Chain of Command History

Sent Dt	From	To	CC	Approved
6/11/2015	Sergeant Troy Teigen	Lieutenant Dean Sprague	Sergeant Steven Braun, Sergeant David Staben	<input checked="" type="checkbox"/>
Sender's Instructions: 15-182380 Scott, Benesch, C. Johnson use of force.				
Recipient's Comments/Response: I concur with Sgt. Teigen's findings, as I was on scene during the incident. Each application of force (taser applications and LNR) were appropriate when implemented, although due to abnormal strength, speed and pain threshold of McKinney as well as his physical prowess as a wrestler the situation was dynamic and rapidly evolving and the effects of the implemented force options were either thwarted or ineffectual. Uses of force were all within policy, case law and use of force guidelines. Injuries sustained by McKinney occurred prior to law enforcement contact. Cd containing all digital photos taken of the incident will be forwarded via interoffice mail.				
6/13/2015	Lieutenant Dean Sprague	Captain Craig Meidl	(none)	<input type="checkbox"/>
Sender's Instructions: Forward through north patrol chain of command.				
Recipient's Comments/Response: [Forwarded by Captain Craig Meidl]				
6/16/2015	Captain Craig Meidl	Lieutenant Dean Sprague	(none)	<input type="checkbox"/>
Sender's Instructions: Lt Sprague In reviewing these police reports, it appears Ofc Scott did more than use his Taser. Other Officers' reports indicate that, after Ofc Scott's Taser deployment was unsuccessful, he assisted other officers in applying handcuffs to the suspect. If this is the case, he refers to officers getting the suspect into custody in the third person (in his report), which implies to me he did not go hands on. Can you please confirm? If he did assist beyond the Taser, please have him complete an additional of what his actions were so a proper use of force can be completed. Thank you, Craig				
Recipient's Comments/Response: Please have Ofc. Scott complete an additional if he assisted with physical control of McKinney beyond taser application, and re-send.				
6/19/2015	Lieutenant Dean Sprague	Sergeant Troy Teigen	(none)	<input checked="" type="checkbox"/>
Sender's Instructions: Please attach additional from Ofc. Scott as needed and re-send.				
Recipient's Comments/Response: Scott additional attached clarifying the information requested.				
6/19/2015	Sergeant Troy Teigen	Lieutenant Dean Sprague	(none)	<input checked="" type="checkbox"/>
Sender's Instructions: Scott additional attached				
Recipient's Comments/Response: Requested clarifying additional completed and attached. Body camera links noted in summary section.				
6/20/2015	Lieutenant Dean Sprague	Captain Craig Meidl	(none)	<input checked="" type="checkbox"/>
Sender's Instructions: Forward through north patrol chain of command				
Recipient's Comments/Response: [Forwarded by Captain Craig Meidl]				
6/23/2015	Captain Craig Meidl	Asst Chief Patrick Dobrow	(none)	<input checked="" type="checkbox"/>
Sender's Instructions: This use of force, and the actions of officers leading up to the use of force, were textbook. They attempted to de-escalate repeatedly, they asked for compliance, they explained they were				

there to help, they formed a plan of how to take the subject into custody, and they communicated constantly with the subject while taking him into custody. Within policy.

Recipient's Comments/Response: The use of force was within policy.

Use of Force Being Investigated

Use of Force – Taser Deployment, LNR

Officer Summary

Officers C. Johnson, J. Scott, and C. Benesch were interviewed and their reports and bodycamera videos are consistent with the statements given to me. At the scene, Officer C. Johnson said he deployed his Taser at the suspect after he had become assaultive and kicked Officers. Officer J. Scott saw and heard Officer C. Johnson deploy his Taser with no effect, so he deployed his Taser in an attempt to incapacitate the suspect. Officer J. Scott's Taser also had no effect. Officer C. Benesch was kicked by the suspect prior to attempting a Lateral Neck Restraint (LNR). He also witnessed the failed Taser applications and the suspect assault Officer Gonsalves. Officer C. Benesch initially placed the suspect into a Level 1 neck restraint but as the fight continued he unsuccessfully attempted to render the suspect unconscious.

Officer C. Johnson said he fired the Taser three times, and his point of aim was the lower back, but that none of the attempts had any effect. The range was within a few feet. Officer J. Scott fired his Taser once from a slightly further range but also said the attempt had no effect. The download information obtained later showed that Officer C. Johnson's Taser never made contact and that Officer J. Scott's did make contact for approximately 2 seconds.

