LAW ENFORCEMENT CODE OF ETHICS

To set forth, for all members of the Spokane Police Department, an articulated code of ethics and a set of ethical canons and standards which encompass and describe expectations of behavior and conduct, both on and off duty.

As a Spokane Police Officer or employee of the Spokane Police Department, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all men and women to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities, or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or violence and never accept gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession...law enforcement.

Electronic Mail

212.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of electronic mail (email) by employees of this department. Email is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., Washington Public Disclosure Act).

212.2 EMAIL RIGHT OF PRIVACY

All email messages, including any attachments, that are transmitted over department networks are considered department records and therefore are the property of the department. The Department reserves the right to access, audit or disclose, for any lawful reason, any message, including any attachment, that is transmitted over its email system or that is stored on any department system.

The email system is not a confidential system and therefore is not appropriate for confidential communications. If a communication must be confidential, an alternative method to communicate the message should be used. Employees using the department email system shall have no expectation of privacy concerning communications transmitted over the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

212.3 PROHIBITED USE OF EMAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the email system is prohibited and will not be tolerated.

Email messages addressed to the entire department are only to be used for official business related items that are of particular interest to all. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would prevent the misuse of an individual's email, name and/or password by others.

Employees are allowed limited use of equipment and facilities to access the email system for purposes other than that directly or indirectly related to the activities of the city under the following, but not limited to, conditions:

- (a) The use causes no additional cost to the City of Spokane.
- (b) The equipment being utilized to access the Internet shall be that which is normally utilized by the employee, and there shall be no disruption/disturbance to another employee's work area.

Spokane Police Department

Spokane Police Department Policy Manual

Electronic Mail

- (c) Time spent processing personal email does not negatively impact the employee's ability to do his/her job.
- (d) Use of the equipment does not disrupt other city functions.
- (e) Does not violate any other city policy.

212.4 MANAGEMENT OF EMAIL

User email, stored in the inbox and sent items on the city maintained email server, will be stored for a period of thirty days (one month). At that time, older messages will be moved to the city's email archiving system. However, a link to these messages will remain in the inbox for another 30 days. System mailboxes other than the inbox and sent items box will not be archived and no voicemail messages, regardless of location, will be archived. Once mail has been moved to the vault, messages will be retained for seven years. Users of email are solely responsible for the management of their local mailboxes. All messages maintained in a local mailbox that are not public records, or are duplicates of the master record, should be deleted monthly by the email recipient unless necessary for on-going business of the department.

Email messages are public records when they are created or received in the transaction of public business and retained as evidence of official policies, actions, decisions or transactions. E-mail messages should be managed by their category in compliance with the current [Records Management Guidelines and General Records Retention Schedules](#).

Staffing Levels

216.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that proper supervision is available for all bureaus. The department intends to balance the employee's needs against the need to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the need to meet operational requirements of the department.

216.2 SUPERVISION DEPLOYMENTS

In order to accommodate training and other unforeseen circumstances, a corporal may be used as a field supervisor in place of a field sergeant. There will always be at least one patrol sergeant on duty.

Concealed Pistol License

The Chief of Police is required to check with the National Instant Criminal Background Check System (NICS), the Washington State Patrol electronic data base, the Department of Social and Health Services electronic data base, and with other agencies or resources as appropriate, to determine whether the applicant is ineligible under RCW 9.41.040 or RCW 9.41.045, or is prohibited under federal law to possess a firearm and therefore ineligible for a concealed pistol license. This subsection applies for a new concealed pistol license or to renew a concealed pistol license.

A background check for an original license shall be conducted through the WSP Criminal Identification Section and shall include a national check from the Federal Bureau of Investigation through the submission of fingerprints. The applicant may request and receive a copy of the results of the background check from the Chief of Police (RCW 9.41.070).

If the applicant is not a United States citizen, the applicant must provide his/her country of citizenship, United States issued alien number or admission number, and the basis for any exemptions from federal prohibitions on firearm possession by aliens. The license and application shall contain a warning substantially as follows:

The license shall contain a description of the major differences between state and federal law and an explanation of the fact that local laws and ordinances on firearms are preempted by state law and must be consistent with state law (RCW 9.41.070). The application shall contain questions about the applicant's eligibility under RCW 9.41.040 to possess a pistol, the applicant's place of birth, and whether the applicant is a United States citizen.

The nonrefundable fee for the original five-year license must be paid upon application. Additional charges imposed by the Federal Bureau of Investigation are payable by the applicant. No other state or local branch or unit of government may impose any additional charges on the applicant for the issuance of the license.

A nonrefundable fee for the renewal of such license, or the replacement of lost or damaged licenses is required of the licensee. No other branch or unit of government may impose any additional charges on the licensee for the renewal of the license.

The Chief of Police may issue a temporary emergency license for good cause to an applicant who resides within his/her jurisdiction pending review. However, a temporary emergency license issued under this subsection shall not exempt the holder of the license from any records check requirement. The Chief of Police shall assure temporary emergency licenses are easily distinguishable from regular licenses (RCW 9.41.070).

218.6.1 INELIGIBILITY

Upon discovering a person issued a concealed pistol license was ineligible for the license, the Chief of Police shall contact the Department of Licensing to determine whether the person purchased a pistol while in possession of the license. If the person did purchase a pistol while in possession of the concealed pistol license, and if the person may not lawfully possess a pistol without a concealed pistol license, the Chief of Police shall require the person to present satisfactory evidence of having lawfully transferred ownership of the pistol. 218.8 RECIPROCITY

The Chief of Police will recognize the validity of a concealed pistol license issued from another state if the laws of that state recognize and give effect to a concealed pistol license issued under the laws of the State of Washington (RCW 9.41.073). A nonresident so licensed is authorized to carry a concealed pistol in this state if:

- A. The licensing state does not issue concealed pistol licenses to persons under twenty-one years of age, and
- B. The licensing state requires mandatory fingerprint-based background checks of criminal and mental health history for all persons who apply for a concealed pistol license, and

Chapter 3 - General Operations

De-Escalation

300.1 PURPOSE AND SCOPE

This policy provides the Spokane Police Department's core principles relating to the use of de-escalation tactics. Police officers have been delegated the responsibility to protect life and property and apprehend criminal offenders. The Department is committed to accomplishing this mission with respect and a minimal reliance on the use of force by using rapport-building communication, crisis intervention, and de-escalation tactics before resorting to force, when circumstances permit. The Law Enforcement Code of Ethics requires all sworn law enforcement officers to carry out their duties with courtesy, respect, professionalism, and avoid the application of unnecessary force.

When safe and reasonable under the totality of the circumstances, and time and circumstances permit, officers shall use de-escalation tactics in an effort to reduce the need for force or to minimize the level of force needed.

300.2 DEFINITIONS

De-escalation - "De-escalation tactics" refer to actions used by a peace officer that are intended to minimize the likelihood of the need to use force during an incident. Depending on the circumstances, "de-escalation tactics" may include, but are not limited to: Using clear instructions and verbal persuasion; attempting to slow down or stabilize the situation so that more time, options, and resources are available to resolve the incident; creating physical distance by employing tactical repositioning to maintain the benefit of time, distance, and cover; when there are multiple officers, designating one officer to communicate in order to avoid competing commands; requesting and using available support and resources, such as a crisis intervention team, a designated crisis responder or other behavioral health professional, or back-up officers. (RCW 10.120.010(1))

300.3 DE-ESCALATION

Officers shall, when possible, use all de-escalation tactics that are available and appropriate under the circumstances before using any physical force. De-escalation tactics are used in an effort to reduce the need for, or degree of, force necessary to safely resolve a situation. It is recognized that every situation is unique and fact-specific; not all tactics are appropriate in every circumstance. It is not required that officers use every technique below during every incident. The over-arching objective of de-escalation is to make a situation less dangerous for the public, the officers, and the subject involved. The subject's actions, type of weapon(s), presence of hostages, and overall risk to the general public and the involved officers will be important considerations in determining which tactics are appropriate in a particular scenario.

- A. Whether a subject's lack of compliance is a deliberate attempt to resist or an inability to comply such as:
 - 1. Mental impairment
 - 2. Developmental disability

Spokane Police Department

Spokane Police Department Policy Manual

De-Escalation

3. Physical limitation
4. Language barrier
- B. The following are considered de-escalation tactics:
 1. Allow subjects the opportunity to submit to arrest before force is used.
 2. Attempt to isolate and contain the subject. When it is safe and reasonable to do so, officers should make advantageous use of:
 - (a) Positioning, distance, concealment and cover by isolating and containing a subject.
 - (b) Continuously evaluating the officer's positioning, subject's actions, and available force options.
 - (c) Placing barriers between an uncooperative subject and an officer.
 3. Create time and distance from the subject by creating a buffer zone (reactionary gap) and utilize cover to avoid creating an imminent threat that may require the use of force:
 - (a) In order to use time as a tactic, a zone of safety should be established for the security of responding members and the public.
 - (b) Using time as a tactic may:
 1. Permit the de-escalation of the subject's behavior and create a window of opportunity to use a lower level of force to resolve the situation.
 2. Allow for continued communication with the subject and the adjustment of the verbal control techniques employed by the members.
 4. Request the arrival of specialty units / additional resources, such as the Crisis Intervention Team (CIT) trained officers, Crisis/Hostage Negotiation Team, mental health professionals, or extended range impact weapons.
 5. Communication from a safe position intended to gain the subject's compliance using:
 - (a) Verbal persuasion
 - (b) Advisements
 - (c) Warnings
 6. Avoidance of physical confrontation, unless necessary.
 7. Continue de-escalation techniques as reasonably necessary to resolve the incident.
 - (a) An officer's awareness of these possibilities, when time and circumstances reasonably permit, shall be balanced against the facts of the incident.

Spokane Police Department

Spokane Police Department Policy Manual

De-Escalation

8. Any other tactics and approaches that attempt to achieve law enforcement objectives by gaining the compliance of the subject.

Use of Force

301.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of force. Police officers have been delegated the responsibility to protect life and property and to apprehend criminal offenders. The Department is committed to accomplishing this mission with respect and a minimal reliance on the use of force, and by using, whenever possible, rapport-building communication, crisis intervention, and de-escalation tactics before resorting to force.

It is recognized, however, that in certain situations, the use of force may be unavoidable. While there is no way to specify the exact amount or type of force to be applied in every situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial and reasonable manner. All physical force used will be reasonable based on the totality of the circumstances.

 - 2. **Deadly Force** - Means the intentional application of physical force through the use of firearms or any other means reasonably likely to cause death or serious physical injury.
 - 3. **Reportable Force** – All use of physical force shall be thoroughly documented in a report. If the incident does not require a report, the interaction may be documented in CAD.
 - 4. **Reviewable Force** – A use of physical force incident that requires a Use of Force Report in BlueTeam. (See 301.12.)
- N. **Reasonable Care** - The statutorily mandated requirement that peace officers act with reasonable care when carrying out their duties and, specifically, in assessing the decision to use force and in their use of force, as further defined in 301.4 below.
- O. **"Totality of the circumstances"** - All facts known to the peace officer leading up to, and at the time of, the use of force, and includes the actions of the person against whom the peace officer uses such force, and the actions of the peace officer.

Use of Force

301.3 ALL FORCE MUST BE IN ACCORDANCE WITH WASHINGTON LAW AND SPD POLICY

The use of force has long been analyzed under the constitutional lens set forth in Graham v. Connor, 490 U.S. 386 (1989), which holds that all use of force must be objectively reasonable. Under Graham, force is adjudged by balancing of the “nature and quality of the intrusion” on an individual’s “Fourth Amendment interests”, considering the severity of the crime at issue; whether the suspect poses an immediate threat to the safety of the officers or others; whether he is actively resisting arrest or attempting to evade arrest by flight; and the totality of the circumstances.

These “Graham Factors” continue to serve as an important constitutional overlay in the decision to use force, but Washington law provides additional guidelines regarding when force is authorized and how it is to be carried out. These guidelines are consistent with Graham, but they set forth very specific statutory requirements for the use of force and are the foundation of this policy. Officers are required to abide by this policy.

301.4 THE DECISION TO USE FORCE

The decision to use force is perhaps the most serious decision for law enforcement officers. When possible, officers shall make protecting a person’s life and safety their primary objective.

I. DETERMINING WHETHER TO USE PHYSICAL FORCE

When determining whether physical force against a person is necessary, officers should consider the following:

(A) Perception of the known and potential threat considerations to the public, the officer(s) and subject involved.

- The nature of the encounter.
- The conduct of the subject being confronted, as reasonably perceived by the officer at the time.
- Age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, and the number of officers available vs. suspects.
- Whether a person is unresponsive and the reasons, if known, for that unresponsiveness.
- Potential for injury to officers, suspects and others.
- Training and experience of the officer.
- Proximity of potential weapons or dangerous improvised devices.
- Availability of cover officers.
- Prior contacts with the subject or awareness of any propensity for violence.
- Any other exigent circumstances.

(B) The level of resistance and/or attempts to flee demonstrated by the subject.

Spokane Police Department

Spokane Police Department Policy Manual

Use of Force

- The risk and reasonably foreseeable consequences of escape.
- The degree to which the subject has been effectively restrained and the subject's ability to resist despite being restrained.
- The apparent need for immediate control of the subject or a prompt resolution of the situation.
- The availability of other options and their possible effectiveness.
- Time available and split-second decision-making required under the circumstances.
- Environmental factors, including lighting, weather conditions, physical obstructions, and other physical conditions that impacted the officer's and/or the suspect's ability to see, hear, etc. This also includes the proximity to bystanders who may be injured and the presence of persons likely to interfere.
- Suspect's response to de-escalation efforts.

II. REQUIREMENT TO USE REASONABLE CARE

Officers should be aware that "reasonable care" is a legal requirement when using physical force under Chapter 10.120 RCW. Officers are required to use reasonable care when determining whether to use physical force or deadly force and when using any physical force or deadly force against another person. (RCW 10.120.020 (3)).

To that end, a peace officer shall:

- When possible, use all de-escalation tactics that are available and appropriate under the circumstances before using physical force. (RCW 10.120.020 (3)(a)). De-escalation is defined in 301.2.G of this policy.
- When using physical force, officers shall use the least amount of physical force necessary to overcome resistance under the circumstances. (RCW 10.120.020 (3)(b)). This includes a consideration of the characteristics and conditions of a person for the purposes of determining whether to use force against that person and, if force is necessary, determining the appropriate and least amount of force possible to effect a lawful purpose. Such characteristics and conditions may include, for example, whether the person:
 - is visibly pregnant, or states that they are pregnant;
 - is known to be a minor, objectively appears to be a minor, or states that they are a minor;
 - is known to be a vulnerable adult, or objectively appears to be a vulnerable adult as defined in RCW 74.34.020;
 - displays signs of mental, behavioral, or physical impairments or disabilities;
 - is experiencing perceptual or cognitive impairments typically related to the use of alcohol, narcotics, hallucinogens, or other drugs;
 - is suicidal;
 - has limited English proficiency; or

Spokane Police Department

Spokane Police Department Policy Manual

Use of Force

- is in the presence of children.
- Terminate the use of physical force as soon as the necessity for such force ends. (RCW 10.120.020 (3)(c));
- When possible, shall use less lethal alternatives that are available and appropriate under the circumstances before using deadly force; (RCW 10.120.020 (3)(d)).
- Make less lethal alternatives issued to the officer reasonably available for his or her use. (RCW 10.120.020 (3)(e)).

Officers should not expose themselves to unreasonable danger and must continually evaluate the facts and circumstances with which they are presented.

Officers shall offer aid to those affected by a use of force whenever reasonably safe to do so.

301.5 WHEN PHYSICAL FORCE IS AUTHORIZED

- A. Except as otherwise provided in this policy and by law, an officer may use physical force against a person to the extent necessary to:
 - 1. Protect against a criminal offense when there is probable cause that the person has committed, is committing, or is about to commit the offense;
 - 2. Effect an arrest;
 - 3. Prevent an escape as defined under chapter 9A.76 RCW;
 - 4. Prevent a person from fleeing or stop a person who is actively fleeing a lawful temporary investigative detention, provided that the person has been given notice that he or she is being detained and is not free to leave;
 - 5. Take a person into custody when authorized or directed by statute;
 - 6. Protect against an imminent threat of bodily injury to the peace officer, another person, or the person against whom force is being used.
 - 7. Take a person into custody, transport a person for evaluation or treatment, or provide other assistance under chapter 10.77, 71.05, or 71.34 RCW;
 - 8. Take a minor into protective custody when authorized or directed by statute;
 - 9. Execute or enforce a court order authorizing or directing a peace officer to take a person into custody;
 - 10. Execute a search warrant;
 - 11. Execute or enforce an oral directive issued by a judicial officer in the courtroom or a written order where the court expressly authorizes a peace officer to use physical force to execute or enforce the directive or order.
- B. Authority to Use Physical Force to Ensure Health and Safety

Officers may provide assistance to Fire and Emergency Medical Technicians. Officers have the authority to perform lifesaving measures or to perform community caretaking functions to ensure health and safety, including but not limited to, rendering medical

Use of Force

assistance, performing welfare checks, or assisting other first responders and medical professionals. Officers have the authority to respond to requests for assistance or service from first responders, medical professionals, behavioral health professionals, social service providers, designated crisis responders, shelter or housing providers, or any member of the public.

301.6 WHEN DEADLY FORCE IS AUTHORIZED

In all circumstances, an officer may use deadly force against another person only when necessary to protect against an immediate threat of serious physical injury or death to the officer or another person. (RCW 10.120.020).

Circumstances in which an officer is authorized to use deadly force include:

To arrest or apprehend a person who the officer reasonably believes has committed, has attempted to commit, is committing, or is attempting to commit a felony. In considering whether to use deadly force to arrest or apprehend any person for the commission of any crime, the peace officer must have probable cause to believe that the suspect, if not apprehended, poses a threat of serious physical harm to the officer or a threat of serious physical harm to others. (RCW 9A.16.040).

Among the circumstances which may be considered by peace officers as a "threat of serious physical harm" are the following:

- a) The suspect threatens a peace officer with a weapon or displays a weapon in a manner that could reasonably be construed as threatening; or
- b) There is probable cause to believe that the suspect has committed any crime involving the infliction or threatened infliction of serious physical harm.

Under these circumstances, deadly force may also be used if necessary to prevent escape from the officer, where, if feasible, some warning is given, provided the officer meets the good faith standard of this section. (RCW 9A.16.040).

In using deadly force, the officer must act "in good faith", which means that, considering all the facts, circumstances, and information known to the officer at the time, a similarly situated reasonable officer would have believed that the use of deadly force was necessary to prevent death or serious physical harm to the officer or another individual. (RCW 9A.16.040).

301.7 ASSESSING LEVEL OF FORCE - WHEN TO TERMINATE

Officers shall continually assess situations to determine if de-escalation is feasible and if force is necessary. Officers will continually reassess their force in relation to the amount of continued resistance offered by the subject and adjust their level of force appropriately. Officers shall terminate the use of physical force as soon as the necessity for such force ends. (RCW 10.120.020 (3)(c)).

Use of Force

301.8 PROHIBITED FORCE TACTICS

Officers may not use any force tactics prohibited by departmental policy or otherwise by law, except to protect his or her life or the life of another person from an imminent threat. Officers are not permitted to use physical force or deadly force in a manner or under such circumstances that would violate the United States Constitution or state Constitution. The use of excessive force is prohibited.

A peace officer may not fire a weapon upon a moving vehicle unless necessary to protect against an imminent threat of serious physical harm resulting from the operator's or a passenger's use of a deadly weapon. A vehicle is not considered a deadly weapon unless the operator is using the vehicle as a deadly weapon and no other reasonable means to avoid potential serious harm are immediately available to the officer.

301.9 DUTY TO INTERVENE AND REPORT

When officers witness violations of the law and/or department policies, regardless of their rank, they are required to intervene according to the following guidelines:

1. Any on-duty Spokane Police Officer who witnesses another peace officer engaging or attempting to engage in the use of excessive force against another person shall intervene when in a position to do so to end the use of excessive force or attempted use of excessive force, or to prevent the further use of excessive force. A peace officer shall also render aid at the earliest safe opportunity in accordance with RCW 36.28A.445, to any person injured as a result of the use of force.
2. Any on-duty Spokane Police Officer who witnesses any wrongdoing committed by another peace officer, or has a good faith reasonable belief that another peace officer committed wrongdoing, shall report such wrongdoing to the witnessing officer's supervisor or, in the absence of their supervisor, any other available supervisor, and that notification shall follow through the chain of command to the Office of the Chief of Police.
3. Officers shall not be disciplined or retaliated in any way for intervening in good faith or for reporting wrongdoing in good faith as required by this section.
4. The Spokane Police Department, in compliance with state law, shall send notice to the criminal justice training commission of any disciplinary decision resulting from an officer's failure to intervene or failure to report as required by this section to determine whether the officer's conduct may be grounds for suspension or revocation of certification under RCW 43.101.105. This notification shall occur within 15 days of any disciplinary decision.
5. For purposes of this section:
 - a) "Excessive force" means force that exceeds the force permitted by law or policy of the witnessing officer's agency.
 - b) "Peace officer" refers to any general authority Washington peace officer.

Spokane Police Department

Spokane Police Department Policy Manual

Use of Force

c) "Wrongdoing" means conduct that is contrary to law or contrary to the policies of the witnessing officer's agency, provided that the conduct is not de minimis or technical in nature.

301.10 MEDICAL CONSIDERATION

- A. Medical assistance shall be provided to any person who requests it, who is rendered unconscious, exhibits signs of physical distress, is injured, or who claims an injury (with the exception of minor marks on the wrist consistent with being handcuffed and/or minor marks or abrasions to portions of the body consistent with being handcuffed and/or minor marks or abrasions to portions of the body consistent with prone handcuffing). Any subject exhibiting signs of physical distress after an encounter should be continuously monitored until the subject can be medically assessed.
- B. Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. Any refusal of medical attention shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a BWC recording is made of the contact or an interview with the subject, any refusal should be included in the recording if possible. Any subject who has been rendered unconscious by any use of force will be examined and/or treated at a medical facility prior to being booked into jail.
- C. The on-scene supervisor, or if not available the primary handling officer, will make all reasonable attempts to provide information, as time allows, to assist medical care providers. This notification should include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).
- D. Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and who appear impervious to pain (sometimes called Excited-Agitated Delirium), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden in-custody death (postmortem diagnosis of death: Excited Delirium). Calls involving these persons should be considered medical emergencies. Law enforcement personnel who reasonably suspect a medical emergency exists should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.
- E. When the scene is secure and it is safe to do so, officers shall also render aid at the earliest safe opportunity in accordance with RCW 36.28A.445, to any person injured as a result of the use of force, until medical response has arrived.

301.11 USE OF FORCE REPORTING

- A. Unless otherwise provided in policy, all force used by an officer shall be promptly, completely and accurately documented in an incident report. The officer shall articulate the factors which made the use of force objectively reasonable, based on the Use of Force Policy.

Spokane Police Department

Spokane Police Department Policy Manual

Use of Force

- B. The officer shall also document attempts to gain compliance through de-escalation, verbal commands, force options and other tactics. To collect data for purposes of training, resource allocation, analysis and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure or law.
- C. Officers, including officers working extra duty assignments, shall promptly report circumstances of incidents involving a Use of Force, Attempted Force, Inappropriate Force, Inappropriate Attempted Force, or Excessive Force to a supervisor or command officer.

301.12 NOTIFICATION TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- A. The application of force resulted in apparent injury to the subject or unconsciousness (with the exception of minor marks on the wrist consistent with being handcuffed and/or minor marks or abrasions to portions of the body consistent with prone handcuffing);
- B. The subject claims an injury resulted from a use of force, even if no injury is visible (with the exception of minor marks on the wrist consistent with being handcuffed and/or minor marks or abrasions to portions of the body consistent with prone handcuffing);
- C. All applications of a Conducted Energy Weapon (e.g. TASER™) (See Policy 308);
- D. The intentional discharge of firearms (with the exception of training or recreation) (See Policy 312);
- E. Intentional Pointing of a Firearm - When the officer is intentionally "pointed in" at a subject with their firearm. Maintaining tactical observation of a subject with magnified optics is a trained tactical advantage and should not be considered a use of force;
- F. Any deployment of OC by means of spray or by means of physically or mechanically delivered techniques where a person is exposed to the chemical (See Policy 308);
- G. Any deployment of CS by means of a spray or by means of physically or mechanically delivered techniques where a person is exposed to the substance (see Policy 308);
- H. Any application of an impact weapon whether personal, issued or improvised, to a subject, including Level 2 strikes (See Policy 308);
- I. Canine deployment per Policy 318; and
- J. When a subject alleges any of the above has occurred.

301.13 NOTIFICATION TO THE CRIMINAL JUSTICE TRAINING COMMISSION

Notification to the commission shall be made within 15 days of learning of the occurrence of any death or serious injury caused by the use of force by an officer.

301.13.1 NOTIFICATION TO OFFICE OF INDEPENDENT INVESTIGATIONS

If the incident involves use of deadly force by an involved officer that results in death, substantial bodily harm, or great bodily harm, the Spokane Police Department must immediately contact the

office pursuant to the procedure established by their office once the involved agency personnel and other first responders have rendered the scene safe and provided or facilitated lifesaving first aid to persons at the scene who have life-threatening injuries.

301.14 CHAIN OF COMMAND REVIEW OF USE OF FORCE

301.14.1 SUPERVISOR REPORTING

When a supervisor becomes aware of an incident in which there has been a reviewable application of force, the supervisor shall complete a Use of Force Report in a timely manner. In the event a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still required to complete a Use of Force Report. Use of Force reports are required under the circumstances described in Section 301.13 Notification to Supervisors.

301.14.2 INVESTIGATION, DOCUMENTATION AND NOTIFICATION

When completing a Use of Force Report the supervisor shall take the necessary steps to conduct a thorough investigation. The supervisor shall:

- A. Respond to the scene, when possible.
- B. Review all documentation of the incident and make every reasonable effort to contact all involved officers.
- C. Ensure identification of witnesses and other involved parties. When possible conduct civilian interviews of those subjects, including the subject to whom the force was applied, on body worn camera when possible.
- D. Ensure the collection of any appropriate evidence when applicable.
- E. Ensure photographs are taken of all injuries and relevant items such as dirt stains on uniforms, tears in clothing, damage to equipment, etc. Photos shall also be taken when appropriate to document the lack of injury.
- F. In the event that the supervisor believes that the incident may give rise to potential civil litigation, the supervisor shall notify the DSO or appropriate command staff member during normal business hours.
- G. Attach all incident reports, the CAD incident history, Conducted Energy Weapon downloads, and a link to all officer-worn videos in Evidence.com.
- H. Enter force options used by any officer who used reviewable force. List other officers present as witness officers.
- I. Provide a brief summary of the incident in BlueTeam and attach a Use of Force Additional form with all other information.
- J. Provide a brief comment stating whether the use of force was within policy and any possible training issues, unless the involved officer is of an equal or superior rank. If more detailed analysis is needed, include it in the Use of Force Additional report.
- K. Forward the Use of Force Report to 'Internal Affairs Group' in BlueTeam.

Spokane Police Department

Use of Force

Internal Affairs will attach all photographs and recordings of radio traffic to the report. A member of Internal Affairs will verify that all relevant materials were attached to the case and forward it to the next person in the supervisor's chain of command for review.

301.14.3 REFERRAL TO INTERNAL AFFAIRS

The supervisor shall complete a Use of Force Report through BlueTeam. The supervisor shall forward the Use of Force Report through BlueTeam to the Internal Affairs Group and copy each member of the chain of command to include the appropriate Major.

If upon review of an application of force by an officer(s), the supervisor believes that the application of force could rise to the level of misconduct, or the supervisor sees conduct that could rise to the level of misconduct, the supervisor shall initiate an internal affairs complaint in BlueTeam. If the subject of the use of force makes a complaint about the use of force or demeanor of the officer(s) involved in the incident, an Internal Affairs Complaint will be generated in BlueTeam. The supervisor shall forward the Internal Affairs Complaint and the Use of Force report through BlueTeam to the Internal Affairs Group and copy each member of the chain of command to include the Chief of Police in the routing.

Upon initiating an Internal Affairs Complaint for the reasons above, the DSO will be promptly notified through the Chain of Command.

301.14.4 INTERNAL AFFAIRS RESPONSIBILITY – DEADLY FORCE

Internal Affairs shall complete the BlueTeam Use of Force Report for any incident involving deadly force. (See also Policy 310).

Use of Force and Deadly Force Administrative Review

302.1 POLICY

This policy establishes a process for the Spokane Police Department to provide an administrative review of incidents involving use of force and deadly force by its employees. The department shall utilize two boards to conduct reviews, the Use of Force Review Board (UOFRB) and the Deadly Force Review Board (DFRB). The Use of Force Review Board (UOFRB) is designated to review applications of non-deadly force. The Deadly Force Review Board (DFRB) will review applications of deadly force, whether injury or death occurs. A DFRB shall be convened when a commissioned member of the Spokane Police Department used deadly force while on-duty or off-duty either in an official capacity or while performing a legitimate law enforcement purpose; and/or in the instance where an in-custody death occurred and the Medical Examiner's Office determined the manner of death to be a homicide. In instances where the Medical Examiner's Office determines the manner of death to be other than a homicide (e.g., accidental), the in-custody deaths are investigated in accordance with the Fatal Incident Protocol but a DFRB is not convened.

302.2 USE OF FORCE REVIEW BOARD PURPOSE AND SCOPE

Use of force incidents are investigated and reviewed by the involved officer's chain of command. The Assistant Chief, or his or her designee, makes the final determination if the officer's actions were within policy. After the final determination, the incident is evaluated and debriefed by the UOFRB to evaluate training, equipment needs, and policy and standard operating procedures (SOPs) in place or practiced department-wide. The UOFRB will not be utilized to recommend discipline or conduct investigations in unresolved use of force incidents.

A review and analysis of all use of force incidents will be conducted each year and presented to the Chief of Police. This analysis will include trends, policies, personnel issues, and training issues identified in the review process.

302.3 UOFRB PROCESS

After a use of force incident receives a final determination, the Office of Professional Accountability will forward the use of force report to the members of the UOFRB for review. The UOFRB will convene once per month.

The Training Director will serve as the UOFRB Chairperson. The Chairperson will determine the members of the UOFRB. Members may include, but not be limited to the following:

- A. Training Unit members
- B. Defensive Tactics instructors

Spokane Police Department

302.5 UOFRB OUTCOMES

The recommendations of the UOFRB, if any, will be compiled and reported through the chain of command by the UOFRB Chairperson, the Training Director. The Training Director will coordinate any approved training recommendations for individual officers recommended by the UOFRB for implementation. The Training Director will be responsible for coordinating departmental recommendations, such as those involving in-service training. The Office of Professional Accountability will document any recommendations and action taken involving individual officers.

The recommendations resulting from the UOFRB will be submitted in a monthly report to the Chief of Police following each meeting. The Training Director will provide a copy of the report to the Office of Police Accountability for further distribution.

302.6 DEADLY FORCE REVIEW BOARD PURPOSE AND SCOPE

The DFRB is empowered to conduct an administrative review of an incident to make recommendations in such areas as tactics, training, supervision, equipment, and other relevant considerations. The DFRB's scope of review will include the totality of circumstances of the incident. While the DFRB examines the involved officers' actions, its purpose is to provide the department an overall review of the incident. It is not an investigation; the DFRB is the final review process of the already-adjudicated deadly force incident, taking place after any review or investigation that may be conducted by an outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force. The DFRB occurs after the departmental internal administrative review is completed. The DFRB does not have the authority to recommend discipline for individual officers, as it takes place after the Administrative Review Panel's recommendations and the Chief of Police's findings and determinations.

302.7 DFRB PROCESS

It will be the responsibility of the Office of Professional Accountability to notify the Chief of Police or designee of any incidents requiring DFRB review. After the Chief of Police issues a finding, the Chief will designate a Chairperson to lead the DFRB. The Chairperson should convene the DFRB within a reasonable amount of time, not to exceed 90 days, of the Chief's finding on the Administrative Review Panel's recommendation. The Chairperson shall also ensure that all relevant reports, documents, and materials are available for consideration and review by the DFRB.

The Chairperson will determine the members for the DFRB. Members should include, but not be limited to the following:

- A. City Attorney's Office to provide risk management services
- B. Executive staff members to provide comment
- C. The Training Lieutenant to report on training concerns and to provide comment

The Chairperson will then submit the written report to the Chief of Police. After review by the Chief of Police, a copy of the report will be forwarded to the Office of Professional Accountability.

The Chairperson is responsible for coordinating the progress and documenting outcomes of all recommendations and action items from the DFRB. Within six months of the DFRB's conclusion, the Chairperson will provide documentation to the Office of Professional Accountability. Any recommendation that is not completed within the six-month timeframe becomes the responsibility of the Office of Professional Accountability. At the conclusion of the review process, a copy of all relevant reports and information will be filed with the Office of Professional Accountability.

Control Devices and Techniques

308.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control techniques and devices that are described in this policy.

308.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Spokane Police Department authorizes officers to use control techniques and devices in accordance with the guidelines in this policy and the Use of Force Policy (301).

308.3 CONTROL TECHNIQUES

308.3.1 APPLICATION OF CONTROL TECHNIQUES

Officers may only use those control techniques for which they have successfully completed department-approved training. Officers utilizing any control technique should consider:

- A. The degree to which the application of the technique may be controlled given the level of resistance.
- B. Whether the person can comply with the direction or orders of the officer.
- C. Whether the person has been given sufficient opportunity to comply.

“Control techniques” refers to all listed techniques described in the Spokane Police Department Defensive Tactics Manual. Those not listed or modified variations of listed techniques shall be deemed as exceptional techniques.

308.3.2 LATERAL NECK RESTRAINT (LNR)

Lateral Neck Restraints (Level 1 and Level 2) are prohibited. A neck restraint refers to any vascular neck restraint or similar restraint, hold, or other tactic in which pressure is applied to the neck for the purpose of constricting blood flow.

The Spokane Police Department prohibits the use of choke holds. NOTE – a choke hold is not a Lateral Neck Restraint; it is the intentional application of direct pressure to a person's trachea or windpipe for the purpose of restricting another person's airway.

308.4 USE OF RESTRAINT DEVICES

The Spokane Police Department authorizes the use of restraint devices in accordance with this policy and department training.

Only members who have successfully completed Spokane Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

Spokane Police Department

Spokane Police Department Policy Manual

Control Devices and Techniques

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- A. The circumstances or crime leading to the arrest.
- B. The behavior of the arrested person.
- C. The age and health of the person, pregnancy, and any apparent disability.

Modification of applied restraints may be utilized.

308.4.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee. If an officer handcuffs an individual who is later released without charges, the officer shall document the reason for the contact and the reason to release the subject in either CAD or a report, whichever is appropriate for the situation.

308.4.2 RESTRAINT OF PREGNANT PERSON

Females who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety.

No one who is in labor shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary to prevent escape or injury (RCW 70.48.500).

308.4.3 RESTRAINT NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the subject (i.e., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail.

308.4.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

The Spokane Police Department authorizes the use of Handcuffs or Plastic "Flex" Cuffs in accordance with this policy and department training.

Only members who have successfully completed Spokane Police Department-approved training on the use of handcuffs or plastic "flex" cuffs described in this policy are authorized to use these devices.

Officers will generally handcuff all arrested subjects. However, there are some arrest circumstances where handcuffing techniques should be modified or not applied. These situations may arise due to the subject's age, disability, medical conditions (e.g. pregnancy), or other

Spokane Police Department

Spokane Police Department Policy Manual

Control Devices and Techniques

circumstances. If officers choose to modify or forego handcuffing, they must document the circumstances leading to the decision.

Officers may choose to utilize handcuffing techniques during circumstances where enhanced control is warranted but have yet to make an arrest, if at all.

308.4.5 APPLICATION OF SPIT GUARDS

The Spokane Police Department authorizes the use of spit guards in accordance with this policy and department training.

Only members who have successfully completed Spokane Police Department approved training on the use of spit guards described in this policy are authorized to use these devices and the devices used shall only be those issued by the Spokane Police Department.

A spit guard (sometimes referred to as "spit hood," "spit mask," or "spit sock,") is a woven mesh device which can be placed over a person's head and face with the intent of preventing or reducing the transmission of infectious disease through saliva, mucous, and blood.

Officers may apply a spit guard when lawfully restraining or attempting to restrain an individual who is spitting or biting. Officers applying spit guards must ensure that the spit guard is fastened properly according to the manufacturer's instructions to allow for adequate ventilation so that the restrained person can breathe normally.

There are circumstances that may arise when extra care is needed if utilizing a spit guard which include persons who have been sprayed with OC spray should be decontaminated so their breathing is not distressed prior to application of a spit guard and for individuals in a mental health crisis, application of a spit guard may provoke an elevated level of distress. Officers should provide verbal reassurance and dynamically assess the situation to remove the spit guard as soon as appropriate.

Officers shall not apply spit guards in the following situations because of higher risks:

- Where the restrained person is bleeding profusely from the area around the mouth or nose.
- On an individual who is actively vomiting. If a person vomits while wearing a spit guard, the spit guard should be promptly removed and discarded.
- On an individual who demonstrates symptoms of labored or distressed breathing.

Officers should not apply a spit guard on an individual who states that they have a medical condition that affects their breathing. Under circumstances where officers apply a spit guard to an individual who states that they have a medical condition that affects their breathing, officers shall remove the spit guard if the individual shows symptoms of distressed or labored breathing.

In the event of a medical emergency, spit guards should be removed immediately.

Prior to application of a spit guard, an officer shall warn the individual and provide a reasonable time for the person to comply with the officer's commands. If applied, the officer shall remove the

Spokane Police Department

Spokane Police Department Policy Manual

Control Devices and Techniques

spit guard as soon as the threat of spitting or biting has ended, or the officer observes that the spit guard is no longer necessary.

After application of a spit guard and when safe to do so, officers shall move the individual into a seated or side recovery position and shall monitor the individual until the spit guard is removed. Officers shall assist when escorting the individual due to the potential for impaired or distorted vision.

Application of a spit guard must be documented.

Spit guards shall be discarded after each use.

308.4.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility. Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

308.4.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violently resisting or assaultive person when it reasonably appears necessary to do so during the course of detention, arrest or transportation. Only restraint devices approved by the department shall be used. In determining whether to use the leg restraint, officers should consider:

- A. Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- B. Whether it is reasonably necessary to protect the suspect from the suspect's own actions (e.g., hitting head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers).
- C. Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

308.4.8 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints the following guidelines should be followed:

- A. If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- B. Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- C. Once secured, the person should not be placed on their stomach for an extended period.

Spokane Police Department

Spokane Police Department Policy Manual

Control Devices and Techniques

- D. The restrained person should be continually monitored by an officer while in the leg restraint.
- E. When transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

308.4.9 TRANSPORTING LEG RESTRAINED SUSPECTS

When transporting a suspect(s) who has been restrained, officers shall observe the guidelines as specified in the Spokane Police Department Defensive Tactics Manual.

308.5 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department.

Only officers who have successfully completed department-approved training and demonstrated satisfactory skill and proficiency in the use of any control device are authorized to carry and use the device.

308.5.1 SHIFT COMMANDER RESPONSIBILITIES

The Shift Commander may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

308.5.2 TRAINING DIRECTOR RESPONSIBILITIES

The Training Director or designee shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

308.5.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Training Director or designee for disposition.

Commissioned Officers operating in a patrol capacity shall carry a Conducted Energy Weapon (TASER™ device).

Commissioned Officers operating in a patrol capacity shall carry a minimum of one of the following two control devices:

- A. Baton
- B. Oleoresin Capsicum (OC)

Spokane Police Department

Spokane Police Department Policy Manual

Control Devices and Techniques

Commissioned Officers operating in a modified uniform capacity where there is a potential for detention, apprehension or control of a subject shall carry a Conducted Energy Weapon (TASER™ device).

Commissioned Officers operating in a modified uniform capacity where there is a potential for detention, apprehension or control of a subject shall carry a minimum of one of the following two control devices:

- A. Baton
- B. Oleoresin Capsicum (OC)

308.6 BATON GUIDELINES

The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious physical injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

308.7 SPECIAL IMPACT MUNITIONS GUIDELINES

This department is committed to reducing the potential for violent confrontations. Special impact munitions, when used properly, can be used in an attempt to de-escalate a potentially deadly situation.

308.7.1 SAFETY PROCEDURES

Shotguns specifically designated for use with special impact munitions will be specially marked in a manner that makes them readily identifiable as such. These shotguns are only available to designated members of specialty units who maintain certification and qualification approved by unit SOP and the Range Master. The primary use of this tool is to support the mission and deployments of these specialty units. Deployment of this tool during a patrol response should only occur when the 40 MM "Blue Nose" munition is unavailable or delayed. It may also be deployed as a contingency device in support of a failed 40 MM "Blue Nose" munition deployment.

Officers who must deploy special impact/blunt impact munitions will employ the two-person rule for loading. The two-person rule is a safety measure achieved by having a second officer watch the loading process to ensure that the weapon is completely emptied of conventional ammunition.

308.7.2 DEPLOYMENT AND USE

The 40mm exact impact "Blue Nose" munition is the only authorized non-chemical impact munition for patrol deployment.

Only department-approved special impact munitions shall be carried and deployed. Only officers who have successfully completed department-approved training and demonstrated satisfactory

Spokane Police Department

Spokane Police Department Policy Manual

Control Devices and Techniques

skill and proficiency in the use of any special impact munitions are authorized to carry and use this device.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons, and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

308.7.3 DEPLOYMENT CONSIDERATIONS

Before discharging special impact munitions, the officer should consider such factors as:

- A. Distance and angle to target
- B. Type of munitions employed
- C. Type and thickness of subject's clothing
- D. The subject's proximity to others
- E. The location of the subject
- F. The subject's physicals (age, pregnancy, weight, etc.)
- G. Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device shall precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances.

The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious physical injury or death to the officer or others.

308.8 CONDUCTED ENERGY WEAPONS

308.8.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of TASER™ devices.

308.8.2 POLICY

The TASER™ device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury.

308.8.3 ISSUANCE AND CARRYING TASER™ DEVICES

Only members who have successfully completed department-approved training and demonstrated satisfactory skill and proficiency may be issued the TASER™ device.

Officers shall only use the TASER™ device and cartridges that have been issued by the Department.

Officers carrying the TASER™ device should perform a spark test on the unit prior to every shift.

Spokane Police Department

Spokane Police Department Policy Manual

Control Devices and Techniques

When carried while in uniform officers shall carry the TASER™ device in a department-approved holster on the weak-side opposite their duty firearm.

- A. Whenever practicable, officers should carry two or more cartridges on their person when carrying the TASER™ device.
- B. Officers shall be responsible for ensuring that their issued TASER™ device is properly maintained and in good working order.
- C. Officers should not hold both a firearm and the TASER™ device at the same time.

308.8.4 APPLICATION OF THE TASER DEVICE

The TASER device may be used when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person who is demonstrating non-compliance perceived as assaultive.

Active resistance or mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the TASER device to apprehend an individual.

308.8.5 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the TASER™ device shall precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the TASER™ device in the related report.

308.8.6 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the TASER™ device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

- A. Individuals who are known to be pregnant.
- B. Elderly individuals or obvious juveniles.
- C. Individuals with obviously low body mass.
- D. Individuals who are handcuffed or otherwise restrained.
- E. Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capicum (OC) spray.
- F. Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

308.8.7 MULTIPLE APPLICATIONS OF THE TASER™ DEVICE

Officers should apply the TASER™ device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Total exposure to the TASER™ device should

Spokane Police Department

Spokane Police Department Policy Manual

Control Devices and Techniques

not exceed 15 seconds. If exposure exceeds 15 seconds, the subject shall be transported to a medical facility for examination prior to booking.

308.8.8 ACTIONS FOLLOWING DEPLOYMENTS

Officers shall notify a supervisor of all TASER™ device discharges. The expended cartridge, along with both probes and wire, should be collected and submitted into evidence. Care should be taken to preserve the evidence.

The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

308.8.9 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department TASER™ devices while off-duty.

Officers shall ensure that TASER™ devices are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

308.8.10 MEDICAL TREATMENT AND PROBE REMOVAL

After a probe deployment of a TASER and once the suspect is in custody, proper procedures for removal of the probes shall begin. Refer to Policy 301.11 for medical considerations.

- A. **Non-Sensitive Areas:** Removal of probes in non-sensitive areas may be done by officers according to probe-removal training guidelines, which include the wearing of bio-protective gloves. Officers should inspect the probes after removal to see that the entire probe and probe barb have been removed. In the event that a probe, or probe barb, has broken off and it is still embedded in a subject's skin, the subject shall be provided appropriate medical attention to facilitate the removal of the object.
- B. **Sensitive Areas:** If a probe is embedded in a sensitive area of the body (neck, throat, eye, face, groin, or female breasts), the probes shall be removed by qualified medical personnel.

308.8.11 TRAINING

Personnel who are authorized to carry the TASER™ device shall be permitted to do so only after successfully completing the initial department-approved training by a certified instructor. Any personnel who have not carried the TASER™ device as a part of their assignment for a period of six months or more shall be recertified in accordance with TASER™ International certification guidelines by a department-approved TASER™ device instructor prior to again carrying or using the device.

The Training Lieutenant is responsible for ensuring that all members who carry TASER™ devices have received initial and annual proficiency training. Training shall be conducted in accordance with TASER™ International guidelines

Control Devices and Techniques

308.9 OLEORESIN CAPSICUM (OC) GUIDELINES

Uniformed personnel carrying department issued OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized in accordance with the needs of their assignment or at the direction of their supervisor.

OC spray (to include foggers, mist or stream) and OC expulsion devices (T-16) may be used in compliance with department training guidelines when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person who is demonstrating non-compliance perceived as assaultive.

Active resistance or mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the OC to control an individual.

308.9.1 OLEORISIN CAPSICUM (OC) MUNITIONS GUIDELINES

OC munitions and launchable munitions may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Shift Commander, Incident Commander or SWAT Commander may authorize the delivery and use of OC munitions, and only after evaluating all conditions known at the time and determining that such force appears objectively reasonable.

308.9.2 TREATMENT FOR OC SPRAY EXPOSURE

Decontamination efforts shall take place as soon as practicable for persons who have been exposed to the use of OC. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

308.9.3 POST-APPLICATION NOTICE

Whenever chemical munitions or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers shall provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean-up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

308.10 2-CHLOROBENZALMALONONITRILE (CS) GUIDELINES

(1) A law enforcement agency may not use or authorize its peace officers or other employees to use CS unless necessary to alleviate a present risk of serious harm posed by a: (a) riot; (b) barricaded subject; or (c) hostage situation.

(2) Prior to using CS as authorized under subsection (1) of this section, the officer or employee shall:

- (a) Exhaust alternatives to the use of CS that are available and appropriate under the circumstances;

Spokane Police Department

Spokane Police Department Policy Manual

Control Devices and Techniques

(b) Obtain authorization to use CS from a supervising officer, who must determine whether the present circumstances warrant the use of CS and whether available and appropriate alternatives have been exhausted as provided under this section;

(c) Announce to the subject or subjects the intent to use CS; and

(d) Allow sufficient time and space for the subject or subjects to comply with the officer's or employee's directives.

(e) In the case of a riot, final authorization for the use of CS must be obtained from the Mayor.

(3) For the purposes of this section:

(a) "Barricaded subject" means an individual who is the focus of a law enforcement intervention effort, has taken a position in a physical location that does not allow immediate law enforcement access, and is refusing law enforcement orders to exit.

(b) "Highest elected official" means the county executive in those charter counties with an elective office of county executive, however designated, and in the case of other counties, the chair of the county legislative authority. In the case of cities and towns, it means the mayor, regardless of whether the mayor is directly elected, selected by the council or legislative body pursuant to RCW 35.18.190 or 35A.13.030, or selected according to a process in an established city charter. In the case of actions by the Washington State Patrol, it means the governor.

(c) "Hostage situation" means a scenario in which a person is being held against his or her will by an armed, potentially armed, or otherwise dangerous suspect.

(d) "Tear gas" means chloroacetophenone (CN), O-chlorobenzylidene malononitrile (CS), and any similar chemical irritant dispersed in the air for the purpose of producing temporary physical discomfort or permanent injury, except "tear gas" does not include oleoresin capsicum (OC). The Spokane Police Department does not utilize CN.

308.11 COMPRESSED AIR LAUNCHING SYSTEM

The Compressed Air Launching System is a unique less-lethal chemical agent and direct impact delivery system that uses high pressure air launchers to deliver, from a safe distance, frangible plastic projectiles. The system combines chemical agent exposure with kinetic impact.

308.11.1 COMPRESSED AIR LAUNCHING SYSTEM AS A USE OF FORCE

The use of Compressed Air Launching System projectiles is considered a use of force and may be used when such force is reasonably necessary to control a person who is demonstrating non-compliance perceived as assaultive.

Where multiple persons are present, officers will direct Compressed Air Launching System projectiles towards the person(s) posing a specific threat of harm to officers or others or are engaging in acts of violence or significant property destruction. Officers deploying Compressed

Control Devices and Techniques

Air Launching System projectiles will attempt to avoid or minimize incidental exposure to non-involved persons.

Officers must justify each separate volley of Compressed Air Launching System projectiles. After the initial volley of Compressed Air Launching System projectiles, each subsequent volley must be reasonable, and separately re-evaluated. A "volley" is approximately 1 to 5 rounds.

When reasonable and necessary under the totality of the circumstances, multiple volleys may be necessary for **area denial**, and when this occurs, officers shall articulate the need for the increased use.

Active resistance or mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of Compressed Air Launching System projectiles to control an individual.

308.11.2 COMPRESSED AIR LAUNCHING SYSTEM DEPLOYMENT GUIDELINES

Only officers trained and certified are authorized to use the Compressed Air Launching System. Officers arming themselves with a Compressed Air Launching System will advise radio over the air and a supervisor will respond to the incident if available. Officers will receive an annual recertification to remain authorized users of the Compressed Air Launching System.

The Compressed Air Launching System allows for differing uses depending on the circumstances of an incident. Three recognized and appropriate uses of the Compressed Air Launching System are:

1. **Direct Impact:** The Compressed Air Launching System projectiles are intentionally delivered towards a person to impact their body. Although classified as a less-lethal device, the potential exists for the projectiles to inflict greater injury when they strike the face, eyes, neck and groin. Therefore, officers deploying Compressed Air Launching System projectiles will not intentionally target the head, neck, or genitals without proper governmental interest.
2. **Area Denial/Non-Direct Impact:** The Compressed Air Launching System projectiles are intentionally delivered towards an area when circumstances require that the area be cleared of individual(s) and when the use of OC is authorized. When used for area denial purposes, preferred targets are hard surfaces such as streets or walls.
3. **Compressed Air Launching System Glass Breach Projectiles:** Glass Breach projectiles are intended to be used on vehicles or residences for the purpose of breaking glass. However, these rounds may also be used to disable video cameras, break light bulbs, or other approved purposes. Glass Breach projectiles shall not be used on people unless a life-threatening situation exists. Glass Breach projectiles are only to be used by SWAT officers who have been trained and certified by the Spokane Police Department's CART Team. Glass Breach rounds will be stored in a manner as to ensure they are deployed separate from regular Compressed Air Launching System projectiles. When transitioning between the two ammunitions, officers shall use the two person rule for loading. The specific use of Glass Breach projectiles requires the additional approval of a Sergeant or higher rank.

Control Devices and Techniques

308.11.3 TREATMENT FOR COMPRESSED AIR LAUNCHING SYSTEM EXPOSURE AND DIRECT IMPACT INJURIES RELATED TO THE COMPRESSED AIR LAUNCHING SYSTEM

Persons who have been exposed to or otherwise affected by the use of Compressed Air Launching System projectiles shall be promptly provided with cool clean water and fresh air to cleanse the affected areas. Direct impact injuries should also be assessed. Those persons who are injured, complain of injury or complain of further severe effects shall be examined by appropriate medical personnel.

308.11.4 TREATMENT FOR COMPRESSED AIR LAUNCHING SYSTEM – CAPSAICIN EXPOSURE AND/OR IMPACT

Decontamination efforts shall take place as soon as practicable for persons who have been exposed to the use of Compressed Air Launching System projectiles. Direct impact injuries should also be assessed and documented, according to policy. Those persons who are injured, complain of injury or complain of further severe effects shall be examined by appropriate medical personnel.

308.11.5 REPORTING THE USE OF COMPRESSED AIR LAUNCHING SYSTEM PROJECTILES

Officers are required to report the use of Compressed Air Launching System projectiles regardless of the effect or whether a subject is struck, including if no injury or complaint of pain or injury is reported. Officers are also required to report all decontamination procedures that followed.

Investigations of Applications of Deadly Force or Attempted Deadly Force

310.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of officer-involved shootings and applications of deadly force.

310.2 INVESTIGATION RESPONSIBILITY

This department adheres to the Spokane Independent Investigative Response (SIIR) for investigating use of deadly force or attempted deadly force Incidents (WAC 139-12 Law Enforcement Training and Community Safety Act).

310.2.1 OFFICER USE OF FORCE INVESTIGATIONS

Where the use of deadly force results in death, substantial bodily harm, or great bodily harm, an investigation shall be completed by an independent investigative team that is independent of the Spokane Police Department and meets the independent investigations criteria of the Criminal Justice Training Commission (RCW 10.114.011; WAC 139-12-020; WAC 139-12-030).

310.2.2 NON QUALIFYING OFFICER INVOLVED INCIDENTS

In incidents involving life threatening injury or death by a Spokane Police Officer that do not meet the "deadly force" definition by RCW 9A16.010, the Chief of Police may ask an uninvolved agency to investigate.

310.3 TYPES OF INVESTIGATIONS

Investigations for use of deadly force or attempted deadly force by a Spokane Police Officer, involve separate investigations. The investigations will include:

- A. A criminal investigation of the involved officer(s) conducted by an outside agency in accordance with the SIIR Protocol.
- B. An administrative investigation conducted by the Spokane Police Department's Internal Affairs office to determine if there were any violations of department policy.

The Spokane Police Department will adhere to the SIIR Protocol. The criminal investigation will be performed by the Spokane Independent Investigative Response Team (SIIR), and will take priority over the administrative investigation.

310.4 THE INVESTIGATION PROCESS

Use of Deadly Force or Attempted Deadly Force: The procedures for investigating an officer-involved shooting are contained within the SIIR Protocol and should be adhered to as guidelines in any case in which an officer is involved in a deadly force or attempted deadly force incident. The SIIR Protocol clearly details the actions that should be taken by all participants who have a role in the process of the investigation, including media relations.

Spokane Police Department

Spokane Police Department Policy Manual

Investigations of Applications of Deadly Force or Attempted Deadly Force

310.5 INTERNAL AFFAIRS RESPONSE

It is the responsibility of the Internal Affairs investigator(s) to notify the Office of the Police Ombudsman of a use of deadly force or attempted deadly force by a Spokane Police Officer.

BlueTeam Entry: The Internal Affairs investigator will be assigned by the Internal Affairs Lieutenant and will complete a supervisory Use of Force Report in Blue Team.

Administrative Investigation: The administrative investigation shall commence after the prosecutor has delivered a finding regarding the criminal investigation or by direction of the Chief of Police.

310.6 DSO RESPONSIBILITY

It is the responsibility of the DSO to notify the Office of Independent Investigations if the incident involves the use of deadly force by an involved officer that results in death, substantial bodily harm, or great bodily harm.

310.7 STATUS OF INVOLVED EMPLOYEES

Involved employees will be placed on paid administrative leave for a minimum of three days. The period of the paid administrative leave will be determined by the Chief of Police taking into account the needs of the involved officer(s), recommendations of the department psychologist and whether further clarification is needed about the incident. Upon returning from administrative leave, the Chief of Police may reassign an employee to a restricted duty capacity.

Employees placed on administrative leave as a result of their involvement in a use of deadly force or attempted deadly force incident may request an extension of administrative leave, which may be approved by the Chief of Police or Assistant Police Chief.

The officer shall be available during the hours designated on their Administrative Leave form for official interviews and statements regarding the case. Officers placed on administrative leave pursuant to this policy are not required to stay home.

The involved officer's Captain will be responsible to communicate with the employee in regards to the on-going status and stages of the administrative investigation.

1. Return to Duty:

- (a) Involved officers will attend at least one session with a department approved psychologist prior to returning to work in a full duty capacity. The Police Psychologist will schedule a session with the involved officer(s) within 48 business hours of the officer(s) being placed on administrative leave.
- (b) In addition, involved officers will attend a minimum of two subsequent sessions with a department approved psychologist, the second session will occur three months after the incident and the third session will occur six months after the incident. It is the responsibility of the assigned Peer Assistance Team member to ensure these sessions are scheduled and completed.

Spokane Police Department

Spokane Police Department Policy Manual

Investigations of Applications of Deadly Force or Attempted Deadly Force

- (c) If the video is released in regards to the incident, it is highly recommended that the employee schedule another session with the psychologist at that time.
 - (d) The Range Master will contact the officer on administrative leave and work with them to schedule them to qualify on their replacement handgun prior to returning to work in a full duty capacity.
- 2. Peer Assistance Team
 - (a) Officers involved in a use of deadly force or attempted use of deadly force incident are encouraged to contact their assigned PAT member if questions or concerns arise while on administrative leave or while under investigation.
 - (b) The Peer Assistance Team Coordinator or designee will contact the immediate supervisor of the involved officer(s) and provide information about recognizing symptoms of PTSD. Supervisors can also contact the Employee Assistance Program Coordinator or the Police Psychologist for information. Supervisors are to report to their chain of command subsequent behaviors which may indicate ongoing emotional distress. The chain of command will determine whether the subsequent behaviors will be reported to the Police Psychologist.

EXPLOSIVE BREACHING POLICY

311.1 PURPOSE AND SCOPE

This policy governs explosive breaching, a law enforcement tactic used exclusively by Explosive Disposal Unit (EDU) Breachers in conjunction with the Special Weapons and Tactics (SWAT) team. This policy sets guidelines and procedures for internal administrative use by authorized personnel and is not intended to create any higher legal standard of care or liability than is created by law.

311.2 POLICY

It is the policy of the Spokane Police Department to utilize explosive breaching as a tactical option to resolve certain high-risk situations and critical incidents where there is a strong governmental interest, alternatives have been carefully considered, and appropriate measures have been taken to reduce the risk of injury. Situations involving exigency where the use of explosive breaching is reasonable to prevent much greater harm, may include:

- Terrorist events
- Hostage rescue operations
- Service of particularly high-risk search/arrest warrants
- Barricaded gunman scenarios
- Booby traps requiring detonation
- Civil disaster scenarios

In all such cases, explosive breaching shall be carried out by trained and properly equipped personnel in the most efficient manner, using the minimum amount of explosives necessary to allow immediate entry, with minimal risk to victims, tactical officers and subjects.

311.3 DEFINITIONS

Definitions related to this policy include:

A. **Breacher** -- A member of the Explosive Disposal Unit who is specifically trained in the construction, placement, and initiation of explosive breaching charges.

B. **Breach and Hold Tactic** -- An explosive breach option that creates a tactical advantage by making an access point in to a structure when an immediate team entry is not desirable. This tactic creates an opportunity to insert cameras, deploy robots, insert chemical agents, achieve an observation point, and/or allow for later team entry into a structure.

C. **Explosive Breach** -- A technique of employing explosive materials to create an opening through a door, window, wall, or other barrier to allow access.

D. **Explosive Breaching Charge** -- A target-specific device constructed with explosives and non-explosive materials for the purpose of gaining entry into a structure.

EXPLOSIVE BREACHING POLICY

311.4 LIMITATION ON THE USE OF EXPLOSIVE BREACHING

The use of explosive breaching is authorized only for EDU members who have received proper breacher training and are licensed in Washington State to handle explosives. All such personnel must be provided with appropriate safety equipment.

311.5 CRITERIA FOR EXPLOSIVE BREACHING

An explosive breach may be used if objectively reasonable and warranted by a strong governmental interest. This determination may be based on any combination of the following factors:

- Where exigency exists requiring immediate entry into a structure to prevent the occurrence of more serious harm.
- Where a subject is currently armed and/or threatening anyone's safety.
- Where a subject has a history of violence and access to weapons.
- Where peaceful negotiations, including crisis intervention and other de-escalation techniques, have been unsuccessful in resolving the situation.
- Where a penetration or compromise of the structure is necessary to prevent imminent harm to officers or others.
- Where other breaching methods have been considered but are deemed unsafe or impractical.
- Where the use of explosives is the only means of physically breaching the location's barriers/fortifications.

Factors that should be considered in the decision to employ explosive breaching:

- The construction of the doors, walls, or target to be defeated is not known.
- There is a presence of unstable chemicals or other incendiary materials in close proximity to the crisis site.
- The presence or location of occupants cannot be ascertained.
- Other means of mechanical breaching would be more effective to provide positive entry, officer safety, and mission success.

311.6 OPERATIONAL GUIDELINES

A. Decision to Use Explosive Breaching -- The decision to use an explosive breach shall be at the discretion of the Incident Commander.

B. Risk Assessment -- Prior to the operational use of explosive breaching, Breachers shall conduct a risk assessment. The following criteria shall be considered.

- Target analysis
- Severity of the crime
- Suspect history and current threat

EXPLOSIVE BREACHING POLICY

- Officer safety
- Suspect weapons involved
- Number of suspects
- Possible collateral damage
- Other breaching options
- Presence, age, and location of other occupants
- The tactical implications of sounding a warning prior to the use of an explosive charge

C. When feasible, Breachers will scout and conduct a target analysis prior to an operation breach.

D. The selection and construction of all breaching charges will be the responsibility of Breachers.

E. The SWAT Team Leader, with input from Breachers, will determine the location of the entry team prior to an explosive breach. Breachers will not conduct an explosive breach if it is their opinion that the breach would place the team in unnecessary danger. Breachers will be aware of safe standoff distances.

F. Only Breachers will handle and place charges.

G. Breachers will make recommendations on target location and specific breaching charges based on goals of the mission and site considerations, to include hazards that may be present (i.e., a known presence of significant amounts of flammable chemicals).

H. A minimum of two Breachers will be present for all operational breaches to verify calculations and charge selection.

I. When feasible, a briefing from Breachers will precede operational breaches. The briefing will summarize the pertinent aspects of the operation.

J. If possible, Breachers and SWAT entry team members should rehearse the breaching operation prior to an operational breach.

K. On operational breaches, Breachers should consider a secondary breach point and/or mechanical breaching options in the event of a misfire or failed breach.

L. At the conclusion of an operational breach, Breachers will complete an EDU breaching report, to include photographs if possible.

311.7 INITIATION SEQUENCE OF AN EXPLOSIVE BREACH

The initiation sequence of an explosive breach will normally occur with the following methods:

1. Manual Deployment: Will require a minimum of two Breachers, unless exigency or specific circumstances require a different approach. Once the breaching charge is set and the team is ready, the SWAT Team Leader will tell the Breacher to "Breach" and the Breacher will initiate the charge. In the alternative, a countdown may be used by the SWAT Team Leader to inform the Breacher when to initiate the breach.

Spokane Police Department

Spokane Police Department Policy Manual

EXPLOSIVE BREACHING POLICY

2. Robotic Deployment: A robotic platform places the charge. Robot cameras, visual observations from SWAT and/or EDU personnel, and other available methods ensure the entry team and immediate area is ready for the breach. The EDU robot operator will initiate the breach on command or countdown from the SWAT Team Leader.

Misfire Procedures

1. Handling of misfires and non-functioning breaching charges are the responsibility of the Breachers, in coordination with the SWAT Team Leader, as circumstances permit.
2. Breachers will be responsible for the security of the removed breaching charge and the subsequent disposition of it.

