A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Training Lieutenant. All training and proficiency for TASER devices will be documented in the officer's training file.

Command staff, supervisors and investigators should receive TASER device training as appropriate for the investigations they conduct and review.

Officers who do not carry TASER devices should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Training Lieutenant is responsible for ensuring that all members who carry TASER devices have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of TASER devices during training could result in injury to personnel and should not be mandatory for certification.

The Training Lieutenant should ensure that all training includes:

- (a) A review of this policy.

Spokane Police Department

Policy Manual

Conducted Energy Device

- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws to reduce the possibility of accidentally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the accidental application of probes near the head, neck, chest and groin.
- (e) Handcuffing a subject during the application of the TASER device and transitioning to other force options.
- (f) De-escalation techniques.
- (g) Restraint techniques that do not impair respiration following the application of the TASER device.

Officer-Involved Shooting

310.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured as the result of an officer-involved shooting. The intent of this policy is to ensure that such incidents be investigated in a fair and impartial manner.

310.2 INVESTIGATION RESPONSIBILITY

This department conforms to the Officer Involved Fatal Incident Protocol for investigating officer-involved shootings.

310.3 TYPES OF INVESTIGATIONS

Officer-involved shootings involve several separate investigations. The investigations may include:

- (a) A criminal investigation of the incident by the agency having jurisdiction where the incident occurred. This department may relinquish its criminal investigation to an outside agency with the approval of the Chief of Police or a Bureau Commander in accordance with the contractually agreed upon Protocol to Investigate Officer-Involved Fatal Incidents in Spokane County.
- (b) A criminal investigation of the involved officer(s) conducted by an outside agency.
- (c) A civil investigation to determine potential liability conducted by the involved officer's agency.
- (d) An administrative investigation conducted by the involved officer's agency to determine if there were any violations of department policy.

310.4 JURISDICTION

Jurisdiction is determined by the location of the shooting and the agency employing the involved officer(s). The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings:

310.4.1 SPOKANE POLICE DEPARTMENT OFFICER WITHIN THIS JURISDICTION

The Spokane Police Department will adhere to the Officer Involved Fatal Incident Protocol. The criminal investigation will be performed by the Spokane Investigative Regional Response Team (SIRR), and will take priority over the administrative investigation.

310.4.2 ALLIED AGENCY'S OFFICER WITHIN THIS JURISDICTION

If the allied agency is a member of the agreed Officer Involved Fatal Incident Protocol and decides to invoke the protocol, then the Spokane Investigative Regional Response Team will conduct the criminal investigation, including the officer-involved aspect of the incident. In lieu of invoking the protocol, the allied agency may investigate the matter by itself or seek aid from other agencies outside of the protocol's requirements. The officer's employing agency will be responsible for any civil and/or administrative investigation(s).

Spokane Police Department

Policy Manual

Officer-Involved Shooting

310.4.3 SPOKANE POLICE DEPARTMENT OFFICER IN ANOTHER JURISDICTION

The Spokane Police Department may elect to have the venue agency conduct the criminal investigation or invoke the Officer Involved Fatal Incident Protocol. The Spokane Police Department will conduct timely civil and/or administrative investigations.

310.5 THE INVESTIGATION PROCESS

The procedure for investigating an officer-involved shooting are contained within the Officer-Involved Fatal Incident Protocol and should be adhered to as guidelines in any case in which an officer is involved in a shooting. The Officer-Involved Fatal Incident Protocol clearly details the actions that should be taken by all participants who have a role in the process of the investigation.

310.5.1 MEDIA RELATIONS

A single press release shall be prepared with input and concurrence from the supervisor and agency representative responsible for each phase of the investigation. This release will be available to the Incident Commander, team leader of the Spokane Investigative Regional Response Team (SIRR), and the Public Information Officer in the event of inquiries from the media.

It will be the policy of this department not to release the identities of involved officers absent their consent or as required by law. Moreover, no involved officer shall be subjected to contact from the media and no involved officer shall make any comments to the press unless authorized by the Chief of Police or a command-level officer. Law enforcement officials receiving inquiries regarding incidents occurring in other agency jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation. Any law enforcement official receiving inquiries regarding an incident that is being investigated under the Officer-Involved Fatal Incident Protocol shall not make public comment unless they represent the agency that has primary investigative responsibility.

310.6 THE SHOOTING INCIDENT CRIMINAL INVESTIGATION

310.6.1 DETECTIVE PERSONNEL

In addition to the duties defined in the Officer-Involved Fatal Incident Protocol, detectives of the Spokane Police Department assigned to the Spokane Investigative Regional Response Team are responsible for providing regular updates to their chain-of-command. These updates should include, but are not limited to: current case status, prompt notification of significant changes effecting the investigation and any information received from the prosecuting attorney. The investigative chain-of-command shall then forward this information to the command staff of the Spokane Police Department.

310.7 OFFICER-INVOLVED FATAL INCIDENTS PROTOCOL

Also see "Officer-Involved Fatal Incidents Protocol"

310.8 AUDIO AND VIDEO RECORDINGS

Any officer involved in an incident may be permitted to review available Mobile Audio Video (MAV) or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also

Policy Manual

be permitted to review available MAV or other video or audio recordings with approval of assigned investigators or a supervisor.

Any MAV and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecutor's office or the City Attorney's Office as appropriate.

Firearms and Qualification

312.1 PURPOSE AND SCOPE

This policy establishes procedures for the acquisition, use, and documentation of training in the use of firearms. The Chief of Police or his or her designee shall approve all department firearms before they are acquired and utilized by any member of this department for duty related purposes.

312.2 AUTHORIZED WEAPONS

No firearms will be carried that have not been thoroughly inspected by the Rangemaster during a regularly scheduled range date. Except in an emergency or as directed by a supervisor, no firearm shall be carried by a member who has not qualified with that weapon at an authorized department range.

All other weapons, including but not limited to, edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by department policy, may not be carried by personnel in the performance of their official duty without the express written authorization of the employee's Bureau Commander. This exclusion does not apply to the carrying of a single folding pocketknife that is not otherwise prohibited by law.

312.2.1 DUTY FIREARMS

Duty firearms consist of department-issued firearms and authorized privately or department-purchased firearms from the approved firearms list.

Department-issued firearms include the Glock, Model 22, 23 and 27 .40 caliber handguns; Colt AR-15 rifles, Remington 870 and Smith & Wesson 12-gauge shotguns (this does not include firearms issued to special teams, i.e. S.W.A.T., dignitary protection, etc.). All officers will be issued a department handgun, however, officers may use a privately owned handgun for their primary weapon as stated below.

Authorized duty firearms must include the following criteria and come from the department's approved firearms list:

- A semi-automatic handgun in single or double-action with a barrel length of not more than six inches; a capacity of no less than six rounds between magazine and chamber, and a caliber of 9mm parabellum; .40 caliber Smith & Wesson, 10mm, .45 caliber ACP or any approved by the Rangemaster.

The approved firearms list may be revised as needed. Proposed additions must be made six months prior to the end of the calendar year so that firearms can be tested and approved by the Rangemaster and Chief's office. The Rangemaster and Chief's office have final authorization on any additions to, and removals from, the approved firearms list with the following criteria:

- (a) Grips, sights, magazines and related items will meet factory specifications and be Rangemaster approved.
- (b) Magazine-disconnect removal or additions, and any other modifications, must be approved by the Rangemaster (see § 312.6.1).

Spokane Police Department

Policy Manual

Firearms and Qualification

- (c) Purchase of holsters, magazine pouches, etc., for non-department issued, but authorized duty firearms, is the responsibility of the quartermaster program. Holsters must meet or exceed department issue standards. The department will purchase no more than one holster, magazine pouch, etc., over a two-year period for non-department issued firearms per officer.
- (d) Any cost of a member's duty gear over that of the department's standard issue will be incurred by the member. The department will purchase no more than one holster, magazine pouch, etc. over a two-year period for non-department issued firearms per officer.

In the event a privately-purchased duty firearm is taken from an officer during an investigation and the officer is returning to duty, the department will purchase, at the earliest opportunity, a replacement firearm of the same make and model, if currently in production, and the necessary equipment to loan to the officer until their original firearm is returned.

Members working in plain-clothes assignments will follow the same criteria as uniformed personnel; however, special assignments or details (such as undercover work or attachment to other agencies) may require exceptions to this policy, but will fall under the direction of the Rangemaster and/or the Chief's office.

312.2.2 BACKUP AND OFF-DUTY

On-duty officers are allowed to carry privately owned back-up firearm(s) provided that they meet the criteria listed below and have been authorized by the Rangemaster and the Chief of Police. A back-up firearm is a weapon carried on-duty to supplement the officers' department issued or authorized duty firearm. Off-duty officers may carry firearms and ammunition other than department issued or authorized firearms and ammunition as allowed by law. The use of such firearms and ammunition are authorized while the off-duty officer is engaged in on-view law enforcement activities.

Authorized firearms shall be:

- (a) Approved caliber of .380 or greater
- (b) Holds a minimum of five(5) rounds of ammunition
- (c) A revolver that operates double-action or semi-automatic pistol
- (d) An authorization form must be on file with the rangemaster prior to carrying firearm(s) other than the one issued by the department. Officers are required to pass the SPD handgun qualification course when these firearms are initially approved and then at periodic times as part of the Firearms Training Program.

Off-duty officers are encouraged, but not required to carry a department issued or authorized firearm. When carrying their department issued or authorized firearm off-duty, officers shall have their police identification with them and are encouraged to carry their badge. Off-duty officers should not unnecessarily expose their firearms to the general public.

312.2.3 AMMUNITION

Officers shall carry only department-issued ammunition in department issued or authorized firearms while on-duty. Officers shall be issued fresh duty ammunition for all department issued or authorized firearms every two years. Replacements for un-serviceable or depleted ammunition issued by the department shall be dispensed by the Rangemaster or designee when needed in accordance with established policy.

Spokane Police Department

Policy Manual

Firearms and Qualification

312.2.4 ALCOHOL AND DRUGS

Authorized firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs that result in being under the influence as defined in ART25, Section C.2 of the collective bargaining agreement.

An officer shall not carry a department issued handgun/firearm to a place or event where he/she anticipates consuming alcohol.

312.2.5 LASER SIGHTS

Laser sights may be installed on a department issued or authorized firearm carried on or off-duty after they have been examined and approved by the Rangemaster.

- (a) Any approved laser sight shall only be installed in strict accordance with manufacturer specifications.
- (b) Once approved laser sights have been properly installed on any firearm, the officer shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it on duty.

Except during approved training or during a function check situation, an officer may only activate a laser sight when the officer would otherwise be justified in pointing a firearm at an individual or other authorized target.

312.3 SAFE HANDLING OF FIREARMS

The intent of this policy is to promote proper firearm safety on and off-duty. Employees shall maintain the highest level of safety when handling firearms and shall consider the following:

312.3.1 SAFETY CONSIDERATIONS

- (a) Officers shall not unnecessarily display or handle any firearm.
- (b) Officers shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the Rangemaster. Officers shall not dry fire or practice quick draws except under Rangemaster supervision.
- (c) Officers shall not clean, repair, load or unload a firearm anywhere in the Department, except where clearing barrels are present.
- (d) Shotguns or rifles removed from vehicles or the equipment storage room shall be loaded and unloaded in the parking lot and outside of the vehicle.
- (e) Officers shall not place or store any firearm or other weapon on Department premises except where the place of storage is locked. No one shall carry firearms into the jail section or any part thereof when securing or processing a prisoner, but shall place all firearms in a secured location. It shall be the responsibility of the releasing officer to make sure that persons from outside agencies do not enter the jail section with any firearm.
- (f) Officers shall not use any automatic weapon, heavy caliber rifle, gas or other type of chemical weapon from the armory, except with approval of a supervisor.
- (g) Any weapon authorized by the Department to be carried on- or off-duty, that is found by the officer to be malfunctioning or needing service, shall not be carried. It shall be promptly presented to the Department or Rangemaster for inspection. Any weapon determined to be in need of service or repair during an inspection by the Rangemaster, will be immediately removed from service. If the weapon is the officer's primary duty

Spokane Police Department

Policy Manual

Firearms and Qualification

weapon, a replacement weapon will be issued to the officer until the duty weapon is serviceable.

312.3.2 STORAGE OF FIREARMS AT HOME

Officers shall ensure that all department firearms are stored in a manner that ensures the safety of others.

312.4 FIREARMS QUALIFICATIONS

All sworn personnel are required to qualify bi-annually with their duty firearm on an approved range course. The Rangemaster shall keep accurate records of qualifications, repairs, maintenance, and training. In addition to regular qualification schedules, the Rangemaster shall be responsible for providing all sworn personnel with annual practical training designed to simulate field situations. At least annually, all personnel carrying a firearm will receive training on the department Use of Force policy.

312.4.1 NON QUALIFICATION

If any officer is unable to attend qualification for any reason, including injury, illness, duty status, or scheduling conflict, that officer shall submit a written notification to his/her immediate supervisor and Rangemaster prior to the end of the required shooting period.

- (a) Members who fail to qualify during two successive qualification courses will be relieved from field assignment and appropriate disciplinary action may follow.
 - 1. The Rangemaster or designee will issue a written order directing the officer to use only the firearm for practice or training.
 - 2. The Rangemaster or designee will notify his/her chain of command of the failure and officer status change.
- (b) Sworn members who fail to qualify on their first shooting attempt shall be provided remedial training until proficiency is demonstrated and will be subject to the following requirements:
 - 1. Additional range assignments may be required until consistent firearm proficiency is demonstrated.
 - 2. Members shall be given credit for a range qualification after remedial training and a qualifying score is obtained.
 - 3. No range credit will be given for the following:
 - (a) Unauthorized range make-up.
 - (b) Failure to qualify after remedial training.

312.5 WARNING AND OTHER SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the officer reasonably believes that they appear necessary, effective and reasonably safe.

312.6 DESTRUCTION OF ANIMALS

Officers are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

Policy Manual

Firearms and Qualification

In circumstances in which officers have sufficient advance notice that a potentially dangerous animal may be encountered, officers should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, TASER device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any officer from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

312.6.1 INJURED ANIMALS

With the approval of a supervisor, an officer may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical. Injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made. Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed.

312.7 REPORT OF FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shooting Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her Bureau Commander or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, a written report shall be submitted or recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

312.8 RANGEMASTER DUTIES

The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Training Lieutenant after each range date. Failure of any officer to sign in and out with the Rangemaster may result in non-qualification.

The range shall remain operational and accessible to department members during hours established by the Department.

The Rangemaster has the responsibility of making periodic inspections, at least once a year, of all duty weapons carried by officers of this department to verify proper operation. The Rangemaster has the authority to deem any privately owned weapon unfit for service. The officer will be responsible for all repairs to his or her personal weapon and it will not be returned to service until inspected by the Rangemaster.

312.9 MAINTENANCE AND REPAIR

Firearms carried on-duty shall be maintained in a clean, serviceable condition. Since the use of personally owned weapons is at the option of the individual officer, that officer will be

Spokane Police Department

Policy Manual

Firearms and Qualification

responsible for the furnishing, maintenance and repair of such weapon. The Rangemaster may provide assistance on personally owned weapons.

312.9.1 REPAIR OR MODIFICATIONS OF DUTY WEAPONS

The Rangemaster and/or designees shall be the only persons authorized to repair or modify any department-owned weapon. All repairs and/or modifications of department-issued weapons not performed by the Rangemaster must be approved in advance by the Rangemaster.

Any repairs or modifications to the officer's personally owned weapon shall be done at his/her expense and must be approved by the Rangemaster.

312.10 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to personnel who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure purposes.
- (b) Officers must carry their Department identification card, which must contain a full-face picture, the officer's signature and the signature of the Chief of Police or the official seal of the Department, and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).
- (c) In accordance with TSA procedures, the Department will obtain a message containing a unique alphanumeric identifier from TSA through the National Law Enforcement Telecommunications System (NLETS) prior to the officer's travel. The officer must present the message to airport personnel as authorization to travel while armed on the day of travel.
- (d) An official letter signed by the Chief of Police authorizing armed travel must accompany the officer. The letter must outline the officer's need to fly armed, must detail his/her itinerary and should include that the officer has completed the mandatory TSA training for law enforcement officers flying while armed.
- (e) Officers must have completed the mandated TSA security training, covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance. This notification can be accomplished by early check-in at the carrier's check-in counter.
- (g) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officers must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (h) Officers should not surrender their firearm, but should try to resolve any problems through the flight captain, ground security manager, or other management representative of the air carrier.
- (i) Officers shall not consume alcoholic beverages while aboard an aircraft or within eight hours prior to boarding an aircraft.

Firearms and Qualification

312.11 CARRYING FIREARMS OUT OF STATE

Qualified active full-time officers and qualified retired officers (see Retired Officer Firearms Certificate Policy) of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC 926B; 18 USC 926C):

- (a) The officer shall carry his/her Department identification whenever carrying such weapon.
- (b) Qualified retired officers shall also carry certification of having met firearms qualification within the past 12 months.
- (c) The officer is not the subject of any current disciplinary action.
- (d) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (e) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Visiting active and retired peace officers from other states are subject to all requirements set forth in 18 USC 926B and 18 USC 926C.

Vehicle Pursuit Policy

314.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to minimize the potential for pursuit related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved.

This includes circumstances where department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuit situations are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self discipline and sound professional judgment. Officers' conduct during the course of a pursuit must be objectively reasonable^{1/2}_{3/4} That is, what a reasonable officer would do under the circumstances. An unreasonable individual's desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement (RCW 43.101.225).

314.1.1 VEHICLE PURSUIT DEFINED

A vehicle pursuit is an event involving one or more law enforcement officers attempting to apprehend a suspect who is attempting to avoid apprehension while operating a motor vehicle by using high speed driving or other evasive tactics such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

314.1.2 VEHICLE FOLLOW DEFINED

A vehicle follow is an event involving one or more law enforcement officers attempting to detain a suspect vehicle that is failing to yield to the visual and/or audio signals of the law enforcement officers but not operating the vehicle in a reckless manner.

314.1.3 ATTEMPTING TO ELUDE

Refers to the actions of a vehicle operator who after being given a visual or audible signal to bring the vehicle to a stop, fails or refuses to immediately stop the vehicle and drives in a reckless manner while attempting to elude a uniformed officer operating a pursuing police vehicle that is equipped with emergency lights and siren (RCW 46.61.024).

Spokane Police Department

Policy Manual

Vehicle Pursuit Policy

314.2 OFFICER RESPONSIBILITIES

It shall be the policy of this department that a motor vehicle pursuit shall be conducted only with emergency lights and siren as required by RCW 46.61.035 for exemption from compliance with the rules of the road. The following policy is established to provide officers with guidelines for driving with due regard and caution for the safety of all persons using the highway as required by RCW 46.61.035(4).

314.2.1 WHEN TO INITIATE A PURSUIT

It is the policy of the Spokane Police Department that pursuits are permissible only when the necessity for immediate apprehension outweighs the danger created by the pursuit itself. Officers shall not initiate a pursuit solely for traffic infractions nor property crimes, whether misdemeanor or felony. Officers may initiate pursuits for the following reasons:

Violent Felony or warrant for same, DV Assault (within mandatory arrest window) DUI, Reckless Driving of an egregious manner prior to the officer encountering the suspect vehicle.

While officers may initiate a pursuit for the above listed reasons, officers shall at all times consider the following factors individually and collectively in deciding whether to initiate or continue a pursuit:

- (a) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.
- (b) Apparent nature of the fleeing suspect(s) (e.g., whether the suspect(s) represent a serious threat to public safety).
- (c) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic and the speed of the pursuit relative to these factors.
- (d) Pursuing officer(s) familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- (e) Weather, traffic and road conditions that substantially increase the danger of the pursuit beyond the worth of immediately apprehending the suspect.
- (f) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.
- (g) Vehicle speeds.
- (h) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (i) Availability of other resources such as helicopter assistance.
- (j) The police unit is carrying passengers other than police officers. Pursuits shall not be undertaken with a prisoner(s) in the police vehicle. Pursuits shall not be initiated or entered into when a passenger is in the vehicle. Exceptions may be granted by the Office of the Chief or designee.

As previously stated, pursuits are prohibited when initiated solely for traffic infractions and property crimes (whether felony or misdemeanor), or based on the mere fact that the vehicle is fleeing. The decision to initiate a pursuit must be based on the officer's conclusion that the immediate danger to the public and to the officer(s) created by the pursuit is less than the immediate or potential danger

Spokane Police Department

Policy Manual

Vehicle Pursuit Policy

to the public/officer(s) should the suspect remain at large. Information not available to the officer at the time the pursuit was initiated will not be considered later in determining whether the pursuit was justified. In all instances involving vehicle pursuits, the initiating officer must be able to clearly articulate the reason(s) why the pursuit was initiated.

314.2.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect(s)' escape.

The factors listed in Policy Manual § 314.2.1 are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In the context of this policy, the term "terminate" shall be construed to mean discontinue or to stop chasing the fleeing vehicle(s).

"Terminate" shall mean all pursuing officers shall pull their vehicle to the side of the roadway, stop, shut off emergency equipment and notify the Combined Communications Center of their location. Officers not directly involved as primary or secondary vehicles shall discontinue following the pursuit.

In addition to the factors listed in Policy Manual § 314.2.1, the following factors should also be considered in deciding whether to terminate a pursuit:

- (a) Distance between the pursuing officers and the fleeing vehicle(s) is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.
- (b) Pursued vehicle's location is no longer definitely known.
- (c) Officer's pursuit vehicle sustains any type of damage that renders it unsafe to drive.
- (d) Extended pursuits of violators for misdemeanors not involving violence or risk of serious harm (independent of the pursuit) are discouraged.
- (e) Hazards to uninvolved bystanders or motorists.
- (f) If the identity of the felony offender is known and it appears that the immediate risks to the public and officer(s) associated with continuing the pursuit now outweigh the risks that the felony offender will continue to pose to the public if allowed to temporarily escape.
- (g) Directed by any commissioned supervisor, to include a corporal

314.2.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle. Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

- (a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.
- (b) Pursuit speeds have exceeded the driving ability of the officer.

Spokane Police Department

Policy Manual

Vehicle Pursuit Policy

- (c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

314.3 PURSUIT UNITS

Pursuit units should be limited to two vehicles; However, the number of units involved will vary with the circumstances. An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspect(s). All other officers should stay out of the pursuit, but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point in a safe manner.

314.3.1 AUTHORIZED PURSUIT VEHICLES

The Crown Victoria is currently the only manufacturer certified pursuit vehicle in use by the Spokane Police Department. Special service vehicles to include sport utility vehicles, trucks, vans, traditional passenger cars, motorcycles and other non-pursuit certified vehicles should not be used in pursuits.

314.3.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Vehicles not equipped with emergency lights and siren are generally prohibited from initiating or joining in any pursuit. Officer(s) in such vehicles, however, may become involved in emergency activities involving serious crimes or life threatening situations.

Those officers should terminate their involvement in any pursuit immediately upon arrival of a sufficient number of emergency police vehicles or any police helicopter. The exemptions provided by RCW 46.61.035 do not apply to officers using vehicles without emergency equipment.

314.3.3 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect(s) without unreasonable danger to themselves or other persons.

Notify the Combined Communications Center that a vehicle pursuit has been initiated and as soon as practical provide information including, but not limited to:

- (a) Reason for the pursuit.
- (b) Location and direction of travel.
- (c) Speed of the fleeing vehicle.
- (d) Description of the fleeing vehicle and license number, if known.
- (e) Number of known occupants.
- (f) The identity or description of the known occupants.
- (g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.
- (h) Traffic conditions, vehicular and pedestrian.
- (i) Weather conditions to include road surface.
- (j) Visibility and illumination.

Spokane Police Department

Policy Manual

Vehicle Pursuit Policy

The officer in the primary unit shall be responsible for broadcasting the progress of the pursuit unless directed otherwise by a supervisor or when practical circumstances indicate. Whenever possible, the primary unit, if a one-officer unit, should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft in order to concentrate on pursuit driving.

"Progress" shall mean updating speed, location, direction of travel and traffic conditions.

314.3.4 SECONDARY UNIT(S) RESPONSIBILITIES

The second officer in the pursuit is responsible for the following:

- (a) The officer in the secondary unit should immediately notify the dispatcher of entry into the pursuit.
- (b) Remain a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit.
- (c) The secondary officer should be responsible for broadcasting the progress of the pursuit unless the situation indicates otherwise.

314.3.5 PURSUIT DRIVING TACTICS

The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles so that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
 - 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
 - 2. Pursuing units should exercise due caution when proceeding through controlled intersections.
- (c) Officers should not pursue vehicles that proceed the wrong way on a highway, freeway, freeway access or one-way street unless specifically authorized by a supervisor.
- (d) Notifying the Washington State Patrol and/or other jurisdictional agency if it appears that the pursuit may enter their jurisdiction.
- (e) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or requested to do so by the primary unit.

314.3.6 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

Other officers in the area of the pursuit shall monitor the progress of the pursuit. They should not become directly involved in the pursuit unless requested to do so by the primary or secondary unit or the supervisor. They should be available in case they are needed to help provide resources that may be needed to terminate the pursuit and assist in the apprehension of the suspects after the pursuit has been terminated. Paralleling the pursuit is allowed for the limited purposes of assisting with traffic control or for other public safety purposes. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public.

Spokane Police Department

Policy Manual

Vehicle Pursuit Policy

Officers not involved directly in the pursuit, who are needed to assist, will operate their vehicles utilizing emergency equipment as necessary per RCW 46.61.035 and RCW 46.37.190.

The primary and secondary units should be the only units operating under emergency conditions (emergency lights and siren) unless other units are assigned to the pursuit.

314.3.7 AIRCRAFT ASSISTANCE

- When officers initiate a vehicle pursuit, the availability of air support should be considered.
 - The supervising sergeant and/or dispatch supervisor will ensure that this option is considered.
- If air support is available, officers or supervisors should request assistance.
 - "Available" means currently operating in-flight.
- When air support arrives on scene and is able to assume and maintain visual contact with the fleeing vehicle, SPD pursuing officers will discontinue close pursuit, unless the tactical needs of the situation clearly call for continuing close pursuit.
- The intent of discontinuing close pursuit is to encourage the fleeing vehicle to cease driving in a reckless manner because the driver believes police pursuit has ended. It is also recognized that a frequent result of discontinued pursuits is that the suspect driver stops the vehicle and flees on foot.
- When close pursuit is discontinued, units may continue to safely position themselves strategically to respond in the event that the fleeing vehicle stops and/or the suspect(s) flee on foot. This repositioning should be outside of the view of the fleeing vehicle and officers shall use due care and caution when doing so.

314.4 SUPERVISORY CONTROL AND RESPONSIBILITY

It is the policy of this department that available supervisory and management control will be exercised over all motor vehicle pursuits involving officers from this department. The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor (corporal or above) will be responsible for the following:

- (a) Upon becoming aware of a pursuit, immediately ascertain all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established department guidelines.
- (b) Engage in the pursuit, when appropriate, to provide on scene supervision.
- (c) Exercise management and control of the pursuit even if not engaged in it
- (d) Ensure that no more than the number of required police units needed are involved in the pursuit under the guidelines set forth in this policy.
- (e) Direct that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy.
- (f) Ensure that aircraft are requested if available.
- (g) Ensure that the proper radio channel is being used.
- (h) Ensure the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.
- (i) Control and manage SPD units when a pursuit enters another jurisdiction.

Spokane Police Department

Policy Manual

Vehicle Pursuit Policy

- (j) Complete additional reports as necessary and/or Pursuit Review Report.

314.4.1 SHIFT COMMANDER RESPONSIBILITY

Upon becoming aware that a pursuit has been initiated, the Shift Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Shift Commander has the final responsibility for the coordination, control and termination of a motor vehicle pursuit and shall be in overall command. The Shift Commander shall review all pertinent reports for content and forward them through the chain of command to the Patrol Commander.

314.4.2 PATROL COMMANDER RESPONSIBILITY

The Patrol Commander shall review all pertinent reports for content. The Patrol Commander shall be responsible to identify and address any trends that require training or correction within the Patrol Division. The Patrol Commander shall forward the pursuit reviews to the Traffic Unit for storage.

314.5 COMMUNICATIONS

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher.

If the pursuit leaves the jurisdiction of this department, involved units may switch radio communications, whenever available, to a channel that is most advantageous for effective radio communications.

314.5.1 COMBINED COMMUNICATIONS CENTER RESPONSIBILITIES

Upon notification that a pursuit has been initiated, the Combined Communications Center will:

- (a) Coordinate pursuit communications of the involved units and personnel.
- (b) Notify and coordinate with other involved or affected agencies as practical.
- (c) Ensure that a field supervisor is notified of the pursuit.
- (d) Assign an incident number and log all pursuit activities.
- (e) Broadcast pursuit updates as well as other pertinent information as necessary.
- (f) Notify the Shift Commander as soon as practical.

314.6 INTER-JURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary officer or supervisor should determine whether or not to request the other agency to assume the pursuit, taking into consideration distance traveled, unfamiliarity with the area, and other pertinent facts. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether or not such jurisdiction is expected to assist.

The potential for a pursuit to continue to another jurisdiction should be considered a factor that could influence the decision of the supervisor or shift commander to terminate the pursuit.

Spokane Police Department

Policy Manual

Vehicle Pursuit Policy

Officers making a felony arrest in another state are responsible to have the defendant taken, without unnecessary delay, before a magistrate of the county in the state in which the arrest is made.

314.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Units originally involved will discontinue the pursuit when this agency has requested and the other agency has advised that it has assumed the pursuit and assistance of the Spokane Police Department is no longer needed. Upon discontinuing the pursuit, the primary unit may proceed upon request, and at the direction of a supervisor, to the termination point to assist in the investigation. The role and responsibilities of officers at the termination of a pursuit initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit.

Requests to or from another agency to assume a pursuit should be specific.

314.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit. When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider these additional factors:

- (a) The original reason for the pursuit is compliant with SPD pursuit policy, section 314.2.1.
- (b) Ability to maintain the pursuit.
- (c) Adequate staffing to continue the pursuit.
- (d) The public's safety within this jurisdiction.
- (e) Safety of the pursuing officers.

As soon as practical, a supervisor or the Shift Commander should review a request for assistance from another agency. The Shift Commander or supervisor, after consideration of the above factors, may decline to assist in, or assume the other agency's pursuit.

Assistance to a pursuing allied agency by officers of this department will terminate at the City limits provided that the pursuing officers have sufficient assistance from other sources.

Ongoing participation from this department should continue until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

314.7 PURSUIT INTERVENTION/FORCIBLE STOPS

Forcible stops are an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, road spikes, blocking, boxing, PIT (Pursuit Intervention Technique), ramming or roadblock procedures.

314.7.1 WHEN USE AUTHORIZED

In deciding whether to use forcible stops, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With these risks in mind, the decision to use any forcible stop should be reasonable in light of the circumstances confronting the officer at the time of the decision.

It is imperative that officers act within the bounds of legality, good judgment and accepted practices

314.7.2 DEFINITIONS

Blocking A slow speed coordinated maneuver where two or more patrol vehicles simultaneously intercept and block the movement of a momentarily stopped suspect vehicle, the driver of which may be unaware of the impending enforcement stop, with the goal of containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Boxing Technique A tactic designed to stop a violator's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention Technique (PIT) A maneuver designed to cause the suspect vehicle to spin out and terminate the pursuit.

Ramming The deliberate act of impacting a violator's vehicle with another vehicle to functionally damage or otherwise force the violator's vehicle to stop.

Roadblocks A tactic designed to stop a violator's vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the violator's vehicle.

Spike Strips or Stop Sticks A device that extends across the roadway designed to puncture the tires of the pursued vehicle.

314.7.3 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances dictate that such use reasonably appears necessary to protect life. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

314.7.4 INTERVENTION/FORCIBLE STOP STANDARDS

Any intervention/forcible stop tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention/forcible stop tactics may be construed to be a use of deadly force and subject to the requirements for such use. Officers who have not received certified departmental training in the application and use of any forcible stop or intervention tactic or equipment shall consider these facts and

Spokane Police Department

Policy Manual

Vehicle Pursuit Policy

requirements prior to deciding how, when, where, and if an intervention/forcible stop tactic should be employed.

- (a) Blocking should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved this technique should only be employed by officers who have received training in such tactics after giving consideration to the following:
 - 1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
 - 2. All other reasonable intervention techniques have failed or reasonably appear ineffective.
 - 3. Employing the blocking maneuver does not unreasonably increase the risk to officer safety.
 - 4. The target vehicle is stopped or traveling at a low speed.
 - 5. At no time should civilian vehicles be used to deploy this technique.
- (b) Pursuit Intervention Technique (PIT) Only those officers trained and certified in the use of the Pursuit Intervention Technique (PIT) will be authorized to use this procedure. PIT is authorized to apprehend fleeing offenders when less intrusive measures have been tried or considered and have been judged to be ineffective.
 - 1. The officer employing the PIT must balance the necessity of apprehension of the suspect with the risk of utilizing the technique. PIT executed at 40 MPH or less is at the discretion of the officer. PIT executed at more than 40 MPH may be considered only after supervisory approval. The use of a PIT maneuver shall be reported in the incident report and the pursuit review form. Damage to vehicles or property as a result of a PIT maneuver shall be investigated as a collision.
- (c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer's disposal have been exhausted. This tactic should be reserved for situations where there does not appear to be another reasonable and alternative method. This policy is an administrative guide to direct officers in their decision making process before the fact of ramming another vehicle. It is not a standard for civil or criminal litigation to judge the propriety of the act^{1/2}_{3/4} that is a matter for the courts to determine by established law. When ramming is to be employed as a means with which to stop a fleeing vehicle, one or more of the following factors should be present:
 - 1. The suspect is an actual or suspected felon who reasonably appears to represent a serious threat to society if not apprehended.
 - 2. The suspect is driving in willful or wanton disregard for the safety of persons^{1/2}_{3/4} or, driving in a reckless and life endangering manner.
 - 3. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized.
- (d) Boxing Technique: Pursuing officers should obtain supervisor approval before attempting to box a suspect vehicle during a pursuit. The use of such a technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions presented at the time as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle. If the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school

Spokane Police Department

Policy Manual

Vehicle Pursuit Policy

bus transporting children, then officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.

- (e) Spike strips should be deployed only when the involved officers are reasonably certain that only the pursued vehicle will be affected by their use. Officers should carefully consider the limitations of such devices as well as the potential risks to officers, the public and occupants of the pursued vehicle.
- (f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is discouraged and should not be deployed without prior approval of a supervisor and only then under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, officers or other members of the public. If a roadblock is approved, there must be an escape route left for the pursued vehicle to use.

314.7.5 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

Unless relieved by a supervisor, the primary officer should coordinate efforts to apprehend the suspect(s) following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans to contain and capture the suspect.

314.8 REPORTING REQUIREMENTS

The following reports should be completed:

- (a) Officers shall complete appropriate crime/arrest reports. The primary officer shall complete a report, which shall minimally contain the following information.
 - 1. Whether any person involved in the pursuit or subsequent arrest was injured, specifying the nature of that injury and differentiating between the suspect driver, a suspect passenger and the officers involved.
 - 2. The violation(s) that caused the pursuit to be initiated.
 - 3. The identity of the officers involved in the pursuit.
 - 4. The means or methods used to stop the suspect being pursued.
 - 5. The conditions of the pursuit, including, but not limited to, all of the following:
 - (a) Duration
 - (b) Pursuit route
 - (c) Time of day
 - (d) Weather conditions
 - (e) Maximum speeds
 - 6. Whether the pursuit resulted in a collision and a resulting injury or fatality to an uninvolved third party, and the corresponding number of persons involved. Collisions involving serious injury or fatality, the Officer-Involved Fatal Incident Protocol shall be invoked.

Spokane Police Department

Policy Manual

Vehicle Pursuit Policy

7. Whether the pursuit involved multiple agencies.
 8. How the pursuit was terminated.
- (b) Supervisors shall promptly complete a Pursuit Review Report summarizing the key details of the pursuit. This review will include:
1. Date and time of pursuit
 2. Initiating event
 3. Terminating event
 4. Forcible stop technique
 5. Arrest data
 6. Type of Police unit initiating pursuit
 7. Weather conditions
 8. Day of week
 9. Road type
 10. Locale
 11. Length of pursuit
 12. Number of police units involved
 13. Suspect vehicle type
 14. Police vehicle speed
 15. Suspect vehicle speed
 16. Collision information
 17. Supervisory and chain of command review
 18. Collisions involving serious injury or fatality, the Officer Involved Fatal Incident Protocol shall be invoked.

314.9 VEHICLES FOLLOWS

Officers will include the circumstances of a VEHICLE FOLLOW in the incident report in which it occurred. If the incident does not generate an incident report for some reason, officers will include detailed remarks in CAD. A pursuit review is not required for instances of VEHICLE FOLLOWS

314.10 EVOC TRAINING

In addition to initial and supplementary WSCJTC training on pursuits, all sworn members of this department will participate in periodic department and/or WSCJTC emergency vehicle operations training, thus addressing this policy and the importance of vehicle safety and protecting the public at all times.

Officer Response to Calls

316.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

316.2 RESPONSE TO CALLS

Calls for service are prioritized by the Combined Communications Center (see policy § 802). Officers dispatched to Priority 1 or Priority 2 calls shall consider the call an emergency response and proceed immediately. Officers responding to these emergency calls may determine that it is appropriate to utilize emergency equipment in order to facilitate a safe, efficient response. When operating "Code 3" (with emergency equipment engaged), officers shall continuously operate emergency lighting equipment, including at minimum a steady forward facing emergency lights, and shall sound the siren as reasonably necessary (RCW 46.61.035).

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without emergency lights and siren does not provide any exemption from the RCW.

Any Priority 3, 4 or 5 call is a routine call. Officers are not authorized to respond Code-3 for routine calls. Officers responding to routine calls shall observe all traffic laws and proceed without the use of emergency lights and siren.

316.3 REQUESTING NON-EMERGENCY AND EMERGENCY ASSISTANCE

Under normal circumstances, officers will request non-emergency assistance in plain speech. Officers should specify the number of backup officers needed.

Code 4: Where a situation has stabilized and emergency response is no longer required, the requesting officer shall immediately notify the Combined Communications Center that no further backup is required.

Code 6: When an officer needs immediate assistance due to a quickly developing, potentially dangerous situation.

Code 13: When an officer requires a back-up, but not emergency, assistance. Officers responding to a Code 13 will respond immediately and by the most direct route, but without utilizing emergency equipment and in compliance with all traffic laws.

Code 98: When an officer is unable to make a voice transmission, she/he may utilize the panic button on either the patrol vehicle MDC or portable radio.

Code 99: When an officer is involved in a situation that is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen.

Officers responding to a Code 6, Code 99 or Code 98 should respond Code 3 (emergency lights and siren).

Spokane Police Department

Policy Manual

Officer Response to Calls

If circumstances permit, the requesting officer should give the following information when issuing a Code 6 or 99:

- The unit number.
- The location.
- The reason for the request and type of emergency.

316.4 INITIATING CODE 3 RESPONSE

If an officer believes a Code-3 response to any call is appropriate, the officer shall engage emergency equipment and proceed to the call. Officers who respond should reasonably assess factors such as:

- (a) Distance from the call.
- (b) Relative exigency of the call.
- (c) Weather and geographical conditions.
- (d) Traffic.
- (e) Officer's driving experience and ability.

316.5 RESPONSIBILITIES OF RESPONDING OFFICER(S)

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of emergency lights and siren at the legal speed limit. An officer shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving a Priority 1 or Priority 2 call, an officer shall immediately give the location from which he/she is responding.

316.6 COMMUNICATIONS RESPONSIBILITIES

A dispatcher shall dispatch Priority 1 and 2 calls via voice transmission. The dispatcher shall utilize the alert tone when appropriate under Communications Policy. The dispatcher shall:

- (a) Attempt to assign the closest available unit to the location requiring assistance.
- (b) Notify and coordinate allied emergency services (e.g., fire and ambulance).
- (c) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated.
- (d) Control all radio communications during the emergency and coordinate assistance under the direction of the Shift Commander, field supervisor and communications supervisor.

316.7 SUPERVISORY RESPONSIBILITIES

Regarding Code-3 responses by units under his/her command, the Shift Commander or the field supervisor should monitor the following:

Spokane Police Department

Policy Manual

Officer Response to Calls

- (a) The proper response has been initiated.
- (b) No more than those units reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practical or necessary, such as in the instance of a vehicle pursuit.

The field supervisor should monitor the response to Priority 1 and 2 calls, as practical, until the situation has been stabilized or terminated. If necessary, the field supervisor may assert control by directing units into or out of the response. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision as to the appropriateness of a Code-3 response, the Shift Commander or the field supervisor should consider the following:

- The type of call.
- The necessity of a timely response.
- Traffic and roadway conditions.
- The location of the responding units.

316.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In such cases, the officer shall notify the Shift Commander, field supervisor, or Combined Communications Center of the equipment failure so that another unit may be assigned to the emergency response if necessary.

Canine Program

318.1 PURPOSE AND SCOPE

The Canine Program was established to augment police services to the community. Highly skilled and trained teams of handlers and canines have evolved from the program and are used to supplement police operations to locate individuals, contraband and to apprehend criminal offenders.

318.2 GUIDELINES FOR THE USE OF CANINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes the individual has either committed or threatened to commit any criminal offense and if any of the following conditions exist:

- (a) There is a reasonable belief the individual poses an imminent threat of violence or serious harm to the public, any officer, or the handler.
- (b) The individual is physically resisting arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The individual(s) is/are believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. In any such case, a standard of objective reasonableness shall be used to review the decision to use a canine in view of the totality of the circumstances.

Mere flight from pursuing officer(s) shall not serve as good cause for the use of a canine to apprehend an individual.

318.2.1 PREPARATIONS FOR UTILIZING A CANINE

Prior to the use of a canine to search for or apprehend any individual, the canine handler and/or the supervisor on scene shall carefully consider all pertinent information reasonably available at the time. The information should include, but is not limited to the following:

- (a) The individual's age or estimate thereof.
- (b) The nature of the suspected offense.
- (c) Any potential danger to the public and/or other officers at the scene if the canine is released.
- (d) The degree of resistance the subject has shown.
- (e) The potential for escape or flight if the police canine is not utilized.
- (f) The potential for injury to officers or the public caused by the suspect if the police canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved personnel to minimize the risk of unintended injury.

Generally, a canine handler has the authority to deploy or not to deploy the canine. The handler will evaluate each situation and determine if the use of a canine is technically

Spokane Police Department

Policy Manual

Canine Program

feasible. A supervisor sufficiently apprised of the situation may override the decision of the canine handler and shall assume the responsibility associated with that.

318.2.2 WARNINGS GIVEN TO ANNOUNCE THE USE OF A CANINE

Unless it would otherwise increase the risk of injury or escape, a clearly audible warning to announce that a canine will be released if the person does not come forth, shall be made prior to releasing a canine. The canine handler, when practical, shall first advise the supervisor of his/her decision if a verbal warning is not given prior to releasing the canine. In the event of an apprehension, the handler shall document in any related report whether or not a verbal warning was given and, if none was given, the reasons why.

318.2.3 USE OF NARCOTIC-DETECTION CANINES

A narcotic-detection-trained canine may be used in accordance with current law under the following circumstances:

- (a) To assist in the search for narcotics during a search warrant service.
- (b) To obtain a search warrant by using the detection canine in support of probable cause.
- (c) To search vehicles, buildings, bags, and any other articles or areas deemed necessary.
- (d) Absent a warrant, a narcotic-detection canine will not be used to search a person for narcotics.

318.2.4 USE OF BOMB/EXPLOSIVE DETECTION DOGS

Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a trained explosive detection dog team may be warranted. When available, a trained explosive detection dog team may be used in accordance with current law and under the following circumstances:

- (a) To assist in the search of a building, structure, area, vehicle or article where an actual or suspected explosive device has been reported or located.
- (b) To conduct preventative searches at locations such as special events, VIP visits, official buildings and other restricted areas. Because a dog sniff may be considered a search, such searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- (c) To assist with searches at transportation facilities and vehicles (e.g., buses, airplanes and trains).
- (d) To assist in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.
- (e) At no time will a detection dog be used to render a suspected device safe or clear.

318.2.5 GUIDELINES FOR NON-APPREHENSION USE

Because police canines have senses far superior to those of humans, they may often be effectively utilized to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention) or suspects wanted for minor criminal offenses. In such circumstances, it will be necessary for the handler to evaluate the conditions and the ability of the canine to determine the feasibility of such an application.