Physical Evidence

Two spent Taser cartridges. Taser download information.
Body camera video.
Photographs

Investigative Summary

The conclusion of my portion of the investigation indicates that the Taser usage and LNR were appropriate in defense of the assaultive behavior conducted by the suspect while attempting to take him into custody. The bodycamera videos clearly show the suspects irrational and delusional behavior as well as the significant amount of time Officers attempted to get voluntary compliance before attempting to take the suspect into custody. All three Officers thoroughly explained the reason for their actions which was in response to the active, pre-assault, and assaultive behavior exercised by the suspect. The injuries to the suspect were self sustained prior to Officer contact.

NARRATIVE				

On Monday June 1st, 2015 at approximately 2325 hours, I along with Officers Johnson and Matthew, responded to a radio call of an individual assaulting people and damaging property at 24 E Courtland Avenue, within the City of Spokane.

Upon arrival we were directed to the East side of the complex, where we found A1 Terrance McKinney, who was seated on the ground with his back to a wooden fence. Terrance was dressed only in a pair of briefs. Terrance had an obvious wound to the left temple, which had been bleeding heavily and continued to do so. Terrance had also covered himself in dirt and mud and was babbling random statements such as, "I'm so powerful", "I'm the Hulk", and "Do you know whats about to happen"? Terrance was also grabbing handfuls of dirt and rocks and showering himself with them. Terrance appeared to be under the influence of an unknown possibly hallucinogenic drug.

We attempted for several minutes to negotiate with Terrance in an attempt to get him to submit to being detained. After several minutes it became obvious that Terrance was unwilling to submit to negotiation and a decision was made to attempt to physically gain control of him in an effort to get him immediate medical attention.

Terrance was obviously determined to engage in a physical confrontation with Officers. Terrance began to fight the moment he was touched, pulling away and flailing his arms and legs in an attempt to strike the Officers and resist being taken into custody.

Officer Johnson announced the deployment of the Taser which seemed to have no effect upon Terrance. I believed that the Taser probes had possibly not made contact with Terrance, so I decided to deploy my Taser in a second attempt, which also resulted in no effect. As a result a physical confrontation was unavoidable.

It took several Officers to gain control of Terrance in a lengthy physical struggle. Terrance would not submit to being handcuffed and continued to try and break free, attempting to pull his arms free from Officers grasp, spinning and kicking. Terrance was eventually subdued and placed into handcuffs. During the physical conflict, Terrance assaulted Officers Gonsalves and Benesch by kicking them in an effort to resist arrest.

After Terrance was in custody and placed upon a gurney for transport to the hospital, I contacted the victim Jocelyn, who told me the details leading her to telephone Police and leading up to our arrival.

Jocelyn said that Terrance is an acquaintance, who she knew from high school while living in Coeur D Alene, Idaho. Terrance had called Jocelyn earlier tonight and asked to come to her residence and, "Hang Out". Jocelyn agreed.

Jocelyn said that she was in her bedroom when Terrance had arrived. A few minutes later she heard her roommate W2 Logan yell, "Help he's high and tearing the place apart". Jocelyn emerged from her bedroom and witnessed Terrance jumping around on the furniture and turning furniture over.

W1 Logan added that from the moment Terrance arrived he seemed to be, "On something" and immediately began, "Freaking out" once inside the apartment. He began punching and kicking holes into walls and tore the door off of the utility room with his bare hands. The door was now lying on the floor in the hallway. Logan said, he screamed for Jocelyn to, "Come Help"! Logan stated that Terrance had scratched him on the neck as Logan attempted to control Terrance, however Logan did not feel he was assaulted and did not desire prosecution.

Jocelyn said that Terrance then broke her front room picture window with his head, cutting himself in the process. While bleeding profusely, Terrance ran around the interior of the apartment, getting blood on the carpet, walls and furnishings. He then suddenly ran out the front door and for the second time, broke the picture window with his head by thrusting forward into it. Terrance then ran out to the street and began climbing all over a parked car, which although was now covered in blood, was undamaged. Jocelyn frantically telephoned Police. Jocelyn expressed a desire for prosecution of Terrance for the damages he had caused to her apartment.

After climbing on the parked vehicle, Terrance then made his way to the East side of the complex and sat down in the dirt, where he was later found by arriving Officers.

W2 Harry Green, who lives directly across the street, witnessed Terrance crawling on the parked vehicle while covered in blood and directed responding Officers to Terrance location.

After Terrance's arrest, he was transported to Holy Family Hospital for treatment. Officers Johnson, Matthew and Gonsalves accompanied the transport.

Corporal Kakuda #443, took photographs of the scene.