311.8 SAFETY

1. All explosives will remain in the control of EDU and stored as appropriate to ensure their security.
2. Tactical emergency medical personnel, including paramedics and fire personnel, shall be present during operational breaches where explosive breaching techniques are performed.
3. Breachers will be in control of the initiating device at all times to prevent an unintentional detonation by other persons.
4. All members of the entry team will wear protective clothing to include helmet, body armor, boots, gloves, hearing protection, eye protection, and gas mask (if appropriate).
5. A Breacher will serve as a range safety officer on all training operations.
6. During training operations, EDU Breachers will follow the safety procedures outlined in SPD Tactical Team Response Policy, Section 408.9.2.

311.9 DOCUMENTATION

1. All training and operational breaches will be documented. Included in the documentation will be the following information: charge design, calculations, target construction, and results. Photo and video will be included if possible.
2. All Breachers will maintain a log of the breaches in which they have been directly involved.

311.10 TRAINING

1. All Breachers will attend an accredited "Basic Explosive Breaching" course consisting of a minimum of 40 hours of instruction and thereafter maintain breacher education through professional training resources and team training. Their training shall include the legal implications of explosive breaching.
2. Breachers shall train a minimum of eighty hours annually, and shall train with SWAT members on a continuing basis.
3. EDU members shall comply with all state and federal regulations requiring licensure for storage, use, and transport of explosives.

Authorized firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs that result in being under the influence as defined in ART25, Section C.2 of the collective bargaining agreement. Officers shall not use their department commission as a means to carry a handgun/firearm to a place or event where they anticipate consuming alcohol.

312.3 SAFE HANDLING OF FIREARMS

The intent of this policy is to promote proper firearm safety on and off duty. Employees shall maintain the highest level of safety when handling firearms. Employees shall consider the following when handling firearms:

312.3.1 SAFETY CONSIDERATIONS

- A. Treat all firearms as if they were loaded; all guns are always loaded.
- B. Never point the muzzle at anything you are not willing to shoot.

312.5 WARNING AND OTHER SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the officer reasonably believes that they appear necessary, effective, and reasonably safe.

312.6 DESTRUCTION OF ANIMALS

Officers are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective. In circumstances in which officers have sufficient advance notice that a potentially dangerous animal may be encountered, officers should develop reasonable contingency plans for dealing with the animal (i.e., fire extinguisher, TASER device, oleoresin capicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any officer from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or become impractical.

312.6.1 INJURED ANIMALS

With the approval of a supervisor, an officer may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical. Domesticated injured animals may only be euthanized after a reasonable search to locate the owner has been made.

312.7 REPORT OF FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a duty firearm intentionally or unintentionally, on or off duty, shall make a verbal report to their supervisor as soon as circumstances permit and submit a written report as well. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-

The Range Master shall keep accurate records of qualifications, repairs, maintenance, and training. In addition to regular qualification schedules, the Range Master shall be responsible for providing all sworn personnel with annual practical training designed to simulate field situations. At least annually, all personnel carrying a firearm will receive training on the department Use of Force policy.

312.9 MAINTENANCE AND REPAIR

Firearms carried on duty shall be maintained in a clean, serviceable condition. Since the use of personally-owned weapons is at the option of the individual officer, that officer may be provided assistance on personally-owned weapons. All firearms should be inspected once a year for functionality, approved equipment/ accessories, and modifications by the Range Master or his designee.

312.9.1 REPAIR OR MODIFICATIONS OF DUTY FIREARMS

The Range Master and/or designees shall be the only persons authorized to repair or modify any department-issued firearms. All repairs and/or modifications of department-issued firearms not performed by the Range Master must be approved in advance by the Range Master. Any repairs or modifications to the officer's personally-owned firearm shall be done at his/her expense and must be approved by the Range Master. Any firearm authorized by the Department to be carried on or off duty, found by the officer to be malfunctioning or needing service, shall not be carried, and shall be promptly presented to the Department or Range Master for inspection. Any firearm determined to be in need of service or repair during an inspection by the Range Master will be immediately removed from service. If the weapon is the officer's primary duty weapon, a replacement weapon will be issued to the officer until the duty weapon is returned. All accessories will be authorized and approved by the Range Master (this may include sights, slings, stocks, rails, or other after-market additions).

Vehicle Pursuit Policy

314.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to minimize the potential for pursuit related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved.

This includes circumstances where department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuit situations are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit. Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment.

314.1.1 DEFINITIONS

- A. **ATTEMPTING TO ELUDE** - Any driver of a motor vehicle who willfully fails or refuses to immediately bring his or her vehicle to a stop and who drives his or her vehicle in a reckless manner while attempting to elude a pursuing police vehicle, after being given a visual or audible signal to bring the vehicle to a stop (RCW 46.61.024).
- B. **SUPPORT** - Support shall mean efforts made by units assisting a pursuit to block intersections, deploying stop sticks, or other means to limit the scope of the pursuit and protect the public.
- C. **TERMINATE** - Terminate shall mean all pursuing officers shall pull their vehicle to the side of the roadway, stop, shut off emergency equipment and notify the Combined Communications Center of their location. Officers not directly involved as primary or secondary vehicles shall discontinue following the suspect vehicle.
- D. **VEHICLE FOLLOW / FAIL TO YIELD DEFINED** - A vehicle follow is an event involving one or more law enforcement officers attempting to detain a suspect vehicle that is failing to yield to the visual and/or audio signals of the law enforcement officers but not operating the vehicle in a reckless manner. A vehicle follow is not a vehicle pursuit. (RCW 46.61.022).
- E. **VEHICLE PURSUIT** - An attempt by a uniformed peace officer in a vehicle equipped with emergency lights and a siren to stop a moving vehicle where the operator of the moving vehicle appears to be aware that the officer is signaling the operator to stop

Spokane Police Department

Spokane Police Department Policy Manual

Vehicle Pursuit Policy

the vehicle and the operator of the moving vehicle appears to be willfully resisting or ignoring the officer's attempt to stop the vehicle by increasing vehicle speed, making evasive maneuvers, or operating the vehicle in a reckless manner that endangers the safety of the community or the officer. A vehicle pursuit is not a vehicle follow. (RCW 46.61.022).

1. Officers attempting to apprehend a suspect who is attempting to avoid apprehension while operating a motor vehicle by using high speed driving or other evasive tactics shall have emergency equipment activated.

314.2 OFFICER RESPONSIBILITIES

It shall be the policy of this department that a motor vehicle pursuit shall be conducted only with emergency lights and siren. The following policy is established to provide officers with guidelines for driving with due regard and caution for the safety of all persons using the highway as required by RCW 46.61.035(4). Only those officers that have completed the required training for authorized police vehicles and pursuit intervention/forcible stops may utilize these vehicles and techniques.

314.2.1 WHEN TO INITIATE A PURSUIT

It is the policy of the Spokane Police Department that pursuits are permissible when, under the circumstances, the safety risks of failing to apprehend or identify the person are considered to be greater than the safety risks associated with the vehicular pursuit and the person being pursued poses an imminent threat to the safety of others. There must be probable cause to believe that a person in the vehicle has committed or is committing a violent offense or sex offense specified below. Officers may only initiate pursuits for the following reasons and only after receiving authorization from a supervisor:

Homicide

Drive by Shooting

Assault 1st and 2nd Degree

Assault of a child 2nd Degree

Extortion 1st Degree

Burglary 1st Degree

Arson 1st and 2nd Degree

Rape 1st and 2nd Degree

Robbery 1st and 2nd Degree

Kidnapping 1st and 2nd Degree

or warrant (non DOC) for the above crimes

Spokane Police Department

Spokane Police Department Policy Manual

Vehicle Pursuit Policy

While officers may initiate a pursuit for the above listed reasons with prior supervisor approval, officers shall at all times consider the following factors individually and collectively in deciding whether to initiate or continue a pursuit:

- A. The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.
- B. Apparent nature of the fleeing suspect(s) (e.g., whether the suspect(s) represent a serious threat to public safety).
- C. Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic and the speed of the pursuit relative to these factors.
- D. Pursuing officer(s) familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- E. Weather, traffic and road conditions that substantially increase the danger of the pursuit beyond the worth of immediately apprehending the suspect.
- F. Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.
- G. Vehicle speeds.
- H. Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- I. Availability of other resources such as helicopter assistance.
- J. The police unit is carrying passengers other than police officers. Pursuits shall not be undertaken with a prisoner(s) in the police vehicle. Pursuits shall not be initiated or entered into when a passenger is in the vehicle. Exceptions may be granted by the Office of the Chief or designee.

SUPERVISOR AUTHORIZATION

Officers shall receive authorization to engage in the pursuit from a supervising officer. Authorization must be obtained before the pursuit begins. Officers may not initiate a pursuit and then get authorization.

314.2.2 WHEN TO TERMINATE A PURSUIT

Pursuits shall be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect(s)' escape. The primary responsibility to continue a pursuit or to terminate lies with the pursuing officer(s).

The factors listed in Policy Manual § 314.2.1 are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors

Spokane Police Department

Spokane Police Department Policy Manual

Vehicle Pursuit Policy

must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit.

Pursuits will be **immediately** terminated under the following conditions:

- A. A commissioned supervisor, to include a corporal, orders the pursuit terminated.
 - 1. Supervisors who wish to terminate a pursuit will issue an order to terminate and return to service.
 - 2. All units will immediately deactivate their emergency lights and sirens. If applicable, when air support is involved, it will only continue to follow the suspect vehicle if supervisory permission has been granted to do so.
- B. The suspect is known to the officer and does not pose an **imminent** threat to the public.
- C. The distance between the officer and the suspect is so great that exceptional speeds are required by the officer to catch up, placing the officer(s), the public, and the suspect in serious danger.
- D. The officer loses visual contact with the suspect for an extended period of time.
 - 1. This does not imply that officers must cease looking for the suspect; however, officers must slow to the posted speed limit and obey all traffic regulations.
- E. If equipment failure involving the police vehicle's emergency lights, siren, radio, brakes, steering, or other essential mechanical equipment occurs.
- F. Hazards to uninvolved bystanders or motorists outweighs the need for apprehension.
- G. If the identity of the felony offender is known and it appears that the immediate risks to the public and officer(s) associated with continuing the pursuit now outweigh the risks that the felony offender will continue to pose to the public if allowed to temporarily escape.

PROHIBITED ACTIONS

Sworn employees will not pursue violators while they are traveling the wrong way on any freeway, freeway frontage road, divided highway, or one-way street.

314.2.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle. Should high vehicle speeds, for the surrounding environment, be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit.

When speeds are such that the immediate risks to the public and officer(s) exceed the interest in the apprehension of the suspect, the pursuit **WILL BE** terminated (see 314.2.2 above).

Spokane Police Department

Spokane Police Department Policy Manual

Vehicle Pursuit Policy

314.3 PURSUIT UNITS

Generally, no more than three marked units will be involved in the immediate pursuit without a supervisor's approval. However, officers are expected to exercise good judgement based on the level of threat posed by the fleeing suspect(s) and the number of occupants in the fleeing vehicle. An officer may request or supervisor may approve additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspect(s) or perform a PIT / Post PIT maneuver. All other officers may support the pursuit, and should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point in a safe manner.

314.3.1 AUTHORIZED PURSUIT VEHICLES

The Ford Police Interceptor Sedan and Utility, the Ford Crown Victoria, the pursuit rated Chevrolet Tahoe PPV, the Ford Taurus, the pursuit rated Ford F150, and the pursuit rated Dodge Charger are the only pursuit rated vehicles in use by the Spokane Police Department and are authorized to participate in a pursuit. Special service vehicles to include sport utility vehicles, trucks, vans, traditional passenger cars, and motorcycles should not be used in pursuits.

314.3.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in any pursuit. Officer(s) in such vehicles, however, may become involved in emergency activities involving life threatening situations.

314.3.3 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect(s) without unreasonable danger to themselves or other persons.

Notify the Combined Communications Center that a vehicle pursuit has been initiated and as soon as practical provide information including, but not limited to:

- A. Reason for the pursuit.
- B. Location and direction of travel.
- C. Speed of the fleeing vehicle.
- D. Description of the fleeing vehicle and license number, if known.
- E. Number of occupants in the vehicle.
- F. The identity or description of the known occupants.
- G. Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.
- H. Traffic conditions, vehicular and pedestrian.
- I. Weather conditions to include road surface.
- J. Visibility and illumination.

Spokane Police Department

Spokane Police Department Policy Manual

Vehicle Pursuit Policy

The officer in the primary unit shall be responsible for broadcasting the progress of the pursuit unless directed otherwise by a supervisor or when practical circumstances indicate. If the primary unit desires they may relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft in order to concentrate on pursuit driving.

"Progress" shall mean updating speed, location, direction of travel and traffic conditions.

314.3.4 SECONDARY UNIT(S) RESPONSIBILITIES

The second officer in the pursuit is responsible for the following:

- A. The officer in the secondary unit should immediately notify the dispatcher of entry into the pursuit.
- B. Remain a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit.

314.3.5 PURSUIT DRIVING TACTICS

The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

- A. Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles so that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- B. Because intersections can present increased risks, the following tactics should be considered:
 - 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
 - 2. Pursuing units will exercise due caution when proceeding through controlled intersections.
- C. Notifying the Washington State Patrol and/or other jurisdictional agency if it appears that the pursuit may enter their jurisdiction.
- D. Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or requested to do so by the primary unit.

314.3.6 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

Other officers in the area of the pursuit shall monitor the progress of the pursuit. They should not become directly involved in the pursuit unless requested to do so by the primary or secondary unit or the supervisor. They should be available in case they are needed to help provide resources that may be needed to terminate the pursuit and assist in the apprehension of the suspects after the pursuit has been terminated. Paralleling the pursuit is allowed for the limited purposes of assisting with traffic control or for other public safety purposes. Officers are authorized to use emergency equipment along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public.

Spokane Police Department

Spokane Police Department Policy Manual

Vehicle Pursuit Policy

Officers not involved directly in the pursuit, who are needed to assist, will operate their vehicles utilizing emergency equipment as necessary per RCW 46.61.035.

314.3.7 AIRCRAFT ASSISTANCE

- A. When officers initiate a vehicle pursuit, the availability of air support should be considered.
- B. The supervising sergeant and/or dispatch supervisor will ensure that this option is considered.
- C. If air support is available, officers or supervisors should request assistance. "Available" means currently operating in-flight.
- D. When air support arrives on scene and is able to assume and maintain visual contact with the fleeing vehicle, SPD pursuing officers will discontinue close pursuit, unless the tactical needs of the situation clearly call for continuing close pursuit.
- E. The intent of discontinuing close pursuit is to encourage the fleeing vehicle to cease driving in a reckless manner because the driver believes police pursuit has ended. It is also recognized that a frequent result of discontinued pursuits is that the suspect driver stops the vehicle and flees on foot.
- F. When close pursuit is discontinued, units may continue to safely position themselves strategically to respond in the event that the fleeing vehicle stops and/or the suspect(s) flee on foot. This repositioning will be outside of the view of the fleeing vehicle and officers shall use due care and caution when doing so.

314.4 SUPERVISORY CONTROL AND RESPONSIBILITY

- A. It is the policy of this department that available supervisory and management control will be exercised over all motor vehicle pursuits involving officers from this department. The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:
 - 1. Authorizing the pursuit.
 - 2. Immediately ascertain all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established department guidelines.
 - 3. Consider relevant factors affecting public safety, such as whether there are minors present in the vehicle.
 - 4. In only extreme circumstances engage in the pursuit to provide on scene supervision. Supervisors directly involved cannot monitor the pursuit.
 - 5. Exercise management and control.
 - 6. Ensure that no more than the number of required police units needed are involved in the pursuit under the guidelines set forth in this policy.
 - 7. Direct that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy.

Spokane Police Department

Spokane Police Department Policy Manual

Vehicle Pursuit Policy

8. Ensure that aircraft are requested if available.
 9. Ensure that the proper radio channel is being used.
 10. Ensure the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.
 11. Comply with agency procedures for coordinating with other pursuing officers and jurisdictions;
 12. Control and manage SPD units when a pursuit enters another jurisdiction.
 13. Complete additional reports as necessary and/or Pursuit Review Report. A Pursuit Review will only be conducted when the officer's intentional actions meet the definition of pursuit as defined in this policy.
- B. Pursuit Review: When practical the monitoring supervisor should initiate the Pursuit Review documentation. When completing a Pursuit Review the supervisor shall take the necessary steps to conduct a thorough investigation. The supervisor shall:
1. Respond to the scene, when possible;
 2. Review all documentation of the incident and make every reasonable effort to contact all involved officers;
 3. Ensure identification of witnesses and other involved parties. When possible conduct civilian interviews of those subjects directly or indirectly involved.
 4. Ensure the collection of any appropriate evidence when applicable;
 5. In the event that the supervisor believes that the incident may give rise to potential civil litigation, the supervisor shall notify the DSO or appropriate command staff member during normal business hours;
 6. Attach all incident reports, the CAD incident history and a link to all officer body camera videos in Evidence.com;
 7. List other officers present as witness officers;
 8. Provide a brief summary of the incident in Blue Team and attach a Supervisor Review.
 9. Provide a brief comment stating whether the pursuit was within policy and any possible training issues. If more detailed analysis is needed, include it in the Pursuit Review Blue Team report.
 10. Forward the Pursuit Review to Internal Affairs Group in Blue Team.
 11. Internal Affairs will attach all photographs and recordings of radio traffic to the report. A member of Internal Affairs will verify that all relevant materials were attached to the case and forward it to the next person in the supervisor's chain of command for review.

314.4.1 SHIFT COMMANDER RESPONSIBILITY

Upon becoming aware that a pursuit has been initiated, the Shift Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and

Spokane Police Department

Spokane Police Department Policy Manual

Vehicle Pursuit Policy

requirements of this policy. The Shift Commander has the final responsibility for the coordination, control and termination of a motor vehicle pursuit and shall be in overall command. The Shift Commander shall review all pertinent reports for content and forward them through the chain of command.

314.5 COMMUNICATIONS

If the pursuit is confined within the City limits, radio communications will be conducted on the pursuing officer's primary channel unless instructed otherwise by a supervisor or communications dispatcher.

If the pursuit leaves the jurisdiction of this department, involved units may switch radio communications, whenever available, to a channel that is most advantageous for effective radio communications.

314.5.1 COMBINED COMMUNICATIONS CENTER RESPONSIBILITIES

Upon notification that a pursuit has been initiated, the Combined Communications Center will:

- A. Coordinate pursuit communications of the involved units and personnel.
- B. Notify and coordinate with other involved or affected agencies as practical.
- C. Ensure that a field supervisor is notified of the pursuit.
- D. Assign an incident number and log all pursuit activities.
- E. Broadcast pursuit updates as well as other pertinent information as necessary.
- F. Notify the Shift Commander as soon as practical.

314.6 INTER-JURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary officer or supervisor should determine whether or not to request the other agency to assume the pursuit, taking into consideration distance traveled, unfamiliarity with the area, and other pertinent facts. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether or not such jurisdiction is expected to assist.

The potential for a pursuit to continue to another jurisdiction should be considered a factor that could influence the decision of the supervisor or shift commander to terminate the pursuit.

Officers making a felony arrest in another state are responsible to have the defendant taken, without unnecessary delay, before a magistrate of the county in the state in which the arrest is made.

314.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Units originally involved will discontinue the pursuit when this agency has requested and the other agency has advised that it has assumed the pursuit and assistance of the Spokane Police Department is no longer needed. Upon discontinuing the pursuit, the primary unit may proceed upon request, and at the direction of a supervisor, to the termination point to assist in the

Spokane Police Department

Spokane Police Department Policy Manual

Vehicle Pursuit Policy

investigation. The role and responsibilities of officers at the termination of a pursuit initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit.

Requests to or from another agency to assume a pursuit should be specific.

314.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION

As soon as practical, a supervisor or the Shift Commander should review a request for assistance from another agency. The Shift Commander or supervisor, after consideration of the below factors, may decline to assist in, or assume the other agency's pursuit.

When other law enforcement agencies involved in a pursuit enter the City, Spokane Police Officers will act as support units only. Exceptions to this are:

- A. If the agency specifically requests assistance, a supervisor must approve SPD units becoming directly involved.
- B. If only one unit from an outside agency is involved and it is a marked emergency vehicle, one SPD unit may act as a secondary unit or take over as the primary unit in a pursuit with the permission of a supervisor.

If an SPD unit does become the primary or secondary pursuit unit, all applicable department pursuit policies apply. SPD units supporting another agency's pursuit will put themselves on the call.

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor will consider these additional factors:

- A. The original reason for the pursuit is compliant with SPD pursuit policy, section 314.2.1.
- B. Ability to maintain the pursuit.
- C. Adequate staffing to continue the pursuit.
- D. The public's safety within this jurisdiction.
- E. Safety of the pursuing officers.

Assistance to a pursuing allied agency by officers of this department will terminate at the City limits provided that the pursuing officers have sufficient assistance from other sources.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

314.7 PURSUIT INTERVENTION/FORCIBLE STOPS

Spokane Police Department

Spokane Police Department Policy Manual

Vehicle Pursuit Policy

Forcible stops are an attempt to terminate the ability of a suspect to flee in a motor vehicle through tactical application of technology, road spikes, blocking, boxing, PIT (Pursuit Intervention Technique), ramming or roadblock procedures.

314.7.1 WHEN USE AUTHORIZED

In deciding whether to use forcible stops, officers/supervisors shall balance the risks of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With these risks in mind, the decision to use any forcible stop should be reasonable in light of the circumstances confronting the officer at the time of the decision.

It is imperative that officers act within the bounds of legality, good judgment and accepted practices

314.7.2 DEFINITIONS

Blocking A slow speed coordinated maneuver where two or more patrol vehicles simultaneously intercept and block the movement of a momentarily stopped suspect vehicle, the driver of which may be unaware of the impending enforcement stop, with the goal of containment and preventing a pursuit.

Pinning A technique using police vehicles to pin in another vehicle in an effort to avoid pursuits for officers. Pinning shall only be conducted on vehicles which are parked and have been stationary for an extended period of time. If a vehicle has been only momentarily stopped, then the technique shall be considered blocking and the blocking policy guidelines shall be followed.

Post Pursuit Intervention Technique (PIT) Technique A coordinated maneuver conducted after a Pursuit Intervention Technique where two or more patrol vehicles simultaneously intercept and block the movement of a momentarily stopped suspect vehicle with the goal of containment and preventing continuance of a pursuit.

Boxing Technique A tactic designed to stop a violator's vehicle by surrounding it with law enforcement vehicles and then in a coordinated effort slowing all vehicles to a stop.

Pursuit Intervention Technique (PIT) A maneuver designed to cause the suspect vehicle into a forced rotational technique to terminate the pursuit.

Ramming The deliberate act of impacting a violator's vehicle with another vehicle to functionally damage or otherwise force the violator's vehicle to stop. This technique may be considered a use of deadly force.

Roadblocks A tactic designed to stop a violator's vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the violator's vehicle last known direction. This technique may be considered a use of deadly force.

Spike Strips or Stop Sticks A device that extends across the roadway designed to slowly deflate the tires of the pursued vehicle. Spike Strips may be deployed to avoid and/or conclude a pursuit (see 314.7.5A).

Spokane Police Department

Spokane Police Department Policy Manual

Vehicle Pursuit Policy

314.7.3 USE OF A FIREARM TO DISABLE A VEHICLE

Weapons will not be fired solely to disable a moving vehicle. The exception will be SWAT who has specific training in disabling a moving vehicle using a variety of tactics, to include firearms.

314.7.4 STOPPED/STATIONARY HIGH-RISK VEHICLE CONTACTS

- A. Police contacts with stopped/stationary high-risk vehicles may present a heightened risk of danger to officers and others.
- B. When time and circumstances permit, prior to approaching the vehicle, officers shall use de-escalation and tactical options, including time, distance, cover and assisting officers, to minimize the amount of force needed, or eliminate the need for force altogether to take the suspect(s) into custody and safely resolve the situation.
- C. If necessary to approach a vehicle on foot following a pursuit or other high risk stop or contact, the officer shall not intentionally place his/her person directly in front of or behind the vehicle until it is safe to do so and there is no longer a danger that the car will be put into motion.
- D. There is an expectation that officers will move out of the path of a moving vehicle if it is safe to do so.

314.7.5 INTERVENTION/FORCIBLE STOP STANDARDS

Any intervention/forcible stop tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public, or anyone in or on the vehicle being pursued. Officers who have received certified departmental training in the application and use of any forcible stop or intervention tactic or equipment shall consider these facts and requirements prior to deciding how, when, where, and if an intervention/forcible stop tactic should be employed.

- A. Spike strips/stop sticks may be deployed with supervisor permission to avoid and/or conclude pursuits that meet the pursuit guidelines outlined in this policy (this includes when other law enforcement agencies involved in a pursuit enter the City). Spike strips/stop sticks should be deployed only when the involved officers are reasonably certain that only the pursued vehicle will be affected by their use. Officers should carefully consider the limitations of such devices as well as the potential risks to officers, the public and occupants of the pursued vehicle.
 - 1. When pursuit guidelines would not normally be met and under exceptional circumstances, the Shift Commander may authorize deployment of spike strips/stop sticks based on a reasonable belief that the suspect will flee or is fleeing and will pose an immediate significant risk to the public. The Shift Commander will complete an additional justifying their authorization of the deployment of spike strips.
- B. Blocking may be used to conclude and/or avoid pursuits for officers/detectives assigned to TACOPS and SWAT. Officers should obtain supervisor approval prior to using a blocking technique. The vehicle used for blocking does not need to be an authorized pursuit vehicle. Because of the potential risks involved, this technique will only be employed by officers who have received training in such tactics after giving consideration to the following:

Spokane Police Department

Spokane Police Department Policy Manual

Vehicle Pursuit Policy

1. All other reasonable intervention techniques reasonably appear ineffective.
 2. Employing the blocking maneuver does not unreasonably increase the risk to officer safety.
 3. The target vehicle is stopped or momentarily stopped.
 4. Civilians when in their vehicles should not be utilized in the deployment of this technique. Do not place a citizen vehicle between the suspect vehicle and the blocking police vehicle.
- C. Pursuit Intervention Technique (PIT). Only those officers trained and certified in the use of the Pursuit Intervention Technique (PIT) will be authorized to use this procedure. PIT is authorized to apprehend fleeing offenders.
1. The officer employing the PIT must balance the necessity of apprehension of the suspect with the risk of utilizing the technique. PIT executed at 40 MPH or less is at the discretion of the officer. PIT executed at more than 40 MPH may be considered only after supervisory approval. The use of a PIT maneuver shall be reported in the incident report and the pursuit review form. Damage to vehicles or property as a result of a PIT maneuver shall be investigated as a collision.
- D. Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer's disposal have been exhausted or thoroughly considered. This tactic should be reserved for situations where there does not appear to be another reasonable and alternative method. This policy is an administrative guide to direct officers in their decision making process before the fact of ramming another vehicle. It is not a standard for civil or criminal litigation to judge the propriety of the act that is a matter for the courts to determine by established law. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized.
1. When ramming is to be employed as a means with which to stop a fleeing vehicle, one or more of the following factors should be present:
 - (a) The suspect poses an imminent threat of serious physical injury or death to the officer or another person.
 - (b) The suspect is driving in willful or wanton disregard for the safety of others and the suspect is driving in a reckless, life endangering manner, and the threat to the community is imminent.
- E. Boxing Technique: Pursuing officers should obtain supervisor approval before attempting to box a suspect vehicle during a pursuit. The use of such a technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions presented at the time as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle. If the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school bus transporting children, then officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.
- F. Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks

Spokane Police Department

Spokane Police Department Policy Manual

Vehicle Pursuit Policy

in the direct path of a pursued vehicle shall not be deployed without prior approval of a supervisor and only then under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, officers or other members of the public. If a roadblock is approved, there must be an escape route left for the pursued vehicle to use.

314.7.6 STARCHASE PURSUIT MANAGEMENT SYSTEM

The StarChase Pursuit Management System (StarChase) allows an officer to remotely affix a GPS tracking device to a pursued or about to be pursued vehicle using an air pressure system to discharge the tracker from the front of the StarChase equipped patrol car to the vehicle in front of it. Once the tracker is affixed, its location can be tracked using a computer with an internet connection. Dispatch will have this tracking ability to monitor the GPS tracking device location once it has been deployed.

- A. For the purpose of clarity of communications, radio traffic should identify the device as "StarChase."
- B. StarChase equipment shall only be operated by officers who have been trained in its use by a qualified EVOC instructor. StarChase equipped vehicles shall not be assigned to officers who are not trained in its use unless required by exigent circumstances.
 - 1. Except as specified within this policy, officers shall use their own judgment regarding affixing a StarChase tag upon a pursued vehicle and do not need prior approval from a supervisor.
 - 2. StarChase equipped vehicles may pass other pursuing vehicles only when deemed safe and only with specific permission from the unit to be passed. The vehicle(s) being passed shall pull safely to the side of the roadway to allow the StarChase equipped vehicle to pass.
 - 3. Once the StarChase tag has been successfully deployed, pursuing vehicles will drop back significantly from the suspect vehicle and will remain out of sight of the suspect vehicle.
 - 4. Dispatch shall provide constant updates on speed, direction of travel and location of the suspect vehicle.
 - 5. The officer deploying the StarChase device shall coordinate with Dispatch and other officers to respond to the appropriate location(s) to contain and apprehend the suspect.
 - 6. Once the suspect vehicle has been located the GPS tracking device will be removed when safe to do so.

StarChase equipment shall only be used for felonies to apprehend a fleeing suspect. Any other use of the device may require a warrant.

Spokane Police Department

Spokane Police Department Policy Manual

Vehicle Pursuit Policy

StarChase shall only be used in police chases that commence when an officer has the equivalent of probable cause to believe a crime has been committed and do not have time to obtain a warrant.

StarChase equipment shall only be used (without a warrant) to apprehend a fleeing suspect or suspect likely to flee in a vehicle under exigency when there is not enough time to write a warrant. The device shall not be used to monitor or track a vehicle outside the scope of immediate apprehension when it is safe to do so barring a warrant authorizing such tracking (the device is not authorized to be utilized to monitor a vehicle location past the time necessary to safely locate the vehicle).

314.7.7 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

Unless relieved by a supervisor, the primary officer should coordinate efforts to apprehend the suspect(s) following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans to contain and capture the suspect.

314.7.8 REPORTING REQUIREMENTS

The following reports should be completed:

- A. Officers shall complete appropriate crime/arrest reports. The primary officer shall complete a report, which shall minimally contain the following information:
 - 1. Whether any person involved in the pursuit or subsequent arrest was injured, specifying the nature of that injury and differentiating between the suspect driver, a suspect passenger and the officers involved.
 - 2. The violation(s) that caused the pursuit to be initiated.
 - 3. The identity of the officers involved in the pursuit.
 - 4. The means or methods used to stop the suspect being pursued.
 - 5. The conditions of the pursuit, including, but not limited to, all of the following
 - (a) Duration
 - (b) Pursuit route
 - (c) Time of day
 - (d) Weather conditions
 - (e) Maximum speeds
 - (f) Whether the pursuit resulted in a collision and a resulting injury or fatality to an uninvolved third party, and the corresponding number of persons involved. The Officer-Involved Fatal Incident Protocol shall be invoked with collisions involving serious injury or fatality.

Spokane Police Department

Spokane Police Department Policy Manual

Vehicle Pursuit Policy

- (g) Whether the pursuit involved multiple agencies.
 - (h) How the pursuit was terminated.
- B. Supervisors shall promptly complete a Pursuit Review Report summarizing the key details of the pursuit. This review will include:
 - 1. Date and time of pursuit
 - 2. Initiating event
 - 3. Terminating event
 - 4. Forcible stop technique
 - 5. Arrest data
 - 6. Type of Police unit initiating pursuit
 - 7. Weather conditions
 - 8. Day of week
 - 9. Road type
 - 10. Locale
 - 11. Length of pursuit
 - 12. Number of police units involved
 - 13. Suspect vehicle type
 - 14. Police vehicle speed
 - 15. Suspect vehicle speed
 - 16. Collision information
 - 17. Supervisory and chain of command review
 - 18. Collisions involving serious injury or fatality, the Officer Involved Fatal Incident Protocol shall be invoked.

314.8 ADMINISTRATIVE REVIEW OF PURSUITS

A review and analysis of all pursuits will be conducted each year and presented to the Chief of Police. This analysis will include trends, policies, personnel issues, and training issues identified in the review process.

314.9 COLLISION/PURSUIT REVIEW BOARD

This policy establishes a process for the Spokane Police Department to provide an administrative review of incidents including vehicle operation that includes pursuits or collisions by its employees. The department shall utilize a board to conduct reviews, the Collision/Pursuit Review Board (CPRB). The CPRB is designated to review Officer involved collisions and Officer involved vehicle pursuits.

Spokane Police Department

Spokane Police Department Policy Manual

Vehicle Pursuit Policy

314.9.1 COLLISION/PURSUIT REVIEW BOARD PURPOSE AND SCOPE

Officer involved collisions and vehicle pursuit incidents are investigated and reviewed by the involved Officer's chain of command. The Chief or his or her designee makes the final determination if the officer's actions were within policy. After the final determination the incident is evaluated and debriefed by the CPRB to evaluate training, equipment needs, and policy and standard operating procedures (SOPs) in place or practiced department-wide. The CPRB will not be utilized to recommend discipline or conduct investigations in unresolved incidents.

The CPRB will also work with the Office of Professional Accountability on the development of an annual Emergency Vehicle Operations Analysis report.

314.9.2 CPRB PROCESS

After an Officer involved collision or vehicle pursuit incident receives a final determination by the Chain of Command, the Office of Professional Accountability will forward the report to the Chief's office. After review by the Chief's office, the incident will be forwarded to members of the CPRB for review. The CPRB will convene once per month.

The Training Director will serve as the CPRB Chairperson. The Chairperson will determine the members of the CPRB. Members may include, but not be limited to the following:

- A. Training Unit members
- B. EVOC instructors
- C. Collision Investigators
- D. Office of Professional Accountability
- E. Department subject matter experts in the applicable fields of applied force, patrol procedures, and other related needs.

314.9.3 CPRB REVIEW

While reviewing Officer involved collision and pursuit incidents, the CPRB will consider the totality of the circumstances which may include the following:

- A. Officers involved and their current assignments during the incidents
- B. The training, experience and ability of the involved officers
- C. Incident threat factors
- D. Any attempt by the subject to evade detention by flight
- E. Severity of the crime or community caretaking situation

314.9.4 CPRB OUTCOMES

The recommendations of the CPRB, if any, will be compiled and reported through the chain of command by the CPRB Chairperson, the Training Director. The Training Director will coordinate any approved training recommendations for individual officers recommended by the CPRB for implementation. The Training Director will be responsible for coordinating departmental recommendations, such as those involving in-service training. The Office of Professional Accountability will document any recommendations and action taken involving individual officers.

The recommendations resulting from the CPRB will be submitted in a monthly report to the Chief of Police following each meeting. The Training Director will provide a copy of the report to the Office of Professional Accountability for further distribution.

314.10 VEHICLE FOLLOWS

Officers will include the circumstances of a VEHICLE FOLLOW in the incident report in which it occurred. If the incident does not generate an incident report for some reason, officers will include detailed remarks in CAD. A pursuit review is not required for instances of VEHICLE FOLLOWS.

314.11 EVOC TRAINING

In addition to initial and supplementary WSCJTC training on pursuits, all sworn members of this department will participate in periodic department and/or WSCJTC emergency vehicle operations training, thus addressing this policy and the importance of vehicle safety and protecting the public at all times.

Officer Response to Calls

316.1 PURPOSE AND SCOPE

This policy provides officers with guidelines for the safe and appropriate vehicular response to emergency and non-emergency incidents or requests for assistance, whether these are dispatched or self-initiated.

316.2 RESPONSE TO CALLS

Calls for service are prioritized by the Combined Communications Center (see policy § 802). Officers dispatched to Priority 1 or Priority 2 calls shall consider the call an emergency response and proceed immediately. Officers responding to these emergency calls may determine that it is appropriate to utilize emergency equipment in order to facilitate a safe, efficient response. When operating "Code 3" (with emergency equipment engaged), officers shall continuously operate emergency lighting equipment, including at minimum a steady forward facing emergency lights, and shall sound the siren as reasonably necessary (RCW 46.61.035).

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without emergency lights and siren does not provide any exemption from the law (RCW 46.61.035; WAC 204-21-130).

Any Priority 3, 4 or 5 call is a routine call. Officers are not authorized to respond Code-3 for routine calls. Officers responding to routine calls shall observe all traffic laws and proceed without the use of emergency lights and siren.

316.3 REQUESTING EMERGENCY ASSISTANCE

Under normal circumstances, officers will request non-emergency assistance in plain speech. Officers should specify the number of backup officers needed.

Code 4: Where a situation has stabilized and emergency response is no longer required, the requesting officer shall immediately notify the Combined Communications Center that no further backup is required.

Code 6: When an officer needs immediate assistance due to a quickly developing, potentially dangerous situation.

Code 13: When an officer requires a back-up, but not emergency, assistance. Officers responding to a Code 13 will respond immediately and by the most direct route, but without utilizing emergency equipment and in compliance with all traffic laws.

Code 98: When an officer is unable to make a voice transmission, she/he may utilize the panic button on either the patrol vehicle MDC or portable radio.

Code 99: When an officer is involved in a situation that is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen.

Spokane Police Department

Spokane Police Department Policy Manual

Officer Response to Calls

Officers responding to a Code 6, Code 99 or Code 98 should respond Code 3 (emergency lights and siren).

If circumstances permit, the requesting officer should give the following information when issuing a Code 6 or 99:

- The unit number.
- The location.
- The reason for the request and type of emergency.

316.4 INITIATING CODE 3 RESPONSE

If an officer believes a Code-3 response to any call is appropriate, the officer shall engage emergency equipment and proceed to the call. Officers who respond should reasonably assess factors such as:

- (a) Distance from the call.
- (b) Relative exigency of the call.
- (c) Weather and geographical conditions.
- (d) Traffic.
- (e) Officer's driving experience and ability.

316.5 RESPONSIBILITIES OF RESPONDING OFFICER(S)

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of emergency lights and siren at the legal speed limit. An officer shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving a Priority 1 or Priority 2 call, an officer shall immediately give the location from which he/she is responding.

316.6 COMMUNICATIONS RESPONSIBILITIES

A dispatcher shall dispatch Priority 1 and 2 calls via voice transmission. The dispatcher shall utilize the alert tone when appropriate under Communications Policy. The dispatcher shall:

- (a) Attempt to assign the closest available unit to the location requiring assistance.
- (b) Notify and coordinate allied emergency services (e.g., fire and ambulance).

Spokane Police Department

Spokane Police Department Policy Manual

Officer Response to Calls

- (c) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated.
- (d) Control all radio communications during the emergency and coordinate assistance under the direction of the Shift Commander, field supervisor and communications supervisor.

316.7 SUPERVISORY RESPONSIBILITIES

Regarding Code-3 responses by units under his/her command, the Shift Commander or the field supervisor should monitor the following:

- (a) The proper response has been initiated.
- (b) No more than those units reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practical or necessary, such as in the instance of a vehicle pursuit.

The field supervisor should monitor the response to Priority 1 and 2 calls, as practical, until the situation has been stabilized or terminated. If necessary, the field supervisor may assert control by directing units into or out of the response. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision as to the appropriateness of a Code-3 response, the Shift Commander or the field supervisor should consider the following:

- The type of call.
- The necessity of a timely response.
- Traffic and roadway conditions.
- The location of the responding units.

316.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In such cases, the officer shall notify the Shift Commander, field supervisor, or Combined Communications Center of the equipment failure so that another unit may be assigned to the emergency response if necessary.

Canine Program

318.1 PURPOSE AND SCOPE

The Canine Program was established to augment police services to the community. Highly skilled and trained teams of handlers and canines are used to supplement police operations to locate individuals and contraband, and to apprehend criminal offenders.

318.2 GUIDELINES FOR THE USE OF PATROL CANINES

The canine handler may deploy the patrol canine to locate and apprehend a suspect when:

- A. The individual has committed or threatened to commit any criminal offense; and
- B. The individual poses an imminent threat of violence or serious harm to the public, any officer, or the handler; or
- C. The individual is physically resisting arrest and the use of a canine is necessary to overcome such resistance; or
- D. The individual(s) is/are believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

As with all decisions to use force, the decision to use a patrol canine must be objectively reasonable in view of the totality of the circumstances. Mere flight from pursuing officer(s) shall not serve as good cause for the use of a canine to apprehend an individual.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved personnel to minimize the risk of unintended injury. It is the canine handler's responsibility to evaluate each situation and determine whether the use of a patrol canine is appropriate and reasonable. The canine handler shall have the ultimate authority to decline the use of the canine whenever he/she deems the deployment unsuitable.

318.3 WARNINGS GIVEN TO ANNOUNCE THE USE OF A CANINE

Unless it would otherwise increase the risk of injury or escape, a clearly audible warning shall be made prior to releasing a canine. The warning shall announce that a canine will be released if the person does not comply with law enforcement commands. The canine handler, when practical, shall first advise the supervisor and involved personnel of the decision not to give a verbal warning prior to releasing the patrol canine. In the event of an apprehension, the handler shall document in any related report whether or not a verbal warning was given and, if none was given, the reasons why.

318.4 GUIDELINES FOR NON-APPREHENSION USE

Because police canines have senses far superior to those of humans, they may often be effectively utilized to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). In such circumstances, it will be necessary for the handler

Canine Program

to evaluate the conditions and the ability of the canine to determine the feasibility of such an application.

Patrol canines will only be used in community care-taking situations when it has been established that the risk of death or serious injury outweighs the risk of any injury that may be inflicted by the canine. Handlers will make a supervisor fully aware of the situation and receive explicit permission from the supervisor prior to deploying the canine in all such situations, unless immediate action by the handler is required. During these searches, the handler will take precautions to avoid unintentional canine contact.

318.5 REPORTING CANINE USE, BITES AND RESULTING INJURIES

Whenever the canine is deployed, documentation shall be completed by the handler and turned in to the canine supervisor.

If a bite or injury results from the use of the patrol canine, that information shall be documented utilizing use of force reporting procedures. The completed documentation will be forwarded through the appropriate chain of command for review. The report should include, at a minimum, the following:

- A. In all cases of a canine bite, the affected area shall be photographed whether visible or not. Whether an obvious injury has occurred or not, the subject shall be transported to an appropriate medical facility for treatment/evaluation.
- B. Whenever a bite results, the canine supervisor shall notify the County Health Office as soon as practical after the incident.
- C. If a subject alleges an injury that is not visible, notification shall be made to a supervisor and the location of the alleged injury shall be photographed and evaluated by medical personnel.
- D. If an unintentional bite has taken place, a supervisor will contact the person(s) that were injured and take a statement as soon as possible. The duty staff officer will also be notified and the on-call risk manager will be notified.
- E. If injuries are sustained by a City employee or volunteer, a supervisor will be notified and the supervisor will assure that all appropriate reports, to include a L & I Injury Report, are completed.

318.5.1 REPORTING INJURED CANINES

In the event that a canine is injured, the injury will be immediately reported to the canine sergeant or to the on-duty shift commander in his/her absence.

Depending on the severity of the injury, the canine shall either be treated by the designated veterinarian or transported to an emergency veterinary facility for treatment. If the handler and dog are out of the area, the handler may use the nearest available veterinarian.

The injury will be documented by the canine sergeant.

318.6 USE OF NARCOTIC-DETECTION CANINES

A narcotic-detection-trained canine may be used in accordance with current law under the following circumstances:

- A. To assist in the search for narcotics during a search warrant service.
- B. To obtain a search warrant by using the detection canine in support of probable cause.
- C. To search vehicles, buildings, bags, and any other articles or areas deemed necessary pursuant to lawful authority.
- D. A narcotic-detection canine will not be used to search a person for narcotics.

318.7 USE OF BOMB/EXPLOSIVE DETECTION CANINE

Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a trained explosive detection dog team may be warranted.

When available, a trained explosive detection dog team may be used in accordance with current law and under the following circumstances:

- A. To assist in the search of a building, structure, area, vehicle or article where an actual or suspected explosive device has been reported or located.

- D. To assist in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.
- E. To assist with evidentiary searches at crime scenes where firearms, shell casings, or ammunition are likely to be located.

At no time will a detection dog be used to render a suspected device safe or clear.

The handler shall be available for call-out under conditions specified by the canine supervisor.

318.7.2 BOMB/EXPLOSIVE TRAINING AIDS & PROCEDURES

It is recognized that explosive substance training aids are required to effectively train and maintain explosives detecting dogs.

Due to the responsibilities and liabilities involved with possessing explosive material, the following procedure shall be strictly followed:

- A. All necessary explosives training samples shall be acquired from the Spokane Police Department's Explosive Disposal Unit.
- B. The canine handler will maintain a current inventory of the explosive training aids issued to them.

Spokane Police Department

Spokane Police Department Policy Manual

Canine Program

318.8 ASSIGNMENT OF CANINES

Canine teams shall be assigned to the Operations Bureau to supplement and assist the Operations Bureau.

Canine teams should function primarily as cover units, however they may be assigned by the Shift Commander to other functions based on shift needs at the time.

Generally, canine teams should not be assigned to handle matters that will take them out of service for extended periods of time unless absolutely necessary, and only with the approval of the Shift Commander.

318.9 REQUEST FOR USE OF CANINE TEAMS

Personnel within the department are encouraged to freely solicit the use of canine teams. Requests for a canine team from outside of the Operations Bureau should go through the canine supervisor or the Shift Commander.

- A. Notification to the on duty shift commander.

- C. Canine teams shall not be used for any assignment that is not consistent with this policy.
- D. The handler has the ultimate authority to decide whether the canine should be used for any specific assignment.
- E. Canine teams requested outside the boundaries of the Spokane City but within the boundaries of Spokane County require approval of the K9 Sergeant, the K9 Lieutenant or the shift commander. Canine teams requested beyond the boundaries of Spokane County require approval of the K9 Lieutenant, in the absence of the K9 Lieutenant the DSO must approve.

318.9.2 REQUEST FOR PUBLIC DEMONSTRATIONS & RIDE-ALONGS

All public requests for a canine team shall be approved by the canine supervisor prior to making any commitment.

Spokane Police Department

- B. Controlled substances are no longer needed as criminal evidence;
- C. Officer receiving the controlled substances, if required by the Drug Enforcement Administration, must possess a current and valid Drug Enforcement Administration registration that specifically authorizes the recipient to possess controlled substances while providing substance abuse training to law enforcement or the community or while providing canine drug detection training.

Controlled substances shall be destroyed and replenished periodically to ensure accurate odor for detection.

CITIZEN OBSERVATION of OFFICER ACTIVITIES

319.1 PURPOSE AND SCOPE

It is the policy of the Spokane Police Department that persons not directly involved in an incident may be allowed to remain in proximity of any stop, detention, or arrest, or any other incident occurring in a public place. Allowing persons to remain in proximity to these policing actions is contingent that their presence is lawful and their activities, including their verbal comments, do not obstruct, hinder, delay or threaten the safety of anyone present, including the officers.

No person present should be allowed to compromise the outcome of legitimate police actions and/or rescue efforts.

319.2 WITNESSING STOPS, DETENTIONS, ARRESTS AND OTHER POLICE ACTIONS

- (a) With the prevalence of digital cameras, cell phone cameras and other recording media, it is common (and should be expected) that police incidents may be photographed and/or video recorded both by citizens and the news media.
- (b) Officer safety, the protection of the suspect or person(s) being detained, including his/her right to privacy, as well as the safety of onlookers are all important factors to consider. With these factors in mind, officers shall recognize and obey the right of persons to observe, photograph, and/or make verbal comments in the presence of police officers performing their duty.
- (c) Citizens, regardless of their intent to video and/or audio record a police activity, shall not enter any established, well marked and protected crime scene. This applies as well to any restricted area that would normally be unavailable to the general public. At any secure scene, officers or detectives will determine who enters or leaves the secured area.
- (d) In public areas, there is not a distinction between citizens employed by a news media organization and those who are not. Under most circumstances, the existence of "press credentials" extends no special privileges to any citizen, nor does the absence of such credentials limit a citizen's free access to record law enforcement activities while in public.

319.3 BYSTANDER FILMING OF OFFICER-SUSPECT CONTACTS

- (a) It is increasingly common for those near any police action and who are not directly involved in any criminal activity, to record contacts between officers and citizens. Bystanders have the right to record police officer enforcement activities. Exceptions to this right are when any person doing so:
 - 1. Jeopardizes the safety of the officers or suspect
 - 2. obstructs the officers and/or violates the law

Spokane Police Department

Spokane Police Department Policy Manual

CITIZEN OBSERVATION of OFFICER ACTIVITIES

3. threatens others by words or actions
4. attempts to incite others to violate the law

319.4 OBTAINING EVIDENCE OF RECORDED MEDIA

- (a) Interviews or contacts with citizens to obtain their identification, as well as accurate and complete evidence are encouraged. Officers shall not demand identification, detain citizens, or seize their recorded media when that media contains video, still images or sounds associated with any police action or crime being investigated.
- (b) When recorded media of any kind is being sought from an uninvolved citizen, the first course of action in securing this evidence should be a request for voluntary surrender of the recorded media. Officers making this request and the citizen's response will be documented in the officer's report. If the citizen voluntarily surrenders the media, they will be given the Incident number and the requesting officer's name.
- (c) When officers do not have sufficient authority to seize any recorded media, but believe it may be of value in an investigation, officers should attempt to obtain their identification and advise the citizen that the recorded media may be evidence of a crime, that a court order will be sought for the media, and that it should not be tampered with, altered or destroyed. This information will be documented in the officer's report.

Domestic Violence

320.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that domestic violence crimes are thoroughly investigated, that abusers are held accountable and that victims are afforded the full range of protections under Washington law. RCW 10.99.020

F. Victim – means a family or household member or an intimate partner who has been subjected to domestic violence. RCW 10.99.020.

320.1.2 POLICY

It is the policy of the Spokane Police Department that domestic violence not be tolerated under any circumstance. Officers are required to thoroughly investigate all reports of domestic violence, and in all instances officers must enforce the law where probable cause exists that a crime has been committed. Any willful failure to enforce domestic violence laws is a violation of this policy.

Additionally, it is the policy of the Spokane Police Department that officers follow the mandatory procedures set forth in RCW 10.99.030 when responding to domestic violence calls, including temporarily seizing firearms and other dangerous weapons to which the suspect has access. Officers must ensure that victims are made safe and directed to resources, including how to obtain a protection order and access community services to prevent further abuse.

320.1.3 OFFICER SAFETY

Officer safety is of utmost importance in the enforcement of this policy. The investigation of domestic violence often involves emotionally charged individuals. This can place officers in highly dangerous environments. No provision of this policy supersedes the responsibility of all officers to put safety first and to ensure the safety of other officers and the involved parties.

320.2 REMOVING FIREARMS FROM A DOMESTIC VIOLENCE SITUATION

The initial hours and days after an incident of domestic violence are critical to a victim's safety, so Washington law mandates procedures to temporarily remove an abuser's access to firearms. These procedures are invoked when a police officer has probable cause that a crime has been committed (RCW 10.99.030(3)), and when a judge makes a finding that the person represents a credible threat to the physical safety of an intimate partner or child and issues a protection order with an accompanying order to surrender weapons (OTSW) (RCW 9.41.800). These provisions ensure that an abuser cannot access firearms during that crucial period when lethality risk factors are heightened.

320.2.1 MANDATORY PROCEDURES RELATED TO THE SEIZURE OF FIREARMS

The following procedures are required of all law enforcement officers who respond to a domestic violence call and have probable cause to believe a crime has been committed:

Spokane Police Department

Spokane Police Department Policy Manual

Domestic Violence

They SHALL:

- (a) Seize all firearms and ammunition the peace officer has reasonable grounds to believe were used or threatened to be used in the commission of the offense;
- (b) Seize all firearms in plain sight or discovered pursuant to a lawful search; and
- (c) Request consent to take temporary custody of any other firearms and ammunition to which the alleged abuser has access until a judicial officer has heard the matter.
- (d) The peace officer SHALL separate the parties and inquire of the victim:
 - 1. The inquiry should make clear to the victim that the peace officer is not asking only about whether a firearm was used at the time of the incident but also under other circumstances, such as whether this alleged abuser has kept a firearm in plain sight in a manner that is coercive, has threatened use of firearms in the past, or has additional firearms in a vehicle or other location. Law enforcement personnel may use a pictorial display of common firearms to assist the victim in identifying firearms.
 - 2. Whether the alleged abuser has an active concealed pistol license, so there is a complete record for future court proceedings.
 - 3. If the alleged abuser has access to any other firearms located off-site; and
 - 4. If there are any firearms or ammunition in the home that are owned or possessed by either party.

Officers are also required to document all information about firearms and concealed pistol licenses in the incident report. The incident report must be coded to indicate the presence of or access to firearms so that personal recognizance screeners, prosecutors, and judicial officers address the heightened risk to victim, family, and peace officer safety due to the alleged abuser's access to firearms. RCW 10.99.030 (3)(b)

320.3 INVESTIGATING CRIMES OF DOMESTIC VIOLENCE

320.3.1 UNDERSTANDING SIGNS AND SYMPTOMS OF DOMESTIC VIOLENCE

Conducting an effective investigation requires a foundational understanding about the signs and symptoms of domestic violence. Officers preparing to investigate domestic violence must understand that a victim's behavior and actions are often the result of trauma. Consequently, some victims may appear uncooperative or try to minimize the incident. Others, although victimized, may appear to exaggerate the abuse. Additionally, a victim's statements may not always follow a linear/logical timeline. Once officers become familiar with the signs and symptoms of domestic violence, such observations are put into context.

In some instances, officers may observe behavior that reflects the "tip of the iceberg" – a possible indication of longer-term abuse. Behavior that seems misaligned with the incident could be signs of "coercive control" or may indicate a pattern of relationship abuse that goes well beyond the incident at hand. (See definition of Coercive Control, Policy 320.1.1).

Spokane Police Department

Spokane Police Department Policy Manual

Domestic Violence

320.3.2 PRIORITIZATION OF DOMESTIC VIOLENCE CALLS

Domestic violence should always be considered high priority. Calls of reported, threatened, imminent, or ongoing domestic violence and the violation of any court order are of extreme importance and should be dispatched as soon as possible. This is true for all calls of domestic violence, including incomplete 9-1-1 calls.

320.3.3 PROCEDURES FOR INVESTIGATING DOMESTIC VIOLENCE

The following guidelines should be followed by officers when investigating domestic violence cases:

A. DOCUMENTATION OF THE INCIDENT

- (a) **Activation of Body Worn Camera** – Officers should always have their body cameras activated when responding to and investigating reports of domestic violence.
- (b) **Written Offense Reports** – Notwithstanding any interactions recorded on body camera, officers responding to a domestic violence call shall prepare a complete written offense report that thoroughly documents the incident, including the disposition of the case. RCW 10.99.030(6)(b). All offense reports should be documented under the appropriate crime classification and should use the distinction "Domestic Violence" in the Type of Crime box of the crime report form (RCW 10.99.030(11)).

The offense report should include the following:

- (a) **Statements from Involved Individuals** –
 - Statements from the victim and any witnesses, including children, in or around the household or location of occurrence.
 - Statement from the suspect after advisement and waiver of constitutional rights.
 - If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.
- (b) **Information about Children** – Officers should document the presence of children by including the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (c) **Demeanor and Spontaneous Statements of Suspect** – Officers should also note the demeanor of the suspect and include any observations that describe the suspect's demeanor. Officers should also document any unsolicited statements by the suspect and indicate the fact that they were not made pursuant to officer questioning.
- (d) **Victim Demeanor and Excited Utterances** – Officers should document with as much specificity as possible the emotional demeanor of the victim and include the observations that describe that demeanor. Officers should also document any excited utterances or other statements made by the victim while in an emotional or excited condition.

Spokane Police Department

Spokane Police Department Policy Manual

Domestic Violence

- (e) **Injuries** – Notwithstanding body camera footage and photographs, all injuries should be carefully documented in the written offense report, regardless of severity, whether visible or not. (See in this policy 320.3.3(b)).
- (f) **Proof of Service of a NCO or Protection Order** – When completing an incident or arrest report for a violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the officer should attach a copy of the order to the incident or arrest report.
- (g) **Firearms and CPL's** – Officers are required to document all information about firearms and concealed pistol licenses in the offense report. The offense report must be coded to indicate the presence of, or access to, firearms so that personal recognizance screeners, prosecutors, and judicial officers address the heightened risk to victim, family, and peace officer safety due to the alleged abuser's access to firearms. RCW 10.99.030 (3)(b)

B. COLLECTION OF EVIDENCE

- 1. **Medical Release** – Victims with injuries may require medical attention at present or in the future, so officers should request that the victim complete and sign an authorization for release of medical records related to the incident.
- 2. **Recording of 911 Call** – In cases of serious assaults, officers should attempt to preserve the 9-1-1 tape of the call for assistance, particularly when the victim is the calling party.
- 3. **Photographs of Injuries** – All injuries should be photographed, regardless of severity, whether visible or not, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex, but in the case of injuries located in intimate areas, photographs must always be taken by a same sex officer or corporal or be referred to the Spokane County Sheriff's Office Forensic Unit.
- 4. **Physical evidence** – Officers should impound all appropriate physical evidence that substantiates the victim's injuries and/or the crimes charged (e.g., weapons, torn clothing, and broken items). (See also , Policy 320.3.1 of this policy).

C. DETERMINING THE APPROPRIATE CHARGE

A critical step in the investigation of domestic violence is determining whether a suspect has qualifying prior DV Intimate Partner convictions. This will determine how the suspect will be charged and the accountability that will be achieved. Officers must always run a Triple I on the suspect to determine whether the crime qualifies as Felony Assault 4-DV under RCW 9A.36.041. If the suspect has two or more convictions for qualifying offenses where the victim was an "Intimate Partner" (both crimes must have been committed after July 23, 2017), then the matter should be referred for felony charges. The cases do not have to involve the same victim.

Qualifying offenses are:

- Assault 1°, 2°, 3° or 4°

Domestic Violence

- Assault of a Child 1°, 2° or 3°
- Burglary 1° or 2°
- Child Molestation 1°, 2° or 3°
- Coercion
- Criminal Trespass 1° or 2°
- Cyberstalking
- Extortion 1° or 2°
- Harassment
- "Hate Crimes" (RCW 9A.36.080)
- Indecent Liberties
- Kidnapping 1° or 2°
- Rape of a Child 1°, 2° or 3°
- Reckless Endangerment
- Residential Burglary
- Malicious Mischief 1°, 2° or 3°
- Rape 1°, 2° or 3°
- Stalking
- Telephone Harassment
- Unlawful Discharge of a Laser 1° or 2°
- Unlawful Imprisonment
- Violation of a Court Order

320.4 REQUIREMENT TO ARREST AND CHARGE - MANDATORY ARREST

Officers must always take enforcement action when there is probable cause to believe that a crime has occurred (see definition of Domestic Violence, Policy 320.1.1), and in such instances officers are required to arrest and book the person. (See RCW 10.31.100).

Officers must not be dissuaded from enforcing the law. Under no circumstances may they consider any of the following factors in the decision to arrest:

- (a) Whether the suspect lives on the premises with the victim.
- (b) Claims by the suspect that the victim provoked or perpetuated the violence.
- (c) The potential financial or child custody consequences of arrest.
- (d) The physical or emotional state of either party.
- (e) Use of drugs or alcohol by either party.

Spokane Police Department

Spokane Police Department Policy Manual

Domestic Violence

- (f) Denial that the abuse occurred where evidence indicates otherwise.
- (g) A request by the victim not to arrest the suspect.
- (h) Location of the incident (public/private).
- (i) Speculation that the complainant may not follow through with the prosecution.
- (j) Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
- (k) The social status, community status, or professional position of the victim or suspect.

320.4.1 DUAL ARRESTS

When an officer has probable cause to believe that family or household members or intimate partners have assaulted each other, it should not be assumed that it is appropriate to arrest both persons. Because domestic violence often involves complex dynamics including coercive control, officers are discouraged from arresting both parties. The law does not require that they do so. (See RCW 10.31.100(2)(d). Instead, the officer shall arrest the person whom the officer believes to be the primary physical aggressor. In making this determination, the officer shall make every reasonable effort to consider:

1. The intent to protect victims of domestic violence under RCW 10.99.010;
2. The comparative extent of injuries inflicted or serious threats creating fear of physical injury; and
3. The history of domestic violence of each person involved, including whether the conduct was part of an ongoing pattern of abuse.

320.4.2 RELEASE

Once a suspect has been arrested under the provisions of RCW 10.31.100(2) the suspect shall be taken to jail. Officers have no authority to subsequently release the arrested person and any post incarceration release decision will be the responsibility of corrections personnel.

320.5 DOMESTIC VIOLENCE VICTIMS

320.5.1 MEDICAL AND OTHER IMMEDIATE ASSISTANCE

- A. Officers should seek medical assistance as soon as practicable for the victim if he/she has sustained injury, complains of pain, or mentions strangulation.
- B. Officers should stand by for a reasonable amount of time whenever an involved person requests law enforcement assistance while removing essential items of personal property.
- C. Officers should ask the victim whether he/she has a safe place to stay, and assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if otherwise warranted.
- D. Make reasonable efforts to ensure that children, dependent adults and pets under the supervision of the suspect or victim are being properly cared for.

Spokane Police Department

Spokane Police Department Policy Manual

Domestic Violence

320.5.2 PROVIDING RESOURCES TO A VICTIM OF DOMESTIC VIOLENCE

Officers are required to advise victims of all reasonable means to prevent further abuse, including advising each person of the availability of a shelter or other services in the community, and giving each person immediate notice of the legal rights and remedies available. RCW 10.99.030(7)(a). Officers shall:

- (a) Provide the victim with the Department's domestic violence information handout, whether or not the officer finds probable cause that a crime was committed.
- (b) Refer the victim to the Spokane Regional Domestic Violence Team for victim advocacy and other services.
- (c) Alert the victim to shelters and other available community resources.
- (d) Provide the victim with information about obtaining an emergency protection order, if appropriate.

320.5.3 DOMESTIC VIOLENCE LETHALITY ASSESSMENT PROGRAM (LAP)

Officers are required to conduct a lethality assessment when responding to a domestic violence call where the involved persons are intimate partners. This is a prevention strategy to reduce domestic violence homicides and serious injuries. The lethality assessment provides an effective method for law enforcement to identify victims of domestic violence who are at the highest potential for being seriously injured or killed by their intimate partners and immediately connect them to a domestic violence advocate.

A. When to Initiate the Lethality Assessment

An officer shall initiate a Lethality Assessment using the LAP card upon responding to a domestic situation where the involved persons are Intimate Partners (current or former dating relationship, spouse, or ex-spouse, have children in common) and:

1. There is an arrest made for a DV crime; or
2. An assault is reported; or
3. The officer believes an assault has occurred; or
4. The persons involved are repeat DV offenders; or
5. The officer believes the victim faces danger once the officer clears; or
6. The officer believes based on training and experience that an assessment should be conducted.

B. Completing The Lethality Assessment

The officer shall ask all eleven questions from the LAP tool. If the victim answers "Yes" to any one of questions #1 through #3 the protocol referral is triggered, also referred to as "screened in". If the victim answers "Yes" to at least four questions #4 through #11, the protocol referral is triggered.