Patrol canines will only be used in community care-taking situations when it has been established that the risk of death or serious injury outweighs the risk of any injury that may be accidentally inflicted by the canine. Handlers will make a supervisor fully aware of the

Spokane Police Department

Policy Manual

Canine Program

situation and receive explicit permission from the supervisor prior to deploying the canine in all such situations, unless immediate action by the handler is required. During these searches, the handler will take great precaution to avoid unintentional canine contact, always keeping the canine leashed.

318.2.6 REPORTING CANINE USE, BITES AND INJURIES

Whenever the canine is deployed, documentation shall be completed by the handler and turned in to the canine supervisor.

If a bite or injury results from the use of the canine, that information shall be documented on a Canine Contact Report form and included in the case narrative/supplemental report and forwarded through the chain of command. The report should include, at a minimum, the following:

- (a) In all cases of bites or injury resulting from the use of a canine, photographs shall be taken of the bite or injury after first tending to the immediate needs of the injured party. If the injury requires medical attention, the subject should be transported to an appropriate medical facility. In the event an in-custody suspect requires medical attention, an officer should standby with the suspect until treatment has been rendered.
- (b) Whenever a bite results, the canine supervisor shall notify the County Health Office as soon after the incident as practical.
- (c) If a subject alleges an injury that is not visible, notification shall be made to a supervisor and the location of the alleged injury should be photographed.
- (d) If an unintentional bite has taken place, the canine supervisor will then contact the person(s) that were injured and take a statement as soon as possible. The duty staff officer will also be notified and on-call risk manager will be notified.
- (e) If injuries are sustained by a City employee or volunteer, a supervisor will be notified and the supervisor will assure that all appropriate reports, to include L & I Injury Report, are completed.

318.2.7 REPORTING CANINE INJURIES

In the event that a canine is injured, the injury will be immediately reported to the canine sergeant or to the on-duty shift commander in his/her absence.

Depending on the severity of the injury, the canine shall either be treated by the designated veterinarian or transported to a designated emergency medical facility for treatment. If the handler and dog are out of the area, the handler may use the nearest available veterinarian.

The injury will be documented by the canine sergeant.

318.2.8 ASSIGNMENT OF CANINES

The canine teams shall be assigned to the Operations Bureau to supplement and assist the Operations Bureau.

Canine teams should function primarily as cover units however; they may be assigned by the Shift Commander to other functions based on the shift needs at the time.

Generally, canine teams should not be assigned to handle matters that will take them out of service for extended periods of time unless absolutely necessary and only with the approval of the Shift Commander.

Spokane Police Department

Policy Manual

Canine Program

318.3 REQUEST FOR USE OF CANINE TEAMS

Personnel within the department are encouraged to freely solicit the use of the canines. Requests for a canine team from outside of the Operations Bureau should go through the canine supervisor or the Shift Commander.

318.3.1 REQUEST FOR ASSISTANCE FROM OTHER AGENCIES

The Shift Commander or the Unit Coordinator must approve all requests for canine assistance from outside agencies subject to the following provisions:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The handler has the ultimate authority to decide whether the canine should be used for any specific assignment.
- (c) Canine teams shall not be called out while off-duty or used outside the boundaries of the City of Spokane unless authorized by the Shift Commander or the Unit Coordinator.
- (d) It shall be the responsibility of the canine handler to coordinate with outside agency personnel in order to minimize the risk of unintended injury.

318.3.2 REQUEST FOR PUBLIC DEMONSTRATIONS

All public requests for a canine team shall be approved by the canine supervisor prior to making any commitment.

Handlers shall not demonstrate any apprehension work to the public unless authorized to do so by the canine supervisor.

318.4 SELECTION OF CANINE HANDLERS

The following are the minimum qualifications for the assignment of the canine handler:

- (a) Spokane Police Department officer currently off probation and three years law enforcement experience.
- (b) Reside in an adequately fenced, single-family, residence (minimum five-foot high fence with locking gates) and suitable for housing a police canine as approved by the canine supervisor.
- (c) Live within the state of Washington and within 30 minutes (one direction) of the Public Safety Building.

318.5 CANINE HANDLER RESPONSIBILITIES

318.5.1 AVAILABILITY

The handler shall be available for call-out under conditions specified by the canine supervisor.

318.5.2 CARE FOR THE CANINE AND EQUIPMENT

The handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection, and living conditions. The handler will be responsible for the following:

Spokane Police Department

Policy Manual

Canine Program

- (a) Unless required by a particular application, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.
- (c) Handlers shall permit the canine supervisor to conduct spontaneous on-site inspections of affected areas of their residence as well as the canine unit, to verify that conditions and equipment conform to this policy.
- (d) Any changes in the living status of the handler, which may affect the lodging or environment of the canine, shall be reported to the canine supervisor as soon as possible.
- (e) When off-duty, canines shall be maintained in kennels, provided by the City, at the homes of their handlers. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, canines may be let out of their kennels while under the direct control of a handler.
- (f) The canine may be permitted to socialize in the home with the handler's family under the direct supervision of a handler.
- (g) Under no circumstances will the canine be lodged at another location unless approved by the canine supervisor or Shift Commander.
- (h) When off-duty, handlers shall not involve their canines in any activity or conduct unless approved in advance by the canine supervisor or Shift Commander.
- (i) Whenever a canine handler anticipates taking a vacation or an extended number of days off, it may be necessary to temporarily relocate the canine. In those situations, the canine will be housed at the Police Training Center canine kennels. The canine supervisor will be notified in advance so that he/she may arrange care.

318.5.3 CANINE IN PUBLIC AREAS

All canines shall be kept on a leash when in areas that allow access to the public. Exceptions would include specific police operations for which the canines are trained.

- (a) Canines shall not be left unattended in any area to which the public may have access.
- (b) When the canine unit is left unattended all windows and doors shall be secured in such a manner as to prevent unauthorized access to the dog. The handler shall also insure that the unattended unit remains inhabitable for the canine.
- (c) The canine handler shall comply with leash law requirements unless actively deployed, engaged in training, or public demonstrations.

318.5.4 HANDLER COMPENSATION

The canine handler shall be compensated for time spent in the care, feeding, grooming and other needs of the dog as provided in the Fair Labor Standards Act. The compensation shall be prescribed in the employee's Collective Bargaining Agreement.

318.6 MEDICAL CARE OF THE CANINE

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency as provided in Policy Manual § 318.6.2.

318.6.1 NON-EMERGENCY MEDICAL CARE

Non-emergency medical care will be coordinated through the canine supervisor.

Spokane Police Department

Policy Manual

Canine Program

Any indication that a canine is not in good physical condition shall be reported to the canine supervisor or the Shift Commander as soon as practical.

All records of medical treatment shall be maintained in the canine supervisor's office.

318.6.2 EMERGENCY MEDICAL CARE

The designated emergency medical treatment center or canine veterinarian shall render emergency medical treatment. The handler shall notify the canine supervisor as soon as practicable when emergency medical care is required.

318.7 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current WSCJTC standards. Cross trained dog teams or those dog teams trained exclusively for the detection of narcotics and/or explosives shall be trained and certified to meet WSCJTC standards.

318.7.1 CONTINUED TRAINING

Each canine team shall thereafter be re-certified to WSCJTC police service dog standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams shall receive all appropriate training as determined by the canine supervisor.
- (b) Canine handlers are encouraged to engage in additional training with approval of the canine supervisor.
- (c) In order to ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is contrary to the policies of the Spokane Police Department.
- (d) Canine handlers will attend regular training sessions in order to maintain and enhance skills as well as meet state standards for training hours.
- (e) All canine training shall be conducted while on-duty unless otherwise approved by the canine supervisor or Shift Commander.

318.7.2 FAILURE TO SUCCESSFULLY COMPLETE WSCJTC TRAINING

No police service dog team failing WSCJTC police service dog certification shall be deployed in the field until certification is achieved. When practical, pending successful certification, the police service dog handler shall be temporarily reassigned to training status.

318.7.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's training file.

318.8 CANINE SUPERVISOR RESPONSIBILITIES

The canine supervisor shall be appointed by command staff and shall supervise the Canine Program. The canine supervisor is directly responsible to the Unit Commander (a patrol lieutenant). The canine supervisor shall be responsible for, but not limited to, the following:

- (a) Reviewing all Canine Use Reports to insure compliance with policy, identify training issues and other needs of the program.
- (b) Maintain liaison with the vendors.

Spokane Police Department

Policy Manual

Canine Program

- (c) Maintain liaison with administrative staff and functional supervisors.
- (d) Maintain liaison with other agency canine coordinators.
- (e) Maintain accurate records to document canine activities.
- (f) Recommend and oversee the procurement of needed equipment and services for the unit.
- (g) Be responsible for scheduling all canine related activities.
- (h) Ensure the canine teams are scheduled for continuous training to maximize the capabilities of the teams.

318.9 CONTROLLED SUBSTANCE TRAINING AIDS

Controlled substance training aids are required to effectively train and maintain drug detecting dogs. Further, controlled substances can also be an effective training aid during training sessions for law enforcement personnel and the public.

The Chief of Police or his/her designee may provide controlled substances for training purposes under the following conditions:

- (a) To any duly authorized peace officer assigned to the canine unit.
- (b) Provided the controlled substances are no longer needed as criminal evidence.
- (c) Provided the person receiving the controlled substances, if required by the Drug Enforcement Administration, possesses a current and valid Drug Enforcement Administration registration that specifically authorizes the recipient to possess controlled substances while providing substance abuse training to law enforcement or the community or while providing canine drug detection training.
- (d) Controlled substances shall be destroyed and replenished periodically to ensure accurate odor for detection.

318.9.1 PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of accidental ingestion of these controlled substances by the canine, the following procedure shall be strictly followed:

- (a) All necessary controlled substance training samples shall be acquired from the Spokane Police Department's evidence personnel or from allied agencies to provide controlled substance training samples. All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler.
- (b) The weight and test results shall be recorded and maintained by this department.
- (c) Any person receiving controlled substance training samples shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.
- (d) All controlled substance training samples will be inspected, weighed, and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine handler with a copy forwarded to the dispensing agency and canine supervisor.
- (e) All controlled substance training samples will be stored in locked boxes at all times, except during training. The locked boxes shall be secured in the trunk of the canine handler's assigned patrol unit, or stored in a locked evidence locker. There are no exceptions to this procedure.

Spokane Police Department

Policy Manual

Canine Program

- (f) The canine supervisor shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.
- (g) Any unusable controlled substance training samples shall be returned to the Property and Evidence Facility or to the dispensing agency.
- (h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

318.9.2 IMMUNITY

All duly authorized peace officers, while providing substance abuse training to law enforcement or the community, or while providing police service dog drug detection training, and any person working under their immediate direction, supervision, or instruction, are immune from prosecution of laws pertaining to possession of controlled substance and paraphernalia when such possession is in conjunction with the performance of their official duties (RCW 4.24.410).

CITIZEN OBSERVATION of OFFICER ACTIVITIES

319.1 PURPOSE AND SCOPE

It is the policy of the Spokane Police Department that persons not directly involved in an incident may be allowed to remain in proximity of any stop, detention, or arrest, or any other incident occurring in a public place. Allowing persons to remain in proximity to these policing actions is contingent that their presence is lawful and their activities, including their verbal comments, do not obstruct, hinder, delay or threaten the safety of anyone present, including the officers.

No person present should be allowed to compromise the outcome of legitimate police actions and/or rescue efforts.

319.2 WITNESSING STOPS, DETENTIONS, ARRESTS AND OTHER POLICE ACTIONS

- (a) With the prevalence of digital cameras, cell phone cameras and other recording media, it is common (and should be expected) that police incidents may be photographed and/or video recorded both by citizens and the news media.
- (b) Officer safety, the protection of the suspect or person(s) being detained, including his/her right to privacy, as well as the safety of onlookers are all important factors to consider. With these factors in mind, officers shall recognize and obey the right of persons to observe, photograph, and/or make verbal comments in the presence of police officers performing their duty.
- (c) Citizens, regardless of their intent to video and/or audio record a police activity, shall not enter any established, well marked and protected crime scene. This applies as well to any restricted area that would normally be unavailable to the general public. At any secure scene, officers or detectives will determine who enters or leaves the secured area.
- (d) In public areas, there is not a distinction between citizens employed by a news media organization and those who are not. Under most circumstances, the existence of "press credentials" extends no special privileges to any citizen, nor does the absence of such credentials limit a citizen's free access to record law enforcement activities while in public.

319.3 BYSTANDER FILMING OF OFFICER-SUSPECT CONTACTS

- (a) It is increasingly common for those near any police action and who are not directly involved in any criminal activity, to record contacts between officers and citizens. Bystanders have the right to record police officer enforcement activities. Exceptions to this right are when any person doing so:
 - 1. Jeopardizes the safety of the officers or suspect
 - 2. obstructs the officers and/or violates the law
 - 3. threatens others by words or actions
 - 4. attempts to incite others to violate the law

Spokane Police Department

Policy Manual

CITIZEN OBSERVATION of OFFICER ACTIVITIES

319.4 OBTAINING EVIDENCE OF RECORDED MEDIA

- (a) Interviews or contacts with citizens to obtain their identification, as well as accurate and complete evidence are encouraged. Officers shall not demand identification, detain citizens, or seize their recorded media when that media contains video, still images or sounds associated with any police action or crime being investigated.
- (b) When recorded media of any kind is being sought from an uninvolved citizen, the first course of action in securing this evidence should be a request for voluntary surrender of the recorded media. Officers making this request and the citizen's response will be documented in the officer's report. If the citizen voluntarily surrenders the media, they will be given the Incident number and the requesting officer's name.
- (c) When officers do not have sufficient authority to seize any recorded media, but believe it may be of value in an investigation, officers should attempt to obtain their identification and advise the citizen that the recorded media may be evidence of a crime, that a court order will be sought for the media, and that it should not be tampered with, altered or destroyed. This information will be documented in the officer's report.

Domestic Violence

320.1 PURPOSE AND SCOPE

Domestic violence is criminal conduct and it is the policy of the Spokane Police Department to stress enforcement of criminal laws related to domestic violence, the protection of the victim and the availability of civil remedies and community resources. This includes the arrest of domestic violence offenders if there is probable cause to believe an offense has occurred.

Officers should respond to domestic violence as they would to any other crime. However, the relationship between the victim and the accused creates additional responsibilities. Officers should provide special assistance in cases of domestic violence, including efforts to inform these victims of services available to them.

320.1.1 DEFINITIONS

Domestic Violence

(m) Stalking (RCW 9A.46.110).

(n) Interference with the reporting of domestic violence (RCW 9A.36.150).

Employee - Means any person currently employed with an agency.

Family or Household Members - Means spouses, former spouses, persons who have a child in common regardless of whether they have been married or have lived together at any time, adult persons related by blood or marriage, adult persons who are presently residing together or who have resided together in the past, persons sixteen years of age or older who are presently residing together or who have resided together in the past and who have or have had a dating relationship, persons sixteen years of age or older with whom a person sixteen years of age or older has or has had a dating relationship, and persons who have a biological or legal parent-child relationship, including stepparents and stepchildren and grandparents and grandchildren.

Foreign Protection Order - Means an injunction or other order related to domestic or family violence, harassment, sexual abuse, or stalking, for the purpose of preventing violent or threatening acts or harassment against, or contact or communication with or physical proximity to another person issued by a court of another state, territory, or possession of the United States, the Commonwealth of Puerto Rico, or the District of Columbia, or any United States military tribunal, or a tribal court, in a civil or criminal action (RCW 26.52.010).

Harassment - Includes, but is not limited to, conduct that is classified in the jurisdiction where the conduct occurred as harassment or a crime committed in another jurisdiction that under the laws of this state would be classified as harassment under RCW 9A.46.040 (RCW 26.51.010).

Mandatory Arrest - Means a situation where a responding officer does not have discretion whether to make a custodial arrest where probable cause exists to believe that a violation of certain laws has occurred (see Policy Manual § 320.3.1, Mandatory Arrests).

Sworn Employee - Means a general authority Washington peace officer as defined in RCW 10.93.020, any person appointed under RCW 35.21.333, and any person appointed or elected to carry out the duties of the sheriff under RCW Chapter 36.28.

Victim - Means a family or household member who has been subjected to domestic violence.

320.2 OFFICER SAFETY

The investigation of domestic violence cases places officers in emotionally charged and sometimes highly dangerous environments. No provisions of this guideline are intended to supersede the responsibility of all officers to exercise reasonable care for the safety of any officers, public and parties involved.

320.2.1 OFFICER PROTECTION FROM LIABILITY

No officer may be held criminally or civilly liable for making a domestic violence arrest if the officer acts in good faith and without malice (RCW 26.50.140, 10.31.100 (12), and 10.99.070). Officers who willfully fail to enforce the law are not immune from liability, the above statutes notwithstanding. Victims of domestic violence must receive equal protection under the law and it is the policy of the Spokane Police Department that all officers will be held accountable for any willful failure to enforce domestic violence laws.

Spokane Police Department

Policy Manual

Domestic Violence

320.3 ENFORCEMENT OF DOMESTIC VIOLENCE

In its response to domestic violence all employees of the Spokane Police Department should consistently stress the enforcement of the laws in order protect the victim and communicate that criminal behavior will not be tolerated. When determining whether a mandatory arrest is required by law, officers should be aware that the following factors do not prevent the arrest:

- (a) Marital status of suspect and victim.
- (b) Whether or not the suspect lives on the premises with the victim.
- (c) Claims by the suspect that the victim provoked or perpetuated the violence.
- (d) Potential financial consequences of arrest.
- (e) The physical or mental health of either party.
- (f) Use of drugs or alcohol by either party.
- (g) Denial that the abuse occurred where evidence indicates otherwise.
- (h) A request by the victim not to arrest the suspect.
- (i) Location of the incident (public/private).
- (j) Speculation that complainant may not follow through with the prosecution.
- (k) The racial, cultural, social, professional position or sexual orientation of the victim or suspect.

For domestic violence involving law enforcement employees, see Policy Manual § 1052.

320.3.1 MANDATORY ARRESTS

Officers who respond to an incident of domestic disturbance shall arrest and take into custody, pending release on bail, personal recognizance, or court order, a person without a warrant when the officer has probable cause to believe that:

- (a) An order has been issued of which the person has knowledge under RCW 26.44.063, or Chapter 7.90, 10.99, 26.09, 26.10, 26.26, 26.50, or 74.34 restraining the person and the person has violated the terms of the order restraining the person from acts or threats of violence, or restraining the person from going onto the grounds of or entering a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location or, in the case of an order issued under RCW 26.44.063, imposing any other restrictions or conditions upon the person.
- (b) A foreign protection order has been issued of which the person under restraint has knowledge and the person under restraint has violated a provision of the foreign protection order prohibiting the person under restraint from contacting or communicating with another person, or excluding the person under restraint from a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, or a violation of any provision for which the foreign protection order specifically indicates that a violation will be a crime.
- (c) The person is sixteen years or older and within the preceding four hours has assaulted a family or household member and the officer believes (RCW 10.31.100 (2)):
 - 1. A felonious assault has occurred.
 - 2. An assault has occurred which has resulted in bodily injury to the victim, whether the injury is observable by the responding officer or not.

Spokane Police Department

Policy Manual

Domestic Violence

3. That any physical action has occurred which was intended to cause another person reasonably to fear imminent serious bodily injury or death. Bodily injury means physical pain, illness, or an impairment of physical condition.

320.3.2 DUAL ARRESTS

In responding to domestic violence incidents, officers should generally be reluctant to make dual arrests. Officers shall make reasonable efforts to identify the primary physical aggressor in any incident. The primary physical aggressor is the person determined to be the most significant, and not necessarily the first aggressor. In identifying the primary physical aggressor, an officer shall make reasonable effort to consider the following (RCW 10.31.100(2)(c)):

- (a) The intent of the law, which is to protect victims of domestic violence from continuing abuse.
- (b) The comparative extent of injuries inflicted or serious threats creating fear of physical injury.
- (c) The history of domestic violence of each person involved, including whether the conduct was part of an ongoing pattern of abuse.

320.3.3 RELEASE

Once a suspect has been arrested under the provisions of RCW 10.31.100(2) the suspect shall be taken to jail. Officers have no authority to subsequently release the arrested person and any post incarceration release decision will be the responsibility of corrections personnel.

320.3.4 VICTIM'S RIGHTS

The officer shall notify the victim of their right to initiate a criminal proceeding in all cases where the officer has not exercised arrest powers or decided to initiate criminal proceedings by citation or otherwise. The parties in such cases shall also be advised of the importance of preserving evidence (RCW 10.99.030(6)(a)). Issuance of a Crime Victims Rights Card will satisfy these requirements.

320.3.5 PROTECTIVE ORDER VIOLATIONS

A willful violation of a no-contact provision of a court order is a criminal offense and shall be enforced accordingly to preserve the integrity and intent of the domestic violence act (RCW 26.50.110 (1)). An officer shall arrest without a warrant and take into custody a person whom the officer has probable cause to believe has violated a valid protective order (RCW chapter 7.90, 9.94A, 10.99, 26.09, 26.10, 26.26, or 74.34), or a valid foreign protection order that restrains the person or excludes the person from a residence, workplace, school, or day care, or prohibits the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, if the person restrained knows of the order. Presence of the order in the law enforcement computer-based criminal intelligence information system is not the only means of establishing knowledge of the order (RCW 26.50.110 (2)(2)).

320.3.6 TENANCY ISSUES

- (a) If there is no court order in effect, officers may request a person who is not in lawful possession of the premises to leave when:
 1. The complainant is in lawful possession of the premise (as exhibited by rent receipts, lease, deed, verification by apartment manager, etc.); and
 2. The complainant has requested that the person leave the premises.
-

Spokane Police Department

Policy Manual

Domestic Violence

- (b) The officer should stand by until the suspect removes essential belongings.
 - 1. Officers will not assist or participate in the division of property.
 - 2. Such civil standbys should be limited to no more than 20 minutes.
- (c) If the suspect does not leave upon request, an arrest may be made for trespass.
- (d) If the complainant requesting removal of the suspect cannot show proof of lawful possession, the officer should refer the complainant for a Protection Order or other appropriate civil remedy.

320.4 COURT PROTECTIVE ORDERS

There are three different types of court orders that can be issued by a court in domestic violence situations. They are intended as legal measures to prevent further acts of violence, contact threats or harassment. The three types of orders are:

- (a) Orders of Protection.
 - 1. Orders of Protection must be personally served on the respondent by law enforcement or a process server; unless the court has ordered service by publication. The plaintiff cannot serve the respondent.
- (b) Civil Restraining Order.
 - 1. A restraining order is served on the respondent or the respondent's attorney. Usually this is part of a civil process, e.g., divorce.
- (c) Criminal Court Orders.
 - 1. A criminal No-Contact order is served on the defendant upon release from jail, at arraignment or sentencing. This department maintains a complete and systematic record of all outstanding court orders and proof of service (RCW 26.50.100(1)).

320.4.1 RETURN OF SERVICE

Whenever a member of this department serves or assists in serving a court order and that service is completed, a Return of Service form shall be completed and submitted to the Washington Crime Information Center (WACIC). Such forms shall include:

- (a) Who was served.
- (b) What documents were served.
- (c) Court order name and number.
- (d) Date and time of service.
- (e) Address where service occurred.
- (f) Serving officers' names, signatures and personnel numbers.

320.4.2 VERIFICATION OF RESTRAINING ORDERS

- (a) When officers respond to alleged violations of court orders, it is necessary to verify the court order and its service through the Combined Communications Center prior to taking any enforcement action. All restraining orders issued in Washington are facially valid statewide. The court orders can be verified by:
 - 1. A proof of service attached to the plaintiff's copy of the order, showing service on the respondent - no further verification is required.

Spokane Police Department

Policy Manual

Domestic Violence

2. Washington Crime Information Center (WACIC) check.
 3. Contacting the law enforcement agency in the jurisdiction where the order was issued.
 4. Contacting the Court Clerk's office.
 5. Determining that the respondent has knowledge of the order:
 - (a) No proof of service is required for No-Contact orders as the respondent's presence is required at the time of issue.
 - (b) If the order has been served, but neither the complainant nor the respondent has a copy reflecting the terms of the order, request that dispatch check the terms.
- (b) If the order is not verifiable:
1. The order shall not be enforced and the complainant should be advised to contact the court that issued the order, or the attorney who drafted the order.
 2. Arrest the suspect if probable cause exists that a separate crime has been committed.

320.4.3 VALID FOREIGN (OUT OF STATE) ORDERS FOR PROTECTION WILL BE ENFORCED

Officers of the Spokane Police Department will enforce valid Foreign Orders for Protection as if these orders were issued in Washington State. Prior to taking enforcement action, officers must verify that the Foreign Order for Protection is valid and that the respondent has been served. There is a presumption in favor of validity where a foreign order appears authentic on its face. This does not stop an officer from taking action to investigate domestic violence incidents (e.g., stalking, harassment) which may be taking place in Washington State.

- (a) Disputes regarding provisions in out-of-state protection orders dealing with custody of children, residential placement of children or visitation with children will be resolved judicially. Officers will not remove a child from his/her current placement unless:
1. A writ of habeas corpus to produce the child has been issued by a superior court of Washington State; or
 2. There is probable cause to believe that the child is at risk of being abused or neglected and the child would be injured or could not be taken into custody if it were necessary to first obtain a court order.

320.5 EVIDENCE

The following guidelines should be considered by officers investigating domestic violence cases:

320.5.1 PHOTOGRAPHS OF INJURIES

The investigating officer should have photographs taken of the victim's injuries. The victim should be referred to the Spokane Regional Domestic Violence Team for additional information. If there is a need for any follow-up photographs, the victim should call 911 and request a corporal respond to take photographs. However, for follow-up photographs of injuries that are in intimate areas, the victim shall be photographed by a same sex officer or corporal or be referred to the Spokane County Sheriff's Office Forensic Unit.

Spokane Police Department

Policy Manual

Domestic Violence

Officers should request that the victim complete and sign an authorization for release of medical records.

320.5.2 OTHER EVIDENCE

All injuries, whether observable or not, should be documented in the incident report. The emotional demeanor of the victim and suspect should be noted.

Officers should impound all appropriate physical evidence that substantiates the victim's injuries and/or the crimes charged (e.g., weapons, torn clothing, and broken items).

In cases of serious assaults, officers should attempt to preserve the 9-1-1 tape of the call for assistance, particularly when the victim is the calling party.

Victims with injuries which may require medical attention at present or in the future, will be asked by the investigating officer to sign the Authorization for Release of Information form regarding medical records.

320.6 VICTIM ASSISTANCE

During the course of investigating and reporting domestic violence cases, an officer may assist a victim in many ways. Some suggested methods of assistance are:

- (a) Assist in obtaining appropriate medical attention if a complainant claims injury, whether visible or not.
- (b) Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for their safety, or the officer determines a need exists.
- (c) Stand by for a reasonable amount of time when a complainant requests police assistance while removing essential items of personal property.

320.6.1 WRITTEN NOTICE TO VICTIMS

In all cases when an officer responds to a domestic violence call, the officer shall advise victims of all reasonable means to prevent further abuse, including advising each person of the availability of a shelter or other services in the community, and giving each person immediate notice of the legal rights and remedies available. The notice shall include handing each person a copy of the following statement (RCW 10.99.030(7)):

"IF YOU ARE THE VICTIM OF DOMESTIC VIOLENCE, you can ask the city or County Prosecutor to file a criminal complaint. You also have the right to file a petition in superior, district, or municipal court requesting an order for protection from domestic abuse which could include any of the following: (a) An order restraining your abuser from further acts of abuse; (b) an order directing your abuser to leave your household; (c) an order preventing your abuser from entering your residence, school, business, or place of employment; (d) an order awarding you or the other parent custody of or visitation with your minor child or children; and (e) an order restraining your abuser from molesting or interfering with minor children in your custody. The forms you need to obtain a protection order are available in any municipal, district, or superior court. Information about shelters and alternatives to domestic violence is available from a statewide twenty-four-hour toll-free hot line at (include appropriate phone number). The battered women's shelter and other resources in your area are (include local information)"

320.7 REPORTING OF DOMESTIC VIOLENCE

A written report must be completed on all incidents of domestic violence including when:

- (a) The suspect is at the scene and mandatory arrest is warranted.
- (b) The suspect is at the scene and mandatory arrest is not warranted.
- (c) The suspect has fled the scene and mandatory arrest is warranted.
- (d) The suspect has fled the scene and mandatory arrest is not warranted.

All such reports should be documented under the appropriate crime classification and, in the Type of Crime box of the crime report form, the distinction "Domestic Violence" should be made (RCW 10.99.030(10)).

If the responding officer determines that the call is not domestic violence in nature (e.g., landlord/tenant dispute) he/she will notify the Combined Communications Center to change the call's type code in CAD (Computer Aided Dispatch System).

Victims will be asked to provide a written statement on the victim/witness statement form to include signing it. He/she will be asked to sign the Authorization For Release of Information form regarding medical records.

Reporting officers should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence pamphlet provided to the victim. If the case number is not immediately available, an explanation should be given about how the victim can obtain the information at a later time.

320.7.1 RECORD-KEEPING RESPONSIBILITIES

All law enforcement agencies are required to maintain records on the number of domestic violence related calls reported to their agency. This information is to be reported to the Washington Association of Sheriff's and Police Chief's. It shall be the responsibility of the Records Manager to maintain and report this information as required (RCW 10.99.030).

320.8 DISPATCHER'S RESPONSIBILITIES

This department considers calls of reported, threatened, imminent, or ongoing domestic violence and the violation of any protection order and restraining orders to be of extreme importance and shall be ranked among the highest priorities. Dispatchers are not required to verify the validity of the protective order before responding to the request for assistance. All calls of domestic violence should be dispatched as soon as practical.

320.9 REPORTS AND RECORDS

- (a) Officers responding to a domestic violence call shall take a complete offense report, including the disposition of the case (RCW 10.99.030(6)(b)).
- (b) All such reports should be documented under the appropriate crime classification and should use the distinction Domestic Violence in the Type of Crime box of the crime report form (RCW 10.99.030(11)).
- (c) Whenever there is probable cause to believe that a crime has been committed and unless the case is under active investigation, the Investigative Services Supervisor shall ensure that all domestic violence crime reports are forwarded to the County Prosecutor's Office within 10 days of the date the incident was reported (RCW 10.99.030(9)).

Spokane Police Department

Policy Manual

Domestic Violence

- (d) The Records Manager shall ensure that accurate records of domestic violence incidents are maintained and submitted to the Washington Association of Sheriffs and Police Chiefs (WASPC), in accordance with state law (RCW 10.99.030(12)).

Search & Seizure

322.1 PURPOSE AND SCOPE

Case law regarding search and seizure is ever changing and frequently subject to interpretation under the varying facts of each situation. This policy is intended to provide a few of the basic guidelines that may assist an officer in evaluating search and seizure issues. Specific situations should be handled according to current training and an officer's familiarity with clearly established case law.

322.2 REASONABLE EXPECTATION OF PRIVACY

Both the United States and the Washington Constitutions provide every individual with the right to be free from unreasonable governmental intrusion. As a general rule, members of this department should not physically enter any area where an individual has a reasonable expectation of privacy in order to conduct a search or seizure without one or more of the following:

- A valid search warrant
- An arrest warrant
- Exigent circumstances
- Valid consent
- Incident to arrest

Always be mindful of the specific terms of the warrant or consent. Also, probable cause alone is never justification to search a person, place or vehicle.

322.2.1 SEARCH PROTOCOL

- (a) Members of this department will conduct person searches with dignity and courtesy.
- (b) Members of this department will conduct property searches in a manner that returns the condition of the property to its pre-search status as nearly as reasonably practical.
- (c) Members of this department should attempt to gain keys to locked property when a search is anticipated and the time and effort required to gain the keys makes it a practical option.
- (d) When the person to be searched is of the opposite sex of the officer, an officer of the like sex should, if practical, conduct the search.
- (e) A search may be undertaken of a member of the opposite sex when it is not practical to use an officer of the like sex. In these instances the officers will adhere to the following guidelines:
 1. A supervisor and/or one other officer should witness the search, if practical.
 2. Officers will use the back side of their hands and fingers to search sensitive areas of the opposite sex to include the breast, crotch and buttocks areas.
- (f) The officer should explain to the person being searched the reason for the search and how the officer will conduct the search.

Spokane Police Department

Policy Manual

Search & Seizure

322.3 SPECIFIC SITUATIONS

322.3.1 RESIDENCE

Absent a valid search warrant, arrest warrant, exigent circumstances, probation or parole authorization, or valid consent, every person has a reasonable expectation of privacy inside his/her home. Individuals do not, however, generally have a reasonable expectation of privacy in areas around their home where the general public (e.g., mail carriers and solicitors) would reasonably be permitted to go.

322.3.2 PLAIN VIEW

Because an individual does not have an expectation of privacy as to items that are in plain view, no search has taken place in a constitutional sense when an object is viewed from a location where the officer has a right to be.

An item in plain view may generally be seized when all of the following conditions exist:

- (a) It was viewed from a lawful location.
- (b) There is probable cause to believe that the item is linked to criminal activity.
- (c) The location of the item can be legally accessed.

It is important to note that the so-called "Nexus Rule" requires that even items in plain view must not be seized unless there is probable cause to believe that the item will aid in an investigation. Such a nexus should be included in any related reports.

322.3.3 EXIGENT CIRCUMSTANCES

Exigent circumstances permitting entry into premises without a warrant or valid consent generally include any of the following:

- (a) Imminent danger of injury or death
- (b) Serious damage to property
- (c) Imminent escape of a suspect
- (d) The destruction of evidence

An exigency created by the officer's own conduct as an excuse for a warrantless entry is not generally permitted.

322.4 CONSENT

Entry into a location for the purpose of conducting a search for any item reasonably believed relevant to any investigation is permitted once valid consent has been obtained. A search by consent however is only valid if the following criteria are met:

- Voluntary (i.e., clear, specific, and unequivocal)
- Obtained from a person with authority to give the consent
- Does not exceed the scope of the consent given

Prior to conducting a consensual search officers shall inform all persons giving consent of the following, and shall describe such circumstances in the related report(s):

- (a) The person may refuse to give consent if they so choose.
- (b) Once given, consent may be withdrawn at any point during the search.

Spokane Police Department

Policy Manual

Search & Seizure

- (c) The scope of the search may be limited.
- (d) Any evidence found during the search may be used against them or others in court.

Unless unusual circumstances would prevent the use of the department's Consent to Search form, officers should have the individual read the form, ensure he/she understands it, and he/she has signed it.

Consent must be obtained as the product of a free will. It cannot be obtained through submission to authority, expressed or implied.

A person with authority to consent to search should be present or otherwise in a position to communicate a withdrawal of consent should they so desire. Absent other legal justification, any related search should be discontinued at any point that consent is withdrawn.

An officer may conduct a search of a person under arrest and areas within that person's control, incident to a lawful custodial arrest (see policy 902).

NOTE: See Policy Manual § 902 for strip searches and other in-custody searches and see Policy Manual § 510 for vehicle/impound/search.

Temporary Custody of Juveniles

324.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Spokane Police Department (42 USC § 5633).

324.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian or other responsible person.

Juvenile offender - A juvenile 17 years of age or younger who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) or a juvenile who has violated RCW 9.41.040(2)(a)(iii) by possessing a handgun (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when an unsecure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.

Sight and sound separation - Located or arranged to prevent physical, visual or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include

Spokane Police Department

Policy Manual

Temporary Custody of Juveniles

running away, underage possession of tobacco, curfew violation or truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

324.2 POLICY

The Spokane Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Spokane Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

324.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Spokane Police Department:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated
- (e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Spokane Police Department unless they have been evaluated by a qualified medical and/or mental health professional.

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

324.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Spokane Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Spokane Police Department without authorization of the arresting officer's supervisor or the Shift Commander.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Spokane Police Department (42 USC § 5633; RCW 13.04.116(b)).

324.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Spokane Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (42 USC § 5633).

Spokane Police Department

Policy Manual

Temporary Custody of Juveniles

324.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (42 USC § 5633).

324.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Spokane Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, juvenile offenders may be taken into custody under the following circumstances (RCW 13.40.040(1)):

- (a) Pursuant to a court order.
- (b) Without a court order, by an officer if grounds exist for the arrest of an adult in identical circumstances.
- (c) When his/her parole has been suspended.

324.5 ADVISEMENTS

When a juvenile offender is taken into custody, the officer should, as soon as practicable, notify the juvenile's parent, guardian or a responsible relative that the juvenile is in custody.

324.6 JUVENILE CUSTODY REPORT NOTATIONS

Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody report, including:

- (a) Identifying information about the juvenile being held.
- (b) Date and time of arrival and release from the Spokane Police Department.
- (c) Shift Commander notification and approval to temporarily hold the juvenile.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Spokane Police Department shall maintain a constant, immediate presence with the juvenile or the adult to

minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

324.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Spokane Police Department shall ensure the following:

- (a) The Shift Commander should be notified if it is anticipated that a juvenile may need to remain at the Spokane Police Department more than four hours. This will enable the Shift Commander to ensure no juvenile is held at the Spokane Police Department more than six hours.
- (b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- (c) Personal visual checks and significant incidents/activities shall be noted on the log.
- (d) There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware. Therefore, an employee should inform a juvenile under his/her care that the juvenile will be monitored at all times, unless he/she is using the toilet. This does not apply to surreptitious and legally obtained recorded interrogations.
- (e) Juveniles shall have reasonable access to toilets and wash basins.
- (f) Food should be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile.

- (o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse.

324.9 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Spokane Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Shift Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Spokane Police Department

Policy Manual

Temporary Custody of Juveniles

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse.

324.10 PERSONAL PROPERTY

The officer taking custody of a juvenile offender or status offender at the Spokane Police Department shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils and belts.

The personal property of a juvenile should be placed in a property bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Spokane Police Department.

324.11 SECURE CUSTODY

Only juvenile offenders 14 years and older may be placed in secure custody. Shift Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others.

Members of this department should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

When practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody, rather than the use of a locked enclosure. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object.

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.

324.11.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- (a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.
- (b) Juveniles shall have constant auditory access to department members.
- (c) Initial placement into and removal from a locked enclosure shall be logged.
- (d) Random personal visual checks of the juvenile by staff member, no less than every 15 minutes, shall occur.
 1. All checks shall be logged.
 2. The check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
 3. Requests or concerns of the juvenile should be logged.

Spokane Police Department

Policy Manual

Temporary Custody of Juveniles

- (e) Males and females shall not be placed in the same locked room.
- (f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- (g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

324.12 SUICIDE ATTEMPT, DEATH OR SERIOUS INJURY OF A JUVENILE

The Shift Commander will ensure procedures are in place to address the suicide attempt, death or serious injury of any juvenile held at the Spokane Police Department. The procedures will address:

- (a) Immediate notification of the on-duty supervisor, Chief of Police and Investigation Bureau supervisor.
- (b) Notification of the parent, guardian or person standing in loco parentis, of the juvenile.
- (c) Notification of the appropriate prosecutor.
- (d) Notification of the City Attorney.
- (e) Evidence preservation.

324.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

324.14 RESTRICTION ON FINGERPRINTING AND PHOTOGRAPHING

A juvenile offender may be photographed and fingerprinted as provided by RCW 43.43.735.

324.15 RELEASE OF INFORMATION CONCERNING JUVENILES

Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Officers of this department shall not divulge any information regarding juveniles in situations where they are uncertain of the legal authority to do so.

324.15.1 RELEASE OF INFORMATION BY SUPERIOR COURT ORDER

A copy of the current policy of the Superior Court concerning authorized release of information and appropriate acknowledgment forms shall be kept with copies of this procedure in the Policy Manual.

324.15.2 RELEASE OF INFORMATION TO OTHER AGENCIES

It shall be the responsibility of the Records Manager and the appropriate Investigation Bureau supervisors to ensure that personnel of those bureaus act within legal guidelines.

Abuse of Vulnerable Adults

326.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with direction and understanding of their role in the prevention, detection, and intervention in incidents of vulnerable adult abuse. It is the policy of the Spokane Police Department to treat reports of violence or other exploitation against vulnerable adults as high priority criminal activity that is to be fully investigated regardless of the relationship between the victim and suspect(s).

326.2 DEFINITIONS

For purposes of this policy, the following definitions are provided (RCW 74.34.020).

Abandonment - Action or inaction by a person or entity with a duty of care for a vulnerable adult that leaves the vulnerable person without the means or ability to obtain necessary food, clothing, shelter, or health care.

Abuse - The willful action or inaction that inflicts injury, unreasonable confinement, intimidation, or punishment on a vulnerable adult. In instances of abuse of a vulnerable adult who is unable to express or demonstrate physical harm, pain, or mental anguish, the abuse is presumed to cause physical harm, pain, or mental anguish. Abuse includes sexual abuse, mental abuse, physical abuse, and exploitation of a vulnerable adult.

Consent - Express written consent granted after the vulnerable adult or his/her legal representative has been fully informed of the nature of the services to be offered and that the receipt of services is voluntary.

DSHS - The Department of Social and Health Services.

Exploitation - An act of forcing, compelling, or exerting undue influence over a vulnerable adult causing the vulnerable adult to act in a way that is inconsistent with relevant past behavior, or causing the vulnerable adult to perform services for the benefit of another.

Financial exploitation - The illegal or improper use, control over or withholding of the property, income, resources, or trust funds of the vulnerable adult by any person or entity for profit or advantage.

Mental abuse - Any willful action or inaction resulting in mental or verbal abuse. Mental abuse includes, but is not limited to, coercion, harassment, inappropriately isolating a vulnerable adult from family, friends, or regular activity, and verbal assault that includes ridiculing, intimidating, yelling, or swearing.

Neglect - A pattern of conduct or inaction by a person or entity with a duty of care that fails to provide the goods and services that maintain physical or mental health of a vulnerable adult, or that fails to avoid or prevent physical or mental harm or pain to a vulnerable adult; or an act or omission that demonstrates a serious disregard of consequences of such a magnitude as to constitute a clear and present danger to the vulnerable adult's health, welfare, or safety, including but not limited to conduct prohibited under RCW 9A.42.100.

Physical abuse - The willful action of inflicting bodily injury or physical mistreatment. Physical abuse includes, but is not limited to, striking with or without an object, slapping, pinching, choking, kicking, shoving, prodding, or the use of chemical restraints or physical

Spokane Police Department

Policy Manual

Abuse of Vulnerable Adults

restraints unless the restraints are consistent with licensing requirements, and includes restraints that are otherwise being used inappropriately.

Self-neglect - The failure of a vulnerable adult, not living in a facility, to provide for him/herself the goods and services necessary for the vulnerable adult's physical or mental health, and the absence of which impairs or threatens the vulnerable adult's well-being. This definition may include a vulnerable adult who is receiving services through home health, hospice, or a home care agency, or an individual provider when the neglect is not a result of inaction by that agency or individual provider.

Sexual abuse - Any form of non-consensual sexual contact, including but not limited to, unwanted or inappropriate touching, rape, sodomy, sexual coercion, sexually explicit photographing, and sexual harassment. Sexual abuse includes any sexual contact between a staff person, who is not also a resident or client, of a facility or a staff person of a program authorized under RCW Chapter 71A.12, and a vulnerable adult living in that facility or receiving service from a program authorized under RCW Chapter 71A.12, whether or not it is consensual.

Vulnerable adult- Includes a person 60 years of age or older who has the functional, mental, or physical inability to care for him/herself; is found to be incapacitated under RCW Chapter 11.88; has a developmental disability as defined under RCW 71A.10.020; is admitted to any facility; is receiving services from home health, hospice, or home care agencies licensed or required to be licensed under RCW Chapter 70.127; is receiving services from an individual provider; who self-directs his/her own care and receives services from a personal aide.

326.3 MANDATORY REPORTING REQUIREMENTS

Pursuant to RCW 74.34.020(8) any officer of the Spokane Police Department is considered a mandated reporter. When there is reasonable cause to believe that abandonment, abuse, sexual or physical assault, financial exploitation, or neglect of a vulnerable adult has occurred, mandated reporters shall immediately report to the Department of Social and Health Services, Adult Protective Services (APS) regardless of jurisdiction (RCW 74.34.035).

326.3.1 RECORDS DIVISION RESPONSIBILITY

The Records Division is responsible for providing a copy of the vulnerable adult abuse report to the Department of Social and Health Services/APS. This requirement is applicable even if the initial call was received from Department of Social and Health Services.

326.4 OFFICER RESPONSE

All incidents involving actual or suspected elder and dependent adult abuse shall be fully investigated and appropriately documented.

326.4.1 INITIAL RESPONSE

Officers may be called upon to effect a forced entry as the first responder to the scene of a suspected elder abuse. Entry should be immediate when it appears reasonably necessary to protect life or property. When the need for an emergency entry is not evident, officers should seek supervisory approval. Officers must be prepared to provide emergency care pending the arrival of medical personnel, if not already present.