There were 2 body cameras in use at the time of the incident by Officer Johnson and Matthew.

NARRATIVE					

On the 01 Jun.2015 at 2328hrs. Ofc. Matthew and I in a two person car were dispatched to 24 E. Courtland with several officers reference a severely high suspect throwing items at the location and coming after people. Logan Cook said the friend, Terrance Mckinney, a black male, had not shirt on and shorts. 911 could hear yelling on the phone. He said Mckinney was throwing stuff and punching walls. He did not know what type of drugs Mckinney had taken. He then said Mckinney was bleeding everywhere and asked police to hurry. Another caller to 911 from 28 E. Courtland said Mckinney was trying to pull a fence down and was sitting behind her house.

We arrived and contacted several subjects who were visibly shaken and scared. They showed me a car that Mckinney had placed his hands all over. They then said he was sitting in the back yard of 28 E. Courtland.

I did observe Mckinney sitting with his back to the fence. As I came within several feet of Mckinney I could see he was sweating profusely and the sweat was steaming off his body. He continually yelled that he ruled the world and that he was smarter than me. He kept swinging his arms onto the ground flinging rocks to his sides. He kept clenching his teeth and balling his hands into fists. I could see his arms and chest tense up numerous times while we were talking to him. He continually mumbled incoherent words and said several times that "I am so fucking powerful." He also said, "you don't even know whats coming." He had a large laceration on the left side of his forehead that was bleeding profusely and running down his face onto his chest.

Based on my training and experience I believed he was suffering from an unknown drug and needed immediate medical treatment.

I used de-escalation techniques for approx. eight minutes. I advised Mckinney he needed to be treated for his head injury. I gave him several options in order to be taken to the hospital without any force being used. I also asked him to lay on his stomach instead of telling him to. He continued to mumble saying he was so powerful. Several times he also beat his hands on his chest. At one point he attempted to stand up. Based on the alleged crimes he had committed and his medical needs we decided he need to be taken into custody.

Other officers then moved in and grabbed his arms and legs. I saw him begin kicking his feet at officers. I saw Mckinney kick Ofc. Benesch near his upper chest. Mckinney was continuing to kick and officers had to back up to avoid being further assaulted.

At this point Mckinney was suspected of trying to assault his friends. He had thrown items at them and punched holes in the walls of the home. He had then attacked a parked car and had tried to tear a fence down. He was suspect in at least on Assault and several Malicious Mischief charges.

Mckinney was sweating profusely, had erratic behavior and incoherent speech. He was injured but did not appear to have any pain and would possibly have a high or no pain tolerance. He had assaulted several subjects and was not complying with verbal commands. He was impaired on a drug and needed medical attention at a hospital to keep him from assaulting citizens or damaging more property or himself. He beat his own chest several times and appeared high on an unknown drug. He kept looking behind us and tensing the muscles in his chest and arms. I observed him kicking officers attempting to detain him. Based on the potential for Excited Delirium from his drug usage we had several officers on scene. Seeing the four officers were being assaulted by Mckinney I advised the officers to back off Mckinney so I could deploy my Taser to restrain Mckinney and safely take him into custody. I deployed my Taser to take Mckinney into custody as quickly as possible to avoid any chance of Excited Delirium.

I deployed my Taser into Mckinney's lower back. Mckinney quickly spun making at least one Taser wire not connect. I saw Ofc. Scott deploy a Taser and also not have any effect on Mckinney. Based on this I did deploy my Taser a second time hoping when he had spun in a circle that my wires might have made contact allowing my Taser to complete the circuit and immobilize Mckinney. The Taser did not work. I could tell from the sound my Taser made the circuit was not connected and was not working. Mckinney continued to refused commands.

Based on his crimes he had committed and danger he would place the public in if not restrained I attempted a 3rd time to deploy my Taser but again heard the sound meaning it was not working. I did turn the Taser off before the five second cycle.

I then assisted officers in taking control of Mckinney. I felt myself kicked on my shoulder and saw him kicking other officers. I then grabbed both his legs for several seconds. I was able to grab his left arm and pull it behind his back where he was placed into handcuffs.

I rode in the AMR ambulance with him to Holy Family Hospital. He continued to say he owned the world.

At the hospital they placed him in a modified four point on a hospital bed. As a nurse was placing a cathedure in his genitals he tensed his body and sat strait up within several inches of the nurses face while swearing at her.

Mckinney was the suspect in an assault that the complainant had called in and a Malicious Mischief charge. He was also under arrest for 3rd Assault and had fought violently for several moments. He was impaired on unknown drugs and was not having rational thoughts. He had tried to get off the bed several times while at the hospital. He raised his body in what appeared to be an attempt to head but the nurse.