1. Tell the victim that people in similar situations have been killed and that you want them to speak to an advocate.

Spokane Police Department

Spokane Police Department Policy Manual

Domestic Violence

2. Phone the advocate. This step is mandatory if the LAP protocol is triggered, even if the victim does not want to speak to an advocate. Give the advocate the following information:
 - Victim's name and DOB
 - Incident Number
 - Safe contact number for the victim
 - Which questions were answered "Yes"
3. Have the victim speak to the advocate. At the end of the conversation speak to the advocate to end the call.
4. If the victim refuses to speak to an advocate, phone the advocate and report the information above.

C. Reporting The Lethality Assessment

1. Place completed LAP card in designated place in Sergeant's office.
2. The Incident report and charging document should also document that the LAP assessment was conducted and the specific questions that were answered "yes". The report should also document that the officer contacted a DV advocate when necessary.
3. An option in the dropdown box under Modus Operandi is "DV-Children Present", officers are to ensure this box is checked when applicable.
4. On charge request documents, list that the officer can testify to the fact a Lethality Assessment was conducted, which questions the victim answered "yes" to and the victim protocol was triggered.

320.6 DOMESTIC VIOLENCE PROTECTION ORDERS AND ORDERS TO SURRENDER

320.6.1 ENTERING A PROTECTION ORDER INTO WACIC - POLICE RECORDS

All domestic violence protection orders and Orders to Surrender Weapons (OTSW) issued by the court must be entered immediately into WACIC.

320.6.2 SERVING A PROTECTION ORDER

Service of a protection order must take precedence over the service of other documents by law enforcement unless they are of a similar emergency nature. RCW 7.105.155.

A. Personal Service - Personal service by law enforcement is required for:

1. Extreme Risk Protection Orders (ERPOs);
2. Protection orders with orders to surrender and prohibit weapons (OTSWs);
3. Cases that involve transferring custody of a child from the respondent to the petitioner;
4. Cases involving vacating the respondent from a shared residence; and
5. Respondents who are incarcerated.

Domestic Violence

Personal Service of a Criminal No Contact Order – Personal service of a criminal no contact order is generally not required of law enforcement officers, as these are normally issued while the defendant is in custody after mandatory arrest. However, in those instances when a suspect is not apprehended at the scene and instead charged by prosecutor complaint and later arrested on a warrant, personal service by law enforcement may be required to show that the defendant had notice of the issuance of a no contact order. This situation would arise when the court issues a no contact order at the request of the prosecutor upon the filing of a Prosecutor Complaint.

B. Timing of Service

1. Where personal service is required, the first attempt at service must occur within 24 hours of receiving the order from the court whenever practicable, but not more than five days after receiving the order. If the first attempt is not successful, no fewer than two additional attempts should be made to serve the order, particularly for respondents who present heightened risk of lethality or other risk of physical harm to the petitioner or petitioner's family or household members. All attempts at service must be documented on a proof of service form and submitted to the court in a timely manner. RCW 7.105.155(3).
2. If service cannot be completed within 10 calendar days, the law enforcement officer shall notify the petitioner. The petitioner shall provide information sufficient to permit notification. Law enforcement shall continue to attempt to complete service unless otherwise directed by the court. In the event that the petitioner does not provide a service address for the respondent or there is evidence that the respondent is evading service, the law enforcement officer shall use law enforcement databases to assist in locating the respondent. RCW 7.105.155(4).

C. *Electronic Service* - Service by electronic means must be prioritized for all order types at the time of issuance of temporary protection orders, except where personal service is required. Service by electronic means must be effected by law enforcement unless the petitioner elects service by a third party. Electronic service may be through electronic mail (e-mail), text message, social media applications, or other technologies.

D. *Separating Parties and Vacating Respondent from Residence* - If the respondent is in a protected person's presence at the time of contact for service, the law enforcement officer should take reasonable steps to separate the parties when possible prior to completing the service or inquiring about or collecting firearms. When the order requires the respondent to vacate the parties' shared residence, law enforcement shall take reasonable steps to ensure that the respondent has left the premises and is on notice that his or her return is a violation of the terms of the order. The law enforcement officer shall provide the respondent with copies of all forms with the exception of the confidential information form completed by the protected party and the proof of service form. RCW 7.105.155(5).

E. *Reviewing the Law Enforcement Information Sheet (LEIS)* – It is critical that officers review the confidential information form (also known as a law enforcement information sheet (LEIS)) completed by the court. Any law enforcement officer who serves a protection order on a respondent with the knowledge that the respondent requires special assistance due to

Spokane Police Department

Spokane Police Department Policy Manual

Domestic Violence

a disability, brain injury, or impairment (including an English language disability requiring an interpreter) shall make a reasonable effort to accommodate the needs of the respondent to the extent practicable without compromise to the safety of the petitioner. RCW 7.105.155(6). Failing to carry out this important step could endanger the victim. See Washburn v. City of Fed. Way, 178 Wash. 2d 732, 742, 310 P.3d 1275, 1281 (2013).

F. Return of Service -

Proof of service must be submitted to the court on the proof of service form. In order for the service to be complete, the form must include: (RCW 7.105.155(7))

1. The date and time of service,
2. Each document that was served,
3. Any details such as conduct at the time of service, threats, or avoidance of service,
4. Statements regarding possession of firearms, including any denials of ownership despite positive purchase history,
5. Active concealed pistol license, or
6. Sworn statements in the petition that allege the respondent's access to, or possession of, firearms.

G. Unsuccessful Service - If attempts at service were not successful, the proof of service form or the form letter showing that the order was not served, and stating the reason it was not served, must be returned to the court by the next judicial day following the last unsuccessful attempt at service. Each attempt at service must be noted and reflected in computer aided dispatch records, with the date, time, address, and reason service was not completed. RCW 7.105.155 (8)

320.6.3 INVESTIGATING A PROTECTION ORDER OR NCO ORDER VIOLATION

Verifying an Order

Protection orders issued by Washington courts are enforceable statewide, but they must be verified. When officers respond to alleged violations of court orders, they should first contact the Combined Communications Center prior to taking any enforcement action to verify that the protection order (or No Contact Order) is in effect and has not been rescinded. Officers must also check to see whether the Respondent (or Defendant) has been served with a copy of the order and therefore has notice of the existence of the order.

Further verification may be obtained as follows:

1. Washington Crime Information Center (WACIC) check.
2. Contacting the law enforcement agency in the jurisdiction where the order was issued.
3. Contacting the Court Clerk's office.

Proof of service establishes that the Respondent / Defendant has knowledge of the order. This may be verified by an affidavit of service attached to the plaintiff's copy of the order showing service

Spokane Police Department

Spokane Police Department Policy Manual

Domestic Violence

on the Respondent / Defendant. Even where there is proof of service, officers should nonetheless obtain further verification to ensure the order is still in effect and has not been rescinded.

Note: Proof of service is generally not required for criminal No-Contact Orders, as these are issued while the defendant is in custody after mandatory arrest. However, when the defendant was charged by prosecutor complaint and later arrested on a warrant, proof of service will be required to show that the defendant had notice of the issuance of a no contact order.

If an order is not verifiable: The order shall not be enforced and the complainant should be advised to contact the court that issued the order, or the attorney who drafted the order. Arrest the suspect only if probable cause exists that a separate crime has been committed.

Verifying the Terms of the Order

If the order has been served, but neither the complainant nor the respondent has a copy reflecting the terms of the order, officers must request that dispatch check and confirm the terms of the order.

320.6.4 DISPATCH ASSISTANCE FOR ORDER VIOLATIONS

Like other domestic violence calls, calls of domestic violence order violations should be dispatched as soon as possible. Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. However, as soon as possible, once a call is dispatched, dispatch will attempt to verify the court order prior to the officer's arrival. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

320.6.5 FOREIGN ORDERS FOR PROTECTION WILL BE ENFORCED

Officers of the Spokane Police Department will enforce valid Foreign Orders for Protection as if these orders were issued in Washington State. Prior to taking enforcement action, however, officers must verify that the Foreign Order for Protection is valid and that the respondent has been served. There is a presumption in favor of validity where a foreign order appears authentic on its face. This does not stop an officer from taking action to investigate domestic violence incidents (e.g., stalking, harassment) which may be taking place in Washington State.

Foreign orders may be entirely clear about the custody of children, residential placement of children or visitation with children; but for those that are not, any disputes must be resolved judicially. In such instances, officers will not remove a child from his/her current placement absent a court order issued by a superior court of Washington State or probable cause to believe that the child is at risk of being abused or neglected and the child would be injured or could not be taken into custody if it were necessary to first obtain a court order.

320.6.6 ORDER TO SURRENDER WEAPONS (OTSW)

A. Serving an Order to Surrender

When serving an order requiring firearms surrender:

1. The officer shall inform the respondent that the order is effective upon service and the respondent must immediately surrender all firearms and dangerous weapons in his

Domestic Violence

or her custody, control, or possession and any concealed pistol license issued under RCW 9.41.070, and conduct any search permitted by law for such firearms, dangerous weapons, and concealed pistol license.

2. The law enforcement officer shall take possession of all firearms, dangerous weapons, and any concealed pistol license belonging to the respondent that are surrendered, in plain sight, or discovered pursuant to a lawful search.
3. The officer taking possession of firearms, dangerous weapons, and any concealed pistol license shall issue a receipt identifying all firearms, dangerous weapons, and any concealed pistol license that have been surrendered and provide a copy of the receipt to the respondent.
4. The officer shall return the Proof of Surrender or Declaration of Non-Surrender to Records with the Return of Service.

B. Investigating Violations

If an officer determines that a person is required to surrender firearms pursuant to a domestic violence protection or restraining order and the person has not filed a surrender order with the court, the officer shall attempt to determine the location of the person's firearms. If the firearms are still in the control of the person required to surrender the firearms the officer shall complete an investigation. If during the course of the investigation the officer can legally and constitutionally obtain control of the firearms (via search warrant or consent), the officer shall take the firearms to the property facility and log the firearms into the facility as "DV GUN".

If an officer determines that probable cause exists to believe that a person is in possession of a firearm after the court has ordered the person to not possess a firearm and to surrender the firearm, the officer shall arrest the subject for a violation of RCW 9.41.040 (Unlawful Possession of a Firearm) and transport the subject to the Spokane County Jail. The serving officer shall turn in the signed Proof of Surrender or Declaration of Non Surrender to the Records Bureau for forwarding to the court.

320.7 POLICE RECORDS – DOMESTIC VIOLENCE REPORTS – DATA COLLECTION

All law enforcement agencies are required to maintain records on the number of domestic violence related calls reported to their agency. This information is to be reported to the Washington Association of Sheriffs and Police Chief's. It shall be the responsibility of the Records Manager to maintain and report this information as required (RCW 10.99.030).

320.8 IMMUNITY FROM LIABILITY - LIMITS OF IMMUNITY

State law governing domestic violence response guarantees that officers cannot be held liable in a civil action, whether for making an arrest based on probable cause, for enforcing a court order, or for any other action or omission arising from an alleged incident of domestic violence brought by any party to the incident, as long as it is done in good faith. Additionally, RCW 10.99.030.6 provides specific immunity from civil liability for damages arising out of the seizure or lack of seizure of a firearm, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith.

Spokane Police Department

Spokane Police Department Policy Manual

Domestic Violence

Officers are cautioned, however, that a determination of gross negligence or bad faith is a legal one that is decided in a judicial setting. Because Chapter 10.99 RCW is very specific about the procedures that law enforcement officers must carry out to protect domestic violence victims, those officers willfully failing to comply take the risk that they could be found to have acted in bad faith or with gross negligence. Additionally, the Washington courts have interpreted a legal duty on the part of law enforcement officers to act with reasonable care when carrying out their duties as law enforcement officers. Because Chapter 10.99 sets forth a series of statutory requirements for law enforcement, officers are cautioned that willfully failing to carry out any one of them would not only violate this policy but could also subject them individually to civil liability.

Protection Orders

321.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the service of protection orders other than Extreme Risk Protection Orders (Policy 387) and Domestic Violence orders (Policy 320). New provisions allowing for electronic service in most cases are established. Violation penalties differ for various protection orders.

321.2 POLICY

The Spokane Police Department's serving of protection orders and response to violations of protection orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that the violation of a court order is criminal behavior. It is also the policy of this Department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

321.3 SERVICE OF PROTECTION ORDERS

321.3.1 PERSONAL SERVICE BY LAW ENFORCEMENT

Personal service by law enforcement is required for:

- Extreme Risk Protection Orders (ERPOs)
- Protection orders with orders to surrender and prohibit weapons (OTSWs);
- Cases that involve transferring custody of a child from the respondent to the petitioner; or
- Cases involving vacating the respondent from a shared residence.

Personal service by law enforcement should be used where the respondent is incarcerated. Otherwise, personal service may be by law enforcement unless the petitioner elects service by a third party.

Where personal service of an ERPO is not possible, the respondent must surrender firearms to law enforcement within 24 hours of being served by alternate service.

See Policy 387 Extreme Risk Protection Orders.

See Policy 320 Domestic Violence

321.3.2 ELECTRONIC SERVICE

Service by electronic means must be prioritized for all order types at the time of issuance of temporary protection orders, except where personal service is required. Service by electronic means must be effected by law enforcement unless the petitioner elects service by a third party. Electronic service may be through electronic mail (e-mail), text message, social media applications, or other technologies.

Protection Orders

321.4 VIOLATIONS AND ENFORCEMENT

An officer shall arrest without a warrant and take into custody a person whom the law enforcement officer has probable cause to believe has violated:

- A domestic violence protection order,
- A sexual assault protection order,
- A stalking protection order, or
- A vulnerable adult protection order, or
- An order issued under RCW 9A.40, 9A.44, 9A.46, 9A.88, 9.94A, 10.99, 26.09, 26.26A, or 26.26B, or a valid foreign protection order as defined in RCW 26.52.020, or
- A Canadian domestic violence protection order as defined in RCW 26.55.010, that restrains the person or excludes the person from a residence, workplace, school, or day care, or prohibits the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, a protected party's person, or a protected party's vehicle, if the person restrained knows of the order.

Presence of the order in the law enforcement computer-based criminal intelligence information system is not the only means of establishing knowledge of the order.

321.4.1 VIOLATION OF ORDERS AND PENALTIES, OTHER THAN ANTI-HARASSMENT PROTECTION ORDERS OR EXTREME RISK PROTECTION ORDERS.

Misdemeanor Violations:

Whenever a domestic violence protection order, a sexual assault protection order, a stalking protection order, or a vulnerable adult protection order is granted, or an order is granted under RCW 9A.40, 9A.44, 9A.46, 9A.88, 9.94A, 10.99, 26.09, 26.26A, or 26.26B, or there is a valid foreign protection order as defined in RCW 26.52.020, or there is a Canadian domestic violence protection order as defined in RCW 26.55.010, and the respondent or person to be restrained knows of the order, a violation of any of the following provisions of the order is a gross misdemeanor, in these instances:

- The restraint provisions prohibiting acts or threats of violence against, or stalking of, a protected party, or the restraint provisions prohibiting contact with a protected party;
- A provision excluding the person from a residence, workplace, school, or day care;
- A provision prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, a protected party's person, or a protected party's vehicle;
- A provision prohibiting interfering with the protected party's efforts to remove a pet owned, possessed, leased, kept, or held by the petitioner, the respondent, or a minor child residing with either the petitioner or the respondent; or
- A provision of a foreign protection order or a Canadian domestic violence protection order specifically indicating that a violation will be a crime.

Spokane Police Department

Spokane Police Department Policy Manual

Protection Orders

Contempt of court: A violation of a domestic violence protection order, a sexual assault protection order, a stalking protection order, or a vulnerable adult protection order, or an order issued under RCW 9A.40, 9A.44, 9A.46, 9A.88, 9.94A, 10.99, 26.09, 26.26A, or 26.26B, or a valid foreign protection order as defined in RCW 26.52.020, or a Canadian domestic violence protection order as defined in RCW 26.55.010, shall also constitute contempt of court, and is subject to the penalties prescribed by law.

Felony Violations:

Any assault that is a violation of:

- A domestic violence protection order,
- A sexual assault protection order,
- A stalking protection order,
- A vulnerable adult protection order, or
- An order issued under RCW 9A.40, 9A.44, 9A.46, 9A.88, 9.94A, 10.99, 26.09, 26.26A, or 26.26B, or
- A valid foreign protection order as defined in RCW 26.52.020, or a Canadian domestic violence protection order as defined in RCW 26.55.010, and
- That does not amount to assault in the first or second degree under RCW 9A.36.011 or 9A.36.021

is a class C felony, and any conduct in violation of such an order that is reckless and creates a substantial risk of death or serious physical injury to another person is a class C felony.

A violation of:

- A domestic violence protection order,
- A sexual assault protection order,
- A stalking protection order, or
- A vulnerable adult protection order, or
- A court order issued under RCW 9A.40, 9A.44, 9A.46, 9A.88, 9.94A, 10.99, 26.09, 26.26A, or 26.26B RCW, or
- A valid foreign protection order as defined in RCW 26.52.020, or
- A Canadian domestic violence protection order as defined in RCW 26.55.010,

is a class C felony if the offender has at least two previous convictions for violating the provisions of a domestic violence protection order, a sexual assault protection order, a stalking protection order, or a vulnerable adult protection order, or an order issued under RCW 9A.40, 9A.44, 9A.46, 9A.88, 9.94A, 10.99, 26.09, 26.26A, or 26.26B, or a valid foreign protection order as defined in RCW 26.52.020, or a Canadian domestic violence protection order as defined in RCW 26.55.010.

Spokane Police Department

Spokane Police Department Policy Manual

Protection Orders

The previous convictions may involve the same victim or other victims specifically protected by the orders the offender violated.

321.4.2 VIOLATIONS OF ANTI-HARASSMENT PROTECTION ORDERS

An adult respondent is guilty of a gross misdemeanor only if the respondent willfully disobeys:

- Restraint provisions prohibiting acts or threats of violence, unlawful harassment, or stalking of a protected person, or prohibiting contact with a protected party;
- A provision excluding the person from a residence, workplace, school, or day care;
- A provision prohibiting the person from knowingly coming or remaining within a set distance of a location, protected party's person, or protected party's vehicle; or
- A provision prohibiting interfering with the protected party's efforts to remove a pet.

321.4.3 VIOLATIONS OF EXTREME RISK PROTECTION ORDERS

Any person who has in his or her custody or control, accesses, purchases, possesses, or receives, or attempts to purchase or receive, a firearm with knowledge that he or she is prohibited from doing so by an extreme risk protection order is guilty of a gross misdemeanor, and further is prohibited from having in his or her custody or control, accessing, purchasing, possessing, or receiving, or attempting to purchase or receive, a firearm for a period of five years from the date the existing order expires. However, such person is guilty of a class C felony if the person has two or more previous convictions for violating an order issued under this chapter.

Any person who files a petition for an extreme risk protection order knowing the information in such petition to be materially false, or with the intent to harass the respondent, is guilty of a gross misdemeanor.

See Extreme Risk Protection Orders (Policy 387).

321.4.4 KNOWLEDGE OF PROTECTION ORDER

When an officer investigates a report of an alleged violation of a protection order, the officer shall attempt to determine whether the respondent knew of the existence of the protection order.

- If the officer determines that the respondent did not, or probably did not, know about the protection order and the officer is provided a current copy of the order, the officer shall serve the order on the respondent if the respondent is present.
- If the respondent is not present, the officer shall make reasonable efforts to serve a copy of the order on the respondent.
- Presentation of an unexpired, certified copy of a protection order with proof of service is sufficient for a law enforcement officer to enforce the order regardless of the presence of the order in the law enforcement computer-based criminal intelligence information system.

Search & Seizure

322.1 PURPOSE AND SCOPE

Case law regarding search and seizure is ever changing and frequently subject to interpretation under the varying facts of each situation. This policy is intended to provide a few of the basic guidelines that may assist an officer in evaluating search and seizure issues. Specific situations should be handled according to current training and an officer's familiarity with clearly established case law.

322.2 POLICY

Both the United States and the Washington Constitutions provide every individual with the right to be free from unreasonable governmental intrusion. As a general rule, members of this department should not physically enter any area where an individual has a reasonable expectation of privacy in order to conduct a search or seizure without one or more of the following:

- A valid search warrant
- An arrest warrant
- Exigent circumstances
- Valid consent
- Incident to arrest

Always be mindful of the specific terms of the warrant or consent. Also, probable cause alone is never justification to search a person, place or vehicle.

Officers, of any rank, shall notify a supervisor when intending to write a search warrant. A supervisor, sergeant or higher, shall review the search warrant(s) prior to sending the search warrant to a judge for signature.

An officer may not seek a search or arrest warrant granting an exception to the requirement for the officer to provide notice of his or her office and purpose when executing the warrant ("no knock warrant").

322.2.1 SEARCH PROTOCOL

- A. Members of this department will conduct person searches with dignity and courtesy.
- B. Members of this department will conduct property searches in a manner that returns the condition of the property to its pre-search status as nearly as reasonably practical.
- C. Members of this department should attempt to gain keys to locked property when a search is anticipated and the time and effort required to gain the keys makes it a practical option.
- D. When the person to be searched is of the opposite sex of the officer, an officer of the like sex should, if practical, conduct the search.

Spokane Police Department

Spokane Police Department Policy Manual

Search & Seizure

- E. A search may be undertaken of a member of the opposite sex when it is not practical to use an officer of the like sex. In these instances the officers will adhere to the following guidelines:
 - 1. A supervisor and/or one other officer should witness the search, if practical.
 - 2. Officers will use the back side of their hands and fingers to search sensitive areas of the opposite sex to include the breast, crotch and buttocks areas.
- F. The officer should explain to the person being searched the reason for the search and how the officer will conduct the search.

322.3 SEARCHES

322.3.1 RESIDENCE

Absent a valid search warrant, arrest warrant, exigent circumstances, probation or parole authorization, or valid consent, every person has a reasonable expectation of privacy inside his/her home. Individuals do not, however, generally have a reasonable expectation of privacy in areas around their home where the general public (e.g., mail carriers and solicitors) would reasonably be permitted to go.

322.3.2 PLAIN VIEW

Because an individual does not have an expectation of privacy as to items that are in plain view, no search has taken place in a constitutional sense when an object is viewed from a location where the officer has a right to be.

An item in plain view may generally be seized when all of the following conditions exist:

- A. It was viewed from a lawful location.
- B. There is probable cause to believe that the item is linked to criminal activity.
- C. The location of the item can be legally accessed.

It is important to note that the so-called "Nexus Rule" requires that even items in plain view must not be seized unless there is probable cause to believe that the item will aid in an investigation. Such a nexus should be included in any related reports.

322.3.3 EXIGENT CIRCUMSTANCES

Exigent circumstances permitting entry into premises without a warrant or valid consent generally include any of the following:

- A. Imminent danger of injury or death
- B. Serious damage to property
- C. Imminent escape of a suspect
- D. The destruction of evidence

An exigency created by the officer's own conduct as an excuse for a warrantless entry is not generally permitted.

Search & Seizure

322.3.4 COURT ORDER TO LOCATE A CELLULAR PHONE OR DEVICE

Chapter 9.73 RCW has strict requirements for law enforcement officers wishing to locate a cellular device during emergency and non-emergency situations. Before contacting a cellular provider to locate a device, an officer shall:

- A. Gain the prior approval of a supervisor of the rank of Lieutenant or higher; and
- B. Obtain prior verbal approval from one of the Spokane County Prosecuting Attorneys specifically authorized to approve device locates; and
- C. Obtain a signed court order from Superior Court prior to the ping in non-emergency circumstances; or
- D. Obtain a signed court order from Superior Court and file it within 48 hours after the ping for those situations involving exigent circumstances

No Court Order or prior authorization is required under RCW 9.73.070(2) when directing a service provider to ping a device that was used to place a call to 911 for emergency assistance.

The authorizing supervisor shall be responsible to ensure the ping is conducted consistent with state law and department training.

322.4 SEARCH PROTOCOL

Entry into a location for the purpose of conducting a search for any item reasonably believed relevant to any investigation is permitted once valid consent has been obtained. A search by consent however is only valid if the following criteria are met:

- Voluntary (i.e., clear, specific, and unequivocal)
- Obtained from a person with authority to give the consent
- Does not exceed the scope of the consent given

Prior to conducting a consensual search officers shall inform all persons giving consent of the following on bodyworn camera or other recording device when available, and shall describe such circumstances in the related report(s):

- A. The person may refuse to give consent if they so choose.
- B. Once given, consent may be withdrawn at any point during the search.
- C. The scope of the search may be limited.
- D. Any evidence found during the search may be used against them or others in court.

Unless unusual circumstances would prevent the use of the department's Consent to Search form, officers should have the individual read the form, ensure he/she understands it, and he/she has signed it.

Consent must be obtained as the product of a free will. It cannot be obtained through submission to authority, expressed or implied.

Spokane Police Department

Spokane Police Department Policy Manual

Search & Seizure

A person with authority to consent to search should be present or otherwise in a position to communicate a withdrawal of consent should they so desire. Absent other legal justification, any related search should be discontinued at any point that consent is withdrawn.

An officer may conduct a search of a person under arrest and areas within that person's control, incident to a lawful custodial arrest (see policy 902).

NOTE: See Policy Manual § 324 Temporary Custody of Juveniles regarding procedures specific to juveniles; Policy Manual § 902 for strip searches and other in-custody searches; and see Policy Manual § 510 for vehicle/impound/search.

Temporary Custody of Juveniles

324.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Spokane Police Department (34 USC § 11133).

324.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection, or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

Juvenile offender - A juvenile 17 years of age or younger who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) or a juvenile who has violated RCW 9.41.040(2)(a) by possessing a handgun (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- A. A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- B. A juvenile handcuffed to a rail.
- C. A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- D. A juvenile being processed in a secure booking area when an unsecure booking area is available.
- E. A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- F. A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- G. A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Spokane Police Department

Spokane Police Department Policy Manual

Temporary Custody of Juveniles

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, or truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

324.2 POLICY

The Spokane Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Spokane Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

324.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Spokane Police Department:

- A. Unconscious
- B. Seriously injured
- C. A known suicide risk or obviously severely emotionally disturbed
- D. Significantly intoxicated
- E. Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Spokane Police Department unless they have been evaluated by a qualified medical and/or mental health professional.

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

324.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Spokane Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile who is suspected of being a victim.

No juvenile should be held in temporary custody at the Spokane Police Department without authorization of the arresting officer's supervisor or the Shift Commander. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Spokane Police Department

Spokane Police Department Policy Manual

Temporary Custody of Juveniles

Any juvenile taken into custody shall be released to the care of the juvenile's parent, legal guardian, or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Spokane Police Department (34 USC § 11133; RCW 13.04.116(b)).

324.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Spokane Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (34 USC § 11133).

324.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133; RCW 43.185C.260).

324.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Spokane Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, juvenile offenders may be taken into custody under the following circumstances (RCW 13.40.040(1)):

- A. Pursuant to a court order.
- B. Without a court order, by an officer if grounds exist for the arrest of an adult in identical circumstances.
- C. When his/her parole has been suspended.

324.5 ADVISEMENTS

When a juvenile offender is taken into custody, the officer should, as soon as practicable, notify the juvenile's parent, guardian, or a responsible relative that the juvenile is in custody.

Juveniles taken into custody should be advised the reason for the custody (RCW 43.185C.265).

Juveniles will be read their Juvenile Miranda Warnings (Constitutional Rights Card) upon being taken into custody.

(See 324.6 regarding juvenile "Miranda" rights.)

Temporary Custody of Juveniles

324.6 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

Upon arrest, custody, or being detained pursuant to probable cause for their involvement in a crime, a juvenile must be given access to counsel prior to answering questions with law enforcement with few exceptions.

A. Officers shall provide a juvenile with access to an attorney for consultation, which may be provided in person, by telephone, or by video conference, before the juvenile waives any constitutional rights if an officer:

- Questions a juvenile during a custodial interrogation;
- Detains a juvenile based on probable cause of involvement in criminal activity; or
- Requests that the juvenile provide consent to an evidentiary search of the juvenile or the juvenile's property, dwellings, or vehicles under the juvenile's control.

The juvenile may not waive this right.

If the juvenile does not have their own attorney, the officer shall place a phone call to the Youth Access to Counsel Line at 1-877-J-PUB-DEF (1-877-578-2333). Once telephone contact is made with the attorney, the officer will advise the attorney the name and age of the juvenile, as well as the reason for his/her arrest. The officer shall then give the phone to the juvenile and allow the youth to have a private telephone conversation with the attorney.

B. Statements made by a juvenile after the juvenile is contacted by an officer in a manner described in 324.13.A are not admissible in a juvenile offender or adult criminal court proceeding, unless:

- The juvenile has been provided with access to an attorney for consultation; and the juvenile provides an express waiver knowingly, intelligently, and voluntarily made by the juvenile and approved by the juvenile's attorney after the juvenile has been fully informed of the rights being waived as required under RCW 13.40.140;
- The statement is for impeachment purposes; or
- The statement was made spontaneously.

C. An officer may question a juvenile without an attorney if:

- The officer believes the juvenile is a victim of trafficking as defined in RCW 9A.40.100; however, any information obtained from the juvenile by the officer pursuant to this subsection cannot be used in any prosecution of that juvenile; or
- The officer believes that the information sought is necessary to protect an individual's life from an imminent threat;
 - A delay to allow legal consultation would impede the protection of an individual's life from an imminent threat; and
 - Questioning by the officer is limited to matters reasonably expected to obtain information necessary to protect an individual's life from an imminent threat.

D. After the juvenile has consulted with legal counsel, the juvenile may:

Spokane Police Department

Spokane Police Department Policy Manual

Temporary Custody of Juveniles

- Advise
- Direct a parent or guardian to advise, or
- Direct legal counsel to advise the law enforcement office that the juvenile chooses to assert a constitutional right:

Any assertion of constitutional rights by the juvenile through legal counsel must be treated by a law enforcement officer as though it came from the juvenile.

The waiver of any constitutional rights of the juvenile may only be made according to the requirements of RCW 13.40.140 (must be an express waiver intelligently made by the juvenile after the juvenile has been fully informed of the right being waived) and has consulted with an attorney).

Juveniles under 12 years old may only waive rights through parent or guardian. The juvenile's attorney may also invoke the juvenile's rights on their behalf regardless of what the juvenile and/or parent/guardian decide. Officers need to have the parent/guardian speak with counsel first, then the juvenile under 12 will speak with counsel, and, thereafter, officers obtain a waiver from all three parties (counsel, parent/guardian, juvenile). Officers will speak with counsel in order to determine if the juvenile will be waiving his/her constitutional rights.

E. Interview or Interrogation of Juveniles:

1. Advise the juvenile of their "Miranda" rights, including the Juvenile Warnings.
2. Custodial interrogations of a juvenile should not extend over periods of time that could be considered unreasonable or harassing.
3. The interrogation should be conducted by only those officers that are actively involved in the investigation.

324.7 JUVENILE CUSTODY LOGS

Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody report, including:

- A. Identifying information about the juvenile being held.
- B. Date and time of arrival and release from the Spokane Police Department.
- C. Shift Commander notification and approval to temporarily hold the juvenile.
- D. Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender or non-offender.
- E. Any changes in status.
- F. Time of all welfare checks.
- G. Any medical and other screening requested and completed.
- H. Circumstances that justify any secure custody.

Spokane Police Department

Spokane Police Department Policy Manual

Temporary Custody of Juveniles

- I. Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

324.8 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Spokane Police Department shall maintain a constant, immediate presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

324.9 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Spokane Police Department shall ensure the following:

- A. The Shift Commander should be notified if it is anticipated that a juvenile may need to remain at the Spokane Police Department more than four hours. This will enable the Shift Commander to ensure no juvenile is held at the Spokane Police Department more than six hours.
- B. Welfare checks and significant incidents/activities are noted on the log.
- C. Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.
 1. There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware.
 2. This does not apply to surreptitious and legally obtained recorded interrogations.
- D. A member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.

Temporary Custody of Juveniles

- J. Juveniles are generally permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody.
- K. Clean blankets are provided as reasonably necessary to ensure the comfort of an individual.
 - 1. The supervisor should ensure that there is an adequate supply of clean blankets.
- L. Adequate shelter, heat, light, and ventilation should be provided without compromising security or enabling escape.
- M. Adequate furnishings are available, including suitable chairs or benches.
- N. Juveniles shall have the right to the same number of telephone calls as an adult in custody (see the Control Techniques and Devices Policy).
- O. Discipline is not administered to any juvenile, nor will juveniles be subjected to corporal or unusual punishment, humiliation, or mental abuse.

324.10 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Spokane Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Shift Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse.

324.10.1 PREGNANT JUVENILES

Juveniles who are known to be pregnant should be restrained in accordance with the Handcuffing and Restraints Policy.

324.11 PERSONAL PROPERTY

The personal property of a juvenile shall be processed in the same manner as an adult in temporary custody (see the Control Techniques and Devices Policy).

324.12 SECURE CUSTODY

Only juvenile offenders 14 years and older may be placed in secure custody. Shift Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others.

Members of this department should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

Spokane Police Department

Spokane Police Department Policy Manual

Temporary Custody of Juveniles

When practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody, rather than the use of a locked enclosure. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object.

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.

324.12.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- A. The juvenile shall constantly be monitored by an audio/video system during the entire custody.
- B. Juveniles shall have constant auditory access to department members.
- C. Initial placement into and removal from a locked enclosure shall be logged.
- D. Random personal visual checks of the juvenile by staff member, no less than every 15 minutes, shall occur.
 - 1. All checks shall be logged.
 - 2. The check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
 - 3. Requests or concerns of the juvenile should be logged.
- E. Males and females shall not be placed in the same locked room.
- F. Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- G. Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

324.13 SUICIDE ATTEMPT, DEATH OR SERIOUS INJURY OF A JUVENILE

The Patrol Bureau Commander will ensure procedures are in place to address the suicide attempt, death or serious injury of any juvenile held at the Spokane Police Department. The procedures will address:

- A. Immediate request for emergency medical assistance if appropriate.
- B. Immediate notification of the on-duty supervisor, Chief of Police and Investigation Bureau supervisor.
- C. Notification of the parent, guardian or person standing in loco parentis, of the juvenile.
- D. Notification of the appropriate prosecutor.
- E. Notification of the City Attorney.

Spokane Police Department

Temporary Custody of Juveniles

- F. Notification of the Medical Examiner.
- G. Notification of the juvenile court.
- H. Evidence preservation.

324.14 RESTRICTION ON FINGERPRINTING AND PHOTOGRAPHING

A juvenile offender may be photographed and fingerprinted as provided by RCW 43.43.735.

324.15 RELEASE OF INFORMATION CONCERNING JUVENILES

Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Officers of this department shall not divulge any information regarding juveniles in situations where they are uncertain of the legal authority to do so.

324.15.1 RELEASE OF INFORMATION TO OTHER AGENCIES

It shall be the responsibility of the Records Manager and the appropriate Investigation Bureau supervisors to ensure that personnel of those bureaus act within legal guidelines.

324.16 RELIGIOUS ACCOMMODATION

Juveniles have the right to the same religious accommodation as adults in temporary custody.

Adult Abuse

326.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Spokane Police Department members as required by law.

326.1.1 DEFINITIONS

Definitions related to this policy include:

Abandonment means action or inaction by a person or entity with a duty of care for a vulnerable adult that leaves the vulnerable person without the means or ability to obtain necessary food, clothing, shelter or health care.

Abuse means the intentional, willful, or reckless action or inaction that inflicts injury, unreasonable confinement, intimidation, or punishment on a vulnerable adult. In instances of abuse of a vulnerable adult who is unable to express or demonstrate physical harm, pain, or mental anguish, the abuse is presumed to cause physical harm, pain, or mental anguish. Abuse includes sexual abuse, mental abuse, physical abuse, and personal exploitation of a vulnerable adult, and improper use of restraint against a vulnerable adult.

- (a) "Sexual abuse" means any form of nonconsensual sexual conduct, including but not limited to unwanted or inappropriate touching, rape, molestation, indecent liberties, sexual coercion, sexually explicit photographing or recording, voyeurism, indecent exposure, and sexual harassment. Sexual abuse also includes any sexual conduct between a staff person, who is not also a resident or client, of a facility or a staff person of a program authorized under chapter 71A.12 RCW, and a vulnerable adult living in that facility or receiving service from a program authorized under chapter 71A.12 RCW, whether or not it is consensual.
- (b) "Physical abuse" means the intentional, willful, or reckless action of inflicting bodily injury or physical mistreatment. Physical abuse includes, but is not limited to, striking with or without an object, slapping, pinching, choking, kicking, shoving, or prodding.
- (c) "Mental abuse" means an intentional, willful, or reckless verbal or nonverbal action that threatens, humiliates, harasses, coerces, intimidates, isolates, unreasonably confines, or punishes a vulnerable adult. Mental abuse may include ridiculing, yelling, or swearing.
- (d) "Personal exploitation" means an act of forcing, compelling, or exerting undue influence over a vulnerable adult causing the vulnerable adult to act in a way that is inconsistent with relevant past behavior, or causing the vulnerable adult to perform services for the benefit of another.
- (e) "Improper use of restraint" means the inappropriate use of chemical, physical, or mechanical restraints for convenience or discipline or in a manner that: (i) Is inconsistent with federal or state licensing or certification requirements for facilities, hospitals, or programs authorized under chapter 71A.12 RCW; (ii) is not medically authorized; or (iii) otherwise constitutes abuse under this section.

Spokane Police Department

Spokane Police Department Policy Manual

Adult Abuse

"Chemical restraint" means the administration of any drug to manage a vulnerable adult's behavior in a way that reduces the safety risk to the vulnerable adult or others, has the temporary effect of restricting the vulnerable adult's freedom of movement, and is not standard treatment for the vulnerable adult's medical or psychiatric condition.

"Consent" means express written consent granted after the vulnerable adult or his or her legal representative has been fully informed of the nature of the services to be offered and that the receipt of services is voluntary.

"Financial exploitation" means the illegal or improper use, control over, or withholding of the property, income, resources, or trust funds of the vulnerable adult by any person or entity for any person's or entity's profit or advantage other than for the vulnerable adult's profit or advantage.

"Financial exploitation" includes, but is not limited to:

- (a) The use of deception, intimidation, or undue influence by a person or entity in a position of trust and confidence with a vulnerable adult to obtain or use the property, income, resources, or trust funds of the vulnerable adult for the benefit of a person or entity other than the vulnerable adult;
- (b) The breach of a fiduciary duty, including, but not limited to, the misuse of a power of attorney, trust, or a guardianship appointment, that results in the unauthorized appropriation, sale, or transfer of the property, income, resources, or trust funds of the vulnerable adult for the benefit of a person or entity other than the vulnerable adult; or
- (c) Obtaining or using a vulnerable adult's property, income, resources, or trust funds without lawful authority, by a person or entity who knows or clearly should know that the vulnerable adult lacks the capacity to consent to the release or use of his or her property, income, resources, or trust funds.

"Isolate" or "isolation" means to restrict a vulnerable adult's ability to communicate, visit, interact, or otherwise associate with persons of his or her choosing. Isolation may be evidenced by acts including but not limited to:

- (a) Acts that prevent a vulnerable adult from sending, making, or receiving his or her personal mail, electronic communications, or telephone calls; or
- (b) Acts that prevent or obstruct the vulnerable adult from meeting with others, such as telling a prospective visitor or caller that a vulnerable adult is not present, or does not wish contact, where the statement is contrary to the express wishes of the vulnerable adult.

"Mechanical restraint" means any device attached or adjacent to the vulnerable adult's body that he or she cannot easily remove that restricts freedom of movement or normal access to his or her body. "Mechanical restraint" does not include the use of devices, materials, or equipment that are (a) medically authorized, as required, and (b) used in a manner that is consistent with federal or state licensing or certification requirements for facilities, hospitals, or programs authorized under chapter 71A.12 RCW.

"Physical restraint" means the application of physical force without the use of any device, for the purpose of restraining the free movement of a vulnerable adult's body. "Physical restraint" does

Spokane Police Department

Spokane Police Department Policy Manual

Adult Abuse

not include (a) briefly holding without undue force a vulnerable adult in order to calm or comfort him or her, or (b) holding a vulnerable adult's hand to safely escort him or her from one area to another.

Vulnerable adult includes a person:

- (a) Sixty years of age or older who has the functional, mental, or physical inability to care for himself or herself; or
- (b) Subject to a guardianship under RCW 11.130.265 or adult subject to conservatorship under RCW 11.130.360; or
- (c) Who has a developmental disability as defined under RCW 71A.10.020; or
- (d) Admitted to any facility; or
- (e) Receiving services from home health, hospice, or home care agencies licensed or required to be licensed under chapter 70.127 RCW; or
- (f) Receiving services from an individual provider; or
- (g) Who self-directs his/her own care and receives services from a personal aide under chapter 74.39 RCW.

326.2 POLICY

The Spokane Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

326.3 MANDATORY NOTIFICATION

Members of the Spokane Police Department shall notify the Washington State Department of Social and Health Services (DSHS) when there is reasonable cause to believe that abandonment, abuse, financial exploitation or neglect of a vulnerable adult has occurred. Members shall also notify DSHS when there is reason to suspect sexual assault or physical assault or reasonable cause to believe that an act has caused fear of imminent harm. The medical examiner or coroner shall also be notified when there is reason to suspect that the death of a vulnerable adult was caused by abuse, neglect or abandonment by another person (RCW 74.34.035).

326.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (RCW 74.34.035):

- A. All notification to DSHS shall be made immediately or as soon as practicable
- B. Information provided shall include, if known:
 - 1. The name and address of the person making the report.
 - 2. The name and address of the vulnerable adult.
 - 3. The name and address of the facility or agency providing care for the vulnerable adult.
 - 4. The name and address of the legal guardian or alternate decision maker.

Spokane Police Department

Spokane Police Department Policy Manual

Adult Abuse

5. The nature and extent of the abandonment, abuse, financial exploitation, neglect or self-neglect.
6. Any history of previous abandonment, abuse, financial exploitation, neglect or self-neglect.
7. The identity of the alleged perpetrator, if known.
8. Any other information that may be helpful in establishing the extent of abandonment, abuse, financial exploitation, neglect or the cause of death of the deceased vulnerable adult.

326.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

- A. Conduct interviews in appropriate interview facilities.
- B. Be familiar with forensic interview techniques specific to adult abuse investigations.
- C. Coordinate with Prosecutor's Office, other enforcement agencies, social service agencies and facility administrators as needed.
- D. Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.
- E. Participate in or coordinate with multidisciplinary investigative teams as applicable.

326.4.1 INITIAL RESPONSE

Officers may be called upon to effect a forced entry as the first responder to the scene of a suspected elder abuse. Entry should be immediate when it appears reasonably necessary to protect life or property. When the need for an emergency entry is not evident, officers should seek supervisory approval. Officers must be prepared to provide emergency care pending the arrival of medical personnel, if not already present.

326.4.2 STABILIZE THE SITUATION

Officers must quickly assess the situation in an effort to ensure the immediate safety of all persons. Officers shall also consider the following:

- A. Attempt to identify the victim, suspect and witnesses as well as the roles and relationships of all parties. Parties should be interviewed separately whenever possible. Frequently it is wrongfully assumed that vulnerable adults are incapable of accurately reporting the incident. Do not automatically discount the statement of an elderly person.
- B. Preserve the crime scene where evidence may be present. All persons should be removed from the scene until it has been photographed and processed. Any evidence such as injuries that may change in appearance should be photographed immediately.
- C. Assess and define the nature of the problem. Officers should assess the available information to determine the type(s) of abuse that may have taken place or the potential for abuse in the future that may be eliminated by our intervention.

Spokane Police Department

Spokane Police Department Policy Manual

Adult Abuse

- D. Make on-scene arrests when appropriate. Immediate arrest of an abuser (especially when the abuser/suspect is a family member or caretaker) may leave the vulnerable adult victim without necessary support and could result in institutionalization. The effect of an arrest on the victim should be considered and weighed against the assessed risk, domestic violence laws and the competent victim's desires. The present and future safety of the victim is of utmost importance and institutionalization is generally preferable to continued victimization.

326.4.3 SUPPORT PERSONNEL

The following person(s) should be considered if it appears an in-depth investigation is appropriate:

- Patrol supervisor
- Detective personnel
- Evidence collection personnel
- DSHS personnel

326.5 INVESTIGATIONS AND REPORTING

All reported or suspected cases of Elder abuse that Officers responded to and investigated should have a report, even if the allegations appear unfounded or unsubstantiated, and that report will be forwarded to DCYF/APS. If the investigation reveals that a crime may have been committed, the appropriate prosecutor shall be provided a written report of the incident (RCW 74.34.063(3)).

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- A. The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.
- B. Any relevant statements the victim may have made and to whom he/she made the statements.
- C. If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- D. Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- E. Whether the victim was transported for medical treatment or a medical examination.
- F. Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
- G. Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- H. Previous addresses of the victim and suspect.
- I. Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

Adult Abuse

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

326.6 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact DSHS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to DSHS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

326.7 INTERVIEWS

326.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

326.7.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- A. Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the adult need to be addressed immediately.

Spokane Police Department

Spokane Police Department Policy Manual

Adult Abuse

2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- B. A court order or warrant has been issued.

326.8 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

326.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

326.9.1 SUPERVISOR RESPONSIBILITIES

The Investigation Bureau supervisor should:

- A. Work with professionals from the appropriate agencies, including DSHS, other law enforcement agencies, medical service providers and local prosecutors, to develop community-specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- B. Activate any available interagency response when an officer notifies the Investigation Bureau supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.
- C. Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.

326.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

Spokane Police Department

Spokane Police Department Policy Manual

Adult Abuse

- A. Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- B. Notify the Investigation Bureau supervisor so an interagency response can begin.

326.10 STATE MANDATES AND OTHER RELEVANT LAWS

Washington requires or permits the following:

326.10.1 ARREST WITHOUT WARRANT

When an officer has confirmed that a valid court order for protection, including a temporary order, exists and has probable cause to believe that a person has violated that order, the officer has the authority to arrest the person without a warrant (RCW 10.31.100).

326.10.2 RECORDS DIVISION RESPONSIBILITIES

The Records Division is responsible for:

- A. Providing a copy of the adult abuse report to DSHS as required by law.
- B. Retaining the original adult abuse report with the initial case file.

326.10.3 RELEASE OF REPORTS

Information related to incidents of adult abuse or suspected adult abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (RCW 74.34.035(9); RCW 74.34.095).

326.10.4 PROTECTIVE ORDERS

In any situation which an officer reasonably believes that a vulnerable adult has been abused, abandoned, or subjected to financial exploitation or neglect, or threatened with such actions, the officer should obtain a protective order against the person alleged to have committed or threatened such abuse pursuant to RCW 74.34.110 or RCW 74.34.210.

Discriminatory Harassment

328.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

328.2 POLICY

The Spokane Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against employees in hiring, promotion, discharge, compensation, fringe benefits, and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

328.3 DEFINITIONS

Definitions related to this policy include:

328.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by an employee that adversely affects an applicant or employee and is based on race, color, religion, sex, age, national origin or ancestry, genetic information, disability, military service, sexual orientation and other classifications protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments, crude and offensive statements or remarks, making slurs or off-color jokes, stereotyping, engaging in threatening acts, making indecent gestures, pictures, cartoons, posters or material, making inappropriate physical contact, or using written material or department equipment and/or systems to transmit or receive offensive material, statements or pictures. Such conduct is contrary to department policy and to the department's commitment to a discrimination free work environment.

328.3.2 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Spokane Police Department

Spokane Police Department Policy Manual

Discriminatory Harassment

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

328.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission and Washington State Human Rights Commission guidelines.
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

328.3.4 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

328.4 RESPONSIBILITIES

This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any employee who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and make the report to a higher ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Human Resources Director or the City Administrator.

Any member who believes, in good faith, that he/she has been discriminated against, harassed, subjected to retaliation, or who has observed harassment or discrimination, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

Spokane Police Department

Spokane Police Department Policy Manual

Discriminatory Harassment

328.4.1 SUPERVISOR RESPONSIBILITY

Each supervisor and manager shall:

- (a) Continually monitor the work environment and strive to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Take prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment or retaliation.
- (c) Ensure their subordinates understand their responsibilities under this policy.
- (d) Ensure that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Notify the Chief of Police in writing of the circumstances surrounding any reported allegations or observed acts of discrimination/harassment no later than the next business day.

328.4.2 SUPERVISOR'S ROLE

Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing or retaliatory. Supervisors and managers shall be aware of the following considerations:

- (a) Behavior of supervisors and managers should represent the values of the Department and professional law enforcement standards.
- (b) False or mistaken accusations of discrimination, harassment or retaliation have negative effects on the careers of innocent members.
- (c) Supervisors and managers must act promptly and responsibly in the resolution of such situations.
- (d) Supervisors and managers shall make a timely determination regarding the substance of any allegation based upon all available facts.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members or issuing discipline, in a manner that is consistent with established procedures.

328.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all

Spokane Police Department

Spokane Police Department Policy Manual

Discriminatory Harassment

complaints of discrimination, retaliation, or harassment shall be fully documented, and promptly and thoroughly investigated.

328.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

328.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The Human Resources department will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include, but not be limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with Human Resources.

328.5.3 EQUAL OPPORTUNITY EMPLOYMENT COMPLAINTS

Only one of the following four dispositions will be used to classify the disposition of an allegation of harassment:

Sustained Complaints - If the complaint is substantiated, this policy and procedure prohibiting discrimination/harassment will be reviewed with the offender. Appropriate disciplinary action and/or training, will be taken pursuant to the department disciplinary procedures.

Not Sustained Complaints - If there is insufficient evidence to either prove or disprove the allegation(s), both parties to the complaint will be informed of the reason(s) for this disposition.

Unfounded Complaint - If it is determined that an act reported pursuant to this policy/procedure did not in fact occur, a finding of unfounded shall be made.

Exonerated Complaints - If it is determined that an act reported pursuant to this policy/procedure did in fact occur, but was lawful and proper within the guidelines established herein, a finding of exonerated shall be made.

Spokane Police Department

Discriminatory Harassment

Should it be determined that the reporting employee filed the complaint in good faith and/or through a mistake of fact, that employee shall be counseled/trained pursuant to Policy Manual § 328.4.1(c).

Should it be determined that the reporting employee maliciously filed the complaint knowing that it was false or frivolous at the time of the complaint, that employee shall be subject to the disciplinary process up to and including termination.

328.6 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- Approved by the Chief of Police or the Human Resources Director, if more appropriate.
- Maintained for the period established by the current collective bargaining agreement.

328.7 TRAINING

All employees shall receive training on the requirements of this policy. The City of Spokane Human Resources Department and the Academy will coordinate efforts to ensure that training is provided every two years.

328.7.1 QUESTIONS REGARDING DISCRIMINATION OR SEXUAL HARASSMENT

Employees having questions are encouraged to contact a supervisor, manager, the Chief of Police, the Human Resources Director, or the City Administrator; or they may contact the Washington State Human Rights Commission toll free at (800) 233-3247.

Child Abuse

330.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Spokane Police Department members are required to notify the Department of Children, Youth, and Families, Child Protective Services (CPS) of suspected child abuse.

330.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency.

330.2 POLICY

The Spokane Police Department will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law.

330.3 MANDATORY NOTIFICATION

Members of the Spokane Police Department shall notify CPS when a report of abuse or neglect of a child is received or when there is reasonable cause to believe that a child has suffered abuse or neglect (RCW 26.44.030).

For purposes of notification, abuse or neglect of a child includes sexual abuse, sexual exploitation, or injury inflicted by any person under circumstances that cause harm to the child's health, welfare or safety, excluding lawful discipline, or the negligent treatment or maltreatment by a person who is responsible for, or providing care to, a child (RCW 26.44.020).

Officers shall promptly notify CPS whenever a child under 16 years of age is in a vehicle being driven by the child's parent, guardian, legal custodian, sibling or half-sibling and that person is being arrested for a drug or alcohol-related driving offense (RCW 46.61.507).

If, during an investigation of drug manufacturing, an officer discovers that a child is present at the investigation site, the officer shall notify CPS immediately (RCW 26.44.200).

330.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (RCW 26.44.030(5)):

- A. In emergency cases, notification to CPS should be made immediately when the child's welfare is endangered but in all such cases within 24 hours.
- B. In non-emergency cases, notification to CPS shall be made within 72 hours after a report is received.

Spokane Police Department

Spokane Police Department Policy Manual

Child Abuse

- C. Notification, when possible, should include (RCW 26.44.040):
 - 1. The name, address and age of the child.
 - 2. The name and address of the child's parents, stepparents, guardians or other persons having custody of the child.
 - 3. The nature and extent of the alleged injury or injuries.
 - 4. The nature and extent of the alleged neglect.
 - 5. The nature and extent of the alleged sexual abuse.
 - 6. Any evidence of previous injuries, including the nature and extent of the injury.
 - 7. Any other information that may be helpful in establishing the cause of the child's death, injury or injuries, and the identity of the alleged perpetrator or perpetrators.
- D. The Department shall forward all case dispositions to CPS.

330.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- A. Conduct interviews in child appropriate interview facilities.
- B. Be familiar with forensic interview techniques specific to child abuse investigations.
- C. Coordinate with Prosecutor's Office, other enforcement agencies, social service agencies and school administrators as needed.
- D. Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.
- E. Participate in or coordinate with multidisciplinary investigative teams as applicable (RCW 26.44.180 et seq.).

330.4.1 CONTACTING SUSPECTED CHILD ABUSE VICTIMS

Officers should not involuntarily detain a juvenile suspected of being a victim of abuse solely for the purpose of an interview or physical interview or physical exam without the consent of a parent or guardian unless any of the following apply:

- A. Exigent circumstances exist. For example:
 - 1. A reasonable belief that medical issues need to be addressed immediately.
 - 2. It is reasonable believed that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
- B. A court order or warrant has been issued.

In all circumstances in which a suspected child abuse victim is contacted, it will be incumbent upon the investigating officer to articulate in the related reports the overall basis for the contact and what, if any, exigent circumstances exist.

Child Abuse

Any juvenile student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of school staff to be present. The purpose of the staff member's presence is to provide comfort and support and such staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship.

330.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- A. The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.
- B. The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.
- C. Any relevant statements the child may have made and to whom he/she made the statements.
- D. If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- E. Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
- F. Whether the child victim was transported for medical treatment or a medical examination.
- G. Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- H. Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- I. Previous addresses of the victim and suspect.
- J. Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.
- K. Applicable local protocol regarding child abuse investigations (RCW 26.44.180 et seq.).

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

330.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact CPS. Generally, removal of a child from his/her family, guardian or other responsible adult

Spokane Police Department

Spokane Police Department Policy Manual

Child Abuse

should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to CPS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (RCW 26.44.050):

- A. A court order has been issued authorizing the removal of the child.
- B. There is probable cause to believe that taking the child into custody is necessary to prevent imminent physical harm to the child due to child abuse or neglect, including that which results from sexual abuse, sexual exploitation, or a pattern of severe neglect, and the child would be seriously injured or could not be taken into custody if it were necessary to first obtain a court order (e.g., the child could be taken and concealed).

330.6.1 SAFE HAVEN LAW

A parent is not guilty of abandonment when leaving a newborn 72 hours old or younger with a qualified person at the emergency department of a licensed hospital or a fire station while personnel are present (RCW 13.34.360). The qualified person shall notify CPS. CPS shall assume custody of the newborn.

330.7 INTERVIEWS

330.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should **NOT** record a preliminary interview with suspected child abuse victims. When the child is under the age of ten (10), or is developmentally delayed, a CIS (Certified Child Interview Specialist) shall be utilized, unless it is absolutely necessary and immediate to ensure the child's safety. In most cases only a tactical interview should be conducted to determine the need for immediate L/E action. In cases where the child is between the ages of ten (10) and twelve (12), patrol officers must contact a law enforcement supervisor. When practical, that supervisor should consider consulting a CIS or their supervisor to determine the need for an immediate interview and its parameters. Law enforcement/CIS shall maximize the use of techniques that will elicit reliable information while minimizing the use of highly leading or coercive questions.

Child Abuse

Generally, child victims should not be interviewed by a CIS in the home or location where the alleged abuse occurred.

330.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- A. Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- B. A court order or warrant has been issued.

330.7.3 TRAINING REQUIREMENT

Only those members who have successfully completed Washington State Criminal Justice Training Commission (WSCJTC) sponsored training on interviewing child victims of sexual abuse shall participate in or conduct such interviews. Interviews of children who are suspected victims of sexual abuse will be conducted in compliance with the training standards set forth in RCW 43.101.224.

330.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

330.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

330.9.1 SUPERVISOR RESPONSIBILITIES

The Investigation Bureau Supervisor should:

Spokane Police Department

Spokane Police Department Policy Manual

Child Abuse

- A. Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- B. Activate any available interagency response when an officer notifies the Investigation Bureau Supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
- C. Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

330.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- A. Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- B. Notify the Investigation Bureau Supervisor so an interagency response can begin.

330.10 STATE MANDATES AND OTHER RELEVANT LAWS

Washington requires or permits the following:

330.10.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (RCW 42.56.240).

Records and information may be made available to multidisciplinary investigative team members as necessary for the performance of the member's duties as a member of the team. Records and information are subject to the same privacy and confidentiality restrictions as the person providing the information or records (RCW 26.44.175).

330.10.2 ARREST WITHOUT WARRANT

When an officer responds to a call alleging that a child has been subjected to sexual or physical abuse or criminal mistreatment and has probable cause that a crime has been committed, or the officer responds to a call alleging that a temporary restraining order or preliminary injunction has been violated, he/she has the authority to arrest the person without a warrant (RCW 10.31.100; RCW 26.44.130).

330.10.3 CASE SUBMISSION TO PROSECUTOR

The Spokane Police Department shall forward all cases of child abuse to the appropriate prosecutor when a crime may have been committed and (RCW 26.44.030):

- A. A child has died or has had a physical injury.

Spokane Police Department

Spokane Police Department Policy Manual

Child Abuse

- B. Injuries were inflicted upon a child other than by accidental means.
- C. A child has been subjected to alleged sexual abuse.

330.10.4 AGENCY COORDINATION

If this department responds to a complaint of alleged child abuse and discovers that another agency has also responded to the complaint, this department shall notify the other agency of its presence. The agencies shall coordinate the investigation and keep each other apprised of progress (RCW 26.44.035).

330.10.5 LOCAL CHILD ABUSE PROTOCOLS

The Investigation Bureau Supervisor should ensure that local child abuse protocols for the investigation of child abuse are available to those department members who have a role in child abuse investigations (RCW 26.44.180 et seq.).

330.10.6 CONFLICT OF INTEREST IN INVESTIGATIONS

An officer shall not participate as an investigator in a child abuse case concerning a child for whom he/she is, or has been, a parent, guardian or foster parent (RCW 26.44.190).

330.10.7 POSTING OF MANDATED REPORTER REQUIREMENTS

The Patrol/Precinct Major and Investigations/Administration Major shall ensure that the Department of Children, Youth, and Families poster regarding mandated reporting requirements for child abuse and neglect is posted in a member common area (RCW 26.44.030).

Missing Persons

332.1 PURPOSE AND SCOPE

It is the policy of the Spokane Police Department to investigate missing persons.

332.2 REPORTS/JURISDICTION

Unless otherwise outlined below, if the last known location of the missing person or juvenile runaway is outside the Spokane city limits, the reporting person will be referred to the jurisdiction where the subject was last seen/contacted and/or was last residing. The member taking the report will provide the reporting person with the appropriate agency contact information and/or facilitate the contact with the appropriate jurisdiction. A courtesy report will not be taken under the Spokane Police Department ORI.

Persons – Missing:

Reports are filed with the law enforcement agency which has jurisdiction over the location where the missing person was last contacted.

Reports of missing adults age eighteen (18) or older are taken by the department if credible information is provided that the adult was last seen or known to be within the Spokane city limits and meets the criteria for a required report.

Reports of missing children age twelve (12) and younger shall always be handled as missing persons and are taken if credible information is provided that the child was last seen or known to be within the Spokane city limits

- If, based on a local history search, a child age twelve (12) and younger has been reported missing multiple times prior, and it can be determined they are leaving of their own volition, the current report may be taken as a Persons – Runaway. This will be on a case by case basis and the previous instances of running away must be documented in the report.

Persons – Runaway:

Reports of juvenile runaways, age thirteen (13) to seventeen (17), presumed missing of their own volition are filed with the law enforcement agency with jurisdiction over the residence of that juvenile, unless there are other mitigating factors (i.e., juvenile ran away from drug/alcohol rehabilitation facility, or ran while out of town on vacation, etc.)

332.3 REQUIRED REPORTS

No waiting period is required to initiate a call about a missing person or juvenile runaway.

Persons – Runaway reports are always required.

Persons – Missing reports are required when a person of any age is reported missing for any period of time and falls into one or more of the following categories:

Spokane Police Department

Spokane Police Department Policy Manual

Missing Persons

- (a) The person has disappeared under unusual circumstances that would indicate a crime appears to be involved.
- (b) Missing under unexplained, involuntary or suspicious circumstances.
- (c) Missing person is believed to be in imminent danger because of age, health, mental/medical/physical disability, in combination with environmental or weather conditions, or it is believed that the person is unable to return to safety without assistance.
- (d) Juveniles age twelve (12) and under.
- (e) The person has walked away from a treatment program or other facility where they are placed involuntarily via court order or other documented means.

The reporting party must articulate the credible information that exists to corroborate the above circumstances and criteria.

332.4 UNACCEPTABLE REPORTS

It is unacceptable to take a Persons – Missing report on an adult, age eighteen (18) or older, based solely on the following circumstances:

- 1. When no credible information exists that the subject's last known location was within the Spokane city limits.
- 2. Parties seeking to monitor activity of family or friends, estranged or otherwise.
- 3. To confirm the welfare of a subject(s) who may be experiencing any of the following:
 - Subject does not regularly speak with the reporting party, who has not heard from the subject in weeks, months, or years.
 - Subject has mental or behavioral issues/disabilities; such as, schizophrenia, bipolar, paranoia, anxiety, ADHD, etc.
 - Subject is drug dependent or addicted to prescription medication and/or illegal substances.
 - Subject is experiencing homelessness or choosing to live a homeless lifestyle.

- 5. To locate persons solely for CPS/DCYF or APS contact, or in an effort to establish services for the subject.
- 6. To document a client leaving the premises of a facility at which placement is voluntary, missing curfew, not checking in with staff, etc.
- 7. To secure or furnish any information or evidence on which to base a divorce or any other civil action.
- 8. To locate persons who have overdue financial obligations.
- 9. To locate deserting spouses for any individual or public welfare agency.

Missing Persons

These calls will be documented in an ADULTM call for service and closed with a disposition of Crime Check Info Only, with a routing to the Major Crimes Unit for review and any necessary follow up.

332.5 SPOKANE REGIONAL EMERGENCY COMMUNICATIONS (SREC)

SREC (Crime Check) shall be responsible for:

Taking initial information and completing agency case reports, when appropriate, for incident types Persons – Missing and Persons – Runaway.

If a report meets criteria 332.3.a, 332.3.b, 332.3.c and 332.3.d under Required Reports, Crime Check can transfer those calls to Police Dispatch for officer response. (Criteria 332.3.e may accompany any of these, but will not initiate a transfer to Police Dispatch for officer response by itself.)

Calls not meeting the required report criteria will be documented in an ADULTM call for service and closed with a disposition of Crime Check Info Only, with a routing to the Major Crimes Unit for review and any necessary follow up.

If a reporting party provides information that the missing person is outside the Spokane City limits, Crime Check will provide the reporting party with contact information of the appropriate jurisdiction to complete the report.