Spokane Police Department

Policy Manual

Abuse of Vulnerable Adults

326.4.2 STABILIZE THE SITUATION

Officers must quickly assess the situation in an effort to ensure the immediate safety of all persons. Officers shall also consider the following:

- (a) Attempt to identify the victim, suspect and witnesses as well as the roles and relationships of all parties. Parties should be interviewed separately whenever possible. Frequently it is wrongfully assumed that vulnerable adults are incapable of accurately reporting the incident. Do not automatically discount the statement of an elderly person.
- (b) Preserve the crime scene where evidence may be present. All persons should be removed from the scene until it has been photographed and processed. Any evidence such as injuries that may change in appearance should be photographed immediately.
- (c) Assess and define the nature of the problem. Officers should assess the available information to determine the type(s) of abuse that may have taken place or the potential for abuse in the future that may be eliminated by our intervention.
- (d) Make on-scene arrests when appropriate. Immediate arrest of an abuser (especially when the abuser/suspect is a family member or caretaker) may leave the vulnerable adult victim without necessary support and could result in institutionalization. The effect of an arrest on the victim should be considered and weighed against the assessed risk, domestic violence laws and the competent victim's desires. The present and future safety of the victim is of utmost importance and institutionalization is generally preferable to continued victimization.

326.4.3 SUPPORT PERSONNEL

The following person(s) should be considered for notification and response if it appears an in-depth investigation is appropriate:

- Patrol supervisor
- Detective personnel
- Evidence collection personnel
- DSHS/APS personnel

326.4.4 EMERGENCY PROTECTIVE ORDERS

In any situation which an officer reasonably believes that an elder or dependant adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the officer should make an attempt to facilitate a protective order against the person alleged to have committed or threatened such abuse pursuant to RCW 74.34.110; 74.34.150; 74.34.210; or other applicable statutes.

Adult Protective Services is responsible for obtaining the protective order.

326.5 ELDER ABUSE REPORTING

Every allegation of vulnerable adult abuse shall be documented. Reporting of cases of vulnerable adult abuse is confidential and will only be released as per Policy Manual § 810. The following information should be provided in addition to the general information provided on the crime report (RCW 74.34.035(7) and 74.34.040):

- The name and address of the person making the report
- The name of address of the vulnerable adult and the name of the facility or agency providing care for the vulnerable adult

Spokane Police Department

Policy Manual

Abuse of Vulnerable Adults

- The name and address of the legal guardian or alternate decision maker
- The nature and extent of the abandonment, abuse, financial exploitation, neglect, or self-neglect
- The identity and relationship of the alleged perpetrator if known
- Other information or documentation that may be helpful in establishing the extent of abandonment, abuse, financial exploitation, neglect, or the cause of death of the deceased vulnerable adult, including photographs, witness statements, environmental descriptions, and financial statements

326.6 CONFIDENTIALITY OF REPORTING PARTY

Absent a judicial proceeding or the person provides consent, the identity of the person making the report under this section is confidential (RCW 74.34.035(8) and RCW 74.34.040).

Discriminatory Harassment

328.1 PURPOSE AND SCOPE

This policy is intended to prevent department members from being subjected to discrimination or sexual harassment.

328.2 POLICY

The Spokane Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against employees in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The non-discrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

328.3 DISCRIMINATION PROHIBITED

328.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by an employee that adversely affects an applicant or employee and is based on race, color, religion, sex, age, national origin or ancestry, genetic information, disability, military service, sexual orientation and other classifications protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments, crude and offensive statements or remarks, making slurs or off-color jokes, stereotyping, engaging in threatening acts, making indecent gestures, pictures, cartoons, posters or material, making inappropriate physical contact, or using written material or department equipment and/or systems to transmit or receive offensive material, statements or pictures. Such conduct is contrary to department policy and to the department's commitment to a discrimination free work environment.

Retaliation is treating a person or applicant differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation or opposed a discriminatory practice. Retaliation will not be tolerated.

328.3.2 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or an employee because of that person's sex.

Spokane Police Department

Policy Manual

Discriminatory Harassment

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment position or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

328.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the Washington State Human Rights Commission.
- (b) Bona fide requests or demands by a supervisor that an employee improve his/her work quality or output, that the employee report to the job site on time, that the employee comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and employee.

328.4 RESPONSIBILITIES

This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any employee who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and make the report to a higher ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Human Resources Director or the City Administrator.

Any member who believes, in good faith, that he/she has been discriminated against, harassed, subjected to retaliation, or who has observed harassment or discrimination, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

328.4.1 SUPERVISOR RESPONSIBILITY

Each supervisor and manager shall:

- (a) Continually monitor the work environment and strive to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Take prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment or retaliation.
- (c) Ensure their subordinates understand their responsibilities under this policy.

Spokane Police Department

Policy Manual

Discriminatory Harassment

- (d) Ensure that employees who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Notify the Chief of Police in writing of the circumstances surrounding any reported allegations or observed acts of discrimination/harassment no later than the next business day.

328.4.2 SUPERVISOR'S ROLE

Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing or retaliatory. Supervisors and managers shall be aware of the following considerations:

- (a) Behavior of supervisors and managers should represent the values of the Department and professional law enforcement standards.
- (b) False or mistaken accusations of discrimination, harassment or retaliation have negative effects on the careers of innocent members.
- (c) Supervisors and managers must act promptly and responsibly in the resolution of such situations.
- (d) Supervisors and managers shall make a timely determination regarding the substance of any allegation based upon all available facts.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling employees or issuing discipline, in a manner that is consistent with established procedures.

328.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved members should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination or harassment shall be fully documented, and promptly and thoroughly investigated. The participating or opposing member should be protected against retaliation, and the complaint and related investigation should be kept confidential to the extent possible.

328.5.1 SUPERVISORY RESOLUTION

Members who believe they are experiencing discrimination, harassment or retaliation should be encouraged to inform the individual that his/her behavior is unwelcome. However, if the member feels uncomfortable, threatened or has difficulty expressing his/her concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

328.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The Human Resources department will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member

Spokane Police Department

Policy Manual

Discriminatory Harassment

will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include, but not be limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with Human Resources.

328.5.3 DISPOSITION OF COMPLAINTS

Only one of the following four dispositions will be used to classify the disposition of an allegation of harassment:

Sustained Complaints - If the complaint is substantiated, this policy and procedure prohibiting discrimination/harassment will be reviewed with the offender. Appropriate disciplinary action and/or training, will be taken pursuant to the department disciplinary procedures.

Not Sustained Complaints - If there is insufficient evidence to either prove or disprove the allegation(s), both parties to the complaint will be informed of the reason(s) for this disposition.

Unfounded Complaint - If it is determined that an act reported pursuant to this policy/procedure did not in fact occur, a finding of unfounded shall be made.

Exonerated Complaints - If it is determined that an act reported pursuant to this policy/procedure did in fact occur, but was lawful and proper within the guidelines established herein, a finding of exonerated shall be made.

Should it be determined that the reporting employee filed the complaint in good faith and/or through a mistake of fact, that employee shall be counseled/trained pursuant to Policy Manual § 328.4.1(c).

Should it be determined that the reporting employee maliciously filed the complaint knowing that it was false or frivolous at the time of the complaint, that employee shall be subject to the disciplinary process up to and including termination.

328.6 NOTIFICATION OF DISPOSITION

The complainant and/or victim will be notified in writing of the disposition of the investigation and actions taken to remedy the complaint.

328.7 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- Approved by the Chief of Police or the Human Resources Director, if more appropriate.
- Maintained for the period established by the current collective bargaining agreement.

Child Abuse and Neglect Reporting

330.3 MANDATORY NOTIFICATION

Members of the Spokane Police Department shall notify CPS when a report of abuse or neglect of a child is received or when there is reasonable cause to believe that a child has suffered abuse or neglect (RCW 26.44.030).

 1. A reasonable belief that medical issues need to be addressed immediately.
 2. It is reasonable believed that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.

In all circumstances in which a suspected child abuse victim is contacted, it will be incumbent upon the investigating officer to articulate in the related reports the overall basis for the contact and what, if any, exigent circumstances exist.

Any juvenile student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of school staff to be present. The purpose of the staff member's presence is to provide comfort and support and such staff member shall not participate in the interview. - (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.
- (k) Applicable local protocol regarding child abuse investigations (RCW 26.44.180 et seq.).

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

330.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact CPS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to CPS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Spokane Police Department

Policy Manual

Child Abuse and Neglect Reporting

Children may only be removed from a parent or guardian in the following situations (RCW 26.44.050):

- (a) A court order has been issued authorizing the removal of the child.
- (b) There is probable cause to believe that the child is abused or neglected and that the child would be injured or could not be taken into custody if it were necessary to first obtain a court order (e.g., the child could be taken and concealed).

330.6.1 SAFE HAVEN LAW

A parent is not guilty of abandonment when leaving a newborn 72 hours old or younger with a qualified person at the emergency department of a licensed hospital or a fire station while personnel are present (RCW 13.34.360). The qualified person shall notify CPS. CPS shall assume custody of the newborn.

330.7 INTERVIEWS

330.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

330.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

330.7.3 TRAINING REQUIREMENT

Only those members who have successfully completed Washington State Criminal Justice Training Commission (WSCJTC) sponsored training on interviewing child victims of sexual abuse shall participate in or conduct such interviews. Interviews of children who are suspected victims of sexual abuse will be conducted in compliance with the training standards set forth in RCW 43.101.224.

330.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

Spokane Police Department

Policy Manual

Child Abuse and Neglect Reporting

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

330.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

330.9.1 SUPERVISOR RESPONSIBILITIES

The Investigation Bureau Supervisor should:

- (a) Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Investigation Bureau Supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

330.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Investigation Bureau Supervisor so an interagency response can begin.

330.10 STATE MANDATES AND OTHER RELEVANT LAWS

Washington requires or permits the following:

330.10.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Release and Security Policy (RCW 42.56.240).

330.10.2 ARREST WITHOUT WARRANT

When an officer responds to a call alleging that a child has been subjected to sexual or physical abuse or criminal mistreatment and has probable cause that a crime has been committed, or the officer responds to a call alleging that a temporary restraining order or preliminary injunction has been violated, he/she has the authority to arrest the person without a warrant (RCW 10.31.100; RCW 26.44.130).

RCW 13.60 et seq., as well as 42 USC § 5779(a), specify certain requirements relating to missing persons. This department will adopt protocols for the investigation of reported missing persons developed pursuant to RCW 36.28A.100.

This department shall accept and file an official missing person report and enter biographical information into the state missing person computerized network without delay after notification of a missing child is received under RCW 13.32A.050(1)(a), (c) and (d). The name, date of birth, social security number, fingerprint classification, relevant physical descriptions, and known associates and locations shall also be provided to the Washington State Patrol on appropriate forms. Access to the preceding information shall be available to appropriate law enforcement agencies, and to parents and legal guardians, when appropriate (RCW 36.28A.120).

332.1.1 DEFINITIONS

At risk - Includes, but is not limited to, evidence or indications of any of the following:

- The person missing is in need of medical attention.
- The person missing has no pattern of running away or disappearing.

Endangered - Any person that meets both of the following criteria:

- The person is missing under unexplained, involuntary or suspicious circumstances.

332.2 REPORT ACCEPTANCE

All personnel should accept any report, including any telephone report, of a missing person, including runaways, without delay and shall give priority to the handling of these reports over the handling of reports relating to crimes involving property. Reports should be taken on missing persons regardless of jurisdiction.

Spokane Police Department

Policy Manual

Missing Person Reporting

Patrol personnel should handle the initial missing person report. Department personnel shall promptly assist any person who is attempting to make a report of a missing person or runaway. In cases involving a person at-risk or a child under 16-years of age, the Investigation Bureau will begin an investigation after an initial search by patrol personnel.

In all cases involving a person at-risk, endangered, or a child under 16-years of age the handling employee shall ensure that the Shift Commander and appropriate Investigative Services supervisor is notified.

332.2.1 INVESTIGATION DILIGENCE

Members of this department should accept any report, including any telephonic report, of a missing person, including runaways, without delay and shall give priority to the handling of these reports over the handling of reports relating to crimes involving property. The agency having jurisdiction over the missing person's residence normally will handle the case after the initial report is taken, however department members may assist in the investigation on a person who was last seen in this jurisdiction.

332.2.2 TASK FORCE ON MISSING AND EXPLOITED CHILDREN

The Washington State Patrol Multiagency Taskforce on Missing and Exploited Children is available to assist local jurisdictions on missing cases through referrals, on-site assistance, case management, and training (RCW 13.60.110). The task force may assist agencies, upon request, by:

- (d) There is reasonable suspicion that a child is being unlawfully harbored in violation of RCW 13.32A.080.

Spokane Police Department

Policy Manual

The officer should also inform the juvenile of the reason for the custody.

Officers shall not extend beyond the amount of time reasonably necessary to transport the child to a destination authorized under RCW 13.32A.060. Officers should maintain custody of a juvenile until the person, agency or entity to whom the child is released agrees to accept custody.

Officers who transport juveniles to a crisis residential center who were either a runaway or endangered child shall, within 24 hours of delivering the child to the center, provide to the center a written report detailing the reasons the officer took the child into custody.

Endangered and runaway juveniles, except when in custody for separate criminal offenses, are status offenders. Status offenders may not be detained in police jails or lockups. They may not be held in a detention environment or come into contact with adults in custody in the station.

332.2.4 CRIME INFORMATION CENTER

The Washington State Patrol (WSP) Missing and Unidentified Persons Unit (MUPU) assists law enforcement agencies and parents in locating missing persons. At the request of a parent, legal custodian or guardian who has reported a child as having run away from home, WSP will make the information about the runaway child available on its website (RCW 43.43.510(2)(a)).

At the time a report is taken for a missing or runaway child, officers should inform parents of the service provided by WSP and direct them to the appropriate website (<http://www.wsp.wa.gov/crime/mpufaqs.htm>).

332.3 REPORT HANDLING

Missing person reports require special handling and timely notifications. A reference chart is attached at the end of this section.

332.3.1 TRANSMITTING REPORTS TO OTHER JURISDICTIONS

When the Spokane Police Department takes a missing person report on a person who lives outside of this jurisdiction, the Records Division should promptly notify and forward a copy of the report to the agencies having jurisdiction over the missing person's residence and where the missing person was last seen. If the missing person is under 21 or there is evidence that the person may be at-risk, the reports should also be forwarded within no more than 24 hours to the jurisdiction of the agency where the missing person was last seen.

332.3.2 NOTIFICATIONS

When a missing person is under the age of 21, Records Division personnel shall enter the information, via A Central Computerized Enforcement Service System (ACCESS), into the Washington Crime Information Center (WACIC) and the National Crime Information Center (NCIC) databases within two hours after accepting the report (42 U.S.C. 5779(a)).

When a person reported missing has not been found within 30 days of the report or at any time when foul play is suspected, the handling officer or detective shall contact the county coroner or medical examiner to determine if that office has any information concerning the missing person. If after conferring with the coroner or medical examiner, the person is still determined to be missing the handling officers shall complete the following:

- (b) Initiate the collection of DNA samples from the known missing person and their family members for nuclear and mitochondrial DNA testing along with the necessary consent forms.

As soon as possible DNA samples shall be submitted to the appropriate lab, and dental records shall be submitted to the Washington State Patrol missing and unidentified persons unit (RCW 43.43.751 and 68.50.320).
- (d) In all missing person cases, the assigned detective should attempt contact with the reporting party no less than every three months in order to verify the status of the reported missing person. After twelve months, contacts with the reporting party should be attempted yearly. All verifications should be reported to WSP via ACCESS.

332.4 MISSING PERSONS LOCATED

The investigation may be concluded when the missing person is located or when another agency accepts the case and formally assumes the investigative responsibilities.

When a missing person is located, the detective (if the case has been assigned) must ensure that an administrative message is sent without delay to WACIC and NCIC, through ACCESS, noting that the person has been located. If no detective has yet been assigned Records Division personnel shall be responsible for making the notification.

No employee shall knowingly make, acquire, or use unauthorized copies of computer software not licensed to the department while on department premises or on any department computer system.

342.6 INTERNET USE

Employees are allowed limited use of equipment and facilities to access the Internet for purposes other than those directly or indirectly related to the activities of the City. 342.9 COMPUTER AND COPIER HARD DRIVES

The Spokane Police Department handles sensitive law enforcement related data and information. This information is often stored on computers, copiers and other devices owned by the Police department.

Once a device, copier or computer is to be taken out of service by the department, the hard drive within that device must be destroyed in compliance with guidelines set forth by the following governing agencies, policies or laws. Federal mandates require compliance with stringent laws such as the Health Insurance Portability and Accountability Act (HIPPA), the Gramm-Leach-Bliley Act (GLB), Personal Information and Protection and Electronics Documents Act (PIPEDA), and the Sarbanes-Oxley Act (SOX) to protect medical, consumer, personal and financial records, respectively. Additionally, government agencies must comply with security-relevant policies, such as DISA's Security Technical Implementation Guide Requirements, NSTISSP #11 and DOD Directive 8500. FIPS Pub-199 will act as the policy regarding security categorization levels.

To meet these requirements, the internal hard drives will be removed and gathered by LEIS, recorded by serial number and delivered to the Office of Professional Standards. The Office of Professional Standards will complete an audit and conduct and witness departmental computer hard drive destruction and verify departmental compliance with the standards set forth. The Office of Professional Standards will retain the necessary records.

Electronic Reporting

343.1 PURPOSE AND SCOPE

The accurate and timely reporting of police reports and information is a primary function and duty of law enforcement. The appropriate use of technology in accomplishing that function requires standard usage and policy. While this policy is specific to the Xpediter product, the principles and practices should be extended to any electronic method of report documentation.

343.2 DEFINITIONS

Xpediter C/S: A "Client/Server" relational database computer program. This program allows you to collect, store, sort, and retrieve data for cases and then print the case information onto forms or reports.

Xpediter Server: The central computer that is connected to the network. This is where the main Xpediter C/S database is stored.

Network Client: Any computer that is connected to the Xpediter server computer. The desktop icon will be green, indicating the computer is currently a network client.

Mobile Client: A computer that is not directly connected to the Xpediter server computer. The desktop icon will be red. Computers in a vehicle, such as laptops and MDDs are mobile clients. Mobile clients need to synchronize their data daily because they do not have a direct connection to the Xpediter server. All reports created from a mobile client must be transferred to the Xpediter server before they can be approved.

Control Center: The heart of the Xpediter C/S program is the control center. All modules and features of this program will be accessed from it. This is the first screen that a user will see after logging on to Xpediter C/S.

Approval Module: The approval module allows supervisors to review, approve, and/or return reports submitted by officers.

Messaging Module: The Messaging module allows users to send and receive messages from other users in the Xpediter C/S system.

343.3 ELECTRONIC REPORTING

All officers serving in the Uniformed Bureau are expected to be proficient in the use of the Xpediter C/S report-writing program, and will be required to attend Xpediter C/S certification training. Upon completion of Xpediter C/S certification training, officers will use the Xpediter C/S report-writing program to write reports.

Officers should complete incident reports prior to returning to service. If an officer is unable to complete a report immediately, they can save it on a portable memory device or transfer it to the Xpediter server and complete it later (see § 344.6, delayed reporting writing). All incomplete reports must be transferred to the Xpediter server by the end of the shift. Delayed reporting necessitates supervisory approval.

Spokane Police Department

Policy Manual

Electronic Reporting

343.4 DISTRIBUTING REPORTS

The Records Division will continue to be the main source for the distribution of police reports. No copies of incomplete or pending reports will be used as a work product. If the Records Division, Investigations, or case screening needs a copy of one of these reports, a supervisor will be notified.

343.5 WRITING REPORTS

- (a) Supervisors and officers will be responsible for synchronizing mobile client computers from the Xpediter server. Laptop computers will be synchronized at the beginning of the shift. A mobile client at a cop shop will be synchronized prior to writing reports. Officers and supervisors will log in with their own personal user identification and password. Passwords must be changed quarterly. Utilizing another's password is prohibited. Officers will not leave the Xpediter C/S program running when it is not in use. This will insure that a report is not written using another person's account.
- (b) When an officer has completed a report from a mobile client, they will transfer that report to the Xpediter server for supervisor approval. Officers will use the "Monitor Button" to confirm that transfers are successful. The transferred report is then stored on the Xpediter server and can only be viewed and altered from a network client. Only the submitting officer can alter a report that has not been approved by a supervisor.
- (c) All reports written on mobile clients, whether finished or not, must be transferred to the Xpediter server by the end of the officer's shift. A copy of every report written will be transferred to the officer's portable memory device or to their personal folder on the 'H' drive. All reports will then be manually deleted from the mobile client computers.
- (d) Officers who are assigned laptops will properly shut down all computer applications and turn off the laptop at the end of their shift. Computers will then be placed in the laptop cabinets for storage. Officers will not take the laptops home without supervisory authorization nor will they leave the laptops in a patrol vehicle once they have secured.
- (e) Reports will be allowed to remain temporarily on a mobile client computer only when the report cannot be transferred to a portable memory device, the officer's personal 'H' drive folder, or to the Xpediter server. In these situations the officers will call the help desk at 625-4099 giving their name, location of the mobile client, and the problem that was encountered. If the report was written at a cop shop mobile client, the officer will be responsible to return to that mobile client to delete his/her report. This will take place within one workweek of writing the report and when the Xpediter server connection has been restored.
- (f) When multiple officers are writing reports for the same incident, only the primary officer will write the original face sheet. If an arrest was made, only the primary officer will list the charges in his report. All other officers will use the supplemental form located in the report module.
- (g) At the start of every shift, officers will be responsible to check the Control Center for returned and incomplete reports. This check must be completed from a network client computer.
- (h) At the start of every shift, supervisors will be responsible for checking the Control Center for returned and incomplete reports of officers from his/her team. This check must be completed from a network client computer.
- (i) At the end of every shift, officers will check the Control Center to insure all completed reports are either in "pending" or "approved" status. This check must be completed from a network client computer. All arrest reports must be approved prior to securing at the end of shift.

Spokane Police Department

Policy Manual

Electronic Reporting

343.6 APPROVAL PROCESS

- (a) Supervisors will review pending reports in the approval module from a network client computer. Supervisors should review reports periodically during their shift and approve or return all pending reports before the end of their shift.
- (b) If reports are correct and complete, the supervisors will route the report to the appropriate investigative unit for follow-up if appropriate and approve the report.
- (c) Supervisors will electronically return insufficient reports to the officer using the approval module. The supervisor will use our e-mail system to inform the officer of the additional information needed to complete the report. The approving supervisor will e-mail a copy of this message to the involved officer's supervisor.
- (d) All arrest reports must be approved by a supervisor prior to the end of the officers' shift.
- (e) If an arrest report is to be returned and the officer cannot be reached, the supervisor reviewing the report will create a supplemental report in Xpediter C/S explaining the reason the report is insufficient prior to approving the insufficient report. The reviewing supervisor will notify the officer's supervisor that the officer left prior to getting the arrest report approved.

343.7 CORRECTING APPROVED REPORTS

- (a) It is not the responsibility of the Records Division to determine the correct report number needed for a case. If a Records Specialist cannot determine information needed for processing a report, a commissioned supervisor should be contacted to resolve the situation.
 1. Critical reports requiring immediate attention, include but are not limited to homicides, arrests, hate crimes, missing persons, etc., will be referred to any available on-duty supervisor (patrol, investigations, etc.) for immediate corrections so that the report can be processed.
 2. The Records Specialist will then send a notification to the involved officer and the officer's supervisor so that the report can be returned and corrected in Xpediter.
 3. Supervisors receiving a correction notice from the Records Division will logon to a network client and return the report. Supervisors are responsible to ensure officers make the necessary corrections the first day they are available. If the officer will be unavailable for more than two weeks, supervisors will contact records for further instructions.
- (b) Non-critical reports needing correction will have a notification sent to the involved officer and the involved officer's supervisor per Records Policy. Supervisors receiving a correction notice from the Records Division will logon to a network client and return the report. Supervisors are responsible to ensure officers make the necessary corrections the first day they are available. If the officer will be unavailable for more than two weeks, supervisors will contact records for further instructions.
- (c) Do not return an approved report in Xpediter unless Records is asking for the correction. If additional information needs to be put in an approved report, a supplemental report should be written instead of re-submitting the initial report.

Report Preparation

344.1 PURPOSE AND SCOPE

Report preparation is a major part of each officer's job. The purpose of reports is to document sufficient information to refresh the officer's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized training and on-the-job training.

344.1.1 REPORT PREPARATION

Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard, or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

344.2 REQUIRED REPORTING

Written reports are required in all of the following situations on the appropriate department approved form unless otherwise approved by a supervisor.

344.2.1 CRIMINAL ACTIVITY REPORTING

When an employee responds to a call for service, or as a result of self-initiated activity becomes aware of any activity where a crime has occurred, the employee is required to document the activity. The fact that a victim is not desirous of prosecution is not an exception to documenting a report. The following are examples of required documentation:

- (a) In every instance where a felony has occurred, the documentation shall take the form of a written crime report.
- (b) In every instance where a misdemeanor crime has occurred and the victim desires a report, the documentation shall take the form of a written crime report. If the victim does not desire a report, the incident will be recorded on the CAD incident history for the call.
- (c) In every case where force is used against any person by police personnel per Policy Manual § 300.4.
- (d) All incidents involving domestic violence.
- (e) All arrests.

- (e) All protective custody detentions.

344.2.3 DEATH CASES

The following cases shall be appropriately investigated and documented using the approved report:

- (a) Sudden or accidental deaths.
- (b) Suicides
- (c) Homicide or suspected homicide.
- (d) Unattended deaths (No physician in attendance within 36 hours preceding death).

Reports shall be taken if an injury occurs that is a result of an act of a city employee. Additionally, reports shall be taken involving damage to city property, city equipment, or to the property of another by a city employee.

344.2.5 MISCELLANEOUS INJURIES

Any injury that is reported to this department shall require a report when:

- (a) The injury is a result of drug overdose.
- (b) Attempted suicide.
- (c) The injury is major/serious, wherein death could result.
- (d) The circumstances surrounding the incident are suspicious in nature and it is desirable to record the event.

The above reporting requirements are not intended to be all-inclusive. A supervisor may direct an employee to document any incident he/she deems necessary.

344.3 GENERAL POLICY OF EXPEDITIOUS REPORTING

In general, all officers and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. The original report should be returned to the reporting employee for correction as soon as practical. 344.5 REPORT CHANGES OR ALTERATIONS

Reports that have been approved by a supervisor and submitted to the Records Division and entered into RMS shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been entered into RMS by the Records Division may be corrected or modified by the authoring officer only with the knowledge and authorization of a supervisor.

344.6 DELAYED REPORT WRITING

This section formalizes the process for delaying the writing of certain miscellaneous reports. This will also allow the officer the opportunity to do follow-up investigation. Utilizing this procedure will reduce overtime costs, allow officers more time to complete their reports and make this process more compatible with the demands for service. In order to delay the writing of an incident report, officers shall:

- (a) Contact the supervisor, advise of the type of report and ask for permission to delay its completion.
- (b) Upon the next work shift, complete the report in full and file accordingly. The following reports shall not be delayed:

352.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to officers in the request of or answering the request for assistance involving another law enforcement agency.

It is the policy of this department to provide assistance whenever possible, consistent with the applicable laws of arrest and detention policies of this department, when another law enforcement agency requests assistance with an arrest or detention of any person. This department may also request an outside agency to provide assistance.

352.1.1 ASSISTING OUTSIDE AGENCIES

Generally, calls for assistance from other agencies are routed to the Combined Communications Center supervisor. When an authorized employee of an outside agency requests the assistance of this department in taking a person into custody, available officers shall respond and assist in making a lawful arrest. If an officer receives a request in the field for assistance, that officer shall notify a supervisor as soon as practical (i.e., an emergency request may be responded to immediately and notification made after the fact). Arrestees may be temporarily detained by our agency until arrangements for transportation are made by the outside agency. Only in exceptional circumstances will this department provide transportation of arrestees to other county facilities.

When such assistance is rendered, a CAD number will be generated.

352.1.2 REQUESTING ASSISTANCE FROM OUTSIDE AGENCIES

If pre-planned assistance is needed from another agency, the employee requesting assistance shall first notify a supervisor of his/her intentions.

352.1.3 WASHINGTON MUTUAL AID PEACE OFFICERS POWERS ACT

Officers of the Spokane Police Department will comply with RCW 10.93, Washington Mutual Aid Peace Officers Powers Act.

Refer to Policy Manual § 426 for reporting police activity outside jurisdiction.

Registered Offender Information

356.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Spokane Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex offenders.

356.2 POLICY

It is the policy of the Spokane Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

356.3 REGISTRATION

The Investigation Bureau Supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Employees assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the Washington State Patrol (WSP) within five working days in accordance with RCW 43.43.540.

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

356.3.1 CONTENTS OF REGISTRATION

All offenders required to register must appear in person and provide the following:

- Name
- Complete residential address or where he/she plans to stay
- Date and place of birth
- Place of employment
- Crime for which convicted
- Date and place of conviction
- Aliases
- Social Security number

Offenders lacking a fixed residence must keep an accurate accounting of where he/she stays during the week and provide it to the county sheriff upon request.

The registering employee shall take photographs and fingerprints of all sex offenders.

Spokane Police Department

Policy Manual

Registered Offender Information

356.4 MONITORING OF REGISTERED OFFENDERS

The Investigation Bureau Supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.
- (b) Review of information on the Washington State Sex Offender Information Center website.
- (c) Contact with a registrant's community correction officer.

Any discrepancies should be reported to ACCESS (A Central Computerized Enforcement Service System), which is administered by WSP, and to the Washington Association of Sheriffs and Police Chiefs (WASPC), which administers the Washington State Sex Offender Information Center website.

The Investigation Bureau Supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Spokane Police Department personnel, including timely updates regarding new or relocated registrants.

356.5 DISSEMINATION OF PUBLIC INFORMATION

Employees will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Employees who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be provided the Washington State Sex Offender Information Center website or the Spokane Police Department's website.

The Records Manager shall release local registered offender information to residents in accordance with RCW 4.24.550 and in compliance with a request under the Public Records Act (RCW 42.56).

356.5.1 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The crime for which a person is convicted may not accurately reflect the level of risk.
- (e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.
- (f) The Spokane Police Department has no authority to direct where an offender may live.

356.5.2 MANDATORY DISSEMINATION

The Investigative Services Bureau Commander shall ensure that:

- (a) A public notification is made for offenders who are classified as Risk Level III and who register in the City. The notice must be published in at least one newspaper that has a general circulation in the geographic area of each offender's registered address or location. The notice must be in the form of a legal notice, advertisement or news release (RCW 4.24.550(4)). The notice shall conform to the guidelines established in RCW 4.24.5501.
- (b) All information on offenders registered in the City is regularly updated and posted on the Washington State Sex Offender Information Center website (RCW 4.24.550(5)).
- (c) When a registered offender attends or is employed by a school, the following information shall be provided to the school's principal or institution's department of public safety (RCW 9A.44.130):

 5. Crime for which committed
 6. Date and place of conviction
 7. Aliases used

- (a) Offenders classified as Risk Level I: The Department may disclose, upon request, relevant, necessary and accurate information to any victim or witness to the offense and to any individual community member who lives near the residence where the offender resides, expects to reside or is regularly found.
- (b) Offenders classified as Risk Level II: In addition to the dissemination for Level I, the Department may also disclose relevant, necessary and accurate information to public and private schools, child day care centers, family day care providers, public libraries, businesses and organizations that serve primarily children, women or vulnerable adults, and neighbors and community groups near the residence where the offender resides, expects to reside or is regularly found.
- (c) Offenders classified as Risk Level III: In addition to the dissemination of Level I and Level II, the Department may also disclose relevant, necessary and accurate information to the public at large.
- (d) Homeless and transient offenders may present unique risks to the community due to the impracticality of localized notification. The Department may also disclose relevant, necessary and accurate information to the public at large for offenders registered as homeless or transient.

356.6 SEX OFFENDER RISK ASSESSMENT

The Investigative Services Bureau Commander shall establish a procedure to review and assign an initial risk level classification of sex offenders who have moved or are released

into this jurisdiction and the risk assessment level has not already been assigned by the Washington Department of Corrections. That procedure shall address (RCW 4.24.550(6)):

- The circumstances under which the Spokane Police Department is authorized to assign its own risk level.
- What risk assessment tools may be used and how such tools are scored.
- Notification process following a change in the risk level classification.

Identity Theft

362.1 PURPOSE AND SCOPE

The purpose of this policy is to provide employees with protocols for accepting, recording, and investigating the crime of identity theft. Identity theft is one of the fastest growing and most serious economic crimes in the United States for financial institutions, businesses, organizations and persons whose identifying information has been illegally used. It can also be a tool that terrorists and those who are attempting to evade the law can use to their advantage. Therefore, the Spokane Police Department shall take those measures necessary to record criminal complaints, assist victims in contacting other relevant investigative and consumer protection agencies, and work with other federal, state and local law enforcement and reporting agencies to identify perpetrators.

362.2 DEFINITIONS

Identity Theft: No person may knowingly obtain, possess, use, or transfer a means of identification or financial information of another person, with the intent to commit, or to aid or abet, any crime.

Person: To include any natural person and, where relevant, a corporation, joint stock association, or an unincorporated association.

Financial information: Any of the following information identifiable to the individual that concerns the amount and conditions of an individual's assets, liabilities, or credit: Account numbers and balances; transactional information concerning an account; and codes, passwords, social security numbers, tax identification numbers, driver's license or permit numbers, state identicard numbers issued by the Department of Licensing, and other information held for the purpose of account access or transaction initiation.

Means of Identification: Information or an item that is not describing finances or credit but is personal to or identifiable with an individual or other person, including: A current or former name of the person, telephone number, an electronic address, or identifier of the individual or a member of his or her family, including the ancestor of the person; information relating to a change in name, address, telephone number, or electronic address or identifier of the individual or his or her family; a social security, driver's license, or tax identification number of the individual or a member of his or her family; and other information that could be used to identify the person, including unique biometric data.

362.3 JURISDICTION

Identity theft is punishable under federal law "when any person knowingly transfers or uses, without lawful authority, a means of identification of another person with the intent to commit, or to aid or abet, any unlawful activity that constitutes a felony under any applicable state or local law and state law" (18U.S.C. 1028(a)(7)).

Identity theft is punishable under Washington State law RCW 9.35.020.

The crime will be considered to have been committed in any locality where the person whose means of identification or financial information was appropriated resides, or in which any part of the offense took place, regardless of whether the defendant was ever actually in that locality.

Spokane Police Department

Policy Manual

Identity Theft

362.4 REPORTING

- (a) In an effort to maintain uniformity in reporting, officers presented with the crime of identity theft shall initiate a report for victims residing within the jurisdiction of this department. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:
1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.
- (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).
1. Fully record information concerning criminal acts that may have been committed illegally using another's personal identity as covered by state and federal law.
 2. If the victim has filed a report with the Federal Trade Commission, a copy of that report may be attached to the police report, documenting the details of the identity theft.
 3. Obtain or verify as appropriate, identifying information of the victim, which may include date of birth, social security number, driver's license number, other photo identification, current and most recent prior addresses, telephone numbers, fingerprint and photograph.
 4. Document the nature of the fraud or other crimes committed in the victim's name.
 5. Determine which types of personal identifying information may have been used to commit these crimes (i.e., social security number, driver's license number, birth certificate, financial account information, etc.) and whether any of these have been lost, stolen or potentially misappropriated.
 6. Document any information concerning whether the crime took place, the financial institutions or related companies involved and the residence or whereabouts of the victim at the time of these events.
 7. Determine whether the victim has knowledge or belief that a specific person or persons have used the victim identity to commit fraud or other crimes.
 8. Determine whether the victim is willing to assist in the prosecution of suspects identified in the crime.
 9. Determine if the victim has filed a report of the crime with other law enforcement agencies and whether such agency provided the complainant with a report number.
 10. Determine whether or not the victim was a relatively recent victim of a precipitating crime, i.e. vehicle prowling, vehicle theft, mail theft, burglary, etc. If so, cross reference the identity theft report with the original data acquisition report.
 11. If not otherwise provided, document/describe the crime, the documents or information used, and the manner in which the victim's identifying information was obtained.

Spokane Police Department

Policy Manual

Identity Theft

12. Forward the report through the chain of command to appropriate investigative officers and immediately to intelligence agencies and federal agencies, if it appears to have national security implications.

362.5 ASSISTING VICTIMS

Officers taking reports of identity theft should take those steps reasonably possible to help victims resolve their problem. This may include providing victims with the following suggestions where appropriate.

- (a) Provide the victim with a copy of the Spokane Police Department Identity Theft Victim Packet. If the packet is not available in the field, provide the victim with information to obtain the packet, i.e. download from the department website, contact the police front desk, etc. The information suggested below is listed in further detail in the ID Theft Victim packet.
- (b) Provide the victim with the report number and instructions on how to obtain a copy of the report.
- (c) Provide the identity theft victim with the opportunity and/or information if applicable to have their information entered into the WACIC Identity Theft Victim file, see below.
- (d) Advise the victim to cancel each compromised credit or debit card.
- (e) Advise the victim to contact any financial institutions to cancel existing, compromised or potentially compromised accounts.
- (f) Recommend the identity theft victim file a "fraud alert" by contacting each of the three major consumer reporting agencies and to add a victim's statement requesting creditors contact the victim before opening new accounts in the victim's identity.
- (g) Advise the identity theft victim of their right to obtain a "security freeze", per Washington State Law, RCW 19.182.170. The freeze prevents the victim's credit file from being shared with potential creditors. Each of the three major credit reporting agencies must be contacted in writing with a proof of identity and a copy of the police report.
- (h) Advise the victim of their right to obtain information and documentation regarding any transactions conducted using his or her identity by unauthorized persons, per the Fair Credit Reporting Act, FCRA 609(e).
- (i) Suggest the victim report the incident to the Federal Trade Commission (FTC at 1-877-IDTHEFT) or on-line www.consumer.gov, which acts as the nation's clearinghouse for information related to identity theft crimes. The FTC has trained counselors that can assist in resolving credit related problems.

362.6 VOLUNTARY FINGERPRINTS

Whenever a person claiming to be a victim of identity theft appears before the Spokane Police Department and requests an impression of his or her fingerprints to be made:

- (a) Spokane Police Department will refer the victim to Spokane County Forensics Unit to take fingerprints.
- (b) Spokane County Forensics Unit will make the required copies of the impressions on forms marked "Voluntary Finger/Palm Print and Photo Submission form." The victim will be provided with the appropriate documents to forward to WSP (RCW 43.43.760).

Spokane Police Department

Policy Manual

Identity Theft

362.7 INVESTIGATIONS

Investigations of identity theft shall include but not be limited to the following actions where appropriate:

- (a) Review identity theft reports while reviewing the daily fraud reports. If the victim has not received victim assistance/information, forward victim information if applicable. Not all identity theft reports will be investigated by detectives; however the identity theft victim will need victim information in order to correct the fraudulent accounts and activity(s) conducted in their identity.
- (b) Review the assigned identity theft report and any other cross referenced or related incident reports.
- (c) Determine whether or not the victim completed and forwarded an Identity Theft Packet to law enforcement. Contact the victim as necessary for clarification/expansion of the information.
- (d) Contact other involved or potentially involved investigative departments within the Spokane Police Department as well as other law enforcement agencies for collaboration and avoidance of duplication.
- (e) Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

362.8 WACIC IDENTITY THEFT VICTIM FILE

Identity Theft Reports may be entered into the WACIC/NCIC Identity Theft Victim File, pursuant to WSP ACCESS Manual Chapter 15.

- (a) If the victim of identity theft wants their information entered into the WACIC Identity Theft File database, the following steps will be taken.
- (b) Criteria: Someone is using a means of identification of the victim (denoted in the Identity Theft and Assumption Deterrence Act of 1998 as any name or number that may be used, alone or in conjunction with any other information, to identify a specific individual) without the victim's permission.
 1. The victim must have an identity theft report on file with law enforcement.
 2. The victim will provide adequate identification which may include the victim's name, date of birth, Social Security number, voluntary fingerprints and photographs to verify their identity.
- (c) Procedure
 1. The victim and a commissioned officer must complete a victim profile (Identity Theft Consent Waiver) and select a unique password.
 2. The victim will be referred to the front desk officer who will then contact the Records Division and have the data entered into the WACIC/NCIC Identity Theft File.
 3. During subsequent encounters by law enforcement, the Identity Theft Victim File will be automatically checked during WACIC/NCIC name checks. The officer will receive a response listing the victim profile, including the password, thereby providing the officer with the information necessary to verify that the person encountered is the victim or that the person may be using a false identity. The response should be considered along with additional information or a circumstance surrounding the encounter before the officer takes action.

362.9 COMMUNITY AWARENESS AND PREVENTION

Where reasonable and appropriate, officers engaged in public education/information forums, community crime prevention and awareness presentations, or similar speaking or information dissemination efforts, shall provide the public with information on the nature and prevention of identity theft.

Limited English Proficiency Services

368.1 PURPOSE AND SCOPE

Language barriers can sometimes inhibit or even prohibit individuals with limited English proficiency (LEP) from gaining meaningful access to, or an understanding of important rights, obligations and services. It is therefore the policy of this department to take all reasonable steps to ensure timely and equal access to all individuals, regardless of national origin or primary language (Title VI of the Civil Rights Act of 1964, § 601, 42 USC 2000d).

368.1.1 DEFINITIONS

Limited English Proficient (LEP) - Designates individuals whose primary language is not English and who have a limited ability to read, write, speak, or understand English. LEP individuals may be competent in certain types of communication (e.g., speaking or understanding), but still be LEP for other purposes such as reading or writing. Similarly, LEP designations are context-specific. An individual may possess sufficient English language skills to function in one setting, but these skills may be insufficient in other situations.

Bilingual - The ability to communicate in two languages fluently, including the ability to communicate technical and law enforcement terminology. Bilingual includes a variety of skill levels. For example, some bilingual individuals may be fluent enough to engage in direct communications in a non-English language, but insufficiently fluent to interpret or translate from one language into another. For example, a bilingual individual, depending on his or her skill level, could be utilized to communicate fluently in a non-English language, but not to interpret between two languages if he or she does not possess the specialized skills necessary to interpret between two languages effectively. In order to be utilized to interpret or translate from one language into another an individual must possess the skill, training, and demonstrated competence to do so.

Interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language) while retaining the same meaning.

Translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

368.2 FOUR FACTOR ANALYSIS

Since there are potentially hundreds of languages department personnel could encounter, the Department will utilize the four-factor analysis outlined in the United States Department of Justice LEP *Guidance to Federal Financial Assistance Recipients* in determining which measures will provide reasonable and meaningful access to various rights, obligations, services and programs to everyone. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis therefore, must remain flexible and requires an ongoing balance of the following four factors:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by officers or who may benefit from programs or services within the Department's jurisdiction or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with officers, programs or services.

Spokane Police Department

Policy Manual

Limited English Proficiency Services

- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

As indicated above, the intent of this analysis is to provide a balance that reasonably ensures meaningful access by LEP individuals to critical services while not imposing undue burdens on the Department or its personnel.

While this department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right, the above analysis will be utilized to determine the availability and level of assistance provided to any LEP individual or group.

368.2.1 IDENTIFICATION OF LEP INDIVIDUAL'S LANGUAGE

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language in an effort to avoid misidentifying that language.

368.3 TYPES OF LEP ASSISTANCE AVAILABLE

Depending on the balance of the above four factors, this department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services, where available. LEP individuals may elect to accept interpreter services offered by the Department at no cost or choose to provide their own interpreter services at their own expense. Department personnel should document in any related report whether the LEP individual elected to use interpreter services provided by the Department or some other source. Department-provided interpreter services may include, but are not limited to the following assistance methods.

368.3.1 BILINGUAL PERSONNEL

Personnel utilized for LEP services need not be certified as interpreters but must have demonstrated, through established department procedures, a level of competence to ascertain whether his/her language skills are best suited to monolingual communications, interpretation, translation, or all or none of these functions.

All personnel used for communication with LEP individuals must demonstrate knowledge of the functions of an interpreter and the ethical issues involved when functioning as a language conduit. In addition, employees who serve as interpreters and/or translators must have demonstrated competence in both English and the non-English language. When bilingual personnel from this department are not available, personnel from other city departments who have the requisite training may be requested.

368.3.2 WRITTEN FORMS AND GUIDELINES

This department will endeavor to provide frequently used and critical forms and guidelines in languages most commonly represented within the community or a particular area and/or provide interpretive services.

368.3.3 TELEPHONE INTERPRETER SERVICES

The Shift Commander and the Communications Manager will maintain a list of qualified interpreter services. These services shall be available, with the approval of a supervisor, to assist department personnel in communicating with LEP individuals via official cellular telephones.