I did grab Mckinney's upper body to prevent him from assaulting the nurse. I called in other officers and we applied pressure to his chest pushing him onto the gurney allowing the nurse to perform her medical duties.

There is PC for 3rd Assault and Malicious Mischief. A PC Affidavit was completed.

NARRATIVE					

On 6/1/2015 at approx. 2328 hours, Officers Scott, Matthew, and Johnson were dispatched to 24 E. Courtland to the report of an assault. The complainant, Logan L. Cook, stated his friend, later identified as Terrance McKinney, was severely high, throwing items, and was going after people inside the residence. Terrance was then reported as throwing stuff and punching walls. Logan stated he did not know what Terrance took and he was bleeding everywhere. Just before arrival, Terrance was pulling down a fence.

The three officers mentioned above arrived on scene. I heard one of them radio that Terrance was possibly suffering from Excited Delirium shortly after. See their reports for further.

I put myself on the call at approx. 2340 hours and responded to the location.

Upon arrival, the above listed officers and Ofc. Gonsalves had Terrance surrounded. His back was up against a fence and he was sitting on the ground. He had no shirt on and was in a pair of shorts. He had no shoes or socks on and was sitting on the wet ground because it was raining out. He was covered in blood which was coming from a laceration on the left side of his head. He had steam coming from his person. This is a sign of elevated core temperature which is a sign of Excited Delirium. The lack of clothes is also a sign of the elevated core temperature again leading to him possibly suffering from excited delirium.

With Excited Delirium, the length of the fight is very important to the persons survival. The longer the fight, the smaller the chances of the person surviving, the shorter the fight, the greater the chances of survival.

People suffering from Excited Delirium are generally very strong and have

an extremely high tolerance to pain.

Per my training, Lateral Neck Restraint and Tazer are generally two of the best options for getting the person in custody. As soon as the person is in custody, we get medics in as soon as possible to get them the help they need.

Officer Johnson had his tazer out and the rest of us were the hands team. One of the officers told Terrance to roll over on his stomach so we could get him help. He did not comply.

We moved in on Terrance and tried to gain control of him. Terrance was extremely wet from being outside in the rain. As soon as we went hands on with Terrance, he started kicking at officers.

I attempted to gain control of Terrance's left leg. As I was trying to grab it, Terrance tried to kick me in the face with the heel of his foot. Both of his legs were flying back and forth. I was extremely worried about the safety of other officers and also myself. I thought one of us was going to get kicked in the face by Terrance.

As we were trying to gain control of Terrance, I heard Ofc. Gonsalves yell "Let go of my leg" two times at Terrance. Terrance then kicked Ofc. Gonsalves on his right arm, which is Assault 3rd on a Police Officer. Terrance also kicked me in the left shoulder as I was attempting to gain control of his left leg.

We backed up slightly and Ofc. Johnson and Ofc. Scott used their tazer's. See their reports for further. Both of these less than lethal force applications failed and we were unable to gain control of Terrance. Terrance was told to get on his stomach multiple times, but failed to comply.

Terrance moved to the south of the fence. It did not appear that he was going to cooperate with LE. We decided we would try to get a hold of Terrance again. Officer Scott moved around Terrance to the opposite side of me. We all tried to grab onto a limb and Terrance began to fight us again.

SUPPLEMENTAL REPORT CONTINUED

Spokane Police/Spokane County Sheriff

Page 3

INCIDENT CLASSIFICATION ASSAULT-SIMPLE	ATTEMPTED <input type="checkbox"/>	INCIDENT NUMBER 15-182380
--	---------------------------------------	-------------------------------------

For the following reasons:

Crime: Terrance assaulted Ofc. Gonsalves by grabbing his leg and then kicking him in the right arm. Terrance also kicked me in the left shoulder with his foot. These are both 3rd Degree Assault on a Police Officer. Terrance also attempted to assault the rest of police officers trying to gain control of him. Terrance was also suffering from Excited Delirium and I wanted to end his will to fight as soon as possible for his safety and well being.

Threat: Terrance had shown to be violent prior to LE arrival. He was not acting in a reasonable manner and I was worried for his safety and health. There was four officers attempting to gain control of Terrance and we were unable to do so because of his violent nature and also because he was very slippery due to the rain. He was in great physical shape and appeared to be comfortable while fighting. He tried to kick all officers attempting to gain control of him and was successful in assaulting Ofc. Gonsalves when he grabbed his leg and kicked him in the right arm. Two officers tried to taze Terrance in an attempt to gain compliance, but he did not comply. There were rocks on the ground near Terrance and he continually reached for them. These rocks could have been used to assault an officer and hurt one of them very bad. Terrance was also bleeding profusely from a laceration on the left side of his head. It was unknown if he suffers from any blood borne pathogens.