332.6 COMMUNICATIONS CENTER

SPD Dispatch shall be responsible for:

Documenting/acknowledging initial information received from Crime Check and dispatching a Patrol unit to investigate when criteria 332.3.a, b, c and d under required reports are met. Criteria 332.3.e may accompany any of these, but will not initiate an officer response by itself.

If the information provided in the call for service does not meet the requirements for the subject to be listed as a missing person, the call will be returned to Crime Check to be documented as a call for service, as outlined above.

If a subject is found to be an active missing person or juvenile runaway, Dispatch will advise the officer of this over the air.

332.7 FIELD CONTACT

Patrol Response

Officers will be dispatched to calls of missing persons or juvenile runaways meeting the required report criteria outlined above.

Officers dispatched to a missing person or lost child age twelve (12) and under should contact the reporting persons(s) and:

- Verify whether the person meets the requirements to be listed as a missing person.

Spokane Police Department

Spokane Police Department Policy Manual

Missing Persons

- Obtain and/or confirm the name and description of the missing person or lost child.
- Determine where the missing person or child was last seen and how long ago.
- Update SPD Dispatch and any other responding units.
- Search the premises, including closets, under/in beds, refrigerators, freezers, crawl spaces, play areas, large containers, vehicle trunks, etc. for the lost child.
- Advise someone to stay home near the telephone in case the child returns and to advise SPD Dispatch as soon as the child has been found.
- When applicable, notify school authorities for verification and assistance if the child has failed to return home from school.
- Advise family members of biological samples for DNA collection, if available.
- Obtain any documents that may assist in the investigation, such as a court order regarding custody, along with any other evidence that may assist in the investigation, including personal electronic devices (e.g., cell phones, tablets, computer, etc.)

Officers shall complete a supplemental report to the original incident number documenting attempts to locate the missing person.

Officers shall notify the on duty supervisor if it appears a missing subject is:

- Age twelve (12) and under
- Missing involuntarily
- Missing under suspicious or unusual circumstances
- Is in, or appears to be in, a hazardous condition or situation, including medical emergencies.

It may be determined that a teletype or other bulletin should be sent out. If the missing person appears to be missing under suspicious circumstances, is in poor health, is reportedly suicidal, or considered dangerous, a teletype may be authored and forwarded to the Records Division to be sent out. For example, a missing Alzheimer's patient is believed to be headed to Tacoma from Spokane – the teletype would be addressed to the appropriate law enforcement agencies who may encounter the missing subject.

When circumstances permit and if appropriate, attempt to determine the missing person's location through his/her telecommunications carrier.

- Information may only be sought from a carrier in an emergency situation that involves the risk of death or serious physical harm.
- Members shall check NCIC or other available databases for a history of domestic violence or court order restricting contact, and verify through the Washington State Patrol (WSP) that the missing person is not participating in the address confidentiality program under RCW 40.24.030 et seq. Information obtained from NCIC, other databases, or WSP shall not be released except by court order.

Spokane Police Department

Spokane Police Department Policy Manual

Missing Persons

- Information received from a carrier is restricted and should only be released to first responders responding to the emergency situation.

If the missing subject cannot be located, supervisors should coordinate with the Public Information Office (PIO) to facilitate a media release being sent out.

- If the missing subject is thought to be missing of their own volition and there are no extenuating circumstances, a supervisor may decide to not involve the PIO for a press release.

Supervisors shall coordinate with the Communications Center if a BOLO bulletin is required, and WSP if an AMBER, SILVER, or ENDANGERED MISSING PERSON alert is needed. Initiation of SAR and CART may also be considerations.

Case Closure

Officers who have located a missing person, lost child, or juvenile runaway shall:

- Notify the Communications Center.
- Verify through the Records Division the missing person information is current.
- Ensure that the subject is reasonably safe.
- If not completed by the Communications Center, notify the reporting party in the initial report that the subject has been located.
- Make necessary transportation arrangements if subject is incapable.
- Complete appropriate settle documentation as the subject has been entered into NCIC as a missing person from the Crime Check report. A supplemental under the originating case number will suffice, unless a new report is required for the new incident.

Officer(s) will always settle a runaway or missing person case; there are no circumstances in which an existing report should be left open.

Officers should use discretion divulging information or whereabouts of the missing person (e.g., the person is over eighteen (18) and does not wish to have his/her location disclosed).

Report Procedures and Routing

Unless a case report is required for the new incident, officers shall complete a supplemental report to the original case number for the missing person or runaway report.

- If a missing subject cannot be located, officers shall document any attempts to locate the missing person with a supplemental under the original case number.
- If a missing subject is located, officers shall document how the subject came to be located.
- The Missing Person Settle form is not necessary, if a supplemental is completed.

Officers should promptly advise a supervisor as soon as the report is ready for review.

Missing Persons

332.8 FIELD SUPERVISOR RESPONSIBILITIES

The responsibilities of the supervisor shall include, but are not limited to:

- Reviewing and approving missing person reports, and supplemental reports upon receipt, so they are sent to the Records Division for processing in a timely manner.
- Ensuring resources are deployed as appropriate.
- Initiating a command post as needed.
- Ensuring applicable notifications and public alerts are made and documented.
- Taking reasonable steps to identify and address any jurisdictional issues to ensure cooperation among agencies.
- If the case falls within the jurisdiction of another agency, the supervisor should facilitate transfer of the case to the agency of jurisdiction.
- Consider initiating the "Child Abduction Response Plan" as outlined in the training bulletin by the same name. This option is available to field operations supervisors to be utilized when needed. This response plan includes contacts with the local FBI Resident Office. The FBI offers many resources that might aid in such a response and investigation. Those include, but are not limited to, the Cellular Analysis Survey Team (CAST) which can assist with the tracking of cellular phones and other electronic devices of the victim(s). Also included in the response plan as an optional technique is the initiation of an "informational checkpoint" to be established. These checkpoints are designed to seek information from citizens in the area in hopes of identifying witnesses, evidence or any other information that might lead to locating the victim of the abduction. The initiation of an "informational checkpoint" must be authorized at the DSO level. This requirement is also outlined under Policy 358, "Major Incident Notification – Command Emails and Notifications."

If foul play is immediately evident, the Patrol supervisor will contact the on call Major Crimes sergeant.

332.9 FOLLOW-UP RESPONSIBILITIES

The Major Crimes Unit is responsible for the follow up investigation on missing person cases after the initial response by patrol. Assignment of any cases will be determined by the Major Crimes Unit sergeants.

If foul play is immediately evident, the Patrol supervisor will contact the on call Major Crimes sergeant for response. Investigation will follow according to Major Crimes Unit procedures.

All reports of Persons – Missing and Persons – Runaway, as well as ADULTM calls for service closed with a disposition of Crime Check Info Only are reviewed. Reports that have been settled are documented and closed. Reports remaining open will be given to the Major Crimes sergeant for review and determination if any specific response is warranted. If circumstances become suspicious during the follow-up investigation, the sergeant is notified and they may assign a detective to the case.

All other reports will fall under the Standard Follow-Up Procedure. Also see SOP.

Missing Persons

332.10 CASE CLOSURE

A missing person or juvenile runaway case may be closed after review and consideration of the following by Major Crimes Unit supervisor:

- (a) When the missing person is confirmed returned or evidence matches an unidentified person or body.
- (b) Emancipation of a juvenile who has turned eighteen (18) years old while in an active runaway status.
- (c) The case can be made inactive/suspended if all investigative leads have been exhausted and no information provided can be corroborated.
- (d) The case can be closed/settled if the reporting party has refused to receive any attempted contact by the investigator and does not make any attempts to return contact to further the investigation of this report within thirty (30) days of making the report.

Any potential new leads should be followed up and the case reopened if the new information presented warrants active investigation as determined by the agency.

332.11 TRAINING

Subject to available resources, the Investigations Division Captain should ensure that members of this department whose duties include missing person investigations and reports receive appropriate training.

Public Alerts

334.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for alerting the public to important information and soliciting public aid when appropriate.

334.2 POLICY

Public alerts may be employed using the Emergency Alert System (EAS), local radio, television and press organizations and other groups to notify the public of incidents, or enlist the aid of the public, when the exchange of information may enhance the safety of the community. Various types of alerts may be available based upon each situation and the alert system's individual criteria.

334.3 RESPONSIBILITIES

334.3.1 MEMBER RESPONSIBILITIES

Members of the Spokane Police Department should notify their supervisor, Shift Commander or Investigation Bureau Supervisor as soon as practicable upon learning of a situation where public notification, a warning or enlisting the help of the media and public could assist in locating a missing person, apprehending a dangerous person or gathering information.

334.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor apprised of the need for a public alert is responsible to make the appropriate notifications based upon the circumstances of each situation. The supervisor shall promptly notify the Chief of Police, the appropriate Major and the Public Information Officer when any public alert is generated.

The supervisor in charge of the investigation to which the alert relates is responsible for the following:

- (a) Updating alerts
- (b) Canceling alerts
- (c) Ensuring all appropriate reports are completed
- (d) Preparing an after-action evaluation of the investigation to be forwarded to the Major.

334.3.3 PUBLIC ALERT REPORTING OFFICER RESPONSIBILITIES

The Chief of Police should designate a public alert reporting officer, who is responsible for:

- (a) Remaining familiar with the protocols for activating, maintaining and cancelling all applicable public alerts.
- (b) Being the point of contact with the Washington AMBER Alert Advisory Committee.
- (c) Ensuring the Department has members who have completed the appropriate training.

334.4 WASHINGTON STATEWIDE AMBER ALERT™ PLAN

The AMBER Alert™ Plan is a voluntary partnership between law enforcement, state government agencies, broadcasters and other participants to rapidly disseminate information to enhance the public's ability to assist in recovering abducted children (RCW 13.60.010).

The Spokane Police Department participates in this partnership and may initiate an AMBER Alert to disseminate information to the public when the criteria for an AMBER Alert are met.

334.4.1 ALERT CRITERIA

The following criteria must exist prior to requesting an AMBER Alert:

- (a) The child is under 18 years of age, is known to have been abducted, and is not a runaway or abandoned child.
- (b) The abducted child is believed to be in danger of death or serious bodily injury.

Upon separation from the Spokane Police Department **for any reason**, including termination, resignation, or retirement, the department shall notify the Commission within 15 days of the separation date on a personnel action report form provided by the Commission (RCW 43.101.135).

If the department accepts an officer's resignation or retirement in lieu of termination, the department shall report the reasons and rationale in the information provided to the Commission, including the findings from any internal or external investigations into alleged misconduct.

In addition to those circumstances above and whether or not disciplinary proceedings have been concluded, the department shall:

- Notify the Commission within 15 days of learning of the occurrence of any death or serious injury caused by the use of force by an officer or any time an officer has been charged with a crime.
- The department shall notify the Commission within 15 days of an initial disciplinary decision by the department for alleged behavior or conduct by an officer that is noncriminal and may result in revocation of certification pursuant to RCW 43.101.105.

To better enable the Commission to act swiftly and comprehensively when misconduct has occurred that may undermine public trust and confidence in law enforcement, if the totality of the circumstances support a conclusion that the officer resigned or retired in anticipation of discipline, whether or not the misconduct was discovered at the time, and when such discipline, if carried forward, would more likely than not have led to discharge, or if the officer was laid off when disciplinary investigation or action was imminent or pending which could have resulted in the officer's suspension or discharge, the department shall conduct the investigation and provide all relevant information to the Commission as if the officer were still employed by the agency.

Disciplinary Policy

Upon request of the Commission, the department shall provide such additional documentation or information as the Commission deems necessary to determine whether the separation or event provides grounds for suspension or revocation.

It is prohibited for a member to allow an unauthorized user to access the computer system at any time or for any reason. Members shall promptly report any unauthorized access to the computer system or suspected intrusion from outside sources (including the Internet) to a supervisor.

342.7 INSPECTION OR REVIEW

A supervisor or an authorized designee has the express authority to inspect or review the computer system, all temporary or permanent files, related electronic systems or devices, and any contents thereof, whether such inspection or review is in the ordinary course of his/her supervisory duties or based on cause.

342.9 COMPUTER AND COPIER HARD DRIVES

The Spokane Police Department handles sensitive law enforcement related data and information. This information is often stored on computers, copiers and other devices owned by the Police department.

Once a device, copier or computer is to be taken out of service by the department, the hard drive within that device must be destroyed in compliance with guidelines set forth by the following governing agencies, policies or laws. Federal mandates require compliance with stringent laws such as the Health Insurance Portability and Accountability Act (HIPPA), the Gramm-Leach-Bliley Act (GLB), Personal Information and Protection and Electronics Documents Act (PIPEDA), and the Sarbanes-Oxley Act (SOX) to protect medical, consumer, personal and financial records, respectively. Additionally, government agencies must comply with security-relevant policies, such as DISA's Security Technical Implementation Guide Requirements, NSTISSP #11 and DOD Directive 8500. FIPS Pub-199 will act as the policy regarding security categorization levels.

To meet these requirements, the internal hard drives will be removed and gathered by TARU, recorded by serial number and delivered to the Office of Professional Standards. The Office of Professional Standards will complete an audit, and conduct or witness departmental computer hard drive destruction and verify departmental compliance with the standards set forth. The Office of Professional Standards will retain the necessary records.

Electronic Reporting

343.1 PURPOSE AND SCOPE

The accurate and timely reporting of police reports and information is a primary function and duty of law enforcement. The appropriate use of technology in accomplishing that function requires standard usage and policy. While this policy is specific to the New World Mobile product, the principles and practices should be extended to any electronic method of report documentation.

343.2 DEFINITIONS

New World Mobile: A "Client/Server" relational database computer program. This program allows you to write, collect, store, sort, and retrieve data for cases and then print the case information onto forms or reports.

LERMS (Law Enforcement Records Management System): The central database repository where reports are stored.

Modules: Individual areas within New World Mobile for performing different tasks, such as Mapping, My Call, Call List, Unit Status, Vehicle Inquiry, Field Reporting, etc.

Field Reporting: The module in Mobile where reports are written, stored, sorted, submitted, and approved. Reports can be searched for within this module.

NIBRS (National Incident Based Reporting System): An incident-based reporting system used by law enforcement agencies for collecting and reporting data on crimes. NIBRS data is collected in field reports and NIBRS reports are generated in LERMS.

Report Status: A report can be viewed in any state or "STATUS":

- A. WORK IN PROGRESS – The author has not yet submitted the report for approval
- B. SUBMITTED – The report has been submitted for approval to a Supervisor
- C. UNDER REVIEW – The report is being reviewed by a Supervisor
- D. ACCEPTED – The report has been approved and is waiting to be Merged
- E. MERGED – The report passed Merge error checks and has been stored in LERMS
- F. REJECTED – A Supervisor has returned the report to the author for correction
- G. M-REJECTED – The report did not pass Merge error checks and was returned to the Supervisor Approval queue

Review Group: A label attached to a report based on the author's current duty assignment. Supervisors can filter reports by Review Group to see only the reports for their division, unit, or precinct.

Sticky Notes: Temporary notes attached by report authors, supervisors and/or Merge operators to specific fields in a report form. This allows communication between report authors and reviews regarding the content of that field. Sticky Notes are deleted automatically during the Merge process.

Electronic Reporting

343.3 ELECTRONIC REPORTING

All officers and detectives are expected to be proficient in the use of the Field Reporting module, and will be required to attend New World Mobile training.

Officers should complete incident reports prior to the end of shift. If an officer is unable to complete a report immediately, they can save it to be completed later (see § 344.6, Delayed Reporting Writing). Delayed reporting necessitates supervisory approval.

343.4 DISTRIBUTING REPORTS

The Records Division will continue to be the main source for the distribution of police reports. No copies of Work In Progress or Submitted (i.e. unapproved) reports will be used as a work product. If the Records Division, Investigations, or Administration needs a copy of one of these reports, a supervisor will be notified.

343.5 WRITING REPORTS

- A. When an officer has completed a report, they will submit that report for supervisor approval.
- B. Officers will properly shut down all computer applications and turn off their assigned laptop at the end of their shift. Officers not assigned take-home cars will place their computer in the laptop cabinets for storage. Officers will not take the laptops home without supervisory authorization nor will they leave the laptops in a patrol vehicle once they have secured. Officers assigned take-home cars will not leave their laptops in their patrol vehicle at their residence, unless the laptop is locked in the car dock.
- C. When multiple officers are writing reports for the same incident, only the primary officer will write the original Case Report. If an arrest was made, only the primary officer should list the Offenses in his report. All other officers will use the Case Supplement Form located in the Field Reporting module.
- D. At the start of every shift, officers will be responsible to check the Field Reporting module for Rejected reports.
- E. At the start of every shift, supervisors will be responsible for checking the Field Reporting module for M-Rejected reports of officers from his/her team.
- F. At the end of every shift, officers will check the Field Reporting module to insure all completed reports have been submitted for approval. All arrest reports must be approved prior to securing at the end of shift.

343.6 APPROVAL PROCESS

- A. Patrol Supervisors will review Submitted reports for Patrol Review Groups. Precinct supervisors should review reports by those in their chain of command when possible. Investigations Supervisors will review Submitted reports for Investigations Review Groups. Supervisors should review reports periodically during their shift and approve or return as many Submitted reports as possible before the end of their shift.

Spokane Police Department

Spokane Police Department Policy Manual

Electronic Reporting

- B. If reports are correct and complete, the supervisors will approve the report.
- C. Supervisors will electronically return insufficient reports to the officer. The supervisor will use Sticky Notes to inform the officer of the additional information needed to complete the report. To expedite the return process, the approving supervisor is encouraged to notify the officer via Chat or email that his/her report is being returned.
- D. All arrest reports must be approved by a supervisor prior to the end of the officers' shift.
- E. If an arrest report is to be returned and the officer cannot be reached, the supervisor reviewing the report will create a Case Supplement report explaining the reason the report is insufficient prior to approving the insufficient report. The reviewing supervisor will notify the officer's supervisor that the officer left prior to getting the arrest report approved.
- F. Supervisors shall not approve their own reports. Reports written by supervisors shall be approved by a supervisor of equal or higher rank.

343.7 CORRECTING APPROVED REPORTS

- A. During the Merge process, an approved report is reviewed by the Records Division for NIBRS and other reporting errors. For NIBRS errors, the Records Division is authorized to make certain corrections. If the Records Division cannot make a required correction, then:
 - 1. The Records Specialist will attach a Sticky Note(s) listing the required corrections and M-Reject the report back to the Supervisor Approval queue.
 - 2. Supervisors will complete an error check on the M-Rejected report and review the Sticky Note(s) to determine if the requested corrections are accurate and required. If the corrections are necessary, then:
 - (a) For minor NIBRS or other statistical corrections (not related to offenses nor officer narratives), supervisors may make the corrections themselves and approve the report; or
 - (b) Supervisors will return the report back to the reporting officer for correction.

343.8 AUDIT PROCESS

The Records Division will conduct audits to determine the following:

- Ensure case supplemental reports are attached to the case reports
- Ensure customers are receiving documents

343.9 REQUEST FOR INCIDENT CLASSIFICATION REVIEW

Request for Incident Classification Review

The following protocol is applicable to all Commissioned Supervisors and pertains to previously APPROVED reports.

Spokane Police Department

Spokane Police Department Policy Manual

Electronic Reporting

If any Police Service Area (PSA) Captain, or any other supervisor, would like to have an incident classification reviewed in order change that classification (upgrade or downgrade) they will complete the Onbase "Request for Incident Classification Review" form and submit the request to the Admin Captain.

The Admin Captain will review the Request for Incident Classification Review (RICR), and will either approve or deny the request. If approved, the Admin Captain will forward an Onbase Report Correction Request to both the Officer and their supervisor. If the RICR is rejected, no Report Correction Request is sent and no changes are made to the incident classification.

In the event that any supervisor discovers any erroneous information, excluding incident classification, on any incident report they will notify the Records Specialist of the error. The Records Specialist will cause notification to be sent to the Officer for correction.

Audit

Auditing for both the Request for Incident Classification Review and Report Correction Requests will be a function of the Internal Affairs Unit. The frequency of an audit involving these forms will be determined by the Internal Affairs Unit.

Report Preparation

344.1 PURPOSE AND SCOPE

Report preparation is a major part of each officer's job. The purpose of reports is to document sufficient information to refresh the officer's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized training and on-the-job training.

344.1.1 REPORT PREPARATION

Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who generate reports on computers are subject to all requirements of this policy.

Reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard, or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

Addition of Perjury Statement to Police Reports

All Spokane Police reports are expected to be true and accurate to the best of the writer's knowledge and ability. This includes the reporting of statements given by victims, witnesses and suspects. While adding the State recognized declarant or perjury statement will not make it less likely officers will have to appear in court, police reports may be considered an official declaration and may be considered by the court for probable cause findings and other preliminary determinations that do not require the presence and live testimony of the officer.

RCW 9A.72.085 specifies that the declarant statement read:

"I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct."

All police reports with a narrative portion shall include the above language.

344.2 REQUIRED REPORTING

Written reports are required in all of the following situations on the appropriate department approved form unless otherwise approved by a supervisor.

The original report should be returned to the reporting employee for correction as soon as practical. 344.5 REPORT CHANGES OR ALTERATIONS

Reports that have been approved by a supervisor and submitted to the Records Division and entered into LERMS shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been entered into LERMS by the Records Division may be corrected or modified by the authoring officer only with the knowledge and authorization of a supervisor.

344.6 DELAYED REPORT WRITING

This section formalizes the process for delaying the writing of certain miscellaneous reports. This will also allow the officer the opportunity to do follow-up investigation. Utilizing this procedure will reduce overtime costs, allow officers more time to complete their reports and make this process more compatible with the demands for service. In order to delay the writing of an incident report, officers shall:

- A. Contact the supervisor, advise of the type of report and ask for permission to delay its completion.
- B. Upon the next work shift, complete the report in full. The following reports shall not be delayed:

348.7.1 EXPERT WITNESS

Employees are not to testify as an expert witness or request or accept any fees for appearing in court without authorization from the Chief of Police.

Court Preparation and Appearance by Former Employees

349.1 PURPOSE AND SCOPE

This policy sets forth the guidelines used when an employee who leads a major criminal investigation, leaves the department prior to the matter reaching resolution in court. The role of the primary investigator in major criminal cases is essential to completing the work of the police department and bringing major cases to justice. Due to the time spent processing the crime scene and interviewing victims, witnesses and suspects, the primary investigator has an unparalleled knowledge of the case. Therefore, it is often essential that the primary investigator, even if no longer an employee, be the primary witness and representative for the case.

349.2 POLICY

This department, when practical, will hire former employees to assist with the prosecution of major criminal cases. The former employee will be hired and paid under a “temp-seasonal employee” status similar to background investigators used by the Police Training Center. The rate of pay will be the same.

349.3 PROVISIONS AND RESTRICTIONS

The following factors are used to evaluate and determine the utilization of a former employee. The factors may be waived by the Investigation Bureau Commander.

- The employee must have left under good standing.
- The case must be a Class A or B felony.
- The case must be of a significant nature/impact.
- The employee must have been the lead investigator.
- The prosecutor must request the investigator’s service.
- The investigator must be deemed crucial to the case by the Bureau Captain.
- The employee must adhere to Departmental policy and procedures while under “temp-seasonal” status.
- Any potential issues related to compensation under this policy and its effect on retirement benefits are solely the responsibility of the former employee to investigate and resolve.

The Shift Commander shall attempt to make the notifications as soon as practical. The Shift Commander shall call the DSO after hours or on weekends, or the appropriate authority during business hours on work days, by phone on **ALL EVENTS IN BOLD**.

Death Investigation

360.1 PURPOSE AND SCOPE

It is the policy of the Spokane Police Department to respond, document, and investigate incidents where a person is deceased. Investigations involving the death of a person, including those from natural causes, accidents, workplace incidents, suicide, and homicide, shall be initiated, conducted, and properly documented.

The purpose of this policy is to provide guidelines for situations where officers initially respond to and investigate the circumstances of a deceased person. Some causes of death may not be readily apparent and some cases differ substantially from what they appear to be initially. The thoroughness of death investigations cannot be emphasized enough and use of appropriate resources and evidence gathering techniques is critical.

360.2 INVESTIGATION CONSIDERATIONS

Emergency medical services shall be called in all suspected death cases unless death is obvious (e.g., decapitated, decomposed).

A supervisor shall be notified as soon as possible to assist and provide appropriate personnel and resources. The on-scene supervisor should determine whether follow-up investigation is required and notify the Investigative Services Bureau as necessary. The Shift Commander will make notification to command staff in accordance with the Major Incident Notification Policy.

360.2.1 MEDICAL EXAMINER JURISDICTION OVER REMAINS

The Medical Examiner has jurisdiction of bodies of all deceased persons who come to their death suddenly in any of the following cases (RCW 68.50.010):

- (a) When in apparent good health without medical attendance within the thirty-six hours preceding death.
- (b) Where the circumstances of death indicate death was caused by unnatural or unlawful means.
- (c) Where death occurs under suspicious circumstances.
- (d) Where a Medical Examiner's autopsy or postmortem or Medical Examiner's inquest is to be held.
- (e) Where death results from unknown or obscure causes.

360.2.2 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented on the appropriate form. All death investigations shall have photographs taken of the deceased to document injury or the lack thereof, as well as the scene. If photographs are not taken, officers shall document why. If the Major Crimes Unit is responding, photographs can be taken once they are on scene.

- A. Safeguarding property at the scene of the death
 1. Whenever personal property of significant value is discovered at a death scene, the Medical Examiner shall be advised.
 2. The documentation and collection of personal property at the death scene is a primary responsibility of the Medical Examiner.
 3. Items of personal property determined to be evidence by the on-scene investigating officer will be handled in accordance with evidence policy and procedures.
 4. The search for and inventory of personal property at a death scene will take place only when witnesses are available.
 5. Personal property and/or realty may be left under the control of the next-of-kin. If a next-of-kin is not available, reasonable security precautions should be taken to safeguard the property.
 6. The officer shall include in the incident report the action taken regarding personal property.

360.2.3 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the officer shall take steps to protect the scene. The Investigation Bureau shall be notified to determine the possible need for an investigator to respond to the scene.

After consultation with the Shift Commander or Investigation Bureau supervisor, if the manner of death is unknown, the investigation shall proceed as though it is a homicide.

The investigator assigned to investigate a homicide or death that occurred under suspicious circumstances may, with the approval of the investigator's supervisor, request the Medical Examiner to conduct physical examinations and tests, and to provide a report.

Death Investigation

360.2.4 INDIGENOUS PERSONS.

Upon knowledge that the remains are of an indigenous person, officers shall cooperate with the Medical Examiner's Office in their attempt to identify and contact, as soon as practicable, family members and any affected tribes, tribal organizations, and communities prior to removal or disturbance of the remains, except where deemed necessary by the Medical Examiner and officers in the interest of safety or to preserve evidence for any ongoing criminal investigation. Efforts shall include attempts to facilitate contact through the Washington State Patrol regional liaison for missing and murdered indigenous persons pursuant to RCW 43.43.874 within 10 days of the Medical Examiner having jurisdiction over the remains (RCW 68.50.325).

If contact is successfully made, the Medical Examiner shall afford an opportunity for a family member or a representative from any affected tribes, tribal organizations, or communities to visit the remains for the purpose of conducting any spiritual practices or ceremonies to honor or recognize the indigenous person's passing. A family member or representative's activities may not interfere with or jeopardize the integrity of any ongoing criminal investigation. The Medical Examiner and the lead investigator must provide the family member or representative with a list containing any conduct the family member or representative is prohibited from doing when interacting with the remains, including an explanation of why the conduct is prohibited. The family member or representative may not conduct any practices or ceremonies until the Medical Examiner and the lead investigator provide their authorization. (RCW 68.50.325).

360.2.5 EMPLOYMENT-RELATED DEATHS OR INJURIES

Any member of this department who responds to and determines that a death, serious illness, or serious injury has occurred as a result of an accident at or in connection with the victim's employment should ensure that the regional Washington Division of Occupational Safety and Health (DOSH) office is notified of all pertinent information.

360.3 UNIDENTIFIED DEAD BODY

If the identity of a dead body cannot be established, the Medical Examiner issues a unique identifying number for the body. The number shall be included in any report.

360.4 DEATH NOTIFICATION

When reasonably practicable, and if not handled by the Medical Examiner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer or detective assigned to the incident. The Chaplains Program may assist the Medical Examiner's Office in making notification to next of kin or when requested by law enforcement. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification.

If a deceased person has been identified as a missing person, this department shall attempt to locate family members and inform them of the death and location of the deceased missing person's remains. All efforts to locate and notify family members shall be recorded in appropriate reports.

Identity Theft

362.1 PURPOSE AND SCOPE

The purpose of this policy is to provide employees with protocols for accepting, recording, and investigating the crime of identity theft. Identity theft is one of the fastest growing and most serious economic crimes in the United States for financial institutions, businesses, organizations and persons whose personal identifying information (PII) has been illegally used. It can also be a tool that terrorists and those who are attempting to evade the law can use to their advantage. Therefore, the Spokane Police Department shall take those measures necessary to record criminal complaints, assist victims in contacting other relevant investigative and consumer protection agencies, and work with other federal, state and local law enforcement and reporting agencies to identify perpetrators.

362.2 DEFINITIONS

Identity Theft: No person may knowingly obtain, possess, use, or transfer a means of identification or financial information of another person, with the intent to commit, or to aid or abet, any crime.

Person: To include any natural person and, where relevant, a corporation, joint stock association, or an unincorporated association.

Financial information: Any of the following information identifiable to the individual that concerns the amount and conditions of an individual's assets, liabilities, or credit: Account numbers and balances; transactional information concerning an account; codes, passwords, social security numbers, tax identification numbers, driver's license or permit numbers, state identicard numbers issued by the Department of Licensing, and other information held for the purpose of account access or transaction initiation.

Means of Identification: Information or an item that is not describing finances or credit but is personal to or identifiable with an individual or other person, including: A current or former name of the person, telephone number, an electronic address, or identifier of the individual or a member of his or her family, including the ancestor of the person; information relating to a change in name, address, telephone number, or electronic address or identifier of the individual or his or her family; a social security, driver's license, or tax identification number of the individual or a member of his or her family; and other information that could be used to identify the person, including unique biometric data.

Personal Identifiable Information (PII): information that can be used to distinguish or trace an individual's identity, either alone or when combined with other personal or identifying information that is linked or linkable to a specific individual. Some information that is considered to be PII is available in public sources such as telephone books, public Web sites, and university listings. This type of information is considered to be Public PII and includes, for example, first and last name, address, work telephone number, email address, home telephone number, and general educational credentials. The definition of PII is not anchored to any single category of

Identity Theft

information or technology. Rather, it requires a case-by-case assessment of the specific risk that an individual can be identified. Non-PII can become PII whenever additional information is made publicly available, in any medium and from any source, that, when combined with other available information, could be used to identify an individual. (U.S. Code § 200.79)

362.3 JURISDICTION

Identity theft is punishable under federal law "when any person knowingly transfers or uses, without lawful authority, a means of identification of another person with the intent to commit, or to aid or abet, any unlawful activity that constitutes a felony under any applicable state or local law and state law" (18U.S.C. 1028(a)(7)).

Identity theft is punishable under Washington State law RCW 9.35.020.

The crime will be considered to have been committed in any locality where the person whose means of identification or financial information was appropriated resides, or in which any part of the offense took place, regardless of whether the defendant was ever actually in that locality.

362.4 REPORTING

- A. In an effort to maintain uniformity in reporting, officers presented with the crime of identity theft shall initiate a report for victims residing within the jurisdiction of this department. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:
 - 1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.
- B. While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the related crime occurred and is reported in this jurisdiction).
 - 1. Fully record information concerning criminal acts that may have been committed illegally using another's personal identity as covered by state and federal law.
 - 2. If the victim has filed a report with the Federal Trade Commission, a copy of that report may be attached to the police report, documenting the details of the identity theft.
 - 3. Obtain or verify as appropriate, identifying information of the victim, which may include date of birth, social security number, driver's license number, other photo identification, current and most recent prior addresses, telephone numbers, fingerprint and photograph.
 - 4. Document the nature of the fraud or other crimes committed in the victim's identity.

Spokane Police Department

Spokane Police Department Policy Manual

Identity Theft

5. Determine which types of personal identifying information may have been used to commit these crimes (i.e., social security number, driver's license number, birth certificate, financial account information, etc.) and whether any of these have been lost, stolen or potentially misappropriated.
6. Document any information concerning where the crime took place, the financial institutions or related companies involved and the residence or whereabouts of the victim at the time of these events.
7. Determine whether the victim has knowledge or belief that a specific person or persons have used the victim identity to commit fraud or other crimes.
8. Determine whether the victim is willing to assist in the prosecution of suspects identified in the crime.
9. Determine if the victim has filed a report of the crime with other law enforcement agencies and whether such agency provided the complainant with a report number.
10. Determine whether or not the victim was a relatively recent victim of a precipitating crime, i.e. vehicle prowling, vehicle theft, mail theft, burglary, etc. If so, cross reference the identity theft report with the original data acquisition report.
11. If not otherwise provided, document/describe the crime, the documents or information used, and the manner in which the victim's identifying information was obtained.
12. Forward the report through the chain of command to appropriate investigative officers and immediately to intelligence agencies and federal agencies, if it appears to have national security implications.

362.5 ASSISTING VICTIMS

Officers taking reports of identity theft should take those steps reasonably possible to help victims resolve their problem. This may include providing victims with the following suggestions where appropriate.

- A. Provide the victim with information regarding the Federal Trade Commission Identity Theft Recovery Packet found at www.identitytheft.gov.
- B. Provide the victim with the SPD case number and instructions on how to obtain a copy of the report.
- C. Provide the identity theft victim with the opportunity and/or information if applicable to have their information entered into the NCIC Identity Theft Victim file, see below.
- D. Advise the victim to cancel each compromised credit or debit card.
- E. Advise the victim to contact any financial institutions to cancel existing, compromised or potentially compromised accounts.

Spokane Police Department

Spokane Police Department Policy Manual

Identity Theft

- F. Recommend the identity theft victim file a "fraud alert" by contacting each of the three major consumer reporting agencies and to add a victim's statement requesting creditors contact the victim before opening new accounts in the victim's identity.
- G. Advise the identity theft victim of their right to obtain a "security freeze", per Washington State Law, RCW 19.182.170. The freeze prevents the victim's credit file from being shared with potential creditors. Each of the three major credit reporting agencies must be contacted in writing with a proof of identity and a copy of the police report.
- H. Advise the victim of their right to obtain information and documentation regarding any transactions conducted using his or her identity by unauthorized persons, per the Fair Credit Reporting Act, FCRA 609(e).
- I. Suggest the victim report the incident to the Federal Trade Commission (FTC at 1-877-IDTHEFT) or on-line www.identitytheft.gov which acts as the nation's clearinghouse for information related to identity theft crimes. The FTC has trained counselors that can assist in resolving credit related problems.

362.6 VOLUNTARY FINGERPRINTS

Whenever a person claiming to be a victim of identity theft appears before the Spokane Police Department and requests an impression of his or her fingerprints to be made:

- A. Spokane Police Department will refer the victim to Spokane County Forensics Unit to take fingerprints.
- B. Spokane County Forensics Unit will make the required copies of the impressions on forms marked "Voluntary Finger/Palm Print and Photo Submission form." The victim will be provided with the appropriate documents to forward to WSP (RCW 43.43.760).

362.7 INVESTIGATIONS

Investigations of identity theft shall include but not be limited to the following actions where appropriate:

- A. Review identity theft reports while reviewing the daily fraud reports. If the victim has not received victim assistance/information, forward victim information if applicable. The identity theft victim will need victim information in order to correct the fraudulent accounts and activity(s) conducted in their identity.
- B. Review the assigned identity theft report and any other cross referenced or related incident reports.
- C. Encourage the victim to take identity theft recovery actions as outlined by the FTC. Contact other involved or potentially involved investigative departments within the Spokane Police Department as well as other law enforcement agencies for collaboration and avoidance of duplication.
- D. Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

Identity Theft

362.8 NCIC IDENTITY THEFT VICTIM FILE

Identity Theft Reports may be entered into the NCIC Identity Theft Victim File, pursuant to WSP ACCESS Manual Chapter 15.

- A. If the victim of identity theft wants their information entered into the NCIC Identity Theft File database, the following steps will be taken.
- B. Criteria: Someone is using a means of identification of the victim (denoted in the Identity Theft and Assumption Deterrence Act of 1998 as any name or number that may be used, alone or in conjunction with any other information, to identify a specific individual) without the victim's permission.
 - 1. The victim must have an identity theft report on file with law enforcement.
 - 2. The victim will provide adequate identification which may include the victim's name, date of birth, Social Security number, voluntary fingerprints and photographs to verify their identity.
- C. Procedure
 - 1. The victim and a commissioned officer must complete a victim profile (Identity Theft Consent Waiver) and select a unique password.
 - 2. The victim will be referred to the front desk officer who will then contact the Records Division and have the data entered into the NCIC Identity Theft File. Records shall conduct an annual audit of the file.
 - 3. During subsequent encounters by law enforcement, the Identity Theft Victim File will be automatically checked during WACIC/NCIC name checks. The officer will receive a response listing the victim profile, including the password, thereby providing the officer with the information necessary to verify that the person encountered is the victim or that the person may be using a false identity. The response should be considered along with additional information or a circumstance surrounding the encounter before the officer takes action.

362.9 COMMUNITY AWARENESS AND PREVENTION

Where reasonable and appropriate, officers engaged in public education/information forums, community crime prevention and awareness presentations, or similar speaking or information dissemination efforts, shall provide the public with information on the nature and prevention of identity theft.

Limited English Proficiency Services

368.1 PURPOSE AND SCOPE

Language barriers can sometimes inhibit or even prohibit individuals with limited English proficiency (LEP) from gaining meaningful access to, or an understanding of important rights, obligations and services. It is therefore the policy of this department to take all reasonable steps to ensure timely and equal access to all individuals, regardless of national origin or primary language (Title VI of the Civil Rights Act of 1964, § 601, 42 USC 2000d).

368.2 TYPES OF LEP ASSISTANCE AVAILABLE

This department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services, where available. LEP individuals may elect to accept interpreter services offered by the Department at no cost or choose to provide their own interpreter services at their own expense. Department personnel should document in any related report whether the LEP individual elected to use interpreter services provided by the Department or some other source. Department-provided interpreter services may include, but are not limited to the following assistance methods.

368.2.1 TELEPHONE INTERPRETER SERVICES

The department contracts with LanguageLine Services to assist department personnel in communicating with LEP individuals via telephones.

368.3 LEP CONTACT SITUATIONS AND REPORTING

Whenever any member of this department is required to complete a report or when other documentation and interpretation or translation services are provided to any involved LEP individual, such services should be noted in the related report.

Hearing Impaired/Disabled Communications

370.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

370.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters. Qualified interpreters should be certified pursuant to RCW 2.42.110.

370.2 POLICY

It is the policy of the Spokane Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

370.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Chief of Police or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

- (a) Working with the City ADA coordinator regarding the Spokane Police Department's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.

Spokane Police Department

Spokane Police Department Policy Manual

Hearing Impaired/Disabled Communications

- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Shift Commander and Communications Manager. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

370.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

370.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Spokane Police Department

Spokane Police Department Policy Manual

Hearing Impaired/Disabled Communications

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Spokane Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

370.6 TYPES OF ASSISTANCE AVAILABLE

Spokane Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

Hearing Impaired/Disabled Communications

370.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

370.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

370.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

Spokane Police Department

Spokane Police Department Policy Manual

Hearing Impaired/Disabled Communications

370.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

370.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

370.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

370.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

Spokane Police Department

Spokane Police Department Policy Manual

Hearing Impaired/Disabled Communications

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

370.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

370.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter.

Spokane Police Department

Spokane Police Department Policy Manual

Hearing Impaired/Disabled Communications

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

370.15 ARRESTS AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

370.16 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the City's ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

370.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

370.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

Spokane Police Department

Spokane Police Department Policy Manual

Hearing Impaired/Disabled Communications

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Training Lieutenant shall be responsible for arranging that sworn members complete training on communicating with people with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind, every five years.

370.18.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.
- (d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all Combined Communications Center members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur on a periodic basis.

A distinct uniform, badge and necessary equipment will be provided for the chaplains. This uniform may be similar to that worn by the personnel of this department.

Child and Dependent Adult Safety

380.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

380.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Spokane Police Department will endeavor to create a strong cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

380.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Spokane Police Department

Spokane Police Department Policy Manual

Child and Dependent Adult Safety

380.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered, children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify the Department of Social and Health Services, if appropriate.
- (e) Notify the field supervisor or Shift Commander of the disposition of children and dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

Officers shall promptly notify Child Protective Services (CPS) whenever a child under 13 years of age is present in a vehicle and his/her parent, guardian or legal custodian is arrested for a drug or alcohol driving offense in accordance with the department Child Abuse Policy (RCW 26.44.250).

380.3.2 DURING THE BOOKING PROCESS

During the booking process, the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any

Spokane Police Department

Spokane Police Department Policy Manual

Child and Dependent Adult Safety

child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

380.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Special needs (e.g., medical, mental health)
 - 5. How, where and with whom or which agency the child was placed
 - 6. Identities and contact information for other potential caregivers
 - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Whether he/she reasonably appears able to care for him/herself
 - 5. Disposition or placement information if he/she is unable to care for him/herself

380.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

380.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate.

Spokane Police Department

Spokane Police Department Policy Manual

Child and Dependent Adult Safety

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

Service Animal Policy

382.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Spokane Police Department recognizes this need and is committed to making reasonable modifications to its policies, practices, and procedures in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

382.2 SERVICE ANIMALS

The ADA defines a service animal as any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the owner's disability (28 CFR 35.104).

382.2.1 USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

Examples of how service animals may be used to provide assistance include:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors, or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities, or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

382.3 EMPLOYEE RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Spokane Police Department affords to all members of the public.

Spokane Police Department

Spokane Police Department Policy Manual

Service Animal Policy

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations, an officer may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability.

If it is apparent or if the officer is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the officer should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner into all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice.

Off-Duty Law Enforcement Actions

386.1 PURPOSE AND SCOPE

The decision to become directly involved in a law enforcement action when off-duty can place an officer as well as others at greater risk, and should be done with careful consideration.

This policy is intended to provide guidelines for officers of the Spokane Police Department with respect to taking law enforcement action while in an off-duty capacity.

386.2 POLICY

There is no legal requirement for off-duty officers to take direct law enforcement action. Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate any enforcement action when witnessing minor crimes. These minor crimes would include for example, suspected intoxicated drivers, reckless driving and minor property crimes. Incidents such as these should be promptly reported to the appropriate law enforcement agency by calling either Crime Check or 911. Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstances that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or serious property damage may take reasonable action to minimize the threat. When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

386.3 DECISION TO INTERVENE

The following list is not intended to be inclusive of every off-duty situation that may be presented to an officer.

Should an officer decide to intervene, they should evaluate whether the action is necessary or desirable, and should take into consideration the following:

- (a) The tactical disadvantage of being alone and the fact that there may be multiple or hidden suspects.
- (b) The inability to communicate developing information to other responding units.
- (c) The lack of needed equipment, e.g. handcuffs, OC, or baton.
- (d) The lack of proper cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the location or surroundings.
- (g) The potential for the off-duty officer to be misidentified by other law enforcement officers or members of the public.

Off-duty officers should consider waiting for on-duty, uniformed officers or deputies to arrive, while gathering as much accurate information as possible, instead of immediately intervening.

Spokane Police Department

Spokane Police Department Policy Manual

Off-Duty Law Enforcement Actions

386.3.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary, the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as a Spokane Police Department officer until acknowledged. Official identification should also be displayed.

386.3.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

386.3.3 CIVILIAN RESPONSIBILITIES

Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

386.3.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer or deputy in public, uniformed officers should wait for acknowledgment by the non-uniformed officer/deputy in case he/she needs to maintain an undercover capability.

386.4 REPORTING

Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Shift Commander as soon as practicable. The Shift Commander shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Extreme Risk Protection Orders

387.1 PURPOSE AND SCOPE

Purpose

An Extreme Risk Protection Order (ERPO) orders a person who is at high risk of harm to self or others to surrender their firearms and directs that person not to access or possess firearms. Sometimes referred to as a "red flag" order, a court will issue an ERPO if it has been demonstrated that the person poses a significant danger, including by threatening or violent behavior. Temporarily removing firearms under these circumstances is an important tool to prevent suicide, homicide, and mass shootings.

ERPOs are commonly requested by a respondent's family members or friends, but law enforcement agencies may also file the petition for an ERPO when officers have information that a person poses a significant danger by the use of firearms. The order lasts for one year unless renewed and, while the order triggers a one-year state prohibition against firearms possession, it does not permanently deprive a person of their gun rights. Law enforcement agencies may obtain an emergency temporary ERPO to secure the immediate surrender of a person's firearms, but that emergency temporary ERPO lasts only until a hearing can be held. Notice to the respondent and a hearing are required before a full (1-year) ERPO can be issued.

Scope

This policy outlines the procedures for filing an ERPO petition, and it also lays out the duties and responsibilities of law enforcement agencies to ensure that individuals who are ordered to surrender their firearms cannot access them, and that the firearms that are subject to an ERPO are safely surrendered, securely stored and properly accounted for.

387.2 POLICY

It is the policy of the Spokane Police Department to prevent violence and protect public safety by carrying out the statutory responsibilities of law enforcement agencies with respect to Extreme Risk Protection Orders. It is also the policy of the Spokane Police Department to petition the court for the issuance of an ERPO in appropriate situations when a person poses a significant danger of causing personal injury to self or others by having in their custody or control, purchasing, possessing, accessing, receiving, or attempting to purchase or receive, a firearm.

387.3 FILING A PETITION FOR AN EXTREME RISK PROTECTION ORDER

387.3.1 WHO MAY FILE

A petition for an ERPO may be filed by an intimate partner or a family or household member of the respondent. A petition for an ERPO may also be filed by a law enforcement officer on behalf of the law enforcement agency. RCW 7.105.100.

Spokane Police Department

Spokane Police Department Policy Manual

Extreme Risk Protection Orders

387.3.2 LAW ENFORCEMENT PETITIONERS

- A. Officers may file a petition for an ERPO after hours using an on-call, after-hours judge, as is done for approval of after-hours search warrants. RCW 7.105.110.
- B. The court is required to prioritize scheduling because of the importance of immediate temporary removal of firearms in situations of extreme risk and the goal of minimizing the time law enforcement must otherwise wait for a particular case to be called, which can hinder their other patrol and supervisory duties. RCW 7.105.200.
- C. Courts also may allow a law enforcement petitioner to participate remotely, or allow another representative from that law enforcement agency or the prosecutor's office to present the information to the court if personal presence of the petitioning officer is not required for testimonial purposes. RCW 7.105.200.

387.3.3 FORMS AND PROCESS FOR FILING A PETITION

Law enforcement officers should use the forms available on the department's SharePoint site (Documents, Extreme Risk Protection Orders, ERPO FULL PACKET)

The petition must do the following.

- Allege that the respondent poses a significant danger of causing personal injury to self or others by having in the respondent's custody or control, purchasing, possessing, accessing, receiving, or attempting to purchase or receive, a firearm. RCW 7.105.100(1)(e).
- Identify any known information about the firearms, such as the number, types, and locations of any firearms the petitioner believes to be in the respondent's current ownership, possession, custody, access, or control. RCW 7.105.100(1)(e).
- Attest that the law enforcement officer has notified the respondent's intimate partner, family or household members, and any known third parties who may be at risk of violence that the law enforcement agency intends to petition the court for an extreme risk protection order or has already done so, and that such notice includes referrals to appropriate resources, including behavioral health, domestic violence, and counseling resources. The petition must attest to having provided such notice, or to the steps that will be taken to provide such notice. RCW 7.105.110.

The officer must also complete a Law Enforcement and Confidential Information form, XR 105. This form is confidential and goes to Police Records for entry when they enter the order in the state-wide database.

387.3.4 TEMPORARY ERPOS

In some instances, it may be necessary for law enforcement to seek a temporary ERPO, which takes effect immediately, without notice to the respondent. A petition for temporary ERPO must allege that the respondent poses a significant danger of causing personal injury to self or others in the near future by having in the respondent's custody or control, purchasing, possessing, accessing, receiving, or attempting to purchase or receive, a firearm. RCW 7.105.330. If the court grants a temporary ERPO, the court will set a hearing to determine if a full ERPO should be issued. The respondent, who must be served with a copy of the petition and notice of the hearing, must

Spokane Police Department

Spokane Police Department Policy Manual

Extreme Risk Protection Orders

also be served with the temporary ERPO and is required to immediately surrender all firearms in their custody, control, or possession to law enforcement, and to surrender their concealed pistol license.

387.3.5 FULL ORDERS - EXTREME RISK PROTECTION ORDERS

A full ERPO is only issued after notice and a hearing is held. The order will include a description of the requirements for the surrender of firearms under RCW 7.105.340, including the statement that if they have not done so already, they must surrender to the local law enforcement agency all firearms in their custody, control, or possession, and any concealed pistol license issued to them under RCW 9.41.070 immediately.

387.3.6 THE COURT FORWARDS ALL ERPOS TO LAW ENFORCEMENT FOR PERSONAL SERVICE

- The clerk of the court shall electronically forward to the law enforcement agency (Police Records) the following documents on or before the next judicial day: a copy of the ERPO, the confidential information form, the petition for a protection order, and any supporting materials
- These documents are forwarded to the law enforcement agency in the county or municipality where the respondent resides, as specified in the order, for service upon the respondent. If the respondent has moved from that county or municipality and personal service is not required, the law enforcement agency specified in the order may serve the order. RCW 7.105.155.
- Service of an ERPO as well as other protection orders must take precedence over the service of other documents by law enforcement unless they are of a similar emergency nature. RCW 7.105.155.

387.4 LAW ENFORCEMENT REQUIRED TO PERSONALLY SERVE ALL ERPO PETITIONS, NOTICES OF HEARING & ORDERS

- A minimum of two timely attempts at personal service must be made, and first attempt must occur within 24 hours of receiving the order from the court whenever practicable, but not more than five days after receiving the order. RCW 7.105.155.
- If the first attempt is not successful, no fewer than two additional attempts should be made to serve the order, particularly for respondents who present heightened risk of lethality or other risk of physical harm to the petitioner or petitioner's family or household members. RCW 7.105.155.
- If service cannot be completed within 10 calendar days, the law enforcement officer shall notify the petitioner. The petitioner shall provide information sufficient to permit notification. Law enforcement shall continue to attempt to complete service unless otherwise directed by the court. In the event that the petitioner does not provide a service address for the respondent or there is evidence that the respondent is evading service, the law enforcement officer shall use law enforcement databases to assist in locating the respondent. RCW 7.105.155.

Spokane Police Department

Spokane Police Department Policy Manual

Extreme Risk Protection Orders

- All attempts at service must be documented on a proof of service form and submitted to the court in a timely manner. RCW 7.105.155. The form must include the date and time of service and each document that was served in order for the service to be complete, along with any details such as conduct at the time of service, threats, or avoidance of service, as well as statements regarding possession of firearms, including any denials of ownership despite positive purchase history, active concealed pistol license, or sworn statements in the petition that allege the respondent's access to, or possession of, firearms. RCW 7.105.155.

387.5 SURRENDER OF FIREARMS AND REVOCATION OF CPL - RCW 7.105.340

- The law enforcement officer serving an ERPO, temporary or full, shall request that the respondent immediately surrender all firearms in his or her custody, control, or possession, and any concealed pistol license issued under RCW 9.41.070.
- The law enforcement officer may conduct any search permitted by law for such firearms. The law enforcement officer shall take possession of all firearms belonging to the respondent that are surrendered, in plain sight, or discovered pursuant to a lawful search.
- At the time of surrender, a law enforcement officer taking possession of a firearm or concealed pistol license shall issue a receipt identifying all firearms that have been surrendered and provide a copy of the receipt to the respondent. Within 72 hours after service of the order, the officer serving the order shall file the original receipt with the court and shall ensure that his or her law enforcement agency retains a copy of the receipt.

387.6 INVESTIGATING RESPONDENT'S FAILURE TO SURRENDER

- Upon the sworn statement or testimony of the petitioner or of any law enforcement officer alleging that the respondent has failed to comply with the surrender of firearms as required by an order issued under this chapter, the court shall determine whether probable cause exists to believe that the respondent has failed to surrender all firearms in his or her possession, custody, or control.
- If probable cause for a violation of the order exists, the court shall issue a warrant describing the firearms and authorizing a search of the locations where the firearms are reasonably believed to be and the seizure of any firearms discovered pursuant to such search.

387.7 PROPERTY & EVIDENCE - ACCEPTANCE, STORAGE, RETURN, & DISPOSAL OF FIREARMS

All surrendered firearms must be handled and stored properly to prevent damage or degradation in appearance or function, and the condition of the surrendered firearms documented, including by digital photograph.

- A law enforcement agency holding any surrendered firearm or concealed pistol license shall comply with the provisions of RCW 9.41.340 and 9.41.345 before the return of

Spokane Police Department

Spokane Police Department Policy Manual

Extreme Risk Protection Orders

the firearm or concealed pistol license to the owner or individual from whom it was obtained.

- If an extreme risk protection order is terminated or expires without renewal, a law enforcement agency holding any firearm that has been surrendered pursuant to this chapter shall return any surrendered firearm requested by a respondent only after confirming, through a background check, that the respondent is currently eligible to own or possess firearms under federal and state law, and after confirming with the court that the extreme risk protection order has terminated or has expired without renewal.
- A law enforcement agency must, if requested, provide prior notice of the return of a firearm to a respondent to family or household members and to an intimate partner of the respondent in the manner provided in RCW 9.41.340 and 9.41.345.
- Any firearm surrendered by a respondent pursuant to RCW 7.105.340 that remains unclaimed by the lawful owner shall be disposed of in accordance with the law enforcement agency's policies and procedures for the disposal of firearms in police custody.

387.8 POLICE RECORDS - IMMEDIATE ENTRY REQUIRED INTO NICS AND OTHER LAW ENFORCEMENT COMPUTER-BASED SYSTEMS - RCW 7.105.350

The clerk of the court shall enter all ERPO's, temporary and full, into the statewide judicial information system on the same day such orders are issued and forward them immediately to the law enforcement.

- Upon receipt of the order, the law enforcement agency shall immediately enter the order into the national instant criminal background check system, any other federal or state computer-based systems used by law enforcement or others to identify prohibited purchasers of firearms, and any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants.
- The order must remain in each system for the period stated in the order, and the law enforcement agency shall only expunge orders from the systems that have expired or terminated. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any county in the state.
- The information entered into the computer-based criminal intelligence information system must include notice to law enforcement whether the order was personally served, served by electronic means, served by publication, or served by mail.
- If a law enforcement agency receives a protection order for entry or service, but the order falls outside the agency's jurisdiction, the agency may enter and serve the order or may immediately forward it to the appropriate law enforcement agency for entry and service, and shall provide documentation back to the court verifying which law enforcement agency has entered and will serve the order.

Spokane Police Department

Spokane Police Department Policy Manual

Extreme Risk Protection Orders

- Upon notification from the department of licensing that the respondent has a concealed pistol license and that the court has directed the revocation of the concealed pistol license, the law enforcement agency shall immediately revoke the license.
- If an extreme risk protection order is modified or terminated before its expiration date, the clerk of the court shall forward on the same day a copy of the termination order to the department of licensing and the law enforcement agency specified in the termination order. Upon receipt of the order, the law enforcement agency shall promptly remove the order from any computer-based system in which it was entered.

387.9 ENFORCEMENT AND PENALTIES - RCW 7.105.460

- Any person who files a petition for an extreme risk protection order knowing the information in such petition to be materially false, or with the intent to harass the respondent, is guilty of a gross misdemeanor. A person is guilty of a class C felony if the person has two or more previous convictions for violating an order issued under this chapter.
- Any person who has in his or her custody or control, accesses, purchases, possesses, or receives, or attempts to purchase or receive, a firearm with knowledge that he or she is prohibited from doing so by an extreme risk protection order is: (a) guilty of a gross misdemeanor, and further (b) is prohibited from having in his or her custody or control, accessing, purchasing, possessing, or receiving, or attempting to purchase or receive, a firearm for a period of five years from the date the existing order expires.

387.10 LIABILITY - RCW 7.105.575

No law enforcement officer may be held criminally or civilly liable for acts or omissions related to obtaining an ERPO or a temporary ERPO including, but not limited to, reporting, declining to report, investigating, declining to investigate, filing, or declining to file a petition, or making an arrest under RCW 7.105.450, if the officer acts in good faith.

Chapter 4 - Patrol Operations

Patrol Function

400.1 PURPOSE AND SCOPE

The purpose of this policy is to define the functions of the Patrol Division of the department to ensure intra-department cooperation and information sharing.

400.1.1 FUNCTION

Officers will generally patrol in clearly marked vehicles, patrol assigned jurisdictional areas of Spokane, respond to calls for assistance, act as a deterrent to crime, enforce state and local laws and respond to emergencies 24 hours per day, seven days per week.

Patrol will generally provide the following services within the limits of available resources:

- (a) Patrol that is directed at the prevention of criminal acts, traffic violations and collisions, the maintenance of public order, and the discovery of hazardous situations or conditions.
- (b) Crime prevention activities such as residential inspections, business inspections, community presentations, etc.
- (c) Calls for service, both routine and emergency in nature.
- (d) Investigation of both criminal and non-criminal acts.
- (e) The apprehension of criminal offenders.
- (f) Community oriented policing and problem solving activities such as citizen assists and individual citizen contacts of a positive nature.
- (g) The sharing of information between the Patrol and other Bureau's within the department, as well as other outside governmental agencies.
- (h) The application of resources to specific problems or situations within the community, which may be improved or resolved by community oriented policing and problem solving strategies.
- (i) Traffic direction and control.

400.2 PATROL INFORMATION SHARING PROCEDURES

The following guidelines are intended to develop and maintain intra-department cooperation and information flow between the various bureaus of the Spokane Police Department.

400.2.1 CRIME ANALYSIS UNIT

The Crime Analysis Unit (CAU) will be the central unit for information exchange. Criminal information and intelligence reports can be submitted to the Records Division for distribution to all Bureaus within the department through daily and special bulletins.

Spokane Police Department

Spokane Police Department Policy Manual

Patrol Function

400.2.2 CRIME REPORTS

It is the goal of the Spokane Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a thorough field interview (FI) card. The supervisor should ensure that all terrorism related FI's are forwarded to the CIU sergeant in a timely fashion.

400.2.3 PATROL ROLL CALL

Patrol supervisors, detective sergeants, and special unit sergeants are encouraged to share as much information as possible. All supervisors and/or officers will be provided an opportunity to share information at the daily patrol roll calls as time permits.

400.2.4 INFORMATION CLIPBOARDS

An information clipboard ("Hot Board") will be maintained in the sergeants' office and will be available for review by officers from all Bureaus within the department. The information on the "Hot Board" will be reviewed by each patrol team during daily patrol roll calls. Further information will be available to officers via the SPIN presentation and daily flyers in the roll call room.

Bias-Based Policing

402.1 PURPOSE AND SCOPE

This policy provides guidance to department members and establishes appropriate controls to ensure that employees of the Spokane Police Department do not engage in racial- or bias-based profiling or violate any related laws while serving the community.

402.1.1 DEFINITION

Definitions related to this policy include:

Racial- or bias-based profiling - An inappropriate reliance on factors such as race, ethnicity, national origin, religion, sex, sexual orientation, economic status, age, cultural group, disability or affiliation with any other similar identifiable group as a factor in deciding whether to take law enforcement action or to provide service.

402.2 POLICY

The Spokane Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly and without discrimination toward any individual or group.

Race, sex (including pregnancy, gender identity, and sexual orientation), age (40 or older), religion, creed, color, national origin, ancestry, disability, marital status, familial status, genetic information, veteran or military status shall not be used as the basis for providing differing levels of law enforcement service or the enforcement of the law.

402.3 RACIAL- OR BIAS-BASED PROFILING PROHIBITED

Racial- or bias-based profiling is strictly prohibited. Race alone is not enough to establish reasonable suspicion or probable cause. However, nothing in this policy is intended to prohibit an officer from considering factors such as race or ethnicity in combination with other legitimate factors to establish reasonable suspicion or probable cause (e.g., suspect description is limited to a specific race or group).

402.3.1 OTHER PROFILING PROHIBITED

The Spokane Police Department also condemns the illegal use of an individual or group's attire, appearance or mode of transportation, including the fact that an individual rides a motorcycle or wears motorcycle-related paraphernalia, as a factor in deciding to stop and question, take enforcement action, arrest or search a person or vehicle with or without a legal basis under the United States Constitution or Washington State Constitution (RCW 43.101.419).

402.4 MEMBER RESPONSIBILITY

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any known instances of racial- or bias-based profiling to a supervisor.

Spokane Police Department

Spokane Police Department Policy Manual

Bias-Based Policing

402.4.1 WHEN DEMOGRAPHIC PROFILING FORM IS REQUIRED

Officers shall report any demographic information required by the Department (RCW 43.101.410) in the following instances:

- A. **Traffic Stops** - A Demographic Profiling Form must be completed any time an officer stops a motor vehicle or conducts an inquiry of individuals in a stopped motor vehicle.
 - 1. A Demographic Profiling Form must be completed for the driver any time a traffic stop is initiated based on an infraction committed by the driver.
 - 2. A Demographic Profiling Form must be completed for any passenger, if the reason for the traffic stop is based on the actions of the passenger.
- B. **Pedestrian Stops** - A Demographic Profiling Form must be completed in connection with any stop for a pedestrian violation.
- C. **Investigatory Detention (Terry Stop)** - Where the officer has reasonable articulable suspicion to believe the individual is committing or has committed a crime, the officer may stop and detain the individual for a brief investigatory period. A Demographic Profiling Form **must be** completed if the officer initiated the stop. If the stop was related to a call for service, a Demographic Profiling Form **does not need** to be completed.

A Racial Data form does not need to be completed in the following instance:

Consensual Encounter - A police officer may approach any person in a public place and request to talk to them. So long as the person is free to leave, no seizure has occurred. In such instances, a Demographic Profiling Form **does not need to be completed**.

402.4.2 REASON FOR DETENTION

Officers detaining a person shall be prepared to articulate sufficient reasonable suspicion to justify the detention, independent of the individual's membership in a protected class.

In all written documentation (e.g., arrest report, Field Interview card), the involved officer should include those facts giving rise to the officer's reasonable suspicion or probable cause for the detention, as applicable.

402.5 SUPERVISOR RESPONSIBILITY

Supervisors shall monitor those individuals under their command for any behavior that may conflict with the purpose of this policy and shall handle any alleged or observed violation of this policy in accordance with the Personnel Complaints Policy.

- A. Supervisors should discuss any issues with the involved officer and his/her supervisor in a timely manner.
- B. Supervisors should periodically review MDC data, Racial Data Forms and police reports to ensure compliance with this policy.
 - 1. Supervisors should document these periodic reviews.
 - 2. Recordings that capture a potential instance of racial- or bias-based profiling should be appropriately retained for administrative investigation purposes.

Spokane Police Department

Spokane Police Department Policy Manual

Bias-Based Policing

- C. Supervisors shall initiate investigations of any actual or alleged violations of this policy.
- D. Supervisors should ensure that no retaliatory action is taken against any member of this department who discloses information concerning racial- or bias-based profiling.

402.6 STATE REPORTING

Subject to any fiscal constraints, the Strategic Initiatives Director should review available data related to traffic stops, including demographic data, existing procedures, practices and training, as well as complaints. The data should be analyzed for any patterns or other possible indicators of racial- or bias-based profiling and included in an annual report for the Washington Association of Sheriffs and Police Chiefs (RCW 43.101.410(3)).