Spokane Police Department

Policy Manual

Limited English Proficiency Services

368.3.4 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF INTERPRETATION

Where competent bilingual departmental personnel or other department-certified staff are unavailable to assist, responsible members of the community who have demonstrated competence in either monolingual (direct) communication and/or in interpretation and translation (as noted above) may be called upon to assist in communication efforts. Sources for these individuals may include neighboring police departments, university languages and linguistics departments, local businesses, banks, churches, neighborhood leaders and school officials. Department personnel should ensure that community members are able to provide unbiased assistance. The nature of the contact and relationship between the LEP individual and the individual offering services must be carefully considered (e.g., victim/suspect).

Except for exigent or very informal and non-confrontational circumstances, the use of an LEP individual's bilingual friends or family members, particularly children, are generally not recommended and department personnel shall make case-by-case determinations on the appropriateness of using such individuals (for further guidance see section V(3) of the U.S. DOJ Final Guidance available at the U.S. DOJ [website](#)).

368.4 LEP CONTACT SITUATIONS AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize language services so that they may be targeted where they are most needed.

Whenever any member of this department is required to complete a report or when other documentation and interpretation or translation services are provided to any involved LEP individual, such services should be noted in the related report.

368.4.1 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

In order to provide LEP individuals with meaningful access to police services when they are victims of, or witnesses to, alleged criminal activity or other emergencies, this department has designated its 9-1-1 lines as its top priority for language services. Department personnel will make every reasonable effort to promptly accommodate such LEP individuals utilizing 9-1-1 lines through any or all of the above resources.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

368.4.2 EMERGENCY CALLS TO 9-1-1

When a 9-1-1 call-taker determines that the caller is an LEP individual, the call-taker should quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a language-appropriate authorized interpreter is available in Combined Communications Center, the call-taker should immediately connect the LEP caller to the interpreter.

If an appropriate authorized interpreter is not available, the call-taker will promptly connect the LEP caller to the contracted telephonic interpretation service directly for assistance in completing the call. Dispatchers will make every effort to dispatch a bilingual officer to the assignment, if available.

368.4.3 FIELD ENFORCEMENT AND INVESTIGATIONS

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts which may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Department personnel must assess each situation to determine the need and availability for translation services to all involved LEP individuals and utilize the methods outlined in this policy to provide appropriate language assistance.

Although not every situation can be addressed within this policy, it is important that department personnel are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action taken with an LEP individual. It would, for example, be meaningless to request consent to search if the person requesting is unable to effectively communicate with an LEP individual.

368.4.4 INVESTIGATIVE INTERVIEWS

In any situation where the translation of an interview may contain information that might be used in a criminal trial, it is important to take certain steps to improve the chances of admissibility. This includes interviews conducted during an investigation with victims, witnesses, and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

Any person selected as an interpreter and/or translator must have demonstrated competence in both English and the non-English language involved and knowledge of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the case. The person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation to the court.

368.4.5 CUSTODIAL INTERROGATIONS AND BOOKINGS

In an effort to ensure the rights of LEP individuals are protected during arrest and custodial interrogation, this department places a high priority on providing competent interpretation during such situations. It is further recognized that miscommunication during custodial interrogations may have a substantial impact on the evidence presented in any related criminal prosecution. As such, department personnel providing interpretation services or translated forms in these situations will have demonstrated competence in interpretation/translation and make every reasonable effort to accurately interpret/translate all communications with LEP individuals.

In order to ensure that translations during criminal investigations are documented accurately and are admissible as evidence, audio recordings of interrogations, victim interviews and witness interviews should be used whenever reasonably possible.

Employees providing translation services shall also be aware of the inherent communication impediments to gathering information from the LEP individual throughout the booking process or any other situation in which an LEP individual is within the control of department personnel. Medical screening questions are commonly used to elicit information on an individual's medical needs, suicidal inclinations, presence of contagious diseases, potential illness, resulting symptoms upon withdrawal from certain medications, or the need to segregate the arrestee from other prisoners. Therefore it is important for members of

Spokane Police Department

Policy Manual

Limited English Proficiency Services

this department to make every reasonable effort to provide effective language services in these situations.

368.4.6 COMPLAINTS

The Department shall ensure access to LEP persons who wish to file a complaint regarding the discharge of department duties. The Department may do so by providing interpretation assistance or translated forms to such individuals. If the Department responds to complaints filed by LEP individuals, the Department shall attempt to communicate its response in an accessible manner.

368.4.7 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department have become increasingly recognized as important to the ultimate success of more traditional law enforcement duties. As such, this department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services to LEP individuals and groups.

368.5 TRAINING

In an effort to ensure that all employees in public contact positions (or having contact with those in custody) are properly trained, this department will provide periodic training in the following areas:

- (a) Employee awareness of LEP policies, procedures, forms and available resources.
- (b) Employees having contact with the public (or those in our custody) are trained to work effectively with in-person and telephone interpreters.
- (c) Training for management staff, even if they may not interact regularly with LEP individuals, in order that they remain fully aware of, and understand this policy, so they can reinforce its importance and ensure its implementation by staff.

Hearing Impaired/Disabled Communications

370.1 PURPOSE AND SCOPE

Individuals who suffer from deafness, hearing impairment, blindness, impaired vision, mental or other disabilities may encounter difficulties in gaining meaningful access to, or an understanding of important rights, obligations and services. In accordance with the Americans with Disabilities Act (ADA) and RCW 2.42.120 (4) and (5), it is therefore the policy of this department to take all reasonable steps to accommodate such individuals in any law enforcement contact.

370.2 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, employees of this department should consider all information reasonably available to them when determining how to communicate with an individual suffering from any disability. These factors may include, but are not limited to:

- (a) The extent to which a disability is obvious or otherwise made known to the involved employee. Impaired or disabled individuals may be reluctant to acknowledge their condition and may even feign a complete understanding of a communication despite actual confusion.
- (b) The nature of the disability (e.g., total deafness or blindness vs. impairment).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) Availability of resources to aid in communication.

When considering these and other available information, the involved employee(s) should carefully balance all factors in an effort to reasonably ensure meaningful access by individuals suffering from apparent disabilities to critical services while not imposing undue burdens on the department or its officers.

370.2.1 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, department employees should remain alert to the possibility of communication problems and exercise special care in the use of all gestures, and verbal and written communication in an effort to minimize initial confusion and misunderstanding when dealing with any individual(s) with known or suspected disabilities or communication impairments.

370.3 TYPES OF ASSISTANCE AVAILABLE

Depending on the balance of the factors available for consideration at the time, this department will make every reasonable effort to provide meaningful and timely assistance to disabled individuals through a variety of services, where available. Disabled individuals may elect to accept such assistance at no cost, choose to provide their own communication services at their own expense or any combination thereof. In any situation, the individual's expressed choice of communication method shall be given primary consideration and

Spokane Police Department

Policy Manual

Hearing Impaired/Disabled Communications

honored unless the employee can adequately demonstrate that another effective method of communication exists under the circumstances.

Officers should document the type of communication utilized in any related report and whether a disabled or impaired individual elected to use services provided by the department or some other identified source. Department provided services may include, but are not limited to the following:

370.3.1 FIELD RESOURCES

Individual officers and employees are encouraged to utilize resources immediately available to them in any contact with a known or suspected disabled or impaired person. Examples of this would include such simple methods as:

- (a) Hand gestures or written communications exchanged between the employee and a deaf or hearing impaired individual.
- (b) Facing an individual utilizing lip reading and speaking slowly and clearly.
- (c) Slowly and clearly speaking or reading simple terms to any visually or mentally impaired individual.

370.3.2 AUDIO RECORDINGS AND ENLARGED PRINT

From time to time, the department may develop audio recordings of important information needed by blind or visually impaired individuals. In the absence of such audio recordings, employees may elect to read aloud a department form or document such as a Citizen Complaint form to a visually impaired individual or utilize a photocopier to enlarge printed forms for a visually impaired individual.

370.3.3 TELEPHONE INTERPRETER SERVICES

The Combined Communications Center supervisor will maintain a list of qualified interpreter services to be contacted at department expense to assist deaf or hearing impaired individuals upon approval of a supervisor. When utilized, notification to such interpreters shall be made at the earliest reasonable opportunity and the interpreter should be available to respond within a reasonable time (generally not to exceed three hours).

370.3.4 TTY AND RELAY SERVICES

Individuals who are deaf or hearing impaired must be given the opportunity to use available text telephones (TTY or TDD). All calls placed by such individuals through such services shall be accepted by this department.

370.3.5 COMMUNITY VOLUNTEERS

Depending on the circumstances, location and availability, responsible members of the community may be available to provide qualified interpreter services, such as those who are proficient in American Sign Language (ASL). Sources for these individuals may include local businesses, banks, churches, neighborhood leaders and school officials. In addition to such sources developed by individual officers, the department will attempt to maintain and update a list of qualified community volunteers who may be available to respond within a reasonable time.

370.3.6 FAMILY AND FRIENDS OF DISABLED OR IMPAIRED INDIVIDUAL

While family and friends of a disabled or impaired individual may frequently offer to assist with interpretation, employees should carefully consider the circumstances before relying

Spokane Police Department

Policy Manual

Hearing Impaired/Disabled Communications

on such individuals. For example, children should not be relied upon except in emergency or critical situations. Further, the nature of the contact and relationship between the disabled individual and the individual offering services must be carefully considered (e.g., victim/suspect).

370.4 CONTACT SITUATIONS AND REPORTING

While all contacts, services, and individual rights are important, this department will carefully consider reasonably available information in an effort to prioritize services to disabled and impaired individuals so that such services and resources may be targeted where most needed because of the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is otherwise required to complete a report or other documentation, and communication assistance is provided to any involved disabled or impaired individual(s), such services should be noted in the related report.

370.4.1 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

In order to provide disabled and impaired individuals with meaningful access to law enforcement services when they are victims of, or witnesses to, alleged criminal activity or other emergencies, this department through Spokane County 911 Services, designated its 9-1-1 lines as its top priority for assistance with such services. Department personnel will make every reasonable effort to promptly accommodate such disabled and impaired individuals utilizing 9-1-1 lines through any or all of the above resources.

While 9-1-1 calls shall receive top priority, it is also important that reasonable efforts be made to accommodate disabled and impaired individuals seeking more routine access to services and information from this department.

370.4.2 CUSTODIAL INTERROGATIONS AND BOOKINGS

In an effort to ensure the rights of all disabled and impaired individuals are protected during arrest and custodial interrogation, this department places a high priority on providing reasonable communication assistance during such situations. It is further recognized that miscommunication during custodial interrogations may have a substantial impact on the evidence presented in any related criminal prosecution. As such, department personnel providing communication assistance in these situations will make every reasonable effort to accurately and effectively communicate with disabled or impaired individuals.

Employees providing such assistance shall also be aware of the inherent communication impediments to gathering information from disabled or impaired individuals throughout the booking process or any other situation in which a disabled or impaired individual is within the control of department personnel. Medical screening questions are commonly used to elicit information on individual's medical needs, suicidal inclinations, presence of contagious diseases, potential illness, resulting symptoms upon withdrawal from certain medications, or the need to segregate the arrestee from other prisoners, therefore it is important for this department to make every reasonable effort to provide effective communication assistance in these situations.

- (a) Individuals who require communication aids (e.g., hearing aids) should be permitted to retain such devices while in custody.
- (b) While it may present officer safety or other logistical problems to allow a physically disabled individual to retain devices such as a wheel chair or crutches during a custodial situation, the removal of such items will require that other reasonable

Spokane Police Department

Policy Manual

Hearing Impaired/Disabled Communications

accommodations be made to assist such individuals with access to all necessary services.

- (c) Since medical screening is usually done by the jail staff at time of booking, and they decide what is to remain with the arrestee, officers should also be aware of medical issues.

370.4.3 FIELD ENFORCEMENT AND INVESTIGATIONS

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts which may involve disabled or impaired individuals. The scope and nature of these activities and contacts will inevitably vary, therefore the department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every officer in the field. Each officer and/or supervisor must, however, assess each such situation to determine the need and availability for communication assistance to any and all involved disabled or impaired individuals.

Although not every situation can be addressed within this policy, it is important that employees are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action taken with a disabled or impaired individual. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with a deaf individual.

370.4.4 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department have become increasingly recognized as important to the ultimate success of more traditional law enforcement duties. As such, this department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services to disabled individuals and groups.

370.5 TRAINING

In an effort to ensure that all employees in public contact positions (or having contact with those in custody) are properly trained, this department will provide periodic training in the following areas:

- (a) Employee awareness of related policies, procedures, forms and available resources.
- (b) Employees having contact with the public (or those in our custody) are trained to work effectively with in-person and telephone interpreters and related equipment.
- (c) Training for management staff, even if they may not interact regularly with disabled individuals, in order that they remain fully aware of, and understand this policy, so they can reinforce its importance and ensure its implementation by staff.

376.9.1 EQUIPMENT, UNIFORMS AND BADGES

A distinct uniform, badge and necessary equipment will be provided for the chaplains. This uniform may be similar to that worn by the personnel of this department.

Child Safety Policy

380.1 PURPOSE AND SCOPE

The Spokane Police Department recognizes that children who are subjected to traumatic events, such as the arrest of a parent or guardian, may experience negative emotional effects that can last throughout the lifetime of the individual. After such an event the child may not receive the appropriate care, which can lead to further emotional or physical trauma. This policy is intended to provide guidelines for officers to take reasonable steps to minimize the impact to the child when it becomes necessary to take action involving the child's parent or guardian.

380.1.1 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience children may have when their parent or caregiver is arrested. The Spokane Police Department will endeavor to create a strong cooperative relationship with local, state and community-based child social services to ensure an effective, collaborative response that addresses the needs of affected children.

380.2 PROCEDURES DURING AN ARREST

When encountering an arrest situation officers should make reasonable attempts to determine if the arrestee is responsible for minor dependent children. In some cases this is obvious, such as when children are present. However, officers should inquire if the person has any other dependent minor children who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any dependent minor children.
- (b) Look for evidence of children. Officers should be mindful that some arrestees may conceal the fact that they have dependent children for fear their children may be taken from them.
- (c) Inquire of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a dependent child.

Whenever possible, officers should take reasonable steps to accomplish the arrest of a parent or guardian out of the presence of his/her child. Removing children from the scene in advance of the arrest will generally ensure the best outcome for the child.

Whenever it is safe to do so, officers should allow the parent to assure children that they will be provided care. If this is not safe or if the demeanor of the in-custody parent suggests this conversation would be non-productive, the Officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the children that both parent and children will receive appropriate care.

380.2.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered, dependent minor children.

Officers should allow the arrestee reasonable time to arrange for care of minor children. Temporary placement of the child with family or friends may be appropriate. However, any

Spokane Police Department

Policy Manual

Child Safety Policy

decision should give priority to a child-care solution that is in the best interest of the child. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of minor children with a responsible party, as appropriate.
 - 1. Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent's judgment regarding arrangements for child care. It is generally best if the child remains with relatives or family friends the child knows and trusts. Consideration regarding the child's familiarity with the surroundings, comfort, emotional state and safety should be paramount.
 - 2. Except when a court order exists limiting contact, the officer should attempt to locate and place dependent children with the non-arrested parent or guardian.
- (b) Provide for the immediate supervision of minor children until an appropriate caregiver arrives.
- (c) Notify the Department of Social and Health Services.
- (d) Notify the field supervisor or Shift Commander of the disposition of minor children.

If children are at school or at a known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the parent's arrest and of the arrangements being made for the care of the arrestee's children, and then record the result of such actions in the associated report.

Officers shall promptly notify Child Protective Services (CPS) whenever a child under age 13 is present in a vehicle and his/her parent, guardian or legal custodian is arrested for a drug or alcohol driving offense in accordance with the department Child Abuse Reporting Policy.

380.2.2 REPORTING

For all arrests where children are present or living in the household, the reporting employee will include information about the children, including names, gender, age and how they were placed.

380.3 CHILD PROTECTIVE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any dependent minor children, the handling officer should consider taking children into protective custody and placing them with the appropriate county child protective service or other department-approved social service.

Only when other reasonable options are exhausted should a child be transported to the police's facility, transported in a marked patrol car or taken into formal protective custody.

Under no circumstances should a child be left unattended or without appropriate care.

380.4 TRAINING

The Training Lieutenant is responsible to ensure that all personnel of this department who may be involved in arrests affecting children, participate on a timely basis in department-approved training on effective child safety when a parent or guardian is arrested.

Service Animal Policy

382.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Spokane Police Department recognizes this need and is committed to making reasonable modifications to its policies, practices, and procedures in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

382.2 SERVICE ANIMALS

The ADA defines a service animal as any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the owner's disability (28 CFR 35.104).

382.2.1 USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

Examples of how service animals may be used to provide assistance include:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors, or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities, or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

382.3 EMPLOYEE RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Spokane Police Department affords to all members of the public.

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations, an officer may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually and past incidents alone are not cause for

Spokane Police Department

Policy Manual

Service Animal Policy

excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability.

If it is apparent or if the officer is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the officer should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner into all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice.

Off-Duty Law Enforcement Actions

386.1 PURPOSE AND SCOPE

The decision to become directly involved in a law enforcement action when off-duty can place an officer as well as others at greater risk, and should be done with careful consideration.

This policy is intended to provide guidelines for officers of the Spokane Police Department with respect to taking law enforcement action while in an off-duty capacity.

386.2 POLICY

There is no legal requirement for off-duty officers to take direct law enforcement action. Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate any enforcement action when witnessing minor crimes. These minor crimes would include for example, suspected intoxicated drivers, reckless driving and minor property crimes. Incidents such as these should be promptly reported to the appropriate law enforcement agency by calling either Crime Check or 911. Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstances that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or serious property damage may take reasonable action to minimize the threat. When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

386.3 DECISION TO INTERVENE

The following list is not intended to be inclusive of every off-duty situation that may be presented to an officer.

Should an officer decide to intervene, they should evaluate whether the action is necessary or desirable, and should take into consideration the following:

- (a) The tactical disadvantage of being alone and the fact that there may be multiple or hidden suspects.
- (b) The inability to communicate developing information to other responding units.
- (c) The lack of needed equipment, e.g. handcuffs, OC, or baton.
- (d) The lack of proper cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the location or surroundings.
- (g) The potential for the off-duty officer to be misidentified by other law enforcement officers or members of the public.

Off-duty officers should consider waiting for on-duty, uniformed officers or deputies to arrive, while gathering as much accurate information as possible, instead of immediately intervening.

Spokane Police Department

Policy Manual

Off-Duty Law Enforcement Actions

386.3.1 INTERVENTION PROCEDURE

If direct involvement is reasonably necessary, the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on scene as well as providing a description of the off-duty officer when practical.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as a Spokane City Police Officer until acknowledged. Officer identification should also be displayed.

386.3.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest (e.g. family or neighborhood disputes) and should remain neutral. In such circumstances, officers should call the responsible LE agency to handle the matter.

386.3.3 NON-SWORN PERSONNEL RESPONSIBILITIES

Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene if safe a practicable to do so.

386.3.4 OTHER CONSIDERATIONS

Bias-Based Policing

402.1 PURPOSE AND SCOPE

This policy provides guidance to department members and establishes appropriate controls to ensure that employees of the Spokane Police Department do not engage in racial- or bias-based profiling or violate any related laws while serving the community.

402.1.1 DEFINITION

Definitions related to this policy include:

Racial- or bias-based profiling - An inappropriate reliance on factors such as race, ethnicity, national origin, religion, sex, sexual orientation, economic status, age, cultural group, disability or affiliation with any other similar identifiable group as a factor in deciding whether to take law enforcement action or to provide service.

402.2 POLICY

The Spokane Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly and without discrimination toward any individual or group.

Race, ethnicity or nationality, religion, sex, sexual orientation, economic status, age, cultural group, disability or affiliation with any other similar identifiable group shall not be used as the basis for providing differing levels of law enforcement service or the enforcement of the law.

402.3 RACIAL- OR BIAS-BASED PROFILING PROHIBITED

Racial- or bias-based profiling is strictly prohibited. However, nothing in this policy is intended to prohibit an officer from considering factors such as race or ethnicity in combination with other legitimate factors to establish reasonable suspicion or probable cause (e.g., suspect description is limited to a specific race or group).

402.3.1 OTHER PROFILING PROHIBITED

The Spokane Police Department also condemns the illegal use of an individual or group's attire, appearance or mode of transportation, including the fact that an individual rides a motorcycle or wears motorcycle-related paraphernalia, as a factor in deciding to stop and question, take enforcement action, arrest or search a person or vehicle, with or without a legal basis under the United States Constitution or Washington State Constitution (RCW 43.101.410).

402.4 MEMBER RESPONSIBILITY

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any known instances of racial- or bias-based profiling to a supervisor.

Spokane Police Department

Policy Manual

Bias-Based Policing

402.4.1 REASON FOR DETENTION

Officers detaining a person shall be prepared to articulate sufficient reasonable suspicion to justify the detention, independent of the individual's membership in a protected class.

To the extent that written documentation would otherwise be completed (e.g., arrest report, Field Interview card), the involved officer should include those facts giving rise to the officer's reasonable suspicion or probable cause for the detention, as applicable.

Nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

402.4.2 REPORTING TRAFFIC STOPS

Each time an officer makes a traffic stop, the officer shall report any demographic information required by the Department (RCW 43.101.410).

Crime and Disaster Scene Integrity

406.1 PURPOSE AND SCOPE

The protection and integrity of a crime scene is of the utmost importance for the successful apprehension of criminals and successful prosecution. The integrity of a disaster scene is equally as critical for the protection of life and property and investigation by proper authorities.

406.2 CRIME SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the preservation of the scene. Officers shall also consider officer safety and public safety issues, including rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity of the crime/disaster scene, it shall be maintained until the officer is relieved by a supervisor.

406.2.1 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Ensure no suspects are still in the area.
- (b) Broadcast emergency information including all requests for additional assistance.
- (c) Provide first aid to injured parties if it can be done safely.
- (d) Secure the inner perimeter with crime scene tape.
- (e) Protect items of apparent evidentiary value.

- (d) Media interviews with individuals who are in SPD custody shall not be permitted.
- (e) The scene of a tactical operation will be coordinated in the same manner as a crime scene.

Policy Manual

Crime and Disaster Scene Integrity

406.2.3 TEMPORARY FLIGHT RESTRICTIONS

Crime and disaster scenes can sometimes attract news helicopters and other sightseeing aircraft. Whenever such aircraft pose a threat to public safety due to congestion or when the noise levels caused by loitering aircraft hamper incident operations, the field supervisor should consider requesting Temporary Flight Restrictions (TFR) through the Federal Aviation Administration (Federal Aviation Regulations § 91.137). All requests for TFR should be routed through the Combined Communications Center.

406.3 SEARCHES AT CRIME OR DISASTER SCENES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims and determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until proper authority for the search is obtained.

406.3.1 CONSENT

While consent to search should be obtained from authorized individuals where possible, it is often more prudent to obtain a search warrant in the case of serious crimes or major investigations.

406.4 CLEARANCE TO ENTER PROTECTED CRIME SCENE AREA

All employees, regardless of rank, shall obtain permission from the crime scene supervisor before entering the crime scene area. This does not apply to employees assisting in an emergency situation.

406.5 REPORT OF ACTIVITY REQUIRED

- (a) Each member will report to the crime scene log officer the time they entered and/or exited the crime scene.
- (b) Each member shall make a report regarding his/her activities in the crime scene or his/her participation in the investigation.

Risk Analysis form has been developed to assist supervisory or command level officers with the decision making process regarding the management of critical incidents. This form should be used by supervisors to evaluate the risk factors associated with the incident in order to determine whether or not the activation of the S.W.A.T. Team would be merely prudent or required. The S.W.A.T. Risk Analysis form is available to all officers and can be accessed in the "forms" file within the "alphabetical" folder residing on the "H" drive.

408.2.4 AUTHORITY TO ENGAGE THE S.W.A.T. TEAM

Ride-Along Policy

410.1 PURPOSE AND SCOPE

The Ride-Along Program provides an opportunity for citizens to experience the law enforcement function first hand. This policy provides the requirements, approval process, and hours of operation for the Ride-Along Program.

410.1.1 ELIGIBILITY

The Spokane Police Department ride-along program is offered to citizens, police department volunteers, and those employed within the city. Every attempt will be made to accommodate interested persons, however, any applicant may be disqualified without cause.

The following factors may be considered in disqualifying an applicant and are not limited to:

- Being under 18 years of age, unless police volunteers.
- Prior criminal history.
- Pending criminal action.
- Pending lawsuit against the department.
- Denial by any supervisor.

410.2 PROCEDURE TO REQUEST A RIDE-ALONG

Generally, ride-along requests will be scheduled by the administrative sergeant. The participant will complete a Ride-Along Waiver form at roll call. Information requested will include a valid ID or Washington driver's license, address, and telephone number. If the participant is under 18 years of age, a parent/guardian must be present to complete the Ride-Along form.

The administrative sergeant will schedule a date, based on availability.

If the ride-along is denied after the request has been made, a representative of the department will contact the applicant and advise him/her of the denial.

410.2.1 PROGRAM REQUIREMENTS

Once approved, civilian ride-alongs will be allowed to ride no more than once every 12 months. An exception would apply to the following: Co-ops, explorers, chaplains, reserves, senior volunteers, police applicants, and all others with approval of the administrative sergeant or other command personnel.

An effort will be made to ensure that no more than one citizen will participate in a ride-along during any given time period. Normally, no more than one ride-along will be allowed in the officer's vehicle at a given time.

Family members may ride with SPD employees. Individual family members shall not ride with an officer more than once in a six-month period. Family members must be at least 14 years of age. The standard Ride-Along Waiver will be used for all riders to include family members.

Spokane Police Department

Policy Manual

Ride-Along Policy

410.2.2 SUITABLE ATTIRE

Any person approved to ride along is required to be suitably dressed in collared shirt, blouse or jacket, slacks and shoes. Sandals, T-shirts, tank tops, shorts and ripped or torn blue jeans are not permitted. The Shift Commander or field supervisor may refuse a ride along to anyone not properly dressed.

410.2.3 PEACE OFFICER RIDE-ALONGS

Off-duty members from another law enforcement agency will not be permitted to ride-along with on-duty officers without the expressed consent of the Shift Commander. In the event that such a ride-along is permitted, the off-duty employee shall not be considered on-duty and shall not represent themselves as a peace officer or participate in any law enforcement activity except as emergency circumstances may require.

An officer may carry a firearm on a ride-along only if:

- The officer is currently employed by a Washington State law enforcement agency; or
- As approved by the Chief of Police.

410.3 OFFICER'S RESPONSIBILITY

The officer shall advise the Combined Communications Center that a ride-along is present in the vehicle before going into service. Officers shall consider the safety of the ride-along at all times. Officers should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. The Combined Communications Center will be advised of the situation and as soon as practical have another Police unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

The Administrative Sergeant is responsible for maintaining and scheduling ride-alongs.

410.4 CONTROL OF RIDE-ALONG

The assigned employee shall maintain control over the ride-along at all times and instruct him/her in the conditions that necessarily limit their participation. These instructions should include:

- (a) The ride-along will follow the directions of the officer.
- (b) The ride-along will not become involved in any investigation, handling of evidence, discussions with victims or suspects, or handling any police equipment.
- (c) The ride-along may terminate the ride-along at any time and the officer may return the observer to their home or to the station if the ride-along interferes with the performance of the officer's duties.
- (d) Ride-alongs may be allowed to continue riding during the transportation and booking process provided this does not jeopardize their safety.
- (e) Officers will not allow any ride-alongs to be present in any residences or situations that would jeopardize their safety or cause undue stress or embarrassment to a victim or any other citizen.
- (f) Under no circumstance shall a civilian ride-along be permitted to enter a private residence with an officer if objected to by the resident or other authorized person.

Spokane Police Department

Policy Manual

Ride-Along Policy

410.5 MEDIA

- (a) Requests for media ride-alongs will be coordinated through the PIO office with notification to the Chief's Office and will coordinate with the administrative sergeant.
- (b) Under no circumstance shall a media ride-along be permitted to enter a private residence with an officer without the expressed consent of the resident or other authorized person.
- (c) **Restrictions:**
 - 1. The media shall agree not to videotape or otherwise record or photograph any department members who are designated as being 'undercover'.
 - 2. If undercover members are unavoidably recorded, the media shall agree to obscure or otherwise conceal the identity, face, and/or other distinguishing characteristics.
 - 3. Media members shall agree not to broadcast or otherwise publicize images, names, or other identifying information on victims of crimes, witnesses of crimes, or suspects without the written consent of those individuals. (Victim and witness identification is protected under RCW 42.17.310.)
 - 4. Media members shall agree that certain conversations or information such as witness or informant names, or plans for future sensitive activities, if overheard, will not be recorded or revealed.
 - 5. The media shall refrain from filming or otherwise recording ongoing tactical operations that could jeopardize the public or officers.

410.6 SHIFT RESPONSIBILITIES

- (a) Supervisors or corporals will check at the start of their team's workweek the ride-along calendar for any scheduled riders they may have that week. If there is a problem with a ride request, they will contact the administrative sergeant. Ride requests may be canceled by the shift with notification to the administrative sergeant.
- (b) All riders will sign a Hold Harmless Agreement before their ride starts. This form will then be forwarded to the Chief's administrative support for filling.
- (c) The shift will check the riders ID prior to the ride.
- (d) Officers may cancel a ride at any time.
- (e) If sensitive information is being given out during roll call, the rider may be asked to wait briefly outside the drill hall while the information is being discussed.
- (f) Participants may only ride with officers who are off probation.

Hazardous Material Response

412.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees resulting from their exposure. To comply with RCW 70.105, WAC 173-303, and guidelines from the Washington State Department of Ecology, the following is to be the policy of this department.

412.1.1 HAZARDOUS MATERIAL DEFINED

A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

412.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill, or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Notify the Spokane Fire Department (SFD). SFD will have overall command of HazMat scenes.
- (b) Establish a perimeter of sufficient distance from the incident to ensure the safety of first responders and the general public.
- (c) Attempt to identify type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from person transporting).
- (d) Provide first-aid for injured parties if it can be done safely and without contamination.
- (e) Begin evacuation of immediate area and surrounding areas dependent on substance. Voluntary evacuation should be considered, however, depending on the substance, mandatory evacuation will be in compliance with the Spokane City/County Comprehensive Emergency Management Plan (CEMP) published by the Spokane County Department of Emergency Management.
- (f) Weather conditions such as wind speed and direction should be considered.

412.3 REPORTING EXPOSURE(S)

Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an employee exposure form that shall be forwarded via chain of command to the commanding officer. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

Spokane Police Department

Policy Manual

Hazardous Material Response

412.3.1 SUPERVISOR RESPONSIBILITY

Respond to scene and coordinate response. When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

To ensure the safety of employees, the department will determine the need for safety equipment and provide the appropriate equipment as available or take reasonable steps to ensure safety of employees.

Hostages and Barricaded Suspects

414.1 PURPOSE AND SCOPE

Hostage situations and barricaded suspects present unique problems for agencies. The protection of the public and law enforcement personnel is of the utmost importance. Proper planning and training will tend to reduce the risks involved with these incidents.

414.1.1 DEFINITIONS

Hostage - A person held by one party in a conflict as security so that specified terms will be met by the opposing party.

Barricaded Suspect - A person who takes a position of cover or concealment or maintains a position in a structure and who resists capture by law enforcement personnel. A barricaded suspect may be armed or suspected of being armed.

414.2 HOSTAGE NEGOTIATIONS

Promises of immunity or leniency and payment of ransom demands are rarely effective and will generally not be offered to barricaded suspects. Trained hostage negotiators, however, will be permitted to exercise flexibility in each situation based upon the circumstances presented and consistent with their training in coordination with the Incident Commander.

Personnel involved in barricaded/hostage situations are urged to exercise patience and extreme caution. The use of deadly force against any armed suspect will be governed by Policy Manual § 300.

414.3 FIRST RESPONDER RESPONSIBILITY

Until the Incident Commander has been designated, the first officer on the scene of an actual or potential hostage/barricade situation shall consider the following:

- (a) Attempt to avoid confrontation in favor of controlling and containing the situation until the arrival of trained personnel and/or trained hostage negotiation personnel.
- (b) Notification of tactical and hostage negotiation personnel.
- (c) Notification of appropriate persons within and outside the agency, such as command officers, dog handlers, or helicopter pilots.
- (d) Establishment of inner and outer perimeters.
- (e) Evacuation of bystanders and injured persons.
- (f) Establishment of central command post and appropriate chain of command.
- (g) Request for ambulance, rescue, fire and surveillance equipment.
- (h) Coordination of news media access and news media policy.
- (i) Pursuit/surveillance vehicles and control of travel routes.

414.4 COMMAND AND CONTROL

All hostage negotiations and tactical operations will be under the control of the Incident Commander.

Response to Bomb Calls

416.1 PURPOSE AND SCOPE

These guidelines have been prepared to assist officers in their initial response to incidents involving explosives, explosive devices, or explosion/bombing incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety shall always be the primary consideration.

416.2 FOUND EXPLOSIVES/SUSPECT DEVICES

When handling an incident involving a suspected explosive device, the following guidelines shall be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging. The bomb squad should be summoned for assistance.
- (b) A minimum perimeter of 300 feet should be established around the location of the device. An access point should be provided for support personnel.
- (c) As much information as is available should be promptly relayed to the Shift Commander, without touching the device, including:
 1. The stated threat.
 2. Exact comments.
 3. Time of discovery.
 4. Exact location of the device.
 5. Full description (e.g., size, shape, markings, construction) of the device.
- (d) The device should not be touched or moved except by qualified bomb squad personnel.
- (e) All equipment within 300 feet of the suspected device capable of producing radio frequency energy should be turned off. This includes two-way radios, cell phones and other personal communication devices.
- (f) Consideration should be given to evacuating any buildings near the device.
- (g) A search of the area should be conducted for secondary devices or other objects that are either hazardous or foreign to the area and a perimeter should be established around any additional suspicious device found.
- (h) Other hazardous devices such as commercial fireworks, improvised fireworks, containers of gunpowder and large caliber ammunition (.50 caliber and over) shall be referred to the bomb squad for disposal.
- (i) When in doubt, call for assistance from Spokane City/County Explosives Disposal Unit.

Explosive or military ordnance of any type should be handled only by the bomb squad or military ordnance disposal team.

Spokane Police Department

Policy Manual

Response to Bomb Calls

416.3 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic incidents, a rapid response may help to minimize injury to victims, contamination of the scene by gathering crowds or additional damage by resulting fires or unstable structures. Whether the explosion was the result of an accident or a criminal act, the responding officers should consider the following actions:

- Secure the perimeter.
- Secure the ingress/egress for fire and EMS.
- Sweep for secondary devices.
- Assess the scope of the incident, including the number of victims and extent of injuries.
- Assist with first aid (Fire Department has primary responsibility).
- Assist with evacuation of victims (Fire Department has primary responsibility).
- Request additional resources needed.
- Identify witnesses.
- Preservation of evidence and possible crime scene.

416.3.1 NOTIFICATIONS

When an explosion has occurred, the following people shall be notified as soon as practicable if their assistance is needed:

- Fire Department
- Bomb Squad
- Additional officers
- Field supervisor
- Shift Commander
- Detectives
- Forensic Science Services
- Duty Staff Officer (will be notified on all call-outs of the bomb squad)

416.3.2 CROWD CONTROL

Only authorized personnel with a legitimate need shall be permitted access to the scene. Spectators and other unauthorized individuals shall be excluded to a safe distance as is reasonably practicable given the available resources and personnel.

416.3.3 SCENE OF INCIDENT

As in any other crime scene, steps should immediately be taken to preserve the scene. The scene could extend over a long distance. Evidence may be embedded in nearby structures or hanging in trees and bushes. Fragile evidence may be found on or in victims.

416.4 BOMB THREATS RECEIVED AT POLICE FACILITY

This procedure should be followed should a bomb threat call be received at the police facility.

Spokane Police Department

Policy Manual

Response to Bomb Calls

416.4.1 BOMB THREATS RECEIVED BY TELEPHONE

The following questions should be asked if a bomb threat is received at the Police Department:

- When is the bomb going to explode?
- Where is the bomb?
- What kind of bomb is it?
- What does it look like?
- Why did you place the bomb?
- Who are you? (to avoid possible termination of the call this should be the last question asked)

Attempt to keep the caller on the line as long as possible and obtain expanded answers to these five basic questions.

During this time, document the following:

- Time of the call.
- Exact words of the person as accurately as possible.
- Estimated age and gender of the caller.
- Speech patterns and/or accents.
- Background noises.

If the incoming call is received at the police facility on a recorded line, steps shall be taken to ensure that the recording is preserved in accordance with current department evidence procedures.

416.4.2 RESPONSIBILITIES

The employee handling the call shall ensure that the Shift Commander is immediately advised and fully informed of the details. The Shift Commander will then direct and assign officers as required for coordinating a general building search or evacuation as he/she deems appropriate.

Mental Illness Commitments

418.1 PURPOSE AND SCOPE

This procedure describes an officer's duties when a person is to be committed to a mental health facility. The commitment of a person does not constitute an arrest. If an officer believes that a person falls within the provisions of RCW 71.05, he/she shall transport that person to the designated facility for evaluation and commitment.

418.1.1 POLICY

It is the policy of this department to utilize on-duty and available Crisis Intervention Team (CIT) members to be dispatched, respond to, and handle calls involving a suspected or actual mentally disabled individual.

418.2 OFFICER CONSIDERATIONS AND RESPONSIBILITIES

Any officer responding to or handling a call involving a suspected or actual mentally disabled individual or commitment should carefully consider the following (RCW 71.05.010):

- (a) That it is vitally important to safeguard the rights of mentally disabled individuals.
- (b) Any available information which might assist in determining the cause and nature of the mental illness or developmental disabilities.
- (c) Conflict resolution and de-escalation techniques for potentially dangerous situations involving mentally disabled persons.
- (d) Appropriate language usage when interacting with mentally disabled persons.
- (e) If circumstances permit, alternatives to deadly force when interacting with potentially dangerous mentally disabled persons.
- (f) Community resources which may be readily available to assist with the mentally disabled individuals.
- (g) The need to protect public safety.

418.2.1 MENTAL HEALTH DETENTIONS

- (a) A non-emergent detention is defined as one where the mentally disabled subject presents a likelihood of serious harm; or is gravely disabled. In such cases, officers may take the subject into custody only when:
 1. The mentally disabled person has been evaluated by a designated mental health professional; and
 2. Upon determining the need for detention, the mental health professional has filed a petition for initial detention; and
 3. The mental health professional has requested that the officer take the subject into custody and have him or her placed in a treatment facility (RCW 71.05.150).
- (b) An emergent detention is defined as one where, as the result of a mental disorder a person presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled. In such cases, officers may take the subject into custody only under the following circumstances (RCW 71.05).

Spokane Police Department

Policy Manual

Mental Illness Commitments

1. At the written or oral request of a designated mental health professional who has evaluated the subject and determined the need for an emergent detention, or
 2. When the officer has reasonable cause to believe that the person is in need of emergent detention.
- (c) Emergent detentions based upon the written or oral request of a designated mental health professional evaluation will be 72-hour holds. Emergent detentions based upon the officer's reasonable cause will be 12-hour holds.
- (d) In all circumstances where a person is taken into custody on a mental health detention, the officer shall also provide a verbal summary to an emergency department staff member regarding the circumstances leading to the involuntary detention.
- (e) In general, any person involuntarily or voluntarily committed to an institution has the right to counsel at all times. If a person suspected of a mental disorder makes it known to the officer that he/she wishes to contact her/his attorney, the officer shall facilitate those arrangements as soon as practicable.

418.2.2 TRANSPORTATION

When transporting any individual for a commitment, the handling officer should contact the Combined Communications Center to determine which facility the patient should be transported.

Officers may transport patients in the patrol unit and shall secure them in accordance with the handcuffing policy. Time and mileage shall be given when transporting a person under these circumstances. Violent patients or those that are medically unstable may be restrained and transported by ambulance and ambulance personnel. The officer will escort the patient into the facility and place that person in a designated treatment room as directed by a staff member, and physically remain in the treatment room with the patient until released by treatment staff.

418.2.3 RESTRAINTS

If the patient is violent or potentially violent, the officer will notify the staff of this concern. The staff member in charge will have discretion as to whether soft-restraints will be used. If these restraints are desired, the officer will wait while they are being applied to help provide physical control of the patient, if needed.

418.2.4 SECURING OF WEAPONS

If a receiving and secured facility prohibits weapons or if an extraordinary event occurs in the treatment facility and officers determine a need to secure their firearms, the firearm shall be secured in the appropriate gun locker at the facility or in the police unit.

418.3 CRIMINAL CHARGES AND INDIVIDUALS WITH MENTAL ILLNESS

- (a) When an officer has reasonable cause to believe that the individual has committed acts constituting a non-felony crime that is not a serious offense, as identified in RCW 10.77.092, and the individual is known by history or consultation with the regional support network to suffer from a mental disorder, the officer may, with the approval of a supervisor (RCW 10.31):
1. Take the individual to a crisis stabilization unit. Individuals delivered to a crisis stabilization unit pursuant to this section may be held by the facility for a period of up to 12 hours.

Spokane Police Department

Policy Manual

Mental Illness Commitments

2. Refer the individual to a mental health professional for evaluation for initial detention and proceeding under RCW Chapter 71.05.
 3. Release the individual upon agreement to voluntary participation in outpatient treatment.
- (b) In deciding whether to refer the individual to treatment under this section, the officer shall be guided by standards mutually agreed upon with the county prosecutor's office.
 - (c) Any agreement to participate in treatment shall not require individuals to stipulate to any of the alleged facts regarding the criminal activity as a prerequisite to participation in a mental health treatment alternative. The agreement is inadmissible in any criminal or civil proceeding. The agreement does not create immunity from prosecution for the alleged criminal activity.
 - (d) Officers are immune from liability for any good faith conduct under this section.
 - (e) When practical, any person charged with a crime, who also appears to suffer from mental illness, shall be booked at the Spokane County Jail before being transported to the authorized facility. If the person has injuries or some other medical condition, he/she may be taken directly to the hospital with the approval of a supervisor.

418.4 CONFISCATION OF FIREARMS AND OTHER WEAPONS

Whenever a person has been detained or apprehended for examination and is found to own, have in his/her possession or under his/her immediate control, any firearm whatsoever or any other dangerous weapon, and the handling officer reasonably believes the weapon represents a danger to the person or others if the person is released, the firearm or other dangerous weapon should be taken into temporary custody for safekeeping. Any weapon seized shall be booked into property pending disposition.

Officers are cautioned that a search warrant may be needed before entering a residence to search unless lawful, warrantless entry has already been made (e.g., exigent circumstances, valid consent).

Whenever the handling officer or the assigned detective has cause to believe that the future return of any confiscated weapon might endanger the person or others, the officer shall detail those facts and circumstances in a report and direct the property and evidence technician to hold the weapons pending judicial review. The Investigative Services Bureau shall, within five (5) days, prepare a petition to the Superior Court or District Court for an order authorizing retention or other disposition of the weapons.

The handling officer shall further advise the person of the below described procedure for the return of any firearm or other dangerous weapon which has been confiscated.

418.4.1 RETURN OF CONFISCATED FIREARMS AND WEAPONS (RCW 9.41.098)

Weapons taken into custody for safekeeping under section 418.4 will be returned to the lawful owner upon request unless the seizing officer or the assigned detective has placed a hold on the weapons pending a petition for retention, the petition has been granted, or is pending before the court. Once the petition has been ruled on by the court, the weapons will be released or disposed of in accordance with the court order.

Prior to releasing any weapon, Property and Evidence Facility personnel shall be required to ensure the person is legally eligible to possess the weapon.

In the event that no timely petition is filed with the court or the court denies such a petition, the seized weapon shall be eligible for release to the lawful owner or other authorized

Spokane Police Department

Policy Manual

Mental Illness Commitments

individual unless such weapon(s) represent evidence in a criminal matter or there is other independent good cause to continue to retain custody of the weapon.

418.5 TRAINING

The Spokane Police Department will provide a minimum of three hours of annual in-service training to all officers regarding special populations that may include those suffering from mental health issues, mental disabilities, physical disabilities or other issues that may challenge interactions with police. It will be the responsibility of the Training Director to arrange for training and monitor department compliance.

418.6 REPORTING

Officers will complete a police incident report. Additionally, prior to leaving the treatment facility, officers will complete the treatment facility's Patient Report by Law Enforcement form.

Cite and Release Policy

420.1 PURPOSE AND SCOPE

Officers may use citation, a notice to appear or juvenile referral release procedures in lieu of arrest for misdemeanor and gross misdemeanor offenses with certain exceptions. The state courts have stated the intent to release all persons on misdemeanor and gross misdemeanor citations, if qualified for such release.