Resistance: Officers on scene told Terrance multiple times to roll on his stomach so we could get him the medical attention he needed. He did not comply to de-escalation techniques. As soon as we tried to gain control of Terrance, he started kicking and attempted to assault officers. He was successful in assaulting Ofc. Gonsavles by grabbing his leg and then kicking him on the right arm. Two officers tried to taze Terrance in which again, he did not comply and give up. Again, we went hands on with Terrance and he started fighting with LE.

I determined it was necessary to use a Level 1 Lateral Neck Restraint on Terrance as a control hold. It was not my intent to render Terrance unconscious at this point.

Terrance continued to fight with us. I was worried the length of the

SUPPLEMENTAL REPORT CONTINUED

Page 4

INCIDENT CLASSIFICATION ASSAULT-SIMPLE	ATTEMPTED <input type="checkbox"/>	INCIDENT NUMBER 15-182380
--	---------------------------------------	-------------------------------------

fight was getting too long and Terrance's life was at risk if we did not get him medical attention soon. Officer's told Terrance he would be going to the hospital and to get on his stomach two times. He was also told he was under arrest multiple times.

With the above listed reasons and the length of the fight with Terrance becoming increasingly more dangerous for his health and also our safety, I determined it was necessary to render Terrance unconscious.

Crime: 3rd Degree Assault on a Police Officer multiple times. The longer Terrance was able to fight with LE, the more dangerous it was for his health.

Threat: Terrance was still trying to assault LE by kicking at us with his feet. He was still fighting with LE and the longer he fought with us, the lower his chance of survival because of the medical condition he was suffering from. He was fighting with five trained police officers and was able to keep himself out of custody up to that point. Terrance was still reaching for rocks on the ground near him which could have been used as weapons to assault LE. He was still suffering from Excited Delirium and his pain tolerance more than likely was extremely high.

Resistance: Terrance was given many orders to turn over on his stomach and to comply. He was told he was under arrest and he needed to quit resisting arrest. He began to fight with officers again after being told to turn onto his stomach and that he was under arrest.

I transitioned to a Level 2 Lateral Neck Restraint in an attempt to render Terrance unconscious so we could get him under control and get him the medical treatment he clearly needed.

Terrance was not rendered unconscious from the Level 2 Lateral Neck Restraint. Terrance fought the entire time I held it on him and other officer's struggled to get him in custody. Other officer's eventually got Terrance in handcuffs (DL) and immediately got medics on scene.

While receiving medical attention, Terrance stated "I'm so powerful!" He stated this multiple times. He still had steam coming from his person.

AMR transported Terrance shortly after to Holy Family Hospital where he

DISPATCH TIME	ARRIVED TIME	CLEARED TIME		REPORT DATE 06/02/2015	REPORT TIME 03:28
PRIMARY CHARGE					UCR/NIBRS CODE
NARRATIVE					

On 06/01/2015 at approximately 2337 hours, Officer C. Johnson and I responded to 24 E Courtland Avenue on a report of an assault.

Dispatch advised Logan Cook called to report a friend, Terrance McKinney, was at the location yelling at people, throwing items at people, and punching the walls. Logan also advised Terrance extremely high and had removed his clothing except for his underwear.

Upon arrival, several individuals were in the front yard of 24 E Courtland Avenue and were advising the subject was sitting by a fence down a driveway. As I walked down the alley and approached the subject I saw a black male sitting on the ground with his back against the fence. The only clothing the subject was wear was his underwear. As I got closer, I noticed the subject had steam coming from head and there was a wound above his left eye that was actively bleeding. The left side of his face was covered with blood from his eyebrow to his chin and some of the blood had dripped down onto his left shoulder.

As we interacted with the subject I realized the subject had no idea where he was. He kept repeating "I own the word" and "I'm so powerful, bro". The subject also had animated arm and leg movements and was unable to sit still. He kept grabbing handfuls of small rocks and threw them against himself and the fence that was behind him. He was also slapping and hitting himself on the chest.

Based on my training and experience I recognized the subject was possibly a candidate for excited delirium. I requested medics stage and asked for a supervisor respond.

Officer C. Johnson and I interacted with the subject in an attempt to gain his cooperation/compliance and used several de-escalation techniques for several minutes without success (see video).