402.7 ADMINISTRATION

Each year, the Strategic Initiatives Director shall review the efforts of the Department to prevent racial- or bias-based profiling and submit an overview, including public concerns and complaints, to the Chief of Police. This report should not contain any identifying information regarding any specific complaint, citizen or officers. It should be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service.

Roll Call Training

404.1 PURPOSE AND SCOPE

Roll Call training is generally conducted at the beginning of the officer's assigned shift. Roll Call provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct Roll Call; however officers may conduct Roll Call for training purposes with supervisor approval.

Roll Call should accomplish, at a minimum, the following basic tasks:

- (a) Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles, and major investigations.
- (b) Notifying officers of changes in schedules and assignments.
- (c) Notifying officers of new General Orders or changes in General Orders.
- (d) Reviewing recent incidents for training purposes.
- (e) Providing training on a variety of subjects.

404.2 PREPARATION FOR DUTY

The supervisor conducting roll call is responsible for preparation of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to a subordinate officer in his/her absence or for training purposes.

Consumption of food at roll call is not allowed. The shift supervisor may authorize exceptions on a case-by-case basis for special occasions.

Officers will log into their vehicles immediately after roll call. Any required business in the station will occur after logging on and clearing the assigned patrol car out of the basement.

- Officers will log on with the assigned vehicle number. Changes in vehicle assignments will occur only with supervisory approval.
 - Oncoming shift sergeants will report unauthorized deviations such as cars left in the basement to their shift commander. Shift commanders will report these to the appropriate shift commander for investigation, correction or discipline.
- (a) Shift commander responsibilities
 1. The shift commanders will set an example in appearance, conduct and promptness.
 2. The shift commander or a designee will conduct a briefing for shift officers consisting of any relevant information.
 3. Shift briefings will begin promptly at the assigned times.

Spokane Police Department

Spokane Police Department Policy Manual

Roll Call Training

4. The briefing will include, but not be limited to, intelligence information, officer safety information, wants and warrants, and organizational news.
- (b) Sergeant responsibilities
1. Sergeants will set an example in appearance, conduct and promptness.
 2. The assigned sergeant for each shift will complete all tasks required to prepare for the daily shift briefing.
 3. The assigned sergeant or a designee will advise the Combined Communications Center which patrol vehicles currently in use are to be parked, so notification can be made to the officers currently assigned to the vehicles prior to the end of their shift.
 4. Every shift, the sergeant will account for all officers assigned to the shift.
 5. Sergeants will informally inspect officers on a daily basis to ensure adherence to uniform, equipment and grooming standards.
 6. Formal inspections of uniform, equipment, vehicle and grooming will be conducted and documented no less than once a month.
 7. There will be an appropriate period for team conversation and information sharing after the briefing and any training.
 8. Prior to leaving the briefing room, sergeants will either secure or cause to be secured all sensitive information, and direct their team table area to be kept clean.
 9. The sergeant or designee will advise the Combined Communications Center to secure prior shift.
 10. To avoid overtime, roll call will not be more than 20 minutes in duration. If specific training requires a longer roll call, the sergeant or designee will notify the Combined Communications Center so notification can be made for the on-duty officers to park their vehicles.
 11. The sergeant will assure that at the completion of roll call all officers immediately respond to their vehicles.
- (c) Officer responsibilities
1. Be punctual in their attendance at the shift briefing.
 2. Be dressed and groomed appropriately for the duty day.
 3. Bring all necessary equipment to the briefing and report to duty directly from the roll call room.
 4. Be seated at their assigned team tables during the briefing.

Spokane Police Department

Spokane Police Department Policy Manual

Roll Call Training

5. Refrain from conversation or comment during the briefing.
 6. Record pertinent briefing information as personal notations.
 7. Be responsible for introducing any assigned observers, after the briefing.
 8. Each working day, check and clear their mail and messages at a time and in a manner that will not interrupt nor distract from the briefing or team business.
 9. Respond to and purge mail and voice mail in a timely manner to allow for the constant flow from incoming sources.
 10. Prior to leaving the briefing room, share the responsibility for securing sensitive information and keeping their team table area clean.
- (d) Training time
1. Each supervisor has a training responsibility and function, and it is expected that all officers will assist in the process of identifying training needs to enhance the efficiency of police operations and service to the public.
 2. On-line training will be completed as required during assigned shifts.
- (e) Vehicle acquisition and log-on
1. After the roll call is completed, officers will immediately obtain their cars and check into service.
 2. There may be times when there are no cars available for all the officers checking into service. The team sergeant will be notified, and will decide if officers will double up or if the Combined Communications Center will call a unit in from the field.
 3. Each officer will inspect the car for damage not already listed on the card in the car. If damage is discovered, it will be the officer's responsibility to notify a corporal before starting his/her tour of duty. The corporal will list the damage on the card in the glove box and notify the team sergeant. A report shall be written and a photo taken of the damage unless previously completed. The fleet servicer should be notified of the damage.
 4. Each officer will inspect the shotgun and ensure that no rounds are in the chamber, that there are four rounds in the gun's magazine, and that the safety is on.
 5. Each officer will search the interior of the car for any contraband or weapons that may have been left from the previous shift. Upon finding such items, an effort will be made to contact the officer who had the vehicle prior to the officer currently checking in and the items will be turned over to him/her. If the prior officer has already left the station or is at home, the officer currently checking in will then

Spokane Police Department

Spokane Police Department Policy Manual

Roll Call Training

place the items on property as evidence and a copy of the report will go to the team sergeant of the officer checking in.

6. Once the inspection of the vehicle is completed, the officer will log-on immediately. Any required business in the station or at any other location will occur after logging on with the Combined Communications Center and advising them of the officer's location.
7. It will be the responsibility of the team sergeant or corporal to be present to ensure that there is an orderly vehicle transfer. Vehicles will not be left unattended in the basement unless parked in a designated/assigned space.

Crime and Disaster Scene Integrity

406.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

406.2 POLICY

It is the policy of the Spokane Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

406.2.1 TEMPORARY FLIGHT RESTRICTIONS

Crime and disaster scenes can sometimes attract news helicopters and other sightseeing aircraft. Whenever such aircraft pose a threat to public safety due to congestion or when the noise levels caused by loitering aircraft hamper incident operations, the field supervisor should consider requesting Temporary Flight Restrictions (TFR) through the Federal Aviation Administration (Federal Aviation Regulations § 91.137). All requests for TFR should be routed through the Combined Communications Center.

406.3 SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

406.4 CLEARANCE TO ENTER PROTECTED CRIME SCENE AREA

All employees, regardless of rank, shall obtain permission from the crime scene supervisor before entering the crime scene area. This does not apply to employees assisting in an emergency situation.

406.5 REPORT OF ACTIVITY REQUIRED

- (a) Each member will report to the crime scene log officer the time they entered and/or exited the crime scene.
- (b) Each member shall make a report regarding his/her activities in the crime scene or his/her participation in the investigation.
- (c) Each member responding to a major event controlled by a command post will make a report detailing his/her activities.

Crime and Disaster Scene Integrity

406.6 ANIMAL CONTROL AND RETRIEVAL

In the event that an animal is present at a crime scene or warrant service and no responsible parties are available to control or remove the animal:

- (a) Members should take reasonable steps to temporarily secure an animal to prevent contamination of evidence or harm to any persons.
- (b) Members will contact SCRAPS to arrange for the removal and safekeeping of the animal.

406.7 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

406.8 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

406.8.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

Spokane Police Department

Spokane Police Department Policy Manual

Crime and Disaster Scene Integrity

406.9 INVESTIGATIVE SERVICES CAPTAIN RESPONSIBILITIES

The Investigative Services Captain is responsible for ensuring procedures are established that are consistent with the Washington State Patrol Crime Laboratory Division Crime Scene Procedures Manual, including, but not limited to:

- (a) Ensuring reasonable access to qualified personnel, equipment and supplies for processing crime scenes.
- (b) Establishing procedures for collecting, processing and preserving physical evidence in the field.
- (c) Establishing procedures for photographing, video-recording and other imaging used to collect and preserve evidence.
- (d) Establishing procedures for processing, developing, lifting and labeling fingerprints.
- (e) Establishing procedures for the safe collection, storage, transportation and submission of biological and other evidence for DNA testing and evaluation.

406.10 EXECUTION OF HEALTH ORDERS

Sworn members of this department shall enforce all lawful orders of the local health officer, issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (RCW 70.05.070; WAC 246-100-040(2)).

Tactical Response Teams

408.1 PURPOSE AND SCOPE

The purpose of tactical response teams is to provide a group of officers who are trained and skilled in the use of specialized equipment and tactics for the resolution of critical incidents and tactical missions. Each team maintains standard operating procedures (SOPs) regarding membership, selection criteria, training, equipment, and command and control. The tactical response teams consist of Special Weapons and Tactics (SWAT), Hostage Negotiation Team (HNT), Tactical Team (TAC), Dignitary Protection Team (DPT), Explosives Disposal Unit (EDU), Technical Assistance Response Unit (TARU), and the Chemical Agent Response Team (CART).

Tactical response teams under this policy shall conduct an annual review of their respective standard operating procedures (SOP) in respect to every category set forth above. As part of this annual review, it shall also be the responsibility of the specialty team commanders to review and ensure that any existing MOU(s) with their respective mutual aid partner agency is current and addresses issues such as rules of engagement, proper chain of command, etc. The reviewed SOP with or without any adjustments will be submitted to the appropriate Captain or Manager and Major in the respective chains of command for final approval. Final approval must be completed by December 31st of each year.

408.2 SPECIAL WEAPONS AND TACTICS (SWAT)

The mission of Special Weapons and Tactics (SWAT) is to provide the Spokane Police Department (SPD) or any other law enforcement agency whose request is approved by the Chief of Police or a designee with a tactical response.

408.2.1 POLICY

It shall be the policy of the Spokane Police Department to maintain a SWAT Team and to provide the equipment, manpower, and training necessary to maintain an effective team. The SWAT Team should be supplied with sufficient resources to perform three basic functions:

- A. Command and control
- B. Containment
- C. Entry/apprehension/rescue

408.2.2 APPROPRIATE SITUATIONS FOR USE OF THE SWAT TEAM

The following are examples of incidents which may result in the activation of the SWAT Team:

- A. Barricaded suspects who refuse an order to surrender.
- B. Incidents where hostages are taken.
- C. Cases of suicide threats.
- D. Arrests of dangerous persons.

Spokane Police Department

Spokane Police Department Policy Manual

Tactical Response Teams

- E. Sniper situations where a suspect is firing upon citizens and/or police, whether stationary or mobile.
- F. High-risk warrant service. (This does not include utilizing SWAT to effect an arrest based on an outstanding DOC warrant)
- G. Personal protection to include the security of persons, such as VIP's, witnesses or suspects based on threat or the potential threat to their safety.
- H. Any situation that could enhance the ability to preserve life, maintain social order, and ensure the protection of property.

408.2.3 ACTIVATION PROCESS

Activation of the SWAT Team requires an order from an officer with the rank of sergeant or higher. A SWAT Risk Analysis form has been developed to assist supervisory or command level officers with the decision-making process regarding the management of critical incidents. This form should be used by supervisors to evaluate the risk factors associated with the incident in order to determine whether or not the activation of the SWAT Team would be merely prudent or required. The SWAT Risk Analysis form is available to all officers and can be accessed in the "forms" file within the "alphalist" folder residing on the "H" drive.

408.2.4 AUTHORITY TO ENGAGE THE SWAT TEAM

The authority for the SWAT Team to engage in a tactical situation will be given only by the on-duty unit commander of the rank of lieutenant, or by an officer of higher authority. If the interested community member is determined to be eligible to complete a ride-along, the original Request to Ride as Observer form will be provided to the Administrative Secretary in the Chief's Office for record keeping. The front desk officer, in cooperation with the Patrol Precinct Captain, will coordinate a date for the ride-along with the appropriate patrol team and ensure the citizen rider is entered into the "Police Ride-Along Calendar" on the appropriate date.

Prior to roll call, the citizen rider will complete the Ride-Along Waiver; the orientation checklist will be completed after roll call by the assigned officer. If the participant is under 18 years of age, a parent/guardian must be present to complete the Ride-Along Waiver. The completed Ride-Along Waiver and Orientation Checklist will be provided to the Team Sergeant supervising the ride-along (Corporal in the absence of a Sergeant). The supervisor will ensure the forms have been completed in their entirety. The supervisor will then sign the forms and forward them to the Administrative Secretary in the Chief's Office.

Hazardous Material Response

412.1 PURPOSE AND SCOPE

Exposure to hazardous materials presents potential harm to department members and the public. This policy outlines the responsibilities of members who respond to these events and the factors that should be considered while on scene, including the reporting of exposures and supervisor responsibilities.

412.1.1 DEFINITIONS

Definitions related to this policy include:

Hazardous material - A substance which, by its nature, containment or reactivity, has the capability to inflict harm during exposure, and characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer, thereby posing a threat to health when improperly managed.

412.2 HAZARDOUS MATERIAL RESPONSE

Members may encounter situations involving suspected hazardous materials, such as at the scene of a traffic collision, chemical spill, or fire. When members come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and other persons.

The fire department is the agency trained and equipped to properly respond to and mitigate most incidents involving hazardous materials and biohazards.

Responders should not perform tasks or use equipment without proper training. A responder entering the area may require decontamination before he/she is allowed to leave the scene, and should be evaluated by appropriate technicians and emergency medical services personnel for signs of exposure.

412.3 REPORTING EXPOSURE

Department members who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the member in an incident report that shall be forwarded via the chain of command to the Shift Commander as soon as practicable. Should the affected member be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the report.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to completing an incident report as applicable.

412.3.1 SUPERVISOR RESPONSIBILITIES

When a supervisor has been informed that a member has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to mitigate the exposure or continued exposure.

Spokane Police Department

Spokane Police Department Policy Manual

Hazardous Material Response

To ensure the safety of members, PPE (personal protective equipment) is available from the department Quartermaster. PPE items not maintained by this department may be available through the appropriate fire department or emergency response team.

412.4 POLICY

It is the policy of the Spokane Police Department to respond to hazardous material emergencies with due regard for the safety of the public and those members responding to such incidents.

412.5 CONSIDERATIONS

The following steps should be considered at any scene involving suspected hazardous materials:

- A. Make the initial assessment of a potentially hazardous material from a safe distance.
- B. Notify Combined Communications Center, appropriate supervisors, and appropriate fire department and hazardous response units.
 1. Provide weather conditions, wind direction, a suggested safe approach route and any other information pertinent to responder safety.
- C. Wear personal protective equipment (PPE), being cognizant that some hazardous material can be inhaled.
- D. Remain upwind, uphill and at a safe distance, maintaining awareness of weather and environmental conditions, until the material is identified and a process for handling has been determined.
- E. Attempt to identify the type of hazardous material from a safe distance using optical aids (binoculars or spotting scopes) if they are available. Identification can be determined by:
 1. Placards or use of an emergency response guidebook.
 2. Driver manifest or statements or shipping documents from the person transporting the material.
 3. Information obtained from any involved person with knowledge regarding the hazardous material. Information should include:
 - (a) The type of material.
 - (b) How to secure and contain the material.
 - (c) Any other information to protect the safety of those present, the community and the environment.
- F. Provide first-aid to injured parties if it can be done safely and without contamination.
- G. Make reasonable efforts to secure the scene and prevent access from unauthorized individuals, and protect and identify any evidence.
- H. Begin evacuation of the immediate and surrounding areas, dependent on the material. Voluntary evacuation should be considered; mandatory evacuation may be necessary and will depend on the type of material.
- I. Establish a decontamination area when needed.

Spokane Police Department

Spokane Police Department Policy Manual

Hazardous Material Response

- J. Activate automated community notification systems, if applicable.
- K. Dependent upon the substance and other specific conditions, consider initiating an emergency public notification or evacuation. The decision to initiate public notifications and/or evacuations shall be in accordance with the Spokane Local Emergency Planning Committee (LEPC) procedures.

Hostages and Barricaded Suspects

414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

414.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

414.2 POLICY

It is the policy of the Spokane Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

414.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

414.3.1 EMERGENCY COMMUNICATIONS

A supervisor may order the telephone company to cut, reroute or divert telephone lines in order to prevent a suspect from communicating with anyone other than designated personnel in a barricade or hostage situation (RCW 70.85.100).

Spokane Police Department

Spokane Police Department Policy Manual

Hostages and Barricaded Suspects

414.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

414.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- A. Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- B. Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- C. Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- D. Provide responding emergency personnel with a safe arrival route to the location.
- E. Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- F. Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- G. Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- H. Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- I. Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer.

Hostages and Barricaded Suspects

- J. If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- K. Establish a command post.

414.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options while not all-inclusive or in any particular order, should be considered:

- A. Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- B. Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- C. Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- D. Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- E. Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- F. Provide responding emergency personnel with a safe arrival route to the location.
- G. Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- H. Coordinate pursuit or surveillance vehicles and control of travel routes.
- I. Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- J. Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- K. Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- L. Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer.

- M. If necessary and available, establish a tactical or exclusive radio frequency for the incident.

414.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a SWAT response if appropriate and apprising the SWAT Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- A. Ensure injured persons are evacuated and treated by medical personnel.
- B. Ensure the completion of necessary first responder responsibilities or assignments.
- C. Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- D. Establish a command post location as resources and circumstances permit.
- E. Designate assistants who can help with intelligence information and documentation of the incident.
- F. If it is practicable to do so, arrange for video documentation of the operation.
- G. Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).
- H. Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or Combined Communications Center.
- I. Identify a media staging area outside the outer perimeter and have the department Public Information Officer or a designated temporary media representative provide media access in accordance with the Media Relations Policy.
- J. Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- K. Debrief personnel and review documentation as appropriate.

414.6 SWAT RESPONSIBILITIES

It will be the Incident Commander's decision, with input from the SWAT Commander, whether to deploy SWAT during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the SWAT Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for SWAT.

Spokane Police Department

Spokane Police Department Policy Manual

Hostages and Barricaded Suspects

The Incident Commander and the SWAT Commander or the authorized designee shall maintain communications at all times.

414.7 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

416.1 PURPOSE AND SCOPE

These guidelines have been prepared to assist officers in their initial response to incidents involving explosives, explosive devices, or explosion/bombing incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety shall always be the primary consideration.

416.2 FOUND EXPLOSIVES/SUSPECT DEVICES

When handling an incident involving a suspected explosive device, the following guidelines shall be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging. The bomb squad should be summoned for assistance.
- (b) A minimum perimeter of 300 feet should be established around the location of the device. An access point should be provided for support personnel.
- (c) As much information as is available should be promptly relayed to the Shift Commander, without approaching the device, including:
 1. Any associated threats.
 2. Exact comments.
 3. Time of discovery.
 4. Exact location of the device.
 5. Full description (e.g., size, shape, markings, construction) of the device.
- (d) The device should not be touched or moved except by qualified bomb squad personnel.
- (e) All equipment within 300 feet of the suspected device capable of producing radio frequency energy should be turned off. This includes two-way radios, cell phones and other personal communication devices.
- (f) Consideration should be given to evacuating any buildings near the device.
- (g) A search of the area should be conducted for secondary devices or other objects that are either hazardous or foreign to the area and a perimeter should be established around any additional suspicious device found.
- (h) Other hazardous devices such as commercial fireworks, improvised fireworks, containers of gunpowder and large caliber ammunition (.50 caliber and over) shall be referred to the bomb squad for disposal.
- (i) When in doubt, call for assistance from Spokane City/County Explosives Disposal Unit.

Spokane Police Department

Spokane Police Department Policy Manual

Response to Bomb Calls

Explosive or military ordnance of any type should be handled only by the bomb squad or military ordnance disposal team.

416.3 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic incidents, a rapid response may help to minimize injury to victims, contamination of the scene by gathering crowds or additional damage by resulting fires or unstable structures. Whether the explosion was the result of an accident or a criminal act, the responding officers should consider the following actions:

- Secure the perimeter.
- Secure the ingress/egress for fire and EMS.
- Sweep for secondary devices.
- Assess the scope of the incident, including the number of victims and extent of injuries.
- Assist with first aid (Fire Department has primary responsibility).
- Assist with evacuation of victims (Fire Department has primary responsibility).
- Request additional resources needed.
- Identify witnesses.
- Preservation of evidence and possible crime scene.

416.3.1 NOTIFICATIONS

When an explosion has occurred, the following people shall be notified as soon as practicable if their assistance is needed:

- Fire Department
- Bomb Squad
- Field supervisor
- Shift Commander
- Duty Staff Officer (will be notified on all call-outs of the bomb squad)

416.3.2 CROWD CONTROL

Only authorized personnel with a legitimate need shall be permitted access to the scene. Spectators and other unauthorized individuals shall be excluded to a safe distance as is reasonably practicable given the available resources and personnel.

416.3.3 SCENE OF INCIDENT

As in any other crime scene, steps should immediately be taken to preserve the scene. The scene could extend over a long distance. Evidence may be embedded in nearby structures or hanging in trees and bushes. Fragile evidence may be found on or in victims.

Spokane Police Department

Spokane Police Department Policy Manual

Response to Bomb Calls

416.4 BOMB THREATS RECEIVED AT POLICE FACILITY

This procedure should be followed should a bomb threat call be received at the police facility.

416.4.1 BOMB THREATS RECEIVED BY TELEPHONE

The following questions should be asked if a bomb threat is received at the Police Department:

- What will cause the bomb to explode?
- When is the bomb going to explode?
- Where is the bomb?
- What kind of bomb is it?
- What does it look like?
- Why did you place the bomb?
- Who are you? (to avoid possible termination of the call this should be the last question asked)

Attempt to keep the caller on the line as long as possible and obtain expanded answers to these five basic questions.

During this time, document the following:

- Time of the call.
- Exact words of the person as accurately as possible.
- Estimated age and gender of the caller.
- Speech patterns and/or accents.
- Background noises.

If the incoming call is received at the police facility on a recorded line, steps shall be taken to ensure that the recording is preserved in accordance with current department evidence procedures.

416.4.2 RESPONSIBILITIES

The employee handling the call shall ensure that the Shift Commander is immediately advised and fully informed of the details. The Shift Commander will then direct and assign officers as required for coordinating a general building search or evacuation as he/she deems appropriate.

Mental Illness - Detentions, Referrals and Arrests

418.1 PURPOSE AND SCOPE

This policy describes an officer's duties when contacting persons believed to be mentally disabled or suicidal.

418.1.1 POLICY

It is the policy of the Spokane Police Department to respond humanely and safely to calls involving persons in crisis related to a behavioral health issue. It is also the department's policy to ensure the safety of officers and the public in responding to such calls. Officers shall conduct emergency detentions of persons with behavioral health disorders as authorized by this policy, and they shall follow mandatory reporting procedures with regard to individuals who have threatened or attempted to commit suicide.

418.2 CONSIDERATIONS AND RESPONSIBILITIES IN ALL MENTAL HEALTH CALLS

Officers responding to, or handling, a call involving a suspected or actual mentally disabled or suicidal individual should carefully consider the following:

- A. The need to protect public safety;
- B. De-escalation techniques for potentially dangerous situations involving mentally disabled persons, including appropriate language usage;
- C. All available information which might assist in determining the cause and nature of the mental illness or developmental disabilities;
- D. The importance of safeguarding the rights of mentally disabled individuals;
- E. Community resources which may be readily available to assist with mentally disabled individuals.

Officers shall utilize preplanning taking prior knowledge of the location, prior knowledge of the individual(s), locations of cover/concealment, all response option possibilities into consideration in order to determine how best to deploy tactically upon arrival.

418.3 EMERGENCY DETENTION OF PERSONS WITH MENTAL DISORDERS

418.3.1 TAKING INTO CUSTODY

Pursuant to RCW 71.05.153, a peace officer may take or cause such person to be taken into custody and immediately delivered to a triage facility, crisis stabilization unit, evaluation and treatment facility, or the emergency department of a local hospital under the following circumstances:

- A. When he or she has reasonable cause to believe that such person is suffering from a behavioral health disorder and presents an imminent likelihood of serious harm or is in imminent danger because of being gravely disabled; or

Spokane Police Department

Spokane Police Department Policy Manual

Mental Illness - Detentions, Referrals and Arrests

- B. When directed to do so by a designated crisis responder professional who receives information alleging that a person, as the result of a behavioral health disorder, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled.

Taking a person into custody under these circumstances is authorized by RCW 71.05.153. It is also part of an officer's community caretaking function and does not constitute an arrest.

Emergency detentions based upon the written or oral request of a designated crisis responder professional evaluation will be 72-hour holds. Emergent detentions based upon the officer's reasonable cause will be 12-hour holds.

In all circumstances where a person is taken into custody on a mental health detention, the officer shall provide a verbal summary, if possible, to an emergency department staff member regarding the circumstances leading to the involuntary detention and if required by the provider, any mandatory forms. Prior to leaving the treatment facility, the officer will complete the treatment facility's Patient Report by Law Enforcement form.

In general, any person committed to an institution has the right to counsel at all times. If a person suspected of a mental disorder makes it known to the officer that he/she wishes to contact an attorney, the officer shall facilitate those arrangements as soon as practicable.

418.3.2 TRANSPORT - PROCEDURES

Officers may transport patients in the patrol unit and, if so, shall secure them in accordance with the handcuffing policy. Violent patients or those that are medically unstable may also be restrained and transported by ambulance. The safety of transporting and attending medical staff is paramount, and officers will arrange safe transport and admittance.

418.3.3 RESTRAINTS AT MEDICAL FACILITY

If the patient is violent or potentially violent, the officer will notify the staff of this concern. The staff member in charge will have discretion as to whether soft-restraints will be used. If these restraints are desired, the officer will wait while they are being applied, and help provide physical control of the patient if needed.

418.3.4 CONFISCATION OF FIREARMS AND OTHER WEAPONS

Whenever a person has been detained or apprehended for examination and is found to own, have in his/her possession or under his/her immediate control, any firearm whatsoever or any other dangerous weapon, and the handling officer reasonably believes the weapon represents a danger to the person or others if the person is released, the firearm or other dangerous weapon should be taken into temporary custody for safekeeping. Any weapon seized shall be booked into property pending disposition.

Officers are cautioned that a search warrant may be needed before entering a residence to search unless lawful, warrantless entry has already been made (e.g., exigent circumstances, valid consent).

Spokane Police Department

Spokane Police Department Policy Manual

Mental Illness - Detentions, Referrals and Arrests

Whenever the handling officer or the assigned detective has cause to believe that the future return of any confiscated weapon might endanger the person or others, the officer shall detail those facts and circumstances in a report and may request permission from his or her supervisor to petition the court for an Extreme Risk Protection Order pursuant to SPD Policy 387.8.

418.3.5 RETURN OF CONFISCATED FIREARMS AND WEAPONS

Weapons taken into custody for safekeeping under this section will be returned to the lawful owner upon request unless the seizing officer or the assigned detective has placed a hold on the weapons pending a petition for retention, the petition has been granted, or is pending before the court. Once the petition has been ruled on by the court, the weapons will be released or disposed of in accordance with the court order.

Prior to releasing any weapon, Property and Evidence Facility personnel shall be required to ensure that the person is legally eligible to possess the weapon.

In the event that no timely petition is filed with the court or the court denies such a petition, the seized weapon shall be eligible for release to the lawful owner or other authorized individual unless such weapon(s) represent evidence in a criminal matter or there is other independent good cause to continue to retain custody of the weapon.

418.3.6 REPORTING

Officers will complete a police incident report and check the routing box for “mental health services” in New World. Additionally, prior to leaving the treatment facility, officers will complete the treatment facility's Patient Report by Law Enforcement form if required by the facility.

418.3.7 RIGHTS OF THE DETAINED PERSON

Whenever any person is detained for evaluation and treatment pursuant to this chapter, the officer shall advise both the person and, if possible, a responsible member of his or her immediate family, that unless the person is released or voluntarily admits himself or herself for treatment within seventy-two hours of the initial detention, a hearing will be held within seventy-two hours to determine whether there is probable cause to further detain the person for up to an additional fourteen days, and the person has a right to communicate with an attorney. RCW 71.05.360

418.4 MANDATORY REFERRAL OF PERSON WHO HAS THREATENED OR ATTEMPTED SUICIDE (SHEENA'S LAW)

Pursuant to RCW 71.05.458, referrals to a mental health agency pursuant to this section should be limited to instances where:

- A. A person is the subject of a report of threatened or attempted suicide; and
- B. The responding officer(s) believe, based on their training and experience, that the person could benefit from mental health services;
- C. The person does not consent to voluntary mental health services;
- D. The person is not involuntarily committed or involuntarily transported for a mental health evaluation under RCW 71.05; and

Spokane Police Department

Spokane Police Department Policy Manual

Mental Illness - Detentions, Referrals and Arrests

- E. The person is not being transported to a hospital or jail.

Upon responding to a report of a threatened or attempted suicide where all the aforementioned criteria are met, responding officer(s) shall refer the person to a local mental health provider.

418.4.1 REPORTING

The responding officer(s) will complete a departmental report documenting the incident so that mental health care providers can prioritize their level of response. The reporting requirement is mandatory even if officers do not feel the circumstances warrant an involuntary hold. Officers will indicate "Sheena's Law" in the first line of their narrative, and will check the box for the report to be forwarded to the local mental health care provider. Officers are encouraged to notify the mental health care provider by phone as well. If such phone call is made, the date and time of the referral, as well as the person to whom the officers spoke, will be documented in the written report.

418.5 RIGHTS OF FAMILY MEMBERS TO NOTIFICATION PRIOR TO RELEASE OF FIREARMS (SHEENA HENDERSON ACT)

Pursuant to RCW 9.41.340, officers shall follow the department's notification protocol that allows a family or household member to use an incident or case number to request to be notified when a law enforcement agency returns a privately owned firearm to the individual from whom it was obtained or to an authorized representative of that person.

If officers confiscate a firearm for safekeeping or evidence regarding a person in crisis, they must provide the victim/family member a crime victim card explaining their right to notification upon the release of that weapon. The Property Facility will take care of the notification.

418.6 DISCRETIONARY PROCEDURE IN LIEU OF ARREST – MISDEMEANOR CRIMES ONLY

Pursuant to their authority under RCW 10.31.110, officers may afford a person suffering from mental illness the opportunity to obtain treatment and support in lieu of arrest for a misdemeanor crime. The procedure is as follows:

- A. When a police officer has reasonable cause to believe that the individual has committed acts constituting a non-felony crime that is not a serious offense as identified in RCW 10.77.092 and the individual is known by history or consultation with the behavioral health organization to suffer from a mental disorder, the arresting officer may:
 - 1. Take the individual to a crisis stabilization unit as defined in RCW 71.05.020(6). Individuals delivered to a crisis stabilization unit pursuant to this section may be held by the facility for a period of up to twelve hours. The individual must be examined by a crisis responder within three hours of arrival;
 - 2. Take the individual to a triage facility as defined in RCW 71.05.020. An individual delivered to a triage facility which has elected to operate as an involuntary facility may be held up to a period of twelve hours. The individual must be examined by a crisis responder within three hours of arrival;

Spokane Police Department

Spokane Police Department Policy Manual

Mental Illness - Detentions, Referrals and Arrests

3. Refer the individual to a crisis responder for evaluation for initial detention and proceeding under chapter 71.05 RCW; or
 4. Release the individual upon agreement to voluntary participation in outpatient treatment.
- B. If the individual is released to the community, the crisis responder shall inform the arresting officer of the release within a reasonable period of time after the release if the arresting officer has specifically requested notification and provided contact information to the provider.
- C. In deciding whether to refer the individual to treatment under this section, the officer shall be guided by standards mutually agreed upon with the prosecuting authority, including which address, at a minimum, the length, seriousness, and recent known criminal history of the individual, the mental health history of the individual where available, and the circumstances surrounding the commission of the alleged offense.
- D. Any agreement to participate in treatment shall not require individuals to stipulate to any of the alleged facts regarding the criminal activity as a prerequisite to participation in a mental health treatment alternative. The agreement is inadmissible in any criminal or civil proceeding, and does not create immunity from prosecution for the alleged criminal activity.
- E. If an individual violates such agreement and the mental health treatment alternative is no longer appropriate:
1. The crisis responder shall inform the referring law enforcement agency of the violation; and
 2. The original charges may be filed or referred to the prosecutor, as appropriate, and the matter may proceed accordingly.
- F. The police officer is immune from liability for any good faith conduct under this section.

Crisis Intervention Incidents

419.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a behavioral health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. Such interactions often require an officer to make difficult assessments about a person's mental state and intent in order to effectively and lawfully interact with the individual.

419.1.1 DEFINITIONS

Definitions related to this policy include:

Behavioral health crisis – A person whose safety or the safety of others is threatened by their behavior. This could be from an emotional, mental, physical, behavioral or chemical dependency crisis, distress, or problem.

419.2 POLICY

The Spokane Police Department is committed to providing a high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with Community Partners or behavioral health professionals to develop an overall intervention strategy in order to guide its members' interactions with those experiencing a behavioral health crisis. This is to ensure equitable and safe treatment for all involved.

419.3 SIGNS

Members should be alert to any of the following possible signs/symptoms of behavioral health issues or crises:

- A. A known history of mental illness and/or substance use;
- B. Threats, gestures of or attempted suicide (Reference Policy: 418 Mental Illness-Detentions, Referrals and Arrests);
- C. Loss of memory;
- D. Incoherence, disorientation or slow response, delayed or no response to attempts to communicate;
- E. Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas;
- F. Depression, pronounced feelings of hopelessness, helplessness or worthlessness, extreme sadness or guilt, withdrawal from others;
- G. Manic or impulsive behavior, extreme agitation, lack of control;
- H. Lack of fear, lack of awareness of surroundings;
- I. Anxiety, aggression, rigidity, inflexibility or paranoia.

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a behavioral health issue or crisis.

Crisis Intervention Incidents

419.4 FIRST RESPONDERS

Safety is the priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a behavioral health crisis. Furthermore, a medical condition may also resemble a behavioral crisis, so it is important for officers to consider medical factors when determining their course of action.

These individuals may still present a serious threat to officers. Such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that behavioral health issues, behavioral health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

- A. Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a behavioral health crisis or medical emergency may be a factor;
- B. Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques in an attempt to stabilize the incident as appropriate;
- C. If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens;
- D. Attempt to determine if weapons are present or available;
- E. Consider less lethal options and strategic disengagement, employing tactics to preserve the safety of all participants. Absent an imminent threat to the public, this may include removing or reducing law enforcement resources or engaging in passive monitoring;
- F. Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer;
- G. Secure the scene and clear the immediate area as necessary;
- H. Determine the nature of any crime;
- I. Request a supervisor, as warranted;
- J. Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- K. If circumstances reasonably permit, consider and employ alternatives to force.

If feasible, contact Frontier Behavioral Health's First Call for Help at 509 838-4428 and request to speak with a designated crisis responder professional for any additional information that may

Spokane Police Department

Spokane Police Department Policy Manual

Crisis Intervention Incidents

be relevant to assist officers with the individual in crisis, and/or to request on-site presence of a designated crisis responder professional.

419.5 INCIDENT RESPONSE

When responding to an incident that may involve mental illness or a behavioral health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

- A. Whether the person relies on drugs or medication, or may have failed to take his/her medication;
- B. Whether there have been prior incidents, suicide threats/attempts, and whether there have been previous law enforcement responses;
- C. Contact information for a treating physician or crisis responder professional.

Officers shall employ de-escalation tactics when appropriate and request additional resources, including a supervisor, as warranted.

419.6 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene of an interaction with a person in crisis when possible and/or when requested. Responding supervisors should:

- A. Attempt to secure appropriate and sufficient resources;
- B. Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy);
- C. Consider less lethal options and strategic disengagement, employing tactics to preserve the safety of all participants. Absent an imminent threat to the public, this may include removing or reducing law enforcement resources or engaging in passive monitoring;
- D. Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.

419.7 CIVILIAN / NON-COMMISSIONED INTERACTION WITH PEOPLE IN CRISIS

Civilian / Non-commissioned members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records requests, and animal control issues.

- A. Members should treat all individuals equitably and with dignity and respect.
- B. If members believe that they are interacting with a person in crisis, they should proceed patiently and in a calm manner.
- C. Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person

Spokane Police Department

Spokane Police Department Policy Manual

Crisis Intervention Incidents

may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

Citation Releases

420.1 PURPOSE AND SCOPE

Officers may use citation, a notice to appear or juvenile referral release procedures in lieu of arrest for misdemeanor and gross misdemeanor offenses with certain exceptions. The state courts have stated the intent to release all persons on misdemeanor and gross misdemeanor citations, if qualified for such release.

420.2 RELEASE METHODS

- A. Release of adult violators by citation for misdemeanor and gross misdemeanor offenses can be accomplished in two separate ways:
 - 1. A field release is when the violator is released in the field without being transported to a jail facility.
 - 2. A jail release is when a violator is released after being transported to the jail and booked.
- B. Release of juvenile violators for misdemeanor and gross misdemeanor offenses can be accomplished in two separate ways:
 - 1. A field release in which the case is handled by referral.
 - 2. A jail release in which the juvenile is booked into the juvenile facility.

420.2.1 DISCRETION TO ARREST

While this department recognizes the statutory power of peace officers to make arrests throughout the state, officers are encouraged to use sound discretion in the enforcement of the law. On-duty arrests will not generally be made outside the jurisdiction of this department except in cases of hot and/or fresh pursuit, while following up on crimes committed within the City, or while assisting another agency. On-duty officers who discover criminal activity outside the jurisdiction of the City should, when circumstances permit, consider contacting the agency having primary jurisdiction before attempting an arrest.

Off-duty officers observing criminal activity should generally take enforcement action only when it reasonably appears that imminent risk to life or property exists and the reasonable opportunity does not exist to contact the law enforcement agency with primary jurisdiction. In such situations the involved officer shall clearly identify him/herself as a Police officer.

Officers are authorized to use verbal warnings to resolve minor traffic and criminal violations when appropriate.

An officer booking a suspect into jail shall notify a commissioned supervisor prior to the booking, or as soon as practicable.

A supervisor may authorize an "exceptional booking": when he/she has determined that immediate incarceration is necessary for public safety.

420.3 DEPARTMENT PROCEDURE

The following procedure will be followed to comply with state court rules.

420.3.1 FIELD RELEASE

Whenever a person is arrested or could have been arrested pursuant to statute for a violation of law which is punishable as a misdemeanor or gross misdemeanor, the arresting officer or any other authorized peace officer, may release the person in the field and serve upon the person a citation and Notice to Appear in court (CrRLJ 2.1 (b)(1)).

420.3.2 JAIL RELEASE

In certain cases, it may be impractical to release a person arrested for misdemeanor offenses in the field. With a supervisors approval the person arrested may instead be booked into jail.

420.3.3 DISQUALIFYING CIRCUMSTANCES

In determining whether to release the person or to book him or her into jail, officers shall consider the following factors (CrRLJ 2.1 (b)(2)):

- A. Whether the person has identified himself or herself satisfactorily.
- B. Whether detention appears reasonably necessary to prevent imminent bodily harm to himself, herself, or another, or injury to property, or breach of the peace.
- C. Whether the person has ties to the community reasonably sufficient to assure his/her appearance or whether there is substantial likelihood that he or she will refuse to respond to the citation and notice.
- D. Whether the person previously has failed to appear in response to a citation and notice issued pursuant to this rule or to other lawful process.

420.3.4 INSTRUCTIONS TO CITED PERSON

The citing officer shall, at the time he/she issues the defendant the notice to appear, call attention to the time and place for appearance and take any other steps he/she deems necessary to ensure that the defendant understands his/her written promise to appear.

420.4 JUVENILE CITATIONS

Completion of criminal citations for juveniles is generally not appropriate with the following exception:

- Misdemeanor traffic violations of the RCW and SMC.

All other misdemeanor violations for juveniles shall be documented with a case number and the case should be referred to Juvenile Court for further action including diversion.

If the juvenile is arrested for a felony, the juvenile may be booked into the juvenile facility. However, a referral is also acceptable in these circumstances. In the case of a referral, the officer shall release the juvenile to a parent or legal guardian. When considering whether to book the juvenile or handle by referral, the officer should consider the following, in addition to factors listed in 420.3.3, as reasonable circumstances in which to book the juvenile:

Spokane Police Department

Spokane Police Department Policy Manual

Citation Releases

- the gravity of the offense
- the past record of the offender
- the age of the offender

The juvenile suspect:

- will likely fail to appear for further processing, or
- the juvenile has committed a crime while another case is pending, or
- the juvenile is a fugitive from justice, or
- the juvenile's parole has been suspended or modified

420.5 BOOKING OF POSTAL WORKERS AND COMMON CARRIERS

Whenever a postal worker for the United States Postal Service (USPS), or an operator of a commercial bus, is taken into custody, a supervisor shall respond. The responding supervisor shall immediately notify the suspect's employer of the arrest. The supervisor will make a reasonable effort to insure that the USPS or transportation company is allowed to continue the service interrupted by the suspect's arrest.

Arrest or Detention of Foreign Nationals

422.1 PURPOSE AND SCOPE

Article 36 of the Vienna Convention on Consular Relations, sets forth certain rights of foreign nationals from member countries when arrested, detained or imprisoned by law enforcement officials in this country. This section provides direction to officers when considering a physical arrest or detention of a foreign national. All foreign service personnel shall be treated with respect and courtesy, regardless of the level of established immunity. As noted herein, the United States is a party to several bilateral agreements that obligate our authorities to notify the consulate upon the person's detention, regardless of whether the detained person(s) request that his/her consulate be notified. The list of specific countries that the United States is obligated to notify is listed in the U.S. Department of State [website](#).

422.1.1 DEFINITIONS

Foreign National - Anyone who is not a citizen of the United States (U.S.). A person with dual-citizenship, U.S. and foreign, is not a foreign national.

Immunity - Refers to various protections and privileges extended to the employees of foreign governments who are present in the U.S. as official representatives of their home governments. These privileges are embodied in international law and are intended to ensure the efficient and effective performance of their official "missions" (i.e., embassies, consulates, etc.) in foreign countries. Proper respect for the immunity to which an individual is entitled is necessary to ensure that U.S. diplomatic relations are not jeopardized and to maintain reciprocal treatment of U.S. personnel abroad. Although immunity may preclude U.S. courts from exercising jurisdiction, it is not intended to excuse unlawful activity. It is the policy of the U.S. Department of State's Office of Foreign Missions (OFM) that illegal acts by Foreign Service personnel should always be pursued through proper channels. Additionally, the host country's right to protect its citizens supersedes immunity privileges. Peace officers may intervene to the extent necessary to prevent the endangerment of public safety or the commission of a serious crime, regardless of immunity claims.

422.2 ARREST OR DETENTION OF FOREIGN NATIONALS

Officers should take appropriate enforcement action for all violations observed, regardless of claims of diplomatic or consular immunity received from violators. A person shall not, however, be subjected to in-custody arrest when diplomatic or consular immunity is claimed by the individual or suspected by the officer, and the officer has verified or reasonably suspects that the claim of immunity is valid.

422.3 LEVELS OF IMMUNITY

The specific degree of immunity afforded to foreign service personnel within the U.S. is directly related to their function and position in this country.

Spokane Police Department

Spokane Police Department Policy Manual

Arrest or Detention of Foreign Nationals

422.3.1 DIPLOMATIC AGENTS

Diplomatic agents (e.g., ambassadors and United Nations representatives) are afforded the highest levels of immunity. They are exempt from arrest or detention and are immune from all criminal (and most civil) prosecution by the host state. The family members of diplomatic agents enjoy these same immunities. Currently there are no diplomatic agents permanently assigned to Washington; but they do occasionally visit the state.

422.3.2 CONSULAR OFFICERS

Consular officers are the ranking members of consular posts who perform various formal functions on behalf of their own governments. Typical titles include consul general, consul, and vice consul. These officials are immune from arrest or detention, except pursuant to a felony warrant. They are only immune from criminal and civil prosecution arising from official acts. Official acts immunity must be raised as an affirmative defense in the court jurisdiction, and its validity is determined by the court. Under this defense, the prohibited act itself must have been performed as an official function. It is not sufficient that the consular agent was on-duty or in an official capacity at the time of the violation. The family members of consular officers generally enjoy no immunity, however, any family member who enjoys a higher level of immunity is issued an identification card by Department of State (DOS) enumerating any privileges or immunities on the back of the card. Examples are consular officers and family members from Russia or China.

There are approximately 40 consular officers in Washington, with most located in Seattle and Spokane.

422.3.3 HONORARY CONSULS

Honorary consuls are part-time employees of the country they represent and are either permanent residents of the U.S. or U.S. nationals (unlike career consular officers, who are foreign nationals on temporary assignment to the U.S.). Honorary consuls may be arrested and detained; limited immunity for official acts may be available as a subsequent defense. Family members have no immunity.

422.4 IDENTIFICATION

All diplomatic and consular personnel who are entitled to immunity are registered with the Department of State and are issued distinctive identification cards by the Department of State Protocol Office. These cards are the best means of identifying Foreign Service personnel. They include a photograph, identifying information, and, on the reverse side, a brief description of the bearer's immunity status. Unfortunately, these identification cards are not always promptly issued by the Department of State. In addition to the Department of State identification card, Foreign Service personnel should also have a driver license issued by the Department of State Diplomatic Motor Vehicle Office (DMVO), which in most circumstances replaces the operator's license issued by the state.

422.4.1 VEHICLE REGISTRATION

Vehicles that are owned by foreign missions or Foreign Service personnel and their dependents are registered with the Department of State OFM and display distinctive red, white, and blue

Spokane Police Department

Spokane Police Department Policy Manual

Arrest or Detention of Foreign Nationals

license plates. Vehicles assigned to diplomatic or consular officers will generally have license plates labels with the words "Diplomat" or "Consul." Vehicles owned by honorary consuls are not issued OFM license plates; but may have Washington license plates with an "honorary consul" label. Driver's identity or immunity status should not be presumed from the type of license plates displayed on the vehicle. The status of an OFM license plate should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state, if the officer has reason to question the legitimate possession of the license plate.

The State of Washington may also issue honorary consul or official representative of any foreign government who is a citizen or resident of the United States of America, duly licensed and holding an exequatur issued by the Department of State of the United States of America special plates of a distinguishing color and numerical series.

422.5 ENFORCEMENT PROCEDURES

The following procedures provide a guideline for handling enforcement of foreign nationals:

422.5.1 CITABLE OFFENSES

An enforcement document shall be issued at the scene for all violations warranting such action, regardless of the violator's immunity status. The issuance of a citation is not considered an arrest or detention under current Department of State guidelines. Whenever the equivalent of a notice to appear is issued to an immunity claimant, the following additional procedures shall be followed by the arresting officer:

- A. Identification documents are to be requested of the claimant.
- B. The title and country represented by the claimant are to be recorded on the back of the officer's copy of the Notice to Appear for later reference. Do not include on the face of the notice to appear.
- C. The identity and immunity status of the individual shall be conclusively established.
- D. Verified diplomatic agents and consular officers, including staff and family members from countries with which the U.S. has special agreements, are not required to sign the Notice to Appear. The word "Refused" shall be entered in the signature box, and the violator shall be released.
- E. Verified consular staff members, excluding those from countries with which the U.S. has special agreements, are generally obligated to sign the Notice to Appear, but a signature shall not be required if their immunity status is uncertain.
- F. All other claimants are subject to the provisions of the policy and procedures outlined in this chapter.
- G. The violator shall be provided with the appropriate copy of the notice to appear.

422.5.2 IN-CUSTODY ARRESTS

Diplomatic agents and consular officers are immune from arrest or detention (unless they have no identification and the detention is to verify their diplomatic status). Proper identification of immunity claimants is imperative in potential in-custody situations. Claimants who are not entitled

Spokane Police Department

Spokane Police Department Policy Manual

Arrest or Detention of Foreign Nationals

to immunity shall be placed in custody in accordance with the provisions outlined in Policy Manual § 422.7.

A subject who is placed under arrest and claims diplomatic or consular immunity shall not be physically restrained before verification of the claim (unless restraint is necessary for the protection of the officer or others.)

A supervisor shall be promptly notified and should respond to the scene when possible.

Field verification of the claimant's identity is to be attempted as follows:

- A. Identification cards issued by the Department of State, Protocol Office, are the only valid evidence of diplomatic or consular immunity. The following types of identification cards are issued: Diplomatic (blue bordered), Consular (red bordered), and Official (green bordered). The Department of State identification cards are 3-3/4 inch by 1-1/2 inch and contain a photograph of the bearer.
- B. Initiate telephone verification with the Department of State. Newly arrived members of diplomatic or consular missions may not yet have official Department of State identity documents. Verify immunity by telephone with the Department of State any time an individual claims immunity and cannot present satisfactory identification, the officer has reason to doubt the claim of immunity, or there is a possibility of physical arrest. Law enforcement personnel should use the following numbers in order of preference:

| | |
|---|-----------------------------------|
| Office of Foreign Missions | Diplomatic Security Service |
| San Francisco, CA | 915 Second Avenue, Room 3410 |
| (415) 744-2910, Ext. 22 or 23 | Seattle, WA 98174 |
| (415) 744-2913 FAX | (206) 220-7721 (206) 220-7723 FAX |
| (0800-1700 PST) | |
| Office of Foreign Missions | Department of State |
| Diplomatic Motor Vehicle Office | Diplomatic Security Service |
| Washington D.C. | Command Center |

| (202) 895-3532 (Registration Verification) | (202) 647-7277 |
| (202) 895-3533 FAX | (202) 647-1512 |
| (0815-1700 EST) | (Available 24 hours) |
| | (202) 647-0122 FAX |

Members of diplomatic or consular missions also may have other forms of identification. These include identification cards issued by Office of Emergency Services, local law enforcement

Spokane Police Department

Arrest or Detention of Foreign Nationals

agencies, the foreign embassy, or consulate; driver licenses issued by Department of State; and, Department of State license indicia on the vehicle. All these items are only an indication that the bearer may have some form of immunity.

Subjects verified through the above procedures as being officials entitled to immunity (diplomatic agent, consular officers and consular staff and family members from countries with which the U.S. has special agreements) may not be arrested. The procedures below shall be followed. These procedures should also be used in the event immunity cannot be verified, but another form of identification indicates that immunity is probable.

If the release of the violator will not create an additional hazard, adequate information to properly identify the violator shall be obtained then the official shall be released. A supervisor's approval for the release shall be obtained whenever possible. The necessary release documents and/or a Certificate of Release form should only be issued under the proper conditions.

If the violator appears to have been driving while under the influence, field sobriety tests, including Preliminary Alcohol Screening (PAS) device tests and chemical tests should be offered and obtained whenever possible, however, these tests cannot be compelled. The subject shall not be permitted to drive. A supervisor's approval for release shall be obtained whenever possible and alternative transportation should be arranged.

All facts of the incident shall be documented in accordance with this policy in a Driving Under the Influence (DUI) Arrest-Investigation Report, Arrest-Investigation Report and/or any other relevant Report form. Notwithstanding the field release of the subject, prosecution is still appropriate and should be pursued by the command concerned. The Department of State will take appropriate sanctions against errant foreign service personnel, even where prosecution is not undertaken by the agency.

422.6 TRAFFIC COLLISIONS

Persons involved in traffic collisions who possess a Department of State OFM Diplomatic Driver License, issued by the DMVO, shall have the collision report coded as required. If subsequent prosecution of the claimant is anticipated, the claimant's title, country, and type of identification presented should be recorded for future reference. Issuance of a citation to, or arrest of, an immunity claimant at the accident scene should be handled in accordance with the procedures specified in Policy Manual § 422.5 of this chapter.

422.6.1 VEHICLES

Vehicles, which are owned by subjects with full immunity, may not be searched, stored, or impounded without the owner's permission. (Such permission may be assumed if the vehicle has been stolen.) These vehicles may, however, be towed the necessary distance to remove them from obstructing traffic or creating any other hazard.

422.6.2 REPORTS

A photocopy of each traffic collision report involving an identified diplomat and/or immunity claimant shall be forwarded to the office of the Chief of Police within 48 hours whether or not the

Spokane Police Department

claim is verified. The words "Immunity Claim" shall be marked on the photocopy, together with a notation of the claimant's title, country, and type of identification presented (if applicable). In addition to the report, a follow-up cover memorandum should be submitted if the violation was flagrant, if the claimant was uncooperative, or if there were any other unusual aspects of the enforcement contact that should be reported to the Department of State for further action. The Shift Commander/Supervisor apprised of the incident/accident shall also send a copy of all documents and reports submitted by the investigating officer along with any supervisor's notes, materials and/or logs to the Chief of Police's office within 48 hours of the incident. The Chief of Police's office will check to ensure that notification of Department of State and all necessary follow-up occur.

422.7 FOREIGN NATIONALS WHO DO NOT CLAIM IMMUNITY

These policies and procedures apply to foreign nationals who do not claim diplomatic or consular immunity.

Officers shall arrest foreign nationals only under the following circumstances:

- A. There is a valid judicial warrant issued for the person's arrest.
- B. There is probable cause to believe that the foreign national has violated a federal criminal law, a state law, or a local ordinance.

Officers are committed to providing service and enforcing laws in a fair and equitable manner. Officers do not rely solely on race, ethnicity, national origin or immigration status as a basis for probable cause or reasonable suspicion or as a motivating factor in making law enforcement decisions.

Officers shall not contact, question, delay, detain or arrest an individual because s/he is suspected of violating immigration laws.

Requesting adequate identification as part of a criminal investigation is necessary and appropriate. However, officers should not:

Request specific documents relating to someone's immigration status such as a passport, alien registration card, or "green card," unless the officers are conducting a criminal investigation where the civil immigration status is relevant to the crime under investigation. When a person fails to produce a driver's license or identity card upon request as required by state law, it is not a violation of this policy for an officer to inquire whether the person has any other form of identification, such as a passport.

Officers shall not use stops for minor offenses, the provision of assistance during traffic accidents, or requests for voluntary information as a pretext for discovering a person's immigration status.

International treaty obligations provide for notification of foreign governments when foreign nationals are arrested or otherwise detained in the U.S.

Whenever an officer arrests and incarcerates a foreign national or detains a foreign national for investigation for over two hours, the officer shall promptly advise the individual that he/she is

Spokane Police Department

Spokane Police Department Policy Manual

Arrest or Detention of Foreign Nationals

entitled to have his/her government notified of the arrest or detention. If the individual wants his/her government notified, the officer shall begin the notification process.

422.7.1 ARREST PROCEDURE

This procedure applies to detentions of more than two hours. Whenever an officer physically arrests or detains an individual for criminal investigation and the officer reasonably believes the person to be a foreign national, the officer shall inquire to determine the person's citizenship.

If the individual claims citizenship of one of the countries for which notification of the consulate/embassy is mandatory, officers shall provide Combined Communications Center with the information below as soon as practicable, regardless of whether the individual desires that the embassy/consulate be notified. This procedure is critical because of treaty obligations with the particular countries. The list of countries and jurisdictions that require notification can be found on the U.S. Department of State website.

Officers shall provide Combined Communications Center with the following information concerning the individual:

- Country of citizenship.
- Full name of individual, including paternal and maternal surname if used.
- Date of birth or age.
- Current residence.
- Time, date, place, location of incarceration/detention, and the 24-hour telephone number of the place of detention if different from the Department itself.

422.7.2 DOCUMENTATION

Officers shall document in the appropriate Arrest-Investigation Report, the date and time the Combined Communications Center was notified of the foreign national's arrest/detention and his/her claimed nationality, and will note the name of the person contacted at the embassy/consulate.

Rapid Response and Deployment

424.1 PURPOSE AND SCOPE

Violence committed in schools, workplaces and other locations by individuals or groups of individuals who are determined to target and kill persons and create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers in situations that call for rapid response and deployment.

424.2 POLICY

The Spokane Police Department will endeavor to plan for rapid response to crisis situations, and coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the department when protecting themselves or others from death or serious injury.

424.3 FIRST RESPONSE

Unless immediate tactical action is necessary, one of the initial arriving law enforcement officers shall assume incident command and establish a command post outside the immediate threat area as soon as practical. Priorities for the initial Incident Commander include establishing an inner perimeter for the immediate scene (keep the incident from expanding), locating a staging area(s) for incoming personnel, identifying ingress-egress locations for movement in and out of the scene, coordinating with Fire/EMS to establish unified command, and making proper mutual aid requests as well as chain of command notifications until relieved by the first arriving supervisor. While this may not be possible in all incidents or jurisdictions, it is critical that command be established as soon as possible during an incident of this nature.

Unless immediate tactical action is necessary, additional incoming units will not self-deploy at the scene but will instead report to the designated staging area(s) unless otherwise directed by the Incident Commander.

COMMAND CONSIDERATIONS: The Law Enforcement I.C. (as determined per department policies) shall coordinate all mutual response activities with the Fire Department I.C. A Unified Command should be considered for any incident involving ongoing violence, the potential for ongoing violence, or extended operations that include Fire/EMS.

COMMUNICATIONS: Face-to-face communication is the desired method of communication between Police and Fire/EMS, preferably a unified command.

424.4 CONSIDERATIONS

When dealing with a crisis situation members should:

- A. Assess the immediate situation and take reasonable steps to maintain operative control of the incident.

Spokane Police Department

Spokane Police Department Policy Manual

Rapid Response and Deployment

- B. Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- C. Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- D. Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

424.5 PLANNING

The Shift Commander should coordinate critical incident planning. Planning efforts should consider:

- A. Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- B. Availability of building plans and venue schematics of likely critical incident target sites.
- C. Communications interoperability with other law enforcement and emergency service agencies.
- D. Training opportunities in critical incident target sites, including joint training with site occupants.
- E. Evacuation routes at critical incident target sites.
- F. Patrol first-response training.
- G. Response coordination and resources of emergency medical and fire services.
- H. Equipment needs.
- I. Mutual aid agreements with other agencies.
- J. Coordination with private security providers at critical incident target sites.

Reporting Police Activity Outside of Jurisdiction

426.1 PURPOSE AND SCOPE

This policy provides general guidelines for reporting police activity while on or off-duty and occurring outside the jurisdiction of the Spokane Police Department.

426.1.1 ASSISTANCE TO AGENCIES OUTSIDE THE CITY

When an officer is on-duty and is requested by an allied agency to participate in law enforcement activity in another jurisdiction, he/she shall obtain prior approval from the immediate supervisor or the Shift Commander. If the request is of an emergency nature, the officer shall notify the Combined Communications Center before responding and thereafter notify a supervisor as soon as practical.

426.1.2 LAW ENFORCEMENT ACTIVITY OUTSIDE THE CITY

Any on-duty officer, who engages in law enforcement activities of any type outside the immediate jurisdiction of the City of Spokane shall notify his/her supervisor or the Shift Commander and respective jurisdiction at the earliest possible opportunity. Exceptions would include in-progress and minor offenses that extend past the immediate jurisdictional boundaries. Any off-duty officer who engages in any law enforcement activities, regardless of jurisdiction shall notify the Shift Commander as soon as practical.

The supervisor shall determine if a case report or other documentation of the officer's activity is required. The report or other documentation shall be forwarded through the chain of command.

426.2 SPOKANE POLICE JURISDICTION

In addition to the incorporated City limits of Spokane, SPD also has primary jurisdiction at:

- All Spokane County owned buildings or properties within the City limits except: 1) non-public areas of the Spokane County Jail, 2) any incident within the Superior, Juvenile, or District Courts involving inmates of the Spokane County Jail.
- All Washington State properties or buildings within City limits.

SPD has concurrent jurisdiction with federal authorities at the Veteran's Hospital, 4815 N. Assembly and the Federal Court House, 920 W. Riverside.

Federal authorities have exclusive jurisdiction at the fenced cemetery and military vehicle storage area in Ft. George Wright and that area of the Main Post Office, Riverside and Lincoln, extending from the south side of that building to the north to include the executive offices.

SPD officers may be called to these areas for exigent circumstances. Civil or criminal process may be executed in the exclusive areas .

Immigration Violations

428.1 PURPOSE AND SCOPE

All individuals, regardless of their immigration status, must feel secure that contacting law enforcement will not make them vulnerable to deportation. Officers shall not contact, question, delay, detain or arrest an individual because s/he is suspected of violating immigration laws. Officers should not attempt to determine the immigration status of crime victims and witnesses or take enforcement action against them due to that immigration status. Undocumented presence, in and of itself, is not a criminal violation.

Nothing in this policy is intended to restrict officers from exchanging legitimate law enforcement information with any other federal, state, or local government entity (Title 8 U.S.C. § 1373 and 8 U.S.C. § 1644).

The immigration status of individuals is generally not a matter for police action. It is incumbent upon all employees of this department to make a personal commitment to equal enforcement of the law and equal service to the public regardless of immigration status. Confidence in this commitment will increase the effectiveness of the Department in protecting and serving the entire community.

428.2 DEPARTMENT POLICY

The Department of Homeland Security has primary jurisdiction for enforcement of the provisions of Title 8, United States Code (U.S.C.) dealing with illegal entry. When assisting DHS at its specific request, or when suspected criminal violations are discovered as a result of inquiry or investigation based on probable cause originating from activities other than the isolated violations of Title 8, U.S.C., §§ 1304, 1324, 1325 and 1326, this department may assist in the enforcement of federal immigration laws.

However, a request from DHS does not provide legal basis to stop or detain an individual, or to prolong the detention of an individual. Officers must have an independent legal basis to stop or detain any individual. It is the policy of this department that we do not ask about immigration status unless it is directly related to the crime being investigated.

428.3 PROCEDURES FOR IMMIGRATION COMPLAINTS

Persons wishing to report immigration violations should be referred to the local office of the U.S. Immigration and Customs Enforcement (ICE). SPD staff should not call ICE on their behalf. The Employer Sanction Unit of ICE has primary jurisdiction for enforcement of such immigration violations under Title 8, U.S.C.

428.3.1 BASIS FOR CONTACT

Unless immigration status is relevant to another criminal offense or investigation (e.g., harboring, smuggling, terrorism), the fact that an individual is suspected of being an undocumented alien shall not be the basis for contact, detention or arrest.

Spokane Police Department

Spokane Police Department Policy Manual

Immigration Violations

428.3.2 SWEEPS

The Spokane Police Department does not independently conduct sweeps or other concentrated efforts to detain suspected undocumented aliens.

When enforcement efforts are increased in a particular area, equal consideration should be given to all suspected violations and not just those affecting a particular race, sex (including pregnancy, gender identity, and sexual orientation), age (40 or older), religion, creed, color, national origin, ancestry, disability, marital status, familial status, genetic information, veteran or military status.

The disposition of each contact (e.g., warning, citation, arrest), while discretionary in each case, should not be affected by such factors as race, sex (including pregnancy, gender identity, and sexual orientation), age (40 or older), religion, creed, color, national origin, ancestry, disability, marital status, familial status, genetic information, veteran or military status.

428.3.3 DEPARTMENT OF HOMELAND SECURITY (DHS) REQUEST FOR ASSISTANCE

If a specific request is made by DHS or any other federal agency, this department will provide available support services, such as traffic control or peacekeeping efforts, during the federal operation.

Members of this department should not participate in such federal operations as part of any detention team unless it is in direct response to a request for assistance on a temporary basis or for officer safety. Any detention by a member of this department should be based upon the reasonable belief that an individual is involved in criminal activity.

428.3.4 IDENTIFICATION

Whenever any individual is reasonably suspected of a criminal violation (infraction, misdemeanor, or felony), the investigating officer should take reasonable steps to determine the person's identity through valid identification or other reliable sources.

If an individual would have otherwise been released for an infraction or misdemeanor on a citation, the person should be taken to the station and given a reasonable opportunity to verify his/her true identity (e.g., telephone calls). If the person's identity is thereafter reasonably established, the original citation release should be completed without consideration of immigration status.