420.2 RELEASE METHODS

- (a) Release of adult violators by citation for misdemeanor and gross misdemeanor offenses can be accomplished in two separate ways:
 - 1. A field release is when the violator is released in the field without being transported to a jail facility.
 - 2. A jail release is when a violator is released after being transported to the jail and booked.
- (b) Release of juvenile violators for misdemeanor and gross misdemeanor offenses can be accomplished in two separate ways:
 - 1. A field release in which the case is handled by referral.
 - 2. A jail release in which the juvenile is booked into the juvenile facility.

420.2.1 DISCRETION TO ARREST

While this department recognizes the statutory power of peace officers to make arrests throughout the state, officers are encouraged to use sound discretion in the enforcement of the law. On-duty arrests will not generally be made outside the jurisdiction of this department except in cases of hot and/or fresh pursuit, while following up on crimes committed within the City, or while assisting another agency. On-duty officers who discover criminal activity outside the jurisdiction of the City should, when circumstances permit, consider contacting the agency having primary jurisdiction before attempting an arrest.

Off-duty officers observing criminal activity should generally take enforcement action only when it reasonably appears that imminent risk to life or property exists and the reasonable opportunity does not exist to contact the law enforcement agency with primary jurisdiction. In such situations the involved officer shall clearly identify him/herself as a Police officer.

Officers are authorized to use verbal warnings to resolve minor traffic and criminal violations when appropriate.

An officer booking a suspect into jail shall notify a commissioned supervisor prior to the booking, or as soon as practicable.

A supervisor may authorize an "exceptional booking": when he/she has determined that immediate incarceration is necessary for public safety.

420.3 DEPARTMENT PROCEDURE

The following procedure will be followed to comply with state court rules.

Spokane Police Department

Policy Manual

Cite and Release Policy

420.3.1 FIELD RELEASE

Whenever a person is pursuant to statute for a violation of law which is punishable as a misdemeanor or gross misdemeanor, the arresting officer or any other authorized peace officer, may release the person in the field and serve upon the person a citation and Notice to Appear in court (CrRLJ 2.1 (b)(2)).

420.3.2 JAIL RELEASE

In certain cases, it may be impractical to release a person arrested for misdemeanor offenses in the field. With a supervisors approval the person arrested may instead be booked into jail.

420.3.3 DISQUALIFYING CIRCUMSTANCES

In determining whether to release the person or to book him or her into jail, officers shall consider the following factors (CrRLJ 2.1 (b)(2)):

- (a) Whether the person has identified himself or herself satisfactorily.
- (b) Whether detention appears reasonably necessary to prevent imminent bodily harm to himself, herself, or another, or injury to property, or breach of the peace.
- (c) Whether the person has ties to the community reasonably sufficient to assure his/her appearance or whether there is substantial likelihood that he or she will refuse to respond to the citation and notice.
- (d) Whether the person previously has failed to appear in response to a citation and notice issued pursuant to this rule or to other lawful process.

420.3.4 INSTRUCTIONS TO CITED PERSON

The citing officer shall, at the time he/she issues the defendant the notice to appear, call attention to the time and place for appearance and take any other steps he/she deems necessary to ensure that the defendant understands his/her written promise to appear.

420.4 JUVENILE REFERRAL AND BOOKING

Completion of criminal citations for juveniles is generally not appropriate with the following exception:

- Misdemeanor traffic violations of the RCW and SMC.

All other misdemeanor violations for juveniles shall be documented with a case number and the case should be referred to Juvenile Court for further action including diversion.

If the juvenile is arrested for a felony, the juvenile may be booked into the juvenile facility. However, a referral is also acceptable in these circumstances. In the case of a referral, the officer shall release the juvenile to a parent or legal guardian. When considering whether to book the juvenile or handle by referral, the officer should consider the following, in addition to factors listed in 420.3.3, as reasonable circumstances in which to book the juvenile:

- the gravity of the offense
- the past record of the offender
- the age of the offender

The juvenile suspect:

Spokane Police Department

Policy Manual

- will likely fail to appear for further processing, or
- the juvenile has committed a crime while another case is pending, or
- the juvenile is a fugitive from justice, or
- the juvenile's parole has been suspended or modified

420.5 BOOKING OF POSTAL WORKERS AND COMMON CARRIERS

Whenever a postal worker for the United States Postal Service (USPS), or an operator of a commercial bus, is taken into custody, a supervisor shall respond. The responding supervisor shall immediately notify the suspect's employer of the arrest. The supervisor will make a reasonable effort to insure that the USPS or transportation company is allowed to continue the service interrupted by the suspect's arrest.

Arrest or Detention of Foreign Nationals

422.1 PURPOSE AND SCOPE

Article 36 of the Vienna Convention on Consular Relations, sets forth certain rights of foreign nationals from member countries when arrested, detained or imprisoned by law enforcement officials in this country. This section provides direction to officers when considering a physical arrest or detention of a foreign national. All foreign service personnel shall be treated with respect and courtesy, regardless of the level of established immunity. As noted herein, the United States is a party to several bilateral agreements that obligate our authorities to notify the consulate upon the person's detention, regardless of whether the detained person(s) request that his/her consulate be notified. The list of specific countries that the United States is obligated to notify is listed in the U.S. Department of State [website](#).

422.1.1 DEFINITIONS

Foreign National - Anyone who is not a citizen of the United States (U.S.). A person with dual-citizenship, U.S. and foreign, is not a foreign national.

Immunity - Refers to various protections and privileges extended to the employees of foreign governments who are present in the U.S. as official representatives of their home governments. These privileges are embodied in international law and are intended to ensure the efficient and effective performance of their official missions (i.e., embassies, consulates, etc.) in foreign countries. Proper respect for the immunity to which an individual is entitled is necessary to ensure that U.S. diplomatic relations are not jeopardized and to maintain reciprocal treatment of U.S. personnel abroad. Although immunity may preclude U.S. courts from exercising jurisdiction, it is not intended to excuse unlawful activity. It is the policy of the U.S. Department of State's Office of Foreign Missions (OFM) that illegal acts by Foreign Service personnel should always be pursued through proper channels. Additionally, the host country's right to protect its citizens supersedes immunity privileges. Peace officers may intervene to the extent necessary to prevent the endangerment of public safety or the commission of a serious crime, regardless of immunity claims.

422.2 ARREST OR DETENTION OF FOREIGN NATIONALS

Officers should take appropriate enforcement action for all violations observed, regardless of claims of diplomatic or consular immunity received from violators. A person shall not, however, be subjected to in-custody arrest when diplomatic or consular immunity is claimed by the individual or suspected by the officer, and the officer has verified or reasonably suspects that the claim of immunity is valid.

422.3 LEVELS OF IMMUNITY

The specific degree of immunity afforded to foreign service personnel within the U.S. is directly related to their function and position in this country.

422.3.1 DIPLOMATIC AGENTS

Diplomatic agents (e.g., ambassadors and United Nations representatives) are afforded the highest levels of immunity. They are exempt from arrest or detention and are immune from all criminal (and most civil) prosecution by the host state. The family members of diplomatic

Spokane Police Department

Policy Manual

Arrest or Detention of Foreign Nationals

agents enjoy these same immunities. Currently there are no diplomatic agents permanently assigned to Washington; but they do occasionally visit the state.

422.3.2 CONSULAR OFFICERS

Consular officers are the ranking members of consular posts who perform various formal functions on behalf of their own governments. Typical titles include consul general, consul, and vice consul. These officials are immune from arrest or detention, except pursuant to a felony warrant. They are only immune from criminal and civil prosecution arising from official acts. Official acts immunity must be raised as an affirmative defense in the court jurisdiction, and its validity is determined by the court. Under this defense, the prohibited act itself must have been performed as an official function. It is not sufficient that the consular agent was on-duty or in an official capacity at the time of the violation. The family members of consular officers generally enjoy no immunity, however, any family member who enjoys a higher level of immunity is issued an identification card by Department of State (DOS) enumerating any privileges or immunities on the back of the card. Examples are consular officers and family members from Russia or China.

There are approximately 40 consular officers in Washington, with most located in Seattle and Spokane.

422.3.3 HONORARY CONSULS

Honorary consuls are part-time employees of the country they represent and are either permanent residents of the U.S. or U.S. nationals (unlike career consular officers, who are foreign nationals on temporary assignment to the U.S.). Honorary consuls may be arrested and detained; limited immunity for official acts may be available as a subsequent defense. Family members have no immunity.

422.4 IDENTIFICATION

All diplomatic and consular personnel who are entitled to immunity are registered with the Department of State and are issued distinctive identification cards by the Department of State Protocol Office. These cards are the best means of identifying Foreign Service personnel. They include a photograph, identifying information, and, on the reverse side, a brief description of the bearer's immunity status. Unfortunately, these identification cards are not always promptly issued by the Department of State. In addition to the Department of State identification card, Foreign Service personnel should also have a driver license issued by the Department of State Diplomatic Motor Vehicle Office (DMVO), which in most circumstances replaces the operator's license issued by the state.

422.4.1 VEHICLE REGISTRATION

Vehicles that are owned by foreign missions or Foreign Service personnel and their dependents are registered with the Department of State OFM and display distinctive red, white, and blue license plates. Vehicles assigned to diplomatic or consular officers will generally have license plates labels with the words "Diplomat" or "Consul." Vehicles owned by honorary consuls are not issued OFM license plates; but may have Washington license plates with an "honorary consul" label. Driver's identity or immunity status should not be presumed from the type of license plates displayed on the vehicle. The status of an OFM license plate should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state, if the officer has reason to question the legitimate possession of the license plate.

Spokane Police Department

Policy Manual

The State of Washington may also issue honorary consul or official representative of any foreign government who is a citizen or resident of the United States of America, duly licensed and holding an exequatur issued by the Department of State of the United States of America special plates of a distinguishing color and numerical series.

422.5 ENFORCEMENT PROCEDURES

The following procedures provide a guideline for handling enforcement of foreign nationals:

422.5.1 CITABLE OFFENSES

An enforcement document shall be issued at the scene for all violations warranting such action, regardless of the violator's immunity status. The issuance of a citation is not considered an arrest or detention under current Department of State guidelines. Whenever the equivalent of a notice to appear is issued to an immunity claimant, the following additional procedures shall be followed by the arresting officer:

- (a) Identification documents are to be requested of the claimant.
- (b) The title and country represented by the claimant are to be recorded on the back of the officer's copy of the Notice to Appear for later reference. Do not include on the face of the notice to appear.
- (c) The identity and immunity status of the individual shall be conclusively established.
- (d) Verified diplomatic agents and consular officers, including staff and family members from countries with which the U.S. has special agreements, are not required to sign the Notice to Appear. The word *Refused* shall be entered in the signature box, and the violator shall be released.
- (e) Verified consular staff members, excluding those from countries with which the U.S. has special agreements, are generally obligated to sign the Notice to Appear, but a signature shall not be required if their immunity status is uncertain.
- (f) All other claimants are subject to the provisions of the policy and procedures outlined in this chapter.
- (g) The violator shall be provided with the appropriate copy of the notice to appear.

422.5.2 IN-CUSTODY ARRESTS

Diplomatic agents and consular officers are immune from arrest or detention (unless they have no identification and the detention is to verify their diplomatic status). Proper identification of immunity claimants is imperative in potential in-custody situations. Claimants who are not entitled to immunity shall be placed in custody in accordance with the provisions outlined in Policy Manual § 422.7.

A subject who is placed under arrest and claims diplomatic or consular immunity shall not be physically restrained before verification of the claim (unless restraint is necessary for the protection of the officer or others.)

A supervisor shall be promptly notified and should respond to the scene when possible.

Field verification of the claimant's identity is to be attempted as follows:

- (a) Identification cards issued by the Department of State, Protocol Office, are the only valid evidence of diplomatic or consular immunity. The following types of identification cards are issued: Diplomatic (blue bordered), Consular (red bordered), and Official

Spokane Police Department

Policy Manual

Arrest or Detention of Foreign Nationals

(green bordered), The Department of State identification cards are 3-3/4 inch by 1-1/2 inch and contain a photograph of the bearer.

- (b) Initiate telephone verification with the Department of State. Newly arrived members of diplomatic or consular missions may not yet have official Department of State identity documents. Verify immunity by telephone with the Department of State any time an individual claims immunity and cannot present satisfactory identification, the officer has reason to doubt the claim of immunity, or there is a possibility of physical arrest. Law enforcement personnel should use the following numbers in order of preference:
- | | |
|---|------------------------------|
| Office of Foreign Missions | Diplomatic Security Service |
| San Francisco, CA | 915 Second Avenue, Room 3410 |
| (415) 744-2910, Ext. 22 or 23 | Seattle, WA 98174 |
| (415) 744-2913 FAX | (206) 220-7721 |
| (0800-1700 PST) | (206) 220-7723 FAX |
| Office of Foreign Missions | Department of State |
| Diplomatic Motor Vehicle Office | Diplomatic Security Service |
| Washington D.C. | Command Center |
| (202) 895-3521 (Driver License Verification) or | Washington D.C. |
| (202) 895-3532 (Registration Verification) | (202) 647-7277 |
| (202) 895-3533 FAX | (202) 647-1512 |
| (0815-1700 EST) | (Available 24 hours) |
| | (202) 647-0122 FAX |

Members of diplomatic or consular missions also may have other forms of identification. These include identification cards issued by Office of Emergency Services, local law enforcement agencies, the foreign embassy, or consulate; driver licenses issued by Department of State; and, Department of State license indicia on the vehicle. All these items are only an indication that the bearer may have some form of immunity.

Subjects verified through the above procedures as being officials entitled to immunity (diplomatic agent, consular officers and consular staff and family members from countries with which the U.S. has special agreements) may not be arrested. The procedures below shall be followed. These procedures should also be used in the event immunity cannot be verified, but another form of identification indicates that immunity is probable.

If the release of the violator will not create an additional hazard, adequate information to properly identify the violator shall be obtained then the official shall be released. A supervisor's approval for the release shall be obtained whenever possible. The necessary release documents and/or a Certificate of Release form should only be issued under the proper conditions.

If the violator appears to have been driving while under the influence, field sobriety tests, including Preliminary Alcohol Screening (PAS) device tests and chemical tests should be offered and obtained whenever possible, however, these tests cannot be compelled. The subject shall not be permitted to drive. A supervisor's approval for release shall be obtained whenever possible and alternative transportation should be arranged.

All facts of the incident shall be documented in accordance with this policy in a Driving Under the Influence (DUI) Arrest-Investigation Report, Arrest-Investigation Report and/or any other relevant Report form. Notwithstanding the field release of the subject, prosecution is still appropriate and should be pursued by the command concerned. The Department of

Spokane Police Department

Policy Manual

Arrest or Detention of Foreign Nationals

State will take appropriate sanctions against errant foreign service personnel, even where prosecution is not undertaken by the agency.

422.6 TRAFFIC COLLISIONS

Persons involved in traffic collisions who possess a Department of State OFM Diplomatic Driver License, issued by the DMVO, shall have the collision report coded as required. If subsequent prosecution of the claimant is anticipated, the claimant's title, country, and type of identification presented should be recorded for future reference. Issuance of a citation to, or arrest of, an immunity claimant at the accident scene should be handled in accordance with the procedures specified in Policy Manual § 422.5 of this chapter.

422.6.1 VEHICLES

Vehicles, which are owned by subjects with full immunity, may not be searched, stored, or impounded without the owner's permission. (Such permission may be assumed if the vehicle has been stolen.) These vehicles may, however, be towed the necessary distance to remove them from obstructing traffic or creating any other hazard.

422.6.2 REPORTS

A photocopy of each traffic collision report involving an identified diplomat and/or immunity claimant shall be forwarded to the office of the Chief of Police within 48 hours whether or not the claim is verified. The words Immunity Claim shall be marked on the photocopy, together with a notation of the claimant's title, country, and type of identification presented (if applicable). In addition to the report, a follow-up cover memorandum should be submitted if the violation was flagrant, if the claimant was uncooperative, or if there were any other unusual aspects of the enforcement contact that should be reported to the Department of State for further action. The Shift Commander/Supervisor apprised of the incident/accident shall also send a copy of all documents and reports submitted by the investigating officer along with any supervisor's notes, materials and/or logs to the Chief of Police's office within 48 hours of the incident. The Chief of Police's office will check to ensure that notification of Department of State and all necessary follow-up occur.

422.7 FOREIGN NATIONALS WHO DO NOT CLAIM IMMUNITY

These policies and procedures apply to foreign nationals who do not claim diplomatic or consular immunity.

Officers shall arrest foreign nationals only under the following circumstances:

- (a) There is a valid warrant issued for the person's arrest.
- (b) There is probable cause to believe that the foreign national has violated a federal criminal law, a state law, or a local ordinance.
- (c) Officers shall not arrest foreign nationals solely for alleged undocumented entry into the U.S. unless the undocumented entry is committed in the officer's presence.

After a lawful detention or criminal arrest, officers may detain foreign nationals solely for alleged undocumented presence in the U.S. if the U.S. Immigration and Customs Enforcement (ICE) is contacted and can respond to take custody within a reasonable time. Officers shall not arrest foreign nationals for undocumented presence. Federal courts have consistently held that undocumented presence is not a crime but a federal civil violation only enforceable by federal officers.

- Officers shall not stop or detain persons solely for determining immigration status.

Spokane Police Department

Policy Manual

Arrest or Detention of Foreign Nationals

- International treaty obligations provide for notification of foreign governments when foreign nationals are arrested or otherwise detained in the U.S.
- Whenever an officer arrests and incarcerates a foreign national or detains a foreign national for investigation for over two hours, the officer shall promptly advise the individual that he/she is entitled to have his/her government notified of the arrest or detention. If the individual wants his/her government notified, the officer shall begin the notification process.

422.7.1 ARREST PROCEDURE

Whenever an officer physically arrests or detains an individual for criminal investigation and the officer reasonably believes the person to be a foreign national, the officer shall inquire to determine the person's citizenship.

This procedure applies to detentions of more than two hours. An inquiry is not required if the individual is detained less than two hours for criminal investigation.

Officers shall provide Combined Communications Center with the following information concerning the individual:

- Country of citizenship.
- Full name of individual, including paternal and maternal surname if used.
- Date of birth or age.
- Current residence.
- Time, date, place, location of incarceration/detention, and the 24-hour telephone number of the place of detention if different from the Department itself.

If the individual claims citizenship of one of the countries for which notification of the consulate/embassy is mandatory, officers shall provide Combined Communications Center with the information above as soon as practicable, regardless of whether the individual desires that the embassy/consulate be notified. This procedure is critical because of treaty obligations with the particular countries. The list of countries and jurisdictions that require notification can be found on the U.S. Department of State website.

422.7.2 DOCUMENTATION

Officers shall document in the appropriate Arrest-Investigation Report, the date and time the Combined Communications Center was notified of the foreign national's arrest/detention and his/her claimed nationality, and will note the name of the person contacted at the embassy/consulate.

Rapid Response And Deployment Policy

424.1 PURPOSE AND SCOPE

Violence in schools, workplaces and other locations by any individual or group of individuals presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers as they make decisions in these rapidly unfolding and tense situations.

424.2 POLICY

The policy of this department in dealing with the crisis situation shall be:

- (a) To obtain and maintain complete operative control of the incident.
- (b) To explore every reasonably available source of intelligence regarding the circumstances, location, and suspect(s) in the incident.
- (c) To attempt, by every means available, to attain any tactical advantage over the responsible individual(s).
- (d) To attempt, whenever feasible, a negotiated surrender of the suspect(s) and release of the hostages through the expertise of the members of this department and others.
- (e) When an emergency situation exists, neutralize the threat as rapidly as reasonably possible to minimize injury and loss of life.

Nothing in this policy shall preclude the use of necessary force, deadly or otherwise, by members of this department in protecting themselves or others from death or serious injury.

424.3 PROCEDURE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to immediately eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

When deciding on a course of action officers should consider:

- (a) Whether sufficient personnel are available on-scene to advance on the suspect. Any advance on a suspect should be made using teams of two or more officers whenever reasonably possible.
- (b) Whether individuals who are under imminent threat can be moved out of danger with reasonable safety.
- (c) Whether the officers have the ability to effectively communicate with others in the field.
- (d) Whether planned tactics can be effectively deployed.
- (e) The availability of rifles, shotguns, shields, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.
- (f) In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

Spokane Police Department

Policy Manual

Rapid Response And Deployment Policy

- (g) If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, the officer should take immediate action, if reasonably possible, to stop the threat presented by the suspect while calling for additional assistance.

Reporting Police Activity Outside of Jurisdiction

426.1 PURPOSE AND SCOPE

This policy provides general guidelines for reporting police activity while on or off-duty and occurring outside the jurisdiction of the Spokane Police Department.

426.1.1 ASSISTANCE TO AGENCIES OUTSIDE THE CITY

When an officer is on-duty and is requested by an allied agency to participate in law enforcement activity in another jurisdiction, he/she shall obtain prior approval from the immediate supervisor or the Shift Commander. If the request is of an emergency nature, the officer shall notify the Combined Communications Center before responding and thereafter notify a supervisor as soon as practical.

426.1.2 LAW ENFORCEMENT ACTIVITY OUTSIDE THE CITY

Any on-duty officer, who engages in law enforcement activities of any type outside the immediate jurisdiction of the City of Spokane shall notify his/her supervisor or the Shift Commander and respective jurisdiction at the earliest possible opportunity. Exceptions would include in-progress and minor offenses that extend past the immediate jurisdictional boundaries. Any off-duty officer who engages in any law enforcement activities, regardless of jurisdiction shall notify the Shift Commander as soon as practical.

The supervisor shall determine if a case report or other documentation of the officer's activity is required. The report or other documentation shall be forwarded through the chain of command, to the officer's Bureau Commander.

426.2 SPOKANE POLICE JURISDICTION

In addition to the incorporated City limits of Spokane, SPD also has primary jurisdiction at:

- All Spokane County owned buildings or properties within the City limits except: 1) non-public areas of the Spokane County Jail, 2) any incident within the Superior, Juvenile, or District Courts involving inmates of the Spokane County Jail.
- All Washington State properties or buildings within City limits.

SPD has concurrent jurisdiction with federal authorities at the Veteran's Hospital, 4815 N. Assembly and the Federal Court House, 920 W. Riverside.

Federal authorities have exclusive jurisdiction at the fenced cemetery and military vehicle storage area in Ft. George Wright and that area of the Main Post Office, Riverside and Lincoln, extending from the south side of that building to the north to include the executive offices.

SPD officers may be called to these areas for exigent circumstances. Civil or criminal process may be executed in the exclusive areas .

Immigration Violations

428.1 PURPOSE AND SCOPE

The immigration status of individuals alone is generally not a matter for police action. It is incumbent upon all employees of this department to make a personal commitment to equal enforcement of the law and equal service to the public regardless of immigration status. Confidence in this commitment will increase the effectiveness of the Department in protecting and serving the entire community.

428.2 DEPARTMENT POLICY

The U.S. Immigration and Customs Enforcement (ICE) has primary jurisdiction for enforcement of the provisions of Title 8, United States Code (U.S.C.) dealing with illegal entry. When assisting ICE at its specific request, or when suspected criminal violations are discovered as a result of inquiry or investigation based on probable cause originating from activities other than the isolated violations of Title 8, U.S.C., §§ 1304, 1324, 1325 and 1326, this department may assist in the enforcement of federal immigration laws.

428.3 PROCEDURES FOR IMMIGRATION COMPLAINTS

Persons wishing to report immigration violations should be referred to the local office of the U.S. Immigration and Customs Enforcement (ICE). The Employer Sanction Unit of ICE has primary jurisdiction for enforcement of Title 8, U.S.C.

428.3.1 BASIS FOR CONTACT

Unless immigration status is relevant to another criminal offense or investigation (e.g., harboring, smuggling, terrorism), the fact that an individual is suspected of being an undocumented alien shall not be the sole basis for contact, detention or arrest.

428.3.2 SWEEPS

The Spokane Police Department does not independently conduct sweeps or other concentrated efforts to detain suspected undocumented aliens.

When enforcement efforts are increased in a particular area, equal consideration should be given to all suspected violations and not just those affecting a particular race, ethnicity, age, gender, sexual orientation, religion, socioeconomic status or other group.

The disposition of each contact (e.g., warning, citation, arrest), while discretionary in each case, should not be affected by such factors as race, ethnicity, age, gender, sexual orientation, religion or socioeconomic status.

428.3.3 ICE REQUEST FOR ASSISTANCE

If a specific request is made by ICE or any other federal agency, this department will provide available support services, such as traffic control or peacekeeping efforts, during the federal operation.

Members of this department should not participate in such federal operations as part of any detention team unless it is in direct response to a request for assistance on a temporary basis or for officer safety. Any detention by a member of this department should be based upon the reasonable belief that an individual is involved in criminal activity.

Spokane Police Department

Policy Manual

Immigration Violations

428.3.4 IDENTIFICATION

Whenever any individual is reasonably suspected of a criminal violation (infraction, misdemeanor, or felony), the investigating officer should take reasonable steps to determine the person's identity through valid identification or other reliable sources.

If an individual would have otherwise been released for an infraction or misdemeanor on a citation, the person should be taken to the station and given a reasonable opportunity to verify his/her true identity (e.g., telephone calls). If the person's identity is thereafter reasonably established, the original citation release should be completed without consideration of immigration status.

428.3.5 ARREST

If the officer intends to take enforcement action and the individual is unable to reasonably establish his/her true identity, the officer may take the person into custody on the suspected criminal violation (RCW 10.31.100). A field supervisor shall approve all such arrests.

428.3.6 BOOKING

If the officer is unable to reasonably establish an arrestee's identity, the individual may, upon approval of a supervisor, be booked into jail for the suspected criminal violation and held for bail.

Any person detained for an infraction pursuant to the authority of RCW 46.61.021, may be detained, upon approval of a supervisor, for a reasonable period for the purpose of determining the person's true identity.

428.3.7 NOTIFICATION OF IMMIGRATION AND CUSTOMS ENFORCEMENT

If an officer believes that an individual taken into custody for a felony is also an undocumented alien, and after he/she is formally charged and there is no intention to transport to the county jail, ICE shall be informed by the arresting officer so that they may consider placing an immigration hold on the individual.

Whenever an officer has reason to believe that any person arrested for an offense other than a felony may not be a citizen of the United States, and the individual is not going to be booked into the county jail, the arresting officer may cause ICE to be notified for consideration of an immigration hold. In making the determination whether to notify ICE in such circumstances, the officer should, in consultation with a supervisor, consider the totality of circumstances of each case, including, but not limited to:

- (a) Seriousness of the offense.
- (b) Community safety.
- (c) Potential burden on ICE.
- (d) Impact on the immigrant community.

Generally, officers will not need to notify ICE when booking arrestees at the county jail. Immigration officials routinely interview suspected undocumented aliens who are booked into the county jail on criminal charges and notification will be handled according to jail operation procedures.

428.4 CONSIDERATIONS PRIOR TO REPORTING TO ICE

The Spokane Police Department is concerned for the safety of local citizens and thus detection of criminal behavior is of primary interest in dealing with any person. The

Spokane Police Department

Policy Manual

Immigration Violations

decision to arrest shall be based upon those factors which establish probable cause and not on arbitrary aspects. Race, ethnicity, age, gender, sexual orientation, religion, and socioeconomic status alone are of no bearing on the decision to arrest.

All individuals, regardless of their immigration status, must feel secure that contacting law enforcement will not make them vulnerable to deportation. Members should not attempt to determine the immigration status of crime victims and witnesses or take enforcement action against them absent exigent circumstances or reasonable cause to believe that a crime victim or witness is involved in violating criminal laws. Generally, if an officer suspects that a victim or witness is an undocumented immigrant, the officer need not report the person to ICE unless circumstances indicate such reporting is reasonably necessary.

Nothing in this policy is intended to restrict officers from exchanging legitimate law enforcement information with any other federal, state or local government entity (Title 8 U.S.C. §1373 and 8 U.S.C. § 1644).

428.4.1 U-VISA/T-VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U and T)). A declaration/certification for a U-Visa/T-Visa from the U.S. Citizenship and Immigration Services must be completed on the appropriate U.S. Department of Homeland Security (DHS) Form I-918 or I-914 by law enforcement and must include information on how the individual can assist in a criminal investigation or prosecution in order for a U-Visa/T-Visa to be issued.

Any request for assistance in applying for U-Visa/T-Visa status should be forwarded in a timely manner to the Investigation Bureau sergeant assigned to supervise the handling of any related case. The Investigation Bureau sergeant should do the following:

- (a) Consult with the assigned detective to determine the current status of any related case and whether further documentation is warranted.
- (b) Review the instructions for completing the declaration/certification if necessary. Instructions for completing Forms I-918/I-914 can be found on the U.S. DHS web site at <http://www.uscis.gov/portal/site/uscis>.
- (c) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the declaration/certification has not already been completed and whether a declaration/certification is warranted.
- (d) Address the request and complete the declaration/certification, if appropriate, in a timely manner.
- (e) Ensure that any decision to complete or not complete the form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed certification in the case file.

Emergency Utility Service

430.1 PURPOSE AND SCOPE

The City Public Works Department has personnel available to handle emergency calls 24 hours per day. Calls for service during non-business hours are frequently directed to the police department. Requests for such service received by this department should be handled in the following manner.

430.1.1 BROKEN WATER LINES

The city's responsibility ends at the water meter; any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the city side of the meter, emergency personnel should be called as soon as practical by Combined Communications Center.

430.1.2 ELECTRICAL LINES

City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. Avista should be promptly notified, as appropriate.

430.1.3 RESERVOIRS, PUMPS, WELLS, ETC.

Public Works maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

430.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies is maintained by Combined Communications Center.

430.2 TRAFFIC SIGNAL MAINTENANCE

The City of Spokane furnishes maintenance for all traffic signals within the city, other than those maintained by the State of Washington.

430.2.1 OFFICER'S RESPONSIBILITY

Upon observing a damaged or malfunctioning signal, the officer will advise the Combined Communications Center of the location and problem with the signal. Officers should consider the potential of collisions due to the malfunctioning signal and take appropriate action to minimize these dangers, i.e., portable signs, barricades, or directing traffic. The dispatcher should make the necessary notification to the proper maintenance agency.

Patrol Rifles

432.1 PURPOSE AND SCOPE

In order to more effectively and accurately address the increasing level of fire power and body armor utilized by criminal suspects, the Spokane Police Department will assign patrol rifles to qualified officers as an additional and more immediate tactical resource.

432.2 PATROL RIFLE

432.2.1 DEFINITION

A Patrol rifle is an authorized weapon which is owned by the department, or an authorized personally owned weapon, which is made available to properly trained and qualified officers as a supplemental resource to their duty handgun or shotgun. No personally owned rifles may be carried for Patrol duty unless pre-approved in writing by the Rangemaster.

432.3 SPECIFICATIONS

Only weapons and ammunition that meet agency authorized specifications, approved by the Rangemaster, and issued by the department may be used by officers in their law enforcement responsibilities. The Rangemaster will maintain a list of authorized rifles.

432.4 RIFLE MAINTENANCE

- (a) Primary responsibility for maintenance of patrol rifles shall fall on the Rangemaster who shall inspect and service each patrol rifle on a monthly basis.
- (b) Each patrol officer carrying a patrol rifle shall be required to field strip and clean an assigned patrol rifle as needed.
- (c) Each patrol officer shall be responsible for promptly reporting any damage or malfunction of an assigned patrol rifle.
- (d) Any patrol rifle found to be unserviceable shall be removed from service. The rifle shall be clearly labeled as "out of service" and details regarding the weapon's condition shall be included on the label.
- (e) Each patrol rifle shall be subject to inspection by a supervisor or the Rangemaster at any time.
- (f) No modification shall be made to any patrol rifle without prior authorization from the Rangemaster or designee.

432.5 TRAINING

Officers shall not carry or utilize the patrol rifle unless they have successfully completed departmental training. This training shall consist of an initial 24-hour patrol rifle user's course, or other comparable Rangemaster approved course and qualification score with a certified patrol rifle instructor. Officers shall thereafter be required to successfully complete training and annual qualification conducted by a certified patrol rifle instructor.

Any officer who fails to qualify will not be authorized to carry the patrol rifle.

Spokane Police Department

Policy Manual

Patrol Rifles

432.6 DEPLOYMENT OF THE PATROL RIFLE

Officers may deploy the patrol rifle in any circumstance where the officer can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

- (a) Situations where the officer reasonably anticipates an armed encounter.
- (b) When an officer is faced with a situation that may require the delivery of accurate and effective fire at long range.
- (c) Situations where an officer reasonably expects the need to meet or exceed a suspect's firepower.
- (d) When an officer reasonably believes that there may be a need to deliver fire on a barricaded suspect or a suspect with a hostage.
- (e) When an officer reasonably believes that a suspect may be wearing body armor.
- (f) When authorized or requested by a supervisor.
- (g) When needed to euthanize an animal.

432.7 DISCHARGE OF THE PATROL RIFLE

The discharge of the Patrol rifle shall be governed by the department's Deadly Force Policy, Policy Manual § 300.

432.8 PATROL READY

Any qualified officer carrying a patrol rifle in the field shall maintain the weapon in the "patrol ready" until deployed. A rifle is considered "patrol ready" when it has been inspected by the assigned officer and meets the following conditions:

- (a) The chamber is empty.
- (b) The rifle safety is on.
- (c) There is a fully loaded magazine in the rifle.
- (d) The rifle is stored in the locked patrol vehicle's rifle rack or trunk.

432.9 RIFLE STORAGE

- (a) When not in use, patrol rifles will be stored in the department armory. Personally owned rifles may be stored in the armory or at the officer's home in accordance with Policy 312.
- (b) At the end of the assigned officer's shift, the department patrol rifle will be returned and secured in the department armory.
- (c) Officers assigned with take home cars may store department and personally owned rifles (patrol and specialty team rifles) in:
 - 1. The department armory;
 - 2. The police vehicle if the vehicle is stored within a secure garage and the rifle is secured in a locking device or in the locked vehicle trunk; or
 - 3. The officer's home and secured in accordance with Policy 312.

Aircraft Accidents

434.1 PURPOSE AND SCOPE

This policy describes situations involving aircraft accidents including responsibilities of personnel, making proper notification, and documentation.

434.2 RESPONSIBILITIES

In the event of an aircraft crash the employee responsibilities are as follows:

434.2.1 OFFICER RESPONSIBILITY

Officers should treat an aircraft crash site as a crime scene until it is determined that such is not the case. If a military aircraft is involved, additional dangers, such as live ordnance or hazardous materials, may be present. The scene may require additional security due to the potential presence of confidential equipment or information.

The duties of the field officer at the scene of an aircraft accident include the following:

- (a) Determine the nature and extent of the accident.
- (b) Request additional personnel and other resources to respond as needed.
- (c) Provide assistance for the injured parties until the arrival of fire department personnel and/or other emergency personnel.
- (d) Cordon off and contain the area to exclude unauthorized individuals as soon as practicable.
- (e) Provide crowd control and other assistance until directed otherwise by a supervisor.
- (f) Ensure the Medical Examiner's office is notified if a death occurs.

Entering an aircraft or tampering with parts or debris is only permissible for the purpose of removing injured or trapped occupants, protecting the wreckage from further damage or protecting the public from danger. If possible, the investigating authority should first be consulted before entering or moving any aircraft or any crash debris. Photographs or sketches of the original positions should be made whenever feasible.

The fire department will be responsible for control of the accident scene until the injured parties are cared for and the accident scene has been rendered safe for containment. Thereafter, police personnel will be responsible for preserving the scene until relieved by the investigating authority.

Once the scene is relinquished to the investigating authority, personnel from this agency may assist in containment of the scene until the investigation is completed or assistance is no longer needed.

An airport service worker or the airport manager may respond to the scene to assist the on-scene commander with technical expertise, should it be needed during the operation.

434.2.2 NATIONAL TRANSPORTATION SAFETY BOARD

The National Transportation Safety Board (NTSB) has the primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft incident,

Spokane Police Department

Policy Manual

Aircraft Accidents

the appropriate branch of the military will be involved in the investigation. The NTSB is concerned with several aspects of a crash as described in this section.

Every effort should be made to preserve the scene to the extent possible in the condition in which it was found until such time as NTSB or other authorized personnel arrive to take charge of the scene.

Military personnel will respond to take charge of any military aircraft involved, whether or not injuries or deaths have occurred.

If the accident did not result in a death or injury and the NTSB elects not to respond, the pilot or owner may assume control of the aircraft.

Removal of the wreckage shall be done under the guidance of the NTSB or military authorities or, if the NTSB is not responding for an on-site investigation, at the discretion of the pilot or the owner.

434.2.3 COMBINED COMMUNICATIONS CENTER RESPONSIBILITIES

Dispatchers are responsible to make notifications as directed once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. Generally, the dispatcher will need to notify the following agencies or individuals when an aircraft accident has occurred.

- (a) Fire Department.
- (b) The affected airport tower.
- (c) Closest military base if a military aircraft is involved.
- (d) Ambulances or other assistance as required.
- (e) Notify area hospitals of the potential for an influx of injured patients (if appropriate).
- (f) Ensure the FAA and NTSB have been notified.

When an aircraft accident is reported to the Spokane Police Department by the airport tower personnel the dispatcher receiving such information should verify that the tower personnel will contact the Federal Aviation Administration (FAA) Flight Standards District Office and the National Transportation Safety Board (NTSB). In the event that airport personnel are not involved, the dispatcher should notify the FAA and the NTSB.

434.2.4 PUBLIC INFORMATION OFFICER RESPONSIBILITIES

The department Public Information officer is responsible for the following:

- (a) Obtain information for a press release from the on-scene commander or his/her designee.
- (b) When practical, the department Public Information officer should coordinate with the FAA Press Information officer to prepare a press release for distribution to the media.

Information released to the press regarding any aircraft accident should be handled by the SPD Public Information officer or in accordance with existing policy. The Public Information officer should coordinate the release of such information with the FAA Press Information officer.

434.3 DOCUMENTATION

Any aircraft accident (crash) within the City of Spokane, regardless of whether injuries or deaths occur, shall be documented.

The training period for lateral officers may be modified depending on the trainee's demonstrated performance and level of experience, but shall consist of a minimum of eight weeks.

To the extent practicable, entry level and lateral officers should be assigned to a variety of Field Training Officers, shifts and geographical areas during their Field Training Program.

436.5.1 FIELD TRAINING MANUAL

Each new officer will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and/or skills necessary to properly function as an officer with the Spokane Police Department. The officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

The Field Training Manual will specifically cover those policies, procedures, rules and regulations enacted by the Spokane Police Department.

436.6 EVALUATIONS

Evaluations are an important component of the training process and shall be completed as outlined below.

436.6.1 FIELD TRAINING OFFICER

The FTO will be responsible for the following:

The FTO Program supervisor will review and approve the Weekly Trainee Performance Evaluations submitted by the FTO through his/her immediate supervisor.

436.6.4 TRAINEE

At the completion of the Field Training Program, the trainee shall submit a performance evaluation on each of their FTO's and on the Field Training Program.

436.7 DOCUMENTATION

All documentation of the Field Training Program will be retained in the officer's training files and will consist of the following:

- (a) Weekly Trainee Performance Evaluations.
- (b) Monthly Phase III reports.
- (c) Corrected mid-term and final FTO exams.

436.8 FTO BOARD

The FTO Board is responsible for assessing the performance of trainees in the FTO Program. The end result of this assessment is to recommend continuing the trainee in the standard FTO program, providing additional/specialized training or recommending termination to the Chief of Police.

The FTO Board is chaired by the FTO sergeant under the direction of the patrol captain. Normally the board is convened to assess the trainee's performance in phase 2D, but can be convened at any time depending on need.

436.9 REMEDIAL TRAINING FOR VETERAN OFFICERS

When FTO's are required to be involved in the re-training or supplemental training of veteran officers, the current FTO Training Model shall be used. Reporting of this training will be the same as the FTO weekly reports.

Obtaining Air Support

438.1 PURPOSE AND SCOPE

The use of a police helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

438.2 REQUEST FOR HELICOPTER ASSISTANCE

If a supervisor or officer in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance shall be made by first contacting the DSO.

438.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

The Shift Commander shall determine if the situation warrants a request for a call-out of the SCSO helicopter unit. If permission is granted, the Shift Commander shall direct the Combined Communication's Center to make the appropriate notifications.

438.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Police helicopters may be requested under any of the following conditions:

- (a) When the helicopter is activated under existing mutual aid agreements.
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard.
- (c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community.
- (d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard.
- (e) Vehicle pursuits.
- (f) Other situations as determined by the field supervisor.

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for officers on the ground.

Detentions and Photographing Detainees

440.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for conducting field interviews (FI), pat-down frisks, and the taking and retention of photographs of persons detained in the field but not arrested. Due to a variety of situations confronting the officer, the decision to FI or photograph a field detainee shall be left to the discretion of the involved officer based on the totality of the circumstances available to them at the time of the detention.

440.2 DEFINITIONS

Detention - Occurs when an officer intentionally, through words, actions or physical force causes an individual to reasonably believe he/she is being required to restrict his/her movement. Detentions also occur when an officer actually restrains a person's freedom of movement.

Consensual Encounter - Occurs when an officer contacts an individual but does not create a detention through words, actions or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field Interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual's identity and resolving the officer's suspicions.

Field Photographs - Field photographs are defined as posed photographs taken of a person during a contact, detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system when persons are not posed for the purpose of photographing are not considered field photographs.

Frisk - This type of search is used by officers in the field to check an individual for weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable Suspicion - Occurs when, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

440.3 FIELD INTERVIEWS

Officers may stop individuals for the purpose of conducting an FI where reasonable suspicion is present. In justifying the stop, the officer should be able to point to specific facts which, when taken together with rational inferences, reasonably warrant the stop. Such facts include, but are not limited to, the following:

- (a) The appearance or demeanor of an individual suggests that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) The actions of the suspect suggest that he/she is engaged in a criminal activity.
- (c) The hour of day or night is inappropriate for the suspect's presence in the area.

Spokane Police Department

Policy Manual

Detentions and Photographing Detainees

- (d) The suspect's presence in the particular area is suspicious.
- (e) The suspect is carrying a suspicious object.
- (f) The suspect's clothing bulges in a manner that suggests he/she is carrying a weapon.
- (g) The suspect is located in proximate time and place to an alleged crime.
- (h) The officer has knowledge of the suspect's prior criminal record or involvement in criminal activity.

440.3.1 INITIATING A FIELD INTERVIEW

An officer may initiate the stop of a person when there is articulable, reasonable suspicion to do so. A person, however, should not be detained longer than is reasonably necessary to resolve the officer's suspicions.

Nothing in this policy is intended to discourage consensual contacts. Frequent and random casual contacts with consenting individuals are encouraged by the Spokane Police Department to strengthen our community involvement, community awareness and problem identification.

440.3.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may be lost or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigators to utilize available personnel for the following:

- (a) Identify all persons present at the scene and in the immediate area.
 - 1. When feasible, a statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred. Officers should seek consent to record such statements whenever possible.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a statement. Such witnesses, if willing, may be transported by department personnel.
 - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in a department vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.

440.4 PAT-DOWN SEARCHES

A pat-down search of a detained subject may be conducted whenever an officer reasonably believes that the person may possess an object that can be utilized as an offensive weapon or whenever the officer has a reasonable fear for his/her own safety or the safety of others. Circumstances that may establish justification for performing a pat-down search include, but are not limited to the following:

Spokane Police Department

Policy Manual

Detentions and Photographing Detainees

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or neighborhood where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry deadly weapons.
- (e) The appearance and demeanor of the suspect.
- (f) Visual indications which suggest that the suspect is carrying a firearm or other weapon.
- (g) The age and gender of the suspect.

Whenever possible, pat-down searches should be performed by officers of the same gender.

440.5 FIELD PHOTOGRAPHS

When collecting photographic evidence, corporals shall not photograph the intimate areas of persons of the opposite gender. Intimate areas shall mean the breasts, buttocks and genitals.

If a photograph of any person's intimate area is necessary for evidentiary purposes, corporals may utilize another officer who is of the same gender as the person being photographed. If a same gender officer is not available, the corporal may use medical personnel, preferably of the same gender. If the person who is to be photographed objects to the medical personnel taking the photographs, the forensics unit will be called out to do so.

Corporals should give direction to the officer or medical personnel taking the photographs on the operation of the camera, the specific evidentiary need for the photograph, and the area(s) to be photographed. Corporals should review the photographs (not in the presence of the person the pictures were taken of) to ensure that the evidentiary need has been met.

Before photographing any field detainee, the officer shall carefully consider, among other things, the factors listed below.