I asked the subject if he would be willing to let us help him and take him to the hospital but he would not respond and kept repeating he owned the word and he was so powerful.

Several other Officers arrived at which point we decided to attempt to detain the subject for his safety.

As we approached the subject he began to flail his arms and legs about wildly in an attempt for prevent us from coming near him and to hamper our ability to safely detain him. I was able to close distance and took hold of his right leg at the ankle in an attempt to keep him from kicking me or other Officers. As I was holding on to his right leg he began struggling and attempted to pull his leg away from my grasp. I was unable to maintain my grasp on his leg and he pulled

his leg free and began kicking wildly at me and the other Officers near him.

I moved away from the subject due to his assaultive behavior and Officer C. Johnson advised he was going to deploy his Taser. Officer Johnson deployed his Taser in probe mode but it appeared to have no effect of the subject and the subejct moved away from us by crawling and scooting on the ground.

Officer J. Scott deployed his Taser in probe mode and it also appeared to have to no effect as the subject spun on the ground and continued to flail his arms about as if he was trying to knock the wires off the probes. After a a breif moment, the subject stopped moving, sat on the ground and looked at us.

We advised the subject to stop what he was doing and we went hands on in another attempt to detain him. We used our body weight to hold the subject on the ground. The subject continued to fight and kept trying to pull his arm away left arm away from me. Eventually I was able to get a handcuff on his left wrist and another Officer placed a handcuff on his right wrist. Eventually we were able to get both hands behind his back and detain the subject.

The subject was transported to Holy Family by AMR for a medical evalution.

The incident was documented with a body camera.

I CERTIFY (OR DECLARE) UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT.

PRIMARY CHARGE					UCR/NIBRS CODE
NARRATIVE					

On 06-01-2015 at approximately 2338, I responded to assist officers on scene with an assaultive male at 24 E Courtland. Logan Cook reported that his friend, Terrance McKinney, appeared high and was breaking items.

Upon arrival, I observed Officer Johnson talking to Terrance who was sitting in the backyard. Terrance was bleeding from a severe laceration on his head. He was wearing nothing but a small pair of briefs. His body was steaming and he was pounding his chest with his hands like he was preparing for a fight. He made repeated statements, "I own the world. I am so powerful bro. I'm smarter than you". He appeared under the influence of an unknown narcotic / hallucinogenic. Terrance's behavior was bizarre, he was agitated, and disoriented. Based on my observations, Terrance appeared to be suffering from symptoms of excited delirium.

Officer Johnson was giving instructions to Terrance to roll onto his stomach. Terrance did not comply with his instructions. Officer Scott, Officer Matthew, Officer Benesch and I moved in to take control of Terrance for his own safety and so Spokane Fire could render medical attention for his injuries to his head. I reached out and took control of his right arm. The other officers also attempted to control Terrance. His arm was wet and covered in mud which made controlling his right arm difficult. He pulled his arm away and I lost control. The other officer also lost control of his legs. Terrance then grabbed my right leg. I instructed him twice stating "let go of my leg". I then felt Terrance kick his legs violently striking me in my right arm. Terrance's behavior had become assaultive after he had kicked me and other officers. While attempting to take control of Terrance, I recognized that he had super human strength, another symptom of excited delirium.

We were unable to maintain control of Terrance, we disengaged, and backed away from Terrance. He was sitting on the ground flailing his arms attempting to still fight with us. Officer Johnson then deployed his Taser in dart mode. The Taser deployment was ineffective because Terrance was still moving around and flailing his arms erratically. Terrance did not comply with our commands to get on his stomach. He continued to say "I'm more powerful than you bro".

Officer Scott then deployed his Taser in dart mode in order to gain control of Terrance and end his assaultive behavior. Again, the Taser deployment appeared ineffective because Terrance was moving around erratically flailing his hands. He continued to say "I own the world" and "I'm more powerful than you bro".

Recognizing the Taser deployments were ineffective, Officer Scott, Officer Benesch, Officer Matthew, Officer Johnson and I agreed to go hands on again to end the fight as quickly as possible for Terrance's safety and a medical evaluation. I assisted Officer Johnson with controlling Terrance's legs while the other officers took him into custody. I and other officer's repeatedly told Terrance that he was "under arrest" and to "stop resisting". Terrance continued resisting by

locking up his body and struggling with us. We were able to eventually place handcuffs on Terrance and immediately requested medics to come in to render aid.