428.3.5 ARREST

If the officer intends to take enforcement action and the individual is unable to reasonably establish his/her true identity, the officer may take the person into custody on the suspected criminal violation (RCW 10.31.100). A field supervisor shall approve all such arrests.

428.3.6 BOOKING

If the officer is unable to reasonably establish an arrestee's identity, the individual may, upon approval of a supervisor, be booked into jail for the suspected criminal violation and held for bail.

Any person detained for an infraction pursuant to the authority of RCW 46.61.021, may be detained, upon approval of a supervisor, for a reasonable period for the purpose of determining the person's true identity.

Spokane Police Department

Spokane Police Department Policy Manual

Immigration Violations

428.4 U-VISA/T-VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U and T)). A declaration/certification for a U-Visa/T-Visa from the U.S. Citizenship and Immigration Services must be completed on the appropriate U.S. Department of Homeland Security (DHS) Form I-918B or I-914B by law enforcement and must include information on how the individual can assist in a criminal investigation or prosecution in order for a U-Visa/T-Visa to be issued.

Per HB 1022, the Spokane Police Department is required to sign and complete a U-Visa certification when a crime victim, or their certified representative, requests one; is a victim of a criminal activity; and has been, is being, or is likely to be helpful to the detection, investigation, or prosecution of the qualifying criminal activity. In addition, the Spokane Police Department is required to process the certification within ninety (90) days of the request. If the victim is in federal immigration removal proceedings, the request shall be processed no later than fourteen (14) days after the request is received. The Spokane Police Department shall not withdraw the certification unless the victim unreasonably refuses to provide information and assistance related to the detection, investigation, and prosecution of criminal activity. A current investigation, the filing of charges, and a prosecution or conviction are not required for a victim to request and obtain certification.

Any request for assistance in applying for U-Visa/T-Visa status should be forwarded immediately to the investigations sergeant assigned to supervise the handling of any related case. The investigations sergeant should do the following:

- A. Consult with the assigned detective to determine the current status of any related case and whether further documentation is warranted.
- B. Review the instructions for completing the declaration/certification if necessary. Instructions for completing Forms I-918B/I-914B can be found on the U.S. DHS web site at <http://www.uscis.gov/portal/site/uscis>.
- C. Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the declaration/certification has not already been completed and whether a declaration/certification is warranted.
- D. Address the request and complete the declaration/certification, if appropriate, in a timely manner.
- E. Ensure that any decision to complete or not complete the form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed certification in the case file.
- F. The Chief of Police is the only certifying official for the Spokane Police Department.

Emergency Utility Service

430.1 PURPOSE AND SCOPE

The City Public Works Department has personnel available to handle emergency calls 24 hours per day. Calls for service during non-business hours are frequently directed to the police department. Requests for such service received by this department should be handled in the following manner.

430.1.1 BROKEN WATER LINES

The city's responsibility ends at the water meter; any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the city side of the meter, emergency personnel should be called as soon as practical by Combined Communications Center.

430.1.2 ELECTRICAL LINES

City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. Avista should be promptly notified, as appropriate.

430.1.3 RESERVOIRS, PUMPS, WELLS, ETC.

Public Works maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

430.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies is maintained by Combined Communications Center.

430.2 TRAFFIC SIGNAL MAINTENANCE

The City of Spokane furnishes maintenance for all traffic signals within the city, other than those maintained by the State of Washington.

430.2.1 OFFICER'S RESPONSIBILITY

Upon observing a damaged or malfunctioning signal, the officer will advise the Combined Communications Center of the location and problem with the signal. Officers should consider the potential of collisions due to the malfunctioning signal and take appropriate action to minimize these dangers, i.e., portable signs, barricades, or directing traffic. The dispatcher should make the necessary notification to the proper maintenance agency.

Aircraft Accidents

433.1 PURPOSE AND SCOPE

This policy describes situations involving aircraft accidents including responsibilities of personnel, making proper notification, and documentation.

433.2 RESPONSIBILITIES

In the event of an aircraft crash the employee responsibilities are as follows:

433.2.1 OFFICER RESPONSIBILITY

Officers should treat an aircraft crash site as a crime scene until it is determined that such is not the case. If a military aircraft is involved, additional dangers, such as live ordnance or hazardous materials, may be present. The scene may require additional security due to the potential presence of confidential equipment or information.

The duties of the field officer at the scene of an aircraft accident include the following:

- (a) Determine the nature and extent of the accident.
- (b) Request additional personnel and other resources to respond as needed.
- (c) Provide assistance for the injured parties until the arrival of fire department personnel and/or other emergency personnel.
- (d) Cordon off and contain the area to exclude unauthorized individuals as soon as practicable.
- (e) Provide crowd control and other assistance until directed otherwise by a supervisor.
- (f) Ensure the Medical Examiner's office is notified if a death occurs.

Entering an aircraft or tampering with parts or debris is only permissible for the purpose of removing injured or trapped occupants, protecting the wreckage from further damage or protecting the public from danger. If possible, the investigating authority should first be consulted before entering or moving any aircraft or any crash debris. Photographs or sketches of the original positions should be made whenever feasible.

The fire department will be responsible for control of the accident scene until the injured parties are cared for and the accident scene has been rendered safe for containment. Thereafter, police personnel will be responsible for preserving the scene until relieved by the investigating authority.

Once the scene is relinquished to the investigating authority, personnel from this agency may assist in containment of the scene until the investigation is completed or assistance is no longer needed.

Spokane Police Department

Spokane Police Department Policy Manual

Aircraft Accidents

An airport service worker or the airport manager may respond to the scene to assist the on-scene commander with technical expertise, should it be needed during the operation.

433.2.2 NATIONAL TRANSPORTATION SAFETY BOARD

The National Transportation Safety Board (NTSB) has the primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft incident, the appropriate branch of the military will be involved in the investigation. The NTSB is concerned with several aspects of a crash as described in this section.

Every effort should be made to preserve the scene to the extent possible in the condition in which it was found until such time as NTSB or other authorized personnel arrive to take charge of the scene.

Military personnel will respond to take charge of any military aircraft involved, whether or not injuries or deaths have occurred.

If the accident did not result in a death or injury and the NTSB elects not to respond, the pilot or owner may assume control of the aircraft.

Removal of the wreckage shall be done under the guidance of the NTSB or military authorities or, if the NTSB is not responding for an on-site investigation, at the discretion of the pilot or the owner.

433.2.3 COMBINED COMMUNICATIONS CENTER RESPONSIBILITIES

Dispatchers are responsible to make notifications as directed once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. Generally, the dispatcher will need to notify the following agencies or individuals when an aircraft accident has occurred.

- (a) Fire Department.
- (b) The affected airport tower.
- (c) Closest military base if a military aircraft is involved.
- (d) Ambulances or other assistance as required.
- (e) Notify area hospitals of the potential for an influx of injured patients (if appropriate).
- (f) Ensure the FAA and NTSB have been notified.

When an aircraft accident is reported to the Spokane Police Department by the airport tower personnel the dispatcher receiving such information should verify that the tower personnel will contact the Federal Aviation Administration (FAA) Flight Standards District Office and the National Transportation Safety Board (NTSB). In the event that airport personnel are not involved, the dispatcher should notify the FAA and the NTSB.

433.2.4 PUBLIC INFORMATION OFFICER RESPONSIBILITIES

The department Public Information officer is responsible for the following:

- (a) Obtain information for a press release from the on-scene commander or his/her designee.
- (b) When practical, the department Public Information officer should coordinate with the FAA Press Information officer to prepare a press release for distribution to the media.

Information released to the press regarding any aircraft accident should be handled by the SPD Public Information officer or in accordance with existing policy. The Public Information officer should coordinate the release of such information with the FAA Press Information officer.

433.3 DOCUMENTATION

Any aircraft accident (crash) within the City of Spokane, regardless of whether injuries or deaths occur, shall be documented.

Field Training Officer Program

435.1 PURPOSE AND SCOPE

The Field Training Officer Program is intended to provide a standardized program to facilitate the officer's transition from the academic setting to the actual performance of general law enforcement duties of the Spokane Police Department.

It is the policy of this department to assign all new police officers to a structured Field Training Officer Program that is designed to prepare the new officer to perform in a patrol assignment, possessing all skills needed to operate in a safe, productive and professional manner.

435.2 FIELD TRAINING OFFICER SELECTION AND TRAINING

The Field Training Officer (FTO) is an experienced officer trained in supervising, training and evaluating entry level and lateral police officers in the application of acquired knowledge and skills.

435.2.1 SELECTION PROCESS

FTOs will be selected based on the following requirements:

- A. Desire to be an FTO.

435.2.2 TRAINING

Officers selected as a Field Training Officer shall successfully complete a CJTC Certified (40-hour) Field Training Officer's Course prior to being assigned as an FTO.

All FTOs will attend monthly FTO training. This training will be at least two hours per month. If an FTO is unable to attend monthly training they need to communicate that to the FTO Coordinator and/or the FTO Sergeant who will determine if an exception will be made for that incident.

In an effort to maintain and enhance the skills of FTOs an effort will be made to send them to outside training and/or conferences to enhance their skills.

435.3 FIELD TRAINING OFFICER PROGRAM SUPERVISOR AND FTO COORDINATOR

A Sergeant will be the overall supervisor of the FTO Program. If possible a Sergeant who is assigned to the Academy will fill this role. In addition to the Sergeant an Officer will fill the role of the FTO Coordinator.

Spokane Police Department

Spokane Police Department Policy Manual

Field Training Officer Program

435.5 REQUIRED TRAINING

Entry level officers shall be required to successfully complete the Field Training Program, consisting of a minimum of 18 weeks for entry level officers and 10 weeks for lateral officers.

The training period for lateral officers may be modified depending on the individual's demonstrated performance and level of experience.

To the extent practicable, entry level and lateral officers should be assigned to a variety of Field Training Officers, shifts and geographical areas during their Field Training Program.

435.5.1 FIELD TRAINING MANUAL

Every new officer will be logged into the FTO computer system known as Crown Pointe. Included in this system will be all the subject matter and/or skills necessary to properly function as an officer

Spokane Police Department

Spokane Police Department Policy Manual

Field Training Officer Program

with the Spokane Police Department. The officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in Crown Pointe.

435.6 EVALUATIONS

Evaluations are an important component of the training process and shall be completed as outlined below.

435.6.1 FIELD TRAINING OFFICER

The FTO will be responsible for the following:

- A. Complete and submit a written evaluation on the performance of their assigned OIT to the FTO Coordinator on a daily basis. A Bi-weekly evaluation will be completed by the FTO and once it has been reviewed by the OIT and Patrol Sergeant it will be forwarded to the FTO Sergeant for approval.
- B. Sign off all completed electronic checklists and call logs contained in Crown Pointe, noting the method(s) of learning and evaluating the performance of his/her assigned trainee.
- C. When the regular FTO is sick/leave/training a substitute FTO will be used. If a substitute FTO isn't available then a tenured officer will be selected by the Patrol Sergeant. The substitute FTO will complete a Daily Observation Report (D.O.R.) which will be contained in Crown Pointe. If a tenured officer is used they will document the OIT's performance on a Word Document and provide that to the FTO on their return. The FTO then can create an "Absent D.O.R." and in the narrative portion paste the comments written by the training officer.

435.6.2 IMMEDIATE SUPERVISOR

The immediate supervisor shall review and approve the Bi-Weekly Trainee Performance Evaluations in Crown Pointe.

During Phase III, Patrol Sergeants shall complete a monthly evaluation on all probationers assigned to them in Crown Pointe.

435.6.3 FIELD TRAINING SERGEANT

The FTO Sergeant will review and approve the Bi-Weekly Trainee Performance Evaluations submitted by the FTO through his/her immediate supervisor.

The FTO Coordinator will review and approve the DORs from each FTO. If the Coordinator sees a trend of sustained deficient performance he/she will notify the FTO Sergeant and a remedial training plan will be developed.

435.6.4 OFFICER IN TRAINING

At the completion of the Field Training Program, the OIT shall submit a performance evaluation on each of their FTOs and on the Field Training Program.

Spokane Police Department

Spokane Police Department Policy Manual

The FTO board will convene at the request of the Training Lieutenant when the employment status of a probationary officer needs to be addressed due to their performance. Based on all information gathered about the employee's performance, the FTO board will recommend the retention or termination of the probationary employee to the Chief of Police or his/her designee who will be present in the meeting.

The FTO Board will consist of:

- A. The Patrol Major and/or Captain
- B. The FTO Sergeant
- C. The FTO Coordinator
- D. The probationary employee's Field Training Officers.

The decision of the board will be communicated to the probationary employee by the Chief of Police or his/her designee in coordination with the Training Lieutenant or his/her designee. The Training Lieutenant or his/her designee will either collect all City property if the employee is terminated or create an improvement/training plan for the employee.

435.9 REMEDIAL TRAINING FOR VETERAN OFFICERS

When FTOs are required to be involved in the re-training or supplemental training of veteran officers, the current FTO Training Model shall be used. Reporting of this training will be the same as the FTO daily and bi-weekly reports.

Obtaining Air Support

437.1 PURPOSE AND SCOPE

The use of a police helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

437.2 REQUEST FOR HELICOPTER ASSISTANCE

If a supervisor or officer in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance shall be made by first contacting the DSO.

437.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

The Shift Commander shall determine if the situation warrants a request for a call-out of the SCSO helicopter unit. If permission is granted, the Shift Commander shall direct the Combined Communication's Center to make the appropriate notifications.

437.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Police helicopters may be requested under any of the following conditions:

- (a) When the helicopter is activated under existing mutual aid agreements.
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard.
- (c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community.
- (d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard.
- (e) Vehicle pursuits.
- (f) Other situations as determined by the field supervisor.

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for officers on the ground.

Detentions And Photographing Detainees

439.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for conducting field interviews (FI) and pat-down searches, and the taking and retention of photographs of persons detained in the field but not arrested. Due to a variety of situations confronting the officer, the decision to FI or photograph a field detainee shall be left to the discretion of the involved officer based on the totality of the circumstances available to them at the time of the detention.

439.2 DEFINITIONS

Detention - Occurs when an officer intentionally, through words, actions or physical force causes an individual to reasonably believe he/she is being required to restrict his/her movement. Detentions also occur when an officer actually restrains a person's freedom of movement.

Consensual Encounter - Occurs when an officer contacts an individual but does not create a detention through words, actions or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field Interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual's identity and resolving the officer's suspicions.

Field Photographs - Field photographs are defined as posed photographs taken of a person during a contact, detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system when persons are not posed for the purpose of photographing are not considered field photographs.

Frisk or Pat-Down Search - This type of search is used by officers in the field to check an individual for weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable Suspicion - Occurs when, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

439.3 FIELD INTERVIEWS

Officers may stop individuals for the purpose of conducting an FI where reasonable suspicion is present. In justifying the stop, the officer should be able to point to specific facts which, when taken together with rational inferences, reasonably warrant the stop. Such facts include, but are not limited to, the following:

- (a) The appearance or demeanor of an individual suggests that he/she is part of a criminal enterprise or is engaged in a criminal act.

Spokane Police Department

Spokane Police Department Policy Manual

Detentions And Photographing Detainees

- (b) The actions of the suspect suggest that he/she is engaged in a criminal activity.
- (c) The hour of day or night is inappropriate for the suspect's presence in the area.
- (d) The suspect's presence in the particular area is suspicious.
- (e) The suspect is carrying a suspicious object.
- (f) The suspect's clothing bulges in a manner that suggests he/she is carrying a weapon.
- (g) The suspect is located in proximate time and place to an alleged crime.
- (h) The officer has knowledge of the suspect's prior criminal record or involvement in criminal activity.

439.3.1 INITIATING A FIELD INTERVIEW

An officer may initiate the stop of a person when there is articulable, reasonable suspicion to do so. A person, however, should not be detained longer than is reasonably necessary to resolve the officer's suspicions.

Nothing in this policy is intended to discourage consensual contacts. Frequent and random casual contacts with consenting individuals are encouraged by the Spokane Police Department to strengthen our community involvement, community awareness and problem identification.

439.3.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may be lost or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigators to utilize available personnel for the following:

- (a) Identify all persons present at the scene and in the immediate area.
 - 1. When feasible, a statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred. Officers should seek consent to record such statements whenever possible.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a statement. Such witnesses, if willing, may be transported by department personnel.
 - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in a department vehicle. When the witness is a minor,

Detentions And Photographing Detainees

consent should be obtained from the parent or guardian, if available, prior to transportation.

439.4 PAT-DOWN SEARCHES

A pat-down search of a detained subject may be conducted whenever an officer reasonably believes that the person may possess an object that can be utilized as an offensive weapon or whenever the officer has a reasonable fear for his/her own safety or the safety of others. Circumstances that may establish justification for performing a pat-down search include, but are not limited to the following:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or neighborhood where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry deadly weapons.
- (e) The appearance and demeanor of the suspect.
- (f) Visual indications which suggest that the suspect is carrying a firearm or other weapon.
- (g) The age and gender of the suspect.

Whenever possible, pat-down searches should be performed by officers of the same gender.

439.5 FIELD PHOTOGRAPHS

When collecting photographic evidence, corporals shall not photograph the intimate areas of persons of the opposite gender. Intimate areas shall mean the breasts, buttocks and genitals.

If a photograph of any person's intimate area is necessary for evidentiary purposes, corporals may utilize another officer who is of the same gender as the person being photographed. If a same gender officer is not available, the corporal may use medical personnel, preferably of the same gender. If the person who is to be photographed objects to the medical personnel taking the photographs, the forensics unit will be called out to do so.

Corporals should give direction to the officer or medical personnel taking the photographs on the operation of the camera, the specific evidentiary need for the photograph, and the area(s) to be photographed. Corporals should review the photographs (not in the presence of the person the pictures were taken of) to ensure that the evidentiary need has been met.

Before photographing any field detainee, the officer shall carefully consider, among other things, the factors listed below.

Spokane Police Department

Spokane Police Department Policy Manual

Detentions And Photographing Detainees

439.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject of the photograph knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should document in a report or FI that the individual consented to a posed photograph(s).

439.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based on reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

439.6 SUPERVISOR RESPONSIBILITY

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph. Access to field photographs shall be strictly limited to law enforcement purposes.

439.7 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Forensics Unit. An associated FI card, incident report, or other memorandum explaining the nature of the contact must be completed. If an individual is photographed as a suspect in a particular crime, any associated report numbers should be noted on the photograph log.

When a photograph is taken in association with a particular case, the detective may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file.

439.7.1 PURGING THE FIELD PHOTO FILE

Investigative units whose primary responsibility is the collection, retention, dissemination and purging of criminal intelligence will review and purge photographs in compliance with 28 CFR PT.23.

439.8 PHOTO REVIEW POLICY

Any person who has been the subject of a field photograph or an FI by this agency during any contact other than an arrest may file a written request within 30 days of the contact requesting a review of the status of the photograph/FI. The request shall be directed to the office of the Chief of Police who will ensure that the status of the photograph or FI is properly reviewed according to

Spokane Police Department

Spokane Police Department Policy Manual

Detentions And Photographing Detainees

this policy as described below. Upon a verbal request, the Department will send a request form to the requesting party along with a copy of this policy.

Criminal Street Gangs

441.1 PURPOSE AND SCOPE

It is the policy of this department to establish a procedure for identifying criminal street gangs, participants of criminal street gangs, and patterns of criminal activity.

The intent of this policy is to provide for the collection and management of criminal street gang information so as to enhance officer safety and the criminal prosecution of criminal street gang participants.

441.2 DEFINITIONS

Criminal Street Gang (RCW 9.94A.030) - Any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name, or common identifying sign or symbols, having as one of its primary activities the commission of criminal acts, and whose members and associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. This definition does not apply to employees engaged in concerted activities for their mutual aid and protection, or to the activities of labor and bona fide nonprofit organizations or their members or agents.

Criminal Street Gang Associate or Member (RCW 9.94A.030) - Any person who actively participates in any criminal street gang and who intentionally promotes, furthers, or assists in any criminal act by the criminal street gang.

Criminal Street Gang-Related Offense (RCW 9.94A.030) - Any felony or misdemeanor offense, whether in this state or elsewhere, that is committed for the benefit of, at the direction of, or in association with, a criminal street gang with the intent to promote, further or assist any criminal street gang, with the intent to gain admission, or promotion within the gang, or with the intent to promote further or assist in any criminal act by the gang, or is committed for one or more of the following reasons: To increase or maintain the gang size, membership, prestige, dominance, or control in any geographical area; to exact revenge, or retribution for the gang, or any member of the gang; to obstruct justice, or intimidate or eliminate any witness against the gang, or any member of the gang; to directly or indirectly cause any benefit, aggrandizement, gain profit, or other advantage for the gang, its reputation, influence, or membership; or to provide the gang with any advantage in, or any control or dominance over any criminal market, sector, including but not limited to manufacturing, delivering or selling any controlled substance, arson, trafficking in stolen property, promoting prostitution, human trafficking, or promoting pornography.

441.3 IDENTIFICATION OF CRIMINAL STREET GANGS / PARTICIPANTS

The Spokane Violent Crimes Gang Enforcement Team shall be authorized to collect information on individuals who are reasonably suspected of participating in a criminal street gang and groups that are suspected of being a criminal street gang.

- (a) A group of three or more individuals shall be designated a criminal street gang when:

Spokane Police Department

Spokane Police Department Policy Manual

Criminal Street Gangs

1. They have a common name or common identifying sign or symbol.
 2. There is evidence, substantiated by crime and informational reports, that a primary activity of the group is the commission of one or more criminal acts.
 3. One or more members individually or collectively have engaged in a pattern of criminal gang activity.
- (b) Criteria For Gang Member Database Submission: A subject can be entered into the Spokane Regional GangNet database when two or more of the following criteria are found through investigation, coupled with the officers' training and expertise. The only single-criteria approved for entry is an in-custody jail classification interview:
1. Subject has admitted to being a gang member.
 2. Subject has been arrested with known gang members for offenses consistent with gang activity.
 3. Subject has been identified as a gang member by a reliable informant/source.
 4. Subject has been identified as a gang member by an untested informant.
 5. Subject has been seen affiliating with documented gang members either in person or photos. A photo alone cannot justify these criteria. The Training and experience of the officer will be relied on in determining the context of the photo.
 6. Subject has been seen displaying gang symbols and/or hand signs.
 7. Subject has been seen frequenting gang areas.
 8. Subject has been seen wearing gang-specific attire.
 9. Subject is known to have gang-specific tattoos or gang-specific body modifications. Knowledge of these body markings must be documented.
 10. An admission of gang membership during an in custody jail/prison classification interview. **(All others require two criteria). The Spokane Police Department shall maintain source documentation, which adequately supports each entry.*
- (c) Criteria For Gang Associate Database Submission: The associate information is entered into the Spokane Regional GangNet database for the purpose of providing further identification, through an established relationship, of an existing gang member. There are two mandatory separate submission criteria established for entry of associates into a gang member's record. The following two criteria must be present:
1. The individual is known to associate with active gang members.
 2. The law enforcement or criminal justice officer has established a reasonable suspicion the individual is involved in criminal activity or enterprise. The officer's belief must be premised upon reasoning and logic coupled with sound judgment based upon law enforcement experience and training rather than mere hunch

or whim. *The Spokane Police Department shall maintain source documentation, which adequately supports each entry.*

- (d) An individual may be designated as a gang associate only when the individual is known to associate with active criminal gang members and an officer has established that there is reasonable suspicion that the individual is involved in criminal activity. An officer's belief must be premised upon reasoning and logic coupled with sound judgment based upon law enforcement experience, rather than a mere hunch or whim.

441.4 CRIMINAL STREET GANG TEMPORARY FILE

All information to be retained in the Spokane Violent Crimes Gang Enforcement Team's (SVCGET) criminal intelligence files must meet the stated guidelines for file definition and content. Information will only be retained in one of three file categories as set forth below:

(a) Permanent File:

- 1. This file includes individuals, groups, businesses, and organizations which have been positively identified by one or more distinguishing characteristics and criminal involvement.
- 2. Retention Period: The retention period is five years after which the information is evaluated for its file acceptability.

(b) Temporary File:

- 1. The temporary file includes information about individuals, groups, businesses, and organizations which have not been positively identified by one or more distinguishing characteristics, or other information that the SVCGET reasonably suspects is related to criminal activity.
- 2. Individuals, groups, and organizations are given temporary file status only if at least one of the following situations applies:
 - (a) The subject is unidentifiable because there are no physical descriptors, identification numbers, or distinguishing characteristics available
 - (b) The SVCGET reasonably suspects that the subject is involved in criminal or gang activity
 - (c) The subject has a history of criminal or gang conduct, and the circumstances afford him an opportunity to again become active
 - (d) The reliability of the information source and/or the validity of the information content cannot be determined at the time of receipt
 - (e) The information appears to be significant and merits temporary storage.
- 3. Retention Period: The retention period is one year during which time effort is made to secure additional data verification. If the information still remains in the

Spokane Police Department

Spokane Police Department Policy Manual

Criminal Street Gangs

temporary file at the end of one year with no update information added, and no information is available, the information is purged and destroyed.

(c) Working File:

- (a) The working file is the receiving phase of newly acquired raw data. The SVCGET staff will review the new materials for its acceptability to the SVCGET's criminal intelligence storage system.
- (b) Retention Period: The retention period is thirty working days during which effort is made to determine the value of the raw data and its acceptability to the SVCGET's criminal intelligence system.
- (c) The SVCGET supervisor will be kept informed of the content of a working file

441.4.1 GANG INTELLIGENCE DATABASES

While this policy does not establish a gang intelligence database, the Chief of Police may approve one or more gang intelligence databases for use by members of the Gang Unit. Any such database should be compliant with 28 C.F.R. § 23.20 regulating criminal intelligence systems. Employees must obtain the requisite training before accessing any such database.

It is the Gang Unit Supervisor's responsibility to determine whether a report or FI contains information that would substantiate an entry into a department approved intelligence database. The Gang Unit Supervisor should forward any such reports or FIs to the Records Division after appropriate database entries are made. The submitting Gang Unit Supervisor should clearly mark the report/FI as Gang Intelligence Information.

It is the responsibility of the Records Manager to retain reports and FIs in compliance with the procedures of the department approved gang/intelligence file and 28 C.F.R. § 23.20. The Records Manager may not purge these reports or FIs without the approval of the Gang Unit Supervisor.

Validation and purging of gang intelligence databases is the responsibility of the Gang Unit Supervisor.

441.5 FIELD CONTACTS

(a) Field Interviews

- 1. Officers who contact individuals who are, or may be participants in criminal street gang activity should complete a F.I. card and document the reasonable suspicion underlying the contact and the exact circumstances leading to the suspicion that the individual is a criminal street gang participant.
- (b) Photographing known or suspected criminal street gang participants shall be done in accordance with the provisions of Policy Manual § 440 (Photographing of Field Detainees).

Criminal Street Gangs

441.6 INQUIRY BY PARENT OR GUARDIAN

All inquiries will be made to the Spokane Violent Crimes Gang Enforcement Team supervisor for determination of dissemination of information. When an inquiry is made by a parent or guardian as to whether a juvenile's name is in the criminal street gang participant's file, acknowledgment of member or associate status may be provided by the Gang Enforcement Team supervisor, unless the release of such information can be clearly shown to jeopardize an on going criminal investigation. All inquiries will be made to the Gang Enforcement Team Supervisor for determination of dissemination of information. No information will be provided over the phone, and proof of parental authority will be required before any information is released. No documents or photographs will be provided or released.

441.7 REVIEW AND PURGING OF GANG PARTICIPANT DATABASE

The database shall be reviewed and purged on an ongoing basis in accordance with 28 CFR part 23, state law, and the Criminal Intelligence Unit guidelines.

All other files shall be retained or purged in accordance with records management guidelines and general records retention schedules.

441.8 DISSEMINATIONS OF THE FILE INFORMATION

Information from criminal street gang participant databases may be furnished to authorized department personnel and other authorized public law enforcement agencies, including the statewide gang database and the Spokane Regional GangNet system, only on a need to know and right to know basis in compliance with 28 CFR part 23 and state law, R.C.W. 42.56.240 and 43.43.762 and .856. This means information that may be of use in the prevention of gang related criminal activity or in the investigation of gang related crimes may be released to members of this department and other law enforcement agencies at the discretion of the unit supervisor or his/her designee.

441.9 REPORTING CRITERIA AND ROUTING

- (a) Suspicious incidents, information reports and criminal incidents that appear to be criminal street gang related shall be documented on a report form.
 - 1. The reporting officer shall describe why the incident may be criminal street gang related and document statements, actions, dress, etc. that would tend to support the belief that involvement of a criminal street gang has occurred.
 - 2. The officer shall specifically indicate that a copy of the report be routed to the Spokane Violent Crimes Gang Enforcement Team.
- (b) Officers completing a field interview card under the guidelines above shall route it to the Spokane Violent Crimes Gang Enforcement Team.

Criminal Street Gangs

441.10 SPOKANE REGIONAL GANGNET

The SPD shall establish, maintain and oversee the operations of a regional criminal gang database, to be known as the Spokane Regional GangNet System. The system will establish and maintain a database to cover the geographical area of Eastern Washington and Northern Idaho. The system shall be maintained in conformance with this policy, and all other policies and laws regarding the collection, maintenance, dissemination and purging of criminal intelligence information.

Shift Commanders

443.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with departmental policies, procedures, practices, functions and objectives. To accomplish this goal, a lieutenant, who is in charge of a shift, shall ensure appropriate team supervision.

443.1.1 DUTIES

Specifically, a patrol lieutenant reports to the Operations Bureau captain and is responsible for the following:

- The implementation of departmental rules, regulations, policies and procedures
- The personnel assigned to the shift and the quality of their performance
- The management of a precinct in accordance with the goals, objectives and priorities set by the division management team.
- Discipline within the precinct
- The development and training of subordinates

443.2 DESIGNATION AS ACTING SHIFT COMMANDER

When a Lieutenant is unavailable for duty as Shift Commander, in most instances the senior qualified sergeant shall be designated as acting Shift Commander. This policy does not preclude designating a less senior sergeant as an acting Shift Commander when operational needs require or training permits.

443.3 SHIFT SUPERVISION

Generally, shift staffing shall consist of two supervisors, one of which may be a corporal, being on duty at any given time.

Mobile Digital Device Use

447.1 PURPOSE AND SCOPE

The Mobile Digital Device (MDD) accesses confidential records from the State of Washington, Department of Justice and Department of Licensing databases. Employees using the MDD shall comply with all appropriate federal and state rules and regulations.

447.2 MDD USE

The MDD shall be used for official police communications only. Messages that are of a sexual, racist, or offensive nature, or otherwise critical of any member of the department are strictly forbidden.

Messages may be reviewed by supervisors at any time without prior notification. Employees generating or transmitting messages not in compliance with this policy are subject to discipline.

All Priority 1 and 2 calls will be dispatched to patrol units by voice and MDD.

447.2.1 USE WHILE DRIVING

Use of the MDD by the vehicle operator should generally be limited to times when the vehicle is stopped. When the vehicle is in motion, the operator should only attempt to read messages that are likely to contain information that is required for immediate enforcement, investigative or safety needs.

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

447.2.2 DOCUMENTATION OF ACTIVITY

MDD's and voice transmissions are used to record the officer's daily activity. To ensure the most accurate recording of these activities, the following are required:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it shall be entered into the Computer Aided Dispatch (CAD) system by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the officer shall record it on the MDD.

447.2.3 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service, out-of-service) will be transmitted either **verbally** over the police radio or through the MDD system.

*** All commissioned personnel shall log into CAD and log off using either radio, phone, or MDD.**

Spokane Police Department

Spokane Police Department Policy Manual

Mobile Digital Device Use

Officers responding to in-progress calls shall advise changes in status verbally over the radio to assist other officers responding to the same incident.

Other changes in status should be entered by depressing the appropriate keys on the MDD's.

447.3 MDD CONSIDERATIONS

447.3.1 NON-FUNCTIONING MDD

Whenever possible, officers will not use units with malfunctioning MDD's. Whenever officers must drive a unit in which the MDD is not working, they shall notify the Combined Communications Center. It shall be responsibility of Combined Communications Center to record all information that will then be transmitted verbally over the police radio.

447.3.2 BOMB CALLS

Officers shall not use any equipment, including MDD's, to transmit a radio frequency signal within 300 feet of a suspected improvised explosive device.

Bicycle Patrol Program

453.1 PURPOSE AND SCOPE

The Spokane Police Department has established the Bicycle Patrol Program (BPP) for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas and their quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

453.2 POLICY

Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control, or special events. The use of the patrol bicycle will emphasize their mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the patrol supervisor or the Shift Commander.

453.3 TRAINING

Participants in the program must complete an initial department approved bicycle-training course. The initial training shall minimally include the following:

- Bicycle patrol strategies.
- Bicycle safety and accident prevention.
- Operational tactics using bicycles.
- Qualify with their duty firearm while wearing bicycle safety equipment including the helmet and riding gloves.

453.4 UNIFORMS AND EQUIPMENT

Bicycle officers shall wear the departmental approved uniform and safety equipment while operating the police bicycle. Safety equipment includes departmental approved helmet, riding gloves, protective eye-wear and approved footwear. Soft body armor/vest is required.

The bicycle uniform consists of the department approved white polo shirt or white uniform short-sleeved shirt with white tee shirt worn underneath it and Department approved bicycle shorts or long bicycle pants, solid white socks, ankle length without logos or brand visible and department approved bicycle or athletic shoes. The department approved jacket may also be worn. Spandex black or blue shorts may be worn under the required bicycle shorts.

Bicycle officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment if feasible.

Spokane Police Department

Spokane Police Department Policy Manual

Bicycle Patrol Program

Officers will be responsible for obtaining necessary forms, citation books and other needed equipment to keep available while on bike patrol.

453.5 CARE AND USE OF PATROL BICYCLES

Bicycles are considered vehicles and therefore are subject to all laws, regulations, and privileges applicable to other vehicles operated upon the highway (RCW 46.04.670).

Every such bicycle shall be equipped with front lights and rear reflectors or lights, and brakes satisfying the requirements of RCW 46.61.780.

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bag(s) sufficient to carry all necessary equipment to handle routine patrol calls including report writing, vehicle storage and citations.

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to insure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer, a repair request will be submitted through the chain of command.

Bicycle maintenance will be performed by a department approved repair shop/technician.

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Officers shall not modify the patrol bicycle, remove, modify or add components except with the expressed approval of the bicycle supervisor, or in the event of an emergency.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Bicycles shall be properly secured when not in the officer's immediate presence.

453.6 OFFICER RESPONSIBILITY

Officers must operate the bicycle in compliance with applicable codes under normal operation. Officers may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and/or tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment.

It shall be the policy of this department that all other bicycle operation shall be in compliance with the rules of the road except when responding to an emergency call or when in the pursuit of an actual or suspected violator.

Department purchased bike uniform items and equipment shall be returned to the quartermaster at the end of the seasonal bike patrol program.

Automated License Plate Readers

460.1 PURPOSE AND SCOPE

Automated License Plate Reader (ALPR) technology, also known as License Plate Recognition, provides automated detection of license plates. ALPRs are used by the Spokane Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. ALPRs may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

460.2 ADMINISTRATION OF ALPR DATA

All installation and maintenance of ALPR equipment shall be managed by the Technical Assistance Response Unit (TARU). TARU will assign a technician to administer the day-to-day installation of hardware (PAGIS), maintenance/replacement of ALPR hardware, and contacting the BOSS Server Client Administrator via the Post Falls Police Department IT Administrator regarding software issues. Alerts on vehicles placed into the system will be administrated, stored and uploaded by Spokane Police Dispatch (Patrol) and the Spokane Police Department Criminal Intelligence Unit (Investigations). ALPR alerts/data will be managed, and audited via the BOSS ALPR SYSTEM LOG by the Investigative Division.

460.3 ALPR OPERATION

Use of an ALPR is restricted to the purposes outlined below. Department personnel shall not use, or allow others to use, the equipment or database records for any unauthorized purpose.

- (a) ALPR shall only be used for official and legitimate law enforcement business.
- (b) ALPR may be used in conjunction with any patrol operation or official department investigation. Reasonable suspicion or probable cause is not required before using an ALPR.
- (c) While ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- (d) No member of this department shall operate ALPR equipment, or access ALPR data, without first completing department-approved training. All training on ALPR will be conducted by the Spokane Police Department Investigative Division or the Post Falls Police Department Regional ALPR IT Administrator or designee.
- (e) If practicable, the officer should verify an ALPR response through the Spokane Police Records Division or Spokane Police Department Dispatch before taking enforcement action that is based solely upon an ALPR alert.

Spokane Police Department

460.4 ALPR DATA COLLECTION AND RETENTION

All data and images gathered by ALPR are for the official use of the Spokane Police Department or Agencies that are approved by the Spokane Police Department Investigative Division who have requested and received approval to query the Spokane Police Department ALPR Systems. Such data may contain confidential Washington State information it is not open to public review. ALPR information gathered and retained by this department may be used and shared with prosecutors or others only as permitted by law.

Collection and retention of ALPR data is subject to the following guidelines:

- (a) Files will be transferred from field units to department servers in accordance with current Spokane Police Department file storage procedures.
- (b) All ALPR data captured during a shift should be transferred to the department server before the end of each shift. Once transferred all ALPR data should be immediately purged from the mobile workstation.
- (c) Data will be retained for no more than two years, to which at the end of that period will be purged from all servers as agreed upon with the Regional ALPR Personal Services Agreement.**
- (d) All ALPR Alerts placed into the system will be recorded in a BOSS ALPR SYSTEM LOG by start date, end date, license plate, contact, phone number, agency, and narrative.

All ALPR data downloaded to the server shall be stored according to the Washington State Law Enforcement Records Retention Schedule, and thereafter should be purged unless it has become, or it is reasonable to believe it will become evidence in a criminal or civil action or is subject to a lawful action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

460.5 ACCOUNTABILITY AND SAFEGUARDS

All saved data will be closely safeguarded and protected by both procedural and technological means. The Spokane Police Department will observe the following safeguards regarding access to and use of stored data:

- (a) All requests for access to ALPR system will be requested through officer's supervisor and sent to ALPR Administrator assigned to patrol and/or investigations.
- (b) All ALPR data downloaded to the mobile workstation and server shall be accessible only through a login/password protected system.
- (c) Persons approved to access ALPR data under these guidelines are permitted to access the data when there is an articulable suspicion that the data relates to an investigation in a specific criminal or department related civil or administrative action.
- (d) All transmission and storage of ALPR data shall meet Washington State requirements for network and computer security.
- (e) ALPR Alerts audits should be conducted on a regular basis through the review of ALPR BOSS SYSTEM LOG.

First Amendment Assemblies

461.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

461.2 POLICY

The Spokane Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

461.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience, typically involving minor criminal acts
- Rioting

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

Spokane Police Department

Spokane Police Department Policy Manual

First Amendment Assemblies

461.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

461.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity (also for potential counter-protests)
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Combined Communications Center, and the assignment of a supervisor should be requested to respond if the unplanned event is likely to lead to criminal activity, lead to injuries, or cause a disruption to vehicle and pedestrian traffic. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure should be established as resources are deployed.

461.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

461.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.

Spokane Police Department

Spokane Police Department Policy Manual

First Amendment Assemblies

- Information about past and potential unlawful conduct associated with the event or similar events.
- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

461.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide:

- (a) Commander's intent.
- (b) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (c) Command assignments, chain of command structure, roles and responsibilities.
- (d) Staffing and resource allocation.
- (e) Management of criminal investigations.
- (f) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
- (g) Deployment of specialized resources.
- (h) Event communications and interoperability in a multijurisdictional event.
- (i) Liaison with demonstration leaders and external agencies.
- (j) Liaison with City government and legal staff.
- (k) Media relations.
- (l) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
- (m) Traffic management plans.
- (n) First aid and emergency medical service provider availability.
- (o) Prisoner transport and detention.
- (p) Review of policies regarding public assemblies and use of force in crowd control.
- (q) Parameters for declaring an unlawful assembly.

Spokane Police Department

Spokane Police Department Policy Manual

First Amendment Assemblies

- (r) Arrest protocol, including management of mass arrests.
- (s) Protocol for recording information flow and decisions.
- (t) Protocol for handling complaints during the event.
- (u) Parameters for the use of body-worn cameras and other portable recording devices.
- (v) Dispersal order.

461.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

461.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. For large and/or spread out crowds the announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order. If reasonable, protestors and counter-protestors will be given different routes of dispersal.

461.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Spokane Police Department

Spokane Police Department Policy Manual

First Amendment Assemblies

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and TASER devices should be considered only when the participants' conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Techniques and Devices policy).

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any reportable use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report.

461.8 ARRESTS

The Spokane Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of officers and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Citation Releases Policy).

461.9 MEDIA RELATIONS

The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the

First Amendment Assemblies

event (see the Media Relations Policy). Media access should not be restricted unless they impede law enforcement actions or create a safety risk.

461.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

461.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event (e.g., unlawful assembly, riot, mass arrest), to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, Combined Communications Center records/tapes
- (g) Media accounts (print and broadcast media)

461.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

461.12 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Department should, when practicable, train with its external and mutual aid partners.

Public Recording of Law Enforcement Activity

462.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

462.2 POLICY

The Spokane Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

462.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the officers.
 - 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the officers, him/herself or others.

462.4 OFFICER/DEPUTY RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or

Spokane Police Department

Spokane Police Department Policy Manual

Public Recording of Law Enforcement Activity

behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

462.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

462.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless (42 USC § 2000aa):

- (a) The recording contains evidence of a serious crime and its collection is necessary to a criminal investigation. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 - 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 - 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department-owned device.

Spokane Police Department

Spokane Police Department Policy Manual

Public Recording of Law Enforcement Activity

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

Medical Aid and Response

463.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons who appear to be in need of medical aid and establishes a law enforcement response to such situations.

463.2 POLICY

It is the policy of the Spokane Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

All department training should be in accordance with Washington State Emergency Services (EMS) standards and protocols.

463.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, chest compressions and/or use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care, and only when the member can safely do so, and all emergency law enforcement functions have been completed.

Prior to initiating medical aid, the member should contact Combined Communications Center and request response by emergency medical services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Combined Communications Center with information for relay to EMS personnel in order to enable an appropriate response, including:

- A. The location where EMS is needed.
- B. The nature of the incident.
- C. Any known scene hazards.
- D. Information on the person in need of EMS, such as:
 - 1. Signs and symptoms as observed by the member.
 - 2. Changes in apparent condition.
 - 3. Number of patients, genders and ages, if known.
 - 4. Whether the person is conscious, breathing and alert, or is believed to have consumed drugs or alcohol.
 - 5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene to the degree possible while awaiting the arrival of EMS.

Spokane Police Department

Spokane Police Department Policy Manual

Medical Aid and Response

Members should not direct EMS personnel on whether to transport the person for treatment.

463.4 TRANSPORTING SICK, INJURED, OR DISABLED ARRESTEES

Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have significant injuries or who may be seriously ill. EMS personnel should normally be used to handle patient transportation in such cases.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

If an arrestee becomes sick or is injured incident to arrest and is in need of medical treatment, the arresting officer must seek medical treatment for the arrestee at that time. Arrestees with life threatening medical conditions or injuries must be transported to a medical facility by ambulance. In such instances, an officer may be designated to accompany the arrestee during transport or follow the ambulance in a patrol car. The need for restraining devices will be determined upon consultation with the medical personnel providing the immediate treatment to the arrestee. If an arrestee is transported to a medical facility, a supervisor should be notified as soon as practical.

Disabled or handicapped arrestee may require special procedures. The transporting officer will:

- Make every legally required effort to ensure that any special equipment or medicine required by the arrestee is transported along with the arrestee; and
- Request assistance when needed in order that the transport may be completed in a manner that is safe for the arrestee and the officer.
- Specially equipped vehicles may be requested to transport handicapped persons whose condition prohibits transport in police vehicles. When feasible, these arrangements will be made prior to the arrest taking place.
- The application of restraint devices on a handicapped arrestee is governed by the subject's physical capabilities, seriousness of the charge and threat level of the arrestee. Officers will use discretion and sound judgment when determining whether restraining devices are necessary for physically handicapped arrestees.

463.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision, and the lack of immediate medical attention may result in serious bodily injury to or the death of the person.

Spokane Police Department

Spokane Police Department Policy Manual

Medical Aid and Response

In cases where mental illness may be a factor, the officer should consider proceeding with an emergency detention in accordance with the Mental Illness Policy, Policy 418.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to either help persuade the person to agree to treatment, or who may be able to authorize treatment for the person.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

463.5.1 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee with a serious medical issue to a hospital without a supervisor's approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

463.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force and Control Devices and Techniques policies.

463.7 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

The Patrol Bureau Commander shall develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating such guidelines, the Department should identify:

- Responsibility and authority for designating a landing zone and determining the appropriate size of the landing zone.

Spokane Police Department

Spokane Police Department Policy Manual

Medical Aid and Response

- Responsibility for securing the area and maintaining security once the landing zone is identified.
- Consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One Department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

463.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A semi-automatic external defibrillator or AED should only be used by members who have completed a course approved by the Washington State Department of Health (DOH) that includes instruction in CPR and the use of an AED (RCW 70.54.310).

463.8.1 AED USER RESPONSIBILITY

Members who are issued AEDs for use in vehicles should check the AED at the beginning of each shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and sent to the Training Lieutenant, who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED shall contact the Combined Communications Center as soon as possible and request response by EMS (RCW 70.54.310).

Spokane Police Department

Spokane Police Department Policy Manual

Medical Aid and Response

463.8.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use. Any data from usage shall be made available, upon request, to EMS or other health care providers (RCW 70.54.310).

463.8.3 AED TRAINING AND MAINTENANCE

The Training Lieutenant should ensure appropriate training is provided to members authorized to use an AED.

The Training Lieutenant is responsible for ensuring AED devices are appropriately maintained and tested consistent with the manufacturer's operational guidelines, and will retain records of all maintenance in accordance with the established records retention schedule (RCW 70.54.310).

463.9 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

Members may administer opioid overdose medication in accordance with protocol specified by the health care practitioner who prescribed the overdose medication for administration by the member (RCW 69.41.095).

463.9.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure that they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and sent to the Training Lieutenant or designee.

Any member who administers an opioid overdose medication shall request response by EMS. Responding medics will be advised of the administration of the medication.

463.9.2 OPIOID OVERDOSE MEDICATION REPORTING

Any member administering opioid overdose medication shall detail its use in an appropriate report.

463.9.3 OPIOID OVERDOSE MEDICATION TRAINING

The Training Lieutenant shall ensure training is provided to members authorized to administer opioid overdose medication.

463.10 FIRST AID TRAINING

Subject to available resources, the Training Lieutenant should ensure officers receive periodic first aid training appropriate for their position.

Civil Disputes

465.1 PURPOSE AND SCOPE

This policy provides members of the Spokane Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Washington law.

465.2 POLICY

The Spokane Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

465.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (b) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (c) Members are reminded that they shall not enter a residence or other non-public location without legal authority.
- (d) Members should not take an unreasonable amount of time assisting in these matters.

465.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

Spokane Police Department

Spokane Police Department Policy Manual

Civil Disputes

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

465.4.1 STANDBY REQUESTS

Officers responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property. Members should provide both parties with an expected time frame to complete their task.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items (7.105.320). Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or the person may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

465.5 VEHICLES AND PERSONAL PROPERTY

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

465.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

465.6.1 REQUEST TO REMOVE TRESPASSER DECLARATION

Officers possessing a lawful declaration signed under penalty of perjury and in the form required by law, may take enforcement action to remove a person from a residence when (RCW 9A.52.105):

Spokane Police Department

Spokane Police Department Policy Manual

Civil Disputes

- The person has been allowed a reasonable opportunity to secure and present evidence that the person is lawfully on the premises
- The officer reasonably believe he/she has probable cause to believe the person is committing criminal trespass under RCW 9A.52.070

An officer should give the trespasser a reasonable opportunity to vacate the premises before taking enforcement action.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Spokane Police Department. Information provided by the Electronic Traffic Information Processing (eTRIP) data retrieval system is a valuable resource for traffic accident occurrences and officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance. The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:

Spokane Police Department

Spokane Police Department Policy Manual

Traffic Function and Responsibility

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS

Citations may be issued when an officer believes it is appropriate and should be issued to the at fault driver in a collision investigation. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

- A. Explanation of the violation or charge.
- B. Court appearance procedure including the optional or mandatory appearance by the motorist.
- C. Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

500.3.3 ARRESTS FOR TRAFFIC OFFENSES

Officers may issue a traffic citation for any criminal traffic offense or infraction when such violations are committed in an officer's presence or as allowed pursuant to RCW 10.31.100. With limited exceptions, the detention in such cases may not be for a period of time longer than is reasonably necessary to issue and serve a citation to the violator.

A traffic-related detention may expand to a physical arrest under the following circumstances:

- A. When the officer has probable cause to believe that a felony has been committed, whether or not it was in the officer's presence
- B. When the offense is one or more of the traffic violations listed in RCW 10.31.100
- C. When a driver has been detained for a traffic offense listed in RCW 46.63.020 and fails to provide adequate identification or when the officer has reasonable grounds to believe that the person to be cited will not respond to a written citation. In such cases, officers should, when practicable, obtain the approval of a supervisor before making an arrest.

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES

If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation.

If a computer check of a traffic violator's license status reveals a suspended or revoked drivers license and the traffic violator still has his/her license in possession, the license shall be seized by the officer. The officer shall verbally advise the traffic violator of the suspension or revocation and issue the citation.

500.4.1 SUSPENDED, REVOKED OR CANCELED COMMERCIAL LICENSE PLATES

If an officer contacts a traffic violator who is operating a commercial truck, truck tractor or tractor with registration that a computer check confirms to be revoked, suspended or canceled, the officer

Spokane Police Department

Spokane Police Department Policy Manual

Traffic Function and Responsibility

shall confiscate the license plates. The Department may either recycle or destroy the plates (RCW 46.32.100).

500.5 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601).

Although intended primarily for use while performing traffic related assignments, high-visibility vests shall be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests shall be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests shall be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers shall retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

It is intended that reflectorized vests be worn at any time an officer anticipates prolonged exposure to the hazards of approaching traffic created by assignment to duties such as traffic control and accident investigation. Officers may use their discretion regarding the wearing of vests during daylight hours. Use is strongly encouraged while directing traffic during hours of darkness or when visibility is limited due to inclement weather conditions. Vests maintained in the investigation units may be used any time a plain-clothes officer might benefit from being easily identified as a police officer. Use of the vests shall also be mandatory when a supervising officer directs their use to be appropriate.

500.6 HAZARDOUS ROAD CONDITIONS

The Spokane Police Department will make all reasonable efforts to address all reported hazardous road conditions in a timely manner as circumstances and resources permit.

500.7 SPEED MEASURING DEVICES

Prior to operating a speed measuring device, the officer must have successfully completed the Washington State Criminal Justice Training Commission basic training.

Operators shall test and calibrate the equipment in accordance with training.

Spokane Police Department

Spokane Police Department Policy Manual

Traffic Function and Responsibility

Unless each and every test result is within the tolerance level set forth by the manufacturer, the equipment will be taken out of service and repaired by authorized personnel.

500.8 SPEEDING IN A SCHOOL ZONE COMPLAINT PROCEDURE

It is the responsibility of the Traffic Lieutenant to establish a report form and a procedure for school crossing guards to report speed violations to the Spokane Police Department. The reporting forms may be made available to adult school crossing guards and to school administrative offices (RCW 46.61.275(1)). The report form should include the following:

- A. Date, time and location of the violation
- B. Vehicle license plate number and state
- C. Vehicle description
- D. Description of the vehicle operator
- E. Description of the incident
- F. Contact information of the school crossing guard
- G. The signature of the school crossing guard who witnessed the offense, attesting to the accuracy of the report

Reports must be submitted to the Spokane Police Department no more than 72 hours after the alleged violation occurred (RCW 46.61.275(1)).

500.9 SCHOOL BUS SAFETY CAMERAS

Any school district with buses properly equipped with cameras that capture stop-arm violations may report such violations to the Spokane Police Department whenever they occur within the department's jurisdiction.

The Traffic Lieutenant should establish a report form and procedure for school districts to report school bus stop-arm violations (RCW 46.63.180).

500.9.1 NOTIFICATION OF INFRACTION

The Traffic Lieutenant or the authorized designee should initiate an investigation of the reported violation after receiving a stop-arm violation report from a school district.

Issuance of a citation shall conform to state requirements (RCW 46.63.180). The notice of infraction shall be mailed to the registered owner or renter, if applicable, of the vehicle within 14 days of the violation.

Traffic Collision Investigations

502.1 PURPOSE AND SCOPE

The Spokane Police Department prepares traffic collision reports and as a public service makes traffic collision reports available to the community with some exceptions.

502.2 TRAFFIC COLLISION REPORTS

All traffic collision reports taken by members of this department shall be forwarded to the Records Division for processing.

502.2.1 STATEWIDE ELECTRONIC COLLISION AND TICKET ONLINE RECORDS (SECTOR)

This department utilizes SECTOR software to complete traffic citations and traffic collision reports. SECTOR shall only be used by those authorized employees who have completed department-approved training in the use of SECTOR software. All traffic collision reports completed with SECTOR software shall comply with established report approval requirements.

All reports completed using SECTOR software should be downloaded to the designated server as soon as practicable or in any case prior to the end of the employee's shift.

502.3 REPORTING SITUATIONS

502.3.1 TRAFFIC COLLISIONS INVOLVING SPOKANE POLICE DEPARTMENT VEHICLES

If an employee is involved in a motor vehicle collision, a Washington State Police Collision Report shall be completed, unless damage to the police vehicle is under the threshold set by the Washington State Police and the item struck is city property with no damage. In this circumstance, a Spokane Police Uniform Incident Report will be completed. The incident report shall be classified as property damage. An employee who is the driver involved in any collision shall complete a Uniform Incident Report detailing the incident, except where a criminal investigation will be initiated. If there is a question as to whether a criminal investigation will be initiated, the officer does not need to complete a Uniform Incident Report until such determination has been made.

- A. Non-injury collisions involving department vehicles shall be investigated by a non-involved responding officer. A supervisor will respond to the scene.
 - 1. City Risk Management shall be notified by the on-scene supervisor.
 - 2. Enforcement action will be determined by the Traffic Lieutenant upon completion of the internal review.
 - 3. Supervisors are responsible for completing a BlueTeam collision review in a timely manner and for providing a recommendation unless the involved officer is of an equal or superior rank.

 5. The on-scene supervisor is responsible for completing a BlueTeam incident report in a timely manner and forwarding to Internal Affairs. Once the chain of command review is complete, Internal Affairs will forward the file to the ARP for review and recommendations.
- C. In the event of an officer-involved collision occurring outside of Spokane County, the involved officer shall
1. Follow the other driver to the next safe pull-off area and notify the local jurisdiction or Washington State Patrol, whichever is appropriate, for a response and report.
 2. Notify his/her supervisor, or the on-duty supervisor via phone while still at the scene of the collision. The supervisor shall ensure that collision protocol is followed.

Risk Management contact numbers for internal use and after hours calls can be located on the "H" drive under the Alphalist folder, Sgt-Lt Resource folder.

The **ONLY** number that should be given to citizens is 509-625-6826 or 509-625-6824.

502.3.2 TRAFFIC COLLISIONS WITH POLICE DEPARTMENT EMPLOYEES

When an employee of this department is either on-duty and/or driving a City of Spokane vehicle within the jurisdiction of the Spokane Police Department and is involved in a traffic collision resulting in a serious injury or fatality, pursuant to RCW 10.93, the DSO and/or the Chief of Police and/or his/her designee can make a request for mutual aid.

When an employee of this department is off-duty and the collision is within the jurisdiction of the Spokane Police Department resulting in a serious injury or fatality, the Shift Commander, shall notify the Duty Staff Officer to determine appropriate investigative protocol.

The term serious injury is defined as any injury that may result in a fatality.

Spokane Police Department

Spokane Police Department Policy Manual

Traffic Collision Investigations

502.3.3 TRAFFIC COLLISIONS WITH OTHER CITY EMPLOYEES OR OFFICIALS

- A. Non-injury collisions involving City of Spokane vehicles shall be investigated by the responding officer. A Spokane Police Department supervisor will respond to the scene.
 1. City Risk Management shall be notified by the on-scene supervisor.
 2. Enforcement action will be determined by the on duty supervisor upon review of the investigation. If there is a dispute as to who is at fault, the Shift Commander will make the determination.
- B. Injury and fatality collisions involving City of Spokane vehicles will be investigated as determined by the Major Crimes Lieutenant. Responding officers shall secure the collision scene and request the shift commander to respond to the scene.
 1. The shift commander will ensure proper notification has been made to the Major Crimes Lieutenant, the City Risk Management representative and the Duty Staff Officer (DSO).
 2. The DSO will notify the employee's department head.
 3. Enforcement action for injury and fatal collisions will be determined by the Major Crimes Lieutenant.
 4. The City of Spokane Risk Management investigator will coordinate with the Spokane Police investigator prior to commencing their (Risk Management's) investigation. Spokane Police investigators, during the course of the investigation, will keep Risk Management apprised of the status of the investigation.

502.3.4 TRAFFIC COLLISIONS ON PRIVATE PROPERTY

Traffic collision reports shall not be taken for traffic collisions occurring on private property, unless:

- There is a death or injury to any person involved.
- There is a DUI involved.
- There is a hit and run violation.
- Reckless driving.
- There is a felony involved.
- Negligent driving is involved.
- Directed by any supervisor.

502.3.5 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS

Traffic collision reports shall be taken when they occur on a roadway or highway within the jurisdiction of this department under any of the following circumstances:

- A. When there is a death or injury to any persons involved in the collision.
- B. When there is an identifiable violation of the Revised Code of Washington; in which case, a ticket shall be issued to the driver who was the proximate cause of the collision.

Spokane Police Department

Spokane Police Department Policy Manual

Traffic Collision Investigations

- C. Property damage exceeding the dollar amount currently established by WSP.
- D. When a report is requested by any involved driver.

In all cases where a traffic collision report is required by policy, the current state authorized form will be used to document the collision (RCW 46.52.070).

502.4 NOTIFICATION OF MAJOR CRIMES TRAFFIC INVESTIGATIVE SUPERVISOR

In the event of a fatality or potential fatality, or an unusual or complicated collision scene, appropriate Major Crimes Investigators may be called out by the Shift Commander with notification to the Duty Staff Officer.

Vehicle Towing and Release

510.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Spokane Police Department.

510.2 RESPONSIBILITIES

When having a vehicle towed for ANY reason other than a private tow, a SECTOR Tow Impound form or a Uniform Washington State Tow/Impound and Inventory Record Form 3000 will be completed. Ensure that the Incident Number is on the form. The tow truck driver must receive a copy of the form. The tow driver will not leave the scene with the vehicle until they receive their copy of the form.

The responsibilities of those employees towing or impounding a vehicle are as follows:

510.2.1 REMOVAL OF VEHICLE DISABLED IN A TRAFFIC COLLISION

When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the police dispatcher. When there is no preferred company requested, or the driver is incapacitated or unavailable, a tow company will be selected from the rotational list of towing companies utilized by the Combined Communications Center.

If the owner is incapacitated, unavailable, or for any reason it is necessary for the department to remove a vehicle from the public right-of-way to a place of safety, the officer will complete a Uniform Washington State Tow/Impound and Inventory Record form.

510.2.2 DRIVING A NON-CITY VEHICLE

Generally, non-city vehicles should not be driven by police personnel unless it is necessary to move a vehicle a short distant, or for exigent circumstances.

510.2.3 DISPATCHER'S RESPONSIBILITIES

Upon receiving a request for towing, the dispatcher will verify with the officer making the request what type of impound/tow this is and shall promptly telephone the specified authorized towing service. The officer shall be advised when the request has been made and the towing service has been dispatched.

When there is no preferred company requested, the dispatcher shall call the next tow company in rotation from the list of approved towing companies.

510.2.4 OFFICER RESPONSIBILITIES WITH RECOVERY OF A STOLEN VEHICLE

Upon recovery of a stolen vehicle officers shall follow patrol protocol. They shall confirm the stolen status of the vehicle, request owner notification through Communications, and verify owner's consent regarding towing and searching of the stolen vehicle. The officer shall also confirm the

Spokane Police Department

Spokane Police Department Policy Manual

Vehicle Towing and Release

VIN through Communications, verify the plates are still with the vehicle, and whether the vehicle appears drivable.

The officer will determine if the vehicle should be left at the scene, released to the owner, impounded per the owner's consent, or impounded for evidence and further processing.

The officer shall ensure Communications receives all necessary information for further action regarding recovery of the stolen vehicle.

Communications will ensure that the proper ACCESS locates and entries are updated to reflect the appropriate status of the recovered vehicle.

510.3 TOWING SERVICES

The Spokane Police Department maintains a rotational list of tow companies who enter into a mutual agreement with the department. These tow companies must be licensed by DOL pursuant to RCW Chapter 46 and WAC Titles 204 and 308.

Nothing in this policy shall require the department to tow a vehicle.

510.4 STORAGE AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping for the arrestee's vehicle. The vehicle shall be stored whenever it is mandated by law, needed for the furtherance of an investigation or prosecution of the case or when the Community Caretaker Doctrine would reasonably suggest it. For example, the vehicle would present a traffic hazard if not removed, or due to a high crime area the vehicle would be in jeopardy of theft or damage if left at the scene.

No impound should occur if other alternatives are available that would ensure the vehicle's protection. Factors that should be considered by officers in determining whether to impound a vehicle pursuant to this policy include:

- A. Whether the offense for which the subject was arrested mandates vehicle impound (i.e. commercial sexual abuse of a minor, promoting commercial sexual abuse of a minor, or promoting travel for commercial sexual abuse of a minor (RCW 9A.88.140(2))).
- B. Whether someone is available at the scene of the arrest to whom the vehicle could be released.
- C. Whether the vehicle is impeding the flow of traffic or is a danger to public safety.
- D. Whether the vehicle can be secured.
- E. Whether there is some reasonable connection between the crime/arrest and the vehicle, or the vehicle is related to the commission of another crime (i.e., the vehicle itself has evidentiary value).
- F. Whether the owner/operator requests that the vehicle be stored/impounded at owner's expense.

Spokane Police Department

Vehicle Towing and Release

- G. Whether the vehicle would be in jeopardy of theft or damage if left at the scene in a high-crime area.

In cases where a vehicle is not stored/impounded, the handling employee shall note in the report that the owner was informed that the Department will not be responsible for theft or damages to the vehicle.

510.5 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. A locked vehicle trunk shall not be opened, even if it may be opened without a key from an accessible area of the passenger compartment. Locked or closed containers located within the passenger compartment should be inventoried as a sealed unit, absent exigent circumstances. Should an item of evidentiary value be found, stop inventory and obtain a search warrant.

Members conducting a vehicle inventory should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers, and to protect the department against fraudulent claims of lost, stolen, or damaged property.

510.6 VEHICLE SEARCHES

A search warrant should be obtained prior to conducting the search of a vehicle except in very limited circumstances as enumerated below:

- A. With valid consent of the operator
- B. To make a limited search for weapons when a reasonable suspicion exists that a suspect is dangerous and the suspect may gain immediate control of a weapon
- C. Under emergency circumstances not otherwise enumerated above

Warrantless searches of vehicles are subject to numerous other restrictions under specific conditions. Officers should, whenever possible, seek supervisory approval before conducting a warrantless search of a vehicle.

510.7 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g. cash, jewelry, cell phone, prescriptions) which are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, search personnel shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

510.8 TOWING OF HULK VEHICLES

Impaired Driving

514.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

514.2 POLICY

The Spokane Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Washington's impaired driving laws.