440.5.1 FIELD PHOTOS TAKEN WITH CONSENT

Field photographs may be taken when the subject of the photograph knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should document in a report or FI that the individual consented to a posed photograph(s).

440.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based on reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. Mere knowledge or suspicion of gang membership or affiliation is not a sufficient justification for taking a photograph without consent. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

Spokane Police Department

Policy Manual

Detentions and Photographing Detainees

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

440.6 SUPERVISOR RESPONSIBILITY

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph. Access to field photographs shall be strictly limited to law enforcement purposes.

440.7 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Forensics Unit. An associated FI card, incident report, or other memorandum explaining the nature of the contact must be completed. If an individual is photographed as a suspect in a particular crime, any associated report numbers should be noted on the photograph log.

When a photograph is taken in association with a particular case, the detective may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file.

440.7.1 PURGING THE FIELD PHOTOGRAPHS DEEMED TO BE OF CRIMINAL INTELLIGENCE IN NATURE

Investigative units whose primary responsibility is the collection, retention, dissemination and purging of criminal intelligence will review and purge photographs in compliance with 28 CFR PT.23.

440.8 PHOTO REVIEW POLICY

Any person who has been the subject of a field photograph or an FI by this agency during any contact other than an arrest may file a written request within 30 days of the contact. The request to review the status of the photograph/FI shall be directed to the office of the Chief of Police. Upon a verbal request, the department shall send a request form to the requesting party along with a copy of this policy.

Criminal Street Gangs

442.1 PURPOSE AND SCOPE

It is the policy of this department to establish a procedure for identifying criminal street gangs, participants of criminal street gangs, and patterns of criminal activity.

The intent of this policy is to provide for the collection and management of criminal street gang information so as to enhance officer safety and the criminal prosecution of criminal street gang participants.

442.2 DEFINITIONS

Criminal Street Gang (RCW 9.94A.030) - Any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name, or common identifying sign or symbols, having as one of its primary activities the commission of criminal acts, and whose members and associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. This definition does not apply to employees engaged in concerted activities for their mutual aid and protection, or to the activities of labor and bona fide nonprofit organizations or their members or agents.

Criminal Street Gang Associate or Member (RCW 9.94A.030) - Any person who actively participates in any criminal street gang and who intentionally promotes, furthers, or assists in any criminal act by the criminal street gang.

Criminal Street Gang-Related Offense (RCW 9.94A.030) - Any felony or misdemeanor offense, whether in this state or elsewhere, that is committed for the benefit of, at the direction of, or in association with, a criminal street gang with the intent to promote, further or assist any criminal street gang, with the intent to gain admission, or promotion within the gang, or with the intent to promote further or assist in any criminal act by the gang, or is committed for one or more of the following reasons: To increase or maintain the gang size, membership, prestige, dominance, or control in any geographical area; to exact revenge, or retribution for the gang, or any member of the gang; to obstruct justice, or intimidate or eliminate any witness against the gang, or any member of the gang; to directly or indirectly cause any benefit, aggrandizement, gain profit, or other advantage for the gang, its reputation, influence, or membership; or to provide the gang with any advantage in, or any control or dominance over any criminal market, sector, including but not limited to manufacturing, delivering or selling any controlled substance, arson, trafficking in stolen property, promoting prostitution, human trafficking, or promoting pornography.

442.3 IDENTIFICATION OF CRIMINAL STREET GANGS / PARTICIPANTS

The Spokane Violent Crimes Gang Enforcement Team shall be authorized to collect information on individuals who are reasonably suspected of participating in a criminal street gang and groups that are suspected of being a criminal street gang.

- (a) A group of three or more individuals shall be designated a criminal street gang when:
1. They have a common name or common identifying sign or symbol.
 2. There is evidence, substantiated by crime and informational reports, that a primary activity of the group is the commission of one or more criminal acts.
 3. One or more members individually or collectively have engaged in a pattern of criminal gang activity.
-

Spokane Police Department

Policy Manual

Criminal Street Gangs

- (b) Criteria For Gang Member Database Submission: A subject can be entered into the Spokane Regional GangNet database when two or more of the following criteria are found through investigation, coupled with the officers' training and expertise. The only single-criteria approved for entry is an in-custody jail classification interview:
1. Subject has admitted to being a gang member.
 2. Subject has been arrested with known gang members for offenses consistent with gang activity.
 3. Subject has been identified as a gang member by a reliable informant/source.
 4. Subject has been identified as a gang member by an untested informant.
 5. Subject has been seen affiliating with documented gang members either in person or photos. A photo alone cannot justify these criteria. The Training and experience of the officer will be relied on in determining the context of the photo.
 6. Subject has been seen displaying gang symbols and/or hand signs.
 7. Subject has been seen frequenting gang areas.
 8. Subject has been seen wearing gang-specific attire.
 9. Subject is known to have gang-specific tattoos or gang-specific body modifications. Knowledge of these body markings must be documented.
 10. An admission of gang membership during an in custody jail/prison classification interview. **(All others require two criteria). The Spokane Police Department shall maintain source documentation, which adequately supports each entry.*
- (c) Criteria For Gang Associate Database Submission: The associate information is entered into the Spokane Regional GangNet database for the purpose of providing further identification, through an established relationship, of an existing gang member. There are two mandatory separate submission criteria established for entry of associates into a gang member's record. The following two criteria must be present:
1. The individual is known to associate with active gang members.
 2. The law enforcement or criminal justice officer has established a reasonable suspicion the individual is involved in criminal activity or enterprise. The officer's belief must be premised upon reasoning and logic coupled with sound judgment based upon law enforcement experience and training rather than mere hunch or whim. *The Spokane Police Department shall maintain source documentation, which adequately supports each entry.*
- (d) An individual may be designated as a gang associate only when the individual is known to associate with active criminal gang members and an officer has established that there is reasonable suspicion that the individual is involved in criminal activity. An officer's belief must be premised upon reasoning and logic coupled with sound judgment based upon law enforcement experience, rather than a mere hunch or whim.

442.4 CRIMINAL STREET GANG TEMPORARY FILE

All information to be retained in the Spokane Violent Crimes Gang Enforcement Team's (SVCGET) criminal intelligence files must meet the stated guidelines for file definition and content. Information will only be retained in one of three file categories as set forth below:

- (a) Permanent File:
-

Spokane Police Department

Policy Manual

Criminal Street Gangs

1. This file includes individuals, groups, businesses, and organizations which have been positively identified by one or more distinguishing characteristics and criminal involvement.
 2. Retention Period: The retention period is five years after which the information is evaluated for its file acceptability.
- (b) Temporary File:
1. The temporary file includes information about individuals, groups, businesses, and organizations which have not been positively identified by one or more distinguishing characteristics, or other information that the SVCGET reasonably suspects is related to criminal activity.
 2. Individuals, groups, and organizations are given temporary file status only if at least one of the following situations applies:
 - (a) The subject is unidentifiable because there are no physical descriptors, identification numbers, or distinguishing characteristics available
 - (b) The SVCGET reasonably suspects that the subject is involved in criminal or gang activity
 - (c) The subject has a history of criminal or gang conduct, and the circumstances afford him an opportunity to again become active
 - (d) The reliability of the information source and/or the validity of the information content cannot be determined at the time of receipt
 - (e) The information appears to be significant and merits temporary storage.
 3. Retention Period: The retention period is one year during which time effort is made to secure additional data verification. If the information still remains in the temporary file at the end of one year with no update information added, and no information is available, the information is purged and destroyed.
- (c) Working File:
1. The working file is the receiving phase of newly acquired raw data. The SVCGET staff will review the new materials for its acceptability to the SVCGET's criminal intelligence storage system.
 2. Retention Period: The retention period is thirty working days during which effort is made to determine the value of the raw data and its acceptability to the SVCGET's criminal intelligence system.
 3. The SVCGET supervisor will be kept informed of the content of a working file

442.4.1 GANG INTELLIGENCE DATABASES

While this policy does not establish a gang intelligence database, the Chief of Police may approve one or more gang intelligence databases for use by members of the Gang Unit. Any such database should be compliant with 28 C.F.R. § 23.20 regulating criminal intelligence systems. Employees must obtain the requisite training before accessing any such database.

It is the Gang Unit Supervisor's responsibility to determine whether a report or FI contains information that would substantiate an entry into a department approved intelligence database. The Gang Unit Supervisor should forward any such reports or FIs to the Records Division after appropriate database entries are made. The submitting Gang Unit Supervisor should clearly mark the report/FI as Gang Intelligence Information.

Spokane Police Department

Policy Manual

Criminal Street Gangs

It is the responsibility of the Records Manager to retain reports and FIs in compliance with the procedures of the department approved gang/intelligence file and 28 C.F.R. § 23.20. The Records Manager may not purge these reports or FIs without the approval of the Gang Unit Supervisor.

Validation and purging of gang intelligence databases is the responsibility of the Gang Unit Supervisor.

442.5 FIELD CONTACTS

(a) Field Interviews

1. Officers who contact individuals who are, or may be participants in criminal street gang activity should complete a F.I. card and document the reasonable suspicion underlying the contact and the exact circumstances leading to the suspicion that the individual is a criminal street gang participant.

- (b) Photographing known or suspected criminal street gang participants shall be done in accordance with the provisions of Policy Manual § 440 (Photographing of Field Detainees).

442.6 RELEASE OF INFORMATION TO PARENT OR GUARDIAN

All inquiries will be made to the Spokane Violent Crimes Gang Enforcement Team supervisor for determination of dissemination of information. When an inquiry is made by a parent or guardian as to whether a juvenile's name is in the criminal street gang participant's file, acknowledgment of member or associate status may be provided by the Gang Enforcement Team supervisor, unless the release of such information can be clearly shown to jeopardize an on going criminal investigation. All inquiries will be made to the Gang Enforcement Team Supervisor for determination of dissemination of information. No information will be provided over the phone, and proof of parental authority will be required before any information is released. No documents or photographs will be provided or released.

442.7 REVIEW AND PURGING OF GANG PARTICIPANT DATABASE

The database shall be reviewed and purged on an ongoing basis in accordance with 28 CFR part 23, state law, and the Criminal Intelligence Unit guidelines.

All other files shall be retained or purged in accordance with records management guidelines and general records retention schedules.

442.8 DISSEMINATIONS OF THE DATABASE INFORMATION

Information from criminal street gang participant databases may be furnished to authorized department personnel and other authorized public law enforcement agencies, including the statewide gang database and the Spokane Regional GangNet system, only on a need to know and right to know basis in compliance with 28 CFR part 23 and state law, R.C.W. 42.56.240 and 43.43.762 and .856. This means information that may be of use in the prevention of gang related criminal activity or in the investigation of gang related crimes may be released to members of this department and other law enforcement agencies at the discretion of the unit supervisor or his/her designee.

Spokane Police Department

Policy Manual

Criminal Street Gangs

442.9 REPORTING CRITERIA AND ROUTING

- (a) Suspicious incidents, information reports and criminal incidents that appear to be criminal street gang related shall be documented on a report form.
 - 1. The reporting officer shall describe why the incident may be criminal street gang related and document statements, actions, dress, etc. that would tend to support the belief that involvement of a criminal street gang has occurred.
 - 2. The officer shall specifically indicate that a copy of the report be routed to the Spokane Violent Crimes Gang Enforcement Team.
- (b) Officers completing a field interview card under the guidelines above shall route it to the Spokane Violent Crimes Gang Enforcement Team.

442.10 SPOKANE REGIONAL GANGNET

The SPD shall establish, maintain and oversee the operations of a regional criminal gang database, to be known as the Spokane Regional GangNet System. The system will establish and maintain a database to cover the geographical area of Eastern Washington and Northern Idaho. The system shall be maintained in conformance with this policy, and all other policies and laws regarding the collection, maintenance, dissemination and purging of criminal intelligence information.

Shift Commanders

444.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with departmental policies, procedures, practices, functions and objectives. To accomplish this goal, a lieutenant, who is in charge of a shift, shall ensure appropriate team supervision.

444.1.1 DUTIES

Specifically, a patrol lieutenant reports to the Operations Bureau captain and is responsible for the following:

- The implementation of departmental rules, regulations, policies and procedures
- The personnel assigned to the shift and the quality of their performance
- The management of a precinct in accordance with the goals, objectives and priorities set by the division management team.
- Discipline within the precinct
- The development and training of subordinates

444.2 DESIGNATION AS ACTING SHIFT COMMANDER

When a lieutenant is unavailable for duty as Shift Commander, in most instances the senior qualified sergeant shall be designated as acting Shift Commander. This policy does not preclude designating a less senior sergeant as an acting Shift Commander when operational needs require or training permits.

444.3 SHIFT SUPERVISION

Generally, shift staffing shall consist of two supervisors, one of which may be a corporal, being on duty at any given time.

Mobile Digital Device Use

448.1 PURPOSE AND SCOPE

The Mobile Digital Device (MDD) accesses confidential records from the State of Washington, Department of Justice and Department of Licensing databases. Employees using the MDD shall comply with all appropriate federal and state rules and regulations.

448.2 MDD USE

The MDD shall be used for official police communications only. Messages that are of a sexual, racist, or offensive nature, or otherwise critical of any member of the department are strictly forbidden.

Messages may be reviewed by supervisors at anytime without prior notification. Employees generating or transmitting messages not in compliance with this policy are subject to discipline.

All Priority 1 and 2 calls will be dispatched to patrol units by voice and MDD .

448.2.1 USE WHILE DRIVING

Use of the MDD by the vehicle operator should generally be limited to times when the vehicle is stopped. When the vehicle is in motion, the operator should only attempt to read messages that are likely to contain information that is required for immediate enforcement, investigative or safety needs.

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

448.2.2 DOCUMENTATION OF ACTIVITY

MDD's and voice transmissions are used to record the officer's daily activity. To ensure the most accurate recording of these activities, the following are required:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it shall be entered into the Computer Aided Dispatch (CAD) system by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the officer shall record it on the MDD.

448.2.3 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted either verbally over the police radio or through the MDD system.

Officers responding to in-progress calls shall advise changes in status verbally over the radio to assist other officers responding to the same incident.

Other changes in status should be entered by depressing the appropriate keys on the MDD's.

Spokane Police Department

Policy Manual

Mobile Digital Device Use

448.3 MDD CONSIDERATIONS

448.3.1 NON-FUNCTIONING MDD

Whenever possible, officers will not use units with malfunctioning MDD's. Whenever officers must drive a unit in which the MDD is not working, they shall notify the Combined Communications Center. It shall be responsibility of Combined Communications Center to record all information that will then be transmitted verbally over the police radio.

448.3.2 BOMB CALLS

Officers shall not use any equipment, including MDD's, to transmit a radio frequency signal within 300 feet of a suspected improvised explosive device.

Medical Marijuana

452.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for handling and distinguishing between claims of medical marijuana use under Washington's Medical Use of Cannabis Act and criminal controlled substance violations (RCW 69.51A).

452.1.1 DEFINITIONS

Definitions related to this policy include (RCW 69.51A.010):

Designated provider - A person who is 18 years of age or older, who has been designated in writing by a patient to serve as a designated provider. An individual can act as a designated provider to no more than one patient at a time and is prohibited from consuming marijuana obtained for the use of the patient.

Medical use of marijuana - The production, possession, or administration of marijuana, as defined in RCW 69.50.101(q), for the exclusive benefit of a qualifying patient in the treatment of his/her terminal or debilitating medical condition.

Qualifying patient - Any person who meets all of the following criteria:

- Has been diagnosed by his/her health care professional as having a terminal or a debilitating medical condition.
- Is a resident of the state of Washington at the time of such diagnosis.
- Has been advised by his/her health care professional about the risks and benefits of the medical use of marijuana.
- Has been advised by the health care professional that he/she may benefit from the medical use of marijuana.

Valid documentation - Documentation that meets all of the following criteria:

- A statement signed and dated by a qualifying patient's health care professional, written on tamper-resistant paper, which states that in his/her professional opinion, the patient may benefit from the medical use of marijuana.
- Proof of identity, such as a Washington state driver's license or identi-card (RCW 46.20.035).

452.2 POLICY

It is the policy of the Spokane Police Department to prioritize resources to avoid making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

Washington medical marijuana laws are intended to provide protection from prosecution for those who use, possess, deliver or produce marijuana to mitigate the symptoms of certain debilitating or terminal medical conditions. However, Washington medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana.

Spokane Police Department

Policy Manual

Medical Marijuana

Officers should exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both the individuals protected under Washington law and the resources of the Department.

452.3 INVESTIGATION

Investigations involving the possession, delivery or production of marijuana generally fall into one of several categories:

- (a) No medicinal claim is made.
- (b) A medicinal claim is made by a qualifying patient or designated provider who is in possession of amounts within the limits (designated by RCW 69.51A.040).
- (c) A medicinal claim is made by a qualifying patient or designated provider who is in possession of amounts exceeding the limits designated by RCW 69.51A.040 or who presented no valid documentation when initially contacted.

452.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery or production of marijuana where there is no claim that the marijuana is for medicinal purposes, the officer should proceed with reasonable enforcement action. A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana is possessed or produced for medicinal purposes.

452.3.2 MEDICAL CLAIMS BY QUALIFYING PATIENTS OR DESIGNATED PROVIDERS

A qualifying patient or designated provider with valid documentation should not be arrested if he/she possesses no more than 15 cannabis plants and (RCW 69.51A.040; RCW 69.51A.043):

- (a) 24 ounces of usable cannabis, or
- (b) No more cannabis product than what could reasonably be produced with no more than 24 ounces of usable cannabis, or
- (c) A combination of usable cannabis and cannabis product that does not exceed a combined total representing possession and processing of no more than 24 ounces of usable cannabis.

If a person is both a qualifying patient and a designated provider for another, he/she may possess no more than double the amounts described above (RCW 69.51A.040(1)(b)).

Officers may take enforcement action against a designated caregiver even when the above thresholds are not exceeded if there is evidence that the provider has converted the marijuana for his/her personal use or benefit or has provided for more than one patient within a 15-day period (RCW 69.51A.040).

Officers may take enforcement action against a qualifying patient even when the above thresholds are not exceeded if there is evidence that the patient possesses or uses the marijuana for his/her personal, non-medical use or benefit (RCW 69.51A.040).

452.3.3 EXCESS AMOUNTS OR NO VALID DOCUMENTATION

A qualifying patient or designated provider may raise an affirmative defense to charges that the amount of marijuana in his/her possession exceeds the amount legally allowed by RCW 69.51A.040 or that he/she presented no valid documentation when initially contacted by law enforcement (RCW 69.51A.045; RCW 69.51A.047).

Spokane Police Department

Policy Manual

Medical Marijuana

Officers should conduct a thorough investigation in such cases, but in general, should not arrest a subject for possession, delivery or production of marijuana if an excess amount appears reasonable based upon the above policy considerations. Similarly, if an officer can verify that valid documentation exists, even though it was not presented by a qualified patient or designated caregiver, an arrest generally should not be made.

All facts should be thoroughly documented and if evidence is not seized, it shall be photographed and detailed in the report.

452.3.4 ADDITIONAL CONSIDERATIONS

Prior to making a physical arrest or confiscating cannabis plants, usable cannabis or product, officers should consider the following:

- (a) Whenever the initial investigation reveals an amount greater than specified by law, officers should, in anticipation of an affirmative defense, consider and document:
 1. The medical condition itself.
 2. The quality of the marijuana (chemical content).
 3. The method of ingestion (e.g. smoking, eating, nebulizer).
 4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
 5. Whether the marijuana is being cultivated indoors or outdoors, and the climate.
- (b) Before proceeding with enforcement related to collective gardens, officers should consider conferring with appropriate legal counsel.
- (c) Investigations regarding collective gardens should consider pertinent City ordinances and that (RCW 69.51A.140; RCW 69.51A.085):
 1. No more than 10 qualifying patients may participate in a single collective garden at any time.
 2. The collective garden may contain no more than 15 plants per patient and no more than a total of 45 plants.
 3. The garden may contain no more than 24 ounces of usable cannabis per patient or no more than a total of 72 ounces of usable cannabis.
 4. Each collective garden participant must have a copy of his/her valid documentation and proof of identification available for inspection on site at all times.
 5. No usable cannabis from the collective garden may be delivered to anyone other than one of the qualifying patients participating in the garden.
- (d) Medical use and possession of marijuana authorized under the Washington medical marijuana statute does not support the forfeiture of property as set forth in the Asset Forfeiture Policy (RCW 69.51A.050).

452.4 EXCEPTIONS

This policy does not apply to the following offenses; officers may take enforcement action if the person (RCW 69.51A.060):

- (a) Engages in the medical use of cannabis in a way that endangers the health or well-being of any person through the use of a motorized vehicle on a street, road, or highway, including violations of RCW 46.61.502 or RCW 46.61.504, or equivalent local ordinances.

Spokane Police Department

Policy Manual

Medical Marijuana

- (b) Uses or displays medical cannabis in a manner or place open to the view of the public.
- (c) Produces fraudulent documentation.

452.5 FEDERAL LAW ENFORCEMENT

Officers may exchange information regarding a marijuana investigation with federal law enforcement authorities when information is requested by federal law enforcement authorities or whenever the officer reasonably believes federal law enforcement authorities would request the information if the authorities were aware of the information.

452.6 AUTHORITY TO RELEASE OR DESTROY SEIZED MEDICAL MARIJUANA

It shall be the policy of the Spokane Police Department Property and Evidence Facility to retain, destroy, or return any seized medical marijuana as they would other drugs or prescription drugs per policy 804.6.7.

Bicycle Patrol Program

454.1 PURPOSE AND SCOPE

The Spokane Police Department has established the Bicycle Patrol Program (BPP) for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas and their quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

454.2 POLICY

Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control, or special events. The use of the patrol bicycle will emphasize their mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the patrol supervisor or the Shift Commander.

454.3 TRAINING

Participants in the program must complete an initial department approved bicycle-training course. The initial training shall minimally include the following:

- Bicycle patrol strategies.
- Bicycle safety and accident prevention.
- Operational tactics using bicycles.
- Qualify with their duty firearm while wearing bicycle safety equipment including the helmet and riding gloves.

454.4 UNIFORMS AND EQUIPMENT

Bicycle officers shall wear the departmentally approved uniform and safety equipment while operating the police bicycle. Safety equipment includes departmentally approved helmet, riding gloves, protective eye-wear and approved footwear. Soft body armor/vest is required.

The bicycle uniform consists of the department approved white polo shirt or white uniform short-sleeved shirt with white tee shirt worn underneath it and Department approved bicycle shorts or long bicycle pants, solid white socks, ankle length without logos or brand visible and department approved bicycle or athletic shoes. The department approved jacket may also be worn. Spandex black or blue shorts may be worn under the required bicycle shorts.

Bicycle officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment if feasible.

Officers will be responsible for obtaining necessary forms, citation books and other needed equipment to keep available while on bike patrol.

Spokane Police Department

Policy Manual

Bicycle Patrol Program

454.5 CARE AND USE OF PATROL BICYCLES

Bicycles are considered vehicles and therefore are subject to all laws, regulations, and privileges applicable to other vehicles operated upon the highway (RCW 46.04.670).

Every such bicycle shall be equipped with front lights and rear reflectors or lights, and brakes satisfying the requirements of RCW 46.61.780.

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bag(s) sufficient to carry all necessary equipment to handle routine patrol calls including report writing, vehicle storage and citations.

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to insure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer, a repair request will be submitted through the chain of command.

Bicycle maintenance will be performed by a department approved repair shop/technician.

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Officers shall not modify the patrol bicycle, remove, modify or add components except with the expressed approval of the bicycle supervisor, or in the event of an emergency.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Bicycles shall be properly secured when not in the officer's immediate presence.

454.6 OFFICER RESPONSIBILITY

Officers must operate the bicycle in compliance with applicable codes under normal operation. Officers may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and/or tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment.

It shall be the policy of this department that all other bicycle operation shall be in compliance with the rules of the road except when responding to an emergency call or when in the pursuit of an actual or suspected violator.

Department purchased bike uniform items and equipment shall be returned to the quartermaster at the end of the seasonal bike patrol program.

Unlawful Transient Shelter

455.1 PURPOSE AND SCOPE

This policy shall establish the professional philosophy and procedures of the Spokane Police Department when enforcing the provisions of the transient shelter ordinance.

It is the purpose of this policy to prevent the following harms associated with people creating unlawful shelters on public property and on public right of ways:

- (a) Safety hazards to persons and/or property occasioned by use of open flames or fires without proper containment and/or fire suppression apparatus, and/or obstructions and/or impediments in public right of way.
- (b) Negative environmental impacts occasioned by contamination from improper disposal of solid waste, detergents and fuels and/or particulate and chemical pollution of the air from open fires and use of improper fuels.
- (c) Negative public health impacts occasioned by a lack of proper sanitary facilities creating a situation where campers have commonly and openly urinated and defecated on public property and on the public right of ways and lack of solid waste disposal facilities causing the accumulation of litter, garbage and other debris.
- (d) Negative impacts on public property occasioned by interference with the intended use of public property and/or right of ways by members of the community at large and the degradation of the aesthetic value of the public property and/or right of ways based upon the prohibited activities.

Any enforcement of this policy will be under supervisory authority. Any enforcement of this policy will occur with the understanding and awareness of the homeless issues.

The supervisor will insure that appropriate agencies are notified for clean up and/or mitigation of health and safety conditions.

Foot Pursuit Policy

456.1 PURPOSE AND SCOPE

Foot pursuits are inherently dangerous and require common sense, sound tactics and heightened officer safety awareness. This policy sets forth guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot by balancing the objective of apprehending the suspect with the risk of potential injury to the officer, the suspect or the public.

456.1.1 POLICY

It is the policy of this department when deciding to initiate or continue a foot pursuit that officers must continuously balance the objective of apprehending the suspect with the risk and potential for injury to department personnel, the suspect or the public.

Officers are expected to act reasonably, based on the totality of the circumstances. Absent exigent circumstances, the safety of department personnel and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department personnel.

456.2 DECISION TO PURSUE

Officers may be justified in initiating a foot pursuit of any individual who the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as the sole justification for engaging in an extended foot pursuit without the development of reasonable suspicion of the individual's involvement in criminal activity.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to pursuit based upon the circumstances and resources available, such as the following:

- Containment of the area
- Canine search
- Saturation of the area with patrol personnel
- Aerial support
- Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the pursuit.

456.3 GUIDELINES FOR FOOT PURSUIT

Unless the officer reasonably believes that exigent circumstances exist (e.g. a serious threat to the safety of personnel or members of the public), officers should consider alternatives to engaging in or continuing a foot pursuit under the following conditions:

Spokane Police Department

Policy Manual

Foot Pursuit Policy

- (a) When directed by a supervisor to terminate the foot pursuit. Such an order shall be considered mandatory.
- (b) When the officer is acting alone.
- (c) When two or more officers become separated, lose visual contact with one another, or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of his or her location and direction of travel.
- (e) When pursuing multiple suspects and the pursuing officers do not reasonably believe that they would be able to control the suspect should a confrontation occur.
- (f) When the physical condition of the officers renders them incapable of controlling the suspect if apprehended.
- (g) When the officer loses radio contact with Combined Communications Center or with backup officers.
- (h) The suspect enters a building, structure, confined space or a wooded or otherwise isolated area and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the pursuit and coordinating containment pending the arrival of sufficient officers.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of his/her firearm or other essential equipment.
- (l) The officer or a third party is injured during the pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer definitely known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department personnel or the public if the suspect is not immediately apprehended.
- (o) The officer's ability to safely continue the pursuit is impaired by inclement weather, darkness or other conditions.

456.4 RESPONSIBILITIES IN FOOT PURSUITS

456.4.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should broadcast the following information as soon as it becomes practicable and available:

Spokane Police Department

Policy Manual

Foot Pursuit Policy

- (a) Unit identifier.
- (b) Location and direction of travel.
- (c) Reason for the foot pursuit.
- (d) Reason for the foot pursuit.
- (e) Whether the suspect is known or believed to be armed.

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify Combined Communications Center of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary.

456.4.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

Any officers who is in a position to intercept a fleeing suspect, or who can assist the primary officer with the apprehension of the suspect, shall act reasonably and in accordance with department policy, based upon available information and his/her own observations.

456.4.3 SUPERVISOR RESPONSIBILITY

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information necessary to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public unreasonably appears to outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-pursuit activity.

456.4.4 COMBINED COMMUNICATIONS CENTER RESPONSIBILITIES

Upon being notified or becoming aware that a foot pursuit is in progress, communication personnel shall, as soon as practical, notify the field supervisor and provide available information. Communication personnel are also responsible for the following:

- (a) Clear the radio channel of non-emergency traffic.
- (b) Repeat the transmissions of the pursuing officer as needed.
- (c) Ensure that a field supervisor is notified of the pursuit.

Spokane Police Department

Policy Manual

Foot Pursuit Policy

- (d) Relay all pertinent information to responding personnel.
- (e) Contact additional resources as directed by a supervisor.
- (f) Coordinate response of additional resources to assist with the foot pursuit.

456.5 REPORTING

The initiating officer shall complete the appropriate crime/arrest reports documenting, at minimum, the following:

- (a) The reason for initiating the foot pursuit.
- (b) The identity of involved personnel.
- (c) The course and approximate distance of the pursuit.
- (d) Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Department Use of Force Policy.
- (e) Any injuries or property damage.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

In any case in which a suspect is not apprehended and there is insufficient information to warrant further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

Automated License Plate Readers

462.1 PURPOSE AND SCOPE

Automated License Plate Reader (ALPR) technology, also known as License Plate Recognition, provides automated detection of license plates. ALPR is used by the Spokane Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. ALPRs may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

462.2 ADMINISTRATION OF ALPR DATA

All installation and maintenance of ALPR equipment shall be managed by Law Enforcement Information Systems (LEIS). LEIS will assign a technician to administer the day-to-day operation of the ALPR equipment and data. The ALPR technician will monitor the ALPR server each shift to ensure the stolen auto hot list is downloaded from the Washington State Patrol server on a regular basis and that ALPR operators field data is being uploaded and stored properly. ALPR data retention and access will be managed by the Investigative Division who will assign a first line supervisor to this function.

462.3 ALPR OPERATION

Use of an ALPR is restricted to the purposes outlined below. Department personnel shall not use, or allow others to use, the equipment or database records for any unauthorized purpose.

- (a) An ALPR shall only be used for official and legitimate law enforcement business.
- (b) An ALPR may be used in conjunction with any patrol operation or official department investigation. Reasonable suspicion or probable cause is not required before using an ALPR.
- (c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- (d) No member of this department shall operate ALPR equipment, or access ALPR data, without first completing department-approved training.
- (e) If practicable, the officer should verify an ALPR response through the Central Computerized Enforcement Service System (ACCESS) before taking enforcement action that is based solely upon an ALPR alert.
- (f) No ALPR operator may retrieve ACCESS data unless otherwise authorized to do so.

462.4 ALPR DATA COLLECTION AND RETENTION

All data and images gathered by ALPR are for the official use of the Spokane Police Department and because such data may contain confidential ACCESS information it is not open to public review. ALPR information gathered and retained by this department may be used and shared with prosecutors or others only as permitted by law.

Spokane Police Department

Policy Manual

Automated License Plate Readers

Collection and retention of ALPR data is subject to the following guidelines:

- (a) Files will be transferred from field units to department servers in accordance with current Spokane Police Department file storage procedures.
- (b) All ALPR data captured during a shift should be transferred to the department server before the end of each shift. Once transferred all ALPR data should be immediately purged from the mobile workstation.

All ALPR data downloaded to the server shall be stored according to the Washington State Law Enforcement Records Retention Schedule, and thereafter should be purged unless it has become, or it is reasonable to believe it will become evidence in a criminal or civil action or is subject to a lawful action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

462.5 ACCOUNTABILITY AND SAFEGUARDS

All saved data will be closely safeguarded and protected by both procedural and technological means. The Spokane Police Department will observe the following safeguards regarding access to and use of stored data:

- (a) All requests for access to stored ALPR data shall be logged and a stated purpose for access must be provided.
- (b) All ALPR data downloaded to the mobile workstation and server shall be accessible only through a login/password-protected system capable of documenting who accesses the information by name, date and time.
- (c) Persons approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.
- (d) Such ALPR data may be released to other authorized and verified law enforcement officials and agencies at any time for legitimate law enforcement purposes.
- (e) ALPR system audits should be conducted on a regular basis.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Spokane Police Department. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance. The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS

Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

- (a) Explanation of the violation or charge.

Spokane Police Department

Policy Manual

Traffic Function and Responsibility

- (b) Court appearance procedure including the optional or mandatory appearance by the motorist.
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

500.3.3 PHYSICAL ARREST

Officers may issue a traffic citation for any criminal traffic offense or infraction when such violations are committed in the officer's presence or as allowed pursuant to RCW 10.31.100. With limited exceptions, the detention in such cases may not be for a period of time longer than is reasonably necessary to issue and serve a citation to the violator.

A traffic-related detention for any offense listed in RCW 46.63.020 may expand to a physical arrest under the following circumstances:

- (a) When the officer has probable cause to believe that a felony has been committed, whether or not it was in the officer's presence.
- (b) When the offense is one or more of the violations listed in RCW 10.31.100(3).
- (c) Felony hit-and-run.
- (d) Any other misdemeanor at the discretion of the officer, such as reckless driving.

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES

If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation.

If a computer check of a traffic violator's license status reveals a suspended or revoked drivers license and the traffic violator still has his/her license in possession, the license shall be seized by the officer. The officer shall verbally advise the traffic violator of the suspension or revocation and issue the citation.

500.4.1 SUSPENDED, REVOKED OR CANCELED COMMERCIAL LICENSE PLATES

If an officer contacts a traffic violator who is operating a commercial motor vehicle with registration that a computer check confirms to be revoked, suspended or canceled, the officer shall confiscate the license plates. The Department may either recycle or destroy the plates (RCW 46.32.100).

500.5 HIGH-VISIBILITY VESTS

The Department has provided ANSI Class II high-visibility vests to reduce the danger to employees who may be exposed to hazards presented by passing traffic, construction vehicles and disaster recovery equipment (23 CFR 634.3).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the employee.

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. High-visibility vests shall be worn during traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is

desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigative vehicles may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 GUIDELINES FOR USE OF REFLECTORIZED VESTS

It is intended that reflectORIZED vests be worn at any time an officer anticipates prolonged exposure to the hazards of approaching traffic created by assignment to duties such as traffic control and accident investigation. Officers may use their discretion regarding the wearing of vests during daylight hours. Use is strongly encouraged while directing traffic during hours of darkness or when visibility is limited due to inclement weather conditions. Vests maintained in the investigation units may be used any time a plain-clothes officer might benefit from being easily identified as a police officer. Use of the vests shall also be mandatory when a supervising officer directs their use to be appropriate.

500.6 HAZARDOUS ROAD CONDITIONS

The Spokane Police Department will make all reasonable efforts to address all reported hazardous road conditions in a timely manner as circumstances and resources permit.

500.7 SPEED MEASURING DEVICES

Prior to operating a speed measuring device, the officer must have successfully completed the Washington State Criminal Justice Training Commission basic training.

Operators shall test and calibrate the equipment in accordance with training.

Unless each and every test result is within the tolerance level set forth by the manufacturer, the equipment will be taken out of service and repaired by authorized personnel.

500.8 SPEEDING IN A SCHOOL ZONE COMPLAINT PROCEDURE

It is the responsibility of the Traffic Lieutenant to establish a report form and a procedure for school crossing guards to report speed violations to the Spokane Police Department. The Traffic Lieutenant should establish a report form and procedure for school districts to report school bus stop-arm violations (RCW 46.63.180).

500.9.1 NOTIFICATION OF INFRACTION

The Traffic Lieutenant or the authorized designee should initiate an investigation of the reported violation after receiving a stop-arm violation report from a school district.

Issuance of a citation shall conform to state requirements (RCW 46.63.180). The notice of infraction shall be mailed to the registered owner or renter, if applicable, of the vehicle within 14 days of the violation.

Vehicle Towing and Release

510.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Spokane Police Department.

510.2 RESPONSIBILITIES

The responsibilities of those employees towing or impounding a vehicle are as follows.

510.2.1 REMOVAL OF VEHICLE DISABLED IN A TRAFFIC COLLISION

When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the police dispatcher. When there is no preferred company requested, or the driver is incapacitated or unavailable, a tow company will be selected from the rotational list of towing companies utilized by the Combined Communications Center.

If the owner is incapacitated, unavailable, or for any reason it is necessary for the department to remove a vehicle from the public right-of-way to a place of safety, the officer will complete a Uniform Washington State Tow/Impound and Inventory Record form.

510.2.2 DRIVING A NON-CITY VEHICLE

Generally, non-city vehicles should not be driven by police personnel unless it is necessary to move a vehicle a short distance, or for exigent circumstances.

510.2.3 DISPATCHER'S RESPONSIBILITIES

Upon receiving a request for towing, the dispatcher will verify with the officer making the request what type of impound/tow this is and shall promptly telephone the specified authorized towing service. The officer shall be advised when the request has been made and the towing service has been dispatched.

When there is no preferred company requested, the dispatcher shall call the next tow company in rotation from the list of approved towing companies.

510.3 TOWING SERVICES

The Spokane Police Department maintains a rotational list of tow companies who enter into a mutual agreement with the department. These tow companies must be licensed by DOL pursuant to RCW Chapter 46 and WAC Titles 204 and 308.

Nothing in this policy shall require the department to tow a vehicle.

510.4 STORAGE AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping for the arrestee's vehicle. The vehicle shall be stored whenever it is mandated by law, needed for the furtherance of an investigation or prosecution of the case or when the Community Caretaker Doctrine would reasonably suggest it. For example, the vehicle would present a traffic hazard if not removed, or due to a high crime area the vehicle would be in jeopardy of theft or damage if left at the scene.

Spokane Police Department

Policy Manual

Vehicle Towing and Release

No impound should occur if other alternatives are available that would ensure the vehicle's protection. Factors that should be considered by officers in determining whether to impound a vehicle pursuant to this policy include:

- (a) Whether the offense for which the subject was arrested mandates vehicle impound (i.e. DUI, commercial sexual abuse of a minor, promoting commercial sexual abuse of a minor, or promoting travel for commercial sexual abuse of a minor (RCW 9A.88.140(2))).
- (b) Whether someone is available at the scene of the arrest to whom the vehicle could be released.
- (c) Whether the vehicle is impeding the flow of traffic or is a danger to public safety.
- (d) Whether the vehicle can be secured.
- (e) Whether there is some reasonable connection between the crime/arrest and the vehicle, or the vehicle is related to the commission of another crime (i.e., the vehicle itself has evidentiary value).
- (f) Whether the owner/operator requests that the vehicle be stored/impounded at owners expense.
- (g) Whether the vehicle would be in jeopardy of theft or damage if left at the scene in a high-crime area.

In cases where a vehicle is not stored/impounded, the handling employee shall note in the report that the owner was informed that the Department will not be responsible for theft or damages to the vehicle.

510.5 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. A locked vehicle trunk shall not be opened, even if it may be opened without a key from an accessible area of the passenger compartment. Locked or closed containers located within the passenger compartment should be inventoried as a sealed unit, absent exigent circumstances. Should an item of evidentiary value be found, stop inventory and obtain a search warrant.

Members conducting a vehicle inventory should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers, and to protect the department against fraudulent claims of lost, stolen, or damaged property.

510.6 VEHICLE SEARCHES

A search warrant should be obtained prior to conducting the search of a vehicle except in very limited circumstances as enumerated below:

- (a) With valid consent of the operator
- (b) To make a limited search for weapons when a reasonable suspicion exists that a suspect is dangerous and the suspect may gain immediate control of a weapon
- (c) Under emergency circumstances not otherwise enumerated above

Warrantless searches of vehicles are subject to numerous other restrictions under specific conditions. Officers should, whenever possible, seek supervisory approval before conducting a warrantless search of a vehicle.

Spokane Police Department

Policy Manual

Vehicle Towing and Release

510.7 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g. cash, jewelry, cell phone, prescriptions) which are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, search personnel shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

510.8 TOWING OF HULK VEHICLES

Hulk vehicles should be towed by the Abandoned Auto personnel during work hours. They should only be towed by patrol officers in emergency situations, i.e., blocking the roadway.

Impaired Driving

514.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

514.2 POLICY

The Spokane Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Washington's impaired driving laws.

514.2.1 DRUG RECOGNITION EXPERT

A Drug Recognition Expert (DRE) should be utilized if an officer has reasonable grounds to suspect a driver is under the influence of drugs. Every attempt to contact an on-duty DRE should be made.

The officer should conduct standardized field sobriety tests (SFST's), use a portable breath test (PBT) device or BAC instrument, and place the subject under arrest. If the driver/suspect is over a .08 BAC, process as a regular DUI. If under a .08 or no BAC, have the Combined Communications Center contact a DRE. If no DRE is available, read the Implied Consent Warning for Blood and process accordingly.

A DRE should be called to the scene of every serious injury or fatal injury collision. If SPD does not have a DRE on shift, contact WSP Dispatch to see if any DRE's are on shift in the surrounding area. If no DRE's are available on duty, call out an SPD DRE.

Note - Refer to Patrol SOP 230

514.3 INVESTIGATIONS

All officers are expected to enforce these laws with due diligence.

514.4 FIELD TESTS

The Traffic Lieutenant should identify the standardized field sobriety tests (SFSTs) and any approved alternate tests for officers to use when investigating violations of DUI laws.

514.5 CHEMICAL TESTS

A person is deemed to have consented to a chemical test or tests under any of the following (RCW 46.20.308):

- (a) The arresting officer has reasonable grounds to believe the person was driving or in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug.
 - (b) The arresting officer has reasonable grounds to believe a person under the age of 21 was driving or in actual physical control of a motor vehicle while having a blood alcohol concentration of at least 0.02 or a THC concentration above 0.00 (RCW 46.61.503).
 - (c) The officer has stopped a person operating a commercial motor vehicle license and has probable cause to believe that the person was driving while having alcohol in the person's system or while under the influence of any drug (RCW 46.25.120).
-

Spokane Police Department

Policy Manual

Impaired Driving

- (d) The person is dead, unconscious or otherwise in a condition rendering him/her incapable of refusal.

514.5.1 BREATH TESTS

The Traffic Lieutenant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Washington State Patrol Dispatch should be notified of any anomalies or equipment failures.

514.5.2 BLOOD TESTS

Only persons authorized by law to withdraw blood shall collect blood samples (RCW 46.61.506). The withdrawal of the blood sample should be witnessed by the assigned officer. No officer, even if properly certified, should conduct the blood withdrawal.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be drawn for alternate testing. Unless medical personnel object, two samples should be drawn and retained as evidence.

If an arrestee cannot submit to a blood test because he/she is a hemophiliac or is using an anticoagulant, he/she shall not be required to take a blood test. Such inability to take a blood test should not be treated as a refusal. However, the person may be required to complete another available and viable test.

514.6 REFUSALS

When a person refuses to provide a chemical sample, officers should:

- (a) Advise the person of the requirement to provide a sample (RCW 46.20.308).
- (b) Document the refusal in the appropriate report.

514.6.1 STATUTORY NOTIFICATIONS

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of intent to suspend, revoke or deny the person's license, permit or privilege to drive upon the person and mark any state-issued license to operate a motor vehicle that is held by that person in a manner authorized by the Department of Licensing (DOL) (RCW 46.20.308).

514.6.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test and:

- (a) A search warrant has been obtained; or
- (b) The person has been arrested for one of the following offenses (RCW 46.20.308(3)):
 1. Felony DUI (RCW 46.61.502(6)).
 2. Felony physical control of a motor vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)).
 3. Vehicular homicide (RCW 46.61.520).

- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the person to submit to such a sample without physical resistance. This dialogue should be recorded on audio and/or video when practicable.
- (d) Ensure that the withdrawal is taken in a medically approved manner.
- (e) Supervise any use of force and ensure the forced withdrawal is recorded on audio and/or video when practicable.
 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods. In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood being withdrawn may be permitted.
- (f) Monitor and ensure that the type and level of force applied is reasonable under the circumstances
 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 2. In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood being withdrawn may be permitted.
- (g) Ensure the use of force and methods used to accomplish the blood sample draw are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

514.7 ARREST AND INVESTIGATION

514.7.1 WARRANTLESS ARREST

An officer having probable cause to believe that a person is DUI may make a warrantless arrest of the person whether or not the officer observed the violation first hand (RCW 10.31.100(3)(d)).

514.7.2 OFFICER RESPONSIBILITIES

If the arrested driver is the registered owner, the vehicle shall be impounded per the 2011 amendments to RCW 46.55.113, RCW 46.61.502 and RCW 46.61.504.

Officers shall make notification to Child Protective Services per RCW 46.61.507 reference a child under 16 years of age present in a vehicle if the arrested driver is the parent, guardian, legal custodian, sibling or half sibling.