Due to the ensuing struggle with Terrance, my uniform was covered in mud and some of Terrance's blood. Cpl. Kakuda documented my appearance afterwards with photographs. I was not injured after Terrance had assaulted me but I did advise Officer Scott and supervisors on scene.

I followed AMR to Holy Family ER. I remained at the hospital with Terrance until I was relieved by Officer Wilkinson. Reference reports from Officer Scott, Officer Benesch, Officer Johnson, and Officer Matthew for additional information along with video from Officer Johnson and Officer Matthew.

NARRATIVE					

On Monday, 6-1-15 at approximately 2328 hours officers were dispatched to 24 E. Courtland on a call of a "friend at location, severely high, throwing items". Additional information described yelling/screaming in the background, and described suspect Terrence K. McKinney 9-15-94 as "throwing stuff, punching walls and bleeding everywhere" and "attacking cars". The complainant also requested that officers hurry. Officers en route requested that medics stage.

After officers arrived on scene at 2337 hours, a supplemental advised that Terrance was trying to pull down a fence. At 2341 hours officers advised of "possible excited delirium". I arrived approximately 30 seconds after that announcement. Upon arrival I observed several officers standing at the end of the driveway at the corner of the fence on the SE corner of the property, monitoring a shirtless black male sitting on the ground (determined to be Terrance). As I was talking to citizens gathered in the area, I was made aware of new damage to a white vehicle parked in front of the address along the south curb allegedly caused by Terrance, and requested a corporal for photos. About that time I heard yelling, then the sound of two separate Taser activations, and observed the officers surrounding Terrance now actively on the ground with him attempting to control his movements. During this time there was a pouring rain, and Terrance was already sweating, slicked and bare chested, making it difficult for officers to establish good control holds.

I ran to them, shining my flashlight on the Terrance while the officers continually yelled at him to calm down, stop resisting and fighting and other similar verbiage. I noted that all officers were struggling with great effort to control the Terrance, who appeared to be thrashing and fighting back with abnormal strength. Following the failure of two Taser attempts, an officer was able to get a LVNR hold on Terrance, and even with the application of the hold, officers were still having difficulty in controlling his flexed arms and kicking legs. I did observe that Terrence never did lose consciousness and continued to resist even when finally handcuffed.

I requested that medics come straight in, and even with the addition of fire fighters, Terrance still struggled mightily against his restraints and officers attempting to control him. He was finally restrained by his legs while handcuffed and brought to the waiting ambulance. I had significant time to observe Terrance both during the altercation while controlling him, and in the ambulance. Terrance appeared under the influence of some substance, which resulted not only in a greatly increased strength, but a seeming lack of a pain threshold. Terrence was bleeding from a head cut, but was apparently oblivious to the blood, instead repeating over and over, "I am more powerful

than I realize" and "I am in control of this world", an earnestly spoken chant implying his perception of being all powerful. He required a spit hood in the ambulance, which remained on him throughout the remainder of my observations of him.

I drove to Holy Family ER to meet the ambulance and other officers, and found Terrance still maintaining his mantra, with the exception of stating on a few occasions as he made eye contact with those around him that "I am going to kill all of you". Once I noted that the immediate risks of excited delirium appeared to have passed (profuse sweating and high physical exertion abated) I cleared and drove to the PSB to complete this additional regarding my activities with regard to this incident.

NARRATIVE					

On 060115 at about 2347 hours I responded to 24 E Courtland to assist officers who were requesting help with detaining a subject who was reportedly damaging property at the location.

I arrived on scene at about 2349 hours and observed that officers on scene had a male detained in handcuffs. I observed medical personnel on scene treating the male who appeared to be bleeding from his face somewhere due to there being blood all over his face. The detained male was identified as Terrance McKinney.

I spoke with a male, Austyn Peterson, at 24 E Courtland and he told me the following. Peterson said he lives at 24 E Courtland with his girlfriend and another friend. Peterson said he first met Terrance about 3 weeks ago because Terrance lives just down the street from him. Peterson said Terrance came over to hang out, arriving at about 7:30-8:00 pm. Peterson said he went to take a nap shortly after Terrance arrived and did not see him drink any alcohol or take any drugs. Peterson said he woke up at about 11:30 pm and observed Terrance "freaking out" in the living room. Peterson said Terrance was hitting the living room wall with fists, but not doing any damage. Peterson said Terrance then moved down the hallway and sat down with his back against the wall.