514.2.1 DRUG RECOGNITION EXPERT

A Drug Recognition Expert (DRE) should be utilized if an officer has reasonable grounds to suspect a driver is under the influence of drugs. Every attempt to contact an on-duty DRE should be made.

The officer should conduct standardized field sobriety tests (SFST's), use a portable breath test (PBT) device or similar instrument and place the suspect under arrest. If the investigating officer has reason to believe the driver/suspect is impaired by alcohol or his/her BAC level is over .08, the officer would process as a regular DUI. If the investigating officer has reason to believe the driver/suspect is impaired by drugs or if the driver/suspect's PBT reading is under .08, have the Combined Communication Center contact or call a DRE. Every attempt should be made to contact an on-duty SPD DRE first. If no DRE is available, have dispatch attempt to call out an SPD DRE. If the DRE is still unavailable, have the Combined Communications Center contact WSP Communications to see if there are any WSP DRE's on duty. If no DRE's are available, the officer may apply for a search warrant for blood and process accordingly.

A SPD DRE shall be called to the scene of every serious injury or fatal collision under our jurisdiction where there is a surviving driver. Every attempt should be made to contact an on-duty SPD DRE. If SPD does not have a DRE on duty, have the Combined Communication Center attempt to call out an SPD DRE. If no other DRE's are available, have the Combined Communications Center contact WSP communications to see if there are any other DRE's available.

514.3 INVESTIGATIONS

All officers are expected to enforce these laws with due diligence.

The Traffic Lieutenant will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- A. The Standardized Field Sobriety Tests (SFSTs) administered and the results.

Spokane Police Department

Spokane Police Department Policy Manual

Impaired Driving

- B. The officer's observations that indicate impairment on the part of the individual, and the officer's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- C. Sources of additional information (e.g., reporting party, witnesses) and their observations.
- D. Information about any audio and/or video recording of the individual's driving or subsequent actions.
- E. The location and time frame of the individual's vehicle operation and how this was determined.
- F. Any prior related convictions in Washington or another jurisdiction.
- G. Whether a child under the age of 16 was present in the vehicle (RCW 46.61.507).

514.4 FIELD TESTS

The Traffic Lieutenant is responsible for ensuring the standardized FSTs being taught meet the statewide standard.

514.5 CHEMICAL TESTS

A person implies consent under Washington law to a chemical test or tests of the person's breath and to providing the associated chemical sample under any of the following (RCW 46.20.308):

- A. The arresting officer has reasonable grounds to believe the person was driving or in actual physical control of a motor vehicle while under the influence of intoxicating liquor or drug.
- B. The arresting officer has reasonable grounds to believe a person under the age of 21 was driving or in actual physical control of a motor vehicle while having a blood alcohol concentration of at least 0.02 (RCW 46.61.503).
- C. The officer has stopped a person operating a commercial motor vehicle license (CDL) and has reasonable grounds to believe that the person was driving while having alcohol in the person's system (RCW 46.25.120).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

514.5.1 BREATH TESTS

The Traffic Lieutenant should ensure that all PBT devices used by the department are properly serviced and tested and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor any device used for signs of malfunction. For any anomalies or equipment failures related to PBTs, officers should notify the SPD Traffic Unit. For any anomalies or equipment failures related to the Draeger instrument, officers should notify Washington State Patrol Dispatch.

514.5.2 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (RCW 46.61.506). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

Officers shall apply for a search warrant for the collection of blood.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal.

A blood sample may be obtained only with the consent of the individual or as otherwise provided in this policy (RCW 46.20.308; RCW 46.25.120).

514.5.3 STATUTORY NOTIFICATIONS

514.6.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who has been arrested and does not consent to a blood test when any of the following conditions exist (RCW 46.20.308; RCW 46.25.120):

- A. A search warrant has been obtained.
- B. The officer can articulate that exigent circumstances exist.

Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts, such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

Spokane Police Department

Spokane Police Department Policy Manual

Impaired Driving

514.6.3 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer shall request a supervisor to respond.

The responding supervisor should:

- B. Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
- C. Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the individual to submit to such a sample without physical resistance. This dialogue should be recorded on audio and/or video when practicable.
- D. Ensure that the blood sample is taken in a medically approved manner.
- E. Ensure the forced blood draw is recorded on audio and/or video when practicable.
- F. Monitor and ensure that the type and level of force applied appears reasonable under the circumstances.
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - 2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 - 3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- G. Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

514.7 ARREST AND INVESTIGATION

514.7.1 WARRANTLESS ARREST

An officer having probable cause to believe that a person is DUI shall make a warrantless arrest of the person whether or not the officer observed the violation first hand (RCW 10.31.100). Any exceptions will be approved by an on duty sergeant (if the sergeant is unavailable, an on duty supervisor).

Arrests supported by probable cause for DUI are mandatory booking if the person has been convicted of DUI in the past 10 years or if the officer has knowledge based on the information available to him/her that the person is charged with, or is waiting arraignment for, an offense that would qualify as a prior offense as defined by RCW 46.61.5055 if it were a conviction (RCW 10.31.100). - E. Submit a sworn report to the DOL when the person has a CDL and either refused or had a test administered that disclosed a prohibited amount of alcohol or any amount of THC concentration (RCW 46.25.120(5)).

520.2 OFFICER RESPONSIBILITY

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

520.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

If the motorist calls for assistance and the department is unable to dispatch an officer due to availability, the dispatcher should attempt to contact the motorist by phone. A comment can be made in the incident history advising of any deviation.

If a marked vehicle has been moved or the markings have been removed during a 12-hour investigation period, the vehicle shall be re-marked for another 12-hour period.

524.2.1 MARKED VEHICLE FILE

If a marked vehicle has current license plates, the officer shall check the records to learn the identity of the last owner of record. - If recording is not feasible because of exigent circumstances, the officer conducting the interrogation shall record electronically an explanation of the exigent circumstances before conducting the interrogation, if feasible, or as soon as practicable after the interrogation is completed (RCW 10.122.040).
- The individual to be interrogated refuses to participate in the interrogation if it is recorded electronically. If, during a custodial interrogation, the individual does not wish to participate any further if recorded, the remainder of the custodial interrogation need not be recorded electronically. (An officer, with the intent to avoid the requirement

of electronic recording, may not encourage an individual to request that a recording not be made.) (RCW 10.122.060).

- Interrogation conducted in another state and the custodial interrogation occurs in compliance with that state's law or is conducted by a federal law enforcement agency in compliance with federal law.
- If the interrogation occurs when no officer conducting the interrogation has knowledge of facts and circumstances that would lead an officer reasonably to believe that the individual being interrogated may have committed an act for which requires that a custodial interrogation be recorded electronically (RCW 10.122.080).

- Equipment malfunction (RCW 10.122.100).

All recordings of interrogations shall be made with a body worn camera when available to the officer, unless the individual is being interrogated in an interrogation room equipped with a camera capable of audio and video recording. For officers not assigned a body worn camera, if a body worn camera is not available, an audio recorder shall be used.

Officers should also consider electronically recording any investigative interview, for any other offense when the officer reasonably believes it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of an interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Investigation Bureau supervisor. Copies of recorded interrogations or interviews may be made in the same or different format provided they are true, accurate and complete copies and are made only for authorized and legitimate law enforcement purposes.

Officers should continue to prepare written summaries of custodial questioning and investigative interviews and continue to obtain written statements from suspects when applicable.

See Policy 324 for specific information regarding the interview and interrogation of juveniles.

- (a) Should any officer determine that there is no probable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.

Asset Forfeiture

606.1 PURPOSE AND SCOPE

This policy describes the authority and procedure for the seizure, forfeiture and liquidation of property associated with designated offenses.

606.2 ASSET SEIZURE AUTHORITY

The Spokane Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

It is the policy of the Spokane Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

606.3 ASSET SEIZURE

Property may be seized for forfeiture as provided in this policy.

606.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When property or cash subject to this policy is seized, the officer making the seizure shall coordinate with CEU to ensure compliance with the following:

- A. Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable. When property is seized and no one claims an interest in the property, the officer may leave the copy in the place where the property was found, if it is reasonable to do so.
- B. Forward the original seizure forms and related reports to the CEU Lieutenant within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, "Seized Subject to Forfeiture." Property seized subject to forfeiture should be booked on as a separate item.

Photographs should be taken of items seized, particularly cash, jewelry, and other valuable items.

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere (another agency), the whereabouts of the property are unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the CEU Lieutenant.

Spokane Police Department

Spokane Police Department Policy Manual

Asset Forfeiture

606.5 NET EQUITY THRESHOLDS

The Property and Evidence Office Supervisor is responsible for ensuring compliance with the following:

- A. All property received at the Property and Evidence Facility or by Evidence Staff for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.
- B. All serialized property received for forfeiture is checked to determine if the property has been stolen.
- C. All property received for forfeiture is retained in the same manner as evidence until forfeiture is finalized or the property is returned to the claimant or the person with an ownership interest.
- D. Property received for forfeiture is not used unless the forfeiture action has been completed.

Asset specific net equity thresholds are intended to decrease the number of SPD seizures thereby enhancing case quality and expediting processing of forfeiture cases. These guidelines set minimum net equity levels that generally must be followed:

Real property – minimum net equity must be at least 20 percent of the appraised value with a minimum net equity threshold of at least \$20,000.

Conveyances – minimum net equity threshold must be at least \$1,000.

Cash – minimum amount must be at least \$100.

All other personal property - minimum amount must be at least \$100 in the aggregate.

Cannabis grow equipment - may be used for a variety of legal purposes. Therefore SPD can seize and send to auction legally seized grow equipment as long as SPD does not have direct knowledge that such equipment will ultimately be used in connection with illegal drugs or other illicit activity.

In some circumstances the overriding law enforcement benefit will require the seizure of an asset that does not meet these criteria. In individual cases, these thresholds may be waived where forfeiture will serve a compelling law enforcement interest. Any seizure with a net equity threshold below these guidelines must be approved by a supervisory-level officer with an explanation of the compelling law enforcement interest.

606.6 SEIZED PROPERTY

See SPD Standard Operating Procedure – Asset Forfeiture.

The Civil Enforcement Attorney or Civil Enforcement commanding officer shall evaluate each seizure for probable cause to support a factual nexus that connects the property seized to the criminal activity alleged.

Spokane Police Department

Spokane Police Department Policy Manual

Asset Forfeiture

606.7 FEDERAL ADOPTION

U.S. Department of Justice has prohibited federal agency adoptions of assets seized by state and local law enforcement agencies. There is a limited public safety exception for property that directly relates to public safety concerns, including firearms, ammunition, explosives, and property associated with child pornography. This prohibition of federal adoption on state seizures does not apply to seizures resulting from joint operations involving both federal and state authorities, or to seizures pursuant to warrants issued by federal courts. Under those limited circumstances, SPD then makes a request to share in the asset per the electronic system called eShare and the U.S. Government will then utilize eShare to determine, the amount, if any, shared with the SPD.

606.8 PROCEEDS AND REPORTING

No prosecutors' or sworn law enforcement officers' employment or salary shall be made to depend upon the level of seizures or forfeitures they achieve. SPD shall strive to ensure that seized property is protected and its value preserved. SPD shall avoid any appearance of impropriety in the sale or acquisition of forfeited property. Forfeited property retained for official law enforcement use shall be subject to the same internal controls applicable to property acquired through normal appropriations processes.

Forfeiture proceeds, and equitable shares received, shall be maintained by SPD Finance and subject to accounting controls and annual financial audits. Accordingly, all monies obtained through criminal forfeiture will be forwarded to the SPD finance department.

The Civil Enforcement Unit Commander will work with finance to ensure a state yearend report that documents the total asset seizures made for the year. This report will be submitted by January 31 of the following year. City Finance will ensure that all taxes are paid to the state regarding the seizure of property. The CEU commander will be responsible for quarterly reports to the state treasurer as required under 606.2 authority.

606.9 ASSET FORFEITURE LOG

A written or computerized inventory of all state asset forfeiture cases shall be kept by the CEU. The inventory record shall include the following: case number; seizure number; date of seizure; inventory of items seized; persons involved; and, status of property. A record of all forfeitures will be kept by the CEU in accordance with state public records retention laws. Copies of the seizure paperwork will be submitted to the Police Records.

606.10 ASSET FORFEITURE FUNDS USE

1. **Placement of Funds** – SPD finance will manage all seizure funds. They will use accounting codes that identify each of the below listed type of seizures. These codes will ensure that SPD can identify how much money was brought in by each listed type of seizure.
 - A. Washington State Seizure: Drugs

Investigative Funds Handling

607.1 PURPOSE AND SCOPE

Having access to cash for expenditures is crucial to enforcement operations, however the accounting of public funds cannot be overstated as critical to efficacy. Hence, clearly established procedures on how to handle and account for funds have been instituted. The roles and responsibilities of each employee in the chain of events in controlling, requesting and spending of City of Spokane funds is outlined in the SOP.

The use of City of Spokane Confidential Funds will be conducted in accordance with existing Spokane Police Department Policy 608 Cooperating Individuals and Sources of Information, as well as the City of Spokane Cash Handler Policy and Procedures Manual with regard to Balancing Cash Drawers, Locating Cash Differences, Cash Over & Short Policies, Petty Cash Funds, and Reporting of Losses.

607.1.1 DEFINITIONS

Confidential Funds: those funds allocated to law enforcement undercover operations for the purchase of evidence would include the purchase of evidence and/or contraband such as illegal drugs, firearms, stolen property, etc., required to determine the existence of a crime or to establish the identity of a participant in a crime, and for the purchase of specific information from cooperating individuals. Purchases of any other services must be approved through the chain of command.

Imprest Cashiers: City of Spokane employees who have appropriated monies assigned to them for the issuance to Police personnel as needed for enforcement operations.

Reimbursement Cashiers: City of Spokane employees who have access to cash through approved bank accounts and replenish Imprest Cashiers upon receipt of a reimbursement package.

Voucher for Payment for Information and Purchase of Evidence: a Spokane Police form used to withdraw monies from an Imprest Cashier and to make an authorized payment to a CI or for the purchase of evidence.

607.2 SUPERVISORS AND EMPLOYEES

City of Spokane policy reads, "The supervisor of the unit to which the imprest fund is assigned must authorize all advances of monies to agents or officers for the purchase of information."

All supervisors of employees who are requesting to spend imprest funds, must authorize the withdrawal 'in advance' of the expenditure. A voucher form must be prepared and signed by the supervisor, which will be shown to the Imprest Cashier prior to issuance of any monies. As the form is a dual form, the supervisor will be signing this form twice (authorizing both the withdrawal of funds and the expenditure of funds).

607.3 IMPREST CASHIERS

As of 2015, the Spokane Police Department has several approved Imprest Cashiers. Each of these employees has a set amount of authorized funds available to be used for approved enforcement activities.

Imprest Cashiers will maintain bound ledgers tracking the amount of money that they are authorized to hold. Reimbursement will be requested from the Reimbursement Cashier to return their fund to the total amount they are authorized to hold by completing a reimbursement packet.

At no time, shall an Imprest Cashier request or sign out monies with another Imprest Cashier. If an Imprest Cashier is short of funds needed for an operation, that Cashier shall direct the employee requesting monies to a different Imprest Cashier.

607.4 REIMBURSEMENT CASHIER

Reimbursement Cashiers will maintain a bound ledger tracking the amount of money that they are authorized to hold. This will document funds debited from the account after a reimbursement to an Imprest Cashier, as well as credits to the account after cashing an authorized check, thus replenishing the reimbursement account.

607.5 AUDITS

The Internal Affairs Lieutenant is responsible for conducting an annual audit of the Confidential Funds.

This log sheet will be kept in the SOI file for future referral and/or discovery purposes. These files will be maintained by name and in alphabetical order. The files shall be secured in the SIU Sergeant's office in the same manner and have the same protections as CI files.

Individuals Obligated by Legal Privilege of Confidentiality: This class of individuals include, but may not be limited to, attorneys, physicians, and members of the media.

Governmental Officials: This includes persons in high-level and highly sensitive local, state, or federal governmental positions.

When in doubt on the level of confidentiality that a person may or may not have depending on their position or employment within the community, the Officer/Detective must consult with City legal and get a determination regarding the need for further approval.

608.4 GUIDELINES FOR HANDLING COOPERATING INDIVIDUALS

All Cooperating Individuals are required to sign and abide by the provisions of the Cooperating Individual Agreement. The Control Officer shall discuss the provisions of the agreement with the CI and explain SPD's operating procedures for CIs. Any deviation from the Cooperating Individual Agreement or operating policy must be approved by a supervisor.

CIs will be advised that they shall not gather information on individuals who are not otherwise under investigation and/or under suspicion of criminal conduct. Additionally, CIs will be advised that they shall not gather information of a political nature or for other information-gathering efforts that are not connected with a specific criminal investigation.

608.4.1 RELATIONSHIPS WITH COOPERATING INDIVIDUALS AND SOURCES OF INFORMATION

No member of the Spokane Police Department shall knowingly maintain a social relationship with a CI/SOI while on or off duty, or otherwise become intimately involved with a cooperating individual or SOI. Members of the Spokane Police Department shall neither knowingly solicit nor accept gratuities nor engage in any private business transaction(s) with a cooperating individual or SOI.

To maintain Officer/CI or SOI integrity, the following must be adhered to:

- (a) Officers shall not withhold the identity of a CI/SOI from their superiors.
- (b) Identities of CI/SOI's shall otherwise be kept confidential.
- (c) No promise of anonymity will be made to the CI/SOI.

Spokane Police Department

Spokane Police Department Policy Manual

Cooperating Individuals and Sources of Information

- (d) Criminal activity by CI/SOI's shall not be condoned and shall be reported to superiors immediately when known to the officer.
- (e) A CI working under the direction of a member of the SPD shall be told they are not acting as police officers, employees, or agents of the Spokane Police Department, and that they shall not represent themselves as such.
- (f) The relationship between Officers and CI/SOI's shall always be ethical and professional.
- (g) Social contact shall be avoided unless necessary to conduct an official investigation, and only with prior approval of a supervisor.
- (h) Officers shall not meet with CI/SOI alone. CI/SOI will always be met by no less than two commissioned police personnel. Officers acting in an undercover capacity may be alone with a CI during an operation, but only as part of a supervisor approved operation.
- (i) When providing payment to CI/SOI, two Officers shall be present and witness the payment of funds. A voucher shall be completed to include itemizing all expenses.
- (j) Employees leaving employment with the department have a continuing obligation to maintain as confidential the identity of any CI/SOI and the information he or she provided unless obligated to reveal such identity or information by law or court order.

An entry to the CI contact log will be written for every "relevant, substantive and/or case related" contact made between the CI/SOI and Control Officer, which may include face to face meetings, telephone calls, text messages and/or other electronic communication(s). This documentation will be maintained in the applicable investigative file. This documentation will be provided to a prosecuting authority upon request for discovery and/or other judicial proceedings.

CI/SOI's will be continuously advised by the Control Officer as to their obligation to not participate in any crimes outside of those authorized by the Control Officer. CIs should be encouraged to gather valuable information/intelligence on criminal elements while outside the presence of the Control Officer, but must not participate in any criminal activities unless authorized by the Control Officer.

CIs will be searched prior to and immediately after participating in any authorized criminal activity; to include their person, immediate possession(s) such as a purse, wallet, telephone or other hand carried items, and the vehicle which will be used and was used during their participation with SPD. The search will be consistent with the amount and size of the item(s) that the CI potentially could be buying and/or be present with. It may be necessary to conduct a strip search depending on the circumstances of the case. The search will be conducted by an officer of the same sex as the CI who is being searched. This search will be documented in a Supplemental Report. This documentation will include who conducted the search, where it was conducted, the privacy of the search, and who witnessed the search. The CI must consent to the search.

608.5 PAYMENT CONSIDERATIONS

The payment of money to any cooperating individual must be reasonable, ethical, and should not shock the conscience of the Court. Additionally, a strict procedure for payments to CI/SOI must be adhered to in order to maintain a good accounting of such funds.

608.5.1 PAYMENT PROCEDURE

The amount of funds to be paid to any CI/SOI will be evaluated against, but not limited to, the following criteria:

- The quality of the information provided by the CI/SOI.
- The extent of the CI/SOI involvement.
- The risk level.

Payments up to \$250.00 can be authorized by the unit's supervisor. Payments over \$250.00, but not exceeding \$500.00, can be authorized by the unit commander. Payments exceeding \$500.00 must be authorized by the investigative captain or the DSO for after hours.

608.5.2 PAYMENT PROCESS

A SOI will be paid under the same guidelines as a CI. Payment must be approved in the same manner as a CI. Officers are not to direct a SOI to gather further information for SPD. However, a SOI can routinely provide information to an officer reference criminal activity without being directed. If direction of the SOI is needed for an investigation, then the SOI must be registered as a CI per this policy. Documentation of the payment and of the information/assistance received must be made per policy.

All payments to CI/SOI's shall be made in the presence of two Officers. A payment voucher shall be completed containing all applicable information required for the completion of the voucher. Payments will be in cash and the CI/SOI is required to sign the yellow copy of the voucher certifying receipt of the payment.

The Control Officer shall record the amount of payment on the CI and SOI Payment Log maintained inside the CI and SOI files. This record shall include the date of payment, incident number, voucher number, nature of the investigation, if any arrest was made as a result of the CI's assistance, and the amount paid to the CI.

The Unit Captain must approve payments above \$500.00.

608.5.3 REPORTING OF PAYMENTS TO IRS

Each CI/SOI receiving a cash payment shall be informed of his/her responsibility to report the payment to the IRS and be given the opportunity to sign the IRS notification form.

608.6 CI/SOI DEACTIVATION

A CI/SOI will be considered deactivated once the Control Officer decides that the CI/SOI can no longer provide assistance to SPD or other circumstances where SPD management chooses to no longer use them. A deactivation notice will be added to the CI/SOI file indicating that the CI/

Spokane Police Department

Spokane Police Department Policy Manual

Cooperating Individuals and Sources of Information

SOI is no longer active with SPD. The notation will advise if the CI/SOI can be used again in the future. If the CI/SOI should never be used as a CI/SOI in the future, then a notation as to 'why' they should no longer be used will be made. Examples would be, but not limited to: stole money, stole evidence, untrustworthy, failed to meet agreed obligations, or arrested on other charges during the course of the agreement.

The CI/SOI must be told that they are no longer working with SPD.

If at any time a CI/SOI is found to be unreliable/not credible, with first line supervisor approval, the control officer shall notify Western States Intelligence Network as to the CI's credibility/reliability.

608.6.1 THREAT OF HARM OR INTIMIDATION TO A CI OR SOI

If it comes to the attention of a SPD Employee that an active or former CI/SOI for the Spokane Police Department has received or is being threatened with violence or some form of intimidation, the Control Officer or SIU Sgt. must immediately be advised. The Control Officer will notify their first-line supervisor. The Control Officer will make attempts to contact and/or locate the CI/SOI (contact the Prosecutor's office). The CI/SOI will be advised of the threat and/or intimidation. Arrangements will be made by the Control Officer and the supervisor to move the CI/SOI to a safe location if needed. Paying the CI/SOI may be needed to accommodate a safe location for the CI/SOI. If there is a pending trial or litigation involving the CI/SOI's testimony or cooperation, the Prosecuting Attorney will be immediately notified of the circumstances.

The Control Officer will work with the applicable Victim/Witness Coordinator to ensure the safety of the CI/SOI. Proper Documentation will be completed in order to capture the events and/or circumstances regarding the threat and/or intimidation. The Control Officer will document the efforts and/or the efforts offered to help protect the CI/SOI. The Control Officer will maintain contact with all parties until the threat and/or intimidation is handled.

608.7 SIU FILE MANAGEMENT

Active CI/SOI Files will be maintained in the SIU sergeant's office. Deactivated files will be destroyed following proper document destruction protocols. Those CI/SOI Files involving pending litigation or appeals where CI/SOI participation is needed will be kept through the court process. Once the court process is complete, the files will be destroyed according to protocols.

608.8 CI FILE REVIEW

Control Officer: Control Officers will conduct a criminal history and wants/warrants search every six months, and periodically as needed on all active CIs under their control. A copy of the Wants/Warrants printout will be filed in the CI file.

For those CI/SOI's who have been arrested after being first registered, an evaluation by the Control Officer and the first line supervisor will be conducted regarding their cooperation with SPD. The consideration of further active cooperation by this CI/SOI will be determined in part by the type and/or severity of the new arrest incident. Consultation with the applicable prosecuting authority

Spokane Police Department

Spokane Police Department Policy Manual

Cooperating Individuals and Sources of Information

over the new arrest incident will be included in this decision. The CI must be converted to a Defendant CI and those guidelines will then be followed.

For those CI/SOI's with a new active arrest warrant, the Control Officer will promptly contact the initiating agency to address the new charge. The CI's participation on a SPD investigation will be reevaluated to determine if they can be further used. Consultation with the prosecuting authority on the SPD investigation must be sought prior to reestablishment of the CI into an active role again. The CI must be converted to a Defendant CI and those guidelines will now be followed.

Supervising Sgt.: A 6-month review of all active CI/SOI files will be conducted to determine if in the last six (6) months there has been active participation by the CI/SOI. These reviews will be performed by the immediate supervisors of the Control Officers utilizing those CI/SOIs. In the case where there has been no active participation by the CI in the last six months, the Control Officer in conjunction with their first line supervisor will determine if the CI/SOI will remain in an active status. If the decision is made to keep the CI/SOI in an active status then the Control Officer or first line supervisor will indicate in the file the reasons for maintaining that status. If the decision is made to deactivate the CI/SOI, then the Control Officer or their first line supervisor will deactivate the CI/SIO and a notation of the review and deactivation will be noted on the CI/SOI file jacket.

Tactical Operations Lieutenant: Once a year in December, the Tac-Ops Lieutenant will ensure the accuracy of the active CI/SOI log compared to all the active CI/SOI files. Each file will be reviewed for completeness of the registration documentation, payment records, and ensure that 6 month reviews are being conducted by the Control Officer and the SIU Sgt. A notation of this review will be noted on the CI/SOI File jacket.

Eyewitness Identification

610.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques.

610.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process -Any field identification, live lineup or photographic identification.

Field identification (also known as Field Elimination Show-Ups or One-On-One Identifications) -A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup -A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

Double Blind - A sequential photo lineup where both the administrator and witness are unaware of the suspect(s) identity, thereby reducing the risk of unintentionally influencing the witness.

610.2 POLICY

The Spokane Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

610.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

610.4 EYEWITNESS IDENTIFICATION FORM

The Investigation Bureau supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

Spokane Police Department

Spokane Police Department Policy Manual

Eyewitness Identification

The process and any related forms or reports should provide:

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.
- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An admonishment that the suspect may or may not be among those presented and that the witness is not obligated to make an identification.
- (f) An admonishment to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (g) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.

610.5 EYEWITNESS IDENTIFICATION

Officers are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Officers should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Each witness should be admonished that he/she is not required to make an identification of any person shown during an eyewitness identification process.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

610.5.1 PHOTOGRAPHIC AND LIVE LINEUP CONSIDERATIONS

The member presenting the lineup shall take the utmost care not to communicate the identity of the suspect in any way.

Other persons or photos used in any lineup should bear similar characteristics to the suspect to avoid causing him/her to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The employee presenting the lineup to a witness should do so sequentially and not simultaneously (i.e., show the witness one person at a time). The witness should view all persons in the lineup.

Spokane Police Department

Spokane Police Department Policy Manual

Eyewitness Identification

A minimum of 6 photos shown sequentially shall be utilized with best practice stating 7 - 10 is ideal.

The order of the suspect or the photos and the fillers should be randomized before being presented to each witness.

When administering the sequential photos, the investigator when feasible should utilize a "double blind" method. The administrator would be unfamiliar with the identity of the suspect(s), thereby reducing the risk of unintentionally influencing the witness and negating the defense of being suggestive.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating officer should contact the appropriate prosecuting attorney before proceeding.

610.5.2 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification could still be utilized when independent probable cause exists to arrest a suspect.

When initiating a field identification, the officer should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness prior to a show-up.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) An admonishment to the witness should state that the suspect may or may not be among those presented and that the witness is not obligated to make an identification. Do not inform the witness how or why police detained the suspect. Advise the witness that the suspect's appearance may have changed, and assure them that the investigation will continue regardless of the outcome of the show-up.
- (d) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

Spokane Police Department

Spokane Police Department Policy Manual

Eyewitness Identification

- (e) When feasible, officers should bring the witness to the location of the suspect, rather than bring the suspect to the witness.
- (f) A person should not be shown to the same witness more than once.
- (g) In cases involving multiple suspects, witnesses should only be permitted to view the suspects one at a time.
- (h) A person in a field identification should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.

610.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report. Witness comments of how certain he/she is of the identification or non-identification should be quoted in the report.

Documentation should specifically include the following (U.S. v. Traeger, 289 F.3d 461 (7th Cir. 2002), cert. denied, 123 S. Ct. 550 (U.S. 2002); 35 Am. Jur. Proof of Facts 3d 1 (Originally published in 1996)):

- (a) the witness' opportunity to view the criminal at the time of the crime
- (b) the witness' degree of attention
- (c) the accuracy of the witness' prior description of the criminal
- (d) the level of certainty that the witness demonstrated at the time of the confrontation
- (e) the time elapsed between the crime and the confrontation

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

Brady Material Disclosure

612.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "*Brady* information") to a prosecuting attorney.

612.1.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information**

- Information known or possessed by the Spokane Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.
- Any information known or possessed by the Spokane Police Department that may impact the creditability of any government witness or evidence

612.2 POLICY

The Spokane Police Department employees will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Spokane Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

612.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files); the officer should discuss the matter with a supervisor/prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor/prosecutor.

Spokane Police Department

Spokane Police Department Policy Manual

Brady Material Disclosure

612.4 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty, or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy (RCW 10.93.150).

Spokane Police Department shall report Brady/PID disclosures to the Prosecutor's Office within 10 days, of the discovery of the act that is potentially exculpatory or the misconduct that affects his or her credibility.

Sexual Assault Investigations

613.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notification requirements are addressed in the Child Abuse and Adult Abuse policies.

613.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in RCW 9A.44.010 et seq. and RCW 9A.64.020.

613.2 POLICY

It is the policy of the Spokane Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

613.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations to meet the requirements of RCW 43.101.272.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with the multidisciplinary investigative teams as applicable.

613.4 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to Combined Communications Center, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change

Spokane Police Department

Spokane Police Department Policy Manual

Sexual Assault Investigations

of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded should be included in a report.

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim Witness Assistance Policy.

613.4.1 POLYGRAPH EXAMINATION OF VICTIM

Victims of alleged sex offenses shall not be asked or required to submit to a polygraph examination or other truth telling device as a condition for proceeding with the investigation of the offense. The refusal of a victim to submit to a polygraph or other truth telling device shall not by itself prevent the investigation, charging or prosecution of the offense (RCW 10.58.038; 34 USC § 10451).

613.4.2 VICTIM PERSONAL REPRESENTATIVE AND ADVOCATE

A victim may choose a personal representative to accompany him/her to the hospital or other health care facility and to any proceeding concerning the alleged sexual assault, including interviews. A personal representative includes a friend, relative, attorney, or employee or volunteer from a community sexual assault program or specialized treatment service provider (RCW 70.125.030; RCW 70.125.060).

The victim may also choose to consult with a sexual assault survivor's advocate throughout the investigatory process of the case. The assigned investigator should ensure the advocate has access to the victim during the process (RCW 70.125.110).

613.5 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Investigation Bureau supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

613.6 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and reviewed for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

613.7 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a Sexual Assault Nurse Examiner (SANE) should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

Sexual Assault Investigations

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing. Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

613.7.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating sexual assaults or handling related evidence are required to do the following:

- (a) Sexual assault examination kits shall be submitted to an approved lab within 30 days with a request for testing prioritization when either of the following conditions are met (RCW 70.125.090):
 - 1. A related report or complaint is received by the Department alleging a sexual assault or other crime has occurred and the victim has consented to the submission.
 - 2. The victim is an unemancipated person 17 years or age or younger.
- (b) Facilitate the collection of an unreported sexual assault kit from a collecting entity when the collecting entity is located within the jurisdiction of department. Should the sexual assault be reported at a later date and determined to have occurred in another jurisdiction, the Special Victims Unit supervisor will coordinate with the property facility for the transfer of the sexual assault kit to the appropriate jurisdiction.

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

613.7.2 STATEWIDE SEXUAL ASSAULT KIT TRACKING SYSTEM

Members investigating a sexual assault should ensure that biological evidence is tracked appropriately in the statewide sexual assault kit tracking system (RCW 35.21.195; RCW 36.28.200).

613.7.3 DNA TEST RESULTS

Members investigating sexual assault cases should notify victims of any DNA test results as soon as reasonably practicable.

A Sexual Assault Advocate maybe consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim Witness Assistance Policy.

Sexual Assault Investigations

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

613.8 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Investigation Bureau supervisor.

Classification of a sexual assault case as unfounded requires the Investigation Bureau supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

613.9 CASE REVIEW

The Investigation Bureau supervisor should ensure cases are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

Victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

613.9.1 RETENTION

The Investigation Bureau supervisor should ensure evidence, investigatory reports, and records related to violent or sex offenses are appropriately marked for retention under RCW 5.70.010.

613.10 CASE STATUS NOTIFICATION

The victim has a right to be informed of the status of the investigation in a timely manner by the investigator. The victim should be informed of the expected and appropriate time frames for receiving a response to inquiries regarding the status of the investigation (RCW 5.70.005; RCW 70.125.110).

The investigator should provide the victim with contact information for the assigned prosecutor, if available, to receive updates related to the prosecution of the case (RCW 70.125.110).

Operations Planning and Deconfliction

614.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

614.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

614.2 POLICY

It is the policy of the Spokane Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

614.3 OPERATIONS PLANNING

Spokane Police Department has developed and maintained a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The SWAT Commander or his/her designee will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The SWAT Commander or his/her designee will also have the responsibility for coordinating operations that are categorized as high risk.

614.4 RISK ASSESSMENT

614.4.1 RISK ASSESSMENT FORM PREPARATION

Supervisors shall ensure that a risk assessment form is completed for any operation that may qualify as a high-risk operation.

When preparing the form, the supervisor should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:

Spokane Police Department

Spokane Police Department Policy Manual

Operations Planning and Deconfliction

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).

614.4.2 RISK ASSESSMENT REVIEW

Officers will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to the SWAT Commander and/or his designee and the Incident Commander.

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The case detective who is the operations lead shall ensure the subject of investigation and operations information have been entered in the Western States Information Network (WSIN) to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

- (k) Communications plan
- (l) Responsibilities for writing, collecting, reviewing and approving reports.

614.6.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

614.7 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and

Spokane Police Department Policy Manual

Operations Planning and Deconfliction

responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

- (a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.
- (b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.
- (c) The operations director shall ensure that all participants are visually identifiable as law enforcement officers.
 - 1. Exceptions may be made by the operations director for officers who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.
- (d) The briefing should include details of the communications plan.
 - 1. It is the responsibility of the operations director to ensure that Combined Communications Center is notified of the time and location of the operation, and to provide a copy of the operation plan prior to officers arriving at the location.
 - 2. If the radio channel needs to be monitored by Combined Communications Center, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.
 - 3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

614.8 SWAT PARTICIPATION

If the Incident Commander determines that SWAT participation is appropriate, the Incident Commander and the SWAT supervisor shall work together to develop a written plan. The SWAT supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the SWAT supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the officers present.

614.9 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

614.10 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any SWAT debriefing.

614.11 TRAINING

The respective Bureau Majors should ensure officers and SWAT team members who participate in operations subject to this policy should receive periodic training including, but not limited to, topics such as legal issues, deconfliction practices, operations planning concepts and reporting requirements.

Personal Communication Devices

702.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs) wireless capable tablets and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games and accessing sites or services on the Internet.

702.2 POLICY

The Spokane Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

702.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received or reviewed on any PCD issued or funded by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities (see the Information Technology Use Policy for additional guidance).

702.4 DEPARTMENT-ISSUED PCD

Depending on a member's assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD for the member's use to facilitate on-duty performance. Department-issued or funded PCDs may not be used for personal business either on- or off-duty unless authorized by the Chief of Police or the authorized designee. Such devices and the associated telephone number, if any, shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Spokane Police Department

Spokane Police Department Policy Manual

Personal Communication Devices

Unless a member is expressly authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

702.5 PERSONALLY OWNED PCD

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- A. Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.
- B. The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- C. The PCD and any associated services shall be purchased, used and maintained solely at the member's expense.
- D. The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications). Members will have a reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any department business-related communication.
 - 1. Members may use personally owned PCDs on-duty for routine administrative work as authorized by the Chief of Police.
- E. The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Department, without the express authorization of the Chief of Police or the authorized designee.
- F. Use of a personally owned PCD while at work or for work-related business constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, public records retention and release obligations and internal investigations. If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.
- G. All work-related documents, emails, photographs, recordings or other public records created or received on a member's personally owned PCD should be transferred to the Spokane Police Department and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.

Except with prior express authorization from their supervisors, members are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements, or if the member has prior express authorization from his/her supervisor, the member may engage in department business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate

compensation. Members who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate record keeping.

702.6 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- A. A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.
- B. All PCDs in the workplace shall be set to silent or vibrate mode.
- C. A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.
- D. Members may use a PCD to communicate with other personnel in situations where the use of the radio is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid or in lieu of regular radio communications.
- E. Members are prohibited from taking pictures, making audio or video recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.
- F. Members will not access social networking sites for any purpose that is not official department business.
- G. Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

702.7 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- A. Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.
- B. Monitoring, to the extent practicable, PCD use in the workplace and take prompt corrective action if a member is observed or reported to be improperly using a PCD.
 - 1. An investigation into improper conduct should be promptly initiated when circumstances warrant.
 - 2. Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

Personal Communication Devices

702.8 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, members who are operating vehicles other than authorized emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use and the use complies with RCW 46.61.672. Hands-free use should be restricted to business-related calls or calls of an urgent nature.

702.9 OFFICIAL USE

Employees are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, employees shall conduct sensitive or private communications on a land-based or other department communications network.

The following situations are examples of when the use of a PCD may be appropriate:

- A. Barricaded suspects
- B. Hostage situations
- C. Mobile Command Post
- D. Catastrophic disasters, such as plane crashes, earthquakes, floods, etc.
- E. Major political or community events
- F. Investigative stakeouts
- G. Emergency contact with an allied agency or allied agency field unit
- H. When immediate communication is needed and the use of the radio is not available or appropriate and other means are not readily available

Body Cameras

703.1 PURPOSE AND SCOPE

Body cameras are a valuable tool for promoting transparency in law enforcement by recording citizen contacts with police officers. The Spokane Police Department (SPD) uses body cameras to contemporaneously and objectively document citizen contacts. Video footage produced by body cameras may be used as evidence in civil or criminal investigations, reviewed administratively for officer compliance with department policies (as set forth below), used as a tool in law enforcement training, and utilized as a reference in incident documentation.

703.2 POLICY

It is the policy of the Spokane Police Department that commissioned personnel working in a patrol function shall wear body cameras to record their encounters on duty. Commissioned Officers assigned to the Special Investigations Unit and SWAT, shall wear body cameras in accordance with their associated standard operating procedures.

- J. **Surreptitious Recording** – A surreptitious recording is a recording made without the knowledge of one or more of the parties to a conversation or communication and is a violation of the Washington Privacy Act, Chapter 9.73 RCW
- K. **TARU** – Technical Assistance Response Unit (TARU), a unit within the Spokane Police Department with commissioned officers trained in the operations, use and maintenance of body cameras. TARU personnel have a working knowledge of the methods and procedures related to the duplication, storage and retrieval of body camera videos as well as video forensics and evidentiary procedures.

703.4 OFFICER RESPONSIBILITIES

- A. **Training** – Prior to wearing and operating a body camera, officers are required to successfully complete department authorized body camera training.
- B. **Requirement to Wear the Body Camera** – All officers assigned a body camera are required to wear the camera while on duty. Officers shall affix their camera to the chest area of their uniforms where it is unobstructed by the uniform itself or equipment. This does not include circumstances in which the camera becomes unintentionally obstructed during police activity. Privately owned body cameras are not permitted.
- C. **Requirement to Use the Body Camera** – Officers are required to use their body cameras to record their law enforcement activity, to do so consistently and in accordance with department policy.

- D. **Procedures on Use of Body Camera**

- 1. **ACTIVATION OF THE BODY CAMERA**

- (a) **Starting and Ending the Recording**

- 1. Officers shall activate the body camera prior to exiting the vehicle to any dispatched law enforcement activity. Nothing in this policy prohibits the officers from activating the camera earlier.
 - 2. Officers shall activate their body cameras to record any custodial interrogation, including the giving of any required warning, advice of the rights of the individual being questioned, and the waiver of any rights by the individual, to be recorded electronically in its entirety, if the interrogation subject is a juvenile or if the interrogation relates to a felony crime.

 - 5. Officers shall activate the camera as soon as practical upon making the decision to engage in any self-initiated law enforcement activity.

Spokane Police Department

Spokane Police Department Policy Manual

Body Cameras

6. Once the camera is activated, the officer shall leave it on until the incident has concluded. Officers who walk away from a citizen during the law enforcement activity shall leave the cameras on even while not actively engaged with the citizen.
7. In an officer involved shooting, officers shall turn their cameras off prior to giving their public safety statements.
8. Officers should record on the body camera reasons for turning off the body camera if the recording is stopped by the officer prior to the conclusion of the law enforcement activity.

(b) **Decision to Not Record**

1. Officers are required to record as much of the law enforcement activity as possible, but the sensitivity or exigency of a situation may warrant turning off, or not activating, the body camera. The decision to not record law enforcement activity shall be made by the officer wearing the camera and shall be determined by facts and circumstances which must be justified. Facts supporting such a decision may include the following:
 - (a) **When unsafe or impractical** – Law enforcement activity requiring a response that physically prevents an officer from activating the camera. Officers are advised to put safety ahead of the requirement to record the encounter. The amount of time driving to the call shall be a factor considered in determining if this section applies.
 - (b) **Sensitive communications** – Law enforcement activity involving sensitive communications, matters of law enforcement intelligence or where recording the encounter could hinder a criminal investigation.
 - (c) **When a Citizen Objects to Being Recorded** – If a citizen objects to being recorded, the officer may elect to record despite the objection. Since conversations with police officers are not considered private under Washington law, there is no requirement that an officer turn off the camera for a citizen who objects to having the interaction recorded.
2. Officers shall document by written report or CAD any decision to not activate the camera or to turn off the body camera prior to the conclusion of the law enforcement activity, and their reasons for doing so.
 - (a) In the case of custodial interrogations, exceptions to record are identified in Policy 600 (Investigation and Prosecution).
 - (b) Any instance of non-compliance shall be documented in a written or electronic report, as soon as practicable after completing the interrogation. The officer must summarize

the custodial interrogation process and the individual's statements.

- (c) Any decision to interrogate outside a place of detention shall be documented in a report, as soon as practicable after completing the interrogation. The officer must summarize the custodial interrogation process and the individual's statements.

2. **ADVISEMENT – WHEN REQUIRED**

- (a) Conversations between uniformed police officers and citizens that occur during the performance of official police duties are not recognized as private conversations under Washington law and therefore generally do not require an advisement that the interaction is being recorded. The exceptions are traffic stops and custodial interrogations.
 - 1. Officers conducting traffic stops while equipped with a body camera shall notify the occupants that there is an audio and video recording occurring. This warning should be given at the beginning of the contact, absent an emergent situation, and captured on the recording. The advisement should also be noted in the officer's report if enforcement action is taken.
 - 2. Prior to a custodial interrogation, officers shall inform arrested persons that they are being audio and video recorded with a body camera. This statement, along with the Miranda advisement, shall be included in the recording.

E. **End of Shift Responsibilities** - Prior to the end of their shifts or as soon as practical, officers will follow the protocol to upload videos to Evidence.com.

- 1. Officers unable to upload body camera video prior to the end of their shift shall notify a supervisor prior to securing and complete the upload at the beginning of their next shift.
- 2. Officers with take home vehicles who have to transfer videos with a connection to their laptop computers: At the end of shift, Officers will ensure that the upload process has begun on Evidence.com. Due to the length of time that it takes for videos to upload, it is not practical for Officers to monitor the upload process. If a use of force or other significant incident was recorded, Officers will contact a supervisor for direction. At the beginning of their next shift, Officers will check the upload process to ensure that it was completed. If the process did not complete, they will restart the upload process immediately at the beginning of their shift.

F. **Document Use of the Body Camera** - Officers shall document in their police reports that they operated a body camera. In instances where no police report is written, officers shall indicate through CAD that they operated a body camera.

G. **Video Not a Substitute for Report** – An incident captured on the body camera is not a substitute for a complete and thorough written police report. Officers must write a police report, if the situation requires, and may not use the body camera video as a substitute for, or basis to abbreviate, their documentation of the incident.

The function of the communications system is to satisfy the immediate information needs of the law enforcement agency in the course of its normal daily activities and during emergencies. The latter situation places the greatest demands upon the communications system, and tests the capability of the system to fulfill its functions. Measures and standards of performance are necessary to assess the effectiveness with which any department, large or small, uses available information technology in fulfillment of its missions.

SPD Communications Team will strive to consistently provide the highest quality service to the citizens while maintaining the utmost level of officer safety through a commitment to excellence, professionalism and integrity with the resources provided.

802.1.1 FCC COMPLIANCE

Identification systems are based on factors such as beat assignment and officer unit designators ("call signs"). Employees should use the entire call sign when initiating communication with the dispatcher. The use of the call sign allows for a brief pause so that the dispatcher can acknowledge the appropriate unit. Employees initiating communication with other agencies shall use their entire call sign. This requirement does not apply to continuing conversation between the mobile unit and dispatcher once the mobile unit has been properly identified.

802.4 UNIVERSAL PRECAUTION WARNING ALERT

The Universal Precaution Warning Alert is a code shared by dispatch via the MDT or via radio broadcast which provides a warning to responding officers about a location or individual with a known communicable disease that may place officers at risk of contracting a disease. The choice of expiration date should be based on best practices, responsible persons requests, predicted duration of event, other information relevant to Alert needs. A (P) next to Alert type indicates a that the Alert is fixed and permanent. (See above).

Records will conduct routine audits on any expiration dates approaching 30 days. An e-mail will be sent to the individual/unit who had requested the Alert advising them that the Alert will expire on listed date. The e-mail will also state that, unless the requester communicates an extension of the Alert, it will be allowed to expire.

After hours, this may be done by contacting the DSO.
 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 2. Attempt to determine if the computer has access or is connected to a secured or unsecured wireless network. This information should be noted in the report.

Computers and Digital Evidence

- I. In most cases when a computer is involved in criminal investigation and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media.
- J. Hard drives can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields (i.e. police radio hardware).
- K. When battery powered computers (e.g. laptops) are involved in criminal investigations and are in the possession of the suspect, the electrical cords or charging cords should be seized with the digital device.

813.2.1 BUSINESS OR NETWORKED COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

813.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, or floppy discs, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

- A. Copy of report(s) involving the computer, including the Evidence Report form.
- B. Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant and search warrant affidavit authorizing the search of the computer hard drive for evidence relating to investigation.
- C. A completed Computer Work Request form, listing search terms and search parameters (e.g., photographs, financial records, e-mail, documents).
- D. A forensic copy of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

813.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media (e.g., hard disks, floppy disks, CDs, DVDs, tapes, memory cards, flash memory devices) should be seized and stored in a manner that will protect them from damage.

- A. If the media has a write-protection tab or switch, it should be activated.
- B. Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation, contact the case manager for copying the contents to an appropriate form of storage media.
- C. Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.

Spokane Police Department

Spokane Police Department Policy Manual

Computers and Digital Evidence

- D. Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.
- E. Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.
- F. When battery powered digital devices (e.g. digital cameras) are involved in criminal investigations and are in the possession of the suspect, the electrical cords or charging cords should be seized with the digital device.

813.4 SEIZING PCDS

Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

- A. Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- B. Do not turn the device on or off. If the device is powered on, it should be left powered on and either put in Airplane Mode, or placed in a solid metal container (such as a paint can) or in a Faraday bag, to prevent the device from sending or receiving information from its host network.
- C. When seizing the devices, also seize the charging units and keep the device plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

813.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting recorded and digitally stored evidence from digital cameras, cell phones, and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

813.5.1 COLLECTION OF DIGITAL EVIDENCE

Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

813.5.2 SUBMISSION OF OFFICER RECORDED DIGITAL EVIDENCE

The following are required procedures for the submission of digital evidence generated by cameras, cell phones or other recorders:

- A. When the photography or recording of digital evidence for the incident is finished, the digital evidence will be uploaded to CaseGuard by the recording officer no later than by the end of that shift. Evidence case reports (ie "photo log") will be completed in CaseGuard and automatically forwarded to Records.
 - 1. If the digital evidence cannot be uploaded by the officer due to technical difficulties or unexpected errors, the agency digital storage media (SD card,

smart card, flash drive, or other) may be submitted to the Forensics Unit or TARU for transfer. Digital storage media sent to the Forensics Unit or TARU shall be placed in a sealed envelope labeled with the report number, incident date and name of the officer.

2. Once it is verified that all images or files have been successfully uploaded to the CaseGuard cloud, the agency digital storage media will be erased for re-use.
- B. Digital evidence stored in CaseGuard is housed on an Amazon DOJ cloud server and will be considered the original evidence.
 - C. Officers are not authorized to make hardcopies of recorded digital evidence. Forensic Unit and TARU employees are the only ones authorized to copy and/or distribute hardcopy digital media.
 - D. Officers requiring access to restricted digital evidence must request access through the assigned case investigator.
 - E. Only digital evidence created by body-worn cameras, the Axon Interview system, and/or the Axon Citizen app, will be stored in Evidence.com, pursuant to Policy 703. Digital evidence stored in Evidence.com is housed on an Axon cloud server and will be considered the original evidence.

813.6 DIGITAL EVIDENCE NOT RECORDED BY OFFICERS

- A. Examples of other digital evidence include, but are not limited to:
 1. Digital video/audio recording obtained from residential or business video surveillance or security systems;
 2. Any photograph, video or audio recording taken by a victim, witness or person who is not an authorized member of the Spokane Police Department;
 3. Any digital evidence sent electronically (i.e., email, cell phone messaging) to any member of the Spokane Police Department; or
 4. Any digital evidence collected under lawful search and seizure provisions.

813.6.1 SUBMISSION OF DIGITAL EVIDENCE NOT RECORDED BY OFFICERS

- A. Digital evidence received from outside sources must be downloaded to storage media (CD/DVD, flash drive or other media) for collection, UNLESS the evidence is received via email or a thumb drive, in which case the following procedures shall be utilized:
 1. Digital evidence received via email may be uploaded directly to CaseGuard.
 2. Digital evidence received on a thumb drive not issued by SPD shall be submitted to TARU to be scanned for security threats (viruses, adware, malware, ransomware, etc.). Once the thumb drive is scanned, TARU personnel will upload the digital evidence to CaseGuard. Thumb drives submitted to TARU shall be placed in a sealed envelope labeled with the report number, incident date and name of the officer.
 3. Digital evidence received via the Axon Citizen app is automatically uploaded to Evidence.com.

Spokane Police Department

Spokane Police Department Policy Manual

Computers and Digital Evidence

- B. Officers shall ensure that all storage media used to collect/transfer/store digital evidence is “clean” (i.e. does not contain data from other cases, personal files, etc.).
- C. Officers are not authorized to copy and/or distribute recorded digital evidence. Members of the Forensic Unit and TARU are the only employees authorized to copy and/or distribute digital evidence. All duplicate copies of digital evidence will be coordinated by the case manager.
- D. The only exception to this policy is by supervisory approval due to the sensitive nature of the media. Deviations will be noted in the case file stating the storage location of the digital media.
- E. The digital evidence will be uploaded from the storage media to CaseGuard by the collecting officer no later than by the end of that shift. Evidence case reports (ie “photo log”) will be completed in CaseGuard and automatically forwarded to Records.
 - 1. If the digital evidence cannot be uploaded by the officer due to technical difficulties or unexpected errors, the storage media may be submitted to the Forensics Unit or TARU for transfer. Storage media sent to the Forensics Unit or TARU shall be placed in a sealed envelope labeled with the report number, incident date and name of the officer.
 - 2. Once it is verified that all images or files have been successfully uploaded to the CaseGuard server, the storage media will be erased for re-use (flash drive, etc.) or destroyed (CD/DVD).

813.7 PROHIBITED OR RESTRICTED DIGITAL EVIDENCE IN CASEGUARD

- A. The following digital evidence is PROHIBITED in CaseGuard and shall not be uploaded:
 - 1. Images or recordings of Child Pornography;
 - 2. Images or recordings of Confidential Informants.
- B. The following digital evidence shall be marked as RESTRICTED when uploaded to CaseGuard:
 - 1. Images or recordings associated with Internal Affairs investigations.
 - 2. Death investigations, sex crime investigations, and officer-involved critical incident investigations are automatically restricted by CaseGuard based on crime type.

813.8 PRESERVATION OF DIGITAL EVIDENCE

Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

- A. Files should not be opened or reviewed prior to downloading and storage.
- B. Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

813.10 OUTSIDE TECHNICAL ASSISTANCE

The necessity for outside technological assistance will be identified by the forensic technician in conjunction with the case manager and forwarded through the chain-of-command for approval.

Chapter 9 - Custody

Custodial Searches

900.1 PURPOSE AND SCOPE

This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Spokane Police Department facility. Such items can pose a serious risk to the safety and security of Spokane Police Department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

900.2 DEFINITIONS OF SEARCHES

Pat-Down Frisk - A protective pat-down used by officers in the field to check an individual for weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the prisoner, or other prisoners. An officer must have reasonable suspicion that the subject is armed and dangerous in order to justify a non-consensual pat-down.

Custodial Arrest Search - This search is used by officers who have conducted a custodial arrest. Where safe to do so, officers shall conduct this search as soon as possible after making a custodial arrest and prior to placing the arrestee in a patrol vehicle. It involves a thorough search of an individual's clothing/person and other property in their immediate possession. All pockets, cuffs, backpacks, purses, etc., are checked to locate all personal property, contraband, or weapons. The prisoner's personal property is taken and inventoried. The prisoner's personal property is removed and inventoried. In this type of search, all items are removed from a prisoner's possession and placed in a plastic bag, if available. This property is then turned over to jail staff or, in certain circumstances, placed on Property. Any property of significant value should be properly documented. Large sums of money should be counted in the presence of another witness officer.

Strip Search- This is not a body cavity search; this is a search that requires a person to remove or rearrange some or all of their clothing to permit a visual inspection of the underclothing, breasts, buttocks or genitalia of such person (RCW 10.79.070(1)).

Physical Body Cavity Search - This is the touching or probing of a person's body cavity, whether or not there is actual penetration of the body cavity (RCW 10.79.070(2)). Body cavity means the stomach or rectal cavity of a person, and the vagina of a female person (RCW 10.79.070(3)).

900.3 FIELD AND TRANSPORTATION SEARCHES

An officer shall conduct a custody search of an individual immediately after his/her arrest, when receiving an individual from the custody of another, and before transporting a person who is in custody in any department vehicle.

Spokane Police Department

Spokane Police Department Policy Manual

Custodial Searches

900.4 PAT DOWN SEARCHES

- A. When any officer has reasonable suspicion based on articulable facts to believe that a person being lawfully detained may possess weapons or other dangerous items, and is presently dangerous, that officer may conduct a normal pat-down frisk of that individual.
- B. Prior to detaining any individual in any police vehicle, an officer should conduct a pat-down frisk of that individual to ensure no weapons are present that could later be used against the officer or another officer.
- C. Whenever practical, a pat-down frisk of an individual should be conducted by an officer of the same sex as the person being frisked. Absent the immediate availability of a same sex officer, it is recommended that a witness officer be present during any pat-down frisk of an individual of the opposite sex as the frisking officer.

900.5 STRIP SEARCHES

No person shall be strip searched without a Superior Court warrant unless (RCW 10.79.130):

- A. There is a reasonable suspicion to believe that a strip search is necessary to discover weapons, or any instrument that may be used as a weapon.

- C. All strip searches shall be conducted in a professional manner under sanitary conditions and in a secure area of privacy so that it cannot be observed by those not participating in the search. The search shall not be reproduced through a visual or sound recording.
- D. Whenever possible, a second member of the same sex should also be present during the search, for security and as a witness to the finding of evidence.
- E. Members conducting a strip search shall not touch the breasts, buttocks or genitalia of the individual being searched.
- F. The primary member conducting the search shall prepare a written report to include (RCW 10.79.150):

No person may be subjected to a body cavity search unless a Superior Court search warrant is obtained (RCW 10.79.080(1)). Body cavity searches are subject to the following conditions:

- A. No body cavity search shall be authorized or conducted unless other less invasive (visual or strip search) methods do not satisfy the safety, security, or evidentiary concerns of the agency (RCW 10.79.080(3)).
- B. A warrant may not be sought without specific authorization in writing from the ranking shift supervisor. Authorization for the cavity search may be made electronically provided it is reduced to writing and signed by the ranking supervisor (RCW 10.79.080(2)).

The Revised Code of Washington expressly provides that a person who suffers damage or harm as a result of an improper search may bring a civil action to recover damages (RCW 10.79.110).

The agency and its employees are not liable for injury, death, or damage caused by a person in custody when the injury, death or damage was made possible by contraband that would have been discovered sooner but for the delay caused by having to seek a Superior Court search warrant (RCW 10.79.170).

Biological Samples

902.1 PURPOSE AND SCOPE

This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from an individual in conjunction with a criminal investigation. - Has not had certification suspended or revoked by CJTC.

(3) As a condition of certification, a peace officer must, on a form devised or adopted by CJTC, authorize the release to the employing agency and CJTC of the officer's personnel files, including disciplinary, termination, civil or criminal investigation, or other records or information that are directly related to a certification matter or decertification matter before the Criminal Justice Training Commission.

The peace officer must also consent to and facilitate a review of the officer's social media accounts, however, consistent with RCW 49.44.200, the officer is not required to provide login information. The release of information may not be delayed, limited, or precluded by any agreement or contract between the officer, or the officer's union, and the entity responsible for the records or information.

(4) The Spokane Police Department and CJTC are authorized to receive criminal history record information that includes non-conviction data for any purpose associated with employment or certification under this chapter. Dissemination or use of non-conviction data for purposes other than that authorized in this section is prohibited.

(5) For a national criminal history records check, CJTC shall require fingerprints be submitted and searched through the Washington State Patrol identification and criminal history section. The Washington State Patrol shall forward the fingerprints to the Federal Bureau of Investigation.

(6) Prior to certification, the Spokane Police Department shall certify to the Criminal Justice Training Commission that the department has completed the background check, no information has been found that would disqualify the applicant from certification, and the applicant is suitable for employment as a peace officer.

The Spokane Police Department is prohibited from considering the application for any office, place, position, or employment within the department if the applicant has not provided the department a document, voluntarily and knowingly signed by the applicant, that authorizes each prior employer to release any and all information relating to the applicant's employment, and further releasing and holding harmless the department and each prior employer from any and all liability that may potentially result from the release and use of such information provided.

Evaluation of Employees

1002.1 PURPOSE AND SCOPE

The objective of the evaluation system is to record work performance for both the department and the employee, giving recognition for good work and providing a guide for improvement where needed. The employee performance evaluation report is a gauge for measuring performance and may be used for making personnel decisions relating to promotion, reassignment, discipline, demotion and termination. The report also provides a guide for mutual work planning and review and an opportunity to convert general impressions into a more objective history of work performance based on job standards.

1002.2 POLICY

Employee performance evaluations will be written based on job related factors specific to the position occupied by the employee without regard to sex, race, color, or creed. Each evaluation will cover a specific period and should be based on performance during that period. The employee's immediate supervisor will complete each evaluation. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn supervisory personnel shall be sent to a WSCJTC approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected, and the evaluation rating criteria with each employee at the beginning of the rating period.

1002.3 EVALUATION FREQUENCY

Non-probationary commissioned employees will receive one evaluation per year to be completed during the first quarter of the current year for the previous 12 month calendar year. Probationary employees are evaluated according to the FTO protocol.

Non-commissioned employees shall receive evaluations as follows:

- **Original Appointment Probation:** During the first year an employee is employed with the city, there will be three performance evaluations prepared. These evaluations will be conducted at the end of the 4th, 8th, and 11th months of the probationary period.
- **Promotional Probationary Period:** When a classified employee is promoted to a higher classification, that employee is on probation for six (6) months. Performance evaluations will be prepared at the end of the 3rd and 5th months of the probationary period.
- **Annual:** Each employee who has completed the probationary period will have a performance evaluation with the city prepared during the first quarter of the current year for the previous 12 month calendar year. For an employee who has been

Spokane Police Department

Spokane Police Department Policy Manual

Evaluation of Employees

promoted, the evaluation will be done on the anniversary date of the completion of the promotional probationary period.

- **Promotional:** An employee who signs up for a promotional test through the Civil Service system will have an evaluation prepared if the last evaluation was more than one (1) year before the date of the test.
- **Special Supervisory Evaluation:** The supervisor has the option of preparing a special evaluation on an employee. This evaluation is normally used to document significant improvements or deficiencies in an employee's performance. This evaluation will not be prepared on an employee on initial appointment or promotional probationary status.

1002.3.1 RESERVE OFFICER EVALUATIONS

Reserve officer evaluations are covered under Policy Manual § 350.

1002.4 TRANSFERS DURING RATING PERIOD

If an employee is transferred from one assignment to another in the middle of an evaluation period and less than six months have transpired since the transfer, then an evaluation shall be completed by the current supervisor with input from the previous supervisor.

1002.4.1 COMPLETION OF EMPLOYEE PERFORMANCE EVALUATION DOCUMENT

The rater will complete the document, and will detail the employee's performance on the relevant categories listed on the "performance evaluation" section (commissioned PAR). The rater will give the employee an appropriate rating based on the employee's performance during the rating period. If the category is not applicable to the particular employee or not observed, the rater will note this accordingly.

1002.5 EVALUATION REVIEW

Before the supervisor discusses the evaluation with the employee, the signed performance evaluation is forwarded to the rater's supervisor. The reviewer shall assess the evaluation for fairness, impartiality, uniformity, and consistency.

1002.6 EVALUATION INTERVIEW

The supervisor will make arrangements for a private discussion of the evaluation with the employee. The supervisor should discuss the results of the just completed rating period and clarify any questions the employee may have. If the employee has valid and reasonable protests of any of the comments, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor will sign and date the evaluation and request that the employee do the same. Permanent employees may write a rebuttal that will be attached to the performance evaluation report.

Spokane Police Department

Spokane Police Department Policy Manual

Evaluation of Employees

1002.7 EVALUATION DISTRIBUTION

The supervisor conducting the evaluation will provide one copy to the employee and maintain one copy in the employee's shift file. The original performance evaluation shall be forwarded to Police Personnel. Police Personnel will place an electronic copy of the evaluation in the employee's personnel file, send a copy to Civil Service and send the original to City Human Resources Department.

Reporting of Employee Convictions

1010.1 PURPOSE AND SCOPE

Convictions of certain offenses may restrict or prohibit an employee's ability to properly perform official duties; therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions, any pending criminal charges and any conviction, plea, or other case disposition immediately.

1010.2 DOMESTIC VIOLENCE CONVICTIONS AND RESTRAINING ORDERS

Washington and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1010.3 REPORTING PROCEDURE

All members of this department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

Drug- and Alcohol-Free Workplace

1012.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace (41 USC § 8103).