514.9 ADMINISTRATIVE HEARINGS

The Records supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to the DOL.

Any officers who receive notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

Officers called to testify at an administrative hearing should document the hearing date and the DOL file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified. The Records Division should forward this to the prosecuting attorney as part of the case file.

514.10 TRAINING

The Training Lieutenant should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Training Lieutenant should confer with the prosecuting attorney's office and update training topics as needed.

516.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic infractions and citations, the procedure for dismissal and voiding of traffic citations.

516.2 RESPONSIBILITIES

The administrative sergeant shall work with court personnel for the development and design of all department traffic citations in compliance with state law and administrative regulations.

The Front Desk officer shall be responsible for maintaining a supply of notice of infraction and citation books.

The Records Division shall be responsible for the accounting of all traffic citations issued to employees of this department.

516.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to the employee's supervisor. If the employee's supervisor approves the request for the infraction to be dropped, the citation or request will be forwarded to the City Prosecutor's office with a request for dismissal along with the explanation.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer may request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete an incident report explaining the circumstances. The citation dismissal shall then be forwarded to the Patrol Bureau Commander for review.

Disabled Vehicles

520.1 PURPOSE AND SCOPE

This department has adopted the following policy on assisting motorists in disabled vehicles within this jurisdiction.

520.2 OFFICER RESPONSIBILITY

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. If available, the dispatcher should then assign another available officer to respond for assistance as soon as practical.

520.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

If the motorist calls for assistance and the department is unable to dispatch an officer due to availability, the dispatcher should attempt to contact the motorist by phone. If they do not have a preference, the dispatcher can call a tow company off of the rotational list and advise the wrecker that it's by request, give the description of the vehicle, and advise that there is not an officer on scene.

520.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. Officers changing a vehicle tire and the use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

Unauthorized 12-Hour Vehicle Violations

524.1 PURPOSE AND SCOPE

This policy provides procedures for the marking, recording, and storage of unauthorized vehicles parked in violation of 12-hour time limitations.

524.2 MARKING VEHICLES

Vehicles suspected of being subject to removal from a roadway after being left unattended for 12 hours shall be marked and noted in the incident report. No case number is required at this time (RCW 46.55.010(14)).

A notification sticker shall be applied in a visible location and a visible chalk mark should be placed on the roadside front and rear tire tread at the fender level unless missing tires or other vehicle conditions prevent marking. A comment can be made in the incident history advising of any deviation.

If a marked vehicle has been moved or the markings have been removed during a 12-hour investigation period, the vehicle shall be re-marked for another 12-hour period.

524.2.1 MARKED VEHICLE

If a marked vehicle has current license plates, the officer shall check the records to learn the identity of the last owner of record. The officer shall make a reasonable effort to contact the owner by telephone and provide notice that if the vehicle is not removed within twenty-four hours from the time the sticker was attached, the vehicle may be taken into custody and stored at the owner's expense (RCW 46.55.085(2)).

524.2.2 VEHICLE STORAGE

An officer may store any vehicle not removed 24 hours after marking (RCW 46.55.085(3)).

The officer authorizing the storage of the vehicle shall complete a uniform impound authorization and inventory form. The completed form shall be submitted to the Records Division immediately following the storage of the vehicle (RCW 46.55.075(2)).

600.4 CUSTODIAL INTERROGATION REQUIREMENTS

Any custodial interrogation of a person who is suspected of having committed any violent felony offense should be electronically recorded (audio/video or both as available) in its entirety as otherwise allowed by law. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Officers should also consider electronically recording a custodial interrogation, or any investigative interview, for any other offense when the officer reasonably believes it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of an interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Investigation Bureau supervisor. Copies of recorded interrogations or interviews may be made in the same or different format provided they are true, accurate and complete copies and are made only for authorized and legitimate law enforcement purposes.

Officers should continue to prepare written summaries of custodial questioning and investigative interviews and continue to obtain written statements from suspects when applicable.

600.5 ARRESTS BY PRIVATE PERSONS

Private persons may make a common law arrest for crimes constituting a breach of the peace or may detain a person under the authority of RCW 9A.16.020 (felonies, retail theft, etc.) Any officer presented with a private person wishing to make an arrest must determine whether there is probable cause to believe that such an arrest would be lawful.

- (b) Whenever an officer determines that there is probable cause to believe that a private person's arrest is lawful, the officer shall take a written statement from the person who has made the arrest. In addition, the officer may exercise one of the following options:
1. Take the individual into physical custody for booking.
 2. Release the individual subsequent to the issuance of a citation for the individual to appear in the appropriate court.

Cooperative Individuals

608.1 PURPOSE AND SCOPE

In many instances, a successful investigation cannot be conducted without the use of informants/sources. To protect the integrity of the Spokane Police Department and the officers using informants, it shall be the policy of this department to take appropriate precautions by developing sound informant policies.

608.1.1 DEFINITIONS

Cooperative Individual(s) (CI): A person with criminal associations who furnishes information regarding criminal activity and/or conducts controlled buy or controlled reverse operations under the direction of law enforcement. A CI may be assisting law enforcement for consideration on pending criminal charges or for monetary compensation.

Confidential Source (CS): A citizen that provides information to assist law enforcement with a current investigation but wishes to remain anonymous due to fear of retaliation related to their assistance with law enforcement. This person is generally not associated with criminal behavior/activity. An example of a CS would be the concerned neighbor to a neighborhood drug house, or the utility company employee that informs law enforcement of unusual power consumption consistent with illegal activity.

Control Officer: The officer/detective responsible for the development and use of a Cooperative Individual.

608.2 INFORMANT FILE SYSTEM

The Special Investigative Unit sergeants shall be responsible for the storage of the Cooperative Individual (CI) files. The control officer shall be responsible for maintaining the file. A separate file shall be maintained on each Cooperative Individual. All departmental units to include SIU, Gang Enforcement Team, Targeted Crimes Unit, Investigative Units, Patrol, and other individual units or officers, will immediately forward copies of CI Agreement forms to SIU for tracking and de-confliction purposes. CI Agreement forms are available and will be provided to all departmental units by SIU; no other forms shall be used for this purpose.

608.2.1 FILE SYSTEM PROCEDURE

Each file shall be coded with an assigned CI control number. A CI history shall be prepared to correspond to each CI file and include the following information:

- (a) CI's name, date of birth and aliases.
- (b) Home address and phone numbers.
- (c) Employer information, position(s) and phone numbers.
- (d) CI's Washington State Criminal History record and local RMS arrest record.
- (e) Recent photo of CI.
- (f) Signed Cooperative Individual Agreement.
- (g) SIU CI log (for tracking payments to CI).
- (h) Name of control officer.

Spokane Police Department

Policy Manual

Cooperative Individuals

- (i) Termination information (if the CI is no longer considered credible/reliable)

The informant files shall be maintained in a secure area within the Special Investigation Unit. These files shall be used to provide a source of background information about the informant, enable review and evaluation of information given by the informant, and minimize incidents that could be used to question the integrity of detectives or the reliability of the cooperative individual.

Access to the CI files shall be restricted to the Chief of Police, a Bureau Commander and members of the Special Investigative Unit.

608.3 USE OF INFORMANTS

Before using an individual as a Cooperative Individual, the control officer must receive supervisor approval. The control officer shall compile the necessary information for the CI file. The control officer will be responsible for having the CI sign the CI Agreement form and for checking the CI through Western States Intelligence Network (1-888-388-3784) to ensure that the CI has not previously been found unreliable by law enforcement. If at any time a CI is found to be unreliable/not credible, the control officer shall notify Western States Intelligence Network as to the CI's credibility/reliability.

Officers shall notify his/her immediate supervisor when a Confidential Source is being developed or has been utilized.

608.3.1 JUVENILE INFORMANTS

The use of juvenile informants under the age of 13-years is prohibited.

For purposes of this policy, a juvenile informant means any juvenile who participates, on behalf of this department, in a prearranged transaction or series of prearranged transactions with direct face-to-face contact with any party, when the juvenile's participation in the transaction is for the purpose of obtaining or attempting to obtain evidence of illegal activity by a third party and where the juvenile is participating in the transaction for the purpose of reducing or dismissing a pending juvenile petition against the juvenile. Use of juvenile informants should be an exceptional investigative technique, and requires both the approval of a Bureau Commander and the consent of the juvenile's parent or guardian.

608.4 GUIDELINES FOR HANDLING COOPERATIVE INDIVIDUALS

All cooperative Individuals are required to sign and abide by the provisions of the Cooperative Individual Agreement. The control officer shall discuss the provisions of the agreement with the CI and explain to the CI the department's operating procedures for CI's, as provided by SIU. Any deviation from the Cooperative Individual Agreement or operating procedures must be approved by a supervisor.

608.4.1 RELATIONSHIPS WITH COOPERATIVE INDIVIDUALS AND CONFIDENTIAL SOURCES

No member of the Spokane Police Department shall knowingly maintain a social relationship with a cooperative individual while on or off- duty, or otherwise become intimately involved with a cooperative individual. Members of the Spokane Police Department shall neither solicit nor accept gratuities nor engage in any private business transaction with a cooperative individual.

To maintain officer/CI or CS integrity, the following must be adhered to:

Spokane Police Department

Policy Manual

Cooperative Individuals

- (a) Officers shall not withhold the identity of a CI or CS from their superiors.
- (b) Identities of CI's shall otherwise be kept confidential.
- (c) No promise of anonymity will be made to the CI or to a CS.
- (d) Criminal activity by CI's or CS's shall not be condoned.
- (e) A CI/CS working under the direction of a member of the SPD shall be told they are not acting as police officers, employees or agents of the Spokane Police Department, and that they shall not represent themselves as such.
- (f) The relationship between officers and CI's or CS's shall always be ethical and professional.
- (g) Social contact shall be avoided unless necessary to conduct an official investigation, and only with prior approval of the unit supervisor.
- (h) Officers shall not meet with CI's alone. At least two officers shall be present for all meetings with CI's. Officers acting in an undercover capacity may be alone with a CI during an operation, but only as part of a supervisor approved operation. A CS may be contacted alone, however, every effort shall be made to document such contact, i.e. CAD entry, log book or FI, or shall notify a supervisor prior to or immediately after the contact.
- (i) When providing payment to CI's, two officers shall be present and witness the payment of funds. A voucher shall be completed to include itemizing all expenses.

608.5 NARCOTICS PAYMENT PROCEDURES

The potential payment of large sums of money to any cooperative individual/source must be done in a manner respecting public opinion and scrutiny. Additionally, to maintain a good accounting of such funds requires a strict procedure for disbursements.

608.5.1 PAYMENT PROCEDURE

The amount of funds to be paid to any CI will be evaluated against, but not limited to, the following criteria:

- The extent of the CI's personal involvement in the case.
- The significance, value or effect on crime.
- The amount of assets seized.
- The quantity of the drugs seized.
- The CI's previous criminal activity.
- The level of risk taken by the CI.

A department sergeant will discuss the above factors with the Unit Commander or in his/her absence, the Bureau Commander, and arrive at a recommended level of payment for approval.

608.5.2 PAYMENT PROCESS

All payment to CI's or CS's shall be made in the presence of two officers. A voucher shall be completed containing the CI control number, the case number (if applicable) and the control officer's name. Payments of \$500 and under can be made in cash and the CI will be required to sign the copy of the voucher certifying receipt of the payment. A Bureau Commander must approve payment above \$500 and shall approve the manner of the payment (cash or department check). The control officer shall record the payment on the SIU CI log maintained in the CI's file. This record shall include the date of payment,

Spokane Police Department

Policy Manual

Cooperative Individuals

incident number, voucher number, nature of the investigation, if any arrest was made, and the amount paid.

608.5.3 REPORTING OF PAYMENTS

Each confidential informant receiving a cash payment shall be informed of his/her responsibility to report the cash to the IRS as income. If funds distributed exceed \$600 in any reporting year, the confidential informant should be provided IRS Form 1099 (26 CFR § 1.6041-1). If such documentation or reporting may reveal the identity of the confidential informant and by doing so jeopardize any investigation, the safety of peace officers or the safety of the confidential informant (26 CFR § 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the confidential informant shall be provided a letter identifying the amount he/she must report on a tax return as other income and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the confidential informant's file.

Eyewitness Identification

610.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques.

610.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification (also known as Field Elimination Show-Ups or One-On-One Identifications) - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

610.2 POLICY

This department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

610.3 INTERPRETIVE SERVICES

Officers should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating officer should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

610.4 EYEWITNESS IDENTIFICATION FORM

The Investigation Bureau supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process and any related forms or reports should provide:

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.
- (c) The name of the person administering the identification procedure.

Spokane Police Department

Policy Manual

Eyewitness Identification

- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An admonishment that the suspect may or may not be among those presented and that the witness is not obligated to make an identification.
- (f) An admonishment to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (g) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.

610.5 EYEWITNESS IDENTIFICATION

Officers are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Officers should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Each witness should be admonished that he/she is not required to make an identification of any person shown during an eyewitness identification process.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

610.5.1 PHOTOGRAPHIC AND LIVE LINEUP CONSIDERATIONS

The member presenting the lineup shall take the utmost care not to communicate the identity of the suspect in any way.

Other persons or photos used in any lineup should bear similar characteristics to the suspect to avoid causing him/her to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The employee presenting the lineup to a witness should do so sequentially and not simultaneously (i.e., show the witness one person at a time). The witness should view all persons in the lineup.

The order of the suspect or the photos and the fillers should be randomized before being presented to each witness.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating officer should contact the appropriate prosecuting attorney before proceeding.

610.5.2 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification

Spokane Police Department

Policy Manual

Eyewitness Identification

should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the officer should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
- (d) When feasible, officers should bring the witness to the location of the suspect, rather than bring the suspect to the witness.
- (e) A person should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the suspects one at a time.
- (g) A person in a field identification should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies an individual as the perpetrator, officers should not conduct any further field identifications with other witnesses for that suspect. In such instances officers should document the contact information for any additional witnesses for follow up, if necessary.

610.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report. Witness comments of how certain he/she is of the identification or non-identification should be quoted in the report.

Documentation should specifically include the following (U.S. v. Traeger, 289 F.3d 461 (7th Cir. 2002), cert. denied, 123 S. Ct. 550 (U.S. 2002); 35 Am. Jur. Proof of Facts 3d 1 (Originally published in 1996):

- (a) the witness' opportunity to view the criminal at the time of the crime
 - (b) the witness' degree of attention
 - (c) the accuracy of the witness' prior description of the criminal
 - (d) the level of certainty that the witness demonstrated at the time of the confrontation
 - (e) the time elapsed between the crime and the confrontation
-

Spokane Police Department

Policy Manual

Eyewitness Identification

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

Brady Material Disclosure (Exculpatory and Impeachment Disclosure)

612.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called *Brady* information) to a prosecuting attorney.

612.1.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information**

- Information known or possessed by the Spokane Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.
- Any information known or possessed by the Spokane Police Department that may impact the creditability of any government witness or evidence

612.2 POLICY

The Spokane Police Department employees will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Spokane Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

612.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files); the officer should discuss the matter with a supervisor/prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor/prosecutor.

Spokane Police Department

Policy Manual

Brady Material Disclosure (Exculpatory and Impeachment Disclosure)

612.4 OFFICE OF PROFESSIONAL STANDARDS RESPONSIBILITY

The Spokane Police Department's Office of Professional Standards will notify the designated Potential Impeachment Disclosure (PID) prosecutor when the agency has learned of a potential impeachment disclosure matter regarding an officer or department employee affecting the truthfulness, bias, criminal conviction (history) or recurring performance deficiencies.

The Office of Professional Standards will coordinate with the appropriate prosecutors' office and (PID) prosecutor.

The Office of Professional Standards will respond to inquiries of potential impeachment issues by any (PID) prosecutor.

612.5 TRAINING

Department personnel should receive periodic training on the requirements of this policy.

Personal Communication Devices

702.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCD) but is intended to include all mobile telephones, personal digital assistants (PDA) and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, e-mailing, using video or camera features, playing games and accessing sites or services on the Internet.

702.2 POLICY

The Spokane Police Department allows employees to utilize department-issued PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, employees are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the employee and the employee's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Employees who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

702.3 PRIVACY POLICY

Employees shall have no expectation of privacy with regard to any communication made with or stored in or through PCDs issued by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities. The use of any department-provided or -funded PCD, computer, Internet service, telephone service or other wireless service while on-duty is without any expectation of privacy that the employee might otherwise have in any communication, including the content of any such communication. Communications or data reception on personal, password-protected, web-based e-mail accounts and any other services are subject to monitoring if department equipment is used.

In accordance with this policy, supervisors are authorized to conduct a limited administrative search of electronic files without prior notice, consent or a search warrant, on department-issued or personally owned PCDs that have been used to conduct department-related business. Administrative searches can take place for work-related purposes that may be unrelated to investigations of employee misconduct and, as practicable, will be done in the presence of the affected employee. Prior to conducting any search of personally owned devices, supervisors shall consult with the Chief of Police. All such searches shall be fully documented in a written report.

702.4 DEPARTMENT-ISSUED PCD

Depending on an employee's assignment and the needs of the position, the Department may, at its discretion, issue a PCD. Department-issued PCDs are provided as a convenience to facilitate on-duty performance only. Such devices and the associated telephone number shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless an employee is expressly authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

702.5 PERSONALLY OWNED PCD

Employees may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Carrying a personally owned PCD is a privilege, not a right.
- (b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) Employees shall promptly notify the Department in the event the PCD is lost or stolen.
- (d) The PCD and any associated services shall be purchased, used and maintained solely at the employee's expense.
- (e) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications). Employees will have a reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any department business-related communication.
- (f) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Department, without the express authorization of the Chief of Police or the authorized designee.
- (g) Use of a personally owned PCD constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, public records retention and release obligations and internal investigations. If the PCD is carried on-duty, employees will provide the Department with all telephone access numbers of the device.

Except with prior express authorization from their supervisor employees are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If an employee is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements, or if the employee has prior express authorization from his/her supervisor, the employee may engage in business-related communications. Should employees engage in such approved off-duty communications or work, employees entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Employees who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate record keeping.

702.6 USE OF PERSONAL COMMUNICATION DEVICES

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (a) A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.
- (b) All PCDs in the workplace shall be set to silent or vibrate mode.

- (d) Employees may use a PCD to communicate with other personnel in situations where the use of the radio is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid or in lieu of regular radio communications.
- (e) Officers are prohibited from taking pictures, video or making audio recording or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.
- (f) Employees will not access social networking sites for any purpose that is not official department business.
- (g) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any employee having knowledge of such conduct shall promptly notify a supervisor.

702.7 SUPERVISORY RESPONSIBILITIES

Supervisors should ensure that members under their command are provided appropriate training on the use of PCDs consistent with this policy. Supervisors should monitor, to the extent practicable, PCD use in the workplace and take prompt corrective action if an employee is observed or reported to be improperly using a PCD. An investigation into improper conduct should be promptly initiated when circumstances warrant.

If, when carrying out any provision of this policy, the need to contact an employee who is off-duty arises, supervisors should consider delaying the contact, if practicable, until the employee is on-duty as such contact may be compensable.

702.8 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, employees who are operating non-emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (RCW 46.61.668). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

Restoration of Firearm Serial Numbers

808.1 PURPOSE AND SCOPE

The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines.

808.2 PROCEDURE

Any firearm coming into the possession of the Spokane Police Department as evidence, safekeeping, found, or destroy, where the serial numbers have been removed or obliterated, the firearm will be processed in the following manner:

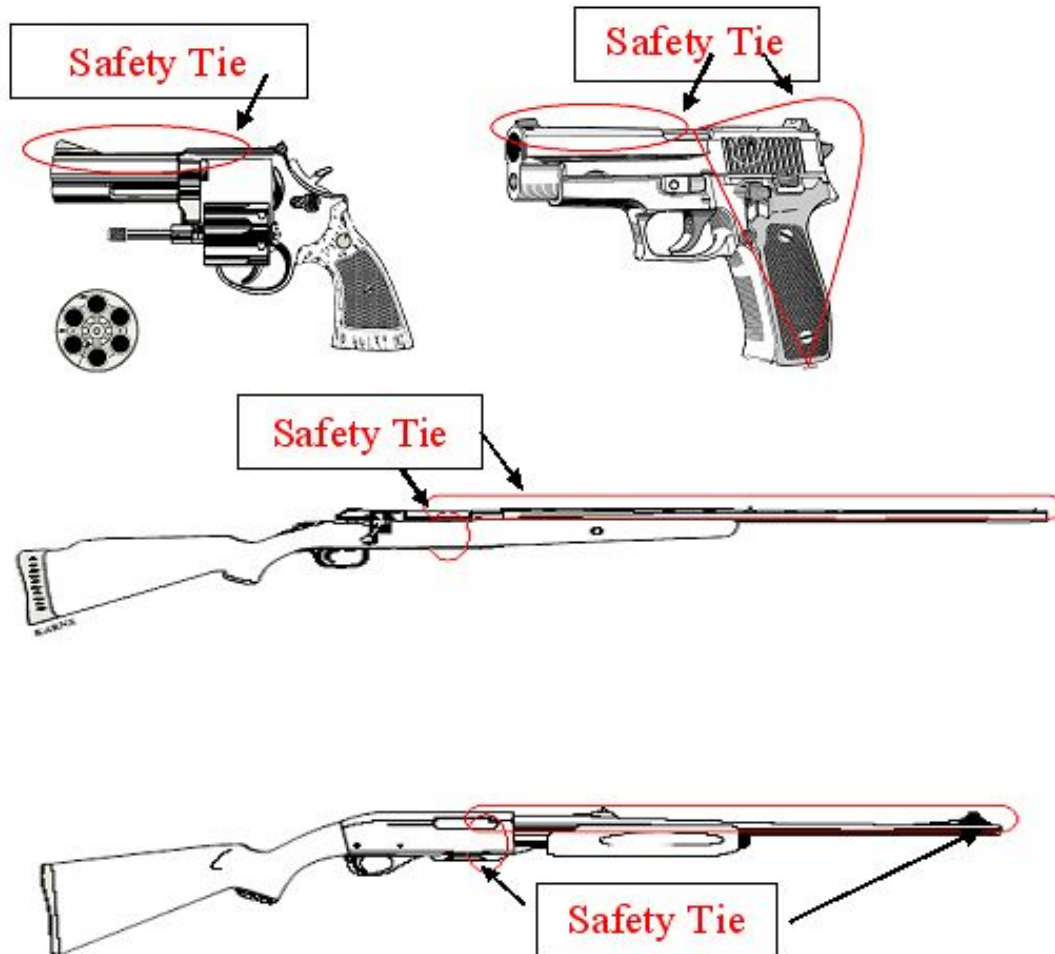

808.2.1 PRELIMINARY FIREARM EXAMINATION

- (a) Always treat the firearm as if it were loaded and keep the muzzle pointed in a safe direction. Unload and clear the firearm. Two firearm clearing barrels are located at the Property and Evidence Facility. Packaging requirements for firearms are detailed in the diagrams below. Strict adherence to the packaging policy is required. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tabular magazine) as well as the chamber contents. All firearms will have safety ties threaded through the barrel as shown and magazine port if applicable.
- (b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
- (c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.
- (d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

Spokane Police Department

Policy Manual

808.2.2 PROPERTY BOOKING PROCEDURE

Spokane Police Department

Policy Manual

Restoration of Firearm Serial Numbers

808.2.4 DOCUMENTATION

Case reports and the Evidence Report form are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received/collected until it is released.

These reports must include a record of the manner in which and/or from whom the firearm was received.

808.2.5 FIREARM TRACE

After the serial number has been restored (or partially restored) by the Crime Lab, the property and evidence technician will enter the data in the Bureau of Alcohol, Tobacco, and Firearms web-based Etrace System. The data will reflect that the trace is for an obliterated and restored serial number.

808.3 OTHER CONSIDERATIONS

The WSP Crime Lab is responsible for submission of exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, and may be submitted to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Integrated Ballistic Information Network (NIBIN) which uses the Integrated Ballistic Identification System (IBIS) technology to digitize and compare unique markings made by a firearm on bullets and cartridge casings recovered from crime scenes.

Records Release and Security

810.1 PURPOSE AND SCOPE

The purpose of this section is to establish a comprehensive reference and procedure for the maintenance and release of department reports and records in accordance with the Public Records Act (RCW 42.56, et seq.).

810.2 DEFINITIONS

Privacy Violation (right of privacy, right to privacy, personal privacy) - An invasion or violation of privacy occurs only if disclosure of information about the person would be highly offensive to a reasonable person, and is not of legitimate concern to the public. The rights to privacy in certain public records do not create any right of privacy beyond those rights that are specified by law as express exemptions from the public's right to inspect, examine, or copy public records (RCW 42.56.050).

Public Record - Includes any writing containing information relating to the conduct of government or the performance of any governmental or proprietary function prepared, owned, used, or retained by any state or local agency regardless of physical form or characteristics (RCW 42.56.010(2)).

Writing - Means handwriting, typewriting, printing, photostating, photographing, and every other means of recording any form of communication or representation, including, but not limited to, letters, words, pictures, sounds, or symbols, or combination thereof, and all papers, maps, magnetic or paper tapes, photographic films and prints, motion picture, film and video recordings, magnetic or punched cards, discs, drums, diskettes, sound recordings, and other documents including existing data compilations from which information may be obtained or translated (RCW 42.56.010(3)).

810.3 PUBLIC RECORDS OFFICER

The Records Manager is designated as the Public Records Officer for the department and is responsible as the point of contact for members of the public when requesting disclosure of public records and in overseeing the agency's compliance with the public records disclosure requirements.

The Records Manager will post his/her name, role as the Public Records Officer, and contact information in the facility conspicuously visible to the public, and on the department Internet site, and upon appropriate publications so as to provide easy access to members of the public for directing requests for disclosure of public records (RCW 42.56.580).

810.4 PUBLIC REQUESTS FOR RECORDS

The Public Records Act provides that public records created by a public agency shall be subject to inspection and copying pursuant to request, except pursuant to exemptions set forth in the Act or otherwise established by statute (RCW 42.56.070(1)).

The Records Manager shall publish, maintain, and make available to the public, a current list containing every law that exempts or prohibits disclosure of specific information or records of the department (RCW 42.56.070(2)).

Spokane Police Department

Policy Manual

Records Release and Security

The Records Division shall also establish, maintain, and make available for public inspection and copying a statement of the actual per page cost or other costs, if any, that it charges for providing photocopies of public records and a statement of the factors and manner used to determine the actual per page cost or other costs, if any (RCW 42.56.070(7) and (8)).

Public requests for records of this department shall be processed as follows (RCW 42.56.070):

810.4.1 PROCESSING OF REQUESTS

Any member of the public, including the media and elected officials, may access unrestricted records of this department by submitting a request for each record sought and paying any associated fees. The processing of requests is subject to the following limitations:

- (a) The employee processing the request shall determine if the requested record is available and/or subject to any exemption from disclosure. Processing of such requests shall be in accordance with this policy and RCW 42.56.520.
- (b) The Department shall not be required to create records that do not otherwise exist in order to accommodate any request under the Public Records Act.

810.4.2 PROMPT RESPONSE REQUIRED

Responses to requests for public records shall be made promptly. Within five business days of receiving a public record request, the department must respond by either (RCW 42.56.520):

- (a) Providing the record.
- (b) Acknowledging receipt of the request and providing a reasonable estimate of the time required to respond to the request.
- (c) Denying the public record request.
- (d) Providing an internet address and link on the agency's web site to the specific records requested, except that if the requester notifies the agency that he/she cannot access the records through the Internet, then the agency must provide copies of the record or allow the requester to view copies using an agency computer.

Additional time required to respond to a request may be based upon the need to clarify the request, to locate and assemble the information requested, to notify third persons or agencies affected by the request, or to determine whether any of the information requested is exempt and that a denial should be made as to all or part of the request.

In acknowledging receipt of a public record request that is unclear, a request to clarify what information the requester is seeking may be made. If the requester fails to clarify the request, the department need not respond to it.

Denials of requests must be accompanied by a written statement of the specific reasons for denial. The Records Manager will establish mechanisms for the most prompt possible review of decisions denying inspection.

- (c) The reporting of an event to a record keeping agency for the purpose of maintaining the record is not dissemination.

Computers and Digital Evidence

814.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

814.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

- (a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files. Officers should contact an officer specially trained in processing computers as evidence for assistance or direction on how to process or properly secure the computer. After hours, this may be done by contacting the DSO.
 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 2. Attempt to determine if the computer has access or is connected to a secured or unsecured wireless network. This information should be noted in the report.
- (e) Label each item with case number, evidence sheet number, and item number.
- (f) Handle and transport the computer and storage media (e.g., tape, disc's, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (g) Log all computer items into the Property and Evidence Facility. Do not store computers where normal room temperature and humidity is not maintained.
- (h) At minimum, officers should document the following in related reports:
 1. Where the computer was located and whether or not it was in operation.
 2. Who was using it or had access to it at the time of the crime.
 3. Who claimed ownership.
 4. If it can be determined, how it was being used.
- (i) In most cases when a computer is involved in criminal investigation and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media.

Spokane Police Department

Policy Manual

Computers and Digital Evidence

- (j) Hard drives can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields (i.e. police radio hardware).
- (k) When battery powered computers (e.g. laptops) are involved in criminal investigations and are in the possession of the suspect, the electrical cords or charging cords should be seized with the digital device.

814.2.1 BUSINESS OR NETWORKED COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

814.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, or floppy discs, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

- (a) Copy of report(s) involving the computer, including the Evidence Report form.
- (b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant and search warrant affidavit authorizing the search of the computer hard drive for evidence relating to investigation.
- (c) A completed Computer Work Request form, listing search terms and search parameters (e.g., photographs, financial records, e-mail, documents).
- (d) A forensic copy of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

814.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media (e.g., hard disks, floppy disks, CDs, DVDs, tapes, memory cards, flash memory devices) should be seized and stored in a manner that will protect them from damage.

- (a) If the media has a write-protection tab or switch, it should be activated.
- (b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation, contact the case manager for copying the contents to an appropriate form of storage media.
- (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
- (d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.
- (e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.
- (f) When battery powered digital devices (e.g. digital cameras) are involved in criminal investigations and are in the possession of the suspect, the electrical cords or charging cords should be seized with the digital device.

Spokane Police Department

Policy Manual

Computers and Digital Evidence

814.4 SEIZING PCDS

Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

- (a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a Faraday bag, to prevent the device from sending or receiving information from its host network.
- (c) When seizing the devices, also seize the charging units and keep the device plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

814.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

814.5.1 COLLECTION OF DIGITAL EVIDENCE

Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

814.5.2 SUBMISSION OF DIGITAL PHOTOGRAPHY

The following are required procedures for the submission of digital photography:

- (a) When the photographs for the incident are completed remove the storage media, set the lock, place in plastic storage cassette and place in designated envelope along with the photo log and seal.
- (b) Mark envelope with requested information.
 - 1. Incident/Report Number
 - 2. Date Submitted
 - 3. Name
- (c) The envelopes containing the memory card and photo log will be turned in at the end of each shift in the designated spot for photographic evidence.
- (d) The envelope is kept in the department member's direct control until such time as the envelope is placed in a designated location for this type of evidence.
- (e) The envelope will be collected by members of the Forensic Unit or their designee and images will be downloaded by the Forensic Unit Staff. Data will be stored and backed up by Spokane County Information Systems.
- (f) The storage media will be returned in an envelope to a location designated by each unit or to the individual submitting the photographs after it is downloaded and erased.

Spokane Police Department

Policy Manual

Computers and Digital Evidence

814.5.3 SUBMISSION OF ALL OTHER DIGITAL MEDIA

- (a) The recording media (smart card, compact flash card or any other media) shall be brought to the Property and Evidence Facility as soon as possible for submission into evidence.
- (b) Officers are not authorized to review or copy digital media. The forensic technicians and the technical support team are the only employees authorized to copy and/or distribute digital media. All duplicate copies of data will be coordinated by the case manager.
- (c) The only exception to this policy is by supervisory approval due to the sensitive nature of the media. Deviations will be noted in the case file stating the storage location of the digital media.

814.5.4 DOWNLOADING OF DIGITAL FILES

Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

- (a) Files should not be opened or reviewed prior to downloading and storage.
- (b) Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

814.5.5 PRESERVATION OF DIGITAL EVIDENCE

- (a) Only forensic technicians or the Technical Support Team are authorized to make copies from original digital images or files. The original digital images or files shall remain unaltered.
- (b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.
- (c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.

814.5.6 OUTSIDE TECHNICAL ASSISTANCE

The necessity for outside technological assistance will be identified by the forensic technician in conjunction with the case manager and forwarded through the chain-of-command for approval.

Chapter 9 - Custody

Custody Searches

902.1 PURPOSE AND SCOPE

The purpose of this policy is to establish consistent department procedures regarding booking and strip searches of pre-arraignment detainee as provided by RCW 10.79.060, et. seq. It is important to note that the legislature has specified their intent to "restrict the practice of strip searching and body cavity searching persons booked into holding, detention, or local correctional facilities to those situations where such searches are necessary" (RCW 10.79.060). This policy shall also include pat-down/frisk, which are not evidentiary searches.

902.2 DEFINITIONS

Pat-Down Frisk - A protective pat-down used by officers in the field to check an individual for weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the prisoner, or other prisoners. An officer must have reasonable suspicion that the subject is armed and dangerous in order to justify a non-consensual pat-down.

Custodial Arrest Search - This search is used by officers who have conducted a custodial arrest. Where safe to do so, officers should conduct this search as soon as possible after making the custodial arrest and prior to placing the arrestee in a patrol vehicle. It involves a thorough search of an individual's clothing/person and other property in their immediate possession. All pockets, cuffs, backpacks, purses, etc., are checked to locate all personal property, contraband, or weapons. The prisoner's personal property is taken and inventoried. The prisoner's personal property is removed and inventoried. In this type of search, all items are removed from a prisoner's possession and placed in a plastic bag, if available. This property is then turned over to jail staff or, in certain circumstances, placed on Property. Any property of significant value should be properly documented. Large sums of money should be counted in the presence of another witness officer.

Strip Search - This is not a body cavity search; this is a search that requires a person to remove or rearrange some or all of their clothing to permit a visual inspection of the underclothing, breasts, buttocks or genitalia of such person (RCW 10.79.070(1)).

Physical Body Cavity Search - This is the touching or probing of a person's body cavity, whether or not there is actual penetration of the body cavity (RCW 10.79.070(2)). Body cavity means the stomach or rectal cavity of a person, and the vagina of a female person (RCW 10.79.070(3)).

902.3 PAT DOWN FRISK

- (a) When any officer has reasonable suspicion based on articulable facts to believe that a person being lawfully detained may possess weapons or other dangerous items, and is presently dangerous, that officer may conduct a normal pat-down frisk of that individual.
- (b) Prior to detaining any individual in any police vehicle, an officer should conduct a pat-down frisk of that individual to ensure no weapons are present that could later be used against the officer or another officer.
- (c) Whenever practical, a pat-down frisk of an individual should be conducted by an officer of the same sex as the person being frisked. Absent the immediate availability of

Spokane Police Department

Policy Manual

Custody Searches

a same sex officer, it is recommended that a witness officer be present during any pat-down frisk of an individual of the opposite sex as the frisking officer.

902.4 STRIP SEARCHES

No person shall be strip searched without a Superior Court warrant unless (RCW 10.79.130):

- (a) There is a reasonable suspicion to believe that a strip search is necessary to discover weapons, or any instrument that may be used as a weapon.
- (b) Consensual strip searches of cooperative individuals (informants) being utilized in an undercover operation. Such searches shall only be done with supervisory approval and in accordance with RCW 10.79.100
- (c) Strip searches conducted for/at detention facilities shall comply with the facilities policy

902.4.1 STRIP SEARCHES PROCEDURES

Strip searches at Spokane Police Department facilities shall be conducted as follows:

- (a) Authorization from the supervisor or shift commander shall be obtained prior to the strip search.
- (b) All employees involved with the strip search shall be of the same sex as the person being searched, unless the search is conducted by authorized medical personnel (28 CFR 115.115; RCW 10.79.100).
- (c) All strip searches shall be conducted in a professional manner under sanitary conditions and in a secure area of privacy so that the search cannot be observed by persons not participating in the search. The search shall not be reproduced through a visual or sound recording.
- (d) Whenever possible, a second officer of the same sex should be present during the search for security and as a witness to the finding of evidence.
- (e) Employees conducting a strip search shall not touch the breasts, buttocks or genitalia of the person being searched.
- (f) The primary employee conducting the search shall prepare a written report to include:
 - 1. The facts that led to the decision to perform a strip search.
 - 2. The reasons less intrusive methods of searching were not used or were insufficient.
 - 3. The written authorization for the search, obtained from the Shift Commander.
 - 4. The name of the person who was searched.
 - 5. The name and sex of the persons who conducted the search.
 - 6. The name, sex and role of any person present during the search.
 - 7. The time and date of the search.
 - 8. The place at which the search was conducted.
 - 9. A list of the items, if any, recovered during the search.
 - 10. The facts upon which the employee based his/her belief that the person searched was concealing a weapon or controlled substance, if the person was not arrested for a felony.

Spokane Police Department

Policy Manual

Custody Searches

- (g) A copy of the written authorization shall be retained and made available upon request to the prisoner or the prisoner's authorized representative.
- (h) No employee should view a prisoner's private underclothing, buttocks, genitalia or female breasts while that person is showering, performing bodily functions or changing clothes unless the prisoner otherwise qualifies for a strip search. However, if serious hygiene or health issues make it reasonably necessary to assist the prisoner with a shower or a change of clothes, a supervisor should be contacted to ensure reasonable steps are taken to obtain the prisoner's consent and/or otherwise protect the prisoner's privacy and dignity.

902.5 PHYSICAL BODY CAVITY SEARCH

No person may be subjected to a body cavity search unless a search warrant is obtained (RCW 10.79.080(1)). Body cavity searches are subject to the following conditions:

- (a) No body cavity search shall be authorized or conducted unless other less invasive (visual or strip search) methods do not satisfy the safety, security, or evidentiary concerns of the agency (RCW 10.79.080(3)).
- (b) A warrant may not be sought without specific authorization in writing from the ranking shift supervisor. Authorization for the cavity search may be made electronically provided it is reduced to writing and signed by the ranking supervisor (RCW 10.79.080(2)).
- (c) Before the body cavity search is authorized or conducted, a thorough pat-down frisk, and a thorough clothing search must be used to search for and seize any evidence (RCW 10.79.080(3)).

902.6 CONDUCTING PHYSICAL BODY CAVITY SEARCHES

Body cavity searches shall be conducted as follows (RCW 10.79.100):

- (a) The search must be performed under sanitary conditions.
- (b) The search must be conducted by a physician, registered nurse or physician's assistant.
- (c) Privacy will be afforded to the person. This includes while the person is dressing and undressing. Anyone not physically conducting or assisting shall be excluded from observing the search, except as necessary to ensure the safety of the people involved in the search.

 - (a) A copy of the written authorization required under Policy Manual § 902.6(b).
 - (b) A copy of the warrant and any supporting documents.
 - (c) The name and sex of all persons conducting or observing the search.

Evaluation of Employees

1002.1 PURPOSE AND SCOPE

The objective of the evaluation system is to record work performance for both the department and the employee, giving recognition for good work and providing a guide for improvement where needed. The employee performance evaluation report is a gauge for measuring performance and may be used for making personnel decisions relating to promotion, reassignment, discipline, demotion and termination. The report also provides a guide for mutual work planning and review and an opportunity to convert general impressions into a more objective history of work performance based on job standards.

1002.2 POLICY

Employee performance evaluations will be written based on job related factors specific to the position occupied by the employee without regard to sex, race, color, or creed. Each evaluation will cover a specific period and should be based on performance during that period. The employee's immediate supervisor will complete each evaluation. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn supervisory personnel shall be sent to a WSCJTC approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected, and the evaluation rating criteria with each employee at the beginning of the rating period.

1002.3 EVALUATION FREQUENCY

Non-probationary commissioned employee evaluations below the rank of lieutenant are due in the months of July and January for the preceding six month period. Probationary employees are evaluated according to the FTO protocol. Commissioned employee evaluations at the rank of lieutenant and above are due in the month of January for the preceding twelve month period.

Non-commissioned employees shall receive evaluations as follows:

- Original Appointment Probation: During the first year an employee is employed with the city, there will be three performance evaluations prepared. These evaluations will be conducted at the end of the 4th, 8th, and 11th months of the probationary period.
- Promotional Probationary Period: When a classified employee is promoted to a higher classification, that employee is on probation for six (6) months. Performance evaluations will be prepared at the end of the 3rd and 5th months of the probationary period.
- Annual: Each employee who has completed the probationary period will have a performance evaluation prepared on the anniversary date of employment with the city. For an employee who has been promoted, the evaluation will be done on the anniversary date of the completion of the promotional probationary period.

Spokane Police Department

Policy Manual

Evaluation of Employees

- Promotional: An employee who signs up for a promotional test through the Civil Service system will have an evaluation prepared if the last evaluation was more than one (1) year before the date of the test.
- Special Supervisory Evaluation: The supervisor has the option of preparing a special evaluation on an employee. This evaluation is normally used to document significant improvements or deficiencies in an employee's performance. This evaluation will not be prepared on an employee on initial appointment or promotional probationary status.

1002.3.1 RESERVE OFFICER EVALUATIONS

Reserve officer evaluations are covered under Policy Manual § 350.

1002.4 TRANSFERS DURING RATING PERIOD

1002.4.1 COMPLETION OF EMPLOYEE PERFORMANCE EVALUATION DOCUMENT

The rater will complete all sections of the document. The rater will rate the employee on the relevant categories listed on the "performance evaluation" section (commissioned PAR) of the document. The rater will give the employee an appropriate rating based on the employee's performance during the rating period. If the category is not applicable to the particular employee or not observed by the rater, the rater will note this accordingly.

The "comments" section shall be used to illuminate the reasoning and details behind the numerical scores on the performance review. Particularly high or low scores will require greater explanation.

The following section pertains to commissioned personnel only:

The "planned training and/or changes" section should be used to list intended corrections for any deficiencies, as well as continued career development that the rater believes is necessary or important for the employee. It may also be used to highlight any goals that the employee has indicated he/she has, along with suggested training or activities that the rater believes will help the employee attain those stated goals. The "promotional evaluation form" will be completed by the rater. This form is provided to Civil Service for promotional purposes. The percentage scores in the relevant categories shall coincide with the same or similar categories on the Performance Evaluation.

1002.5 EVALUATION REVIEW

Before the supervisor discusses the evaluation with the employee, the signed performance evaluation is forwarded to the rater's supervisor (reviewer). The reviewer shall review the evaluation for fairness, impartiality, uniformity, and consistency. The reviewer shall evaluate the supervisor on the quality of ratings given.

1002.6 EVALUATION INTERVIEW

Once the reviewer has approved the evaluation, the supervisor will make arrangements for a private discussion of the evaluation with the employee. The supervisor should discuss the results of the just completed rating period and clarify any questions the employee may have. If the employee has valid and reasonable protests of any of the

ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. All members and all retired officers with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1010.4 PROCEDURE FOR RELIEF

Relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Each employee shall seek relief from firearm restrictions on their own time and through their own resources.

Pending satisfactory proof of relief from any legal restriction imposed on an employee's duties, the employee may be placed on administrative leave, reassigned or disciplined. The Department may, but is not required to return an employee to any assignment, reinstate any employee or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.

- Wash hands thoroughly with soap and water after removing gloves and after any contact with blood or other body fluids.
- Clean up any spills of blood or other body fluids thoroughly and promptly using a 1:10 household bleach dilution.
- Clean all possibly contaminated surfaces and areas with a 1:10 household bleach dilution.
- Place all possibly contaminated clothing and other items in clearly identified, impervious bio-hazard plastic bags.
- Place all possibly contaminated sharp objects in clearly identified puncture resistant containers.

1016.3 DISPOSAL AND DECONTAMINATION

The following procedures will apply to the disposal and decontamination after responding to an event that involved contact with a person's blood or bodily fluids.

1016.3.1 USE OF WASTE CONTAINERS

Officers shall dispose of bio-hazards with the on-scene fire response vehicle, at the attending clinic/hospital with their approval, or in an appropriately marked bio-hazard waste container at the Public Safety Building immediately upon arrival.

The bio-hazard waste container is located at the bottom of the stairs that lead into the basement of the Public Safety Building. It is clearly marked and lined with a red plastic, bio-hazard bag. The Forensics Unit is responsible for having this container emptied routinely. They shall coordinate this with Risk Management. Directions on emptying the container are posted directly above the barrel.