Peterson said Terrance then began slamming both elbows, in a backwards motion, striking the wall. Peterson said Terrance was elbowing holes into the drywall. Peterson said he walked outside because he was afraid at Terrance's unexplained behavior. Peterson said he had no idea why Terrance was "freaking out". Peterson did state that Terrance was yelling, "I'm invincible" and "I can do anything I want". Peterson said while outside he observed, through a window, Terrance

enter the kitchen and continue on his rampage of hitting the walls and throwing items. Peterson said Terrance then came outside and fell into a bush. Peterson said Terrance was actively bleeding at this point.

Peterson said Terrance stood up and began stumbling and he fell backwards into a window at 24 E Courtland. Peterson said Terrance struck the window with the back of his shoulders causing it to break. Peterson said Terrance then stumbled and fell into a vehicle belonging to his girlfriend, "Josie". Peterson said Josie came out and moved her car and that Terrance moved over to a fence near the SE corner of the property. Peterson said he heard what sounded like the fence breaking, but he did not see what was occurring. Peterson said police arrived, but he did not see what occurred between police and McKinney because he went back inside his apartment.

See other officers' reports. I had my body camera activated for this incident.

On 060115 at 2343hrs, I responded to 24 E. Courtland on a photograph request, reference an assault call.

Upon arrival, officers were asking for further assistance in the back of the duplex of 30 E. Courtland. I observed officers attempting to get a male (Terrance McKinney) into custody. Shortly thereafter, officers were able to secure handcuffs on McKinney. See officers' reports for more information.

Next, I took photographs of McKinney and the area where the officers had taken him into custody. I then took photographs of 24 E. Courtland. See photo-log for more information.

I then responded to Holy Family ER. I stood by with Officer Wilkinson, while McKinney received medical treatment. I took custody of the spent taser cartridges from Officer Johnson.

Officers Wheeler and Scott relieved myself and Officer Wilkinson.

Later, I placed the spent Taser cartridges in police property as evidence.

See Officers Johnson and Matthew reports for more information.

NARRATIVE
On 06/02/15 at approx. 0636 hours, I responded to 5633 N. Lidgerwood St. (Holy Family Hospital Emergency Room #11) to assist with guarding a subject, Terrance K. McKinney, who was under arrest for 2 counts of Assault 3rd Degree.

Upon arrival, I relieved Ofc. D. Bishop. who was at room #11.

The treating physician deemed that McKinney was able to be released and be booked into jail. Medical staff gave me a copy of McKinney's medical release papers.

I handcuffed (D/L) McKinney and placed him in the back of my police vehicle. McKinney then informed me that he was going to urinate in the back of my police vehicle. McKinney then proceeded to urinate in the back of my police vehicle.

I transported McKinney to the Spokane County Jail to be booked on the charges that Ofc. C. Johnson had arrested McKinney for. (2 counts of Assault 3rd Degree)

While at jail, nurse Jesus Ordaz Jr. advised that the subject would not be accepted into jail due to a low intake of oxygen into his system. Nurse Ordaz advised that McKinney needed to go back to the hospital for treatment.

I requested AMR to the Jail.

AMR arrived at the jail and transported Mckinney back to Holy Family Hospital Emergency Room. Sgt. Yamada rode with AMR to the hospital.

Mckinney was admitted back into Holy Family Hospital Emergency Room #11. Dr. Enlow informed Sgt. Yamada and I that he was going to admit Mckinney into the hospital for observations.

Because Mckinney was being admitted into the hospital for treatment, it was determined that L.E. would leave him there to receive his treatment. Sgt. Yamada was on scene during the contact with Mckinney.

See responding officers reports for additional information.

I CERTIFY (OR DECLARE) UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT.

DISPATCH TIME	ARRIVED TIME	CLEARED TIME		REPORT DATE 06/19/2015	REPORT TIME 21:02
PRIMARY CHARGE					UCR/NIBRS CODE
NARRATIVE					

After the unsuccessful deployment of my Taser and the onset of the physical confrontation, I grasped the suspect's right wrist and kept it restrained until a handcuff could be placed upon it.

The suspect attempted to break free by shear strength, pulling against my grasp, however I was able to keep the wrist secured, while other Officers battled to restrain and secure the suspect.

My physical contact with the suspect can be most accurately described as a wrestling match for control of his right wrist and arm. I delivered no strikes to the suspect, or witnessed any delivered to him by other Officers.

The physical confrontation was a fluid and somewhat chaotic event, due to the suspect's level of resistance, I don't recall what Officer was successful in placing the handcuff on the suspect's right wrist as I presented it.

I held the suspect's right wrist until that handcuff could be joined with another that had been secured to his left wrist.

Once the two handcuffs were connected, I released the suspect and had no further contact with him.

I CERTIFY (OR DECLARE) UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT.