1012.2 POLICY

It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1012.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Shift Commander or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1012.3.1 USE OF MEDICATIONS

Members should not use any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair his/her abilities, without a written release from the member's physician.

Possession of medical cannabis or being under the influence of cannabis on- or off-duty is prohibited and may lead to disciplinary action (RCW 69.51A.060).

1012.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Spokane Police Department

Spokane Police Department Policy Manual

Drug- and Alcohol-Free Workplace

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1012.5 EMPLOYEE ASSISTANCE PROGRAM

The City has a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Human Resources Department, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1012.6 RELATIONSHIP TO COLLECTIVE BARGAINING AGREEMENT

In the event of any inconsistency between this policy and the Drug and Alcohol provisions of a bargaining agreement, the bargaining agreement shall prevail.

1012.7 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the department.

1012.8 REQUESTING SCREENING TESTS

A supervisor may order an employee to submit to a screening test under the following circumstance:

- A. The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.

A supervisor may request an employee to submit to a screening test under any of the following circumstances:

- A. The employee discharges a firearm, other than by accident, in the performance of his/her duties (excluding training or authorized euthanizing of an animal).
- B. During the performance of his/her duties, the employee drives a motor vehicle and becomes involved in an incident that results in bodily injury to him/herself or another person, death, or substantial damage to property.

Spokane Police Department

Spokane Police Department Policy Manual

Drug- and Alcohol-Free Workplace

1012.8.1 SUPERVISOR RESPONSIBILITIES

The supervisor shall prepare a written record documenting the specific facts that led to the decision to require or request the test, and shall inform the employee in writing of the following:

- (a) The test will be given to detect either alcohol or drugs, or both.
- (b) The result of the test is not admissible in any criminal proceeding against the employee.
- (c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1012.8.2 SCREENING TEST REFUSAL

An employee may be subject to disciplinary action if he/she:

- A. Fails or refuses to submit to a screening test as requested.
- B. After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.
- C. Violates any provisions of this policy.

1012.9 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1012.10 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained in the member's confidential medical file in accordance with the Personnel Records Policy.

Sick Leave Reporting

1014.1 PURPOSE AND SCOPE

Employees of this department are provided with a sick leave benefit that gives them continued compensation during times of absence due to personal or family illness. The number of hours available is detailed in the employee's respective labor agreement. Employees may also be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 CFR 825).

1014.2 NOTIFICATION

Employees shall notify their immediate supervisor as soon as possible, but at least one hour prior to their scheduled shift, that they will not be able to report to work due to personal or family illness.

While on duty, the employee's supervisor shall be notified by the employee when the employee is unable to continue due to illness or other circumstances.

Employees shall notify their supervisor at least one hour prior to returning to work to allow adjustments in staffing levels.

1014.3 EXTENDED ILLNESS

Employees absent from duty due to illness may be required to furnish a statement from their physician upon returning to work as allowed by state and federal law.

Employees absent from duty due to an on-duty injury requiring medical treatment, shall furnish a statement from their physician upon returning to work to their supervisor who will forward it to payroll.

Employees who have planned surgeries or other medical procedures shall notify their supervisor and payroll as soon as possible as to the dates and anticipated time off required.

1014.4 SUPERVISOR RESPONSIBILITY

Supervisors should monitor sick leave usage and regularly review the attendance of employees under their command to ensure that the use of sick leave is consistent with this policy. Supervisors should address sick-leave misuse in the employee's performance evaluation when it has negatively affected the employee's performance or ability to complete assigned duties. When appropriate, supervisors should counsel employees regarding the excessive use of sick leave and should consider referring the employee to the Employee Assistance Program.

Supervisor will notify payroll as soon as possible about all extended employees sicknesses over three days and any planned surgeries or needed FMLA.

Communicable Diseases

1016.1 PURPOSE AND SCOPE

This policy is intended to provide guidelines for department personnel to assist in minimizing the risk of contracting and/or spreading communicable diseases and to minimize the incidence of illness and injury. The policy will offer direction in achieving the following goals:

- A. To manage the risks associated with bloodborne pathogens (BBP), aerosol transmissible diseases (ATD) and other potentially infectious substances.
- B. To assist department personnel in making decisions concerning the selection, use, maintenance, limitations, storage and disposal of personal protective equipment (PPE).
- C. To protect the privacy rights of all department personnel who may be exposed to or contract a communicable disease during the course of their duties.
- D. To provide appropriate treatment and counseling should an employee be exposed to a communicable disease.

1016.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Spokane Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1016.2 PROCEDURES FOR CONTACT WITH BLOOD OR BODILY FLUIDS

All department personnel who may be involved in providing emergency medical care or who come in contact with another person's blood or bodily fluids (e.g., during an altercation or while attending to any injured person), shall follow these procedures and guidelines (WAC 296-823-140 et seq.).

1016.2.1 EXPOSURE CONTROL OFFICER

The Human Resources Liaison is the department assigned Blood borne Pathogens (BBP) Exposure Control Officer (ECO) and working with city Risk Management, shall be responsible for the following:

- A. The overall management of the BBP Exposure Control Plan (ECP).

Spokane Police Department

Spokane Police Department Policy Manual

Communicable Diseases

- B. Establishing written procedures and a training program related to aerosol transmissible diseases.
- C. Working with management to develop and administer any additional related policies and practices necessary to support the effective implementation of this plan and remaining current on all legal requirements concerning BBP and other communicable diseases.
- D. Acting as a liaison during Occupational Safety and Health Administration (OSHA) inspections and conducting program audits to maintain an up-to-date ECP.
- E. Working with the Academy as a member of the Training Plan Committee, reviewing and updating the Training Plan each year in regards to BBP training.
- F. Reviewing and updating the ECP annually (on or before January 1st of each year).

Department supervisors are responsible for exposure control in their respective areas. They shall work directly with the ECO and the affected employees to ensure that the proper exposure control procedures are followed.

1016.2.2 UNIVERSAL PRECAUTIONS

All human blood and bodily fluids such as saliva, urine, semen and vaginal secretions, are to be treated as if they are known to be infectious. Where it is not possible to distinguish between fluid types, all bodily fluids are to be assumed potentially infectious (WAC 296-823-14060).

1016.2.3 PERSONAL PROTECTIVE EQUIPMENT

Personal protective equipment is the last line of defense against communicable disease. Therefore, the following equipment is available for all personnel to assist in the protection against such exposures:

- Disposable latex gloves
- Safety glasses or goggles
- N95 disposable respirator mask
- Alcohol (or similar substance) to flush skin at emergency site
- Protective shoe covers

The protective equipment is to be kept in each police vehicle and near each work area. Protective equipment should be inspected at the start of each shift and replaced as soon as practical upon returning to the station if used or damaged during the shift, or as otherwise needed. The officer who used the equipment is responsible for ensuring that the equipment is replaced prior to securing from shift. If the officer is injured or otherwise unable to complete this task, they shall request another officer or supervisor coordinate the replenishing of this equipment.

1016.2.4 IMMUNIZATIONS

All department personnel who, in the line of duty, may be exposed to or have contact with a communicable disease shall be offered appropriate treatment and/or immunization for Hepatitis B (HBV) (WAC 296-823-130 and WAC 296-823-13005).

Spokane Police Department

Spokane Police Department Policy Manual

Communicable Diseases

1016.2.5 WORK PRACTICES

All personnel shall use the appropriate precautions to prevent skin and mucous membrane exposure whenever contact with blood or other body fluid is anticipated (WAC 296-823-15005).

Disposable gloves should be worn on all medical emergency responses. Disposable gloves should be worn when physical contact is anticipated with any patient and/or when handling items soiled with blood or other body fluids. Should one's disposable gloves become contaminated with blood or other body fluids, the gloves shall be disposed of as contaminated waste (WAC 296-823-15010). Care should be taken to avoid touching other items (e.g., pens, books, and personal items in general) while wearing the disposable gloves in a potentially contaminated environment.

All procedures involving blood or other potentially infectious materials shall be done in a way that minimizes splashing, spraying, or otherwise generating droplets of those materials (WAC 296-823-14020).

The following guidelines are paramount:

- Avoid needle sticks and other sharp instrument injuries. Never perform two handed needle recapping.
- Wear disposable gloves when contact with blood or body fluids is likely.
- Use disposable shoe coverings if considerable blood contamination is encountered.
- Keep all cuts and open wounds covered with clean bandages.
- Avoid smoking, eating, drinking, nail biting, and all hand-to-mouth, hand-to-nose, and hand-to-eye actions while working in areas contaminated with blood or other body fluids.
- Wash hands thoroughly with soap and water after removing gloves and after any contact with blood or other body fluids.
- Clean up any spills of blood or other body fluids thoroughly and promptly using a 1:10 household bleach dilution.
- Clean all possibly contaminated surfaces and areas with a 1:10 household bleach dilution.
- Place all possibly contaminated clothing and other items in clearly identified, impervious bio-hazard plastic bags.
- Place all possibly contaminated sharp objects in clearly identified puncture resistant containers.

1016.3 DISPOSAL AND DECONTAMINATION

The following procedures will apply to the disposal and decontamination after responding to an event that involved contact with a person's blood or bodily fluids.

Spokane Police Department

Spokane Police Department Policy Manual

Communicable Diseases

1016.3.1 USE OF WASTE CONTAINERS

Officers shall dispose of bio-hazards with the on-scene fire response vehicle, at the attending clinic/hospital with their approval, or in an appropriately marked bio-hazard waste container at the Public Safety Building immediately upon arrival.

The bio-hazard waste container is located at the bottom of the stairs that lead into the basement of the Public Safety Building. It is clearly marked and lined with a red plastic, bio-hazard bag. The Forensics Unit is responsible for having this container emptied routinely. They shall coordinate this with Risk Management. Directions on emptying the container are posted directly above the barrel.

1016.3.2 DECONTAMINATION OF SKIN AND MUCOUS MEMBRANES

Personnel shall wash their hands immediately (on-scene if possible), or as soon as possible at the conclusion of the incident. Officers should wash their hands even if protective gloves were worn and no transfer of hazardous materials is suspected. Antibacterial soap, warm water, and/or an approved disinfectant shall be used to wash one's hands, paying particular attention to the fingernails.

If an employee's intact skin contacts someone else's blood, bodily fluids or other potentially infectious materials, the employee shall immediately wash the exposed part of his/her body with soap, warm water and/or an approved disinfectant, as soon as possible. If the skin becomes grossly contaminated, body washing shall be followed by application of an approved hospital strength disinfectant. If large areas of the employee's skin are contaminated, the employee shall shower as soon as possible, using warm water, soap and/or an approved disinfectant. Medical treatment should be obtained to ensure proper protection is received for the officer (WAC 296-823-14030).

Hazardous waste exposure to non-intact skin (e.g., injured skin, open wound) shall be cleaned using warm water, soap and/or an approved disinfectant. It shall then be dressed or bandaged as required. Medical treatment is required in all incidents of exposure. Contaminated mucous membranes, (i.e., eyes, nose, mouth) shall be flushed with water for a period of twenty minutes.

All hand, skin, and mucous membrane washing that takes place in the station shall be done in the designated cleaning area at the Property Facility or the decontamination area at Fire Station 7. Cleaning shall not be done in the kitchen, bathrooms, or other locations not designated as the cleaning or decontamination area (WAC 296-823-14030).

1016.3.3 SHARPS AND ITEMS THAT CUT OR PUNCTURE

All personnel shall avoid using or holding sharps (needles) unless needed to do so while assisting a paramedic, or collecting them for evidence. Unless required for evidentiary purposes related to evidence preservation, employees are not to recap sharps. If recapping is necessary, a one-handed method shall be employed to avoid a finger prick. Disposal, whenever possible, shall be into a puncture proof bio-hazard container.

All sharps and/or other items that may cut or puncture (e.g., broken glass, razors, and knives) shall be treated cautiously to avoid cutting, stabbing, or puncturing one's self or any other person.

Spokane Police Department

Spokane Police Department Policy Manual

Communicable Diseases

In addition, if a sharp object contains known or suspected blood or other bodily fluids, that item is to be treated as a contaminated item. If the item is not evidence, touching it with the hands shall be avoided. If the material must be hand held, protective gloves must be worn (WAC 296-823-14015).

1016.3.4 DISPOSABLE PROTECTIVE EQUIPMENT

Contaminated disposable supplies (gloves, bandage dressings, CPR masks) shall be transported with the patient or suspect in the ambulance if possible or police vehicle if it's not possible to place the items with the patient. The waste material shall be disposed of in the same manner as stated in § 1016.3.1. Disposable gloves are to be worn while placing the waste into the waste bio-hazard container, placing the gloves worn during this process in with the rest of the waste when through (WAC 296-823-15030).

1016.3.5 DECONTAMINATION OF PPE

After using any reusable personal protective equipment, it shall be washed or disinfected and stored appropriately. If the personal protective equipment is non-reusable (e.g., disposable gloves), it shall be discarded in a bio-hazard waste container as described in Policy Manual § 1016.3.1.

Any personal protective equipment that becomes punctured, torn, or loses its integrity, shall be removed and replaced as soon as feasible.

Contaminated reusable personal protective equipment that must be transported prior to cleaning, shall be placed into a bio-hazard waste bag and transported in the ambulance, paramedic truck or police vehicle. Gloves shall be worn while handling the bio-hazard waste bag and during placement into the bio-hazard waste container; dispose of gloves along with the rest of the bio-hazard waste (WAC 296-823-15030).

1016.3.6 DECONTAMINATION OF NON-DISPOSABLE EQUIPMENT

Contaminated non-disposable equipment (e.g., flashlight, gun, baton, clothing, portable radio) shall be decontaminated as soon as possible. If it is to be transported, it shall be done by first placing it into a bio-hazard waste bag if possible.

Grossly contaminated non-disposable equipment items shall be transported to a hospital, fire station, or police station for proper cleaning and disinfecting. Porous surfaces such as nylon bags and straps shall be brushed and scrubbed with a detergent and hot water, laundered and allowed to dry. Non-porous surfaces (e.g., plastic or metal) shall be brushed and scrubbed with detergent and hot water, sprayed with a bleach solution, rinsed, and allowed to dry. Delicate equipment (e.g., radios) should be brushed and scrubbed very carefully using a minimal amount of a type of germicide that is approved by the Environmental Protection Agency (EPA).

While cleaning equipment, pay close attention to handles, controls, portable radios, and corners (tight spots). Equipment cleaning shall not be done in the kitchen, bathrooms, or other areas not designated as the official cleaning/decontamination area.

Spokane Police Department

Spokane Police Department Policy Manual

Communicable Diseases

Contaminated equipment should be cleaned using an approved EPA germicide or a 1:10 solution of chlorine bleach while wearing disposable gloves and goggles. Large particles of contaminants such as vomit, feces, blood clots, etc. should first be removed (using a disposable towel or other means to prevent direct contact) and properly disposed of (WAC 296-823-14055).

1016.3.7 DECONTAMINATION OF CLOTHING

Contaminated clothing such as uniforms and undergarments shall be removed as soon as feasible and rinsed in cold water to prevent the setting of bloodstains. If the clothing may be washed in soap and hot water, do so as soon as possible. If the clothing must be dry cleaned, place it into a bio-hazard waste bag and give it to the quartermaster. If the quartermaster is not immediately available, the clothing shall be placed in a secure area and a message left with the quartermaster describing the clothing, suspected contaminate and current location of the items. The quartermaster will secure a dry cleaner that is capable of cleaning contaminated clothing, and inform them of the potential contamination. This dry cleaning will be done at the department's expense (WAC 296-823-15030).

Contaminated leather boots or gloves shall be brushed and scrubbed with detergent and hot water. If the contaminant soaked through the boots or gloves, these items shall be discarded.

1016.3.8 DECONTAMINATION OF VEHICLES

Contaminated vehicles and components such as the seats, radios, and doors shall be washed with soap and warm water and disinfected with an approved germicide as soon as feasible. If the vehicle is parked for later decontamination, it must be clearly posted on the vehicle itself. The Fleet Manager shall be notified promptly of the contaminated car, the suspected contaminant and the car's location.

1016.4 POST-EXPOSURE REPORTING AND FOLLOW-UP REQUIREMENTS

In actual or suspected exposure incidents, proper documentation and follow-up action must occur to limit potential liabilities, ensure the best protection and care for the employee (WAC 296-823-160 et seq.).

1016.4.1 EMPLOYEE RESPONSIBILITY TO REPORT EXPOSURE

The employee shall:

- A. Wash the affected area immediately with soap and water and contact your supervisor to advise them of the situation.
- B. Call U.S. Health Works (747-0776) for an exposure assessment (this number may go to a paging system after-hours, so be prepared to provide a call-back number). A doctor will return your call or page within fifteen (15) minutes. There is a critical two-hour window for treatment to begin. The doctor will assess the exposure as follows:
 1. Simple Exposure; many exposures do not require further treatment than the clean-up that you have already done.
 2. Significant Exposure; if the exposure has a significant probability of disease transfer, the doctor will instruct you to report to a U.S. Health Works Office or

Spokane Police Department

Spokane Police Department Policy Manual

Communicable Diseases

the ER at Deaconess or Sacred Heart Hospitals. You will be given a "base-line" blood test that will include testing for HIV, and Hepatitis B and C. Medical treatment options will be considered at this time.

U.S. Health Works will provide you with your test results at a follow-up appointment scheduled within the next 24 to 48 hours. They will also provide you with third-party test results when applicable.

The Centers for Disease Control provides a toll free hotline staffed 24/7 by physicians. This "post exposure prophylaxis hotline" is 1-888-448-1911. This number is available for you to call the CDC for consultation if you desire.

Contact your supervisor to complete necessary paperwork.

1016.4.2 SUPERVISOR REPORTING REQUIREMENTS

- A. The supervisor on duty shall investigate every exposure that occurs as soon as possible following the incident, while gathering the following information (WAC 296-823-16005):
 - 1. Names and social security numbers of the employee(s) exposed.
 - 2. Date and time of incident.
 - 3. Location of incident.
 - 4. What potentially infectious materials were involved.
 - 5. Source of material or person.
 - 6. Current location of material or person.
 - 7. Work being done during exposure.
 - 8. How the incident occurred or was caused.
 - 9. PPE in use at the time of incident.
 - 10. Actions taken post-event (clean-up, notifications, etc.).
- B. The supervisor shall use the above information to prepare a written summary of the incident, its causes, and recommendations for avoiding similar events. This information is captured by the Potential Infectious Disease Exposure form. The appropriate routing of this form is located at the bottom of the report (one copy to the treating facility, one copy to the employee and one copy to the payroll clerk, who should then ensure a copy is forwarded to Risk Management. The ECO shall be notified when the copy is forwarded to Risk Management.)
- C. Other supervisor responsibilities:
 - 1. Contact the individual whose body fluids the employee came into contact with (the "source").
 - 2. If the source agrees to get tested for HIV, and possibly other blood borne pathogens, transport the source to the emergency room at Sacred Heart Medical Center. Have the source read and complete the appropriate form provided by

Providence Hospital. This form is needed to release the test results to the exposed employee. The hospital will perform the tests and the results will either be given to the exposed employee, or will be forwarded to the Spokane Regional Health District HIV/AIDS Program Manager who will then contact the exposed employee.

- (a) Leave a copy of the signed release form (HIV Antibody Test) with the hospital and submit the original to the City of Spokane Risk Management.
3. If the source refuses your request for a voluntary blood draw:
 - (a) Contact the Spokane Regional Health District at 324-1534 during business hours and request their assistance. The Health Officer will determine whether or not a substantial exposure has occurred, and if so, will contact the source. Most always, the source agrees to testing, but if s/he refuses, a Health Order may be issued.
 - (b) State law does not provide for mandatory testing of hepatitis B or C, but does provide for mandatory testing for HIV if the Health Officer agrees there has been a substantial exposure. ***Important: The testing must be conducted within seven days of the original request of the exposed party for the Health Department to assist.***
4. Ensure that the affected/exposed employee goes to Sacred Heart Hospital to request their baseline blood test for their L and I claim. The exposed employee must also give their consent to be tested for HIV. The hospital should have the needed consent forms.
 - (a) Request that the blood draw be tested for Hepatitis B and C as well as HIV. L and I will pay for these tests.
 - (b) Request that a tetanus shot, if needed, be given to the exposed employee.
5. Complete the necessary forms:
 - (a) If the exposure was classified by U.S. Health Works or a hospital ER as a "simple exposure" (no treatment other than clean-up), complete a City of Spokane Employee Injury Report and a City of Spokane Potential Infectious Disease Exposure form.
 - (b) If the exposure was classified by U.S. Health Works or hospital ER as a "significant exposure", complete a City of Spokane Employee Injury Report, a City of Spokane Potential Infectious Disease Exposure form, a Self Insured Accident Report SIF II-L&I, and a Spokane Regional Health District Request for Mandatory Testing Due to Substantial Exposure form. Fax the Request for Mandatory Testing Due to Substantial Exposure form to the Spokane Regional Health District at 324-1496 within 24 to 48 hours.
6. Forward copies of all paperwork to Human Resources for the City of Spokane and Captain and/or Division Commander of the affected employee. The SPD Human Resources Liaison will act as the Exposure Control Officer (ECO) and the ECO will act as the liaison for SPD and will monitor the follow-up testing that may be needed.

Communicable Diseases

- (a) The procedure that should be followed is:
 - 1. Baseline assessment of exposed employee no later than within 72 hours of exposure.
 - 2. Three (3) month follow-up testing for Hepatitis and HIV.
 - 3. Six (6) month retesting.
- (b) The reasons for the above retesting periods are that HIV always shows up within three months from the time of exposure, while Hepatitis C can take up to six months.
- Document your efforts regarding the incident. All reports will be provided to City Risk Management.

1016.4.3 MEDICAL CONSULTATION, EVALUATION, AND TREATMENT

Any employee who was exposed or suspects he/she was exposed to any bodily fluids should be seen by a physician (or qualified health care provider) immediately following the exposure or as soon as practicable thereafter. The doctor (or qualified health care provider) should review the supervisor's report, the employee's medical records relevant to the visit and examination and the Communicable Disease Notification Report. The medical consultation, evaluation and treatment shall be provided at no cost to the affected employee.

The health care professional shall provide the City's Risk Manager with a written opinion/evaluation of the exposed employee's situation. This opinion shall only contain the following information:

- If a post-exposure treatment is indicated for the employee.
- If the employee received a post-exposure treatment.
- Confirmation that the employee received the evaluation results.
- Confirmation that the employee was informed of any medical condition resulting from the exposure incident that will require further treatment or evaluation.
- Whether communicable disease testing from the source is warranted, and if so, which diseases should the testing include.

All other findings or diagnosis shall remain confidential and are not to be included in the written report (WAC 296-823-16005).

1016.4.4 COUNSELING

The Department shall provide the exposed employee (and his/her family if necessary) the opportunity for counseling and consultation (WAC 296-823-16005).

1016.4.5 CONFIDENTIALITY OF REPORTS

The information involved in the process must remain confidential. All records and reports are kept in the strictest confidence at the Risk Management Department at City Hall.

Spokane Police Department

Spokane Police Department Policy Manual

Communicable Diseases

The Risk Manager shall be responsible for maintaining the name and social security number of the employee and copies of any information provided to the consulting health care professional as a result of an exposure.

This information is confidential and shall not be disclosed to anyone without the employee's written consent (except as required by law).

Smoking and Tobacco Use

1018.1 PURPOSE AND SCOPE

This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Spokane Police Department facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1018.2 POLICY

The Spokane Police Department recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all department facilities, buildings and vehicles, and as is further outlined in this policy (RCW 70.160.030).

1018.3 SMOKING AND TOBACCO USE

Smoking and tobacco use by members is prohibited anytime members are in public view representing the Spokane Police Department.

It shall be the responsibility of each member to ensure that no person under his/her supervision smokes or uses any tobacco product inside City facilities and vehicles.

1018.4 ADDITIONAL PROHIBITIONS

No person shall smoke tobacco products within 25 feet of a main entrance, exit or operable window of any building (RCW 70.160.075).

1018.4.1 NOTICE

The Chief of Police or the authorized designee shall ensure that proper signage prohibiting smoking is conspicuously posted at each entrance to the department facilities (RCW 70.160.050).

Personnel Complaints

1020.1 PURPOSE AND SCOPE

The purpose of this procedure is to provide guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members and employees of this department.

1020.1.1 PERSONNEL COMPLAINTS DEFINED

Personnel complaints consist of any allegation of misconduct or improper job performance against any department employee that, if true, would constitute a violation of department policy, federal, state or local law.

Office of Police Ombudsman (OPO) Involved Investigation - is defined as an IA investigation where the complaint giving rise to the investigation, whether made to the Department or the OPO, is a complaint of a serious matter (complaints that could lead to suspension, demotion or discharge) involving allegations that an employee either improperly used force or improperly/inappropriately interacted with citizens.

Personnel Complaints shall be classified in one of the following categories:

Administratively Suspended Investigation – An investigation which, after appropriate follow-up and review by the Internal Affairs Lieutenant, is not sent for review by an employee's Chain of Command or an Administrative Review Panel for one or more of the following reasons:

- A. The complaining party refuses to cooperate,
- B. The complaining party becomes unavailable and further contact is necessary to proceed,
- C. The complaint involves the elements of a crime pending prosecution and the administrative investigation could adversely impact the criminal case,
- D. The complaint involves an incident where a civil suit or claim for damages has been filed against the City and has not been resolved.
- E. A minor allegation sent to the employee's supervisor for informal follow-up (i.e. driving, demeanor, response time, etc.).
- F. All reasonable investigative leads were exhausted and no evidence of wrongdoing was uncovered.
- G. The accused officer leaves employment and the allegations do not meet the criteria set forth in RCW 43.101.135(3).RCW 43.101.135(3) states that if the totality of the circumstances supports a conclusion that the officer resigned or retired in anticipation of discipline, whether or not the misconduct was discovered at the time, and when such discipline, if carried forward, would more likely than not have led to discharge, or if the officer was laid off when disciplinary action was imminent or pending which could have resulted in the officer's suspension or discharge, the employing agency shall conduct and complete the investigation and provide all relevant information to the commission as if the officer were still employed by the agency.

Spokane Police Department

Spokane Police Department Policy Manual

Personnel Complaints

Suspended Investigations may be reactivated, if the above circumstances change, in accordance with the employee's collective bargaining agreement. Suspended investigations are sent to the OPO for review.

Closed – Investigations may be classified as Closed if they meet one or more of the following reasons:

- A. An allegation of misconduct that is disproven upon initial review (i.e. BWC footage or other evidence clearly disproves an allegation); and/or
- B. The Internal Affairs Lieutenant and Police Ombudsman, upon review of a complaint, may agree to the finding of 'Closed' for instances where both agree an allegation is Unfounded, Exonerated, Not Sustained or Training Failure concurrent to the Ombudsman's certification of timely, thorough and objective.

An allegation classified as a Closed investigation shall be deemed closed and will be in lieu of a chain of command or ARP review. Closed investigations are sent to the OPO for review.

Complaint - A matter in which the complaining party requests further investigation or which a department supervisor determines that further action is warranted. Such complaints may be investigated by a department supervisor of rank greater than the accused employee or referred to the Internal Affairs Unit depending on the seriousness and complexity of the investigation.

The Spokane Police Department does not accept complaints involving:

- A. The elements of a criminal case which has already been before the court and resulted in a conviction or guilty plea; or
- B. An active civil claim against the Spokane Police Department and/or the City of Spokane

Inquiry - Questions about employee conduct which, even if true, would not qualify as a personnel complaint may be handled informally by a department supervisor and shall not be considered complaints.

Mediation - Is a voluntary process and an alternative to investigation, adjudication and the disciplinary process. Mediation requires agreement by both the officer(s) and the complainant.

1020.2 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1020.2.1 AVAILABILITY OF COMPLAINT FORMS

Personnel complaint forms in a variety of languages will be readily available at the Spokane Police Department front desk, on the Spokane Police Department's Office of Accountability web page, or at the Office of Police Ombudsman.

1020.2.2 SOURCE OF COMPLAINTS

- A. Department employees aware of alleged misconduct shall immediately notify a supervisor

Spokane Police Department

Spokane Police Department Policy Manual

Personnel Complaints

- B. Any source alleging misconduct of an SPD employee which, if true, could result in disciplinary action shall be directed to a supervisor or Internal Affairs.
- C. Anyone may file a complaint directly with Internal Affairs or the Office of Police Ombudsman.
- D. Anonymous complaints and third party complaints will be accepted and reviewed. Third party complaints of a minor nature will be routed to the employee's supervisor for appropriate action.
- E. Third party complaints received due to information disclosed during a Public Records Request will be reviewed. Internal Affairs will make a determination as to the extent of an investigation based on the seriousness of the policy violation.

1020.2.3 ACCEPTANCE OF COMPLAINTS

A complaint may be filed in person, in writing, online, or by telephoning the department. Although not required, every effort should be made to have the complainant appear in person. The following should be considered before taking a complaint:

- A. When an uninvolved supervisor determines that the reporting person is satisfied that their complaint required nothing more than an explanation regarding the proper implementation of department policy or procedure, a complaint need not be taken.
- B. When the complainant's credibility appears to be unreliable, the person should be provided with a Citizen Complaint form or a supervisor may take the complaint and cite their concerns.
- C. Depending on the urgency and seriousness of the allegations involved, complaints from juveniles should generally be taken only with their parent(s) or guardian(s) present and after they have been informed of the circumstances prompting the complaint.
- D. Complaints that are not of a criminal nature shall be accepted by the Spokane Police Department up to one year from the date of occurrence consistent with the Spokane Police Ombudsman ordinance.
- E. If the complaint is of a minor policy violation (demeanor, inadequate response, etc.) and the alleged violation can clearly be proven false by evidence (body camera footage, non-biased witnesses, etc.) available to the supervisor taking the complaint, no BlueTeam report is necessary. The supervisor should document the allegation and pertinent information in a manner that will allow him/her to access that information at a later time if needed.
- F. Any complaint of a serious nature, regardless of whether the receiving supervisor believes the allegation to be false, will be documented in BlueTeam and forwarded to IA for investigation.

1020.2.4 COMPLAINT DOCUMENTATION

Complaints of alleged misconduct shall be documented by a supervisor in (BlueTeam). The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

Spokane Police Department

Spokane Police Department Policy Manual

Personnel Complaints

When a Personnel Complaint form is completed in person, the complainant should prepare a detailed narrative of his/her complaint. If circumstances indicate that this is not feasible, the complaint may be dictated to the receiving supervisor. In an effort to ensure accuracy in any complaint, it is recommended, if practicable, that a recorded statement be obtained from the reporting party. A refusal by the complainant to be recorded shall not alone be grounds to refuse to accept a complaint.

1020.3 SUPERVISOR RESPONSIBILITY

In general, preliminary and follow-up investigative responsibility for some administrative complaints shall rest with the employee's immediate supervisor. The Chief of Police or authorized designee may, however, direct that another supervisor, Internal Affairs, or Human Resources, investigate the complaint. The supervisor shall be responsible for the following:

- A. Receiving a complaint involving allegations of a potentially serious nature shall ensure that the Shift Commander is notified as soon as practicable.
- B. Receiving or initiating a complaint, or conducting a preliminary investigation, shall ensure that a BlueTeam entry has been completed as fully as possible to include the names and contact information of all involved parties and witnesses, collection of evidence, photographing of alleged injuries as well as areas of non-injury, etc. The supervisor will send the complaint to Internal Affairs by the end of his/her shift. The Internal Affairs Lieutenant will determine if the allegation is criminal or administrative. If the allegation is criminal, the Internal Affairs Lieutenant will notify the Director of Strategic Initiatives and the Chief of Police. A decision will then be made as to the proper method of investigation.
- C. When the nature of a personnel complaint relates to sexual, racial, ethnic, or other forms of prohibited harassment or discrimination, the supervisor shall immediately contact the shift commander, who will make other notifications in accordance with the DSO policy, if necessary. Internal workplace complaints of this nature will be investigated by Human Resources in coordination with the department's Internal Affairs Unit. The Internal Affairs Unit will ensure that all complaints/investigations are documented, monitored, and reviewed for thoroughness and objectivity.

1020.4 ASSIGNMENT TO ADMINISTRATIVE LEAVE

The Chief of Police may elect to place an employee on administrative leave when circumstances dictate such leave to be in the best interest of the department.

1020.4.1 ADMINISTRATIVE LEAVE

An employee placed on administrative leave may be subject to the following guidelines:

- A. Under such circumstances, an employee placed on administrative leave shall continue to receive regular pay and benefits pending the imposition of any discipline.
- B. An employee placed on administrative leave may be required to relinquish any badge, departmental identification, assigned weapon(s) and any other departmental equipment.

Spokane Police Department

Spokane Police Department Policy Manual

Personnel Complaints

- C. An employee placed on administrative leave may be ordered to refrain from taking any action as a departmental employee or in an official capacity. The employee shall be required to continue to comply with all policies and lawful orders of a supervisor. The employee shall be available to the department by phone and considered in a working status from home during normal business hours, 8:00 am to 4:00 pm., Monday through Friday.
- D. At the discretion of the Chief, as an alternative to administrative leave, the employee may be temporarily reassigned to a different shift (generally normal business hours) during the pendency of the investigation and the employee may be required to remain available for contact at all times during such shift and to report as ordered.
- E. The Chief of Police or designee is authorized to place an employee on administrative leave.

1020.5 ALLEGATIONS OF CRIMINAL CONDUCT

When an employee of this department is accused of potential criminal conduct, a separate supervisor or assigned investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. The separate administrative investigation may parallel the criminal investigation, however only after the criminal investigation and any prosecutorial review are complete or by an order of the Chief of Police will the involved officer(s) be compelled to provide a statement. No information or evidence administratively obtained from an employee may be provided to a criminal investigator.

The Chief of Police shall be notified as soon as practical when an employee is formally accused of criminal conduct. In the event of criminal allegations, the Chief of Police may request a criminal investigation by an outside law enforcement agency.

An employee accused of criminal conduct shall be provided with all rights and privileges afforded to any other person under the law.

Any law enforcement agency is authorized to release information concerning the arrest or detention of a police officer which has not led to a conviction. However, no disciplinary action other than non-disciplinary paid administrative leave shall be taken against the accused employee based solely on an arrest or crime report. An employee charged with a crime may be placed on unpaid layoff status in accordance with Civil Service Rules.

1020.6 ADMINISTRATIVE INVESTIGATION OF COMPLAINT

Whether conducted by a supervisor, an assigned member of the Internal Affairs Unit, or the Human Resources Department, the following procedures shall be followed with regard to the accused employee(s):

- A. Interviews of accused employees shall be conducted during reasonable hours, preferably when the employee is on duty. If the employee is off duty, the employee shall be compensated.

Spokane Police Department

Spokane Police Department Policy Manual

Personnel Complaints

- B. No more than two interviewers, and the Ombudsman if present, may ask questions of an accused employee.
- C. Prior to their interview, an employee shall be informed of the nature of the investigation. If the employee is the subject of the investigation, he or she shall be given a general overview of the factual allegations in writing before the interview commences.
- D. All interviews shall be for a reasonable period and the employee's personal needs shall be accommodated.
- E. No employee shall be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers. Any employee refusing to answer questions that are narrowly tailored to establish the facts of the investigation or the employee's fitness to hold office may be ordered to answer questions administratively or be subject to discipline for insubordination. Nothing administratively ordered may be provided to a criminal investigator, except at the direction of the Chief.
- F. Absent circumstances preventing it, the interviewer shall record all interviews of employees, complainants, and witnesses. If the employee has been previously interviewed, a copy of that recorded interview shall be provided to the employee prior to any subsequent interview if requested by the employee. Citizen complainants and witnesses shall be advised at the onset of the conversation that they are being recorded. If the interviewer forgets this notification, as soon as they remember, they shall provide the advisement. If this advisement is not provided, the interviewer will document the reason.
- G. Any employee who becomes the subject of a criminal investigation shall, prior to their interview, be notified that he/she is the subject of a criminal investigation and, further, that he/she is under no obligation to answer any questions or to remain in an interview setting involuntarily. A criminal investigation shall be interpreted as any investigation which could result in the filing of a criminal charge against the employee. Upon the completion of any criminal investigation an administrative investigation may be initiated. Any interview that is conducted as part of an administrative investigation will be mandatory for the employee.
- H. All employees subjected to interviews that could result in punitive action shall have the right to have a Collective Bargaining Unit representative present at any interview. In addition, they may also have legal representation at their own expense. These representatives may participate to the extent allowed by law.
- I. All employees shall provide truthful and non-evasive responses to questions posed during interviews.
- J. An investigator will not ask for, nor will an employee be compelled to submit to, a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any administrative investigation.

1020.6.1 ADMINISTRATIVE SEARCHES

An employee of this department may be ordered to submit to a blood, breath, or urine test for alcohol and drugs as allowed by law.

Spokane Police Department

Spokane Police Department Policy Manual

Personnel Complaints

Any employee may be compelled to disclose personal financial information pursuant to proper legal process.

Employees shall have no reasonable expectation of privacy in the use of city computers, telephones, radios, and electronic devices, and, in city property including desks, lockers, file cabinets, and vehicles, provided that employees retain a right of privacy in the personal possessions contained therein. Absent permission of the employee, no locker or vehicle search (excluding regular vehicle inspections) shall be conducted unless in the presence of a bargaining unit representative. Any removed items shall be inventoried.

1020.6.2 ADMINISTRATIVE INVESTIGATION FORMAT

Investigations of personnel complaints shall be detailed, complete and follow the IA additional format.

1020.7 DISPOSITION OF PERSONNEL COMPLAINTS

Each allegation shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged act(s) did not occur or did not involve department personnel.

Exonerated - When the investigation discloses that the alleged act occurred, but that the act was justified, lawful and/or proper.

Not Sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the employee.

Sustained - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct.

Training Failure - Deficiency in training was the cause of the alleged act.

Closed Due to Mediation - Is an alternative to the investigation, adjudication and disciplinary process.

If an investigation discloses misconduct or improper job performance which was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1020.8 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint shall proceed with due diligence. Recognizing that factors such as witness availability and the complexity of allegations will affect each case, every effort should be made to complete each investigation as

Spokane Police Department

Spokane Police Department Policy Manual

Personnel Complaints

required by Collective Bargaining Agreements. If the nature of the allegations dictate that confidentiality is necessary to maintain the integrity of the investigation, the involved employee(s) need not be notified of the pending investigation unless and until the employee is interviewed. All cases are entered and routed using BlueTeam.

(For details regarding conducting an investigation, refer to the IA SOP)

The OPO will be notified by IA within five business days of case closure of all complaints of a serious matter and all complaints originated by the OPO. The OPO, in addition to the department's written Notice of Finding letter to the complainant, may send a closing letter to the complainant. The letter may summarize the case findings.

Any complaining party who is not satisfied with the findings of the Department concerning their complaint may contact the Office of Police Ombudsman to discuss the matter further.

1020.8.1 CONFIDENTIALITY OF PERSONNEL FILES

All investigations of personnel complaints shall be considered confidential peace officer personnel files (Policy Manual § 1026). The contents of such files shall not be revealed other than as required by law, to the involved employee or authorized personnel, or pursuant to lawful process (RCW 42.56 et seq.; RCW 70.02).

In the event that an accused employee (or the representative of such employee) knowingly makes false representations regarding any internal investigation and such false representations are communicated to any media source, the Department may disclose sufficient information from the employee's personnel file to refute such false representations.

All formal personnel complaints shall be maintained in accordance with Washington State Retention Guidelines in coordination with a representative of the Washington State Archives.

Sustained complaints shall be maintained in the employee's personnel file. Complaints which are unfounded, exonerated or not sustained shall be maintained by the Internal Affairs Unit apart from the employee's personnel file.

1020.8.2 ADMINISTRATIVE REVIEW PANEL

The Administrative Review Panels (ARP) will be chaired by a captain. The panel will be comprised of captains and/or lieutenants.

Responsibilities of the panel:

This panel has review/recommendation authority as well as the authority to direct additional investigation by Internal Affairs into specific facets of the case. Review/recommendation responsibilities will include reviewing the investigation for thoroughness and objectivity.

Process:

Spokane Police Department

Spokane Police Department Policy Manual

Personnel Complaints

- A. Internal Affairs will forward the investigation to the ARP group for review.
- B. Each member individually reviews the report.
- C. The panel chair convenes a panel of the ARP group and reviews the opinions of the panel and discusses any outstanding issues.
- D. The panel develops a memo, documenting the findings of the ARP group. All concurring panel members sign the memo. Panel members who have a dissenting opinion will develop and submit a separate memo outlining their findings and/or recommendations.
- E. The panel chair submits the ARP memo to Internal Affairs via BlueTeam.
- F. Internal Affairs forwards the BlueTeam to the Assistant Chief and Chief of Police for review and/or administration of discipline or Loudermill hearing.
- G. Panel members should also include in their analysis any tactics, decision-making processes, or policy violations outside uses of force as appropriate. Any dissenting opinions should also be memorialized in a separate memo included in the ARP findings and attached to the BlueTeam.

The process for a deadly force incident ARP (D-ARP) will be the same as stated above, except that the Director of Strategic Initiatives and the Ombudsman will be invited to attend and observe D-ARP meetings. The findings and final recommendations will be the exclusive role and responsibility of the D-ARP group. The Director of Strategic Initiatives and the Ombudsman will not participate in deliberations. Should the Director of Strategic Initiatives or the Ombudsman not be available for the scheduled D-ARP, the D-ARP will not be delayed.

ARP and D-ARP members, including the Director of Strategic Initiatives and Ombudsman will preserve the integrity of the process by maintaining the confidentiality of the complaint, panel discussions and the investigative case file.

1020.8.3 OFFICE OF POLICE OMBUDSMAN

- A. The Office of Police Ombudsman (OPO) will provide a professional presence to help ensure a quality investigation in real time, and visible, independent oversight to reassure the public.
- B. See Spokane Municipal Code 04.32, Office of the Police Ombudsman, and the Guild Contract for information regarding the OPO, the Spokane Police Department and internal investigations.

1020.8.4 MEDIATION

Mediation is an alternative to investigation, adjudication and the disciplinary process. The OPO will have the opportunity to make a recommendation for mediation to the Chief of Police, prior to investigation. In the event the department, the complainant and the officer all agree to mediation, that process will be utilized rather than sending the matter on for investigation. Assuming the officer participates in good faith during the mediation process, the officer will not be subject to discipline and no disciplinary finding will be entered against the officer. Good faith means that the officer

Spokane Police Department

Spokane Police Department Policy Manual

Personnel Complaints

listens and considers the issues raised by the complainant, and acts and responds appropriately. Agreement with either the complainant or the mediator is not a requirement of good faith. In the event an agreement to mediate is reached and the complainant thereafter refuses to participate, the officer will be considered to have participated in good faith.

1020.9 ANNUAL REVIEW AND ANALYSIS OF COMPLAINTS

An annual review and analysis of all internal investigations shall be conducted by the Office of Professional Accountability and approved by the Chief of Police. Any policy, procedure, training and/or personnel issues that are identified during this review process shall be addressed.

Seat Belts

1022.1 PURPOSE AND SCOPE

The use of seat belts and other safety restraints significantly reduces the chance of death or injury in case of a traffic collision. This policy establishes guidelines for seat belt and child safety seat use to assure maximum operator and passenger safety, thus minimizing the possibility of death or injury as a result of motor vehicle crashes. This policy will apply to all employees operating or riding in department vehicles (RCW 46.61.688, RCW 46.61.687).

1022.2 WEARING OF SAFETY RESTRAINTS

All employees shall wear available, properly adjusted safety restraints when operating or riding in department owned, leased, or rented vehicles and while operating or riding in privately owned vehicles while on duty. The driver is responsible for ensuring all occupants, including non-employees, in the vehicle he/she is operating are in compliance with this policy.

It is the intent of this policy that all employees wear seat belts whenever possible however, sworn officers may dispense with wearing safety restraints for specific tactical situations or when it reasonably appears that, due to unusual circumstances, wearing a seat belt would hinder rather than increase safety.

All non-employees occupying the front seat of a police vehicle shall be required to wear available safety restraints.

All persons occupying the rear seat of a police unit equipped with seatbelts shall wear available safety restraints if available unless physical conditions or officer safety considerations would prevent such from being applied or dictate otherwise.

1022.2.1 TRANSPORTING CHILDREN

An approved child safety restraint system should be used for all children of age, size or weight for which such restraints are required by law. In the event an appropriate approved child safety restraint system is not available the child may be transported by sworn personnel however the child should be restrained in a seat belt (RCW 46.61.687(1)).

The rear seat passenger area in cage-equipped vehicles has reduced clearance which may interfere with the proper use of child safety restraint systems. Because of limited rear seat clearance in these vehicles, children and child restraint systems should be properly secured in the front seat according to the manufacturer's recommendations. Whenever a child is transported in the front seat of a vehicle, the passenger side air bag should be deactivated if possible. In the event this is not possible, alternative transportation should be considered.

1022.3 TRANSPORTING PRISONERS

Whenever possible, prisoners should be secured in the prisoner restraint system in the rear seat of the patrol vehicle or, when a prisoner restraint system is not available, by safety belts (when

Spokane Police Department

Spokane Police Department Policy Manual

Seat Belts

available) in a seated position. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

1022.4 INOPERABLE SEAT BELTS

No person shall operate a department vehicle in which any safety belt in the driver's seating position is inoperable.

No person shall modify, remove, deactivate or otherwise tamper with the vehicle safety belts except for vehicle maintenance and repair and not without the express authorization of the Chief of Police.

Employees who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

Body Armor

1024.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1024.2 POLICY

It is the policy of the Spokane Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1024.3 ISSUANCE OF BODY ARMOR

The Administrative Services Captain shall ensure that body armor is issued to all officers when the officer begins service at the Spokane Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Administrative Services Captain shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1024.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

- (a) Officers shall only wear agency-issued or approved body armor.
- (b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.
- (c) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
- (d) Body armor shall be worn when an officer is working in uniform or taking part in Department range training.
- (e) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor.
- (f) The department encourages the wearing of body armor by any volunteer or person engaging in a ride along in a department patrol vehicle.

1038.3 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time worked in an overtime status.

Extra Duty and Outside Employment

1040.1 PURPOSE AND SCOPE

In order to avoid actual or perceived conflicts of interest for departmental employees engaging in outside employment, all employees shall obtain written approval from the Chief of Police prior to engaging in any outside employment. In all cases of extra duty and outside employment, the primary duty and obligation of an employee is at all times to the department. The employee and the department shall avoid extra duty or outside employment that would tend to lower the dignity of the police profession or involves actual or apparent conflicts of interests. This policy pertains to both commissioned, non commissioned, and temporary/seasonal employees of the department. Approval of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy.

1040.1.1 DEFINITIONS

Extra Duty Employment - This entails officers working law enforcement or security related assignments whether in uniform or not. All officer assignments will come through the Office of Special Events/Extra Duty Employment. Assignments for work details will be scheduled in accordance with extra duty employment standard operating procedures and applicable collective bargaining agreements.

Outside Employment - Any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered.

1040.1.2 LIMITATIONS ON EXTRA DUTY AND OUTSIDE EMPLOYMENT

On duty restrictions: Employees shall not engage in extra duty or outside employment while on duty.

On call restrictions: For purposes of eligibility for extra duty assignments, an employee who is "on-call" is not deemed eligible for such assignment.

Soliciting employment: Employees shall not solicit or accept outside/extra duty employment under the pretext that the City of Spokane requires police employees to be used for a particular function or that the outside employer will receive better police service if the employer is known to employ police employees.

Ability to perform: Employees shall not engage in outside employment that adversely impacts their ability to perform duties as police department employees.

Uniform: Employees will be in full duty uniform for the extra duty shift, unless specifically directed otherwise by the Special Events Office.

Spokane Police Department

Spokane Police Department Policy Manual

Extra Duty and Outside Employment

Primary obligation: Employees are subject to call by the department at any time for emergencies, special assignment, or overtime duty. Outside employment shall not infringe on this obligation.

Misuse of authority: Employees shall not misuse the authority of their office while engaged in extra duty or outside employment.

Duty status: An employee engaged in authorized extra duty employment of a police nature is considered to be in an on duty status. Officers shall not engage in extra duty work if they are on injured or light duty status with the department.

Cancellations: A committee consisting of a representative assigned by the Guild president and the extra-duty employment coordinator will develop a procedure for cancellations of extra-duty assignments. If the committee cannot reach agreement, any dispute will be resolved by the Guild president and Chief of Police.

Failure to report for duty: If an employee fails to follow the established cancellation procedure, the same procedures will apply that pertain to unexcused absence or tardiness for regular duty. The employee working extra duty is on duty in the employ of the Spokane Police Department under the contracted agreement through the department and as such is subject to the same provisions as other duty assignments. Violations will be reported through the Special Events chain of command.

Compensation to employees: Employees shall be compensated by the city and shall not accept compensation directly from any extra duty employer, and shall accrue all benefits in accordance with law and collective bargaining agreements. Officers shall not enter into their own contracts for such services.

Use of city equipment: City equipment utilized by employees during extra duty employment may be charged to the outside extra duty employer. Generally, police vehicles will be a contract item, unless it is determined to be in the best interest of the City of Spokane. The Special Events Office will determine the costs associated with the equipment and the appropriateness of utilizing police vehicles during such employment.

Law enforcement obligation: Employees engaged in extra duty employment are expected to discharge all duties of their office, to enforce all laws and ordinances, and to adhere to all department policies and procedures.

Supervision: Whenever an outside extra duty employer requests four or more employees to work an extra duty assignment, a supervisor may also be required to direct the employees' activities. When employees are working at an extra duty assignment without permitted supervision, the employees are responsible to the on duty Uniform Division Shift Commander.

Volunteering of time: Officers are not allowed to donate time in uniform or of a law enforcement nature, when that function is similar to duties performed for the Spokane Police Department.

1040.2 OBTAINING APPROVAL

No member of this department may engage in any extra duty or outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for

Spokane Police Department

Extra Duty and Outside Employment

outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for extra duty and outside employment, the employee must complete an Extra Duty or an Outside Employment Application which shall be submitted to the employee's immediate supervisor. The application will then be forwarded through channels to the Chief of Police for consideration.

If approved, the employee will be provided with a copy of the approved authorization. Employees shall not engage in outside/extra duty employment during the initial probation period (entry-level) without written approval of the Chief of Police. Unless otherwise indicated in writing on the approved authorization, an outside employment authorization will be valid through the end of the calendar year in which the authorization is approved. Any employee seeking to renew a permit shall submit a new outside employment application in a timely manner. An authorization to work extra duty does not require yearly renewal.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial.

1040.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If an employee's Outside Employment Application is denied or withdrawn by the department, the employee may file a written notice of appeal to the Chief of Police within ten days of the date of denial.

If the employee's appeal is denied, the employee may file a grievance pursuant to the procedure set forth in the employee's current collective bargaining agreement.

1040.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS

Any extra duty or outside employment authorization may be revoked or suspended under the following circumstances:

- (a) Should an employee's performance at this department decline to a point where it is evaluated by a supervisor as below acceptable standards, the Chief of Police may, at his/her discretion, suspend or revoke any previously approved extra duty and/or outside employment authorization(s). The suspension or revocation will stand for a set period of time. At the completion of this set time, the employee may apply for reinstatement of privileges. Satisfactory job performance and the recommendation of the employee's immediate supervisor are required.
- (b) Suspension or revocation of a previously approved extra duty and/or outside employment authorization may be included as a term or condition of sustained discipline.
- (c) If, at any time during the term of a valid outside employment authorization, an employee's conduct or outside employment conflicts with the provisions of department policy, the authorization may be suspended or revoked.

Spokane Police Department

Spokane Police Department Policy Manual

Extra Duty and Outside Employment

- (d) When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment authorization may be rescinded until the employee has returned to a full duty status.
- (e) Or, if conflict occurs in police duties.

1040.3 PROHIBITED OUTSIDE EMPLOYMENT

The Department expressly reserves the right to deny any Outside Employment Application submitted by an employee seeking to engage in any activity which, in its view, would:

- (a) Involve the employee's use of departmental time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage.
- (b) Involve the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department.
- (c) Involve the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department.
- (d) Involve time demands that would render performance of the employee's duties for this department less efficient or render the employee unavailable for reasonably anticipated overtime assignments and other job-related demands that occur outside regular working hours.

1040.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT

Because it would further create a potential conflict of interest, no member of this department may engage in any outside employment as a private security guard, private investigator, loss prevention agent, bodyguard, bail enforcement agent, or other similar private security position.

1040.4 DEPARTMENT RESOURCES

Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department.

1040.5 MATERIAL CHANGES OR TERMINATION OF OUTSIDE EMPLOYMENT

If an employee terminates his/her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Chief of Police through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Spokane Police Department

Spokane Police Department Policy Manual

Extra Duty and Outside Employment

Employees are also required to disclose material changes in outside employment that occur after approval of outside employment has been granted to the Chief of Police in writing. For the purpose of this policy, such changes include any material change in the number of hours, type of duties or demands of outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

1040.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY

Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor's orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their work permit, a notice of revocation of the member's permit will be forwarded to the involved employee, and a copy attached to the original work permit.

Criteria for revoking the outside employment permit include, but are not limited to, the following:

- (a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the City's professional medical advisors.
- (b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.
- (c) The employee's failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the Spokane Police Department, a request (in writing) may be made to the Chief of Police to restore the permit.

An injured employee or employee who has suffered a work-related illness shall report as soon as practical to their immediate supervisor the medical findings concerning the injury and the extent and duration of any work restrictions if they are known. In addition, such employees are required to promptly submit all medical releases, whether partial or full releases, to their supervisor.

1042.2.4 SUPERVISOR'S RESPONSIBILITY

1042.4 SETTLEMENT OF INJURY CLAIMS

Occasionally, an employee's work-related injury results from the negligent or wrongful acts of another, for which the employee, the city, and/or other insurers are entitled to recover civilly. To ensure that the city's interests are protected and that the employee has the benefit of the city's experience in these matters, the following procedure is to be followed:

1042.4.1 EMPLOYEE TO REPORT INITIAL CONTACTS

When an employee sustains work-related injuries caused by another person and is then approached by such person or an agent, insurance company, or attorney and offered a settlement of claims, that employee shall take no action other than to make a written memorandum of this contact to his/her supervisor as soon as possible, which shall be forwarded through the chain-of-command to Risk Management.

It is the department's policy that there are no permanent light duty assignments.

1043.2 ELIGIBILITY FOR ASSIGNMENT

Non-commissioned employees:

City Policy HR-27 governs non-commissioned employees' temporary light duty. Employees governed by HR-27 shall notify their immediate supervisor of their intent to request light duty and shall keep their immediate supervisor informed of any changes to their light duty status or work assignment. Commissioned employees:

1043.3 REPORTING

Commissioned supervisors who become aware of employees with an L&I injury will notify the administrative sergeant and Payroll by the end of the shift by e-mail of such injury and the possible need for light duty.

Commissioned employees will notify the administrative sergeant as soon as possible as to their light duty status. In order to accommodate the varying light duty schedules, the employee shall notify the administrative sergeant on the date cleared by the physician. The employee will ensure the following documentation is completed prior to assignment:

- Have his/her doctor complete a City of Spokane Risk Management Physician Disability Statement. The form includes restrictions, medications, etc.
- Submit the City of Spokane Risk Management Physician Disability Statement, and the letter to the Office of the Chief of Police
- Prior to returning to full duty, provide the administrative sergeant with a new City of Spokane Risk Management Physician Disability Statement (with the "may return to full duty on" dated and signed by your physician).

The employee shall keep the administrative sergeant apprised of any changes in condition (faster than anticipated recovery time, upcoming surgery, etc).

While assigned to a light duty assignment, employees shall notify their immediate (light duty) supervisor if a specific task may cause re-injury or unreasonable discomfort.

The administrative sergeant shall:

The file will serve as a central repository for all light duty issues pertaining to a given employee, including assignment, updated status and return to full duty information.

1043.4 LIGHT DUTY ASSIGNMENTS

Light duty assignments will be limited to duties and activities that are in compliance with the attending physician's directions and restrictions.

Assignments will be made by the Assistant Chief.

All issues and assignments regarding light duty are to be coordinated through the light duty sergeant. This includes all officers regardless of present rank or assignment.

Light duty assignments are based upon departmental need. Unit managers to which the employee is assigned will determine the shift and days off.

Supervisors shall minimize the risk of re-injury to light duty employees in any way possible.

Employees assigned to light duty will not drive police vehicles equipped with emergency equipment. Any light duty assignment where the temporary use of a city vehicle is required for completion of the assigned task will first be cleared by the Major.

While on light duty, employees will not be in an "on-call" status (SWAT, hostage negotiator, collision investigator, etc.).

While on light duty, employees are considered "non-essential" and are not authorized to work over time or holiday without the approval of a Major.

While on light duty, employees will not work an extra-duty assignment.

Vertical Staffing Process

1057.1 PURPOSE AND SCOPE

The intent of the vertical staffing process is to provide all members of the Spokane Police Department a voice in identifying and resolving work and community issues in a constructive environment.

Vertical staffing process will be utilized to problem-solve issues brought forward from individuals of all ranks and classifications within the SPD, to include problems brought forward from the office of the Chief.

This professional model provides work groups with additional resources enabling them to complete a comprehensive work product. All work products will be reviewed by the Steering Committee prior to presentation to Senior Staff.

Issues or concerns with the vertical staffing decisions will be brought to the coordinator for resolution.

1057.2 VERTICAL STAFFING MEMBERS AND ROLES

Coordinator

The Office of the Chief shall assign a lieutenant to serve as the Coordinator. The role of the Coordinator is to assist in the smooth transition between committees, and to be a resource for the Chairperson and work groups. The Coordinator will approve all projects and staff assigned to the project work groups. The Coordinator will update Senior Staff as to the projects being worked and the status of those projects. Tracking hours spent working on each project will be the responsibility of the Coordinator. The Coordinator will assist in the process in a support role. Completed projects will be archived and maintained by the Coordinator.

Chair

A steering committee is lead by a "Chair-Person." This individual may be of any rank or classification. Their role is to maintain focus and direction for the Committee. The Chair is also responsible to ensure the research for each project is thorough, complete and unbiased. The Chair is responsible to gather volunteers and select committee members from a cross-section of the Department. The Chair will ensure the projects are completed in a timely manner. The chair position is a voluntary assignment.

Co-Chair

A person designated by the Chair to lead the Vertical Staffing Committee in the absence of the Chair.

Steering Committee

The Committee is comprised of members selected by the Committee Chair. This group will select and assign topics to be addressed to the work groups. The Steering Committee will meet

Vertical Staffing Process

periodically with the lead person of each work group for progress and assistance. When the Steering Committee feels the work group has completed its task, the vertical staffing Chair will notify the coordinator. The coordinator will work with the Chief's office to schedule an opportunity for the work group to present their topic. Issues identified by the Steering Committee requiring immediate action, or issues that can be easily resolved, will be brought forward by the coordinator to the Chief or designee.

Work groups

Work groups typically are made up from a cross-section of individuals, often directly impacted by the identified problem. The number of individuals in a work group will vary depending on the project. These individuals will be authorized to work on their projects during shift hours at the approval of their supervisor. Scheduling conflicts will be brought to the coordinator for resolution. Overtime will be pre-approved by the coordinator.

1057.3 TIME-LINES

Each Vertical Staff Committee has a 90-day sunset clause. All projects shall be completed within this timetable. The presentation to the Chief or follow-up assigned by the Chief may extend beyond this 90 day period. The coordinator may make additional extensions when necessary.

1057.4 FINAL WORK PRODUCT

The final work product is expected to be a professional presentation that will have been screened by the Steering Committee. Completed work products will be submitted to the coordinator to be archived.

1057.5 TOPICS FOR VERTICAL STAFFING

- (a) The Chair will solicit topics from employees. The Steering Committee will determine which topics will be assigned to work groups for further study. The following problem-solving model may be used to assist work groups in their research:
 - 1. Define the problem's root causes and symptoms.
 - 2. Brainstorm a wide range of alternative solutions.
 - 3. Select the best possible alternative solutions.
 - 4. Implement the proposed solution.
 - 5. Evaluate the effectiveness of the solution.
- (b) The work group's proposal will cover the following considerations:
 - 1. Objective
 - 2. Standards of performance
 - 3. Actives to accomplish the objective

4. Accountability
 5. Time-line/schedule
 6. Budget/resources
- (c) Follow-through and Implementation:
1. The coordinator will oversee the appropriate follow-up tasks for successful implementation.
 2. Progress reports will be presented by the coordinator to Senior Staff on a quarterly basis, until the projects(s) have reached full implementation.

Employee Speech, Expression and Social Networking

1060.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1060.1.1 APPLICABILITY

This policy applies to all forms of communication including but not limited to film, video, print media, public or private speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file-sharing sites.

1060.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Spokane Police Department will carefully balance the individual employee's rights against the Department's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1060.3 SAFETY

Employees should consider carefully the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of the Spokane Police Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be expected to compromise the safety of any employee, an employee's family or associates.

Spokane Police Department

Spokane Police Department Policy Manual

Employee Speech, Expression and Social Networking

Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

1060.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT

To meet the department's safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, on a matter of public concern):

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Spokane Police Department or its employees.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Spokane Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the Spokane Police Department or its employees. Examples may include:
 1. Statements that indicate disregard for the law or the state or U.S. Constitution.
 2. Expression that demonstrates support for criminal activity.
 3. Participating in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Spokane Police Department.
- (f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department

for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee (RCW 9A.68.020).

- (g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Spokane Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.
- (h) Accessing websites for non-authorized purposes, or use of any personal communication device, game device or media device, whether personally or department-owned, for personal purposes while on-duty, except in the following circumstances:
 - 1. When brief personal communication may be warranted by the circumstances (e.g., inform family of extended hours).
 - 2. During authorized breaks; such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1060.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the Spokane Police Department or identify themselves in any way that could be reasonably perceived as representing the Spokane Police Department in order to do any of the following, unless specifically authorized by the Chief of Police:

- (a) Endorse, support, oppose or contradict any political campaign or initiative.
- (b) Endorse, support, oppose or contradict any social issue, cause or religion.
- (c) Endorse, support or oppose any product, service, company or other commercial entity.
- (d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or any website.

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization (e.g. bargaining group), is affiliated with this department, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Spokane Police Department.

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized

bargaining unit or officer associations, on political subjects and candidates at all times while off-duty. However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1060.5 PRIVACY EXPECTATION

Employees forfeit any expectation of privacy with regard to e-mails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system.

The Department reserves the right to access, audit and disclose for whatever reason any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Department, including the department e-mail system, computer network or any information placed into storage on any department system or device.

This includes records of all key strokes or web-browsing history made at any department computer or over any department network. The fact that access to a database, service or website requires a user name or password will not create an expectation of privacy if accessed through department computers or networks.

1060.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.
- (c) Whether the speech or conduct would reflect unfavorably upon the Department.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.
- (e) Whether similar speech or conduct has been previously authorized.
- (f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

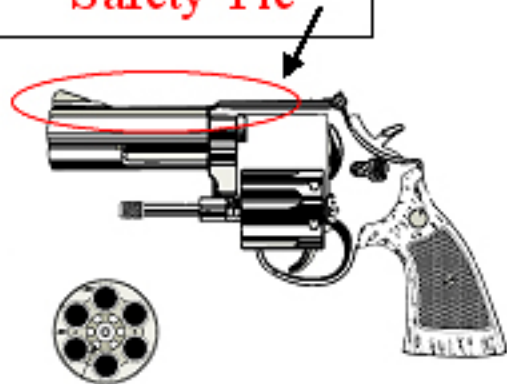

1060.7 TRAINING

Subject to available resources, the Department should provide training regarding employee speech and the use of social networking to all members of the Department.