1016.3.2 DECONTAMINATION OF SKIN AND TREATMENT OF MUCOUS MEMBRANES

Personnel shall wash their hands immediately (on-scene if possible), or as soon as possible at the conclusion of the incident. Officers should wash their hands even if protective gloves were worn and no transfer of hazardous materials is suspected. Antibacterial soap, warm water, and/or an approved disinfectant shall be used to wash one's hands, paying particular attention to the fingernails.

If an employee's intact skin contacts someone else's blood, bodily fluids or other potentially infectious materials, the employee shall immediately wash the exposed part of his/her body with soap, warm water and/or an approved disinfectant, as soon as possible. If the skin becomes grossly contaminated, body washing shall be followed by application of an approved hospital strength disinfectant. If large areas of the employee's skin are contaminated, the employee shall shower as soon as possible, using warm water, soap and/or an approved disinfectant. Medical treatment should be obtained to ensure proper protection is received for the officer (WAC 296-823-14030).

Hazardous waste exposure to non-intact skin (e.g., injured skin, open wound) shall be cleaned using warm water, soap and/or an approved disinfectant. It shall then be dressed

Communicable Diseases

or bandaged as required. Medical treatment is required in all incidents of exposure. Contaminated mucus membranes, (i.e., eyes, nose, mouth) shall be flushed with water for a period of twenty minutes.

All hand, skin, and mucous membrane washing that takes place in the station shall be done in the designated cleaning area or the decontamination area at Fire Station One. Cleaning shall not be done in the kitchen, bathrooms, or other locations not designated as the cleaning or decontamination area (WAC 296-823-14030).

1016.3.3 SHARPS AND ITEMS THAT CUT OR PUNCTURE

All personnel shall avoid using or holding sharps (needles) unless needed to do so while assisting a paramedic, or collecting them for evidence. Unless required for evidentiary purposes related to evidence preservation, employees are not to recap sharps. If recapping is necessary, a one-handed method shall be employed to avoid a finger prick. Disposal, whenever possible, shall be into a puncture proof bio-hazard container.

All sharps and/or other items that may cut or puncture (e.g., broken glass, razors, and knives) shall be treated cautiously to avoid cutting, stabbing, or puncturing one's self or any other person. In addition, if a sharp object contains known or suspected blood or other bodily fluids, that item is to be treated as a contaminated item. If the item is not evidence, touching it with the hands shall be avoided. If the material must be hand held, protective gloves must be worn (WAC 296-823-14015).

1016.3.4 DISPOSABLE PROTECTIVE EQUIPMENT

Contaminated disposable supplies (gloves, bandage dressings, CPR masks) shall be transported with the patient or suspect in the ambulance if possible or police vehicle if it's not possible to place the items with the patient. The waste material shall be disposed of in the same manner as stated in § 1016.3.1. Disposable gloves are to be worn while placing the waste into the waste bio-hazard container, placing the gloves worn during this process in with the rest of the waste when through (WAC 296-823-15030).

1016.3.5 DECONTAMINATION OF PERSONAL PROTECTIVE EQUIPMENT

After using any reusable personal protective equipment, it shall be washed or disinfected and stored appropriately. If the personal protective equipment is non-reusable (e.g., disposable gloves), it shall be discarded in a bio-hazard waste container as described in Policy Manual § 1016.3.1.

Any personal protective equipment that becomes punctured, torn, or loses its integrity, shall be removed and replaced as soon as feasible.

Contaminated reusable personal protective equipment that must be transported prior to cleaning, shall be placed into a bio-hazard waste bag and transported in the ambulance, paramedic truck or police vehicle. Gloves shall be worn while handling the bio-hazard waste bag and during placement into the bio-hazard waste container; dispose of gloves along with the rest of the bio-hazard waste (WAC 296-823-15030).

1016.3.6 DECONTAMINATION OF NON-DISPOSABLE EQUIPMENT

Contaminated non-disposable equipment (e.g., flashlight, gun, baton, clothing, portable radio) shall be decontaminated as soon as possible. If it is to be transported, it shall be done by first placing it into a bio-hazard waste bag if possible.

Spokane Police Department

Policy Manual

Communicable Diseases

Grossly contaminated non-disposable equipment items shall be transported to a hospital, fire station, or police station for proper cleaning and disinfecting. Porous surfaces such as nylon bags and straps shall be brushed and scrubbed with a detergent and hot water, laundered and allowed to dry. Non-porous surfaces (e.g., plastic or metal) shall be brushed and scrubbed with detergent and hot water, sprayed with a bleach solution, rinsed, and allowed to dry. Delicate equipment (e.g., radios) should be brushed and scrubbed very carefully using a minimal amount of a type of germicide that is approved by the Environmental Protection Agency (EPA).

While cleaning equipment, pay close attention to handles, controls, portable radios, and corners (tight spots). Equipment cleaning shall not be done in the kitchen, bathrooms, or other areas not designated as the official cleaning/decontamination area.

Contaminated equipment should be cleaned using an approved EPA germicide or a 1:10 solution of chlorine bleach while wearing disposable gloves and goggles. Large particles of contaminants such as vomit, feces, blood clots, etc. should first be removed (using a disposable towel or other means to prevent direct contact) and properly disposed of (WAC 296-823-14055).

1016.3.7 DECONTAMINATION OF CLOTHING

Contaminated clothing such as uniforms and undergarments shall be removed as soon as feasible and rinsed in cold water to prevent the setting of bloodstains. If the clothing may be washed in soap and hot water, do so as soon as possible. If the clothing must be dry cleaned, place it into a bio-hazard waste bag and give it to the quartermaster. If the quartermaster is not immediately available, the clothing shall be placed in a secure area and a message left with the quartermaster describing the clothing, suspected contaminate and current location of the items. The quartermaster will secure a dry cleaner that is capable of cleaning contaminated clothing, and inform them of the potential contamination. This dry cleaning will be done at the department's expense (WAC 296-823-15030).

Contaminated leather boots or gloves shall be brushed and scrubbed with detergent and hot water. If the contaminant soaked through the boots or gloves, these items shall be discarded.

1016.3.8 DECONTAMINATION OF VEHICLES

Contaminated vehicles and components such as the seats, radios, and doors shall be washed with soap and warm water and disinfected with an approved germicide as soon as feasible. If the vehicle is parked for later decontamination, it must be clearly posted on the vehicle itself. The ECO or the equipment servicer shall be notified promptly of the contaminated car, the suspected contaminant and the car's location.

1016.4 POST-EXPOSURE REPORTING AND FOLLOW-UP REQUIREMENTS

In actual or suspected exposure incidents, proper documentation and follow-up action must occur to limit potential liabilities, ensure the best protection and care for the employee (WAC 296-823-160 et seq.).

1016.4.1 EMPLOYEE RESPONSIBILITY TO REPORT EXPOSURE

The employee shall:

- (a) Wash the affected area immediately with soap and water and contact your supervisor to advise them of the situation.

Spokane Police Department

Policy Manual

Communicable Diseases

- (b) Call U.S. Health Works (747-0776) for an exposure assessment (this number may go to a paging system after-hours, so be prepared to provide a call-back number). A doctor will return your call or page within fifteen (15) minutes. There is a critical two-hour window for treatment to begin. The doctor will assess the exposure as follows:
1. Simple Exposure; many exposures do not require further treatment than the clean-up that you have already done.
 2. Significant Exposure; if the exposure has a significant probability of disease transfer, the doctor will instruct you to report to a U.S. Health Works Office or the ER at Deaconess or Sacred Heart Hospitals. You will be given a "base-line" blood test that will include testing for HIV, and Hepatitis B and C. Medical treatment options will be considered at this time.

U.S. Health Works will provide you with your test results at a follow-up appointment scheduled within the next 24 to 48 hours. They will also provide you with third-party test results when applicable.

The Centers for Disease Control provides a toll free hotline staffed 24/7 by physicians. This "post exposure prophylaxis hotline" is 1-888-448-1911. This number is available for you to call the CDC for consultation if you desire.

Contact your supervisor to complete necessary paperwork.

1016.4.2 SUPERVISOR REPORTING REQUIREMENTS

- (a) The supervisor on duty shall investigate every exposure that occurs as soon as possible following the incident, while gathering the following information (WAC 296-823-16005):
1. Names and social security numbers of the employee(s) exposed.
 2. Date and time of incident.
 3. Location of incident.
 4. What potentially infectious materials were involved.
 5. Source of material or person.
 6. Current location of material or person.
 7. Work being done during exposure.
 8. How the incident occurred or was caused.
 9. PPE in use at the time of incident.
 10. Actions taken post-event (clean-up, notifications, etc.).
- (b) The supervisor shall use the above information to prepare a written summary of the incident, its causes, and recommendations for avoiding similar events. This information is captured by the Potential Infectious Disease Exposure form. The appropriate routing of this form is located at the bottom of the report (one copy to the treating facility, one copy to the employee and one copy to the administrative sergeant (ECO)), who should then ensure a copy is forwarded to Risk Management.
- (c) Other supervisor responsibilities:
1. Contact the individual whose body fluids the employee came into contact with (the "source").

Spokane Police Department

Policy Manual

Communicable Diseases

2. If the source agrees to get tested for HIV, and possibly other blood borne pathogens, transport the source to the emergency room at Sacred Heart Medical Center. Have the source read and complete the appropriate form provided by Providence Hospital. This form is needed to release the test results to the exposed employee. The hospital will perform the tests and the results will either be given to the exposed employee, or will be forwarded to the Spokane Regional Health District HIV/AIDS Program Manager who will then contact the exposed employee.
 - (a) Leave a copy of the signed release form (HIV Antibody Test) with the hospital and submit the original to the City of Spokane Risk Management.
3. If the source refuses your request for a voluntary blood draw:
 - (a) Contact the Spokane Regional Health District at 324-1534 during business hours and request their assistance. The Health Officer will determine whether or not a substantial exposure has occurred, and if so, will contact the source. Most always, the source agrees to testing, but if s/he refuses, a Health Order may be issued.
 - (b) State law does not provide for mandatory testing of hepatitis B or C, but does provide for mandatory testing for HIV if the Health Officer agrees there has been a substantial exposure. **Important: The testing must be conducted within seven days of the original request of the exposed party for the Health Department to assist.**
4. Ensure that the affected/exposed employee goes to Sacred Heart Hospital to request their baseline blood test for their L and I claim. The exposed employee must also give their consent to be tested for HIV. The hospital should have the needed consent forms.
 - (a) Request that the blood draw be tested for Hepatitis B and C as well as HIV. L and I will pay for these tests.
 - (b) Request that a tetanus shot, if needed, be given to the exposed employee.
5. Complete the necessary forms:
 - (a) If the exposure was classified by U.S. Health Works or a hospital ER as a "simple exposure" (no treatment other than clean-up), complete a City of Spokane Employee Injury Report and a City of Spokane Potential Infectious Disease Exposure form.
 - (b) If the exposure was classified by U.S. Health Works or hospital ER as a "significant exposure", complete a City of Spokane Employee Injury Report, a City of Spokane Potential Infectious Disease Exposure form, a Self Insured Accident Report SIF II-L&I, and a Spokane Regional Health District Request for Mandatory Testing Due to Substantial Exposure form. Fax the Request for Mandatory Testing Due to Substantial Exposure form to the Spokane Regional Health District at 324-1496 within 24 to 48 hours.
6. Forward copies of all paperwork to Human Resources for the City of Spokane and Captain and/or Division Commander of the affected employee. The SPD Administrative Sergeant will act as the Exposure Control Officer (ECO) and the ECO will act as the liaison for SPD and will monitor the follow-up testing that may be needed.
 - (a) The procedure that should be followed is:

Spokane Police Department

Policy Manual

Communicable Diseases

1. Baseline assessment of exposed employee no later than within 72 hours of exposure.
 2. Three (3) month follow-up testing for Hepatitis and HIV.
 3. Six (6) month retesting.
- (b) The reasons for the above retesting periods are that HIV always shows up within three months from the time of exposure, while Hepatitis C can take up to six months.

- Document your efforts regarding the incident. All reports will be provided to the ECO.

1016.4.3 MEDICAL CONSULTATION, EVALUATION, AND TREATMENT

Any employee who was exposed or suspects he/she was exposed to any bodily fluids should be seen by a physician (or qualified health care provider) immediately following the exposure or as soon as practicable thereafter. The doctor (or qualified health care provider) should review the supervisor's report, the employee's medical records relevant to the visit and examination and the Communicable Disease Notification Report. The medical consultation, evaluation and treatment shall be provided at no cost to the affected employee.

The health care professional shall provide the ECO and/or the City's Risk Manager with a written opinion/evaluation of the exposed employee's situation. This opinion shall only contain the following information:

- If a post-exposure treatment is indicated for the employee.
- If the employee received a post-exposure treatment.
- Confirmation that the employee received the evaluation results.
- Confirmation that the employee was informed of any medical condition resulting from the exposure incident that will require further treatment or evaluation.
- Whether communicable disease testing from the source is warranted, and if so, which diseases should the testing include.

All other findings or diagnosis shall remain confidential and are not to be included in the written report (WAC 296-823-16005).

1016.4.4 COUNSELING

The Department shall provide the exposed employee (and his/her family if necessary) the opportunity for counseling and consultation (WAC 296-823-16005).

1016.4.5 CONFIDENTIALITY OF REPORTS

The information involved in the process must remain confidential. The ECO shall ensure that all records and reports are kept in the strictest confidence.

The Risk Manager shall be responsible for maintaining the name and social security number of the employee and copies of any information provided to the consulting health care professional as a result of an exposure.

This information is confidential and shall not be disclosed to anyone without the employee's written consent (except as required by law).

Smoking and Tobacco Use

1018.1 PURPOSE AND SCOPE

This policy establishes limitations on the use of tobacco products by employees and others while on-duty or while in Spokane Police Department facilities or vehicles.

1018.2 POLICY

The Spokane Police Department recognizes that tobacco use is a health risk and can be offensive to other employees and to the public. It is the policy of the Spokane Police Department to limit the use of tobacco by employees while on-duty or at any time the employee is acting in an official capacity for the Department.

1018.3 EMPLOYEE USE

Tobacco use by employees is prohibited anytime employees are in public view representing the Department.

Smoking and other use of tobacco products is not permitted inside department facilities or any department vehicle.

It shall be the responsibility of all employees to ensure that no person smokes or uses any tobacco product inside department facilities and vehicles.

1018.4 ADDITIONAL PROHIBITIONS

No person shall smoke tobacco products within 25 feet of a main entrance, exit, or operable window of any building (RCW 70.160.075).

Personnel Complaints

1020.1 PURPOSE AND SCOPE

The purpose of this procedure is to provide guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members and employees of this department.

1020.1.1 DEFINITIONS

Personnel complaints consist of any allegation of misconduct or improper job performance against any department employee that, if true, would constitute a violation of department policy, federal, state or local law.

Personnel Complaints shall be classified in one of the following categories:

Inquiry - Questions about employee conduct which, even if true, would not qualify as a personnel complaint may be handled informally by a department supervisor and shall not be considered complaints.

Complaint - A matter in which the complaining party requests further investigation or which a department supervisor determines that further action is warranted. Such complaints may be investigated by a department supervisor of rank greater than the accused employee or referred to the Internal Affairs Unit depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the Assistant Chief, such matters need not be documented as personnel complaints, but may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

Mediation - Is a voluntary process and an alternative to investigation, adjudication and the disciplinary process.

1020.2 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1020.2.1 AVAILABILITY OF COMPLAINT FORMS

Personnel complaint forms will be maintained in a clearly visible location in the Public Safety Building lobby, at all COP Shops, from Internal Affairs, or at the Office of Police Ombudsman.

1020.2.2 SOURCE OF COMPLAINTS

- (a) A department employee becoming aware of alleged misconduct shall immediately notify a supervisor.
- (b) A supervisor receiving a complaint from any source alleging misconduct of an employee which, if true, could result in disciplinary action.
- (c) A complaint may be filed directly with Internal Affairs or the Office of Police Ombudsman.

Spokane Police Department

Policy Manual

Personnel Complaints

- (d) Anonymous complaints and third party complaints should be accepted and investigated to the extent that sufficient information is provided.

1020.2.3 ACCEPTANCE OF COMPLAINTS

A complaint may be filed in person, in writing, or by telephoning the department. Although not required, every effort should be made to have the complainant appear in person. The following should be considered before taking a complaint:

- (a) When an uninvolved supervisor determines that the reporting person is satisfied that their complaint required nothing more than an explanation regarding the proper implementation of department policy or procedure, a complaint need not be taken. A Citizen Inquiry form will be completed and forwarded to Internal Affairs.
- (b) When the complainant's credibility appears to be unreliable, the person should be provided with a Personnel Complaint form and the supervisor should complete a Citizen Inquiry form, noting the credibility concerns.
- (c) Depending on the urgency and seriousness of the allegations involved, complaints from juveniles should generally be taken only with their parents or guardians present and after the parents or guardians have been informed of the circumstances prompting the complaint.

1020.2.4 COMPLAINT DOCUMENTATION

Complaints of alleged misconduct shall be documented by a supervisor in the computer program (Blue Team). The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

When a Personnel Complaint form is completed in person, the complainant should prepare a detailed narrative of his/her complaint. If circumstances indicate that this is not feasible, the complaint may be dictated to the receiving supervisor. In an effort to ensure accuracy in any complaint, it is recommended, if practicable, that a recorded statement be obtained from the reporting party. A refusal by a party to be recorded shall not alone be grounds to refuse to accept a complaint.

1020.3 SUPERVISOR RESPONSIBILITY

In general, preliminary and follow-up investigative responsibility for some administrative complaints shall rest with the employee's immediate supervisor. The Chief of Police or authorized designee may, however, direct that another supervisor, Internal Affairs, or Human Resources, investigate the complaint. The supervisor shall be responsible for the following:

- (a) A supervisor receiving a complaint involving allegations of a potentially serious nature shall ensure that the Shift Commander is notified as soon as practicable. The Shift Commander will determine if the nature of the complaint warrants DSO notification.
- (b) A supervisor receiving or initiating a complaint, or conducting a preliminary investigation, shall ensure that a Blue Team entry has been completed as fully as possible to include; the names and contact information of all involved parties and witnesses, collection of evidence, photographing of alleged injuries as well as areas of non-injury, etc. The supervisor will send the original to Internal Affairs by the end of his/her shift. The Internal Affairs lieutenant will determine if the allegation is criminal or administrative. If the allegation is criminal, the Internal Affairs lieutenant will notify the Chief of Police. A decision will then be made as to the proper method of investigation.

Spokane Police Department

Policy Manual

Personnel Complaints

- (c) When the nature of a personnel complaint relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination, the supervisor or commanding officer receiving the complaint shall immediately contact the employee's Bureau Commander or the Duty Staff Officer who will initiate appropriate action. Internal workplace complaints of this nature will be investigated by Human Resources in coordination with the department's Internal Affairs Unit. The Internal Affairs Unit will ensure that all complaints/investigations are documented, monitored, and reviewed for thoroughness and objectivity.

1020.4 ASSIGNMENT TO ADMINISTRATIVE LEAVE

The Chief of Police may elect to place an employee on administrative leave when circumstances dictate such leave to be in the best interest of the department.

1020.4.1 ADMINISTRATIVE LEAVE

An employee placed on administrative leave may be subject to the following guidelines:

- (a) Under such circumstances, an employee placed on administrative leave shall continue to receive regular pay and benefits pending the imposition of any discipline.
- (b) An employee placed on administrative leave may be required to relinquish any badge, departmental identification, assigned weapon(s) and any other departmental equipment.
- (c) An employee placed on administrative leave may be ordered to refrain from taking any action as a departmental employee or in an official capacity. The employee shall be required to continue to comply with all policies and lawful orders of a supervisor. The employee shall be available to the department by pager, or other electronic means, during normal business hours, 0800-1600 hr., Monday through Friday.
- (d) At the discretion of the Chief, as an alternative to administrative leave, the employee may be temporarily reassigned to a different shift (generally normal business hours) during the pendency of the investigation and the employee may be required to remain available for contact at all times during such shift and report as ordered.
- (e) The Chief of Police or designee, is authorized to place an employee on administrative leave.

1020.5 ALLEGATIONS OF CRIMINAL CONDUCT

Where an employee of this department is accused of potential criminal conduct, a separate supervisor or assigned investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practical when an employee is formally accused of criminal conduct. In the event of criminal allegations, the Chief of Police may request a criminal investigation by an outside law enforcement agency.

An employee accused of criminal conduct shall be provided with all rights and privileges afforded to a civilian and the employee may not be administratively ordered to provide any information to an assigned investigator.

No information or evidence administratively coerced from an employee may be provided to a criminal investigator.

Spokane Police Department

Policy Manual

Personnel Complaints

Any law enforcement agency is authorized to release information concerning the arrest or detention of a police officer, which has not led to a conviction, however, no disciplinary action, other than non-disciplinary paid administrative leave shall be taken against the accused employee based solely on an arrest or crime report. An employee charged with a crime may be placed on unpaid layoff status in accordance with Civil Service Rules.

1020.6 ADMINISTRATIVE INVESTIGATION OF COMPLAINT

Whether conducted by a supervisor, an assigned member of the Internal Affairs Unit, or the Human Resources Department, the following procedures shall be followed with regard to the accused employee(s):

- (a) Interviews of accused employees shall be conducted during reasonable hours, preferably when the employee is on-duty. If the employee is off-duty, the employee shall be compensated.
- (b) No more than two interviewers, and the Ombudsman if present, may ask questions of an accused employee.
- (c) Prior to their interview, an employee shall be informed of the nature of the investigation. If the employee is the subject of the investigation, they shall be given a general overview of the factual allegations in writing before the interview commences.
- (d) All interviews shall be for a reasonable period and the employee's personal needs shall be accommodated.
- (e) No employee shall be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers. Any employee refusing to answer questions that are narrowly tailored to establish the facts of the investigation or the employee's fitness to hold office, may be ordered to answer questions administratively or be subject to discipline for insubordination. Nothing administratively ordered may be provided to a criminal investigator, except at the direction of the Chief.
- (f) Absent circumstances preventing it, the interviewer should record all interviews of employees and witnesses. If the employee has been previously interviewed, a copy of that recorded interview shall be provided to the employee prior to any subsequent interview if requested by the employee.
- (g) Any employee who becomes the subject of a criminal investigation shall, prior to their interview, be notified that he/she is the subject of a criminal investigation and, further, that he/she is under no obligation to answer any questions or to remain in an interview setting involuntarily. A criminal investigation shall be interpreted as any investigation which could result in the filing of a criminal charge against the employee.
- (h) All employees subjected to interviews that could result in punitive action shall have the right to have a Collective Bargaining Unit representative present at any interview. In addition, they may also have legal representation at their own expense. These representatives may participate to the extent allowed by law.
- (i) All employees shall provide truthful and non-evasive responses to questions posed during interviews.
- (j) An investigator will not ask, nor will an employee be compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any administrative investigation.

Spokane Police Department

Any employee may be compelled to disclose personal financial information pursuant to proper legal process.

Employees shall have no reasonable expectation of privacy in the use of city computers, telephones, radios, and electronic devices, and, in city property including desks, lockers, file cabinets, and vehicles, provided that employees retain a right of privacy in the personal possessions contained therein. Absent permission of the employee, no locker or vehicle search (excluding regular vehicle inspections) shall be conducted unless in the presence of a bargaining unit representative. Any removed items shall be inventoried.

1020.6.2 ADMINISTRATIVE INVESTIGATION FORMAT

Investigations of personnel complaints shall be detailed, complete and essentially follow this format:

Synopsis - Provide a very brief summary of the facts giving rise to the investigation.

Summary Of Allegations - List the allegations separately (including applicable policy sections) with a very brief summary of the evidence relevant to each allegation. A separate recommended finding should be provided for each allegation.

Each allegation shall be classified with one of the following dispositions:

Exonerated - When the investigation discloses that the alleged act occurred, but that the act was justified, lawful and/or proper.

Not Sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the employee.

Spokane Police Department

Policy Manual

Personnel Complaints

Training Failure - Deficiency in training was the cause of the alleged act.

If an investigation discloses misconduct or improper job performance which was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1020.8 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint shall proceed with due diligence. Recognizing that factors such as witness availability and the complexity of allegations will affect each case, every effort should be made to complete each investigation as required by Collective Bargaining Agreements. If the nature of the allegations dictate that confidentiality is necessary to maintain the integrity of the investigation, the involved employee(s) need not be notified of the pending investigation unless and until the employee is interviewed.

- (a) If the complaint is investigated by the shift/unit:
 - 1. The employee's supervisor will send the completed investigation to Internal Affairs. The IA lieutenant will review the file for completeness and determine whether the file will get a chain-of-command review or, a review by an Administrative Review Panel (ARP).

 - 3. After commander review, Internal Affairs will forward the file to the Office of the Police Ombudsman (OPO) for certification.
 - 4. After OPO certification, IA will send the file to the Assistant Chief for review.
 - 5. The Assistant Chief sends the file to the Chief of Police for disposition.

- (b) If the case was investigated by the Internal Affairs Unit:
 - 1. Completed investigation is reviewed by IA lieutenant.
 - 2. IA lieutenant chooses chain-of-command review or ARP review, depending on seriousness/type of allegation.
 - 3. Completed file with chain-of-command or ARP review is sent to accused employee's commander for review.
 - 4. File is sent to the Assistant Chief for review
 - 5. Assistant Chief sends file to Chief of Police for disposition

Within 30 days of case closure, written notice of the findings shall be sent to the complaining party. This notice shall indicate the findings, however, will not disclose the amount of discipline, if any imposed.

The OPO will be notified by IA within five business days of case closure of all complaints of a serious matter and all complaints originated by the OPO. The OPO, in addition to the department's written Notice of Finding letter to the complainant, may send a closing letter to the complainant. The letter may summarize the case findings.

Any complaining party who is not satisfied with the findings of the Department concerning their complaint may contact the Office of Police Ombudsman to discuss the matter further.

The contents of such files shall not be revealed other than as required by law, to the involved employee or authorized personnel, or pursuant to lawful process (RCW 42.56 et seq.; RCW 70.02).

In the event that an accused employee (or the representative of such employee) knowingly makes false representations regarding any internal investigation and such false representations are communicated to any media source, the Department may disclose sufficient information from the employee's personnel file to refute such false representations.

All formal personnel complaints shall be maintained in accordance with Washington State Retention Guidelines.

Sustained complaints shall be maintained in the employee's personnel file. Complaints which are unfounded, exonerated or not sustained shall be maintained by the Internal Affairs Unit apart from the employee's personnel file.

1020.8.2 ADMINISTRATIVE REVIEW PANEL

The Administrative Review Panel (ARP) will be comprised of a Bureau Commander or captain, serving as chair, with a panel comprised of captains and/or lieutenants. This panel will have both investigative and review/recommendation authority. Review/recommendation responsibilities would include reviewing for thoroughness and objectivity, and making recommendations as to finding and proposed discipline (Local 270 members will not include proposed discipline).

As part of the review/recommendation process, the Administrative Review Panel has certain investigative responsibilities, which could include, in certain cases, directing the Internal Affairs Unit to conduct additional investigation into a specific facet of the case.

The ARP may also direct employees to appear before the panel for specific questioning. In such instances, the employee's rights and responsibilities would be as provided in other areas of this policy.

ARP members will preserve the integrity of the process by maintaining the confidentiality of the complaint and investigative case file.

1020.8.3 OFFICE OF POLICE OMBUDSMAN

- (a) The Office of Police Ombudsman (OPO) will provide a professional presence to help ensure a quality investigation in real time, and visible, independent oversight to reassure the public.
1. The OPO will actively monitor all police department internal investigations.
 2. The OPO may receive complaints from any complaining party, including, without limitation citizens or employees of the police department. The OPO will forward all complaints to IA within three business days for processing and, when appropriate, investigation. The OPO will not conduct independent disciplinary investigations.
 3. In addition to complaints received by the OPO, Internal Affairs will provide copies of all other complaints to the OPO within three business days.

Spokane Police Department

Policy Manual

Personnel Complaints

- (b) Once the case is closed, the OPO will return all case file materials to IA for retention, but will have subsequent access to closed cases.
1. The OPO will have the opportunity to make a recommendation for mediation to the Chief of Police, prior to investigation. In the event the department, the complainant and the officer all agree to mediation, that process will be utilized rather than sending the matter on for investigation. Assuming the officer participates in good faith during the mediation process, the officer will not be subject to discipline and no disciplinary finding will be entered against the officer. Good faith means that the officer listens and considers the issues raised by the complainant, and acts and responds appropriately. Agreement with either the complainant or the mediator is not a requirement of good faith. In the event an agreement to mediate is reached and the complainant thereafter refuses to participate, the officer will be considered to have participated in good faith.
 2. Once any complaint is received by the Internal Affairs unit, it shall be submitted to the chain of command for review per existing policy. When either the Chief or her/his designee determines that the allegations warrant investigation, such investigation shall be approved, and IA will initiate the investigative process.
 3. Internal Affairs will notify the OPO of all administrative interviews on all complaints of a serious matter (complaints that could lead to suspension, demotion or discharge) and all complaints originating at the OPO. The OPO may attend and observe interviews, and will be given the opportunity to ask questions after the completion of questioning by the department. The OPO will not participate in criminal investigations of department employees but will be notified when the criminal case is concluded.
 4. Upon completion of investigations, IA will forward a complete copy of the case file to the OPO for review. The OPO will determine whether the investigation was thorough and objective.
 5. As a part of the review process, the OPO may conclude that additional investigation is needed on issues deemed material to the outcome. If there is any dispute between the assigned investigator(s) and the OPO regarding the necessity, practicality or materiality of the requested additional investigation, the Chief (or designee) will determine whether additional investigation will be undertaken. If the OPO is not satisfied with the determination of the Chief, the matter will be resolved by the Mayor, who's decision will be final. Once the matter has been referred to and resolved by the Mayor, the investigation will be completed consistent with the determination by the Mayor. After completion of the additional investigation, or the conclusion that no further investigation will be undertaken, the OPO will then certify whether or not, in the opinion of the OPA, the internal investigation was thorough and objective. This determination will be made within five business days. Once the above finding is entered in the investigation, the OPO will not be involved further in the disciplinary process in that case.
 6. All disciplinary decisions will be made by the Chief (or designee).
 7. The OPO will be provided a copy of any letter or other notification to an officer informing them of actual discipline imposed as a result of an internal affairs investigation or any Notice of Finding in the event that the complaint is not sustained.
 8. The OPO will be notified by IA within five business days of case closure of all complaints of a Serious Matter and all complaints originated by the OPO.

Spokane Police Department

Policy Manual

Personnel Complaints

The OPO, in addition to the department's written Notice of Finding letter to the complainant, may send a closing letter to the complainant. The letter may summarize the case findings.

9. Any complaining party who is not satisfied with the findings of the department concerning their complaint may contact the Office of Police Ombudsman to discuss the matter further. However, unless persuasive and probative new information is provided, the investigation will remain closed. In accordance with established arbitral case law, employees may not be disciplined twice for the same incident. In the event the investigation is re-opened and discipline imposed, the appropriate burden of establishing compliance with this section rests with the city in any subsequent challenge to the discipline.
 10. In addition to the investigative process, the OPO will have unimpeded access to all complaint and investigative files for auditing and reporting purposes. The OPO shall not retain investigative files beyond one year and will return the same to Internal Affairs for safekeeping. At all times and including, without limitation, issuing written reports, the OPO will not release the name(s) of employees or other individuals involved in incidents or investigations nor any other personally identifying information. The OPO may make statistical observations regarding the disciplinary results of sustained internal investigations, but shall not take issue with discipline imposed by the Chief of Police in specific cases.
 11. The OPO may recommend policies and procedures for the review and/or audit of the complaint resolution process, and review and recommend changes in departmental policies to improve the quality of police investigations and practices. Nothing herein shall be construed as a waiver of the Guilds right to require the city to engage in collective bargaining as authorized by law.
- (c) The OPO shall not have access to legally privileged documents held by the City Attorney or Attorney-Client communications held by the City Attorney's clients and shall not disclose confidential records.

1020.8.4 MEDIATION

Mediation is an alternative to investigation, adjudication and the disciplinary process. The OPO will have the opportunity to make a recommendation for mediation to the Chief of Police, prior to investigation. In the event the department, the complainant and the officer all agree to mediation, that process will be utilized rather than sending the matter on for investigation. Assuming the officer participates in good faith during the mediation process, the officer will not be subject to discipline and no disciplinary finding will be entered against the officer. Good faith means that the officer listens and considers the issues raised by the complainant, and acts and responds appropriately. Agreement with either the complainant or the mediator is not a requirement of good faith. In the event an agreement to mediate is reached and the complainant thereafter refuses to participate, the officer will be considered to have participated in good faith.

1020.8.5 POSTING OF DISCIPLINARY ACTION

Whenever any disciplinary action is taken which involves discipline beyond the level of a formal letter of reprimand (e.g., suspension, demotion, or termination), the Chief of Police may cause to be posted on the department's official bulletin boards a notification setting forth the following: The name of the officer or employee being disciplined; a summary of the facts and findings in the disciplinary process; the nature and extent of the discipline imposed, with a summary of the rationale supporting that decision.

Spokane Police Department

Policy Manual

Personnel Complaints

Copies of this notice shall remain posted on the official bulletin boards for six days in order to allow employees of the department who are on days off the opportunity to personally review them. After six days, the notices shall be collected and returned to the file. The contents of such notices shall be deemed as confidential and for internal use only, and any release of the information contained therein shall only be made through the office of the Chief of Police and with his/her authorization. The removal, defacing, or alteration of such notices and/or the release of their contents outside the department shall be considered improper conduct and/or a breach of confidentiality and therefore potentially subject to disciplinary action.

Discipline of AFSCME Local 270 employees will not be posted.

Seat Belts

1022.1 PURPOSE AND SCOPE

The use of seat belts and other safety restraints significantly reduces the chance of death or injury in case of a traffic collision. This policy establishes guidelines for seat belt and child safety seat use to assure maximum operator and passenger safety, thus minimizing the possibility of death or injury as a result of motor vehicle crashes. This policy will apply to all employees operating or riding in department vehicles (RCW 46.61.688, RCW 46.61.687).

1022.2 WEARING OF SAFETY RESTRAINTS

All employees shall wear available, properly adjusted safety restraints when operating or riding in department owned, leased, or rented vehicles and while operating or riding in privately owned vehicles while on duty. The driver is responsible for ensuring all occupants, including non-employees, in the vehicle he/she is operating are in compliance with this policy.

It is the intent of this policy that all employees wear seat belts whenever possible however, sworn officers may dispense with wearing safety restraints for specific tactical situations or when it reasonably appears that, due to unusual circumstances, wearing a seat belt would hinder rather than increase safety.

All non-employees occupying the front seat of a police vehicle shall be required to wear available safety restraints.

All persons occupying the rear seat of a police unit equipped with seatbelts shall wear available safety restraints if available unless physical conditions or officer safety considerations would prevent such from being applied or dictate otherwise.

1022.2.1 TRANSPORTING CHILDREN

An approved child safety restraint system should be used for all children of age, size or weight for which such restraints are required by law. In the event an appropriate approved child safety restraint system is not available the child may be transported by sworn personnel however the child should be restrained in a seat belt (RCW 46.61.687(1)).

The rear seat passenger area in cage-equipped vehicles has reduced clearance which may interfere with the proper use of child safety restraint systems. Because of limited rear seat clearance in these vehicles, children and child restraint systems should be properly secured in the front seat according to the manufacturer's recommendations. Whenever a child is transported in the front seat of a vehicle, the passenger side air bag should be deactivated if possible. In the event this is not possible, alternative transportation should be considered.

1022.3 TRANSPORTING PRISONERS

Whenever possible, prisoners should be secured in the prisoner restraint system in the rear seat of the patrol vehicle or, when a prisoner restraint system is not available, by safety belts (when available) in a seated position. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Spokane Police Department

Policy Manual

Seat Belts

1022.4 INOPERABLE SEAT BELTS

No person shall operate a department vehicle in which any safety belt in the driver's seating position is inoperable.

No person shall modify, remove, deactivate or otherwise tamper with the vehicle safety belts except for vehicle maintenance and repair and not without the express authorization of the Chief of Police.

Employees who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1024.1 PURPOSE AND SCOPE

1024.2 POLICY

1024.3 ISSUANCE OF BODY ARMOR

1024.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

- (a) Officers shall only wear agency-issued or approved body armor.
- (b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.
- (c) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
- (d) Body armor shall be worn when an officer is working in uniform or taking part in Department range training.
- (e) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.
- (f) The department encourages the wearing of body armor by any volunteer or person engaging in a ride along in a department patrol vehicle.

Extra Duty and Outside Employment

1040.1 PURPOSE AND SCOPE

In order to avoid actual or perceived conflicts of interest for departmental employees engaging in outside employment, all employees shall obtain written approval from the Chief of Police prior to engaging in any outside employment. In all cases of extra duty and outside employment, the primary duty and obligation of an employee is at all times to the department. The employee and the department shall avoid extra duty or outside employment that would tend to lower the dignity of the police profession or involves actual or apparent conflicts of interests. This policy pertains to both commissioned, non commissioned, and temporary/seasonal employees of the department. Approval of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy.

1040.1.1 DEFINITIONS

Extra Duty Employment - This entails officers working law enforcement or security related assignments whether in uniform or not. All officer assignments will come through the Office of Special Events/Extra Duty Employment. Assignments for work details will be scheduled in accordance with extra duty employment standard operating procedures and applicable collective bargaining agreements.

Outside Employment - Any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered.

1040.1.2 LIMITATIONS ON EXTRA DUTY AND OUTSIDE EMPLOYMENT

On duty restrictions: Employees shall not engage in extra duty or outside employment while on duty.

On call restrictions: For purposes of eligibility for extra duty assignments, an employee who is "on-call" is not deemed eligible for such assignment.

Soliciting employment: Employees shall not solicit or accept outside/extra duty employment under the pretext that the City of Spokane requires police employees to be used for a particular function or that the outside employer will receive better police service if the employer is known to employ police employees.

Ability to perform: Employees shall not engage in outside employment that adversely impacts their ability to perform duties as police department employees.

Uniform: Employees will be in full duty uniform for the extra duty shift, unless specifically directed otherwise by the Special Events Office.

Primary obligation: Employees are subject to call by the department at any time for emergencies, special assignment, or overtime duty. Outside employment shall not infringe on this obligation.

Spokane Police Department

Policy Manual

Extra Duty and Outside Employment

Misuse of authority: Employees shall not misuse the authority of their office while engaged in extra duty or outside employment.

Duty status: An employee engaged in authorized extra duty employment of a police nature is considered to be in an on duty status. Officers shall not engage in extra duty work if they are on injured or light duty status with the department.

Cancellations: A committee consisting of a representative assigned by the Guild president and the extra-duty employment coordinator will develop a procedure for cancellations of extra-duty assignments. If the committee cannot reach agreement, any dispute will be resolved by the Guild president and Chief of Police.

Failure to report for duty: If an employee fails to follow the established cancellation procedure, the same procedures will apply that pertain to unexcused absence or tardiness for regular duty. The employee working extra duty is on duty in the employ of the Spokane Police Department under the contracted agreement through the department and as such is subject to the same provisions as other duty assignments. Violations will be reported through the Special Events chain of command.

Compensation to employees: Employees shall be compensated by the city and shall not accept compensation directly from any extra duty employer, and shall accrue all benefits in accordance with law and collective bargaining agreements. Officers shall not enter into their own contracts for such services.

Use of city equipment: City equipment utilized by employees during extra duty employment may be charged to the outside extra duty employer. Generally, police vehicles will be a contract item, unless it is determined to be in the best interest of the City of Spokane. The Special Events Office will determine the costs associated with the equipment and the appropriateness of utilizing police vehicles during such employment.

Law enforcement obligation: Employees engaged in extra duty employment are expected to discharge all duties of their office, to enforce all laws and ordinances, and to adhere to all department policies and procedures.

Supervision: Whenever an outside extra duty employer requests four or more employees to work an extra duty assignment, a supervisor may also be required to direct the employees' activities. When employees are working at an extra duty assignment without permitted supervision, the employees are responsible to the on duty Uniform Division Shift Commander.

Volunteering of time: Officers are not allowed to donate time in uniform or of a law enforcement nature, when that function is similar to duties performed for the Spokane Police Department.

1040.2 OBTAINING APPROVAL

No member of this department may engage in any extra duty or outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for extra duty and outside employment, the employee must complete an Extra Duty or an Outside Employment Application which shall be submitted to the employee's immediate supervisor. The application will then be forwarded through channels to the Chief of Police for consideration.

Spokane Police Department

Policy Manual

Extra Duty and Outside Employment

If approved, the employee will be provided with a copy of the approved authorization. Employees shall not engage in outside/extra duty employment during the initial probation period (entry-level) without written approval of the Chief of Police. Unless otherwise indicated in writing on the approved authorization, an outside employment authorization will be valid through the end of the calendar year in which the authorization is approved. Any employee seeking to renew a permit shall submit a new outside employment application in a timely manner. An authorization to work extra duty does not require yearly renewal.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial.

1040.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If an employee's Outside Employment Application is denied or withdrawn by the department, the employee may file a written notice of appeal to the Chief of Police within ten days of the date of denial.

If the employee's appeal is denied, the employee may file a grievance pursuant to the procedure set forth in the employee's current collective bargaining agreement.

1040.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT AUTHORIZATIONS

Any extra duty or outside employment authorization may be revoked or suspended under the following circumstances:

- (a) Should an employee's performance at this department decline to a point where it is evaluated by a supervisor as below acceptable standards, the Chief of Police may, at his/her discretion, suspend or revoke any previously approved extra duty and/or outside employment authorization(s). The suspension or revocation will stand for a set period of time. At the completion of this set time, the employee may apply for reinstatement of privileges. Satisfactory job performance and the recommendation of the employee's immediate supervisor are required.
- (b) Suspension or revocation of a previously approved extra duty and/or outside employment authorization may be included as a term or condition of sustained discipline.
- (c) If, at any time during the term of a valid outside employment authorization, an employee's conduct or outside employment conflicts with the provisions of department policy, the authorization may be suspended or revoked.
- (d) When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment authorization may be rescinded until the employee has returned to a full duty status.
- (e) Or, if conflict occurs in police duties.

1040.3 PROHIBITED OUTSIDE EMPLOYMENT

The department expressly reserves the right to deny any Outside Employment Application submitted by an employee seeking to engage in any activity which in its view, would:

- (a) Present concerns regarding the employee's use of departmental time, facilities, equipment or supplies, the use of the department badge/police powers, uniform, prestige or influence for private gain or advantage.

Spokane Police Department

Policy Manual

Extra Duty and Outside Employment

- (b) Present concerns regarding the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department.
- (c) Involves the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department.
- (d) Raise concerns regarding time demands that would render performance of the employee's duties for this department less efficient or render the employee unavailable for reasonably anticipated overtime assignments and other job-related demands that occur outside regular working hours.

1040.3.1 SECURITY EMPLOYMENT

Because it would further create a potential conflict of interest, no member of this department may engage in any outside employment as a private security guard, private investigator, loss prevention agent, bodyguard, bail enforcement agent, or other similar private security position.

1040.4 DEPARTMENT RESOURCES

Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department.

1040.5 MATERIAL CHANGES OR TERMINATION OF OUTSIDE EMPLOYMENT

If an employee terminates his/her outside employment during the period of a valid authorization, the employee shall promptly submit written notification of such termination to the Chief of Police through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees are also required to disclose material changes in outside employment that occur after approval of outside employment has been granted to the Chief of Police in writing. For the purpose of this policy, such changes include any material change in the number of hours, type of duties or demands of outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

1040.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY

Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor's orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their work authorization, a notice of revocation of the member's

Spokane Police Department

- (b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.
- (c) The employee's failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the Spokane Police Department, a request (in writing) may be made to the Chief of Police to restore the authorization.

Employee Speech, Expression and Social Networking

1060.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1060.1.1 APPLICABILITY

This policy applies to all forms of communication including but not limited to film, video, print media, public or private speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file-sharing sites.

1060.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Spokane Police Department will carefully balance the individual employee's rights against the Department's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1060.3 SAFETY

Employees should consider carefully the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of the Spokane Police Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be expected to compromise the safety of any employee, an employee's family or associates. Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Spokane Police Department.
- (f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee (RCW 9A.68.020).
- (g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Spokane Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police, or designee.

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or officer associations, on political subjects and candidates at all times while off-duty. However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1060.5 PRIVACY EXPECTATION

Employees forfeit any expectation of privacy with regard to e-mails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system.

The Department reserves the right to access, audit and disclose for whatever reason any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Department, including the department e-mail system, computer network or any information placed into storage on any department system or device.

This includes records of all key strokes or web-browsing history made at any department computer or over any department network. The fact that access to a database, service or website requires a user name or password will not create an expectation of privacy if accessed through department computers or networks.
